NUMBER 2

Chamber of Commerce Doings:

Holiday Dates Set; Officers, Directors Nominated Mon.

PRESIDENT AND VICE-PRESIDENT NOMINATIONS:

In a special meeting held last Monday night, the Board of Directors of the Spur Chamber of Commerce cast their nominations for the 1951 Presidential and Vice-presidential office. According to article IV, Section, of the Constitution and By-Laws of the Chamber of Commerce, the President and Vice-President shall be nominated from the Board of Directors. Nominations cast last Monday night for President were: J. Fike Godfrey and J. D. McCain, both long time residents of Spur and well-known business men. For the post of Vice-President were: George Gabriel and M. H. Brannen, both men taking a leading part in Spur's civic activities.

Farm Bureau Slates Enrollment Week In Dickens County

October 30 through November 4 has been declared Farm Bureau Enrollment week for Dickens county, according to S. L. Benefield, president of the Dickens county group. This is earlier than last year, but is being initiated in order to give everyone an opportunity to enroll under the old dues schedule, stated Benefield. All farmers and persons interested are urged to join. "The \$5.00 fee brings farmers of this nation more for their money than any other \$5.00 which he spends," declares Benefield.

One such illustration is the recent concerted action throughout the South by Farm Bureau groups toward the cotton export. Hundreds of counties, along with state organizations, wired their government officials protesting the arbitrary limitation put on cotton exports. Some relief has been obtained, state Benefield, but more is needed.

NOVEMBER 11 AND 23rd TO BE OBSERVED BY CITY

A meeting of all merchants was called last Monday night to discuss the November 11 and November 23 holidays. After considerable discussion concerning the observance of Armistice Day by the merchants of Spur the following agreement was reached: That all business establishments close on November 11 from 10:30 a. m. to 1:00 p. m. in cooperation with the Veterans Barbecue and program which will be held at that time. This vote carried by a slim margin of 14 to 10, which was not a majority of the business establishments of Spur.

Band, Pep Squad Will Lead Rally Friday Afternoon

Members of the Spur High school band and pep squad will form a parade at the intersection of North Keeler and West Harris streets at 2 p. m., Friday afternoon, according to school officials. The formation will march to the traffic signal on Burlington for a 15-minute pep rally as a beginning for pre-game activities that night. The Spur Bulldogs host the Abernathy team in a conference tilt in Jones stadium Friday night. The rally is being held Friday afternoon instead of on regularly scheduled Thursday night at which time the Junior High team and the High School B team will meet teams from Crosbyton on the local field.

Council Roundup Is Attended By Scouts

Nine members of Boy Scout Troop 37 and their Scoutmaster, Dean Duffie, attended the South Plains Council roundup in Lubbock on Friday and Saturday of last week. The meeting was attended by scouts from various points over the South Plains area. As a climax to the two-day encampment, the group and their sponsor attended the Texas Tech-Texas Western football game held in Jones Stadium. Attending the roundup were Laddie Pierce, Calvin Reynolds, Bruce Long, Bobby Walker, Bobby Dyess, Donald George Snodgrass, Billy Watson, Charles Powell and Sammie Caudle. The group and Duffie wish to thank Jackson East for the truck which he provided for their transportation.

High School football game will be played in the afternoon of November 23, the Chamber of Commerce and the Merchants of the City of Spur will observe this date.

Locals Host Two Ralls Teams; Rack Wins In Both Games

The Spur High B team racked up a 7-0 win over the Ralls B team in a double football bill held at Spur stadium last Thursday evening.

Though the eager Bulldogs made several errors, they came out on top. Statistics in the game were very close.

Ralls made 11 first downs to eight for Spur. The backfield stars were Franklin Gabriel, Jackie Cloude and Bobbie George. Chief defense players were Larry Smith and Joe Bell. Toby Williams also shared defensive duties. The Bulldogs started a drive in the second quarter with a pass from Chester Lindsey to Charles Watson. The lone touchdown came near the end of that quarter when Lindsey went over from the three on a quarterback sneak. Jackie Cloude kicked the extra point.

The B squad has not suffered a defeat during the entire season. Flodada is the only team boasting a score against them.

Junior High Wins
In the first game of the evening, the Junior High team trounced a Ralls Jr. High squad, 39-7. Boyce Rankin ran five out of six touchdowns for the locals.

Two of Rankin's touchdowns were on kickoffs. Two extra points were successful. No ball team has beaten the Spur Junior High squad in its history.

Holidays Announced For Spur Schools

November holidays for Spur schools were announced this week by C. F. Cook, superintendent. The Spur Bulldogs will play the Ralls Jackrabbits at 2 p. m., Nov. 19, in Ralls. Because the Ralls schools are observing this date as their Armistice holiday, the Spur schools will also, allowing as many students as possible to attend the game, stated Cook.

The local schools, like practically all others in Texas, will observe the first Thanksgiving Day, Nov. 23. School will be dismissed on Nov. 23 and 24, permitting local teachers to attend the state teachers meeting which will be held in San Antonio Nov. 24-25.

Area Sportsmen Attend Kansas Meet

Several sportsmen from this area attended the national grayhound meet in Abilene, Kansas, last week. The annual event is attended by thousands of fans from throughout the United States. Hundreds of registered greyhounds from every state in the union, and several from foreign countries were entered in the meet.

A similar meet, only on much smaller scale, will be held November 5 in Spur. The meet will begin at 1 p. m., and entries from all over West Texas are expected to compete.

Hallowe'en Carnival A Success; Miss Bowman Elected Beauty

Seventy seven girls from Spur High school competed in the beauty contest held in conjunction with the Hallowe'en carnival in downtown Spur on Tuesday night. Of the group, three girls were awarded first, second and third places on the basis of their charm, dress and stage appearance. Jimmie Nell Bowman was first place winner; Duffy Jean Austin, second, and Myra Alice Ratliff, third.

Judges were three employees of Stanolind Oil company. Mrs. Evalene Holly and Joe Grimland are sponsors of the freshman class and acted as advisors in the contest and in the decoration of the truck which served as a stage. Freshmen girls decorated the truck.

FAVORITES CONTEST

In the grade schools, a king and queen of each class was chosen, plus a representative queen of each school. Those selected as king and queen in the East Ward school were Cookie Gregory and William Coy McMahon, fourth; Collette Collett and Eddie Proctor, fifth; and Carol Jo Blair and Wayne Davenport, sixth. Cookie

Highway Dept's. New Flat-Eliminator

The magnetic flat picker of the Texas Highway Department will arrive in this county to sweep the highways and road shoulders in this area of metal objects. P. S. Bailey, State Highway Maintenance Engineer, points out to John Nations, Director of the Equipment division, the screws, nails, spikes and other metal collected on a short run. Joe Webb of San Angelo is the driver.

Telephone Campaign Well Underway

Members are signing daily to receive the rural telephone system now in progress to serve the Dickens county R. E. A. members and also the smaller towns and community centers surrounding Spur, states James Wright, in charge of the telephone service in this area.

Last week two rural telephone co-ops adjoining the area that we propose to serve, secured a three million dollar loan to begin their construction and service, said Wright. They have stated that they hope to have their systems underway by the first of the year. We feel that if the subscribers continue the effort that they are now putting forth, we can advance very rapidly toward our goal of getting the telephone system from a wishful stage to a reality, Wright said.

On Wednesday, November 8, there will be rural telephone officials in Spur to meet with the Caprock Rural Telephone Co-op. board of directors to discuss some of the operations of the telephone system. At that time we expect to become more familiar with the necessary procedure, said Wright. We do solicit your membership at your earliest convenience, so we can move more rapidly toward getting these telephones in operation, he urged.

Area Sportsmen Attend Kansas Meet

Several sportsmen from this area attended the national grayhound meet in Abilene, Kansas, last week. The annual event is attended by thousands of fans from throughout the United States. Hundreds of registered greyhounds from every state in the union, and several from foreign countries were entered in the meet.

A similar meet, only on much smaller scale, will be held November 5 in Spur. The meet will begin at 1 p. m., and entries from all over West Texas are expected to compete.

Mrs. W. O. Weinland of Odessa visited in Spur with her sister, Mrs. O. R. Cunningham last week.

Area Sportsmen Attend Kansas Meet

Gregory was elected queen of the East Ward school carnival. In Junior High, Jane Simpson and Ronnie Ensey were queen and king of the seventh grade, and Kathleen Kelley and Dan Beckham were queen and king of the eighth grade. Kathleen Kelley was selected queen of the Junior High school.

High school candidates who were elected king and queen of their respective classes were Mary Katherine May and Freddie Wyatt, freshman; Barbara Nalley and Bobby George, sophomore; Ginger Walker and Paul Simmons; Junior Margie Campbell and Beryl Durham, senior. Margie Campbell was selected as representative queen of Spur High school.

CELEBRATION FUNDS

Eastward which the East Ward school operated in the carnival have reported a total profit of \$464.35, according to Bruce Browning, principal. Funds from the carnival will be used to purchase library books and other school materials. Teachers and students of the East Ward school wish to thank

J. Vernon Powell Dies; Rites Today

Funeral services for J. Vernon Powell, 58, resident of Dickens county since 1916, will be held at 3 p. m., today, Thursday, Nov. 2, 1950, in the Church of Christ, R. C. Brown of Seymour and Willis G. Jernigan, resident minister, will officiate.

Powell, who lived in the Highway community for the past several years, was born in Tolar, Texas, on Nov. 5, 1891. He was married to Maude Belle Lawing at Weatherford in 1913.

Survivors include three sons, Raymond and Billie of Spur, and Chuck of Fresno, California. A brother, O. B. Powell, of Eules, and five grandchildren also survive. Pall bearers will be Loyd Hindman, Marian Jourdan, Joe Kidd, Elmer Thomason, Earl Thomason, and Ben Perry. Honorary pall bearers will be C. L. Martin, M. E. Tree, J. E. Sparks, C. H. White, G. H. Snider, Buster Robinson, C. N. Kidd, W. T. Williams, Casey Alldredge, and A. B. Hogan.

Sight Campaign Is Sponsored By Lions

The week of October 30-Nov. 4 is "Be Thankful You Can See" week, as proclaimed and sponsored by the Spur Lions club. Letters containing a sheet of "Be Thankful You Can See" seals and handy return envelopes for contributions have already been mailed, according to Willis G. Jernigan, chairman of the Lions Sight Conservation committee.

"Residents are asked to participate in this worthy cause, and to use the seals on their correspondence during the campaign," urged Jernigan.

Funds from the campaign are used to aid children of Dickens county who need sight correction. Last year, the club presented to the schools of the county a Tele-Binocular machine to aid in this service.

Members of the local Lions club are hoping that the response for the 1950 campaign will far exceed previous years, expressed Jernigan.

DRY LAKE HOMECOMING SLATED FOR NOV. 26

Homecoming date for former residents of the Dry Lake community has been set for the last Sunday in this month, Nov. 26, according to announcement made this week.

All persons who have lived in that community, no matter where they now reside, are cordially welcomed to come. A basket lunch will be served at noon, and the program will begin at 2 p. m., with guest speakers expected to address the gathering.

Re-enter Army

John Haden Moore, a student at Tech, has been recalled into the U. S. Army and is stationed at Camp Polk, Louisiana. He is the son of Mr. and Mrs. Trumond Moore. Mrs. Moore carried him to his station and visited with relatives and friends in Longview and Jonesville while away.

Bulldogs Seek 4th Win In Friday Tilt With Abernathy Antelopes

U. S. Army Calls 11 Men On Nov. 9

Eleven men from the Dickens-Kent-Stonewall county area will leave November 9 for induction into the U. S. Army. They will report to the recruiting station in Abilene.

Leaving on that date will be Tommy Ray Ticer, James Walton Davis, Jr., William Alfred Elkins, Newt Clayton Rash, Horace H. Driver, Billy D. Park, Melvin Edward Baker, Dud Ellis Ward, Edward Howard Johnson, Willie Herbert Young and Thurman Lester Loung.

The next call for induction is on December 13, when four boys from the tri-county area will be called, states Mrs. Ada Lou Joiner, clerk in the draft board No. 80 Jayton office.

Missing In Action

Pvt. Billy W. Meadors, 21, previously twice wounded in the Korean war, has been reported missing in action since Sept. 14. Don represents Dickens county's first soldier to be reported missing or killed in the recent overseas fighting.

4-H Boys Awarded Prizes At Fair

Don and Rush McGinty, Spur 4-H club boys, exhibited six Hereford steers at the Dallas Fair the week of October 16.

Rush showed his light-weight steer first in his class, and was awarded \$40 and the blue ribbon for this accomplishment, while Don placed a fourth and twelfth place in the middle-weight class. These steers were in the Junior steer show for 4-H and FFA boys in Texas.

In addition, there was a commercial steer show for dry lot fed steers in which Rush exhibited two steers and Don Hill, FFA member, of the Spur chapter, exhibited one steer. Don Hill showed his steer to the choice class while McGinty had one choice and one good steer in the show.

Mr. and Mrs. O. M. McGinty accompanied the boys on this trip to the Fair and livestock show.

SINGING TO BE HELD AT SPUR MISSION CHURCH

A singing will be held at 2 p. m., Sunday afternoon in the Mission Baptist church, according to announcement made this week. Quartets are expected to attend from Girard, Roaring Springs, McAdoo, Soldier Mound and Spur. The public is cordially invited to attend the singing.

VISIT IN SPUR

Louis Goodrich and Betty Faust of New York City spent Friday and Saturday with their father and grandmother, S. B. Goodrich and Mrs. I. J. Peek. Also, they called on other friends while in Spur. They were returning from Amarillo where they had visited with other relatives, including Mr. and Mrs. M. H. Hurd who are still hospitalized for injuries they received in a serious car wreck on Oct. 3.

Seeking their fourth district 3-A victory in five starts, the Spur Bulldogs play hosts to the Abernathy Antelopes tomorrow night, Friday, November 3, in Jones Stadium.

The Bulldogs are now in a deadlock for the lead in conference play with Tulla and Paducah. Each of the three sport three wins and one loss.

Fireboys Answer Two Calls Monday

The Spur Volunteer Fire Department was called twice on Monday of this week to fires, both outside the city limits.

The two-room residence on the Lee Parker farm located approximately two miles northeast of town burned to the ground before fire equipment could reach the scene. There were no injuries, however, the lone resident being a Latin American who was pulling cotton in a nearby field. The only things salvaged from smoldering ruins of the house were a Bible and two pictures, slightly scorched. The fire was believed to have started from an oil stove.

Monday afternoon the fire truck made another call to a spot approximately one mile west of the American Legion Hut where they quickly extinguished a fire in the bed of a trailer loaded with cotton. Both the trailer and two-thirds of the cotton bale were saved, stated Norton Barrett, fire chief.

Fisher Will Address Agricultural Workers

C. E. Fisher, superintendent of the local Agricultural Experiment station, will address professional agricultural workers throughout Texas at the first Texas Livestock and Range Conference to be held Nov. 13-14 in San Antonio.

Fisher, an outstanding authority on brush eradication, will speak during the opening session. Invitations have been sent out to every county agricultural agent, representatives of the Soil Conservation Service and to leaders of more than a score of Livestock and agricultural associations.

"While we are endeavoring to attract every professional agricultural worker in the state so that they will take back the results of the conference to their sections of the state, we also are inviting farmers and ranchers so they too may learn what is being done to improve pastures and step up livestock production," Fitzhugh said.

The two-day conference will be the first statewide meeting to be held since Gov. Allan Shivers announced his "Decade of Pasture Improvement" in May of this year, Fitzhugh pointed out. "We are calling together the leading livestock and range experts in Texas to discuss what many consider to be Texas' greatest agricultural problem," Fitzhugh declared.

Walter W. Cardwell, chairman of the program committee, said more than a score of authorities on brush control, soil conservation and livestock production will appear before the conference to present their views.

Gov. Shivers will deliver the keynote address at the opening session of the conference Monday, Nov. 13. He will be introduced by Dolph Briscoe, Jr., Texas legislator of Uvalde, and a director of the Texas Southwestern Cattle Raisers Association.

CHAMBER SECRETARY URGES RESIDENTS TO LIST RENTALS

A plea from L. M. Huff, Jr., secretary of the Chamber of Commerce, was issued this morning to the people of Spur who have apartments and houses for rent to please contact the chamber office and leave the listing. Requests are taken there every day for suitable living quarters for the increasing population of Spur, and all persons who have such places for rent are urged to contact the Chamber of Commerce office as soon as those places are available.

JONES SPRINKEL STUDIES AT FLEET SONAR SCHOOL

James Fredrick Sprinkel, sea-man apprentice, USN, son of Mr. and Mrs. E. W. Smith of Spur, is attending a course of instruction at the U. S. Fleet Sonar School, San Diego, Calif. Sprinkel, who is a former student at Spur High School, entered the Navy April 9, 1950, and received his recruit training at the U. S. Naval Training Center, San Diego.

With the season just three weeks from its termination, the Bulldogs loom as the best possibility of winning the crown for the second straight year. If Spur and Tulla end the season tied, Tulla will automatically go into the state playoff on the merit that they defeated the Bulldogs on penetrations on Sept. 22. However, the Hornets still must face the strong Paducah eleven. Even though the Dragons failed to display much championship form as they bowed to Spur on October 6 by a score of 20-6, it is believed by arm-chair quarterbacks and is indicated by scores of other games that Paducah has the team that will defeat the Hornets.

In the event of a tie between Spur and Paducah for the championship, the Bulldogs go to the state playoff since they defeated the Dragons. Incidentally, in the event the Bulldogs represent district 3-A in the playoff, and Littlefield wins their district again, the two teams will play the bi-district game in Spur.

Coach Sam Hawkins states that the Bulldogs are in excellent shape both physically and mentally for the Abernathy game and should be ready to sweep the last three games of their season without serious trouble. The Bulldogs have worked these last two weeks polishing up their offensive attack and strengthening weak spots in the defense. The Bulldogs rested last Friday night with an open date.

Following game, the Ralls at Ralwind up the home field at Nov. 17.

Anticipating results through the next three games, the Spurs will let letter and number the Jones Stadium to be the for the sale of resale on the bi-district game. The civic club plans to hold a stadium Tuesday night for with stencils and paint.

Antelope Church To Hold Dedication

Dedication ceremonies of the recently completed Antelope church will be held on Sunday, Nov. 5.

The all-day service is expected to bring visitors from several points throughout West Texas. Special invitations have been extended guest speakers and former residents of the community.

The day's program will feature a dedicatory address in the morning, followed by basket lunches. The afternoon sermon will be given by Vernon Hagar pastor. Special singing is scheduled to follow.

The church, built of Hadite blocks, is 30 by 58 feet. Construction on the building was begun last winter, and only two weeks ago was completed.

A cordial invitation is extended the public to attend the all-day services.

CHAMBER SECRETARY URGES RESIDENTS TO LIST RENTALS

A plea from L. M. Huff, Jr., secretary of the Chamber of Commerce, was issued this morning to the people of Spur who have apartments and houses for rent to please contact the chamber office and leave the listing. Requests are taken there every day for suitable living quarters for the increasing population of Spur, and all persons who have such places for rent are urged to contact the Chamber of Commerce office as soon as those places are available.

JONES SPRINKEL STUDIES AT FLEET SONAR SCHOOL

James Fredrick Sprinkel, sea-man apprentice, USN, son of Mr. and Mrs. E. W. Smith of Spur, is attending a course of instruction at the U. S. Fleet Sonar School, San Diego, Calif. Sprinkel, who is a former student at Spur High School, entered the Navy April 9, 1950, and received his recruit training at the U. S. Naval Training Center, San Diego.

Texas Schools Win Proficiency Rating

Texas' proficiency in teaching safe driving to its high school students has won a national award for the second consecutive year.

In an Austin ceremony last week, Gov. Allan Shivers was presented the award by the Association of Casualty and Surety Companies, an organization of stock insurance companies which has encouraged the national driver education program.

R. B. Cousins, Jr., of Austin, manager of the Texas Insurance Advisory Association, made the presentation. Mr. Cousins said the award "recognizes the meritorious accomplishment of Texas in teaching safe driving to 40,000 high school students during the 1949-50 school year."

Mr. Cousins said that the course is being offered in 432 of Texas' 1,450 high schools. Nine Texas colleges now are offering special teacher training courses in safe driving, and 1,571 teachers now have qualified to teach it

Texas Fishermen Given Amendments

Two regulations affecting fishing in Texas were recently amended at the last regular monthly meeting of the Game, Fish and Oyster Commission, according to the Executive Secretary of the Commission.

The first of these regulations affects the taking of minnows from waters in the Panhandle area. Under the amended regulation in high schools.

Among those attending the ceremony were C. E. Sanderson of the Texas Education Agency and coordinator of the driver education program; Col. Homer Garrison, director of the Department of Public Safety; and Charles E. Rugel of the Texas Safety Association. The Department of Public Safety, Texas Safety Association and the State Highway Department cooperate with the Texas Education Agency in the driver education program.

lation not more than 1,000 minnows may be taken or possessed at any one time by any one person from the waters of the following counties: Dallam, Sherman, Hansford, Ochiltree, Lipscomb, Hartley, Moore, Hutchinson, Roberts, Hemphill, Oldham, Potter, Carson, Gray, Palmer, Wheeler, Deaf Smith, Randall, Armstrong, Donley, Collingsworth, Castro, Swisher, Briscoe, Hall, Childress, Cottle, and Motley.

This regulation, prior to amendment, provided that not more than 200 minnows could be in the possession of any one person at any one time.

The second change in regulations acted upon by the Game Commission affects the North Bosque River below the Waco Dam to where the Bosque River flows into the Brazos River. All nets and seines, other than the 20 foot minnow seines and fruit jar type trap for taking minnows for bait, are prohibited in this two mile stretch of the Bosque River.

The Executive Secretary announces that these new regulations go into effect November 10.

GOOD HEALTH

1. WHAT IS THE SCIATIC NERVE?

Answer to Question No. 1:
1. It isn't one nerve but several, each of which starts from the spinal cord, joins its fellows from other vertebrae and proceeds down the back of the leg. Sometimes an operation is necessary for cure of sciatica. Your doctor can determine the cause and then recommend treatment.

Answer to Question No. 2:
2. A baby born this year can expect to live to be 67 and his expectancy will continue to rise as he grows older. Thus a man

of 40 today may expect to live 30 years more and a man of 65 may expect to reach 77. A child born in 1900 could expect to live only 49 years. Americans today can look forward to increasing their life span because of improved medical care.

Answer to Question No. 3:
3. Right or left, it makes no difference in reading, despite the old saying. Right-handed persons in writing, however, by having the light come from the left.

Prominent Figures in U.N. General Assembly

Among the most prominent figures of the United Nations General Assembly, now meeting in its Fifth Session, are the chairmen of its six main committees, shown here with Assembly President Nasrollah Entezam (1) of Iran. The chairmen are Dr. Roberto Urdaneta Arbelaez (2) of Colombia, Political Committee; Dr. Gustavo Gutierrez (3) of Cuba, Economic Committee; Dr. G. J. van Heuven Goedhart (4) of the Netherlands, Social Committee; Prince Wan Waithayakon (5) of Thailand, Trusteeship Committee; the Maharaja Jam Sahed of Nawanshar (6) of India, Budgetary Committee; and Doctor Vladimír Outrata (7) of Czechoslovakia, Legal Committee.

State Farm Bureau To Hold Convention

Program arrangements have been completed for the seventeenth annual convention of the Texas Farm Bureau Federation to be held in Mineral Wells, November 20-21-22, it has been announced by J. Walter Hammond, Federation president.

Outstanding speakers who will address the meeting include U. S. Senator Tom Connally of Texas, Congressman Albert Gore of Tennessee; Hassil Schenck, president of the Indiana Farm Bureau Federation; Leonard Cowden of Amarillo, executive vice-president of Consumers Cooperatives

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial membranes. Guaranteed to please you or money refunded. Creomulsion has stood the test of millions of users.

CREOMULSION relieves Coughs, Chest Colds, Acute Bronchitis

Associated, and others.

More than a thousand farm and ranch men and women from 200 Texas counties will be in attendance, Hammond said. Voting delegates from the grassroots organizations will officially approve the resolutions that will govern the policies of Texas Farm Bureau Federation for the coming year.

November 20 will be devoted to open hearings on resolutions and special committee meetings. The program that evening will give

recognition to counties that have made outstanding achievements in membership. The convention proper will get under way on Nov. 21. The annual banquet and dance will be held that evening, with Congressman Albert Gore as guest speaker. The business session on Wednesday, at which time resolutions will be approved, will conclude the three-day session.

Legionnaires Will Convene Nov. 4-5

Nineteenth District Commander W. T. Bridges of Levelland has announced that Legionnaires of 44 Posts in the 25 counties comprising the 19th Congressional

A. M. Le Croix
Attorney At Law
Spur, Texas

District will meet in Big Spring for a two-day Fall Convention, Saturday and Sunday, November 4 and 5.

With the Howard County Post of Big Spring, commanded by Roger Miller, as host post, the Convention delegates will lay plans for expanded programs in the fields of Americanism, youth activities, community service and membership. November 5 marks the beginning of state-wide observance of "Join The American Legion Week," and the Convention will aim for a concerted effort in the 19th District to reach its quota of the Department 1951 membership goal of 113,000 Legion members.

Prominent Texans as well as all members of The American Legion have been invited to attend the Convention. State officials of the Legion headed by Department Commander Bill Elkins of Killeen and Adjutant G. Ward Moody of Austin and Odessa are expected.

A dance Saturday night and a luncheon Sunday are on the Convention entertainment program.

Roses Are Standbys For Annual Gardens

The rose will always probably be the queen of the garden flower world, writes Mary Daggett Lake in her garden column for the Star Telegram.

Due to the blossom's desirable qualities, it should be given first place in a garden, no matter the difficulties and obstacles to be overcome.

When it is possible to have numbers of roses in bloom, our joys are multiplied. There are many reliable old standbys from which to choose. Within the last few years there have been 10 All-American Award Winners, which are offered this year as the top 10.

Peace, widely considered to be the most beautiful rose in the world, is large, lustrous and delicately tinted. Charlotte Armstrong, for vigor of rose-red color, quantity of all-season bloom and sturdy plants, is outstanding. Forty-Niner, with its clear, vivid red with pure gold on underside of petals, is one of the most richly brilliant of the bi-color roses. Katherine T. Marshall, a soft salmon-pink of lovely form, long-lasting and with heavy petals, is fine for cutting. Lowell Thomas, the "yellow" of the 10 best, and notable for the manner in which it holds its clear, gold color, is sturdy and has excellent form.

Mirandy, a glorious, rich crimson, is probably the most fragrant of the group of the All-America Award Winners, and except for Peace, it is likely the largest rose. Nocturne, a bright cardinal red with dark shadings, going into copper tones in mid-summer, has an unusually attractive form. Rubaiyat, a ruby red or deep cerise pink, with reverse petals lighter, is an all-round fine rose. San Fernando, a dependable currant red, holds its color well, and has fragrance also. Tally-ho, a two-toned carmine rose of old-rose color, is rich and luscious, with great burst of bloom appearing on the husky plant.

Hauling and spreading barnyard fertilizer daily will prevent the nutrients from leaching out and being lost before it is hauled to the field or pasture for spreading.

Best Turkeys Are Bought When Alive

Although there may be some doubt about which Thursday in November to select for celebrating Thanksgiving this year, there should be no doubt about the quality of the bird you select for your Thanksgiving dinner.

Regardless of whether the holiday is celebrated on November 23 or 30, Thanksgiving is only a few weeks off, and thousands of Texans will soon be selecting the turkeys that will be eaten later on that day. D. R. Barrett, assistant poultry marketing specialist for the Texas A. & M. College Extension Service, has a few pointers for the many people who will want to select live birds and do the dressing themselves or will be having it done at the local locker plant.

Barrett points out that the quality of the live turkey cannot be improved by any method of processing. It is important that only live turkeys of the best quality be selected, since no higher quality meat can be expected to arrive on the table than was selected from the pen of live birds.

Flush, finish, and the absence of pinfeathers are the important factors which Barrett advises considering when selecting quality turkeys. Well-fleshed turkeys will have broad breasts that are well covered with meat. The thighs will be large and the drumsticks bulging.

Barrett says that some fat over the entire carcass is desirable. He says that creaminess of the skin on all parts of the carcass indicates that the bird is well finished. Turkeys should also be free of pinfeathers. Pins cause difficulty in cleaning the bird and detract from the appearance of the carcass.

Keeping these points in mind when selecting the live bird will help bring a delicious, appetizing turkey to the Thanksgiving table.

Highway News

Earl Thomason and children, Linda and Sunny, took his mother, Mrs. Walter Thomason to Oton for a visit. Linda will be at home while her grandmother is visiting.

Preston Smith assisted the Home Demonstration Ladies in making the United Nations flag.

Highway community observed United Nations Day. Keley Putman and Clark Morgan raised the flags, and all community residents man and Clark Morgan raised the present said the pledge. Earl Thomason gave the invocation. "America" and "A Beautiful Life" were directed by Bobby Morgan and Earl Thomason. Ina Putman gave a talk on how her class observed United Nations Day in school. Forrest Martin acted as guest speaker. Buster Smith was in charge of the program and gave the benediction. Games were played and the ladies spread a picnic lunch.

Keley Putman, Earl Thomason and son, Derrell, were in Plainview and Oton last week on business.

Mr. and Mrs. Willie J. Smith honored Mrs. Smith's mother, Mrs. L. L. Teague, with a birthday dinner last Sunday. Present for the occasion were Mr. and Mrs. Charles Suits and family, Mrs. Dot Price and family, Mr. and Mrs. Preston Smith, Mr. and Mrs. Buster Smith, and family, all of Spur. Mr. and Mrs. Forrest Edwards and Gene, Mrs. Maude Eddocks of Dickens, Mr. and Mrs. John Johnson and sons of Amarillo, and the honoree and her husband, Mr. and Mrs. Teague.

Guests in the home of Mr. and Mrs. Forrest Martin on Sunday were their daughter and family, Mrs. Jim Wyatt of Girard.

Mr. and Mrs. Jim Hemphill were in Matador Sunday.

Bro. Don McGaughey and Bro. Jack Meyer held services Sunday. They are from Abilene.

Sunday dinner guests in the Earl Thomason home were Bro. McGaughey, Bro. Meyer, and their son and family, Mr. and Mrs. Buster Thomason.

Mr. and Mrs. Ike Simmons were visiting Mr. and Mrs. Alton Estep in Idalou on Sunday.

By Mrs. C. E. Morgan

Dry Lake Community News

Cotton and feed are gradually being harvested and if the weather continues favorable, the crops will all be harvested by Nov. 29.

Mrs. Ethel Ballard and sons visited in Haskell county last weekend.

Mr. and Mrs. Homer Hill and family spent Sunday in Ralls visiting her brothers, the Hendersons.

Mr. and Mrs. Jack Gordon were visitors in Lockney Sunday.

Mr. and Mrs. Coy Dopson and son Donald, were visitors on the Plains last Sunday.

The Dry Lake Neighborhood Halloween carnival was a success. Every one came for fun and enjoyed every minute of the entertainment. Profits totaled \$36.72 for the Neighborhood Progress fund. We plan to do more improvements, using part or all of this amount.

By Mrs. Jack Gordon

Buy and store insecticides now for use on the 1951 cotton crop. They'll cost no more and possibly less than next spring and summer when you need them.

Mrs. C. A. Fagan and Joyce Johnson were in Dallas and Fort Worth last week where they attended the fall markets. They returned to Spur Friday.

Mrs. M. A. Commander of Dallas visited in the home of her parents, Mr. and Mrs. J. D. Hopkins, last weekend. She is the former Patsy Hopkins.

Pansy Turpen To Wed M. B. Welborn In November Rites

The engagement of Miss Pansy Dale Turpen of Spur to Myles Brantley Welborn, Jr., of Littlefield, has been announced by her mother, Mrs. Vela Turpen of Dickens.

The wedding will be read in November at the First Baptist church in Spur. The bride-elect formerly attended Hardin-Simmons university in Abilene, and has been employed by Loyalty

Group of Abilene and is now employed by Kimbell Milling company of Spur. The prospective bridegroom, a teacher in the Girard public schools, is a graduate of Hardin-Simmons University.

Wesleyan Guild Is Host To Dinner

Members of the Wesleyan Guild of the First Methodist church met in the church basement for a Halloween dinner on Monday evening, Oct. 23.

Mrs. Lane Bachman and Mrs. Lawis Lee acted as hostesses for the evening.

On the menu were chicken and

dressing, English peas, cranberry sauce, salads, potatoes, lima beans, coffee and pumpkin pie with whipped cream.

The Guild was completing a Week of Prayer and Self Denial, and Mrs. C. O. Fox served as worship leader. Assisting her with program duties were Mrs. Nina King, who talked in "Settlement Houses," and Mrs. Harry Miller, who gave, "Other Mission Work."

Attending were Meses. Raymond Beadle, Paul English, C. O. Fox, Vivian Gibson, Martin Hurst, Andy Hurst, J. W. Henry, Nina King, Lawis Lee, Harry Miller, Carl Murray, Ben Perry, A. M. Stoy, Jack Rector, Raymond Higginbotham, Cal Wright, Lane Bachman, James Cowan, and two new members, Mrs. Wilburn Ball and Mrs. D. E. Corley.

W. S. Of C. S. Ends Week Of Prayer

Members of the Womens Society of Christian Service of the First Methodist church met in regular session Monday evening at the Roundup.

Mrs. Matthew Howell read the scripture lesson, and Mrs. M. A. Lea gave a prayer.

A short business session followed, and the closing chapter of Home Mission study was concluded.

In observance of the Week of Prayer the ladies met at the church for an all-day session on Tuesday of last week. They were served luncheon in the church basement.

Mrs. Dee Hairgrove directed the program. Projects which are supported by the organization were presented, and the offering for the week was taken for home mission work.

Approximately 15 ladies attended the all-day service.

Local Girl Marries Port Arthur Boy

Mr and Mrs. Jackie Paul Draper who were married recently in a ceremony in Port Arthur. She is the former Miss Sally Burk of that city, and he is the son of Mr. and Mrs. Gray Draper of Spur. The couple resides in Port Arthur where he is completing Army training.

Piano Pupils Are Presented By Mrs. J. E. Berry

Mrs. J. E. Berry presented a group of piano pupils in a program on October 24 at the Patton Springs school.

Selections played were: "Star of the Sea"—Kennedy, Laura Beth Turbeville; "Solfeigetto"—Bach, and "Hungarian Rhapsodie No. 11"—List, Lane Ligon; "Sandman's Lullaby"—Aaron, DeLynn Simms; "Fiano Duet," Barbara Turbeville and Nancy Hale; "Musette"—Johann Sebastian Bach, a sort sketch of Edward Greig and "Greig Waltz," Laura Beth Turbeville. "Band Rehearsal"—Aaron, and "Hawaiian Love Song"—Truax, a talk on Al Johnson and "Swanee," Lane Ligon.

The class organized into a Junior Federated club with the aim to "better the musical conditions in the community in which I live."

Officers elected to head the group are Laura Beth Turbeville, president; Virginia Ford, first vice-president; Barbara Turbeville, second vice-president; Nancy Hale, secretary; Lane Ligon, treasurer; DeLynn Simms, reporter.

A Winning Smile

Tommy has a glowing smile. It reflects the sparkling health and happiness that childhood in America claims as its rightful heritage. It is a smile that reflects also the kind of care that will make his growth years free of the dental troubles that are plaguing the adult generation today.

Tommy is a lucky youngster because his parents and teachers and community know that making dental care available to all children is the most practical way of improving the nation's dental health.

Kindergarten Class Is Feted With Hallowe'en Party

Room mothers of Mrs. A. G. Dunwoody's kindergarten class entertained the class with a Hallowe'en party Tuesday afternoon at the East Ward school.

The class participated in group singing. They were served orange drinks, ritz sandwiches and Hallowe'en favors were given to each present.

Room mothers are Mrs. Melvin Adams, Mrs. Jerry Ensey and Mrs. J. C. Moore.

Attending the party were Jim Brushheart, Joe Wallace Bingham, Carolyn Adams, Margaret Elder, Randy Cloude, Eldon Ray Fox, Leilajo Griffin, Norma Ruth Gibson, Rickie Ensey, Bennie Hart Hahn, Jerry Jones, Butch Moore, Elvis Ray Wright, Rozan Grogan, Charles Sullivan, Bobby Holly, Eddie Chadick, their teacher, Mrs. A. G. Dunwoody, and each of the room mothers.

United Nations Flag Made By HD Club

Eight members of the Highway Home Demonstration club met in the home of Mrs. Preston Smith on Monday, Oct. 23, to put the finishing stitches on the United Nations flag to be used in the United Nations Day program the following day.

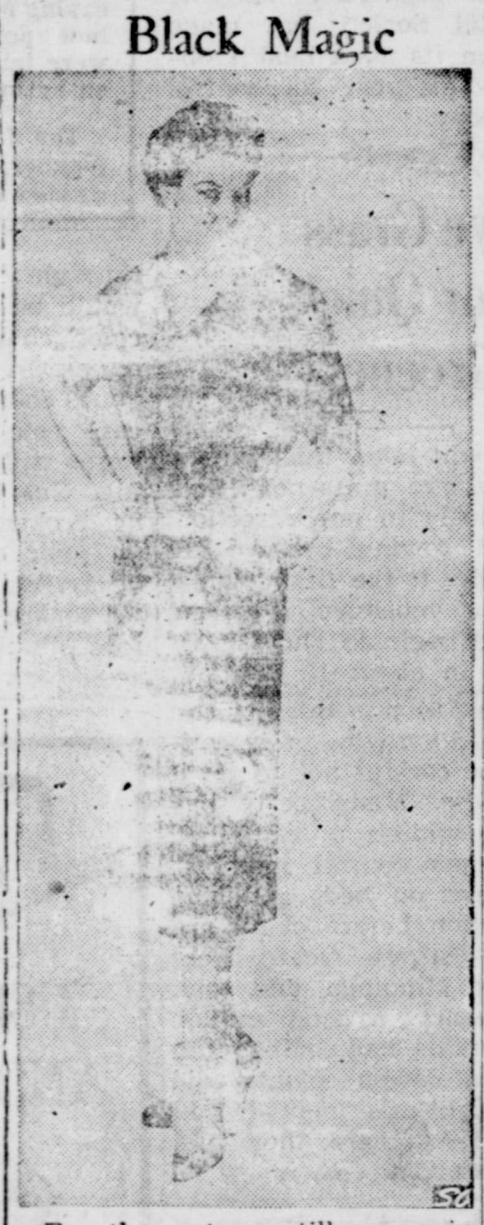

Roll call was answered by each lady giving her favorite sewing stitch or an unusual stitch. Mrs. Harriette Hatcher, home demonstration agent, demonstrated a very interesting and pretty stitch to the group.

Refreshments were served to Meses. Keley Putman, Willie Smith, Clark Morgan, Buster Smith, Forrest Martin, Granny Martin, Richard Westfall, Harriette Hatcher and the hostess, Mrs. Smith.

In a previous meeting held in the home of Mrs. Cecil Estep, the club elected officers for the coming year. They are Mrs. Buster Smith, president; Mrs. Richard Westfall, vice-president; Mrs. Clark Morgan, secretary-treasurer; Mrs. J. W. Thomason, reporter; Mrs. Earl Dozier, council delegate.

Fleshing, finish and pinfeathers, or the lack of pinfeathers, are the important factors to consider when selecting quality turkeys.

Mrs. Molly Walden and Sally Williams had dinner at their house last Sunday with 34 persons present. Out of town guests were Mr. and Mrs. M. McCluskey and children of Big Spring.

For the matron, still young in heart, a magically slimming party attire with glamorous satin lined tulle top. Designed by Pammon Frocks of Cincinnati in sizes up to 24. Available from housewife representatives.

Young People Have Picnic And Hayride

The High School and Junior High groups of Church of Christ young people met in the home of Mr. and Mrs. Oscar Kelley last Friday night for a picnic supper and hayride.

A Hallowe'en motif was used in decorations throughout the house and in the menu. Following the hayride, the group was feted with a marshmallow roast in City Park.

Co-sponsors were Miss Dorothy Taylor and Mr. and Mrs. James E. Sheppard.

Attending were Wayne Hoover, Duffy Austin, Carolyn Kelley, Kathleen Keller, Mack Fry, Tony Jenkins, Annette Lee, John Rankin, Jerry East, Willis Jernigan, Carl Powell, Maxine Williams, Steve Dobbs, Wanda Cunningham, Sandra Watson, Dean Reagan, Alfred Roberts, Douglas McArthur, Loyd Womack, Don McGinty, Van Cash, and the sponsors.

SINCERE THANKS

We take this method to try to offer our heartfelt thanks and appreciation to our many friends and neighbors for their kindness, help and comforting words extended to us during the illness and death of our beloved husband, father and brother. Also we wish to thank Mr. Chandler for his loyal service and attention in the burial rites. We thank those for their floral offerings. It is our sincere hope and prayer that each and everyone of you will have such friends in your hours of sorrow, for at no time is a friend appreciated more.

The Spraberry Family

Pledge Initiation For Junior Club

Informal initiation services for the Junior Harmony club were held Monday, Oct. 23, in the home of Mrs. Melvin King.

Hostesses for the evening were Paulita Karr and Ann Wright.

Pledges were asked to perform a stunt at the request of club members. Pledges present were Gayle Reese, Vera Crafton, Mable Whitener and Maxine Williams.

Members who attended were Arlene Wilson, Ann Wright, Ginger Walker, Emma Lena Simpson, Betty Scott, Margie Campbell, Dorothy Williams, Beverly Wood and Paulita Karr.

Party Compliments First Baptist WMU

All W. M. U. Circles of the First Baptist church were entertained with a Hallowe'en party in the Educational building of the church on Monday evening.

Hallowe'en motif was used in decorations throughout the party. Shocks of feed and pumpkins were placed at various points throughout the rooms, carrying out the Hallowe'en motif in decorations.

Mrs. E. H. Carpenter served special punch and cookies to guests. She was assisted by Mrs. A. D. Hord and Mrs. O. R. Cloude. Others who served on the entertainment committee were Meses. Cal Martin, J. E. Drrier, W. B. Steele, Grady Lackey, C. P. Scudder, A. G. Dunwoody, and between the two.

Approximately 35 guests were present, representing all the circles.

ELDERLY FOLKS!

GET FAST, SUPERFICIAL MUSCLE PAIN-RELIEF WITH New DOUBLE-ACTION Surin

* ARTHRITIS • RHEUMATISM • NEURITIS BURSITIS • SCIATICA • LUMBAGO And Muscular Aches of Strain Aids Temporarily Relieved at Point of Pain

No Internal Dosing with SURIN! Use It Locally! Modern Research Drug, Methacholine Chloride Used

Scores of elderly folks on whom SURIN was used, for the local relief of rheumatic, arthritic, neuritic, bursitic, sciatic, and lumbago pains received speedy temporary ease at the point of pain from these long-standing symptoms.

Older muscles are usually more troubled with superficial rheumatic pain. SURIN helped scores to get temporary relief at the point of pain!

SURIN does double-duty—(1) its modern research drug is a most powerful ingredient beyond far diluting blood vessels, (2) when applied to the point of pain, it allows SURIN's selected pain-relieving agents to penetrate fast.

SURIN IS EASY TO USE

Just follow directions on the package. Smooth SURIN on lightly wherever you feel superficial pain . . . and amazingly fast, SURIN starts to work penetrating at the point of pain!

Let SURIN's double-action go to work for you, even though you have suffered from pains for years.

Get Pain-Relief!—Get Surin!

Office at Spur, Texas, under the Act of
Congress of March 3, 1879, and published
continuously without recess.

"SMALL BUSINESS"

By C. WILSON HARDER

Small businessmen are reporting
signs of a business slump.
While mounting prices are a con-
tributing factor there is a greater
primary cause.

"We are being jaw-boned into
a depression," observers say.
They point to the great number
of bureaucrats, from cabinet
rank on down, who miss no op-
portunity to cry "Wolf."

An example of this is the state-
ment by Commerce Secretary
Sawyer that heavier taxes, seri-
ous shortages, and business con-
trols can be expected for many
years to come.

Observers say Sawyer may or
may not be a competent Commerce
Secretary. But all agree he is ill-
equipped to assume the role of a
proprietor, even less qualified in
international relations.

It is pointed out that bureau-
crats were almost openly scornful
when Gen. MacArthur in July
said the turn in Korea had been
reached.

Yet, MacArthur with inspired
American fighting men scored a
success. But since the end of
World War II in 1945 no single
bureau plan for the promotion of
peace has succeeded.

According to all reports, there
is now a concerted drive to keep
war scares and rumors flying so
that the people will not get curi-
ous about domestic affairs.

Responsible military men are
saying nothing. Some did explain
how peace could be secured;
were immediately cracked down
on by bureaucracy.

The facts are that socialistic
planners have been recruited too

long. That's the reason for the
present inflation.

Now there's only two alterna-
tives. One is to honestly admit
what has happened. The other is
to further socialize private enter-
prise.

Washington observers don't
look for honesty. They see, in-
stead, the drive under way to
further socialize America being
pushed.

The plan is "Scare them to
death, and a frightened people
will sign away their freedom."

In the meantime, bureaucratic
spending of taxes takes weird
forms. Now, it develops Marshall
Plan funds are being used to
play traffic cop to the world.

ECA Bulletin #6 reports that
Marshall Plan funds have been
used to build a traffic inspection
station in Athens so Athenian po-
lice can check vehicle registra-
tion, license plates, brakes and
lights.

Use of American tax dollars
for such purposes could create a
storm that would topple over en-
tire bureaus.

So public attention is kept
focused on a constant series of
alarms, Loud mouthed bureau-
crats fail to realize they are
shattering public morale; slow-
ing down the American economy.

And this fact may cause the
eventual disappointment of So-
cialist planners.

For when, and if, they take
over the goose that laid the
golden eggs—Independent Ameri-
can enterprise—they may find
the goose died from fright.

CROP Campaign Provides Supplies For Hungry Nations

CROP's 1950 campaign to share
America's abundance with hungry
people overseas is under way.
The Friendship Food Ship left
Chicago Oct. 24, the fifth anni-
versary of the United Nations,
with a cargo of food symbolizing
the anticipated total of 1,350 car-
loads of farm commodities to be
contributed by farmers from their
1950 harvests.
The food ship is bound for West-
ern Germany. There its cargo,
like other CROP shipments to
Europe and Asia, will be distribu-
ted to the needy regardless of race
or creed.

Colorful and inspiring exercises
marked the sailing of the food
ship from the Chicago River wharf
at the Michigan Avenue bridge.
Groups of children in the cos-
tumes of their parent lands
brightened the scene and a talk
by Dr. Raymond W. Miller, of
Washington, D. C., consultant of
the Food and Agriculture Organi-
zation of UN, emphasized the
practical Christianity of CROP.

National representatives of the
three agencies cooperating in the
Christian Rural Overseas Pro-
gram (CROP) attended. They
were the Rev. Leo Trese of De-
troit, Mich., Catholic Rural Life;
the Rev. Wayland Zwyer, New
York, Church World Service, and
Dr. Franklin Clark Fry, New
York, Lutheran World Relief.
Dr. Miller said that on behalf
of the 63 member countries of
FAO he hailed CROP "as exem-
plifying those things hoped for and
dreamed of at many world wide
sessions of FAO." CROP, he added,
is a voluntary organization
of free men and the produce of
others may

lation, hunger is a constant prob-
lem, he said, adding: "Hundreds
of people go to bed hungry every
night. Half of the people in the
world were born hungry, they
are hungry all their lives, and
they die hungry."
In Italy, Dr. Miller said he saw
the result of a small planting of
hybrid seed corn provided by
CROP and distributed there by
the Catholic Rural Life Agency.
"In America hybrid corn is com-
mon place, but there, in one
small area, the yield had been in-
creased until it was the most talk-
ed about thing in the Po valley."

"In Bangkok the other day," Dr.
Miller continued, "I met a Pres-
byterian missionary who told me
that help sent by the American
people through such agencies as
CROP could change the whole
course of human history."

Water Tests Are Promoted By State Health Department

The Texas State Department of
Health has undertaken a program
to promote the fluoridization of
municipal water supplies where-
ever necessary, according to Dr.
Geo. W. Cox, State Health Officer.
It has been proved that where
drinking water contains 1.0 to 1.5
parts per million of sodium fluo-
ride that less dental decay occurs,
especially among those that have
used the water since birth. Ex-
cessive amounts of fluorine causes
mottling of the enamel.
The city water supply at Mar-
shall has been treated for four and
one half years. This has resulted
in a reduction of 47 per cent in
the decay rate among the age
group 6 and 7 years. The young-
er groups receive the earliest

benefits from such a program but
all ages have shown some im-
provement. Other cities adopting
fluoridization of their water sup-
plies are Austin and Corpus
Christi, Fort Worth, Iowa Park
and Breckenridge and some forty
other Texas cities are seriously
considering the measure.

The Texas Junior Chamber of
Commerce in cooperation with the
State Health Department and the
State Dental Society has made
this program its main health ob-
jective for this year for control
of tooth decay.

Sow Rye Grass Now For Quick Lawn Greenery

For a bright lawn this winter,
sow annual rye grass now. Sow
seed generously in one direction,
then repeat sowing by walking
at right angles to the first sowing.
If plenty of moisture is given,
lawn should begin to show grass
from seeds in about 10 days.

Give deciduous trees and
shrubs a good spraying of insecti-
cides, but be careful not to get it
on evergreens. Many pests live
through the winter, unless killed
through proper control methods.
Get mulches on beds and give
some protection before plants are
affected by severe freeze. Peat
moss, grass clippings and oak
leaves all make a good mulch.
Mark perennials and bulbs with
small stakes. When plants die
down, through this method you
can determine where they are,
without disturbing their roots

"Nothing like it on the road!"

TAKE OUR WORD FOR IT, this new 1951 Mercury
has what it takes!

On second thought, don't take our word for it.
Come on in and see for yourself. See this beautiful
new 1951 Mercury with Merc-O-Matic Drive*—
the s-m-o-o-t-h-e-r, simpler, more efficient fully
automatic transmission. Match Mercury against
anything else in the field—for looks, for perfor-
mance, and above all—for what you get per dollar!

And remember, the 1951 Mercury is even more
important to you today. It will have higher resale

value, will be a better investment. Yes, when you
buy a new car today, it's just good business to make
sure you get a really new car—the 1951 Mercury!

So come in today and get the complete story
and you'll say it's the 1951 Mercury for "the
drive of your life"—for "the buy of your life!"

3-WAY CHOICE! *With Mercury for 1951, you have
a triple choice for "the drive of your life"—new Merc-
O-Matic Drive and thrifty Touch-O-Matic Overdrive
are optional at extra cost; and in addition, there's the
Silent-Ease synchronized standard transmission.

Achievement Week For Texas 4-Hers Will Be Nov. 4-12

Texas 4-H club members, more than 113,000 strong, will join with the nearly 2,000,000 members in the nation to observe National 4-H Achievement Week, November 4-12.

Working towards their 1950 theme, "Better Living for a Better World," 4-H youth have been a busy group during the past year. They have produced and conserved food, worked to make their homes more comfortable and attractive, helped to supply the extra labor needed to produce crops and livestock and furnished "know how" for making their farms more efficient and produc-

tive. During National 4-H Achievement Week, they will report to the nation on just what they have done. The local volunteer 4-H leaders and the outstanding members will be recognized for the contribution they have made to the welfare of their state and nation.

The officers of the 4-H clubs in Texas, their leaders and extension agents have made plans for achievement banquets, tours, achievement days and other special events for the week. Exhibits will be placed in show windows and 4-H members will tell service clubs, farm organizations, school assemblies and other groups about their work. The winners of state awards will be honored in many counties by their fellow members and leaders.

A glance at the accomplishments of 4-H members throughout the

THE AMERICAN WAY

Your Vote Is A Vote For Freedom

nation reveals that 16,000,000 one million head of livestock and quarts of food were preserved during the year; 100,000 acres were planted to gardens; they produced 9,000,000 birds in their poultry demonstrations; they own

prevention, health work, soil conservation, wildlife conservation, tractor maintenance and a large group of others.

Their work is not limited however to producing and conserving the food and feed they produce for they devote much time to personal improvement programs. They participate in leadership training activities, citizenship work and group discussions that help them to better understand some of the important social and economic factors that are now at work in the world. They study and practice democratic procedures and are doing their part to develop the good-neighbor spirit at home and abroad.

Texas 4-H members are extending an invitation to the public to join with them in their observance of National 4-H Achievement Week.

Popular Insecticides Used On Farms Are Becoming Scarce

The outlook for increased supplies of the more widely used insecticides is not very favorable at this time. Cotton farmers should keep this fact in mind when they make plans for expanding their 1951 cotton plantings. But according to A. C. Gunter, associate extension entomologist of Texas A. & M. College, farmers can help the situa-

tion by purchasing now and storing the insecticides on the farm. He urges farmers to purchase their minimum insecticide needs at this time or at least within the next few weeks. The insecticide manufacturers have limited storage space and when this space is completely filled, they must cease operations. Farmers and distributors by taking delivery now can keep the insecticides moving and at the same time, help the storage and transportation situation.

Gunter says that insecticides will cost no more now than they will next summer and there is a possibility they may come cheaper. He says dusts and sprays can be stored safely on the farm. The dust must be stored in a dry building and the spray containers should be stored where they will not be damaged from breakage. Both types of material can be safely stored for at least 12 months.

Sprays will not freeze because of the emulsion they contain and that no cases have been reported that show that dusts or sprays have broken down when kept in storage for as long as a year. Most of the metal containers, he adds, have a special lining and unless this lining is broken, no trouble from leaky containers should occur.

Recommendations covering the use of insecticides for cotton insect control have not yet been made for 1951 but he has been assured that the standard formulas will not be changed.

It must be remembered that the basic chemicals used in the

READY FOR WORK

Post-dressed worker in the world — that's the American workman of today! Here, a worker shows well-tailored, time-saving work uniforms designed to make him more efficient and more comfortable. Today's cotton work clothes are so attractively styled that it is frequently copied for children's clothing and fashionable sportswear. This cotton work outfit with an Eisenhower type jacket was copied by Williamson-Dickie.

Cotton farmers are urged to purchase their minimum insecticide needs at this time or at least within the next few weeks. Farmers and distributors by taking delivery now can keep the insecticides and at the same time, help the storage and transportation situation.

Although the farmhouse is the business center of the farm, its location should be considered from the standpoint of its relationship to other buildings, roads, water supplies and the prevailing winds.

Your Worst and Best

Lesson for November 5, 1950

"Within my earthly temple there's a crowd; There's one of us that's humble, one that's proud; There's one that's broken-hearted for his sin; And one that, unrepentant, sits From much perplexing doubt I could be free. If I could once be certain which

FROM some anonymous rhymester comes this complaint, which any of us might have truthfully written if we had thought about it. Which is me, anyway? I seem to have three selves. One is a good deal better than my everyday or ordinary self. On rare occasions he will do something or other so good it surprises even my best friends — it "isn't like me." On the other side is another self, much worse than my everyday personality. He too surprises me by acts or thoughts so despicable I am afraid of him and ashamed too. Yet both these "other selves" are "me" too.

Life is a Fight
THE TRUTH of the business is that life, when a man takes it seriously, is a fight. It is a war between your best and your worst self. Your two other selves are there every moment, like ghosts, or rather like a bright angel and a dark one.

It is always possible to become a better man than you are; also, alas, it is possible to become far worse than you are. No man stays the same through life. He is continually moving upward, or plunging downward, or varying between the two. There has been only one person who fulfilled all the good that was possible for him. The possibilities for evil in his life were only possibilities, for he was their master.

The possibilities for good, on the other hand, became real. His dark angel remained only a ghost; his good angel was simply his real self. At no point in his life was he forced to say to himself, "I wish I had . . . I wish I had not." And yet, even for him life was a struggle. We do not believe he sinned. We do believe he was tempted; and if the temptation was real, then he could have sinned. No man can be really tempted to do what he cannot do. Yes, the Master had his fight. But the point is: he won.

The Way to Win
CHRISTIANS are not exempt in this war of good against evil. We are not "carried to the skies on flowery beds of ease" any more than Jesus was. We do not drift into the Promised Land. We have to fight our way uphill.

Yet Christians are expected to win. That is, God stands beside each Christian in his fight, and God's power is for the Christian's use. As Saint Paul says, with each temptation God provides a "way of escape." Our prayer "Lead us not into temptation" can always be answered. Sometimes it can be answered by ourselves. That is, we cannot leave the fight to God.

But we can win. As Jesus won; sometimes by standing and doing battle where we are, sometimes simply by leaving temptation behind. For often the best thing to be done is to retreat. Get as far as you can from whatever tempts your worse self. Don't stand debating between right and wrong when you know which is which. Turn your back on the wrong . . . run, don't walk, to the nearest exit!

Is Alcoholism a Disease?
ONE OF the common temptations of millions at all times is alcoholism. It is popular to speak of this as a "disease," and yet it is the only "disease" of which victims have actually cured themselves.

Dr. Brady, whose medical column is well known, reminds us that nobody ever got over migraine headaches, or heart disease, simply by deciding to be well. But men and women have got over alcoholism, essentially by deciding to be well, and sticking to that decision.

Alcoholics Anonymous, that well-known group of former victims, who have been very successful in helping slaves of this habit to become their best selves, use much the same methods we find in the New Testament: (1) staying out of temptation's way, (2) overcoming evil with good, and (3) laying hold of the "Power, not ourselves, that makes for righteousness."

Want a ride that's "out of this world"?

Better Buy Buick!

WANT to be free from that nervous tensing up for a jolt every time a rough spot looms in the road ahead? Want to enjoy the relaxing feel of a sure-footed car beneath you, that stays level even when the road doesn't? Well, sir, ease into a Buick and see how such matters are cared for.

See what a wonderful difference in level buoyancy coil springs can make when you have them on all four wheels, not just the front ones. Note what firm and solid steadiness is yours when a full-length torque-tube drive is your keel—how smoothly you stay on course when the rear wheels can't help but run true. See what big, low-pressure tires and Buick's wide rims can do to pillow your course without jounce or sway. In other words, sample this two-

ton beauty for over-all stance and balance—and the cradling comfort of its roomy interiors. And while you're at it, get the very special thrill of its mighty Fireball power plant, plus the free-as-a-bird-in-flight bliss of its Dynaflo Drive.* It's an experience that you owe yourself—and it's yours for the asking. The thing to do is get in touch with your Buick dealer—and discover the ride that only Buick owners know.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

FOUR-WAY FOREFRONT—This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

Women Everywhere like Electric Cooking because it's CLEANER . . . COOLER and SAFER!

Some day you will COOK ELECTRICALLY why not NOW?

Here are a few of the reasons Women prefer Electric Cooking

- It's Fast! Electric "speed-units" now cook faster than any other method!
- It's Automatic! Electric cooking's automatic features save you time, labor and money!
- It's Cool! Electric ovens are insulated on 6 sides. Heat goes into food and not into the kitchen.
- It's Safe! No matches, no flame, no fumes to bring hazards into your kitchen!
- It's Healthful! Foods cooked electrically retain the garden-fresh flavor and food values which are often lost when cooked by old-fashioned flame methods.
- It's Economical! Low-cost electric rates and faster cooking bring operating costs way down.
- It's Labor Saving! Automatic features save you work; free you from much kitchen drudgery.
- It's Modern! Once you cook electrically, you'll wonder why you stayed so long with horse-and-buggy methods as old-fashioned flame flame.
- It's Convenient! Designed for modern kitchens, the special features of Electric Ranges mean extra conveniences for you!

The clean flameless heat that comes from an electric coil frees you from the grime . . . soot . . . and dangerous fumes usually caused by old-fashioned flame methods of cooking. The flameless heat of an electric range will keep your kitchen bright and fresher longer with a minimum of repainting and upkeep . . . and pots and pans will stay shiny bright, too! The modern electric range is not just a better range—it's a better method of cooking!

HERE'S A NEW ELECTRIC RANGE FOR YOU

See your Electric Range Dealer TODAY!

It's the Best!

West Texas Utilities Company

He will tell you more about the wonderful electric ranges . . . tell you of the ease, convenience, and economies that only modern electric cooking can bring. He'll also tell you of many, many other modern electric appliances that make your work easier, your home more comfortable, and your family happier.

Definitely not for Children

An open letter to our patrons

Dear Patrons:
"CAGED" will SHOCK you as few pictures ever have—because it is based on FACT. Writer Virginia Kellogg allowed herself to be committed to three women's prisons to get the STORY of what happens to a 'one-mistake' girl who is subjected to the vicious influence of hardened female criminals, corrupt officials, lascivious male guards and greedy, sadistic matrons. "CAGED" brutally exposes the torment and shame that transforms first-offenders, who might otherwise be redeemed for decent society, into branded women, fit only for vice and crime.
Obviously, children and very young people should not be disillusioned by the shocking truth of Miss Kellogg's exposition:

County Agent Tells Method For Cure Of Cattle Grubs

Cattle grubs are showing up in the backs of cattle at the present time and control measures should be started now if effective control is obtained.

For small herds, the dust method of applying a five percent rotenone mixture to the backs of the animals is recommended by Charles Taylor, county agent. Good results are obtained if the backs are brushed good to knock off the eggs and scabs caused by the grubs while applying the dust, he says.

For larger herds, a spray consisting of seven and one-half pounds of 6% rotenone per 100 gallons of water works very satisfactorily. Pressure of 200 pounds should be used to get best results.

Treatment should be repeated every three to four weeks for about three treatments as grubs do not all emerge at the same time. Close examination of the animal's back gives a good indication of the need for continuing the treatments.

Voting of Soldier Away From Home Is Made Easier

The Defense Department has set up a system to help the serviceman overseas or away from home to vote this election year.

But, as the Army pointed out, whether he ballots by mail is up to him.

All the services—Army, Navy, Marines and Air Force—use substantially the same method.

Form postal card applications for absentee ballots are issued at all installations ashore and ships at sea. Instead of merely making them available, as in previous years, voting officers are assigned to deliver the application cards personally.

When a ballot is filled out, it goes postage free, including airmail if the envelope provided by the state indicates it contains a ballot. Even if there are such markings, military postal authorities are directed to air mail a letter if they have reasons to believe it contains a ballot.

Most states will accept a postal card application for an absentee ballot, although some have laws which prevent their use.

Defense Department officials said that among states not accepting the postal card form are Arkansas, Georgia, Iowa, Michigan, Montana, Vermont, Virginia, Washington, Wisconsin and Alaska. In these states a serviceman must make application in his own handwriting. The Army said that so far as it can determine two states—Louisiana and Nebraska—have issued no statements

concerning acceptance of postal card forms. Absentee balloting, they said, is not permitted at all in Pennsylvania and Hawaii.

Apples, Cranberries Are November Buys

Abundant supplies of good quality, the largest crop of cranberries on record and more turkeys than ever before in history make shopping an easier and more delightful task in November.

These festive foods get feature billing on the United States Department of Agriculture's plentiful foods list for the month. This means that in addition to being plentiful, they are lower in price than less plentiful foods.

Other festive combinations of plentiful foods may be pork roast and sweet potatoes; a chicken hen, broiler or fryer with creamy Irish potatoes. Or let cheese cut food budgets in main dishes such as tasty souffles and fondues. Combine cheese with eggs in hearty omelets, suggests the Department.

Use plentiful carrots, cabbage and onions in tossed salads and slaws or cooked in various combinations for tasty side dishes. Vary the salad course with cottage cheese. Plentiful peanut butter goes into hearty sandwich fillings and gives added flavor to cookies and breads. Honey and butter bring savoriness to hot cakes and waffles.

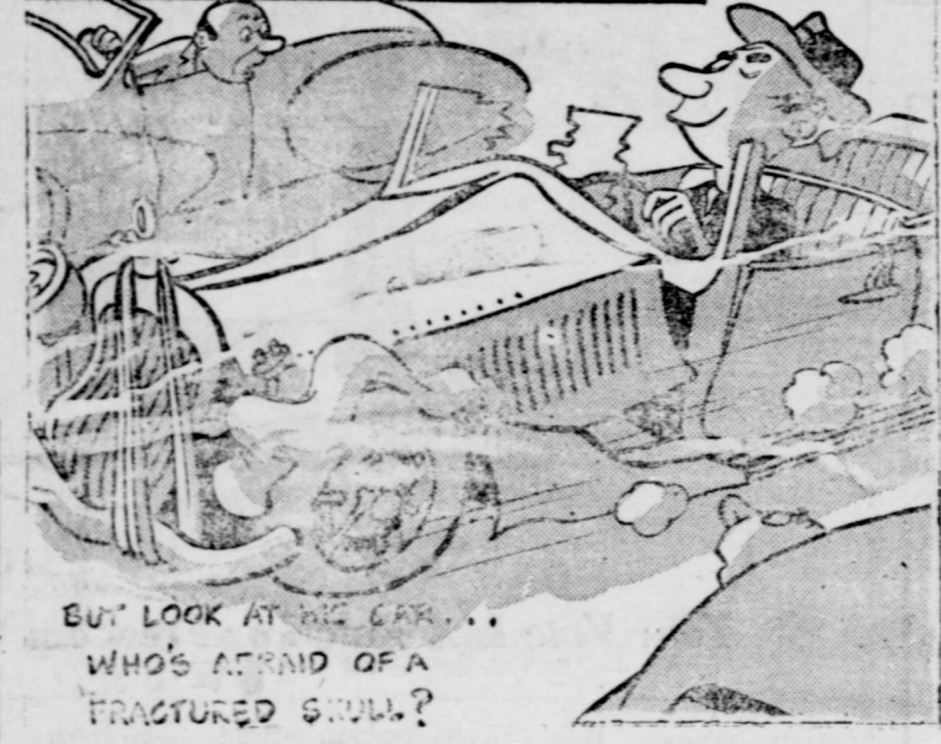

Homemakers who use the plentiful foods list as a shopping guide make wiser use of their grocery dollar, says USDA.

THURSDAY, NOVEMBER 2, 1950

NUMBER 2

Chamber of Commerce Doings:

Holiday Dates Set; Officers, Directors Nominated Mon.

PRESIDENT AND VICE-PRESIDENT NOMINATIONS:

In a special meeting held last Monday night, the Board of Directors of the Spur Chamber of Commerce cast their nominations for the 1951 Presidential and Vice-presidential office. According to article IV, Section 1 of the Constitution and By-Laws of the Chamber of Commerce, the President and Vice-President shall be nominated from the Board of Directors. Nominations cast last Monday night for President were: J. Fike Godfrey and J. D. McCain, both long time residents of Spur and well-known business men. For the post of Vice-President were: George Gabriel and M. H. Brannen, both men taking a leading part in Spur's Civic activities.

Possible candidates for Board of Directors were: Lawis Lee, E. A. Brashear, D. J. Dyess, V. C. Hoover, H. S. Holly, E. E. Caudle, O. L. Kelly, H. L. McGlurkin, Spencer Campbell, and W. F. Gilbert. Four of the above named men will become members of the Board of Directors and will assume their duties as Board members in March, 1951. Each Chamber of Commerce member will be mailed a ballot and he will vote on his choice of President, Vice-President and four of the ten nominees for Directors. Ballots will be mailed to Chamber members next week with a self-addressed envelope and all ballots must be returned to the Commerce office before November 24, 1950.

Votes will be cast on a membership basis and according to Article II, section 2 of the Constitution, "each \$10.00 subscribed shall entitle the subscriber to one membership vote; provided, no firm or individual as a subscriber shall be entitled to more than 15 votes regardless of the amount of its or his subscription. No member of the Board of Directors shall ever vote more than one vote as such Directors, regardless of the amount subscribed by him or his firm."

NOVEMBER 11 AND 23rd TO BE OBSERVED BY CITY

A meeting of all merchants was called last Monday night to discuss the November 11 and November 23 holidays. After considerable discussion concerning the observance of Armistice Day by the merchants of Spur the following agreement was reached: That all business establishments close on November 11 from 10:30 a. m. to 1:00 p. m. in cooperation with the Veterans' War Relocation program which will be held at that time. This vote carried by a slim margin of 14 to 10, which was not a majority of the business establishments of Spur.

However, on Tuesday a petition was circulated by various merchants and individuals, asking that each merchant who intends to close on November 11 (Armistice Day) to sign his name to the petition stating that his business will be closed on that day. This petition shows that over 50 per cent of the merchants in Spur will be closed for Armistice Day, November 11.

The Chamber of Commerce has studied the situation from every possible consideration. The merchants contend that the majority of their business is transacted on Saturday and most of the establishments have stocked their establishments with merchandise to take care of the fall business. It is stated that Saturday's business is always heavy and many of our business establishments rely on the sales by transit and local citizens on Saturday. On the other hand, several merchants, the American Legion, V. F. W. and other veterans organizations observe Armistice Day, and it is the opinion of many of our citizens that this holiday should be observed.

The Chamber of Commerce does not show any partiality to any organization or individual. We are interested in fostering and promoting all things pertaining to the welfare, betterment, and continued growth of the City of Spur. We are interested in Spur's Civic organizations and Spur's merchants. We want each citizen to feel that the Chamber of Commerce is his organization, to work, plan and organize a better Spur. Therefore, the following statement is made to the citizens of Spur, the business establishments and various organizations.

The Chamber of Commerce of Spur, Texas, in cooperation with the merchants and civic organizations of Spur, will observe the National Holiday November 11. We ask that all members cooperate in observing this holiday as they deem it advisable. Otherwise, to observe the hours from 10:30 a. m. to 1:00 p. m. in cooperation with the holiday program.

Due to the conflict this year of two national Thanksgiving dates, the Spur Chamber of Commerce, in cooperation with the Spur High School and the Spur High School football game will observe November 23 as the national holiday for Thanksgiving. Since the

Farm Bureau Slates Enrollment Week In Dickens County

October 30 through November 4 has been declared Farm Bureau Enrollment week for Dickens county, according to S. L. Benefield, president of the Dickens county group. This is earlier than last year, but is being initiated in order to give everyone an opportunity to enroll under the old dues schedule, stated Benefield.

All farmers and persons interested are urged to join. "The \$5.00 fee brings farmers of this nation more for their money than any other \$5.00 which he spends," declares Benefield.

One such illustration is the recent concerted action throughout the South by Farm Bureau groups toward the cotton export. Hundreds of counties, along with state organizations, wired their government officials protesting the arbitrary limitation put on cotton exports. Some relief has been obtained, state Benefield, but more is needed.

No limitation of the export of finished products was made. Therefore, the Secretary of Agriculture did not retain cotton for home consumption as he aimed to do. This, declared Benefield, "The export limitation placed on raw cotton has caused the home market to go down and the world market to rise, and consequently, Mexican and South American cotton jumped to fifty cents per pound when our exports were limited," declared Benefield.

Band, Pep Squad Will Lead Rally Friday Afternoon

Members of the Spur High School band and pep squad will form a parade at the intersection of North Keeler and West Harris streets at 2 p. m., Friday afternoon, according to school officials.

Council Roundup Is Attended By Scouts

Nine members of Boy Scout Troop 37 and their Scoutmaster, Dean Duffie, attended the South Plains Council roundup in Lubbock on Friday and Saturday of last week.

The meeting was attended by scouts from various points over the South Plains area. As a climax to the two-day encampment, the group and their sponsor attended the Tech-Texas Western football game held in Jones stadium.

Attending the roundup were Laddie Pierce, Calvin Reynolds, Bruce Long, Bobby Walker, Bobby Dyess, Donald George Snodgrass, Billy Watson, Charles Powell and Sammie Caudle.

Locals Host Two Ralls Teams; Rack Wins In Both Games

The Spur High B team racked up a 7-0 win over the Ralls B team in a double football bill held at Spur stadium last Thursday evening.

Though the eager Bulldogs made several errors, they came out on top. Statistics in the game were very close.

Ralls made 11 first downs to eight for Spur. The backfield stars were Franklin Gabriel, Jackie Claude and Bobbie George. Chief defense players were Larry Smith and Joe Bell. Tony Williams also shared defensive duties.

The Bulldogs started a drive in the second quarter with a pass from Chester Lindsey to Charles Watson. The lone touchdown came near the end of that quarter when Lindsey went over from the three on a quarterback sneak. Jackie Claude kicked the extra point.

Junior High Wins

In the first game of the evening, the Junior High team trounced a Ralls Jr. High squad, 35-7. Boyce Rankin ran five out of six touchdowns for the locals.

Holidays Announced For Spur Schools

November holidays for Spur schools were announced this week by C. F. Cook, superintendent.

The Spur Bulldogs will play the Ralls Jackrabbits at 2 p. m., Nov. 10, in Ralls. Because the Ralls schools are observing this date as their Armistice holiday, the Spur schools will also, allowing as many students as possible to attend the game, stated Cook.

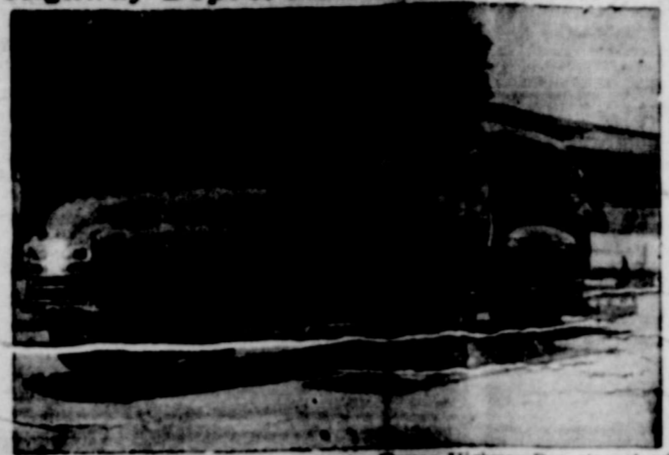

Area Sportsmen Attend Kansas Meet

Several sportsmen from this area attended the national grayhound meet in Abilene, Kansas, last week. The annual event was attended by thousands of fans throughout the United States.

Hundreds of registered greyhounds from every state in the union, and several from foreign countries were entered in the meet.

A similar meet, only on much smaller scale, will be held November 5 in Spur. The meet will begin at 1 p. m., and entries from all over West Texas are expected to compete.

Highway Dept's. New Flat-Eliminator

The magnetic nap picker of the Texas Highway Department will arrive in this county to sweep the highways and road shoulders in this area of metal objects. P. S. Bailey, State Highway Maintenance Engineer, points out to John Nations, Director of the Equipment division, the screws, nails, spikes and other metal collected on a short run. Joe Webb of San Angelo is the driver.

Telephone Campaign Well Underway

Members are signing daily to receive the rural telephone system now in progress to serve the Dickens county R. E. A. members and also the smaller towns and community centers surrounding Spur, states James Wright, in charge of the telephone service in this area.

Last week two rural telephone co-ops adjoining the area that we propose to serve, secured a three million dollar loan to begin their construction and service, said Wright. They have stated that they hope to have their systems underway by the first of the year.

On Wednesday, November 2, there will be rural telephone officials in Spur to meet with the Caprock Rural Telephone Co-op board of directors to discuss some of the operations of the telephone system. At that time we expect to become more familiar with the necessary procedure, said Wright.

Area Sportsmen Attend Kansas Meet

Several sportsmen from this area attended the national grayhound meet in Abilene, Kansas, last week. The annual event was attended by thousands of fans throughout the United States.

Sight Campaign Is Sponsored By Lions

The week of October 30-Nov. 4 is "Be Thankful You Can See," as proclaimed and sponsored by the Spur Lions club.

Letters containing a sheet of "Be Thankful You Can See" seals and handy return envelopes for contributions have already been mailed, according to Willis G. Jernigan, chairman of the Lions Sight Conservation committee.

"Residents are asked to participate in this worthy cause, and to use the seals on their correspondence during the campaign," urged Jernigan.

J. Vernon Powell Dies; Rites Today

Funeral services for J. Vernon Powell, 75, resident of Dickens county, died last week in Tolar, Texas, on Nov. 1, 1950. He was married to Maude Belle Lawing at Weatherford in 1913.

Survivors include three sons, Raymond and Billie of Spur, and Chuck of Texas, California; a brother, O. B. Powell, of Eufaula, and five grandchildren also survive.

Funeral services will be held at 3 p. m., today, Thursday, Nov. 2, 1950, in the Church of Christ, R. C. Brown of Seymour and Willis G. Jernigan, resident minister, will officiate.

4-H Boys Awarded Prizes At Fair

Don and Rush McGinty, Spur 4-H club boys, exhibited six Hereford steers at the Dallas Fair the week of October 16.

Rush showed his light-weight steer first in his class, and was awarded \$40 and the blue ribbon for this accomplishment, while Don had a fourth and twelfth place in the middle-weight class.

These steers were in the Junior steer show for 4-H and FHA boys in Texas.

In addition, there was a commercial steer show for dry lot fed steers in which Rush exhibited two steers and Don Hill, FFA member of the Spur chapter, exhibited one steer. Don Hill showed his steer to the choice class while McGinty had one choice and one good steer in the show.

DRY LAKE HOME COMING SCHEDULED FOR NOV. 26

Homecoming date for former residents of the Dry Lake community has been set for the last Sunday in this month, Nov. 26, according to announcement made this week.

All persons who have lived in that community, no matter where they now reside, are cordially welcomed to come. A basket lunch will be served at noon, and the program will begin at 2 p. m., with guest speakers expected to attend the gathering.

This is the second year such an event has been held in the Dry Lake community and the program planning committees expect to make it an annual affair.

Re-enter Army

John Haden Moore, a student at Tech, has been recalled into the U. S. Army and is stationed at Camp Polk, Louisiana. He is the son of Mr. and Mrs. Truman Moore. Mrs. Moore carried him to his station and visited with relatives and friends in Longview and Jonesville while away.

Bulldogs Seek 4th W in In Friday Tilt With Abernathy Antelopes

U. S. Army Calls 11 Men On Nov. 9

Eleven men from the Dickens-Kent-Stonewall county area will leave November 9 for induction into the U. S. Army. They will report to the recruiting station in Abilene.

Leaving on that date will be Tommy Ray Ticer, James Walton Davis, Jr., William Alfred Elkins, Nevt Clayton Rash, Horace H. Driver, Billy D. Fark, Melvin Edward Baker, Dud Ellis Ward, Edward Howard Johnson, Willie Herbert Young and Thurman Lester Louie.

The next call for induction is on December 13, when four boys from the tri-county area will be called, states Mrs. Ada Lou Jener, clerk in the draft board, No. 80 Jayton office.

No call for pre-induction physical examinations has been issued for November, according to Mrs. Jener.

Powell, who lived in the Highway community for the past several years, was born in Tolar, Texas, on Nov. 4, 1875. He was married to Maude Belle Lawing at Weatherford in 1913.

Survivors include three sons, Raymond and Billie of Spur, and Chuck of Texas, California; a brother, O. B. Powell, of Eufaula, and five grandchildren also survive.

Funeral services will be held at 3 p. m., today, Thursday, Nov. 2, 1950, in the Church of Christ, R. C. Brown of Seymour and Willis G. Jernigan, resident minister, will officiate.

Seeking their fourth district 3-A victory in five starts, the Spur Bulldogs play hosts to the Abernathy Antelopes tomorrow night, Friday, November 3, in Jones Stadium.

The Bulldogs are now in a deadlock for the lead in conference play with Tullia and Paducah. Each of the three sport three wins and one loss.

Fireboys Answer Two Calls Monday

The Spur Volunteer Fire Department was called twice on Monday of this week to fires, both outside the city limits.

The two-room residence on the Lee Parker farm located approximately two miles northeast of town burned to the ground before fire equipment could reach the scene. There were no injuries, however, the lone resident being a Latin American who was pulling cotton in a nearby field. The only things salvaged from smoldering ruins of the house were a Bible and two pictures, slightly scorched. The fire was believed to have started from an oil stove.

Monday afternoon the fire truck made another call to a spot approximately one mile west of the American Legion lot where they quickly extinguished a fire in the bed of a trailer loaded with cotton. Both the trailer and two-thirds of the cotton bale were saved, stated Norton Barrett, fire chief.

Fisher Will Address Agricultural Workers

C. E. Fisher, superintendent of the local Agricultural Experiment station, will address professional agricultural workers throughout Texas at the first Texas Livestock and Range Conference to be held Nov. 13-14 in San Antonio.

Fisher, an outstanding authority on brush eradication, will speak during the opening session. Invitations have been sent out to every county agricultural agent, representatives of the Soil Conservation Service and to leaders of more than a score of Livestock and agricultural associations.

"While we are endeavoring to attract every professional agricultural worker in the state so that they will take back the results of the conference to their sections of the state, we also are inviting farmers and ranchers so they too may learn what is being done to improve pastures and step up livestock production," Fitzhugh said.

The two-day conference will be the first statewide meeting to be held since Gov. Allan Shivers announced his "Decade of Pasture Improvement" in May of this year, Fitzhugh pointed out.

"We are calling together the leading livestock and range experts in Texas to discuss what many consider to be Texas' greatest agricultural problem," Fitzhugh declared.

Walter W. Cardwell, chairman of the program committee, said more than a score of authorities on brush control, soil conservation and livestock production will appear before the conference to present their views.

Gov. Shivers will deliver the keynote address at the opening session of the conference Monday, Nov. 13. He will be introduced by Dolph Briscoe, Jr., Texas legislator of Uvalde, and a director of the Texas Southwestern Cattle Raisers Association.

A plea from L. M. Huff, Jr., secretary of the Chamber of Commerce, was issued this morning to the people of Spur who have apartments and houses for rent to please contact the chamber office and leave the listing. Requests are taken there every day for suitable living quarters for the increasing population of Spur, and all persons who have such places for rent are urged to contact the Chamber of Commerce office as soon as those places are available.

SINGING TO BE HELD AT SPUR MISSION CHURCH

A singing will be held at 2 p. m., Sunday afternoon in the Mission Baptist church, according to announcement made this week. Quartets are expected to attend from Girard, Roaring Springs, McAdoo, Soldier Mound and Spur. The public is cordially invited to attend the singing.

This is the second year such an event has been held in the Dry Lake community and the program planning committees expect to make it an annual affair.

VISIT IN SPUR

Lois Goodrich and Betty Faust of New York City spent Friday and Saturday with their father and grandmother, S. B. Goodrich and Mrs. I. J. Peek. Also, they called on other friends while in Spur. They were returning from Amarillo where they had visited with other relatives, including Mr. and Mrs. M. H. Hurd who are still hospitalized for injuries they received in a serious car wreck on Oct. 3.

With the season just three weeks from its termination, the Bulldogs loom as the best possibility of winning the crown for the second straight year. If Spur and Tullia end the season tied, Tullia will automatically go into the state playoff on the merit that they defeated the Bulldogs on predictions on Sept. 22. However, the Hornets still must face the strong Paducah eleven. Even though the Dragons failed to display much championship form as they bowed to Spur on October 6 by a score of 20-6, it is believed by arm-chair quarterbacks and is indicated by scores of other games that Paducah has the team that will defeat the Hornets.

In the event of a tie between Spur and Paducah for the championship, the Bulldogs go to the state playoff since they defeated the Dragons.

Incidentally, in the event the Bulldogs represent district 3-A in the playoff, and Littlefield wins their district again, the Bulldogs will play the bi-district game in Spur.

Coach Sam Hawks states that the Bulldogs are in excellent shape both physically and mentally for the Abernathy game and should be ready to sweep the last three games of their season without serious trouble. The Bulldogs have worked those last two weeks polishing up their offensive attack and strengthening weak spots in the defense. The Bulldogs rested last Friday night with an open date.

Following tomorrow night's game, the Bulldogs will meet Ralls at Ralls on Nov. 10 and wind up the schedule on the home field against Floydada on Nov. 17.

Anticipating favorable football results throughout the district for the next three weeks, the Spur Lions Club have volunteered to letter and number the seats in Jones Stadium to have it ready for the sale of reserved seats for the bi-district game. The local civic club plans to meet at the stadium Tuesday night, Nov. 7 with stencils and paint.

Antelope Church To Hold Dedication

Dedication ceremonies of the recently completed Antelope church will be held on Sunday, Nov. 5.

The all-day service is expected to bring visitors from several points throughout West Texas. Special invitations have been extended guest speakers and former residents of the community.

The day's program will feature a dedicatory address in the morning, followed by banquet lunches. The afternoon sermon will be given by Vernon Hagar, pastor. Special singing is scheduled to follow.

The church, built of Hadite blocks, is 30 by 56 feet. Construction on the building was begun last winter, and only two weeks ago was completed.

A cordial invitation is extended the public to attend the all-day services.

CHAMBER SECRETARY URGES RESIDENTS TO LIST RENTALS

A plea from L. M. Huff, Jr., secretary of the Chamber of Commerce, was issued this morning to the people of Spur who have apartments and houses for rent to please contact the chamber office and leave the listing. Requests are taken there every day for suitable living quarters for the increasing population of Spur, and all persons who have such places for rent are urged to contact the Chamber of Commerce office as soon as those places are available.

This is the second year such an event has been held in the Dry Lake community and the program planning committees expect to make it an annual affair.

JONES SPRINKLER STUDIES AT FLEET SONAR SCHOOL

James Fredrick Sprinkel, seaman apprentice, USN, son of Mr. and Mrs. E. W. Smith of Spur, is attending a course of instruction at the U. S. Fleet Sonar School, San Diego, Calif. is a former student at Spur High School, entered the Navy April 8, 1950, and received his recruit training at the U. S. Naval Training Center, San Diego.

Texas Schools Win Proficiency Rating

Texas' proficiency in teaching safe driving to its high school students has won a national award for the second consecutive year.

In an Austin ceremony last week, Gov. Allan Shivers was presented the award by the Association of Casualty and Surety Companies, an organization of stock insurance companies which has encouraged the national driver education program.

R. B. Cousins, Jr., of Austin, manager of the Texas Insurance Advisory Association, made the presentation. Mr. Cousins said the "plaque" recognizes the meritorious accomplishment of Texas in teaching safe driving to 40,000 high school students during the 1949-50 school year.

Mr. Cousins said that the course now is being offered in 432 of Texas' 1,450 high schools. Nine Texas colleges now are offering special teacher training courses in safe driving, and 1,871 teachers now have qualified to teach it

Texas Fishermen Given Amendments

Two regulations affecting fishing in Texas were recently amended at the last regular monthly meeting of the Game, Fish and Oyster Commission, according to the Executive Secretary of the Commission.

The first of these regulations affects the taking of minnows from waters in the Panhandle area. Under the amended regulation in high schools.

Among those attending the ceremony were C. E. Sanderson of the Texas Education Agency and coordinator of the driver education program; Col. Homer Garrison, director of the Department of Public Safety; and Charles E. Rugel of the Texas Safety Association. The Department of Public Safety, Texas Safety Association and the State Highway Department cooperate with the Texas Education Agency in the driver education program.

lation not more than 1,000 minnows may be taken or possessed at any one time by any one person from the waters of the following counties: Dallam, Sherman, Hansford, Ochiltree, Lipscomb, Hartley, Moore, Hutchinson, Roberts, Hemphill, Oldham, Potter, Carson, Gray, Palmer, Wheeler, Deaf Smith, Randall, Armstrong, Donley, Collingsworth, Castro, Swisher, Briscoe, Hall, Childress, Cottle, and Motley.

This regulation, prior to amendment, provided that not more than 200 minnows could be in the possession of any one person at any one time.

The second change in regulations acted upon by the Game Commission affects the North Bosque River below the Waco Dam to where the Bosque River flows into the Brazos River. All nets and seines, other than the 30-foot minnow seines and fruit jar type trap for taking minnows for bait, are prohibited in this two-mile stretch of the Bosque River.

The Executive Secretary announces that these new regulations go into effect November 19.

GOOD HEALTH

Answer to Question No. 1:
1. It isn't one nerve but several, each of which starts from the spinal cord, joins its fellows from other vertebrae and proceeds down the back of the leg. Sometimes an operation is necessary for cure of sciatica. Your doctor can determine the cause and then recommend treatment.

Answer to Question No. 2:
2. A baby born this year can expect to live to be 67 and his expectancy will continue to rise as he grows older. Thus a man of 40 today may expect to live 30 years more and a man of 65 may expect to reach 77. A child born in 1900 could expect to live only 49 years. Americans today can look forward to increasing their life span because of improved medical care.

Answer to Question No. 3:
3. Right or left, it makes no difference in reading, despite the old saying. Right-handed persons can avoid annoying shadows in writing, however, by having the light come from the left.

Prominent Figures in U.N. General Assembly

Among the most prominent figures of the United Nations General Assembly, now meeting in its Fifth Session, are the chairmen of its six main committees, shown here with Assembly President Nasrollah Entezam (1) of Iran. The chairmen are Dr. Roberto Urdaneta Arbelaez (2) of Colombia, Political Committee; Dr. Gustavo

Associated, and others.

More than a thousand farm and ranch men and women from 200 Texas counties will be in attendance, Hammond said. Voting delegates from the grassroots organizations will officially approve the resolutions that will govern the policies of Texas Farm Bureau Federation for the coming year.

November 20 will be devoted to open hearings on resolutions and special committee meetings. The program that evening will give

recognition to counties that have made outstanding achievements in membership. The convention proper will get under way on Nov. 21. The annual banquet and dance will be held that evening, with Congressman Albert Gore as guest speaker. The business session on Wednesday, at which time resolutions will be approved, will conclude the three-day session.

Legionnaires Will Convene Nov. 4-5

Nineteenth District Commander W. T. Bridges of Levelland has announced that Legionnaires of 44 Posts in the 25 counties comprising the 19th Congressional

A. M. Le Croix
Attorney At Law
Spur, Texas

District will meet in Big Spring for a two-day Fall Convention, Saturday and Sunday, November 4 and 5.

With the Howard County Post of Big Spring, commanded by Roger Miller, as host post, the Convention delegates will lay plans for expanded programs in the fields of Americanism, youth activities, community service and membership. November 5 marks the beginning of state-wide observance of "Join The American Legion Week," and the Convention will aim for a concerted effort in the 19th District to reach its quota of the Department 1951 membership goal of 113,000 Legion members.

Prominent Texans as well as all members of The American Legion have been invited to attend the Convention. State officials of the Legion headed by Department Commander Bill Ekins of Killeen and Adjutant G. Ward Moody of Austin and Odessa are expected. A dance Saturday night and a luncheon Sunday are on the Convention entertainment program.

State Farm Bureau To Hold Convention

Program arrangements have been completed for the seventeenth annual convention of the Texas Farm Bureau Federation to be held in Mineral Wells, November 20-21-22. It has been announced by J. Walter Hammond, Federation president.

Outstanding speakers who will address the meeting include U. S. Senator Tom Connally of Texas, Congressman Albert Gore of Tennessee; Hassil Schenck, president of the Indiana Farm Bureau Federation; Leonard Cowden of Amarillo, executive vice-president of Consumers Cooperatives

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial membranes. Guaranteed to please you or money refunded. Creomulsion has stood the test of millions of users.

Gabriel's
Spur, Texas

Judge it on DURABILITY... DEPENDABILITY

It rides more smoothly

Take one ride and you'll agree that Chevrolet is the smoothest riding car in the entire low-price field. It's the only low-priced car combining the famous Unitized Knee-Action Ride and airplane-type shock absorbers all around.

It operates more economically

Owners will tell you Chevrolet's famous Valve-in-Head Engine, exclusive to Chevrolet in its price range gives an outstanding combination of thrills and thrift, plus proved dependability, year after year.

It's better looking all around

Outstanding good looks accompany the outstanding performance of Chevrolet cars — only low-priced car with Body by Fisher — and most beautiful in its field, according to a recent public survey.

It drives more easily

Enjoy finest no-shift driving with Powerglide Automatic Transmission* and 105-h.p. Valve-in-Head Engine — or finest standard driving with standard Valve-in-Head Engine and Synchro-Mesh Transmission — at lowest cost.

It lasts longer, too

Many Chevrolets are giving full satisfaction after having served ten, fifteen, twenty years or longer. That's one reason why there are over a million more Chevrolets on the road than any other make.

It gives more for less throughout

More for less! More steering ease, thanks to Center-Point Steering. More all-round vision, thanks to a Curved Windshield with Panoramic Visibility. More safety, thanks to Fisher Unisteel Body-Construction and hydraulic brakes. Come in — today!

Pansy Turpen To Wed M. B. Welborn In November Rites

The engagement of Miss Pansy Dale Turpen of Spur to Myles Brantley Welborn, Jr., of Littlefield, has been announced by her mother, Mrs. Vela Turpen of Dickens.

The wedding will be read in November at the First Baptist church in Spur. The bride-elect formerly attended Hardin-Simmons university in Abilene, and has been employed by Loyalty

Group of Abilene and is now employed by Kimbell Milling company of Spur. The prospective bridegroom, a teacher in the Girard public schools, is a graduate of Hardin-Simmons University.

Wesleyan Guild Is Host To Dinner

Members of the Wesleyan Guild of the First Methodist church met in the church basement for a Halloween dinner on Monday evening, Oct. 23.

Mrs. Lane Bachman and Mrs. Lawis Lee acted as hostesses for the evening. On the menu were chicken and

dressing, English peas, cranberry sauce, salads, potatoes, lima beans, coffee and pumpkin pie with whipped cream.

The Guild was completing a Week of Prayer and Self Denial, and Mrs. C. O. Fox served as worship leader. Assisting her with program duties were Mrs. Nina King, who talked in "Settlement Houses," and Mrs. Harry Miller, who gave, "Other Mission Work."

Attending were Meses. Raymond Beadle, Paul English, C. O. Fox, Vivian Gibson, Martin Hurst, Andy Hurst, J. W. Henry, Nina King, Lawis Lee, Harry Miller, Carl Murray, Ben Perry, A. M. Stoy, Jack Rector, Raymond Higginbotham, Cal Wright, Lane Bachman, James Cowan, and two new members, Mrs. Wilburn Ball and Mrs. D. E. Corley.

W. S. OF C. S. Ends Week Of Prayer

Members of the Womens Society of Christian Service of the First Methodist church met in regular session Monday evening at the Roundup.

Mrs. Matthew Howell read the scripture lesson, and Mrs. M. A. Lea gave a prayer.

A short business session followed, and the closing chapter of Home Mission study was concluded.

In observance of the Week of Prayer the ladies met at the church for an all-day session on Tuesday of last week. They were served luncheon in the church basement.

Mrs. Dee Hairgrove directed the program. Projects which are supported by the organization were presented, and the offering for the week was taken for home mission work.

Approximately 15 ladies attended the all-day service.

Local Girl Marries Port Arthur Boy

Mr and Mrs. Jackie Paul Draper who were married recently in a ceremony in Port Arthur. She is the former Miss Sally Burk of that city, and he is the son of Mr. and Mrs. Gray Draper of Spur. The couple resides in Port Arthur where he is completing Army training.

Piano Pupils Are Presented By Mrs. J. E. Berry

Mrs. J. E. Berry presented a group of piano pupils in a program on October 24 at the Patton Springs school.

Selections played were: "Star of the Sea"—Kennedy, Laura Beth Turbeville; "Solfegetto"—Bach, and "Hungarian Rhapsodie No. II"—Liszt, Lane Ligon; "Sandman's Lullaby"—Aaron, DeLynn Simms; "Flauto Duet," Barbara Turbeville and Nancy Hale; "Suzette"—Johann Sebastian Bach, a sort sketch of Edward Greig and "Greig Waltz," Laura Beth Turbeville; "Band Rehearsal"—Aaron, and "Hawaiian Love Song"—Truax, a talk on Al Jolson and "Swanee," Lane Ligon.

The class organized into a Junior Federated club with the aim to "better the musical conditions in the community in which I live."

Officers elected to head the group are Laura Beth Turbeville, president; Virginia Ford, first vice-president; Barbara Turbeville, second vice-president; Laura Hale, secretary; Lane Ligon, treasurer; DeLynn Simms, reporter.

A Winning Smile

Tommy has a glowing smile. It reflects the sparkling health and happiness that childhood in America claims as its rightful heritage. It is a smile that reflects also the kind of care that will make his grownup years free of the dental troubles that are plaguing the adult generation.

Tommy is a lucky youngster because his parents and teachers and community know that making dental care available to all children is the most practical way of improving the nation's dental health.

Kindergarten Class Is Feted With Halloween Party

Room mothers of Mrs. A. G. Dunwoody's kindergarten class entertained the class with a Halloween party Tuesday afternoon at the East Ward school.

The class participated in group singing. They were served orange drinks, ritz sandwiches and Halloween favors were given to each present.

Room mothers are Mrs. Melvin Adams, Mrs. Jerry Ensey and Mrs. J. C. Moore.

Attending the party were Jim Brasher, Joe Wallace Bingham, Carolyn Adams, Margaret Elder, Randy Cloude, Eldon Ray Fox, Leila Griffin, Norma Ruth Gruben, Rickie Ensey, Bennie Hart Hahn, Jerry Jones, Butch Moore, Elvis Ray Wright, Rozan Grogan, Charles Sullivan, Bobby Holly, Eddie Chadick, their teacher, Mrs. A. G. Dunwoody, and each of the room mothers.

United Nations Flag Made By HD Club

Eight members of the Highway Home Demonstration club met in the home of Mrs. Preston Smith on Monday, Oct. 23, to put the finishing stitches on the United Nations flag to be used in the United Nations Day program the following day.

Roll call was answered by each lady giving her favorite sewing stitch or an unusual stitch. Mrs. Harriette Hatcher, home demonstration agent, demonstrated a very interesting and pretty stitch to the group.

Refreshments were served to Meses. Key Putman, Willie Smith, Clark Morgan, Buster Smith, Farned Martin, Granny Martin, Richard Westfall, Harriette Hatcher and the hostess, Mrs. Smith.

In a previous meeting held in the home of Mrs. Cecil Estes, the club elected officers for the coming year. They are Mrs. Buster Smith, president; Mrs. Richard Westfall, vice-president; Mrs. Clark Morgan, secretary; treasurer; Mrs. J. W. Thomason, reporter; Mrs. Earl Dozier, council delegate.

Fleshing, finish and pinfeathers, or the lack of pinfeathers, are the important factors to consider when selecting quality turkeys.

ELDERLY FOLKS!

GET FAST, SUPERFICIAL MUSCLE PAIN-RELIEF WITH New DOUBLE-ACTION Surin

* ARTERIO-SCLEROSIS • RHEUMATISM • NEURITIS • BURSITIS • SCIATICA • LUMBAGO And Muscular Aches of Strainable Tissues Temporarily Relieved at Point of Pain

No Internal Dosing with SURIN! Use it Locally!
Modern Research Drug, Methacholine Chloride Used

Scores of elderly folks on whom SURIN was used, for the local relief of rheumatic, arthritic, neuritic, bursitic, sciatic, and lumbago pains received speedy temporary ease at the point of pain from these long-standing symptoms.

Older muscles are usually more troubled with superficial rheumatic pain. SURIN helped scores to get temporary relief at the point of pain!

SURIN does double-duty—(1) its modern research drug is a most powerful ingredient known for dilating blood vessels, (2) when applied at the point of pain, it allows SURIN's selected pain-relieving agents to penetrate fast.

SURIN IS EASY TO USE
Just follow directions on the package. Smooth SURIN on lightly wherever you feel superficial pain... and amazingly fast, SURIN starts to work penetrating at the point of pain!

Let SURIN's double-action go to work for you, even though you have suffered from pains for years.

Get Pain-Relief!—Get Surin!

Young People Have Picnic And Hayride

The High School and Junior High groups of Church of Christ young people met in the home of Mr. and Mrs. Oscar Kelley last Friday night for a picnic supper and hayride.

A Halloween motif was used in decorations throughout the house and in the menu. Following the hayride, the group was feted with a marshmallow roast in City Park.

Co-sponsors were Miss Dorothy Taylor and Mr. and Mrs. James E. Sheppard.

Attending were Wayne Hoover, Duffy Austin, Carolyn Kelley, Kathleen Keller, Mack Fry, Tony Jenkins, Annette Lee, John Rankin, Jerry East, Willis Jernigan, Carl Howell, Maxine Williams, Steve Dobbs, Wanda Cunningham, Sandra Watson, Deas Reagan, Alfred Roberts, Douglas McArthur, Loyd Womack, Don McGinty, Van Cash, and the sponsors.

SINCERE THANKS

We take this method to try to offer our heartfelt thanks and appreciation to our many friends and neighbors for their kindness, help and comforting words extended to us during the illness and death of our beloved husband, father and brother. Also we wish to thank Mr. Chandler for his loyal service and attention in the burial rites. We thank those for their floral offerings. It is our sincere hope and prayer that each and everyone of you will have such friends in your hours of sorrow, for at no time is a friend appreciated more.

CROP Campaign Provides Supplies For Hungry Nations

CROP's 1950 campaign to share
America's abundance with hungry
people overseas is under way.
The Friendship Food Ship left
Chicago Oct. 24, the fifth anni-
versary of the United Nations,
with a cargo of food symbolizing
the anticipated total of 1,350 car-
loads of farm commodities to be
contributed by farmers from their
1950 harvests.

The food ship is bound for West-
ern Germany. There its cargo,
like other CROP shipments to
Europe and Asia, will be distribu-
ted to the needy regardless of race
or creed.

Colorful and inspiring exercises
marked the sailing of the food
ship from the Chicago River wharf
at the Michigan Avenue bridge.
Groups of children in the cos-
tumes of their parent lands
brightened the scene and a talk
by Dr. Raymond W. Miller, of
Washington, D. C., consultant of
the Food and Agriculture Organi-
zation of UN, emphasized the
practical Christianity of CROP.

National representatives of the
three agencies cooperating in the
Christian Rural Overseas Pro-
gram (CROP) attended. They
were the Rev. Leo Trese of De-
troit, Mich., Catholic Rural Life;
the Rev. Wayland Zwyer, New
York, Church World Service, and
Dr. Franklin Clark Fry, New
York, Lutheran World Relief.

Dr. Miller said that on behalf
of the 63 member countries of
FAO he hailed CROP "as exem-
plifying those things hoped for
and dreamed of at many world
sessions of FAO." CROP, he added,
is "a voluntary organization
through which free men and
women contribute the produce of
their land so that others may
live."

"The major problems of the
world today are rural," said Dr.
Miller. "That may sound strange
to people in Chicago or New York,
but it is true. Approximately 80
per cent of the people in the
world live in rural areas."
With half of the world's popu-

lation, hunger is a constant prob-
lem, he said, adding: "Hundreds
of people go to bed hungry every
night. Half of the people in the
world were born hungry, they
are hungry all their lives, and
they die hungry."
In Italy, Dr. Miller said he saw
the result of a small planting of
hybrid seed corn provided by
CROP and distributed there by
the Catholic Rural Life Agency.

"In America hybrid corn is com-
mon place, but there, in one
small area, the yield had been in-
creased until it was the most talk-
ed about thing in the Po valley."
"In Bangkok the other day," Dr.
Miller continued, "I met a Pres-
byterian missionary who told me
that help sent by the American
people through such agencies as
CROP could change the whole
course of human history."

Water Tests Are Promoted By State Health Department

The Texas State Department of
Health has undertaken a program
to promote the fluoridization of
municipal water supplies where-
ever necessary, according to Dr.
Geo. W. Cox, State Health Officer.
It has been proved that where
drinking water contains 1.5 to 1.8
parts per million of sodium fluo-
ride that less dental decay occurs,
especially among those that have
used the water since birth. Ex-
cessive amounts of fluoride causes
nothing of the enamel.

The city water supply at Mar-
shall has been treated for four
and one-half years. This has resulted
in a reduction of 47 per cent in
the decay rate among the age
group 5 and 7 years. The young-
est groups receive the earliest

Knights of Pythias
Meet each Mon.
Visitors
Welcome

benefits from such a program but
all ages have shown some im-
provement. Other cities adopting
fluoridization of their water sup-
plies are Austin and Corpus
Christi. Fort Worth, Iowa Park
and Breckenridge and some forty
other Texas cities are seriously
considering the measure.

The Texas Junior Chamber of
Commerce in cooperation with the
State Health Department and the
State Dental Society has made
this program its main health ob-
jective for this year for control
of tooth decay.

Sow Rye Grass Now For Quick Lawn Greenery

For a bright lawn this winter,
sow annual rye grass now. Sow
seed generously in one direction,
then repeat sowing by walking
at right angles to the first sowing.
If plenty of moisture is given,
lawn should begin to show grass
from seeds in about 10 days.

Give deciduous trees and
shrubs a good spraying of insecti-
cides, but be careful not to get it
on evergreens. Many pests live
through the winter, unless killed
through proper control methods.

Get mulches on beds and give
some protection before plants are
affected by severe freeze. Peat
moss, grass clippings and oak
leaves all make a good mulch.
Mark perennials and bulbs with
small stakes. When plants die
down, through this method you
can determine where they are,
without disturbing their roots.

AMBULANCE SERVICE
Air Conditioned Coach
CAMPBELL'S

SMALL BUSINESS

Small businessmen are report-
ing signs of a business slump.
While mounting prices are a con-
tributing factor there is a greater
primary cause.

"We are being law-bounded into
a depression," observers say.
They point to the great number
of bureaucrats, from cabinet
rank on down, who miss an op-
portunity to cry "Wail."

An example of this is the state-
ment by Commerce Secretary
Sawyer that heavier taxes, seri-
ous shortages, and business con-
trols can be expected for many
years to come.

Observers say Sawyer may or
may not be a competent Commerce
Secretary. But all agree he is ill-
equipped to assume the role of a
prophet; even less qualified in
international relations.

It is pointed out that bureau-
crats were almost openly scornful
when Gen. MacArthur in July
said the turn in Korea had been
reached.

Yet, MacArthur with inspired
American fighting men scored a
success. But since the end of
World War II in 1945 no single
warfare plan for the promotion of
peace has succeeded.

According to all reports, there
is now a concerted drive to keep
war scares and rumors flying so
that the people will not get curi-
ous about domestic affairs.

Responsible military men are
saying nothing. Some did explain
how peace could be secured;
were immediately cracked down
on by bureaucracy.

The facts are that socialistic
planners have been uncurbed too

through further plantings. It
would be a good idea to make a
color chart of your chrysanthem-
ums. In this way you will have
your color scheme on hand in
case you need it for reference.
Roses still need dusting and feed-
ing. Cut back the long, straggly
or broken stems. Put fertilizer
on your compost heap to speed
decay. Water it during dry spells.

Prepare flower beds well be-
fore planting. Mix peat moss and
from seeds in about 10 days.

Give deciduous trees and
shrubs a good spraying of insecti-
cides, but be careful not to get it
on evergreens. Many pests live
through the winter, unless killed
through proper control methods.

Get mulches on beds and give
some protection before plants are
affected by severe freeze. Peat
moss, grass clippings and oak
leaves all make a good mulch.
Mark perennials and bulbs with
small stakes. When plants die
down, through this method you
can determine where they are,
without disturbing their roots.

"Nothing like it on the road!"

IT'S A 1951 BEAUTY
TERRIFIC VISIBILITY
SMOOTHEST DRIVE OF ALL
A WHOLE NEW LOOK
THE BUY OF YOUR LIFE

TAKE OUR WORD FOR IT, this new 1951 Mercury
has what it takes!
On second thought, don't take our word for it.
Come in and see for yourself. See this beautiful
new 1951 Mercury with Merc-O-Matic Drive—
the s-o-o-t-h-e-r, simpler, more efficient fully
automatic transmission. Match Mercury against
anything else in the field—for looks, for perfor-
mance, and above all—for what you get per dollar!
And remember, the 1951 Mercury is even more
important to you today. It will have higher resale
value, will be a better investment. Yes, when you
buy a new car today, it's just good business to make
sure you get a really top car—the 1951 Mercury!
So come in today and get the complete story
and you'll say it's the 1951 Mercury for "the
drive of your life"—for "the buy of your life!"
B-HAY ENGINE! With Mercury for 1951, you have
a high drive for "the drive of your life"—new Mer-
c-O-Matic Drive and fully Merc-O-Matic Overdrive
are optional at extra cost and in addition, there's the
most easy synchronized standard transmission.

Achievement Week for Texas 4-Hers Will Be Nov. 4-12

Texas 4-H club members, more than 113,000 strong, will join with the nearly 2,000,000 members in the nation to observe National 4-H Achievement Week, November 4-12.

Working towards their 1950 theme, "Better Living for a Better World," 4-H youth have been a busy group during the past year. They have produced and conserved food, worked to make their homes more comfortable and attractive, helped to supply the extra labor needed to produce crops and livestock and furnished "know how" for making their farms more efficient and produc-

tive. During National 4-H Achievement Week, they will report to the nation on just what they have done. The local volunteer 4-H leaders and the outstanding members will be recognized for the contribution they have made to the welfare of their state and nation.

The officers of the 4-H clubs in Texas, their leaders and extension agents have made plans for achievement banquets, tours, achievement days and other special events for the week. Exhibits will be placed in show windows and 4-H members will tell service clubs, farm organizations, school assemblies and other groups about their work. The winners of state awards will be honored in many counties by their fellow members and leaders.

THE AMERICAN WAY

Your Vote Is A Vote For Freedom

nation reveals that 16,000,000 one million head of livestock and quarts of food were preserved during the year; 100,000 acres were planted to gardens; they produced 9,000,000 birds in their poultry demonstrations; they own

prevention, health work, soil conservation, wildlife conservation, tractor maintenance and a large group of others.

Their work is not limited however to producing and conserving the food and feed they produce for they devote much time to personal improvement programs. They participate in leadership training activities, citizenship work and group discussions that help them to better understand some of the important social and economic factors that are now at work in the world. They study and practice democratic procedures and are doing their part to develop the good-neighbor spirit at home and abroad.

Texas 4-H members are extending an invitation to the public to join with them in their observance of National 4-H Achievement Week.

Popular Insecticides Used On Farms Are Becoming Scarce

The outlook for increased supplies of the more widely used insecticides is not very favorable at this time. Cotton farmers farmers should keep this fact in mind when they make plans for expanding their 1951 cotton plantings. But according to A. C. Gunter, associate extension entomologist of Texas A. & M. College, farmers can help the situa-

READY FOR WORK

Fast-paced worker in the world... that's the American way of today. Today a worker does well to work fast, especially in work situations designed to make him more efficient and more comfortable. Some enter work clothing is so attractively styled that it is frequently copied for children's clothing and fashionable sportswear. This comes work outfit with an Eisenhower type jacket was copied by Williamson-Dickie.

Want a ride that's 'out of this world'?

Better Buy Buick!

WANT to be free from that nervous tensing up for a jolt every time a rough spot looms in the road ahead? Want to enjoy the relaxing feel of a sure-footed car beneath you, that says level even when the road doesn't? Well, sit, ease into a Buick and see how such matters are cared for.

See what a wonderful difference in level buoyancy coil springs can make when you have them on all four wheels, not just the front ones. Note what firm and solid steadiness is yours when a full-length torque-tube drive is your keel—how smoothly you stay on course when the rear wheels can't help but run true. See what big, low-pressure tires and Buick's wide rims can do to pillow your course without jounce or sway. In other words, sample this two-

ton beauty for over-all stance and balance—and the cradling comfort of its roomy interiors. And while you're at it, get the very special thrill of its mighty Fireball power plant, plus the free-as-a-bird-in-flight bliss of its Dynaflo Drive.* It's an experience that you owe yourself—and it's yours for the asking. The thing to do is get in touch with your Buick dealer—and discover the ride that only Buick owners know.

*Standard on DYNAFLOWER, optional at extra cost on SUPER and SPECIAL models.

FOUR-WAY FOREFRONT—This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

WILLIAMS DAIRY & PRODUCE

Women Everywhere like Electric Cooking because it's CLEANER ... COOLER and SAFER!

Some day you will COOK ELECTRICALLY why not NOW?

The clean flameless heat that comes from an electric coil frees you from the grimy... soot... and dangerous fumes usually caused by old-fashioned flame methods of cooking. The flameless heat of an electric range will keep your kitchen bright and fresher longer with a minimum of repainting and upkeep... and pots and pans will stay shiny bright, too! The modern electric range is not just a better range—it's a better method of cooking!

HERE'S A NEW ELECTRIC RANGE FOR YOU

See your Electric Range Dealer TODAY!

It's the Best!

West Texas Utilities Company

He will tell you more about the wonderful electric ranges... tell you of the ease, convenience, and economies that only modern electric cooking can bring. He'll also tell you of many, many other modern electric appliances that make your work easier, your home more comfortable, and your family happier.

Cotton farmers are urged to purchase their minimum insecticide needs at this time or at least within the next few weeks. Farmers and distributors by taking delivery now can keep the insecticides and at the same time, help the storage and transportation situation.

Although the farmhouse is the business center of the farm its location should be considered from the standpoint of its relationship to other buildings, roads, water supplies and the prevailing winds.

Your Worst and Best
Lesson for November 8, 1950

"Within my earthly temple there's a crowd. There's one of us that's humble, there's one that's grand. There's one that's broken-hearted for his sin, and one that's unrepentant, vile and grim. From what perplexing doubt I could be free, if I could see he certain which is he."

FROM some anonymous rhyme-ster comes this complaint, which any of us might have truthfully written if we had thought about it. Which is he, anyway? I seem to have three selves. One is a good deal better than my everyday or ordinary self. On rare occasions he will do something or other so good it surprises even my best friends — it "isn't like me." On the other side is another self, much worse than my everyday personality. He too surprises me by acts of thought so dreadful I am afraid of him and ashamed too. Yet both these "other selves" are "me" too.

Life is a Fight
THE TRUTH of the business is that life, when a man takes it seriously, is a fight. It is a war between your best and your worst self. Your two other selves are there every moment, like ghosts, or rather like a bright angel and a dark one.

It is always possible to become a better man than you are; also, alas, it is possible to become far worse than you are. No man stays the same through life. He is continually pressing upward, or plunging downward, or varying between the two. There has been only one person, Christians believe, who actually fulfilled all the good that was possible for him. The possibilities for evil in his life remained only possibilities—he never let them come to pass.

The possibilities for good, on the other hand, became real. His dark angel remained only a ghost; his good angel was simply his real self. At no point in his life was he forced to say to himself, "I wish I had... I wish I had not." And yet, even for him life was a struggle. We do not believe he sinned. We do believe he was tempted; and if the temptation was real, then he could have sinned. No man can be really tempted to do what he cannot do. Yes, the Master had his fight. But the point is: he won.

The Way to Win
CHRISTIANS are not exempt in this war of good against evil. We are not "carried to the skies on flowery beds of ease" any more than Jesus was. We do not drift into the Promised Land. We have to fight our way uphill.

Yet Christians are expected to win. That is, God stands beside each Christian in his fight, and God's power is for the Christian's use. As Saint Paul says, with each temptation God provides a "way of escape." Our prayer "Lead us not into temptation" can always be answered. Sometimes it can be answered by ourselves. That is, we cannot leave the fight to God.

But we can win as Jesus won: sometimes by standing and doing battle where we are, sometimes simply by leaving temptation behind. For often the best thing to be done is to retreat. Get as far as you can from whatever tempts your worse self. Don't stand debating between right and wrong when you know which is which. Turn your back on the wrong... run, don't walk, to the nearest exit.

Is Alcoholism a Disease?
ONE OF the common temptations of millions of men is alcoholism. It is popular to speak of this as a "disease," and yet it is the only disease of which victims have actually cured themselves.

"SAGA" was SHOCK you as few pictures ever have—based on FACT. Writer Virginia Kellogg allowed herself to be committed to three women's prisons to get the TRUE STORY of what happens to a "one-mistake" girl who is subjected to the vicious influence of hardened female criminals, corrupt officials, lascivious music guards and greedy, sadistic matrons. "CAGED" brutally exposes the torment and shame that transforms first-offenders, who might otherwise be redeemed for decent society, into branded women, fit only for vice and crime. Obviously, children and very young people should not be disillusioned by the shocking truth of Miss Kellogg's exposition.

County Agent Tells Method For Cure Of Cattle Grubs

Cattle grubs are showing up in the backs of cattle at the present time and control measures should be started now if effective control is obtained.

For small herds, the dust method of applying a five percent rotenone mixture to the backs of the animals is recommended by Charles Taylor county agent. Good results are obtained if the backs are brushed good to knock off the eggs and scabs caused by the grubs while applying the dust, he says.

For larger herds, a spray consisting of seven and one-half pounds of rotenone per 100 gallons of water works very satisfactorily. Pressure of 200 pounds should be used to get best results.

Treatment should be repeated every three to four weeks for about three treatments as grubs do not all emerge at the same time. Close examination of the animal's back gives a good indication of the need for continuing the treatment.

Voting of Soldier Away From Home Is Made Easier

The Defense Department has set up a system to help the serviceman overseas or away from home to vote this election year.

But, as the Army pointed out, whether he ballots by mail is up to him.

All the services—Army, Navy, Marines and Air Force—use substantially the same method.

Form postal card applications for absentee ballots are issued at all installations ashore and ships at sea. Instead of merely making them available, as in previous years, voting officers are assigned to deliver the application cards personally.

When a ballot is filled out, it goes postage free, including air-mail if the envelope provided by the state indicates. It contains a ballot. Even if there are such markings, military postal authorities are directed to air mail a letter if they have reasons to believe it contains a ballot.

Most states will accept a postal card application for an absentee ballot, although some have laws which prevent their use.

Defense Department officials said that among states not accepting the postal card form are Arkansas, Georgia, Iowa, Michigan, Montana, Vermont, Virginia, Washington, Wisconsin and Alaska. In these states a serviceman must make application in his own handwriting. The Army said that so far as it can determine two states—Louisiana and Nebraska—have issued no statements

Apples, Cranberries Are November Buys

Abundant supplies of good quality, the largest crop of cranberries on record and more turkeys than ever before in history make shopping an easier and more delightful task in November.

These festive foods get feature billing on the United States Department of Agriculture's plentiful foods list for the month. This means that in addition to being plentiful, they are lower in price than less plentiful foods.

Other festive combinations of plentiful foods may be pork roast and sweet potatoes; a chicken, broiler or fryer with creamy Irish potatoes. Or let cheese cut food budgets in main dishes such as tasty souffles and fondues. Combine cheese with eggs in hearty omelets, suggests the Department.

Use plentiful carrots, cabbage and onions in tossed salads and slaws or cooked in various combinations for tasty side dishes. Vary the salad course with cottage cheese. Plentiful peanut butter goes into hearty sandwich fillings and gives added flavor to cookies and breads. Honey and butter bring savoriness to hot cakes and waffles.

Homemakers who use the plentiful foods list as a shopping guide make wiser use of their grocery dollar, says USDA.

A Sure Thing
"Wung Nung," said the magistrate, "you are charged with conducting games of chance. Have you anything to say for yourself?"
"Yes, your honor," replied the Chinaman. "We no play a game of chance. Cards all marked, dice all loaded, me win every time. No chance at all."
A high speed camera proves that it takes only one-fourth of a second to wink an eye. It's the fastest way we know for a guy to get into trouble!
