Chamber of Commerce Doing... City Passes Ordinance Banning Peddlers, Solicitors In Residential Districts of Spur

The Chamber of Commerce proposal for a City ordinance to bar all solicitors, peddlers, hawkers, itinerant merchants or transient vendors from the private residences unless they have permission from such residents, was passed by the city commission Tuesday night.

The chamber says "hats off to the City Commission." Mayor Ned Hogan, Joe Long and Dr. W. F. Patrick of the city commission passed the ordinance for the good of all residents of Spur who have been continually hounded by peddlers, and we congratulate them for it.

Working hand in hand with this city ordinance to control peddlers in the residential district of our city, the Chamber of Commerce will continue its efforts to keep undesirable and questionable solicitors and peddlers out of the business district. For several months members of the chamber have required letters of introduction from the chamber office prior to recognizing or patronizing solicitors in the business district.

The chamber office has strived to weed out undesirable and to grant letters only to bona fide personnel working toward legitimate ends. However, this system within the chamber membership will work only as the merchants cooperate in demanding such letters. Cooperation in this manner in the past has been effective and is appreciated.

Registration Points For 18-Year Olds In Spur, Dickens

AUSTIN, Texas, Oct. 11—Boys who reach the age of 18, required to register with the nearest draft board, can register in Spur with Charles O. Fox or Mrs. Francis G. Ball and in Dickens with Fred Arrington.

The nearest draft board is Local Board No. 80, Jayton, which has jurisdiction over Dickens, Kent and Stonewall counties.

Services of these registrars enables Dickens county boys to register in their own county without having to go to the expense and trouble of travel to Jayton.

A local board is maintained for the three-county area because one board can take care of it under present circumstances and thus help keep down the cost of government.

Brig. Gen. Paul L. Wakefield, state Selective Service director, said today "people should appreciate the service these registrars are rendering the people of Dickens county. They do this job without pay as a patriotic service to the country."

All males are required to register under the draft law on their 18th birthday or within five days thereafter.

Maximum penalties that can be applied for failure to register is \$10,000 fine, or five years in prison, or both.

Negro Quartet Sings At Methodist Church For Evening Service

The Sykes Gospel Quartet from Hollywood, California, sang at the First Methodist Church Sunday evening.

The Negro singers, two women and two men, were brought to Spur by Rev. H. L. Rollison of Lubbock, who is part-time pastor of the Colored Methodist Episcopal Church of Spur.

The group sang "Just Jesus," "I Was There When the Spirit Came," "Peace in the Valley," "I'll Search Heaven for You," "Search Me, Lord" and "Down on My Knees When Trouble Rises."

The pianist for the quartet was one of the male singers. For "Swing Low" he played the organ. During an intermission, Rev. Cal Wright, pastor of the First Methodist Church, talked briefly on the background of the Negro spiritual.

The chamber has been broadcasting over KFLD for some time now and we are noticing favorable reaction. The surrounding communities have taken part in the programs as well as Spur and have presented some interesting programs. We are striving for diversity in arranging these programs and we invite your assistance in advertising Spur and the surrounding area. This week we will have several of the ministers of our city cooperating in a group to present a program of interest to all denominations. The ministers will start broadcasting at 900 on the radio dial at 3:15 p. m. Sunday afternoon. Be sure to make a special effort to listen.

The Chamber of Commerce wishes to take this opportunity to extend a welcome to the new comers of Spur this week and we invite them to come by the Chamber office and visit. The following are new in our city, Mr. and Mrs. Benny Goss and Mr. and Mrs. J. C. Higdon.

Teachers' Group Will Meet Here

Misses Sarah Miltia Hill and Mae Simmons are co-directors of the regional meeting of Kappa Gamma Delta, professional teachers' organization, which will be held in Spur October 20. Gamma Eta, the local chapter, will be hostess for the meeting.

SPUR-SLATON GAME TO BE BROADCAST SAT. MORNING

KFLD, Amarillo, will carry a broadcast of the Spur-Slaton Football game to be played Friday night in Slaton at 8:05 a. m. Saturday morning, Oct. 13.

The broadcast is sponsored by Willson-Young Lumber Co., Gabriel's and Denton Implement and Hardware Co.

Spur Legion Aux. Begins Enrollment of Members for 1952

Enrollment of members for a new year of service to America and its disabled veterans will be begun by the American Legion Auxiliary here on October 15, Mrs. Joe Jeffers, president of the Williams-Puckett unit, announced today.

Because of increasing need for the type of work carried out by the Auxiliary due to the present national danger and Korean war casualties, increased enrollment will be sought for 1952, Mrs. Jeffers said. Invitations to come into the organization will be extended to women of war service families throughout the county during an intensive membership effort.

The campaign will be directed by unit membership combat team leaders who are Mmes. C. E. Ballard, Larry Boothe, G. W. Grimes, Joe Jeffers, D. I. Lee, L. R. Barrett, Kelley Marsh, C. B. Chandler, W. P. Foster, Jr. and J. B. Haralson. Each combat team leader will seek new and old members to make up her combat team of five.

"With our country in continuing danger from world-wide threat of communism, and with thousands of wounded from the Korean conflict being added to the nation's roll of disabled veterans, there is growing need for the services the Auxiliary is organized to perform," said Mrs. Jeffers. "We need the help of every woman who is eligible and we hope to enroll a greatly increased number for our activities for 1952."

2nd Treasure Hunt Deemed Successful; Plans for 3rd Made

The second monthly Treasure Hunt, staged by the merchants of Spur, was held last Wednesday. Merchants report a nice crowd in town and a definite increase in business. With more Treasure Hunt numbers, more shoppers received free gifts from the merchants.

To make the big day even bigger, the merchants have decided to again increase the number of numbers in each place of business. At a meeting held in the Lions Hall Wednesday, the Treasure Hunt merchants present voted to assign five numbers to each participating business, thus almost doubling the number of winning numbers.

Plans are being made to sponsor a "Mystery Man" hunt in the near future. Definite plans will be announced at a later date.

Shivers Salutes Oil Industry

Official recognition came to the Texas oil industry today in the form of a proclamation issued by Governor Allan Shivers designating Oct. 14-20 "Oil Progress Week" in the Lone Star state. In this picture, Shivers signs the proclamation as Roy M. Stephens, Texas chairman of the Oil Industry Information Committee, looks on.

Recent REA Loan To Supply Electric Service For 147 Families in Area

The prospects of 147 rural families for getting electric service were advanced greatly with approval of a new REA loan of \$155,000.00 to the Dickens County Electric Cooperative, Inc. of Spur, Texas, Joe M. Rose, president of the board of directors, announced today. The new loan will be used for new line construction and system improvements.

As a result of this loan, the co-op will be able to serve approximately 147 new consumers in Dickens, Motley, Crosby, Garza, Kent, Stonewall and King Counties, and to furnish better service to present consumers. Construction will be pushed as rapidly as materials and labor can be obtained, president Joe Rose said.

The co-op has 1162 miles of power lines which bring electric service to 1602 rural consumers. Upon completion of its present building plans, the system will be increased to 1700 miles of rural lines serving 1750 consumers, the president said.

"It is our purpose to see that rural electrification in our area keeps pace with its advance in other sections of the country," Mr. Rose declared. Congress has indicated its interest in rural electrification by making about two billion dollars available for loans since 1935. The greater part of this is being utilized by rural electric cooperatives such as ours. This Federal rural electrification program has been a leading factor in raising the Nation's level of electrified farms from 1 out of 10 in 1935 to 7 out of 10 today.

"We're going ahead with plans to serve the greatest possible number of rural people in our area. We operate on an area coverage basis - in other words, we hope eventually to bring service to every rural resident who wants electricity instead of only those in our more thickly settled communities.

"In addition, we recognize our obligation to provide service which is adequate to our expanding needs. We have rebuilt our living arrangements and our farm production around electricity, and it must be provided continuously and in ample amounts."

The Rural Electrification Act requires that REA loans be repaid over a maximum 35-year period and carry 2% interest. The cooperative received approval of its new \$155,000.00 loan only after REA had completed a thorough study of the application. This study indicated that the cooperative will be able to construct the planned 100 miles of line and have adequate revenue from consumers' power bills to meet operating expenses and repay, with interest, all money borrowed from REA for its rural power facilities, Rose said. Rates charged consumers by the cooperative are based on the actual cost of service.

Since the Dickens County Electric Cooperative, Inc. was organized in 1941, it has received \$1,654,000.00 in loan fund allocations from REA. The co-op is meeting payments on schedule and has paid REA a total of \$33,512.70 in principal and interest on its loans, Rose said.

SINGING TO BE HELD AT McADOO CHURCH SUNDAY

There will be a singing at the McAdoo Baptist Church on Sunday, October 14, at 2:00. Several quartets are expected to attend and the public is invited to come.

A singing will be held in McAdoo the second Sunday of each month and the meeting place will alternate between the Baptist and Methodist churches.

Mr. W. J. Ham from Glenn was shopping and greeting friends in Spur this week.

Bulldogs Nominate Queen Candidates

Ginger Walker, Paulita Karr, Carolyn Kelley and Billie Sue Gregory were nominated by the Spur Bulldogs football team as candidates for the 1951 Football queen.

The queen will be crowned in a before-game ceremony in Jones Stadium at 7:45 October 19. She will be elected by donations to the annual football-band pep squad banquet at one vote for one cent. Members of the different classes are soliciting votes for their respective candidates now and will continue to do so until 1:00 p. m. Wednesday, Oct. 17, at which time the votes will be counted.

C. F. Cook, superintendent, states that there will be no cans, buckets or boxes left in downtown businesses this year and that all funds will be collected directly by the class members.

Ginger is representing the senior class, Paulita is a junior, Carolyn a sophomore, and Billie Sue a freshman, Annette Lee a senior, won the honor last year.

County Cotton Crop Enroute to Gins; 6,000 Bales Ginned; 24,000 to Go

"More pullers and more sunshine" is the plea this week of area cotton farmers as pulling continues in full swing.

The county needs approximately one thousand cotton pullers for the next two weeks, according to county agent Charles Taylor. At this time rain or high winds could seriously damage the crop, so farmers are anxious to get as much as possible to the gins while the weather holds out. The labor available at present could eventually gather the crop, but it is possible the favorable weather will not continue long enough.

Approximately 6000 bales have been delivered to the gins from this year's crop, states Taylor, which is approximately 20 per cent of the total expected.

Rites Held Mon. For Mrs. W. O. Farmer

Funeral services were held at 5 p. m. Monday, October 8, 1951, for Mrs. Willie S. Hyatt Farmer, 50, who died October 6.

Mrs. Farmer was born June 12, 1901, in Dickens, the daughter of Mr. and Mrs. W. L. Hyatt. At 16 years of age she was converted and joined the Christian Church. She was married to William O. Farmer on December 6, 1946, in Kingman, Arizona. The couple moved to Las Cruces, N. M. where they were living at the time of Mrs. Farmer's death.

Rev. Ralph Russell conducted the funeral services at the First Christian Church in Spur. Burial was in Spur Cemetery with Chandler Funeral Home in charge.

Mrs. Farmer is survived by her husband; her mother, of Spur; one sister, Mrs. Newt Harkey of Littlefield; and one brother, Horace, of Spur.

Out-of-town relatives who attended the funeral were Mrs. Harkey, Mrs. Joe T. Salem of Sudan, a niece; Miss Beatrice McKnight, Mrs. Gay Collett, aunts, Mrs. Esther Grady and Mrs. A. W. Thomason, all of Dallas; Mrs. Helen Patton and Miss Mary Keith of Matador; Mr. and Mrs. Luther Jones of Martin.

LOCAL BOY RECEIVES HONORS AT COLLEGE

Fred L. Howard, a freshman at Mary Allen College in Crockett, has been chosen president of the Freshman Class, president of his Sunday School Class, and was one of the ten male singers chosen for the school choir. Howard's grades on the school's entrance exams rates among the highest, it is reported.

Graduated in May, 1951 from Haynes High School in Spur, Howard is the son of Willis and Fred "Ham Bone" Howard of Spur.

SPUR BOY ELECTED DISTRICT F. F. A. OFFICER

During the Lubbock District F. F. A. meeting at Idalou recently, Hershel Wade was elected district secretary. Wade attended the meeting as a nominee for president from Spur, Foster Estep, Frederick Pierce and Paul Sweatt, Ag. instructor, also attended the meeting.

PEP RALLY TONIGHT

Led by the Spur high school band and the pep squad, there will be a big pep rally in down town Spur tonight beginning at 7 p. m.

Local Boys Bow To Whirlwinds 24-13 In Last Friday's Tilt; 3 Regulars Injured

A crippled and bruised Spur Bulldog team will travel to Slaton tomorrow night to meet a large and rugged Slaton eleven, in their first game of District 6-AA competition.

Last Friday night, the Bulldogs got off to a slow start and were never able to delete a four-touchdown-first half by the Floydada Whirlwinds. The Whirlwinds won 24-13.

With regulars Joe Bell, Charlie Watson and Franklin Gabriel definitely out of the line up for tomorrow's game, Coach Sam Hawkes has had to make several changes in positions among the more experienced boys. This week will see Chester Lindsey, regularly a quarterback, playing in a tackle slot. Toby Williams, stalwart tackle, will be playing center.

Fathers Honored At P-TA Meeting Tues.

Spur fathers were honored at the regular meeting of the Spur P-TA Tuesday night at East Ward school with approximately 80 parents and teachers attending.

Following the theme "Fathers Meet Teacher," Willis G. Jernigan gave the invocation and an address was made by Bruce Browning.

Mrs. Dean Duffie's room was awarded a prize in the recent membership drive.

A social was held following the room call for those present. A Halloween theme was followed for the social with the hospitality committee in charge. Mrs. Fred Neaves is chairman of this committee.

County Cotton Crop Enroute to Gins; 6,000 Bales Ginned; 24,000 to Go

"More pullers and more sunshine" is the plea this week of area cotton farmers as pulling continues in full swing.

The county needs approximately one thousand cotton pullers for the next two weeks, according to county agent Charles Taylor. At this time rain or high winds could seriously damage the crop, so farmers are anxious to get as much as possible to the gins while the weather holds out. The labor available at present could eventually gather the crop, but it is possible the favorable weather will not continue long enough.

Approximately 6000 bales have been delivered to the gins from this year's crop, states Taylor, which is approximately 20 per cent of the total expected.

Area gins are reported staying up with the pulling fairly well, but will possibly get behind in the near future. At McAdoo, where picking has been good and the cotton is good, the gin is running a little behind.

According to Taylor, most area farmers plan to use mechanical strippers to wind up the 1951 crop, but a very few plan to wait and use the machines for the entire crop. Approximately 40 per cent of the county's cotton is of the storm proof variety, but as long as pullers are available, the farmers will continue to go over at least the first time by hand. Taylor predicts, however, that in the near future there will be mechanical means for gathering the complete crop profitably.

Pulling rates seem to be constant over the county at \$2.25 at the gin or \$2.00 in the field. Farmers are selling their cotton for approximately 35 cents for the better lint.

Stock farmers and ranchers are about ready to give up on the possibility of early grazing from wheat lands. Although county farmers can sow wheat as late as the first of December for a wheat crop, grazing wheat land should have been well on its way by now. A rain in the very near future could alter this situation favorably but would harm the cotton farmer.

LOCAL GIRL ADMITTED TO SCOTTISH RITE HOSPITAL

Kathleen Tunnell, 5 year-old daughter of Mr. and Mrs. M. W. Tunnell of Spur, was admitted to the Scottish Rite Hospital for Crippled Children in Dallas on October 3, 1951.

The hospital was founded 27 years ago by Texas Masons to provide the best treatment for Texas' crippled children at no extra cost to the patient.

Since that time the Scottish Rite Hospital has treated over 16,000 children in the wards and 68,000 clinical patients. An expert staff of doctors, nurses and therapeutic technicians carry on the best surgical and corrective treatment by means of contributions from the general public.

PEP RALLY TONIGHT

Led by the Spur high school band and the pep squad, there will be a big pep rally in down town Spur tonight beginning at 7 p. m.

In practice this week, Coach Hawkes reports that Tommy Bass and Fred Price have shown a marked improvement and will probably see a good bit of service in Slaton. Bobby George, back, is reported in good shape after suffering from recent bruises. However, little scat-back Curtis Blair has a bad charley horse and will play only offensive ball in Slaton.

Aside from the array of injured players, Coach Hawkes states that the boys have shown more hustle and spirit this week in practice than ever before.

Slaton sports a large team power-running their long suit. Coach Hawkes states that he expects very little passing and will play defensively to stop their ground game. They run from the T, the winged T and a spread formation.

Offensively, starters for the Bulldogs will probably be Toby Williams, center; Harley Bingham and Larry Smith, guards; Ralph Gibson and Chester Lindsey, tackles; Dean King and Orville Cloude, ends; and Charles Grimland, Jackie Cloude, Curtis Blair, and Paul Simmons, backs.

In last Friday's game Floydada scored twice in the first period on a 61-yard run by Dane Clark and an 18-yard run by Adrian Helms. Their third and fourth touchdowns came in the second quarter on a 35-yard punt return by Jackie Hutchinson and a 23-yard pass from Billy Carmack to Hubert Ring.

Spur touchdowns were in the second and third quarters. Paul Simmons plunged over from the four after the touchdown was set up by a pass from Grimland to Blair which netted 63 yards.

Grimland passed to Cloude for a 53-yard gain and a touchdown in the third.

SCHOOL OFFICIALS ATTEND VARIOUS STATE MEETINGS

Robert Williams and Weldon Skinner have recently attended state meetings for school officials, and C. F. Cook will go to Austin this week end for a superintendent's meeting.

Last week end Williams, county school superintendent, attended a meeting of county superintendents in Dallas.

Monday and Tuesday of this week Skinner, high school principal, attended the Texas Secondary Schools Principals meeting in Mineral Wells. He reports three major phases of the meeting as outstanding and directly applicable to the Spur system. They are: 1. the discussion of study halls and libraries, 2. the panel on life adjustment education, and 3. the study of junior high schools needs as a medium between elementary and high school.

This week end Cook, Spur schools superintendent, will attend the fall administration meeting in Austin to discuss applications for foundation program funds.

Infant Daughter of B. L. Meltons Dies

Services were held Monday, October 1, 1951 for Rita Dyane Melton, infant daughter of Mr. and Mrs. B. L. Melton of Jayton, who died September 29, 1951. She was born September 26, 1951 in the Jayton Clinic.

Survivors are her parents, eight brothers and sisters; Jack, Ana Mae, Mattie Lean, Rosa Lee, J. B., Billie Jean, Deola and Joe Don, and her grandparents, Mr. and Mrs. W. E. Melton of Coalgate.

Burial was in Jayton Cemetery with Chandler Funeral Home in charge.

\$1,850 Cotton Bale Given to Texas Tech

LUBBOCK, October 10.—The world's highest priced bale of cotton will not have to leave Lubbock county for processing, thanks to the Textile Engineering Department at Texas Tech.

The \$1,850 bale of cotton, raised by Carter Caldwell of Slaton, has been given to Texas Tech by the buyer, Bob Womble of Womble Olds Co. in Lubbock. The textile engineering students will

process the high-priced staple as laboratory material and make towels and washrags for charitable institutions in the county. A few yards of drapery will be made for Womble as a souvenir.

The Lubbock Jaycees auctioned off the bale at \$3.70 a pound on a 500-pound basis. The bale weighed 650 pounds. The \$1,850 Caldwell received is the highest price on record for a bale of cotton. The market price for seven-eighths, middling cotton is about 32 cents a pound.

Prof. L. E. Parsons, head of the Textile Engineering Department at Tech, officially received the

cotton on the behalf of the college October 3.

Highway News

Mr. and Mrs. Byrd and children and Mr. and Mrs. Richard Swan visited Delbert Byrd Saturday who is working on the Matador Ranch.

Earl Thomason and Loyd Thomason were in Lubbock last week on business. Thomason's niece, Mrs. Ray Pool, returned home with them.

Ray Pool of Lubbock came down brought Miss Wynell Smith, Mrs. Boykin, Patsy and Billie, and Miss Patricia Bowldin of Clovis, N. M. who was Miss Smith's guest over the week end.

Mrs. Sonnamaker is reported to be doing fine but she is still under a doctor's care.

Mr. and Mrs. Derrell Thomason, Mrs. Earl Thomason, Mrs. J. W. Thomason and Janice and Mrs. Ray Pool visited in Fort Worth and Azel last week.

Mr. and Mrs. Donnie Pace made a trip to Hot Springs, N. M. last week. They reported a wonderful trip. They went with Mr. and Mrs. Loyd Rhinehart to take their little daughter Ladona to a doctor there. A brace was put back on her leg and she has a cane to walk with. Hope we get a better report next time.

The community business meeting was last Wednesday night. The first day we can't work at

home we are to fix the fence around the community house. M/Sgt. and Mrs. Lee Roy Walden of Wichita Falls were down over the week end visiting relatives.

Here's why Fordomatic puts them all in the past!

For the past year, automotive writers, engineers and owners have been raving about a new kind of automatic driving . . . and here's why you get it only in Ford Cars:

All the power you need when you need it! Some automatics have this

It gives you instant "GO"! It practically drives itself!

Some automatics have this

But Fordomatic has both

Yes, Fordomatic has a torque converter plus automatic gears. It brings you only the advantages of both drives.

Unlike cars with only a torque converter (which start and cruise all in one drive gear), Fordomatic starts fast and smooth in Intermediate Gear then shifts itself into Drive Gear.

Other cars offer an automatic drive that uses automatic gears (as illustrated in simplified form at right) instead of a torque converter. The advantage here is more "go," more control and greater economy. The disadvantage is that this system is not as smooth, nor as jerk-free as a torque converter.

Girl Scouts

All active Girl Scout troops are working on schedule for a new year now.

Troop VIII is an established unit and its Brownies are eager for any help the public can provide.

TROOP III
As a new leader, Mrs. Reuben Waddell led the girls of Troop III in making plans for using cocoonets in projects for troop meetings at their meeting on Friday, October 5. Badge plans are developing for a year's work.

TROOP IV
The members of Troop IV met on Monday, October 8, at the Little House. They examined and discussed cocoonets which came from Florida as a gift and made plans for using them. All members of the troop were present.

TROOP V
Patrol II presented a skit, "The Four Deaths," to members of Troop V at their regular meeting.

TROOP VII
Members of Troop VII met in

Thursday, October 4. The drama was given as work on second class requirements and was presented in the home of Mrs. Leon Reagan.

Double stage effect was used for this murder mystery in one continuous act. Characters were: Mr. Van Snoop, Melba Love; Mrs. Van Snoop, Mary Sue Bigham; the Van Snoop's socialite daughter, Colette Collett; the Van Snoop's maid, Ann Reagan; the detective who solved the crime, Judy Bragg.

This original play was very well presented and had background music performed by Judy Bragg and Mary Sue Bigham.

Punch and cookies were served to all present.

New songs were taught and performed by Patrol II during the refreshment period which was followed by a short business meeting.

Johnna Lou Scudder was a troop visitor.

Chrysler's new Hydraguide Power Steering!

Chrysler this year introduces the first power steering ever offered on an American passenger car. Many owners tell us it is the greatest advance in car driving since the self-starter! To a person who hasn't tried it, it is actually impossible to describe what a difference it makes. Driving becomes a new and wonderful experience. At your touch on the wheel, hydraulic power instantly provides four-fifths of the energy needed to steer the car. Gone is all sense of tug, strain, tension. In its place you find a wonderful sense of absolute front wheel control with almost no effort on your part. Hydraguide is regular equipment on Crown Imperials, optional at extra cost on other 8-cylinder models. Whatever car you're driving now, we invite you to . . .

Come TRY Chrysler Hydraguide . . . First power steering ever offered on an American passenger car!

Come TRY Chrysler FirePower . . . 180 Horsepower, finest and most powerful passenger car engine on America's highways today!

Come TRY Chrysler Power Braking . . . Power from the engine helps apply the brakes . . . cuts foot pressure required as much as two-thirds!

NEW EASE! No more whirling or twirling, tugging and straining. The lightest lady you know can actually park the biggest Chrysler with her thumb and one finger on the wheel . . . drive all day with new freedom from arm-and-shoulder fatigue!

NEW CONTROL! Hydraguide gives your hands on the wheel a new feeling of complete command at any speed. In city traffic . . . on awkward driveways . . . in snug-fitting garage entrances . . . you never felt such steering control in any car before!

NEW SAFETY! Even off the road onto a soft shoulder, Hydraguide helps keep your car steady and true with almost no effort . . . takes the jolt and strain out of driving in ruts, snow, or sand . . . makes steering many times safer than ever before!

Seed Hull Prices Up Because of Drouth

AUSTIN, Texas, October 11—Cottonseed hull prices in Texas were up 29 per cent in September over the same period last year, mainly because the drought in Central and South Texas caused a livestock feed shortage, Dr. A. B. Cox, University of Texas cotton marketing expert, reported.
 However, prospective increased supplies of cottonseed oil and Number 2 lintners caused price declines for those products in September-September comparisons, Dr. Cox said.
 Dr. Cox based his estimates on September 14 prices.
 Cottonseed meal prices dropped only 10 per cent, primarily because of the drought and increased prices for beef and milk. Number 2 lintners prices were down 23.5 per cent; cottonseed oil, 29 per cent.

A. F. L. Supports Defense Bond Drive

WASHINGTON, D. C., Oct. 11—With the opening of the Treasury Department's nationwide Defense Bond Drive, President William Green re-emphasized the endorsement and support of Defense Bonds by the American Federation of Labor. Here he discusses his plans for active labor participation in the Drive with J. H. Thomas, President of Local 1159, International Association of Machinists, Washington, D. C. Mr. Thomas has long been a regular buyer of Defense Bonds through the Payroll Savings Plan of his employer, the Capital Airlines. The Labor Day Bond "kick-off" program was held in Grand Rapids, Michigan, under the sponsorship of the United Labor Policy Committee.

Baptists To Meet in Houston Oct. 22-23

Dallas, Oct. 11—A West Texas cowboy, a former U. S. Deputy Marshall, and missionaries from five continents will be featured speakers at two Baptist conventions in Houston October 22-23.
 The conventions are the annual meetings of the men's Brotherhood and the Women's Missionary Union, which will precede the annual sessions of the Baptist General Convention of Texas October 23-25.
 The woman's convention will open at 10:30 Monday morning, October 22, in the Music Hall of the Sam Houston coliseum. Beginning at 7:30 P. M. the same day, the men's meeting will be held in the main building of the coliseum.
 Both will close out Tuesday afternoon before the opening of the general convention sessions at 7:00 that night in the coliseum.
 Speakers for the W. M. U. meeting will include Mrs. George R. Martin, Southern Baptist W. M. U. president, Norfolk, Va.; Mrs. H. H. Grooms, Birmingham, Ala.; Dr. Duke K. McCall, president of the Southern Baptist seminary, Louisville, Ky.; and missionaries representing Baptist work in Africa, North America, South America, Asia and Europe.
 Mrs. R. L. Mathis and Miss Eula Mae Henderson, Dallas, state W. M. U. president and executive secretary, are in charge of the women's convention.
 A father-son team will be presiding at the men's meeting. They are F. Ivy Boggs, Dallas estate analyst and Brotherhood president, and his son, Frank Boggs, evangelist singer, who will be in charge of the music.
 The Brotherhood program includes addresses by "Cowboy" Joe Evans, El Paso rancher who spends much of his time in evangelistic work and W. E. "Bill" Price, Baptist layman and former S. Deputy Marshall, Beaumont.

WTCC Manager, Spur Director Visit Local CC Members

J. D. McCain, a director of the West Texas Chamber of Commerce, and Ralph Duncan, manager of the Community Service department, were visiting members of that organization last Friday.
 Since February 1, members of the headquarters staff of the WTCC have visited in 100 of the 142 towns where there are local directors, said McCain.
 In addition, all of the more than 3,000 members of the organization have been invited to one or more of 11 meetings held throughout the 132 county area for the purpose of explaining the work program of the WTCC, McCain added.
 "This is in line with the policy adopted when the West Texas Chamber was organized last winter," said McCain, and "Fred Y. Husbands, executive vice president and general manager, and his assistants are carrying out the policy of the board of directors, which emphasized in its annual convention last fall that the regional chamber should create and maintain close relationship both with individual members and with local chambers of commerce."

Rural Fires Can Be Prevented States T. F. R. S. C. Official

COLLEGE STATION, October 11—Some 3,500 lives and more than one hundred million dollars in property losses will be the toll for rural fires in the nation this year. The Texas Farm and Ranch Safety Committee, headed by president J. Walter Hammond of the Texas Farm Bureau Federation and E. C. Martin, Texas Agricultural Extension Service, is urging all Texans not only to observe National Fire Prevention Week, October 7-13, but to practice fire prevention every day in the year.
 The leaders report that each year there is a sharp drop in the number of fires during and immediately following Fire Prevention Week and cite this as evidence to prove that something can be done to prevent fires when people really work at the job. Rural fires occur at the rate of one every five minutes and records show that 90 per cent are due to carelessness and neglect and are preventable.
 They say one or more of the following hazards is usually responsible for most rural fires; defective stoves and furnaces; defective, clogged and poorly built chimneys; failure to protect buildings with lightning rods; improper storage of gasoline and kerosene; sparks falling on flammable roofs; spontaneous ignition of hay; careless smoking habits; overloaded electrical circuits and failures to replace worn electrical cords and defective electrical appliances and equipment.
 The members of the Texas Committee point out that the big fire prevention job rests with the individual farm family. Each member of the family should always be on the alert for fire hazards and when one is found, it should be removed immediately. Tomorrow, in this case, may be too late. But they are quick to add that other fire prevention practices can best be carried out on a community or neighborhood basis. There should, they say, be provisions made in each community for pooling all fire fighting equipment. There are many fires such as grass, brush or trash fires that could be controlled before they get out of hand if assistance and a few pieces of equipment were available. The portable spray rigs or even hand sprayers can be used successfully. There is a great need for more fire fighting equipment in most rural areas but that on hand should always be serviced and ready for immediate use.
 Keep several barrels of water at strategic spots about the farmstead or better, if water under pressure is available, locate hydrants near the danger spots and see that sufficient hose is on hand to reach all buildings. The committee recommends that families hold fire drills occasionally. By doing this on a family and neighborhood basis, each individual will become familiar with his assignment and fuller use of available equipment can be made in a time of crisis.

Fire Prevention and Civil Defense Go Hand in Hand

Fire prevention is an important part of civil defense. If an enemy attacks this country, his bombs, whether they be atomic, high explosive, or incendiary, will cause more damage by fire than they will by blast. Hence, anything done to make it hard for fires to start is a step towards preparing your community to protect itself if war comes.
 The majority of all fires start in trashpiles, rubbish, or stored odds and ends that accumulate around the house. Closets, attics, and cellars are the main source of home fires, and plain ordinary good housekeeping is a strong line of defense against them.
 Clean out your storage places. You will be surprised at how many burnable odds and ends are really useless to you. Don't let them make your home a fire hazard. Get rid of them. If local welfare agencies can't use them, call the junk man.
 Don't stop when you've cleared out the inside of your house. Go after rubbish in your back yard, in alleys and in vacant lots near your home. Collect the rubbish and burn it. Don't leave it around to burn if an enemy bombs your city. Be sure to burn rubbish in metal containers.
 Take a look at your electrical system. Buy new plugs and cords if yours are worn. Get advice from an electrician if your fuses blow frequently. They may be dangerously overloaded. His advice may prevent a bad fire.
 Every winter costly fires are started by faulty furnaces, stoves, and other heating plants. Some result from too much soot in chimneys. Others are caused by rusted or cracked pipes and fittings. Look over your heating system now. If your chimney needs it, clean it out. If the furnace pipes and connections are cracked and rusted, replace them.
 Teach your family not to put magazines, papers, or clothing on radiators or near open flames. Don't hang flimsy curtains near your kitchen stove. Don't allow lamp shades to come in contact with light bulbs. Remember that such things don't have to touch flame to burn. They will catch fire simply because they are too close to the heat for too long.
 Gasoline, benzene, naphtha, and similar fluids should never be used indoors. When mixed with air, their vapors can be ignited by the spark of a light switch or an electric fan, or the tiny flame of a pilot light. Keep such fluids in tightly closed metal containers outside your home.
 And remember: oil-soaked rags, especially rags that have been used to spread quick-drying liquids such as turpentine, paint thinners, and some furniture polishes, can catch fire by themselves. Oil rags should be stored in air-tight metal containers. It is best to keep them outside the house.

The Committee urges every rural Texan, young and old, to make a complete survey of all farm buildings for fire hazards and then see that necessary steps are taken to remove these hazards. A well kept farmstead with everything in place and a place for everything will help keep fires away from your farm or ranch and will set an example for others to follow.
 In areas where boll weevils and pink bollworms are found, cotton farmers are urged to destroy completely all cotton stalks as far ahead of the first frost as is possible. Early stalk destruction is not only the cheapest but one of the best control measures for reducing next year's population of these destructive cotton insects.
 Livestock owners are warned that hornfly population in many areas has reached the danger point and control measures should be used. These pests will rob cattle producers of many extra pounds of beef and cause cattle to go into the winter in a weakened condition if control measures are not taken now.
 There is still plenty of time for planting winter legume crops. Inoculated and fertilized winter legumes are valuable as soil builders, supplemental grazing crops and if harvested for seed, they become cash crops.

Some-where a Road is Call-ing

If the purr of a great-powered engine is music to your ears —

If command of two tons and more of nimble-footed and beautifully balanced automobile can step up your pulse beat —

You are just the man for whom a ROADMASTER was engineered.

Whatever it takes to give you a sense of complete and carefree freedom behind its wheel, you'll find in this proud master of the highways.

Added to the breadth and length that any fine car can give you are four soft-action coil springs to cushion the wheels, and a torque-tube to banish rear-wheel wander.

Added to its high-compression, valve-in-head engine are eight exclusive Fireball combustion chambers that get extra power from each whirling charge of fuel.

Added to the convenience of clutch-free driving is the torque-converter principle of Dynaflo Drive — that feeds a steady flow of power without lag or falter ever.

Added to the light responsiveness of its steering wheel is a Buick-engineered "front-end geometry" that gives this phenomenal performer a sense of direction straight and true.

But no roll call of engineering accomplishments can tell you the feel of a ROADMASTER out on the road.

That's something that only firsthand acquaintance can bring. Not just a trip around the block — but enough time and enough miles to let you discover what a joyous companion this great car can be.

That's something that is easily arranged. If you're truly interested, a phone call will bring a ROADMASTER to your door.

McAdoo News . . .

The ginning season is on in a big way. At noon Tuesday over 1,000 bales had been ginned by the two gins.

School dismissed last week in order for children to assist with gathering the crops. Classes will be resumed on Oct. 22. On Thursday the busses carried a number of children to The South Plains Fair. Members of the Homemaking Class and F. F. A. spent the week end in Dallas where they attended the State Fair. They were accompanied by their sponsors, Mr. Keith and Miss Knight, and also Mrs. Henry Harris and the bus driver, Jack Hodges. They reported a fine time.

Mr. and Mrs. Roy Nickels visit-

ed in Cross Plains over the week end where they were guests of Mr. and Mrs. O. M. Bailey, former McAdoo residents.

Several in our community have been on the sick list the last week. Mr. W. H. Tooke is in the Matador hospital. Mrs. Noble Neff is in the Crosbyton Hospital with pneumonia. Mrs. Raymond Eldredge has been ill but is improved at this time.

The Home Demonstration Club met with Mrs. Milton McDonald last Friday. Mrs. Ollie Hindman gave several demonstrations on work simplification. Refreshments of delicious fruit ice cream were served. Mr. and Mrs. G. G. Allen won the game prize.

Mr. and Mrs. M. M. Ramsey of Sweetwater are visiting in the home of Mr. and Mrs. Elmer Johnson. Ramsey is a cousin of Johnson.

Mrs. Eddie Shipman was honored with a bridal shower, at the Baptist activity building last Wednesday. Refreshments of fruit punch and cookies were served. Mrs. Milton McDonald registered guests.

Bro. James Patterson is in Lott attending a Church meeting. J. C. McNeil a layman from Crosbyton, brought the Sunday message.

Smokey Woolley of Camp Hood spent the week end with his parents, Mr. and Mrs. J. E. Woolley. He was accompanied by a friend.

The D. E. Allen family attend-

ed the funeral of her nephew, in Houston last Wednesday.

The Carl Holcomb family of Crosbyton visited in our community Sunday.

Anita Barton spent the week end with her parents Mr. and Mrs. J. B. Barton.

News has been received of the death of Ben Pitts. He was killed in a highway accident. The Pitts had lived in this community until recently and had many friends here.

Charles Williams Y.n.S.N. who has been stationed on Guam, is home on furlough. James Shearer, a buddy, and his sister, Joyce, of Brownwood were guests in the Willie Williams home Sunday.

The M. C. Formbys and Grandmother Freeman were Sunday

dinner guests in the John Formby home.

Mr. and Mrs. Jimmy Flemons of Crosbyton have purchased the Earl Hardy station on the highway. They assumed management Monday morning.

Forest Keith had as visitors Sunday evening, his sister and family of Lubbock.

Earl Van Meter, Jr. returned home Sunday, after spending several days in The Plains Hospital at Lubbock.

Mrs. Richard Blazier and baby and Mrs. George Tucker spent the week in the Earl Van Meter, Jr. home looking after the family while Mrs. Van Meter was at the bedside of her husband. Mrs. Jim Robertson of Crosbyton also visited with them.

Mr. and Mrs. Edwin Bass of Lubbock spent the week end with her parents the E. E. Phifers.

Mrs. L. E. Bass spent Friday in Wichita Falls visiting her daughter, Mrs. George Paul, and family. She was accompanied by her house guests, Mr. and Mrs. Tony Janca and Mr. and Mrs. Jake Leer of Nebraska.

The basketball boys and girls played their first game of the season in the local gymnasium Friday night. The girls won their game but the boys were defeated by a wide margin.

Mrs. Paige Gollilar attended the Mid-Year Executive Meeting of the Women's Society of Christian Service held at the First Methodist Church in Childress last Thursday. A conference-wide day-apart was held on Friday.

ESTHER WILLIAMS, RED SKELTON, HOWARD KEEL IN 'TEXAS CARNIVAL'

There is happy entertainment for everybody in M-G-M's star-song-and-laugh-loaded new Technicolor musical, "Texas Carnival," showing at the Palace Theatre Sunday and Monday. Esther Williams shows off that famous aqua-figure, this time as a carnival trouper. Her job is to sit in a bathing suit on a break-away seat constructed over a tank of water. Patrons pay to throw balls at a target and if it is hit, Esther gets a dunking. The speller for this act is Red Skelton, who gets himself and his star performer into more trouble than a barrel of monkeys. For songs you have Howard Keel as a warbling cowhand. For dancing you've got fast-stepping Ann Miller, with Paula Raymond and Keenan Wynn also on hand in a story which sets a record pace for hilarity and which winds up with Skelton winning a chuck wagon race in which he does everything but drive the horses while standing on his head!

Mr. and Mrs. O. R. Cunningham, Wanda and Mrs. H. P. Littlefield visited the Cunningham's son, Rudolph, at Sheppard Air Force Base Sunday. Rudy left Sheppard yesterday to attend school at Oklahoma A. & M.

NOTE OF THANKS
We wish to thank all who helped us during the illness and death of our husband and father. God bless all of you.
Mrs. W. B. Ford and family.

PERSONALS

Mr. and Mrs. E. L. Caraway went to Goldthwaite last week end to attend the funeral of his brother, Thomas B. Caraway.

Mr. and Mrs. Lewis Pierce and children of Borger were week end guests in the home of her parents, Mr. and Mrs. P. R. Boothe of Spur.

Mr. and Mrs. H. J. Burt had as Sunday guests his parents, Mr. and Mrs. M. A. Burt of Littlefield; her mother and sister, Mrs. Jennie Westbrook and Miss Ola Westbrook of Lubbock; Burt's sister, and her husband, Mr. and Mrs. Marvin Orcut of Denver, Colorado; and Mr. and Mrs. Noah Hancock, Jr. and Mr. and Mrs. Hal Stansel and Van, all of Lubbock.

LEGAL NOTICE

AN ORDINANCE LEVYING A TAX ON COIN OPERATED MACHINES WITHIN THE CORPORATE LIMITS OF THE CITY OF SPUR, TEXAS, PRESCRIBING A PENALTY FOR THE VIOLATION OF THE TERMS OF THE ORDINANCE, AND

DECLARING AN EMERGENCY. BE IT ORDAINED BY THE BOARD OF COMMISSIONERS OF THE CITY OF SPUR, TEXAS: 1. There shall be levied on and

collected from every owner an Occupation Tax on every Coin Operated Machine exhibited or displayed in the City of Spur, Texas, in the amount of one-half the amount levied by the State of Texas, as authorized by House Bill 307, 52nd Legislature, amending Article 707a-3 to 7047a-6, Vernon's Texas Statutes; and which tax shall be payable to the City of Spur, Texas, on said Coin Operated Machines in the same manner as provided in abovementioned House Bill 307 thereof for the payment of the State Tax on any given Coin Operated Machine shown therein.

2. Any owner as defined in the abovementioned House Bill 307, who may violate the provisions of Section 1 of this Ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined in the sum of not less than \$15.00 and not more than \$200.00.

3. In that no authority exists for the levying of a tax on Coin Operated Machines, an emergency is declared which necessitates the suspension of the rule requiring Ordinance to be read on three separate days before the final passage thereof, and that no Ordinance shall be effective before expiration of ten days from the time of its final passage; wherefore such rules are hereby suspended and this Ordinance shall be effective from and after its final passage and publication, and it is so ordained.

PASSED AND APPROVED THIS 9TH DAY OF OCTOBER 1951.

Better Wait—Than Be Sorry!

Standard equipment, accessories and trim illustrated are subject to change without notice.

For the man or woman who wants a Cadillac, there is no satisfactory substitute in the whole wide world!

So, if your heart is set on sitting at the wheel of this great and distinguished motor car—let us talk with you frankly about the matter.

First of all, you should come in and place your order—just as soon as circumstances will permit.

There is now—as there has been for many years—a waiting list of wonderful people who wish to own this wonderful car. And the sooner your name joins this distinguished list—the sooner your hope will be realized.

And once your signature is on an order blank—hold firm to your purpose.

This may not be easy—for temptation is almost certain to assail you!

Cars without number may be had today—almost as soon as you agree to accept them. And, quite naturally,

people who sell these available cars may ask you to shift your preference from Cadillac.

But, again, we urge you to hold firm—for the sake of your own welfare and your own satisfaction.

Remember—it's Cadillac you want.

Cadillac—with its universal and pride-inspiring recognition as the Standard of the World!

Cadillac—with such performance that owners actually think up excuses for taking to the highway!

Cadillac—with such amazing endurance that its full life-span has never yet been measured!

Cadillac—with economy so extraordinary that few cars, at any price, will run farther on a gallon of gasoline!

Yes—if you want a Cadillac, come in and order it. And then stand firm until you get it.

It's far, far better to wait—than be sorry. For, remember, there is nothing that can take its place.

JUST TOO MUCH
 Employee: "I'd like to ask if I may have a day off next week. My wife and I will be married 25 years, and our children are planning a celebration."
 Manager: "Well, I shall have to consider your request. We don't want to make a habit of this sort of thing. Why, I don't doubt that if I give you the day off this time, you'll want another when you celebrate your 50th anniversary."

OPENS SUNDAY AT THE PALACE

HOWARD KEEL romances ESTHER WILLIAMS in this scene from MGM's "TEXAS CARNIVAL," co-starring RED SKELTON.

THE PEEKED
 "How many times must I tell you, Willie, that one must keep his eyes closed during prayer?"
 "Yes, mamma, but how do you know I don't?"
 Serve cheese dishes as the main dish. It's a fairly inexpensive source of complete protein.

NATURAL MISTAKE
 Claims Adjuster: "Why didn't you report the robbery at once? Didn't you suspect something when you came home and discovered all of the bureau drawers pulled out, with the contents scattered all over?"
 Claimant: "Why, no. I thought that my husband had been looking for a clean shirt."
 Mild flavored cheese is less expensive than the sharper flavored varieties.

NOTE OF THANKS
 By this humble means we wish to express our appreciation and gratitude for the endless deeds and loving sympathy shown us by our many friends and neighbors during the illness and death of our loved one. The beautiful floral offerings and the tender words of sympathy helped to lighten our sad and heavy hearts. Also we wish to express our deepest gratitude to the ladies who prepared and served the lovely dinner.
 William O. Farmer, Las Cruces New Mexico.

THE TEXAS SPUR

FERTILIZER BAG FORMAL

This eye-catching dancing frock, as a fascinating background, it didn't come from a high-fashion salon, though it is as chic as can be. Instead, it came from the barn. Fertilizer now is packed in gaily printed cotton bags — and this thrifty-wise young lady took advantage of seven of the 100 lb. print cotton sacks to make this fetching formal!
