

THE TEXAS SPUR

SERVING A RICH FARM CROP, STOCK AND POULTRY RAISING TERRITORY OF WEST TEXAS.

VOLUME 43 SPUR, DICKENS COUNTY, TEXAS THURSDAY, OCTOBER 16, 1952 NUMBER 52

Whoa, Now!

By Grady Lackey

"And in this corner, weighing in at 150 pounds, are politics getting hot! A quick unofficial and unsubstantiated spot check Wednesday indicated that 98% of all conversations over coffee, under dryers, and leaning against car fenders were on the coming national election.

The tempo of the arguments (some prefer to call them discussions) and the frequency of them go right along with the indications of the Texas Spur and Associated Press Straw Vote among the readers of this newspaper—Namely 50-50.

Our poll clearly indicated that at the present time, our readers are split right at the half-way mark—half for Ike and half for Adlai.

However, it seems that the Democrats are taking the lead in letter writing and active campaigning for their candidates. To date we've received nothing but pro-Democrat letters concerning the election. (Letters published between now and election day do not necessarily reflect the opinion of the publisher and will be duly signed by their authors.)

Texas Spur Editor:

"The Voice of Texas," so loudly proclaimed by Gov. Shivers, has dwindled to a Republican echo of the voice of Texas oil lords in the personages of Jack Porter and Hunt. The real "Voice of Texas" is now being spoken by tried and true Democratic statesmen such as Sen. Tom Conally, Reps. Sam Rayburn, Poage, Wright Patman, George Mahon, Ag. Com. John White, Judge Sarah Hughes, John N. Garner, as well as our own Dickens county Democratic representatives.

The Democratic platform has brought us a better farm program, better housing, better jobs, more pay for the laborer, more social security for all, better health, better conservation of our natural resources, and a foreign policy that can expand democracy and freedom to the people of the world.

"Thank you," Mrs. Talitha Watson Rt. 2, Spur, Texas

(The following excerpts were taken from a letter addressed to Mr. and Mrs. A. Z. Hays and referred to the editor for publication.)

"Things are looking good for another Democratic president. It does not seem to know what it is all about, poor fellow."

"I heard Stevenson the other night. He is really on the job and as smart as a whip. I hear all the boys say that Stevenson is far smarter than his opponent. There is no question about it."

"I am doing fine and have changed a few of these not-too-smart Republicans and now think that California will go Democratic, so will be seeing you soon."

"Your good friend," J. Frank Graham

Girard, Texas

October 15, 1952

Dear Mr. Editor of the Texas Spur,

I am herewith enclosing you my ballot how I will vote in the coming election, God willing and I am quite sure it will please Him because He has no respect of persons but is interested in the best interest of all the people. Therefore, I will vote for the man who represents a party which has done more for all the people under the leadership of Roosevelt and Truman than any administration in the history of our nation. Not only for our own people but the protection and taking care of the distressed of the whole world.

I am proud of the record we have made within the last 20 years. I believe in the man whom the democrats have selected. I believe him to be the best man we have, or as good, for the head of our Government.

I am sure he has the ability to do the job better than the General and I am sure he will be just as loyal to our Government and the principles of the Democratic party which deals justly by all the people not just the special few rich.

We all know the record of the Republican party and Mr. Ike says he is one of them. If so, he will be true to the advice of the leaders, Mr. Taft and others of same faith and order. I believe Ike to be a great general and think he should continue his life time occupation for the good of his Country.

See LETTERS TO ED. Page 8

MRS. HAIRGROVE INJURED IN FALL TUESDAY

Mrs. R. J. Hairgrove of 518 N. Carroll received a broken hip and an injured knee in a fall at her home Tuesday morning.

The elderly lady fell while watering her lawn between 7 and 8 a. m. Neighbors helped her into her house and called the doctor. Following examination by Dr. P. C. Nichols, Mrs. Hairgrove was moved to Abilene. Before leaving she stated "I'll be back in a couple of days."

Howard Collins Is Speaker At Rotary

The Spur Rotary Club met at noon Thursday, October 9. Jack Rector presided as chairman of the day. Giving the invocation was Oscar Kelley. Thomas Stevenson led the singing of "Battle Hymn of the Republic" and "Carry Me Back to Ole Virginia."

Visitors introduced were Evans Hood, Homer Hindman, Mr. and Mrs. Bob Lewis, and Bill Vancill. Speaker for the program was Howard Collins from Lubbock. Collins spoke about Fire Prevention Week and fire prevention. He states that Fire Prevention Week is the week that falls around October 9. October 9 is the anniversary of the big Chicago Fire, according to Collins.

Following the speech by Collins, a movie concerning fire prevention was shown.

STILL NO POLICEMAN FOR CITY OF SPUR

The City Commission of Spur has been informed by the young man supposedly hired as city policeman for Spur that he will not take the job.

Mayor Ned Hogan states, however, that the commission will hire a man soon and that the police car ordered for that use will be delivered in November.

Funeral Services Are Held For James Edward Gallagher

Funeral services were held for James Edward Gallagher in the Jayton Baptist Church, Saturday, October 11, at 3 p. m.

Rev. L. R. Stuckey of McCaully, Texas officiated assisted by Rev. Lee Hollis or Girard.

Gallagher was born March 2, 1869 and was married in 1889 to Fannie Bell Altum. He died October 9.

Survivors include three daughters, Mrs. O. P. Tate of Snyder, Mrs. Jake Jones of Spur, Mrs. Fred Jones of Abilene, four sons, J. A. of Clairmont, C. C. of Deming, New Mexico, L. C. of Girard, and Earl of Earlmark, California, one sister, Mrs. S. N. Altum of Gatesville, and two brothers, Alex of Lubbock, and W. L. of Austin. He had 28 grandchildren and 22 great grandchildren.

Pallbearers were grandsons, and flower bearers were the granddaughters.

Inherment was in Jayton Cemetery under the directions of Chandler's Funeral Home.

Mrs. George Nalley and daughter, Barbara Hill, have returned from a month's stay in California with relatives.

NEWS ABOUT TOWN

Mrs. J. C. McNeill returned Sunday from a week-end visit with her son, J. C. McNeill III of Crosbyton.

Mr. and Mrs. O. R. Cunningham and Wanda were in Ft. Worth three days last week watching the World Series on television. They also did some shopping and visited with his brother, Emil Cunningham and family.

Mr. and Mrs. Gus Fincher and Charlie Fincher were dinner guests Sunday in the home of Mr. and Mrs. J. E. Simpson and family.

Mr. and Mrs. Billy Ray James of Snyder were guests for lunch in the home of her mother, Mr. and Mrs. J. E. Simpson Monday.

Mr. and Mrs. Bairon Chapman and little daughter, Pam, of Amarillo were visiting in the home of Mr. and Mrs. Jack Rector and attended the homecoming.

Girl Scout National Official To Be In Spur October 21-22

Miss Virginia Burgess, National Field Staff Member, Girl Scouts of the U. S. A., will be in Spur October 21 and 22 to work with the Dickens County Girl Scout Council.

Miss Virginia Burgess

Scout Council. Meetings planned during her visit are Lions Club at noon, October 21, Fly-up Ceremony at the First Presbyterian Church at 7:30 p. m., October 21, and meeting with the leaders Wednesday morning, October 22, according to the Dickens County Girl Scout Council.

Miss Burgess, whose headquarters are in Dallas, brings a wide background of experience to her Girl Scout work. Before joining the National Staff, she was Executive Director of the West Texas Girl Scout Area Council. She is a former instructor at Stephens College, Columbus, Missouri, and during the war served in the Marine Corps, where she holds the rank of Captain.

Spur FFA Chapter Has Regular Meeting

The Spur F. F. A. Chapter held its monthly meeting October 13 with President Don Gannon presiding. During the course of the meeting, the chapter adviser, Bill Gregory, introduced twenty-five applicants. After their introduction the boys were initiated.

The initiation is a prescribed method for new F. F. A. members. The boys were brought into the chapter with a standing of Green Hand.

Following the initiation, officers for the year were elected. Hershel Wade was elected as president. Other officers were Tommy Bass, vice-president; Donald Lee Wilson, reporter; Clarence Smith, treasurer; Freddy Wyatt, parliamentarian; James Kidd, historian; Charles Sonnemaker, secretary; Doyle King, sentinel; Harvey Cannon, second vice-president; Clint Turbyfill, third vice-president.

The Sweetheart Contest was begun and will continue two weeks. Votes are a penny. Candidates for the contest are Patsy Smith, V. A. I; Dean Reagan, V. A. II; Barbara Sharp, V. A. III.

The F. F. A. Chapter would like to thank all the visitors present Monday night. Many of the visitors were fathers of boys being initiated. The chapter would especially like to thank Mr. Reed agriculture teacher at Girard, Homer Hindman, and Weldon Skinner for their presence.

Donald Lee Wilson, reporter

PLANS BEING MADE FOR OCTOBER COMMUNITY DAY

Plans were started this week for the final Community Day program of the year to be held on Saturday, October 25.

Homer Hindman, manager of the Spur Chamber of Commerce, states that all high school bands in this area have been invited to participate in a big parade and concert program. The parade will march down Burlington to the corner of Fifth Street and Burlington Avenue where the program for the afternoon will be presented.

Hindman added that this will be the last Community Day in Spur for this year.

Officers Elected At Band Meeting

The Spur High School Band had a business meeting Wednesday, October 8, to elect officers. Maxine Williams was re-elected president. Other officers were Lyndal Bingham, vice-president; Paulita Karr, secretary-treasurer; Billie Sue Gregory, reporter. Wayne Hoover, the drum major, will serve as sergeant at arms.

A committee was appointed to plan a band party. Serving on the committee are Maxine Williams, Paulita Karr, Wayne Hoover, Rush McGinty, Jeanne Boethe, Delores Suitt.

The band has practiced marching twice this week. The majorities, Gail Love, Sue King, Dean Reagan, and Billie Sue Gregory, have been marching with the band. They will march Friday.

RETAIL CREDIT PROCEDURES SCHOOL OPEN HERE

First session of a Retail Credit Procedure course will open here Monday, October 27 at 7:30 p. m. under the instruction of Sterling S. Speake of The University of Texas, Division of Extension, co-operating with the Texas Education Agency.

A large number of business and professional people is expected to enroll in this 10-hour course which is considered to be very helpful in the method of handling charge accounts, according to Mrs. J. A. Koon, manager of the Retail Merchants Association of Spur, which is sponsoring the school.

Local merchants doing business on a credit basis, together with their employees, are invited to attend the first meeting Monday night, October 27 at 7:30, without obligation.

All phases of retail credit operations will be covered during the course, which will be held nightly from October 27 to 30 at Spur High School. Advance enrollment may be made immediately by contacting the local sponsoring agency.

Out of town guests in the home of Mr. and Mrs. R. L. Benson over the week end were Mr. and Mrs. Jimmy Sheppard and daughter of Stamford and Mr. and Mrs. Jack Marshall and Laura Ann of Beaumont.

Spur Lions To Sell Christmas Cards

Billy Harold Roberts, Tommy Nesbitt and Hilda Salazar look at boxes of Christmas cards to be used by Texas Lions this year to raise funds for the Lion's Crippled Children's Camp. The Lions Club of Spur is taking part in this program and will have cards soon.

Ginning Tops 2,000 Bales; Early Frost Does Little Damage

County Agent Charles Taylor estimated yesterday that approximately 2,000 bales of cotton have been ginned in the county to date. A report this week from the United States Department of Agriculture indicated that 697 bales had been ginned prior to October 1.

Last year 1877 bales were ginned before October 1.

Taylor states that farmers over the county are somewhat short of hands at the present, but more are expected from the plains in the next week or so. The killing frost up on the plains will enable many farmers there to use strippers soon and will cause the cotton pickers to come back to the lower areas.

The two mornings of light frost in the county did a limited amount of damage to cotton and feed crops. Only low and exposed spots were killed while in some fields only occasional plants were damaged.

Very little wheat has been planted in the county so far, states Taylor, with most wheat farmers planning to dry sow in about another month.

RETAIL CREDIT PROCEDURES SCHOOL OPEN HERE

First session of a Retail Credit Procedure course will open here Monday, October 27 at 7:30 p. m. under the instruction of Sterling S. Speake of The University of Texas, Division of Extension, co-operating with the Texas Education Agency.

A large number of business and professional people is expected to enroll in this 10-hour course which is considered to be very helpful in the method of handling charge accounts, according to Mrs. J. A. Koon, manager of the Retail Merchants Association of Spur, which is sponsoring the school.

Local merchants doing business on a credit basis, together with their employees, are invited to attend the first meeting Monday night, October 27 at 7:30, without obligation.

All phases of retail credit operations will be covered during the course, which will be held nightly from October 27 to 30 at Spur High School. Advance enrollment may be made immediately by contacting the local sponsoring agency.

Out of town guests in the home of Mr. and Mrs. R. L. Benson over the week end were Mr. and Mrs. Jimmy Sheppard and daughter of Stamford and Mr. and Mrs. Jack Marshall and Laura Ann of Beaumont.

4,000 People Attend Dickens Barbecue Fri.

Spur To Be Ready For Whirlwinds Fri.

Approximately 4,000 persons attended the first annual barbecue held in Dickens last Friday by the Dickens county Farm Bureau, the City of Dickens and the City of Spur.

The large crowd was entertained by a variety of entertainers from all over this area.

Harley Sadler, veteran West Texas Showman and now state senator, served as master of ceremonies for the occasion. Entertainers included the Murdocks from Jayton, the Goodwins from Afton, the Jenkins quartet from Spur, Tom Tilson, magician from Matador, Tex Sechrist leading group singing, the Spur and Patton Springs Bands and the Dickens String Band.

Byron Haney, president of the county Farm Bureau, stated that a far larger crowd turned out for the occasion than had been anticipated, but that the farmers' organization along with the other sponsors of the feast were well pleased with the entire gathering. He expressed his regret that a few at the end of the line failed to get any of the three steers and eight goats that were barbecued for the occasion.

Folks from Dickens county and neighboring counties came and spent the afternoon at what many said was "more like the old-time county picnics than we've seen in a long time." Large crowds saw every part of the afternoon program while many others just visited on the grounds talking farming, politics, the weather, old times, etc.

C. W. Nichols, mayor of Dickens and one of the leading committeemen planning the barbecue, received a letter this week from Sadler stating:

"Just a line to thank you and all the other wonderful people there for a wonderful day. I appreciate the fine fellowship and the things that you and the others are doing in that section."

"If we can serve you in any way at any time, please call on us. Remember us to all there, and with best wishes to you and family, I am

Your friend,

Harley Sadler.

George Gabriel, president of the Spur Chamber of Commerce spoke briefly on the program.

Marvin Carter, state organization specialist for the Farm Bureau, from Waco, also spoke to the group.

Originators of the barbecue and meeting state that they plan to make an annual affair of the meeting "because everyone seems to have such a good time."

Although Kimmel or Rogers either one could not be contacted this week for comment on the subject, it is reported from various sources that the campaign is underway on a county-wide basis.

It is also reported that Kimmel was approached by a number of citizens at the feed in Dickens last Friday and that he stated that if the people of the county really wanted him for another term, he would serve, but, as stated at the outset of the political year, he will not actively solicit the vote of anyone.

Rogers was nominated in the second Democratic primary, winning a run-off race with Deputy Sheriff Horace Cage. He was top man of three candidates in the first polling.

LEGION AUXILIARY TO SPONSOR MEXICAN SUPPER

The American Legion Auxiliary of Spur will sponsor a Mexican Supper and game party at the legion hut next Thursday night, October 23.

Games of Canasta, "42" and bridge will be played after the supper.

The supper is for the benefit of the Auxiliary's Christmas gift shop for veterans in hospitals. The price per person is \$1.00.

This week end Slaton goes to Ralls, Tahoka travels to Tulia and Post is idle.

BULLPUPS DEFEAT TAHOKA 13-0 THURS.

The Spur Junior High Bullpups staged a last half rally last Thursday night to down a strong Tahoka team which had previously fought to a 7-7 deadlock with the local juniors.

The game went scoreless until the third quarter. Spur's hard-running fullback Donald George Snodgrass scored the first tally from the 10 yard line and later took a pass to score the second TD. Bobby Dyess kicked the extra point.

This afternoon the juniors journey to Post for a tussel with the Post Antelope junior team.

TAYLOR TO IRRIGATION MEET IN MUNDAY WED.

County Agent Charles Taylor attended an irrigation meeting in Monday yesterday, learning more about the theory of irrigation and some of the answers to problems confronting farmers of Dickens county who are interested in giving irrigation a try.

Taylor states that there are definite possibilities of certain areas in the county being able to profitably irrigate. The East Afton area and along creeks are the most likely areas, he adds.

New Subscriptions

We welcome the following new and renewal subscribers to the Texas Spur this week. The expiration date of your paper is indicated opposite your name as printed above. The first figure designates the month and the second figure the year of expiration.

Farmers Warned About Fire Hazards

COLLEGE STATION, October 16. Four an hour, that is the number of farm buildings burning somewhere in the nation. Experience shows that only about 50 per cent of the loss is covered by insurance and the remainder is a complete loss to farmers.

With replacement costs for buildings, machinery and equipment high and in some cases in short supply, agricultural producers, says E. C. Martin, state leader for the Texas Agricultural Extension Service, cannot afford to let fire hazards go unnoticed on their properties. Martin points out that 90 per cent of all farm fires can be traced to one or more of the following hazards: improper storage and use of gasoline and kerosene; unsafe wiring, overloaded electrical circuits, failure to replace worn cords and defective electrical appliances; defective stoves and furnaces; careless smoking habits; spontaneous ignition of hay or other stored materials; sparks from chimneys or bonfires falling on flammable roofs; defective chimneys and failure to protect buildings with lightning rods.

Periodic check of all farm buildings should be made, says Martin, to make sure that the stage isn't being set for a destructive fire. Finding the hazard, however, is not enough they must be removed.

Prevention should be the number one item in any program aimed at reducing the number of fires but despite all human efforts fires may strike and provisions should be made for these emergencies, says the state leader. Fire-fighting equipment should be available and in good working order. Such equipment as hand extinguishers, water containers, ladders, hose, shovels, swatters, rakes and the power sprayer, if it is portable, all should be kept in readiness. Make sure, says Martin, the water pumping equipment isn't put out of commission by a fire in the wiring of a farm building, and have plans for utilizing the water supply stored in tanks or ponds when located near buildings.

Fire prevention is the job of every member of the family and to be most effective community action is needed. Martin suggests that much can be accomplished through community organizations. He points out that a good fire prevention program will supplement a farm accident prevention program because many of the same hazards that cause fires also cause accidents.

More fire fighting equipment is needed in the rural areas and organizations already in existence are urged by Martin to consider undertaking projects that will eventually result in the securing of the needed equipment and trained leaders to operate it. He says it can be done because such equipment is already in operation in some areas.

Fewer destructive fires and accidents on the farm and ranches of the state, says Martin, will leave more dollars that can be used for further improving rural living and agriculture.

C. D. Bird of Matador was visiting with friends and attending to business in Spur Tuesday.

Never A Dull Vegetable

No need to worry about the cost of meat when vegetables are in such verdant profusion on the market. Now's your chance to pinch a penny the while you fill your family with the vitamins and minerals so valuable to their health. Serve a whole meal of vegetables, serve 'em in pairs, treat them all to a good shake from the "third shaker"—and there won't be a dull one in the bunch!

The third shaker's Ac'cent (pure monosodium glutamate), the wonder seasoning that heightens, holds and blends natural flavors in all foods. It's particularly good in vegetables because it actually restores the "natural glutamate" they lost in travelling, standing, processing or storing—puts all the fresh wonderful flavor of the garden back in them where it belongs. The third shaker is your assurance of taste perfection at the table. Try this vegetable dinner and taste for yourself.

CAULIFLOWER POLONAISE: Place cooked cauliflower seasoned with salt and Ac'cent in one half of divided serving dish; sprinkle with chopped hard-cooked eggs and minced parsley, and cover all with bread crumbs browned in butter. Fill other half of dish with VIENNESE CARROTS: Add raw sliced carrots to heavy saucepan containing melted butter (about 1/4 cup) and 1 finely chopped onion; season with Ac'cent, salt and pepper, and simmer over low heat 30 minutes.

In a second divided dish place CABBAGE IN CHEESE SAUCE: shredded cooked cabbage seasoned with salt and Ac'cent, and combined with your own favorite cheese sauce; and FRENCH PEAS: shelled green peas cooked with lettuce leaves in 1/2 cup boiling water with one teaspoon sugar and 1/2 teaspoon Ac'cent added. Discard lettuce after cooking; season peas with salt, pepper and butter or margarine.

For the last third of this "Serve 'Em In Pairs" dinner prepare ORANGE BEETS and ASPARAGUS AU GRATIN: Over cooked beets from which skins have been removed, pour 1/4 cup butter mixed with two tablespoons grated orange peel, 1/4 cup orange juice, 1 teaspoon salt and 1/2 teaspoon Ac'cent. Heat. Garnish for serving with unpeeled orange wedges. Place cooked asparagus seasoned with salt, pepper and Ac'cent and covered with Parmesan Cheese, in broiler (about 4 inches below heat); broil until cheese browns lightly. Couple, for serving, with beets. And there is your vegetable dinner. See if it doesn't suit you to a T—for Taste.

Wesleyan Service Guild Meets Monday

The Wesleyan Service Guild met in the basement of the Methodist Church Monday, October 13, at 7:30 p. m.

Mrs. Raymond Beadle and Mrs. Lane Bachman were hostesses. Mrs. R. L. Walker, president, was in charge of the brief business session.

Program topic was "Home Missions Winning Human Rights." Mrs. J. W. Henry and Mrs. C. O. Fox were on the program.

Members present were Mmes. James Cowan, C. O. Fox, Vivian Gibson, Weldon Grimes, J. W. Henry, Nina King, Lawis Lee, R. L. Walker, Van North, Miss Willie Hampton, a visitor, Mrs. Sandell, and the hostesses, Mrs. Bachman and Mrs. Beadle.

Glen Cherry, who is in the Marine Corps, and Wayne Alexander, who is in the Navy, were visiting with friends in Pittsburgh, Pennsylvania, recently.

Mr. and Mrs. Bert Cherry and Ophelia carried their son, Glen, to Amarillo Monday to board a plane for Longbeach where he is stationed. Glen was home on a thirty day furlough. His ship is expected to leave for Korea sometime in February.

"Hen House" Month Noted

These 4-H youngsters get pointers from their adult leader in culling pullets as they prepare to move the birds into the hen house to begin egg production. For the first time this important farm operation is being noted with a special observance, National "Hen House" Month. While culling of laying hens has long been considered a vital step in profitable poultry raising, the culling of pullets is just coming into its own. Pillsbury Feed Dealers are taking the lead in providing culling information during "Hen House" Month observances and are emphasizing the new method of culling pullets before they enter the hen house.

THE AMERICAN WAY

A Needed Steam Roller

Mrs. Smith Hostess To H-D Club

The Highway Home Demonstration Club met at the home of Mrs. Conley Smith on October 15. A report for the year of 1952 was completed. "Following the Gleam" was the opening exercise. Roll call was answered by fourteen members. Mrs. Keley Putman, vice-president, served as chairman. The demonstration of "Tricks in Ironing and Pressing" was given by Mrs. C. E. Morgan and Mrs. Richard Westfall.

Names were drawn for secret pals.

Refreshments of punch and cookies were served to the following: Mmes. Jean Westfall, Myrtle Morgan, Georgia Pace, Trella Thomason, Vallie Walker, Nadine Dozier, Rose Denson, Mary Putman, Harriet Smith, Love Tree, Mamie Martin, six children, Miss Anita Putman, and the hostess, Mrs. Lora Smith.

Dinner guests in the home of Mr. and Mrs. L. D. Ratliff before the game Friday night were Mr. and Mrs. W. P. Ratliff and family, Mr. and Mrs. Hugh Ratliff and family, Mr. and Mrs. Lynn Pace and family, and Myra Ratliff.

Mr. and Mrs. Al Williams and Gail attended the Frankie Carle Piano and Orchestra Concert in Lubbock Tuesday night. They also visited with their son, Mr. and Mrs. Guy Williams.

Mrs. Helen Williams and Mrs. R. E. Dickson went to Dallas this week to visit with friends. Mrs. Dickson will stay a short time.

Handy Hints

Farmers lose 55 Million Dollars every year because of bruised livestock that reaches the market. Most injuries are caused by boards or heavy sticks while driving them. But, here's an effective "persuader," or slapper, that drives them by frightening them—but won't hurt them.

You can make it with a three or four-foot section of an old inner-tube, and an old paint brush handle. If you have no old paint brush, then whittle out a handle from a soft board. Just slip the handle into the tube, and tack it on.

Cut operating costs, lengthen truck life—buy Dodge!

"Our maintenance costs have been unusually low"

says R. O. DARBYSHIRE, R. O. Darbyshire Steel Co., El Paso, Texas

"The fine performance of all of our Dodges over the years has proved to us that Dodge trucks are truly 'Job-Rated' to fit each specific need. All of our drivers like the way our Dodges handle, too. The trucks are highly maneuverable . . . turn short and are comfortable to drive. Our maintenance costs have been unusually low and we have had a minimum of mechanical trouble."

- To give you top economy, every unit of a Dodge "Job-Rated" truck is designed and built to last.
- Take hydraulic brakes, for example. They're extra big, with long-lasting Cyclobond linings. Brake pistons are anodized to resist rusting and pitting.
- Save time and money with easy-handling, maneuverable Dodge trucks! Short wheelbase and wide front tread mean less time in turning, parking, jockeying into loading position.
- Less time loading and unloading, too—thanks to low loading height, hinged center section on large stake bodies.
- There's a dependable Dodge "Job-Rated" truck to fit your job. Stop by today.

Economical Engines—Powerful, high-compression Dodge truck engines are designed for outstanding economy and long life. You get exhaust valve seat inserts, lightweight aluminum-alloy pistons, 4 piston rings per piston with chrome-plated top ring.

Durable Chassis—Every Dodge truck has a deep, sturdy frame of hot-rolled, high-carbon steel. Long springs are made of special alloy steel for strength and resilience. Rear axle shafts are shot-peened for added durability.

Dependable Operation—For all-season, all-weather reliability you get moistureproof ignition, high-torque capacity starting motor, big capacity radiator for adequate cooling, positive-pressure lubrication and by-pass for water recirculation.

See us today for the best buy in low-cost transportation...

DODGE "Job-Rated" TRUCKS

JONES MOTOR COMPANY

For better roads and safer rides support PAR—Project Adequate Roads

BLOWING OFF THE FOAM

By J. WALTER HAMMOND
President, Texas Farm Bureau Federation.

I have had some inquiries with reference to REA as a result of some statements and propaganda being circulated by some of the employees of the organization, claiming that the Farm Bureau through its recommendations to Congress, was hampering the operation of REA cooperatives.

It is the duty of the officials of the Farm Bureau to carry out the mandates of the membership as spelled out in resolutions. The resolutions of the Texas Farm Bureau and American Farm Bureau direct the officers of the organizations to secure adequate appropriations to operate and expand REA lines to all accessible farms and ranches. To make sure whether Farm Bureau had complied with the mandates of the membership I have made extensive personal inquiries of REA co-ops, asking if they had made application for funds and been turned down for the reason that sufficient funds were not made available by appropriations. I also asked if the management and operation of the co-op had suffered from lack of supervision from the Washington office.

Appropriations are made for two specific purposes to REA. One is to defray the expense of administration and the other to provide loans for individual REA co-ops. (Rural telephone administration operates under its own appropriation and should not be confused with the REA appropriation).

I have not found a single instance where an REA has suffered from either lack of funds or supervision from the Washington office.

On the other hand it has been my privilege on several occasions to assist REA co-ops in accumulating supporting evidence justifying the needs for funds to add to the facilities of the co-op so that adequate power at reasonable cost could be provided to the patrons.

As a further safeguard, you may report on any instance that you find where an REA co-op is suffering from lack of funds, or where management is suffering from lack of supervision from the Washington office in properly serving its patrons, and you can be assured that the Farm Bureau will make every effort to relieve the

situation. Regardless of what you read or hear, results are conclusive.

Many county Farm Bureaus and individual members have complained, pointing out that official publications of the REA co-ops have attacked the Farm Bureau; by printing a column written by Robert S. Allen, who is bitter against the Farm Bureau and who accused Texas congressmen of consistently voting against REA, when as the record reveals they had voted in favor of REA on every occasion.

This same writer accused Allan Kline, president of the American Farm Bureau, of collusion with the power trusts in an effort to scuttle the REA. Nothing could be further from the truth.

The Texas Farm Bureau could effectively fight back, using the same tactics by printing the writings of Fulton Lewis, Jr., who bitterly attacks not only REA but co-ops in general. What could be the result and most important, what would be accomplished?

First the American Farm Bureau helped to plan and sponsored REA legislation to a successful end, with opposition from private utilities every step of the way, and without the assistance from REA officials. Such officials did not exist until after Farm Bureau was successful in getting the act passed.

Now if these officials persist in an effort to weaken the Farm Bureau, they can be assured of the support of the private utilities through the nation, plus the National Tax Equality Association, who have learned from experience that the influence of the Farm Bureau must be diminished before REA could be scuttled.

On the other hand, what good purpose could be served by the Farm Bureau attacking the REA just because some of the officials of that organization so far forget themselves that they are prone to make an effort to create dissension in the ranks of agriculture. Nothing wholesome or constructive could be gained.

The farmers and ranchmen themselves can best determine the course that agriculture should follow.

Now you who are members of the Farm Bureau and patrons of REA should determine the policies of REA and not employees. You do not permit the employees of your farm or ranch to determine the policies. You should call a halt to activities that create dissension in the ranks of agriculture.

New Lift For House Plants

Got some tired house plants which could use a lift? If the dirt in the flower pots has become hard-packed and dry so that no amount of soaking will help, Green Gold, the new soil conditioner, is just the remedy you need. It's the new miracle chemical for conditioning soil (not a fertilizer) that changes the soil structure so that hard-packed masses become smooth, easily-worked, crumbly loam. Plants begin to thrive once again as more air, moisture, and plant food are made available to their roots as soon as the conditioner is applied.

Application is quite simple. The contents of the House Plant package is mixed with one quart of hot water and stirred well. After pouring the top soil around the plant, the mixture is applied with a trowel, according to directions.

Tested and proved at one of the nation's leading universities, Green Gold is the world's foremost soil experts, this new chemical conditioner is fast becoming the first aid treatment for house and window plants. Many people are now working it into the soil of newly-potted plants, too, to insure better aeration and moisture conditions.

It comes in powder form in two sizes—2lb and the larger 5lb package, and can be purchased at garden supply stores or where you buy your seeds and plants.

culture. If we hope to progress we must channel our efforts to constructive rather than destructive activities.

Opposition to agriculture is using old method of "divide and conquer." In a country school, the boys had developed two factions—the East and West. In the school there was an overgrown, overbearing specimen who delighted in slapping the other boys around. The East and West got together and made plans to beat up the tyrant. The tyrant learned of the

scheme, went to the leader of the West side and said, "I have learned of your plan and I know you can do it, but did you know that the East side said you fellows were yellow and they would have to do the job by themselves?"

As a result, the West side attacked the East side in a glorious battle in which the tyrant blacked the eyes of every boy in school while calmly smoking a cigarette.

Will big Government propagandists successfully induce farmers to black one another's eyes?

BAPTIST CIRCLES

CAUTHEN CIRCLE

The Cauthen Circle of the W. M. S. of the First Baptist Church met Monday, October 13, in the home of Mrs. Floyd Ball.

Mrs. Grady Lackey was in charge of the program and read a sermon. A social for Thursday night was planned.

Apple pie and ice cream were served to Mes. Mac Steel, Alfred Walker, Grady Lackey, Lee Steele, Douglas Hinson, Jessie Morrison, Fred Neaves, Earl Barnett, Tommie Allen, Wallace

Edge Caudle, and the hostess, Mrs. Ball.

JUDSON CIRCLE

The Judson Circle of the W. M. S. of the First Baptist Church met Monday, October 13, in the home of Mrs. Joe Long.

Mrs. O. R. Cloude presided over the short business session. Refreshments of cake and Cokes were served to Mrs. Ruby Bilberry, Mrs. Wallace Hinson, Mrs. Cloude, and Mrs. Long.

BAGBY CIRCLE

The Bagby Circle of the W. M. S. of the First Baptist Church met at the East Annex of the Church and quitted. A covered dish luncheon was served.

Members present were Mrs. John Adams, Mrs. Roscoe Mc-

Combs, Mrs. Sallie Shockley, Mrs. Myrtle Whitwell, Mrs. Maude Seale, Mrs. J. R. Cole, Mrs. A. F. Green, Miss Jenny Shields, Mrs. Guyer, Mrs. W. F. Foreman, and Mrs. Mary Francis.

LOCKETT CIRCLE

Mrs. J. A. Marsh was hostess Monday, October 13, to the Lockett Circle of the W. M. S. of the First Baptist Church.

The lesson was in the Mission book titled "Pilgrimage to Spanish America" by Everett Gill, Jr. Mrs. Henry Gruben led the lesson.

Those present were Mrs. Henry Gruben, H. L. Burnham, Mrs. L. C. Ponder, Mrs. Will Watson, Mrs. L. W. Langston, and Mrs. Marsh.

Members of the Culpepper Circle of the W. M. S. of the First Baptist Church met Monday, October 13, in the home of Mrs. A. G. Dunwoody.

The study was the lives of Ruth and Rahab. The Circle voted to donate money to the Lottie Moon Offering instead of changing Pal gifts.

Golden Baked Cake and coffee were served to Mes. Thurmond Morrow, Billy Powell, Richard Gibson, Ruth Waldon, J. E. Berry, W. C. Gruben, A. C. George, Dewey James, Bailey Kimmel, Nadine Head, and the hostess, Mrs. Dunwoody.

"SHOP DUNLAP'S FIRST"

OCT-12-18 THIS IS OIL PROGRESS WEEK

Progress 1952

Texans have a natural interest in the oil industry, which is so important in our State, and in the progress made since Oil Progress Week was last observed.

Here are a few quick facts:

New Wells—During the twelve months ending August 31, 1952, the Texas oil industry drilled 17,000 new wells, at a cost of over \$700 million. Most of the heavy expense of drilling these new wells was paid from earnings plowed back into the development of the State's oil resources.

Transportation—The total mileage of Texas' trunk pipe lines for oil and finished products is over 29,000. This low-cost transportation system is a major factor in the maintenance of the low prices you pay for petroleum products.

HUMBLE

TEXAS OPERATIONS
Twelve Months Ending August 31, 1952

Wells Drilled 891

Average Production, in barrels daily 330,100

Employees in Texas, August 31 17,775

Baytown Refinery:
Average crude runs to stills, barrels daily 249,310

Humble Pipe Line Co. operates 5,895 miles of trunk lines for oil and finished products, which had transported a daily average of 722,600 barrels in the year ending August 31.

Production—Production has reached a record level. Texas currently is producing about 46 per cent of all the crude oil produced in the U. S. In the year ending August 31, Texas production totaled about 1,015 million barrels. There are now 133,800 producing oil wells in Texas.

Reserves—Proved oil reserves in Texas of 18 billion barrels represented 57 per cent of the U. S. total at the beginning of 1952. During 1951, the last year for which figures are available, proved reserves increased two billion barrels. These are developed oil reserves and the figure is important: developed reserves supply our needs currently and provide reserve capacity that is immediately available when we need it.

Refining—The Texas refineries will have a big year. They now employ, in round numbers, 46,000 Texans, and process about 28% of all the oil refined in the U. S. The daily refining capacity of all Texas refineries exceeds 2,000,000 barrels. A program to expand and improve these facilities has been general throughout the industry.

Taxes—The Texas oil industry continues to be the largest tax-payer in the State. Through the year ending August 31, gross production taxes alone on Texas oil and natural gas amounted to more than \$137 million; in addition, the industry pays large amounts in other taxes.

In brief, the Texas oil industry during the past year continued to do its part in meeting the demand for oil. It has expanded pipelines to provide low-cost transportation. It has improved facilities for making more and better petroleum products for your use. Today, two gallons of gasoline do work that required three gallons in 1925; and the gasoline costs no more than it did then.

MINORS LEGAL RESPONSIBILITY FOR NEGLIGENT ACTS

When a person suffers injury due to some negligent act on the part of a minor, his usual reaction is to seek out the minor's parents to press a claim for damages, leaving them to deal with their offsprings in their own way.

It may therefore come as a surprise to many to learn that the minor himself may be held legally accountable. It is a well settled principle of law in the State that a minor, who by his negligent acts injures another, is liable in damages to the injured party.

Upon proper proof being presented to the court, a judgment for the damage inflicted by the minor may be secured in behalf of the injured party. In cases where a minor is thus sued for his negligent act, it is necessary that the judge appoint a special guardian for the minor, known as a Guardian Ad Litem. The duty of this person is to see that the minor's rights are properly protected, and that he is adequately represented on the trial of the case.

A judgment secured in such cases against the minor is valid and binding judgment which may be satisfied by levying execution upon any property which the minor may own which is legally subject to execution.

Should the minor have no property upon which execution can be levied, and satisfaction made,

Dry Lake Community News...

Mr. and Mrs. Coy Dopson and Mrs. E. J. Lasseter drove to Lubbock Tuesday, October 7, to a special session of North-West Texas Methodist Conference held at the First Methodist Church.

Mrs. Dorothy Kissinger, who is employed at KSEL Lubbock is taking her vacation this week with her parents, Mr. and Mrs. W. M. Calvert, and her children, Allan, Ann, and Carol.

Mrs. Minnie Lee of San Manita, California, was week-end guest of Mrs. Buster Robinson.

Several Dry Lake people attended the Farm Bureau Barbecue at Dickens Friday night.

Donald Dopson is confined to the bed with hay fever.

Lanoy Ballard and Jerry Calvert went to Abilene Friday for their physical for Uncle Sam's Army.

Mrs. I. J. McMahan was hostess to the Dry Lake Home Demonstration Club Wednesday, October 8, at 2 p. m. Election of new officers for 1953 took place. They were Mrs. Ethel Ballard, president; Mrs. J. B. Karr, vice-president; Mrs. Billy Bingham, secretary and treasurer; Mrs. Russell Williams, council delegate.

The meeting was turned over to Mrs. Ballard and Mrs. Bingham,

then steps should be taken to keep the judgment alive. There are means of keeping such judgment alive for many years. By doing this, and by keeping track of the minor, it is possible to make the judgment follow him until he eventually does acquire property subject to execution.

Of course, there are practical considerations in a lawsuit against a minor. The most frequent stumbling block is naturally the situation of a minor having absolutely no property to satisfy any judgment which may be secured.

However, this lack of property in no way effects the right of the injured party to his judgment, which, as mentioned above, may eventually pay off after the minor reaches majority and accumulates enough property to satisfy the judgment.

Now, however uncertain this means of gaining redress for injuries may seem, in many cases it may prove to be the only method of collecting damages. For, when the chips are down, your chance of forcing repayment from the parents are usually very slim. From a legal standpoint, there is nothing in the parent-child relationship which automatically renders parents liable for the negligent acts of their children.

In order to be personally liable, the parent must himself be implicated in some way. The rules which apply here are similar to those regulating the liability of an employer for the negligent acts of his employee.

Thus, although the law takes an extremely protective attitude toward minors and their contractual liabilities, allowing them many privileges not accorded mature persons, no substantial distinction is made with regard to liability for negligence.

(This column, based on Texas law, is written to inform-not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

PROCLAMATION

WHEREAS, Monday, October 20 is the beginning of another fiscal year for the American Legion, the largest veterans' organization in the history of mankind, and

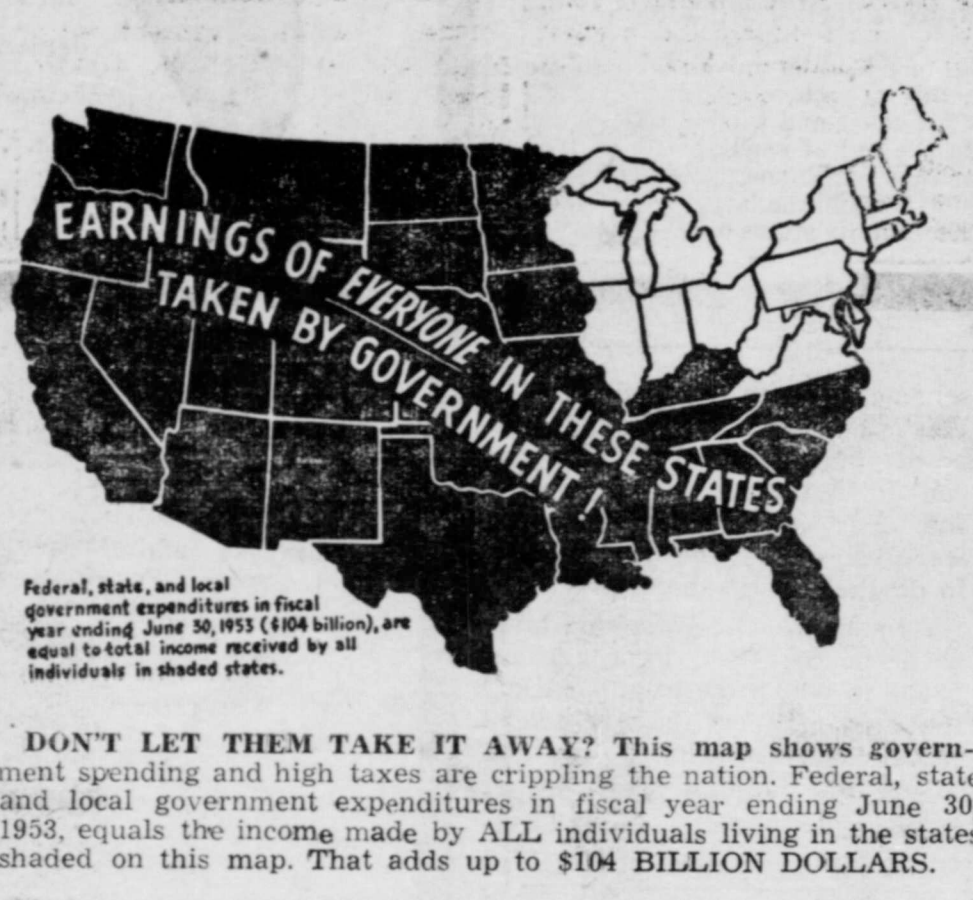

WHEREAS, the department of Texas through its executive committee and its state commander, Albert D. Brown, has set aside the above date for special emphasis upon the American Legion and its program, and

WHEREAS the local post of the American Legion has over a long period of years contributed to the welfare of this community and area and has constantly fought for veterans' benefits and for the widows and orphans of veterans, I Ned Hogan, as mayor of Spur, Texas, do

HEREBY PROCLAIM Monday, October 20 as "L" Day in honor of the American Legion and urge all citizens and veterans to give special consideration to this great patriotic organization upon this day as its members go forth to get members for 1953.

Given under my hand and seal this day, October 14, 1952.

NED HOGAN
Mayor of Spur, Texas

PERSONALS

Mrs. W. F. Foreman left Wednesday for a visit with her son, Milton, in Odessa.

Visitors in the home of Mrs. Della Merriman this week were Mr. and Mrs. Arnet Lyon of Glendale, California, Rex Merriam of San Juan Capistrano, California, and Mr. and Mrs. Bud Morrison.

Miss Dorothy Taylor of Littlefield, formerly a teacher in high school was in Spur Tuesday on her way to Dallas.

Mr. and Mrs. Paul Sweatt and boys of Roaring Springs were in Spur Saturday attending to business.

Mr. and Mrs. Joseph H. York, Jr. and children of Ft. Worth visited over the week end with Mr. and Mrs. W. M. Malone.

Mr. and Mrs. J. S. Craddock of Colorado City were guests in the home of her sister, Dr. and Mrs.

Tops all pickups!

International light-duty pickup models available with 615, 8, and 9-ft. bodies. GVW ratings 4,200 to 8,600 lbs. Ask about AD-A-RAK attachment to increase pickup body utility.

Think of every feature you've ever wanted in a pickup truck. Then come in and see International. You'll find them all. You'll find them right. And you'll find more besides.

Here's a real thoroughbred truck engineered to serve you economically for years. A sweetheart to handle and park. With the pep and power of a rugged valve-in-head engine that's downright stingy on gas.

This is all yours in International—the pickup that tops 'em all.

- **International light-duty trucks**—1/2, 3/4, and 1-ton sizes, 115, 127, and 134-in. wheelbases. Body types include pickup, stake, panel, Metro, utility and others.
- **Real truck engines!** Silver Diamond valve-in-head engines are TRUCK engines through and through! Extra power when you need it. But here's the payoff. They're real gas misers, too!
- **Man how they handle!** International has really taken the work out of truck driving with its new super-steering system. Wider front axles make possible a full 37° turning angle for easier handling and greater maneuverability.
- **Real driver comfort!** Because it was designed by drivers for drivers, the Comfo-Vision Cab is the roomiest, most comfortable cab on the road. The seat holds three with ease. You look through the one-piece Sweepstake windshield for perfect visibility. New green-tinted, non-glare safety glass available.

Better roads mean a better America

To get the right International light-duty truck for your job, come in and talk things over—

PERSONALS

Mrs. Carl Peninger had lunch with Miss Ruth Hindman while in Lubbock Friday, October 10.

Mrs. L. J. Abbott of Lubbock

visited Mr. and Mrs. Willie Hindman last week.

Mr. and Mrs. S. C. Reynolds and Mrs. Sue Robinson went to Levelland Friday, October 10, to transact business and to visit with the Coy McMahan.

Lt. James Victor Allen of Corpus Christi is visiting with his parents, Mr. and Mrs. C. V. Allen, and his brother, Mr. and Mrs. Dupree Allen, on a few days leave.

John Aston is sick again. His children were home Sunday.

Hints For Homemakers

By Hartense North
Electrification Adviser
Dickens Co. Electric Co-op, Inc.

Have you tried removing mildew from fabrics with lemon juice and salt? Saturate the spot with lemon juice, cover with salt, then put the material in the sun to dry. The treatment may be repeated several times, though usually one application is sufficient. This method does not damage either the fabric or the color.

If you are looking for something that is new and different for dessert, here is a pie that is good to the last crumb, whether eaten hot or cold, it is sure to please. During the baking, this Lemon Sponge Pie resolves itself into two layers—a rich custard on the bottom and a delicious sponge cake on top. Serve it plain or with whipped cream.

LEMON SPONGE PIE

- 1 tablespoon butter
 - 1 cup sugar
 - 2 eggs
 - 1 tablespoon flour
 - 1 cup milk
 - 1 lemon
 - 1/4 teaspoon salt
 - 1 unbaked pastry shell (9-inch)
- Cream butter and sugar. Add egg yolk and beat mixture until light and fluffy. Add flour, mixed to a paste with a little of the milk. Stir in lemon juice and salt. Add remaining milk. Fold in beaten egg whites. Pour into pastry shell which has been brushed with slightly beaten egg white. Bake in

Peters Stars in "Lure Of The Wilderness"

"Lure of the Wilderness," Twentieth Century-Fox's new Technicolor outdoor adventure film photographed in Georgia's Okefenokee Swamp and starring Jean Peters, Jeffrey Hunter, Constance Smith, and Walter Brennan, arrive Sunday October 19 at the Palace Theatre.

Based on a story by the late Vereen Bell, a native Georgian who gave his life as a Naval officer of the Philippines in 1944, "Lure of the Wilderness" narrates the tale of a young girl

forced to live with her fugitive father in the treacherous swamp for eight years is suddenly faced with the bewilderment of returning to civilization. Almost completely primitive, she is more at ease roaming the alligator-infested swamp with a bow and arrow than facing the outside world. How her father and a young Georgian who falls in love with her bring her back to civilization provides the drama and suspense of the story.

This is the second time in less than two years that Twentieth Century-Fox has dispatched camera crews and actors to Georgia for actual on-the-spot location filming.

"Lure of the Wilderness" marks Producer Robert L. Jacks' initial achievement. Directed by Jean Negulesco with Robert D. Webb serving as associate producer, the

production was written for the screen by Louis Lantz and features Tom Tully, Harry Shannon, Will Wright, Jack Elam, and Harry Carter.

Mr. and Mrs. Benny McWilliams have moved to Haskell where he is employed by Schlumberger.

Mr. and Mrs. Calvin Holloway and children of Abilene visited Sunday with their parents, Mr. and Mrs. Cecil Fox.

Galen Hays of Hobbs visited Saturday night and Sunday with his grandparents, Mr. and Mrs. A. Z. Hays.

Mrs. A. Wood was in the hospital this week with a cold. She is reportedly doing fine.

Mrs. J. N. Luce and Mrs. Willie Smith are visiting in Morton with Mrs. Luce's brother, Mr. Thomas.

Go to Church Sunday

SMALL BUSINESS

Publishers and printers find paper supplies scarce, and astronomically priced.

The Office of Price Stabilization, self-proclaimed as fighting inflation, is probably a major cause of paper price inflation.

The mandatory posting of OPS computed ceiling prices in the nation's food stores, is an example.

Thus, if a merchant carries faces, he must list them under category No. 615 as amended by Amendment 13. But if he has some lace that is over 35 inches wide, that must be listed under category No. 606. If he carries compacts (unfilled) of precious metal, they must be listed under No. 978. Failure to do so may result in a jail sentence.

If he gets categories mixed, and is sentenced to jail, he will probably want to liquidate his stock with a big sale.

Advertising in his local paper will bring the best results. But due to OPS aided paper price inflation he will pay more for space, because the publisher must meet higher newspaper prices.

Over a year ago the Senate Small Business Committee found that government agencies are using 7% of the newspaper supply, while the nation's independent newspapers only use 3%.

OPS is rapidly changing that rate, setting prices on other commodities at a level much higher than average selling prices. Washington cynics now say that OPS may inflate building costs by creating a construction boom in new jails for small businessmen who will find it a physical impossibility to fill out the forms OPS now demands.

Business firms have received a booklet printed on scarce newsprint, informing them how they must act to conform with price regulations. There are 32 large size pages. It is estimated

production was written for the screen by Louis Lantz and features Tom Tully, Harry Shannon, Will Wright, Jack Elam, and Harry Carter.

Highway Community News

October 21 is the date set for the showing of a film, "My European Tour of 1952" by Karl Dockery of Lubbock. It begins at 7:30 p. m. in the community building. The public is invited to attend.

A birthday dinner was held last Sunday in the Clark Morgan home honoring her grandmother, Mrs. Mollie Walden, on her 83 birthday, and their twin daughters, Sharon and Shirley, on their ninth birthday. Two sons, Ted Walden of Crosbyton and Lem Walden, and one daughter, Mrs. W. G. Beadle of Spur attended. A number of nieces and nephews and several friends were present to enjoy the fried chicken dinner with the variety of green vegetables, salads of different kinds, and the home-baked birthday cake.

A pink and blue shower was held in the Wilber Stanton home for Mrs. Darrell Thomson, the former Ina Putman. Cake and punch were served to Mesdames Elmer Thomson, J. E. Hemphill, Sam Byrd, Richard Swan, Roy Lee Stanley, Jimmie Hahn, Earl Thomson, Kelsey Putman, Clark Morgan, Willie Smith, Edwin Denson, Miss Anita Putman, out of town guests, Mrs. Ted Smith, Mrs. J. W. and Buster Thomson and children of Hereford, Mrs. Preston Smith of Ft. Worth, Mrs. Clayton Smith of Stanton. Those sending gifts were Mrs. Bob Hahn, Mrs. Richard Westfall, Mrs. Donnie Pace, Mrs. Forrest Martin, Mrs. M. E. Tree, Mrs. Bill Rucker, Mrs. Ike Simmons, Misses Glenna Jones, Shirley Randall, and Lou Hagins.

Jimmie Hahn and Kelsey Putman attended the Odessa football game Friday night at Lubbock.

Word has been received from Larry Hahn, son of Mr. and Mrs. Jimmie Hahn, who is in the U. S. N. that he has been transferred from Hawaii to Alaska.

Ray George has moved his boling machine to his cotton patch on the Plains in preparation of harvesting that cotton.

Ben Shulser and wife have moved back home in the community. Welcome home.

Mrs. Earl Thomson and Dorothy were seen journeying into town on the tractor last week. There was no car available, and they were not to be outdone, so they just rode the tractor.

This is another snake story, the sequel to the last one. During the night a snake began to give warning that it was being disturbed. Upon investigation, the cat was bethering it, the Paces were able to shoot the mate to the one killed about a month ago.

The Dageleys were disturbed by a snake singing in their garage, which is connected onto their

house. With the use of two .22 rifles and a hoe they were able to do away with it. Let's hope there aren't any more.

Mrs. J. T. Johnson of Jayton and Mrs. Mary McCombs of Spur were guests in the home of Mrs. Earl Thomson Tuesday.

The Paces made a flying trip to Levelland last Wednesday to take his father, M. A. Pace, part of the way home. They were met there by his folks who carried him the balance of the way.

On the way back Donnie Pace visited his doctor for the check up. The doctor was very well pleased with his condition but put him on a diet to reduce.

Tom Williams made a trip to Hereford Tuesday for the purpose of buying bundle feed.

Rayburn Thomson was home Sunday. His girl friend from Lovington accompanied him.

LETTERS TO ED. From Page 1

Mr. Stevenson has shown his ability in governing one of the largest states in the union and has done a great job, he has also shown us that he has studied the conditions of the world and knows what ought to be done to bring our Nation and the whole world to a peaceful settlement.

I am quite older than some of our voters and remember very well how the Republicans preached to us their righteousness when they came into power after the first war and how they deceived some of us Democrats with their propoganda, making us believe they were the only people who could make this world a little heaven on earth.

They preached how corrupt the Democrats were and how GOOD they were, so some of the Democrats voted a Republican ticket. The result was soon discovered, that all the money we had was soon in the hands of a few. Our banks and business men, ranchers, farming and working people were all broke, our schools were run down to where our children did not have a descent place to study, our churches were mostly brush arbors, our homes had no conveniences at all and our children did well to have brogan shoes in the winter and none in the summer.

Now what do we have? We have the finest school buildings well furnished, the finest church buildings, the finest homes and the finest court houses and public buildings with nearly every family having good cars, well equipped farms, ranches, radios and T V's.

Just think of the difference in 20 years time. I cannot tell it all. All of this and more has become a reality under the Democratic administration with Harry Truman and Roosevelt as leaders.

Besides all of these blessings we have won one of the greatest wars the world has ever known and have kept the Russians from our land, by the help of our fighting men and the wise leadership of our chief of the Army, Navy and Air Force.

Why not vote for the man who will carry out the program as well or better than the ones we have had. We do not need a change of parties we already have the best men in the world in our party. And a man who will be a president for all the people who said no man was big enough to

GOOD HEALTH

WHAT IS AN EMERGENCY MEDICAL CALL SYSTEM? 1. REHABILITATION POSSIBLE FOR THE BED-RIDDEN AGED? Answer to Question No. 1: In recent years, county medical societies throughout the country have taken steps to insure the public of obtaining the services of a doctor at any time of day or night if the family physician cannot be reached, regardless of the patient's ability to pay. The local medical society publishes a telephone number to be called and provides a central switchboard to handle such calls. At the end of 1951, there were 364 emergency medical call systems in operation throughout the nation and the number is steadily increasing. Answer to Question No. 2: Yes, many old people who were once bedridden by certain chronic illnesses (such as heart disease, arthritis, etc.) have had their muscles "re-educated," thereby enabling them to dress and feed themselves and frequently to do simple, useful chores. The combined efforts of doctors, nurse and physical therapist will accomplish much toward rehabilitating these old people. Answer to Question No. 3: There is no specific drug to cure undulant fever (brucellosis). Some of the newer antibiotics help. Humans probably contract the disease by drinking unpasteurized (raw) milk or by eating meat from infected cattle. Local laws requiring pasteurization of milk and inspection of food animals by health authorities are the best hope for preventing the disease. (Copyright 1951 by Health Information Foundation)

be president of the United States without the help of God and that he would pray for His help. I love the Democratic party and will never bolt her again. Let every Democrat Vote in November and we will win. Signed: M. A. Darden
