## COTTON FLEA HERE

A number of farmers have brought in cotton stalks that have not exhibited any squares, but showed that the squares had been destroyed. This matter was taken up with the local experiment station and cotton fleas were found to be infesting the cotton. In order to be sure of the situation Superintendent R. E. Dickson, of the Local Station sent some of the infested cotton to the A. & M. College where a thorough examination could be made. Dr. F. L. Thomas, chief State Entomologist, wrote Mr. Dickson the following letter in regard to the cotton.

Dear Mr. Dickson:—The samples of cotton which you sent have been examined by Mr. Reinhard and cotton fleas found on each group of stalks. The cotton is fairly large and I noticed that young squares were beginning to appear in the tops of the plants, indicating that the injury is not as severe now as earlier in the season. After a squar gets about a quarter of an inch in size it is safe and beyond injury from the cotton flea hopper. Before application of sulphur are made at this time, we are suggesting that careful examination be made in the fields to determine if the plants are not beginning to set fruit. In this section the injury is rapidly ceasing and the plants are putting on a good crop, although the blooms have

not appeared abundantly as yet. In some sections the insects may not be leaving the plants at this time or the plants may not be outgrowing the injury rapidly enough to put on a crop before the leaf worm attack occurs, and in such cases it may be advisable to apply sulphur. Because the crop is going to be later than usual I will suggest that you be prepared to dust with calcium arsenate and prevent leaf worm injury until after the bolls have a chance to develop and approach maturity.

Yours very truly,  
F. L. TURNER, Chief.

P. S. Moths of the cotton leaf worms are attracted by lights, and if they occur in large numbers, it is easy to see them, and this may be used as an indication of an infestation.

A. B. Conner, Vice-Director of the A. & M. College Station, wrote Mr. Dickson on the same subject, and we are publishing this letter, too.

Dear Mr. Dickson:—I received your telegram the other day concerning the activities of the cotton flea in and around Spur. I immediately turned the telegram over to Dr. Thomas and asked him to wire you and write you, which I believe he did. We had previously mailed to you a copy of our cotton flea bulletin just off the press.

On yesterday we received the sample of cotton stalk you sent. I opened these stalks myself and while I

do not doubt that some damage from the cotton flea is occurring, it seems to me altogether to be well fruited or at least fruiting rather heavily considering the growing season. I can understand readily why cotton under the conditions existing there this Spring would reach a height of 18 or 20 inches before it begins to put on much fruit. In other words, I think there is considerable chance of our getting an unusual stalk growth early in the season in contrast with our usual short growth, with apparent lateness in fruiting would be coupled up somewhat with the flea damage.

Doctor Thomas feels that the flea damage in this part of the state is going to be common and of little consequence in the course of a very short time and while the damage in your part of the country might hold out somewhat later, I am not inclined to believe that on the early cotton it will be of great consequence.

Very truly yours,  
A. B. CONNER, Vice-Director.

It seems from these letters that the cotton flea can be handled and that it will not create any great amount of damage.

However, we feel that it will be advisable to get after this new pest visitor and give it a hearty invitation to leave the county. The sulphur application will not be very expensive nor will the application of other chemi-

cals mentioned. If these pests begin to infest our country we may need a few more Jersey cows, and good feed crops, alfalfa and hogs and chickens to hedge against the pests.

Let's be careful, economical and diversify some—secure a living on the farm and have the cotton extra. Possible the pests will not hurt so much then.

## GOOD MEETING IN PROGRESS AT GIRARD

Rev. Herring, pastor of the M. E. Church at Girard, informs us that his people are having a good meeting this week. A. L. Moore, presiding elder of the Stamford District is doing preaching and is bringing some great sermons. The meeting began last Sunday and will continue until next Sunday evening.

The pastor has charge of the song services.

## TO VOTERS PRECINCT NO. 3

Since my work has kept me very busy and am being called away on business that will keep me for a week or more, it will be impossible for me to see each voter personally. Therefore, I am using this means to tell each of you that I shall appreciate your vote in the Primary, July 24th. I could have neglected my duty and betrayed the trust the people had placed in me and seen each of your personally. But I feel that duty should be my first consideration, and I feel that the people will appreciate supporting me under such circumstances. I feel that I should be as true in the office of constable as I should be in any greater office. Hence, I look after my duties and will have to leave the rest to you voters.

Support me if you can, and if not, my best wishes will be with you anyway.

Respectfully,  
M. L. NICHOLS.

## A BIRTHDAY SURPRISE DINNER

A number of friends and relatives of Mrs. Paul Thomas, of near McAdoo, gave her a real surprise last Sunday by the way of a birthday dinner. People prepared a great many good things to eat and took them to her home, not letting her know about it until they arrived. A great feast was enjoyed.

Among those who were present were her father and mother, Mr. and Mrs. O. D. Blanton, of Spur; her brother, H. B. Blanton, and family of Spur; Mr. and Mrs. Ed Norris and Mr. and Mrs. Harvey McDonald, of Matador; Mrs. Dona Jay, of Abilene; Misses Edith Neely, of McAdoo and Pauline and Lola Blue of Spur.

They enjoyed some very fine music during the day including a number of duets rendered by Messrs. H. B. Blanton and Ed Norris.

## CANDIDATES AT AFTON AND CROTON SATURDAY

Dickens County Candidates will speak at Afton next Saturday afternoon at 4:30 o'clock and at Croton at 8:30 in the evening to make up for meetings missed.

All other speaking dates will be as advertised in this issue of the Times.

Vesta Patterson, of Gunter, has accepted a position with the Grocery Department of Bryant-Link Co. Mrs. Patterson will arrive here Sunday. They are very fine people coming with a good recommendation, and we are glad to have them to be citizens with us.

Please your doctor and insure yourself by letting us fill your prescriptions.—Red Front Drug Store.

## DOC HOOVER

It is with sorrow that the Times chronicles the death of Doc Hoover, son of Mr and Mrs. A. M. Hoover, of the Swenson Ranch, which sad event occurred at the Nichols Sanitarium about 4:30 o'clock on Thursday of last week.

It seems that Doc on Wednesday afternoon was engaged in chasing a yearling and that his horse overtaking same and in some manner ran into it throwing the boy, and then falling on him. The lad struck on his head and his skull was crushed so badly that all medical science could do was of no avail, and as stated above, the soul of this splendid young man was wafted into the elisian fields of paradise, where it rests in the presence of its maker.

Doc Hoover has spent the majority of his life here, and was well and favorably known by most of our people, who speak in the very highest terms of him, he being a boy of good character and habits, and having a disposition so constituted that all with whom he came in contact felt the warmest affection for him, and the entire county feels a distinct loss in his passing.

But, so it was written. Death is the lot of us all—some pass while yet in flower, while other pass numerous mile stones, yet in any event, death is sad and leaves behind broken hearts, tears and sorrow. But, it is well for us remember that death is but the gateway to that land beyond, where, from this star of shadows we pass into the real life and know happiness supreme.

Interment was made in the Red Top Cemetery, Rev. Day, of Floydada delivering the funeral oration.

To the bereaved relatives, in this, their sad hour, we offer sincere and heartfelt sympathy.

A different fruit cream every day at our fountain.—Red Front Drug Store.

The Condor is not only the largest flying bird in the world, but is also the world's highest flyer. It has been found flying at heights of more than four miles. Its young, however cannot take to the air for twelve months after they have been hatched.

## BRYANT-LINK HOLDS SEMI ANNUAL MEETING HERE

The Semi-Annual meeting of the officials of Bryant-Link Company was held with the Spur Store Wednesday and marked one of the greatest occasions of its kind in the history of the company. Representatives and manager of the stores throughout West Texas were present and business talked in general.

Among the chief questions discussed was the one pertaining to the efficiency of the business and how the company could serve the people better. Bryant-Link Company believes in giving their customers the best in merchandise and the best service within their limits. Hence, this question came before the body and no doubt the people will reap the benefit from it discussion.

Among other enjoyable features was the banquet. This was held in the basement of the store and consisted of barbecued chicken and everything else that goes with a great dinner. The feast was served by Messrs. W. R. Lew is and E. F. Laverty who are real artists in the work, and made the occasion a very enjoyable one.

Those attending were: C. B. Baker, Weirnt, B. L. Blacklock and J. C. Campbell, Munday; Guy Travis, Lamesa, W. F. Taylor, Ralls; Guy Speck, and R. D. Travis, Post; W. J. Bryant, Hamlin; R. B. Hills, Anson; P. H. Campbell and Dee Campbell, Rule; Thos. P. Johnson, Jayton; Cecil Speck and Roy Smith, Knox City; J. C. Link, Aspermont; Joe Payne, R. V. Colbert, R. B. Bryant, J. C. Bryant and Joe A. Smith, Stamford. C. G. Huddleston, Petersburg; W. A. Baker and P. Baker, Floydada, and J. F. Poole, Dallas.

## To the Ladies of Precinct No. 3

On account of having to be away so much of my time being taken up in making a support for my family, it will be impossible for me to see you before the Democratic primary July 24. Therefore I am taking this method of asking that you do not feel slighted in regard to my candidacy for Public Weigher by me not having been to see you. I assure you that no one will appreciate your vote more than I shall, and I truly hope you will see fit to give me your support.

As to the men, I will say they know my qualifications as a cotton man. I expect to use my knowledge of the cotton business to the farmer's advantage should I be elected next public weigher. I will appreciate every vote cast for me, and expect to show my appreciation by making one of the best public weigher that has ever been elected in Precinct 3, should you honor me with the office.

Permit me to ask you to consider my claim, my qualifications, my knowledge of cotton business and with that how much I can help the good farmers of this country in regard to marketing their cotton. You would secure a double service in my election, and service is what you pay your money for.

Very Truly Yours,  
J. BOYD, JR.

## McADOO CITIZEN PASSES THURSDAY EVENING

E. T. Brooks, one of the most respected citizens of McAdoo, died at 8:10 last evening as a result of apoplexy. He was stricken Monday evening about 10 o'clock, while at the barn near his home and managed to get to the front of his house before he fell. He never regained consciousness.

Mr. Brooks had passed his sixty-second birthday.

Funeral services will be held at four this afternoon at McAdoo, after which interment will be made in the McAdoo cemetery.

Losses to the American farmer from soil erosion amount to \$100,000,000 annually, says the United States Department of Agriculture. This washing away of the cream of the farm lands is caused chiefly by the direct action of heavy rains, and by the freezing and thawing of saturated soils,

followed by heavy rains. It is most effectively prevented or controlled by terracing. Ridge terraces are best adapted on moderate slopes, for steep slopes bench terraces give best results.

Pimientos to be canned should be packed without water, it is stated in the latest farm bulletin on canning, No. 1471, "Canning Fruits and Vegetables at Home." This is because the processing brings out a thick liquor in the can. The skins of the pimientos must be first removed by placing them in hot oil or placing them in a hot oven. If you have surplus pimientos to can, be sure to send for the bulletin, which gives all necessary directions.

W. H. Harris, prominent and progressive farmers of the McAdoo country, was her Tuesday taking advantage of the special prices offered by Spur merchants. Mr. Harris is highly

elated over the crop prospect. He says it was never better—cotton, feed and everything looking fine. Indeed, a bountiful harvest is promised us this year. It seems that the god of prosperity has again taken up his abode among us pushing into outer darkness worry and despair. Great is West Texas.

R. B. Stanley, of Dry Lake Community, was looking after business affairs here Saturday and discussed politics with his town neighbors.

M. L. Ware, of Dallas, is here with the Western Union Telegraph Company during the absence of G. A. Porter. We are glad to have Mr. Ware with us.

G. A. Porter, local Western Union manager, left Monday for Denton and other points to enjoy a two weeks vacation.

Grape Fruit Cocktails

Remove the pulp from grapefruit and cut sections into halves, cross-wise—put into chilled cocktail glasses to three-fourths their depth. Sprinkle with powdered sugar and set a small green cone of Creme de Menthe ice on top of each. Garnish with a spring of fresh mint. Serve at once.

Tomato Soup French Style

Add one quart can of tomatoes, to 1 quart of brown soup stock, 1 onion thinly sliced, small clove, garlic, one half dozen Spring parsley, small bit of bay leaf, one half teaspoon of pepper corns, 1 teaspoon salt, one-eighth teaspoon of pepper and f. g. cayene. bring to boiling point and boil one-half hour. Rub through a sieve add one fourth teaspoon soada and one-half teaspoon of sugar. Melt two teaspoons butter, add two teaspoons corn starch, stir until blended, and then pour on hot mixture, stirring constantly until boiling point is reached. Let simmer ten minutes and just before serving add one and one-half cups of hot cream.

CROUTONS

Cut stale white bread in 1-2 inch slices, trim off crust, spread thinly with butter, sprinkle with salt, f. g. of paprika and cut in 1-2 inch cubes, put in a dripping pan and bake until delicately browned in hot oven.

Braised Beef

Cut two slices of fat salt pork in small cubes. Try out in Dutch oven. In it brown four or five pounds of beef cut from the lower part of round or face of rump that has been sprinkled with salt and pepper and dredged with flour. Turn until evenly and richly browned on both sides. Place on trivet and surround with 1-2 cup of each, carrot, turnip, onion and celery cut in one half inch cubes; add one 1-2 teaspoon peppercorns, small bit of bay leaf and 3 sprigs parsley. Pour around 3 cups of hot water or brown stock; cover closely and bake four or five hours in a very slow oven. Keep liquid just at boiling point through the cooking. Serve with Brown Mushroom Sauce.

Brown Mushroom Sauce

Melt 1-4 cup of butter or some of fat in pan. Add five teaspoons of flour and brown richly. Strain liquid from meat, remove fat; there should be two cups, if needed add boiling wat-

er to make 2 cups. Pour slowly on first mixture, stir until smooth, add one-half-teaspoon of kitchen bouquet and one half cup of thinly sliced canned mushrooms. When boiling point is reached turn into sauce boat.

Mashed Potatoes

Pass six hot boiled potatoes through a ricer, add three tablespoon of butter, one teaspoon of salt, f. g. white pepper and one-half cup of hot cream or milk; beat with a fork until light and fluffy. Reheat and pile lightly into hot serving dish; dot over with bits of butter, sprinkle lightly with pepper or paprika and serve at once.

Creamed Celery

Wash, scrape and cut the outer stalks of crisp celery in 1 inches pieces. There should be two cups cooked 20 minutes in as little boiling water as possible. Drain, reserve water; there should be one half cup, to this add one half cup of cream or milk. Melt two tablespoons of butter, add two tablespoons of flour mix with one fourth teaspoon salt, 1-8 teaspoon of white pepper and stir until well blended; then add gradually the hot liquid stirring constantly until smooth. Add prepared celery, bring to boiling point turn into hot serving dish and sprinkle with finely chopped parsley.

Buttered Beets

Cut four hot boiled beets in 1-4 inch slices, add three table spoons of butter, 1 tablespoon salt and shake over a slow fire until beets are weell buttered and sugar is melted. Serve hot.

Cabbage Relish

Shred as fine as possible 1-2 head of white cabbage, about 2 1-2 cups, add finely chooped green pepper, discarding the seed and white portion, and one medium size Bermuda onion. Add one-half cup of finely chopped celery. Mix thoroughly and season with 1 teaspoon celery salt, 1-2 tsp. white mustard seed, salt to season, and one-fourth cup of sugar. dilute one-fourth cup vinegar with two tps. water, add to mixture and stir until well blended. Chill and serve with fried oysters, scollops, fish cutlets etc.

Steamed Graham Pudding

Melt one-fourth cup of butter, add 1-2cup of molasses, 1-2 cup of milk and two eggs beaten until thick and light. Mix together 1 1-2 cups graham flour, 1-2 teaspoon soda, 1 tsp.

salt, 1 tsp. ginger and one cup of raisins seeded and shredded. Turn into well buttered mould, cover and stem for two and one-half hours. Serve with lemon sauce.

Lemon Sauce

Mix one-half cup of sugar and 1 tbsp cornstarch, add one cup of boiling water gradually. Stir constantly; bring to boiling point and boil five minutes. Remove from range nd add tbsp. butter, 1 half tsp salt, 2 tbsp lemon juice and 3 or four four gratings lemon rind. Stir until weell blended.

PUREBRED SIRES IMPROVE PORTO RICAN DAIRY HERD

Purebred bulls are improving the dairy industry on the island of porto Rico, says the United States Department of Agriculture. The experiment Station maintained there under the direction of the department has used purebred bulls from the States to mate with the native cows of its own herd. Milk production has increased with each successive generation. The native cows of the foundation herd yielded an average of 8.09 pounds of milk per day per cow. Mated to Guernsey these cows raised heifers that yielded an average of 11.9 pounds per day per cow; the third generation produced 13.5 pounds per day.

This shows an increase of 47 per cent for the half breeds over their native dams, and 13.5 per cent increase for the three quarter bred over the half bred. The results of the station herd have been so favorable and of such small risk to loss that planters are advised to import only bulls for breeding up their native stock. Both sexes can be acclimated by careful handling, but under present conditions and method of management it is thought best to confine purchase to the best bulls obtainable. Purebred herds can be induced when the cattle tick has been eradicated and the farmers is prepared to give the cattle good stabling and food.

TIRE PRICES BACK TO LEVEL OF 1924

A generous reduction in tire prices just been announced by Kelley Springfield Tire Company has restored the tire price levels of two years ago, according to J. P. Simmons, local Kelley Springfield tire dealer. "This is much more than a cut thrown out to attract a few backward tire buyers," says Mr. Simmons. "Comparison of the new price list with prices on the great majority of sizes and types in 1924 shows how completely any so-called inflation has been squeezed out of tire prices. In a majority of cases, the new price matches the price of two years ago."

Mr. Simmons also points out that the new prices, figured in percentages, are 25 per cent or more below the peak of prices last year.

R. P. Ivey, Roaring Springs, was here Monday evening visiting at the home of his brother, M. D. Ivey and consulting a dentist.

Saved your State a Million dollars and will be economical and true if elected your governor.</p>

**DUCK CREEK NEWS**

The people of our community are very busy working their crops since the showers we had the past week—the weeds are about to take the crops.

There wasn't very many people out to Sunday School Sunday. Every one had gone to the singing convention at Dickens.

Bro. Reed filled his regular appointment Sunday.

Ora Pearl Johnston is on the sick list this week.

The Musical was rained out at S. C. Thomas' Friday.

Mr. and Mrs. D. D. Hogins went to Spur to Church Sunday night.

Mr. and Mrs. Rayfield Tatum and Mr. Robert Bilberry, spent the first part of the week with Mr. Tatum's father and mother in Lubbock.

Mr. and Mrs. R. F. Bilberry left for Plainview Sunday. Mrs. Bilberry has gone to have her ear treated.

Mr. and Mrs. S. C. Thomas went to church at Spur Sunday night.

Mr. and Mrs. Will Watson from Red Hill was at Duck Creek Sunday. We hope they will come back. They will be a great help to our community.

Mr. and Mrs. Pool Tyler spent Saturday night with Mr. and Mrs. Clyde Bennett.

Mrs. Bill Bennett is recovering nicely.

Mr. and Mrs. Buster Bural spent Sunday with Mr. Bural's mother, of Antelope.

Miss Mary Jane Simmons was the guest of Evelyn Bennett Sunday.

Mrs. Aubrey Bennett spent Saturday night with Lofton Bennett.

Mr. Vernon and Mr. Henry Gregory spent the week end with their uncle at Swenson, Texas.

Mr. and Mrs. Brink Carlisle spent Sunday with Mr. and Mrs. Walter Driggers.

Mr. and Mrs. Buster Bural spent Friday night with Mr. and Mrs. C. R. Bennett.

Rev. W. B. Benneett had a very sore foot last week. It is some better now. He was saw in town Saturday.

Monday is our club meeting day. All the Club girls be sure and come and bring your work.

I must get my hat and go to work.

—A Farmer Girl.

**DRY LAKE ITEMS**

Our Sunday School was very slim Sunday as our students attended the convention at Dickens.

We had two strangers to attend the singing class Sunday which happened

to be Miss Juanita Johnson and Cager Wade.

Misses Leila Hill and Eva Brunson were absent because they were out driving toward Dickens with their beaux.

We are sorry to report that Bro. Bilberry cannot be with us again until our big revival begins, which we pray will be a success.

Miss Maude Dozier reports a good time at the party at Mr. Sam Bakers Saturday night, and all the boys report a good time as they ate six loaves of light bread.

Mr. Cager Wade and Mr. Ray Sherrod returned to Burnett City Monday.

Will close, as the hail beat us up so we feel kindly bad.

Will do better next time.—Two Chums.

**WATSON ITEMS**

Some of we people of Watson started to Spur Friday in time to witness the splendid rain that feel in that section of the country. We say we witnessed it, and we think you will agree with us especially of you saw that bunch with shoes off, trouser legs rolled up in water above the ankles in a down pour of rain pushing

tin lizzies immune mud chains along the muddy highway just out of Spur. Well, people, we'll tell you right now we didn't get a bit of that rain, however, we did get a little that night, and sand? Oh yes, we did get a little sand to. Well, anyway, part of our crop will be late, but we have some mighty pretty cotton.

Some of the machinery arrived for the gin Monday. There is more to come, we understand.

If any one in town happens to be looking around for work, just come to Watson. There is cotton chopping and lots of it right now, and work at the gin also for the right one.

Watson is still in need of a good blacksmith and mechanic. Prospectors come out and look it over and talk it over with us.

Williams and Springer left Sunday Morning for San Angelo to spend a few days with relatives.

The Missionary Baptist meeting will begin Friday night before the first Sunday in August. All are invited to come and be with us and help us.

Prayermeeting will be held Thur. of this week at the home of Mrs. Lloyd Parsons. Mrs. Parsons will be leader. The lesson each week will be continued in the the beginning of the New

Testament.

—Jayne.

**MEETING STARTS AT FOREMAN CHAPEL JULY 25**

—A revival meeting will begin at Foreman Chapel on Sunday, July 25th. Rev. Herring, the pastor will do the preaching. Every body is invited to attend, take part and assist in this great movement.

**CITATION BY PUBLICATION THE STATE OF TEXAS:**

To the Sheriff or any Constable of Dickens County, Greetings:

You are hereby commanded to summon G. A. Montgomery by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of Justice Court of Precinct No. 3 of Dickens County, to be holden at the office of D. A. Young, Justice of the Peace of Precinct No. 3, Dickens County, on the second day of August, A. D., 1926, the same being

the first Monday, then and there to answer a suit filed in said court on the 16th days of June, A. D. 1926, numbered on the docket of said Court No. 713, wherein W. D. Starcher is plaintiff and G. A. Montgomery is defendant, said suit being on two notes for the principal sum of \$36.30 and \$36.28 respectively, dated February 18, A. D. 1922, due June 18, 1922, with interest at the rate of 6 per cent and 10 per cent per annum, notes made payable to W. D. Starcher and signed by G. A. Montgomery, as maker of said notes.

Herein fail not, but have you before said Court on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand at Spur, Texas, this 16th day of June, A. D. 1926.

D. A. YOUNG,  
Justice of the Peace, Precinct No. 3, Dickens County, Texas.

Please your doctor and insure yourself by getting us to fill your prescriptions.—Red Front Drug Store.

Miss Jennie Shields, of Abilene, arrived here Tuesday and is visiting her aunt, Mrs. P. H. Miller.

## 20 New Numbers Ladies Novelty Shoes Any Size or Last

We have purchased the Ladies Novelty shoe stock of the Lubbock Dress Shop, Lubbock, Texas. This stock was recently added to their store and they have decided to exclude shoes all together, so we bought them out at the sacrifice price of 60 cent on the dollar. If you ladies of Spur and this neighborhood will give us your shoe business, you will certainly get values, because we are going to sell every pair at wholesale cost, and still we will be making a profit.

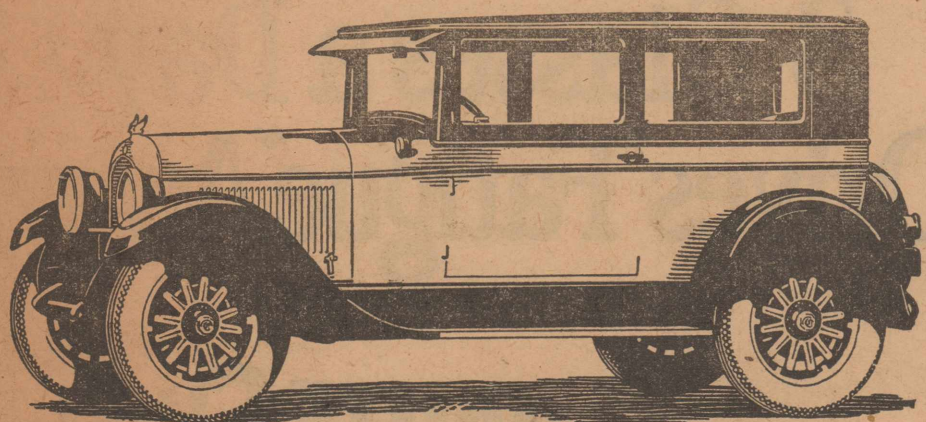

Never before have you had this opportunity. Why not see our store first. We have any color, and style, any size or width you may want. These shoes were purchased exclusively by this firm and each pair is strictly new and up-to-date. We are bringing 20 novelty numbers to this small town, which stock department stores in many cities would be proud to have.

## HATS AND DRESSES

## Public Buys 18 Million Dollars' Worth of New Low Priced Lighter Six, Chrysler "60" in First Sixty Days

In the first sixty days following its introduction an enthusiastic motoring public has paid more than 18 million dollars for the newest Chrysler, the new lighter six, Chrysler filled orders for many million more are being rapidly met by vastly expanded production facilities.

This overwhelming success was inevitable for never before in the low priced six cylinder field has the public been offered such compelling value as the new Chrysler "60." In no other car approximating these low prices can you match the combination of these noteworthy features—

Sixty miles and more per hour; unprecedented acceleration; extraordinary gas economy, easily exceeding 22 miles per gallon; the striking beauty of Chrysler dynamic symmetry. aston-

ishing riding ease and roadability; the safety of Chrysler four-wheel hydraulic brakes; oil filter and air cleaner; full pressure lubrication; 7 bearing crankshaft; impulse neutralizer; road levelizers front and rear; roomy and luxurious bodies.

Unit for unit in the new lighter six, Chrysler "60" you have the same standardized quality which has given such dominance to the famous Chrysler "70" and to the superfine Chrysler Imperial "80" in their respective price group—in engineering design, in materials, in craftsmanship, in rigidly test and inspection, and in all characteristics of dependability and long life.

We are eager to demonstrate these superiorities. See the new lighter six, Chrysler "60". Drive it. Convince yourself that no where will you find another six approximating it in price that can compare with this newest Chrysler achievement.

CHRYSLER "60" — Touring car, \$1075; Roadster \$1145, Club Coupe \$1165; Coach \$1195; Sedan \$1295.

Rev. L. L. F. Parker left Tuesday for Lueders where he will attend the Baptist Encampment. He will act as instructor in Sunday school work. He will fill his regular appointment here Sunday.

Mr. and Mrs. J. H. Busby and family left this week for Mission, Texas, where he will buy cotton. They will return to Spur this fall.

The storm that visited our city last Friday did a great deal of damage in the way of blowing trees down and knocking brick chimneys from houses that lay in its path. While the main cloud did not hit Spur, it divided and on either side of the city a destructive hail fell, doing a great deal of damage to the growing crops.

J. M. Morris and Oscar Morris, of

Elton, were pleasant callers at the Times office Saturday. They say that they have splendid crops, and tell us the hail that fell in that community last Friday, while heavy, did not do much material damage.

Mr. and Mrs. J. A. Brown, of Elton, were buying supplies in Spur Saturday to keep the farm going. They called at the Times office while here and had the figures on their paper pushed up a notch. They stated that they certainly enjoyed the paper and did not want to miss an issue of it. They are among our best farmers and citizens and looking toward harvest time optimistically.

E. L. Caraway left Sunday for Amarillo to look after business. He told a representative of the Times before he left that he had already sold a car load of new cars this month and that he was expecting another in a few days.

Ira Womack, cashier of the First State Bank, of Roaring Springs, was looking after business in Spur Monday.

**LYE MAY BE USED TO PEEL PEACHES**

In case a bushel or more of peaches or apricots is to be canned at one time they may be peeled by the use of lye, but this method is not justified with a smaller quantity, says the United States Department of Agriculture. It is necessary to be careful in using lye especially if there are children around because it is a powerful caustic and serious accidents have happened.

To peel peaches or apricots with lye prepare in an agateware or iron kettle a solution of one-fourth pound of granulated lye of a standard brand in 2 gallons of water. This quantity is equal to 4 ounces or 4 level tablespoonfuls of lye. Never use an aluminum kettle for this purpose. Heat the mixture to boiling and while actively boiling immerse peaches or apricots in a wire basket until the skins are loose or partially dissolved. This will usually require from 30 to 60 seconds. Remove the fruits and wash it at once in running water, if possible, until the skins and lye are removed, and thoroughly rinse the fruit. If still water is used, rinse the fruit in a fresh supply after washing off the skin and lye.

J. C. Scott and son, Bud, of the Splendid Elton community, was among those that bought supplies in Spur Saturday. They report everything booming in the Elton community, with the best crop prospect that they have had in a year. In deed, it now looks like all of West Texas was in for a big crop this year, which means more growth and more new people. Let 'er come.—We don't care.

Mr. and Mrs. Ira Slayden, of the Dickens County were very pleasant callers at the Times office Saturday. They report that the hail in their community was heavy, and that it almost ruined their crop. The storm from reports gathered from different sections of the country did considerable damage. This, of course, looks hard to the farmers' right at this time, but it may be a blessing in disguise.

Mrs. J. H. Garner and children left Sunday for Rochester where Mrs. Garner will visit her parents and attend the big celebration that is to be held there.

John King, R. L. Barrett, Hill Perry attended the funeral of R. L. Haney at Stamford Monday. Mr. Haney was vice president of the Pensck Co.

Willie McLaughlin, of McAdoo, was looking after business in Spur Monday. He says that the hail did considerable damage in his country.

**SATTERWHITE SAYS PRISON IS IN DEBT**

Amarillo, July 10.—Citing figures at length, Lee Satterwhite, Speaker of the Texas House of Representatives, issued a statement attacking the remarks of former Gov. James E. Ferguson, regarding the indebtedness of the Texas prison system.

Mr. Satterwhite opened his statement by quoting from Ferguson's Livingston speech last Wednesday in which he was reported to have said: "My wife inherited from the Neff admin-

istration \$1,800,000 debts for the prison system. The Legislature gave her \$100,000 to run the prison system. That debt has been paid."

The speaker of the house then goes on to cite records tending to show that the system is still in debt, and advocating a centralization of the prison plant.

**STEAM PRESSURE CANNER BEST FOR NONACID VEGETABLES**

The object in applying heat in canning fruit and vegetables is to kill the bacteria that cause spoilage. Both the degree of temperature and the length of time applied must be considered.

Many forms of bacteria can be killed if the food is held at a boiling point for 15 to 20 minutes. Unfortunately there are other bacteria that can only be killed by as many as six hours of cooking at boiling temperature. Such long continued cooking, of course injures the flavor and texture of the food.

The nature of the food themselves also have a great deal to do with the degree of heat and the time it need be applied to kill bacteria in canning. For instance the acid juices of fruits and tomatoes help to kill the bacteria when the food are held at a boiling point. Vegetables, like sweet corn and less acid juices and are so starchy that heat penetrates them slowly. Consequently it would take a long time Lima beans, on the other hand contain to kill bacteria in these vegetables at boiling temperature. There is another way, however. The bacteria in these nonacid vegetables can be killed in a very short time if they are heated above boiling point. This can be done without difficulty in steam under pressure. All commercially canned vegetable are processed in this way and similar results can be obtained with home canned products in a household pressure canner. Every home maker who does canning at home of course wants every jar to keep in good condition. Processing the nonacid vegetables at a point higher than boiling is one way of insuring good home canned peas, and beans for use in winter when fresh vegetables are scarce.

A letter from R. L. Gibson, who is now located at Crosbyton, but who taught the Croton school last year, requests us to send him the Times, as he says that he is interested in the activities around Spur. Prof. Gibson's many friends will be glad to learn that he is located for another year.

The political pot, both county and state is boiling up and running over the sides. The candidates for county offices are rushing hither and thither about the resident section, praising the babies and what not. The State candidates are waxing eloquent and enough hot air is in evidence to float a gigantic balloon, yes, two or three of them.

Some visitors from the Matador country, who were here since last issue, report that the "cotton flea" is very much in evidence in that section and that it is doing a great deal of damage. It is stated that the insect stings or cuts the squares, causing them to fall off the stalk. We are told that numerous healthy looking stalks are to be found with out a square, but that the ground beneath the stalk is covered with them.

**Is there any real difference in Gasoline?**

*Yes*

All gasolines are different and the difference is largely one of *wetness and dryness.*

The Texas Company has announced a *new and better* gasoline. It is a dry gas. A dry gas gives each cylinder a better, more even mixture. A wet gas in the manifold floods some cylinders to feed the rest.

*new* Texaco and all other gasolines. Texaco Gasoline now vaporizes to a *dry gas* in the manifold at a much lower temperature.

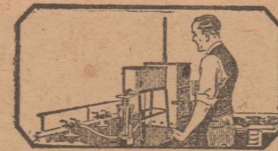

You will notice the results immediately—the easier start, quicker pick-up, increased mileage and smoothness, and the new freedom from carbon troubles and fouled spark plugs. You will note with pleasure the improved operation and condition of your engine.

Gasolines *are* different, and Texaco is *far* different.

This is the difference between the

**SIMMONS FILLING STATION GAVE AWAY A RADIO**

The radio which has been advertised by Mr. J. P. Simmons of the Penant Service Station for some weeks, was given away last Saturday. R. M. Thomas, who lives two and one-half miles northeast of town, was the lucky customer.

The first number drawn the party was not present and a second number had to be drawn. Doyle Hindman did the drawing and Sheriff M. L. Jones conducted the drawing. Mr. Jones

blindfolded Doyle, and after the tickets were well mixed, the boy was permitted to draw a ticket.

The drawing was considered one of the fairest yet and everybody seemed to be well pleased. There was just one radio and just one person could get it, and every one seemed glad that Mr. Thomas received it.

Mr. Simmons has one of the nicest filling stations in this country and he is a live business man, who has lots of friends because of his honest dealings.
