Harmony Club Hosts TFMC District Meet

Bulldogs Upset Lockney Team

A fighting Bulldog team led by the slingshot arm of Melvin Lindsey and the powerful plunging of Dean Watson stacked up a 12 point margin and then styled Lockney offense to take the Longhorns 12-6.

The fast improved Bulldog punched vast holes into the highly favored Lockney forward wall through which Bulldog back Clyde Blair and Wayne Smith continually romped for long gains.

The first quarter ended at 0-0 but early in the second quarter Melvin Lindsey and Joe King combined on two passes to put the ball into play. Dean Watson had put the ball into scoring territory with the continuous line bucks.

The half ended 6-0. In the third quarter it was again Lindsey tossing this time to Smith who reached play dirt.

Lockney averted a whitewash in the final cuts when De Juan Strickland raced 25 yards around left end on a flicker play to score, but the Longhorns failed to overtake the Bulldogs.

Outstanding players for Spur were Lindsey and halfback Clyde Blair, and Dick Gibson a tackle.

The Longhorns piled up 220 yards to the Bulldogs 122 and had 12 first downs to Spurs 8.

Committee Ruling Breaks 3-A Tie

The four-way tie for first place in the District 3-A football race was broken and Spur was placed in a three-way tie for second place when the District 3-A executive committee announced Tuesday that Wayne Wolf, senior fullback and tackle on the Abernathy High School football team, had been declared ineligible.

The ruling reverses the outcome of three district games already played by the Antelopes and gives their opponents 1-0 forfeits. Games affected and the original scores are Floydada, 19-0; Matador, 26-7; and Lockney 18-7. Crosbyton's 20-6 victory over Abernathy stands.

The district committee ruled that Wolf, a 170-pounder who plays tackle on defense and fullback on offense, had been living outside the Abernathy district and in the Petersburg district.

As a result of the ruling, Floydada's Whirlwinds move into first place in District 3-A. The revised standings:

Teams	W. L.	Pts.	Opp.
Floydada	3	0	28 12
Spur	3	1	77 49
Crosbyton	3	1	40 44
Lockney	3	1	53 12
Tulia	2	3	66 53
Paducah	1	2	37 44
Balls Bluff	1	2	40 35
Matador	1	3	7 82
Abernathy	0	4	6 23

FIREMEN NOTICE

The State Board of Insurance requires that we have two practice fire drills each month. They will be on the first and third Monday at 6:30 p.m. of each month.

It is very important that everyone be there as we must have at least 19 men present to qualify as practice.

Spur, Crosbyton Meet Fri. Nite

The Spur Bulldogs will be out to secure a clean shot at a tie for District 3-A championship when they meet the Crosbyton Chiefs in Jones Stadium tomorrow night at 8:00 p.m.

The recent ruling of the District Committee placed Spur, Crosbyton, and Lockney in a three-way tie for the second place slot and left the lead in the hands of the Floydada team.

With the remaining of the schedule against them the Bulldogs face a hard row toward district honors. After their home game tomorrow night, the locals rest a week and then journey to Abernathy to play the team that earlier defeated Floydada but were caused to forfeit because of an ineligible player. Then the boys play Falls here and should not have any trouble that weekend. But the big day comes on Nov. 18 when the Bulldogs will meet the Floydada eleven on their own field.

Floydada should have easy sailing until they meet Spur, with the rough games behind them.

For tomorrow night's game, tickets are now on sale at the three drug stores and by girls from the pep squad. Superintendent C. F. Cook urges all who can to buy tickets during this advance sale so as to avoid the congestion and delay caused by large crowds buying tickets at the stadium.

Dickens Owls Win Over Eagles 6-0

Quarterback Johnny Koonsman of the Dickens Owls ran the opening kickoff of the game back for a touchdown to give the Owls a 6-0 victory over the Southland Eagles in a District 4-B six-man football game.

Koonsman took the ball on his own 3 yard line and returned it 77 yards to pay dirt with the aid of brilliant downfield blocking. That play ended scoring for the game and during the remainder of the contest the two teams battled on even terms.

Ends Howard Hitt, and back Tommy Leske turned in good performances for the Southland team.

Center Mickey Green was outstanding for Dickens.

SPUR BOYS ENTER STOCK

Local boys are entering livestock in the Junior Livestock Show at the State Fair of Texas at Dallas. They are Charles Lee, T. G. Johnston, and Rush McGinty.

Local Courts Report Cases

The following cases were filed in the Spur courts during the week ending Wednesday, October 19, 1949:

The State of Texas vs David Dixon for disturbing the peace, vs Filencio Mareno for drunkenness, and vs John Dorsey for disturbing the peace. Five traffic violations were filed in Spur courts.

Cases filed in Dickens were against M. M. Pyszki for drunkenness, use of profane language in a public place, and speeding. Four traffic violations were filed there.

SCHOOL CARNIVAL

All of the East Ward Teachers are making plans and the children are saving dimes for the school carnival which will be held on the main street of Spur on Halloween night.

The fourth, fifth and sixth grades are in a contest to elect a Queen and escort to represent our school at the Coronation which will take place in front of the Reagan Motor Company immediately before the Style Show.

We will have a cake walk, a bingo stand, a country store, a grab bag, and a fishing pond. We are expecting a big crowd and are looking forward to having a big evening of fun and noise making.

Mr. and Mrs. Dallas Henning of Moorehead, Minnesota, have been the house guest of Mr. and Mrs. C. P. Scudder for the past few days.

Mrs. Blant Burford, Dallas, State President, TFMC

ANTELOPE CHURCH NEWS

The Antelope Church announces an old fashion singing service Sunday evening at 2:30 p.m. Rev. Vernon Hagar will have charge of these services. Everyone is cordially invited to attend.

Interest Continues In Appreciation Day

The Appreciation Day project sponsored by the merchants of Spur is creating quite an interest among the people.

Wednesday Oct. 19 Jim H. Smith was presented with certificates amounting to \$34.00 from the merchants. Hattie Eubanks name was also called but she was not present to receive the gift.

Next Wednesday the treasure chest will amount to \$180.00.

LOCALS SEE HOMECOMING

Among the many Spur residents who attended the homecoming at Texas Tech last week end were, Mr. and Mrs. Leon Huff, Mr. and Mrs. Elmer Shugart, Mr. and Mrs. Floy Watson, Mr. and Mrs. Adrian Rickels, Mr. and Mrs. W. W. Gregory, Mr. and Mrs. Joe Grimland, Mrs. Pauline Colliett, Mr. and Mrs. Rob Simons, Mr. and Mrs. Ferrel Albini, Mr. and Mrs. Spencer Campbell, Mr. and Mrs. Bob Blackshear, Mr. and Mrs. Shugart and daughter, Sue Ann, Mr. Lawie Lee and Mr. D. I. Bolding.

Pep Rally To Be Held Tonight

A pep rally will be staged on down-town Burlington tonight, Thursday Oct. 20 to boost the Bulldogs and the fans in preparation for the bulldogs tussle with the Crosbyton Chiefs Friday Oct. 21 at Jones Stadium.

The High School Band and the Pep Squad will congregate at the Leon Ice Company at 7 p.m. and will parade down Burlington to the City Hall for the pep rally, as come on out and help us root for the Bulldogs tonight and tomorrow night.

Summer Cotton Crop Continues

Wednesday noon the local gins had ginned a total of 3188 bales of cotton.

Boisy weather and damp fields kept pickers out of the fields for a day or two but the sunshine has made it possible for the pickers to return to the fields.

This Wednesday, Williamson Bros. Gin received 900 bales, Cop-gins, 1513 and Swift Gin 713.

Mrs. C. P. Scudder and daughter, Mrs. Johnnie Lou made a trip to Mineral Wells last week-end to see her new grandson, Stephen Jao and his parents Mr. and Mrs. Bob Scudder.

State Officers To Open District Convention Fri.

The Spur Harmony Club cordially invites the public to the Seventh District Convention of Texas Federation of Music Clubs which meets here Friday and Saturday Oct. 21 and 22. Three of the top ranking state officers will attend and speak at various times. Mrs. Blant Burford, President TFMC, will speak at a luncheon Saturday Oct. 22nd at 12 p.m. at the American Legion Hall. Her subject will be "Looking Forward with Public School Music" and will tell of plans for unification of music credits in the schools which were made by the Nat'l Federation of Music Clubs at a board meeting in Seattle recently. The public is invited to attend this luncheon, plates will be \$1.75 and reservations may be made with Mrs. Neil Davis, Mrs. R. E. Dickson, or Mrs. W. T. Andrews.

At 8 p.m. a musical program will be given at the Methodist church which will consist of numbers by outstanding artists from the different clubs of the District. This program is free to all and will be a treat to music lovers.

Mrs. Paul Moss, 1st Vice President TFMC and Mrs. Raymond Marshall 2nd vice president will speak at the board dinner and during the Saturday session. The business meeting thru out Saturday will be open to everyone and will be of interest to the general public.

Mrs. Sam Seal, Nat'l Chairman of Amarillo and Mrs. Geo. Robertson of Childress will attend Saturday.

A hearty welcome is extended to all who wish to attend throughout the convention," stated Mrs. W. T. Andrews, President Seventh District.

The following program will be rendered at the First Methodist Church 8 p.m. Friday evening Oct. 21st.

Vocal solo, "I Walked Today Where Jesus Walked" O'Hara, by Mrs. Blant Burford accompanied by Mrs. W. T. Andrews.

Families Honored At State Fair Of Texas

Six families from Dickens and Kent Counties were guests at the State Fair of Texas on Wednesday, October 12. The occasion was the second annual Farmers Home Administration Achievement Day.

Three hundred and three Texas home owning farmers were given Certificates of Achievement for paying off farm mortgages 30 to 35 years ahead of maturity dates. Mr. and Mrs. M. Cecil Hagar, Girard, were among the group. They were given a special honor by being one of three families who paid for their farms 35 years ahead of schedule.

Justice Marvin Jones, Chief Justice, Court of Appeals, co-author of the Bankhead-Jones Farm Tenant Act, was the principal speaker. "When a man owns a tract of land that he calls his home," Jones said, "he naturally wants to use it to the best advantage and preserve its fertility. This being true, the sense of trusteeship of the land is vital to the nation, and to every man, woman and child in the United States and to future generations."

The following families were present at the ceremonies: Mr. and Mrs. Cecil Hagar, Cleo Lindsey, Mr. and Mrs. Clyde Long, Mr. and Mrs. Claude Newcomb, Mr. and Mrs. Fletcher Rich and Mr. and Mrs. Glenn Spradling.

Fire Boys Called To Three Major Fires

The Spur Volunteer Fire Department has answered several calls this week, two of them to McAdoo. Last Friday morning, October 14, the local fire-boys traveled to McAdoo to put out a fire at the McAdoo Gin. Little damage was reported.

Later on the same day, about 6:30 p. m., they were again called to McAdoo. The valuables from the first floor were removed, but the house was completely destroyed before the local fire truck arrived. They managed to save the garage, however.

Wednesday morning, October 19, the local fire department answered a call to the home of Jimmy Jones at 619 N. Carroll. The estimated damage has not yet been determined, but the attic, roof and most of the clothing of the family was destroyed. It is believed that the fire began in a clothes closet. Only water damage was reported in the low-

Joe Simpson Is Given Scholarship

Twentieth Century Club announced that Joe Simpson has been awarded a scholarship presented by that club to a Future Teacher who enrolled in college this year.

Miss Jerlene Womack was first place winner in the contest for that award but one of the requirements to meet was enrollment in college for the 1949-50 term. As Miss Womack did not enter college the second place winner was awarded the honor.

Joe Simpson was a graduate of the 1949 class of Spur High School and enrolled in Arlington State College in September. He is working toward a degree with a physical education major and a minor in mathematics. People in Spur appreciate the efforts of such students as Jerlene and Joe.

Violin solo, "Joy With Sorrow", P. A. Tirindelli, Mrs. Ellis Brown, of the Crosby County Harmony Club, accompanied by Mrs. J. C. McNeill.

Piano solo, "Andante - Con Variazioni", Haydn, Miss Mary Lou Higgs of Amarillo Philharmonic Music Club.

Vocal solo, "Bless This House", May H. Brah, Ethelene Bucy, of Nowfield.

The Music Study Club, of Hereford, number to be selected. Incento, Mozart, Mrs. Glenn Cunningham, of Hereford Civic Chorus, accompanied by Miss Vera Ann Jones.

Piano solo, "Roman Sketch" by Griffes, Mrs. J. M. Brush of Borger Music Club. "Sundown" a vocal solo.

Chorus, "Onward Christian Soldiers", Sullivan, Mrs. Blant Burford, descant and the chorus. The public is cordially invited to attend this wonderful musical program. There will be no admission charge.

Famed Opera Star To Be In Lubbock

Leonard Warren, leading baritone of the Metropolitan Opera Association of New York, is to be the guest artist with the Lubbock Symphony Orchestra on October 24, and October 25, to open the 1949-50 Symphony season.

Until he was 27, Leonard Warren had never studied an opera role. A graduate of Columbia University, he had intended to pursue a business career but when he was fired from his first job—as an accountant—for singing at his work, he decided to make music more than a hobby.

Armed with a repertoire of three arias, Mr. Warren auditioned for the Metropolitan Opera. He immediately was accepted and during the following six months, studying at LaScala in Milan, mastered seven opera roles. He made his debut in the Metropolitan in 1939.

Mr. Warren's rise in grand opera has been phenomenal. Not only is he a member of the Metropolitan Opera Company, but of four other opera companies in this country, and South America. He is considered South America's opera idol, and his appearance there the past six years has been the scene for wild applause.

Subscribers with season tickets will attend the opening night of October 24, and all seats in the house will be available for the purchase of individual tickets on October 25. Season ticket prices, which include five concerts, are \$10.00 and \$7.20 for adults, and \$5.00 and \$3.60 for student tickets. Individual seat prices for the October 25 concert will be \$3.00, \$2.00, \$1.50 and \$1.00. Tickets will be on sale at Adair Music is Store, 1207 Main, or a check may be mailed to Box 894, Lubbock, Texas.

Mrs. Leonard Wilson, Jr. of Hobbs, New Mexico formerly of Spur was a guest at the home of her mother Mrs. Hazel Young last week.

Statewide Survey Reveals Percentage Of Seventy-Six To Have Winter Colds

AUSTIN, Texas, Oct. 15.—The odds that you will catch a cold this winter are eight to two. Some Texans will have two, three, four or more colds before spring rolls around again.

This is indicated by the normal experience of a statewide cross section of adults recently interviewed by The Texas Poll. Seventy-eight per cent report they usually have at least one cold in winter. Twenty-six per cent have three or more. A lucky 22 per cent usually go through winter without catching cold.

The survey also discloses that even in summertime more than four out of every ten adults suffer with one or more colds.

Each adult in the survey asked: "In the summertime, do you ever have any colds?" (If so) "Usually about how many colds during an average summer?" Then: "Do you have any colds during the winter?" (If so) "Usually about how many?" Here is the box score for winter and summer:

	Winter	Summer
Have no colds	22%	57%
Have one or two	52	37
Have three or four	52	37
Have five or more	8	2
	100%	100%

Less than one per cent were unable to answer the question. About the same proportions of men and women catch colds in winter, but fewer women are affected in summer. In both seasons, the upper income levels are only slightly better off than people of lower incomes. Older persons seem to fare better than any other group in winter, but about the same as others in summer.

Below is a comparison of how many in the various groups have one or more colds in winter and summer:

	Winter	Summer
By sex:		
Men	78%	47%
Women	79	46
By economic level:

Persons afflicted either in summer or winter were asked: "How do you treat a cold during the summer (during the winter)?" Here is what they said:

	Winter	Summer
No treatment, just let it wear out	18%	45%
Follow doctor's prescription	17	8
Rest, go to bed	17	13

Keep even temperature	3	2
Take aspirin	14	12
Take laxative	5	4
Miscellaneous patent medicines (pills, powders, liquids, salves)	41	23
Other treatments	4	5

Dr. George W. Cox, state health officer, says there is very little doubt that people with colds can help themselves by going to bed, drinking a lot of water and fruit juices, eating lightly and keeping warm.

"On the other hand," he adds, "there is even less doubt that a person who goes to work with a cold-inspired fever of 102 degrees is heading for trouble. There are people who boast of having done this. Their boasts are more indicative of a weak mind than a strong constitution."

Dr. Cox points out there are several types of colds. "One comes from sudden chilling, going without a hat, or sitting on the cold ground. It causes congestion of the nasal passage, larynx and lungs. A good hot bath will usually clear up this type," he says.

"Another is caused by sinus trouble. People who have their nasal passage obstructed on the slightest provocation. In many of these cases, surgical attention is indicated."

"Still another type is caused by bacteria that inhabit the respiratory passages. This type isn't very infectious. Its severity depends entirely on the type bacteria and the extent of their attack."

"The true common cold," Dr. Cox explains, "is caused by a tiny virus or germ. This type is very infectious and may afflict the whole family in a short time. It

causes temperature, a headache, and general feeling of indisposition. The treatment is bed rest, good elimination, warmth and a light diet."

"How to avoid taking a cold?" "Proper nutrition, plenty of sleep, rest and good hygiene are the best way to avoid a long siege of colds," says Dr. Cox.

"Medical advice when trouble develops is sensible," he adds, "Home remedies cause more troubles and complications than they are worth."

Water Problems To Be Faced By WTCC

Abilene, Oct. Factual information upon the water problems and needs of every town in West Texas is to be presented to officials of the U. S. Bureau of Reclamation, Department of Interior, at the annual directors' meeting of the West Texas Chamber of Commerce in Fort Worth, Nov. 22.

President John D. Mitchell of the WTCC has called upon all local directors of the organization and local Chamber of Commerce managers to prepare an official document, to be signed by those officials and the mayor, citing water needs and problems. The information is to be sent to WTCC for delivery to the officials at the Fort Worth meeting where it will be presented by Lawrence Hagy, Chairman of the WTCC Municipal Water Rights Committee.

"State with all your power of statistics and persuasion your domestic and industrial water needs and requests for help," the letter says.

Mitchell and Bandeen call attention to the river basin surveys of the Bureau of Reclamation, now under way in West Texas, which may eventually call for the construction of some \$400 million in dams, reservoirs and pipelines for the West Texas area.

WTCC slogan for the Nov. 22 convention is "Dam West Texas or West Texas is Damned."

Use Fire Preventions On The Farm

According to an article in Country Gentleman, written by Katherine Best and Katherine Hillier, 80 per cent of American farms are not adequately or properly protected against fire, wind or hail. The farmer, the authors go on, frequently commits the following insurance sins: "He fails to insure them for enough; he fails to make sure an inherited or bought policy is made out in his name; he carries duplicating policies; he fails to consider the 'insurance credits' on his farm; he carries needless 'extended coverage endorsement' protection."

The article tells of one farmer who paid premiums on a livestock policy four years after his last cow had been sold! This same farmer carried \$27,000 worth of insurance on \$19,000 worth of buildings. Yet two new buildings constructed since the war were not insured at all. One of them burned and he recovered nothing.

It is estimated that, on the average, most farmers carry only about half as much fire insurance as they actually need. What makes this fact of great and ominous importance is that farm buildings which catch fire are 97 per cent destroyed. As a rule, they are far from organized fire fighting facilities. Often they are old, dry and highly flammable. So, when fire strikes, there is often nothing to do but watch the property burn to the ground.

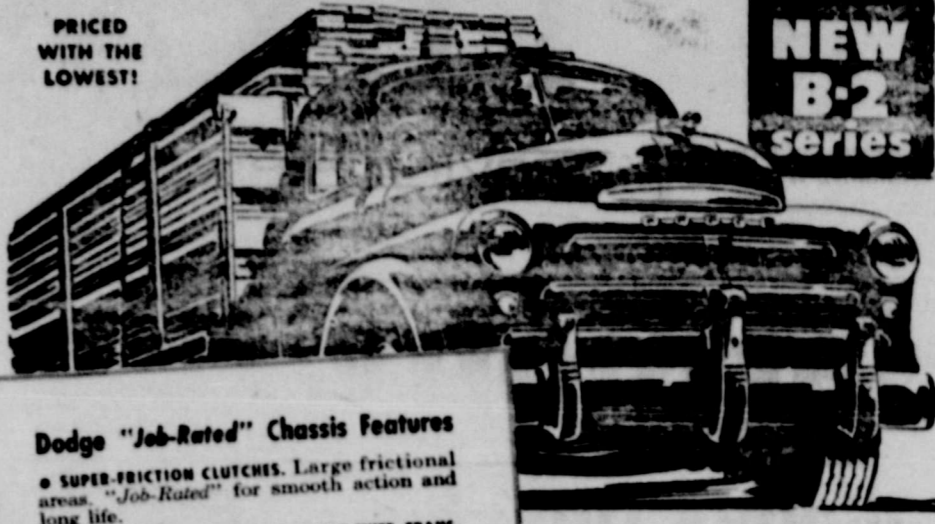

Every farmer should periodically review his fire, wind and other policies to make certain they are adequate. As new buildings are constructed, they should be immediately covered—failure to do this has cost farmers huge sums of money. And, finally, every farmer should practice fire prevention every day of the year.

Mr. and Mrs. Seger Jenkins returned home Sunday evening after visiting relatives in East Texas. They also attended the State Fair of Texas at Dallas.

Mr. and Mrs. Frank Vernon and daughter Laura Ann of Borger spent the weekend with their parents Mr. and Mrs. F. F. Vernon.

Questions and Answers about the Telephone Company's Request for Higher Rates in Spur

Q. Why is the telephone company asking for higher rates in Spur?

A. Because Spur's rates are too low to bring in enough revenue to pay the cost of furnishing the service and allow a reasonable return on our investment here.

Q. What are the results of the telephone company's post-war operations in Spur?

A. During 1948, telephone revenues here were \$18,546, while costs of furnishing the service were \$18,280, leaving only \$266.

This is a return of only about one half of one per cent on our investment of \$46,808 here, despite the fact that the telephone system is working at full capacity, with several families waiting for service.

With expenses at high post-war levels and much expansion work still to be done, the only solution to the telephone earnings problem here is a reasonable adjustment in telephone rates.

Q. How about telephone costs? Are they up much?

A. Yes. The cost of everything that goes into furnishing service is higher. Copper wire is up 88 per cent. Lead is up 165 per cent more than in 1940. A pine pole that cost \$4.50 in 1940 now costs us \$9.30.

Q. How much is the telephone payroll up?

A. The telephone payroll in Spur is more than three times as high as it was in 1941 before the present common-battery telephone system was put in service.

Q. How long have Spur's telephone rates been in effect?

A. Present rates for telephone service here were established in 1941. At that time Spur had 365 telephones as compared with 700 today. The scope and value of the service have increased greatly in the past eight years with no increase in rates.

Q. With so much more business, isn't the company's revenue much higher than it was a few years ago?

A. Telephone revenues have increased, to be sure, but so have expenses. Despite the fact that we have almost twice as many telephones as in 1941 and are handling a greater volume of calls than ever, the telephone system here cannot be operated on a sound financial basis on revenue from rates established before the war.

Q. Would it be possible for the telephone company to cut corners and reduce expenses?

A. The telephone company takes advantage of every possible operating economy to keep rates low without affecting the quality of the service. Through these economies and advances in the telephone art we have been able to furnish more and more telephone service here without increasing rates. The telephone company is proud of its record of not having increased rates during these eight years, although the number of telephones has almost doubled and the cost of virtually everything that goes into the furnishing of service has risen sharply.

Q. What does the rate increase amount to?

A. Briefly, for residence customers the new rates represent an increase of about one and one-half cents a day. Business telephones will cost about four cents a day more. Rural business and residence service also will cost about one and one-half cents more a day.

Charges for various auxiliary telephone services will be increased in relation to higher costs of furnishing them.

Q. What are the telephone company's expansion plans for Spur?

A. The telephone company will continue to enlarge the telephone system here as rapidly as possible to provide telephones for families now waiting for service.

The telephone company is at work on an expansion and improvement program for this year and next. It includes:

An additional section of switchboard and 200 more subscribers lines to be installed next year.

Expansion of the network of outside lines and cables throughout Spur.

A new long distance circuit to Abilene will be put into service this year. Special toll terminal equipment also will be installed to help speed Spur's growing volume of long distance calls.

Auxiliary Begins Membership Drive

"With the American Legion for America." That simple statement tells the whole story of the American Legion Auxiliary, Mrs. D. E. Woodward, membership chairman of the William-Puckett Post 161 Unit of the Auxiliary, said today as the Auxiliary opens its campaign for enrollment of 1939 members.

"The American Legion Auxiliary has only one purpose," she said, "and that is to help the American Legion in the Legion's great work for America. We are making this membership campaign so that we will have greater strength to help more effectively."

"The women of the Auxiliary work side by side with men of the Legion, carrying out that part of Legion activities which can best be done by women," explained Mrs. Woodward. "The Auxiliary gives especially effective help in serving disabled veterans, in aiding needy children of veterans and in teaching the principles of Americanism. We work with the Legion in community projects, help them in their Post programs and share in their social activities."

"Membership in the Auxiliary thus gives us a broad field of common interest with the men of our families who belong to the American Legion. As Auxiliary members, we understand their problems and projects, and are in a position to help them achieve their purpose. We are inviting all wives, mothers, sisters and daughters of Legionnaires to come into the American Legion Auxiliary at this time and join with us as we go forward 'With the American Legion of America.'"

Industrial physicians who test the effects of antihistamine drugs like pyribenzamine on workers with head colds report that the technique stops colds more quickly than any other method thus far tried.

Moreover, their politan magazine, suggest that these new drugs eliminate most of the sneezing, coughing, and nasal discharge that seem to be significant in spreading colds. Findings, as reported by Cosmo-WANT ADS GET RESULTS

Fuels Dangerous Executive Warns

COLLEGE STATION—President Truman has proclaimed the week of October 9-15, National Fire Prevention Week, and it is a good time for each of us to check up on the fire hazards that we live with and do nothing about. According to W. L. Ulrich, extension agricultural engineer of Texas A. & M. College, farm fires take the lives of 3,500 rural people each year and destroy a hundred million dollars worth of farm property; 90 percent of these fires can be prevented.

farm stored fuel. He says there is something you can do about this problem. The best and safest method of storage is the underground tank, but this may not be practical in all cases. For above ground storage here are his suggestions: Local gasoline storage tanks on a down slope in the shade and surround the location by a trench. Gasoline vapors are invisible and highly explosive. The vapor is heavier than air and settles to the ground. They may flow with air currents along the ground for long distances before being ignited. If you don't have a fire extinguisher handy, keep a bucket of sand available to fight gasoline and oil fires. All containers of flammable liquids should be properly labeled and checked regularly for leaks, he cautions. You can help save some of the five million dollars that are lost annually because of fuel fires on the farm by just being sure that it doesn't happen to you.

When you're entertaining and want to be free of pot-watching, serve Hamburger Goulish. It's full of flavor, combines nicely with a tossed green salad and suffers no damage if it must stand and wait for late guests' arrival. Fry 4 slices bacon and add 1 lb. cubed beef, 1 lb. cubed pork, 1 cup chopped onion. Brown lightly. Add 1/2 cups tomatoes, 1/2 tsp. paprika, 1/2 tsp. caraway seed, 1/2 tsp. marjoram, 1 tsp. salt, 1 cup stock. Simmer over low flame until beef is tender (about 3 hrs.). Yield: 8 portions. Place the goulish in a ring of fluffy white rice or mashed potatoes.

Diced bacon favors hamburgers and helps to keep them moist. Use about 4 slices bacon to 1 lb. hamburger.

Mental Health Committee Formed

Better treatment for Texas mentally ill, under a program endorsed by Governor Allan Shivers and other leading Texans, will be the aim of a Citizens' Committee on Mental Health created this week. Dr. Ozro T. Woods, Dallas physician, will be chairman of the committee, and some 300 citizens will be asked to become charter members, the Governor said. Governor Shivers will send a letter to the list supplied by sponsors of the new organization, calling attention specifically to the proposed constitutional amendment that would allow mental patients to enter state hospitals without the necessity of a trial by jury. "We hope the CCMH will provide a means of urging the people to open their eyes to the pitiful conditions in our state mental hospitals," said Dr. Woods. "This will be a study group, and a committee of action as well. Citizens throughout the state will be asked to lead their communities in formulating a desirable mental health program." Dr. Woods predicted the first project of the CCMH will be to convince Texas voters that "the

time has come to bring our laws governing the mentally ill up to a humane, scientific, 1946 level." The amendment mentioned by the Governor and by Dr. Woods will be voted on in the November 8 election. It would empower the legislature to change the commitment procedure which now requires every mental patient to undergo a court trial and be adjudged "insane" by a six-man jury before he can be given treatment beyond the temporary stage. The constitutional amendment would instruct the legislature to provide the legal safeguards in the new commitment procedure, including recourse to a jury trial if requested by the patient or someone representing him. "We are the only state in the Union which still makes the mentally sick the victims of an antiquated age which treated insanity like a crime," said Dr. Woods. "It is proper that the Citizens' Committee on Mental Health should begin its work with a program to bring our thinking up-to-date on the cause and treatment of mental illness." Governor Shivers had announced earlier his full support of the lunacy amendment. "The difficult thing for many people to see," said the Governor, is that a courtroom scene, with a judge, a prosecutor,

and a jury, can do great harm to an already sick mind. It is this sort of thing which we hope the Citizens' Committee will be able to explain at firsthand in communities." NEWEST IDEAS ON T. B. TREATMENT No longer need persons afflicted with tuberculosis cause the uprooting of their entire families to move to high altitude or desert residences. Cosmopolitan magazine reports that treatment consists largely of a well-balanced diet, plenty of rest and quiet. City dwellers need only move to some peaceful suburban area. TELL THEM EARLY Adopted children should be told they are adopted by the age of four at the latest—so they can grow up accepting that fact naturally. They should be told in a simple way, because at an early age they do not need a detailed explanation. Cosmopolitan magazine points out the fact to be stressed is that, from among many children, their parents chose them. Tommie Alldredge visited his parents Mr. and Mrs. C. A. Alldredge over the weekend. Tommie recently enrolled in Texas Tech.

Trust God

Lesson for October 23, 1949

SHOOTING WARS and cold wars were going on. A great whirlpool of international intrigue was roaring around and around, and Judah was in the midst of everything. The star of the hour—the great empire of Egypt was setting, and the star of the new and powerful nation of Assyria was rising. Judah was only one of 25 or more little countries between these giants. Some of the little nations were trying to take advantage of the disturbed situation by getting up little empires of their own. They were scheming and scrambling for a place in the sun. Some were betting on Assyria; some on Egypt; no one knew just what to expect, but every one was afraid.

Cowardly King, Cold Prophet
INTO ISRAEL'S little country of Judah an invading army was marching, and the hearts of king and people trembled. "The word of the Lord" came to the prophet Isaiah. He was being invaded by a combination of two ambitious powers, Syria and Israel, either one larger and stronger than Judah. Isaiah had to go out and try to calm the mind of the King. It was of no use; it was clear that King Ahaz did not believe the prophet. But Isaiah was right nevertheless.

The foreign army that looked so big would not win the war. The alliance that looked so frightening did not last. It could not last, because God was against it. Military men and others too find such things hard to believe. Is not God "on the side of the largest battalions"? Is not "Gilt that fastest with the mostest men" the one and only recipe for victory? Nevertheless, the prophet was right. In fact, whenever a prophet raised a banner inscribed, "Trust in God," it was likely to be at a time when things were going awfully in the world. That banner most often appeared in times of trouble, of darkness and dismay, of wars and invasions.

Leagues Don't Always Last
The situation had a different angle, later on. The Syria-Israel invasion collapsed, just as Isaiah said it would. But still the little nations jockeyed and maneuvered. It looked like a death-grapple between Assyria and Egypt, and every nation wanted to be on the winning side. So it was a great time of treaty-makings, of pacts and agreements and alliances.

Isaiah changed the form of his message to suit the changing times, but the core of it was still the same. To King Ahaz he had said: Don't be afraid of hostile alliances; trust in God. To King Hezekiah and others he said, in effect: Don't put all your hope in alliances; trust in God. Egypt will fail you, any alliance you form will melt away in time. But God will not melt away. You can depend on him. Now in our time the situation is strikingly like what it was in Isaiah's day. Peoples today are tempted to put their trust in what is big and imposing. Big nations, big armaments, big armies, big alliances. Men once put their trust in the League of Nations, and it died (of cowardice and dishonesty, among other things). Millions put their trust in the Axis, and for a while it looked as if the Axis powers would overspread the earth. But the Axis vanished under the blows of the Allies.

Are All Alliances Bad?
THIS does not mean that no alliance is good, or that no treaty can be relied on, or that the United Nations (for instance) is bound to collapse. What Isaiah is driving at is this: God has a Purpose to work out in this world, and the name of it is Justice, Righteousness, Peace, Love.

Any nation or combination of nations, any pact or agreement or program, that goes against God's purpose is going against the grain of things and is bound to fail. Pure "power politics" always looks impressive; but the question is: What is the power going to be used for? If it is really for the benefit of mankind, God will bless it; but if it is selfish and unjust and against the power of the world, it will fail, because the God of Justice has set his face against it.

Whole State Short Of Cotton Pickers

COLLEGE STATION — The Texas cotton harvest is now in full swing and the shortage of pickers may cause producers to follow practices that will lead to lower selling prices, says F. E. Lichte, extension cotton gin specialist of Texas A. & M. College.

"Care in handling cotton at harvest time pays big dividends," Lichte says. Cotton picked green or wet and taken directly to a gin not equipped to handle such cotton may be reduced in value from \$5 to \$35 per bale. Rough preparation at the gin is costly to both the farmer and the ginner for they both lose money, he says.

Wet, dirty cotton usually means a poor quality product that brings less money, says Lichte and growers should pick carefully, take their cotton to the gin dry, and then see that it is ginned properly.

Lichte says the cotton producer should not expect the ginner to turn out a quality product at the gin unless a quality product is provided by the farmer. The farmer and ginner both have a stake in the careful preparation of the cotton. It helps the ginner's business and the farmer's income. Two mighty important items, says Lichte.

New March of Dimes Chairman Selected

Ed S. Stewart, prominent Abilene businessman, has been appointed Texas State Chairman of the 1950 March of Dimes, Basil O'Connor, president of the National Foundation for Infantile Paralysis, announced today. It is Mr. Stewart's second year as head of the fund raising appeal in Texas.

As chairman, Mr. Stewart will be in over-all charge of planning and organizing the annual polo drive, and will coordinate activities of all city and county campaign directors in the state.

The March of Dimes is conducted each January by the National Foundation and its 2,800 county chapters of finance the nationwide fight against polio in the fields of patient care, scientific research and professional education. The 1950 appeal will be held January 16-31.

Mr. Stewart, a native of Waco, has been long active in civic affairs and welfare work. A west Texas food broker for 17 years, he is now owner of the Abilene Candy Manufacturing Company. During the first World War he served overseas with the Army's Corps of Engineers. A past president of the Abilene Chamber of Commerce and the Rotary Club, he was Taylor County director of the American Red Cross War Fund in 1943 and 1944.

Commenting on Mr. Stewart's re-appointment to Texas' top March of Dimes post, Mr. O'Connor declared that the National Foundation is now facing the "most crucial period" in its twelve year history.

He described the 1949 polio epidemic as the worst on record, with more than 40,000 cases expected by the end of the year. "By December," he said, "the National Foundation and its chapters will have spent \$31,000,000 assisting polio victims throughout the nation."

Mr. O'Connor also pointed out that by mid-summer, the national epidemic aid fund had run "dangerously low" and the organization's Commission and the State Department of Public Welfare, will hold open competitive examinations on November 19, 1949, for a number of positions now open in both agencies according to Chas. S. Gardner, Director of the Meritt System Council.

Positions to be filled by these agencies consist of Field Workers to be forced to conduct the recent Polio Epidemic Emergency Drive as a "stop-gap" measure to carry it over until the regular March of Dimes campaign in January.

From January 1 through September 30, he said, the National Foundation sent more than \$7,000,000 to hard-hit Chapters whose own March of Dimes treasuries were exhausted caring for local polio patients.
