

THE AMERICAN WAY

The Most Powerful Man In America

The only season of the year that cattle grubs can be controlled is from September to December of the season when the grubs are emerging from the backs of infested animals. Rotenone is the only insecticide that will control the parasite.

Mr. and Mrs. Tom Johnston attended the A. & M. - T. C. U. football game in Bryan last Saturday. They also visited with the Tom Jones, former residents of Spur.

Growing Population And Better Attendance Hikes School Traffic

The number of school children to be transported during the present school term will show an increase over last year due to increased population and better school attendance, the Texas State Teachers association pointed out recently.

Facilities for transportation were expanded during the last school term to take care of 320,000 living two or more miles from the school attended. This represented an increase of 25,212 pupils over the number transported during the 1948-49 school term. Although better than \$10,000,000 was provided by the state to reimburse the districts for the cost of transporting school children, there is every indication that the amount provided was inadequate in many school districts.

L. P. Sturgeon, associate commissioner of education, stated that the official records show that only 23 counties were reimbursed by the state in amounts equal to the actual cost of operation. This means that the remaining counties received less money from the state than it cost them to operate the buses. The financial loss to some counties and school districts was small while in others it was heavy.

Such losses had to be made up by the individual schools from local funds. In many cases school systems had to reduce other vital phases of their programs in order to pay the cost of transportation. Sturgeon pointed out that official reports show that the actual cost of transportation in Texas exceeded \$12,000,000 during the last school term. This means that the districts had to supplement funds provided by the State in the amount of \$2,000,000.

Previous surveys show that 22% of the school buses have been in operation for more than six years and should be replaced. This means an additional burden to local districts since reimbursement from the state is less than actual cost of operation.

The Texas Education Agency according to Sturgeon is making a very thorough study of representative counties throughout the state to determine the cost of operation of Texas' vast school transportation system. A formula to determine the cost on a more scientific basis is being applied in more than 20 Texas counties. It is hoped that such a formula, when applied to the state as a whole, will permit each school district to be reimbursed for the actual cost of operation of the more than 6,000 school buses in Texas. Such a plan would have to be adopted by the Legislature before it could be made effective.

The provision for a minimum program of transportation that will meet the actual needs of each school district is the objective of the Texas State Teachers Association and state officials studying the problem for a solution.

Prices for Texas farm and ranch lands were at record highs at the end of 1949 and were still rising. The number of acres sold was 25 percent less than for 1948 and the average size of the tracts sold was smaller than has been the case for several years. The number of sales dropped 11 percent.

Cattle grubs each year cost the beef cattle producers and dairymen of Texas an estimated \$20 million. These grubs cause damage to the hides of infested cattle, cause huge quantities of meat to be wasted from trimming off damages and infested animals don't produce maximum amounts of meat or milk from the feed they consume.

Marine Corps Gives Advance Notice Of Reservist Calls

The Marine Corps expects to notify by the first of the year practically all remaining volunteer reserve officers who will be mobilized by next June 30. Each officer notified is to be told, if possible, the month in which he can expect to report for extended active duty.

Marine Corps Headquarters said that by November 30, all enlisted volunteer reserve below the rank of sergeant and all those above that rank who have been alerted under the present program will be mobilized. Certain staff non-commissioned of the volunteer reserve may be ordered up later to fill billets in critical fields.

Captain of the volunteer reserve will not be mobilized except for a few needed specialists, said headquarters. First lieutenants of the volunteer reserve having dates of initial appointment as second lieutenants on June 7, 1944 or earlier, and who have continuous service in the Marine Corps Reserve, will not be called, with the exception of a few needed specialists.

The reduction of officers to be called is a result of the larger than expected number of officers of the organized reserve who answered the initial call to duty. More than 90 percent of all organized reserve officers in units called up came to active duty after a screening for physical and industrial deferments, and individual hardship cases.

The Marine Corps said every effort was being made to give as much advance notice as possible to reservists yet to be called so they could plan their affairs accordingly.

Texas Highschoolers Visit Tech Campus

Hundreds of high school students from over Texas will swarm the campus of Texas Technological

College Oct. 27-28 for a joint student activities and journalism conference.

Dr. D. M. Wiggins, President of Texas Tech, will extend a warm welcome to the visiting students at the general session Oct. 27 in the Aggie Auditorium.

The meet is jointly sponsored by the Texas Intercollegiate League, Texas Technological College, and the high schools of West Texas.

The tentative schedule calls for

debates, dramatics panels, declamation and interpretation, extemporaneous speaking and original oratory, a radio program (demonstration), and an experimental arena theatre production.

The scholastic press clinic for high schools in West Texas and New Mexico will feature lectures, discussions, and question-and-answer periods on the fundamentals of high school publication work.

These will include problems on school newspapers and yearbooks

discussions on news gathering and editing, editing, editorials, features, columns, advertising, business management, photography and production.

As a special feature, the students will be special guests of the College at a football game between Texas Tech's Red Raiders and Texas Western at Lubbock Saturday afternoon.

GO TO CHURCH SUNDAY.

Time to get

those summer kinks

out of your Buick!

There's a change of the year for your Buick, too, stalwart as it is! Hot summer driving has taken its toll—in played-out lubricants, spark timing that may have slipped off a notch or two over the many miles, a carburetor that would probably give you better mileage and snap if it were properly adjusted now for fall driving.

Point is—your Buick will feel a lot friskier in the trying days to come if you let your Buick dealer get those summer kinks out of its system now! Just drive in—say you want (1) a fall tune-up and (2) a regular Lubricare—and see how much rewarded you are, for a small fee!

Do it this week, will you? Before the rush, you can be served more promptly.

Put your Buick in Buick hands

Higher 1952 Budget Looms For State

Operating fund increases ranging as high as 418 percent will be sought by state departments when the 52nd state Legislature meets in January.

Chairman R. C. Lanning of the board of control today made public a breakdown of appropriation requests from the judiciary, state departments, colleges, and correctional institutions governed by the youth council.

Colleges and universities have asked for appropriations which, if granted, would give them a boost of 58.3 per cent over current

Requests Are Hiked

The corresponding increase for all state departments would be 20.7 per cent. Included were some big ones, such as the 418 per cent boost asked by the board of pardons and paroles and 310 per cent increase sought by the good neighbor commission.

The judiciary requests are 8.3 per cent over current appropriations.

The request for the state hospitals and special schools has not yet been received, Lanning said. Also still to come are bids for funds from the public schools, junior colleges and several other state agencies.

The board is now in the process of preparing a budget to be submitted to the legislature. The legislature's own fiscal board is also preparing a budget.

Usually the board of control's final recommendations run considerably under the amounts sought by various departments. The departments nevertheless car-

ry their battle for funds to the legislature.

The total requested so far is \$173,750,316 of which \$148,100 would come from the general fund and \$25,636,744 special funds.

The big increase for the parole and parole board would provide for 47 new positions in establishment of a probation and parole office, including 30 paid and 17 parole officers. The legislature authorized such a set-up, but did not finance it.

Common Cold Is Often Start Of Severe Illness

Dr. Geo. W. Cox, State Health Officer, estimates that there are 500 million colds a year in the U. S. A. and they take an economic toll of two million dollars. This does not take into consideration the inconveniences suffered, or the fact that following or during a cold, other serious illness such as pneumonia, tuberculosis or mastoiditis gain a foothold.

The common cold is only one of the many winter enemies that encounter everyone from the crib to the coffin; some of the others are influenza, bronchitis, ear infections, sinusitis, and pneumonia. These are all respiratory diseases and they are caused by many different germs. Some of these germs are called bacteria, and some are called viruses.

Just because you have had a cold is no reason you won't catch another. Two out of three people have three colds a year, and two out of eight people have four

colds a year. Wet feet, drafts, chilling, exposure to bad weather, etc., do not cause your cold but they do weaken the body's resistance to a cold. So we say that there are favorable conditions for germs, one is the strength and number of the germs and the other is body resistance which includes undernourishment, fatigue, irritation of the nose and throat by air borne substance, or chilling of the body.

The best way to avoid catching cold is to:

1. Avoid people with colds as much as possible.
 2. Beware of fatigue, avoid overwork, get plenty of rest, exercise moderately out-of-doors.
 3. Keep feet warm and dry.
 4. Keep out of drafts.
 5. Eat a well balanced diet.
- If you have a cold, help yourself and others by staying home, eating light foods and calling your doctor if necessary.

Highway News

Mrs. Preston Smith entertained the Highway ladies in her home last Tuesday.

Mr. and Mrs. Earl Thomason and friends made a trip to Oklahoma on October 15.

Mr. and Mrs. W. C. Catt and son, Wayne, were guests in the home of Mr. and Mrs. Donnie Pace one day last week. Their home is in Colorado.

Urbway was well represented at the football game between Crosbyton and Spur last Friday night.

C. & W. ELECTRIC
SPUR, TEXAS

"A FRIEND INDEED"

From the basement of their Maplewood, Mo., home, Mr. and Mrs. Harold W. Ross run a rapidly expanding chicken hatchery, depend a lot on their business telephone.

Says Mr. Ross: "Never realized how our telephone helps us save and make money until we kept a five-day record of our telephone calls recently. Our phone helps make sales for us, runs errands, delivers messages, does many important jobs. It's a friend indeed!"

☆☆☆

Each year brings greater progress in your telephone service. New telephones added—greater improvements made. The result: quicker, more trouble-free service—a real budget value that grows in value every year. Southwestern Bell Telephone Co.

A few of the calls we made and received...
Monday—Sudden thunderstorm! Quick call for emergency electric power! Ventilators go back on—200 baby chicks saved!

Tuesday—Customer calls for shipment of baby chicks. Mrs. Ross is hard of hearing, uses a special amplifier. Hears easily.

Wednesday—Sister-in-law asks about son who works for us. To save time, Mrs. Ross takes call on basement extension.

Thursday—Prospect calls about chick prices. Our ad in yellow pages of directory is sales builder.

Friday—Supplies low—so our helper orders more. Business telephone means low-cost way to carry on all phases of our business.

What else gives so much for so little?

Chamber of Commerce Doings: Directors To Study Library Situation; Christmas Decorations To Be Installed

LIBRARY SITUATION STUDIED:
For sometime the Public Library in Spur has been a source of constant study by the various women's civic clubs. It has been tossed, beat and moved around, until the situation has become acute. The various women's clubs have supported, sponsored and promoted the library without any help from outsiders, and they have done a commendable job. The need for a library in Spur is important, the present facilities are inadequate to support the city's literary needs.

Christmas Decorations Ready for Display:

Merchants and citizens of Spur are urged to watch for the new Christmas decorations that will be installed across Burlington next week. These decorations are for display only and will be hung across the intersection of Burlington and Harris St. The Decoration Committee of the Spur Chamber of Commerce will hold a special meeting Monday October 30, at 9:30 A. M. to discuss the new decorations and all merchants are urged to attend this meeting. Please help add to the Christmas spirit by making your presence known during this meeting.

Christmas Parade To Start Christmas Program:

A Christmas parade will start the Christmas season in Spur December 9. The Grady Carothers Company will be the highlight of the parade by featuring Santa Claus, his sleigh and four live Arctic Reindeer in a two hour parade that will be led by the Spur High School Band. The parade will start at Burlington and Hill Street and will continue down Burlington. Santa Claus will stop at the intersection of Burlington and Harris Street and the children will be allowed to visit with Santa and the live Reindeer. The Arctic Reindeer which will be the main attraction of the show, have been shipped from Alaska and have been trained to pull the sleigh in the parade. All surrounding counties and cities have been invited to attend this Christmas parade at 9:30 A. M. Saturday December 9. This parade will be held under the sponsorship of the Spur Chamber of Commerce, Christmas Committee.

Senator Calls Meet Of County Officials

State Senator Kilmer B. Corbin of Lubbock has announced that he is calling a meeting of the Commissioners' Courts of Dawson, Garza, Crosby, Dickens and Collette Counties, for Monday, October 30, at 9:00 P. M. in Lubbock at the Hilton Hotel, for the purpose of planning further extension of the proposed Broadway to the Big Bend highway.

S. C. McCarty, District Highway Engineer for the Lubbock District, will attend and represent the Highway Department at this meeting.

Gregory Resigns Post As Vocational Head; Williams Will Serve

W. W. (Bill) Gregory, coordinator of the Dickens County Vocational schools, has resigned his post to devote his time to private business, according to announcement made this week. Gregory's resignation, became effective Oct. 22.

Robert Williams, county school superintendent, will serve as acting coordinator of the vocational school until a new supervisor is employed.

Gregory expressed his appreciation to the people of the county for their cooperation toward the Dickens County Veterans Vocational school in a statement to the Texas Spur this week. He will continue as owner-manager of the Gregory Motor company in Spur.

High School Names Honor Students

Fifteen students in Spur High school have completed work above satisfactory to rate them a place on the "A" honor roll of the first six weeks of school. They are: Beryl Durham, Annette Lee, Myra Ratliff, Emma Simpson, Beverly Wood, Paulitta Karr, Wilma Horton, Barbara Nalley, Ralph Gibson, Frances Wilson, Carolyn Kelley, Janie Alexander, Wanda Cunningham, Lou Ann Comer and Betty Sue Dyess.

Students who are included in the "B" Honor roll are: Arlene Wilson, Margie Campbell, Don Hindman, Doris Williams, Margaret Wood, Marie Caldwell, Reba Senn, Kenneth Watson, Rayburn Thomason, Frances Morrow, Hershel Wade, Jackie Cloude, Frank Gabriel, Anna Lou Hagins, Ina Putman, Clarence Smith, Gayle Reese, Shirley Randall.

Neil Hindman, Chester Lindsey, Toby Williams, Betty Jean Bilberry, Connie Garcia, Wilma Kimmel, Frederick Pierce, Willis Jernigan, Bregetta Senn, Wyatt Mayo, Erna Lou Gannon, Melba Campbell, Alice Crockett, Duffy Austin and Barbara Sharp.

Puppet Show To Be Presented At East Ward School

A "Review in Miniature," the first in a series of Southern School Assembly programs, will be presented at 1 p. m., Nov. 2, in the East Ward auditorium.

Sponsored by the Spur schools, this puppet show is presented by Crawford Eagle and Grace Van Winkle who have spent 28 years in the entertainment field. A background experience in pictures, dramatic stock aids them in the artistic field of puppetry.

During the last year they played army camps and hospitals and toured the country for the Seventh War Loan Drive. They were expert manipulators of the Automite show and were featured in the road show production, "Showtime."

Services Read For Morgan Infant

Funeral rites for Edward Devon Morgan, infant son of Mr. and Mrs. Robert D. Morgan of Spur, were held October 22. Rev. Cal C. Wright, pastor of the First Methodist church, read the graveside services. Surviving besides the parents are grandparents, Mr. and Mrs. G. R. Morgan, Spur; and Mr. and Mrs. Roy Anderson.

The baby was born Oct. 22. Interment was in Spur cemetery with Chandler Funeral Home directing arrangements.

ANNUAL POPPY SALE

The annual sale of poppies made by the disabled American veterans will be held Saturday, Nov. 11. Members of the Legion Auxiliary will conduct the sale in Spur.

GIBARD PTA MEET

The Girard Parent-Teachers association will hold a regular meeting at 8:30 p. m., Nov. 2. Parents and persons interested are urged to attend.

Bureau Head Wires Brannan In Protest Of Cotton Curbs

S. L. Benefield, Dickens county Farm Bureau president, has sent a wire of protest to Secretary of Agriculture Brannan in response to his order curbing cotton exports to 2,000,000 bales. Wires were also sent to Congressman George Mahon and to each of the Texas senators asking their aid in getting the control lifted to 3,500,000 bales.

These facts were listed for consideration:

1. The cotton carry-over on Aug. 1, 1950, was approximately 6.7 million bales.
 2. The estimated 1950 crop is 2.7 million bales.
 3. On the demand side, domestic mills use annually between 10,000,000 and 10,500,000 bales.
 4. Exports have been approximately 5.8 million bales.
- President Benefield states, "By studying the above figures, one can readily see that we will have ample cotton in warehouses if the Secretary of Agriculture raises the cotton quota to 3,500,000 bales. The Agriculture Act of 1949 requires that we retain 30 per cent of the estimated domestic consumption plus exports. The Secretary's curbing of exports to 2,000,000 bales has already cost the farmers about \$20 per bale, 2 1/2 cents per pound in the market plus 50 points on the basis. This means a heavy loss to Dickens county farmers," concluded Benefield.

Junior High Honor Students Are Named

Six students in the Junior High school have grades high enough to be rated on the "A" Honor roll, according to Wayne McDaniel, principal.

Those in the eighth grade who are on the "A" Honor roll are: Billy Sue Gregory, Merla Foreman and Kathleen Kelley. Eighth grade students on the "B" Honor roll are Betty Hamilton, Billy Phillips, Mary Frances Tullis, Jackie Burger, Carol Carpenter, Virginia Hord, Dorothy Powell, Boyce Rankin and Fred Young.

Seventh grade students on the "A" Honor roll are Yvonne Adams, Nan Alexander and Marjorie Carlisle. Students on the "B" Honor roll are Anita Schriest, Donald Snodgrass, Gail Buzbee, Sammie Caudle, Ronnie Ensey, Gene Roberson, Jane Simpson, Mary Gatlin, Bobby Dyess, Alton Williams, Bobby Thomason, Jennette Eubank and Betty Grogan.

Services Read For Albert Spraberry

Funeral services for Albert Manson Spraberry, 62, longtime Spur resident, were held at 2:30 p. m., October 25, 1950, in the Assembly of God church with Bro. Browning and Bro. B. Z. Curtis officiating.

Spraberry was born May 15, 1888, in Jones county and came to this county in 1918 where he settled in the Soldier Mound community. He was married to Viola Oats May 25, 1913, at Rochester. He had been in ill health for some time from a heart disease, and had returned home Monday evening from the Crosbyton hospital where he had been a patient for a week. He died Oct. 24 at his home in Spur.

Spraberry was converted in 1928 at the age of 40 and joined the Assembly of God church in that year.

Survivors include his wife, Viola Spraberry; three daughters, Mrs. Oletha Smith, Blythe, Calif., Mrs. Hazel Fuller, Novice, Texas, and Mrs. Mary Archer, Borger; two sons, Albert Spraberry, Jr., Spur, and G. S. Spraberry, Borger. Also surviving are three brothers, W. D. and Charlie of Spur, and V. C. of Afton; and one sister, Mrs. T. O. Bingham of Spur. Eight grandchildren also survive. Chandler Funeral home directed arrangements and interment was in the Spur cemetery.

PRESIDENT'S BROTHER VISITS

Mr. and Mrs. Vivian Truman of Grandview, Missouri, have been visiting for several days in the home of Mr. and Mrs. John Adams, and their sons, Melvin and Elmer Adams. Mr. Truman is a brother of President Truman. Other guests in the Adams home were Mr. and Mrs. J. O. Warren of Cisco. Mr. Truman is a first cousin of Mrs. Adams and Mrs. Warren.

Dickens County Vocational School in Session

Members of the Distributive Education class of the Dickens County Educational school are shown at their desks during class time. The class observed its second anniversary on Oct. 7. Instructor of the group is Jerry F. McGehee. Robert Williams, county school superintendent, is acting coordinator of the school, pending employment of a full-time supervisor.

Schools Slate Halloween Carnival Oct. 31; Coronation Of King And Queen Is Climax

The annual all-schools Halloween Carnival will be held on the downtown streets of Spur on Tuesday evening, October 31, according to announcement made today by school officials.

Each year students of each school participate in producing an evening of fun for children, parents and teachers by holding various all-age games and entertainment for boys and girls, in place of an evening of destructive pranks, emphasizing school officials.

Concession booths in the downtown streets of Spur will open at 8 p. m. The beauty contest, with each firm sponsoring an entrant, will start at 8 o'clock. Coronation of the king and queen will be held at 9 p. m. as a grand finale for the evening.

High school candidates for carnival king and queen are: Senior, Beryl Durham and Margie Campbell; Junior, Paul Simmons and Ginger Walker; Sophomore, Bobby George and Barbara Nalley; Freshmen, Freddy Wyatt and Mary Katharine May.

Events which the high school classes will sponsor are: hayride, seniors' lunch stand, juniors' basketball pitch and guessing game, sophomores; beauty contest, freshmen.

Junior High school candidates for king and queen are: 7 H. Ronnie Ensey and Jane Simpson; 7 E. Kenneth Harris and Betty Grogan; 8 A. Dan Beckham and Kathleen Kelley; 8 B. Fred Young and Jane Ann Albain.

The seventh grade students will hold a "house of horrors" in a local business establishment, and the eighth grade will operate a doll rack in the carnival. Each grade will sponsor a concession.

Candidates for king and queen will represent their rooms as king and queen will be Cookie Gregory and William Coy McMahon, Mrs. Hamilton's room; Carole Marcy and Jimmie McAteer, Mrs. Durham's room; Rita Williams and Tim Hurst, Mrs. Walker's room; Collette Collett and Eddie Proctor, Mrs. McDaniel's room; Charlene Cunningham and Jerry Foster, Miss Middlebrook's room; Marion Marcy and Charles Powell, Mrs. Turner's room.

New Arrivals

Mr. and Mrs. Billy Joe Stark are parents of a son, Danny Joe, born Oct. 20 in the Nichols hospital. The baby weighed 7 pounds and 6 ounces.

Mr. and Mrs. Richard H. Barron of Lamesa are announcing the birth of a daughter, Martha Juanelle, on Oct. 18. The baby weighed 7 pounds 11 ounces, and was born in Price hospital, Lamesa. Mr. Barron is the former Juanelle DeGraffenreid. Maternal grandparents are Mr. and Mrs. F. Z. DeGraffenreid of Spur and the paternal grandparents are Mrs. Juanelle Bryant of Lamesa. The baby has four great-grandmothers, Mrs. Holly Wood and Mrs. H. H. Barron of Lamesa; Mrs. J. T. DeGraffenreid, Whitney; and Mrs. M. A. Tarpley, Peacock.

ARRIVES IN TOKYO

Richard D. Davis, seaman, USN, son of Mr. and Mrs. P. R. Davis of Spur, recently reported for duty with U. S. Naval Forces in Tokyo, Japan.

A graduate of Patton Spring High School in Afton, he will serve with the communications office in the flag allowance of Vice Admiral Charles T. Joy, Commander of U. S. Naval Forces in the Far East.

Davis, who entered the Naval service April 12, 1949, formerly served at the U. S. Naval Radio Station, Sangley Point, P. I.

Spur Beats Crosbyton For Third Conference Triumph

Dick Gibson Leads Spur Ground Gainers With 7 Yard Aver.

With three wins and one loss in District 3-A competition, the Spur Bulldogs rest this weekend to prepare for their final three games in their defense of the district championship.

The Bulldogs lost their first district game on penetrations in Tullis in a 7-7 deadlock. In the next three games, the home-town boys turned back Paducah 20-6, Lockney 14-12, and Crosbyton 32-0.

The remainder of the schedule includes Abernathy here on November 3, Rails at Rails on November 10, and Floydada here November 17.

In the district standings, Spur shares first place with Tullis, Paducah and Rails, each with one defeat.

Dick Gibson continues to be the standout in the Spur teams, statistics. The 205 lb. halfback has carried the ball 123 times for 857 yards per try. The stalwart half back carried the ball 9 times in the Crosbyton game last Friday for 174 yards averaging 19.3 yards per try.

Quarterback Charles Grimland is making a good mark for himself with his toe and with his arm. Grimland has completed 33 passes in 71 attempts for 549 yards. He has punted 23 times for 535 yards, averaging 23.3. In the point-after-touchdown department, Grimland has kicked 10 out of 15 tries.

Vernell McAlpin, Grimland's favorite receiver, has caught 10 passes for 236 yards. His average per pass caught is 15 yards.

Spray Perfected At Spur Station Is Lauded For Results

A new mesquite-killing chemical spray, tested with remarkable results on ranchland at Spur and Guthrie is arousing nationwide interest.

If successful, the recent scientific find promises to open up 75,000,000 acres of the Southwest's best grassland now overrun with tough, thorny, deep-rooted, drought-resistant brush and trees. It will mean the end of the rancher's continual battle with sharp horns and poor visibility. It will also mean less production costs for him, greater profits and fewer swearword cases.

An article in the November issue of Country Gentleman describes how the compound called 2,4,5-T was developed through tireless research at the station of the Texas Agricultural Station in Spur and tested on the 158,000-acre ranch of the Pitchford Land and Cattle Co. in Guthrie.

One of the most practical advantages of 2,4,5-T is that it can be sprayed over large areas quickly, cheaply and effectively by airplane. The cheapest and most successful application consisted of two-thirds of a pound of chemical mixed with a gallon of Diesel oil and four gallons of water. The cost of the material was \$2.50 and the application was done by plane for 21 per acre.

What it will mean to the average Southwest rancher was put into words for the article by D. Burns, general manager of the Pitchford ranch.

"I've watched the mesquite brush take over our best range lands in the past thirty years," he said. "We've fought it with every means at hand, including grubbing, kerosene spraying, roofing, bulldozing, cutting and chaining. But we've made no headway. It comes back faster than we can dig it out."

The Guthrie tests showed that as an added dividend the chemical left the land weed-free and caused no damage to the range grass. Young steers on the cleared land gained about 100 pounds more a year than the same kind of steers on heavily infested land.

Mr. and Mrs. Lee Parker of Jayton were visiting friends in Spur this week.

GIBSON SCORES THREE AS BULLDOGS ROMP TO EASY DISTRICT VICTORY

The Spur Bulldogs scored in every quarter to take a 32-0 victory over the Crosbyton Chiefs in a District 3-A tussle in Crosbyton last Friday night.

Dick Gibson, Bulldog half back, made three touchdowns in the first half of play. After a Crosbyton threat was halted in the first quarter, Gibson recovered a Crosbyton fumble on their own three yard line. He scored from this point on the following play. Charles Grimland failed to convert.

A 60-yard run by Gibson in the second quarter accounted for Spur's second touchdown. This time Grimland's kick was good, giving the Bulldogs a 13-0 lead.

Shortly before the half Gibson made a 20-yard run to paydirt making a half time score 13-0. Grimland passed to Vernell McAlpin who ran 15 yards for the fourth touchdown.

During the final quarter with mostly reserves playing Jackie Cloude scored on a 24 yard run and then kicked the extra point.

Spur	Crosbyton
10 First downs	2
317 Yards rushing	28
64 Yards passing	9
281 Net yards gained	3

1 Passes intercepted	0

Highway Commission Studies Needs For Spur - Clairemont - Snyder State Highway

One of the most important projects for Spur was heard by the State Highway Commission last Tuesday in Austin. It was the much needed highway from Spur to Clairemont and south into Snyder. Making the presentation was L. M. Huff, Jr., manager of the Chamber of Commerce and delegates Frank Stewart, commissioner of Kent County, J. B. Morrison, Bud Morrison and Jennie Morrison all of Kent County.

A. E. Drake, General Agent of the Fort Worth and Denver Railroad Co. stated that unless a highway was built for the ranchers and farmers to ship their cattle and produce to Spur for distribution, the railroad could not continue to operate.

The lengthy presentation stressed the importance of the oil industry in the Kent - Dickens County area. The Highway Commission was informed that unless road conditions were improved and more highways built within the Spur area, that the city would eventually decrease in business and population. It was stated that Spur, with a population of 3,200, has only one main highway from Dickens to Jayton which does not serve the farmers and oil industry in the southern part of the county. Even this highway does not have markers showing the direction to Spur.

Fred Werple, Chairman of the Highway Commission was interested in the project and latest information received from Austin indicates that favorable consideration will be shown concerning a road from Spur to Clairemont. It will be some time before definite information is received, however, concerning the possibility of a all-weather road being built in this area. A project such as this, takes time and will have to be built over a period of time by the various counties. A State hearing is only the first step in securing a highway and the after effects of the hearing must be studied and planned before final steps are made by the Highway Department.

Pvt. Billy Meadors Is Missing In Action

Pvt. Billy W. Meadors, 21, previously twice wounded in the Korean war, has been reported missing in action since Sept. 14. He represents Dickens county's first soldier to be reported missing or killed in the recent overseas fighting.

Word was received Saturday night in a telegram from the War Department. Pvt. Meadors is the son of Levi Meadors, Spur, and Mrs. W. V. Washington of Los Angeles, Calif. He was a member of the 9th Regimental Combat Team, serving with the U. S. Second Infantry Division in Korea.

A veteran of almost five years in the Army, Pvt. Meadors would have begun the last year of his second three-year hitch in the armed forces this Christmas. He had been overseas since June of this year.

He has a brother, Levi, Jr., who resides at Brownfield, and two sisters, Jimmie Sue, Los Angeles, and Mrs. J. B. Dean of Spur.

Nov. 11 Program To Be Planned Mon.

A meeting will be held Monday night, October 30, at 8:00 p. m. in the chamber of commerce directors' room to plan the 1950 Armistice Day program to be held in downtown Spur November 11.

All officers of the V. F. W. and American Legion are urged to attend at this meeting.

Also at the meeting, merchants will discuss whether or not businesses will close for the holiday - which falls on Saturday. All merchants are invited to attend.

Students from the High School, Junior High and East Ward schools were present for the United Nations flag raising ceremonies. The High School band opened the convocation playing the "Star Spangled Banner," followed by invocation by Jernigan.

Members of the sixth grade sang followed by group singing and band accompaniment.

THE AMERICAN WAY

The Most Powerful Man In America

The only season of the year that cattle grubs can be controlled is from September to December or the season when the grubs are emerging from the backs of infested animals. Rotenone is the only insecticide that will control the parasite.

Mr. and Mrs. Tom Johnston attended the A. & M. - T. C. U. football game in Bryan last Saturday. They also visited with the Tom Jones, former residents of Spar...

Growing Population And Better Attendance Hikes School Traffic

The number of school children to be transported during the present school term will show an increase over last year due to increased population and better school attendance, the Texas State Teachers association pointed out recently.

Facilities for transportation were expanded during the last school term to take care of 320,000 living two or more miles from the school attended. This represented an increase of 25,212 pupils over the number transported during the 1948-49 school term.

Although better than \$10,000,000 was provided by the state to reimburse the districts for the cost of transporting school children, there is every indication that the amount provided was inadequate in many school districts.

L. P. Sturgeon, associate commissioner of education, stated that the official records show that only 23 counties were reimbursed by the state in amounts equal to the actual cost of operation. This means that the remaining counties received less money from the state than it cost them to operate the buses. The financial loss to some counties and school districts was small while in others it was heavy.

Previous surveys show that 22% of the school buses have been in operation for more than six years and should be replaced. This means an additional burden to local districts since reimbursement from the state is less than actual cost of operation.

The Texas Education Agency according to Sturgeon is making a very thorough study of representative counties throughout the state to determine the cost of operation of Texas' vast school transportation system. A formula to determine the cost on a more scientific basis is being applied in more than 20 Texas counties. It is hoped that such a formula, when applied to the state as a whole, will permit each school district to be reimbursed for the actual cost of operation of the more than 6,000 school buses in Texas. Such a plan would have to be adopted by the Legislature before it could be made effective.

The provision for a minimum program of transportation that will meet the actual needs of each school district is the objective of the Texas State Teachers Association and state officials studying the problem for a solution.

Prices for Texas farm and ranch lands were at record highs at the end of 1949 and were still rising. The number of acres sold was 23 percent less than for 1948 and the average size of the tracts sold was smaller than has been the case for several years. The number of sales dropped 11 percent.

Cattle grubs each year cost the beef cattle producers and dairymen of Texas an estimated \$20 million. These grubs cause damage to the hides of infested cattle, cause huge quantities of meat to be wasted from trimming off damages and infested animals don't produce maximum amounts of meat or milk from the feed they consume.

Marine Corps Gives Advance Notice Of Reservist Calls

The Marine Corps expects to notify by the first of the year practically all remaining volunteer reserve officers who will be mobilized by next June 30. Each officer notified is to be told, if possible, the month in which he can expect to report for extended active duty.

Marine Corps Headquarters said that by November 30, all enlisted volunteer reserve below the rank of sergeant and all those above that rank who have been alerted under the present program will be mobilized. Certain staff non-commissioned of the volunteer reserve may be ordered up later to fill billets in critical fields.

Captain of the volunteer reserve will not be mobilized except for a few needed specialists, said headquarters. First lieutenants of the volunteer reserve having dates of initial appointment as second lieutenants on June 7, 1944 or earlier, and who have continuous service in the Marine Corps Reserve, will not be called, with the exception of a few needed specialists.

The reduction of officers to be called is a result of the larger than expected number of officers of the organized reserve who answered the initial call to duty. More than 90 percent of all organized reserve officers in units called up came to active duty after a screening for physical and industrial decrements, and individual hardship cases.

The Marine Corps said every effort was being made to give as much advance notice as possible to reservists yet to be called so they could plan their affairs accordingly.

College Oct. 27-28 for a joint student activities and journalism conference.

Dr. D. M. Wiggins, President of Texas Tech, will extend a warm welcome to the visiting students at the general session Oct. 27 in the Aggie Auditorium.

The meet is jointly sponsored by the Texas Interscholastic League, Texas Technological College, and the high schools of West Texas.

The tentative schedule calls for

debates, dramatic panels, a declamation and interpretation, extemporaneous speaking and original oratory, a radio program (demonstration), and an experimental arena theatre production.

The scholastic press clinic for high schools in West Texas and New Mexico will feature lectures, discussions, and question-and-answer periods on the fundamentals of high school publication work.

These will include problems on school newspapers and yearbooks

discussions on news gathering and editing, editing, editorials, features, columns, advertising, business management, photography and production.

As a special feature, the students will be special guests of the College at a football game between Texas Tech's Red Raiders and Texas Western at Lubbock Saturday afternoon.

GO TO CHURCH SUNDAY.

Put your Buick in Buick hands

Texas Highschoolers Visit Tech Campus

Hundreds of high school students from over Texas will swarm the campus of Texas Technological

Time to get

those summer kinks

out of your Buick!

THERE'S a change of the year for your Buick, too, stalwart as it is! Hot summer driving has taken its toll—in played-out lubricants, spark timing that may have slipped off a notch or two over the many miles, a carburetor that would probably give you better mileage and snap if it were properly adjusted now for fall driving.

Point is—your Buick will feel a lot friskier in the trying days to come if you let your Buick dealer get those summer kinks out of its system now! Just drive in—say you want (1) a fall tune-up and (2) a regular Lubricare—and see how much rewarded you are, for a small fee!

Do it this week, will you? Before the rush, you can be served more promptly.

Former Residents Are Honored On Anniversary Date

Mr. and Mrs. Charlie Powell, former residents of Spur for several years, celebrated their silver wedding anniversary on October 17. They now reside in San Angelo.

Mrs. Powell's parents, Mr. and Mrs. R. L. Elliott of Baird, presented the couple their silver service in observance of the occasion. The Powells marked their anniversary in Baird at a gathering of friends and relatives.

Mrs. Powell is the former Vera Belle Elliott. The couple was married at Baird. They moved to San Angelo from Spur three years ago where he is co-owner of the Stricklin-Powell Glass and Mirror company.

Two children, Mrs. David Hull of Abilene, and Miss Charles Powell, who teaches speech and English at Arlington High school in Arlington, visited in their parents' home last week. Mrs. Hull is the former Shirley Powell.

duction and Marketing administration.

Holdings of several items hit an all-time record high—frozen vegetables at 435 million pounds and cheese at 320 million pounds. Also, butter stocks of 233 million pounds were largest ever recorded on Oct. 1, and only 7 million pounds short of the all-time peak a month ago.

National supply of meat in refrigerated storage climbed to 406 million pounds larger than last year's Oct. 1 holdings of 362 million and average stocks of 272 million pounds. Frozen pork made up about half of the stocks.

Stocks of poultry totaled 140 million pounds on Oct. 1, larger than a year ago by 8 million pounds, but 17 million pounds less than average. Turkey stocks were the largest on record at nearly 44 million pounds.

All the fish in storage made a grand total of nearly 186 million pounds, much larger than average.

REAGAN MOTOR COMPANY
BURLINGTON STREET—Now Offers

SALES AND SERVICE for SPUR and VICINITY

It is a pleasure to announce the appointment of Reagan Motor Company as your new Cadillac dealer—for it assures continuance of the same high standard of Cadillac sales and service motorists of Spur and vicinity have enjoyed in the past.

We urge you to visit this new dealership to meet your new Cadillac manager, Mr. J. L. Reagan, and his staff, as well as to acquaint yourself with the modern sales and service facilities now at your disposal.

If you have not as yet inspected the 1950 Cadillac, we hope that you, in particular, will make that visit an early one—for we

know you will want to see and drive the new models now on display in their showroom. We think you will agree that nothing so beautiful or so wonderful in performance has ever traveled the nation's highways. They are, in every way, the new automotive Standard of the World—and to familiarize yourself with them is to become a sharper judge of all cars, and to increase immeasurably your motor car wisdom. So regardless of whether you are at present a Cadillac owner, visit your new Cadillac headquarters soon. Mr. Reagan will personally welcome you at any time.

You are invited to see the 1950 models now on display

Twentieth Century Club Hears Lecture On Early-Day Texas At Museum

The early-day Texan with his muzzle-loading rifle and one-shot "horse pistol" was no match for the savage Comanche Indian who could unleash six deadly arrows in as many seconds from under the neck of a running pony. As the Spanish and French before him, the Anglo-Saxon had to yield to the Comanche until the Texas Ranger came along with a new invention, the Colt six-shooter.

Members of the Twentieth Century Study club were told this story by Dr. Ernest Wallas, professor of history at Texas Tech, when they met in the West Texas Museum on Texas Tech Campus, Oct. 17.

At one time the Comanches had 5,000 warriors on the South Plains. They struck as far south as San Antonio and raided clear into Old Mexico. They were the last "human barrier" to settlement by Anglo-Americans in Texas.

The Comanche for years was contemptuous of the white man, the Tech professor said. But in 1842 near San Antonio a band of

Comanches came upon a group of Texas Rangers. Instead of the Rangers dismounting as of old and unlimbering their unwieldy muzzle-loaders, they stayed on their horses and opened fire with six-shooters. The Indians took to the South Plains, but were finally subdued in the Battle of Palo Duro canyon in 1874.

"But it took the extermination of the buffalo, four federal armies, the Texas Rangers and odds of 1,000 to one to beat him," Dr. Wallace said.

Dr. W. C. Holden discussed the exhibit on "History of Life on the Southern Plains," to the following club members and guests: Mmes. George Link, Paige Gollibar, Jack Rector, Lee, O. C. Arthur, Malone, T. H. Blackwell, Marcot, Simmons, Koomsman, Hatcher, Foster, Reid, Roy Stovall, E. L. Caraway and Ratliff. Miss Clara Pratt and Mrs. C. B. Jones of Lubbock also attended.

Miss Ina Bacon, receptionist at the Museum, acted as hostess to the group.

Colleges In Texas Is Topic For Club

The Daughters of the 1933 Study club met in the home of Glinger Walker on October 18 for their regular meeting.

Margaret Wood, president of the group, called the meeting to order and directed roll call. Helba Campbell was voted into the club as a new member.

Anita Cunningham directed the program, "Colleges in Texas." Assisting her were Myra Ratliff, Carolyn Kelley and Margaret Wood. A general discussion was held and each girl told what college she would like to attend and gave reasons why.

Refreshments were served to members attending and their sponsor, Mrs. Cook.

Members of the Bagby circle of First Baptist church W. M. S. met in the home of Mrs. W. M. Hazel on Monday afternoon.

Mrs. T. J. Seale and Mrs. Sallie Shockley opened the session with prayer. The Bible lesson was conducted by Mrs. Hattie Turvan, followed by a closing prayer given by Mrs. Hazel.

Refreshments were served by the hostess to Mmes. W. B. Francis, Sr., Hazlewood, John Adams, Sallie Shockley, T. J. Seale, Morris, Roscoe McCombs, and one visitor, Mrs. C. P. Seudder.

Bagby Circle Meets With Mrs. Hazel

Members of the Bagby circle of First Baptist church W. M. S. met in the home of Mrs. W. M. Hazel on Monday afternoon.

Mrs. T. J. Seale and Mrs. Sallie Shockley opened the session with prayer. The Bible lesson was conducted by Mrs. Hattie Turvan, followed by a closing prayer given by Mrs. Hazel.

Refreshments were served by the hostess to Mmes. W. B. Francis, Sr., Hazlewood, John Adams, Sallie Shockley, T. J. Seale, Morris, Roscoe McCombs, and one visitor, Mrs. C. P. Seudder.

Espuela Club Plans Thanksgiving Dinner

Mrs. Dalton Lebew was elected president of the Espuela Home Demonstration club at a recent meeting, held in the home of Mrs. F. B. Crockett.

Assisting her in directing the club's activities will be Mrs. S. L. Benefield, vice-president; Mrs. Victor Arrington, secretary-treasurer; and Mrs. Crockett, reporter and council delegate.

Plans were made for the last three meetings of the year. The Thanksgiving dinner will be held November 2 in the home of Mrs. S. L. Benefield. Mrs. Lebew will be hostess for the Christmas party.

Mrs. A. B. Hogan returned Tuesday from Fort Worth where she has been with her son, Jack Hogan, and family. Jack's wife is hospitalized there with poliomyelitis.

Party Compliments Tinnie Jane Kidd

Tinnie Jane Kidd was honored with a surprise birthday party on Thursday evening of last week. Janet Love and Mary Beth Roche served as hostesses.

Guests had a scavenger hunt and movie guessing games were played.

Sandwiches, cakes and cookies were served to Ella Copeland, Barbara Nalley, Ada Lou Chambliss, Beth Watson, Nancy Pritchett, Nell Hopkins and the hostesses, Janet Love and Mary Beth Roche.

Class Honors Two Member Reservists

Members of the Young Married People's Bible class of the Church of Christ met in the home of their teacher and minister, Willis G. Jernigan, on Monday evening.

The occasion honored two members of the group, Ernest Kearney and Larry Boothe, both who are leaving for military service.

Guests participated in group entertainment and refreshments were served.

Attending were the following members and guests: Mr. and Mrs. James E. Sheppard and Claude, Jerlene Womack, Mr. and Mrs. Melvin Starcher, Dorothy Taylor, Mr. and Mrs. Fred Kinney and Sharon, Allie Joplin, Mr. and Mrs. Tom Kizer and Donnie, Mr. and Mrs. Ben Lee, Jackie and Ben Jr., Mr. and Mrs. Dupree Allen, Mr. and Mrs. Marvin Blair and Larry, Mr. and Mrs. Loyd Roberts, Mr. and Mrs. Dale Young, Willis Jernigan, IV, the honorees and their wives, Mr. and Mrs. Ernest Kearney and Mr. and Mrs. Larry O. Boothe, and the hosts, Mr. and Mrs. Willis G. Jernigan.

Mrs. Carpenter Is Hostess To Circle

Mrs. E. H. Carpenter was hostess to members of the Ann Judson circle of First Baptist church W. M. U. on Monday afternoon.

Mrs. Elmer Hagins directed the program, assisted by Mrs. Carpenter, and Mrs. Logan Singleton. Mrs. C. M. Rathel gave the devotional and said the opening prayer. Mrs. N. C. Moffett said the closing prayer and Mrs. George Gabriel sang.

Following a Halloween theme in refreshments, the hostess served pumpkin pie and coffee with nuts and Halloween candies.

Attending were Mmes. C. M. Rathel, N. C. Moffett, George Gabriel, Elmer Hagins, A. D. Hord, W. G. Hinson, Logan Singleton, a new member, Mrs. Virginia Feunoy, and the hostess, Mrs. Carpenter.

Apollo Club Meets With Mrs. Henry

Mrs. J. W. Henry was hostess to the Apollo Music club on Oct. 5. The group met to reorganize the club for the coming year.

Selected to head the club were Maxine Williams, president; Michael Hairgrove, vice-president; Lanelle Gracey, secretary-treasurer; Agatha Ellis and Rozelle Marcy, program committee.

Several musical selections were played. Cookies and punch were served to those attending. The club's next meeting will be in the home of Mrs. A. L. Marcy on November 6.

MIX AND MATCH

Shirts and jackets to mix and match are again the mainstay of the week's wardrobe. This back-to-school ensemble designed by Henry B. Brown combines an Eisenhower jacket and slits that can be teamed with other skirts and jackets to stretch wardrobe. National Cotton Council fashions say that the trouser scarf laid in cotton plaid has a zippered pocket in one corner for small change and lipstick.

Vacancies In Civil Service Announced

Examinations for filling vacancies in a number of Civil Service positions have been announced by the regional office of Civil Service commission at Dallas.

Dental technicians at entrance salaries ranging from \$2450 to \$3825 per year, dental hygienists at \$1650 to \$2879 per annum; employment to be with various federal agencies in the state of Texas.

Program assistant with an en- salary of \$3100 per annum; ment to be with field head- ers of the Production and ing administration in the of Arkansas, Colorado, Louisiana, New Mexico, rna and Texas.

Professional assistant in onal branches of bacteri- economist, legal assistant, science analyst, statistician, tile technologist at the en- salary of \$3100 per annum;

ment with the various fed- enies in the state of Texas; of management assistant, 2696 junior social science as- \$2100 per annum, starting SF employment with various Re agencies in Washington, Joid throughout the country, Sp few in Puerto Rico and

CG scientist and engineer, oon options of chemist, t, metallurgist and engi- th entrance salaries rang- in \$2650 to \$3825 yearly, tronic scientist and math- in at \$3100 per annum; tions are located in Wash- D. C., throughout the States, its territories and ons, and in a few cases, in

ganized, longest sustained, and most productive campaign ever directed against a disease."

He said the campaign is "pay- ing off" but that the ultimate goal of complete control is not yet won.

Television Causes Drop In Education For Nation's Adults

Television, according to a re- cent survey, has claimed another victim.

A nationwide survey conducted by Woodbury college of Los Angeles shows that without excep- tion, cities that have television are showing a decrease in adult night class attendance.

Hal Evry, who directed the sur- vey, said 50 selected cities were chosen. Superintendents of adult education schools were asked to report on increase or decrease of classes this fall, compared with last fall. The overall report shows a 15 per cent decrease in cities that have TV.

A notable exception is Albu- querque, N. M., which is employ- ing TV in its adult education classes.

Cleveland reported that its adult education night class enroll- ment a year ago was 9,800. It is now 7,800 a drop of 20 percent.

Other cities solicited included Salt Lake City, Dallas, Detroit, San Francisco and Cheyenne, Wyo.

SONS ARE GUESTS

Mrs. T. A. Bailey of Girard had as her guests recently her two sons, both in the armed forces. They are Sgt. H. B. Woodrum of Houston, who was transferred to Langley Field, Virginia, with the 11th Fighter Squadron, and Sgt. Walter A. Woodrum of Lubbock, called to active duty with the U. S. Army, who reported to Fort Hood. Walter Woodrum a former resident of Spur and was employed in the Spur Security bank here. His wife is the former Maxine Sandlin.

The highest yield reported in the Hill country corn production contest for 1950 was 85 bushels per acre.

Tuberculosis Death Toll In United States Is Reported As 40,000 By Association

Is tuberculosis on the run? The annual report of the National Tuberculosis association showed recently that it is not—that the disease still is a ruthless killer.

The report, released by Dr. James E. Perkins, managing director of the association, said it is killing 40,000 persons a year in the United States, and that estimates place the cost at \$350,000,000 each year.

The sum, according to Perkins, includes care and services for 250,000 persons known to have the disease and the relentless search for others who have it, but are not aware.

More facts from the report: The medium age which TB kills is 48. Each year it is robbing Americans of 1,500,000 potential years of life, 1,000,000 of which are working years. It is responsible for more deaths in the United States than all other infectious diseases combined, and leads all diseases, infection or not, as a cause of death in the age group from 15 to 34.

Disease Is Preventable
On the brighter side, Dr. Perkins said: Tuberculosis is a preventable disease. It can be brought under complete control, if the present campaign of the medical profession, the voluntary tuberculosis associations and official health agencies is stepped up and relen-

You are invited to see the New 1951 MERCURY

—nothing like it on the road!

at the Newest MERCURY Sales and Service Headquarters

McGee Car & Tractor Co.

214 Burlington Ave. Spur, Texas

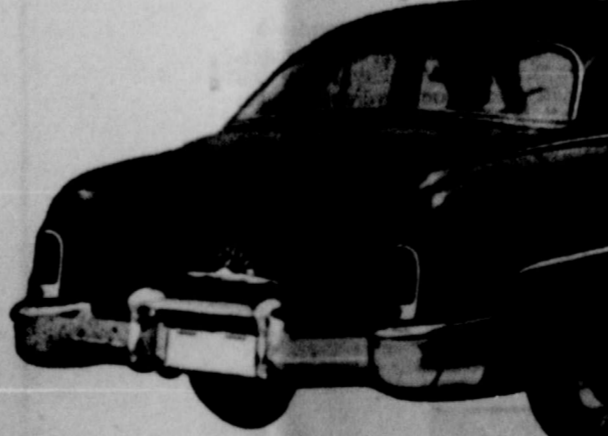

Yes, here's a dual invitation for you—
First, you are invited to call on this newest Mercury sales and service headquarters. While you're here, you'll see new service facilities, new factory-approved equipment. And you'll meet the factory-trained, expertly skilled mechanics who will always be on hand to provide you with efficient and economical service when you need it.

Second, you're invited to see the beautiful new 1951 Mercury at this new dealer-

ship. Competent salesmen will show you this great new car and demonstrate its many new features and qualities—including the new Merc-O-Matic* transmission—the fully automatic transmission that's simpler, s-m-o-o-t-h-e-r, more efficient!

Why not accept this cordial invitation to visit your new neighbor today? Your newest Mercury dealer is most anxious to meet you . . . and to show you the magnificent new 1951 Mercury.

Higher 1952 Budget Looms For State

Operating fund increases ranging as high as 418 percent will be sought by state departments when the 52nd state Legislature meets in January.

Chairman R. C. Lanning of the board of control today made public a breakdown of appropriation requests from the judiciary, state departments, colleges, and correctional institutions governed by the youth council.

Colleges and universities have asked for appropriations which, if granted, would give them a boost of 58.3 per cent over current

Request for funds. The corresponding increase for all state departments would be 20.7 per cent. Included were some big ones, such as the 418 per cent boost asked by the board of pardons and paroles and 310 per cent increase sought by the good neighbor commission.

The judiciary requests are 8.3 per cent over current appropriations.

The request for the state hospitals and special schools has not yet been received, Lanning said. Also still to come are bids for funds from the public schools, junior colleges and several other state agencies.

The board is now in the process of preparing a budget to be submitted to the legislature. The legislature's own fiscal board is also preparing a budget.

Usually the board of control's final recommendations run considerably under the amounts sought by various departments. The departments nevertheless carry

ry their battle for funds directly to the legislature. The total requested so far is \$173,750,316 of which \$148,113,572 would come from the general revenue fund and \$25,636,744 from special funds.

The big increase for the pardon and parole board would provide for 47 new positions in establishment of a probation and parole office, including 30 paid probation and parole officers. The last legislature authorized such a set-up, but did not finance it.

Common Cold Is Often Start Of Severe Illness

Dr. Geo. W. Cox, State Health Officer, estimates that there are 500 million colds a year in the U. S. A. and they take an economic toll of two million dollars. This does not take into consideration the inconveniences suffered, or the fact that following or during a cold, other serious illness such as pneumonia, tuberculosis or mastoiditis gain a foothold.

The common cold is only one of the many winter enemies that encounter everyone from the crib to the coffin; some of the others are influenza, bronchitis, ear infections, sinusitis, and pneumonia. These are all respiratory diseases and they are caused by many different germs. Some of these germs are called bacteria, and some are called viruses.

Just because you have had a cold is no reason you won't catch another. Two out of three people have three colds a year, and two out of eight people have four

colds a year. Wet feet, drafts, chilling exposure to bad weather, etc., do not cause your cold but they do weaken the body's resistance to a cold. So we say that there are favorable conditions for germs, one is the strength and number of the germs and the other is body resistance which includes undernourishment, fatigue, irritation of the nose and throat by air borne substance, or chilling of the body.

The best way to avoid catching cold is to:

1. Avoid people with colds as much as possible.
 2. Beware of fatigue, avoid overwork, get plenty of rest, exercise moderately out-of-doors.
 3. Keep feet warm and dry.
 4. Keep out of drafts.
 5. Eat a well balanced diet.
- If you have a cold, help yourself and others by staying home, eating light foods and calling your doctor if necessary.

Highway News

Mrs. Preston Smith entertained the Highway ladies in her home last Tuesday.

Mr. and Mrs. Earl Thomason and friends made a trip to Oklahoma on October 15.

Mr. and Mrs. W. C. Catt and son, Wayne, were guests in the home of Mr. and Mrs. Donnie Pace one day last week. Their home is in Colorado.

C. & W. ELECTRIC

SPUR, TEXAS

"A FRIEND INDEED"
From the basement of their Maplewood, Mo., home, Mr. and Mrs. Harold W. Ross run a rapidly expanding chicken hatchery. depend a lot on their business telephone. Says Mr. Ross: "Never realized how our telephone helps us save and make money until we kept a five-day record of our telephone calls recently. Our phone helps make sales for us, runs errands, delivers messages, does many important jobs. It's a friend indeed!"

☆☆☆
Each year brings greater progress in your telephone service. New telephones added—greater improvements made. The result: quicker, more trouble-free service—a real budget value that grows in value every year. Southwestern Bell Telephone Co.

A few of the calls we made and received...
Monday—Sudden thunderstorm! Quick call for emergency electric power! Ventilators go back on—200 baby chicks saved!

Tuesday—Customer calls for shipment of baby chicks. Mrs. Ross is hard of hearing, uses a special amplifier. Hears easily.

Wednesday—Sister-in-law asks about son who works for us. To save time, Mrs. Ross takes call on basement extension.

Friday—Supplies low—so our helper orders more. Business telephone means low-cost way to carry on all phases of our business.

Thursday—Prospect calls about chick prices. Our ad in yellow pages of directory is sales builder.

What else gives so much for so little?

*Oldsmobile Hydra-Matic Drive optional on cars over an all models.

"Duchess Of Idaho" Brings Galaxy Of Comedy, Color And Music To Palace

Not in many a moon has a Technicolor musical come along with so glittering an array of talent as that offered in "Duchess of Idaho," which brings a Hit Parade of entertainment to the Palace screen Sunday - Monday.

This captivating new M-G-M confection has just about everything a moviegoer could ask for. With Esther Williams cast as an aquatic star on the run for romance, Van Johnson as a crooning band leader who supplies the latter, John Lund and Paula Ray-

mond involved in a secondary heart-pursuit, and such additional headliners as lilted Connie Haines, the sultry-voiced Lena Horne and dancing-star Eleanor Powell adding their distinctive specialties — "Duchess of Idaho" gives you an infectious story of love and laughs set against a background of America's great playground, Sun Valley, and highlighted by such specialties as water ballets, a big square-dance jamboree and the breathtaking "Torch Parade" in which members of the famous Sun Valley Patrol ski down a mountain carrying flaming torches.

The pageantry and song-and-dance interludes of this new Joe Pasternak production are set around the tongue-in-cheek plot of a girl who sets out to capture a man, not for herself, but for her best friend. Esther Williams is the girl who is determined to make hard-to-get John Lund aware of the charms of her pretty roommate, Paula Raymond. She gets along fine until Van Johnson enters the scene to fall head-over-heels in love with Esther. By such allures, double-play tactics, schemes and plottings as only men-hunting women are able to employ, each of the girls gets the husband she wants before the final fade-out—and it's all done to a tune of laughs, music and merriment.

There is such a wealth of entertainment values in "Duchess of Idaho" that it is difficult to sort the wheat from the chaff. But it will be difficult to forget the stunning water ballet sequence in which the spectator views not one but twelve Esther Williams' in a swimming pool constructed of mirrors, or the baton-swimming seasons in which Van Johnson sings "Choo Choo Choo to Idaho," "Oh All Things" and "You Can't Do Wrong Doin' Right," or Lena Horne's nightclub specialty, "Baby, Come Out of the Clouds," or the lightning-swift tap routine done by Eleanor Powell.

Women fashion. Judging and awarding of prizes will take place at the next regular meeting.

Artaban Club News
WHO ARE WE
The Future Homemakers of America is the national organiza-

tion of pupils studying homemaking in junior and senior high schools of the United States and Territories. As an integral part of the program of home economics in the schools of America it offers opportunity for the further development of pupil initiative in planning and carrying out activi-

ties related to homemaking.

The Spur Artaban Chapter will have a RUMMAGE SALE two Saturdays, October 28 and November 4. The Chapter's project has been to redecorate the living room of the Homemaking Department and plans are near completion. Anyone wishing to contribute articles of clothing for the sales bring them to the Homemaking Department.

Scout Troop V Elects Officers

Girl Scout Troop No. V elected new officers at a regular meeting on Thursday, October 5. They are: Mary Sue Bingham, President; Shelly Williams, vice-president; Collette Collett; secretary; Ann Reagan, treasurer; Melba Love, reporter.

At a meeting on October 12, patrols were appointed. They are: Patrol 1: Mary Sue Bingham, leader; Ann Reagan, Collette Collett, Judy Bragg.

Patrol 2: Melba Love, leader; Peggy Patterson, Beverly Pickens, Judy Bell.

Patrol 3: Shelly Williams, leader; Vada Smith, Shirley Ann Gannon.

Division of a troop into patrols allows for more efficient supervision of project work and offers a sense of competition.

At the last meeting on October 19, the Scouts made Halloween decorations under the supervision of Mrs. King, troop leader, and Lou Ann Comer, Troop Scout Aide, and began a contest to see which patrol could best decorate a candle-light hat box in Hal-
