

THE MULESHOE JOURNAL

VOLUME 7.

MULESHOE, BAILEY COUNTY, TEXAS, FRIDAY, JUNE 7TH, 1923.

NUMBER 17

MORE RAINFALL IN MAY THAN HAD FELL DURING SAME MONTH IN 8 YEARS

Judge R. J. Klump, who has charge of the Government weather gauge in Muleshoe, reports a total of 5.16 inches of rainfall during the month of May. This is more rainfall than had been registered here during the same period for eight years. The rains have hindered farm work to some extent, and harvesting will be delayed a couple of weeks or so on account of the heavy rainfall during the past several weeks. Conditions in general, however, throughout this section seem to be very good. The crop outlook is favorable and indications are that this year's production will show a good average. The number of improved farms has been greatly increased this year and this will no doubt bring the total yields of the farms in this vicinity to a higher point than they have ever been before.

CONGRESS WILL RECOMMEND \$500 MILLION FOR FARM USE

Washington.—Congressional leaders said Wednesday that after enactment of the pending farm bill they would favor a recommendation by the agricultural department to make available immediately the \$500,000,000 appropriation proposed by the measure for stabilization of the agricultural industry.

MULESHOE MERCHANTS TO SPONSOR BETTER DAIRY COW CAMPAIGN

The Luncheon Club held its regular meeting at the McCarly Lunch Room Tuesday at noon, and after a fried chicken feast, a short business session was held. Arrangements were made for future Saturday drawings and shows.

A plan whereby the merchants of Muleshoe are to sponsor a better dairy campaign was outlined and efforts are to be made to make this of the best dairy and poultry section in the Plains.

Members were appointed to complete programs which submitted at the next meeting.

VISION OF LIVESTOCK FREIGHT RATES URGED

A general revision of freight rates on livestock throughout western territory, based on a series of mileage scales and arbitrations, which involve both reductions and increases in the present rate bases, has been recommended by Attorney-Examiner Chester E. Sikes and Examiner Arthur S. Parker, of the Interstate Commerce Commission.

This is a general investigation instituted by the Commission as a part of its rate structure investigation under the Hoch-Smith resolution with which were combined a number of formal complaint cases, involving rates in the territory west of Chicago and the Mississippi River.

Separate mileage scale tables, covering the various classes of livestock are proposed for transportation between all points in the district east of the Rocky Mountains, and for transportation between points in Mountain-Pacific territory, while another scale provides arbitrations to be added to the rates east of the mountains for interterritorial transportation between the two rate territories.

Charlie Williams was a visitor to Danmitt Sunday.

NEW PULLMAN HEAD

David A. Crawford, who was elected president of the Pullman company to succeed the late Edward F. Carry. Mr. Crawford was previously the executive vice president of the company.

LARGE CROWD IN TOWN SATURDAY, IN SPITE OF BAD WEATHER AND ROADS

Notwithstanding the fact that the roads were bad in places, owing to the continued showers of last week, there was a large crowd in town Saturday. There were no special attractions billed for the day, but the weekly drawing took place and four prizes were given to those holding the lucky tickets. \$25.00 worth of groceries were given away. The winners on this occasion were:

- Mrs. Whit West—\$10.00.
 - Mrs. Lovelady—\$7.00.
 - Mrs. Blain Dennis—\$3.00.
 - Mrs. John Stovall—\$3.00.
- Other premiums will be given away Saturday, June 8. On June 15th there will be a free picture show and no drawings, so hold your tickets. The next Saturday, June 22. A purebred Jersey heifer will be given away at an early date. Come to Muleshoe to trade and get tickets for these prizes.

ADAPTABILITY OF SOIL TO GROW ALMOST ANYTHING SHOWN ON LINDSEY FARM

Visitors to Muleshoe often ask what can be grown here besides kafir, corn, maize, and sudan. The answer is, practically everything except bananas. One of the best examples we know of is the J. T. Lindsey place just west of town. The writer had the pleasure of visiting this place last Monday, and Mr. Lindsey showed us over his gardens.

Besides the many beautiful flowers, there are all kinds of fruits and vegetables, many of which we did not know would produce in this climate. There are strawberries, blackberries, raspberries, loganberries, peaches, apricots, cherries, apples, prunes, plums, English walnuts, black walnuts, three or four kinds of grapes and all are well loaded with fruit.

A good portion of these fruits and vegetables are canned for home use and with a fine flock of hens and a few cows it is needless to say that the place never gets close to the door here.

SIKES-ARNOLD

Mr. L. Sikes and Miss Marie Arnold were united in marriage Saturday evening at the M. C. parsonage. Rev. Jones performing the ceremony. The young couple left immediately for a short trip to Santa Fe and Las Vegas, N. M.

Miss Arnold is the daughter of Mr. and Mrs. T. E. Arnold, and a very popular young lady. Mr. Sikes is a prominent grain man of this place.

The Journal joins with their many friends in wishing for them much happiness in life.

C. B. Chambers and Marion Walker made a business trip to Hall county last week. They report a delay in the planting of crops there, owing to so much rain, and state that wheat in some fields around Plainview is suffering from rust.

PUREBRED DAIRY COWS DISTRIBUTED IN SOUTH PART OF BAILEY COUNTY

A number of farmers in the south part of Bailey County, in the Baileyboro, Longview and Goodland communities, have formed a "bull circle." A carload of pure bred cows and four pure bred bulls have been distributed in these communities, which are to be paid out with the cream checks that are received from the sale of dairy products. The move is being financed by Sudan business men.

B. Y. P. U. PROGRAM FOR SUNDAY, JUNE 9

- I. Bible Study Meeting—Caleb, the Courageous.
 - Scripture Reading, Joshua 14:6-15—Mary Goodson.
 - Leader—Floyd Beller.
 - Introduction by Leader.
 - II. Caleb, the Courageous Scout—Walter Foust.
 - III. When Majority Rule is Wrong!—Verbie Griffiths.
 - IV. The Man Who Wanted a Mountain—Ward Golden.
 - V. Caleb's Pride in His Physical Powers—D. L. Kindrick.
 - VI. Caleb "Wholly Followed the Lord"—Mrs. Ray Griffiths.
 - Vocal Solo—Justin Danner.
- Every member is urged to be present next Sunday evening at 7:30, and a special invitation is extended to all visitors.

Reporter

A Worthy Undertaking

A move has been instituted by the Merchants Luncheon Club of Muleshoe for the placing of more and better dairy cows on the farms in this vicinity. It is planned to conduct a vigorous campaign in an effort to interest the farmers in the move. This is a step in the right direction and should meet with the hearty approval and cooperation of the farmers throughout this territory.

There is no better plan that could be adopted by the farmers of this section than that of securing purebred dairy cows and thus adding to their income by furnishing dairy products for the market. The climatic conditions, feed production and other facilities that nature has given to this country make it ideal for the adoption of such a plan. There is always a ready market for dairy products of good quality. A supply of these products, produced right here at home, would create new demands for them. In other communities where the farmers have turned to dairying as a part of their regular farm routine, cheese factories have been established and other methods of utilizing the cream and milk from these farm dairies have made it a paying proposition to the farmers.

Another substantial aid to the farmers income can be realized from poultry. Purebred fowls are necessary to make it so, but they can be secured a great deal cheaper than scrub fowls, when the amount of production and the profit from sales are considered.

It is the intention of the Luncheon Club to help in securing some purebred dairy cows in the communities surrounding Muleshoe, and poultry of the better breeds. It is hoped that within the next few months some improved conditions in the matter of dairy herds and poultry flocks will be noticed in these parts as a result. Cooperation is necessary to make this worthy move a success. With the citizens of the town and surrounding communities working together, much good can be done in matters of this kind. It is to the interest of all to help in pushing over this move that has been started by the business men of the town.

LUBBOCK MAN TAKES OVER MANAGEMENT OF THE HOTEL MULESHOE

A change in the management of the Muleshoe Hotel became effective June 1st, Mr. Frank Johnson of Lubbock assuming charge at that time. Mrs. J. H. Motheral, who has conducted the business for a little over a year, has moved to the family home in the west part of town. She has worked faithfully and her management of the business, including the service rendered, was very satisfactory, according to the statements of those who have patronized the hotel while she was in charge. Mr. Johnson has had several years of experience in the hotel and cafe business. He states that it is his intention to render the best service possible and to keep the hotel up to its normal standard in every respect. He has furnished the hotel lobby with new fixtures and will make other improvements about the place at an early date. We wish for him the best of success.

CHILDREN AND FRIENDS SPEND ENJOYABLE DAY IN O. B. ROBINSON HOME

A number of friends and several of the children of Rev. O. B. Robinson and wife spent an enjoyable day with the old folks Sunday, the occasion being in honor of the homecoming of their daughter and son-in-law, Mr. and Mrs. Owen Head of Slaton, Texas. A beautiful dinner was spread, which all seemed to enjoy.

Those present were: Onan Robinson and family, Ira Robinson and wife, Mrs. E. S. McNairy and sons, Justin and I. G., Miss Verda Tucker, I. H. Robinson and wife, C. E. Odell and family, Claude Odell, Floyd Meason and family, Oma Denton, Aaron Robinson, Mr. and Mrs. J. J. Lawler, Mrs. John Lawler and children, Mr. and Mrs. Elmo Head, Mr. and Mrs. Frank Vaughn, Mr. and Mrs. Owen Head.

All departed for their homes declaring they had had the time of their lives. The occasion will long be remembered by Grandpa and Mother Robinson.

SELLS 132 DOZEN EGGS

Ed Huffstodler, of the West Camp community, who was in town this week, called at The Tribune office and gave the editor something to think about. He stated that he had sold 132 dozen eggs and fifteen gallons of cream in one week. He stated, furthermore, that he had only three hundred hens, but he did not say how many cows he has.

This is merely an example of what farmers can do, and is an example of the income that can be reaped from a farm managed in the right way. Although eggs were selling at a low price, he would still be able to make a living. With a hundred and thirty two dozens of eggs and fifteen gallons of cream, even our poor mind can see an excellent profit in farming. The only one which will build up this farming country, or the farms within it—State Line Tribune.

R. L. Brown of Newkirk, Oklahoma, was a business visitor here Saturday.

PANHANDLE SOUTH PLAINS FAIR TO BE BIGGER THIS YEAR THAN EVER BEFORE

Lubbock, Texas.—Free attractions, fire works and other amusements at the Panhandle South Plains Fair at Lubbock this fall, September 30 to October 5, inclusive, will be more interesting and more expensive than ever before, officials of the fair have announced.

Contracts for six feature free acts and for fireworks each night have been signed.

The fireworks program will cost the fair association \$75 more each night than any previous year.

Each of the six free act troupes have played in the leading vaudeville and circus organizations in the nation and have an outstanding record for entertaining crowds.

Prince Nelson, ace of dare-devils, the highest paid actor in circus or vaudeville work in the world, comes to do stunts of all kinds on a wire, 75 feet high without a net below. He has crossed Niagara Falls on a wire 9 times.

The Chicotte Novelty, a double act, will have special appeal to the "kiddies" that see the fair. The Francis Trio, comedy act, is the head comedy act at the Oklahoma State Fair this fall and at other big fairs. The Hauto & Company troupe will do big diving and the Three Mazzollas, an imported French act, will entertain with balancing, swinging and other acts, carried out with style and beauty that only ability can produce.

It will be an absolutely free show inside the front gate. A. B. Davis declares. A \$1.50 show for fifty cents.

Exhibits of all kinds will be gathered from over the South Plains and adjoining sections.

MULESHOE LOSES A GAME TO ROGERS, NEW MEXICO

The baseball game played here last Sunday afternoon between the home team and Rogers, New Mexico, was a decisive victory for the visitors. While our boys did good work and most of the feature hits were made by them, they lost out. The game was lost in the third inning when Rogers ran in seven scores. Previous to this the score card showed 2 to 1 in favor of Muleshoe. Coffman, who was relieving Bentley at the pitcher's plate, for some reason was unable to get proper control of the situation and let the game slip before Bentley took the plate. Coffman was then placed in his regular position on second and the remainder of the game was a tie, with four scores by each side, making a total of 12 to 6.

The first score for Muleshoe was a home run by K. Angeley in the second inning. In the eighth inning, there were three home runs made in succession by Lefty Hollingsworth, Charlie Coffman and Angeley. The only 3-base hit made by Rogers was in the ninth inning.

Muleshoe will play Farwell at Farwell next Sunday. This game is to be a feature of the three days rodeo and old settlers picnic which Farwell is putting on, June 14, 15 and 16.

President Hoover announces the names of the members of the "Crime Commission," which is to investigate the reckless disregard of laws and recommend curative measures. Roosevelt had a "Housing Commission," Harding a "Coal Commission," both of which presented voluminous reports which made work for the printer but to date have been of no use or value to the people.

The "Farm Relief" measure is in conference and members of the Senate and House are unable to agree. The House members refuse to accept the "Debutante plan," and the Senate members insist upon its adoption, and there the "relief" rests and the farmers wait.

The tariff rate on sugar is the big question in the revision of the tariff law. Just why the large increase proposed is necessary has not been explained, and members of Congress may find the going rather rough if they insist upon too much of a boost. Cuba is being favored at the expense of the American producer and consumer, and just why—well, ask your Senator and Congressman.

DESTRUCTIVE HAIL STORM
REPORTED SOUTH OF FRIONA

The Star is reliably informed that a severe hail storm visited the south part of Farmer county Tuesday night, reaching as far south as Muleshoe in Bailey county, and as far east as Earth, in Lamb county.

It appears that the hardest part of the storm was felt at Earth where a total loss of crops is reported. At Muleshoe only a sixty per cent loss was sustained, and the fall was lighter toward the north, making a ten per cent loss at Lazbuddy, in Farmer county.

It is reported that hail stones as large as goose eggs fell at Muleshoe, and a citizen of Lazbuddy who was there at the time of the storm reports that the hail was six inches deep in his truck when he started home after the storm had passed.—Frona Star.

We are in position to say that the above report, so far as Muleshoe and vicinity are concerned, is without foundation. As to Earth, we do not know. A Journal representative visited the country around Muleshoe last Friday, and upon inquiry we found only one farmer in the section where the hail was most severe who considered his damages sufficient to put in a claim for insurance. It is understood that no insurance can be collected where the damage amounts to less than 10 percent. Hail stones as large as goose eggs were not even heard of in this vicinity, unless the goose eggs were about the size of an ordinary thumb's end, and it would have taken all the hail that fell in Muleshoe and perhaps within a radius of two or three miles to have covered a depth of six inches if it had all been scooped up and dumped in one truck bed. The Star no doubt was sincere, but instead of being reliably informed we would say it was rather badly misinformed.

The attention of our readers is called to the two Constitutional Amendments to be voted on in this State on July 16th. These Amendments have been published in The Journal and other newspapers of the State. All voters should study them and should go to the polls on election day and vote either for or against the Amendments. One of them is in regard to raising the salary of the

Governor to \$10,000 per year, the other for establishing a State Supreme Court of nine Justices instead of three Justices and six Commissioners as it is under the present system. Don't wait until after the election and then complain of the way the other citizens of the State voted, but go to the polls and vote your sentiments in both of these propositions. They are matters of importance to all the people of the State, no matter how you may look at it. If they are right, they should be favored by the voters; if wrong, they should be defeated at the special election in July. An article, signed by the President of the Senate and the Speaker of the House of Representatives, giving details of the two Amendments, appears in The Journal this week. Read it carefully, and it would be well for all who did not read the Joint Resolutions as they were published a few weeks ago to look up the back numbers of The Journal in which they appeared and read them, so that you may become familiar with the full text of the proposed Amendments and thus be able to vote more intelligently upon the issues involved.

The publisher of The Journal would be glad to receive the news from all communities in the Muleshoe territory each week, or whenever such events as are of interest to our readers transpire in these respective communities. If your community is not represented regularly in our columns, while for someone to act as reporter from that vicinity each week or as often as practicable? If anyone in any locality around Muleshoe reads this who cares to take up this work, we will be glad to hear from you. Or, if it is not convenient for you to do so, we will appreciate it if you will speak to someone whom you think would care to act in this capacity. We want to publish all the local news of this section that is of interest. If there is not enough news to make it worth while to send us a letter every week, there are at least frequent happenings in all communities that could be reported and would be appreciated by those at home and abroad who read The Journal. Let us hear from you.

Town Talk

Judge Campbell returned this week from a visit to the eastern part of the state and points in Oklahoma and Arkansas. He reports a fine trip, but was glad to get back to West Texas.

L. J. White returned last Friday from a trip to Clinton, Oklahoma. He reports plenty of rain and crop conditions good in that part of the country.

Mr. and Mrs. Owen Head of Slaton sent Spunday with their parents in this city, returning home Sunday night, accompanied by Miss Ruth Odell.

C. C. Ragsdale is having a new 5-room house built in the east part of town. Panhandle Lumber Company are furnishing the material.

Charlie Williams and Raymond Standifer were visitors to Sudan Tuesday evening.

Miss Janette Crowley of White Deer arrived Wednesday and will spend the summer with her aunt, Mrs. H. C. Henington.

W. B. Baker of Chillicothe was in Muleshoe several days this week looking after business interests.

Miss Virginia Egbert left Sunday for her home in Alamogordo, N. M., to spend the holidays.

Miss Lola Lipscomb left Monday for an extended visit with relatives at Albany, Texas.

Miss Eula Neesley returned Sunday from Littlefield and has resumed her duties at the McCarty Drug Store.

A number of Muleshoe folks attended the Harley Sadler Shows in Clovis Saturday night.

Novel Feature for Shriners' Pageant

Illuminated orange trees for the motion picture electrical pageant which will climax the fifty-fifth annual Shrine convention in Los Angeles in June.

O. T. Burnham of Newkirk, Oklahoma, was here the latter part of last week looking after business interests.

Aaron Robinson spent the weekend with his sister, Mrs. Owen Head of Slaton.

DENTAL NOTICE

Dr. Frost, Dentist, will be in Muleshoe again one week beginning Monday, June 17. Room 6, Elite Hotel. At the Sudan week of June 24th, will make regular trips.

What's Doing In West Texas

Mobeetie is growing a new town within the radius of the old since the new railroad has been secured. Lots were recently sold at a hitherto unheard of price. Plans are made and foundations are being laid for buildings which are to make the town a bigger and better place in which to live.

Memphis sold a lot of 88 Jerseys in auction last week. They were auctioned by W. A. Nash who lectured on the value and recent progress of dairying in the South Plains. A great number of the cattle were graded, some registered, and all good producers.

Midland has a farmer who makes \$750.00 an acre on his garden. Noah Kinnemore has been growing peas under mulch paper, and sells his entire supply to consumers who drive to his truck patch. His dewberries and strawberries are bringing \$500.00 an acre. He intends growing sweet potatoes this year. The paper lasts three years.

Two Crosbyton people have no dread of droughts and short crops of cotton and wheat, for they have a

good source of income from their chickens. Mr. and Mrs. P. T. Findley's flock of 300 chickens bring from \$50 to \$100 income every month. The Findleys say that the demand for poultry products continues to increase every day.

Denton's annual Field Day at the experiment station showed what progress was made in the experiments on wheat, oats, grain sorghums, sweet clover, corn, alfalfa, peas and other legumes. Crop rotation and the value of good seed was given attention. Some purebred sorghum seed was given to the present.

The Roswell-Carlisbad, N. M., road is being put into good shape for the summer travel. The road is being graded up and a gravel trench cut preparatory to the surfacing treatment. At the same time the new weed destroyer is having a try-out on the road. Traffic is not interfered with.

The Fortales, N. M., Canning Company is now signing up tomatoes for the canning season, and has already secured the output of 300 acres. In 1928 the company canned 31 carloads and shipped 15 carloads of fresh tomatoes. The average for 1927 and 1928 was 500 acres and the 1929 average is expected to be larger.

During March, 228 new corporations with a total capitalization of \$8,297,000 were granted charters to operate in Texas.

Rev. W. B. Hicks and family are visiting relatives in Memphis this week. Tullis-Talkies installed at G Theatre.

BOLL WEEVIL REPORT
TO BE MADE JUNE 14

Washington—The series of reports on emergence of boll weevils from hibernation in cages, the Department of Agriculture announces, will not be issued as heretofore, but a summary of the reports on such emergence up to June 1 will be given out by the Press Service of the department on Friday, June 14, at 2 p. m.

The practice of issuing frequent reports as the emergence of the weevils is in progress has been discontinued by the department because it is thought that such reports, especially early in the spring, are of little value to the cotton growers or the trade. The number of boll weevils emerging from day to day in the hibernation cages gives some indication on the relative mortality of the insects in hibernation, say the government entomologists, but it has little significance with regard to the number of weevils which will be alive and ready to attack cotton when it begins fruiting. The complete emergence records, when available, they say, are only indicative and should not be given undue weight in considering the probable boll weevil damage, as there are many factors operating during the spring and summer which have a very distinct influence upon multiplication and injuriousness of the boll weevil.

Conditions seem to favor storing wheat

"Conditions are such that one can hardly avoid the conclusion that this will be a year in which storing wheat instead of selling at harvest time will pay," declares a prominent American farm economist and writer in the June 1 issue of the Oklahoma Farmer-Stockman.

After summing up the principal known facts bearing on the wheat outlook, he declares: "Unless considerable crop damage occurs soon to stiffen the market, it is probable that prices will be quite low when new wheat begins to move in volume. No matter what may happen elsewhere or later on, a rather large winter wheat crop in the United States seems probable. The usual rapid marketing of the bulk of the crop at harvest time, accelerated by the combine and coupled with the large stocks of old wheat already existing at terminal and country elevators, will have a depressing effect. In addition, domestic wheat will meet active competition from Canada and Argentina in the world market.

"Present prospects are that prices at the start of the season will be down to a level that will represent the effect of two large world crops in succession, a tendency for carryover stocks, especially in the United States, to increase for three years in succession, inadequate market storage space in the United States and competition from Canada in the world market at a time when United States wheat usually has the right of way.

"Under these conditions, the risk in holding wheat on the farm until later in the crop year instead of selling it at harvest time, appears well worth taking. Storage at the low prices which seem likely to prevail at harvest time involves very little risk of further price decline. Enough appreciation in price later to pay the cost of farm storage seems quite probable."

However, farmers should see to it that nothing but good dry wheat is put into storage on farms. Last year much wheat went into farm storage direct from the combine. It was either green or wet or both. It burned in the bin and finally came out as sample grade and was docked 25 cents a bushel or more.

"Interference" To Be Shown
At Local Theatre This Week

What is thought to be the first motion picture to be produced in Hollywood without the services of the "extra" is "Interference," the Paramount picture in which there are four central characters, William Powell, Clive Brook, Evelyn Brent, and Doris Kenyon.

"Interference" opens at the Lone Star Theatre Friday and Saturday, June 7 and 8.

The exclusion of the extra was not intentional, according to studio officials, but the story is such that every player has an important part in the plot. "Interference" was adapted from the stage play by the same name which ran two years in London; nine months in New York.

Other attractions are: "Wolf Song, Tuesday and Wednesday, June 11, 12; "What a Night," featuring Babe Daniels, June 14, 15. These are all new pictures of the highest type and you will enjoy every minute of them.

TEXAS GOOBER PUSHER
MAKING QUITE A NAME

Again Texas comes to the fore. There is always someone to give this state plenty of advertising. First it was Ferguson, then his wife. It was then a girl brand. It was recently those Democrats who voted Republican to aid Hoover in his win over Al Smith. But, the best one brought forth is Bill Williams.

Bill is now busily engaged in a new venture—his second for that matter. Bill is a goober pusher. Yes, he is all of that. Texas' Bill is now pushing a goober up Pike's Peak in Colorado, and he has just a few more days in which to accomplish this feat. Succeeding, he will then go to New York and appear in Madison Square Garden. He has been offered \$1,000 to enter into competition if he is suc-

cessful. He will succeed, because Bill is a Texan, and Texans usually succeed in any undertaking—Chillicothe Valley News.

A REPORT ON PROSPERITY

The report of President Hoover's committee on recent economic changes paints a glowing picture of our prosperity. The investigation which was made by 17 acknowledged industrial, financial and economic authorities, shows that the field open for future progress is unlimited.

The past seven years, with which the report deals, was one of unprecedented economic acceleration. The standard of living reached the highest level in history; wages increased while the cost of living remained stationary; in spite of increased spending and a great demand for luxuries, savings grew; per capita production increased while hours of labor were reduced.

As the report points out, the theoretical principle that wants an insatiable is true. As fast as one popular want is satisfied another takes its place. And the result is a constant increase in production, steady employment, high wages and a consequent impetus to our general prosperity.

The skeptics who have feared we were riding to a fall will find this report an amazing document. It shows conclusively that our prosperity is no ephemeral thing, but the natural outgrowth of our development. We will grow still more prosperous in the future. The spirit of America is sound and there is no end to progress.

Mr. and Mrs. Taylor Allen and little son of Idaho spent last Friday night with Mr. and Mrs. James Joseph.

Construction of new highway is going on between Junction, Noxville and Gillespie County line.

Construction of the Rule Creamery plant at Haskell will be completed in few weeks.

SENATE CONCURRENT RESOLUTION NO. 13

WHEREAS, the 41st Legislature of Texas, at its Regular Session, submitted to a vote of the people a Constitutional Amendment providing for a Supreme Court to be composed of Nine Members, instead of the present Supreme Court of Three Members, assisted by six Commissioners, drawing substantially the pay of Supreme Court Judges, but whose work must be reviewed and approved by the Supreme Court; and,

WHEREAS, the adoption of said Amendment would materially increase the cost of our Supreme Court, and would largely reduce the injustice resulting from the laws' delay under the present system; and,

WHEREAS, the said Amendment would also provide that the Supreme Court shall be open for the transaction of business throughout the year, instead of for only nine months, as required by the present provision of the Constitution; and,

WHEREAS, the 41st Legislature has also submitted to a vote of the people another Constitutional Amendment, providing that the Governor of Texas shall receive a salary of Ten Thousand Dollars per year, and no more, and,

WHEREAS, the adoption of this Constitutional Amendment is necessary in order to provide a living wage for the Governor of Texas, and to make it practicable for a citizen, not possessed of great wealth, to serve as Chief Executive without ruinous sacrifice, and,

WHEREAS, both of said Constitutional Amendments are to be voted upon at a Special Election to be held in every voting precinct in Texas on Tuesday, the 16th day of July, 1929, and,

WHEREAS, regardless of the merits of the proposals involved in said Constitutional Amendments, respectively, it is highly desirable and important that as near as possible every qualified voter shall go to the polls on said date, Tuesday, July 16th, 1929, and vote upon both Amendments, now, therefore, be it,

RESOLVED, BY THE SENATE OF TEXAS, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN: THAT the newspapers of Texas, including both the daily and weekly papers of the State, are urgently requested to improve all reasonable opportunities, through their columns, to call attention of the people to the importance of these Constitutional Amendments, and to the date of said election, and to urge the voters to attend the same, and, be it further,

RESOLVED, That the Radio Broadcasting stations in Texas be, and they are hereby, requested to use their facilities from time to time, for similarly calling the attention of the people to the importance of these Constitutional Amendments and to the importance of all qualified voters attending and voting at said election, and, be it further,

RESOLVED, That the Secretary of the Senate, and the Chief Clerk of the House be directed to join in sending a copy of this Resolution to the daily and weekly newspapers of the State, and to each Radio Broadcasting station.

(Signed) BARRY MILLER, President of the Senate.
(Signed) W. S. BARRON, Speaker of the House of Representatives.

DENTAL NOTICE
Dr. Frost, Dentist, will be in Muleshoe again one week beginning Monday, June 17. Room 6, Elite Hotel. At Sudan week of June 24th, will make regular trips. 2-1c

ENGINEERS WILL SEARCH FOR LOST CITY IN NEVADA

Secretary of the Interior Ray Lyman Wilbur has directed a joint investigation of the Lost City of the Moapa Valley, the Pueblo Grande de Nevada, by Jesse L. Nubbium, archaeologist of the Department of the Interior and superintendent of Mesa Verde National Park, and C. C. Smith, engineer of the General Land office. Prof. Mark R. Harrington, of the Southwest Museum of Los Angeles, Calif., has been asked to assist in the investigation, owing to his knowledge of the area gained during three seasons' intensive investigation of Pueblo Grande de Nevada, one of the ruined Pueblo villages of the area, for the Museum of the American Indian, Heye Foundation. These three men have gone to St. Thomas, Nev., and are ready to begin their inspection.

REP. RANKIN WOULD CURB COTTON PRICE MANIPULATION

Support of a bill (House Resolution No. 2386) intended to curb manipulations in the price of cotton was asked by Representative Rankin of Tupelo, Miss., in a speech delivered before the House of Representatives.

While the present supply of cotton is 1,000,000 bales less than it was a year ago and the storms have destroyed many acres of cotton crop, the price of this commodity continues to fall, he said, due to manipulation.

Clairmont, county seat of Kent County, wants a cotton gin. It is 17 miles from the nearest cotton gin at this time, and offers a good location. Seven thousand acres are being planted to cotton now, with acreage increasing each year.

SHERIFF'S SALE

THE STATE OF TEXAS, COUNTY OF BAILEY.

WHEREAS, By virtue of the Order of Sale issued out of the 72nd District Court of Lubbock County, Texas, on a judgment for \$1275.34 and costs of suit, rendered in said Court on the 27th day of February A. D. 1926, in favor of H. D. Chipley and J. H. Goodrich and against Frank L. Stegall, No. 3581 on the Docket of said Court, and to me, as Sheriff, directed and delivered, I did, on the 18th day of May A. D. 1929, at 1 o'clock P. M., levy upon the following described land, situated in Bailey County, Texas, and belonging to Frank L. Stegall, to-wit:

The Northwest Quarter (NW 1/4) of Section Twelve (12) in Block C, containing 160 acres; and on the 2nd day of July A. D. 1929, being the first Tuesday of said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M. on said day, at the Court House door of Bailey County, Texas, in the town of Muleshoe, I will offer for sale and sell at public auction for cash, all the right, title and interest of the said Frank L. Stegall in and to said property.

WITNESS my hand, this the 18th day of May A. D. 1929.

H. A. DOUGLASS, Sheriff, Bailey County, Texas.

CITATION BY PUBLICATION

TO THE SHERIFF OR ANY CONSTABLE OF BAILEY COUNTY—
GREETING:

You are hereby commanded, as you have once heretofore been commanded to summon L. O. Smallidge, to summon L. O. Smallidge, whose residence is unknown, and the wife, or wives, of L. O. Smallidge, whose name or names are unknown, and the heirs, devisees, legatees, and legal representatives of L. O. Smallidge and his wife or wives, and of each of them, the name of each of whom is unknown, by making publication of this citation once each week for four consecutive weeks previous to the return day hereof in some newspaper published in Bailey County, Texas, if there be no newspaper published therein, and, if not, then in the nearest county where a newspaper is published, to be and appear before the 62nd Judicial District Court of Farmer County, Texas, at the next regular term thereof, to be begun and holden at the court house thereof in Farwell, Farmer County, Texas, on the second Monday in July, A. D. 1929, same being the 8th day of July, 1929, then and there to answer the second amended original petition of E. K. Warren & Son, a Michigan corporation, with a permit to do business in the State of Texas, filed in said court on the 30th day of May, A. D. 1929, in a certain suit pending in said court styled E. K. Warren & Son vs. L. O. Smallidge et al. No. 744 on the docket of said court, wherein plaintiff's original petition was filed on June 5, 1928, and wherein E. K. Warren & Son is plaintiff and L. O. Smallidge, his unknown wife, or wives, and the unknown heirs, devisees, legatees, and legal representatives of L. O. Smallidge and his unknown wife, or wives, and of each of them, are defendants, the nature of plaintiff's cause of action being briefly as follows:

First Count: Plaintiff sues in trespass to try title alleging that about January 1, 1927, it was lawfully seized and possessed of the following described land located in Farmer and Bailey Counties, Texas, to-wit: North 132 acres of Section No. 49 in Capitol League No. 585, Block "Y" W. D. and F. W. Johnson's Subdivision in Farmer and Bailey Counties, State of Texas, holding and claiming the same in fee simple; that on said date the defendant entered upon and ejected plaintiff from said premises and unlawfully withheld from it possession thereof to plaintiff's damage in the sum of \$1000.00; that the reasonable annual rental value of said premises is the sum of \$300.00; that plaintiff holds title to said premises by virtue of regular and unbroken chain of conveyances from the sovereignty of the soil; that plaintiff holds superior legal title to said premises by virtue of relation of express vendor's lien in deed from plaintiff to L. O. Smallidge dated Oct. 8, 1925 conveying said property; that plaintiff is entitled to recover title and possession of said premises from defendant. Second Count: In the alternative, plaintiff alleges execution and delivery by it to L. O. Smallidge of deed conveying to said plaintiff said real estate on Oct. 8, 1925; execution and delivery to plaintiff by said L. O. Smallidge in part payment for said land of 10 vendor's lien notes dated Nov. 1, 1925 payable to plaintiff, signed by L. O. Smallidge, bearing 10% interest, containing usual 10% attorney's fee clause, numbered 1 to 10, inclusive, due annually in numerical consecutive order beginning Nov. 1, 1926, each note being for \$330.00; that said deed expressly retained a vendor's lien on said real estate to secure payment of said notes; also execution by said L. O. Smallidge of usual form of deed of trust on said real estate to Wm. H. Kramer, trustee, dated Feb. 5, 1926; also securing said notes; plaintiff's ownership of said notes; non-payment of said notes maturing Nov. 1, 1928 and Nov. 1, 1927; acceleration of maturity of all said notes in accordance with provisions of said notes; default in the payment of all of said notes by defendants except as to interest to Nov. 1, 1926, to plaintiff's damage in sum of, to-wit \$3700.00; accrual of 10% attorney's fee and of plaintiff's right to foreclose its vendor's and deed of trust liens on said real estate securing payment of said notes. Plaintiff prays judgment against defendants for title and possession of said property, writ of restitution, rents, damages and costs of suit; or in the alternative judgment for its debt evidenced by said notes, costs of suit, foreclosure of its vendor's and deed of trust liens on said property for sale of said property in satisfaction of the judgment herein rendered, order of sale with force of writ of possession, that officer executing such writ place purchaser in possession of said property within thirty days after sale; plaintiff prays also for general relief in any event.

HEREIN FAIL NOT but have you before said court on said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness Gordon McCuan, Clerk of the 62nd Judicial District Court of Farmer County, Texas.

Given under my hand and seal of said court in office at Farwell, Texas, this 30th day of May, A. D. 1929.

(Seal) GORDON McCUAN, Clerk, 62nd Judicial District Court, Farmer County, Texas.

Before Christmas;

Saved from Poorhouse

"They come," gasped Maria as she looked at the Christmas tree. "Day before Christmas, the poorhouse goes to the poorhouse." She laughed, saying they'd come a long way from the poorhouse, and that they wished to see she had no valuables left. "I had nothing but a bag of potatoes and a bed. The first she kept in the house, so they should not freeze. Courtesy helped her to point out the beauties of the ancient mansion, and mention her ancestor, the builder, Washington's aide."

Her visitors asked questions. How was her health? Vexed, Maria replied, well enough, for a poor farm resident. "What?" "Have you not come to take me away?" they stared, they laughed—cried, are from the Pacific coast. This has been acquired by the Baltimore Family association and is to be shed and exhibited. We are engaged to offer you the position of—everything furnished and a—There comes the first load of—In half an hour the place will warm from collar to garter. "Even to my vegetables," mused the wildered Maria. But her tenth cousin saw she had a better Christmas than potatoes.—Edith Miller, 1924, Western Newspaper Union.

Christmas Morning and Merry Wedding Bells
The party was over, the children of the other teachers in gowns, pushed the low, round tables into the study room ready for Christmas. "I tried to make them happy—they've a good time in spite of my wavy hair." She sat down, her arms and cried. "I was awakened by a whistle of 'Oh, Little Town of Bethlehem.' The room was flooded with us were around her, 'I'll ever forgive me, dear, for

YL News Items

The Board of Stewards of the Y. M. C. A. Methodist church met Sunday afternoon, and organized. The chairman is Mr. Byron Durham and the secretary, treasurer is Mrs. Clara Harre. CHRISTMAS!

By James Edward Hungerford

CHRISTMAS! The magical, musical ring of it—
No star word in the world can be found!
Molded and made for us mortals to sing of it,
Full of the "tingle" that makes pulses pound!

CHRISTMAS! The lilt and the rhythm and THRILL of it—
Dear, loving word that was made to impart
HAPPINESS, friends—may you all have your FILL of it—
Feeling the throb of it deep in your HEART!

CHRISTMAS! It's coming to wipe away care again—
Blotting out memories tragic and drear;
Bringing rich BLESSINGS for mankind to share again—
Filling our hearts with the magic of CHEER!

CHRISTMAS! To some it means COURAGE to start again;
Help for the helpless, and strength for the strong;
Giving the hopeless a chance to take heart again—
God's loving gifts to humanity's throng.

CHRISTMAS! We all love the sound and the ring of it;
Sinner and saint and the godless and good;
Hearts of the world all respond to the ring of it—
Being ringed mankind into one BROTHERHOOD!

CHRISTMAS! All Nations rejoice to the THRILL of it—
Paupers and peasants; the rich and renowned;
Spirit of Love—may we bow to the WILL of it—
Then we'll have CHRISTMAS the whole year around!

Christmas Brings Much for Both Old and Young

CHRISTMAS is a time of joy for the old as well as for the young. It is given only to youth to enjoy many of the pleasures that Christmas brings, age finds its compensation in the wealth of the memories that the day awakes. At no other time does such hallowed and lovely remembrance of days that are past stir the heart. Again, we live in the land of childhood; we revel in its happy, care-free hours; we stand before candle-lit Christmas trees that thrilled us in the long ago. With swift steps we travel across the bridge of time and space and clasp hands with those of other years. Again we live happy hours of comradeship and understanding that were ours.

Through the year we may have forgotten how rich we were; we may have failed to recall the many lovely joys that have come to us through the years. But at Christmas it is different. Absent friends and joys, as well as those that are near, bring us joy and cheer. Even those who have passed into the land beyond seem to be with us today; the power of love and memory seems to have pierced the veil that hid them from our view. Dear and half-forgotten memories of hours we spent with them bring them very close.

Yes, Christmas holds much for the old. And its greatest gifts are for those who have laid up a treasure of lovely memories day by day.—Katherine Edelman.

Snow-Shovel Santa; His Novel Christmas Gift

"AUNT MARY, isn't there anything you've heard Mrs. Harcourt say she wants?" asked Morton Vane. "There doesn't seem to be a thing for a poor man to give a rich old lady for Christmas, but she's been so good about my college expenses, because she was a friend of yours and mother's—"

"No," interrupted his aunt. "She has everything she wants." Then, with a chuckle, "I did hear her say it was impossible to get anyone to shovel snow properly, nowadays."

"There's an idea!" said Morton. Christmas eve brought a heavy snow, and the next morning, when Mrs. Harcourt looked out of her window, she was puzzled by seeing a red-coated, white-wiskered man clearing the snow from the walk leading to her front steps. When the porch, too, was finally cleared, there came a ring at the doorbell, and, full of curiosity, Mrs. Harcourt answered it herself. There stood the aged shoveler, bowing gravely, as he handed her a holly-decked card. Then, touching his ermine-trimmed cap, he departed, with a rather brisk walk for an old man.

The card read: "Santa Claus will shovel your walks every snowy morning until next Christmas.—Per M. V."—Myrtle Koon Cherryman.

GRIND EVERYTHING from The Ground Up!

At Low Cost

Lightning Fast

The W-W has no burrs, gears or knives to cause troublesome and expensive breakdowns. Powerful RIGID hammers do the work—quickly, efficiently and economically. You can operate a W-W at lower cost regardless of what your grinding job may be.

The W-W is sturdily built of finest materials for lifetime service.

15 Years of Successful Service

The W-W grinds mixes everything from ground up with lightning speed—separately or together—fine or coarse. Turns alfalfa, fodder, ped or ear of barley, oats, heads, bundle, etc., into valuable mixed feeds to go a third further.

W-W HAMMER TYPE FEED GRINDER

By grinding and mixing all your feed crops, from the ground up, you utilize that 35 per cent of the feed usually wasted in stalks and stems which the stock will not eat unless ground. Stock eat it all when ground the W-W way—and it is all better for them.

In one swift, cheap operation the W-W grinds and mixes everything you raise for feed—faster and better.

Fifteen years of successful service on thousands of farms everywhere has proved the W-W to be the world's greatest feed grinder.

There is a W-W for every need. Each equipped with Timken Tapered Bearings, All-Steel Lubrication and Rockwood Pulley. Saw feeders can be furnished—Blower and Elevator equipment. Nine different sizes.

Come in and let us show you, or we will demonstrate on your farm.

THE CHOICE OF GIFTS

It is sometimes a very difficult thing to choose an appropriate Christmas Gift. Especially is this the case when father begins to think of gifts for the entire family. There is always the question of something that will be useful as well as appreciated, and also serve for more than a day or a week.

In our opinion, there is nothing that Santa could bring the family which would be appreciated more than a new automobile. And, too, this is something that will be of real service. Perhaps you have been thinking of getting a new car sometime in the near future. Maybe the old car has served its purpose and, unconscious of the fact, it is costing you more than you realize in upkeep. Perhaps you need new tires or a new battery, maybe it is hard to start.

Think these things over. Let us suggest that you call on us at once and buy that new car for Christmas. Chevrolet will bring you not only service, but satisfaction and happiness throughout the months.
