## Chamber of Commerce Doings Stiffer Control of Peddlers In City Planned By Board at Wednesday Meeting

The Board of Directors of the Chamber of Commerce met in their regular meeting Wednesday morning, October 3, 1951. Members present were J. D. McCain, Guy Karr, Dr. M. H. Brannen, Bob Blackshear, Coy McMahan, W. T. Andrews and D. J. Dyess. Members absent; Lester Garner, O. L. Kelley, Lawis Lee, Fike Godfrey and George Gabriel.

The board discussed a possible stiffer control on solicitors and peddlers. Because of the tremendous amount of money taken out of the town, the board agreed that the only possible cure for this situation is an ordinance to out-law door-to-door peddlers. The Board of Directors decided to submit this problem to the committee to work out some suitable method for controlling solicitation in Spur.

## BULLDOGS GO TO FLOYDADA

With two regulars definitely out for this Friday's game with Floydada, and two more due to see but limited duty, the Bulldogs will meet the Whirlwinds at their weakest strength this year.

## Halfback Franklin Gabriel is reported to have an infected lung and will be out of play indefinitely.

Halfback Bobby George is recovering from a bruised rib and will see but limited service tomorrow night.

## End Dean King is scheduled as the probable starting left end on offense, but a pulled muscle in a leg will limit his activity. In the event King cannot make the distance, Coach Hawkes states that either Chester Lindsey or Hershel Wade will be called on to fill in at the end position. Both Lindsey and Wade usually play the back field positions.

Floydada is reported by Bulldog scouts to be slightly weaker than the last three team encounters, but the injuries plaguing the Bulldogs will definitely serve as an equalizer. The Spur line outweighs the Whirlwinds five pounds to the man, averaging 176 to Floydada's 171. The Whirlwind backfield tops Spur's backs by a 155 to 145 margin.

The Whirlwinds run from the T formation, the split T and the double wing. Their long suit is reported their defense and they sport a long list of equally experienced men. Game time is 8:00 p. m. in Floydada.

Other than the half of all gate receipts which went to opposing teams in athletic contests, the major item on the statement is equipment, for which was spent \$2,800.17. Other major items are Coach Hawkes' salary, meals, taxes, insurance and doctor's fees, and training camp. The complete statement is published in this issue of The Texas Spur as submitted by Mrs. Vivian Gibson, Bookkeeper.

**Grass, Forest Fires  
Hard On Wildlife**

COLLEGE STATION, September 26.—Recent showers over the state have diminished somewhat the threat of grass and forest fires, but general rains are still needed. According to R. E. Callender, Extension Specialist in Wildlife Conservation of Texas A. and M. College, the drought and

fires have been hard on Texas wildlife. Valuable wildlife refuge areas have been damaged and others practically destroyed by fires. Areas recently stocked with deer and wild turkey and which would have normally provided excellent food and cover for the game have been reduced to almost barren wastes because of fires. This condition, says Callender, has forced the wildlife that was not destroyed to migrate to other areas where the habitats are less favorable

and has lessened the chances for the restocking programs to be successful. Valuable grass and other plants along with forest resources have been destroyed and all forms of wildlife has suffered as a result. Callender cautions sportsmen to be careful when they are in the field. Don't, he says, leave a camp fire until it has been wet down or covered with soil. This practice can prevent fires that may start hours after the camp has been abandoned.

Lighted matches, cigarettes or cigars should never be thrown from a moving car onto the highway rightaway or into dry grass, weeds or brush. Be sure they're out before tossing them away, says the specialist. Sportsmen should always remember that good hunting depends upon plenty of game and destructive fires, over big areas, can ruin the hunting for years to come. Callender urges sporting organizations and individual sportsmen to set good examples in fire prevention and to take the lead when plans are made to

launch a community or county wide fire prevention program.

**Tech Meets U. H. In Saturday Game**

LUBBOCK, Oct. 1.—Texas Tech expects a rough a battle against the University of Houston in Houston Saturday night as the Red Raiders experienced against the Texas Aggies last week. Houston last week trampled

University of Detroit 33-7, the worst defeat the Titans have suffered in 20 years. The Cougars' loss this year was to Baylor 19-0 in a game that Houston fans contend should have been no worse than 0-0 tie. Houston's ace quarterback, Bill Rogers, didn't even play against Detroit but will be ready Saturday night. So will the Cougars' candidate for All-American honors, halfback Gene Shannon. Coach DeWitt Weaver said he was proud of the way the Red Raiders performed in bowing to the nation's No. 7 team—Texas A. & M.—29-7 in the Cotton Bowl. "Keep playing like that and down along the line you'll beat someone you're not supposed to," Weaver told the Red Raiders. A. & M. scored early, but Tech knotted the count at 7-7 on halfback Jim Turners run. Trapped trying to pass, Aggie quarter Ray

Gravens darted 53 yards to send A. & M. ahead for keeps 13-7 with seconds remaining in the first half. After Houston, Tech comes home to play Texas Christian University here Oct. 13.

**Six Spur Youths Enrolled at HPC**

Brownwood, Texas, Oct. 4.—Six young men from Spur are among the 682 students at Howard Payne College for the fall semester. Two of the young men are freshmen and the others are sophomores. Jimmy Dave Green, son of Floyd Green, and William Vernel McAlpin, son of C. A. McAlpin, are doing their first year of college work at Howard Payne. Andrew Clyde Blair, son of Andrew Blair, Melvin Clyde Lindsey, son of C. L. Lindsey, lettermen of the college, Clarence Wayne Smith, son of C. W. Smith, and William Milton North, son of Van North, are the sophomores.

**PERSONALS**

Miss Lynn McLaughy has returned home to Spur after visiting her brother and his wife in Tyler. She accompanied them to Detroit, Michigan to attend a Baptist fellowship meeting. They traveled in several northern states and Canada and visited different places of interest. Mrs. Sallie Shockley is visiting her daughter and son-in-law, Mr. and Mrs. P. W. Lewis, in Eunice, N. M. this week.

Mrs. A. P. Ahlman is visiting her children in Houston.

**Capitalists at play!**

-- the American Way!

**Capitalists?**

Why, yes. Fishermen and fiddlers, bridge players and ball players . . . all kinds of Americans, in fact, are Capitalists . . . because most Americans are owners of the electric light and power companies!

It's like this: several million people—from every walk of life—are direct owners of these companies' securities. And some 75,000,000 are indirect owners—through

their life insurance and savings bank accounts! You see, when banks and insurance companies accept your money, they must invest it wisely. That's why so much of it goes into business-managed electric companies like the West Texas Utilities Company.

It's fair and fitting, isn't it, that the companies that serve nearly everybody are owned by nearly everybody?

### College Freshmen to Get Year Deferment

AUSTIN, Texas, Sept. 22.—The freshman college student gets a break this fall if he receives an order to report for induction from his draft board, says Brig. Gen. Paul L. Wakefield, state draft director.

"If a man is in his first year of college and has never before been postponed or deferred to stay in schools," General Wakefield said, "he automatically gets a deferment for a full academic year."

"Congress has given the first-year man a break," the state draft director continued. "He doesn't have to satisfy board members or meet any test or scholastic requirements. He only has to pursue a full-time course of instruction to the satisfaction of college authorities."

General Wakefield advised freshmen they "had better study

### OPENS AT PALACE SUNDAY

hard this fall and next winter and spring," as they will likely have to satisfy minimum draft board standards for deferment in the second scholastic year. "One of these standards is their

first-year class standing," he pointed out. "So it would be a good idea for a freshman to start applying himself from the beginning."

"Apparently, Congress decided that every young man who goes to school would get the same chance the first college year," he continued. "After that he has to prove on the basis of his own merit that he is due further deferment to study."

Undergraduates beyond the first year, in order to be eligible for deferment under the student classification plan, must satisfy the draft board on at least three out of four points:

- (1) Successfully have completed at least a year in college, (2) be accepted for admission to the class next commencing, (3) have a record of required scholastic standing in his last year of work, and (4) have made the required score on the Selective Service college test.

Under the plan, the student must satisfy the first two require-

ments and one of the third or fourth. A local board can also consider other information about a student.

"Boards may take under consideration any information outside the scholastic," General Wakefield said. "They are not bound to consider tests or class standings, but their decisions are subject to appeal by the student if he acts within 10 days."

The state draft director noted that Selective Service regulations are different in the case of graduate students and professional students of medicine and related fields. These are eligible for deferment if they currently meet requirements leading to graduation or degree.

General Wakefield emphasized that educational deferments, like other deferments, are not exemptions from military service. He said a deferred student has an obligation to serve later.

"Under new amendments to the law," he said, "men deferred to

go to school, for civilian jobs, as farmers, or because of dependents, will be obligated to serve until age 35."

The obligation stops at age 26 for all others.

### East Ward Faculty Meets Sept. 27

The teachers of the East Ward School met Sept. 27 in the Lunch Room where they enjoyed cheese tidbits, cookies and coffee during their regular faculty meeting.

Many immediate problems were discussed and solved. Plans were discussed for organizing the faculty into groups to work out plans for a course of study. During the year it is planned to complete the work of collecting data for the course of study.

The next meeting will be on Thursday, October 11. At that time, groups will work on the objectives of language arts, arithmetic and social studies.

There is still time in many sections of the state to get in a fall garden. Check with your county Extension agent for best varieties of vegetables and fall garden practices.

Best use can be made of blue panic grass by planting it in rows on cultivated land. It is not a range grass and should not be expected to compete in a mixed grass pasture.

### HD Clubs Council Hears Reports Of State Meeting; Plans Achievement Day

The Home Demonstration Clubs Council of Dickens County, made up of the presidents of the county clubs and one member of each club, made plans for the Achievement Day Dress Review and Baked Foods Judging, Saturday, Oct. 27. Prior to the discussion of these plans the council had heard reports from the Texas Home Demonstration Association meeting at College Station.

Mrs. Byron Haney, vice-president, conducted the business in the absence of the president, Mrs. Wallace Hinson, who was ill. Council minutes and THDA minutes were read. A book, The Pledge of Night, was given the Council by the Dry Lake Club. Mrs. Floyd Barnett reported that the Afton Club had almost completed their first aid courses under the Civil Defense program.

The program was turned over to Mrs. Forrest Martin, THDA chairman. Mrs. Martin asked Mrs. J. B. Karr to report the first day of the state meeting and the Legislative Workshop.

Mrs. Karr gave the Legislative Committee recommendations for the coming year: 1. Counties should continue study of the tax dollar. 2. Club women should work more to secure a larger appropriation for HD Agents. 3. Clubs should study the Hoover Commission Report on reorganization of the Department of Agriculture. 4. Clubs should promote friendliness with foreign countries.

Mrs. Jesse Powell gave a report on the recreation at the meeting, including singing, games, and folk dances, and on the Marketing Workshop. The recommendations of the Marketing Committee were: 1. More cooperative selling through organized associations or through local merchants. 2. More people buy and sell through pooled orders. 3. The County Marketing Committee sponsor a producer and consumer educational program. 4. Each county have a program on improving the quality of at least one product.

The recommendations of the Recreation Committee were: 1. Each family have one family play night per month. 2. Clubs participate in singing games, skits and playlets. 3. Clubs continue sponsoring two community social activities per year. 4. Each county form a women's chorus for group singing.

Mrs. Ollie Hindman was called upon to give the Educational Workshop report. Their recommendations were: 1a. Continue the reading plan which is the same as the 1946 plan. 1b. Each county help establish libraries. 2a. ing of the well. For the industry Each district study and help to drill 44,000 wells this year, all state institutions in their locality. most two million tons of pipe will be needed.

### U.N. Wages War on Tuberculosis in Mexico

Thirty-seven million boys and girls have been tested for tuberculosis in 22 countries, and 17 million of them vaccinated with BCG (Bacillus Calmette Guerin), since the end of the war in the International Tuberculosis Campaign sponsored by United Nations agencies and Scandinavian voluntary societies. The campaign was begun six years ago by the Danish Red Cross Society and was carried on by the U.N. International Children's Emergency Fund, the U. N. World Health Organization and Scandinavian volunteers. Above, one of the teams is shown at work in the village square in San Andres Tuxtla, in Veracruz, Mexico. ### Mrs. Godeke Talks To Joint Meeting of Study Clubs, P. T. A.

The Twentieth Century Club was host to all the federated clubs of Spur and to the P. T. A. Tuesday, October 2, for a talk by Mrs. H. F. Godeke in the East Ward auditorium.

Major Goddard is stationed at Mather Air Force Base at Sacramento, Calif.

Mrs. Goddard was recently given a write-up in The Reflector, the publication of the Mather Air Force Base Women's Club.

The article stated that Mrs. Goddard had set up and edited the paper for six months, that she is vice-president of the Women's Club, and has given time and energy to the Red Cross.

Prior to the meeting, Mrs. Godeke and Rev. and Mrs. Melvin Rathel were honored by the Twentieth Century Club with a luncheon in the home of Mrs. P. C. Nichols.

Marigolds decorated the tables and arrangements of zinnias, petunias and marigolds were used throughout the house.

Attending the luncheon were the honorees, Mrs. Godeke and Rev. and Mrs. Rathel, Mrs. Nichols, Oscar McGinty, J. A. Koon, Henry Gruben, Cliff Bird, E. S. Lee, L. D. Ratliff, James Reed, T. H. Blackwell, J. C. McNeill, O. C. Arthur, and A. M. Walker.

At the 3:00 meeting of all the clubs, Rev. Rathel sang "Some Enchanted Evening" and "Bells of the Sea" accompanied by Mrs. Rathel.

Mrs. Godeke's talk was on "Common Errors in Parliamentary Usage."

### 1917 CLUB MEETS OCT. 2

The 1917 Study Club met Tuesday afternoon, October 2, in the home of Mrs. Tom Johnston. Roll call was answered with "Progress in some phase of medical science." Mrs. D. E. Woodward presided at the short business session after which the club adjourned to the East Ward auditorium to meet with the other clubs.

Present for the meetings were Mrs. Woodward, W. T. Williams, R. C. Forbis, Nell Davis, Jack Moore, Clark Forbis, J. C. Koen, William Ligon, J. H. Bowman and the hostess, Mrs. Johnston.

Clarence Leon of Leon Ice Co. from Rotan was in Spur on business Wednesday.

Mrs. Dulaney Davis from Ralls was visiting in town Wednesday. Mrs. G. Martin of East Afton was in Spur on business Wednesday.

## Girl Scouts

### Eighteen in Troop VIII

At a meeting Sept. 26 at the junior high school for mothers of second grade girls, the first step was taken in organizing Brownie Scout Troop VIII. The meeting was transferred from the Little House because of a troop meeting there.

### CASH SAVINGS . . . as you buy!

If you're looking for immediate CASH SAVINGS as you buy, then you're looking for SAFEWAY. Yes, it's true! Safeway offers cash savings as you buy. There's no waiting! You get them each time the cash register records a purchase. For Safeway's food service is planned for those shoppers who want full value without frills or fancy extras. Among the expensive extras that Safeway does not offer are such things as credit and delivery service, telephone order service, and trading stamps. Because SAFEWAY doesn't spend time and money on these things, you get the benefit of CASH SAVINGS in LOW, LOW PRICES. Cash savings in low, low prices like those shown here. So, we repeat. If your first interest in buying food is to get top quality at a CASH SAVING, we invite you to try shopping regularly at SAFEWAY. Remember, at SAFEWAY, you get immediate CASH SAVINGS . . . as you buy!

Mrs. Dee McArthur and Mrs. Vernon Harris are the new leaders. The troop committee members are Mrs. Harold Karr, Paul Marion, and J. B. Morrison. For the very important work of transportation committee, Mrs. Karr and Mrs. W. F. Patrick volunteered. Mrs. J. B. Dean and Mrs. Murray agreed to assist in this responsibility.

The young ladies whose mothers have promised to assist them in becoming Brownies are Carole Brasher, Rita Gale Dean, Carole Paulette Driver, Betty Sharon Estes, Martha Frances Hilley, Harriet Ann Innes, Sandra Gayle Karr, Sue Anne King, Mila Marion, Linda Beth Morrison, Sandra Gail Murray, Pattie Jo Patrick, Ella Jo Powell, Catherine Smith, Judy Gail Walker, Beth McGinty, Linda Campbell and Janette Harris.

### Troop III

On Sept. 28 members of Troop III met in the Girl Scout Little House with eight girls reporting present. Three of these girls did not remain for the troop meeting because of a band trip. The new leader, Mrs. Reuben Waddell, conducted the routine business and made announcements. The discussion period was devoted to badge work and outlines.

### Troop IV

Troop IV met on Oct. 1. One member was absent; Rita Joyce Williams had gone to see the State Fair at Dallas. Plans were made for the Fly-up program to be presented on Oct. 28 during Girl Scout Week. All girls can now repeat the Girl Scout Promise and Laws.

### Troop V

We had a cook-out served by Patrol I on Duck Creek. Before we ate some of the girls went down to the creek and played. We were served hot dogs, cookies, sour pickles and potato salad. We roasted marshmallows and had lemonade to drink.

Mothers present were Mrs. Pickens, Mrs. Innes, new assistant, and Mrs. King. We were happy to present to the Troop a new member, and were glad to have with us Thalia, Mrs. King's baby.

After eating we played and some girls built water wells and some made a town of damp sand. We had to come home earlier than was expected because it was so cold. We hope it is warmer when Patrols II and III have Cook-outs.

Reporters, Agatha Ellis and Shirley Ann Gannon.

### Troop VII

Troop VII met Monday, Oct. 1, with all girls present except Anna Bob Williams who has gone to the State Fair. She will give us a report when she returns. Sand painting is paying off in our Troop; the girls are having a good time.

### Mrs. Allen, Family Honored at Dinner

Mrs. Sera Allen and her children were honored Sunday, Sept. 30, with a dinner in the home of Mr. and Mrs. C. E. Butler. Mrs. Butler is a daughter of Mrs. Allen. Children and grandchildren who

attended were Mrs. Bettie Harris, Clarence Smith, Mr. and Mrs. Dean Smith, Mr. and Mrs. Herman Kee, Mr. and Mrs. Jack Hoag and Mr. and Mrs. William Butler and Clarence Gene, all of Lubbock; Mr. and Mrs. Elgin Evans, Wayne and Rita Beth of Aberrathy; Mr. and Mrs. Luke Harris, Gene and Lonnie of Spur; Mrs. Clema Allen, Nina Kay, Carol Zoe Ann, Laura Lee and Neil of Dora, New Mexico; Mr. and Mrs. Buck Partridge, Nell Jo, Jean, Kylene of Afton.

Mr. and Mrs. DeWitt Allen of Hereford; Mrs. Viola Graves, Mrs. Frank Moore and Karen Kay Knudson of Hillsboro; Mr. and Mrs. Lawrence Graves of Irving; Mr. and Mrs. Clarence Graves, Wayne, Virginia and Juda of Brownfield; Mr. and Mrs. Weldon Allen, Jimmie, Ronnie, Jackie and Janette of Plainview; and Mr. and Mrs. T. J. Conway, Donald, Larry and Lonis of Dickens.

Friends of the family attending were Mrs. C. W. Baile, and Mr. and Mrs. Jim Crite and Bill of Rotan; Mr. and Mrs. Herman Bostick, Jerry and Charles Dale; Thelma Collins; Dillard Jackson, Juanita, Bobbie, John, Donald, and Ronald, all of Dickens; Mrs. J. D. Guyer and Roy Dale, and Mr. and Mrs. T. L. Conway of Spur.

A record tonnage of commercial feeds was sold in Texas during the past fiscal year. The total tonnage was estimated at 3,853,600 tons. An increase of 617,250 tons over the previous year and 525,600 tons more than were sold in 1941-42, the previous record year.

**GRANDPA'S HELPER**

Wearing a crown of distinction in her first published photograph, Evelyn "Lyn" Horton is doing her bit to sell Defense Bonds for her grandfather, Secretary of the Treasury John W. Snyder. "Lyn," ten months old, is the daughter of Mr. and Mrs. John E. Horton of Washington. Mrs. Horton is the Secretary's daughter, prominent in Washington as Druce Snyder Horton.

Principal purposes of the campaign, in which little "Lyn" is taking such an active part, are to encourage thrift and savings, to discourage inflationary spending, and to maintain and increase the wide distribution of the public debt.

It is not too early for livestock owners, especially dairymen, to make plans for putting up plenty of silage for next year. It's a cheap source of digestible nutrients and dairymen can cut production costs by feeding silage.

**NEWS FROM DRY LAKE**

Most of the farmers in Dry Lake have gotten out several bales of cotton and are still pulling. Above an average cotton crop is expected for the community as a whole this year. One in the community has out ten bales and pulling is not over yet.

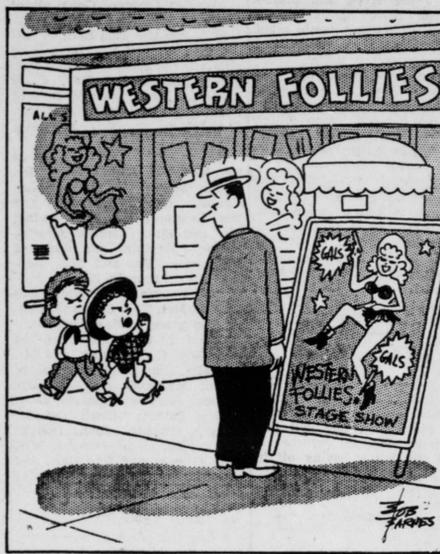

Mr. and Mrs. Dopson, Mrs. Bass, Mrs. Gordon and Mrs. Lassetter went to Lubbock Saturday to set up the Dry Lake booth in the Fair. Everyone who goes to the Fair is urged to look in the Agriculture building for the Dry Lake booth. They are proud of it. Almost everyone in the community sent something to be put in the booth.

Our community program the 26th was a success. We had 28 boxes and took in \$42.60 for them. We also had a nice time eating and talking. Our next meeting will be Wednesday, October 10. Everyone come and help us enjoy the evening. You will learn something from the educational program also.

Several children in our community attended the free show for prizes in the magazine contest. We are proud of our children.

**How does it feel to drive a Buick?**

If you think perhaps we're hinting that it would be a good idea for you to try out a Buick—mister, you've never been so right.

It does a lot of things for you and to you that will be something new in your driving experience.

Take the way it feels beneath your hands on the wheel—eager and willing and anxious to please.

It spurts when you want to spurt—rolls with effortless momentum when you want to cruise.

When you take a curve, it snugs down to the road with sure-footed confidence.

After you make a turn, the front wheels instinctively seek a straight course. This car seems to guide itself.

When you come to a bumpy stretch, each separate wheel on its own coil spring steps you smoothly along on a level keel.

Then there's power that surges into action at a nudge of your toe—sends your speedometer needle soaring up to any speed the law allows, in a matter of seconds.

And there is also thrift—the gas-saving thrift that comes from a high-compression valve-in-head Fireball Engine found in no other car.

To top all this, there is Dynaflo Drive\*—that feeds power in a steady, falterless flow—lets you ride relaxed

in busy traffic or on a day-long cross-country drive.

We're willing to stand on the statement that no other car rides, performs or drives like a Buick.

But why take our word for it? Come in—take over one of these lively lovelies—and see for yourself.

Are some of your Series E Government Bonds maturing this month?

**Now they can earn more money for you!**

**New law provides 10 more interest-earning years for your Series E Bonds . . . and you need not do a thing!**

Are you one of those smart and patriotic Americans who began an automatic saving program with Series E Government Bonds in 1941? Then you're one of the lucky people who can profit by a new law now!

A bill recently passed by Congress now makes it possible for your United States Defense Bonds to continue earning interest ten years longer than was originally planned.

For example, a Series E Bond which cost you \$18.75 in 1941 will pay you \$25 in 1951. But if you hold that bond ten extra years, until 1961, it will pay you \$33.33, an average interest of 2.9% compounded annually. You get similar increases on Series E Bonds of every denomination.

And there is nothing for you, as a bond holder, to do. You need not exchange the bonds you have. You need not sign any paper, fill out any form. You simply keep your bonds as you have been keeping them.

You may still redeem any Series E Bond at any time after you've owned it for sixty days. But unless you really need the cash you're much better off to hold your bonds. For United States Defense Bonds are as safe as America itself.

When you buy your bonds regularly and hold them, they are steadily building a sum big enough to buy something really worth while—a home, a business, a retirement fund, an education for your children.

And bonds are safer than cash! If you lose or accidentally destroy cash it's gone for good. But when you have your cash in United States Defense Bonds, the U. S. Treasury will replace lost or destroyed bonds at no cost or loss to you.

So if some of your bonds are coming due, take advantage of this new offer of your government—just sit back and let them go on making money. Meanwhile keep adding to your savings by buying more U. S. Defense Bonds regularly—through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank.

If you want to be paid your interest as current income—

The new law also allows you to exchange your Series E Bonds, in blocks of \$500 or more, for Special Series G Bonds which pay interest semiannually at the rate of 2 1/2% per year. For full details, ask at any Federal Reserve Bank.

Look how your maturing bonds go on earning under the new law! (This table shows \$25, \$50, and \$100 bonds as examples of how all Series E Bonds grow.)

## NATIONAL BIBLE WEEK

Eleventh National Bible Week is to be observed  
October 15-21, sponsored by the Laymen's National  
Committee, a non-profit organization comprising  
men and women of all religious faiths, recruited  
from all walks of life.  
At this time when war clouds loom, when cor-  
ruption is running rampant throughout America,  
more than ever before the people of this nation  
need the comfort, help and wisdom that can be  
theirs by daily reading of the WORLD'S GREAT-  
EST BOOK—THE HOLY BIBLE.  
The Laymen's National Committee recommends  
especially a reading and re-reading of the 23rd  
Psalm. Here is a passage of Scripture that fairly  
sings with its rhythmical flow of words, and the  
reading of which probably has comforted and helped  
more people than anything that has ever been  
written.

David, the shepherd author of this beautiful  
passage, had known loneliness and travail, and in  
this 23rd Psalm he recounts how he had found the  
diagnosis of and the cure for his troubles, as he says  
in its first verse:  
"The Lord is my shepherd, I shall not want."  
That he had experienced care and anxiety, he  
explains by saying further:  
"He maketh me to lie down in green pastures;  
He leadeth me beside the still waters."  
That his soul had been sorely tried and he had  
found succor, he tells:  
"He restoreth my soul: He leadeth me in the  
paths of righteousness for his name's sake."  
He goes on to recite how he had been able to  
rid himself of fears that had made his life un-  
bearable:

"Yea, though I walk through the valley of the  
shadow of death, I will fear no evil, for Thou art  
with me, thy rod and thy staff they comfort me."  
David had enemies, and he recounts how God  
had enabled him to prevail over and outdo them, as  
he says:  
"Thou preparest a table before me in the presence  
of mine enemies: Thou anointest my head with oil;  
my cup runneth over."  
And in the final verse of this magnificent chap-  
ter, the Psalmist rejoices that his life's problems  
have been solved, as he joyfully proclaims:  
"Surely goodness and mercy shall follow me all  
the days of my life and I will dwell in the House  
of the Lord forever."  
The 23rd Psalm is but one of the many, many  
beautiful passages to be found in the GRAND OLD  
BOOK. National Bible Week will be a good time  
for those who have forgotten this fact, to take the  
Good Book down from the shelf, blow the dust off  
it, and once again browse among its glorious pages.

For those who have never known the comfort and  
joy that stems from daily Bible reading, it will be  
a auspicious time to get acquainted with the  
"Guide Book of Civilization." To the younger of  
these new readers, the Laymen's National Com-  
mittee suggests that they turn first to Ecclesiastes,  
Chapter 12, the first verse of which reads:  
"Remember now thy Creator in the days of thy  
youth, while the evil days come not, nor the years  
draw nigh when thou shalt say, I have pleasure  
in them."  
Never in our history has this nation needed so  
greatly the normal stamina which can be derived  
from the Bible. It is hoped that during Eleventh  
National Bible Week, October 15-21, millions of  
Americans will discover or rediscover the WORLD'S  
GREATEST BOOK.

## New Ceilings Placed On West Texas Beef

A revised pricing program for  
the retail sale of beef establish-  
ing new dollar and cents ceilings  
went into effect in the Lubbock  
district—69 West Texas counties  
—on October 1, the Lubbock dis-  
trict office announced this week.  
The regulation also permits  
the sale of a wider variety of re-  
tail cuts and contains more effec-  
tive safeguards to protect con-  
sumers in buying beef, the district  
office said.

The ceiling prices of some beef  
cuts in the district are reduced,  
and some are increased under the  
order. It results in an overall in-  
crease in cost to the customer of  
about one and one-half to two  
cents a pound over those now in  
effect.

District OPS officials stressed  
that the increase was required un-  
der the stabilization law passed by  
Congress in August. The retail in-  
crease is a direct reflection of an  
increase granted last week to pack-  
ers to restore their normal mar-  
gins which had been cut by lower  
receipts of cattle and for cattle  
by-products, such as hides and  
tallow.

The new retail ceilings are the  
ones that OPS announced last  
week would be issued soon, based  
on revised wholesale beef ceilings  
which became effective then. Also,  
price relationships among retail  
cuts have been further revised  
to reflect more accurately the  
real selling value of each cut.  
Because of this, there will be  
lower retail ceilings for some  
popular beef items while ceiling  
increases will be required in  
others.

Price changes will range from  
an increase of as much as 28 cents  
a pound on some utility cuts of  
beef to a decrease of as much as

up to a city of 40,000. The illumina-  
tion of the fair grounds will put  
in the shade even that for the  
Texas Centennial in 1936.

Opening day, Saturday, Oct. 6,  
is Pural Day at the fair, and up-  
wards of 95,000 Four-H Club boys  
and girls, Future Farmers and  
Future Homemakers from 225 of  
the state's 254 counties are ex-  
pected to be on hand, for the  
nation's largest annual gathering  
of its kind.

Gates to the fair will be opened  
at 7:30 a. m., Oct. 6.  
Exhibit buildings open at 9 a. m.  
and the Hall of State, Museum  
of Fine Arts, Museum of Natural  
History, Aquarium and Health  
Museum will open at 10 a. m.  
during the fair.

ence Engineering Show, Automob-  
ile Show including antiques cars,  
Foods Show, Home, Electric and  
Industrial Show, Women's Build-  
ing, Natural Gas Building, free  
aerial acts twice daily.

Plus the fair's greatest array of  
livestock shows, in which more  
than 9,500 head of beef and dairy  
cattle, horses, sheep and Angora  
goats already have been entered.  
Cowboy movie star, "Wild Bill"  
Elliott has a horse entered in the  
cutting horse contest.

In the air-conditioned Audi-  
torium, "Guys and Dolls," sensa-  
tional Broadway hit musical, will  
hold sway for 24 performances,  
nightly with matinees Saturdays,  
Sundays, and Thursdays. "Ice  
Cycles of 1952" will present 23

performances, nightly with mat-  
inees Saturdays, Sundays, and  
Oct. 10. The Aut Swenson Thrill-  
cade will appear in front of the  
Grandstand.

The fair's best Midway will in-  
clude 33 great rides and a score  
of the best sideshows and musical  
shows in all the nation.

There'll be football games dur-  
ing the fair, three of them major  
college gridiron battles on the  
three Saturdays of the fair. The  
schedule is Oct. 6, SMU-Missouri;  
Oct. 13, Texas-Oklahoma; Oct. 20,  
SMU-Rice.

Visitors to the fair this year  
will see the most colorful, bril-  
liantly lighted exposition in his-  
tory. For the first time, colored  
lights are being used. Enough  
electricity will be used to light

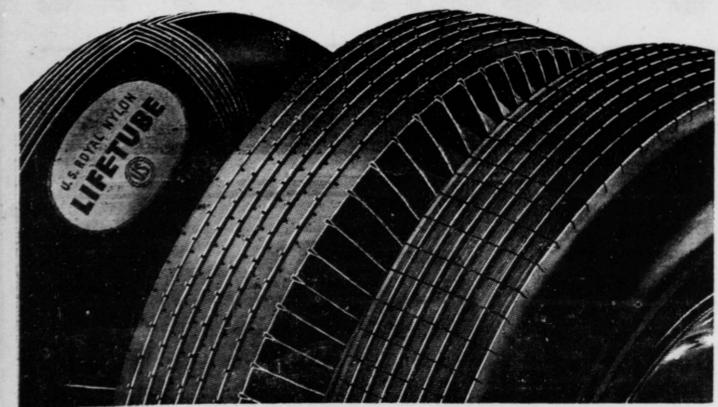

## Texas State Fair To Open Saturday

The State Fair of Texas will  
present its 66th edition—the big-  
gest and best of them all in every  
way—for a 16-day run beginning  
Saturday (October 6, and running  
through Sunday, Oct. 21.

The price for admission to the  
fairgrounds will remain the same  
as it has for the past quarter cen-  
tury (60 cents). The main aim of  
fair officials has been to give fair-  
goers more each year for their  
money.

Free attractions at the fair this  
year include the Storybook of  
Texas Agriculture, the New Sci-

est cuts of brisket.

Meanwhile, the Office of Price  
Stabilization has also issued a re-  
gulation under which producers  
and sellers of agricultural liming  
materials will establish their ceil-  
ing prices by formula.

The Lubbock district price ex-  
ecutive, Ted Gehring, pointed out  
the importance of such a regula-  
tion to the West Texas district  
because of the widespread agricul-  
tural industry in the area.  
The regulation applies to materi-  
als sold for spraying, dusting and  
soil liming purposes, and includes  
ground or pulverized limestone,  
limestone screening and meal,  
burned lime, hydrated lime, air-  
slacked lime, burned or ground  
mollusk shells, calcareous and  
dolomitic fertilizer fillers, marl,  
slag and by-product liming mate-  
rials such as sugar house lime and  
acetylene lime waste.

The regulation is expected to re-  
sult in a slight over-all average in-  
crease in price. Ceilings for whole-  
saler and retailers are determined  
by adding to their cost of materi-  
als and costs of delivery, handling  
and spreading, the average per-  
centage markup they received dur-  
ing a base period.

## Fall Quail Hunting To Be "Fairly Good"

AUSTIN, Sept. 30—Prospects  
for the coming fall quail hunt  
were described as "fairly good"  
by the Director of Wildlife Resto-  
ration of the Game and Fish  
Commission.

He said field reports were in-  
adequate to give the quail popu-  
lation pattern for the entire state  
but added that in scattered areas  
not devastated by the drought the  
outlook is better.

The Director explained that the  
original hatch was "average" in  
reach of the state since nesting  
was well advanced before the  
drought began to sear the state  
during July and August.

He said there may be a scarc-  
ity of herbaceous cover in gen-  
eral and that it may be too light  
to stand up under fall rains and  
frost. As a result the birds may  
have to look for tougher cover

## Chamber of Commerce Doings . . . Stiffer Control of Peddlers In City Planned By Board at Wednesday Meeting

The Board of Directors of the Chamber of Commerce met in their regular meeting Wednesday morning, October 3, 1951. Members present were J. D. McCain, Guy Karr, Dr. M. H. Brannen, Bob Blackshear, Coy McMahan, W. T. Andrews and D. J. Dyess. Members absent: Lester Garner, O. L. Kelley, Lawis Lee, Fike Godfrey and George Gabriel.

The board discussed a possible stiffer control on solicitors and peddlers. Because of the tremendous amount of money taken out of the town, the board agreed that the only possible cure for this situation is an ordinance to out-law door-to-door peddlers. The Board of Directors decided to submit this problem to the committee to work out some suitable method for controlling solicitation in Spur.

The Board also discussed the progress being made by the county commissioners of Garza and Dickens counties on the segment of the Broadway to Big Bend Highway that has recently been extended in Garza County. The Garza County commissioners have appropriated funds to extend the highway 6 1/2 miles in the direction of Spur. The Garza County Commissioners Court have already authorized and have under construction 5 1/2 miles in the direction of Spur, which includes a bridge across the Yellow House River, costing an estimated \$80,000.

This makes a total of 12 miles of highway that is under construction and in the last commissioners court in Garza they decreed to dedicate the full amount of their farm to market road in the direction of Spur.

Arner Watson, county commissioner of Dickens county, has assured the Garza county court that Dickens county will be able to complete their part of the Big Bend road in 1952.

The Board of Directors in their meeting last month approved new reorganization of the committees of the Chamber and the new committee chairmen were submitted in the meeting last Wednesday. The new committees consist of: Budget & Membership, Dr. Calen; Merchants, Nona Starcher; Civic Improvement, Dr. W. F. Clark; City Development, Gail Smith; Highway & Street, Geo. Link; Health and Sanitation, Dr. J. F. Hughes; Agriculture, C. E. Fisher; and Fire Prevention, John King Jr.

The Committee Chairman will select committees to work out plans and each committee will be assigned at least one project from the program of work as taken from the votes of the membership of the Chamber of Commerce.

The Chamber has one active committee who have done a good job and have promoted several projects including the Treasure Hunt. The Committee is composed of Mrs. Nona Starcher, Chairman, Carl Proctor, E. D. Denton, Bill Gregory, James Ripple, Forest Irwin, Randolph East, Van North, Billy Bigham, Jimmy Jones, John Dunaway, and Mrs. Bob Blackshear.

The Chamber wishes to take this opportunity to thank Charlie Fisher and his staff for his fine program at the Experiment Station last Tuesday.

This week the Chamber of Commerce program over KFLD Sunday afternoon at 3:15 P. M. will feature the Dry Lake Community and their Soil Conservation program, along with Charles Taylor, County Agent.

It is the Chamber's regret to report that this week O. L. Kelley, who is a member of the Board of Directors of the Chamber is undergoing another operation.

**Smart Selects Aids in Membership Drive**  
Automobile dealers who will assist him in the one-day drive for memberships in the National and Texas Automobile Dealers Association were selected today by V. C. Smart, area chairman for the "Give A Day" campaign on October 10th.

The two associations are composed of authorized new car and truck dealers throughout the state and nation.

Assistants to Mr. Smart will be Adrian Rickels, Tom Kizer and Leon Reagan.

On October 10th the committee will call on every authorized new car or truck dealer who is not a member, asking him to join the two associations which are dedicated to raise to the highest degree of standards, ethics and practices of retail automobile merchandising.

**FUPLES OF MRS. HILLEY TO APPEAR ON KFLD**  
Mrs. W. M. Hilley will present a group of her pupils on radio station KFLD in Floydada Monday morning.

The rhythmic band number and two piano numbers are scheduled for 7:30.

## Spur F.F.A. Chapter Elects Officers

The Spur F. F. A. Chapter met Monday, October 1, to elect new chapter officers. The following officers were elected:

President, Don Gannon; Vice-President, Tommy Bass; Secretary, Wayne Bishop; Reporter, Donald Lee Wilson; Treasurer, Clarence Smith; Parliamentarian, Frederick Pierce; Historian, Alfred Anderson; Sentinel, Doyle King; Second Vice President, Bobby George.

Third Vice President, Harley Gene Bingham; Also among the activities of the meeting were the initiation of the new members which took place in the high school gym.

After a calendar month of campaigning, the contest for the chapter sweetheart closed officially. Dorothy Powell was elected the sweetheart and will represent Spur in the district sweetheart contest.

Last October 3, three boys went to the district meeting at Idalou, Walter Stanley and Forrest Estep were delegates and Marshal Wade was a nominee from Spur for district President.

## Pupils, Teachers of East Ward Pleased With Magazine Sales

The pupils and the faculty of the East Ward School want to thank the patrons of the school for the splendid reception that was given them during the current magazine sales campaign.

According to Bruce Browning, principal, the pupils did a wonderful job of selling, and they want to thank the public for its interest.

The faculty thinks that selling magazines is an educational experience for boys and girls. Subscribers receive the best magazines that are published at a standard price. The school receives a nice commission from the sales. The money secured through the campaign is distributed to the teachers to be used to purchase library books or any type of supplies for the room that will make the school work more effectively.

A subscriber who renewed his subscription should not miss a single copy, but for a new order about eight weeks should be allowed for the first copy, states Browning.

## Kent Countian Is Claimed Sept. 25

Mrs. Minerva Loving Fowler, 89, since 1898 a resident of Kent county in the Jayton and Clairemont areas, died at 11 a. m. last Tuesday in a Spur hospital.

Funeral services were held at 3 p. m. Wednesday in the Jayton Baptist church with Rev. T. R. Elder of Spur officiating, assisted by Rev. Lee Vaughn and Rev. Peters both of Jayton.

Survivors are three daughters, Mrs. Cleo Hays, Houston, Mrs. Ada Lou Joiner and Mrs. Mayne Kennedy, both of Jayton, two sons, Thomas and John Fowler, both of Jayton; a brother, J. M. Loving of Royse City; 11 grandchildren and 12 great-grandchildren.

Burial was in Jayton cemetery under the direction of the Chandler Funeral home of Spur with the following serving as active pallbearers: E. M. Jones, Glenn Spradling, G. L. Hamilton, Euel D. Harrison, Eldon Wade and Harold Kenady.

## DRY LAKE CITIZENS ON AIR SUNDAY

The Dry Lake neighbors are to be on the Spur Chamber of Commerce broadcast over KFLD, Floydada, this Sunday.

The program will consist of a question and answer session on the Dry Lake Neighborhood Improvement program which won statewide recognition last year. Residents of the community invited everyone interested in farm improvements to listen at 3:15 p. m.

## HAYNES SCHOOL OUT FOR COTTON PICKING

The Haynes School was dismissed October 1 for six weeks, according to C. F. Cook, Spur School superintendent.

Cook states that by closing the school for this time students will be able to pick cotton without missing any school.

## Joy Ride on UNICEF's Transport

Camel caravans, horses, donkeys and flat-bottomed river boats are among the means of transportation used by the United Nations International Children's Emergency Fund (UNICEF), to distribute milk, food, raw materials and medicines to needy children in some 60 different countries around the globe. No village is too remote, no conditions are too difficult for the transportation of these life-giving supplies. This illustration shows the arrival of one of UNICEF's transports at the Greek village of Skaif in Macedonia.

## Ray E. Dickson Memorial Scholarship Inaugurated At A. & M. By W. T. U.

The Ray E. Dickson Memorial Scholarship at Texas A. & M. has been set up recently by the West Texas Utilities company in memory of the former Spur resident and superintendent of the Spur Experiment Station.

Price Campbell, president of the company, states that the scholarship has a dual purpose. First, to commemorate the life and works of one of the nation's outstanding leaders in the development of water and soil conservation, and second, to make a college education available to an outstanding farm or ranch boy in this section of Texas.

The scholarship has been set up on a four year basis with Lester Byrd of Wingate, Texas, its first recipient. Byrd was selected by a company committee for his outstanding accomplishments in agricultural activities while attending high school.

Dickson, who was long closely identified with the agricultural progress of West Texas and was superintendent of the Spur station from 1914 until his death, June 26, 1931, was a pioneer in the development of water and soil conservation. He has, both before and after his death, been recognized in both agriculture and general publications for his leadership in agriculture and for his sincere interest in and love for boys.

Dickson, a graduate of Texas A. & M., helped several area boys through the college, both financially and morally. He and Campbell were classmates in the state school.

His widow, Mrs. Dickson, of Spur, acknowledges with pride and appreciation this gesture of the West Texas Utilities company.

## TEXAS SPUR TO PUBLISH WEEKLY CHURCH CALENDAR

A calendar of the church services in Spur churches and churches in surrounding communities will be published in a "Church Column" beginning with next week's issue.

Pastors and ministers are requested by the editor to submit copy for this column as soon as possible. Weekly changes may be made by the ministers if requested before noon Tuesdays.

This added feature of the Texas Spur is offered upon the request of ministers of Spur and it is hoped by the editor that it will be useful both to Spur church members and visitors to the city.

## CRTC MANAGER REPORTS FROM WASHINGTON TUES.

James Wright, manager of the CRTC, telephoned members of the board of directors to report progress being made in the capital and to find out additional information concerning the \$600,000 loan which has been approved for construction and maintenance of rural telephones in this area.

Wright reports that he plans to return to Spur Friday and expects to have completed the final arrangements for the loan.

## AFTON BOY RECEIVES SERGEANT'S STRIPES

Weldon J. McSpadden, son of Mr. and Mrs. J. W. McSpadden of Lubbock, was recently promoted to the rank of sergeant, according to a report received from the 4th Infantry Regiment office of Public Information in Alaska.

McSpadden was graduated from Patton Springs High School and claims Afton as his hometown.

## Pied Pipers Squeeze Out 19-18 Win Over Bulldogs

The Spur Bulldogs wound up on the short end of a 19-18 tussle with the Pied Pipers of Hamlin last Friday night in a non-conference game before 1200 fans in Hamlin.

Charles Grimland, 170 pound quarterback for the Bulldogs again proved to be the stalwart of the Spur eleven, figuring definitely in all three of their touchdowns.

After spotting the Pied Pipers two touchdowns, Grimland brought the Bulldogs back into the game late in the second quarter with a 50 yard run to the green-clad's one yard line. Paul Simmons, fullback, scored from that point on the following play. Half time score was Hamlin 12, Spur 6.

Following a scoreless third period, Grimland scattered 50 yards for a touchdown on the third play of the final quarter. Jackie Claude's kick from placement hit the cross bar of the goal post, but failed to go over.

Hamlin again captured the lead several plays later with their fullback running 35 yards for a touchdown. The same boy ran the extra point over, giving the Pied Pipers a 19-12 lead.

Simmons scored the final touchdown for the Bulldogs from the Hamlin two yard line. The play followed a 35 yard passing play from Grimland to little Curtis Blair. The try for extra point was blocked, giving the Hamlin eleven a 19-18 victory.

Outstanding in line play for the Bulldogs were Guard Larry Smith and Center Joe Bell.

## REA Grants Loan To Dickens Cooperative

WASHINGTON, Oct. 2. (Sp.) Dickens County Electric Cooperative at Spur received a loan of \$155,000 from the Rural Electrification Administration today, Senator Tom Connally announced.

The money will be used to build 111 miles of distribution line to serve 147 new rural consumers and also to make system improvements in Dickens, Kent, Stonewall, Motley, Garza, Crosby and King counties.

Local men aiding in the staging of the field day and the barbecue included Fisher, Paul Marlow, Charles Taylor, Jim Barron, Guy Karr, Buck Denton, Martin Pope, O. C. Arthur, George Link, E. S. Lee, John Albin and others.

## New Arrivals

Mr. and Mrs. Calvin Oneal Davis of Spur are the parents of a girl born September 29 in the Crosbyton Hospital. The little girl was named Sandra Kay.

October 3 is the birthday of Sidney Carol, daughter of Mr. and Mrs. A. J. Copeland of Dry Lake. The baby weighed 8 lbs. 14 oz. when she was born in the Crosbyton Hospital.

## Browning To Speak At P-T. A. Meeting

The P-T. A. will meet next Tuesday night, October 9, from 7:30 to 9:00 in the East Ward auditorium.

"Father Meets the Teacher" will be the talk given by Bruce Browning, principal of East Ward, after which there will be a social hour for parents and teachers.

Someone will be in charge of the nursery where parents may leave their children during the program.

Mr. and Mrs. Horace Wood, Margaret and Beverly left from Hamlin immediately after the football game Friday night for Dallas where they attended the Fair and saw the football game between Texas Tech and Texas A. & M.

Bill Dyess, son of Mr. and Mrs. D. J. Dyess, recently received his discharge from the Army. He and his wife are making their home in Spur.

Darold Roberson, 205-pound Spur guard on the West Texas State football team, will be seen in action in Amarillo Stadium Oct. 13 against the powerful North Texas Eagles. The tilt will be the Buffs' next home stand.

## ATHLETIC FUND STATEMENT TO BE PRESENTED MONDAY

A financial statement of the Spur High School athletic fund will be submitted for approval by the school board at the board's meeting Monday night.

The statement shows a balance of \$1,342.68 on August 31, 1950, and a balance of \$829.60 on August 31, 1951. Total receipts for the fiscal year were \$8,312.43 and total expenses are shown as \$9,855.11 for the same period.

Other than the half of all gate receipts which went to opposing teams in athletic contests, the major item on the statement is equipment, for which was spent \$2,800.17. Other major items are Coach Hawkes' salary, meals, taxes, insurance and doctor's fees, and training camp. The complete statement is published in this issue of The Texas Spur as submitted by Mrs. Vivian Gibson, Bookkeeper.

Mrs. George Stubbs of Knox City was visiting in Spur Tuesday with Mrs. Kate Morris.

### Grass, Forest Fires Hard On Wildlife

COLLEGE STATION, September 26.—Recent showers over the state have diminished somewhat the threat of grass and forest fires, but general rains are still needed. According to R. E. Callender, Extension Specialist in Wildlife Conservation of Texas A. and M. College, the drought and

fires have been hard on Texas wildlife. Valuable wildlife refuge areas have been damaged and others practically destroyed by fires. Areas recently stocked with deer and wild turkey and which would have normally provided excellent food and cover for the game have been reduced to almost barren wastes because of fires. This condition, says Callender, has forced the wildlife that was not destroyed to migrate to other areas where the habitats are less favorable

and has lessened the chances for the restocking programs to be successful. Valuable grass and other plants along with forest resources have been destroyed and all forms of wildlife has suffered as a result. Callender cautions sportsmen to be careful when they are in the field. Don't, he says, leave a camp fire until it has been wet down or covered with soil. This practice can prevent fires that may start hours after the camp has been abandoned.

Lighted matches, cigarettes or cigars should never be thrown from a moving car onto the highway rightaway or into dry grass, weeds or brush. Be sure they're out before tossing them away, says the specialist. Sportsmen should always remember that good hunting depends upon plenty of game and destructive fires, over big areas, can ruin the hunting for years to come. Callender urges sporting organizations and individual sportsmen to set good examples in fire prevention and to take the lead when plans are made to

launch a community or county wide fire prevention program.

### Tech Meets U. H. In Saturday Game

LUBBOCK, Oct. 1.—Texas Tech expects as rough a battle against the University of Houston in Houston Saturday night as the Red Raiders experienced against the Texas Aggies last week. Houston last week trampled

University of Detroit 33-7, the worst defeat the Titans have suffered in 20 years. The Cougars' loss this year was to Baylor 19-0 in a game that Houston fans contend should have been no worse than 0-0 tie. Houston's ace quarterback, Bill Rogers, didn't even play against Detroit but will be ready Saturday night. So will the Cougars' candidate for All-American honors, halfback Gene Shannon. Coach DeWitt Weaver said he was proud of the way the Red Raiders performed in bowing to the nation's No. 7 team—Texas A. & M.—29-7 in the Cotton Bowl.

Gravens darted 53 yards to send A. & M. ahead for keeps 13-7 with seconds remaining in the first half. After Houston, Tech comes home to play Texas Christian University here Oct. 13.

### Six Spur Youths Enrolled at HPC

Brownwood, Texas, Oct. 4.—Six young men from Spur are among the 682 students at Howard Payne College for the fall semester. Two of the young men are freshmen and the others are sophomores. Jimmy Dave Green, son of Floyd Green, and William Vernel McAlpin, son of C. A. McAlpin, are doing their first year of college work at Howard Payne. Andrew Clyde Blair, son of Andrew Blair, Melvin Clyde Lindsey, son of C. L. Lindsey, lettermen of the college, Clarence Wayne Smith, son of C. W. Smith, and William Milton North, son of Van North, are the sophomores. Mrs. A. P. Ahlman is visiting her children in Houston.

### PERSONALS

Miss Lynn McLaughly has returned home to Spur after visiting her brother and his wife in Tyler. She accompanied them to Detroit, Michigan, to attend a Baptist fellowship meeting. They traveled in several northern states and Canada and visited different places of interest. Mrs. Sallie Shockley is visiting her daughter and son-in-law, Mr. and Mrs. P. W. Lewis, in Eunice, N. M. this week.

## Capitalists at play!

-- the American Way!

Capitalists?

Why, yes. Fishermen and fiddlers, bridge players and ball players . . . all kinds of Americans in fact are Capitalists . . . because most Americans are owners of the electric light and power companies!

It's like this: several million people— from every walk of life—are direct owners of these companies' securities. And some 75,000,000 are indirect owners—through

their life insurance and savings bank accounts! You see, when banks and insurance companies accept your money, they must invest it wisely. That's why so much of it goes into business-managed electric companies like the West Texas Utilities Company.

It's fair and fitting, isn't it, that the companies that serve nearly everybody are owned by nearly everybody?

### College Freshmen to Get Year Deferment

AUSTIN, Texas, Sept. 22.—The freshman college student gets a break this fall if he receives an order to report for induction from his draft board, says Brig. Gen. Paul L. Wakefield, state draft director.

"If a man is in his first year of college and has never before been postponed or deferred to stay in schools," General Wakefield said, "he automatically gets a deferment for a full academic year."

"Congress has given the first-year man a break," the state draft director continued. "He doesn't have to satisfy board members or meet any test or scholastic requirements. He only has to pursue a full-time course of instruction to the satisfaction of college authorities."

General Wakefield advised freshmen they "had better study

hard this fall and next winter and spring," as they will likely have to satisfy minimum draft board standards for deferment in the second scholastic year. "One of these standards is their

first-year class standing," he pointed out. "So it would be a good idea for a freshman to start applying himself from the beginning."

"Apparently, Congress decided that every young man who goes to school would get the same chance the first college year," he continued. "After that he has to prove on the basis of his own merit that he is due further deferment to study."

Undergraduates beyond the first year, in order to be eligible for deferment under the student classification plan, must satisfy the draft board on at least three out of four points:

(1) Successfully have completed at least a year in college, (2) be accepted for admission to the class next commencing, (3) have a record of required scholastic standing in his last year of work, and (4) have made the required score on the Selective Service college test.

Under the plan, the student must satisfy the first two require-

ments and one of the third or fourth. A local board can also consider other information about a student.

"Boards may take under consideration any information outside the scholastic," General Wakefield said. "They are not bound to consider tests or class standings, but their decisions are subject to appeal by the student if he acts within 10 days."

The state draft director noted that Selective Service regulations are different in the case of graduate students and professional students of medicine and related fields. These are eligible for deferment if they currently meet requirements leading to graduation or degree.

General Wakefield emphasized that educational deferments, like other deferments, are not exemptions from military service. He said a deferred student has an obligation to serve later.

"Under new amendments to the law," he said, "men deferred to

go to school, for civilian jobs, as farmers, or because of dependents, will be obligated to serve until age 35."

The obligation stops at age 26 for all others.

### East Ward Faculty Meets Sept. 27

The teachers of the East Ward School met Sept. 27 in the Lunch Room where they enjoyed cheese tidbits, cookies and coffee during their regular faculty meeting.

Many immediate problems were discussed and solved. Plans were discussed for organizing the faculty into groups to work out plans for a course of study. During the year it is planned to complete the work of collecting data for the course of study.

The next meeting will be on Thursday, October 11. At that time, groups will work on the objectives of language arts, arithmetic and social studies.

There is still time in many sections of the state to get in a fall garden. Check with your county Extension agent for best varieties of vegetables and fall garden practices.

Best use can be made of blue panic grass by planting it in rows on cultivated land. It is not a range grass and should not be expected to compete in a mixed grass pasture.

### HD Clubs Council Hears Reports Of State Meeting; Plans Achievement Day

The Home Demonstration Club Council of Dickens County, made up of the presidents of the county clubs and one member of each club, made plans for the Achievement Day Dress Review and Baked Foods Judging, Saturday, Oct. 27. Prior to the discussion of these plans the council heard reports from the Texas Home Demonstration Association meeting at College Station.

Mrs. Byron Haney, Vice-president, conducted the business in the absence of the president, Mrs. Wallace Hinson, who was ill. Council minutes and THDA minutes were read. A book, *The Pledge of Night*, was given the Council by the Day Lake Club. Mrs. Floyd Barnett reported that the Afton Club had almost completed their first aid courses under the Civil Defense program. The program was turned over to Mrs. Forrest Martin, THDA chairman. Mrs. Martin asked Mrs. J. B. Karr to report the first day of the state meeting and the Legislative Workshop.

Mrs. Karr gave the Legislative Committee recommendations for the coming year: 1. Counties should continue study of the tax dollar. 2. Club women should work more to secure a larger appropriation for HD Agents. 3. Clubs should study the Hoover Commission Report on reorganization of the Department of Agriculture. 4. Clubs should promote friendliness with foreign countries.

Mrs. Jesse Powell gave a report on the recreation at the meeting, including singing, games, and folk dances, and on the Marketing Workshop. The recommendations of the Marketing Committee were: 1. More cooperative selling through organized associations or through local merchants. 2. More people buy and sell through pooled orders. 3. The County Marketing Committee sponsor a producer and consumer educational program. 4. Each county have a program on improving the quality of at least one product.

The recommendations of the Recreation Committee were: 1. Each family have one family play night per month. 2. Clubs participate in singing games, skills and playlets. 3. Clubs continue sponsoring two community social activities per year. 4. Each county form a women's chorus for group singing.

Mrs. Ollie Hindman was called upon to give the Educational Workshop report. Their recommendations were: 1. Continue the reading plan which is the same as the 1946 plan. 2. Each county help establish libraries. 3. Each district study and help to state institutions in their locality. 4. Make a study of the effects of the U. N. Wage War on Tuberculosis in Mexico.

### Former Spur Girl Here On Visit

Major and Mrs. Ernest D. Goddard have been the house guests of Mr. and Mrs. G. R. Boothe, Mr. and Mrs. Troy Boothe, and Mr. and Mrs. Ernest Kearney and Mike. Mrs. Goddard is the former Nelta Boothe.

### Mrs. Godeke Talks To Joint Meeting of Study Clubs, P. T. A.

The Twentieth Century Club was host to all the federated clubs of Spur and to the P. T. A. Tuesday, October 2, for a talk by Mrs. H. F. Godeke in the East Ward auditorium.

Major Goddard is stationed at Mather Air Force Base at Sacramento, Calif. Mrs. Goddard was recently given a write-up in *The Reflector*, the publication of the Mather Air Force Base Women's Club.

The article stated that Mrs. Goddard had set up and edited the paper for six months, that she is vice-president of the Women's Club, and has given time and energy to the Red Cross.

Prior to the meeting, Mrs. Godeke and Rev. and Mrs. Melvin Rathel were honored by the Twentieth Century Club with a luncheon in the home of Mrs. P. C. Nichols. Margolids decorated the tables and arrangements of zinnias, peonias and marigolds were used throughout the house.

Attending the luncheon were the honorees, Mrs. Godeke and Rev. and Mrs. Rathel, Mrs. Nichols, Oscar McGinty, J. A. Koon, Henry Gruben, Cliff Bird, E. S. Lee, L. D. Ratliff, James Reed, T. H. Blackwell, J. C. McNeill, O. C. Arthur, and A. M. Walker.

At the 3:00 meeting of all the clubs, Rev. Rathel sang "Some Enchanted Evening" and "Bells of the Sea" accompanied by Mrs. Rathel.

### 1917 CLUB MEETS OCT. 3

The 1917 Study Club met Tuesday afternoon, October 2, in the home of Mrs. Tom Johnston. Roll call was answered with "Progress in some phase of medical science."

Mrs. D. E. Woodward presided at the short business session after which the club adjourned to the East Ward auditorium to meet with the other clubs.

Present for the meetings were Mrs. Woodward, W. T. Williams, R. C. Forbis, Nell Davis, Jack Moore, Clark Forbis, J. C. Koen, William Ligon, J. H. Bowman and the hostess, Mrs. Johnston.

Clarence Leon of Leon Ice Co. from Rotan was in Spur on business Wednesday.

Mrs. Dulaney Davis from Ralls was visiting in town Wednesday. Gus Martin of East Afton was in Spur on business Wednesday. Mr. and Mrs. D. W. Hughes of Glenn were in town Wednesday.

Mrs. McClurkin is Home Demonstration Agent of Bailey county. The wedding will be read October 28th in the Clovis Presbyterian Church.

### Oil Wells Use Much Steel

It takes an average of 44 tons of steel pipe for each oil well drilled in the United States. This the record plan which is the same as the 1946 plan. 1b. Each county help establish libraries. 2. Each district study and help to state institutions in their locality. 4. Make a study of the effects of the U. N. Wage War on Tuberculosis in Mexico.

### U.N. Wage War on Tuberculosis in Mexico

Thirty-seven million boys and girls have been tested for tuberculosis in 25 countries, and 17 million of them vaccinated with BCG (Bacillus Calmette Guerin), since the end of the war in the International Tuberculosis Campaign sponsored by United Nations Economic and Social Commission. The campaign was begun six years ago by the Danish Red Cross Society and was assisted on by the U.N. International Children's Emergency Fund, the U. N. World Health Organization and Scandinavian volunteers. Above, one of the teams is shown at work in the village square in San Andres Tuxtla, in Veracruz, Mexico. Mrs. Dee McArthur and Mrs. Vernon Harris are the new leaders. The troop committee mothers are Mmes. Harold Karr, Paul Marion, and J. B. Morrison. For the very important work of transportation committee, Mrs. Karr and Mrs. W. F. Patrick volunteered. Mrs. J. B. Dean and Mrs. Murray agreed to assist in this responsibility.

The young ladies whose mothers have promised to assist them in becoming Brownies are Carole Brasler, Rita Gale Dean, Poolette Drive, Betty Sharon Bates, Martha Frances Valley, Marjorie Ann Thores, Sandra Gayle Karr, Sue Anne King, Mila Marion, Linda Beth Morrison, Sandra Gail Murray, Pattie Jo Patrick, Ella Jo Powell, Catherine Smith, Judy Gail Walker, Beth McGinty, Linda Campbell and Janette Harris.

#### Troop III

On Sept. 28 members of Troop III met in the Girl Scout Little House with eight girls reporting present. Three of these girls did not remain for the troop meeting because of a band trip. The new leader, Mrs. Reuben Waddell, conducted the routine business and made announcements. The discussion period was devoted to badge work and outlines.

#### Troop IV

Troop IV met on Oct. 1. One member was absent; Rita Joyce Williams had gone to see the State Fair at Dallas. Plans were made for the Fly-up program to be presented on Oct. 28 during Girl Scout Week. All girls can now repeat the Girl Scout Promise and Laws.

#### Troop V

We had a cook-out served by Patrol I on Duck Creek. Before we ate some of the girls went down to the creek and played. We were served hot dogs, cookies, sour pickles and potato salad. We roasted marshmallows and had lemonade to drink.

Mothers present were Mrs. Pickens, Mrs. Innes, new assistant, and Mrs. King. We were happy to present to the Troop a new member, and were glad to have with us Thalia, Mrs. King's baby.

After eating we played and some girls built water wells and some made a town of damp sand. We had to come home earlier than was expected because it was so cold. We hope it is warmer when Patrols II and III have Cook-outs.

Reporters, Agatha Ellis and Shirley Ann Gannon.

#### Troop VII

Troop VII met Monday, Oct. 1, with all girls present except Anna Bob Williams who has gone to the State Fair. She will give us a report when she returns. Sand painting is paying off in our Troop; the girls are having a good time.

#### Mrs. Allen, Family Honored at Dinner

Mrs. Sera Allen and her children were honored Sunday, Sept. 30, with a dinner in the home of Mr. and Mrs. C. E. Butler. Mrs. Butler is a daughter of Mrs. Allen. Children and grandchildren who

attended were Mrs. Bettie Harris, Clarence Smith, Mr. and Mrs. Dean Smith, Mr. and Mrs. Herman Kee, Mr. and Mrs. Jack Hoag and Mr. and Mrs. William Butler and Clarence Gene, all of Lubbock; Mr. and Mrs. Elgin Evans, Wayne and Rita Beth of Abilene; Mr. and Mrs. Luke Harris, Gene and Lonnie of Spur; Mrs. Clema Allen, Nina Kay, Carol Zoe Ann, Laura Lee and Neil of Dora, New Mexico; Mr. and Mrs. Buck Partridge, Neil Jo, Jean, Klene of Afton.

Mr. and Mrs. DeWitt Allen of Hereford; Mrs. Viola Graves, Mrs. Frank Moore and Karen Kay Knudson of Hillsboro; Mr. and Mrs. Lawrence Graves of Irving; Mr. and Mrs. Clarence Graves, Wayne, Virginia and Juda of Brownfield; Mr. and Mrs. Weldon Allen, Jimmie, Ronnie, Jackie and Janette of Plainview; and Mr. and Mrs. T. J. Conaway, Donald, Larry and Lonis of Dickens. Friends of the family attending were Mrs. C. W. Baile, and Mr. and Mrs. Jim Critt and Bill of Nolan; Mr. and Mrs. Herman Bostick, Jerry and Charles Dale; Thelma Collins; Dillard Jackson, Juanita, Bobbie, John, Donald, and Ronald, all of Dickens; Mrs. J. D. Guyard and Roy Dale, and Mr. and Mrs. T. L. Conaway of Spur.

A record tonnage of commercial feeds was sold in Texas during the past fiscal year. The total tonnage was estimated at 2,853,600 tons. An increase of \$17,250 tons over the previous year and \$25,600 tons more than were sold in 1941-42, the previous record year.

**GRANDPA'S HELPER**

Wearing a crown of distinction in her first published photograph, Evelyn "Lyn" Horton is doing her bit to sell Defense Bonds for her grandfather, Secretary of the Treasury John W. Snyder. "Lyn," ten months old, is the daughter of Mr. and Mrs. John E. Horton of Washington. Mrs. Horton is the Secretary's daughter, prominent in Washington as Druce Snyder Horton.

Principal purposes of the campaign, in which little "Lyn" is taking such an active part, are to encourage thrift and savings, to discourage inflationary spending, and to maintain and increase the wide distribution of the public debt.

It is not too early for livestock owners, especially dairymen, to make plans for putting up plenty of silage for next year. It's a cheap source of digestible nutrients and dairymen can cut production costs by feeding silage.

**NEWS FROM DRY LAKE**

Most of the farmers in Dry Lake have gotten out several bales of cotton and are still putting. Above an average cotton crop is expected for the community as a whole this year. One in the community has out ten bales and pulling is not over yet.

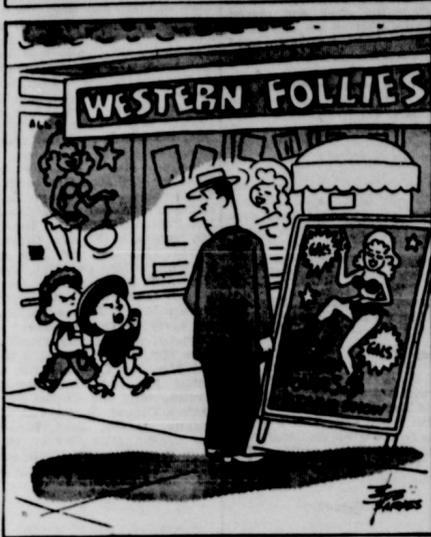

Mr. and Mrs. Dopson, Mrs. Bass, Mrs. Gordon and Mrs. Lassetter went to Lubbock Saturday to set up the Dry Lake booth in the Fair. Everyone who goes to the Fair is urged to look in the Agriculture building for the Dry Lake booth. They are proud of it. Almost everyone in the community sent something to be put in the booth.

Our community program the 26th was a success. We had 26 boxes and took in \$42.00 for them. We also had a nice time eating and talking. Our next meeting will be Wednesday, October 10. Everyone come and help us enjoy the evening. You will learn something from the educational program also.

Several children in our community attended the free show for prizes in the magazine contest. We are proud of our children.

**LOCAL STUDENT ACCEPTED IN CHANTERS**

ABILENE, Oct. 4.—Shirley Hairgrove, junior student at McMurry College from Spur has been accepted as a member of the Chanters, mixed choral group, according to Dr. Richard V. von Ende, director.

Approximately 45 students have been chosen to serve with the Chanters this year. Tentative plans for the group call for two major tours through the state, plus performances for civic organizations and high schools, both locally and throughout the area. Shirley is the daughter of Dee Hairgrove.

Gene Bass made a business trip to Spur Monday.

Rev. and Mrs. James Patterson and Mrs. Coy Powers attended a children worker's meeting in Plainview Tuesday.

MRS. VIVIAN GIBSON, Bookkeeper

Are some of your Series E Government Bonds maturing this month?

Now they can earn more money for you!

New law provides 10 more interest-earning years for your Series E Bonds . . . and you need not do a thing!

Are you one of those smart and patriotic Americans who began an automatic saving program with Series E Government Bonds in 1941? Then you're one of the lucky people who can profit by a new law now!

A bill recently passed by Congress now makes it possible for your United States Defense Bonds to continue earning interest ten years longer than was originally planned.

For example, a Series E Bond which cost you \$18.75 in 1941 will pay you \$25 in 1951. But if you hold that bond ten extra years, until 1961, it will pay you \$33.33, an average interest of 2% compounded annually. You get similar increases on Series E Bonds of every denomination.

And there is nothing for you, as a bond holder, to do. You need not exchange the bonds you have. You need not sign any paper, fill out any form. You simply keep your bonds as you have been keeping them.

You may still redeem any Series E Bond at any time after you've owned it for sixty days. But unless you really need the cash you're much better off to hold your bonds. For United States Defense Bonds are as safe as America itself.

When you buy your bonds regularly and hold them, they are steadily building a sum big enough to buy something really worth while—a home, a business, a retirement fund, an education for your children.

And bonds are safer than cash! If you lose or accidentally destroy cash it's gone for good. But when you have your cash in United States Defense Bonds, the U. S. Treasury will replace lost or destroyed bonds at no cost or loss to you.

So if some of your bonds are coming due, take advantage of this new offer of your government—just sit back and let them go on making money. Meanwhile keep adding to your savings by buying more U. S. Defense Bonds regularly—through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank.

If you want to be paid your interest as current income—

The new law also allows you to exchange your Series E Bonds, in blocks of \$500 or more, for Special Series G Bonds which pay interest semiannually at the rate of 2 1/2% per year. For full details, ask at any Federal Reserve Bank.

Look how your maturing bonds go on earning under the new law!

(This table shows \$25, \$50, and \$100 bonds as examples of how All Series E Bonds grow.)

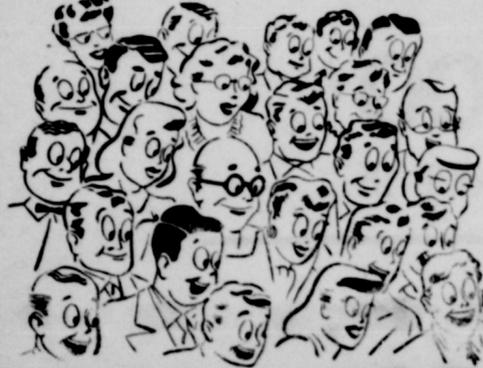

Original maturity (in years)	Original value (face value)	\$25 bond	\$50 bond	\$100 bond

**How does it feel to drive a Buick?**

If you think perhaps we're hinting that it would be a good idea for you to try out a Buick—mister, you've never been so right.

It does a lot of things for you and to you that will be something new in your driving experience.

Take the way it feels beneath your hands on the wheel—eager and willing and anxious to please.

It sports when you want to sport—rolls with effortless momentum when you want to cruise.

When you take a curve, it snugs down to the road with sure-footed confidence.

After you make a turn, the front wheels instinctively seek a straight course. This car seems to guide itself.

When you come to a bumpy stretch, each separate wheel on its own coil spring steps you smoothly along on a level keel.

Then there's power that surges into action at a nudge of your toe—sends your speedometer needle soaring up to any speed the law allows, in a matter of seconds.

And there is also thrift—the gas-saving thrift that comes from a high-compression valve-in-head Fireball Engine found in no other car.

To top all this, there is Dynaflo Drive®—that feeds power in a steady, falterless flow—lets you ride relaxed

in busy traffic or on a day-long cross-country drive.

We're willing to stand on the statement that no other car rides, performs or drives like a Buick.

But why take our word for it? Come in—take over one of these lively lovelies—and see for yourself.

**NO OTHER CAR PROVIDES ALL THESE:**

## NATIONAL BIBLE WEEK

Eleventh National Bible Week is to be observed  
October 15-21, sponsored by the Laymen's National  
Committee, a non-profit organization comprising  
men and women of all religious faiths, recruited  
from all walks of life.

At this time when war clouds loom, when  
corruption is running rampant throughout America,  
more than ever before the people of this nation  
need the comfort, help and wisdom that can be  
theirs by daily reading of the WORLD'S GREAT-  
EST BOOK—THE HOLY BIBLE.

The Laymen's National Committee recommends  
especially a reading and re-reading of the 23rd  
Psalm. Here is a passage of Scripture that fairly  
sings with its rhythmic flow of words, and the  
reading of which probably has comforted and helped  
more people than anything that has ever been  
written.

David, the shepherd author of this beautiful  
passage, had known loneliness and travail, and in  
this 23rd Psalm he recounts how he had found the  
diagnosis of and the cure for his troubles, as he says  
in its first verse:

"The Lord is my shepherd, I shall not want."  
That he had experienced care and anxiety, he  
explains by saying further:

"He maketh me to lie down in green pastures;  
He leadeth me beside the still waters."  
That his soul had been sorely tried and he had  
found succor, he tells:

"He restoreth my soul; He leadeth me in the  
paths of righteousness for his name's sake."  
He goes on to recite how he had been able to  
rid himself of fears that had made his life un-  
bearable:

"Yea, though I walk through the valley of the  
shadow of death, I will fear no evil, for Thou art  
with me, thy rod and thy staff they comfort me."  
David had enemies, and he recounts how God  
had enabled him to prevail over and confound them,  
as he says:

"Thou preparest a table before me in the presence  
of mine enemies; Thou anointest my head with oil;  
my cup runneth over."  
And in the final verse of this magnificent chap-  
ter, the Psalmist rejoices that his life's problems  
have been solved, as he joyfully proclaims:

"Surely goodness and mercy shall follow me all  
the days of my life and I will dwell in the House  
of the Lord forever."  
The 23rd Psalm is but one of the many, many  
beautiful passages to be found in the GRAND OLD  
BOOK. National Bible Week will be a good time  
for those who have forgotten this fact, to take the  
Good Book down from the shelf, blow the dust off  
it, and once again browse among its glorious pages.

For those who have never known the comfort and  
joy that stems from daily Bible reading, it will be  
an auspicious time to get acquainted with the  
"Guide Book of Civilization." To the younger of  
these new readers, the Laymen's National Com-  
mittee suggests that they turn first to Ecclesiastes,  
Chapter 12, the first verse of which reads:

"Remember now thy Creator in the days of thy  
youth, while the evil days come not, nor the years  
draw nigh when thou shalt say, I have pleasure  
in them."  
Never in our history has this nation needed so  
greatly the normal stamina which can be derived  
from the Bible. It is hoped that during Eleventh  
National Bible Week, October 15-21, millions of  
Americans will discover or rediscover the WORLD'S  
GREATEST BOOK.

## New Ceilings Placed On West Texas Beef

A revised pricing program for  
the retail sale of beef establishing  
new dollar and cents ceilings  
went into effect in the Lubbock  
district—69 West Texas counties  
—on October 1, the Lubbock dis-  
trict office announced this week.

The regulation also permits  
the sale of a wider variety of re-  
tail cuts and contains more effec-  
tive safeguards to protect con-  
sumers in buying beef, the district  
office said.

The ceiling prices of some beef  
cuts in the district are reduced,  
and some are increased under the  
order. It results in an overall in-  
crease in cost to the customer of  
about one and one-half to two  
cents a pound over those now in  
effect.

District OPS officials stressed  
that the increase was required un-  
der the stabilization law passed by  
Congress in August. The retail in-  
crease is a direct reflection of an  
increase granted last week to  
packers to restore their normal  
margins which had been cut by  
lower receipts of cattle and for  
cattle by-products, such as hides  
and tallow.

The new retail ceilings are the  
ones that OPS announced last  
week would be issued soon, based  
on revised wholesale beef ceilings  
which became effective then. Also,  
price relationships among retail  
cuts have been further revised to  
reflect more accurately the real  
selling value of each cut.  
Because of this, there will be  
lower retail ceilings for some  
popular beef items while ceiling  
increases will be required in  
others.

Price changes will range from  
an increase of as much as 28 cents  
a pound on some utility cuts of  
beef to a decrease of as much as

up to a city of 40,000. The illumina-  
tion of the fair grounds will put  
in the shade even that for the  
Texas Centennial in 1936.

Opening day, Saturday, Oct. 6,  
is Pural Day at the fair, and up-  
wards of 95,000 Four-H Club boys  
and girls, Future Farmers and  
Future Homemakers from 225 of  
the state's 254 counties are ex-  
pected to be on hand, for the  
nation's largest annual gathering  
of its kind.

Gates to the fair will be opened  
at 7:30 a. m., Oct. 6.

Exhibit buildings open at 9 a. m.  
and the Hall of State, Museum  
of Fine Arts, Museum of Natural

Meanwhile, the Office of Price  
Stabilization has also issued a re-  
gulation under which producers  
and sellers of agricultural liming  
materials will establish their ceiling  
prices by formula.

The Lubbock district price ex-  
ecutive, Ted Gehring, pointed out  
the importance of such a regula-  
tion to the West Texas district  
because of the widespread agricul-  
tural industry in the area.

The regulation applies to materi-  
als sold for spraying, dusting and  
soil liming purposes, and includes  
ground or pulverized limestone,  
limestone screening and meal,  
burned lime, hydrated lime, air-  
slacked lime, calcareous or ground  
molasses shells, calcareous and  
dolomitic fertilizer fillers, mar-  
shal and by-product liming materi-  
als such as sugar house lime and  
acetylene lime waste.

The regulation is expected to re-  
sult in a slight over-all average in-  
crease in price. Ceilings for whole-  
saler and retailers are determined  
by adding to their cost of materi-  
als and costs of delivery, handling  
and spreading, the average per-  
centage markup they received during  
a base period.

such as brush, bushes and thickets.  
From a food viewpoint, the  
Director of Wildlife Restoration  
predicted that there "is certain to  
be a reduced production of weed  
and grass seeds as well as the  
berries and seeds from trees and  
shrubs."

He observed that hunting con-  
ditions in most recent seasons have  
not been favorable to the sports-  
men since the fall droughts have  
hampered scenting by bird dogs.  
The pursuit of the crafty bobwhite  
and blue quail has unusual signifi-  
cance for the hunters this fall  
in view of the sparse dove shoot-  
ing to date.

## Fall Quail Hunting To Be "Fairly Good"

AUSTIN, Sept. 30—Prospects  
for the coming fall quail hunt  
were described as "fairly good"  
by the Director of Wildlife Resto-  
ration of the Game and Fish  
Commission.

He said field reports were in-  
adequate to give the quail popu-  
lation pattern for the entire state  
but added that in scattered areas  
not devastated by the drought the  
outlook is better.

The Director explained that the  
original hatch was "average" in  
much of the state since nesting  
was well advanced before the  
drought began to sear the state  
during July and August.

He said there may be a scar-  
city of herbaceous cover in gen-  
eral and that it may be too light  
to stand up under fall rains and  
frost. As a result the birds may  
have to look for tougher cover
