FUNERAL SERVICES ARE HELD SAT. FOR JOHN PRESTON GOEN, 81

Following a prolonged illness, death came on Thursday, June 12, 1952, to John Preston Goen at his home near Spur. Services were held on Saturday morning, June 14, at the Church of Christ in Spur. Willis G. Jernigan, former minister of the Spur church, now of Commerce, delivered the funeral sermon. He was assisted by Ralph Russell of Spur, associate minister. Born on September 6, 1870, in Johnson county, Texas, Goen was 81 years of age at the time of his death. At the age of 14, he came to the Pitchfork ranch, where he was employed for 25 years. During his period of employment there, he was married to Miss Ora Blackwell. In 1910, Mr. and Mrs. Goen left the Pitchfork and established their home on their own property which lies northwest of Dickens. For more than 40 years they continued to make this their home. In recent years, however, ill health of Goen forced them to move, where medical aid was more easily accessible. With his son and family, Goen moved to the home near Spur where he continued to reside until his death. Since his conversion to the Christian faith, about a year ago, he had been a loyal member of the Church of Christ in Spur. Goen is survived by his widow,

his son, Guy, two grandsons, Guy Hugh and John Preston, all of Spur. Preceding him in death was his daughter, Mrs. Allie B. McAteer. Active pallbearers were E. S. Lee, O. L. Kelley, Ben Lee, Cecil Meadors, Luther Stark, R. E. Higgins, O. M. McGinty and Joe McDaniel. Honorary pallbearers were old friends, the names of whom are not all available. Among those who served were J. J. Gibson of Paducah, Marion McGinty of Plains, Milton Sandell of Jayton, Johnny Parker of Crosbyton, Fred Harrison of Dickens, Hugh Swearingen of Dickens, John Blakeley of Spur, Charlie McLaughlin of Lubbock, Duff Green of Roaring Springs, O. A. Lambert of Lubbock, Henry Johnson of Lubbock, Lewis Rickels of Spur, J. P. Koonsman of Dickens. Frank Forbitt of Afton, George Humphrey of Guthrie, V. L. Graves of Lubbock, Babe Graves of Guthrie, Marvin Overfelt of Lubbock, W. M. Hunter of Lubbock, J. B. Morrison of Spur, Porter Myers of Guthrie, Charlie Gibson of Aspermont, and C. H. McCulley of Spur. The interment was in the Spur cemetery with Campbell's Funeral Chapel in charge of the arrangements.

Cotton In County Suffering Seriously

Charles Taylor, Dickens county agent, reports this week that over 10,000 acres of the county's cotton faces total destruction due to lack of moisture if rain doesn't come in the near future. Over 85,000 acres have been planted in the county, he states, with approximately 15,000 yet to be planted if and when it rains. Possibly 20,000 acres of that already planted will be re-planted if it rains soon. Over 60,000 acres in the county is reportedly doing very good considering the poor moisture conditions prevailing. This better cotton, however, must also have rain but is not yet suffering as badly as the younger plants. The county's best looking cotton at this early date is in the Afton and East Afton areas, reports Taylor. Duncan Flat also has some good looking cotton, he adds. Some farmers in the county have started working their cotton, with limited hoeing being done. The county farmers have not been bothered thus far by insects because of the dry weather, states Taylor, but can expect infestation as soon as it rains. Leaf worms are showing up in the valley already and are highly pos-

sible here when rain comes. Taylor estimates that the county moisture is from two to three inches below normal for the year. Although very little feed has been planted thus far, quite a bit of land will possibly be used for feed crops if it "doesn't rain in time to make a good cotton crop." **BLUE LICE REPORTED** Taylor reports that heavy infestation of blue lice on livestock has been detected in the county. Stock farmers and ranchers are urged by the county agent to inspect their herds for the parasites. He states that on white face and lighter colored cattle, the lice can be detected by dark areas appearing around the face and eyes. Darker cattle require a closer examination. The county agent recommends DDT or toxaphene spraying for the control of the blue lice.

Dickens Ball Team Beats Lubbock Nine

The Dickens baseball club beat Sanders of Lubbock Sunday, June 15, at Koonie Park. The 10-9 ball game was full of thrills with the score tied up three times. Dickens went into the ninth inning trailing by one score. Jackson walked, Martin singled, R. D. Holly singled Jackson in to tie the score and Noland hit a double to bring in the winning run. Koonsman pitched the first six innings, giving up six hits and eight runs. He walked eight men, struck out six and collected one hit. Noland pitched the last three innings giving up three hits, and one walk. Wright Martin collected three hits, including two home runs in the fifth and seventh innings, scoring a run in front of him each time. Jackson and Holly collected two hits each. Yelvington was the outstanding hitter for Sanders with three hits. Odham was the losing pitcher. Dickens will play Petersburg at Koonie Park next Sunday, June 22. Starting time is 3 p. m. Next Tuesday the Dickens team will go to Seagraves. Two weeks ago the local team went to Turkey for a 3-2 victory behind Koonsman's two-hit pitching. Dickens got six hits off of Rule the losing pitcher.

Jr. Legion Team Beats O'Donnell

Behind the pitching of Lawrence Cook, the Spur Junior Legion team took the O'Donnell visit to camp by a 12 to 10 count on the high school diamond. The victory gave the Spur nine a 2-2 record in the eastern half of district play. Blowing dust, power hitting and errors spelled defeat for the Spur boys against the pace-setting Plainview team Monday afternoon. The Plainview boys scored in all but the fifth and seventh innings to beat Spur 11-3. Loyd Womack did the chunking for Spur Monday and allowed only six hits in spite of a sore arm. Sammy Caudle collected two hits and Curtis Blair got one for Spur's only three safeties. The Legion team is sponsored by the Spur American Legion and is managed by C. B. Chandler and Billy Ray Barrett.

PROCTOR'S MAINTAINS PACE; TWO GAMES AT JONES STADIUM TONIGHT

By Billy Bigham
In the first game of last Thursday night's double header, the City Drug and VFW continued their high scoring ways with a 20-14 slugfest. The Druggists came out on top with 20 runs on 18 hits while the veterans were getting their 14 runs on 14 hits. Art LeCroy won a steak dinner at the Little Diner with a home run into deep center field. He repeated the home run act in the next inning but no steak. Cal Davis had a perfect night at the plate with 4 hits in as many official trips. In the second game the fast improving Jayton team played a tight nip and tuck affair with Hoover-McAteer. The Hotrods went out ahead in the fifth inning and hung on for a close 6 to 4 decision. Both pitchers, Price and Hicks, allowed nine hits. Hicks had seven strike outs and Price one. Tuesday night a large and noisy crowd got a big kick out of two action-packed ball games in Jones stadium. The first game was won by Proctor's but the Glamour boys of City Drug battled them all the way, overcoming a nine run deficit at one point in the game, to finish on the low end of a 12-8 score. In the last game the Jayton team, behind the fine hitting of Bobby Hicks, put on their hitting clothes to wallop the VFW 14-4 in five innings. The win pulled the veterans into the cellar with Jayton and handed the fourth place slot to the Lions who were idle both Thursday and Tuesday. Melvin Lindsey and John Cane won the streaks Tuesday night for four-baggers.

'31 Study Club Boosts Jubilee Parade Floats

The biggest and best ever rodeo parade is to open the 1952 Spur Cowboy Jubilee on July 30 with over a score of floats to join the traditional cowboy and girls in their colorful parade up Burlington avenue. The 1931 Study Club of Spur has taken it upon itself to see that this year's will be far superior to anything of the past. A committee from the club, composed of Mrs. Buck Denton, chairman, Mrs. Jesse Morrison, Mrs. Fike Godfrey, Mrs. Alfred Walker, Mrs. Bill Gregory and Mrs. Earl Burnett, is contacting the businesses and organizations of this area requesting that they enter floats. **\$50.00 IN PRIZES** Winning entries in the parade will receive prizes totaling \$50. The typical cowboy will receive \$15; the best float, \$15; the most unique entry, \$10; and the top junior cowboy or cowgirl under 10 years old, \$10. Judging will be done by out-of-town people. The Gulf Oil company will furnish a sound truck to announce both the parade entries and the rodeo.

Mrs. Denton states that there is no entrance fee to enter a float and that the club urges everyone who possibly can do so to enter. Her committee will try to contact all potential entries, but if some are missed who wish to enter, they are requested to contact the Texas Spur office. The club has suggested that the floats be designed to represent western song titles. Businesses which have already been contacted and have agreed to enter floats include City Drug, Proctor's, Piggy-Wiggly, Bernice Beauty Shop, Campbell's, Gregory's, Schumberger, Motor Ice Company, Rickles Motor Company, Godfrey and Smart, Denton Imp. Company, Gulf Oil Corp. and dealers, Spur Auto, Allen Auto, The Texas Spur, Dickens County Elec. Co-op., Spur Security Bank. The City of Spur, Slim Metteer Boot Shop, West Texas Utilities, Spur Super Market, Reagan Motor Company, Spur Flowers, and Spur Lumber Company. New entries will be announced as they are received by the committee.

SAILOR BEWARE

'Sailors Beware' To Open At Palace

Hal Wallis' "Sailor Beware," the new Dean Martin-Jerry Lewis comedy, will open Sunday at the Palace Theatre. This Paramount release marks the fifth screen appearance of the sensational team that has been setting nationwide attendance records with their films and personal appearances. Also established as TV's top laugh-twosome, these masters of mayhem and music were last seen on the screen in "That's My Boy". This latest film, like three of their four previous vehicles, was produced by Hal Wallis.

Brightening the scenery and adding to the general merriment

of "Sailor Beware" are Corinne Calvet, talented Parisian eye-filler, and pert and pretty Marion Marshall who saw action with Dean and Jerry in "That's My Boy". The story spots the handsome baritone and the bean-polish buffoon as zany submarine sailors who have the admirals shivering their aching timbers before they've finished their hitch.

Jerry is the muddle-headed recruit who ties himself into knots while learning to make with the ropes, and Dean is the roving-eyed sea wolf who makes the Waves go wild. When the pair is assigned to an undersea boat, their distracted skipper gets a laugh-loaded lesson in how harrowing life at sea can be.

Jerry's fumbling attempts to woo a pretty Wave and Dean's high-powered pitch for a streamlined movie queen supply the romance in this wild-eyed tale of two goofy gobs making a very strange contribution to the national defense.

Martin applies his throaty baritone style to a score of new tunes crafted by Mack David and Jerry Livingston. The songs include "Never Before", "The Sailors' Polka", "The Old Calliope", "Today-Tomorrow-Forever" and "Never Before", and Miss Calvet and Lewis also get in on some of the warbling.

The comedy highlights include Jerry's accidental selection as kisser-in-chief for a TV contest to find the girl with the most luscious lips, his masquerade as a hula dancer in Hawaii, and several of the indescribable Martin-and-Lewis night club routines.

"What's she so angry about?" asked the puzzled bridesmaid. "The paper gave a full account of her wedding."

ALL-TIME FAVORITES

Both suits and cottons are now year-round favorites for fashionable women, the National Cotton Council reports. This cotton suit is in Hope Skillman's black and white "City Blocks" plaid and was designed by Benham Originals.

"It certainly did," agreed the maid of honor, "including the fact that she was married to a well-known collector of antiques."

A lovely and attractive young lady was asked why she did not get married.

she replied, "I have a parrot that curses every time he opens his mouth. I have a dog that growls every time I feed him. I have a fireplace that smokes up the living room and gets ashes over rugs, and I have a cat that stays out all night. So why should I get married?"

WASHINGTON AND "SMALL BUSINESS"
By C. WILSON HARDER

Articles by David Lillenthal, ex-Tennessee Valley Authority head, attacking the nation's anti-trust laws and business philosophy, cause some amusement in Washington.

It is recalled that although appointed to AEC for a five year term, Lillenthal resigned after Congressional investigation which included 24 public sessions, and 21 closed door sessions.

Due to se. C. W. Harder curity, it is doubtful full facts of these hearings will ever be made public, but those that were made public did not boost the Lillenthal business abilities.

For example, the Hanford Plant, started on an estimated cost of \$2 million actually cost \$25 million. An AEC built junior high school started out to cost \$1,786,000 finally wound up costing \$3,980,000.

Other testimony indicated AEC played fast and loose with security regulations, bypassing the FBI to grant emergency clearances at secret plants.

There were undoubtedly great information leaks. Current Saturday Evening Post articles report how a British physicist gave Russia vital secrets.

It is held significant that Lillenthal, as the resigned head of AEC, emerges, despite his lack of private business experience, as tom-tom beater for destroying the nation's anti-trust laws.

Atom bombs have captured the headlines. Properly so, their details are guarded secrets, but commercial uses of atomic energy in the next few years will

result in the greatest development since the application of power to machines.

Petroleum opened a whole new field of power. Control of the world oil supply is new in the hands of a very few. Atomic energy has opened a bigger field.

The development of atomic energy cost the U. S. taxpayers billions. Yet one or two of the biggest corporations in the country have been permitted in on the ground floor.

Hence Washington feeling current drive to abolish the anti-trust laws is paving way for a super-atomic energy monopoly.

The effect on the entire economy of not only the nation, but the world will be vast when atomic power is used for heating, transportation, and many other planned peacetime uses.

Today, the motorist cannot shop for gasoline. He finds gasoline price identical. Monopoly control of peacetime atomic energy will also eliminate all competition, force on the public non-competitive fixed prices.

This is one facet of background to scuttile anti-trust laws that prohibit price fixing.

Further evidence piles up that there is no limit to degree a bureau will set itself up as a little super-government ruling by edict. The latest example is the Wage Stabilization Board.

Washington stationery stores have discussed summer Saturday closing. But first the Wage Stabilization Board must approve, because to work employees shorter hours at the same pay is equal to a pay increase, the bureaucrats argue. It is hard to reconcile this docile submission to petty official rulings by a people who dumped taxed tea in the bay.

Attend Methodist Young People's Rally Misses Walker, Gregory, Wood, King

Ginger Walker, Billie Sue Gregory, Beverly Wood and Sue King are the delegates from the Spur MYF that attended the last full day of activities for the assembly of the Methodist Youth Fellowship of the Northwest Texas Conference meeting at McMurry College, which was highlighted Friday by the signing of "Decision cards."

The delegates to the assembly had an opportunity to make six decisions at the conclusion of the assembly.

The decisions were: To dedicate one's life to God either by a new decision or renewal of vows; to join the local church; to dedicate life to full-time church work; to attend regular worship services of church and MYF; to pray daily; to read the Bible daily.

Decision Day, or D-Day as it was titled, was a climax to a week's meeting which was attended by over 400 young people from the Methodist Churches all over the Northwest Texas Conference. Workshop groups during the assembly provided special training for MYF work for the youth.

Guest speaker for the assembly, Rev. Marshall Rhew, Vernon First Methodist pastor, gave his final sermon at 9 a. m. Friday. His topic was "A Decision on Time Saves Nine; the Christian Decision Will Save Your Life."

Vespers at 6:45 p. m., recreation at 7:30 p. m. and a communion service at 9 p. m. for everyone rounded out the day for the as-

sembly representatives. At the pledge service Thursday night, delegates pledged over \$6,000 to the Methodist Youth Fellowship fund, one third of which remains in the Northwest Texas Conference, and two thirds of which goes to foreign missionaries.

About \$4,000 more is expected to be pledged, according to Billy Phillips, conference treasurer, as he explained that only part of the churches made their pledges during assembly.

New conference officers were elected at the business meeting Thursday. They include: James Kirby, Borger, president; John Davis, Crosbyton, vice-president; Marjorie Scales, Lubbock, secretary; Billy Phillips, Lubbock, treasurer; Sara Smith, Childress, worship chairman; Willetta Hill, Borger, missions and world friendship chairman; Bob Ford, Lubbock, community service chairman; Betty Foster, Farwell, recreation; Anna Anderson, Sweetwater, publicity chairman.

Virginia Taylor Weds George Walker In Double Ring Ceremony, June 14

The marriage of Miss Virginia Beth Taylor and George Harrison Walker was solemnized in formal double-ring rites performed Saturday evening, June 14, at the Presbyterian Theological Seminary Chapel of Austin.

Dr. Carlyle Marney officiated. The bride is the daughter of Mrs. Ellie Taylor, 2301 Quarry Road, Austin, and William Lee Taylor of Dallas. She was graduated from Austin High School and is attending the University of Texas where she is a member of Alpha Delta Pi sorority and Beta Beta Alpha business sorority.

Son of Mr. and Mrs. A. M. Walker of Spur, the bridegroom was graduated from Spur High School and the University of Tex-

as, where he received a bachelor's degree in health and physical education. During World War II he served with the navy, and since November, has been employed with the US Public Health Service in Houston.

For the ceremony, the chancel was banked with gladioli, ferns and palms, and flanked with candelabra. Mrs. V. E. Schultz was soloist, and Paul Kennard provided organ music.

Given in marriage by her father, the bride wore a ballerina-length dress of imported Chantilly lace over bridal satin. The nylon tulle yoke was accented with seed pearls, and the bodice and long sleeves were of lace. A rolled lace collar finished the neckline.

Her veil was of imported French illusion attached to a Juliet cap of Chantilly lace. Her bouquet was a cluster of white orchids surrounded by white stephanotis.

Attendants to the bride were Mrs. Joe W. Ballanfont of Austin, matron-of-honor; Miss Virginia French, San Antonio; Miss Ann Hughes, Austin; and Mrs. Alfred Walker, Spur, bridesmaids.

They wore identical dresses of Nile green nylon net over taffeta, and they carried fans of white carnations entwined with English ivy.

Best man was Alfred W. Walker of Spur, brother of the bridegroom. Groomsman were Lt. James P. Dobbins of San Antonio, and Pike H. Dobbins and Jack Keitz.

After the ceremony a reception was held at Green Pastures. Baskets of flowers were used as decorations, and the table was centered with an arrangement of white gladioli. The white double ring cake held a cluster of flowers in the center.

In the house party were Misses Jo Ann Hyllin, Gracie Long, Elizabeth Owens and Hazel Maulsby of Austin, and Miss Bessie Meek of Dallas.

The mother of the bride chose a ballerina-length dress in iridescent shades of purple organza, and a corsage of Vanda orchids.

The mother of the bridegroom wore a ballerina-length dress of beige crepe with a corsage of yellow roses.

For a wedding trip to Galveston and Houston, the bride left wearing a light blue suit with navy and white accessories and a corsage of white orchids.

Defense is your job, too!

THIS IS A DAY OF DREAMS COME TRUE... for the returning Korean War veterans pressing against the ship's rail and for their loved ones waiting on the dock. The counted days of waiting are over, the nightmare of war is behind them. These boys have been far across the seas doing a hard, dirty, bloody job... a job of defense—for you.

But, defense is your job, too. It is your job to help make America's economy as strong and dependable as these men have made her military power. And your job can be not only easy but rewarding—in financial security for you and your family. Just buy U. S. Defense Bonds... them now and buy them regularly. For your bond and other forms of saving can make America strong. And in this warring world, strength is America's surest guarantee of peace.

So sign up for bonds today—through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank. For your security and your country's, too, buy United States Defense Bonds regularly!

The U. S. Defense Bonds you buy give you personal financial independence

Don't forget that bonds are now a better buy than ever. Because now every Series E Bond you own can automatically go on earning interest every year for 20 years from date of purchase instead of 10 as before! This means that the bond you bought for \$18.75 can return you not just \$25—but as much as \$33.33! A \$37.50 bond pays \$66.66. And so on. For your security, and your country's too, buy U. S. Defense Bonds now! Bankers recommend them as one of the safest forms of investment.

Peace is for the strong... Buy U.S. Defense Bonds now!

Have you tried BUICK'S POWER STEERING?

HIGH-TAILING down a broad straight road, you have that same sure sense of command that has always put such a thrill into piloting a great performer.
You're the boss. Your hands tell you so. It's the feel that so many folks who love to drive have come to know and enjoy.
This year, you also have at your command the highest horsepower in Buick history—and an Airpower carburetor, with two barrels in reserve to deliver an extra spurt when needed.
You have the size, the silence, the

smoothness that make this **ROADMASTER** so distinguished among fine cars.
Where then, you ask, does Power Steering come in?
When you want to get into—or out of—a tight spot at the curb, Power Steering takes over the extra effort of turning the wheels, and you can forget the two-tons-plus of automobile you're handling.
When you want to turn around in a narrow space—Power Steering lets you get the last inch of benefit from Buick's short turning radius, because it makes the maneuver so easy.
When one front wheel hits a bump, a

chuckhole, loose sand or dirt at the edge of a road—Power Steering takes up the jerk—makes control of the wheel easier and therefore safer.

Many folks who have tried it tell us that Power Steering has added almost as much to the pleasure of owning a Buick as Dynaflo Drive.

When would you like to try it?
Equipment, accessories, trim and models are subject to change without notice. †Optional at extra cost on Roadmaster only.

GEORGE MAHON

Representative George Mahon this week requested the Texas Spur to formally announce his candidacy for re-election to Congress. He had earlier filed for a place on the Democratic ticket. Mahon is unopposed in the forthcoming primary.

In announcing his candidacy, Mahon said, "I will deeply appreciate the continued support and confidence of the people in the coming primary. These are difficult and frustrating days for private citizens and public officials alike. Congress is still in session, and in all probability I will have little opportunity to visit about the District prior to the primary date.

"As the hired hand of the people of our District, I shall continue to do everything in my power to do a good job here. I welcome advice and counsel at all times, and I am constantly mindful of the debt of gratitude which I owe to the people of West Texas. Please thank them for me through the columns of your paper."

CARD OF THANKS

We wish to take this means to show our appreciation and gratitude for the kind words of sympathy, the food, financial aid and the prayers you have given us during the illness of our little son, Pamie. Our blessings go out to each of you.

A customer in a crowded restaurant tapped repeatedly for the waiter. After some time the waiter stopped beside his table, a heavily laden tray on one palm. "What's the trouble, sir?" he asked.

I think there's a fly in my soup," complained the diner. "Well, make up your mind," was the impatient reply. "I haven't got time for tumors." Read the Want Ads

GOOD HEALTH

1. IS RELAXATION IMPORTANT? 2. WHAT IS BRAILLE? 3. SHOULD SNEEZES BE SUPPRESSED? Answer to Question No. 1: The ability to relax is very important and gives promise of a longer, healthier life. Most recreation is as strenuous as our work and should be sensibly regulated.

Answer to Question No. 2: The best thing to do with an on-coming sneeze is to sneeze—into your handkerchief of course. It is better to sneeze normally through the mouth which is better equipped than the sinuses and ears to take the blast. Suppression of sneezes may lead to considerable damage to the ears.
