NUMBER 43

Chamber of Commerce Doing... QUESTIONNAIRES SENT OUT FOR CITY OF SPUR BUSINESS DIRECTORY

BUSINESS REGISTER FOR SPUR:
The Spur Chamber of Commerce mailed out over 150 questionnaires this week to the business establishments of Spur. The purpose of this questionnaire is to assemble information for a complete "Business Register" or "Buyers Guide," listing the type of business, and the names of the owners and employees. After completion of this register, copies will be mailed to every city in the State and to the business establishments in Spur.

A publication of this type is helpful in many ways. It will serve as a wholesale or retail buyers' guide. We ask your cooperation in helping the Chamber complete this publication by returning your questionnaire before September 1. If you have not received one of these questionnaires, please call your Chamber office and we will have one mailed to your business.

ARE WE GROWING?

A few statistics that will be of interest to the people of Dickens County and Spur, have been released by your Chamber of Commerce and show a considerable gain over previous figures.

Estimated cash farm income for the 894 farms in Dickens County in 1949 is \$7,864,022.00. The average size of the farm in this county is 308 acres, with an income per farm of \$8,796.00. These figures do not include government payments.

Retail Sales 1949

Dollars	\$6,183,000.00
% of U. S. A.	.0048
Store Groups:	
Food	\$1,364,000.00
Gen. Mde.	\$ 617,000.00
Drug	\$ 314,000.00
Furn. and household	\$ 250,000.00

EFFECTIVE BUYING INCOME
Net dollars \$8,397,000.00
% of U. S. A. .0044
Per Family \$ 3,359.00
Per Capita \$ 943.00
Farm Gross Dollar from farming \$ 6,130.00
The cotton production for Dickens County in 1949 was: 47,374 bales. The retail sales for prior years in Dickens County was, 1935 - \$1,333,000.00; in 1939, \$2,225,000.00; and 10 years later in 1949 \$6,183,000.00.

Encouraging new businesses, building buying power and developing new trade territories have lots to do with making a city grow. Are we growing?

A NEW ADDITION:

The new voice you have heard over the telephone when you call the Chamber of Commerce is Miss Nadra Roden, office secretary. Miss Roden who is new in Spur, started with the Chamber of Commerce August 11. She is a graduate of Tyler Commercial Business College, Tyler, Texas. She will be on hand to assist you with any work concerning the Chamber of Commerce.

Spur Colored School Now In Progress

The Spur Colored School opened Monday morning, Aug. 14, according to G. W. Kerr, principal of the school.

Teachers and their positions include G. W. Kerr, principal and teacher of grades nine through twelve; Miss Bobbie Ann Gilmore, teacher of grades five through eight; and Mrs. G. W. Kerr, teacher of the first four grades.

This school term will mark the first year that a three-teacher system will be employed in the school, stated Kerr, and it is hoped that every effort will be made by parents and students to cooperate in order that such a system may be retained.

Top Maize Harvest Is Expected In Spur

Maize harvest in the Spur trade territory will begin on Monday and is expected to be exceptionally good this year, states Lewis Smith, local elevator employee.

Lots of moisture falling at the right time, coupled with the fact that acreage which could not be used for cotton and wheat went into maize this year, is resulting in a heavy acreage.

In addition, the yield promises to be good, however, spotted fields of good and relatively poor grain would indicate an inestimable per acre average. More milo will be stored for local use than in the past due to the price of hogs, stated Smith. The outlook for Commodity Credit storage appears bright.

Monday's harvest is expected to begin in the Antelope community southeast of Spur. The Spur trade territory includes that area extending part way to Girard, Crosbyton and Roaring Springs.

Price of maize Wednesday was approximately \$1.65.

Baseball games have been scheduled for each afternoon of the reunion and concessions will be open in the park for the benefit of guests.

George Gabriel and son Jim, of Gabriel's Department store left Tuesday for the ladies' ready-to-wear market and the Christmas merchandise market in Fort Worth and Dallas. They plan to return to Spur Friday night.

Highway Delegation Ready For Trip To Austin August 21

The Chamber of Commerce highway delegation and County Court are ready for their trip to Austin, Monday morning August 21, to make a strong plea for the proposed "Broadway to Big Bend" highway for Dickens County.

Although the State hearing is not scheduled till Tuesday morning, the delegations from Dickens, Garza, Crosby, Andrews and Dawson Counties will assemble Monday night in the Stephen F. Austin Hotel for final preparations prior to the hearing Tuesday morning.

The proposed route, much of it already completed, starts in the Big Bend National Park and runs through the following cities: Albigge, Toyahvale, Pecos, Kermit, Andrews, Lamona, Post, Spur, Paducah, Quanah, Jackson, Snyder, Capanche, Brady and on into Oklahoma City.

This State Highway will be of great benefit to Spur by increasing travel north and south, opening the trade territory from the oil fields and Calgary community.

It will give an all weather access to schools, hospitals, and trading centers. It will serve as a supply route from Oklahoma, Odessa and Midland to the oil fields, and will serve as a feeder to the railroads in Spur for cattle.

It would alleviate the traffic from Lubbock and shorten the travel going north and south. "We are in need of such a highway and with the people backing our request, it will be extremely difficult for the Highway Commission to refuse states, L. M. Huff, Chamber of Commerce Manager.

The outcome of the hearing will depend largely on the representation of the county and the plea which is made by the representatives. The people of Dickens county have responded nicely in the letter writing campaign. It is through such representation, that a request of this nature is granted.

The Chamber of Commerce of Spur has expressed its thanks to the many citizens who have cooperated in every way to make this highway possible; it is through such fine cooperation that projects for the city and county become a reality.

"We do not plan to relinquish our efforts for this proposed highway, it may take several State hearings before progress is made however, we can rest assured that with strong determination and continued work, we will eventually bring results from the State Highway Department," states Huff.

Delegates scheduled to make the trip to Austin from Dickens County are: Judge A. C. Sharp, Commissioner; E. J. Offield, Roy Ward, Arner Watson, G. C. Pierce, from the Spur Chamber of Commerce; Leon M. Huff, Manager, Directors and highway committee members, Lester Garner, Joe Long, J. D. McCain, Fike Godfrey, Bob Blackshear, Coy McMahan, Dr. M. H. Brannen, George Gabriel and W. T. Andrews. Other representatives from the county will also be on hand to support the request from Dickens County.

Work Underway On New Post Office

Work has begun on the new Spur Post Office on North Burlington this week with the foundation already completed.

According to Postmaster Guy Lee, the work is due to start the first part of next week.

A set of blue prints for the new building has been sent to the Post Office Inspector in Fort Worth for minor corrections and changes and then final approval. Oct. 1 is still the tentative date for the completion of the building.

New Garbage Truck To Arrive Soon

According to City Manager James Cowan, delivery of the City's new garbage truck should be made by the first part of October.

Fred Godfrey of Godfrey and Smart, local Ford dealers, states that the Ford truck will be delivered to the City Machinery Co. of Abilene and Lubbock for the assembly of the Garwood Loader, Packer by the middle of September. This truck will be used by the City for garbage pickup both in the business and residential districts. This pick-up service will begin immediately upon the receipt of the truck, states Cowan.

The City of Spur is now awaiting the delivery of the new emergency-vapor street lights for downtown Spur. It is believed that installation will start about the 15th of September and will be in operation soon thereafter.

Teachers Receive Degrees; Five Are New To Spur System

Several teachers in the local schools are receiving degrees this month, while five members of the complete 1950-51 faculty are new to Spur and will be teaching for the first time in local schools.

Mrs. Inez Hamilton and Mrs. Bruce Browning, teachers of the fourth and first grades, respectively, will receive bachelor degrees in summer exercises at Texas Tech. Miss Uell Middlebrook, fifth-grade teacher and a new faculty member, will graduate from Tech in the same exercises. She holds a BA degree.

Other new members are Mr. and Mrs. James Shepard, both graduates of Abilene Christian college. He will teach eighth grade Language Arts and she will be an instructor in the sixth grade. Mrs. Anna Bae (Lansetter) Blumberg comes to Spur from Port Arthur, where she has taught for a number of years. Mrs. Blumberg will teach second grade. Mrs. Alfred Walker, graduate of Baylor university who taught from mid-term until the close of school last year, will teach in the first grade.

Mischievous Ann Gilmore has been employed as the new teacher in the Spur Colored school. Miss Gilmore is a graduate of Sam Houston college in Austin.

Members of the local American Legion will meet at the Legion hall tonight for a general clean-up.

Wives of the Legionaries will meet with them and will conduct the inside clean-up. The men will take care of the grounds surrounding the building.

All members are urged to be present with their brooms, rakes, mops and brooms at 6 o. m. Meetings will be served following the clean-up.

Spur Station Lauded On Control Program Of Mesquite Shrub

Articles in recent issues of both the "Dallas News" and the "Southwestern Crop and Stock" magazine have praised the extensive mesquite eradication program in progress at Spur's Texas Agricultural Experiment station.

Under the direction of Dale Young, workers at the station have tried various chemical experiments and research is still being compiled in efforts to rid Texas lands of the unwanted mesquite shrub.

Blackened trunks and branches on large sections of the Pitchock and other ranches in this territory are evidence that some of the chemical killers have arrested the growth of the mesquite. One such product seeming especially effective kills the roots as well as the part above ground, preventing regrowth.

Only a little of this chemical, 2,4-D-trichlorophenoxyacetic acid, is needed, whereas, farmers and ranchers have tried hundreds of gallons of kerosene and expensive flame-sprayed poisons uneffectively.

Local residents are proud of the people who man the station and are pleased with the benefits afforded by their unceasing experiments.

Cal Farley

J. D. McCain, chairman of the Budget committee announced that tickets are now ready for distribution and each member will be contacted by this committee within the near future. It will be necessary to know the exact number of members that will attend this meeting by August 23 and tickets for the barbecue supper may be purchased by calling your Chamber of Commerce or Palace Theatre.

The speaker, Mr. Cal Farley, is well known by the people of Texas for his great achievements and work which he has accomplished with the youth of our country.

Awaiting the delivery of his first Cadillac in the near future, Reagan states that it is with great pride an anticipation that he brings this fine automobile to the people of Spur and the surrounding trade territory. The Reagan Motor Company will also continue to sell Pontiacs.

According to Reagan, an invitation will be extended to all in the form of an advertisement in the Texas Spur to see the new 1950 Cadillac as soon as it arrives.

Work Underway On New Post Office

Work has begun on the new Spur Post Office on North Burlington this week with the foundation already completed.

According to Postmaster Guy Lee, the work is due to start the first part of next week.

A set of blue prints for the new building has been sent to the Post Office Inspector in Fort Worth for minor corrections and changes and then final approval. Oct. 1 is still the tentative date for the completion of the building.

It Cited ger During Middle Years

Good health is the biggest single factor in making the middle years of life profitable and happy. Many parents do an excellent job of protecting their children from diseases but often forget about themselves.

During the middle years, certain physical conditions need attention, especially the adjustments that must be made in connection with the aging process. This process of aging is something that usually takes place slowly and the nature signals furnished by nature should be heeded, for your future happiness may well depend upon whether or not you observe these signals.

Medical authorities say that the body as a whole functions slower and somewhat differently and that not quite so much food is needed to keep the human machine functioning properly during this period. What folks eat is largely determined by habit, and if habits are followed, over-eating usually results and that brings on trouble.

Smaller servings and fewer calories and foods which are high in vitamins and minerals and the necessary factors should be used. Over-weight is one of the most common nutritional diseases of this period of life and almost always, is caused from eating too much.

The usual-sleeping periods usually require less sleep and this means that more time must be made for the radio or just for relaxation and rest. The matter of rest is very important and there is a need for balancing rest with the activities that

one performs. The best conservator of energy is to stop and rest whenever you feel fatigued. Short rest periods during the working hours make it possible for the older person to accomplish much more and at the same time leaves them feeling much better.

Violent exercise such as participating in active sports and lifting heavy loads should be taken in broken doses. Too much such exercise can be very harmful to the body and its proper functioning. On the other hand, regular exercise, not too strenuous, will help to keep the muscles, bones and joints supple and in good condition.

Regular physical check ups for those in their age group are recommended. This age can become the most profitable and enjoyable period of life if the rules of good health are followed and the advantages that go with experience, judgment, maturity and more leisure time are fully utilized by the individual.

Chemical Control Of Weeds Perfected

Final perfection of chemical weed control may be more than one-third the manhours required for fully mechanized production of an acre of cotton, the National Cotton Council has revealed.

Experiments at the Delta Branch Experiment station near Stevensville, Miss., indicate that chemical weed control, along with other mechanized production methods, may reduce to 14 the number of hours required to produce an acre of cotton.

With the exception of harvesting, weed control is the most time-consuming operation in cotton

production. Perfection of chemical weed control would speed up this slow phase of production and cut the farmer's production costs, Council officials point out.

Man labor is the big factor running up costs, a Cotton Council representative explained. "As we reduce manhour requirements, we cut costs and make it possible for cotton farmers better to meet the threat of competing fibers. Chemical weed control offers the farmer an excellent opportunity here."

Extensive experiments are being conducted at the Delta Station on chemical weed control methods. The scientists are working closely with oil companies in the development of the oils now being used in weed control. During the past few years, hundreds of oil combinations have been tested. These tests have made possible further refinement of the oils to remove the parts which have an ill effect on cotton plants.

VACATIONERS RETURN

Mr. and Mrs. D. B. Ince and Mr. and Mrs. L. S. Wilson and daughters, Lenora and Arlene, returned last week from a two weeks vacation in Los Angeles, Calif. They visited in the homes of W. T. and D. B. Ince, Jr., and Robert Wilson and family. Scenic points of interest which the vacationers visited were Boulder Dam and Grand Canyon on their way to the western coast, and Forest Lawn Cemetery, Huntington Hotel and Catalina Island in California.

Sometimes we love people, not for what they have done for us but for what we have done for them.—Talbot

Light Floor Work Is Research Result.

After years of research and tests in thousands of homes all over the country, flooring engineers have worked out simple directions for the care of asphalt tile floors.

Main points to remember are: use only a mild soap or detergent; never flood the floor with water;

and give it an occasional light polishing with water-emulsion wax. Avoid strong alkaline soaps or cleaning material; use water sparingly; and avoid heavy coats of wax.

After a new tile floor is fully set, it should be cleaned with neutral soaps in warm water; rinsed with clear water and mopped dry. Two or three coats of a good water-emulsion wax will bring out the beauty and coloring. After its initial cleaning and

waxing, all that is needed to keep the floor clean and new-looking is to sweep it daily, and wipe occasionally with warm neutral soapsuds.

Stains from ink, other non-oily stains, and cigarette burns can usually be washed off. If ordinary washing does not remove them, buff them off lightly with fine steel wool dampened with warm neutral soapsuds. Solvents like gasoline and benzine should not be used to try to

remove stains. Nor should varnish or shellac be applied to asphalt tile. To give the floor a high luster, buff each coat of wax after it dries, before applying the next coat, and keep each coat light.

The greatest depth in any ocean is over 34,000 feet off the east coast of the Philippines.

Step in... step up in the world!

This is the Chrysler New Yorker Newport... the original "hard-top" convertible... the car that started today's smartest trend in design. But you've only to see it and drive it to realize that there still is not another car like it. No car regardless of price can match the luxury of the materials and appointments in the lovely interiors. Even the Clearback rear window still stands alone for grace, beauty, and exceptional driver vision. And there's built-in value all the way through without equal. Built-in value that will make you a Chrysler buyer from now on. Quality... craftsmanship... engineering... that mean you invest not only in prestige and pleasure, but in lasting satisfaction as well. See this car or any one of the 21 body styles available today!

- Chrysler Driving Advantages:**
Fluid Drive... automatic gear shifting with exclusive car control High Compression Ignition Engine... extra power at all speeds. Superfinished parts for longer life. Chemically treated cylinder walls for far greater wear! Waterproof Ignition System prevents stalling in flood or storm. Full Flow Oil Filter keeps oil clean longer.
- Chrysler Comfort Advantages:**
Chair Height Seats... no crouching on the floor... Functional Design... room for your head, legs, shoulders. Easy to enter and leave. Center-arm Steering... minimizes road shock, wheel lift. Rubber Body Mountings... Floating Power... eliminate vibration, help give softest, smoothest ride in history.
- Chrysler Safety Advantages:**
Safety Rim Wheels... won't throw tires after blowouts at normal speeds. Constant Speed Windshield Wipers... electrically operated. Safe Guard Hydraulic Brakes... balanced brake power, smoother stops, less pedal pressure. CYCLEBOND linings for double the wear. Full vision... wherever you need it.

The Beautiful **CHRYSLER** with Fluid Drive

Bride-Elect Complimented With Gift Tea Tuesday In Home of Mrs. A. C. Sharp

Miss Jane Brannen was complimented with a gift tea in the home of Mrs. A. C. Sharp, 1902 West Harris, on Tuesday evening of this week.

Hostesses were Mrs. D. J. Dyess, Mrs. James Sharp, Mrs. James B. Reed, Mrs. J. R. McNeill, Mrs. G. W. Grimes, Mrs. Jack Rector and Mrs. W. C. Gruben.

Guests were greeted by Mrs. James Sharp who introduced them to the honoree and her mother, Mrs. M. H. Brannen, Mrs. W. C. Gruben registered guests at a round table centered with a crystal vase holding sprays of yellow marigolds. Miniature transparent butterflies, bearing the wedding date, Sept. 1, nestled on cut flowers arranged throughout the receiving rooms. On the mantel, a large, transparent butterfly was placed before a mirror and on its wings guests read "Jane-Charles, Sept. 1."

A Chinese grass linen cloth covered the serving table which held a crystal globe of yellow flowers, Golden Fruit punch and individual iced cake squares were served with nuts and gold mints. Aqua candles burned in crystal candelabra. The hostesses alternated serving duties and assisted in the gift rooms.

Guests who registered were Mrs. Guy B. Karr, Mrs. J. W. Bowman, Jimmie Nell Bowman, Mrs. T. H. Blackwell, Mrs. Carl Rye, Mrs. Margaret Elliot, Miss Julia Hickman, Mrs. Fike Godfrey, Mrs. Sherian Campbell, Mrs. Horace Wood, Beverly and Margaret Wood, Mrs. Clyde Bingham, Mrs. G. C. Godfrey, Mrs. Neitha Campbell, Mrs. Neitha Campbell, Mrs. James Jay Mrs. W. D. Blair, Jr., Mrs. Joe Grimland.

Jan Felmy Feted With Bridal Shower

Jan Felmy, bride elect of Billy Joe Crafton, was honored with a miscellaneous shower last Thursday afternoon from 6 until 8 o'clock, in the Dickens home of Mrs. Johnnie Koonsman. Hostesses were Mrs. George Carter, Mrs. Leo Speer, and Mrs. Earl Murchison.

The house was beautifully decorated with cut flowers. Punch and cake squares were served to guests.

Those registering were Jimmie Nell Bowman, Mrs. James H. Bowman, Mrs. H. P. Littlefield, Mrs. W. E. Peters, Mrs. J. H. Meadows, Mrs. K. W. Street, Maude E. Edwards, Mrs. John Edwards, Mrs. Harry Martin, Mrs. Jesse Wyatt, Mrs. Dalton Lebew, Mrs. G. L. Delisle, Mrs. John A. Scott, Mrs. Oscar Crafton, Betty Lou Crafton, Mrs. Neil Crafton, Vera Lynn Crafton, Mrs. Charles Taylor, Genevieve Taylor, Mrs. Jake Varnell, Mrs. Murray Lea Jr. Lona Dell Arthur, Mrs. E. V. Arthur, Mrs. Katie Swearingen, Mrs. Willard Wayne, Mrs. Melinda Martin, Lillian Gordon, Lorene Green, Mrs. Charlie Kimmel, Mrs. Fred Arrington, Mrs. E. L. Chaney, Mrs. C. W. Nickels, Miss Talley Windham, Mrs. B. Street, Mrs. C. A. Alkredge, Mrs. John Cumbie, Sue Cumbie, Mrs. V. D. Walters, Mrs. Frank Speer, Mrs. O. D. Thompson, Mrs. Rube Stewart, Mrs. Watt Holly, Mrs. James Fausbus, Mrs. Roy Ward, Mrs. Jim Koonsman, Faye Felmy and Barbara Speer.

Culpepper Circle Meets on Monday

Culpepper Circle of Business Women's Missionary Union met in the home of Mrs. J. E. Berry Monday evening, with Mrs. A. G. Dunwoody as hostess.

Several selections were played on an antique organ by Mrs. Berry and a recording of the group singing "Break Thou The Bread of Life" was made. Mrs. C. P. Scudder offered a prayer and Mrs. Tom Cooper presented the Bible study, "Graven on the Hand of God."

The help of various church organizations in the needy throughout the world was discussed by Mrs. Tang Smith and Miss Bertie James.

Refreshments were served to Mrs. C. P. Scudder, Melvin Rathel, Bertie James, Tang Smith, Myrtle Whitwell, Lester English, W. B. Gruben, Billie Powell, Billie Glenn, Tom Cooper, Mrs. Berry and the hostess, Mrs. Dunwoody.

Next meeting of the group will be August 28 in the home of Mrs. Tang Smith.

Miss Margaret Elliot Attends Convention

Miss Margaret Elliot, teacher in the local schools, attended the national convention of Delta Kappa Gamma held Aug. 8-12 in the Baker Hotel, Dallas.

Highlights of the convention, which was held in conjunction with the organization's twenty-first birthday celebration, was a report from the Hawaiian delegate, Miss Elliot, a delegate from the Gamma Eta chapter, was accompanied to Dallas by Mrs. J. E. Berry.

Registering from every state in the union and Hawaii, the 1400 delegates attending were entertained at a chuck wagon dinner, held in front of the Will Rogers Memorial Coliseum.

Following the convention, Miss Elliot attended a meeting of the planning committee of the State of Texas, a group in which she serves as chairman.

Mrs. Nina King Is Guild Hostess

Members of the Wesleyan Guild of the First Methodist church met in the backyard of Mrs. Nina King's home, 511 N. Willard, on Monday evening.

The group was led by Mrs. Lewis Lee who was leader of the program, with Mmes. Lane Bachman, Vivian Gibson, Marian Hurst and Raymond Higginbotham assisting.

Plans for the organization's yearbook were formulated, and the group planned a barbecue honoring their husbands Aug. 28 at the church.

Refreshments of cup cakes and cookies were served to Mmes. W. G. Johnson, Jr., Ben Perry, O. D. Thompson, Cal C. Wright, Bachman, Gibson, Hurst, Lee, Higginbotham and the hostess, Mrs. King.

HUSBAND OF SPURITE SENT TO PHILIPPINES

CWO Kenneth Zeigler, husband of Mrs. Archie Nell Zeigler, Spur, recently arrived for an overseas tour of duty with the U. S. Air Force in the Philippines.

In continuous service since June 1940, Chief Warrant Officer Zeigler was previously stationed with the 8th Air Force on Okinawa from July to September 1945. He is now assigned as assistant adjutant general for the Thirtieth Air Force at Clark Air Force Base in Central Luzon.

The Zeiglers have three children, Kenneth, 7, Bob Allen, 5, and Kay Barbara, 4. Mrs. Zeigler, the former Archie Nell Hogan, is making her home in Spur.

NICHOLS HAVE VISITORS

Dr. and Mrs. F. C. Nichols have as their guests for several days their sons, Capt. John L. Nichols and family of Germany, and Pike Nichols and family of Houston. Capt. Nichols has returned to the states from a three-year stay in Germany. Other guests in the Nichols home are Judge and Mrs. H. L. Holly from Granger. At a reunion held in their home Sunday, the Nichols were hosts to Mr. and Mrs. E. N. Comper, Mrs. Winnie Lou Bounds, and Mr. and Mrs. Roscoe Blankenship, all of Abilene.

Mrs. Vela Turpen and Miss Patsy Turpen are visiting Mr. and Mrs. G. W. Rankin in Greenville, Texas this week.

"Miss South Plains" Contest Will Be Held At Panhandle South Plains Fair

LUBBOCK, AUGUST 17.—Two young ladies and the companions of their choice will win an expense paid trip to Havana, Cuba and awards amounting to over \$300.00 each, when the judges choose Miss Lubbock County and Miss South Plains during the Queens Contest to be held nightly in front of the grandstands during the 33rd annual Panhandle South Plains Fair in Lubbock, October 2 through October 7, according to W. O. (Bill) Keeney, Queen Contest Chairman.

One queen will be chosen from Lubbock County, and another queen will be chosen to represent one of the following counties: Bailey, Cochran, Yukon, Gaines, Lamb, Hockley, Terry, Hale, Floyd, Motley, Dickens, Lynn, Garza and Dawson as Miss South Plains.

Officials of the contest have announced that the contestants will be judged according to popularity and not just beauty. Each contestant who receives the highest number of votes in her county will act as a princess on the Queens Court during the spectacle. Each of the 14 princesses will receive an award for her participation in the production. The Queens and their court will appear each night of the Spectacle.

"Panorama of the Plains" will be one of the greatest spectacles to ever be produced in West Texas, Fair officials said. It will cover the colorful history of the South Plains area from early civilization to the present time. There will be a cast of over 1,000 persons in the production plus all of the lights, sound effects, scenery that goes to make such a huge spectacle. The stage will be some 300 feet wide. The John B. Rogers Producing Company, of Victoria, Ohio, will direct the production.

Contestants in the Queen Contest must be over 18 years old and must reside in one of the counties mentioned. To enter the contest the young ladies will use a special nominating coupon. These will be published in weekly and daily newspapers until August 21, at which time the contest closes.

A coupon is good for 1,000 votes, and only one coupon per individual is allowed by the rules.

Young ladies who wish to enter the contest should have their applications in to the Queens Contest Office prior to noon August 22. Letters should be addressed to W. O. Keeney, Contest Chairman, c/o Lubbock Junior Chamber of Commerce, 902 Texas Avenue, Box 561.

TRANSFER OF PROPERTY SHOULD BE RECORDED

Employees of the City of Spur are urging everyone who has purchased property in the city limits since January 1, 1950 to have such transactions recorded in the City Hall.

This record must be kept by the city in order to keep their tax rendition correct.

"If you have purchased property in the City since the first of the year, please stop by the office as soon as possible and have such transaction recorded," urges Mrs. Ruth Caplinger.

Watch your expiration date

The Army's New 'Eager Beaver'

Here's a brand new Army Ordnance vehicle—the "Eager Beaver". The 2½-ton truck, now in full production at Reo Motors' plant in Lansing, Mich., is built for high speed on and off the highway, and is designed to operate normally in sub-zero cold, blistering heat, or with its Gold Comet engine completely submerged in water. Reo has been awarded contracts for approximately 8,500 of them at a cost of about \$52,000.000. In the top panel, the "Eager Beaver" is shown "cruising" in Chesapeake Bay, Maryland.

NOTICE TO CONTRACTORS

Sealed proposals for constructing sewage treatment plant improvements consisting of Dosing Siphon, Filter, Clarifier, Pump House, Sludge Bed and appurtenances, will be received at the office of the Clerk of the City of Spur, Texas, until 2:00 P. M. August 29, 1950 and then publicly opened and read.

Bidders must submit a bond for Four Thousand Dollars (\$4,000.00) as a guarantee that the bidder will enter into the contract under the conditions set forth within ten (10) days after notice of award of contract. The minimum wages which shall apply on this work are the established rates for this area. Each bidder shall submit a statement of his experience, financial resources and equipment with the bid. The City reserves the right to reject any or all bids. Plans and Specifications may be inspected at the office of the City Clerk, Spur, Texas, Hasie and Green Engineering Office in Lubbock or Texas Contractors' Publication Office. Plans and specifications may be obtained at the office of Hasie and Green Engineering Company, P. O. Box 1139, Lubbock, Texas, upon a deposit of twenty five dollars (\$25.00) which will be refunded to each actual bidder upon return of the plans and specifications. Fifteen dollars (\$15.00) will be refunded to non-bidders upon return of the documents. Proposals are available without charge.

'Hard Core' of Refugees Begins to Soften

Among the refugees living in camps operated in Europe by the International Refugee Organization (IRO), a United Nations Specialized Agency, are some 25,000 old and sick persons, the "hard core" which has the greatest difficulty finding new homes. In recent months, however, homes have been provided for some of them. In the left hand photo, an aged refugee, one of 980

offered homes by a Roman Catholic order in France, talks to a French priest about the new life ahead. At the right, a blind refugee (left) discusses the prospect of a new life in Norway, where 100 sightless persons and an equal number of their families have been accepted. With him is a camp official of the International Refugee Organization (center) and a Norwegian representative.

Deer Tag System Resumed for Hunters

Further studies to determine the best deer tag for Texas big game hunters will be made this fall, according to the Executive Secretary of the Game, Fish & Oyster Commission.

The tag system was adopted by the Legislature as a conservation measure since it is designed to restrict each hunter to two antlered deer in one season. Enforcement of this bag limit was difficult under the old law, particularly in the case of the 1949 Act stipulated that

deer, when shot, must be tagged with a number and date showing the successful hunter's name, date and place the game was bagged, all corresponding with the name and data on the hunter's license. Tags, presumably metal, were prescribed by the new law, but such self-destructible tags were found inadequate to contain the required data. Last fall two small detachable stubs were connected by a perforated link to the main license. Holes in the ends of the stubs were intended to facilitate tying on the tag.

Hunters complained that the paper markers came off in transit, particularly if they got wet, and that the eyes in the tags pulled

out. States using the metal tags reported difficulty in inseparably connecting the gadgets with the paper licenses, and that license distributors had difficulty locating the metal markers with numbers corresponding to the main license.

New paper stubs are to be used without eyes for strings. 1950 hunters may find a minimum of trouble by placing the tags around deer horns at the base and sealing them on with Scotch tape. Thus, when the game warden checks the hunter's bag, he will unroll the tag, inspect it and then seal back on with the original tape.

WATCH Your Expiration Date

Check-up For Child Before School Opens

Parents, has your child had a physical examination this summer? Next month he will be starting school, and if he is in poor health he will have a harder time of it than he should.

Dr. Geo. W. Cox, State Health Officer, says it is up to you to give HIM a healthful send-off.

After he has his check-up by the family doctor, be sure to take him to the family dentist. Teeth are mighty important, and decay is one of the most common causes of tooth trouble. They may start a cavity in one part of the body. Strong, healthy teeth add attractiveness to appearance and personality.

Help your child to grow up with good teeth. See that he has a dental examination twice a year. Sometimes children need glasses and their parents don't realize it. An examination by an eye specialist is important. A child who needs glasses, if taken to an eye physician now, will have time to get used to them before school starts.

When children are grouped together in a classroom, they expose each other to communicable diseases. Has your child been immunized against diphtheria and smallpox? Does he know he should use only his own drinking glass? Does he know he should avoid boys and girls who are victims of colds? Do you keep your child at home when he shows signs of a cold?

Hobby Chest

By VINCENT MICHAELS

(Vincent Michaels, of Philadelphia, is a personnel manager whose interest in coins began in 1943 when he kept mistaking the then new steel pennies for dimes. The confusion aroused his curiosity, and his curiosity made him a coin addict.)

You've got a hobby in your pocket. Chances are, you have coins with you now that can give you a fast start in one of the most popular collection hobbies.

Coin-collecting achieves far more than merely acquiring an assortment of metal chips; it is history come alive. Small special issues of commemorative coins are almost as exciting as a game of having attended the event itself.

Everybody is in a position to start a coin collection. You might start with the Lincoln-head penny. Issued first as recently as 1909, the "VDB" coin is already a rarity, since it was the only one with the designer's initials on it.

The 1922 Lincoln-head without a mint initial has an ever-increasing value. Look in your pockets for it; it's a much-hunted coin.

You can—when the hobby captures you as it has me—extend your collection right back to our country's birth. The big cent coin issued in 1793 and containing the strawberry cluster amounts to something like the rainbow's pot of gold to coin-collectors.

Like all hobbies, coin-collecting has its club. Enthusiasm rides high in these circles because of difference of opinion among experts on the authenticity of some of the ancient issues. My friends often sit up half the night, arguing over coins, catalogs, and Guppy Peanut Butter sandwiches.

You can increase your collection through exchange clubs. Also, open houses publish bulletins that list available coins they will sell through the mail.

There's big money in coins. Offers for Confederate half-dollars have soared to \$20,000. The U. S. Cent gold-dollar is worth \$500 today. Large collections, like that of the Chase National Bank in New York, are worth unbelievable thousands.

But don't let that frighten you off. Order a catalog from one of the exchange houses. You can find catalogs in hobby magazines. Then start by examining all the loose change among the family.

Steel Hill Church To Hold Revival

The Steel Hill Church of Christ will begin a series of revival services on Friday night, Aug. 18. J. L. Prichard will conduct services beginning at 8 p. m. each evening. Sunday morning services will start at 10:30 a. m. Everyone is cordially invited to attend.

Noel Thornton, son of Mr. and Mrs. Bush Thornton, former residents of Spur, visited friends in Spur this week. Noel is employed in McKinney.

Though RKO studio is grooming talented Fahb Demergue for serious dramatic parts, this picture proves that the attractive actor might very well fill a leading beauty role. Here, fascinating Fahb wears a comfortable knit cotton T-shirt and cotton shorts for leisure-hour relaxing.

WANT ADDS GET RESULTS

Open Letter From
STATE DEMOCRATIC COMMITTEE
For JOHN WHITE
For State Commissioner of Agriculture

Austin, Tex.
Aug. 4, 1950

Dear Fellow Democrat:

This is a request that you use your vote and influence toward the nomination of JOHN WHITE of Wichita County for State Commissioner of Agriculture at the runoff election Aug. 26.

We urge you to join us for three reasons:

1. John White is a trained agricultural leader. Born on a tenant farm in Clay County, he worked his way through Texas Tech and Texas A. & M., graduating in Agriculture. Since his service in the armed forces during the war, he has been a vocational teacher at Odell in Wilbarger County and at Hardin College. He resigned as head of the Agriculture Department at Midwestern University in Wichita Falls to enter this race. He is offering a comprehensive program to revive the long-neglected State Department of Agriculture and to put it to work for the farm and ranch people of Texas.
2. The incumbent, J. E. McDonald, during 20 years in the office, has run it down and down in public esteem. Scandals have rocked the Department during his administration. At the moment, McDonald himself is under Federal indictment for violation of the lobbying act. He admits speculating in commodities. There is now pending in Travis County a suit brought against McDonald by the Attorney General, on behalf of the people of Texas, attempting to recover \$28,000 which the State contends was spent unlawfully by this Department. The farmers have tried repeatedly to defeat McDonald. They know that in cooperation with A. & M. College, this Department could be made of real service to the rural people of the State. But the city voters continue to re-elect McDonald.
3. By his own public statement, McDonald has on seven different occasions violated his pledge to support Democratic Party nominees. He has endorsed and campaigned for Republican candidates for President and Vice President on three occasions. Once he endorsed and campaigned for a Republican candidate for U. S. Senator in Texas.

In view of the outstanding qualifications of JOHN WHITE of Wichita County, and in view of the fact that the incumbent has been a habitual adder in the bosom of the Democratic Party in Texas, the members of this informal committee of Democrats join in urging you to use your every effort to further the candidacy of Mr. White in the second primary election August 26.

Sincerely,
HERMAN JONES, Chairman.

(Pol Ad Paid for and endorsed by Dickens Co. Democratic Committee)

NEW KITCHEN-SIZE FREEZER
HOLDS Months OF MEALS
SAVES Days OF SHOPPING
New-1951, 7 CU. FT. MODEL 70
INTERNATIONAL HARVESTER FREEZER

With Table Top and All These "BIG FREEZER" Advantages:

- 245 lb. capacity... stores everything you need for dozens of meals.
- Freezes meats, fruits, vegetables, other foods... buy in quantity.
- Freezes cakes, pies, breads... complete meals... ready to heat, serve.
- Preserves seasonal foods at low prices, the easy freezer way.
- Factory pre-set to ideal temperature for year 'round freezing.

Only \$229⁹⁵

Five small home or apartment kitchens! Takes only 28 by 44 in. space! Now, bring all the minute-quick convenience of frozen foods—savings and taste-delights—right into your kitchen. Shop once a week... cook double, triple portions... store for meals in minutes any time! Other sizes: 11.1 and 15.8 cu. ft.

Over-All Freezing: Freezes foods anywhere on all 5 inside surfaces! Add new foods easily—anywhere, anytime.

Dri-Wall Cabinet: Means dry floors, cool! Dues away with excessive moisture on cabinet exterior.

No-Noise Operation: No fans—no belts—no open moving parts. Hermetically sealed unit; quiet as an III refrigerator.

Easy To Move! Low Down Payment

SPUR, TEXAS

What a wonderful bargain!

For five days Mrs. J. E. Brasac kept an accurate record of all her telephone conversations — and here's just a sample. Altogether, she carried on 44 telephone conversations, figures they cost her less than 2¢ each and covered a total of 183 miles.

"I don't know where you'd get a bigger 2¢ worth," she comments. "My telephone keeps me in touch with my family and friends, helps me run my household, and it's always there to call for help in an emergency. And thanks for a wonderful bargain!" Southwestern Bell Telephone Company.

What else gives so much for so little?

Mrs. J. E. Brasac, 118 Grove St., Houston, Texas

Ordered a baby gift. Saved 10 miles.

Ordered new slip covers. Saved 2 blocks.

Felicia called. Some good buys in morning paper.

Called newspaper to see why we didn't get evening paper—3 miles.

Shell color of eggs does not affect the flavor, the food value or white eggs of the same quality or the cooking performance. There is no advantage to the homemaker in paying more for brown and size.

When corn or sorghum grain are fed to hogs, the gain produced is slow and costly, but when the grain is supplemented with the correct protein and mineral supplements, the rate of gain is speeded up and the cost of grain is reduced.

GO TO CHURCH SUNDAY.

SCRIPTURE: Luke 3:1-22; 7:18-28; Matthew 13:1-12
DEVOTIONAL READING: Luke 15:1-10

A Great Preacher?

Lesson for August 20, 1950

JESUS SAID of him that there had never been a greater man than John, the Baptist. Certainly there has never been a greater preacher, to this day. He had none of the aids a modern preacher has. He had no song leader, no music of any kind; no church organization, no building, not even a tent. He was not even in a village but in a bandit-infested wilderness. There was little "dramatic" about him or his methods.

Yet he started a tremendous revival, and he won higher praise from Jesus than any other human being received from him.

Candor
CONSIDER SOME of the qualities of this famous man. One was candor, that is, he was not afraid to speak his mind. His opinions were not always popular; his verdicts were not always those of the masses. But he spoke his mind all the same.

He called his hearers "generation of vipers," "snakes' babies, in modern words. He freely admitted he was no Messiah. When on a later occasion he had his doubts about Jesus, he did not conceal them, but told Jesus straight from the shoulder that he questioned him. And Jesus honored his honesty.

Candor is a rare article. Those few persons in public life who are willing to speak their minds may make some enemies but they make more admirers. The odd thing is that people cover up their minds for fear they will be unpopular whereas you will generally find that the candid person does not lack for friends.

Courage
THAT BRINGS up another quality outstanding in this extraordinary man: his courage. He could stand up to the most prominent citizens and tell them they were sinners, and name their sins.

It doesn't take much courage to say you are a sinner, or to say that any one is. Aren't we all? It takes more nerve to speak out in plain language, as John did to the Pharisees and Herod for example. When he called on men to repent, he meant a specific repentance, not repentance-in-general.

In a southern state there was a prison chaplain at the penitentiary. One of the prisoners had been convicted of stealing funds from the state bank. But he never had admitted his guilt, in court or afterwards. He was stand-offish with the chaplain, though before his conviction he used to be a church officer and a praying man, the chaplain could hardly get next to him.

Finally one day he agreed to pray. As he and the chaplain knelt down together, the prisoner began: "Lord, thou knowest that we are all miserable sinners. . . ." The chaplain stopped him. Leaning over he said to the prisoner: "What are you in here for?" The man was still a moment. Then in a quite different tone of voice he began again: "O God, forgive me for stealing from the State Bank." It was the first time he had ever admitted his guilt. But it took courage on the chaplain's part as well as his own.

Common Sense
ANOTHER QUALITY of John which deserves notice is his simple common-sense. Listen to what he tells the men who come with this question: What must we do? John's common-sense mind knew that repentance, just by itself, is not enough. Repentance is turning from something bad to something good, from wrong to right.

Let the man with two shirts share with the man who has none, he said. Let him who has food do likewise. Let the tax-collector be honest. Let the soldier stop grumbling; even in an "occupied country" a soldier must not be unkind or cruel.

Pointing to Christ
WHAT MAKES John best remembered is that he preached Christ. He is known as the forerunner; he was the man who said of Jesus, "He must increase but I must decrease." The preacher who calls attention to himself is an egotist, a show-off; the preacher who draws men's eyes and hearts to Jesus Christ may himself be small, but his work will be great.

The New Plymouth Special Suburban

Plymouth Announces Production of Luxurious New Utility Car

Production is under way and shipments are being made to dealers throughout the country of the Plymouth Special Suburban, according to R. C. Somerville, general sales manager of Plymouth Motor Corp.

The Special Suburban is an all-metal utility vehicle with luxury sedan refinements. Patterned along the lines of the DeLuxe Suburban, which Plymouth first introduced in 1949, the new Special Suburban has retained the styling and utility features which made the DeLuxe Suburban an immediate success. In addition, there are 21 different improvements which add to the car's beauty and comfort.

The exterior of the new car is richly trimmed with chrome and there are many interior refinements. Seat cushions and backs are upholstered in tan Bedford cord; the instrument panel, the windshield garnish moldings and the door garnish moldings are tan leather grained, and the radio grille is chrome-plated. There are arm rests for both front and rear seats, and seat straps for the rear seats. Appointments throughout the interior have been carefully planned to provide maximum comfort and beauty. The Special Suburban offers the same three-cars-in-one utility that characterizes the DeLuxe Suburban. It has the riding comfort of a fine sedan, and is easily converted into a roomy cargo carrier.

To protect your family and stretch your "food-dollar" your Refrigerator needs the SURPLUS POWER OF ELECTRIC REFRIGERATION for HOT SUMMER DAYS!

There's a FRIGIDAIRE for you

Yes, you can have the finest—a genuine Frigidaire Refrigerator for your home. There's a model and a size to fit your needs and your budget. Visit our showroom—you'll be delighted with the moderate prices and the many styles available. Be sure before you buy! Ask for proof! Compare feature for feature, dollar for dollar—and you'll see why you can't match a Frigidaire. Every inch of a Frigidaire is built to unbeatable quality standards—built with the surplus power needed to protect your family and help stretch your kitchen dollar during these hot, hot summer days. Don't accept substitutes—Frigidaire offers time and money-saving advantages found in no other refrigerator.

Electric refrigerators built with the surplus power to meet the demands of hot, hot West Texas summers maintain low, safe food-saving temperatures regardless of the heat.

You can rely on the reserve power of an electric refrigerator to safely preserve your foods—and by making it possible for you to buy in dollar-saving quantities on bargain days at your market, save you time and money.

Be safe—buy the best—buy Electric!

West Texas Utilities Company

A solution of one pound of sulphur in three gallons of water, applied to the trunk and framework branches of the trees with an old paint brush, is a good stop-gap remedy for controlling San Jose scale in orchards during the late summer and fall. A 3 percent dormant oil spray, applied in the winter when the trees are dormant, is necessary for effective control.

Grade B eggs are equal in food value to eggs of higher grade, and at this season of the year, they are a few cents less per dozen than grade A eggs.

School Will Offer Conservation Study

The subject of conservation and its indispensability to all phases of human progress will be taught for the first time in many Texas schools this fall.

This broadening of the vital resource-use education program will be a direct result of workshops

conducted in Texas senior colleges this summer by the Supervisor of Wildlife Conservation Education of the Game, Fish and Oyster Commission.

The Supervisor, upon conclusion of the summer schedule, said more than 3,000 state teachers have participated in planning for resource-used education. The extent of this routine and the rapidity of its growth since this work was begun in 1946 is shown by the fact that the summer workshop programs have increased from one the first year to 24 during the past summer.

The Education Supervisor said the subject is taught in grades one through twelve but that emphasis is made on the grades of one through eight. The success of the statewide program has been facilitated by the cooperation of the State Education Agency. A main factor in this advancement, he said, has been through the efforts of the director of resource-used education in the State Department of Education. This official coordinates the efforts of administrators, supervisors, teachers and others interested in teaching conservation to young Texans.

Mr. and Mrs. O. R. Cunningham and children returned Sunday evening from a weekend visit with relatives in Fort Worth.

You're sure to be ahead with CHEVROLET TRUCKS

Better Buy
Chevrolet trucks with Loadmaster engine offer more net horsepower—proved by certified ratings on engines used as standard equipment in conventional models of the five most popular makes, 13,000 to 16,000 lbs. G.V.W.

Better Operation

NOTICE—Any erroneous reflection upon the character, standing or reputation of any individual, firm or corporation, which may appear in the columns of The Texas Spur will gladly be corrected upon its being brought to the attention of the publisher.

Entered as second class mail matter on the 12th day of November, 1909, at the Post Office at Spur, Texas, under the Act of Congress of March 3, 1879, and published continuously without recess.

SUBSCRIPTION RATES
Per Year in Advance
In Dickens, Crosby, Motley, King, Stonewall, Cottle, Kent, Garza, Floyd Counties. \$2.00
In Mail Zone Three. \$2.50
In All Other Zones. \$3.00
All subscriptions are removed from our mailing lists upon expiration. Renewals should reach us two weeks in advance of expiration date to avoid missing an issue. In giving address changes, both old and new addresses should be given.

Fundamental Dumbness

Communists are clever but not intelligent. This is unavoidable and inescapable. A lack of common sense is the prior essential to acceptance of the communist religion.

Their fundamental dumbness was illustrated in the forcing of the Korean situation. For five years the Kremlin had maneuvered to reduce the United Nations to impotency. The Korean adventure revived the UN within five days. It re-created an alliance of the democratic nations of the world which had been in crack pots quarreling segments. Within two weeks of the opening of hostilities important weaknesses in American military planning were exposed. It is costing us much less in men, money and material to learn about them in Korea than would have been the case if they had not been exposed until we were engaged in a major conflict.

For five years and longer Americans had been led to believe that the next war could be won largely by science and machines. The atomic bomb and supersonic airplanes cost tremendously in dollars but they would avoid the cost in lives of men fighting on the ground. It was old-fashioned to say that all military effort should be directed fundamentally toward supporting the ground soldier. The new concept was that the man on the ground was primarily needed to support the airplane and its load of atomic bombs. The surface fleet, the floating airfield on a carrier's deck were obsolete. It was an attractive picture. But it neglected a highly important point—it takes two people to fight a war! Unless you are willing to be the aggressor you have to fight, not your kind of war, but the other fellow's kind of war. After weeks or months you may gain the initiative but in the early, sometimes crucial stages of the conflict you fight under conditions selected by the aggressor—conditions carefully selected to cause you the most embarrassment.

In Korea, there is no target worthy of the atomic bomb. To use one there would result in useless carnage of non-combatants that would divorce from us the support of the peoples of the world. This is equally true over vast areas of

possible future conflict with the slaves of the Kremlin.

The jet airplanes of which we have been so proud are of small value in Korea. There are no convenient airfields and small chances to build them. Flying weather is bad, ceilings low. This, too, is true over vast areas of the globe where the Kremlin might choose to make us fight. On clear days fast-moving jets have shown little ability to disable slow-moving tanks or piston-engined Yak planes. Making one pass at the target, the jet requires three or four minutes to turn and return for another attack—ample time for ground columns and tanks to disperse. Heavier tanks than we would have thought possible are being used by the communists, and the Russians armor is proving less vulnerable to our anti-tank weapons than we had expected. The floating airfield provided by the "obsolete" Navy's carriers are now pressed into much-needed service and the support of "obsolete" piston-engined planes is being stridently demanded by the troops on the ground who, as in all past wars, are carrying the brunt of the battle.

And here is the other lesson the communists have taught us—the soldier on the ground is still the decisive factor in the kind of war the men of the Kremlin intend to make us fight. Neither mountain nor swamp, fog nor heat, keep him from the fight. Give him his rifle, mortar, rocketless gun, a sack of Grenades and coned rations, and he will go anywhere. Put him on a horse that, like him, can live off the country if it is impracticable to keep gas and oil up front—he will fight the war for you. But he is a practical, down-to-earth guy, the ground soldier. He isn't interested in anybody's theory as to how wars ought to be fought. He wants tanks, guns, airplanes that will help him win the war he is fighting.

The Korean episode may remain a minor incident in our military history. It may prove to be the beginning of World War III. In either case, the detactors in the Kremlin have outsmarted themselves. They have given us an object lesson and an opportunity to correct deficiencies in our military planning before too great harm has been done.

AUGUST, NINETEEN FIFTY

Little Businesses Participate In Contract Awards

Smaller manufacturers will have greater opportunity to participate as subcontractors in the Government's accelerated purchasing program by following up notices of unclassified military procurement awards now being made available weekly at more than 138 information outlets in Louisiana and Texas.

The contract award notices are released in addition to the previously-inaugurated service which provides new daily listings of Government procurement invitations to bid. Included in the more than 138 information outlets are Department of Commerce Field Offices and cooperating groups such as Chamber of Commerce, Trade Associations, State Employment Offices, and State and local manufacturers' associations.

The contract award information operation with the Department of Defense and lists the names and addresses of firms awarded unclassified military contracts—both negotiated contracts as well as those formally advertised—of \$25,000 or more. The information service also describes the items to be purchased and gives the appropriate total value of each contract awarded. Plans for the weekly award service were originally announced jointly by the Department of Defense and Commerce on June 19, 1950.

It will now be relatively easy for smaller manufacturers in all parts of Louisiana and Texas to keep currently posted as to firms which have been awarded the larger unclassified military contracts, the Commerce Department announced. By getting in touch with these prime contractors, many smaller firms with subcontracting facilities should be able to line up work for their own plant.

The weekly contract award service is another step in the program to make it easier for businessmen to obtain up-to-date information on Government procurement. It should prove beneficial to both businessmen and the Government in gearing up productive facilities to current requirements.

Sherman Park Is Scene Of Reunion

On Sunday, Aug. 13, T. B. Owen, his children, grandchildren, and great-grandchildren met at West Houston park in Sherman for a reunion, an annual affair for the past 35 years.

Mr. Owen was 89 on Aug. 10. His wife died in 1915. Each of their seven children was present except A. G. Owen of Houston. Basket lunches were spread at noon, and the families enjoyed an afternoon of leisure in the park.

Children of Mr. Owen who attended were Mrs. May Smith and a. H. Owen and daughter of Spur; Mr. and Mrs. J. C. Harrison and children, Dorchester; Mrs. R. L. Tate, Stephenville; Mrs. Sid Davidson, Weslaco and Mr. and Mrs. D. H. Owen, Sherman.

Forty-two grandchildren, 37 great-grandchildren and one great-great-granddaughter, Victoria Deanna Williams, attended. They included Mr. and Mrs. Jack Gordon and children, Spur; Mr. and Mrs. R. L. Tate, Jr., Meridian; S. L. Davidson, Jr., and sons, Edinburg; Mr. and Mrs. Royce Owen, Dallas; Sgt. and Mrs. Joyce M. Smith, Houston; Mr. and Mrs. Walter Simco and children, Van Alstyne; Mr. and Mrs. Bill Tarvin and daughter, McKinney; Mr. and Leon Pelt and sons, Gunter; Mr. and Mrs. B. B. Brixey and children, Weslaco.

Pfc. Rayford Davidson, Fort Sill, Okla.; Mr. and Mrs. Dewey T. Owen and family, Mr. and Mrs. Douglas Martin and family, Mrs. Cora Hall, all of Sherman.

The families plan to meet next year in Sherman.

HOWARD WILSON TO LEAVE

Howard Wilson, a summer student at Tech, spent last weekend with his parents, Mr. and Mrs. L. S. Wilson. The 411th Transportation company of which Howard is a member, was notified to report for active duty on Sept. 11.

Mrs. Clyde Thurman and children of San Diego, Calif. are spending several weeks in the home of Mrs. Molly Walden.

MIDWAY CHURCH TO BEGIN GOSPEL MEET

There will be a gospel meeting to begin at Midway Church of Christ Saturday, August 19, and continue through August 27.

Bro. George Bryant from Magazine, Arkansas, will be the speaker each evening, with services to begin at 8:15.

The Church extends a sincere invitation to each and every one to attend the services.

Mr. and Mrs. C. O. Fox are vacationing for two weeks in Socorro, New Mexico.

NOTICE OF SALE OF OIL, GAS AND MINERAL LEASES

The Board of Directors of the Agricultural and Mechanical College of Texas offers for sale at public auction in the Office of the Comptroller, Room 3, Administration Building, College Station, Texas at 10 a. m. Tuesday, September 26, 1950, the oil, gas, sulphur, and other mineral leases on approximately one thousand acres of land occupied by Substation No. 7 of the Texas Agricultural Experiment Station located near Spur in Dickens County, Texas. The right is reserved to reject any and all bids and to withdraw any land advertised for sale. This land consists of: (Block No. 1) the northwest one-quarter of (section two twenty-two) (Block No. 2) northeast one-

quarter of section two twenty-two; (Block No. 3) south one-half of southwest one-quarter of section two forty-seven; (Block No. 4) southeast one-quarter of section two forty-seven; (Block No. 5) southwest one-quarter of section two forty-six; (Block No. 6) southeast one-quarter of section two forty-six; and (Block No. 7) approximately eighty-four acres in the northeast one-quarter of section two forty-six. Separate bids shall be made for each block. Only cash bids will be considered. For lease forms and other particulars address W. H. HOLZMANN, Comptroller Texas Agricultural and Mechanical College System, College Station, Texas. 43-11c

Greenhouse Offers Beauty Adventure

For sheer delight there is nothing more entrancing to a flower or garden lover than a greenhouse. When snow piles high and ice hangs heavy, curious and interesting plants may be growing in a greenhouse. It is quite possible to have year round blooms from a few plants carefully selected. This result, however, will depend largely on proper planning. In connection with a greenhouse, a diary is indispensable, a record of mistakes and failures, as well as a chart of successes, planting dates, germination, time of bloom. Somehow nothing can stimulate

the spirit of a gardener to work with green and growing plants in the dead of winter when outdoor gardening or less a process of development of the garden that lies ahead. In your greenhouse you have a storage department, a conspicuous area where some of the tender outdoor plants may be housed during extreme temperatures. Here also you may store the seedlings, grow certain things that require the most attention in order to give them a good start. Carl Proctor of Proctor's Department store left Spur Wednesday afternoon for the market in Dallas. Proctor plans to return to Spur this weekend.

Former Spurite Now In Japan

Word has been received of the safe arrival in Japan of T-Sgt. C. V. Conatser, son of Mrs. J. E. White of Enid, Oklahoma. Sgt. Conatser is a Spur boy who has been in the Air Corps since July 1941. He would probably appreciate hearing from friends of Dickens and Kent Counties. His address is: T-Sgt. Cecil V. Conatser, A-F 18941056 Provisional Sqdn. 862 A. P. O. 239 5 Postmaster San Francisco, California. His wife and son David are visiting with her parents Mr. and Mrs. Clate Barton of Girard. They expect to return to their home in Enid, Okla. soon. M. C. Golding of Corpus Christi is a visitor in Spur this week. The Goldings, are former residents of Spur.

Morris Collett Wins Aggie Scholarship

Morris Collett, Jr., 1950 graduate of Spur High School was recently awarded a \$150.00 Sears Roebuck scholarship which is to be used in the division of agriculture at Texas Tech during the 1950-51 school term. Collett was one of 12 boys in the Lubbock area to receive such an award from a group of approximately 35 applicants. In selecting the 12 winners, the judges considered leadership ability, character, grades in High School, work in F. F. A. and the boy's general interest in the field of agriculture. Collett has shown outstanding leadership ability in his F. F. A. work in High School, and he now holds the degree of Lone Star Farmer in the Future Farmers of America organization.

Mr. and Mrs. Woodrow McArthur and family are vacationing for several days in Colorado. Mrs. Lee Parker was a visitor in Spur on Thursday of this week. Her home is in Jayton.

FIRST OF THE FINE CARS IN VALUE

BIG MOMENT - with a Double Impact

It's a big moment when any new car rolls up to your door and you start out fresh and spanking bright. Think, then, what it's going to mean when that new car is a ROADMASTER like this one pictured here. You'll swing wide the door and slide into a car that's truly fine—and looks it. You'll put foot to treadle and touch off the might of a great, 152-horsepower Fireball straight-eight that's ready to master any road—or anything it meets there. You'll have the silken magic of Dynaflo Drive to simplify your driving, ease your way. A handsome flexible steering wheel, automatic windshield washers, soft Foamtex cushions, and many other items that are "extras" elsewhere are standard equipment here. But even while you enjoy all that, you've a still deeper satisfaction enriching your pleasure. For here you have not only a fine car, but a sound and frugal investment as well. You have paid less per pound than any comparable car costs—and automotive men will tell you price per pound is the soundest measure there is of solid, thoroughgoing merit. You've bought quality—top quality—all the fine things a fine car should provide. But you haven't spent a penny more than a fine car need cost. And that can mean a lot. For instance—Drop in on your Buick dealer. Try out a ROADMASTER. Match it, feature by feature and point by point, with any other fine car on the road. Then get the price. You may well find that you can get not only a new ROADMASTER for the sum you had in mind—but maybe a new fur coat for your wife as well!

Buick Roadmaster
with Dynaflo Drive
