

Highway Community News . .

Tracy Gorman of Bakersfield, California and C. L. Love of Spur visited Mr. and Mrs. M. E. Tree last Tuesday evening.

Joe and Gary Tidwell of McKinney visited Mr. and Mrs. Tree, Thursday and Thursday night. Mr. Tree went home with them for a visit with relatives and friends in Colin County.

Word was received last week that Ed Martin isn't doing very well. He is at his home in New Mexico. Ed has been ill for a long time.

Mr. and Mrs. Forrest Martin visited their daughter, Mrs. Cecil Estep, and family Sunday night.

Mr. and Mrs. Donnie Pace and Mrs. Forrest Martin cleaned the church house Saturday.

Tom Williams and his son, Carol, drove to Big Springs, Sunday to visit another son, Joe D., who is in a hospital there.

Mr. and Mrs. Earl Fry and Mr. and Mrs. Larry Hahn of Lubbock spent Saturday night with Mr. and Mrs. Jimmie Hahn. Sunday, Keley Putman joined the men and they went fishing.

Mrs. M. E. Tree is spending

the week in Lubbock visiting her niece, Mrs. Earl Fry, and her grandson, Larry Hahn.

Members of the Highway church and interested people are urged to be at the church house Saturday at noon to begin cleaning and making repairs on the building. We, also, intend to improve the interior.

Keley Putman and Jimmie Hahn went to Lake Kemp Thursday and fished a while, then drove to Albany where they made quite a catch. Jimmie was going around town telling of his 9 pound bass that he caught.

Saturday, Mr. and Mrs. Hahn and Mrs. M. E. Tree were at the Keley Putman home where they had a fish fry and the men watched the ballgame, on TV.

Shirley, Sharon and Bobbie Morgan were overnight guests in the home of Keley Putman, their parents, Mr. and Mrs. Clarke Morgan, went to Lubbock to sit up with her father, Lem Walden who is very ill in a hospital there.

Cecil Estep is beginning to remodel his house in Dry Lake this week. When it is completed, the Esteps are moving there.

"MY SISTER EILEEN" JOYOUS COMEDY BOMP COMING TO PALACE

Just about the funniest, freshest Technicolor romance that ever romped joyously across the Palace Theatre's CinemaScope screen, Columbia Pictures' "My Sister Eileen," is a complete delight, a joyful, girl-and-boyful love and

laughter hit showing Sunday, Monday and Tuesday. Stars Janet Leigh, Jack Lemmon and Betty Garrett possess a "Tut" and tenderness well worth seeing. "My Sister Eileen" is the story of those two girls from Columbus, Ohio, who came to New York seeking careers as actresses and author, respectively. They wind up in an incredible Greenwich Village apartment, surrounded by thoroughly zany people and enmeshed in complications of the sort that make for gratifying, heart-warming libarity. Eileen is the beautiful blonde character who has no worries about romance; men just naturally flock around while her sister Ruth views with cynical amusement and a slight touch of envy the "protecting wolf" emotions aroused in every man as soon as he sees Eileen.

CAN YOU IDENTIFY THIS MYSTERY FARM?

This aerial photo is another in a series taken of farms in the Spur area for Rickels Chevrolet Co.

Nobody knows whose farm the aerial photographer snapped . . . so it's up to the readers of this paper to identify the "Mystery Farm".

If you can identify the "Mystery Farm" (whether it's yours or not) please write, phone or come by Rickels Chevrolet Co. The first one to correctly identify the farm will receive, with our compliments, two passes to the Palace Theatre and a one year's subscription to the Texas Spur.

The owner of each week's "Mystery Farm" will receive absolutely Free a beautiful mounted photo of his farm by calling at the Rickels Chevrolet Co.

We invite you to watch for our "Mystery Farm" each week. The operators of the "Mystery Farms" will be announced in the following edition of The Texas Spur

CHANGE IN COMMERCIAL BEEF GRADE ANNOUNCED BY USDA

Effective June 1, 1956, the commercial grade beef will be divided into two new grades designated as Standard and Commercial.

The Standard grade will be applied to beef from younger animals while the name Commercial will be retained by beef from mature animals falling in the present Commercial grade. The present grades of beef are Prime, Choice, Good, Commercial, Utility, Cutter and Canner.

According to the USDA announcement the revision was originally recommended by the Cattle and Beef Industry Committee. Comments from individuals and organizations favored the change. It was the opinion of the Committee that it is impractical to merchandise, under the same grade designation, beef from young animals which may qualify for the Commercial grade with only a small quantity of fat together with beef from much older animals which is required to have a much greater degree of fatness. Also in some parts of the country where substantial portions of the younger type of Commercial beef are produced and consumed.

Mr. and Mrs. Earl Thomason and children, Mrs. Walter Thomason of Spur and Mr. and Mrs. Lowell Haigrove of Lubbock were dinner guests of Mr. and Mrs. Buster Thomason Sunday.

Mr. and Mrs. Lorell Haigrove spent Saturday night with Mr. and Mrs. Buster Thomason.

Mrs. Jimmie Hahn and Nelda attended church services in Spur, Friday morning.

Mr. and Mrs. Keley Putman and children were supper guests of Mr. and Mrs. Clarke Morgan last Wednesday night. After supper, the men went to the community house for their regular domino games.

Mr. and Mrs. Wilbur Stanley were in Spur Saturday doing their weekly shopping.

GIRARD NEWS

By George Darden
(Editor's Note—The views and opinions expressed in this column are those of Mr. Darden and do not necessarily reflect the opinion or policy of this newspaper.)

Hundreds of West Texans lined the streets of Spur Saturday for the big Sheriff's Posse parade. Some six hundred horses and riders were in the gigantic parade.

Fletcher Rich's brother from Houston visited over the week end in the Rich home.

College student, in Girard for the week end were Jim Darden, Donnell Young, Al Timo and Johnnie Holt.

Mr. and Mrs. Arvis Gilbert and daughter, Pat, and her son from Abilene visited relatives in Girard and the Charley Kimmels in McAdoo last week end.

Mrs. M. A. Darden returned Sunday from Lovington and Albuquerque, New Mexico where she visited children in those towns. Mr. and Mrs. Vernon Darden accompanied her home from Lovington.

Mrs. Pete Sherer and son, Sandon, made a trip to Seymour last Monday.

Mrs. Alvin Hagar from New Mexico was a week end visitor in the home of Mr. and Mrs. Ollie Bural and Mrs. Myrtle Webb last week.

The Girard F.F.A. Chapter held their annual barbecue at the

school lunch room Monday night. M. H. Galbreath, local superintendent, was principal speaker. Some fifteen club members and their dates enjoyed the banquet.

Mrs. Ollie Bural and daughter, Mrs. Pat Goodall, were in Abilene last Saturday.

Mrs. Wes Stinnett and Mrs. R. Z. Chism were in Stamford on Monday of this week.

Mr. and Mrs. Albert Bayer and son from Lubbock visited her parents, the Pete Whites, last Sunday.

Mrs. Myrtle Duncan, who lived in Kent County about 1905, writes this scribe from her home in Irrell, Texas. Mrs. Duncan asked about a lot of the old timers and would like to hear from folks who lived here in those good old days.

Mrs. Charley Peak is confined to the Spur Hospital again. Mrs. Peak has been ill for some time.

Mr. and Mrs. Walter Bucklew attended funeral services for T. O. Sorelle in Rotan last Sunday. Mr. Sorelle died after a heart attack Friday. He was an old timer in Fisher County.

The George Dardens attended funeral services for D. E. (Frank) Maherry in McCaulley last Friday. Mr. Maherry was dragged to death by a young horse on Wednesday of last week. He came to Fisher County in 1885 and ranched south of McCaulley for many years.

Several Girard and Jayton men were watching the colt race on the E. M. Jones ranch north of Jayton Monday morning.

Folks, it's very dry in Kent County and to those of you who live away from here, we thought you might like to know the weather conditions and sand storms galore.

The Girard Cafe closed Saturday until next fall. Maybe by that time it will have rained and there will be a lot of ham and an egg.

See in the papers where J. J. Holmes, candidate for Governor of Texas, has come out for legalized horse racing for this state. We see no reason why West Texans have to journey to New Mexico and bordering states to see the ponies run when Texas is the best horse country in the world and too, revenue from horse racing applied on the old folks pensions, which is badly needed, could pay all of our old people at least \$75.00 per month from now on. Folks who holler about legalized horse racing are like some who drink wet and vote dry.

Mrs. S. H. Green, aunt of Rev. R. M. Parsley, was buried Tuesday of this week in Greenville. Rev. Parsley and his sister, Mrs. H. E. Phillips, and husband attended funeral services.

The Girard Future Homemakers of America will attend the state meeting in Ft. Worth this week end. Those who will make the trip are Janis Gregory and Flora Parker, along with teachers, Mrs. Parsley and Mr. and Mrs. D. J. Williams.

GIRARD SCHOOL NEWS
FIRST GRADE
Mr. and Mrs. H. T. Stalaland and family visited his brother, Mr. and Mrs. Wayne Stalaland, in Jayton.

Mrs. Terrel Perkins went to Abilene on Monday.

Mrs. Johnson is staying with the children of Mr. and Mrs. Willie Roy Rogers, while they are at a convention.

SECOND GRADE
Mr. and Mrs. Taylor went to Lubbock Monday.

Mr. and Mrs. Robert Cherry visited the Hagar family this week end.

Bruce Browning is back in school after missing two days because of illness.

David Cooper visited his grandparents, Mr. and Mrs. Red Cooper, and Monte.

Bill McIntosh, Charles Parsley and Bruce Browning saw the parade of 600 horses at Spur Saturday.

SEVENTH GRADE
Charlene Perry is going to have a weiner roast Tuesday and she is thirteen years old today, (Monday).

Robbie Parker has been out of school with the Yellow Jaundice and we are glad to have her back.

EIGHTH GRADE
Veda Thompson enjoyed the encampment at Spur the past week end. Perhaps the late hours are getting her down.

Mr. and Mrs. Jim Wyatt have gone to Mineral Wells. Sharon is staying with Veda while they are gone.

Linda Swarigen and Sandra Bingham went to Wichita Falls Saturday and gave a demonstration on safety.

Seven of the high school girls went to a girls track meet at Leuders Saturday. Local winners were: Bernice Fincher 5th place in the 60 yard hurdle, Jimmie Morrow, 4th in the 60 yard hurdle, Alta Clark, 5th in broad jumping and 5th in the 80 yard

hurdle and Gloria Dickerson was 4th in high jumping.

Girard only had four boys entered at Jayton in the track meet Saturday.

Dub Marshall and Nig Wyatt contested in the FFA Rodeo at Tulsa last week end. Dub entered bull riding and bare back bronch riding and Nig entered in the calf roping.

Mr. and Mrs. Doug Graves from Oklahoma City visited in the Red Cooper home last week. They were on their vacation and went on to San Antonio for a visit with friends. Mrs. Graves and Mrs. Cooper were on hand for the big talent show in Girard last Thursday night.

Hometown talent came to the front at the talent show in Girard last week when the Serenaders from Lubbock staged a show here sponsored by the P.T.A. After a one-hour show by the Serenaders, the home talent took over. Contestants from Spur, Jayton, Peacock and Girard competed for the three first place awards. Weldon Myrick won first place, Shirley Carr was second and Gloria Dickerson was third. All three winners were Girard students. Weldon, having won first place, appeared with the Serenaders on TV.

Hesitations from Complications
By Loyd Wemach, Jr.

Yes, we have one at our house too. One of those lovable little creatures known as man's best friend. And it seems that this is a great blessing that has befallen many people in town inasmuch as the little darlings spend most of their time digging up flowers, clattering, etc., and then definitely letting us know of our blessing by a loud whining or barking in the wee hours of the morning. Of course, our greatest pleasure at 1:00 in the morning is to bound out of bed, dash outside with only our trousers on and spend 15 minutes of blissful recreation chasing the little monster over stickers and stones. Egad! At the lack of a sound sleeper.

The downtown parade of the Sheriff's Possees and Riding Clubs Saturday evening was hampered by a severe dust storm but the third annual roundup was still a wonderful occasion, as is always the case when a group of fine sportsmen get together. We sincerely hope that the visitor, enjoyed their stay in Spur as much as we enjoyed having them and we are particularly proud of the fact that these groups are keeping alive the spirit of our heritage from the American cowboy.

We can be optimistic about Texas' fine highways and let the freeways, thorough-fares and traffic circles lead us to dream of the future where our imagination grasps many wonderful things. Nevertheless, whether we are optimistic or pessimistic about the problems on the highway, the regrettable cold facts still remain. In 1954, (national figures) 27,100 people were killed and 1,529,000 injured. In 1955, 29,800 were killed and 1,750,000 injured. In 1954 45.7% of the people

visiting in the home of Mr. and Mrs. W. B. Carothers were Mr. and Mrs. Oby Sedgwick of Madell, Oklahoma, Mr. and Mrs. A. W. Cook of Spur, Mr. and Mrs. A. E. Carothers and Becky and Leroy Carothers all of Lubbock.

Becky Carothers spent the week in the home of her grandparents, Mr. and Mrs. W. B. Carothers and Mr. and Mrs. Lvois Brown.

HOSPITAL NOTES

Mrs. C. P. Pek of Girard received medical treatment April 11-16.

April 12 patients were Cindy Jane Moore for tonsilectomy and Sandra Kay Parker for medical attention. Both have been discharged.

Grady Walker was a two day patient last week.

Billy Bud Sims was given medical treatment on Friday, Saturday and Sunday.

Mrs. Rosa Overton, a Jayton resident, has been receiving medical attention since Sunday.

G. W. Justice and Mrs. Andy Hurst were admitted April 15 and are still undergoing treatment.

Mr. and Mrs. Nickie Don Hale are announcing the arrival of a boy, weighing seven pounds, six and one-half ounces. He arrived April 16 and has been named Mitchel Don Hale. The Hales make their home in Ft. Worth.

Wood sales made before April 1, 1956 are eligible for incentive payments this year, provided the application is in the mail by April 30. Details on the program may be obtained from local ASC offices.

Leukemia, a leading cause of death among children, is a type of cancer that involves the blood-forming organs. Cancer kills more children in the United States than any other disease, the American Cancer Society says.

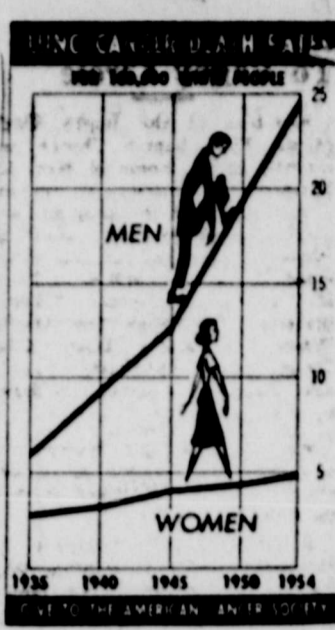

Killed and 43.1% of the persons injured exceeded the speed limit. In 1955 42.6% of the people killed and 39.9% of the people injured exceeded the speed limit.

80% of the deaths and injuries occurred as a direct result of driver error.

"We've heard people say they were 'bored to death' by the constant safety warnings being issued. How true!"

Second Greatest Sex Dept.

We made a notation the other day in the baby department of a modern store that the only people sitting in the chair, provided for expectant mothers were men who had come along to assist their wives.

The American Cancer Society says cancer cannot be cured by pills, powders, ointments or other phony nostrums used by quacks. Only a doctor can diagnose and treat cancer, advises the ACS.

My Visit to Mexico City

By Emma B. Russell
It has been said, "If one had but a simple glance to give the world, one should gaze at Mexico City."

It is unique. Situated high in the mountains this capital city of our southern neighbor, where the climate is actually semi-tropical, yet the extreme latitude gives this great city a year round temperate climate.

Mexico City is a teeming metropolis filled with extreme contrasts. In no city is one more conscious of such contrasts. The modern and ancient, the wealth and poverty, the color and drabness, the cleanliness and dirt, the "have" and "have not." Mexico City has many modern apartment houses and office buildings and some of the finest hotels on the western continent. The design and appointments characteristic of the peoples and yet right along side these lovely places, could be found structures built during the days of the rule of the Aztec Indians, and jolopy and usual sight is the donkey heavily loaded with what appeared to be firewood punched and prodded by his master, walking through the thick of the traffic, wide paved streets and cobblestone pathways, people will dressed in western styles and native women in their many full skirts, one is never in doubt in Mexico City whether she is a boy or girl. There are most modern super markets, but more often are found the open markets where fruits and vegetables and flowers—always flowers—are displayed along side the fresh slaughtered meats, chicken, beef and goats—all in the open. You choose and the cut is sliced off before your eyes. There are fine merchantile houses but mostly are found tiny shops, curious and crowds—pushing endless crowds—of people on their way. It is because people are on their way that one finds such contrasts in Mexico City. The whole nation is on the move! She is fastly solving all the problems confronting her in this modern world and she has a very important role to play in international affairs.

Mr. and Mrs. Joe Duran are visiting in Duncan, Oklahoma, with their son and wife, Mr. and Mrs. Robert Lee Duran.
Mrs. Julia Cargile of Hobbs, New Mexico visited here with Mrs. Eva Kingery from Friday through Sunday.

Mr. and Mrs. Carl Tardy of Matador were Sunday guests of Mr. and Mrs. C. E. Marshall and son, Miller, left Tuesday for Barbersville, California where they will visit for several weeks with three other sons, Eugene, C. E. and Fred and Marshall.
Mr. G. L. Godfrey of Lubbock spent last week here visiting with his son and wife, Mr. and Mrs. Hollis Godfrey. He also visited in Spur with another son and family, Mr. and Mrs. Cecil Godfrey, and at Matador with his brothers-in-law and wives, Mr. and Mrs. T. E. Long and Mr. and Mrs. Ralph Long. He returned home Sunday.

Disorder ranks second only to poor judgement as a cause of accidents. Farms and homes can be made safer and living conditions more pleasant by giving them a thorough spring clean-up. Get rid of accident and fire hazards.

No other truck can offer you as much as a new 1956 GMC

LOOK at the facts — no matter what kind of truck you need.
GMC's new light-duty power plants have as much as 16.2% greater displacement than the nearest competition. H.P.'s been upped as much as 20%. V-8's are the latest in short-stroke design.
In the new half-tonners, a brand-new far-ratio cruising axle gives you all the efficiency of overdrive. And it's an option at a fraction of overdrive's usual price.
A new ride stabilizer gives Blue Chip

light-duties remarkable new riding comfort. No need to fight the steering-wheel—even on the poorest roads.
All GMC's now have a 12-volt electrical system. Tubeless tires are standard equipment. And a new boulevard styling makes a GMC far and away the best advertisement you can run.
In short, new 1956 Blue Chip GMC's are just about as impressive a line as you've ever seen. Values are even more remarkable. Drop by and see for yourself!

Dear Friends

As a part of their work in Humble's Refining Research Laboratory, Humble scientists bombard petroleum hydrocarbons with electrons in a 2-million volt Van de Graaff Accelerator.

But if you ask one of these scientists what he expects to find, he'll answer, **who knows!**

For this is fundamental research. Results may be quick or they may be a long time developing. Who knows?

... Perhaps the scientists will find a way to increase the yield of useful products from a barrel of crude oil.

... Perhaps they'll be able to make improvements in the fine products already supplied you.

... Perhaps they'll develop an entirely new group of petroleum products.

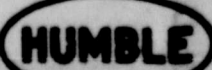

Who knows!

This much, however, is certain: Humble research scientists at Baytown use every device of physics, chemistry, mathematics and mechanics to provide you with more and better petroleum products.

Two quick examples: The specifications for Esso Extra gasoline, the formula for Humble Uniflo motor oil. These, without question, are the finest products you can use in your car.

Sincerely

HUMBLE OIL & REFINING CO.

OUTSTANDING SOIL CONSERVATION DISTRICTS AND CONSERVATIONISTS TO BE NAMED

Texas' three outstanding soil conservation districts and three outstanding farmer-conservationists for the year ending March 31 will be announced during June, says Jack Barton, extension soil conservation specialist.

Barton has received word from the Goodyear Tire and Rubber Company, sponsor of an annual national program of conservation awards, that the judges have been named for making the Texas selections. They are Louis Merrill, Texas State Soil Conservation Board, Temple, chairman; Bill Shonette, farm program director for the Radio Station KENS, San Antonio; W. W. Cadwell, manager, Luling Foundation, Luling and Clark Holt, farm editor, Waco News-Tribune.

The three selected districts will receive bronze plaques, for permanent possession and each will name a member of its board of supervisors and the outstanding farmer-cooperator who will be guests of the sponsor on an all-expense trip to the sponsor's farms in Arizona next November or December.

Because of its extensive agricultural industry and activity, Texas is divided into three geographic units for program purposes instead of the single unit in most other states.

Barton says the current program is the third to be sponsored on a national basis. The fourth begins on May 1 and ends, on April 30, 1957 with similar awards offered.

BROILER PRODUCTION SOARS UPWARD IN TEXAS

Back in 1950 Texas produced about 33.4 million broilers. Two years later the 50 million mark was passed and the 1955 production went to 79 million birds. For the first 12 weeks of 1956 broiler placement, are running 24.4 percent above the figure for the corresponding period of last year, and if the present placement rate should continue, the 90 million mark could be passed in 1956, says, Kermit Schlamb, extension poultry marketing specialist.

The specialist describes the growth of the broiler industry in Texas as phenomenal and credits several factors as contributors to

the increase. Promotion by feed companies, hatcheries, financial backers and other phases of the poultry has been of major importance. Secondly, says Schlamb, the enterprise in most cases has proved profitable and no great outlays of cash or land were needed to launch the business. Thirdly, marketing and distribution have been of great importance in the expansion. The product produced had to be good and sell on a competitive basis with other meats.

Broilers can be offered in many usable forms in the market place and convenience to the consumer has helped the marketing end of the business. Too, points out Schlamb, Texas broilers are high

in quality and can meet the competition from other great producing areas. Breeders, hatcherymen and research workers are credited with great assistance on the quality phases of the industry as are the feed manufacturers of the state who are continually working to put out a more efficient and effective ration.

One-third of all cancer deaths can be avoided by earlier detection and prompt treatment, the American Cancer Society says. Only one lung cancer case in 20 is cured today. Ten out of 20 could be saved if diagnosis were made early enough, the American Cancer Society says.
