Chamber of Commerce Doings: CHAMBER HOSTS HIGHWAY GROUP; MEET WITH GARZA COUNTY SOON

The Broadway to Big Bend Highway association met June 7, and the Chamber of Commerce acted as hosts with a noon-day luncheon. Several of the delegation were unable to attend the meeting, including Senator Kellmer Corbin who was detained in Austin in final session of the Texas Legislature.

For the past several weeks the Chamber of Commerce has been conducting a price clinic and price specialists from the Lubbock office have been in Spur every Wednesday to assist business men in complying with the OPS Regulations. The clinic will last for approximately six more weeks and will cover every regulation under OPS ceiling. W. C. Pratt, specialist in the Industrial Materials and Manufacturing branch will be in Spur Wednesday morning, June 20, in the Chamber of Commerce office to assist in any regulation covered under OPS.

Baptist VBS Holds Commencement

Commencement exercises were held at the First Baptist Church last night, Wednesday, June 13, as the climax to ten days of Bible study, handcraft and fellowship enjoyed by 184 enrollees in the Baptist Vacation Bible School.

J. Malcolm Edwards, director of the school reported that the school had an average attendance of 141 with the high daily attendance 169. The commencement program was presented at the regular Wednesday night meeting of the church and was presented as a replica of the services which had been held each morning of the school.

Junior Rodeo Sets Fourth Annual Show

Over 300 contestants are expected to compete in the Southwestern Championship Junior Rodeo held annually in Post, this year on August 7-11.

Scientists Advance In Search of Cure

University of Texas scientists have made another advance in the search for a cure of brucellosis—the disease now costing U. S. livestockmen an estimated \$100,000,000 annually.

Funeral Today For Patricia Ann Adams

Funeral services for Patricia Ann Adams, 7-year old daughter of Mr. and Mrs. C. R. Adams of Dickens, who died in a local hospital Wednesday, will be held at 3 p. m., today, June 14, in Soldier Mound church.

LOCAL PASTOR, WIFE ATTENDING CONVENTION

Rev. and Mrs. C. Melvin Rathel left Spur Monday night for San Francisco, California where they will attend the Southern Baptist Convention.

ARCHITECTS, BOARD TO MEET FOR HOSPITAL DISCUSSION

Architects, the board of commissioners, and the hospital board for the City of Spur hospital, will meet at 7:30 Tuesday night for the purpose of discussing and making changes on the planned construction.

Miss Corolla Rector, daughter of Mr. and Mrs. Jack Rector, will serve as student director of "House of Bernarda Alba" to be presented Friday and Saturday at TSCW.

"Ladies Day" To Be Held At Spur Pool

"Ladies Day" will be observed next Tuesday by the Spur Municipal Swimming Pool from 9:00 until 11:00 a. m., it was announced this week by the managers, Neal A. Chastain, Junior Cook and Joe Simpson.

Methodist Bible School Closes Here

Daily Vacation Bible school at First Methodist church closed Wednesday evening when 71 certificates were awarded to beginners, primaries and juniors enrolled in the school.

Band Boosters To Meet Monday Night

Spur Band Boosters organization will hold a regular meeting at 8 p. m., Monday, in the Primary auditorium, states Mrs. George Gabriel, publicity chairman.

Vegetables In Home Freezer Aid Meal

Leave room in your home freezer for plenty of fruits and vegetables, says Mrs. Harriette Hatcher, Co. H. D. agent. The nutritive value and flavor of frozen foods are nearer that of fresh products than any other means of preservation, the specialist adds.

Star Thomas Mitchell a Treasury Minute Man

ACTOR JOINS DEFENSE DRIVE — Thomas Mitchell, stage and screen star, right, becomes a Minute Man to promote U. S. Defense Bonds. Here he is being presented at Washington, D. C., with a design for the new Minute Man T-shirt to be worn by Defense Bond volunteers.

They Chose U. S. Defense Bonds

America's Lincoln-Mercury salesman chose Defense Bonds in a nationwide poll recently as sales contest awards in preference to a four-city luxury trip. Here, New Orleans dealer, Tom W. Dutton (left), presents special thanks and a card of congratulations from Verdon L. Clark, National Director of the Savings Bonds Division to winner Jerry Broom and Ed H. Barber.

Kent County Rodeo Slates Four Shows

Kent County's Fifth Annual Amateur rodeo opened last night for the first of four performances at the Davis Rodeo Grounds.

Old Settlers Reunion Slated For June 28-29

The Dickens Picnic and Old Settlers' Reunion will be held June 28-29 in Dickens, it was announced today.

Girard Grocery Has Store Room Fire

Damage to the Girard grocery store owned by Pete Shaver which was damaged by fire about 5 a. m. Wednesday, was set at \$400, stated A. J. Harvey, one of the 10 Spur firemen who answered the call.

OPS Price Lists Due In Tomorrow

All businesses offering retail services to the public—from auto repairs to zither repairs—must file a list of ceiling prices before June 15, the Lubbock district Office of Price Stabilization reminded today. The address is 1202 Texas Avenue, Lubbock, Texas.

On the same date, lists of ceiling prices must be posted where customers can plainly see them, OPS added. These requirements are called for by Ceiling Price Regulation No. 34. It applies to all service trades—barbers, dry cleaners, laundries, washateria, shoe repair shops, beauty shops, service stations, parking lots, etc. Operators of such businesses need only to write down a list of

the highest prices charged for each service between December 1950, and January 25, 1951. They must mail one copy to the Lubbock OPS office at 1202 Texas Avenue, Lubbock, Texas, and display another copy in the place of business. Any question regarding this regulation should be addressed to the district OPS. Meanwhile next Monday, June 18, ceiling prices of beef must be posted for all consumers to

see in retail meat shops, the district office at Lubbock reminds all butchers and consumers. At the same time cuts must be displayed with the various grades in separate trays and with each tray tagged. This is the first of three price postings. On August 1, retailers, as well as wholesalers and slaughterers, will put into effect lower beef prices. On October 1 still lower beef prices will become effective. Every consumer has the right to see these prices and the right of complaint on any violation. Price reports required from manufacturers must be sent to the Office of Price Stabilization, Washington, 25, D. C., not to District Offices, OPS has announced. These reports, made on OPS Public Form No. 3, are now required by July 2 from manufac-

turers of consumer goods and under ceiling Price Regulations 22 and 30, OPS points out. Registered mailing with return receipt requested is recommended for this form. OPS pointed out that it is to the advantage of manufacturers to file Form 8 quickly, since any adjustment due to cost changes cannot be made until 15 days after the date of the OPS receipt posted June 18. Statistics show that between 1940 and 1948 there were 17,906 fatal farm mishaps in the United States, with the greatest number, 3,338, occurring to persons 60-69 years old, and the least number, 615, to those 5 to 9 years old.

POWER-PACKED -and then some!

There are a lot of reasons you can expect a new GMC to keep hauling a lot longer than any other truck you can buy.

First is the fact of horsepower. Whether it's a gasoline-powered 1/2- to 2-tonner with horsepower unbeaten in its class, or one of the new heavy-duty Diesels—you can't beat a GMC for "go"!

But the extra value you find in these great trucks doesn't end at the power plant.

There's the smooth GMC Synchro-Mesh Transmission linked to a sharp-shooting drive line, pouring every ounce of power back to the rugged rear axle. And the solid way horsepower becomes wheel-action—you know there's extra depth of truck performance engineered right down through a GMC's broad-shouldered frame!

And standing guard over these long-time trucks are husky brakes with more area than most—the surest, easiest steering ever devised to direct a pay load home—all controlled from a spacious "Six-Footer" Cab that's Weathersealed for a lifetime.

GMC's come in the widest range of engine-body-chassis combinations to fit any trucking need. The prices? No better, buy anywhere! Come see for yourself.

RICKELS MOTOR CO.

You'll do better on a used truck with your GMC dealer

DEVOTIONAL READING: John 10:7-15

Not to Be Served

Lesson for June 10, 1951

There are at least three ideas of what religion is, and two of them are wrong if Jesus was right.

To put this more correctly: All three ideas have some truth in them, but if either the first or the second is taken as the main and only truth, then religion goes wrong; while Christ's truth carries in itself all the truth the others have.

Dr. Foreman

Religion Is Not Retreat

First of these wrong ideas about religion is that it is a retreat from the world, a private conference between God and the soul—and nothing more.

People holding this idea have literally fled from the world; they have lived as hermits; they have taken vows of silence and not spoken to a living soul for years on end, they have lived in little shut-in communities devoted to contemplation and prayer.

Now the relation between God and the soul is extremely important. Prayer and contemplation are the very atmosphere of religion, and the Christian ought always to be truly separate from the world. But retreating to a cell won't answer. Nobody is any better for taking a vow of silence.

Jesus was not that kind of person. His apartness from the world was not marked by a brick wall, but by his being a different kind of person, in the world.

Religion Is Not a Guarantee

Another wrong idea about religion is that it is a means of gain. Being religious is supposed to be a sure way of getting what you want. It means getting God on your side, it means having all your prayers answered, it means prosperity and success.

Surely no one could study the story of Jesus and come away with that notion in his head! Jesus got neither health, wealth, popularity nor success out of being what he was and doing what he did. The most respectable citizens regarded him as a wicked man; his property was only the clothes he wore; he is known to us as a "man of sorrows and acquainted with grief"; as for success, it is written that "he came to his own, and his own received him not."

Well, some one will ask, do you mean to say there is nothing in being a Christian? Don't you get anything at all out of it? That is a fair question.

Yes, there is everything to be gained; but not in that money-making, happiness-guaranteeing fashion. The person who "goes in for religion" hoping to advance his own interests, is still only a selfish man; and selfishness and Christianity are just crosswise.

Not To Be Served

The third idea is in Jesus' words: "The son of man came not to be served but to serve, and to give his life a ransom for many." And as one of his great followers said: "As he is, so are we in this world." (1 John 4:17.)

This is the ideal of service, in its deepest, widest sense; and it takes in both those other ideals of religion. One of the best ways of serving others is to pray for them, as Jesus did. One of the best things we can do for others is to live as close to God as we can. But as Jesus himself said: "For their sakes I dedicate myself."

It is true, also, that something is to be gained from religion; but nothing that a selfish, greedy, money-loving person can understand. As one of the great creeds expresses it, the "benefits of redemption" are assurance of God's love, peace of conscience, increase of grace, and perseverance therein to the end.

These are priceless, but no one can understand such things or even wish for them so long as he is a self-loving person. Jesus served men's bodies and minds, he taught and healed; but deeper than this, he came to save men—save them from their worst selves, bringing them out from slavery of sin, into the freedom of God.

So the Christian who wants to know the full meaning of his religion will, like his Master, so far as he can find opportunity, serve others' needs in every way he can. And the best service one person can do for another, after all, is to introduce him to Christ.

Go to church Sunday

Gift Suggestions For **Father's Day.**

CHOOSE ONE OF OUR FINE VAN HEUSEN SHIRTS \$3.49 up PLAIN OR FRENCH CUFFS

Remember Dad with a distinctive dress shirt from our laundry-wise collection in quality broadcloth. Choose from many popular styles at this special low price.

Endurance

others talk about it, but

MERCURY Proves it!

Facts Prove it!

YES, OFFICIAL REGISTRATIONS PROVE THAT 92% OF ALL MERCURYS EVER BUILT FOR USE IN THIS COUNTRY ARE STILL ON THE ROAD!

Extra Durability—Mercury's heavy-gauge, all-steel body and frame has special "bridge-type" bracing, reinforcing, welding—to withstand hard use.

Less Maintenance—Mercury engine features like "controlled finish" cylinder walls, "full-flow" cooling, and chrome-plated top piston rings help assure top performance for thousands of extra miles.

Miles Prove it!

YES, MILE AFTER MILE OF TESTING—UNDER WORST POSSIBLE DRIVING CONDITIONS—PROVES MERCURY'S AMAZING DURABILITY.

The Mercury you see in showrooms is built to withstand rougher handling than you will probably ever give it. Every part of the Mercury—the chassis, body, steering assembly, the "Hi-Power Compression" engine—is test proven to serve, to perform, to last years longer than you'd ever expect!

3-WAY CHOICE! Mercury now proudly makes available a triple choice in transmissions. Merc-O-Matic Drive, the new simpler, smoother, more efficient automatic transmission—or thirty Touch-O-Matic Overdrive are optional at extra cost. There's also silent-ease standard transmission.

It's proof that may astonish you, but it's no surprise to Mercury owners. They know the dependability of their cars—the brawny frames, powerful engines, sturdy bodies. They know about the economy that took first-in-class honors two years in a row in Mobilgas Economy Run. They know about low upkeep, too! And your Mercury dealer can tell you his experience regarding resale value. He'll show you why your Mercury's value stays up—and he'll even prove it with used car market reports. Just one more way you save with the great new Mercury!

Holiday Warnings Issued For July 4

Independence comes high. Many Americans bought it with the price of their lives in the Revolution and many more have died since to preserve it. It is written into the Constitution and into the hearts of the American people.

Americans will never question the value of independence, but it is time for all of us to weigh the price we pay each year just to celebrate it.

Last year, when the Fourth of July provided a four-day weekend holiday for many persons, the accident death toll hit an all-time high of 793. Traffic accidents alone took 491 lives. Other mis-

cellaneous accidents, such as drowning and fire, claimed 302. The calendar will save lives this year, since the Fourth falls in mid-week, bringing only a one-day holiday for most persons. But even so this annual celebration of our national independence will bring tragedy and death to many Americans.

The traffic accident death toll already is up 10 per cent this year. Add to that the heavy travel and recreational activity of a holiday and the Fourth remains on the nation's danger day list.

With traffic accident deaths now numbering more than 971,000—and the millionth victim expected in December, according to the National Safety Council—it is time for Americans to apply voluntary controls to accidents.

Since the invention of the au-

tomobile, the number of Americans killed in traffic accidents is nearly twice the number of patriots killed in all the nation's wars.

The Constitution guarantees every man liberty and independence. In America no one questions anyone's right to go wherever he pleases to celebrate independence Day, or any other holiday, but level-headed Americans are questioning the right of a minority to endanger the lives of the majority.

The police alone cannot curb accidents without the wholehearted support of the nation's motorists—this very people whose lives are at stake.

There is much talk today about preserving the American way of life. If we are to preserve American lives we must set up voluntary controls over carelessness.

Summer Care For Infants Discussed

"Being a baby is a real hazard in either winter or summer but much can be done to avoid or at least lessen some of these hazards that are associated with hot summer days," declared Dr. Geo. W. Cox, State Health Officer. Summer is the season in which death from intestinal disorders has in the past exacted its greatest toll.

"To guard the infant against such danger, care must be taken that his food, especially milk is pure and kept safe. If there is any uncertainty concerning the water supply, the baby should drink only water which has been boiled and cooled and kept covered. The baby and all his food must be protected against flies.

"Baby himself and all the things which he comes in contact should be kept as clean as possible. Plenty of fresh air and sunshine are essential for the best health of the infant. The baby's body should be gradually exposed to the direct rays of the sun; begin with exposure of only part of the skin surface for three to five minutes and slowly increase the area of skin and time once or twice daily.

"Care must be taken to keep the baby free from prickly heat by keeping the skin clean and not too warmly dressed or covered. If the baby is comfortable he will get his usual amount of sleep and will eat and develop normally. In case the child shows symptoms of any abnormal condition, the family physician should be consulted at once."

Cucumbers are one of the oldest known vegetables, believed to have originated in India, or the East Indies, and a favorite vegetable before the days of the Greeks and Egyptians.

NEW UNDER THE SUN

CHICAGO—For those who scoff that there's really nothing new under the sun, here is the "lingerie look" in beachwear. From Marshall Field & Company, this sun favorite features a negligee-type organdy beachcoat and a figure-molding latex bathing suit.

Secretary Snyder Presents Bonds in Atlanta

Atlanta, Ga.—Secretary of the Treasury John W. Snyder, right, officially opened the first Bond drive in the national emergency by selling a bond to a blast-furnace worker at steel mill ceremonies here.

Culpepper Circle Has Royal Service Meet

A Royal Service program was held by members of Culpepper circle of First Baptist W.M.U. in the home of Mrs. Bill Glenn Monday evening.

Mmes. Malcolm Edwards, C. P. Scudder, Stella Morrow and John Reid gave the program, and Mrs. C. A. Fagan gave the devotional. Present were Mmes. Dewey Ijames, W. C. Gruben, Lester English, Lem Walden, Edwards, Scudder, Fagan, Morrow, Reid and the hostess, Mrs. Glenn.

Dollar for Dollar you can't beat a Pontiac

A Beautiful Long-Time Investment!

We admit that one of the very important attractions of this new Silver Streak Pontiac is its captivating appearance. Nearly everyone says it's a really beautiful car. But if Pontiac didn't have something in addition to its beauty, it couldn't possibly be in such tremendous demand today. That additional something is Pontiac's famous depend-

ability. Talk to any Pontiac owner and you'll hear a wonderful story of months and years and thousands of enjoyable miles with an absolute minimum of routine service attention. Add them together—beauty, performance and dependability—you'll realize that Dollar for Dollar You Can't Beat a Pontiac—a beautiful long-time investment.

**Here's 180 Horsepower...
on regular grade gas—Now!**

It's always interesting to hear about future-looking experiments with new super engines to run on new super-octane fuels...someday.

But it's even more interesting to hear today's real life, on-the-highway talk about Chrysler's new super-performing FirePower engine. FirePower takes any regular grade gas you care to buy... and adds its own

180 HORSEPOWER Here's the new Hemispherical Combustion Chamber that's the heart of Chrysler FirePower. Its new, designed-in "mechanical octanes" make regular grade gas do what best premium grades can't do in any other engine you can drive today!

new mechanical octanes to the power-giving octanes of the gasoline itself. The result is 180 horsepower performance such as no other passenger car built in the U.S. today can equal.

If you haven't driven Chrysler FirePower yet, your Chrysler dealer invites you to do so now. It's the most revolutionary engine in 27 years. It offers highway satisfaction and safety such as you've never known.

And it's a sounder engine other ways than any other on the road. Its new design keeps it almost completely carbon-free. It is smooth and quiet... but also rugged

and strong and free from need for great attention and repair.

Now remember that this same new Chrysler offers you the new Hydraguide power steering*... plus the amazing new rough-road stability of Oriflow shock absorbers... plus Water-Proof Ignition, and Vacuum-Ease Chrysler Cyclebonded super-brakes... then come see what we mean when we say the car of your tomorrow is right here for you to drive... today, and for years to come!

*Hydraguide regular on Crown Imperials, optional at extra cost on other Imperial and New Yorker models.

Chrysler FirePower
finest engine ever put in an automobile
RICKELS MOTOR CO.
Spur, Texas

An open letter to O. M. McGinty, Spur, Texas.

Mr. O. M. McGinty,
Spur, Texas

Dear Oscar:

It is with deep regret that we accept your resignation as chairman and member of the Dickens County Livestock Show committee.

The nine years you served as chairman of this committee, the stock show has grown from about twelve animals and seven or eight boys participating, to a show of 125 animals owned and exhibited by at least 75 boys. This progress is largely due to your untiring efforts to make each show a little bigger and better than the last one.

We believe that no one in Dickens County or the State of Texas for that matter has had the interest of the boys at heart any more than you have had these past nine years. We recall that on many occasions you have left work undone on your farm and ranch to take boys on encampments, stock-shows and other places in the interest of youth development.

Yes there has been an unjustified prejudice developed against your sons participating in community activities and contests. However the basis of this prejudice is wholly a case of adult delinquency and not a boy or youth delinquency. As usual a minority of sideliners who thrive on alibies for their own failures incubate these untruths. We are glad that less than one percent of the people in this county entertained any such prejudice.

We will miss you at our regular meetings and have valued your council most highly in the past. We expect to call on you from time to time to assist in this worthwhile endeavor. We know you will continue to give of your time and efforts.

Putman - Thomason Vows Read at Home

Miss Ina Kay Putman became the bride of Darrell Mack Thomason in a ceremony read at 4 p. m., June 10, in the home of the bride's parents, Mr. and Mrs. B. K. Putman of Highway community.

Bro. Dennis of McAadoo, minister of the Church of Christ, officiated.

Parents of the bridegroom are Mr. and Mrs. Earl Thomason of Highway community.

Mrs. Jimmie Hahn was matron of honor, and Larry Smith served as best man. Mrs. Ted Smith and Miss Ann Putman sang.

The bride, given in marriage by her father, wore a multi-colored imported silk street length dress, and carried a corsage of white gladioli atop a white Bible. Her accessories were white. For something old and blue, she carried a crepe-de-chine handkerchief belonging to her mother, her dress was new, and her Bible was borrowed from the groom's sister, Linda Thomason. She wore a penny in her shoe for good luck.

Out-of-town guests were Mrs. Ben Henderson, grandmother of the bride and Mrs. Phillip Kays and daughter of Vernon; Mr. and Mrs. Buster Smith of Azle; Mr. and Mrs. Leslie Armstrong and children of Olton, and Larry Hahn Lubbock. Other guests, special friends of the bride, were Misses Glenda Jones and Shirley Randall, Mr. and Mrs. M. E. Tree, Mr. and Mrs. Jimmie Hahn and Neida, Mr.

and Mrs. Clark Morgan, Mr. and Mrs. Ted Smith and Carey, and members of the groom's family, Mr. and Mrs. Earl Thomason and children, Mr. and Mrs. J. W. Thomason and Janice Lynn, Mr.

and Mrs. Loyd Thomason and Mrs. Walter Thomason.

After a short trip the couple will live in the home of the bride's parents. Mr. Thomason is farming the Putman farm.

Idell Kimmel Wed In Clovis Service

Announcement is being made of the marriage of Miss Idell Kimmel, daughter of Mr. and Mrs. C. C. Kimmel of Dickens, to Sgt. Les D. Bagwell of Camp Hood. The couple was married at 11:15 p. m., Sunday, in Clovis, New Mexico.

Mrs. Bagwell is a former student of Spur schools and has been employed in Spur. Sgt. Bagwell will report for overseas duty this week.

Bridal Shower Is Compliment To Mrs. Harry H. Jung In Link Home

Complimenting a recent bride, May 12. Mrs. Harry H. Jung, Jr., seven ladies were hostesses at a bridal shower from 4 to 6:30 o'clock last Friday evening. Mrs. Jung was Miss Virginia McNeill before her marriage on

Table arrangements of daises were placed throughout the house, while a large basket of yellow mums and white daisies stood on the entrance porch. Assisting the honoree in greeting guests were her mother, Mrs. J. R. McNeill, and grandmother, Mrs. J. C. McNeill, and Mrs. Link. Ann Hull was also a member of the house party. A nique centerpiece shaped like a mammoth daisy was centered with tufted yellow yarn encircled by white satin petals. Yellow ribbon streamers ran to corners of the serving table which

was covered with a dark green cloth. Frosted lime punch was served with individual lime frosted cakes, each topped with daisy confections. Members of the house party wore daisy corsages, and long stemmed daisies were plate favors.

Alathean Class Has Progressive Dinner

Members of the Alathean class of First Baptist church held a progressive dinner at 7:30 o'clock Tuesday evening. The group met first in the home of Mrs. Foy Vernon, 917 West Harris, and were served tomato juice cocktails. The main course followed in the church annex, where chicken, potato salad, buttered peas, hot rolls and iced tea were served. Dessert of ice cream and cake was served in the home of Mrs. Floy Watson, north of Spur.

Musical games were played at each stop. Attending were Meses. C. L. Lindsey, J. W. Waggoner, J. L. Garner, Darrell Grogan, Stuart Hickam, C. W. Barclay, S. W. Flournoy, Thurmond Morrow, John Belle Gibson, Ann Bishop, Bailey Kimmel, Elmer D. Hagins, O. R. Claude, Ab Bingham, A. C. Aldredge, E. D. Engleman, M. H. Bragg, Vernon, Watson and Miss Faye Middlebrooks.

Afton Club Has Recent Meetings

Members of the Afton home demonstration club held two meetings recently. Mrs. A. C. Martin entertained the group on May 30, featuring on the program a demonstration of laying and cutting plaid and striped dress material. Mrs. Harriette Hatcher, county HD agent, explained that there are four different types of plaids, and showed methods of cutting each correctly. Mrs. T. L. Turbeville and Miss Eva Collier showed short cuts on bed making. Refreshments were served to Meses. Eva Braddock, Byron Haney, W. A. Avara, T. L. Turbeville, Curtis Goodwin, Bill Ligon, Pearl Randolph, Irene Blasingame, Rena Clifton, Hatcher, Martin and Miss Collier. A program, "When we buy cereals" was given by Mrs. Gib Ragland when the members met June 6 in the home of Mrs. Paul Braddock. Nutritional value and cost of popular cereals were discussed. Refreshments were served to Meses. Turbeville, Vurl Hinson, Haney, Goodwin, Ragland, Braddock and Miss Collier.

Mrs. Jack Gordon Is Party Honoree

Mrs. R. F. Smith was hostess to friends and neighbors of Mrs. Jack Gordon last Sunday at a birthday party held in the Gordon home in the Highway community. The honoree was celebrating her 43rd birthday. Following the presentation of gifts, fellowship was enjoyed by guests. Refreshments were served to Mr. and Mrs. Homer Hill, Mr. and Mrs. Alva Earl Smith and sons, Mr. and Mrs. Loyd Hindman, Mr. and Mrs. Paul Hotchco, Mr. and Mrs. Pickens, Mr. and Mrs. R. F. Smith, parents of the honoree, and Meses. Ethel Ballard, Homer Hill, R. J. Hairgrove and granddaughters, and Dea Hairgrove and son, Michael Mr. and Mrs. Gordon and children and Faydell.

June Bride-elect Is Shower Honoree

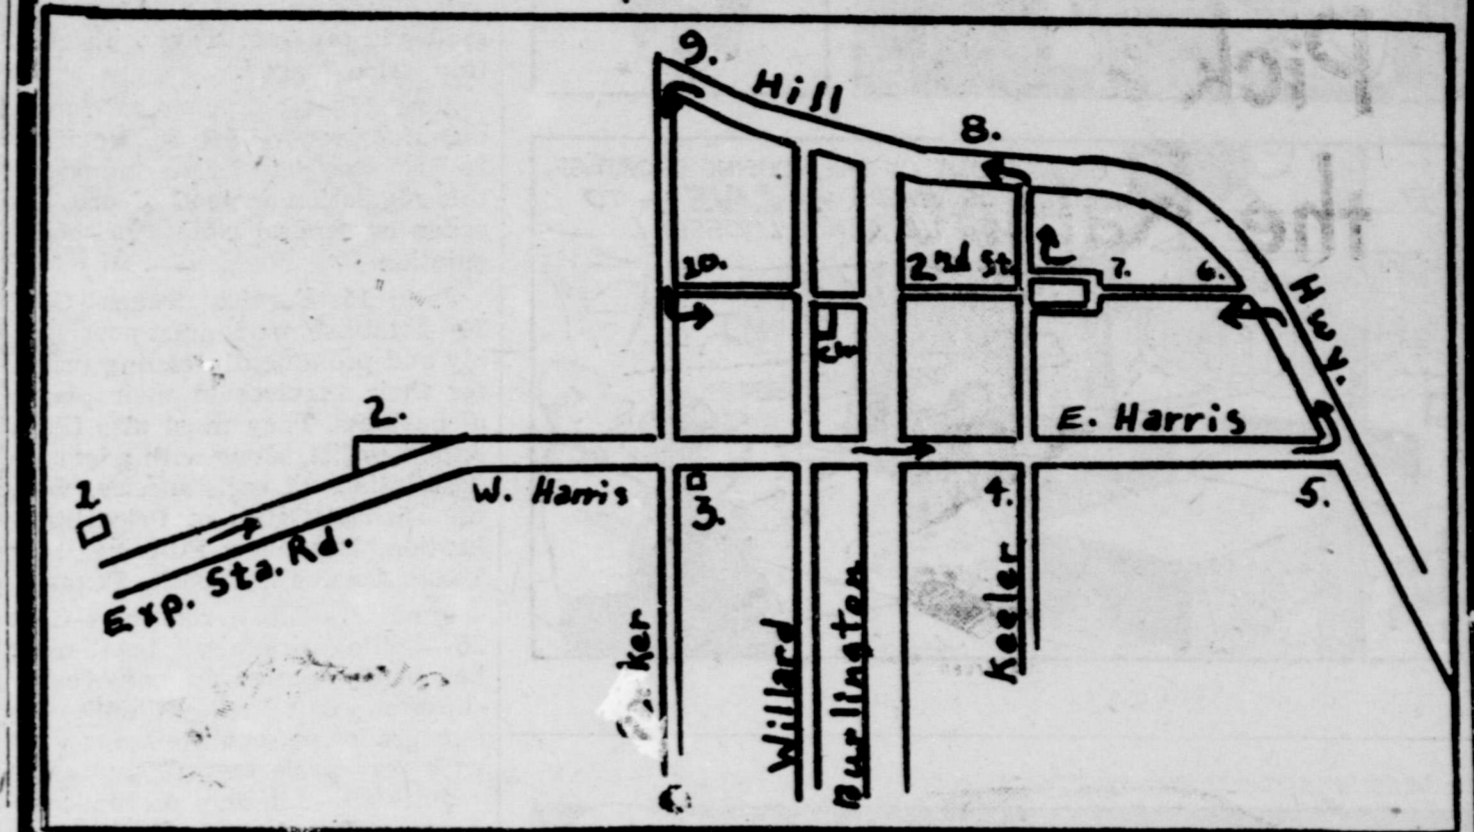

As a pre-bridal courtesy to Miss Arlene Wilson, who will marry Billy Wyatt on June 21 a shower was given from 4 to 6 o'clock Tuesday in the home of Mrs. George Link. Hostesses were Meses. W. F. Gilbert, E. S. Lee, L. D. Ratliff, E. D. Engleman, Coy McMahan and Link. Mrs. L. S. Wilson, mother of the bride-elect, Mrs. D. B. Ince, her grandmother, Mrs. Bill Wyatt, mother of the prospective bridegroom, the honoree and Mrs. Mrs. Link were in the receiving line. A basket arrangement of blue cornflowers centered the white cloth covered table. Punch was served with cup cakes which were placed in lacy baskets bearing a small card on each handle inscribed, "Arlene and Bill, June 21." Meses. Ratliff and Lee served guests, and Mrs. McMahan presided at the bride's book, a gift of Miss Myra Ratliff. Approximately 200 persons called and sent gifts.

Sunday Ceremony Weds Dallas Girl And William Gollihar of Spur

William Paize Gollihar, son of Mr. and Mrs. Paige E. Gollihar of Spur and Miss Martha Jane Barnes, daughter of Mrs. Loretta Barnes, 5903 La Vista, Dallas were wed Sunday in Dallas. The marriage was solemnized at 5 p. m. in the Munger Place Church, Rev. Howard H. Hollowell of Oak Cliff Methodist Church, Dallas, officiated. Wedding music was furnished by Mrs. Blant Burford, soloist, and Mrs. George C. Cockran, organist. The double ring ceremony was performed before an altar banked with greenery which formed a background for white gladioli and white tapers. The bride, who was given in marriage by her brother, Joe C. Barnes, wore a wedding gown of white embroidered organza over taffeta. It was fashioned with a high pointed collar, and the fitted bodice had long sleeves ending in points over the hand and a slender point at the waist. Joining this was an immense ballerina length skirt shirred at the waistline and worn over a hoop to accent the fullness. Her short veil of illusion was

PLENTY DEGREES COOLER INSIDE

These folks are enjoying something that's being pioneered by Buick. It's freedom from the blinding glare of bright summer sunlight. It's freedom from hot laps—caused by the sun's rays beating down through the broad expanse of windshield. These freedoms trace to a new feature you may have noticed in '51 Buicks—a new kind of glass with a cool, soft, blue-green tint, in every glass area of the car, front, side and back. Buick engineers tell us that this "Buick first" reduces glare 18% over conventional glass—cuts sun heat as much as 45%—and Buick engineers are very conservative fellows. This glare-and-heat-reducing Easy-eye glass is factory-installed at moderate extra charge. It gives you a built-in transparent "sun visor" right in the windshield—and it also dulls the dazzle of oncoming headlights at night. As we've said, this is something Buick owners were the first to enjoy. It takes

its place with such exclusives as the valve-in-head Fireball Engine—coil springs on all four wheels—the firm power linkage of torque-tube drive—and the magic of Dynaflo.* As we've also said—rather modestly—"Smart buy's Buick." Come in soon and find out what an understatement that really is.

*Optional at extra cost—available on most models. (Not presently available in California and Massachusetts.)

No other car provides all this:

- DYNAFLOW DRIVE* • FIREBALL ENGINE
- 4-WHEEL COIL SPRING • DUAL VENTILATION
- PUSH-BAR FOREFRONT • TORQUE-TUBE DRIVE
- WHITE-GLOW INSTRUMENTS • DREAMLINE STYLING
- BODY BY FISHER

When better automobiles are built BUICK will build them

ARTHRITIS

Hundreds Claim Its Grip Broken!

Dear Friend: Do you have Arthritis? Have you a relative or friend that is suffering from this painful, distressing ailment? I came upon a simple remedy, that ended by long search and battle to rid myself of Arthritis. I had teeth pulled, tonsils out, serum shots, electric fever treatments, special built shoes, hot baths, pills and salves. The Arthritis withstood them all, an examination in several of the best known clinics could detect nothing. Finally, I discovered Sulgly-Minol. Today, after seven months I am more free of pain and soreness than at any time in twenty years. Can work ten hours a day, with nothing more than tired feet. Legs, hips, back, neck and arms are practically free of pain and soreness. This has cost me less than six dollars. This is all I did, and all you will have to do to try Sulgly-Minol. Just rub it on the soles of both feet before going to bed. A bottle will last about a month and will be enough to tell whether it will help. It helps, keep it up for a month, and after that, just as you feel. If my feet feel sore from too much activity, I rub some on for a night or two. In my opinion, the benefits of Sulphur are more sure and complete on the soles of the feet. The results obtained have been acclaimed by many as a Godsend.

1. (d) Billiards
 2. (c) Lone Star (Texas)
 3. (a) Surname
 4. (b) Retired because of age.

O. P. S. Executive Issues Time-Table

The following list of dates, drawn up by Price Executive C. J. Taylor of the Lubbock district Office of Price Stabilization, provides a time-table for compliance with regulations of the Office of Price Stabilization.

The list schedules the effective dates of ceiling prices and other actions of wide general interest.

June 11—Kosher beef retailers—CPR 26—Ceiling prices of Kosher beef must be posted in stores and cuts displayed with various grades in separate trays with each tray price tagged.

June 11—Wool yarn and fabric manufacturers—CPR 18, Revision 1—Effective date for pricing under this regulation instead of original order or general ceiling price regulation.

June 15—Service trades—CPR 34—Establishments must post visibly and prominently ceiling prices for their services in their places of business. They must also file a duplicate list, along with adequate descriptions of each service, with the District Office of Price Stabilization, Broadway Building, 1202 Texas Avenue, Lubbock, Texas.

June 15—Meat retailers—CPR 25—Ceiling prices of beef must be visibly posted in non-Kosher stores and cuts displayed with various grades in separate trays with each tray price tagged.

June 30—Retailers of consumer goods—CPR 1—Sales of items covered by this regulation cannot be made unless OPS has acknowledged receipt of retailer's pricing chart.

July 1—Retailers of consumer goods—CPR 7—Last date of marking and tagging items with ceiling prices.

July 2—Manufacturers—CPR 22—Ceiling prices under general manufacturers regulations go into effect. Last date for filing form 8 reports with OPS, Washington.

July 2—Furniture and bedding—CPR 22, Suppl. Reg. 2—Last date for filing cover grade charts and form 8 reports with OPS, Washington, by makers.

July 2—Machinery and related manufactured goods—CPR 30—and supplementary regulations—

Giant Parade Climaxes Atlanta Defense Day

The largest parade since the world premiere of "GONE WITH THE WIND," seen by an estimated 125,000, culminated Defense Day ceremonies here. More than 3,500 people marched in the parade which featured 16 vehicles and 15 military bands. Atlanta Defense Day opened the Nation's first Defense Bond drive in the national emergency.

Ceiling prices effective. Last date for filing form 8 reports with OPS, Washington.

July 2—Primary cotton textile manufacturers—CPR — ceiling prices effective. Last date for filing reports on first yarn or fabric to be priced in each category and/or report on item of largest dollar volume.

NOTE: Manufacturers covered by CPR 22, 30 and 37 were permitted to begin pricing under these regulations as early as May 23, any increased prices, however, may only be put into effect after 15 days' notice to OPS.

July 15—Importer-Retailer—CPR 31—Effective date for determining and filing pricing date on imports. Sellers who failed to start pricing as of time of filing.

Aug. 1—Beef slaughterers, wholesalers, retailers—CPR 23, 24, 25, 26—Reduction, about 4½ per cent below May 20, in prices slaughterers permitted to pay for beef cattle; new lower wholesale and retail beef ceiling prices in effect.

Aug. 1—Restaurants and taverns—CPR 11—Last date for bringing prices in compliance; ad-

justments must be made if not in compliance.

Oct.—Beef slaughterers, wholesalers, retailers—CPR 23, 24, 26—Third reduction, about 4½ per cent below August 1, in prices slaughterers may pay for beef cattle; new lower wholesale and retail beef ceiling prices in effect.

Soil Research Aided By Chemistry Now

Expansion of the soil testing service of the A. & M. College of Texas to make possible the analysis of 100 samples daily was an outstanding development in soil research facilities in 1950. The testing service which was assigned to the Extension Service for operation, determines the organic matter (from which the nitrogen is computed), available phosphoric acid, potash and lime, together with the lime requirement to bring the soils to appropriate reactions and soluble salts. Information gathered from the analy-

sis is the basis for recommendations by M. K. Thornton, Extension agricultural chemist, to farmers submitting samples.

Meanwhile, the specialist encouraged increased applications of sulphur and gypsum on alkali soils in order to improve their physical characteristics. While 4,097 tons of sulphur were used on this type of soil during the year, particularly in the western part of the state, use of gypsum was less than had been hoped for. But toward the year end arrangements were made with a producing concern to manufacture and distribute agricultural gypsum. During 1950, however, the specialist gave fifteen farm demonstrations in the use of gypsum for improving soil structure. In the same period 50,000 tons of limestone were applied on 6,318 Texas farms but more would have been used had transportation been available.

Years of demonstrational teaching by Extension Service specialists and field personnel has firmly fixed soil improvement prac-

tices in the pattern of Texas agriculture. Use of phosphorous, potash and mixed fertilizers, especially in association with legume cover crops, is not only an accepted principal of profitable farming but appears to be gaining adherents. In 1950, for example, 196,040 tons of twenty percent superphosphate or its equivalent were applied to Texas farms and ranches under the Production and Marketing Administration program. But interested farmers bought enough on the open market to raise the state's total purchases of superphosphate to 228,286 tons.

The major part of the phosphate tonnage went under legumes with a considerable portion of the remainder on pastures. The Extension agricultural chemist points out that use of phosphate in the farming systems stems directly from demonstrations conducted through the TVA system in the early 1930's.

Potash is being used increasingly for pastures, soil improvement and larger crop yields; and

the 16,769 tons of 0-14-7 applied to pastures and legume crops under the PMA program was considerably larger than the volume used the preceding year. At the same time, the 0-12-12 type also found larger usage. Potash in the phosphate-legume program contributed to reduction of rust on cotton and to increased yields. Root rot was fought in 82 counties with 6,089 demonstrations of Hubam clover and mellilotus indica as proved treatment for reduction of the infection.

As late as 1841 buffaloes were found in immense herds near Temple, Texas, by Kendall, member of the ill-fated Santa Fe expedition in that year.

English peas did not originate in England, but are native to Central Asia, and have been cultivated as long ago as 2,000 B. C.

TIME FOR SELF-ANALYSIS

By Morton Clausen

(EDITOR'S NOTE: Morton Clausen was for many years editor and publisher of the Hamilton (Illinois) Press)

As we listen to foreign visitors exclaim with wonder at the marvels of America, it often occurs to us that possibly we, ourselves, are overlooking something vital about this land of ours. Do we really understand the underlying causes for this greatness so envied by other nations?

Too often when we attempt comparison between this and other countries we stop at our material superiority, our superb mechanization, our high standard of living, the vastness and riches of our natural resources, and the many "conveniences" which by standards other than ours are high luxuries.

With equal superficiality we enumerate our virtues: We are ambitious—we want to better ourselves materially and intellectually. We have pride, and that pride has made us keenly competitive—we want to have and accomplish more than our neighbor.

These traits, among others, have made us a creative and inventive people, and each new invention has broadened our vistas and sharpened our sense of adventure. In our lexicon of achievement nothing is impossible. We refuse to accept individual and collective defeat as an ultimate.

Yet, people in other lands are ambitious, have pride, are competitive and creative, have a sense of adventure and do not easily accept defeat. These are fundamental human drives and urges subject to neither climate nor geographical locations.

Nor does America have a corner on the world's natural resources. They are scattered fairly evenly throughout the earth, including many yet to be discovered and put to use by the inventive genius of man.

The difference is that in America the individual

has been free to expand his initiative and ingenuity, unhampered by frustrating laws, edicts and directives. By and large he has been his own master, unencumbered by social, civic and political deterrents. Under a representative form of government he became master of his social economic and political destiny, and thereby developed a higher sense of responsibility and restraint toward his fellow citizens.

In America he was allowed a religious freedom that developed tolerance toward all creeds, and a spiritual wisdom that enabled him to evaluate morality beyond race or creed. His growing human compassion expressed itself in material generosity and acceptance of the good rather than the evil in the human being.

At this juncture in the development of America—perhaps on the very eve of a new world-concept for this nation—there arose within our midst new and persuasive leaders of many false concepts. As we listen to them we begin to doubt old concepts, and in our confusion we became indifferent and willing to compromise.

Today we are beginning to realize that there are some things with which, if we are to survive as free men and a free nation, we cannot and must not compromise. Through such compromise, in the short span of the last twenty years, we have already lost many of the freedoms and liberties for which our forefathers gave their lifeblood.

No nation ever faced a more momentous hour of crisis than does America today. Without our borders a ruthless, formidable foe is preparing to annihilate us in his ambitious aim of world conquest. Within our borders lie the paralyzing forces of greed, crime, corruption, false ideologies, public apathy and indifference.

But this is also America's hour of triumph and glory. As we have learned to thrill to the magnificence of achievement, so we now thrill to the enormity of the task ahead.

As we dedicate ourselves to that task, we somehow feel that those who went before us shall not have lived and died in vain.

The wood-duck, unlike most holes of tree-trunks like the woodpecker, sometimes taking over the surface feeding ducks, nests in pecker, sometimes taking over the old nest of a woodpecker.

Wage Increases Are Okayed In Base Pay

Employers who increased wages after January 15, 1950, to comply with the 75c minimum of the amended Labor Standards Act may incorporate those increases into their base pay period level for the purpose of figuring allowable increases under the 10% formula set up by the National Wage Stabilization Board.

That was announced recently by P. D. Riley, supervisor of the Fort Worth office of Wage and Hour Division of the U. S. Department of Labor, which acts as a field office for the Wage Stabilization Board in Washington. Mr. Riley said a good many questions concerning the matter had been received.

General Wage Regulation 6 limited allowable pay increases to 10% above the level of January 15, 1950, or to 10% above any other allowable base pay period.

But employers who want to incorporate their Fair Labor Standards Act increases into their base pay period level must obtain advance approval of the Board before making such a change, he said. Petitions for such approval should be submitted on form WS-6 (b) to the Wage-Hour field office at 1109 Burk Burnett Building in Fort Worth.

It is unlawful for any employer to pay, and for any employee to

receive, any wage, salary, or other compensation in violation of the regulations.

"When Congress enacted the Defense Production Act of 1950, it provided that illegal wage or salary payments may be disallowed by the Government as an expense calculating deductions under the U. S. revenue laws or when determining costs or expenses under any other law or regulation," Mr. Riley said.

In addition, the Act provides for criminal penalties which subject both employers and employees who willfully violate the Act to a fine of not more than \$10,000, or imprisonment of not more than one year, or both.

Party Honors Two Leaving For Service

Miss Doris Cornelius entertained several young people at a farewell party recently in the home of Mr. and Mrs. Bert Cherry of Spur.

The event was in honor of Troy Smith, son of Mrs. Marvin Alexander, and Glen Cherry, who left May 21 for service with the U. S. Marine Corps.

The boys are now stationed at San Diego, California, until they complete boot training.

New Poster Magnifies Opportunity's Knock

YOUR BONDS ARE BETTER THAN EVER!

- The Series E Bonds You Own Mature 10 Years After Purchase.
- You Get 77% More Than Your Original Investment If You Hold Matured Series E Bonds 10 Years Longer.
- Cash in Full Any Time You Need It!

\$75 + 20 YEARS = \$133.33

This is the new U. S. Treasury Department poster that will call the national attention to the fact that bonds are better than ever. It points out to holders of maturing Series E bonds that by continuing to hold their Defense Bonds an additional ten years, they will realize 77% more than their original investment over a twenty-year period.

NOTICE OF SALE OF REAL ESTATE UNDER EXECUTION

The State of Texas
County of Dickens
WHEREAS, by virtue of an order of sale issued out of the District Court of Dickens County, Texas, on a judgment rendered in said court on the 17th day of May A. D. 1951, in favor of the said O. W. Young and against the said Ola Mildredge Blanton, No. 2148 on the Docket of said Court, I did, on the 4th day of June A. D. 1951, at 11 o'clock A. M. levy on the following described real estate described in said order of sale and in said judgment, as follows, to-wit:
Being all of Lot No. 1, in Block No. 5, of the Freeman Addition to the town of Spur, in Dickens County, Texas, as shown by the map or plat of said town now on file in the office of the County clerk of said Dickens County, Texas, belonging to said Ola Mildredge Blanton:
And on the 3rd day of July A. D. 1951, being the first Tuesday of said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M. on said day, at the court house door of said county I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said Ola Mildredge Blanton in and to said property.
Dated at Dickens, this 4th day of June, A. D. 1951.
C. C. KIMMEL, Sheriff of Dickens County, Texas.
Anna Ruth Speer, Deputy 33-3tc.

NOTICE TO BIDDERS

Notice is hereby given that the commissioner's Court of Dickens County, will in a special called meeting at the regular meeting place, in the courthouse at Dickens, Texas, on 29 June, 1951 Meet to consider bids on the following described road machinery:
One Used Motorgrader. This machine to be powered with diesel engine developing at least 70 Brake H. P. Blade and all other controls to be operated hydraulically. Tires must be 14.00x20. All around, machine to be equipped with scarifier cab and two (2) moldboard extensions.
The county will offer in trade one used Allis Chalmers HD-10 Diesel tractor with bulldozer attached. It is the intention of the court to purchase this machine by means of a lease contract payable in yearly payments of \$1000.00 with interest at the rate of 4% per annum, if any bid be accepted. All bids to be made as required by law.
By W. H. Hindman
County Judge. 34-2tc

NOTICE TO BIDDERS

At 2 o'clock P. M. on June 29th, 1951 the Girard Independent School District of Girard, Texas will receive sealed bids for the purchase of the 114 by 54 feet, two story common red brick school building, consisting of eleven classrooms and an auditorium, 70 windows and all wood flooring, situated in the town of Girard, in Kent County, Texas. Inspection will be permitted at any time prior to the time for the closing of bids. No real estate is to be sold with building and purchaser will be required to dismantle building and remove the same from school property at his own expense within 90 days following June 29th, 1951. Bids will be received by M. H. Galbreath, Superintendent of Schools, at his office in Girard, Texas. The Girard Independent School District reserves the right to reject all bids.
M. H. Galbreath, Superintendent of Girard Independent School District, P. O. Box 107, Girard, Texas. 34-2tc

NOTICE TO BIDDERS

Sealed Bids will be received in the office of Superintendent of schools, Girard, Texas on June 29, 1951 at 2:00 p. m. o'clock on 1942 Dodge school Bus, 30 seating capacity being offered for sale. This equipment may be seen at Girard School, Girard, Texas. Bid proposals may be secured by contacting M. H. Galbreath at Girard, Texas. 34-2tc

CARD OF THANKS

We of the S. J. Hickman family who lost our home by fire, wish to thank each and every one of our many friends, who gave so willingly. With help like you

people have given us we are able to begin housekeeping more quickly than we ever thought. We could not realize that we had so many friends until we were in need, and we realize that you have helped from the bottoms of your hearts. Friends like you make life worth living. May God richly bless you.
The S. J. Hickman family.

Chamber of Commerce Doings: CHAMBER HOSTS HIGHWAY GROUP; MEET WITH GARZA COUNTY SOON

The Broadway to Big Bend Highway association met June 7 and the Chamber of Commerce acted as hosts with a noon-day luncheon. Several of the delegation were unable to attend the meeting, including Senator Kellmer Corbin who was detained in Austin in final session of the Texas Legislature.

Charles W. Roberts of Andrews, secretary of the association, made an informative speech to an audience of 26 people and stressed the importance of this extensive highway project and emphasized that it will take our full cooperation and hard work to attain this vital highway. Mr. Roberts originated the idea of this Big Bend highway and has worked hard to see it completed segment by segment.

Junior Rodeo Sets Fourth Annual Show

Over 300 contestants are expected to compete in the Southwestern Championship Junior Rodeo held annually in Post, this year on August 7-11.

Funeral Today For Patricia Ann Adams

Funeral services for Patricia Ann Adams, 7-year-old daughter of Mr. and Mrs. C. R. Adams of Dickens, who died in a local hospital Wednesday, will be held at 3 p. m., today, June 14, in Soldier Mound church.

LOCAL PASTOR, WIFE ATTENDING CONVENTION

Rev. and Mrs. C. Melvin Rathel left Spur Monday night for San Francisco, California where they will attend the Southern Baptist Convention.

ARCHITECTS, BOARD TO MEET FOR HOSPITAL DISCUSSION

Architects, the board of commissioners, and the hospital board for the City of Spur hospital, will meet at 7:30 Tuesday night for the purpose of discussing and making changes on the planned construction.

Miss Cerola Rector, daughter of Mr. and Mrs. Jack Rector, will serve as student director of "House of Bernarda Alba" to be presented Friday and Saturday at TSCW.

V. F. W., City Drug Drop One Game Each County Is Host To Cap Rock Bar Group

The City Softball league was plunged into a four-way tie this week with City Drug and the V. F. W., last week's leaders, dropping games to Phillips "66" and the Fireboys, respectively.

Sunday School Bus Sponsored By Local Brotherhood Group

Sponsored by the Brotherhood of the First Baptist Church, there will be a Sunday School Bus run each Sunday morning to bring to church anyone who is not at present attending church services on Sunday morning because of lack of transportation, according to Bill Gleason, president of the organization.

G. B. Goodall Rites In Girard Church

Funeral services for George B. Goodall, 73, were held at 4 p. m., Wednesday, in the Girard Baptist church. Rev. Lee Hollis, assisted by Rev. Lee Vaughn, Rev. Vernon Hagar and Rev. J. E. Peters conducted services.

Girard Grocery Has Store Room Fire

Damage to the Girard grocery store owned by Pete Sherer which was damaged by fire about 5 a. m. Wednesday, was set at \$400, stated A. J. Harvey, one of the 10 Spur firemen who answered the call.

American Mother of 1951

Mrs. Mary T. Martin Sloop, Crossmore, North Carolina, American Mother of 1951, is shown as she was presented with the millionth copy of the "American Mother of 1951" Picture Cook Book.

Fred Kinney snuffed a last inning rally staged by the V. F. W. in the opener Tuesday night to bring the fireboys out with a 7-6 win.

The Baptist Brotherhood held battling practice in the night cap Tuesday night to bring the Phillips "66" team back into the cellar with them by an 18-3 score.

Next Tuesday night Phillips "66" meets Proctor's and the V. F. W. plays City Drug.

A record attendance saw Tuesday night's game. Attendees are expected to remain up the remainder of the schedule since, even though the season is half over, it is still possible for even the cellar teams to work up into the play offs.

4-H Girls Attend Leuders Meeting

Four 4-H girls, one adult leader and the home demonstration agent from Dickens county attended the District III 4-H Encampment at Leuders, June 4, 5, and 6, according to Mrs. Harriette J. Hatcher, Dickens County Home Demonstration agent.

Sales Are Banned From Houston Firm

The United States District Court at Houston, Texas, on June 1, 1951 issued injunctions against ATLAS T. V. STORES, INC., and ATLAS SEW-VAC STORES, INC., two corporations with home offices in Houston, Texas.

OPS Price Lists Due In Tomorrow

All businesses offering retail services to the public—from auto repairs to zither repairs—must file a list of ceiling prices before June 15, the Lubbock district Office of Price Stabilization reminded today. The address is 1202 Texas Avenue, Lubbock, Texas.

On the same date, lists of ceiling prices must be posted where customers can plainly see them, OPS added. These requirements are called for by Ceiling Price Regulation No. 34. It applies to all service trades—barbers, dry cleaners, laundries, washermen, shoe repair shops, beauty shops, service stations, parking lots, etc. Operators of such businesses need only to write down a list of

the highest prices charged for each service between December 1950 and January 23, 1951. They must mail one copy to the Lubbock OPS office at 1202 Texas Avenue, Lubbock, Texas, and display another copy in the place of business. Any question regarding this regulation should be addressed to the district OPS. Meanwhile next Monday, June 18, ceiling prices of beef must be posted for all consumers to

see in retail meat shops, the district office at Lubbock reminds all butchers and consumers. At the same time cuts must be displayed with the various grades in separate trays and with each tray tagged. This is the first of three price postings. On August 1, retailers, as well as wholesalers and slaughterers, will put into effect lower beef prices. On October 1 still lower beef prices will become effective. Every consumer has the right to see these prices and the right of complaint on any violation. Price reports required from manufacturers must be sent to the Office of Price Stabilization, Washington, 25, D. C., not to District Offices, OPS has announced. These reports, made on OPS Public Form No. 8, are now required by July 2 from manufac-

turers of consumer goods and under ceiling Price Regulations 22 and 30, OPS points out. Registered mailing with return receipt requested is recommended for this form. OPS pointed out that it is to the advantage of manufacturers to file Form 8 quickly, since any adjustment due to cost changes cannot be made until 15 days after the date of the OPS receipt posted June 18.

Statistics show that between 1940 and 1948 there were 17,906 fatal farm mishaps in the United States, with the greatest number, 3,338, occurring to persons 60-69 years old, and the least number, 615, to those 5 to 9 years old.

POWER-PACKED

-and then some!

There are a lot of reasons you can expect a new GMC to keep hauling a lot longer than any other truck you can buy.

First is the fact of horsepower. Whether it's a gasoline-powered 1/2- to 2-tonner with horsepower unbeaten in its class, or one of the new heavy-duty Diesels—you can't beat a GMC for "go"!

But the extra value you find in these great trucks doesn't end at the power plant.

There's the smooth GMC Synchron-Mesh Transmission linked to a sharp-shooting drive line, pouring every ounce of power back to the rugged rear axle. And the solid way horsepower becomes wheel-action—you know there's extra depth of truck performance engineered right down through a GMC's broad-shouldered frame!

And standing guard over these long-time trucks are husky brakes with more area than most—and the surest, easiest steering ever devised to direct a pay load home—all controlled from a spacious "Six-Footer" Cab that's Weathersealed for a lifetime.

GMC's come in the widest range of engine-body-chassis combinations to fit any trucking need. The prices? No better buy anywhere! Come see for yourself.

Not to Be Served

Lesson for June 10, 1951

THERE are at least three ideas of what religion is, and two of them are wrong if Jesus was right. To put this more correctly: All three ideas have some truth in them, but if either the first or the second is taken as the main and only truth, then religion goes wrong, while Christ's truth carries in itself all the truth the others have.

Religion Is Not Retreat
FIRST of those wrong ideas about religion is that it is a retreat from the world, a private conference between God and the soul—and nothing more.

People holding this idea have literally fled from the world, they have lived as hermits, they have taken vows of silence and not spoken to a living soul for years on end, they have lived in little shut-in communities devoted to contemplation and prayer.

Now the relation between God and the soul is extremely important. Prayer and contemplation are the very atmosphere of religion, and the Christian ought always to be truly separate from the world. But retreating to a cell won't answer. Nobody is any better for taking a vow of silence.

Jesus was not that kind of person. His apartness from the world was not marked by a high wall, but by his being a different kind of person, in the world.

Religion Is Not a Guarantee
ANOTHER wrong idea about religion is that it is a means of gain. Being religious is supposed to be a sure way of getting what you want, it means getting God on your side, it means having all your prayers answered, it means prosperity and success.

These are priceless, but no one can understand such things or even wish for them so long as he is a self-loving person. Jesus served men's bodies and minds, he taught and healed; but deeper than this, he came to save men—save them from their worst selves, bringing them out from slavery of sin, into the freedom of God.

So the Christian who wants to know the full meaning of his religion will, like his Master, so far as he can find opportunity, serve others' needs in every way he can. And the best service one person can do for another, after all, is to introduce him to Christ.

Go to church Sunday

Surely no one could study the story of Jesus and come away with that notion in his head! Jesus got neither health, wealth, popularity nor success out of being what he was and doing what he did.

The most respectable citizens regarded him as a wicked man, his property was only the clothes he wore; he is known to us as a "man of sorrows and acquainted with grief"; as for success, it is written that "he came to his own, and his own received him not."

Well, some one will ask, do you mean to say there is nothing in being a Christian? Don't you get anything at all out of it? That is a fair question.

Yes, there is everything to be gained; but not in that money-making, happiness-guaranteeing fashion. The person who "goes in for religion" hoping to advance his own interests, is still only a selfish man; and selfishness and Christianity are just crosswise.

Not To Be Served
THE third idea is in Jesus' words: "The son of man came not to be served but to serve, and to give his life a ransom for many." And as one of his great followers said: "As he is, so are we in this world." (1 John 4: 17)

This is the ideal of service, in its deepest, widest sense; and it takes in both those other ideals of religion. One of the best ways of serving others is to pray for them, as Jesus did. One of the best things we can do for others is to live as close to God as we can. But as Jesus himself said: "For their sakes I dedicate myself."

It is true, also, that something is to be gained from religion; but nothing that a selfish, greedy, money-loving person can understand. As one of the great creeds expresses it, the "benefits of redemption" are assurance of God's love, peace of conscience, increase of grace, and perseverance therein to the end.

These are priceless, but no one can understand such things or even wish for them so long as he is a self-loving person. Jesus served men's bodies and minds, he taught and healed; but deeper than this, he came to save men—save them from their worst selves, bringing them out from slavery of sin, into the freedom of God.

So the Christian who wants to know the full meaning of his religion will, like his Master, so far as he can find opportunity, serve others' needs in every way he can. And the best service one person can do for another, after all, is to introduce him to Christ.

A Gift From Gabriel's Is A Gift That Pleases

Gabriel's
Spur, Texas

Endurance

others talk about it, but

MERCURY Proves it!

3-WAY CHOICE! Mercury now proudly makes available a triple choice in transmissions. Merc-O-Matic Drive, the new synchro, smoother, more efficient automatic transmission—or Hurly Tack-O-Matic Overdrive are optional at extra cost. There's also about every standard transmission.

It's proof that may astonish you, but it's no surprise to Mercury owners. They know the dependability of their cars—the brawny frames, powerful engines, sturdy bodies. They know about the economy that took first-in-class honors two years in a row in Mobilgas Economy Run. They know about low upkeep, too! And your Mercury dealer can tell you his experience regarding resale value. He'll show you why your Mercury's value stays up—and he'll even prove it with used car market reports. Just one more way you save with the great new Mercury!

Standard equipment, accessories, and tire inflated are subject to change without notice.

YES, WHILE AFTER HOURS OF TESTING—UNDER WORST POSSIBLE DRIVING CONDITIONS—PROVES MERCURY'S AMAZING DURABILITY. The Mercury you see in showrooms is built to withstand rougher handling than you will probably ever give it. Every part of the Mercury—the chassis, body, steering assembly, the "Hi-Power Compression" engine—is test proven to serve, to perform, to last years longer than you'd ever expect!

THE OFFICIAL REGISTRATION PROVE THAT 90% OF ALL INCIDENTS EVER NOTED FOR USE IN THE COUNTRY ARE STILL ON THE ROAD!

Facts Prove it!

Miles Prove it!

FACTS: Durability—Mercury's heavy-gauge, all-steel body and frame has special "bridge-type" bracing, reinforcing, welding—to withstand hard use. Low Maintenance—Mercury engine features the "controlled flash" cylinder walls, "full-flow" cooling, and chrome-plated top piston rings help assure top performance for thousands of extra miles.

Try it today—**MERCURY** For the buy of your life!

Holiday Warnings Issued For July 4

Independence comes high. Many Americans bought it with the price of their lives in the Revolution and many more have died since to preserve it. It is written into the Constitution and into the hearts of the American people. Americans will never question the value of independence, but it is time for all of us to weigh the price we pay each year just to celebrate it. Last year, when the Fourth of July provided a four-day weekend holiday for many persons, the accident death toll hit an all-time high of 793. Traffic accidents alone took 491 lives. Other mis-

cellaneous accidents, such as drowning and fire, claimed 302. The calendar will save lives this year, since the Fourth falls in mid-week, bringing only a one-day holiday for most persons. But even so this annual celebration of our national independence will bring tragedy and death to many Americans. The traffic accident death toll already is up 10 per cent this year. Add to that the heavy travel and recreational activity of a holiday and the Fourth remains on the nation's danger day list. With traffic accident deaths now numbering more than 971,000—and the millionth victim expected in December, according to the National Safety Council—it is time for Americans to apply voluntary controls to accidents. Since the invention of the au-

tomobile, the number of Americans killed in traffic accidents is nearly twice the number of patriots killed in all the nation's wars. The Constitution guarantees every man liberty and independence. In America no one questions anyone's right to go wherever he pleases to celebrate Independence Day, or any other holiday, but level-headed Americans are questioning the right of a minority to endanger the lives of the majority. The police alone cannot curb accidents without the wholehearted support of the nation's motorists—this very people whose lives are at stake. There is much talk today about preserving the American way of life. If we are to preserve American lives we must set up voluntary controls over carelessness.

Summer Care For Infants Discussed

"Being a baby is a real hazard in either winter or summer but much can be done to avoid or at least lessen some of these hazards that are associated with hot summer days," declared Dr. Geo. W. Cox, State Health Officer. Summer is the season in which death from intestinal disorders has in the past exacted its greatest toll. "To guard the infant against such danger, care must be taken that his food, especially milk is pure and kept safe. If there is any uncertainty concerning the water supply, the baby should drink only water which has been boiled and cooled and kept covered. The baby and all his food must be protected against flies. "Baby himself and all the things which he comes in contact should be kept as clean as possible. Plenty of fresh air and sunshine are essential for the best health of the infant. The baby's body should be gradually exposed to the direct rays of the sun; begin with exposure of only part of the skin surface for three to five minutes and slowly increase the area of skin and time once or twice daily. "Care must be taken to keep the baby free from prickly heat by keeping the skin clean and not too warmly dressed or covered. If the baby is comfortable he will get his usual amount of sleep and will eat and develop normally. In case the child shows symptoms of any abnormal condition, the family physician should be consulted at once."

Cucumbers are one of the oldest known vegetables, believed to have originated in India, or the East Indies, and a favorite vegetable before the days of the Greeks and Egyptians.

NEW UNDER THE SUN

CHICAGO—For those who seek that there's really nothing new under the sun, here is the "lingerie look" in beachwear. From Marshall Field & Company, this sun favorite features a negligee-type organdy beachcoat and a figure-molding latex bathing suit.

Secretary Snyder Presents Bonds in Atlanta

Atlanta, Ga.—Secretary of the Treasury John W. Snyder, right, of today opened the first Bond drive in the national emergency by selling a bond to a blast-furnace worker at steel mill ceremonies here.

Culpepper Circle Has Royal Service Meet
A Royal Service program was held by members of Culpepper circle of First Baptist W.M.U. in the home of Mrs. Bill Glenn Monday evening. Mmes. Malcolm Edwards, C. P. Seudder, Stella Morrow and John Reid gave the program, and Mrs. C. A. Fagan gave the devotional. Present were Mmes. Dewey James, W. C. Gruben, Lester English, Lem Walden, Edwards, Seudder, Fagan, Morrow, Reid and the hostess, Mrs. Glenn.

**Here's 180 Horsepower...
on regular grade gas - Now!**

NEW YORKER NEWPORT

It's always interesting to hear about future-looking experiments with new super engines to run on new super-octane fuels...someday.

But it's even more interesting to hear today's real life, on-the-highway talk about Chrysler's new super-performing FirePower engine. FirePower takes any regular grade gas you care to buy... and adds its own

180 HORSEPOWER Here's the new Hemispherical Combustion Chamber that's the heart of Chrysler FirePower. Its new, designed-in "mechanical octane" makes regular grade gas do what best premium grades can't do in any other engine you can drive today!

new mechanical octanes to the power-giving octanes of the gasoline itself. The result is 180 horsepower performance such as no other passenger car built in the U.S. today can equal.

If you haven't driven Chrysler FirePower yet, your Chrysler dealer invites you to do so now. It's the most revolutionary engine in 27 years. It offers highway satisfaction and safety such as you've never known. And it's a sounder engine other ways than any other on the road. Its new design keeps it almost completely carbon-free. It is smooth and quiet... but also rugged

and strong and free from need for great attention and repair.

Now remember that this same new Chrysler offers you the new Hydralguide power steering... plus the amazing new rough-road stability of Oriflow shock absorbers... plus Water Proof Ignition, and Vacuum-Ease Chrysler Cyclebonded super-brakes... then come see what we mean when we say the car of your tomorrow is right here for you to drive... today, and for years to come!

*Hydralguide requires an Over Engine, optional of extra cost on other imported and New Yorker models.

finest engine ever put in an automobile

DRICKELS MOTOR CO.

Spur, Texas

An open letter to O. M. McGinty, Spur, Texas.

Mr. O. M. McGinty,
Spur, Texas

Dear Oscar:

It is with deep regret that we accept your resignation as chairman and member of the Dickens County Livestock Show committee.

The nine years you served as chairman of this committee, the stock show has grown from about twelve animals and seven or eight boys participating, to a show of 123 animals owned and exhibited by at least 75 boys. This progress is largely due to your untiring efforts to make each show a little bigger and better than the last one.

We believe that no one in Dickens County or the State of Texas for that matter has had the interest of the boys at heart any more than you have had these past nine years. We recall that on many occasions you have left work undone on your farm and ranch to take boys on encampments, stock-shows and other places in the interest of youth development.

Yes there has been an unjustified prejudice developed against your sons participating in community activities and contests. However the basis of this prejudice is wholly a case of adult delinquency and not a boy or youth delinquency. As usual a minority of sideliners who thrive on alibies for their own failures incubate these untruths. We are glad that less than one percent of the people in this county entertained any such prejudice.

We will miss you at our regular meetings and have valued your council most highly in the past. We expect to call on you from time to time to assist in this worthwhile endeavor. We know you will continue to give of your time and efforts.

Putman - Thomason Vows Read at Home

Miss Ina Kay Putman became the bride of Darrell Mack Thomason in a ceremony read at 4 p. m. June 10, in the home of the bride's parents, Mr. and Mrs. B. K. Putman of Highway community.

Bro. Dennis of McAdoo, minister of the Church of Christ, officiated.

Parents of the bridegroom are Mr. and Mrs. Earl Thomason of Highway community.

Mrs. Jimmie Hahn was matron of honor, and Larry Smith served as best man. Mrs. Ted Smith and Miss Ann Putman sang.

The bride, given in marriage by her father, wore a multi-colored imported silk street length dress, and carried a corsage of white gladioli atop a white Bible. Her accessories were white. For something old and blue, she carried a crepe-de-chine handkerchief belonging to her mother, her dress was new, and her Bible was borrowed from the groom's sister, Linda Thomason. She wore a penny in her shoe for good luck.

Out-of-town guests were Mrs. Ben Henderson, grandmother of the bride and Mrs. Phillip Kays and daughter of Vernon; Mr. and Mrs. Buster Smith of Ayle; Mr. and Mrs. Leslie Armstrong and children of Olton, and Larry Hahn Lubbock. Other guests, special friends of the bride, were Misses Glenda Jones and Shirley Randall, Mr. and Mrs. M. E. Tree, Mr. and Mrs. Jimmie Hahn and Neida, Mr.

and Mrs. Clark Morgan, Mr. and Mrs. Ted Smith and Carey, and members of the groom's family, Mr. and Mrs. Earl Thomason and children, Mr. and Mrs. J. W. Thomason and Janice Lynn, Mr.

and Mrs. Loyd Thomason and Mrs. Walter Thomason.

After a short trip the couple will live in the home of the bride's parents. Mr. Thomason is farming the Putman farm.

mel, daughter of Mr. and Mrs. C. C. Kimmel of Dickens, to Sgt. Les D. Bagwell of Camp Hood. The couple was married at 11:15 p. m., Sunday, in Clovis, New Mexico.

Mrs. Bagwell is a former student of Spur schools and has been employed in Spur. Sgt. Bagwell will report for overseas duty this week.

Idell Kimmel Wed In Clovis Service

Announcement is being made of the marriage of Miss Idell Kimmel.

Bridal Shower Is Compliment To Mrs. Harry H. Jung In Link Home

Complimenting a recent bride, May 12. Mrs. Harry H. Jung, Jr., seven ladies were hostesses at a bridal shower from 4 to 6:30 o'clock last Friday evening. Mrs. Jung was Miss Virginia McNeill before her marriage on

Table arrangements of daisies were placed throughout the house, while a large basket of yellow mums and white daisies stood on the entrance porch. Assisting the honoree in greeting guests were her mother, Mrs. J. R. McNeill, and grandmother, Mrs. J. C. McNeill, and Mrs. Link. Ann Hull was also a member of the house party. A nuptial centerpiece shaped like a mammoth daisy was centered with tufted yellow yarn encircled by white satin petals. Yellow ribbon streamers ran to corners of the serving table which

was covered with a dark green cloth. Frosted lime punch was served with individual lime frosted cakes, each topped with daisy confections. Members of the house party wore daisy corsages, and long stemmed daisies were plate favors.

Alathean Class Has Progressive Dinner

Members of the Alathean class of First Baptist church held a progressive dinner at 7:30 o'clock Tuesday evening. The group met first in the home of Mrs. Foy Vernon, 917 West Garner, and were served tomato juice cocktails. The main course followed in the church annex, where chicken, potato salad, buttered peas, hot rolls and iced tea were served. Dessert of ice cream and cake was served in the home of Mrs. Floy Watson, north of Spur.

Musical games were played at each stop. Attending were Meses C. L. Lindsey, J. W. Waggoner, J. L. Garner, Darrell Grogan, Stuart Hickam, C. W. Barclay, S. W. Flournoy, Thurmond Morrow, John Belle Gibson, Ann Bishop, Bailey Kimmel, Elmer D. Hagins, O. R. Cloude, Ab Bingham, A. C. Aldridge, E. D. Engleman, M. H. Bragg, Vernon, Watson and Miss Faye Middlebrooks.

Afton Club Has Recent Meetings

Members of the Afton home demonstration club held two meetings recently. Mrs. A. C. Martin entertained the group on May 30, featuring on the program a demonstration of laying and cutting pleated and striped dress material. Mrs. Hattie Hatcher, county HD agent, explained that there are four different types of pleats, and showed methods of cutting each correctly. Mrs. T. L. Turbeville and Miss Eva Collier showed short cuts on bed making.

Refreshments were served to Meses. Eva Braddock, Byron Haney, W. A. Avara, T. L. Turbeville, Curtis Goodwin, Bill Ligon, Pearl Randolph, Irene Blasingame, Rena Clifton, Hatcher, Martin and Miss Collier.

A program, "When we buy cereals," was given by Mrs. Gib Ragland when the members met June 6 in the home of Mrs. Paul Braddock. Nutritional value and cost of popular cereals were discussed. Refreshments were served to Meses. Turbeville, Yurl Hinson, Haney, Goodwin, Ragland, Braddock and Miss Collier.

Mrs. Jack Gordon Is Party Honoree

Mrs. R. F. Smith was hostess to friends and neighbors of Mrs. Jack Gordon last Sunday at a birthday party held in the Gordon home in the Highway community. The honoree was celebrating her 43rd birthday. Following the presentation of gifts, fellowship was enjoyed by guests. Refreshments were served to Mr. and Mrs. Homer Hill, Mr. and Mrs. Alva Earl Smith and sons, Mr. and Mrs. Loyd Hindman, Mr. and Mrs. Paul Hotcho, Mr. and Mrs. Pickens, Mr. and Mrs. R. F. Smith, parents of the honoree, and Meses Ethel Ballard, Homer Hill, R. J. Hairgrove and granddaughters, and Dee Hairgrove and son, Michael. Mr. and Mrs. Gordon and children and Faydell.

June Bride-elect Is Shower Honoree

As a pre-bridal courtesy to Miss Arlene Wilson, who will marry Billy Wyatt on June 21, a shower was given from 4 to 6 o'clock Tuesday in the home of Mrs. George S. Link. Hostesses were Meses. W. F. Gilbert, E. S. Lee, L. D. Ratliff, E. D. Engleman, Coy McMahan and Link. Mrs. L. S. Wilson, mother of the bride-elect, Mrs. D. B. Inatt, her grandmother, Mrs. Bill Wyatt, mother of the prospective bridegroom, the honoree and Mrs. Mrs. Link were in the receiving line. A basket arrangement of blue cornflowers centered the white cloth covered table. Punch was served with cup cakes which were placed in lacy baskets bearing a small card on each handle inscribed, "Arlene and Bill, June 21."

Mes. Ratliff and Lee served guests, and Mrs. McMahan presided at the bride's book, a gift of Miss Myra Ratliff. Approximately 200 persons called and sent gifts.

Sunday Ceremony Weds Dallas Girl And William Gollihar of Spur

William Paige Gollihar, son of Mr. and Mrs. Paige E. Gollihar of Spur and Miss Martha Jane Barnes, daughter of Mrs. Loretta Barnes, 2903 La Vista, Dallas were wed Sunday in Dallas.

The marriage was solemnized at 5 p. m. in the Munger Place Church Rev. Howard H. Holliswell of Oak Cliff Methodist Church, Dallas, officiated. Wedding music was furnished by Mrs. Eliaz Barford, soloist, and Mrs. George C. Cookran, organist.

The double ring ceremony was performed before an altar backed with greenery which formed a background for white gladioli and white tapers. The bride, who was given in marriage by her brother, Joe C. Barnes, wore a wedding gown of white embroidered organdy over taffeta. It was fashioned with a high pointed collar and the fitted bodice had long sleeves ending in points over the hand and a slender point at the waist. Joining this was an immense ballerina length skirt shirred at the waistline and worn over a hoop to accent the fullness. Her short veil of illusion was

joined to a cap trimmed with gardenias. She carried a fan-shaped bouquet of gardenias surrounded by stephanotis. Miss Donita Morrow of Dallas was the bride's only attendant. She wore a ballerina length gown of blue embroidered organdy and carried a fan-shaped bouquet of white gladioli. Phillip Morrow of Sherman served as best man and Tracy Gage of Hillsboro and Douglas Henderson of Honey Grove ushered. Candles were lighted by Miss Melba Wood of Dallas.

For the wedding trip to Colorado Springs, Colorado, the bride chose a pink shantung suit, black velvet accessories, and an orchid corsage. After their trip the couple will be at home at 6029 Lewis, Dallas. The bride attended Gainesville Junior College. Mr. Gollihar is a student at Southwestern Medical School of the University of Texas where he belongs to Theta Kappa Psi medical fraternity. He did his pre-medical work at Arlington State College and the University of Texas.

WALK IN... DRIVE OUT WITH THE BEST DEAL OF THE YEAR

1951 Dependable DODGE

Specifications and Equipment Subject to Change Without Notice

These have been record-breaking months for us! And to celebrate, we're going all out to make it easy for you to own the big new Dodge of your choice!

So come in today... get our liberal allowance figure on your present car. You'll be surprised, we know, because by any standard you're bound to say it's the best car deal of your life!

Remember, you could pay up to \$1,000 more and still not get all Dodge gives you.

Immediate delivery on most models if you act NOW!

JONES MOTOR CO.

PLENTY DEGREES COOLER INSIDE

These folks are enjoying something that's being pioneered by Buick. It's freedom from the blinding glare of bright summer sunlight. It's freedom from hot laps—caused by the sun's rays beating down through the broad expanse of windshield. These freedoms trace to a new feature you may have noticed in '51 Buicks—a new kind of glass with a cool, soft, blue-green tint, in every glass area of the car, front, side and back. Buick engineers tell us that this "Buick first" reduces glass 18% over conventional glass—cuts sun heat as much as 45%—and Buick engineers are very conservative fellows. This glare-and-heat-reducing Easy-eye glass is factory-installed at moderate extra charge. It gives you a built-in transparent "sun visor" right in the windshield—and it also dulls the dazzle of oncoming headlights at night. As we've said, this is something Buick owners were the first to enjoy. It takes

its place with such exclusives as the valve-in-head Fireball Engine—coil springs on all four wheels—the firm power linkage of torque-tube drive—and the magic of Dynaflo.*

As we've also said—rather modestly—"Smart buy's Buick."

Come in soon and find out what an understatement that really is.

No other car provides all this:

- DYNAFLO DRIVE* • FIREBALL ENGINE
- 4-WHEEL COIL SPRING • DUAL VENTILATION
- PUSH-BAR FOREFRONT • TORQUE-TUBE DRIVE
- WHITE-GLOW INSTRUMENTS • DREAMLINE STYLING
- BODY BY FISHER

When better automobiles are built BUICK will build them

CLAUD SENN

ARTHRITIS
Hundreds Claim Its Grip Broken!

Dear Friend:
Do you have Arthritis? Have you a relative or friend that is suffering from this painful, distressing ailment?
I came upon a simple remedy, that ended by long search and battle to rid myself of Arthritis. I had teeth pulled, tonsils out, serum shots, electric fever treatments, special built shoes, hot baths, pills and salves. The Arthritis withstood them all, and examination in several of the best known clinics could detect nothing. Finally, I discovered Sulgly-Minol. Today, after seven months I am more free of pain and soreness than at any time in twenty years. Can work ten hours a day, with nothing more than tired feet. Legs, hips, back, neck and arms are practically free of pain and soreness. This has cost me less than six dollars.

This is all I did, and all you will have to do to try Sulgly-Minol. Just rub it on the soles of both feet before going to bed. A bottle will last about a month and will be enough to tell whether it will help. If it helps, keep it up for a month, and after that, just as you feel. If my feet feel sore from too much activity, I rub some on for a night or two. In my opinion, the benefits of Sulgly are more sure and complete on the soles of the feet. The results obtained have been acclaimed by many as a Godsend.

O. P. S. Executive Issues Time-Table

The following list of dates, drawn up by Price Executive C. J. Taylor of the Lubbock district Office of Price Stabilization, provides a time-table for compliance with regulations of the Office of Price Stabilization.

The list schedules the effective dates of ceiling prices and other actions of wide general interest.
June 11—Kosher beef retailers—CPR 24—Ceiling prices of Kosher beef must be posted in stores and cuts displayed with various grades in separate trays with each tray price tagged.
June 11—Wool yarn and fabric manufacturers—CPR 18, Revision 1—Effective date for pricing under this regulation instead of original order or general ceiling price regulation.

June 15—Service trades—CPR 34—Establishments must post visibly and prominently ceiling prices for their services in their places of business. They must also file a duplicate list, along with adequate descriptions of each service, with the District Office of Price Stabilization, Broadway Building, 1202 Texas Avenue, Lubbock, Texas.
June 18—Meat retailers—CPR 25—Ceiling prices of beef must be visibly posted in non-Kosher stores and cuts displayed with various grades in separate trays with each tray price tagged.
June 30—Retailers of consumer goods—CPR 1—Sales of items covered by this regulation cannot be made unless OPS has acknowledged receipt of retailer's pricing chart.

July 1—Retailers of consumer goods—CPR 7—Last date of marking and tagging items with ceiling prices.
July 2—Manufacturers—CPR 22—Ceiling prices under general manufacturers regulations go into effect. Last date for filing form 8 reports with OPS, Washington.
July 2—Furniture and bedding—CPR 22, Suppl. Reg. 2—Last date for filing cover grade charts and form 8 reports with OPS, Washington, by makers.
July 2—Machinery and related manufactured goods—CPR 30—and supplementary regulations—

Giant Parade Climaxes Atlanta Defense Day

The biggest parade since the world premiere of "GONE WITH THE WIND," seen by an estimated 125,000, climaxed Defense Day ceremonies here, more than 1,000 people marched in the parade which featured 10 floats and 12 military bands. Atlanta Defense Day opened the nation's first Defense Bond drive in the national emergency.

Ceiling prices effective. Last date for filing form 8 reports with OPS, Washington.

July 2—Primary cotton textile manufacturers—CPR—ceiling prices effective. Last date for filing reports on first yarn or fabric to be priced in each category and/or report on item of largest dollar volume.

NOTE: Manufacturers covered by CPR 22, 30 and 37 were permitted to begin pricing under these regulations as early as May 28, any increased prices, however, may only be put into effect after 15 days' notice to OPS.

July 15—Importer-Retailer—CPR 31—Effective date for determining and filing pricing date on imports. Sellers who failed under original May 9 date should start pricing as of time of filing.

Aug. 1—Beef slaughterers, wholesalers, retailers—CPR 23, 24, 25, 26—Reduction, about 4 1/2 per cent below May 20, in prices slaughterers permitted to pay for beef cattle; new lower wholesale and retail beef ceiling prices in effect.

Aug. 1—Restaurants and taverns—CPR 11—Last date for bringing prices in compliance; ad-

justments must be made if not in compliance.
Oct.—Beef slaughterers, wholesalers, retailers—CPR 23, 24, 26—Total reduction, about 4 1/2 per cent below August 1, in prices slaughterers may pay for beef cattle; new lower wholesale and retail beef ceiling prices in effect.

is the basis for recommendations by M. K. Thornton, Extension agricultural chemist, to farmers submitting samples. Meanwhile, the specialist encouraged increased applications of sulphur and gypsum on alkali soils in order to improve their physical characteristics. While 4,097 tons of sulphur were used on this type of soil during the year, particularly in the western part of the state, use of gypsum was less than had been hoped for. But toward the year end arrangements were made with a producing concern to manufacture and distribute agricultural gypsum. During 1950, however, the specialist gave fifteen farm demonstrations in the use of gypsum for improving soil structure. In the same period 50,000 tons of limestone were applied on 6,318 Texas farms but more would have been used had transportation been available.
Years of demonstrational teaching by Extension Service specialists and field personnel has firmly fixed soil improvement prac-

tics in the pattern of Texas agriculture. Use of phosphorus, potash and mixed fertilizers, especially in association with legume cover crop, is not only an accepted principal of profitable farming but appears to be gaining adherents. In 1950, for example, 196,040 tons of twenty percent superphosphate or its equivalent were applied to Texas farms and ranches under the Production and Marketing Administration program. But interested farmers bought enough on the open market to raise the state's total purchases of superphosphate to 228,288 tons.
The major part of the phosphatone went under legumes with a considerable portion of the remainder on pastures. The Extension agricultural chemist points out that use of phosphate in the farming systems stems directly through the TVA system in the early 1930s.
Potash is being used increasingly for pastures, soil improvement and larger crop yields; and

the 16,769 tons of 0-14-7 applied to pastures and legume crops under the PMA program was considerably larger than the volume used the preceding year. At the same time, the 0-12-12 type also found larger usage. Potash in the phosphate-legume program contributed to reduction of rust on cotton and to increased yields. Root rot was fought in 82 counties with 6,089 demonstrations of Hubam clover and mellilotus indica as proved treatment for reduction of the infection.

As late as 1841 buffaloes were found in immense herds near Temple, Texas, by Kendall, member of the ill-fated Santa Fe expedition in that year.
English peas did not originate in England, but are native to Central Asia, and have been cultivated as long ago as 2,000 B. C.

Tire Life and Safety!

See and Understand these Important Things before you make Any Tire Investment!
Nothing that ever happened in the tire business quite matches the mileage life, safety and all round performance of these great new U.S. ROYAL MASTERS.
You owe it to yourself to see and know these new tire qualities and features!
THIS IS WHAT YOU'LL GET!
You'll Get the exclusive Royaltex Tread and Traction—the deep De-skidded and Texturized
Tread that can remain fresh and new when other tires are worn and smooth.
You'll Get protected Sidewalls—with their exclusive CURB GUARD that protects against scuffing damage and abuse.
You'll Get—all-weather skid protection and stopping power not possible before.
You'll Get credit terms that make it easy to own the most valuable tires ever built.

TIME FOR SELF-ANALYSIS

By Morton Clausen

EDITOR'S NOTE: Morton Clausen was
for many years editor and publisher of the
Hamilton (Illinois) Press

As we listen to foreign visitors exclaim with
astonishment at the marvels of America, it often occurs
to us that possibly we, ourselves, are overlooking
something vital about this land of ours. Do we
really understand the underlying causes for this
greatness so envied by other nations?

Too often when we attempt comparison between
this and other countries we stop at our material
superiority, our superb mechanization, our high
standard of living, the vastness and riches of our
natural resources, and the many "conveniences"
which by standards other than ours are high
luxuries.

With equal superficiality we enumerate our
virtues: We are ambitious—want to better ourselves
materially and intellectually. We have pride, and
that pride has made us keenly competitive—we
want to have and accomplish more than our neighbor.

These traits, among others, have made us a
creative and inventive people, and each new in-
vention has broadened our vistas and sharpened
our sense of adventure. In our lexicon of achieve-
ment nothing is impossible. We refuse to accept
individual and collective defeat as an ultimate.

Yet, people in other lands are ambitious, have
pride, are competitive and creative, have a sense
of adventure and do not easily accept defeat. These
are fundamental human drives and urges subject
to neither climate nor geographical locations.

Nor does America have a corner on the world's
natural resources. They are scattered fairly evenly
throughout the earth, including many yet to be
discovered and put to use by the inventive genius
of man.

The difference is that in America the indivi-

The wood-duck, unlike most holes of treetrunks like the wood- old nest of a woodpecker.
surface feeding ducks, nests in pecker, sometimes taking over the

Wage Increases Are Okayed In Base Pay

Employees who increased wages
after January 15, 1950, to comply
with the 7 1/2% minimum of the ar-
ranged Labor Standards Act may
incorporate those increases into
their base pay period level for the
purpose of figuring allowable in-
creases under the 10% formula
set up by the National Wage
Stabilization Board.

That was announced recently by
P. D. Riley, supervisor of the
Fort Worth office of Wage and
Hour Division of the U. S. Depart-
ment of Labor, which acts as a
agent of the Wage Stabilization
Board in Washington. Mr.
Riley said a good many questions
concerning the matter had been
received.

General Wage Regulation 6
limited allowable pay increases to
10% above the level of January
15, 1950, or to 10% above any
other allowable base pay period.
But employers who want to in-
corporate their Fair Labor Stand-
ards Act increases into their base
pay period level must obtain ad-
vance approval of the Board be-
fore making such a change, he
said. Petitions for such approval
should be submitted on form W-9
(b) to the Wage-Hour field office
at 1109 Burk Burnett Building in
Fort Worth.

It is unlawful for any employer
to pay, and for any employee to

receive, any wage, salary, or
other compensation in violation
of the regulations.

"When Congress enacted the
Defense Production Act of 1950,
it provided that illegal wage or
salary payments may be disallow-
ed by the Government as an ex-
pense calculating deductions
under the U. S. revenue laws or
when determining costs or ex-
penses under any other law or
regulation," Mr. Riley said.

In addition, the Act provides
for criminal penalties which sub-
ject both employers and employ-
ees who willfully violate the Act
to a fine of not more than \$10,000,
or imprisonment of not more than
one year, or both.

Party Honors Two Leaving For Service

Miss Doris Cornelius entertained
several young people at a
farewell party recently in the
home of Mr. and Mrs. Bert Cherry
of Spur.

The event was in honor of Troy
Smith, son of Mrs. Marvin Alex-
ander, and Glen Cherry, who left
May 21 for service with the U. S.
Marine Corps.

The boys are now stationed at
San Diego, California, until they
complete boot training.

New Poster Magnifies Opportunity's Knock

YOUR BONDS ARE BETTER THAN EVER!

- The Series E Bonds You Buy Mature 10 Years After Purchase.
- You Get 7 1/2% More Than Your Original Investment if You Hold Matured Series E Bonds 10 Years Longer.
- Cash in Full Any Time You Need It!

\$75+20 YEARS = \$133.33

This is the new U. S. Treasury
Department poster that will call the
national attention to the fact that
bonds are better than ever. It points
out to holders of maturing Series E
bonds that by continuing to hold
their Defense Bonds an additional
ten years, they will realize 7 1/2%
more than their original investment
over a twenty-year period.

road. You drive with new ease, with Fordomatic® the newest,
finest, most flexible of all automatic drives.

Ahead in looks

Stylish ahead, too, is this '51 Ford! Its new "Color-Keyed"
Fordcraft Fabrics... its beautiful new "Safety-Glow" Control
Panel... and its other interior fittings are "Custom-Keyed"
to exterior colors. And you'll drive with just-right seat height
and angle thanks to new Automatic Posture Control.

You can pay more but you can't buy better!

Ford

Ahead in savings

V-8 or Six, whichever Ford power plant you pick, you'll find
fuel savings galore. For Ford's Automatic Mileage Maker squeezes
the last ounce of power out of every drop of gas... gives you
high compression performance with regular gas. And you'll find
that Ford's new Waterproof Ignition System starts you quick in
wettest weather.

NOTICE OF SALE OF REAL
ESTATE UNDER EXECUTION
The State of Texas
County of Dickens
WHEREAS, by virtue of an order
of sale issued out of the Dis-
trict Court of Dickens County,
Texas, on a judgment rendered
in said court on the 17th day of
May A. D. 1951, in favor of the
said O. W. Young and against
the said Ols Mildredge Blanton,
No. 2148 on the Docket of said
Court, I did, on the 4th day of
June A. D. 1951, at 11 o'clock A.
M. levy on the following described
real estate described in said
order of sale and in said judg-
ment, as follows, to-wit:
Being all of Lot No. 1, in Block
No. 3, of the Freeman Addition to
the town of Spur in Dickens
County, Texas, as shown by the
map or plot of said town now on
file in the office of the County
clerk of said Dickens County,
Texas, belonging to said Ols
Mildredge Blanton.
And on the 3rd day of July A.
D. 1951, being the first Tuesday
of said month, between the hours
of 10 o'clock A. M. and 4 o'clock
P. M. on said day, at the court
house door of said county I will
offer for sale and sell at public
auction, for cash, all the right,
title and interest of the said Ols
Mildredge Blanton in and to said
property.
Dated at Dickens, this the 4th
day of June, A. D. 1951.
C. C. KIMMEL, Sheriff
of Dickens County, Texas.
Anna Ruth Speer, Deputy
33-3tc.

NOTICE TO BIDDERS
Notice is hereby given that the
commissioner's Court of Dickens
County, will in a special called
meeting at the regular meeting
place, in the courthouse at Dic-
kens, Texas, on 29 June, 1951 meet
to consider bids on the following
described work, machinery:
One Used Motorgrader. This
unit used Allis Chalmers HD-10
diesel tractor with bulldozer at-
tached. It is the intention of the
court to purchase this machine
by means of a lease contract pay-
able in yearly payments of \$1000-
00 with interest at the rate of
4% per annum, if any bid is ac-
cepted. All bids to be made as
required by law.

BY W. H. Hindman
County Judge
34-3tc

NOTICE TO BIDDERS
At 2 o'clock P. M. on June 29th,
1951 the Girard Independent
School District of Girard, Texas
will receive sealed bids for the
purchase of the 114 by 34 feet, two
story common red brick school
building, consisting of eleven class
rooms and an auditorium, 70 win-
dows and all wood flooring, situ-
ated in the town of Girard, in
Kent County, Texas. Inspection
will be permitted at any time prior
to the time for the closing of
bids. No real estate is to be sold
with building and purchaser will
be required to dismantle building
and remove the same from school
property at his own expense with-
in 90 days following June 29th,
1951. Bids will be received by M.
H. Galbreath, Superintendent of
Schools, at his office in Girard,
Texas. The Girard Independent
School District reserves the right
to reject all bids.
M. H. Galbreath, Superintendent
of Girard Independent School
District, P. O. Box 107, Girard,
Texas. 34-2tc

NOTICE TO BIDDERS
Sealed Bids will be received in
the office of Superintendent of
schools, Girard, Texas on June
29, 1951 at 2:00 p. m. o'clock on
1942 Dodge school Bus, 30 seating
capacity being offered for sale.
This equipment may be seen at
Girard School, Girard, Texas. Bid
proposals may be secured by con-
tacting M. H. Galbreath at Girard,
Texas. 34-2tc

CARD OF THANKS
We of the S. J. Hickman family
who lost our home by fire, wish
to thank each and every one of
our many friends, who gave so
willingly. With help like you
