Fifth Anniversary

November marks the Fifth Anniversary of an institution organized in Spur, for the purpose of serving the people of this territory. It has functioned in a most satisfying manner during the entire period. In the beginning of this institution, people patronized it because it has proved its capacity for service and dependability.

During the five years of service which this institution has rendered, there has never been a law suit in connection with its dealings with the general public; there has been \$43,700.00 paid into the homes of the surrounding territory of Spur; and furthermore with accuracy, speed, and small cost to the people has this been done.

Twenty-five years ago Mutual Life Insurance was an experiment in the United States. Today it is established and growing every day. At the present time there are thirty-five members of the State Association for Mutual Life Insurance Associations carrying over 100,000 policies increasing the estates of the policy holders over \$100,000,000.00. This great amount of insurance is costing on the average of \$10.00 per thousand, per year. Also these Associations (the thirty-five) are paying into the hands of their policy holders more than \$850,000.00 each year. This will give an idea as to the great amount of saving Mutual Insurance is rendering to the people of Texas.

The Spur Mutual Life Insurance Association is now offering a \$1,500.00 policy to the public for \$7.50. The dues are \$1.50 on the first of June and December each year, and \$1.50 for each death. The average cost per year for this policy will be about \$15.00. In addition to the regular Life Insurance we are offering Accident Protection IN THE SAME POLICY. You pay on the one and carry both life and accident protection.

The Spur Mutual Life Insurance Association is GROWING. Each day people are coming to us and telling us that their Old Line Insurance notes are due and they are unable to meet the payments. They want to take out a policy with us. We do not solicit the dropping of Old Line Insurance, we advise you to keep it up, but if you are forced to drop it, we have to offer a policy at a much reduced rate, where the money is on deposit at the Spur National and City National Banks, of our town.

The officers of the Association: F. W. Jennings, President. F. G. Collier, Treasury. W. D. Starcher, Trustee. J. T. McCulloch, Trustee. J. E. Morris, Medical Advisor. C. C. HAILE, SECRETARY.

ENDORSEMENTS: City National Bank By E. C. Edmonds, President Spur National Bank, By W. B. Lea, Vice President. Geo. S. Link Clifford B. Jones. Bell's Cafe Jno. A. Bell, Mgr. C. Hogan & Co. By C. Hogan Red Front Drug Store, By G. R. Elkins, Mgr. W. P. Simpson.

Henry Motor Company Moves

The Henry Motor Company have moved from the building on Harris Street to the Sunshine Service Station on Burlington Avenue. L. L. Henry, manager of the company, states that he will be better prepared to give the people a better opportunity to learn the good qualities of the Overland "Whippet" and the Willys-Knight cars.

This firm has been meeting with reasonable success in the sale of these cars, although money has been scarce. The "Whippet" is a low priced car with accommodations of the larger types of cars, and for this reason it is meeting much of the demand for more costly cars.

Mr. Henry is a Dickens County boy, having spent much of his boyhood days in the Duncan Flat community where his parents still live.

Dickens Co. Poultry Demonstration

Through the work of the County Agricultural Agent a number of farmers of Dickens County have agreed to follow out some poultry demonstration work in the county for one year. In this work will be included such vital points as the proper feeding of chickens, the proper housing of them, and the proper mating of the birds for breeding purposes.

In this work the farmers will be furnished record sheets on which will be placed an inventory of the birds and give a complete record of the year's work. This will include the number of chickens in the flock, the amount of increase, the egg production and the amount spent for feed and care. The object of the work is to determine if the poultry business when managed in a reasonable way, is a paying proposition.

Among the farmers who have agreed to put on this demonstration we are authorized to list the following: Walter Powell, R. N. James, Jim Hahn, W. O. McCrary, Luther Benson, A. B. Morgan, Riley McMahan, J. R. Karr, Edd Glazner, O. A. LeFevre, W. P. Fretwell, Austin Rose, C. C. Neely, and B. F. Middleton. There are many others who will probably enter into this work, but who have not been consulted yet.

The work is being started now and will continue for a definite period of time. There will be some very valuable records made about this work during the year.

Watson Baby Passes Away

The little three months old baby of Mr. and Mrs. Frank Watson, of our city, passed away last Thursday afternoon. We understand that the little one had never been in good health since its birth, and it seemed not to gain in strength.

The body was prepared for burial by the Campbell & Campbell undertaking parlor. Funeral services were conducted at the home Friday morning at ten o'clock, after which interment was made in Spur cemetery.

While the life of this little gem was of short duration, yet the parents will miss it greatly. The Times join the many friends in extending condolence.

Subscriptions Are Coming Lively

From now until next Wednesday is the time to help your contestant. Each contestant has turned in her old book and received new ones, and all those who get fifty or more subscribers and check them in by noon of next Wednesday will receive one thousand extra votes. Those who check in one hundred subscriptions by that time will get two thousand extra votes, and so on. Now help those you have promised help, for it will count more now than ever again.

Miss Tallant still leads the list with Mrs. Hale close second. Here they are: Miss Noble Tallant 13,000 Mrs. Ernest Hale 12,900 Miss Syble Perry 10,600 Mrs. T. A. Bingham 8,850 Miss Iva Boykin 6,100 Miss Frankie Williams 3,000 All contestants must work from a new book this week to obtain the extra votes.

The Baptist Ladies of the Spur Church will serve a chicken dinner in the Sullivan Building, now occupied by the Davis Service Station, four doors east of the post office, Saturday, November 13th. Adults 50 cents; children 35 cents.

Mrs. E. A. Russell returned from Houston Monday where she had been attending the Grand Chapter of the Eastern Star. Mrs. Hamby, of Lubbock, returned with her and spent a few days visiting friends in Spur.

J. H. Latham, of Duck Creek, was doing some trading with our merchants Saturday.

J. C. Dodson, of Highway, was greeting friends on our streets Saturday.

G. F. Smith, of McAdoo, was a Spur trader Saturday.

Smith Is Elected Governor N. Y. State

DAN MOODY LEADS IN TEXAS BY A VERY LARGE MAJORITY

In the general election held over the United States Tuesday, the Democratic party seems to have made some very material gains. Governor A. J. Smith carried New York by something like a quarter of a million votes for governor, this being the fourth time he has been honored with this office. The senatorial race in that state was still in doubt when the last returns came in yesterday morning.

David I. Walsh, democrat, was successful in Massachusetts, carrying the state by a substantial margin. Elmer Thomas, democrat, defeated Senator Harrell, present Senator from Oklahoma. Oklahoma elected a Republican Governor.

Illinois and Indiana are still doubtful with indications of Democratic Senators from both states. Arizona returns a Democratic Senator and so does Missouri and Kentucky. All indications show that the Democrats have captured both houses of Congress and will have control by a small majority.

Last report received by the Times was to the effect that the Republican candidate for Senator in Illinois was elected, and that Watson goes to the Senate from Indiana.

Ohio elects a Democratic Governor and Governor Richie of Maryland, a Democrat, was reelected.

Dan Moody led the Republican candidate for Governor by ten to one. The Texas vote was light, but very good considering it being a general election. Harry Wurzbach, Republican, was leading by a small majority for Congress in the 14th Texas District.

The Baptist Ladies of the Spur Church will serve a chicken dinner in the Sullivan Building, now occupied by the Davis Service Station, four doors east of the post office, Saturday, November 13th. Adults 50 cents; children 35 cents.

Lyric Theatre Has Excellent Shows

The people who are attending the Lyric Theatre are being favored with some excellent shows. The program in general is the best that has ever been known in a town the size of Spur and each picture is receiving an enthusiastic applause. Mr. Everts, the new manager, is hustling business right along and the crowds are growing all the time. The pictures all have a good moral and are clean in their thought and action. We should be proud of these fine entertainments as many cities much larger than ours do not enjoy as good programs.

Spur Hardware Anniversary Sale

Last Saturday the Spur Hardware and Furniture Company celebrated their 17th anniversary with another big sale. The store was opened for business in 1909, and was the first store in Spur to open and actually sell goods. Last Saturday this business started another one of their great price reducing sales, and are continuing on through this week.

Mr. Perry, the manager, is one of the pioneer citizens of West Texas. However, he has been in Dickens County only seventeen years during which time he has been a booster for the country and has stood for progress. The store will appreciate people visiting them and look through their large stock of hardware and furniture.

Harry Yates, of Stamford, member of the firm of Layne-Yates Company, is here this week looking after that company's business and seeing how the local store is getting along. Mr. Yates was formerly local manager for Layne-Yates Company and has many friends in our town.

Mr. and Mrs. Pat Murphy are the proud parents of a fine girl baby born November 1st. Mother and baby are doing fine.

A CHINESE DRAGON IN SPUR PROVES VERY INTERESTING

Mr. and Mrs. Will A. Harris, of course of years will grow to an enormous size, are in Spur this week with their "Paper House on Wheels", are charging a small fee for folk to see these two animals and will be on the streets of Spur this week.

"Chinese dragon". Information is obtained from legendary history that thousands of years ago there lived two powerful tribes in the Chinese Empire that were continually at war with each other. In the empire there was also an immense dragon, and the tribe that could secure this dragon on their side would be the victorious tribe. So intense was the determination to hold this dragon for their defense that the southern tribe constructed the Great Wall along its northern border to prevent the northern tribe and to also keep the great dragon in their tribe for their defense in case the enemy from the north should get over or around the wall. This is mythical history only.

However, Mr. and Mrs. Harris have a real Chinese dragon which they keep in their "home on wheels", and which is a curiosity to all who have seen it. It creates a great page in natural history. The dragon is something like five feet in length, of greenish color, and possessing the historical seven spots on its tail. The tail is long and slim and on the top possesses the hard knife-like appearance which is its means of defense. It is said to be able to strike a tremendous blow with this tail and can inflict a very deep gash in case it hits the flesh of a person. It is something like 200 years old and has been in America about two years. It is said that it requires about 800 years for a dragon to obtain its full size, and considering this time this dragon is a mere baby yet, even if he has lived 200 years.

Another thing of interest that is seen in this house is a real "nigger" eating crocodile. This animal is something like four feet long and is about fifteen years old. This crocodile is of the Ganges type and in

Oil Activities Are Looking Up Fine

Last week was taken up at the Mikels well on the Pitch Fork Ranch with under a reaming and lowering of the 6-inch casing. The work was finished the last of the week and drilling was resumed again Saturday morning. They are rounding the 2500-foot mark very closely with formations showing up good. The drill is now in about forty-five feet of formation with some changes and as the work proceeds the oil saturation grows stronger. From all indications it is not many hundred feet until there should be a good well brought in.

The Jones No. 1 on the Davis lease is around the 1800-foot mark now. This well has only a day crew, and the work has progressed remarkably well on this basis. The formations in this well are looking encouraging and running true to form for a producer later. There has been nothing showed up yet to create any excitement, and very likely it will require several hundred more feet to tell just what will be the outcome.

The Blackwell No. 1 are just setting the 6-inch casing. Everything there is looking encouraging, and considering the line of formation in the Haskell County wells, this well is in the producing line. It looks as if there was a good opportunity for an oil field in this country.

THE FIRST CHRISTIAN CHURCH CALLS PASTOR

Rev. Abbott, of Rule, Texas, has been called to the pastorate of the First Christian Church of Spur, and we understand he has accepted the call. He and his family are expected to arrive here this week and Rev. Abbott will take up his work with the local church next Sunday morning.

Bro. Abbott comes to us highly recommended. He is a graduate of Drake University and also a student graduate of T. C. U. Mrs. Abbott is a T. C. U. graduate, and has specialized in young peoples' work. As they possess these fine qualifications for Christian work, we feel that we are securing some very fine citizens for our town and securing another good pastor for one of our churches. We cannot get too many preachers in our town if they are real preachers. Let's welcome these good people and lend them a helping hand in the great work they are expecting to do.

Walter McKay, of Red Mud, was among the many visitors in our city Saturday.

Salem's Contest

The individual rates have reached over the hundred thousand mark. The workers are enthused over the wonderful results. It does not take salespower to sell Salem's Certificates, they sell themselves. Time is getting closer every day, only four or five more weeks to go and it will be over with. You have worked hard to this degree, keep up your pep and show what energy you have as the time hurriedly nears to an end.

FRED THOMPSON AND SILVER KING

Both Fred Thompson and Silver King made a great hit with the cow punchers gathered at the Alturas Round-up, where some of the action of "All Around Frying Pan" was taken. The world's best riders, champions of the saddle and rope, were astonished at Silver's versatility, and several of them were given an opportunity to ride the famous horse after Fred had entered and ridden him in the bucking events. "All Around Frying Pan" comes to the Lyric Theatre Saturday.

DR. W. B. CALDWELL AT THE AGE OF 83

A Child's Laxative which Mothers Can Rely On

To Dr. W. B. Caldwell, of Monticello, Ill., a practicing physician for 47 years, it seemed cruel that so many constipated infants and children had to be kept "stirred up" and half sick by taking cathartic pills, tablets, salts, calomel and nasty oils.

While he knew that constipation was the cause of nearly all children's little ills, he constantly advised mothers to give only a harmless laxative which would help to establish natural bowel "regularity."

In Dr. Caldwell's Syrup Pepsin mothers have a regulating laxative which they can depend upon whenever a child is constipated, bilious, feverish or sick from a cold, indigestion or sour stomach. All children love its pleasant taste.

Buy a large 50-cent bottle at any store that sells medicine or write "Syrup Pepsin," Monticello, Illinois, for a FREE SAMPLE BOTTLE and just see for yourself how perfectly it cleanses and regulates the bowels of infants and children.

Dr. Caldwell's SYRUP PEPSIN

DR. FRANK CRANE SAYS

If you see only the sordid, ugly and mean in mankind, it shows that you do not know how to look.

The papers are full of kindly news, if you but train your eyes to catch it.

Amid the raucous blaring of the crimes of the degenerate few, there can always be found the soft notes that speak of the great mass of common, everyday, homely, honest folk, who make up the worth-while part of humanity.

Here are a few such notes taken at random from the news:

A New York scrubwoman, while her husband was serving a term in jail for non-support, was working for ten dollars a week to support her two children. The rent was overdue and they faced eviction. In the hallway where she scrubbed she found a pocketbook with a hundred dollars in it. In spite of her great need she turned it over to her employer, saying: "It's better to be honest."

The town of Newent, in southern England is known as "the Daffodil Village." Its inhabitants each year sell tons of flowers in London. Recently they set aside a day and gathered five thousand bunches to send free to the thirty hospitals there. The railway company also transported them without charge.

On a busy corner in New York a traffic officer held up traffic for a

minute while he rescued a young bird that had been fluttered from a nest to the pavement, but was unable to fly.

In Providence, Rhode Island, a man who had lost his wife and three grandchildren in the Mackinaw disaster last August returned a check for five hundred dollars to the Red Cross, saying: "Others need it more than I."

A patrolman making his rounds on the East Side in New York warned two men who were arguing in loud tones on a street corner late at night. When he returned they were still shouting at each other, so he locked them both up. The next morning they were arraigned for disorderly conduct, the case was continued and bail fixed at twenty-five dollars. The day before had been rent day and one of the men had no money. If he stayed away from work he would lose his job and his seven children would go hungry. The officer sadly shook his head, reached into his own pocket and gave the clerk the twenty-five dollars to release the prisoner.

As you read the news each day keep your eyes open for the little revealing glimpses of the noble and the loyal and the kind in human nature that the items often show.

TOO BAD

"Your infernal loud speaker kept me awake 'till two o'clock last night."

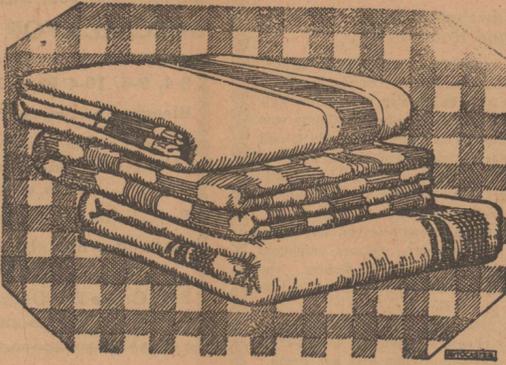

"That's too bad—if you had stayed with it just a while longer you'd have heard some swell stuff from Paris."

IT ALL BEGINS WITH A COLD

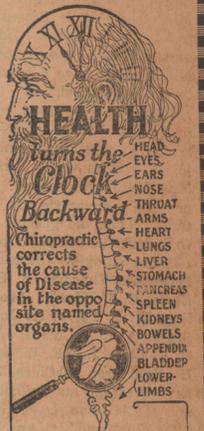

Uncle Ben Says: "The necessities of life have come to be bread and butter and gas."

Thursday Health Talk No. 6
By LAVINA B. CONKLIN
Chiropractor

How often have you heard a story of a "siege of illness that did not start with a cold"? Because most illnesses start that way, people are learning not to trifle with a cold. Few have learned, however, why they have that cold, what it indicates. A so-called "cold" is the first sign of lowered bodily resistance to external conditions. There is spinal nerve irritation, resulting in deficient elimination, wastes accumulate, and trouble begins. When a "cold" appears, visit your chiropractor at once!

Cold Conquered in 48 Hours

"After suffering for a week with a severe cold, constantly growing worse, I called on a chiropractor. He adjusted me then, again seven hours later and twice the second day. Today, (3rd day) after the fifth adjustment, I feel like a different man and am ready to return to work."—Leonard Johnson, Chiropractic Research Bureau, Statement No. 2209-Y.

HEALTH turns the Clock Backward. Chiropractic corrects the cause of Disease in the opposite named organs. The lower nerve under the magnifying glass is pinched by a misaligned joint. Friends Give Shower to Mrs. Jimmie McClanahan

Mrs. Jack Slaton and Mrs. J. Boyd, Jr., were hostesses to a number of friends in honor of Mrs. Jimmie McClanahan, a bride of one week, at the home of Mrs. Boyd, Tuesday of last week. The entertainment consisted of a floral romance contest. Mrs. G. H. Stack was winner of the prize which was a beautiful linen handkerchief and which was given to the bride.

A reading was given by Miss Willie Richbourg which was greatly appreciated by the guests. Miss Mildred Smith then gave a toast to the bride. Miss Bertie Belle Brown gave a toast to the groom. Mrs. J. Boyd gave a toast to the mother, and Miss Nig Lisenby gave a toast to the "girls left behind."

Fortunes were read corresponding to numbers given when the guests arrived. Much merriment was enjoyed. Gifts were presented to Mrs. McClanahan who in a very grateful manner showed her appreciation. Then the guests enjoyed a very delicious course of refreshments.

Those enjoying the occasion were: Mesdames Thurman B. Harrie, T. J. Eeale, C. P. Harris, Leonard Jopling, W. S. Perry, Irl Jopling, G. H. Stack, O. F. McCombs, J. E. Sanders, C. L. Love, Jas. F. Williams, R. S. Harkey, Oran McClure, J. C. Hicks, Elzy Watson, Luther Hindman, Jimmie McClanahan, L. H. Gilbert, Jack Slaton, J. Boyd, Jr., and Misses Reba Dot McGauhy, Syble Perry, Bertie Belle Brown, Nig Lisenby, Mildred Smith, Dorothy Williams, Eleanor Harris and Willie Richbourg.

Mrs. Nichols Entertains With Hallaw'en Party

A very enjoyable evening was accorded to a number of friends of Dr. and Mrs. P. C. Nichols at their home Thursday evening carrying out the sentiment of the season. The hallowe'en spirit prevailed and black cats, witches and ghosts were plentiful. As guests arrived they received their thrill by being met at the gallery by a witch and a ghost. The large living room, dining room and all had scenes that created that weird feeling and made it appear that the "goblins" will get you if you don't watch out.

The guests were welcome by the host and hostess which rather relieved the nervous feeling of "spooks" and ghosts. Numbers were drawn and all were invited to pass into another room and joy a cup of witch tea. There they were presiding over a large kettle silent as the dead, but the tea could certainly be recommended very highly.

Fortunes were told and many encouraging thoughts were conveyed in this phase of the evening enjoyment. Then talleyes were drawn and that favorable game of "Forty-Two" engaged the minds of the guests and the "spooks" were soon forgotten.

Refreshments consisted of doughnuts, salad, mints and tea. The plate favors consisted of little Hallaw'e'en dolls.

Those enjoying the evening were: Mr. and Mrs. E. C. Edmonds, Mr. and Mrs. W. B. Lee, Mr. and Mrs. James B. Reed, Mr. and Ms. C. Hogan, Mr. and Mrs. G. R. Elkins, Mr. and Mrs. M. D. Ivey, Mr. and Mrs. W. D. Starcher, Mrs. Clifford B. Jones and Miss Rachel Langston.

Joi De Voi Entertained By Mr. and Mrs. J. E. Hall

Mr. and Mrs. J. E. Hall entertained the Club members, their husbands and other guests on Thursday evening at the home of C. A. Love.

The rooms were decorated with suggestions of Hallaw'e'en, the black and orange color scheme. Eight tables were appointed for bridge. After five games, the high score prizes went to: Mrs. Chas. Powell, Miss Mildred Williams, Jack Rector and Paul Johnson and consolation to Mrs. A. C. Hull. The color scheme was also carried out in the prizes.

Pumpkin nut pie with whipped cream and hot tea were served to: Mr. and Mrs. Chas. Powell, Jack Rector, Willis King, A. C. Hull, W. E. Flint, M. A. Lea, Jr., H. P. Schripsher, Paul Johnson, James Smith, Reese, McNeil, Thurman Harris, Wm. Williams, Jim Sample, Thomas Morrison and Miss Mildred Williams.

"A Witch Tea" is Given By Mrs. P. C. Nichols

On Thursday afternoon of last week Mrs. P. C. Nichols opened the doors of her lovely home, to receive at "A Witches Tea", her host of friends.

The hostess, attired in Hallaw'e'en costume, received the guests, and ushered them into a scene, where

ghosts walked, black cats stalked, pumpkins with weird faces licked tongues of flame and spirits both good and bad flitted about in the soft light shed from the orange draped lights.

The guests were met at the entrance to the dining room, by Mrs. H. P. Scrimsher, in a charming costume of orange, who escorted them into the bed room where they were assisted in removing their wraps, by Mrs. M. A. Lea, Jr., dressed in black pieroette costume. Mrs. Lea then ushered them into where "Her Majesty" "The Witch of Hallaw'e'en", in effective setting, sat chanting her tale of horror, as she stirred the bubbling pot swinging over glowing embers. With compelling eyes and becoming hands she bade each guest partake of her stew which proved to be delicious pineapple punch. Before the witch could further ensnare the guests, Mrs. Busby, in orange color pieroette costume, led them into the next room where they were seated. Here the hostess passed slips of paper and pencils bidding each guest write the fortune of some other in the room. Much fun was had when these fortunes were read.

Following the glimpse into the future, Miss Nell Higgins sang two songs, accompanied at the piano by the witch whose identity up to the time had remained secret. Much guessing was done and it was later earned that the baffling person was Mrs. C. B. Jones.

The hostess, assisted by her small daughter, Martha Frances, also in Hallaw'e'en costume, served a delicious salad course, consisting of Witches salad, doughnuts, hot tea and mints.

Small dolls dressed in orange and black were the attractive plate favors.

Those calling throughout the afternoon were:

Mesdames Caraway, Forbis, Willis, Floy, Smart, Daniels, Campbell, Doblins, Williams, Lewis, Love, Twaddell, Johnson, Laverty, Blackwell, Hale, Gipson, Love, McClure, Putman, Barnett, Cowan and Stovall.

Hallowe'en Social at Teague Home Friday

Mr. and Mrs. Tom Teague entertained a number of friends in their home at a hallowe'en social last Friday evening. The color scheme was the hallowe'en orange and black and the decorations were made up of skeletons, goblins, bats, black cats, witches, etc., making the occasion a very impressive one.

The guests were received and formalities carried out. Games employed the minds of the guests during the evening and every one present enjoyed a great time.

The refreshments consisted of cream cheese sandwiches, lemon-fruit jello, devil-food cake and hot cocoa.

Those enjoying this occasion were Mesdames F. B. Crockett, Foy Vernon, Lee Davis, E. L. Smith, Luther Powell, J. I. Hayes, Lloyd Wolfe, S. C. Paollis, McGlathery, Raleigh Harkey, John Hazelwood, J. Boyd, J. E. Sanders, G. W. Grimes, Cecil Hicks, G. H. Stack, McComb, Rob Davis, W. S. Perry, Eric Ousley, Leonard Jopling, Earl Jopling, and Misses Estel Sanders, Ila Bowman and Pauline Ramsey.

There will be four more numbers during the year, and those who were not able to attend the first number should avail themselves of the opportunity of the next four. The course this year is being fostered by the ladies organizations of the Methodist, Presbyterian and Christian Churches.

About Your Health

Important Minerals
The blood is enriched by certain minerals in our food, beyond question. I mention Lime, (Calcium) Potassium, Iron and Iodine as among those of first importance.

These minerals abound in earth, and are taken up by plants which grow everywhere in the soil. Food-animals get the minerals by eating the plants, and store them in the red muscles, such as our beefsteaks, hams and mutton-chops. Our animal and plant foods are richer in mineral content when they are grown on the lower levels of soil. The hills lose continually their minerals by rainfall and drainage, so that hill-grown animals and plants are poorer in mineral values.

The chief value of the mineral is in the growth of bone in children, particularly the teeth. The milk of a cow grazing in the hills is much poorer food for the child than from a cow that fattens on valley food. Corn, wheat, garden vegetables are far more nutritious, if grown in bottom lands. The careless observer even, may have noticed that cattle in mountain sections of the country carry less fat than animals of the lower plains. Vegetation is more dwarfed on the sunburned, arid hillsides. The reason is, that the mineral have been washed away from the elevations.

And, haven't you noticed that the adult human being in higher altitudes is, generally wiry, with thinner muscles, as well as more "nervous" in temperament? Minerals are feeders for nerves as well as for muscles. The logical conclusion therefore is, if you are too fat, seek moderately high altitudes; if too lean, try to secure your cereals, vegetables and meats from the rich, alluvial valleys of the lower levels.

COTTON CONTEST WINNER USES WHITE SWAN COFFEE
16 bales on 5 acres! This was the remarkable yield of G. Mont Adams, winner of the 1925 "More Cotton on Fewer Acres" Contest.
Behind this Contest was the idea of economy. With a smaller acreage he was free to follow greater diversification in crops. Yet intensive cultivation was to increase the total cotton yield.
Mr. Adams, the winner, was asked for his opinion on Coffee by the Company which claims to put out the most economical Coffee on the market. The Waples-Platter Grocer

Company, roasters of White Swan Coffee, say that the unusual strength and freshness of this delicious Coffee makes it more economical because it goes farther. This idea is embodied in the advertising slogan, "More Cpus per Can", which it will be noted is curiously like the Cotton Contest slogan of "More Cotton on Fewer Acres."
It is very gratifying to the Waples-Platter Company to learn that Mr. Adams heartily recommended White Swan Coffee, not only for its fine flavor but also for its actual economy. In the manufacture of White Swan Coffee, the choicest coffees are carefully blended and scientifically roasted with frequent testings for aroma,

flavor and strength. The finished product is rushed by truck and train to the dealer in small enough quantities that he may have it always fresh for the consumer.

The morning session heard different plans proposed for solving the cotton problem while the afternoon session took up the consideration of these plans and attempted to formulate a workable plan for submission to farmers and business interests of the state.

A capacity of one hundred twenty dozen boxes is being maintained by the No-Chap Manufacturing Company—Cisco's latest manufacturing establishment.

Formulation of plans for the inauguration of the "More Feed on Fewer Acres" campaign of the West Texas Chamber of Commerce was undertaken at Abilene November 1. Prizes aggregating \$2500 are to be awarded West Texas farmers through the movement which it is hoped will promote cotton acreage reduction and raising of more live stock.

A chamber of commerce was organized at Trent recently by citizens in

order to care for problems arising since the oil development boom.

West Texas towns are to be strongly represented at Waco Friday at the meeting which has been called for the purpose of planning a campaign to back the Mayfield Bill which provides for railroads to make extensions without securing a permit from the interstate commerce commission.

A "sell a pig, buy a pig," movement is underway at Haskell. Business men are selling pigs and rural citizens are buying them.

GOOD HEARTED

"Johnny, who took the cookies from the pantry?"

"Mother, I gave them to a poor little boy who was hungry."

"You have a heart of gold, dear. Who was the little boy?"

"I, Mother."

Gladys:—"I'm awfully sorry, but Papa says we must not see each other any more."

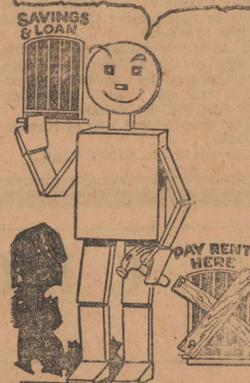

Jack—"Oh, that's all right, if he wants to cut down the light bills, I'm willing to help. Darkness with you, dearest, is good enough for me."

No Pool For Turkeys Needed

With the advantage of good markets in Spur and with two different firms buying poultry, a pool for turkeys will not be necessary to secure the best markets is the opinion of the County Agriculture Agent. However, if the people feel that it will be best to have the pool, County Agent Reynolds is willing to put one over for them. It is his opinion that with two buyers in Spur bidding for the turkeys that a normal price will be secured by the farmers.

According to reports received at the County Agents office the farmers should be able to secure a good market price for their turkeys this year. The heaviest turkeys is being quoted highest on the markets, and for this reason the farmers should arrange to sell their largest and heaviest turkeys on the Thanksgiving market and save the smaller ones for the Christmas markets as they will gain several pounds within that four weeks.

In discussing this matter with the county agent, he said, "Farmers should keep themselves posted in regard to the turkey markets. It is just as necessary for them to know what they are doing in this matter as in any other farming business." It seems that farmers could keep themselves informed along this line and know whether or not they are getting a square deal on the local markets. There is a very good supply of turkeys in Texas and Oklahoma according to recent reports, but all the turkey raising states north and east of the Mississippi River are very shy in regard to a normal supply. Hence, western states will have to furnish the greater per cent of the supply of turkeys this year.

In connection with these markets, County Agent Reynolds feels that it will be best for farmers not to sell their old chickens at this time. There has usually been a better market for old hens during the months of January and February.

SMITH-THOMAS

A very quiet wedding occurred at the First Methodist Church of our city at three o'clock last Saturday afternoon, the contracting parties being Miss Faye Smith and Mr. Dave Thomas, both of the Soldier Mound community. Rev. I. A. Smith performed the ceremony that united them husband and wife. There were just a few immediate friends that witnessed the ceremony.

The bride is a daughter of Mr. and Mrs. J. L. Smith, who have lived in the Soldier Mound community some time. Through her amiable disposition she has made many friends there who admire her for her real traits of character.

The groom is a son of Mr. and Mrs. J. M. Thomas, a family that is much respected where they live. He has been engaged in the farming business, and will likely continue in that line in his home community.

Mrs. Geo. Williams Gives Surprise Party

Mrs. George Williams gave her Young Ladies' Sunday School Class a thrill at her home last Friday evening. The girls were supposed to have just had a class meeting, but upon arriving, Mrs. Williams home was very ghostly decorated, and then a witch appeared on the scene--and that put the girls to fright. However, she soon disappeared and all was calm.

After music and several games of 42 were enjoyed, a lovely salad course was served, plate favors being cupid's dressed in hallowe'en costumes. Those present were: Misses Lela Kelley, Kitty Powell, Allie Powell, Katie Ellis, Virginia Forbis, Dora Whaley and Mesdames Thurman Harris, William Manning and William D. Starcher.

PREACHING AT DICKENS METHODIST CHURCH
