Chamber of Commerce Doing Commerce Office To Establish Calendar Of Events For Civic Organizations

ANOTHER PUBLIC SERVICE FEATURE:
As a service to the people of Spur, the Chamber of Commerce office will keep an up-to-date directory of coming events, stating time, date and place of the event. This will eliminate confusion of all civic, church, and club affairs who plan on having banquets, parties or any other type of activity, from being held on the same date.

On several occasions, our school or church activities would conflict with some other organizations events and several civic clubs have held their banquets or annual meetings on the same date. The commerce office would like for all organizations, clubs, schools and church committees to notify the Chamber of Commerce of any future events, stating the time and date of the event to eliminate future mis-haps of this nature. If you are planning a banquet, party or any special event by your organization, please phone the Chamber of Commerce office, 488.

Support Your Chamber of Commerce:
Larry Boethe, chairman of the budget and membership committee stated that an extensive membership drive will soon be started to enlist every individual and business establishment as members of the Chamber of Commerce. Boethe stated that the Chamber of Commerce is everyone's organization, to foster and promote the future growth of Spur. Good financial and moral strength will make a good organization and Spur needs a strong Chamber of Commerce.

According to members of the Finance Committee, many of the members in the Chamber of Commerce do not realize the importance of their support and assistance in the Chamber of Commerce program. If one member fails to support his organization, then it will be necessary to cancel one of the projects for the 1951 year. At present, Spur has one of the most active and progressive Chamber of Commerce organizations in West Texas. It takes approximately \$650.00 per month to operate the Spur Chamber and if we can continue to build our organization we will realize more improvement in our city through the 1951 program of work. Lester Garner, president of the organization during 1950, states that the Chamber is interested in the moral support as well as financial support and any individual who is interested in becoming a member of the Chamber is welcome.

The membership drive for the C. of C. will start February 19 and each person who has not previously been contacted is invited to contact Larry Boethe or the Commerce office.

Joe Long Appointed To City Commission

Joe B. Long, local druggist, was appointed to the City Commission as Street Commissioner at the regular meeting of the City Commission Monday night, February 5, 1951, according to Mayor Ned Hogan.

The City Commission appointed Long to complete the term of Bynum Britton who died Saturday, February 3, 1951 in a New York City veterans' hospital.

Long states that although he has never served on a city commission before, he will do his utmost to familiarize himself with his new duties and will strive to be of service in his new capacity.

Baptist Men, Boys Attend Associational Banquet Mon. Night

Approximately 180 men and boys from over the Dickens county Baptist Brotherhood Association convened at the First Baptist Church, Spur, for a Men and Boy banquet Monday night, February 5.

Rev. Chester Watt of Olton, Texas was the main speaker and stressed the state-wide campaign for 250,000 converts in 1951.

The men and boys enjoyed a banquet of baked ham, mashed potatoes, green beans, coffee and pie in the educational building of the church. They then retired to the main auditorium for the address by Rev. Watt.

Included in the program was a scripture reading and devotional by Joe Bruce Long, son of Mr. and Mrs. Joe B. Long, and a quartet by Rev. C. Melvin Rathel, J. Malcolm Edwards, E. E. Caudle and Forrest Irwin, all of First Church.

Associational President, Ray Caplinger directed the banquet and served as general chairman for preparations. He was assisted by members and their wives of the First Church.

The meeting was climaxed by ten conversions and numerous dedications following the sermon by Rev. Watt.

Statistics Show Impressive Records Of Spur Quintet

With but one season game to be played the Spur Bulldogs basketball team sports an average of 44 points per game so their opponents. The team alone has accumulated a total of 94 points to their opponents.

Victor Crimland has led the team in individual scoring marking up a total of 180 points to average 12 per game. He has hit 58% of his attempted free throws. Beryl Durham has tallied 109 points to average 9 per game with a 48% on his free tosses.

Billy Hoover has 98 points to his credit for an average of 7 1/2 per game with 43% accuracy on free throws. Charles Crimland has scored a total of 67 points to average 3 per game. He has an impressive 55% average on free throws. Ronald Comer has scored 81 points for a 4 1/2 average and has hit 42% of his free throws.

LOCAL STORE OPENS UNLOADING SALE FRIDAY

George Gabriel, owner of Gabriel's Department Store in Spur, announced this week that he will open an "Unloading Sale" at his store tomorrow morning, Friday, February 9.

Gabriel states that the sale is under the direction of the Sooner Sales System of Oklahoma City. The store will be closed all day today in preparation for the big event starting at 9:00 a. m. Friday morning.

STEEL HILL CHURCH HAS SINGING ON SUNDAY

Church services at the Church of Christ, Steel Hill, will begin at 10:30 a. m., Sunday, according to announcement made this week. Evening worship and Wednesday evening prayer services begin at 7 p. m.

A community singing will begin at 2:30 p. m., Sunday, Feb. 11, at the church, with quartets and song groups from all over West Texas attending. The public is extended a cordial invitation to attend the services and the singings which are held on every second Sunday.

Final Rites For Bynum Britton Held In Methodist Church Tues.

Funeral services for George Bynum Britton, 45, were held in the First Methodist church, Spur, at 2:30 p. m., Tuesday, February 6, 1951.

Britton died at 7:30 a. m. Saturday, February 3, 1951, in a veteran's hospital in New York City. He had been ill and in the hospital approximately five weeks.

Rev. Cal Wright, pastor of the church, officiated with the assistance of Rev. C. Melvin Rathel, pastor of the Spur First Baptist church.

He was converted to the Christian Religion early in life and was a member of the Methodist church.

Britton was manager of the Dickens County Rural Electric Association at the time of his death. He had served with the REA since 1946.

Born in Neinda, Texas on September 16, 1905, he moved to Spur in January of 1928. Prior to his association with the REA, Britton was an employee of West Texas Utilities Company. He held a twenty-year service record with that company.

Britton married Elora Morgan in Spur in May, 1928 and at the time of his death was the father of two sons, Jimmy and Bob. Besides his wife and sons, he is survived by his mother, Mrs. Eva Britton of Spur, and an uncle, W. E. Britton of Hamlin.

Entering the navy in October, 1942, Britton served two years and was discharged in October, 1944, with a Chief Petty Officer rating.

At the time of his death, he was a member of the Spur City Commission, the Spur Rotary Club and the Spur Masonic Lodge.

As manager of the Dickens County REA, he oversaw an increase in rural electrification from 275 miles of lines to a present 1140 miles with approximately 1600 farm users.

Funeral services were held in the First Methodist church, Spur, on Tuesday, February 7, 1951. Burial was in the cemetery at Carlsbad, N. M.

The services were directed by Campbell's Funeral chapel. Interment was in Spur cemetery.

Resolution of Respect

TO THE MEMORY OF GEORGE BYNUM BRITTON
Street Commissioner of The City of Spur, Texas
April 11, 1949 To February 3, 1951

Whereas, on February 3, 1951, the Supreme Ruler of the Universe called from the field of labor our late brother and fellow official, Commissioner George Bynum Britton, now therefore be it resolved by the Board of Commissioners of the City of Spur, Texas:

That, while we bow in humble submission to the fiat of the Supreme Judge of us all, we his associates recognize his loss with feelings of regret and sorrow, and keenly feel the absence of his counsel and advice.

That we recognized in Commissioner Britton the elements of an honorable official; he was noble and generous of mind, an efficient officer, and an exemplary citizen.

That we extend to the devoted wife, in this her sad bereavement, and to the children coming under the shadow of their first great loss, our sincere sympathy. Time alone, and faith in "Him who doeth all things well" can assuage their grief.

That a copy of these resolutions be sent to the family of our deceased brother, and that a page of the Minutes of the Board of Commissioners of the City of Spur be set aside as a memorial page, and these resolutions be entered thereon.

Passed this 6th day of February 1951.

Ned Hogan,
E. C. McGee,
Board of Commissioners
City of Spur, Texas.

Attest:
James H. Cowan
City Secretary

Dickens County Farm Bureau News

Farm Bureau Opposes Proposed Bill To Place Farm-To-Market Road Funds In Hands Of State Highway Department

The county Farm Bureau had Leon Lane, a field representative, with them in their meeting Saturday, February 3. He gave a report on the bureau's recent survey of accomplishments for the past year.

On the material side of these accomplishments, the report showed that each family-size farm was \$450 ahead by having Farm Bureau in that farm had an average income. Larger or smaller farms had the extra money in proportion to size.

One of the outstanding services rendered was acting as a stabilizing agent between and among different groups in agriculture. The Bureau is a general farm organization, according to Lane, and endeavors to see that all groups are on an even keel, but will not go along with giving any one group special privileges.

The county office has just received word from state president Hammond that a bill is in the making in the legislature to have the Calton rural road bill placed by one in which rural road money coming to the counties be diverted to the highway department where it may be used by the department for rural road construction. If this ever gets into the highway department, he thinks that rural roads will never see it again. The Texas highways are deteriorating at a rapid rate.

East Ward School To Install P. A. Inter-Com. System

The Spur East Ward Schools will soon have a complete inter-communication and public address system. It was announced this week by school officials.

The project is sponsored by the East Ward P. T. A. and is being financed with funds secured in last Friday's ladies' basketball tournament.

The system will include a public address system in the new auditorium and inter-communication devices in each class room of both buildings. The system will be used for musical programs, announcements, etc. About Three Broadsides, Inc., of Amarillo, Texas, is expected to begin by the latter part of next week, states Browning, and should be in use soon thereafter.

Members of the local P. T. A. wish to publicly thank all patrons, faculty and spectators at the real women's basketball tournament held last Friday for their cooperation in making the tournament a success, says Mrs. Gabriel.

MEADOW SOLDIER LEAVES FOR EUROPEAN DUTY

S-Sgt. and Mrs. Carl Cornelius of Cheyenne, Wyoming, are visiting in MeAdoo with her parents, Mr. and Mrs. Elbert Jackson. He is enroute to Ft. Dix, New Jersey, where he will embark for a European assignment as one of General Eisenhower's guards. Mrs. Cornelius will remain in MeAdoo until conditions permit her to join her husband. S-Sgt. Cornelius served in the Eighth Armored division during World War II, and is now serving his eighth year as a member of the United States Armed Forces.

Go to church, Sunday!

Guild Auditions Set For Music Students

All teachers of piano students in this area are urged to take advantage of the National Guild auditions for piano students to be held in Spur April 17-18, states Mrs. J. E. Berry, local chairman of the National Guild of Piano Teachers.

Examiner for the 1951 auditions has not been announced, said Mrs. Berry, but the name will be revealed soon.

This marks the fifth consecutive year the auditions have been held in Spur. Examiners have included such notables as Dean Clarence Burg, Oklahoma City University; Jack Dean, Hardinsimmons; Dr. Sidney Angell, Denver, Colo.; and Elliott Griffith, Los Angeles, Calif.

Students must accomplish for entry in the annual audition at least 2 and not more than 20 memorized pieces, must be enrolled by their teacher three weeks in advance of the audition date, and must pay annual dues, states Mrs. Berry.

P. T. A. To Present Scout Program

Members of local Cub and Brownie Scout troop will present a program to the Parent-Teachers Association meeting at 2:30 p. m., Feb. 13, in the East Ward school, states Mrs. George Gabriel, president.

Mrs. James Jay and Paul Marjion will direct the program. C. Melvin Rathel, pastor of the First Baptist church, will sing and offer the meditation. Parents are urged to attend, states Mrs. Gabriel, and fathers who come still count two points for their child's room, she adds.

Spur Preps. For Final After 51-27 Victory

The Spur Bulldogs basketball team will host Halls Friday night in the local gym for the final game in regular season play for 1951. Three games are scheduled with the B team game to start at 8:30, the girls at 7:30 and the A team at 8:30.

Last Friday night, the Spur A team defeated Crosbyton 51-27 with little Billy Hoover contributing 20 points for the Bulldogs. Beryl Durham scored 13. Hash was high for the losers with seven. Half time score was 21-10 in Spur's favor.

THE SCORE BOARD

Player	FG	FT	PF	TP
Durham (s)	3	7	2	13
Hell	1	0	0	2
McAlpin (s)	2	3	4	7
Crimland (s)	2	0	2	4
Hoover (s)	8	4	4	20
Comer (s)	2	1	5	5
Totals	18	15	17	31

Player	FG	FT	PF	TP
Beckham	1	2	0	4
McDuff	2	1	2	5
Hash	3	1	5	7
R. Davis	1	1	4	3
J. Davis	3	0	5	6
Mitchell	1	0	2	2
Totals	11	5	18	27

In the B team game, the Spur boys came out on top in a 27-11 score with Bradshaw scoring nine points and Joe Bell eight. Half time score was 15-10.

Cotton Crop Down One-Third From '49

Census report from the U. S. Department of Commerce shows that 18,770 bales of cotton were ginned in Dickens county from the 1950 crop, prior to Jan. 16, 1951. This figure compares with 47,374 bales for the 1949 crop.

A short crop in 1950 under restricted acreage prescribed by national leaders, along with increased usage by mills and heavier exports, have reduced the supply of American cotton to an almost vanishing point, states a report in a well-known South Plains magazine.

A production goal of 16 million bales of cotton in 1951 has been set by the Secretary of Agriculture.

Some indications are that a high yield of cotton will be profitable in 1951, but farmers are warned in the report that the supply of high price and good yield should not influence them to go to a one-crop extreme.

Early and careful planting by growers in this area is expected to give them a better chance to cope with unfavorable insect damage, which last year amounted to thousands of dollars in this county alone.

Metteer Leases Boot Shop Across Border

Dean (Slim) Metteer has leased a boot shop in Juarez, Old Mexico, and will endeavor to supply this area as well as other sales outlets throughout the country with new made boot and other shoe merchandise.

The location of such a new venture is really recently when one is to be aware shop across the border. He hopes to use the boot shop as a distributing station for leather supplies made here and in the Mexican shop.

Labor in the shop across the border provides both the real "know how" of leather tooling and inexpensive exchange of dollars for leather goods made there, states Metteer. The Juarez shop will be under the close supervision of Metteer who plans to make bi-monthly trips.

New Arrivals

Mr. and Mrs. Fred Kinney announce the birth of twin daughters on Feb. 1, in a Lubbock hospital. The girls were named Freida Kay and Rita Faye and weighed 7 pounds and 5 ounces. They arrived at 1:29 and 1:37 p. m. Mr. and Mrs. Dalton Johnston of Spur are maternal grandparents.

A daughter, Paula Frances, was born to Mr. and Mrs. J. C. McNeill, III, on Feb. 3. The baby weighed 7 pounds, 15 ounces. Maternal grandmother is Mrs. Pauline Clemmons, and paternal grandmother is Mrs. J. C. McNeill.

BONDS CARRY BY 4-1 MAJORITY EMPLOYMENT OF ARCHITECTS NEXT

Last Saturday, February 3, 1951, the citizens of the City of Spur voted for the issuance of bonds in the amount of \$125,000 for the construction and equipment of a hospital in and for the city by a vote of 362 - 94.

The election, the first step toward a \$250,000 hospital in Spur, was held in anticipation of a government grant of another \$125,000. City officials have been notified that the government grant will be available possibly by the time the city has executed necessary preliminary procedures and definitely soon after July 1. (Assuming that the present program is extended after the beginning of the state's fiscal year.)

Carrying by nearly 4 to 1, the election marked one of the largest turn-outs in the city's history and one of the largest majorities on any bond election.

Mayor Ned Hogan states that the city commission will now employ architects to prepare preliminary plans to be submitted to Austin for approval. Actual working plans will then be drawn up, according to Mayor Hogan.

He states that the commission plans to appoint an advisory board of probably four prominent citizens to work with the commission on the project. The proposed board will aid in the selection of the site, management, staffing, etc.

Preliminary Studies For Rural Telephone To Be Made in Areas

Officials of the Caprock Rural Telephone Co-op met with Washington officials in Lubbock, Monday, February 5, 1951 to advance plans for the rural telephone project in this area.

Attending the meeting from the co-op were James H. Wright, manager, and Robert Simmons and O. J. Barron, directors. The Washington men are Stewart McCabe, Richard Rieter and J. D. Armfield.

Plans were made for the pre-allocation engineering that will begin next week, states Wright. The engineers will start making field studies of the area to be served and residents that have already subscribed for the telephone service will be plotted on rural maps.

When this work is done, states Wright, the engineers will designate circuits to cover the area. He states that rural people who plan to use the telephone service and are not at present signed up for it are urged to contact co-op officials immediately to be located on the original plot of the area. "An additional group of subscribers can carry much weight when our final report prior to the actual beginning of construction is submitted," averred Wright.

The law firm of Ratliff, Conner & Walker, attorneys for the Rural Telephone Co-op, are at present drawing up the necessary papers to get the co-op chartered, states Wright. He adds that the process is well under way and should be completed at an early date.

Longtime Resident Dies, Services Held

Mrs. Sarah Inez Shackelford, 71, longtime resident of this county, died in the home of a daughter, Mrs. C. A. McClain of Spur on Feb. 3, 1951.

Mrs. Shackelford had been ill for several months. She was born Feb. 23, 1879, in Louisiana, the daughter of Mr. and Mrs. J. Sistrunk. She was married to A. J. Shackelford on Dec. 19, 1906, and the family moved to the Red Mud community in 1926.

Funeral services were held at 3:30 p. m., Feb. 4, in the Bethel Baptist church, Spur, with Rev. Dock Love officiating.

Pall bearers were Oris Smith, Slim Metteer, Clyde Smith, Allen Deaton, Jesse Love and Ebb Feaster.

Survivors include three sons, Jesse and Jake of Guthrie; Sam H. Smith and Mrs. Bert Deaton, Guthrie; Mrs. Grover McAnally and Mrs. C. A. McClain of Spur, two brothers, Rice and Warren Sistrunk of Guthrie, and two sisters, Mrs. Will Porter and Mrs. Maggie Davis of Carthage. Fourteen grandchildren and one great grandchild also survive.

Chandler Funeral home directed arrangements, with burial in the Red Mud cemetery.

She was founded tentative plans in which that free lessons would be given the young people by a qualified instructor under adult supervision.

PLANNING GROUP MEETS FOR STUDENT DANCE CLUB

Any student of Spur High school interested in organizing a square dance club is requested to meet at 3 p. m., tomorrow, Feb. 9 in the American Legion hut near Spur.

Definite organization of such a group will depend on the interest shown and attendance at the meeting, according to a report.

If such a recreational group were founded, tentative plans include that free lessons would be given the young people by a qualified instructor under adult supervision.

Duck Creek Soil Conservation District News Notes

A rain, when it comes, will find a number of cooperators of the Duck Creek District ready to handle it. They have been building new terraces on their farms and bulldozing up the old ones.

Some have found their light and heavy machinery and back for terracing in their sheds. Terracing has been going on all over the county and will be well advanced by the time the construction work but indications are that many miles of new terraces will be built in the district before crop planting time.

Cleo Lindsey in Hagins group has built 1.8 miles in one field and has 2.3 run in another that he will build as soon as he gets some rain. Frank Adams in Upper J-2 Creek has recently completed a 6.7 mile terrace system on his farm. In East Duck Creek group C. E. Butler and Dillard Jackson have done some terracing. Butler has constructed 3.6 miles and Jackson built 3.6 miles. Jackson and Butler have also built up the old terraces on their places.

Other cooperators who have had old terrace systems worked up this fall include Mrs. J. L. Stannish, M. P. Dugley, and Mrs. Corria Dobbins. New terracing on Geo. M. Williams Estate amounted to 2.7 miles, and Horace Hodges' new terrace system near Spur totaled 4.6 miles. Near East Afton D. W. Sims, Jr. has constructed approximately 1 mile of level terraces on his farm. On M. Wilson's farm in Soldier Mound group, 3 miles of new terraces have been built, completing the system.

J. B. Karr, who operates George Sloan's farm in Hackberry group, has finished 2.4 miles of new terraces. In Alton group, Richard Varnell finished the terrace system on his farm. Varnell has been doing some old ones that had been giving him trouble. He had new ones built in their place. He built 11.8 miles of new ones.

Now that his terracing is completed, Varnell is looking ahead to grass planting time, as the next conservation job he has in mind is seeding 50 acres of cultivated land back to grass. He drilled feed on the land last summer so that he would have cover to protect the young grass seedlings. Varnell is ordering his seed now so that everything will be ready when grass planting time comes this spring.

Billy Wallace, a rancher near Clairmont, is also making plans for seeding some grass this spring. He is ordering seed for 80 acres. John Montgomery near Jayton plans to seed 22 acres of land back to grass, and Ben Lee is figuring on planting some King Ranch bluestem on some land that has been laying out.

Several ranchers have built new stock tanks this fall to provide watering facilities. Rob Simmons whose ranch is near Dickens has built 2 new tanks; L. O. Mayer at Jayton has 1; and Clifford Ledy has 1.

Milk Fever Cause Of Big Farm Loss

Milk fever is a common ailment of high producing cows that is often easier to treat than explain, believes an extension veterinarian of Colorado A & M College.

A heavy drain on the calcium reserves of the body, due to high milk production is believed to be a major factor in bringing on an attack, says the veterinarian, Dr. A. A. Goodwin.

Nobody knows, however, exactly what upset occurs in the cow's body before this trouble strikes. But it is known that specially prepared calcium solutions which veterinarians inject into a vein will put an affected cow back on her feet, unless she has been unconscious for a long time.

Most attacks come within a few days after calving. First, the cow looks sleepy, refuses to eat, and is

unable to stand on her feet. Unconsciousness follows soon after these symptoms appear, and the animal dies if not treated promptly.

Oral medication should not be attempted, said Dr. Goodwin, since there is usually a paralysis of the throat muscles and in attempted drenching, the medicine may pass into the lungs and cause pneumonia.

Rapid, complete milking is fine for cows in regular production. But it may be all wrong when it comes to protecting recently freshened cows against milk fever. "Veterinary Medicine," a professional journal, reports that prevention of this disorder in recently freshened animals often depends on removing the milk at the same rate a nursing calf would do it. The technique is said to be designed particularly for cows which have suffered previous attacks. For the first day, a little milk should be removed every two hours, care being taken not

to empty the quarters completely. Gradually, during the next week, a little more should be removed each time with corresponding reduction in the number of milkings per day.

By the tenth day, the cow should be on a complete milking schedule.

Other suggested preventive measures, said Dr. Goodwin, is to provide dairy cows with good quality alfalfa hay, which is high in calcium and making available a good grade of steamed bone meal. Reducing the grain ration previous to calving and substituting a part of the grain for molasses (a pound per day) or adding molasses beet pulp to the ration is believed by many dairymen to reduce the incidence of milk fever.

"We must meet head-on any trucking to Communist sympathizers, any appeasement of Russia which is likely to lead to more aggression..." Senator Taft

MR. D.A.'S CRIME CALENDAR

FEBRUARY is the Month for...
EMBEZZLING. Coming at it does at the heel of the winter, February is the month for the amateur criminal. You'll hear about the honest little men with horned rim specs, the loyal employees of long years standing. Suddenly they dig down into the firm's coffers and take off with a big haul. Most of them are people who have never before done wrong. There are several reasons to explain this sudden succumbing to temptation. We'll advance one: the easy money provides a nice trip to Florida. The return trip isn't so nice.

CROOKED WHEELS. Winter cruises are in season right now. The cruising cardsharp who strikes you at cards has been pretty well ticketed by the movies and the steamship line people. Even so, canasta could still lead to disaster. But the real bait you'll nibble at is the gambling joints at your island paradise destination. I know a croopier at one of the winter wonderlands—if you're a pal he'll let you win back whatever your vacation cost; if you're a stranger better sew that return fare to your lining!

NARCOTICS. The dope bug has successfully bitten our teen-age problem children. The authorities have already begun wholesale drives to stamp out the source. Don't be surprised at the appalling stories you'll read this month, of what vicious dope rings are doing to our youngsters.

Watch For "Mr. D.A.'s" Calendar For Crime in March!
 Mr. District Attorney heard Wednesday on NBC

Livestock Freeze Causes Squeeze On Chicago Slaughterers

Meat and livestock traders in Chicago are trying to figure out what is going to happen to the industry under price controls. Prices on livestock off the farm are still going up. Meat at retail and wholesale may get rigid ceilings, according to a report from the Chicago Livestock Exchange. The consensus was that it would be the slaughterers in the squeeze if anybody. A Department of Agriculture representative said, "live cattle at current prices, for example,

put the squeeze on killers. They have to buy at going prices in order to keep their crews operating at least part of the time. "But when they come to sell the processed meat, the wholesaler can pay no more than the judgment," Hatch said. "It hasn't upset production with the present controls. Thus we will have no reduction in supply, no diversion of meat to unaccustomed channels, no health hazards from illicit slaughtering, and no loss of precious by-products."

Fred Hatch, president of the Chicago Livestock Exchange, governing body for the commission firms operating at Union Stock Yards, added that live cattle prices are likely to stay up because replacement feeders are bringing almost \$4 much per pound as finished animals.

He added, however, that the by products of the livestock industry were a factor in lower meat prices even though live animal prices are at high levels. Wool from lambs, hides from cattle, medicinal products from all slaughtered animals are profit sources which would help the packers and killers meet controlled meat prices. "The government has used good

subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts. In accordance with the provisions of said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rates, for each craft or type of workman or mechanic needed to execute the work on above named project, now prevailing in the locality in which the work is to be performed, and

CONTRACTOR'S NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 4.257 miles of Grading, Structures, Base & Surfacing from end FM 265 at Afton, East 4.3 mi. to Road inter. on Highway No. FM 265, covered by R 950-1-3, in Dickens County, will be received at the Highway Department, Austin, until 9:00 A. M., Feb. 20, 1951, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is

the Contractor shall pay not less than these wage rates as shown in the proposal for each craft or type of laborer, workman or mechanic employed on this project, paid at the regular governing rates. Plans and specifications available at the office of Algie Green, Resident Engineer, Matador, Texas, and Texas Highway Department, Austin. Usual rights reserved.

New in Style - New in Structure - New in Power - New in Thrift - Potent in Price Appeal - It's the 1951 BUICK SPECIAL!

HERE is good news for folks with a shrewd eye for what their dollars will buy.

Here is a tidy traveler that defies the upward trend of costs - proudly wears a 1951 price tag like that which zoomed last year's SPECIAL into popularity so great that it put a crimp in "the low-priced three."

Take our word for it, this is every inch and ounce a Buick - Buick-featured, Buick-designed, Buick-built from the ground up - but literally the newest thing on wheels.

The sturdy and ample body is new. The high-strength frame is new. The power is new to the SPECIAL, which now has the

thrift F-263 engine that first made its name in the SUPER, and here delivers 120 horsepower with standard transmission-128 with Dynaflo Drive.

It's a Buick with less weight and more power - and that spells a pair of new thrills for you. There's a performance thrill such as you've never enjoyed in the SPECIAL - plus a handsome gas-saving into the bargain.

We'll make a prediction now as to what title folks will give it, once they get it out on the road.

That title in three words, will be: "Thriftiest Buick Yet!"

Better hurry around to your Buick dealer's and look this marvel over. We'll give you another prediction - which is: Once this one's discovered, the demand will be terrific.

No other car provides all this:

DYNAFLO DRIVE - FIREBALL POWER - PUSH-BAR FOREFRONT - WHITE-GLOW INSTRUMENTS - TORQUE-TUBE DRIVE - 4-WHEEL COIL SPRINGING - DREAMLINE STYLING - DUAL VENTILATION - BODY BY ROVER

The More He BREAKS The More He MAKES

Texas motorists, Texas highways and Texas taxpayers should be protected against the ONE PER CENTERS.

ONE PER CENTERS are truck combinations weighing, loaded, 20,000 pounds or more. Only one of every 100 vehicles registered in Texas pays a license fee for 20,000 pounds or more. FEWER than three out of every 1,000 are registered for more than 40,000 pounds.*

Our highways should be SAFE for ALL the people - individuals, commercial users and the military alike.

Texas highway tax dollars should be conserved and used wisely. This can be done

(1) by limiting the weight (gross load and axle load) that may be transported legally by the ONE PER CENTERS and

(2) by enforcing the law against those who persist in overloading.

Texas highways are paid for by and belong to ALL THE PEOPLE. Highways adequate for 99% of Texas users - individual and commercial - can be constructed and maintained for about ONE-THIRD of the cost made necessary by the weight of the ONE PER CENTERS.*

This is your problem. Send for your copy of the booklet, "THE CASE OF THE ONE PER CENTERS," which tells you, among other things, why

THE MORE PAVEMENT HE BREAKS, THE MORE PROFIT HE MAKES.

Stars Brave Darkest Africa In Filming "King Solomon's Mines"

Africa, at least in its remote parts along the equator, is just as primitive, dangerous and exciting as it was twenty years ago, declared M-G-M star Deborah Kerr, on her return from a five-months safari across the Dark Continent for the filming of the spectacular Technicolor drama,

"King Solomon's Mines," which is to be shown at the Palace Theatre Sunday.

Before leaving Hollywood for the adventurous trip which was to cover 25,000 miles of Equatorial Africa, the actress took a series of inoculations for cholera, yellow fever, typhus, smallpox, typhoid and paratyphoid. She also viewed the picture, "Trade Horn," filmed in Africa two decades ago, and congratulated herself at the thought that her location trip wouldn't be as hazardous as the one on which the earlier film was made. Her congratulations proved to be premature. "We saw a native tribe almost go berserk in front of our eyes, raining spears all around us," states Miss Kerr, in recalling some of the high points of the trip. "Our white hunters, who were always with us, killed two rogue elephants that had smashed a native village right next to our camp. At Murchison Falls we worked in the unbelievable heat of 152 degrees! At another point we had to carry all our own equipment because the tsetse fly was so bad that horses or mules couldn't survive. There were times when I wanted to sit down and cry and felt that I couldn't continue another minute. Somehow, we all managed to keep going, but I can truthfully say I wouldn't dream of trying it again."

RICHARD CARLSON, DEBORAH KERR and STEWART GRANGER in a scene from MGM's "KING SOLOMON'S MINES." Color by Technicolor.

as the headquarters for the film troupe of 24 Hollywood people, including Miss Kerr and her fellow stars, Stewart Granger and Richard Carson. From here they drove over bumpy, trail-like roads every morning to film scenes at the village of Machakos, sixty miles away. "We could observe giraffe, zebra, wild-beast and all sorts of smaller game along the road," says the actress. "And lions! I'll never forget my first sight of this majestic beast. I kept telling myself that I was actually seeing a lion. Later on, I became quite accustomed to the sight." It was at Machakos that Miss

Kerr and the company had their first unusual experience with the natives. Hundreds of the W'Kamba tribe were called together from the surrounding country and for three days the Hollywood cameramen photographed them in their extraordinary ceremonial dances. But the natives wouldn't stop when the scenes were completed. A week later, the W'Kambas were still dancing.

Mr. and Mrs. W. F. Patrick and children visited in the home of her parents, Mr. and Mrs. Jack Barrow, of Lamesa, Sunday.

Dry Lake Community News

The past cold spell has kept most of the farmers around the fire except for outside chores that had to be done.

Several from our community have been and some still are on the sick list. Among them are Mrs. Coy Dugan, Mrs. E. J. Lussater, Joe Kidd, Kenneth Coursey, Tom Bass and Homer Hill, Mr. Kidd, Mr. Coursey and Mr. Bass went to an Indian doctor in Oklahoma last week and state that they are much improved. The Lasseters plan to go to the same doctor soon.

The community program for 1950 was a successful one, and more plans have been made to complete the program this year. Mrs. Van North has furnished us with pictures and stories of the Seminole Indians in the Florida swamps with accompanying pictures of rundown rebuilt farms typical of some of ours. Anyone interested in community improvement is invited to attend our programs which meet on the second and fourth Wednesday nights.

Three ladies from our community made a trip to Lubbock last Wednesday to appear on the radio program of Miss Clara Pratt, Lubbock county home demonstration agent. We talked of our im-

provement program, and hope we will be able to help some community in its plans to help itself.

Little Randy Cole and Faydell Gordon have been ill with flu. Randy has returned to school, and Faydell hopes to be able to return Monday.

By Mrs. Jack Gordon.

Dry Milk Makes Diet Supplement

Here's a suggestion from Mrs. Harriette Hatcher, Dickens County Home Demonstration Agent that may help homemakers get more food value into meals at a low cost.

She suggests using dry or powdered milk for cooking. She points out that non-fat dry milk solids are made from fresh milk. The liquids are removed by evaporation. If you need a liquid, there are two methods commonly used for changing the dry powder into liquid skim milk.

Use a mixing bowl and pour into it enough water to make up the required amount of skim milk. Sprinkle the dry skim milk powder on top of the water and beat with a rotary egg beater until the milk solids have dissolved. The mixture can also be placed in a glass jar with a tight fitting lid and a few hard shakes will dissolve the powder.

After the dry solids have been changed to a liquid, use it just as you would fresh milk. This includes proper refrigeration. One cup of any solids added to one quart of milk will give a quart of milk with the calcium content of two quarts of whole milk. This is a very good way to add extra calcium to the diet, states Mrs. Hatcher.

Mr. and Mrs. Ben Perry moved last week to Stamford where he will be employed with Bryant Implement company. The new residents have been residents of Spur for several months.

SOLDIER MOUND CHURCH HAS SUNDAY SINGING

Quartets and special singers are being extended invitations this week to attend the singing at Soldier Mound Baptist church on Sunday, Feb. 11, according to announcement made this week. The singing will begin at 2:30 p. m., and the public is cordially invited to attend.

I will admit that during our courting days the last thing that crossed my mind was the fact that after a certain ceremony I'd be responsible for those white shirts that came calling for me. Of course it was behind the shirts and at the moment that was about all I thought of. But long about the time our "I do" date was set it occurred to me that Jeff was the spic 'n' spanner man I knew. It also dawned on me that mother wasn't going to be around to take care of my lovely treasured things. In short, the new Mrs. Stuart was going to be faced with a laundry problem. Simultaneously I discovered that about the most non-elastic article known is a newlywed budget. And there had been no provision in said budget for a washing machine.

Then and there began the most intensive campaign poor Jeff has been through to date and I pass on that strategy for what it's worth. I asked for an inventory of his washable wardrobe, itemized every tubbable article I owned, compiled a list of our necessary linens, towels, blankets, etc. The list staggered even me. I appealed to his American love of mechanism; I pointed out that a mechanical washer was sanitary, safe, and as easy to operate as the mere flick of a switch. With the budget bugaboo in mind I noted carefully that a home washing machine helped spare the life of clothing. I even brought interior decorating into the scene by pointing out that a machine was a wonderful item in itself. I wound up the campaign in a burst of oratory which labeled the washing machine as vitally essential to the morale and health of the American home.

Jeff couldn't help himself; he gave in and came through with a washing machine that is the pride of our household. The best part of the situation is that I came to realize that every sales point was true. And while I'm glad I talked Jeff into it, I'm even more delighted to find out how right I was!

"SMALL BUSINESS"

The fight to give statehood to Alaska will be bitter. The affairs of Alaska, on the surface, seem to have little in common with national small business.

However, all retailers and newspaper publishers have a big stake in the outcome of the Alaska statehood bill. The future of America's newspaper supplies and prices hinge on the action.

Newspaper publishing is practically monopolized by four American companies. They, in turn, apparently have understandings, or interlocking ownership, with Canadian newspaper companies.

Newspaper is made from pulpwood. Alaska has millions of acres of unused pulpwood forests.

For years independent businessmen have tried to establish a newspaper industry in the territory, only to be blocked by bureaucratic directives in Washington.

Alaska is ruled under the organic Act of 1912. This act provides that all resources are controlled by Washington bureaus. Not a tree can be cut unless permission is given by Washington bureaucrats. For some unexplained reason, even in periods of critical newspaper shortages, the bureaucrats have refused any Alaskan tree being used for newspaper.

And, thereby, hangs a tale of continuous opposition to statehood for Alaska.

As a state, Alaska would take over control of its resources. Supplies of newspaper from Alaska would break the closely controlled price structure.

Continual arbitrary newspaper price increases are posing a threat to independent retailers.

Successful retailers use newspaper advertising. The cost of that advertising depends on the price the publisher pays for newspaper.

Today flat newspaper is priced, FOB mill, at \$20 per ton. In 1947 it was \$104; in 1948 \$71; in 1949 \$60.

Charles G. Nichols, National Retail Dry Goods Assn. president, has protested increased newspaper prices. Senator John Sparkman of the Small Business Committee and Emanuel Celler, House Judiciary Committee Chairman, want to re-open a Congressional investigation of this problem.

Thus, in Washington, even so simple a matter of giving statehood to Alaska becomes complex.

As one observer states, "It's difficult to take a deep breath in Washington. You inhale and some monopoly resents your taking in air which the monopoly believes it should own; you exhale and some bureaucrat resents the interference with his prerogative of issuing hot air."

While the Internal Revenue Dept. figures out new ways to get tax dollars, strange things happen.

For example, ECA Bulletin No. 1833 states the Marshall Plan has given another \$200,000 worth of tobacco—this time to French North Africa.

And Washington bureaus are working out a rubber allocation plan.

But we ship rubber to Communist China—2,000 tons in September through the port of San Francisco; equal to the entire 1949 rubber exports to Red China.

By Hugh Williamson

Austin, Tex., Feb. 8.—The Legislature seems to be economy-minded, but at the same time it may look with favor on an investment that is intended to help the veterans and to pay some return to the state.

You will be reading about the veterans' land program, which started off with a capital of \$25,000,000.

All of this money is now working. It has been used to buy land for veterans. The state finances purchase of this land up to \$7,125. The veteran pays five per cent of the purchase price down. He has 40 years to pay off the debt.

Vic Vet says

YOUR GI LOAN GUARANTEE IS A VALUABLE PRIVILEGE THAT WILL NOT EXPIRE UNTIL JULY 25, 1957... USE IT WISELY AND CAREFULLY!

For full information contact your nearest VETERANS ADMINISTRATION office

The interest rate is three per cent.

At this session, the land board is asking for a constitutional amendment to authorize sale of \$75,000,000 more in state bonds for further financing of land buying by veterans.

The proposal passed its first hurdle last week when the House of Representatives committee on constitutional amendments approved the measure unanimously. Land Commissioner Bascom originated the program.

He reported to the House committee that more than 4,000 veterans had purchased tracts at an average cost of \$6,000—or about \$4 an acre including improvements—and that the veterans had saved money in costs accompanying these transactions.

He explained that ordinarily, in an individual real estate transaction, the purchaser pays about \$150 in closing costs—examination of title, filing of papers, and so on.

In the veterans program, the purchaser sent in \$30, and that was the only cost of the transaction to him.

"A saving of \$400,000 to the Texas veterans of World War II is an accomplishment that we are proud of," Giles said.

The program was originally designed to last for eight years, but the entire capital was committed in less than 18 months.

"And yet," Giles said, "we did not accommodate all applicants. We were out of money. I predict that we will have enough applications by the time the money is available to use up this additional \$75,000,000."

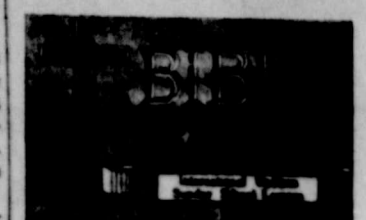

Giles proposed the program under unusual circumstances—in an address before a joint session of the legislature, which means a session where both House and Senate meet together.

The original constitutional amendment was adopted by Texas voters in a special election.

Laws which govern the program were passed by the legislature and signed by Governor

Beauford Jester in June, 1949.

The amendment which is now proposed will authorize the veterans land board of which Giles is chairman, to sell \$75,000,000 in

SCRIPTURE: Mark 8:7-12. DEVOTIONAL READING: Psalm 103:1-11.

Jesus Meets Need

Lesson for February 11, 1951

WHAT PEOPLE want would fill many books. What people need is a simpler story. Whatever success Christianity has had, it is due to its success in meeting human needs. If Christians were only an argument, or a system of ideas, it would never have gone as far as it has, nor won so many friends.

Ignorance—The Church at its best has simply followed in the path of a pioneer. The gospel stories of Jesus show him as one who "went about doing good" as Peter put it. Seeing a need, he bent himself to meet that need; this has been the ideal for Christians and the church ever since.

One of the first needs of man is to be saved from his ignorance. Jesus saw the human race not as a pack of wolves or a mass of snakes, but as sheep without a shepherd.

So Jesus then, and the church now, set out to teach. A church that does not teach is a poor church. "The church must teach or die," it is true; it is also true that the church must teach or others will die.

Sickness—It is not on record that Jesus ever walked by a sick person without making him well. Jesus did not think that sickness and pain are good things in themselves.

When you think of all the loss of time, money and happiness that one miserable little cold can cause, and multiply that by the number of colds in North America alone; when you think of the pain and danger and after-effects of one attack of malaria, and then think of all the cases of malaria in all the warm regions of the world; and when you go on adding up all

state bonds. Other members of the board are Governor Allan Shivers and Attorney General Price Daniel.

The original \$25,000,000 in bonds sold at an average interest rate of less than 1.75 per cent.

the diseases there are, you really wonder how the human race manages to stagger along. Now the Christian church has always been doing something about this. Today, in many backward countries, Christian doctors and hospitals have pioneered in health, and indeed are the only effective disease-fighters in the whole region.

Hunger—**WHATEVER** else can be said of the feeding of the five thousand, one thing is plain: Jesus did not think it was a good thing for people to stay hungry.

In the church, following his example, has fed the hungry wherever it can. The church protests, and will continue to protest, against any society or institution that leaves people hungry. It is an empty stomach that things like Communism rise.

So when a missionary like Sam Higginbottom in India teaches better ways of farming, or when the Salvation Army adopts the slogan "Soup, soap and salvation," or when helpers are rounded up and sent abroad as a gesture of Christian friendship, when CROP interests the Christian farmers of America in rural reconstruction in war-torn areas of Europe, the church is just following the lead of Jesus.

Slavery—**ONE** of man's deepest needs is freedom. Jesus did not set free any slaves in his time, it is said; but is this true? There are other kinds of slavery besides that from which Abraham Lincoln freed the Negroes in 1863. Of these other kinds, one of the worst is slavery of the mind. We see Jesus setting his contemporaries free from the heavy chains of taboos and false traditions which the Pharisees had piled on them.

So when the first Christians broke away from the burdens of the old ceremonial laws, or when a Christian missionary in Africa or China or Greenland set men free from the darkness of pagan superstitions, or when the Protestant Reformation came, a great Declaration of Independence in the name of Christ from the traditions and superstitions which had long obscured the truth and burdened the minds even of Christians, the church is only following the example of Christ.

When we stand for a free church in a free land and a government of free men, we stand as Christians ought to stand, enemies of tyrannies in every form.

Giles said that the program can thus well afford to buy land for cash and re-sell to veterans at three per cent interest and five per cent down payment, with 40 years to pay off the note.

"This is not a proposal to spend \$75,000,000," Giles said. "It is a sound feasible investment in the future of many young Texans."

Sam Baugh Named To College Board

Lubbock, Tex., Feb.—(Special)—Sammy Baugh, West Texas rancher and professional football star, has been named to the Texas Technological College Foundation Board of Directors, Chairman C. T. McLaughlin announced.

The Foundation was revived early last year as an agency to receive gifts to the college and to promote research and other college functions.

Members already serving on the board are McLaughlin of Snyder; Obie Bristow, Big Springs; Dr. B. Ratliff, Lubbock; Robert Bass, Kilgore; Sam Young, El Paso; Eddie Chiles, Midland; Raymond Buck, Fort Worth; Jack Frost, Dallas; Don Harrington, Amarillo, and Spencer Wells, Lubbock.

Baugh, one of the brightest lights ever to shine in the football world, earned the nickname "Sluggin' Sammy" as a college player at Texas Christian University. From there, he went to the Washington Redskins professional organization where he proceeded to set several passing records.

The most famous passer of them all also had brief side careers in the professional baseball and the motion picture industry. The pro fits from these ventures, as well as most of his football salary, went into bigger and better ranching lands near Rotan where Baugh lives with his wife and four sons.

Baugh is the 14th member of the Tech Foundation Board which is made up of prominent Texans in industry, utilities, petroleum, banking, ranching and law professions.

Mr. and Mrs. R. L. Benson and Miss Dolores Sutt attended the Fort Worth Fat Stock Show and Exposition Rodeo in Fort Worth Saturday. They were met in Fort Worth by Mrs. Ann Roten, who attended the shows and returned to Spar with them for a visit.

Worried because you're not saving money?

Start this sure easy plan today—**absolutely guaranteed** to give you cash savings of **\$4329⁰⁰**

\$4,329 cash—all yours to buy the things you've always wanted! You—yes, you—can save this much or more. Through the simple, sure-fire plan that's worked successfully for thousands!

Start this 3-step plan today!

1. Decide to save automatically—by setting aside your saving before you even draw your pay.
2. Decide to save systematically—a small fixed sum week in, week out. Watch it grow!
3. Today, sign up in the Payroll Savings Plan at your company's pay office. This plan buys you U. S. Savings Bonds—takes care of saving for you, automatically, systematically, and "painlessly."

If you can save just \$7.50 weekly, in five years you'll have \$2,009.02 in cash; in ten years, \$4,329.02!

Bonds are like cash—only better!

Any Series E United States Savings Bond you've had more than 60 days may be cashed any time at any bank or other authorized paying agency. If bonds are lost or destroyed, the Treasury Department will replace them at no charge. And bonds, unlike cash, earn interest for you.

Make the money you work for really work for you

Look over this chart. Pick the best plan for you. Then go to your company's pay office and get started today!

WEEKLY PAYROLL SAVINGS PLAN

SAVE EACH WEEK	AND YOU WILL HAVE IN 10 Years	
	In 5 Years	In 10 Years
\$ 1.50	\$ 324.11	\$ 719.11
3.00	648.22	1,438.22
4.50	972.33	2,157.33
6.00	1,296.44	2,876.44
7.50	1,620.55	3,595.55
9.00	1,944.66	4,314.66
10.50	2,268.77	5,033.77

Announce New DODGE "Job-Rated" Trucks

The trucks that do the most for you!

MORE POWERFUL THAN EVER
Dodge now offers you the most powerful "Job-Rated" trucks in Dodge history! Eight engines—84 to 154 horsepower—with power increases as high as 20%!

You get the right power for your job... in the finest performing trucks that ever carried the Dodge name! Yet these new Dodge "Job-Rated" Trucks are priced with the lowest!

NEW! Smarter styling!
New beauty combined with massive, rugged appearance. New hood line for better road visibility. Roomy new cab interiors in contrasting colors—new comfort with redesigned seats.

NEW! Easier handling!
Shorter turning diameters than ever before—for even greater maneuverability! New steering wheel angle for greater driving comfort. New worm-and-roller steering gears make for easier steering—

plus all the ease-of-handling features that made Dodge "The Choice of Champions" in the 1950 National Truck Roadshow!

NEW! Extra-quiet brakes!
Another Dodge engineering first! New, molded, tapered Cyclobond brake linings contact brake drums with smoother, more even action—practically eliminating brake squeal. Less tendency of brakes to "grab"—and lining life is greatly extended. Standard on trucks 1 1/2-ton and up, except air brake models.

More than 50 brand-new features including...

- NEW! SMOOTHER RIDING with new "Oriflow" shock absorbers; standard on 1/2, 3/4, and 1-ton models.
- NEW! EASIER LOADING with lower ground-to-floor height on all models through 2 tons.
- NEW! BATTER-WEATHER STARTING with new moisture-proof ignition and high-torque starting motor.
- NEW! MORE ECONOMICAL PERFORMANCE with higher compression ratio—on all models through 1 ton.
- NEW! BATTER-TO-DEAD INSTRUMENTS—now grouped in a cluster placed in front of the driver.
- NEW! TWIN CARBURETOR AND EXHAUST SYSTEM—more power with economy—available on high-tonnage models.
- NEW! SMOOTHER ENGINE IDLING with "butter" spark plugs on all models through 1 ton.

ANOTHER DODGE EXCLUSIVE! 99cc Flare Discs now available on 1/2, 3/4, and 1-ton models.

Come in to see the new DODGE "Job-Rated" TRUCKS...on display SATURDAY, FEBRUARY 11, 1951

Artaban Sweetheart Banquet Honors Mothers And Special Guests Monday

Girls of the Artaban chapter of Future Homemakers of America entertained their mothers and special guests with a Sweetheart banquet Monday evening in the Spur High Homemaking department.

Beverly Wood, Ella Copeland, Shirley Randall, Carolyn Kelley and Emma Lena Simpson acted as hostesses and greeted guests.

A valentine motif was used in decorations and in favors, place cards and nut cups. Centerpieces of red roses, the chapter flower, were placed on the dining tables. Program covers were fashioned with a silk screen printing of the National FHA emblem.

Ginger Walker acted as mistress of ceremonies, and introduced the following program: Invocation; Emma Lena Simpson; Opening Ritual; Artaban chapter; Welcome; Anita Cunningham, president; Response; Mrs. J. H. Bowman; song; Barbara Nalley and Jimmie Nell Bowman; Origin of Valentine's; Ginger Walker; Who's Who Among Our Mothers; "Step by Step," a skill by Beverly Wood; Maxine Williams; Paulita Karr and Beth Watson; Song; Ralph Gibson and Janie Alexander; "As Others See You," a play by Barbara Nalley; Peggy Reid and cast of sophomore girls; Closing Ritual; Artaban members; and the FHA Prayer Song.

Over 100 guests registered during the evening, and were served by FHA boys Harley Bingham, Jackson Powell, Herschel Wade, J. M. Tullis, Billy Ray Stanley, Walter Stanley, Don McGinty, Wallace Young, Tommy Hightower, Joe Dell McCormick and Tommy Bass.

Special guests included Messrs. and Mrs. C. F. Cook, C. C. Godfrey, Jerry Ensey, D. J. Dyess, O. M. McGinty, Horace Wood, W. K. Callan, Raymond Higginbotham, Joe Grimland, Walter Gruben, Mrs. Vivian Gibson and the school lunch room ladies, Mmes. Fry, George and Jay Williams; Ralph Gibson, sweetheart of the Artaban chapter, and his mother, Mrs. John Bell Gibson.

"Women of Song" Studied By '33 Club

Hostesses for the regular meeting of the 1933 Study Club on Tuesday afternoon were Mmes. R. L. Walker and O. R. Cloude. The meeting was held at the home of Mrs. Cloude, 103 W. Hill Street.

During the business session, with Mrs. W. F. Patrick presiding, the club voted to endorse Mrs. O. M. McGinty of the Twentieth Century Club as candidate for president of the Seventh District of Federated Women's Club. Mrs. Hershel Durbin was welcomed as a new member to the club.

Mrs. Grady Lackey acted as program leader for the afternoon of study on the topic "Women of Song." A sketch of the life of Kirsten Flagstad was given by Mrs. George Gabriel, and Mrs. C. P. Scudder presented facts concerning the career of Marian Anderson.

The hostesses served congealed salad with wafers, white cake and coffee to those present. A Valentine motif was followed with the napkins and heart candy plate favors.

Attending were Mmes. Everett McArthur, C. H. McCully, Coy McMahan, Patrick, Lackey, Scudder, J. C. Payne, E. E. Caudle, Cloude, Walker, Durham, Gabriel, and C. F. Cook.

Mary Ann Brooks Is Complimented With Bridal Shower By Afton Club

Members of the Afton Home Demonstration club were hostesses at a bridal shower honoring Mrs. John Wiley Avara at 2 p. m., Jan. 31, in the Afton home of Mrs. A. C. Martin.

Mrs. Avara was Miss Mary Ann Brooks before her recent marriage.

Assisting the honoree in greeting guests were her mother, Mrs. C. F. Brooks, and Mrs. W. A. Avara, mother of the groom.

Decorations featured arrangement of a miniature bride standing in a garland of pink and white flowers reflected in a wall mirror. Mrs. J. Varnell, Jr., sister of the groom, registered guests at a table covered with white linen cloth and holding a tiny bride placed on a heart shaped arrangement of pink sweetpeas and candytuft. The bride's book was a gift from mothers of the couple.

A white Irish linen cloth covered the serving table, and was centered with a small bridal couple standing on a white satin heart and surrounded by a larger heart shaped arrangement of pink and white flowers. Crystal holders with pink candles flanked the centerpiece.

Miss Eva Collier presided at the coffee service, and Mrs. Vurl Hinson served white cake squares topped with pink confection flowers. Toasted nuts and mints were also served. White napkins were lettered in silver with "John Wiley and Mary Ann," and favors were small pieces of silver tied with pink ribbon. The buffet held a novel decoration of small umbrellas and pink ribbon flanked by pink candles in sterling holders.

Recorded music was played throughout the afternoon. Mrs. W. A. Ligon, club recreational chairman, directed the entertainment. Mrs. Gilbert Ragland presented gifts to the honoree.

Guests were Mmes. C. F. Brooks, W. A. Avara, L. J. Varnell, Jr., Gus Martin, Peyton Legg,

Apollo Club Studies Tchaikovsky Works

Mrs. M. C. Hurst entertained members of the Apollo Music club in her home on Monday.

Study of the life and works of a composer was begun, and Tchaikovsky was chosen for the project. Dues for the Festival were collected, and songs which the group will present at that time were played.

Punch, cookies and sandwiches were served to Michael Hairgrove, Mike Kearney, Marion Marcy, Carol Marcy, Marilyn Miller, Janis Powell, La Nell Marcy, Linda Waggoner, Cathy Ann Hurst, Jerry Foster, Agatha Ellis, Sandra Caplinger, Mary Dee McArthur and Mrs. J. W. Henry.

Several mothers of the girls were guests.

The group's next meeting will be in the home of Mrs. J. W. Henry on March 5. Hostesses will be Agatha Ellis and Linda Waggoner.

Mrs. Joe Long Leads Circle Bible Study

Mrs. Sallie Shockley entertained members of First Baptist church Bagby circle on Monday evening.

Mrs. Myrtle Whitwell led the Bible study following a prayer by Mrs. Joe Long. Mrs. Long will continue to serve as the study leader.

Attending were Mmes. John Adams, W. B. Francis, John Haskewood, Morris, Whitwell, and the hostess, Mrs. Shockley.

Cauthen Circle Has Election of Officers

Mrs. E. E. Caudle taught the Bible study, "Christ's Plan of Work," to members of Elouise

Cauthen circle of First Baptist WMS in a meeting Monday afternoon at the church.

Two new officers, Mrs. Doug Hinson, secretary, and Mrs. Wendell Smith, treasurer, were elected. A brief business session followed.

Attending were Mmes. Jimmie Hudson, W. F. Patrick, Grady Lackey, C. P. Scudder, E. E. Caudle, Hinson and Smith.

Mrs. Hale Hosts Twentieth Century Club Tues. Afternoon

The members of the Twentieth Century Study Club made a study of drama with the topic "All the World's a Stage" at their meeting Tuesday afternoon at the home of Mrs. B. F. Hale.

A review of the story of "South Pacific" by Rodgers, Hammerstein and Logan, adapted from Miehener's "Tales of the South Pacific" was given by Mrs. O. M. McGinty. Miss Dorothy Taylor presented her observations on production, actors and box office receipts of "South Pacific." Songs from the Broadway hit were sung by Miss Arlene Wilson, who sang "Bali Hai" and "I'm in Love With a Wonderful Guy," and C. Melvin Rathel, who sang "Some Enchanted Evening" and "This Was Nearly Mine."

Refreshments of nut bread sandwiches, cake and iced tea were served by the hostess to members: Mmes. A. M. Walker, O. C. Arthur, J. C. McNeill, Cliff Bird, McGinty, T. H. Blackwell, Geo. S. Link, E. L. Caraway, E. S. Lee, Eric Foster, F. B. Crockett, Henry Gruben, Miss Margaret Elliott and guests, Misses Dorothy Taylor and Arlene Wilson, and Rev. and Mrs. C. Melvin Rathel.

ANNOUNCING...THE LOVELIEST AND FINEST NEW CHRYSLERS EVER BUILT!

For 1951, Chrysler has developed for you more basic advances in motor car value than any new car line has offered in years!

Whether you expect to own one this year or not... you owe yourself a turn at the wheel of a new Chrysler for 1951. Here is brilliant new style... and new basic engineering, too, with over 70 new features and improvements. Here is progress in comfort and performance so bold and so new you will feel its impact in America's motor cars for years to come. Since Chrysler first introduced high-compression performance in 1924, it has been Chrysler tradition to bring you the good things first... to strike out in new paths and open new standards of what you can expect in a motor car. Here, for 1951, is one of the great Chrysler cars. See all these exciting new motoring wonders tomorrow at your Chrysler dealer—America's newest new car is now on display.

Gracious new Beauty, to stay new for years!

New Oriflow Ride, unequalled in smoothness!

New FirePower Engine, matchless in Power!

Stunning new lines...rich new interiors... Clearbac full-vision rear windows... and remember, your Chrysler's baked-on enamel finish is the all-round toughest, most durable automobile finish known!

On every Chrysler for '51, Chrysler presents the amazing new Oriflow shock absorber... it has over twice the shock-absorbing power of any other shock absorber on any other car!

Here is Chrysler's revolutionary new Hemispherical Combustion Chamber... engineering secret of FirePower... heart of the most powerful, most efficient, best-constructed engine ever put in an automobile. 180 horsepower. Will outperform any other engine on the road today, with ease. The only engine design that can give full combustion, full compression, full use and value from every drop of fuel.

Chassis undercoating at no extra cost... Safety Rims on every wheel... Superfinish engine parts... Safety Cushion dash... Cyclebond brake linings... Chrysler engineering skill means extra value all through your car!

COME SEE THE NEW **CHRYSLER** Best engineered car in the world!

**Lubbock Girl Weds
Doc Melton Feb. 3**

Miss Evelyn (Dor) Melton and Doc Melton of Lubbock celebrated marriage vows Feb. 3, in the north Lubbock of the bride's parents.

The Rev. Cash of Spur served the groom as best man, and Miss Shirley Goodrich of Lubbock was bridesmaid.

The couple is at home in Lubbock, where Melton, a former resident of Spur, is employed by Southwestern Bell Telephone company.

**Mrs. Singleton Is
Hostess To Circle**

Mrs. Lonan Singleton was hostess to members of the Judson circle of First Baptist WMS in the home of Mrs. N. C. Moffett, Monday.

Mrs. Hunter Wilson taught the Bible study from the book, "Go Ye," following an opening prayer by Elmer Hagins. Mrs. C. M. Rathel gave the closing prayer.

Refreshments were served to Misses E. H. Carpenter, S. W.

**Flournoy, W. G. Hinson, George
Gabriel, Hunter Wilson, Hagins,
Rathel, Moffett and Singleton.**

**Subwomen Use
Chair As Project**

Mrs. E. J. Lasseter of Dryden Home Demonstration club does not believe in discarding tables that have become uncomfortable and have a "saggy" appearance for she has learned through home demonstration work that old chairs can be given a "new lease on life."

Recently Mrs. Lasseter renovated an occasional chair that had been purchased during the time of World War II when metals were directed to war plants rather than to the furniture factories. The chair received its first introduction to springs in January 1951 when Mrs. Lasseter, with the help of Mrs. Harriette Hatcher, Dickens County Home Demonstration agent, removed all fabric and tacks from the chair and reworked new upholstery webbing on the frame for a foundation for the springs. There were too many coils for the seat in the set of springs that Mrs. Las-

**setter had bought. Some of the
coils were removed and Mrs. Las-
seter found that she had enough
coils for the seat and the back of
the chair.**

By following instructions, Mrs. Lasseter secured the springs to the webbing and frame, properly padded the springs with upholstery moss and cotton padding and applied a new covering of upholstery material. "Believe it or not, she has a chair that is not only nice to look at, but also very comfortable," states Mrs. Hatcher.

**H. D. Club Meets
In Condon Home**

Mrs. John Aston was hostess to the Soldier Mound Home Demonstration club in the home of Mrs. Made Condon recently.

Mrs. Harriette Hatcher, Dickens county home demonstration agent, discussed the correlation of pattern and material in making clothing.

Mrs. Cal Martin and Mrs. T. B. Watson won game prizes. Dainty heart shaped sandwiches, potato chips, pickles, cookies, and coffee were served to Misses T. B. Watson, Henry Grubbs, Dee McArthur, Willie Williams, Marie Buchanan, Floyd Barnett, Ollie Hindman, Cal Martin, Joe McDaniel, Devotie Hord, and the co-hostesses, Misses Aston and Condon.

Mrs. Bachman will be hostess at the group's next meeting on Feb. 15.

**Clothing Program
Given McAdoo Club**

McAdoo Home Demonstration club was entertained in the home of Mrs. Melton McDonald recently.

"Clothing Relation of Materials, Pattern and Purpose" was the program presented by Mrs. Harriette Hatcher, county HD agent.

Games were played and refreshments of cake and coffee were served to guests.

**Recent Bride Is
Shower Honoree**

Mrs. M. B. Welborn, Jr., who was Miss Pansy Turpen before her marriage in November was honored with a miscellaneous shower in the home of Mrs. Nettie Littlefield of Dickens, on February 2.

Mrs. M. B. Welborn of Littlefield and Mrs. Vela Turpen, mothers of the couple, assisted the honoree in greeting guests. Miss Nelora Winkler registered guests at the bride's book.

Miniature sandwiches, nuts, cake, chocolate and coffee were served to approximately 18 guests. Napkins were lettered in silver with "Pansy and M. B."

**Muney-Bolding Vows
Read Last Saturday**

Eddie Ruth Muney of Floydada and D. I. Bolding, Jr., of Wichita Falls, formerly of Spur were married Saturday, February 3, at 4:30 p. m., with Rev. Melvin Rathel of Spur performing a single ring service. The bride is the daughter of Mr. and Mrs. William Edward Muney of Floydada, and the bridegroom is the son of Mr. and Mrs. D. I. Bolding, Sr. of Floydada.

Church decorations were white baskets of gladioli and ropes of lace fern entwined with chrysanthemums, background for the candlelight altar. The bridal aisle was marked by flowers, satin bows and candles.

Miss Ruby Lee Bevil, accompanied by Mrs. C. B. McDonald, organist, sang I Love Thee, Ah, Sweet Mystery of Life and The Lord's Prayer.

The bride, given in marriage by her father, wore a dress of ivory satin, fashioned with rounded neckline of marquisette outlined with seed pearls and clear beads, fitted bodice and train. She wore a single strand of pearls. Her veil fell from a satin cap lined with rows of pearls. Her bouquet was a white orchid surrounded with gardenias and lily of the valley.

Miss Jo Muney was maid of honor. Her ballerina-length dress of orchid marquisette over taffeta had a shirred off-shoulder yoke. Ruffles outlined the bottom of the skirt and the shoulder-line of the bodice. She carried a heart-shaped bouquet of yellow roses.

Bobby Jones of New Orleans, La., was best man. Ushers were L. C. Tanner, Jr., Homer Morris, Bobby Brackman and Loyd McAnally.

Following the ceremony, a reception was held in the home of the bride's parents. A Madeira linen cut work cloth covered the table, centered by a three-tiered wedding cake. Silver appointments and white roses completed table decorations.

For travel to South Texas, Mrs. Bolding wore a pantomime millenium gabardine suit with gray and white accessories and orchid corsage. After Feb. 11, the couple will be at home in Wichita Falls.

The bride attended Texas Technological college and Baylor university. She is former deputy county clerk of Floyd county. Mr. Bolding is a graduate of Baylor university, and is associated with Humble Oil and Refinery company in Wichita Falls. While in Spur, Mr. Bolding was associated with Chandler Funeral Home.

Attending the wedding from Spur were Mr. and Mrs. C. B. Chandler and Rev. and Mrs. Rathel.

and arrangements of ivy were placed throughout the receiving rooms.

Find Molds For Gel Cookery Dishes in Everyday Kitchen Articles

Successful gel-cookery doesn't call for an investment in elaborate
molds. Appetizing dishes made with unflavored gelatine can be molded
in containers found in most every kitchen. A coffee cup can be used to
mold a main dish; mixed vegetables go back into their own can con-
tainer to mold into cylindrical shape. Desserts are molded in an orange
shell custard cup, or a fluted paper cup mold.

Basic Fruit Gelatine
1 envelope unflavored gelatine 1/2 cup sugar
1/2 cup cold fruit juice 1/4 teaspoon salt
1 1/2 cups hot fruit juice
Soften gelatine in cold fruit juice. Add hot fruit juice, sugar and
salt; stir until dissolved. Pour into large or individual molds and chill
until firm. YIELD: 4 servings.
For Tomato Aspic: Omit sugar, increase salt to 1/2 teaspoon; add
1/4 teaspoon onion juice or other seasonings, if desired.
Molded Sea Food: Make Tomato Aspic. When gelatine is slightly
thickened fold in 1 cup cut shrimp, shredded crab meat or tuna.

Gardening Plans Are Popular Now

Seed and nursery catalogues
should be studied and selections
made soon, advises Mary Daggett
Lake in her Star Telegram Gar-
den column. Potted bulbs should
be brought to the light for spring
forcing, and plants inspected often
for insect activity.

Look well to your garden equip-
ment. Oil and groom your tools
much as you would your garden.
No garden can be at its best when
worn-out tools are used; and
certainly the joys of making a
garden are greatly reduced under
such circumstances.

Give careful inspection as soon
as possible to all garden plants,
trees and shrubs. Prune all dead
wood, or living material. Always
use a sharp saw or good sharp
clippers. Do not prune early
flowering shrubs until after they
bloom.

Look well to your orchard
trees and take out dead wood.
It is well to prune roses the lat-
ter part of this month or early in
March, taking out all dead wood
to point of new or living growth.

February is a good month in
which to prune grape vines.

The pioneers had a standing
engagement with Valentine's Day
to plant the first of the early
vegetables. If it has not already
been made, get the vegetable
garden plot in order. Have it
plowed, raked, properly fertilized
and ready for the time of plant-
ing. Remember, that the vegeta-
bles you eat, the milk you drink,
the eggs you consume are only as
good for your body as the prop-
erties that supply these sources.

Hybrid Corn Tests Reveal Two Winners

Results of hybrid corn tests, con-
ducted by the Texas Experiment
station involving about
two dozen varieties of both yellow
and white corn during the 1950
season reveal that Texas 26 and
Texas 28 out-yield other hybrids.

The station's report on tests
however, set out that recom-
mendations for the various sec-
tions of the state should be based
primarily on results for a three-

year period, believed to be more
reliable than for any one year.
The tests were conducted at 18
fairly widely scattered locations
in the state, mostly in the south,
central and northeast. None of
these tests were in the Plains area,
and definite application of results
to this part of the state is not
possible, therefore.

The Texas 26 and 28 are both
yellow corn, and some of the seed
from the two were available to
farmers in 1950 for the first time.
The two are estimated to have
made up about half the seed corn
production this year in the state,
indicating that greatly increased
acreage is possible in 1951.

Dr. John S. Rogers, head of the
station's corn research, says the
two hybrids should do well in
most of Texas corn producing
areas, but they are particularly
recommended for the Blackland
and the Grand Prairies, and for
most of East Texas, although
Texas 20 also gave excellent
yields at Tyler.

Average Yield of Leaders
Average yields covering 11
locations in the state during 1950,
when conditions in most parts
were described as extremely favor-
able for corn production, show-

VA to Pay Dividends On Life Insurance

The Veterans Administration
announced recently it will distri-
bute a \$685,000,000 life insurance
dividend this year starting in
April.

The announcement of the divi-
dend's size has long been awaited
by World War II veterans, holders
of the 8,000,000 National Service
policies, who are eligible for
checks.

VA said the payments will oc-
cur throughout the year on the
policy anniversary dates.
The formula for paying the divi-

idend has not yet been completed.
The amount of each dividend will
vary according to the number of
months the policy was in force,
the plan of insurance, the face
value of the policy and the age of
the holder at the time it became
effective.

However, the average payment
figures out to about \$85, com-
pared with an average of \$175
for the first special dividend, on
which VA started payments in
January 1950.

The new dividend applies to
policies held in force for at least
three months during the period
from 1948 to 1951. It applies to
so-called term policies and to
those which have lapsed or were
terminated by the death of the
policy-holder.

"The Philippine Islands are the
pilot plant of freedom and de-
mocracy in Asia," Carlos P. Romu-
lo, Philippines Foreign Minister.

NEW 1951 Chevrolet

AMERICA'S LARGEST AND FINEST LOW-PRICED CAR!

Yes—refreshingly new...

WITH FINEST QUALITY ALL THE WAY THROUGH!

—with time-proved **POWER Glide**
AUTOMATIC TRANSMISSION

—proved by more than a billion miles of performance
in the hands of hundreds of thousands of owners.
*Combination of Powerglide Automatic Transmission and
105-hp. engine optional on De Luxe models at extra cost.

NEW! AMERICAN BEAUTY DESIGN—Brilliant
new styling... featuring entirely new
grille, fender moldings and rear-end
design... imparting that longer,
lower, wider big-car look which sets Chevrolet apart
from all other cars in its field.

NEW! AMERICA-PREFERRED BODIES BY FISHER
—With new and even more strikingly
beautiful lines, contours and colors...
with extra sturdy Fisher Unisteel con-
struction... Curved Windshield and Panoramic Visi-
bility... all combining for smartness, safety, comfort.

Buy the car that's refreshingly new, and thoroughly
proved, too... the new 1951 Chevrolet!

It's more dependable, more desirable, from its
time-proved Powerglide Automatic Transmission*
for finest no-shift driving and Silent Synchro-Mesh
Transmission for finest standard driving at lowest
cost to its time-proved Valve-in-Head engine per-

NEW! MODERN-MODE INTERIORS—With up-
holstery and appointments of outstand-
ing quality, in beautiful two-tone color
harmonies... and with extra generous
seating room for driver and all passengers on big, deep
"Five-Foot Seats."

NEW! MORE POWERFUL JUMBO-DRUM BRAKES
(with Dual-Life rivetless brake linings)—
Largest brakes in low-price field...
with both brake shoes on each wheel
self-energizing... giving maximum stopping-power
with up to 25% less driver effort.

formance. So powerful and efficient that Valve-in-
Head design is the trend-leader of the industry!

Take one look at the following features—and
then visit our showroom and see Chevrolet for 1951
in all its sterling quality—and you'll know it's
America's largest and finest low-priced car. Better
see it—today!

NEW! SAFETY-SIGHT INSTRUMENT PANEL—
Safer, more efficient... with over-
hanging upper crown to eliminate re-
flections in windshield from instrument
lights... and plain, easy-to-read instruments directly
in front of driver.

NEW! IMPROVED CENTER-POINT STEERING
(and Center-Point Design)—Making steer-
ing even easier at low speeds and while
parking... just as Chevrolet's famous
Knee-Action Ride is comfortable beyond comparison
in its price range.

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

Cook Lauds Dealers For Use of Autos In Driver's Training

"This is the fifth consecutive year we have offered a driver's training course in our high school," stated Supt. C. F. Cook this week. "We sincerely thank Godfrey Smart automobile agency for the four cars which they have furnished us, and each of the other firms for the cars which we have used," added Cook.

The driver's training course is open to high school students and gives credit to those successfully completing the requirements. Under this safety training, a school student may receive his driver's license when only 14 states Cook. Its primary purpose is to teach driver's safety at all times, and to instill a sense of watchfulness and care into the minds of the students.

Cub Badge Awards Presented 16 Scouts

Cub Scouts, Pack 37, presented a pageant, "Rivers of America," at the monthly pack meeting held Feb. 1 in the Legion hut. Paul Marion, cubmaster, directed the program which included a depiction of early Spanish explorers along the Rio Grande by Den 1, cubs dressed as Indians and trappers from Den 2, pioneers and cowboys as played by Den 3, and the modern era portrayal of bridges and motor boats by Den 4.

Cubs who had completed and passed achievements for advancement were presented badges by Raymond Higginbotham, assistant cubmaster. Wolf cub badges were awarded Charles Love, Tim Hurst, Buzzie Jones, William McMahan, Mike McLemore, Jim McAttee, James Bigham, Stanley Irwin, Wayne Roberts, Bobby Belcher, Guy Goen, Jett Connor and Jackie Reagan.

Bear and Lion badges were presented Leslie Albin, along with a certificate of graduation. Dean Duffie, Scoutmaster, made the presentation and extended Albin an invitation to join Scout Troop 37. Bobcat pins were presented at an induction ceremony to Joe Kenneth Watson, Den 2, and Delwin Whitmore, Den 4, making them members of the Pack.

Cubs of Den 3 presented Bob Conner, chairman of the Pack Committee for the past year, a gold Cub Scout loving cup in appreciation for the help and progressive activities which he sponsored. Forest Irwin, assistant cubmaster, made the presentation on behalf of the cubs and their den mother, Mrs. R. A. Conner.

The Eddie Proctor Award, a gold cup dedicated to a memorial to young Proctor who was a Cub Scout of Den 3, was presented for the second time to Den 1, as an award for the highest percentage of parents who attended the Pack meeting. A total of 92 percent of Den 1 parents attended.

Sammy Caudle, new Den Chief, was introduced as head of Den 3. He replaces Donald Phifer who recently moved to Crosbyton. Other Den Chiefs are Donald Snodgrass, Den 1; Bobby Walker, Den 2, and Jerry Whitmore, Den 4.

A hike near the Highway community on Jan. 27 was directed by Marion, Higginbotham, and Bobby Walker. Cubs learned to identify coyote, rabbit and deer tracks and were instructed on how to follow routes in Indian file. Cubs, their fathers and pack leaders will participate in a hike on the Guy Gove ranch north of Dickens on Feb. 28.

W. T. C. C. Members To Meet Next Tues.

ABILENE—(Spe.)—Members of the West Texas Chamber of Commerce from 24 northwest Texas cities will meet Tuesday evening, February 13, in Wichita Falls for a dinner and discussion of the organization's expanded activities and general program of work. H. P. Bladenbath, WTCC president, announced today.

The meeting has been arranged on activities of interest to all and will be held in the Falls chamber of commerce building. Bladenbath said.

Conservation groups in the region have been held during the past 45 days, and the Wichita Falls meeting has been planned to bring together a large number of members to stimulate interest in the work of the organization. It is expected that 400 will attend.

Fred H. Husaband, executive vice president and general manager, will report on the enlarged program of work outlined for the coming year, and on additional staff personnel engaged to work on activities and projects. Community-level services are being emphasized in the objectives to be accomplished in 1951.

J. S. Bridwell, Wichita Falls oil man and leader in soil conservation activities in the area, has been invited to appear on the program. Bridwell is past president of the WTCC and a member of the present executive board. Members in the following cities and towns have been invited: Wichita Falls, Henrietta, Borwick, Gainesville, Denton, Jacksboro, Graham, Olney, Throckmorton, Seymour, Haskell, Iowa Park, Burk Burnett, Electra, Vernon, Quanah, Childress, Paducah, Crowell, Asperment, Knox City, Munday, Rochester and Rule.

Amendments Cited In Social Security Act

The 1950 amendments to the Social Security Act reduced eligibility requirements to about 1 1/2 years of employment, or 6 quarters of coverage for a wage-earner, according to John G. Hutton, manager of the Lubbock office of the Social Security Administration. These quarters may have been earned any time since January 1, 1950. From now until July 1954, 6 quarters of coverage is sufficient for a fully insured status.

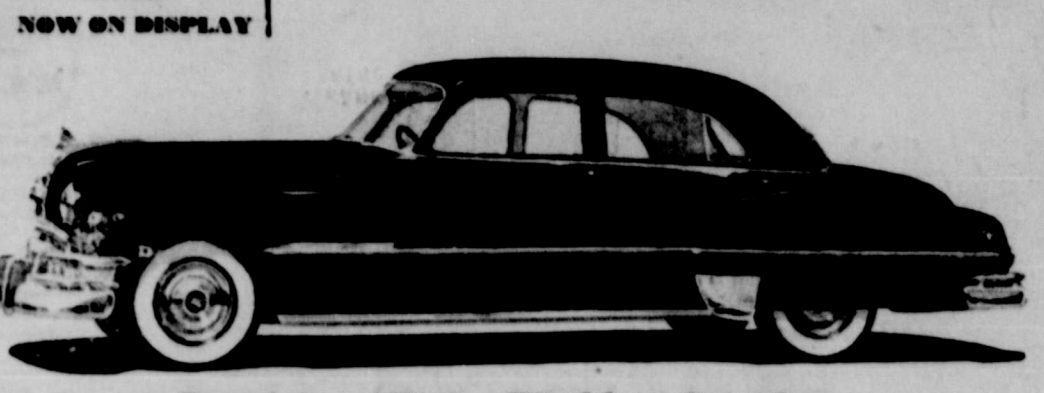

Many individuals who previously could not meet the requirements may now qualify for monthly benefits. "However," Hutton stated, "no benefits are paid to qualified persons until a claim is filed." The benefit payments are not automatic. For those who wish to inquire, a representative of the Lubbock office will be in Spur at the Post Office on February 15, 1951 at 9:30 a. m.

CARD OF THANKS

We wish to acknowledge gratefully our sincere appreciation to everyone for the kindness, sympathy and floral offerings which you showed during the illness and death of our loved one. May God bless you.
