SPUR DICKENS COUNTY, TEXAS, FRIDAY, NOVEMBER 13, 1925.

No. 52

## A Sad Tragedy Occurs in Our City Sunday

One of the saddest affairs in the history of this country occurred in our city about 11:45 a. m. Sunday when Edgar Brawley, 19 received his death wound from a pistol fired by Frank Denson. The cause of the trouble seems to have arisen a few days ago when one of the smaller boys of the Brawley family struck a sister of the Denson boy in retaliation for a kick which the young lady gave him.

Carl Denson met A. A. Brawley, father of Edgar, at the Spur National Bank Saturday afternoon and the two men passed several blows. Edgar interfered during the fight and using a knife, inflicted a number of painful cuts about the arm and back of Denson. Eventually the fight ceased, and Denson seeing that he was badly gashed, went to the Nichols Sanitarium to have the wounds dressed and remained a patient in the Sanitarium during the night.

Mr. Brawley and Edgar returned home. After the fray, Judge Young issued warrants for their arrests and Deputy Sheriff Scott went to the Brawley home the next day and served the warrants. The two men were submissive to the law and immediately made bond to answer before the court. Deputy Sheriff Scott made his return and presented the bonds to the Justice Court who accepted them.

It seemed that Frank Denson, a brother of Carl, came into town Sunday and was prepared for trouble in case he should meet up with any. He and Carl went down on the streets, according to reports, and both were armed.

After Edgar Brawley had made his bond it seems that he came into town with his father and the Denson boys intercepted them at the Spur Bakery. Frank Denson fired at Edgar, the ball taking effect in the abdomen and passing through the body emerging at the right of the spinal column. Carl Denson directed his shooting at A. A. Brawley without hitting him, the bullets passing close to his face. It is reported that Carl shot with his left hand as his right arm was too badly wounded to be used.

Young Brawley was taken to the Nichols Sanitarium where first aid was given. He died about 11:00 o'clock Sunday evening.

Funeral services were held at the Baptist Church in Spur by Rev. G. C. Alexander at three o'clock Monday afternoon. Interment was made in Spur Cemetery, Campbell & Campbell having charge.

Young Brawley was a member of the Highway Baptist Church, and just before he died he called Rev. Alexander and told him he realized that he was dying. He requested that Rev. Alexander pray for him, stating that he was not afraid to die. Also, he stated that he had done wrong but that he wanted to die with a clear record, making a very humble confession at the time.

Both families concerned are highly respected people and have always been of a peaceful disposition. Everybody seems to regret the disagreement between the two families as they have lived as neighbors in the same community for a number of years. In speaking of the tragedy, A. A. Brawley, father of the boy killed, said that he was very sorry that the trouble had occurred, that he tried not to have the trouble, and that if he could avoid it that he would have no more trouble with Mr. Denson's family. "We could only make bad matters worse in going ahead in a revengeful spirit," he said. I would hate for any more sorrow to come upon my family, and I would hate to think the other family would have to suffer what I am suffering," was the sentiment of his remarks to friends.

## Anson Plays Spur This Afternoon

Probably the greatest game of the season will be played here this afternoon between Anson and Spur teams. Anson defeated Stamford three points and Spur played Stamford a shut-out game. From many respects it seems that both teams are about equally matched. If you want to see a real foot ball game be at the Fair Park this afternoon (Friday) and help the home boys win.

## Building Interests Still on in Spur

Mr. and Mrs. W. H. Putman are building a nice 3-room addition to their home in the west part of town. This addition will make this one of the most modern homes in our city.

Mr. and Mrs. W. W. Flournoy are building a nice addition to their home in the southeast part of town. W. H. Pearson is doing the work. Brazelton Lumber Company is supplying the material. The addition consists of three rooms and a bath, making it a very neat residence.

S. R. Bowman is just completing a nice residence in the west part of town which is one of the nicest little homes in our city. It is a modern stucco of five rooms and all modern conveniences. In addition to this Mr. Bowman is building a nice garage on the same plan and material as the residence, making this a very complete place to live. Brazelton Lumber Company is furnishing the material and J. A. Marsh has charge of the work.

Mr. and Mrs. Roy Russell are starting a nice five room residence in the east part of town. This is to be a modern stucco structure, and will have all conveniences. J. A. Marsh is doing the work and Musser Lumber Company is furnishing the material. Chas. Whitener is doing the concrete work.

Willie Smith is starting a nice five room residence in the west side of town. This is a frame structure and will have all modern conveniences. Dan Boothe is doing the work and Musser Lumber Company is furnishing the material.

J. A. Marsh is starting a nice residence for himself on Carroll Avenue. The foundation is 32 x 38 feet, and there will be five good rooms with all modern conveniences. Mr. Marsh is doing his own work and Tri-County Lumber Company is furnishing the material.

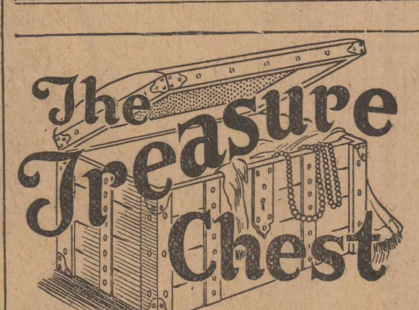

Mrs. Lela Evans is building a beautiful residence on the duplex plan in the east part of town. There will be six main rooms, two baths, two built-in china closets and a hall. The two apartments are divided by a solid partition the full length of the building. C. F. Applegate is doing the work and Brazelton Lumber Company is furnishing the material.

There are many other buildings being planned at this time and the building interest in Spur is not likely to decline soon.

## Aspermont Goes Down in Defeat

Aspermont school borrowed a few players from Jayton's Foot Ball squad and tackled Spur's team on the local field Armistice Day which resulted in a clean victory for Spur. Seeing that the visitors were unable to hold the line of the first team, or even stop the plunging of the regulars, the coach removed the stars and gave the second team an opportunity.

Strange to say that the second team waded through the visitor's line and made touch down after touch down. After the local boys had passed under the goal some six times and made two successful kicks, the visitors saw that they had met their Waterloo. However, they worked up near the ten yard line and were successful in landing one field goal, making the score stand 38 to 3.

## J. A. Davis Goes Home Tuesday

J. A. Davis, one of the most respected and beloved citizens of this country, departed this life early Tuesday morning at his home just east of town. Mr. Davis suffered an attack of acute indigestion sometime Saturday and suffered intensely all afternoon Sunday and Sunday night, but was feeling better Monday. Conditions developed for the worse Monday night and death relieved him of his pain about 6:30 Tuesday morning.

Mr. Davis had been a citizen of Spur country about fourteen years, and in that time he had gained the friendship of practically every person in this country. As he grew in years he grew into the lives of people with a lasting influence that held him in high esteem with them.

He was a native of Alabama, having been born in that state October 19, 1855. He came to Texas in 1872 and has made this state his home ever since. He made a profession of religion in 1870 and became a member of the Baptist Church, in which organization he lived a faithful member for forty six years. His noble Christian life was a great influence for good, and his friends respected him for the high ideals of Christianity he practiced.

Mr. Davis leaves his wife and eight children to mourn his departure. The children are D. A. and Clyde of Roaring Springs, J. E. Davis of Sour Lake, Cal. and Jesse Davis of Hearne, W. A. Davis, or Rule, Mrs. Robert Gibson and Mrs. Elliott Hinson of Spur. A brother, Lewis Davis, of Hearne, arrived after the death of Mr. Davis.

The body was embalmed by O. R. Maples and lay in state Tuesday and Wednesday morning at the home where many friends viewed it for the last time. Funeral services were conducted at the First Baptist Church by Rev. A. P. Stokes, who spoke of the great life that Mr. Davis had lived. Interment was made in Spur cemetery Thursday morning.

The family has suffered a great sorrow. Mrs. Davis has lost a loving companion and the children a devoted father. Mr. Davis held the greatest love from his family. One son stated that he hoped there would be half as many things said of him as has been said of his father.

The Times joins the many friends in extending sympathy to the bereaved ones.

## TO MY FRIENDS

I desire to thank those who have supported me in the Dickens County Times Subscription Contest, and wish to say that I shall be very proud if I win that nice Chrysler Car. I will appreciate any one who will help me. Make it a point to see me before Saturday, November 21st., as that is the final day of the contest. I have to work and possibly may not get to see you personally.—(Miss) Mary Stovall.

Miss Letha Daniels, of Roaring Springs was a visitor in Spur last Wednesday. She was seen behind the wheel of a new Chrysler Coupe.

## Bryant-Link Company

Human plans are often foiled and we are disappointed and are inclined to think we are unfortunate, when maybe if we really understood, our disappointment may have been a blessing. All of us felt somewhat blue when the severe freeze came to shorten our cotton crop and then a price decline on top of that made the load seem too heavy for us to bear, all coming so sudden, so unexpected, but we must adjust ourselves to conditions as they are and have faith in God, then do our very best and the sunshine of hope will fade the blues until our spirits will be whitened and happy because of that faith and the knowledge that we are doing our best with the talents and the tools with which we have to work.

We still think it a good world. If we are seeking for the good we will find it. We believe in this country and its people; we believe that the year will end better than some now feel that it will. We think there will be more bales of cotton than we made last year, and while the price is not as good yet, we have raised sufficient feed, and that means lots of money to the country. We have good health as a rule and, in all, much to be thankful for. So let's smile and cheer the other fellow and he will pass it on until there will be happy faces all over this great country.

Yes, we are selling goods at the same old stand. And we have many specials on our racks in our Ladies' Department. You must see them to appreciate the exceptional values. New Hats coming each week. So you are assured of fashions latest fads.

Grocery special going big; buy what you need, as you need it, for groceries may be cheaper. We are buying in carload lots as nearly all our groceries as possible and that is the reason we can sell as we do and leave a small profit for ourselves. We appreciate your business, your kind words, your hand shakes. We are here to help, not hinder, to make Spur and Dickens County a better place in which to live.

We want to sell our merchandise six days in the week, but please do not ask us to sell goods on Sunday, for this is contrary to the laws of the land and of God.

Come on with the crowds and bring the children. Our store is large and we have plenty of room for the kiddies.

## BRYANT-LINK CO.

## 1925 BRIDGE CLUB

Mrs. E. C. Edmonds was a most charming hostess when on Wednesday afternoon she entertained her bridge club. Mrs. F. W. Jennings had top score at the close of the bridge hot and received a lovely pair of cades. Mrs. Roy E. Dickson, consolation and received a lovely box of poter. A lovely salad course was served. Those enjoying the hospitality were Mesdames F. W. Jennings, H. Perry, Frank Laverty, C. B. Jos, Bill Putman, Oran McClure, Ne Davis, W. D. Wilson, W. J. Abt, James K. Reed, Martin, C. L. Lg, R. E. Dickson.—Reporter

## THE GLOBE MAN

Coming Saturday, 14th

We will have with us Saturday, Nov. 14th The Globe Tailoring Co. Representative, Clyde Douglaof Cincinnati, O. He will have with hin full line of woollens in full leth drapes.

Mr. Douglas is akpert with the tape line, and isnt out by the Globe Tailoring. to measure those who are hato fit, and we guarantee a dr no sale.

If you are not readyst now for a suit, let Mr. Douglas mare you and have suit shipped at ne later date.

## I. D. Campbell Dies at Munday, Texas

I. D. Campbell, father of W. S. Campbell of this city, died at the home of his son in Munday at 5:30 o'clock Friday, November 6th. He had been in failing health for some time having contracted influenza last winter while he was making his home here with Mr. and Mrs. W. S. Campbell.

Mr. Campbell was born September 7th, 1844, and was 81 years and 2 months old at the time of his demise.

Funeral services were held at Munday Saturday afternoon, the pastor of the M. E. Church officiating. Interment was made in Munday Cemetery.

A very beautiful floral offering demonstrated the esteem that people held for Mr. Campbell. He had just such a life as would command the love and respect of those who knew.

There are two sons living, J. C. Campbell of Munday, with whom the father lived most of his time the last two years, and W. S. Campbell of Spur. Mrs. Campbell had preceded her husband some two years ago.

Mr. Campbell was a loyal and devoted member of the Methodist Church. He had lived a life worthy of any one's commendation. The transition from this world to the next was only a dream to him as he had bright hopes for a greater life.

The Times joins the many friends in extending condolence to the bereaved ones.

## B. F. HALE HOSTESS TO C. M. W. S.

Mrs. B. F. Hale was a most charming hostess when on Monday afternoon, she entertained the Christian Womens Missionary Society. Mrs. Cecil Fox read the devotional lesson on "Old Age."

Mrs. Baisden, leader for the afternoon conducted quite an interesting lesson from the World Call. Mesdames Otho Hale, Fred Reynolds and

W. H. Putman giving interesting papers.

Lovely refreshments were served to the guests at the close of the meeting.

Those enjoying Mrs. Hale's hospitality were Mesdames C. A. Love, W. H. Putman, E. L. Caraway, W. R. Stafford, W. G. Potts, Lonnie Harris, Tom Teague, Fred Reynolds, Bill Putman, John Hardin, of Stephenville, Cecil Fox, F. B. Crockett, Baisden, McLothery and Otho Hale.

## High School Play Was Big Success

The first of a series of open houses was had at the High School Auditorium on Tuesday night of the tenth. The auditorium was filled to its capacity long before the time for the curtain to rise, causing numbers to be turned away from lack of seating facilities.

This play was very successful and most highly appreciated by all those who are endowed with the aesthetic taste. Everyone enjoyed the entertainment from the beginning to the end, and all those who enjoy a good clean entertainment and a good whole some laugh left pleased.

The cast of the play consisted of the following students who were chosen from the four classes of the high school:

Klemens Hargrove, the old maid. Horton Barrett, The Lieutenant. Edith McCulloch, one Nellie Russell Smith, the Captain Edna Collette, another Nellie A. D. Ensey, the dude Hub Hyatt, a "gentleman" Edith Ince, the maid

These characters played the parts assigned to them to perfection and showed that they were "real actors." They are to be doubly praised for the diligence shown and the short time required for the preparation.

The High School Orchestra directed by Miss Higgins and Miss Scudder gave music between acts. In addition to this "musical entre" some of Miss Higgin's expression pupils gave numbers.

All those who are proud of a progressive high school and who appreciate the efforts of those who were instrumental in making the open house possible are greatly indebted to Mr. and Mrs. Knott, the directors, and those who aided on the program. Mr. Watson, Miss Higgins, Ruth Garner, Eleanor Harris, Fay Jamison, Lorendo Bell Cross, Nellie Goff, and those mentioned above who took part in the play.

## Farmers and Spur C. of C. Discuss Wheat Growing

A number of farmers and members of the Spur Chamber of Commerce held a meeting in the directors room of the Spur National Bank Monday at ten o'clock to discuss a project of growing wheat in this country. There was a great deal of interest manifested for introducing this new industry into the country.

The great difficulty in growing wheat in this section has been to secure enough acreage in plots to justify getting a separator to do the threshing. Again, it would be a bad idea for farmers to go heavily into this project to the exclusion of the cotton crop which is our chief money crop at this time.

The business men of Spur have made a decision that if there will be fifty or more farmers in the country who will plant 25 or more acres to wheat or oats that they will guarantee a machine to take care of the threshing. There are many farms in this country where wheat can be grown and most of the time be profitably used as a side line.

The following plan has been suggested. That farmers in the community formulate themselves into a wheat club and buy what machinery they need. Say eight or ten or twelve farmers club together and buy a drill for planting the wheat. One good drill in a very few days would plant 250 or 300 acres to wheat, and no farmer would be out very much money for the planting. Then when the time came for harvesting, these same farmers club together and buy a binder. This would place no great expense on any one of them, and one good binder will handle all the acreage in the community that these farmers would desire to plant. Then the only other outlay would be for the

used in planting. All this means of co-operation would necessitate only a small expense on those going into the project and no one would be hurt very badly should the project fail. There is a possibility of its failing, but with the possibility of rainfall between now and next June there is not so great a chance for a failure.

There would be no loss in land. And will be plenty of time next Spring to convert the land into other crops. If the small grain should be a success it will place a few hundred dollars in the farmers pockets next July and August which would be a great help to them and possibly save them from having to go in debt deeper as has been the custom the last few years. A hundred car loads of wheat shipped from Spur next Summer would create a nice income for the country, and in a measure, would relieve the distressing financial situation that the people are liable to experience.

A number of letters have been sent out to farmers in each community, asking them to get an expression from their neighbors and see if they are willing to take a little gamble on the project.

A committee has been appointed which will meet at 2:30 p. m. this (Friday) afternoon for the purpose of hearing reports from the different farmers, and if they desire to try the

#### PRESIDENT COOLIDGE PROCLAIMS WEEK OF NOV. 16 AS EDUCATIONAL WEEK

##### A PROCLAMATION

Education is becoming wellnigh universal in America. The rapidity of its expansion within the past half century has no precedent. Our system of public instruction, administered by State and local officers, is peculiarly suited to our habits of life and to our plan of government, and it has brought forth abundant fruit.

In some favorable localities only one, two or three persons in a thousand between the ages of 16 and 20 are classed as illiterate. High schools and academies easily accessible are offering to the youth of America a great measure of education than that which the founder of the Nation received from Harvard, William and Mary, Yale and Princeton; and so widely diffused has advance study become that the bachelor's degree is no longer a symbol of unusual learning. All this is reason for gratification; but in the contemplation of worthy achievement we must still be mindful that full provision has not yet been made throughout the country for the education of either elementary, secondary or higher grades. Large numbers have not been reached by the blessings of education. The efficiency of the schools in rural communities is in general, relatively low; too often their equipment is meagre, their teachers poorly prepared, and their terms short. High schools, notwithstanding their extraordinary growth, have not kept pace with the demand for instruction; even in great cities many students are restricted to half-time attendance, and in outlying districts such schools are frequently insufficient in number or inadequate in quality. In higher education the possibilities of existing institutions have been reached and it is essential that their facilities be extended or that junior colleges in considerable number be established.

These deficiencies leave no room for complacency. The utmost endeavor must be expected to provide for every child in the land the full measure of education which his need and his capacity demand; and one must be permitted to live in ignorance. Marked benefit has come in recent years from nation-wide campaigns for strengthening public sentiment for universal education, for upholding the hands of constituted school authorities and for promoting meritorious legislation in behalf of the schools. Such revivals are wholesome and should continue.

Now, therefore I, Calvin Coolidge, President of the United States, do proclaim the week beginning November sixteenth as American Education Week, and I urge that it be observed throughout the United States. I recommend that the Governors of the several States issue proclamations setting forth the necessity of education to a free people and requesting that American Education Week be appropriately celebrated in their respective State. I urge further that local officers, civic, social and religious organizations and citizens of every occupation contribute with their strength to the advance of education, and that they make of American Education Week a special feast of

mutual encouragement in promoting that enlightenment upon which the welfare of the Nation depends.

In Witness Whereof, I have hereunto set my hand and caused the seal of the United States to be fixed.

Done in the City of Washington on the 18th day of September in the year of our Lord One Thousand Nine Hundred and Twenty-five and of the Independence of the United States the One Hundred and Fiftieth.

CALVIN COOLIDGE.

By the President:  
Frank B. Kellogg,  
Secretary of State.

#### REVOLUTIONIZED LIGHTING

About forty years ago electricity light began to supplant gas, and most people made up their minds that gas lighting was doomed. Then Baron Auer von Welsback came to the rescue. He discovered that cotton fabric, if soaked in a nitrate solution composed of ninety-five parts of thorium and one part cerium, and then placed over a hot flame to burn out all impurities, would glow with a white incandescence, giving out a pure white light of astonishing power. By making a cone of this fabric he produced the incandescent gas mantle, which, if placed over a gas jet, cut the consumption of gas by half, and at the same time gave ten times more light. This invention saved the gas-lighting industry, and is today being used extensively upon oil as well as gas lights.

#### PROTEIN FOR POULTRY IS NECESSARY TO GET EGGS

An experiment conducted by the poultry department at South Dakota State college, shows that although milk is a substitute for meat mash, if both the meat mash and the milk have to be purchased, the meat mash will supply the necessary protein to the chickens for less cost. A point in favor of the milk, however, is that it keeps the fowls healthier. The lactic acid in the milk seems to act as a tonic.

To combine the advantages of the two feeds, when both have to be purchased, it is advisable that the meat mash be wet with warm milk or with the commercial semi-solid buttermilk diluted with warm water. This combination will cost but very little extra and will keep the chickens in good health.

In conducting the experiment, three flocks of 30 chickens each, were used. The semi-solid buttermilk was fed to one lot; the meat mash to the second, and buttermilk and meat mash to the third. All three flocks were also fed

the regular scratch feeds. Practically the same number of eggs were laid by each flock during the time the experiment was carried on.

**SUNDAY SCHOOL CLASS ENTERTAINED**

The boys of Mr. V. E. Doss' Sunday school class entertained with a party at the home of Brittan Forbes, Friday night, Oct. 30. After playing a number of games, refreshments were served to the following: Bertie Bell Brown, Lena Snodgrass, Lucille Williams, Lillian Williams, Edna Cook, Norma Shields Sadie Harrington, Velma Haze, Annie Mae Hale, Crate Snider, Horten Barrett, Stafford Forbes, Morell Morgan, W. B. Lee, Jr., Cleo Hazel, Oran McClure, Ross Boils, Hardy Mecom, Brittan Forbes, Berlin Morgan, Douglas Brittan, Goldman Alexander, Jacob Paul Twaddell, John A. Davis, and Mr. Doss.

**ENTRE NOUS CLUB—**

Mrs. Robb Davis was the charming hostess to the Entre Nous Club Thursday afternoon. Five tables were most attractively arranged for the "42" hour. A lovely refreshment plate was served to twenty guests. Settee dancing dolls were used as plate favors for the guests. Those present were Mesdames F. W. Jennings, C. B. Jones, Jack Rector, J. M. Foster, M. A. Lea, J. H. Grace, Lee Davis, W. S. Campbell, Fred Reynolds, James B. Reed, Chas. Whitener, Webber Williams, Leslie Roberts, Roy L. Harkey, Pauline Clemmons, P. C. Nichols, W. H. Putman, E. C. Edmonds, Bill Putman.—Reporter.

**MRS. BOYD ENTERTAINS—**

One of the most pleasant evenings of the week was spent with Mrs. J. Boyd acting as hostess to a number of friends in her neat little home in East Spur last Tuesday evening. The home was beautifully decorated with American flag bunting and other designs representing the patriotic spirit of American people. As the guests arrived they were presented with an overseas cap, which made them very becoming.

"Forty-Two" was the means of entertainment for the evening, and everybody enjoyed a great time. Mr. and Mrs. Boyd took great pleasure in making their guests feel welcome, and everybody had a feeling of freedom that made the occasion truly a great one.

Refreshments consisting of a salad

course, cake and hot chocolate were served to the following guests:

Mr. and Mrs.—W. D. Starcher, R. S. Harkey, of Dickens, E. L. Adams, Oran McClure, J. E. Sanders, O. F. McCombs, G. H. Stack, Lee W. Davis, H. P. Schrimsher, Marvin Gilley, E. C. Edmonds, C. L. Martin, Cecil Fox, Mrs. Irl Joplin, E. J. Cowan, G. W. Grimes, Horace Gibson, E. H. Ousley, Mrs. Crockett, Misses Katy Ellis, Willie Lee Gilbert, Frances Brady, Messrs. R. P. Rea, Jr., Ben Tisdale, J. H. Morris and Bill Brown.

**FITE—STOKES ENTERTAIN—**

Misses Etta Fite and Petie Stokes and Mrs. C. Fite were joint hostesses to the Women's Home Missionary Society on Monday afternoon Nov. 9. A delightful afternoon was spent in games which tested our knowledge of Bible Characters, also of our country. Mrs. Leland Campbell gave several readings which were highly entertaining. Refreshment plates consisting of sandwiches, olives, cake and cocoa were served to the following: Mesdames Blackwell, Riter, Campbell, Jones, Perry, Smart, Twaddell, Keen, Foster, Powell, Snider, Manning, Morris, C. Hogan, Applegate, Simmons, Watts, Lane, Samples, Watson, Payne and Miss Mabelle Thornton.

**SCOTT—DENSON ENTERTAINS**

Misses Opal Scott, Velma Denson entertained a number of their friends at the home of S. B. Scott. The home was very attractive with Halloween decorations. Spooks appearing in every nook and corner.

The witch was there with a future for every guest. Some received their fate in tears while others rejoiced.

"42" was the means of part of their entertainment, while jokes and pranks were sprung up all the time.

Hot chocolate, sandwiches and olives were served with pumpkin head as favors. Those present were: Roy Edmonds, Cecil Burnam, Amma Bonds, Ward Amburgey, Geo. Lisenby, Rayburn Evans, Guy Karr, Harmil Jordan, Bill Harmon, Velma Denson, Milton Foreman, Cecil Hicks, Robert McCormick, Elmer Cross, Ralph Jackson, Ruby Scott, Jerrine Cooner, Lois Lee, Jennie Salem, Manette Jennings, Carl Denson, Weldon Alex-

ander, Sue Scott, Flossy Hawley, Fulton, Pauline Brown, Hobart Dick, Elnora Morgan, Jettie Windom, Lera Harris, Boyd Brown, Alf Glas-Ruby Love, Mildred Williams, Tom god and Opal Scott.

**Community Life--**

A community is made up of individual units—each unit contributing its share toward the growth of that community.

- Its Schools
- Its Churches
- Its Business Institutions
- Its Financial Institutions
- Its Public and Private Enterprises
- Its Present and Its Future—

The better and the greater will this community become. We can accomplish much working together for that in which we believe.

**HELP US—WE WILL HELP YOU**

Trade with us and cease ordering. By leaving your money at home, you will benefit your community and its educational institutions. When your locality and your neighbor is benefited you have also reaped a gain, thus increasing the value of your property and enlarging your bank account.

A customer walked into our store Tuesday, bought a little goods, then asked us, "How much are your blankets?" \$2.95. "How much are your men's unions?" \$1.00. "How much are your ladies shoes?" \$2.50. Then he answered, "Well, I believe you've got Montgomery and Ward prices beat. I'm glad the Post Office is closed, I'll just let you sell me this bill of goods." He handed us his Montgomery and Ward mail order, we filled it for him at a saving. He thanked us and said he would come back again. You must do the same.

**DICKENS COUNTY TIMES**  
Published every Friday

W. D. STARCHER, Editor  
Mrs. W. D. Starcher, Bus. Mgr.

Entered at the Post Office at Spur, Texas, October 31, 1924 under the acts of Congress, March 3rd 1879.

SUBSCRIPTION \$1.50 PER YEAR

CLOSING ONE YEAR'S BUSINESS THIS WEEK

Last week closed the first year's business of the Dickens County Times since its establishment. Probably there have been very few papers that have enjoyed a greater degree of pleasure working for any people than we have enjoyed working for the good people of this country. It has always been our ambition to be associated with a live, progressive people, for we have needed to feel the impulse of their "pep" and progress.

Beginning with the last week in October, 1924, we started our career in Spur. We have either owned or managed a newspaper for six years and have been intimately associated with the public during these years. We have never met a greater people than are living in Dickens and Kent counties, and we say, without fear of contradiction, that they are as good as the world contains. We have a great reason for saying this, as we have tried them out and have found them "gold bond" in every respect.

As we stated above, that probably there has been no newspaper that has enjoyed a greater degree of pleasure working with a people. We might add that probably there has been no newspaper that has enjoyed a greater degree of prosperity than has this publication enjoyed, considering that it is a weekly publication. At our beginning we owned equipment that would probably total \$4,000. Since that time we have installed a good 4-page drum press, a good folder, a new wire stitching machine, a new model 14 linotype with more than \$1000 worth of equipment attached and several fonts of new type.

The Times began with 235 paid subscribers. There has never been an agent in the field since the first issue was published and never had been any subscription campaign launched until three weeks ago. Last week it required a few over 1300 papers to supply our list, and this week it has required many more. We feel that the Times has enjoyed a creditable degree of growth along this line, and we desire to say that the good people of this country are responsible for this. We cannot feel that it is due to any great miracles that we have performed, but it has been due to our many friends whom we appreciate more than riches.

It has been our purpose to work for the advancement of this great country—this country where opportunity is open to everybody, and where anybody, with first class manhood for a foundation, may get a start in life. We have found since we came to Spur that "a good name is rather to be chosen than great riches," and that the principle of honesty is a greater prize than money.

We have always believed in the church in its broadest term. We feel that it is the greatest organization on earth for man's good. We came from a family where it was considered a disgrace to be anything but a good, southern Democrat. Yet, we have learned that our first duty and obligation is to our government irrespective of partisan policies. In this we have always considered the principles of Democracy the best with few exceptions and have thrown our influence into those principles.

We know the principles of masonry and try to make its teachings a rule and guide to our faith and practice. In addition, it has been our pride to be numbered a member of the Independent Order of Odd Fellows. We feel that the three great foundation principles—Friendship, Love and Truth—upon which it is founded, are worthy of an American citizen's consideration. We are not acquainted with any other organizations, but we feel that there are other good ones. We are not ashamed of the Church

nor of the secret orders to which we belong, and they are a world of good to us by way of encouragement.

It shall be our purpose to work and "boost" for this great country, and to treat people with a broad consideration that one person is due another. We are grateful to our many friends, and we are glad that as people are learning to know us that they are giving us a kind consideration.

Not many towns the size of Spur have ever supported two newspapers. In fact, it was said that Spur could not support two, but surely by this time people are beginning to find the real worth of Spur. There was a great field open when we came here. It was an opportunity that does not often come, and we were disposed to take advantage of the great field.

The Dickens County Times is owned and controlled by the editor and his wife. We have no partners, neither are there any other stockholders. Barnhart Bros. & Spindler and the Mergenthaler Linotype Company are the only people who have any strings on the equipment, and their hold is gradually slipping every month.

We trust that the years to come will be as pleasant as the past one has been. And we desire the pleasure to join in with the good people of this country in making it a greater country. Let's co-operate, let's "boost" and let's work for that goal.

**"More Home Control Through Parental Action Is Need of Youth"**

The present day need of the American youth is "more home control through parental action," President Coolidge declared in addressing the forty-second international convention of the Young Men's Christian Association of the United States and Canada.

Mr. Coolidge praised the work of the association as an "effort in that direction" at a time when "there are too many indications that functions of parenthood are breaking down."

Describing the home as "the cornerstone of the nation," the President declared that control of the nation's youth from this source is preferred to "attempts in some way" to constantly increase the government's responsibility for the rearing of children.

"Too many people," he declared, "are neglecting the real well-being of their children, shifting the responsibility for their actions, and turning over supervision for their discipline and conduct to juvenile courts."

"It is stated on high authority that a very large proportion of the outcasts and criminals come from the ranks of those who lost the advantages of normal parental control in their youth. They are refugees from broken homes who are denied the necessary benefits of parental love and direction."

**KILLOUGH TAKES COTTON BREEDING JOB**

D. T. Killough for the past two years, Superintendent of the Main Experiment Station farm at College Station, during which time he completed his work and received his Masters degree, was on September 1, 1925, made Agronomist in charge of cotton breeding in the division of Agronomy, succeeding Dr. G. N. Stroman, who resigned to take up farming for himself in Southwest Texas. In announcing the promotion of Mr. Killough, Dr. B. Youngblood, Director said: "Mr. Killough has been with the Experiment Station since his graduation at A. & M. College in 1914. His first assignment was Assistant at the Nacogdoches Station. After two years he was promoted to the Superintendency at the Temple Station, where he remained until 1923 when he came to the Main Station. During his twelve years of investigational work, Mr. Killough has familiarized himself with the behavior of the cotton root rot through farm practices thus rendering a distinct service to the blackland section of Texas which produces 43 per cent of the cotton crop of the State, and of course in the meantime valuable information was gathered on all phases of cotton culture as well as on all crops suitable for the region. In his new position, Mr. Killough will be able to extend his cotton studies to include growing areas in the State."

**SAW THE TEN COMMANDMENTS**

The Lyric Theater of this city is giving the people of Spur and trade territory some of the greatest treats they have ever been able to see in the history of the city's motion picture house. Every one is a good one, and the manager's efforts are untiring in securing the best. The writer has one picture in mind that will be shown in this city on the 13 and 14th of this month, "The Ten Commandments," which we were able to witness in Ralls a few days ago. And can say without fear of contradiction, that it is the greatest film ever produced since the "Birth of a Nation." The cast is wonderful. Theodore Roberts portraying the character of

**FARMERS**  
Bring Your Samples to  
The Cotton Exchange

Moses, which is his star's greatest achievement, and is supported by a wonderful cast of noted film actors, but STARS. So, if you are wanting to see a wonderful film with a wonderful cast, don't miss "The Ten Commandments" at the Lyric Theater on November 13th and 14th.—C. R. Miller.

**GREEN FEED HELPS HENS**

During the late fall and early spring the addition of green food to the rations of the hens will well repay the efforts of the poultry keeper. This can be supplied in many ways. Green cut alfalfa, corn fodder, lawn clippings or clover are excellent green foods. If these are not available, roots, such as mangels or turnips, are very acceptable. Many good poultry keepers feed both. This of course, is in addition to the regular grain rations. By using a little thought during the growing season enough of this material can be cured for winter consumption.

## SPUR HARDWARE & FURNITURE COMPANY "SPUR'S OLDEST STORE"

**CULLING IS PROFITABLE**  
That it does not pay to keep poultry—has been demonstrated to at least one West Virginia poultry raiser and his neighbors. Last fall he followed the advice of the poultry extension specialist and culled his flock. From a flock of 81 hens he culled out 39 and sent them to the market. To his surprise, the remaining 42 birds produced as many eggs as the original flock and his feed bill, consequently, was nearly halved.

**FARM NOTES**  
Some cows live on profits. Deep cultivation of cabbage cuts too many roots.

Noxious weeds, like diseases, should be eradicated.

Where soil fertility is a problem the absence of a legume in the rotation hastens the date of the sheriff's sale.

An egg is only a dividend declared after the body needs have been supplied, and nature looks out for Num-

ber One first—to get lots of eggs, cull out the drones and feed to the limit those that deserve it.

**PLOWING DEEP IN GARDEN WILL GIVE BEST RESULTS**

"Plow deep while sluggards sleep" is as true today as it was a hundred and fifty years ago, but it is a slogan which is not as frequently acted upon as it should be in gardens. It is said that in Europe gardens which are spaded, the garden is often worked two or even three spits deep, a "spit" being the depth to which a spade can be driven. Now this depth may not be necessary but a garden plowed or spaded ten inches deep will give enough better results than six-inch plowing to make the work well worth while.

At the same time the gardener should remember that in any work of plowing must be done gradually. If the garden or field has been plowed

only six and one-half inches deep, better increase the depth of plowing by a half inch or an inch each year, rather than increasing the whole depth all at once. Too much of the subsoil must not be brought to the surface at one time. As you turn the soil, bringing up an inch or so of new subsoil, mix the ground thoroughly with the new subsoil, and if possible with manure or compost. In the fall you will be able to get one inch in this way and then in the spring you can get a little more, and the following fall you can go down another inch if you choose.

"Well begun, half done," is so true in the garden that it is hard to pay too much attention to the plowing.

**ODONNELL NATIONAL BANK HAS INITIAL WEEK**

The first week of business for the First National Bank of Odonnell closed last Saturday with a glowing

prospect. The capital stock for the Bank is \$25,000. D. R. Couch, of Aspermont, is president; L. D. Tucker, vice-president; Lawrence Dennis, the cashier; C. E. Kelley, assistant-cashier. The board of directors are L. D. Tucker, Ray Riddle, J. H. Harburger, C. H. Mansell and D. R. Couch. The business for the new Bank opened fine, and it now has a nice line of deposits. Odonnell is a live little town composed of progressive

people and is located in one of the best farming districts on the Great Plains.

**FARMERS AND SPUR CHAMBER OF COMMERCE DISCUSS WHEAT GROWING**

(Continued from P. 1)

project how much wheat they will need for seeding the land.

As a side line wheat might be a very profitable thing to the farmers

here. There is no reason to expect it to be a profitable thing every year, but there will be a great many years that it will be profitable. If the cotton or feed crop fails here there is no come back, but if the wheat fails, the land can be planted to something else.

Of the fifteen or more farmers present at the meeting Monday, most

all of them were agreed that the farmers would have to do something different from their present methods. They all agreed that wheat would work no discord in the farming program. It will not interfere with the cotton business more than possibly cut down the acreage a small per cent. This cut in acreage would be over come by the increase in production caused by the rotation in the land. Wheat will work in harmony with a feeding business. In fact, raising of a small patch of wheat will not interfere with the farming business, but will often relieve a critical situation.

It will never do to try to make this a wheat country. Don't give up the cotton. That is our money crop. But wheat will often help to make a living on the farm and save the money derived from the sale of cotton.

The introduction of wheat even on a small scale will mean elevators built in our country. These will be a means of taking care of the grain sorghum crops that have been going to waste in this country. It will mean in the long run of a better marketing system and a more evenly distributed income to the country.

**HANDY FOR YOU AT THE LYRIC**

The Lyric Theater has over two hundred seats reserved for adults only where all of the older people may be accommodated without being molested by the little folk who enjoy their methods of good times as much as any body. These two hundred or more reserved seats cost you just the same as a show would cost you if the seats were not reserved. They have tickets describing each seat, and any person can have a reserved seat any time by just phoning the Lyric.

This makes it very convenient for the busy people. Many times people want to attend the show and take along friends, but it is very embarrassing when they go into a crowded show and have to scatter their friends about over the house and not get to enjoy their company. You can now phone the Lyric ahead of time and have as many seats held for you as you need, and then when you arrive they are ready for you.

There is a nice line of chairs at the front of the Lyric for the children where they can enjoy the evening in their own way. There is an attendant in this section to see that the children do not get rude and to

see that all children get fair play. This relieves the mother from the responsibility of the child and gives her a better opportunity to enjoy the show and her friends who may be with her. Miss Dura Whaley attended the wedding of her sister at Quanah last Sunday.
