### WASHINGTON AND SMALL BUSINESS'

Washington observers com-ment on the current drive to get a review of the army court mar-tial action that sentenced a 20 year old wounded Korea veteran to 10 years of prison for falling asleep on a guard post.

R's a good thing many Conor they'd all be in prison for falling asleep." Prompting this remark are the fur-ther develop-ments result-

ing from the disclosure by C. W. Harder Sen. Homer Ferguson of Michigan that Dean Acheson, Secretary of State, has set up a world-wide monopoly controlling raw materials usage.

Recently this column reported Sen. Ferguson's findings that copper shortage causing mass unemployment in Detroit is due to this international control.

In his report, he stated that Acheson set up the International Materials Conference which is in reality a more poly controlling.

reality a monopoly controlling raw materials. He found that any American firm paying 24½ cents for copper would be prosecuted, yet American tax dollars are being given to foreign nations to buy copper at prices as high as 50 cents per pound.

Immediately after this disclosure, it was revealed that the MSA, the Marshall Plan under a new name, had just granted another \$800,000 worth of copper to France; the metal being shipped from presumably copper-short U. S.

And then came more facts on the scandal concerning the International Materials Confer-National Federation of Independent Busines

COPPANY

When Congress voted for the Defense Production Act, the Defense Production Act, the legislators let a "joker" slip by that would permit Acheson to take such action. At least, that has been the interpretation of

It is now learned that this cosy arrangement was arrived at over a year ago between the U.S. State Department, England and

Newsprint, lead, zinc, cotton, wool and manganese are also in-cluded in the list of materials now being controlled for the ben-efit of world monopolies.

Acheson had one major prob-lem to solve, and that was get-ting control of lead and zinc.

But that problem was easily solved, because the Office of Price Stabilization, better known as OPS, or Office Plenty Screwy, was just champing at the bit for something to do.

The Office Plenty Screwy wrote another order setting the price that U. S. firms could pay for lead and zinc below the prevailing world price.

And of course, the order provided severe penalties for any U. S. firm that pays more for needed lead and zinc. Then to round out the picture, the MSA, or Marshall Plan under a new name, makes it possible for foreign nations to use American dollars to purchase the metals

It required weeks of investigation for these facts to be un-

With elections staring them in the face, many Congressmen would have been happier if the facts had not been dug up because constituents are clamoring.

### Stop Taking Harsh Drugs for Constipation

**End Chronic Dosing! Regain Normal** Regularity This All-Vegetable Way!

Taking harsh drugs for constipation can punish you brutally! Their cramps and griping disrupt normal bowel action, make you feel in need of repeated dosing. When you occasionally feel constipated, get gentle but sure relief. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. It's all-vegetable. No salts, no harsh drugs. Dr. Caldwell's contains an extract of Senna, oldest and one of the finest natural laxatives known to medicine.

Dr. Caldwell's Senna Laxative tastes good, acts mildly, brings thorough relief comfortably. Helps you get regular, ends chronic dosing. Even relieves stomach ourness that constipation often brings.

#### Bath Therapy at U.N. Polio Center

Fourteen young women from ten nations are receiving specialized training in the treatment of poliomyelitis at the International Children's Center, which is supported by the United Nations International Children's Emergency Fund (UNICEF). The center is in the Raymond Poincaré Hospital, in Garches, France. The trainees, including nurses, social workers and physical therapists, attend lectures and take part in the clinics, gymnastic rooms and therapeutic baths. Above, nurses are participating in a demonstration in hydrotherapeutic treatment. The French Government has offered the educational facilities of the hospital to UNICEF without charge.

be held Saturday April 5. There will be three members elected to serve full terms.

The Homemaking Dept. held open house during school visitation week and a good number of people visited during the week. A rooms during the week.

Dickens P.-T. A. has completed Sheriff, Tax Assessor & Collector two projects for the school this year. They have had the Stage curtains cleaned and placed on a new track. Also they have bought for the lunch room plastic plates and a new refrigerator.

of Outlaws," which opens Sunday taking scenery filmed in Technicolor more than a thousand feet below the earth's surface in the famed Carlsbad Caverns of New

For it is here, in a wonderland of underground settings, that major scenes in this unusual film take place. The story concerns a search for hidden gold in the caverns by a polyglot group in the late 1880's. Lust and greed form the basis of the plot and carry the story through unusual situations to a surprise climax.

Co-stars of the film are Mac-Jim Koonsman and Tallye Wind- donald Carey and Alexis Smith. Carey is seen as Pete Carver, exconvict, who returns to his home Mr. and Mrs. David Clay, J. E. town to seek the gold which he Gage, George Pierce, Dan Shaw, had helped to hide ten years be-P. Buchman, J. H. Graham, M. had mysteriously disappeared

Both players are excellently cast in their roles-both in the romantic sequences and in the scenes calling for hard-hitting action.

Supporting players heading the strong cast of "Cave of Outlaws" include Victor Jory, Edgar Buchanan and Hugh O'Brian. William Castle directed and Leonard Goldstein produced.

Little Sandra Sue Hyatt celebrated her first birthday Saturparents, Mr. and Mrs. Horace

Mr. and Mrs. J. A. Tuttle of Mr. and Mrs. R. L. Richey of Midland spent the week-end in Haskell spent the week-end in the home of her mother, Mrs. G. the home of their daughter, Mr. and Mrs. Alfred Walker.

# Feel Important too

THE Buick pictured here can match price tags with a lot of cars smaller in size and horsepower and win.

But that only gives you a hint as to what a whale of a buy it is. Like costlier Buicks, it has the wide-open view

of a one-piece windshield. ike costlier Buicks, it has the gleaming disunction of sweepspear styling.

Like costlier Buicks, it has smart new fabrics and door trim. Like all other Buicks, it has the extra safety of

new, long-lasting Wide-Band brakes. Like all other Buicks, it has the sure-footed, road-hugging, even-keeled steadiness of the Million Dollar Ride-a combination of 15 engineering features including a husky X-braced frame, end-sway and side-roll stabilizers, Hi-Poised engine mountings, Permi-Firm steering and soft coil springs for every wheel.

And tike all other Buicks, it has a power-packed Fireball 8 Engine-a high-compression valvein-head that gets extra wallop, extra mileage from every gallon of gasoline.

So we think that you'll feel mighty important bossing around this smart-stepping smoothie.

And when you check the price we're asking against the field - we think your dollars are going to feel mighty important in buying power

Hadn't you better look into this soon?

nt, accessories, trim and models are subject to change without notice. Standard on ROADMASTER, optional at extra cost on other Series. †Optional at extra cost on ROADMASTER only.
