Whoa, Now!

By Grady Lackey

"A soft answer turneth away wrath but grievous words stir up anger."—Proverbs 15:1.

Of King Solomon put enough of his inspired wisdom in this short proverb to cure most of the ills that plague our troubled and confused world.

"This a coveted asset to be able to practice meeting the complex problems of daily life with a 'soft answer'." But look back at the last time you met a disgruntled customer or an inconsiderate sales clerk with "grievous words." Did it actually make you feel better to blow off some steam or tell someone off?

Do we get any real satisfaction out of ruffling our feathers, or does this truly just "stir up anger"?

Coach Sam Hawkes states that a "first" was chalked up for Spur in the local gym Tuesday night. For the first time in at least six years, the captain of the Spur basketball team was charged with a technical foul because of the unsportsmanlike conduct of Spur fans.

Too often when something like this happens our first impulse is to say "They started it." But no matter how serious a mistake an official makes in calling a ball game, it's mighty little of us as fans to bring personal embarrassment to the players and coaches along with a black mark against our town by making derogatory remarks to an official.

Let's admit our error and vow to Coach Sam and his boys that it won't happen again.

We've obtained a limited amount of success with our poll on parking meters, but have not yet received a clear enough picture of what our city and rural folks think about installing parking meters in Spur on a six-month trial basis.

The results of this poll will be presented to the city commissioners next Tuesday night for their evaluation and consideration. We are again printing the ballot form and urge our readers to clip them and return them either to our office or to the chamber of commerce office.

An incomplete check of the ballots returned thus far indicate approximately 78 per cent in favor of the six month trial of parking meters in Spur.

Tomorrow's the night to turn your porch light on to join the fight against polio.

"S-Say, fellow, w-w-will you t-t-tell me the p-post office is?"

"I s-said will y-y-you tell me w-where the p-post office is?"

"A-A-Allright, t-t-then, P-Pill, j-just a-a-ask someone else."

"Listen, buddy, you wouldn't you tell that stuttering old gent where the post office is?"

"D-D-Do you w-w-want me to g-get my f-f-face slapped?"

Chamber of Commerce Does... JOHN B. SHEPPARD TO SPEAK AT CHAMBER BANQUET NEXT MONTH

The board of directors of the Spur Chamber of Commerce was brought to order at 10 a. m. Wednesday with all but one member present.

The constitution and by laws of the chamber is set up so that four board members retire after three years, then the next four in line retire, etc.

Revival To Begin At Christian Church Sunday, February 24

Bro. Lester H. Ford will be the gospel preacher for a seven-day revival scheduled to begin at the First Christian Church, 610 N. Burlington, on Sunday, February 24.

Bro. Ford completed his first year as president of Midwest Christian college, Oklahoma City, Okla., on January 31. Prior to his assuming the responsibilities of the presidency of the college, he served as minister for seven years in Painesville, Ohio.

According to Ralph Russell, minister of the local First Christian Church, "Ford not only possesses a mature understanding of congregational life and effort, but as a student of brotherhood life is qualified as a scholar of the Restoration Movement."

"We are certain that you will desire to hear messages which will challenge saints and sinners—for such is the Gospel message of this Gospel preacher," Russell added.

The public is invited to attend this series of services.

Sam Hawkes Guest Speaker For Rotary

Sam Hawkes, Spur High school coach, was guest speaker at the weekly meeting of the Rotarians, Thursday, January 31.

The invocation was given by Oscar Kelley. Visitors introduced were Van North of Spur, Randall Noel of Sherman, and Hawkes.

A film was shown of the Spur football game last season preceding a preview of football prospects for this next season given by Hawkes. Spur is fortunate in having 15 letterman back this next school year, Hawkes stated.

A brief business meeting was held and nominees were named for club officers which will be voted on at the next meeting, before the meeting was adjourned by Cecil Godfrey.

Funeral Rites Held For Cloyce Bilberry

Funeral rites were held Wednesday at 2:30 p. m., February 6, in the Bethel Baptist Church for Sgt. Cloyce Bilberry, formerly of Spur, with Rev. H. L. Burman, officiating, assisted by Rev. Morris Denson.

Sgt. Bilberry, son of Mr. and Mrs. E. A. Bilberry of Lubbock, R. I., was born in Spur, April 27, 1930. He attended school in Spur and Conway, Ark.

At the age of 12, Bilberry was converted to the Christian religion and joined the Soldier Mound Baptist Church.

In 1947 he entered the armed forces and had just returned about a month ago from overseas service. He was stationed at Camp Chaffee, Ark. and was killed in an automobile accident near Memphis, Ark.

He had served two years with a base on Okinawa, accompanying wounded soldiers to hospitals. He also served one year in the Italian theater.

The family had moved from Spur to the Roosevelt community about a year ago.

Survivors, in addition to the parents, include two sisters, Ona Gayle, 12, and Mrs. E. M. Irbis of Lubbock; paternal grandparents, Mr. and Mrs. E. J. Bilberry of Spur, and maternal grandparents, Mr. and Mrs. O. B. Sims of West Memphis, Ark.

Palbearers were Ernest Kearney, Ernest Caplinger, Louis R. Smith, and Eldred Parker.

Interment was in Spur cemetery with military graveside services. Arrangements were under the direction of Chandler Funeral Home.

Mr. and Mrs. V. C. Smart, Jr. of Lubbock, formerly of Spur, visited in the home of his parents Mr. and Mrs. V. C. Smart, Sr. Sunday.

Girard Ladies Win P-TA Tournament; \$300 Profit Reported By Officers

In the exciting final game of the P-TA basketball tournament last Thursday night, January 31, the ladies from Girard triumphed over the Southland team to win the prize of \$25.00.

Other than the Girard and Southland teams, teams from Jayton, Dickens, Patton Springs, Aspermont, Crofton, McAdoo and Spur participated in the ladies' event. A capacity crowd viewed the series of games in the local high school gym.

An all-tournament team was picked and corsages were presented to members of the team for their outstanding performances.

Approximately 800 sandwiches and over one thousand cups of coffee and punch were sold to the hungry crowd as well as large amounts of cake, pie and candy. Over \$300.00 profit was realized from the project, according to local P-TA officers. After expenses for the remainder of the school year are paid, the balance of the profit will be used on a project which will be decided upon by the P-TA.

The officers of the local organization wish to express their sincere thanks to all of those who had any part in helping make the tournament a success and for the fine cooperation received from every source.

The local P-TA team, coached by Robert Williams, is scheduled to play at 7 o'clock Friday night in a tournament at Southland.

The next meeting of the local P-TA will be Tuesday, February 12, at 7:30 p. m. at the East Ward auditorium.

Alfred Walker, local attorney, will give highlights from the book "Children are People" by Emily Post. A one-act play, under the direction of Miss Dorothy Taylor, will also be presented. The play will be held in Lubbock soon.

All parents are invited to attend this evening meeting.

Donations Lagging For March of Dimes In City

Spur donations toward the Dickens county 1952 March of Dimes are lagging according to reports obtained late Wednesday from drive officials.

A total of \$735.65 has been turned in by Spur residents for the annual drive on polio, with collections from other county communities yet to be added.

The Spur Volunteer Fire department will collect March of Dimes donations in Spur Friday evening, February 8, between 7 and 8 p. m. According to Norton Barrett, the fire boys will call at homes where porch lights are burning during that hour.

Local residents who wish to make donations to the drive are reminded to leave their porch lights burning for that period of time.

A March of Dimes benefit basketball game has been slated for Friday night, and it is hoped that these two remaining campaigns will make it possible for the county to go over last year's drive collections which topped \$1600.00.

County funds for the care of polio victims were depleted in 1951 with three cases of the disease caused in the county. During the year, C. O. Paul, county March of Dimes chairman, stated, it is, therefore, essential that these funds be replaced in preparation for future cases, he added.

William North, Melvin Lindsey, Vernell McAlpin, and Clyde Blain were those representing Howard Payne College, Brownwood, while visiting their families. North is transferring to Hardin-Simmons for his second term this year.

Betty Sechrist Is To Practice Teaching

Betty Sechrist, daughter of Mr. and Mrs. J. L. Sechrist of Spur and a junior student at McMurtry College is among the 21 students named by Dr. Andrew W. Hunt, head of the Education department, to a practice teaching appointment for the spring term.

Miss Sechrist will practice teaching at South Junior high school in Abilene. The practice-teaching of one semester enables the prospective teacher to obtain actual classroom experience and encounter real problems which will probably be met when the student is graduated and in a teaching position, according to Dr. Hunt.

2001 Countians Pay Poll Tax; 50 per cent Over 1951

County Candidates are Still Unopposed; Jones vs Stapleton For Dist. Attorney

Many Dickens countians waited until the "last minute" to pay their poll tax with 626 persons paying on the deadline date, January 31.

The total number paid in the county reached 2001 compared to 1388 reported for 1951. This total does not include exemptions, according to Sheriff Charlie Kimmel because the population of the county is so small that it does not warrant the issuing of exemption certificates.

The presidential election in November may be the major factor in the notable increase in poll tax receipts. The county political race has not yet developed into a real contest with only one candidate announced for each office. In the District race, an opponent, Enos Jones of Floydala has been announced for John Stapleton who is seeking re-election as District Attorney, 119th Judicial District.

The candidates and the offices which they are seeking are as follows:

H. R. (Horace) Cage, Sheriff, Tax Assessor and Collector; Mrs. Ava Johnson, re-election as County Treasurer; Roy Ward, re-election as Commissioner, Precinct 1; J. B. Kimmel, Commissioner, Precinct 2; George Pierce, Commissioner, Precinct 4; R. D. (Bill) Greer, Constable, Precinct 3; Horace Hyatt, County and District Clerk; John B. Stapleton, re-election as District Attorney; and Enos Jones, District Attorney.

Boy Scout Day Set For Tuesday In Spur

Boy Scouts of Troop 37 met Tuesday night with their new Scout Master, Cecil Fox, who formerly was Scout Master of Troop 36.

At the close of the meeting officers were elected for Scout Day in Spur. They are: Bobby George, master; Calvin Reynolds, chief of police; Jackie Williams, street commissioner; Billy Watson, water commissioner; Laddy Pierce, justice of the peace; Don Steel, constable; and Kenneth Harris, city marshal.

There will be fines set by the chief of police for violations and anyone who feels that they have been unjustly accused may carry their case to the acting court.

The money taken in from violators will be used to buy equipment for the Scouts to use in their new Scout hall.

BULLDOGS DEFEAT RALLS FRIDAY, BOW TO TAHOKA TUESDAY

The Spur Bulldogs took a 56-39 drubbing at the hands of the Tahoka five here Thursday night in a district basketball game.

The Spur B team also took a victory at the expense of Ralls last Friday night. Bobby George and Chester Lindsey paced the team with 12 and nine points, respectively, to a 39-19 win.

In season play, the Spur A team is playing 500 ball, with nine wins and nine losses. In conference play they have a 2 win 3 loss record. Tahoka is undefeated in conference play and is very likely the team to represent the district in the playoff.

GIRLS DEFEAT TAHOKA

Billy Hahn's Spur girls team pounced out an impressive 34-19 win over the Tahoka girls preceding the boys game here Tuesday night. Gienna Jones scored

13 points for the home team, followed closely by Francis Wilson and Duffy Austin with eight points each. Debbie Edwards scored 16 for the losers.

Pioneer Resident of Dickens County R. R. Smith, Buried Here Saturday

Funeral rites were held Saturday at 2 p. m., February 2, for R. R. Smith, pioneer of Dickens county, in Bethel Baptist Church of Spur.

Rev. A. P. Stokes officiated, assisted by Rev. L. S. Bilberry and Rev. R. D. Hill.

Smith was born in Valdost County on October 3, 1879, and lived there until coming to Dickens county in 1900.

He married Maggie Hudson on June 26, 1896, in Grayson county. To this union were born six children that are all living now. Smith and his wife farmed west of Spur for many years until illness forced him to move to town.

When the Smiths first child was a small infant, Smith brought lumber into Dickens county from Paducah by means of a wagon, often having to leave his wife and small child alone for several days. He was converted to the Christian religion in August of 1915 and joined the missionary Baptist church. He always was very active in church work and served for a number of years as deacon in the Red Top Baptist Church near Spur.

Do you have a pressure water system on your farm? If you only know the benefits an electric water system can give, and how much drudgery could be eliminated from your busy life by having water under pressure, you would pester your husband into having a modern water system installed on your farm this very week.

Here are some facts on running water under pressure. Adhering to the "ladies first" formula, we'll start with "Drudgery—How to Get Rid of It for the Farm Wife."

We haven't yet heard of a farm wife who enjoys carrying buckets of water from the cistern or well to the house, day after day, year after year. She knows that:

"A pump that's run by electric motor is an uncomplaining water teler."

One farm wife said of her new electric water system: "Never will I forget the thrill I experienced the first morning I prepared breakfast without having to dash out to the well and get a bucket of water. For filling of the water bucket was no small chore. The well was always empty just when I needed water the most. Running water at the turn of a faucet has been a big help in handling the work in my busy farm home."

"On washday there were always around 20 buckets of water to be carried. Now a hose attached to the faucet fills the electric washer in a few minutes with hot water. The outlet opens into the washer water pipe, so there is no lifting."

Engineers figure that a farm woman, whose period of active life in running her farm home was 50 years, and who had to make an average of four trips a day for water would have done the following work if her well was 20 feet from the house and 10 feet lower than the house. In 50 years this woman would have carried 7,000 barrels of water from the well to the house, would have walked a distance equivalent to that from New York to San Francisco and back, and would have climbed up and down a distance equal to 100 trips up and down Pike's Peak!

If her home had been equipped with running water convenient at a shiny sink in her kitchen, she would have had 18,250 more hours of leisure that she did have during her life!

Hints For Homemakers

By Hartense North

In a recent news bulletin received from the United States Department of Agriculture they informed all home economists that eggs, honey, and dried prunes are the featured items on the U. S. Department of Agriculture's plentiful list for February.

Prune prices already are low those of a year ago and supplies are large. As for eggs in February, prices are expected to be lower than last year—and also lowest for any month in the new year. Stocks of high-quality honey are also very large.

During this month will be a good time to bake some of those favorite Angel Food Cakes to give the family a special treat and also to have several extra cakes to put in the home freezer to serve during the hot summer months. Remember, taste tests have proven that a person cannot tell the difference in a cake that has been frozen and a freshly baked cake. So now would be the time to take advantage of the low prices in eggs.

If you do not have time to bake, why not freeze eggs for baking or cooking later. Eggs may be frozen either whole or the white and yolks separately. Eggs are frozen out of the shell since freezing causes them to expand and break the shell. Ice cube trays are very good to freeze whole eggs in. Be certain to always pack eggs in amounts sufficient for intended use, such as for cake, scrambled eggs, etc. For scrambled eggs, break whole eggs in a bowl and mix slightly with a fork, being careful to mix enough to break yolks and mix with whites but not enough to beat air into them. If small amounts are to be packed, they may be poured in moisture-vapor-proof envelope liners, and several packed in one carton. Allow one inch head room for expansion in freezing. Label each carton carefully, stating the number of eggs in each package.

Egg whites may be frozen separately without the addition of salt, sugar or syrup. Egg yolks are prepared by freezing by breaking each yolk with a fork and mixing well with

How "big" should government be?

Lincoln was President at a time when the federal government had to take away from its citizens more rights and liberties than ever before.

But he didn't like it. He believed, with the writers of the Constitution and the Declaration, that our government should protect people's independence, not push people around.

"In all that the people can individually do as well for themselves, government ought not to interfere," Lincoln once said.

Lincoln never let Americans forget that. He kept reminding the nation that the government's vast wartime powers must be only temporary.

He made powerful enemies. For there are always those who want to see the government run things — and run people — permanently.

We have them today. They think up all kinds of reasons why the federal government should take over this or that business, industry, or service. They never say they want socialism. Maybe they don't even realize it. But that's actually what they propose.

Most Americans don't want socialism any more than you do. The job is to recognize it — and halt it — no matter what disguise it wears!

The people who plan and work for a socialist U. S. A. know that permanent control of a few key industries and services will give government the power to take over just about everything. One of the key industries that they're trying to take over is electric light and power.

Girl Scouts

The Dickens county Girl Scout Council wishes to thank the Rev. Cal C. Wright and the Board of Stewards of the First Methodist Church of Spur for extending to Troop IX the use of the Round-up building on Monday afternoons.

TROOP III

The Girl Scouts of Troop III met Friday, January 26 and discussed plans for a dinner honoring mothers of the troop. This will count on badges.

Girls present were Lanelle Marcy, Marian Marey, Jerry Waddell, Carol Jo Blair, Delores Sweet, Sharon English and Louisa Williamson.

La Rue Turner has applied for membership in this troop as the troop may be open for new members soon.

Reporter: Lois Ann Callan

TROOP IV

The girls of Troop IV are fast becoming busy scouts. Under Mrs. Lamm's directions, beautiful towels have been embroidered in Italian embroidery. A large variety of colors have been used and the work is of a high quality.

All members of the troop were present at the home of Cookie Gregory Monday, February 4.

TROOP VII

The Brownies of Troop VII met Monday, February 4 in the Girl Scout Little House with fifteen members present.

They did more than a "good deed for the day." They cleaned the Little House after the sand storm of last week end. That was a "good deed" for all nine troops. After all that work, the girls made plans for a party. The troop's birthday is very near and a celebration is in order.

Donna Kizer was the only Brownie of this troop absent.

The new Brownie handbook was discussed and plans are being made to order some of the new copies. The next meeting will be on Monday, February 11.

Reporter: Evonetta McArthur

TROOP VIII

The girls of Troop VIII met on Wednesday, January 30 in the Girl Scout Little House.

One more secret is finished. Each girl took home to her mother a useful piece of art work. When the girls were finished and tied with ribbon they were worth all thought and work each Brownie had used.

TROOP IX

Troop IX is now a reality. On Monday, February 4, the girls went with Mrs. Bennett to their new meeting place and heard the Brownie story.

After roll call and other routine

TROOP V

Troop V met at the Girl Scout building Thursday afternoon, January 31. Before working on their projects, the girls were taught a dance by Ann Reagan, Mary Sue Bigham and Judy Braag.

Patrol I did basket work, Patrol II tinsel work, and Patrol III stencil work.

Reporters: Shirley Gannon, Agatha Ellis.

TO THE PEOPLE OF DICKENS COUNTY:

I, Horace Hyatt, wish to announce my candidacy for the County and District Clerk of Dickens County.

I am 43 years old, married and have three small children. I have lived in Dickens county all my life. My father and mother were the third couple married when the county was organized.

My grandfather, H. T. Garner, was county treasurer for 16 years. I have a high school and business college education. I have worked in a bank, also with an auditing company. I have worked in the retail and wholesale grocery business. I have traveled on the road for a wholesale meat company and have had lots of dealings with the public.

I am a member and deacon of the First Christian Church in Spur.

I have always wanted this office. I can make you a good county clerk. I know practically every one in Dickens county.

I will appreciate your vote and influence. Everyone over 60 years old does not have to have an exemption receipt to vote in Dickens County because of our population.

Sincerely,
 Horace Hyatt

TO THE VOTERS OF PRECINCT 3 DICKENS COUNTY:

J. B. Kimmel this week authorized the announcement of his candidacy for Commissioner of Precinct No. 3 Dickens county, subject to action of the 1952 Democratic Primary.

Kimmel, a resident of the county for 32 years, stated that because of his long residence in the precinct, he believes that he is acquainted with the needs and problems of the precinct insofar as they pertain to the office of Commissioner. If elected, he will endeavor to handle the affairs of Commissioner in an efficient and dependable manner, consistent with the best interests of the precinct and the county as a whole.

Any consideration given in his behalf will be appreciated, he states.

ENOS T. JONES

Enos T. Jones, 31-year old County Attorney of Floyd County announced this week that he is a candidate for the office of District Attorney of the 110th Judicial District of Texas, composed of Dickens, Floyd, Motley and Briscoe counties.

Twice elected to the office of county attorney without opposition Jones is a 4-year veteran of army service during World War II; he served the entire 4 years as an enlisted man. He served two years as post sergeant major, and one year as personnel sergeant major. At the age of 22, while serving as a master sergeant, he was called by an army newspaper "one of the youngest Post Sergeant Majors in the army."

Jones is married to the former Betty Langford of Dickens county, and they have two young sons, John age 5 and Philip age 3. Betty is the daughter of a pioneer rancher who settled near Girard soon after the turn of the century, and Betty's parents, Mr. and Mrs. John W. Langford still reside on the same ranch southwest of Spur.

A graduate of Baylor university law school with an LL.B. degree, Jones is justly proud of the legal and the Christian training received at that 105-year old institution, and he points with pride to a statement by Dean Abner V. McCall of the law school that "each graduate of Baylor represents a considerable investment by Baylor, its faculty, and its friends. The return hoped for is that the graduate, through a successful application of his training, will make a greater contribution to our society."

A past president of the Floydada Lions club, Jones is now serving as deputy governor of Lions International, working with Lions clubs in Hale, Swisher, Briscoe, Floyd and Motley counties. Jones is active in Scout work, and feels that this work goes hand in hand with the business of making honorable, worthwhile and law abiding citizens of tomorrow.

Mr. and Mrs. Enos Jones are both members of the First Baptist Church in Floydada, and he is an assistant teacher of the young married people's class. A member of the American Legion the District and County Attorneys' Association of Texas and the State Bar of Texas, Jones passed the entire state bar examination on his first attempt just prior to the time he graduated from Baylor University.

Jones has an enviable record as prosecuting attorney during his tenure as Floyd county attorney, and is known for his cooperation with the Commissioner's Court and the law enforcement officers, who all feel free and welcome to come to his office on all problems relating to law enforcement and county government.

Jones has participated in several hundred cases tried in the justice, county and district courts of both civil and criminal nature; he is likewise experienced in the practice before the Court of Criminal Appeals, the Court of Civil Appeals and the Supreme Court of the State of Texas. His wide experience in criminal trials and civil cases concerning county affairs backed up by a complete Texas Law library are assets he lists in his application to the people for the job of district attorney.

In making his announcement Jones said in Spur Monday, "I will always remember that the office of district attorney is a public office, and that it belongs to the people. I will make a district attorney for the entire district, and the job will be well attended; it will not be a side line. I will devote my time to the work, and will be available when needed."

A native of Red River County, Jones is the son of Mr. and Mrs. Enos E. Jones of Avery. He is a graduate of Avery High school, and took his pre-law work at Paris Junior College and Southern Methodist University, where he was in school at the time he volunteered for the army.

WINTER COTTON

Famous designer Lisa Leon picks cotton for this striking winter design. Using a newswear cotton suiting in bright red with black and white plaid, she created this simple costume for the smart sophisticated. Cotton newswear suitings are seen frequently in this season's designer collections, the National Cotton Council reports.

One ride and You'll say:

"That's the Smartest Million Dollars BUICK Ever Spent"

WHEN we tell you that every 1952 Buick rides like a million dollars, we're not just slinging slang—we're talking real money—right-on-the-barrelhead cash.

A million dollars and more were poured into research and testing—design and tools—engineering, production and components—to team up the combination of ride features you'll find on a Buick—and on no other car in the world.

A million dollars and more was the price paid to work out control of endway and side-roll on curves—to double-check vertical "throw" with shock absorbers and big soft-acting coil springs for all four wheels—to V-brace the torque-tube keel and X-brace the frame—to cushion body and engine—and to silk out the whole operation with Dynaflo Drive.*

You may not care how the job was done, or what it cost. But we'll lay you this: You're going to say "thanks a million" to Buick engineers once you get this spirited smoothie under your hands and hunches.

Old familiar roads take on a new smoothness. Gone are the weave and wander, the jitter and jounce that you've felt in lesser cars. You ride with road-hugging assurance and level ease.

All of which only begins to tell you what really great cars these 1952 Buicks turned out to be.

Never before have style and stamina—comfort and character—power, performance and price been brought together with such satisfying skill.

The obvious thing for you to do is come in and look them over. How about taking half an hour off to do that—today?

*Equipment, accessories, tires and models are subject to change without notice. *Standard on Buick models, optional on others, not on other series.*

Hunting Season Nets 28 Texas Hunters

AUSTIN, Feb. 7.—The Chief Clerk of the Texas Game & Fish Commission said incomplete casualty reports from the recent major hunting seasons show that at least 28 Texans died from accidents.

All but six of the tentative total died from gasfire. Five drowned and one died of a broken neck sustained in a fall from a deer stand in a tree.

At least six other persons died

from heart attacks attributed to over exertion while hunting.

The Chief Clerk said the total for the last season would approximate that of the previous season when at least 35 were listed as having died from assorted causes including heart attacks.

The number wounded during the recent season was estimated at "in excess of 50."

The Chief Clerk said the totals to date show that 13 hunters died from self-inflicted wounds and that seven were killed by guns handled by others.

In addition, one hunter was mistaken for a turkey, dying from a shot through the head by a .300

calibre bullet.

The Chief Clerk observed that, while the casualty total remained high, the number of accidents from hunters being mistaken for game appeared to be less than usual.

The seven fatal wounds which were self-inflicted included such common causes as leaning on the gun barrel, crawling through a fence, removing a gun from a car, barrel first, and striking the butt end of a gun against the ground.

State Maps Available With 1932 Car Tags

AUSTIN, February 7.—Need an official Texas map? You will have an opportunity to get one when you register your car this year.

The Texas Highway Department in cooperation with the County Tax Assessor-Collector is once again offering a free Official Highway Map to each registrant through a post card plan inaugurated last year.

This service on the part of the Highway Department and County Tax Assessor-Collector is intended to provide a means by which the Texas car owner can get something extra for his registration fee. These cooperating state and county agencies feel that every motorist who desires one of the colorful official maps is certainly entitled to it.

The Official Highway Travel Map not only shows the 40,000 miles of state highways but many of the Texas scenic highlights for the next vacation or week-end trip. Choice of information, the map encourages everyone to "See Texas First."

Here is the way you may take advantage of this opportunity. Every Texas resident who registers his vehicle in the state will be offered a return address post card at the same time he purchases the 1932 license plates. If the car owner so desires, he may affix a two-cent stamp to the card along with his name and address and mail it to the Highway Department. In return a free copy of the colorful Official Highway Map will be dispatched to the addressee.

Mrs. Kizer Host To 1931 Study Club

Mrs. W. L. Kizer, 914 W. Third, was hostess to the 1931 Study Club Tuesday afternoon, February 5. Mrs. Jesse Morrison served as co-hostess.

The program of the afternoon consisted of "The Rosary" played as a piano solo by Miss Ann F. K. Blair, Campbell, Fike Godfrey, Bill Gregory, Harold Karr, Rob Simmons, Alfred Walker, Leonard Wilson, Humphries, Earl Bennett, Morrison, Miss Innis, and the hostess, Mrs. Kizer.

Following the program an exhibit of paintings by local artists was given.

Three new persons were approved for membership in the club, they were Mesdames Roy Gallo-way, Buck Denton, and Ralph Russell.

Refreshments of chicken salad, ritz crackers, olives, brownies, and cakes were served to Mesdames Wilburn Ball, Fred Bennett, F. K. Blair, Campbell, Fike Godfrey, Bill Gregory, Harold Karr, Rob Simmons, Alfred Walker, Leonard Wilson, Humphries, Earl Bennett, Morrison, Miss Innis, and the hostess, Mrs. Kizer.

Due to the recent aggravation of a war-incurred disability I must of necessity curtail my medical activities immediately.

For the time being, my office hours will be from 8 a. m. to 12 noon daily. I further limit my work to the medical fields of Pediatrics and Obstetrics - in both of which I have had special training.

When my condition sufficiently improves I hope to assume my full medical practice.

BOB ALEXANDER, M. D.

YOU'RE looking at an average American boy—like your own, maybe, or the youngster down the block. Happy, unspoiled. Still young enough to hold a mongrel puppy dog in his arms and love it with all his heart.

Now look closer. At the pistol belt and the field jacket, the duffle bag and the faded fatigues. This boy, so like your own, is now a man as well—an American G. I. Hardly out of his teens but willing and ready to walk into the fire of combat, if need be, to defend your country. And you, when he's doing so much, won't you do something, too?

Remember, defense is your job, as well as his. And one very important way to do your job is to buy United States Defense Bonds. For it's your financial solidity, built up by bond saving, that puts the strength of America's economy behind our fighting power.

Help your country and yourself! Sign up for bonds today—through the Payroll Savings Plan where you work or the Bond A Month Plan where you bank.

The U. S. Defense Bonds you buy give you personal financial independence

Remember that when you're buying Defense Bonds regularly you're building a personal reserve of cash savings. Money that will some day buy you a house or educate your children, or support you when you retire. So go to your company's pay office—now—and sign up to buy Defense Bonds through the Payroll Savings Plan.

Don't forget that bonds are now a better buy than ever. Because now every Series E Bond you own automatically goes on earning interest every year for 20 years from date of purchase instead of 10 as before! This means that the bond you bought for \$18.75 can return you not just \$25—but as much as \$33.33! A \$37.50 bond pays \$96.66! Buy U. S. Defense Bonds now!

***U. S. Savings Bonds are Defense Bonds Buy them regularly!**

Mrs. Sally Shockley Has 73rd Birthday

Mrs. Sallie Shockley of Spur celebrated her 73rd birthday, Sunday, February 3, and contributes her many years to "the Lord's guidance."

She was born in 1879 near Atlanta, Georgia, where she was reared by her mother, as her father died when she was only two years of age. She had five brothers and sisters.

She was married in 1899 to Shockley at Buford county, Georgia and to this union were born six children, four of which are living.

Thirty-three years ago she came to Spur, and with her children farmed their own land for many years. As one long-time resident has expressed it, "Mrs. Shockley was one the hardest working persons I ever knew, and yet she took time to be a friend to everyone."

She was converted at the age of 17 to the Christian religion and joined the Baptist church. She has been a member of the First Baptist church of Spur during her 33 years of residence.

Her children are Mrs. Julia Lewis of Eunice, New Mexico; Mrs. Karman Givens of Los Angeles, and Mrs. Eula Merchant of Texarkana. Her son, Nolan, lives in Portland, Oregon.

Mrs. Shockley in reply to the question of what has made life happiest for her was "I just can't say enough about the lovely people of Spur and what they have meant to me, but even more than their friendship, the friendship of the Lord these many years."

Mr. and Mrs. Harvey Holly were in Dallas this week on business.

Clark Gable, Eva Gardner Star In
"Lone Star," The Story Of Texas

Texas, in the turbulent era of 1845, and the deadly conflict between those who favored annexation to the United States and the ardent supporters of an independent republic, form the surging background for M.G.M.'s "Lone Star." Coming Sunday, at the Palace Theatre, with Clark Gable, Ava Gardner and Broderick Crawford heading a powerful cast.

There is enough action in this red-blooded, two-fisted drama to fill a dozen motion pictures, its fever of excitement climbing from the beginning, when Gable, as the adventurous Devereaux Burke, is sent by ex-President Andrew Jackson to the beloved Texas patriot Sam Houston, to intercede on behalf of annexation and is ambushed by Comanche Indian raiders, to the picture's fiery climax, in which Broderick Crawford, as Thomas Craden, bitter opponent of annexation and sworn enemy of Burke, tries to prevent the Texas State from convening in a blood-thirsty battle to break through Burke's barricades.
