MOST ARDENT BOOSTER

Right behind the Bulldogs on their trek up to Tulia this Friday will be Billy Bigham. Bigham didn't have to tell us he was going---we just assumed it.

Billy Bigham

Because, you see, Bigham has attended every football game, every baseball game and every basketball game played by the Spur high school for the last four years.

The boys of Spur like Billy. They appreciate him. They respect him. He always has time to council with them or just shoot the breeze about last week's game or last year's game. He is never too busy to take a load of boys to an out-of-town game.

Win or lose, right or wrong, up or down, Billy is the kind of fan and supporter who is right behind the team all the way.

Now Spur has other fans who are just as sincere and earnest as Bigham in their support of Spur's youth. They are too great in number to be listed, but the team, the students in general, the school board, and the school administration are duly proud of and thankful for the loyal fans and supporters behind Spur high school and its entire program of scholastics and athletics.

Prejudice is a great timesaver; it enables us to form opinions without bothering to get the facts.

"Hey, there!" a passing motorist called to the hillbilly who was reclining under a tree. "Your house is on fire."

"Know it," replied the hillbilly without moving.

"Well, why don't you do something about it?"

"Doin' it now," the hillbilly replied. "Bin a prayin' fer rain ever since she started."

Some of us, too, like to sit around and pray for something about some things that we ought to be up doing something about ourselves.

"I got off a street car this morning," said the salesman, "and being in no hurry, I began moralizing about the action and probable character of three men who had alighted just ahead of me. The first one was even then half-way up the block and was going on with such a rapid stride that he had already put a couple of hundred yards between himself and the next man. There, thought I, goes a hustler--a man who's bound to succeed. The second man was walking rather slowly and impressed me as one who would do fairly well, perhaps. But the last fellow was just dawdling along in a most shiftless sort of way. I very quickly set him down as a loafer."

"Just then a thought came to me--all three were ahead of me!"

---"Tom's Tales"

"Isn't it strange that prince and kings

And clowns that caper in sawdust rings

And common folks like you and me

Are builders for eternity?

To each is given a set of tools, A shapeless mass, and a book of rules.

And each must build, ere life has flown.

A stumbling block, or a stepping-stone."

Mrs. George Link and Mrs. Kate Morris were in Aspermont visiting with friends last Thursday.

Mrs. Horace Wood and Beverly attended the football game between Tech and West Texas at Lubbock Saturday night.

Mrs. A. C. Vaughan spent the week end in Matador visiting with relatives.

The Spur Bulldogs remain undefeated in the season's play last Friday night with a 7-0 victory over a strong Ralls Jackrabbits eleven in Ralls.

Little Curtis Blair scampared 65 yards for the winning tally on the second play of the game. A short pass from Chester Lindsey to Blair set up maneuvers. Jackie Cloude kicked the extra point.

Fumbles plagued the Jackrabbits throughout the entire game as the hard hitting Spur boys jarred them loose from the pigskin time and again. Statistically, the Spur boys recovered five Ralls fumbles to Ralls no recoveries.

Ralls only major threat during the evening came during the waning minutes of the third and the opening of the fourth quarters.

Following Lindsey's punt to the Ralls one-foot line, the Jackrabbits rang up five consecutive first downs and 65 yards to the Spur 34 only to lose the ball on a fumble. This spot marked their closest approach to the Spur goal.

The Bulldogs missed their second chance to score in the closing minutes of the first half, carrying the ball to the Ralls three yard line only to have the time run out. The drive was started on a recovered fumble and was sparked by the bating ram running of Fullback Dean King.

In the statistics department, King and company ran up a total of 192 yards on the ground while Lindsey and his pass receivers totaled 131 yards via the airway.

Lindsey completed 5 out of 13 attempted passes.

Although held to their lone score, the Spur eleven showed a marked improvement last Friday night over their previous appearance against a much weaker Matador team. The power running of King paid off continually with four, five and six yard gains through the middle and off the tackles and guards while backs Cloude, Blair and Lindsey kept the defense guessing with end runs and an effective passing game. King is playing his first year in the backfield and has already made a name for himself among opposing tackles. Several Ralls defensive men stated that he was the hardest running fullback they had ever played against.

Pre-season indications were that the Bulldogs would lack an effective passing attack this year, but the pitching arm of Lindsey and the receiving of Blair, Cloude, Wilson and George have removed this doubt in the two games already played. Along this line, some observers of the Bulldogs stated that a passing attack was just about all the Bulldogs lacked this year.

Tom Tilson, High School Band Will Be Featured On Saturday's Program In Spur

Saturday, September 27, will be Community Day in Spur. Community Day, states Mrs. Nona Starcher, chairman of the merchants committee of the Spur Chamber of Commerce, is the day set aside each month by the citizens and merchants of Spur for the coming together of the people from the various communities in the Spur area for a program of fun and fellowship for all.

This month's program will feature Tom Tilson of Matador, the famous magician. Tilson has performed a number of times in this area but always manages to come up with a fresh, new show which never fails to amuse, astonish and mystify young and old alike. "Every-one likes a good magic show and Mr. Tilson is just the man to put one on," states Mrs. Starcher.

In addition to the magic show, visitors in Spur Saturday will be entertained by a concert presented by the Spur high school band under the direction of the new

WEEK'S RAIN FALL BRINGS MONTH'S TOTAL TO 1.22

Slow rains which fell in Spur and over most of the country Sunday, Monday and Tuesday of this week totaled .88 inches in Spur and brought the month's total to 1.22 inches.

Still over an inch and a half under the average September moisture, most area farmers still lack sufficient rain to guarantee an early wheat stand. The average September fall is 2.82 inches.

However, several farmers in the county have already planted wheat and many more will this week.

The county cotton crop has started a slow trek to the areas gins most gins keeping busy, but very few rushed.

Mr. and Mrs. Bill Walton of Dallas, formerly of Spur, were visiting in Spur recently.

Mr. and Mrs. Dillard Williams took Toby to Abilene to the doctor for a check-up Thursday.

band director, Bob Key. The band is scheduled to present numbers both before and after the magic show.

The Community Day project, now in its seventh month, has from time to time featured area musical talent, a cracker-eating contest, an old fiddler's contest, a previous magic show, and other types of fun and entertainment. Interest and attendance has grown steadily and observers expect this to be the largest Community Day yet.

This expectation is based partly on the extra efforts of the merchants committee, sponsors of the program; this month. Today three groups are delivering circulars and are making personal contact in the communities of the area, inviting everyone they see to the big day in Spur.

Cecil Godfrey is scheduled to call in Calgary, Patton Springs, and McAdoo. Buck Denton and J. D. McCain will visit Jayton and Girard. Max Eckels, Homer Hindman and Mrs. Starcher will make Elton, Glenn, Dickens and Roaring Springs inviting folks to Community Day program.

An organization to co-ordinate welfare and charity efforts in Dickens county was formed in a meeting of interested community service workers last Wednesday, Sept. 24.

Guy B. Karr

Guy B. Karr was elected chairman of the group and has pointed a planning committee consisting of Rev. Cal Wright, Rev. T. B. Allen, and Robert Williams. This committee will meet Monday to discuss the organization, set up needed committees and determine the policy and exact purpose of the organization.

Proposed officers and committees for the group include a chair-

man, a vice-chairman, secretary-treasurer, board of directors, finance committee, collection and drive committee, investigations committee, and a co-ordinating committee.

Karr states that the need of such an organization in Spur and surrounding areas has been indicated several times by the more-than-ample helping of some families while other needy families were left unnoticed. It is the belief of the group which met last week that the efforts of the churches, service clubs, civic clubs and other charitable organizations can be co-ordinated to offer more complete aid for the needy of our community.

The group also plans to aid in the distribution of Christmas food and toys this Christmas.

The groups represented at this meeting were the American Legion, Guy Karr; Veterans of Foreign Wars, Kermit Cunningham; Legion Auxiliary, Mrs. Joe Jeffers; P. T. A., Robert Williams and Mrs. W. F. Patrick; Lions Club, C. B. Chandler; County Commissioners Court, Arner Watson; Red Cross, E. S. Lee; Methodist Church, Rev. Cal Wright; Baptist Church, Rev. T. B. Bob Greer has the first bale of cotton in the community. There will be very few bales because of the extended drought.

Snakes are crawling. The Donnie Paces were disturbed about midnight Tuesday while sleeping in the back yard by a diamond back rattle snake singing in a very unpleasant voice near their bed. A hoe near by sufficed as a weapon to put him out of existence, and they continued to sleep in the yard.

'Quo Vadis' To Be Shown October 1 & 2

Showmen will have to go all the way back to "Gone With the Wind" for an attraction that compares with the drawing power of "Quo Vadis." It's the kind of picture that ought to be exciting, pleasant to manage and highly anticipatory.

For the promise long dangled by MGM is delivered. In equations of sheer splendor, eye-filling opulence, spectacle, size, and a sense of overwhelming, this 1951 version of a film already made twice before has no precedent in recent years.

As everyone must know, this attraction is based on a novel written by Henryk Sienkiewicz in 1895 and for which the Polish author won a Nobel Prize in literature. It went through many editions for approximately two decades, eventually was dramatized for the stage and employed as the basis for two operas. Sienkiewicz wrote of pagan and decadent Rome in 64 A. D., when Nero was emperor and Christianity on the rise. His novel—and now the film—was conveyed in device employing men and women, imprisoned by the tyranny of their times and released by their faith against a surg-

ing and tempestuous background of authoritarianism, paganism, vice, licentiousness, cruelty, lust, blood-letting, sadism, and practices long since identified with the ancient world.

The scene in Rome, where the film was made. The romantic principals are Lygia, hostage daughter of a defeated king, and Marcus Vinicius, Roman general triumphantly returning to the seat of empire after three years of conquest in Britain. He falls in love with the girl who has embraced Christianity. Refused strengthens his attachment and, in the end, brings about his conversion. The second romantic thread, played on a minor string, ties together Petronius, patrician and Marcus's uncle, and Eunice, slave girl. Dominant is Nero the "divinity." Supreme in authority, self-willed, unbalanced and vain, he is emperor with undisputed say over the life or death of his subjects.

This remarkable show is being presented at the Palace theatre on October 1 and 2. The advance admission will be \$.74 from 2 p. m. till 6 p. m. and from 6 p. m. till closing time \$1.00 for the adults; children tickets will be \$.35 all day. The feature is three hours long.

Mr. and Mrs. R. L. Benson, Barney Mack, Mr. and Mrs. Tom Kizer and Donna, and Bro. H. E. Johnson attended the ACC-Commerce football game at Abilene last Friday night. Bro. Johnson's son returned with them.

Mac Gilbert of Lubbock visited Mrs. Ruby Hays Sunday.

Ginger Walker was home from McMurray over the week end. Paul and Jammie Simmons carried her back to the college and visited all the colleges.

Mr. and Mrs. J. E. Simpson were in Abilene visiting with Joe and Emma the early part of this week.

MEMO To Mrs. Housewife

NATIONAL PRESS BUILDING WASHINGTON, D. C.

By Anne Goods

Remember the bowl and pitcher sets of by-gone days? If you're lucky enough to still own one of the prettier sets here's how to put it to good and glamorous use: Plant the bowl with a variety of small green plants, leaving space in the center for the pitcher. Then in the pitcher arrange phlox-dron or small ivy.

Homemakers who prepare lunch boxes daily will appreciate this sandwich filling which can be made up in quantity and refrigerated for at least two weeks: Blend 1 cup ground cooked ham with ¼ cup real mayonnaise, ½ teaspoon mustard-with-horseradish and ½ teaspoon grated onion.

Women are going to love the new Fall fabrics not only for their good looks but because so many of them are washable. Examples are the velvety-soft cotton flannels and the cotton herringbone tweeds.

Top your ice cream sundaes with this scrumptious sauce: Over boiling water melt 6 ounces of semi-sweet chocolate. Remove from heat and quickly stir in 6 tablespoons of soft vitaminized margarine, stirring until melted. Place over hot water until ready to serve. Makes about 1 cup.

Sliced or diced zucchini, raw, is a delicious addition to tossed vegetable salads.

The giant balloon parade, featuring all of the favorites of Wonderland, will wind through Lubbock streets beginning at 2:30 p. m. opening day. The mile-long cavalcade will also include 105 clowns, numerous bands and the Lubbock County Sheriffs Posse.

Every afternoon and evening the midway will be jammed as the crowds thrill to the reckless performance of four free aerial acts high above the Fairgrounds. The largest fireworks display ever held at the Fair is on tap each evening when the skies will be filled with a brilliant, multi-colored show of more than 850 shells.

Entries already received from all parts of West Texas and New Mexico indicate a record-break-

ing livestock exhibit. Most of the area's best cattle and swine will be shown.

Again this year the agriculture, farm machinery, rabbit show, Boy Scouts and women's exhibits will attract thousands to the many and varied displays.

On the midway, the carnival rides, concessions and specialties will once more be presented by Bill Hames, an expert showman who has built his show into one of the nation's best.

Mrs. Ava Johnson Attends Convention

Mrs. Ava Johnson has returned to Dickens after attending the Fourth Annual Convention of the County Treasurers' Association of Texas held in San Angelo September 19 and 20 in the Hotel Cactus.

The resolution for the four year term of office for county officials

will be presented to the Legislature in November by the County Treasurers' Association.

Leon Jones of Gregg County is the new president of the Association. The next annual meeting will be held in Dallas.

Highlights of the program were: an address by Dorsey B. Harde-man, State Senator from the 25th District; an address on the tide-lands issue by Joe Foy, attorney-at-law in San Angelo; an oration by Eldon Mahon, District Attorney of the 32nd Judicial District; a speech by Joe L. Mays, County Judge of Tom Green County. A banquet was held in the Crystal Ballroom Hotel Cactus with Dr. Rex Johnston, President of San Angelo College, as speaker.

Farmers are reminded that chemical treatment of small grain planting seed, just before planting, is mighty good insurance and it's cheap.

should be conducted in a businesslike manner for best success. Rental contracts involve a full year's work by the tenant and possibly thousands of dollars for both parties. A few dollars spent on a properly drawn lease is good business economy.

A farm lease is not a simple paper. Printed lease forms often turn out to be traps if not understood, or if not properly executed. A farmer-tenant contract is intricate and of such importance to both parties concerned that amateur draftsmanship is risky.

Fixing of cash rent or designating the length of terms are relatively simple. Yet, even in these matters, ambiguity or incompleteness can cause bitter disputes and expensive lawsuits.

A loosely drawn property description may have consequences entirely unintended by either landlord or tenant. When rent is to be based on acreage, an accurate description is doubly important.

Farming is a business and

In addition, there are legal rules to substitute for some omissions in written leases. For example, a holdover by the tenant may automatically renew the contract if the lease is silent on the subject. It is as important to know the results of omission as to know the courts' interpretation of the language used.

There are many matters which should be covered by a properly drawn lease. For instance, if a tenant is to farm on a share basis; care should be taken to define what expenses are to be paid by the parties as well as what shares are to be taken out. A lease should cover such things as who is to make repairs, what land is to be cropped, whether the tenant can cut timber, whether loss of a building by fire or other causes frees the tenant, or whether the landlord must accept a sub-tenant.

One great cause of difficulty with leases is blind faith on the part of the persons involved that all differences of opinion can be

worked out. Poor memories as to verbal agreements can cause dispute between persons even though they are both honest and generous.

Many of the possibilities that should be covered by a properly drawn lease will not occur to inexperienced persons. The renting of land deserves a written contract, and it is a contract too important to be entrusted to anyone other than an expert.

DATE BAIT

There will be stars in the eyes of a young college belle when she snags the eyes of the stag line in July in Jill's lovely date frock of rich Merriack velvet. Bead embroidery on the white bordered tank top adds elegance, and the princess line flatters the slim figure, the National Cotton Council says.

CHRISTMAS CHEER

An easy way to spread Christmas cheer is to make a beach bag for that gal who in summer a-swimmin' goes. It will bring her cheer, won't cost you anything to make from a full-size 25-pound cotton flour bag, the National Cotton Council reports. Here's how: Rip bag, line with terry cloth, and blind edges with grosgrain ribbon one-half inch wide. Sew five loops of one-half inch wide ribbon across each corner of square. Run another ribbon through loops to tie when the beach kit is filled and

received from them they are having a wonderful time. They were going into Missouri and Tennessee Saturday.

Dry Lake had one-half inch of rain Sunday night and Monday. This will help the late feed.

Miss Patsy Hyatt Is Manager Of Bell Telephone Office

Opening of a Business Office here was announced by Southwestern Bell Telephone Company. Patsy Jean Hyatt, who has been an operator here for the past two years, was promoted to service representative and will be in charge of the Bell Telephone Office. Her duties will be to answer inquiries from customers concerning their bills, type service orders for installation of new telephones, collect telephone bills, take new orders for telephone service, etc. Miss Beason, chief operator, has formerly done this work, but with the expansion of telephone service in this area, her duties became too plentiful. The business office will open Monday through Friday

from 8:00 a. m. to 5:00 p. m. and closes on Saturday and Sunday.

Miss Hyatt, well known in the city, completed Spur for the past eighteen years. She has just completed a three-weeks' service representative school at Plainview, and Monday, September 22 was her first day in the new position.

Expansion plans of the Bell Telephone are now in progress and the city and rural areas in and around Spur will be delivered soon and telephone service will be available.

Local IH Dealer Wins 3rd In Sales Contest

The sales record of Edwards-Kelley Implement Company, local International Harvester dealer, in selling IH refrigerators and freezers during the recent national sales contest has resulted in their placing third among the top five dealers in the Sweetwater territory.

In winning third place in the contest, the local dealership missed out by a small margin in being one of the two IH dealers who, with their wives, received all-expense 8-day cruise on the "Queen of Bermuda" from this IH sales area.

Neal Chastain of Spur, partner in the Munday Truck and Tractor company of Munday, Texas won first place in the contest, and the IH dealer in Stamford won second place.

Valuable merchandise prizes were awarded to the third, fourth and fifth place winners in all IH sales districts. Edwards-Kelley Implement company sold a total of 43 units during the campaign.

To Show The Kids

When Lucy Anne Cooke, 9, and her brother Robert, 3, Los Angeles, paid a visit to the home of film star Ann Sheridan recently to tell her about the coming observance of National Kids' Day, Saturday, September 27, Ann graciously posed for Lucy Anne's Kodak with Robert and an official Kids' Day poster. More than 200,000 of these posters have been distributed, free of charge, by the National Kids' Day Foundation to the more than 3500 Kiwanis clubs in the United States, Canada, Alaska and Hawaii. Kids' Day, which is 4 years old, is co-sponsored by Kiwanis International, the Kiwanis clubs and The National Kids' Day Foundation, Inc. The dog is a French Poodle named Souffle. Ann Sheridan raises them.

ABOARD the vast acreage of a U. S. Navy carrier, man-made winds whip briskly as Corsairs' propellers spin. Every eye is on the plane spotter as pilots rev the engines. Taut crewmen crouch ready to remove wheel chocks. And another squadron of American planes prepares to take off to protect your country—and you.

They are maintaining America's military strength. And millions of good Americans already buying Bonds are helping to maintain her economic strength. You know, your personal security, built up by Bonds and other forms of saving, is a guarantee of your country's security and strength. And peace is only for the strong!

You'll find that saving by the regular purchase of Defense Bonds is easier than you think—through the Payroll Savings Plan where you work. So join the Plan today.

HERE'S HOW E BONDS NOW EARN MORE MONEY FOR YOU!

Now safe, sure U. S. Series E Defense Bonds pay an even better return than ever before... thanks to 3 brand-new money-earning features announced by the U. S. Treasury.

1. Now every Series E Bond you buy begins earning interest after only 6 months. It earns 3%, compounded semiannually, when held to maturity. It reaches full maturity value earlier (9 years 8 months) and the interest it pays is now bigger at the start!
2. Every Series E Bond you own can now go on earning interest for 10 more years after it reaches the original maturity date—without your lifting a finger!
3. During the 10-year extension period, every un-matured bond earns at the new, higher interest (average 3% compounded semiannually). Your original \$10.75 can now repay you \$33.67. \$37.50 pays back \$67.34. And so on.

Start now! Invest more savings in better-paying Series E Bonds —through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank!

Peace is for the strong. For peace and prosperity save with U. S. Defense Bonds!
