

THE MULESHOE JOURNAL

MULESHOE, BAILEY COUNTY, TEXAS, FRIDAY, JUNE 21ST, 1929

NUMBER 19

BAILEY COUNTY TAKES A FORWARD STEP IN VOTING TO SECURE COUNTY AGENT

Best Man Available Will Be Employed By the County Commissioners As Soon As the State Makes Necessary Appropriations.

Another step forward has been made by Bailey County. It is to have a County Agent. This has been discussed for some time, but final action on the question was taken Tuesday of this week by the Commissioners Court.

The Court met with the Luncheon Club at noon, at which time everyone had the opportunity of expressing their views on the proposition, which showed that the county has developed to such an extent that a County Agent is necessary for its further progress. With more and better dairy cows coming into the county, the demand for better poultry, and crop problems, a man trained in all phases of agriculture and animal husbandry would be of great benefit to the farmers and stock men. Heretofore they have had to look to neighboring counties for assistance along these lines, which was not at all satisfactory for the reason that the proper agent could not be aroused among them. With an Agent of our own and Girls Clubs may be better dairy and poultry raisers.

TON OF ALFAFA TO THE ACRE PRODUCED IN FIRST CUTTING

J. I. Lawler has just finished the first cutting of alfalfa on the Fred Warren land northeast of town. The yield was about one ton to the acre, and an average price of \$25 per ton is being paid at this time for alfalfa. There will be two more cuttings from this field, and the yield will doubtless be heavier in the second cutting than it has been in the first.

FIRST LOAD OF NEW WHEAT TESTS 60 1-2 POUNDS TO BUSHEL

The first load of new wheat harvested in Bailey County this year was brought in Tuesday by D. Warren of near Baileyboro. The new wheat tested 60 1/2 pounds per bushel. It was bought by the Muleshoe Elevator Company, who paid 81 cents per bushel for it. Mr. Warren also received a premium of \$5.00. The wheat was harvested with a combine, and made an average yield of 17 bushels to the acre.

Mr. T. E. Arnold, manager of the Muleshoe Elevator Company, reports that 41 loads of wheat had been received by them up to Thursday morning.

A number of combines have started this week and harvesting is now in full blast in this vicinity. The harvest season will not be prolonged, due to the fact that there are so many combines in the community, but with a fairly good yield, as is already indicated by the reports we have received, there will be a large amount of grain harvested throughout the Muleshoe district.

JUNIOR B. Y. P. U.

- Program for Sunday, June 23. Subject, "Taken Captive to Babylon."
- Song: Prayer.
 - Memory work program.
 - Sybil Coker, leader.
 - 1. Jeremiah Warns the People—Leader.
 - 2. Jeremiah's Message is Written—Juanita Coker.
 - 3. The King Burns the Prophet's Message—L. S. Barron.
 - 4. The Promise to Jeremiah—Clifton Griffiths.

HOLDER OF MANY RODEO CHAMPIONSHIP TITLES TO BE AT TRI-STATE FAIR

Amarillo, June 20.—Tommy Kirnan of Smithville, Texas, holder of many world championship rodeo titles, will be the feature attraction at the Tri-State Fair rodeo to be held at Texan ball park here July 3, 4 and 5. Wilbur C. Hawk, president of the Tri-State Fair Association, announced last night. Kirnan, known to rodeo fans all over the country, will perform at each performance, matinee and evening, during the three days. He will be accompanied by his wife, Bea Kirnan, outstanding woman star known as "America's Favorite Horsewoman." Mr. and Mrs. Kirnan have taken part in every major rodeo in the world during the past ten years. Preparations are being made to take care of a crowd of at least 10,000 during the rodeo. Cowboys are expected from all over the Panhandle, New Mexico, Oklahoma and Kansas. Clyde Miller of Holly, Colorado, manager of the rodeo, arrived in Amarillo this week to supervise arrangements for the big show. Those interested in taking part in the various contests are urged to write to him at his office in the Ross Hotel, Amarillo.

PLANS COMPLETED FOR BIG PICNIC AND FOURTH OF JULY CELEBRATION

Plans have been completed for the big picnic to be held here on the Fourth of July. The present indications are that it will be the best picnic ever held in Muleshoe, and there is no reason why anyone who attends should go away disappointed. The program will start at 10 o'clock and continue throughout the day. The horse races, mule races, penny and burro races, also a greasy pig race will take place at the ball park. There will be other events to fill out the first half of the day. At 12 o'clock, dinner will be served on the Court House lawn. The afternoon program will include a three-legged race, sack race, relay and other foot races. A water fight will be staged by the Fire Department. There will also be a fire-eating contest, shoe-tying contest, guinea hen race, lug-of-war and other fun-making amusements. The \$75 in gold will be given to the holder of the lucky ticket just after the baseball game. The program will end at night with a beautiful fireworks display.

LEVELLAND MEN ARE TO ATTEMPT AN ENDURANCE TEST 'THAT'S DIFFERENT'

Levelland, Texas, (Special).—The flight of the ship "Fort Worth" placed not only Fort Worth, but all of Texas in the spotlight and now three men here at Levelland, Texas, out on the South Plains, are to attempt a different kind of an endurance test that is expected to create a national interest. These men will leave June 20 on a non-stop trip in a Ford car to visit each of the 252 county seat towns in Texas. The trip is estimated to be from 40,000 to 50,000 miles and the time required will be much more than the 172 hours that the ship "Fort Worth" soared in the Texas skies. H. C. Gore, W. C. Bredlove and Walter Wright are the men to make the test. The start will be made to the north with Olton, the county seat of Lamb County, the first of the 252 county seats to be visited and Dallas scheduled to be the last. The "Ford Musketeers" will travel day and night and expect to create a lot of favorable attention over the Nation for Hockley County, one of the youngest counties in the State as well as for the entire South Plains of Texas where 5,000,000 acres of virgin agricultural land awaits development on the level prairies. Information about Levelland and the South Plains will be handed out at every town visited.

SUDAN SELLS BONDS FOR INSTALLING WATERWORKS

On Monday of this week the City Commissioners of Sudan effected sale of the issue of \$50,000 of bonds voted some months ago for the installation of a system of water-works for Sudan. The bonds were sold to the Panhandle Construction Company of Lubbock, which company was also awarded the contract for installing the water system. The bonds brought par. For some time drilling has been in progress on the site chosen east of the Santa Fe tracks and a well is now down and being developed.—Sudan News.

BALL GAME "RODEOED" OUT AT FARWELL SUNDAY

The Muleshoe boys went to Farwell last Sunday afternoon to play the Farwell-Texico team a game of baseball. But the game failed to materialize, owing to the fact that a rodeo was in progress at the ball park which lasted very near all the evening, and when it was over our boys decided it was too late to play ball. Those who went from here to witness the ball game and who paid 75 cents to get in, figuring that in order to see the game, it would probably be necessary to "get in on the ground floor," seem to be a little sensitive on the subject and it might not be best to ask them how they enjoyed the rodeo.

South Plains Wheat Should Bring Premium

Wheat of the Plains section, including Lubbock and surrounding counties of the South Plains area, should bring a premium on the market this year, because of its high protein content, according to Prof. H. J. Bower of Texas Technological College, who has just returned from an inspection trip throughout the area, made for the Texas Wheat Growers Association. Bower is doing field work for the association this summer and has had many years of experience in studying wheat, its conditions and classifications. "What is ripening very fast," says Bower, "the kernels are dry and brittle, which is a good indication that it will be of good protein content. The crop is of good quality, cured rapidly and is very uniform. Weather conditions, the past two weeks have been ideal."

Bower recommends that wheat producers consult the several laboratories in the Panhandle-Plains area, in order to get accurate information as to protein content. There is a laboratory at Lubbock, at the Burrus elevators, one at Plainview and another at Amarillo. There is no reason why Plains producers of wheat should sell their wheat at a lower figure than is just. A premium is available and they should not sell it as ordinary low-grade wheat, which is sent out as export quality. In order to get the premium for Plains wheat, which is offered because of higher protein content, Bower says the grower should take nobody's word for their grain's quality, but have it tested scientifically at a laboratory.—Lubbock Journal.

Improvement Of Main Street Has Already Started

If weather conditions hold good for a few more days it will be possible for automobiles and trucks to pass through Main Street without the aid of tractors in negotiating the mud holes.

Work started last Tuesday on this street and everything will be done to put it in first class condition. Trucks are hauling dirt from south of town to make fills, and drain ditches will be opened and culverts repaired. The work is being done under the supervision of Mr. D. L. Butts.

Credit for the improvement is due the public-spirited men and women of Muleshoe as well as Mr. Butts, who are doing everything possible under conditions to make the town a better place in which to live. It is to be hoped that now the good work is started, that our streets will be maintained as they should be, thus saving the people many dollars of unnecessary expense.

GLOVIS AIRPORT TO BE OFFICIALLY DEDICATED NEXT FRIDAY, JUNE 28

Dedication of the Glovis airport will take place on June 28, between the hours of 2 and 5 o'clock in the afternoon. The airport is four miles west of the city. The crowning of "Miss Port Air" will be one of the major events of the occasion.

The dedication program will include an address of welcome by Mayor D. L. Lancaster, a response by an official of the T. A. T., and brief talks by one or two others. Governor R. C. Dillon has been invited to attend as a guest of the city of Clovis and the Transcontinental Air Transport.

In the evening there will be a grand ball in the big hangar—it is 204 by 124 feet in size, and not a post in the shop. Refreshments will be served and in the evening there will be a big display of fireworks.

RECENT DELIVERIES OF NEW CARS AND TRUCKS BY VALLEY MOTOR CO.

The Valley Motor Company report recent delivery of new Chevrolet cars and trucks to the following parties: Trucks—S. R. Little, George Nelson, A. N. Reed, Bert Mathis, S. D. Beller, J. M. Summons, J. M. Freeman, C. J. Powell and G. Ferguson. Sedans—Ray Buzard and H. A. Douglass. Coupes—Byron Griffiths and J. C. Burkhead. Cabriolets—R. J. Klump and Buster Ragsdale.

TO WED A PRINCE

Several thousand people from all over the South Plains gathered at Hereford Sunday for the 8th annual Plateau Singing Convention. Bailey County was well represented and Dolores Beller, 7 years old, little daughter of Mr. and Mrs. S. D. Beller of the YL community was on the program and led a song. Her singing was highly appreciated and the judges awarded her the "loving cup" which is given every year for the best singing at the convention.

LITTLE DOLORES BELLER WINNER OF LOVING CUP

Dolores carried the cup to the YL school house Sunday night and received great applause from the singers and neighbors present. Truly, "A little child shall lead them."

Mr. and Mrs. Frank Johnson attended the funeral of Roy Kropp at Hereford Tuesday. Mr. Kropp was killed Monday by falling from a "glider" when the machine struck an air pocket and capsized. He had built the glider about a year ago and had made several flights in it after it had been tested by an aviator. It is similar to an airplane, but has no motor.

Kikuko Tokugawa, the daughter of the house of Tokugawa (an old Shogun family, who is to marry Takamatsu, a piece of the royal blood of Japan).

HOUSE PULING ON PAYMENT OF AUTO REGISTRATION FEES

The Valley Motor Company has received information regarding the bill passed recently by the State Legislature which provides for the payment of motor vehicle registration fees by twelfths instead of quarterly, as heretofore. The information is from Assistant Attorney General Paul D. Page, Jr., and is as follows: It is advised by the Secretary of State that House Bill No. 178 was passed by the first called session of the Fortieth Legislature and carried the emergency clause. The bill was passed by more than a two-thirds majority in both houses and was signed by the Governor on the 23rd day of May, 1929. Accordingly, House Bill No. 178 became immediately effective.

H. L. Keenan, prominent grain dealer of the South Plains with headquarters at Amarillo, was in Muleshoe this week on business.

There is talk of trying to interest some company in placing a creamery in Muleshoe. This is talk worth while, and would mean a great deal to the development of this territory. It would be well for the merchants to have a committee to investigate this proposition and work toward the establishment of such an enterprise here. We have one of the best territories on the Plains for dairy products and it should be developed.

The major item of interest this week for the Southern people is the entertaining "at tea" of Mrs. De Priest, wife of the negro Congressman from Illinois, by Mrs. Hoover. After all the discussion, it seems to be a matter of taste. Some folks like white, some like black. Then there are some who prefer niggers and some who prefer goats. Personally, we prefer goats, if you know what we mean.

Messrs. David Anderson and Frank Snyder were business visitors in Lubbock Saturday.

Mr. Winfred Young of Chillicothe, Texas, was a business visitor in Muleshoe last Saturday.

W. M. S. MEETING

The Ladies Missionary Society met at the home of Mrs. A. P. Stone with two members present. The meeting opened by Mrs. Hicks, our president, reading the One Hundred and Third Psalm. Mrs. C. C. Mardis led in prayer.

The meeting then consisted of making plans for the chicken dinner which the Society is going to serve to the public at the rodeo, on the Fourth of July. This subject was fully discussed and the meeting was then dismissed. The next meeting will be at the home of Mrs. Hicks.

Dr. and Mrs. D. K. Robinson of Itasca, Texas were prospecting in Muleshoe last week-end.

John R. Boyles has returned from Flagstaff, Arizona, where he has been visiting his daughter.

The ladies of the Methodist church will serve lunch on the Fourth of July.

Mr. and Mrs. L. Sikes moved Saturday to the house formerly occupied by Mr. and Mrs. Buddie Arnold.

Les Dodson of Lovington, N. M., was visiting friends and relatives here over the week-end.

Mrs. Albert Taylor is spending the week-end on the ranch here with Mr. Taylor.

Mr. and Mrs. H. C. Edmonds and Mrs. Avant motored to Lubbock Sunday.

Mr. and Mrs. Frank Snyder were shopping in Lubbock Monday.

Born—To Mr. and Mrs. Sam Beck, Friday, June 14, a daughter, weight 8 1-2 pounds.

What's Doing
In West Texas

Wink is building for the future and assuming more substantial proportions. Some of the latest accomplishments of the group of young men who have formed the Chamber of Commerce is the securing of a new telephone theatre and the construction of a \$225,000 school building with an auditorium seating capacity of 650.

Wheeler has employed Grady O. Watson as secretary of their Chamber of Commerce. Agricultural development will be stressed in the first years program. Street paving and an adequate water and fire protection system are among the projects that will receive attention in the civic development work.

Hereford's wheat harvest is such that 150 combines, costing a total of \$300,000, will be distributed for the 1929 harvest, according to dealers who have them for sale. Probably 50 more will be sold later, and these with tractors will bring the cost of harvesting equipment to well over the half million mark.

Booker's largest business house under construction at present is the 50-foot brick being constructed by A. W. Robinson, which will be occupied by the local DeSoto automobile agency soon. A number of permanently constructed residences are being built.

Big Spring's Reed building is nearing completion. The building contains seven store building spaces on the ground floor, and a 25-room hotel on the second floor.

July 10 to 20 has been set as the dates for the fourth annual motorcycle conducted by the West Texas Chamber of Commerce so as to include two district meetings of the regional organization. These are the Big Bend district meet to be held at Van Horn on July 8 and the Fecos Valley-Inter-Mountain meet to be held at Roswell on July 16.

Tahoka, in view of the growth of recent months, points out that since 1921 two new rural routes have been inaugurated, two new rural subdivisions established and receipts have increased from \$4,553 to \$19,514, or 126 percent.

Comanche berry growers are at the height of their season now. The first day of the opening of the Bow-doin Canning Plant, 4,188 pounds of berries were bought from thirty different growers. More money is being paid for the berries than ever before, 85 cents being the present price.

Slaton fruit growers report that, unless unforeseen damage is experienced, the fruit crop through the territory will be the best in years. Trees are now heavily loaded and giving promise of a high quality of apples, peaches, plums, cherries and many other kinds of fruit.

Lampasas is planning a large Fourth of July program. The American Legion is preparing a rodeo for six or seven thousand people, special features of which will be barbecue for all Legionnaires and a drum and bugle corps with handsome cups as prizes. A prize of \$100 in gold is offered to the rider of one of the post's outlaw horses.

Alpine is planning for one of the biggest and best Old Settlers and Cowboy's Roundups this year on July 4 ever staged in the town. The celebration will be held two days, and a permanent rodeo and fair association will be organized at this time. Plans will also be made to buy land upon which to erect permanent buildings.

Midland recently opened the tenth city addition that has been added to the town since it became a thriving oil city two and one half years ago. The addition lies within 10 blocks of the business district.

WORLD'S LONGEST PHONE CABLE

The cable carrying the long distance lines between St. Louis and New York is said to be the longest telephone cable in the world. This cable, while not much thicker than your wrist, contains 250 telephone circuits, which would ordinarily require 10 open wire pole lines. It took nine years to complete this cable costing about \$32,000,000. It provides dependable service from St. Louis and the Southwest to the Atlantic Coast.

ELECTION NOTICE

Pursuant to the election proclamation issued by the Governor of Texas, notice is hereby given that an election will be held on Tuesday, the sixteenth day of July, 1929.

In each voting box of the four Commissioner's Precincts of Bailey County, Texas for the purpose of voting for or against the amendment to the State Constitution providing for a supreme court of nine members, and for continuous session of that court.

For or against the Amendment to the Constitution of the State of Texas fixing the salary of the Governor.
J. E. ADAMS, County Judge,
Bailey County, Texas.

F. O. Boone and wife of Canyon were guests of Judge and Mrs. J. E. Adams Saturday and Sunday.

Miss Beth Mardis, who is attending West Texas State Teachers College at Canyon, was here Sunday.

Mrs. E. J. Vance has returned from a visit with her sister in Bakersville, California.

NOW IN LUBBOCK

You can now get the world-famous Draughon Training in the new Draughon's College at Lubbock, Texas. It costs no more than ordinary training, and through its Employment Department, affiliating with the other Draughon's Colleges throughout the South, you will have many advantages for positions not obtainable elsewhere. Special opportunities for a short time. Mail coupon for full information today.

CITATION BY PUBLICATION

THE STATE OF TEXAS.
TO THE SHERIFF OR ANY CONSTABLE OF BAILEY COUNTY—GREETING:

You are hereby commanded, as you have once heretofore been commanded to, to summon L. O. Smallidge, to L. O. Smallidge, whose residence is unknown, and the wife, or wives, of L. O. Smallidge, whose name or names are unknown, and the heirs, devisees, legatees, and legal representatives of L. O. Smallidge and his wife or wives, and of each of them, the name of each of whom is unknown, by making publication of this citation once each week for four consecutive weeks previous to the return day hereof in some newspaper published in Bailey County, Texas, if there be a newspaper published therein, and, if not, then in the nearest county where a newspaper is published, to be and appear before the 68th Judicial District Court of Parmer County, Texas, at the next regular term thereof, to be begun and holden at the courthouse thereof in Farwell, Parmer County, Texas, on the second Monday in July, A. D. 1929, same being the 8th day of July, 1929, then and there to answer the second amended original petition of E. K. Warren & Son, a Michigan corporation, with a permit to do business in the State of Texas, filed in said court on the 30th day of May, A. D. 1929, in a certain suit pending in said court styled E. K. Warren & Son vs. L. O. Smallidge et al, No. 744 on the 2nd day of said court, wherein plaintiff's original petition was filed on June 5, 1928, and wherein E. K. Warren & Son is plaintiff and L. O. Smallidge, his unknown wife or wives, and the unknown heirs, devisees, legatees, and legal representatives of L. O. Smallidge and his unknown wife, or wives, and of each of them, are defendants, the nature of plaintiff's cause of action being briefly as follows:

First Count: Plaintiff sues in trespass to try title alleging that about January 1, 1927, it was lawfully seised and possessed of the following described land located in Parmer and Bailey Counties, Texas, to-wit: North 1/2 acres of Section No. 88 in Capitol League No. 585, Block 17, W. and F. W. Johnson's Subdivision in Parmer and Bailey Counties, State of Texas, holding and claiming the same fee simple; that on said date the defendant unlawfully entered upon the plaintiff's land and thereupon unlawfully withheld from plaintiff the sum of \$1000.00; that the annual rental value of the premises is the sum of \$500.00; that the title to said premises is regular and unbroken chain of conveyances from the superior legal title to said premises by virtue of retention of express vendor's lien in deed to plaintiff Smallidge dated Oct. 8, 1928 conveying said property; that plaintiff is entitled to recover title and possession of said premises from defendants.

Second Count: In the alternative, plaintiff alleges execution of deed conveying to L. O. Smallidge said real estate on Oct. 8, 1928; execution and delivery to plaintiff by said L. O. Smallidge in part payment of said land of 10 vendor's lien notes dated Nov. 1, 1928 payable to plaintiff, signed by L. O. Smallidge, bearing 10% interest, containing usual attorney's fee clause, numbered 1 to 10, inclusive, due annually in successive quarterly payments beginning Nov. 1, 1928, each note being for \$100.00; that said deed expressly retained a vendor's lien on said real estate to secure payment of said notes; that plaintiff is entitled to recover title and possession of said real estate from the defendant; that plaintiff is entitled to the benefit of the trust created by said deed; that the Central Power & Light Co. is the trustee, dated Feb. 5, 1926; also the ownership of said notes; non-payment of said notes maturing Nov. 1, 1928 and Nov. 1, 1927; acceleration in accordance with all said notes; default in payments of said notes; default in the payment of all of said notes by defendant except as to interest to plaintiff; that plaintiff's damage in said deed, to-wit \$3700.00; accrual of attorney's fee and of plaintiff's right to foreclose its said real estate and to receive payment of said notes; that plaintiff prays judgment against defendant for title and possession of said property, writ of specific performance, damages and costs of suit; or in the alternative judgment for its debt as stated by said notes, costs of suit, foreclosure of its vendor's lien, and satisfaction of said notes, and satisfaction of said trust liens on said property; that plaintiff prays satisfaction of said judgment, herein rendered, in full, with force of writ of possession, that officer executing such writ give purchaser in possession of said property within thirty days after the date of said judgment, and that plaintiff prays also for general relief in any event.

THIRD COUNT: Plaintiff prays that she be paid on said first day of July, 1929, the sum of \$1000.00, with interest thereon, showing how you have executed the same.

Wherein Gordon McCuan, Clerk of the said Judicial District Court of Parmer County, Texas, do hereby certify under my hand and seal of office in a public office at Farwell, Texas, on the 21st day of May, A. D. 1929.

GORDON McCUAN, Clerk of the said Judicial District Court, Parmer County, Texas.

DAINTY FROCKS FOR CHILDREN MUCH IN FASHION LIMELIGHT

Children's wear—party dresses, little frocks for summer outings, and the various occasions demanding dainty apparel—is a topic that demands a great amount of attention these days, since our little daughters now copy their elders to a very large degree. Their dresses must be and are as dainty as their mothers and sisters wear, and they should be, if they are to be in the mode.

Little girls' dresses show no inclination to grow longer nor is there any appreciable change in locating the waistline. This is because most little girl dresses now, as in the past season, are made to hang perfectly straight from the shoulder, with yokes of various kinds, including lace, and other favorite materials—just like older sister's.

The little frock at the left, charming in its simplicity, brings to immediate attention the fact that it is of narrow plaited material. The importance of plaiting this season is manifest in this frock to a very marked degree. This little dress is plaited all

around and attached to a yoke of lace. Lace also forms a short capped sleeve, edged with narrow plaiting of the dress material. The plaits are confined at the hips by a narrow ribbon tied with the daintiest of bows at the side front. The frock has a round neck with just a tiny bow on the left shoulder.

Note also the printed silks for children. Shown in this delightful little sleeveless frock is one of the newest designs for the little tots. A very unusual feature is the plaited ruffle extending in a straight line from shoulder to shoulder, where it is caught with bows of ribbon. Extending down the front is a plaited panel, also of plain, contrasting material. At the waistline the plaiting is held in place by a ribbon band with a bow at the left side.

Figured canton crepe, wool challis, and various other materials are suitable for the little frock above described.

JULIA BOTTOMLEY,
(©, 1927, Western Newspaper Union.)

Companies Hard Put To Keep Up With Texas Growth

One fact about Texas utility companies is that they are hard put to it to keep up with the rapid growth of the State, and there is a constant increase in investment necessitated by needed extensions and enlargements to serve their customers satisfactorily.

Instance: The Lone Star Gas Co. is to spend several million dollars this summer on improvements, including 200 miles of pipe lines, new compressor stations, new offices and extensions to at least a dozen cities for the furnishing of gas.

The Texas Power & Light Co. recently issued \$2,500,000 worth of preferred stock to take care of added extensions.

The Central Power & Light Co. announces the expenditure of \$5,000,000 this year on improvements and extensions, and the same, in greater or less degree, is true of practically every other large utility company in the State.

SMALLER MONEY JULY 10

The Secretary of the Treasury, Andrew W. Mellon, has announced that July 10, 1929, has been set by the Department of the Treasury as the date for the first issuance of the new small-sized currency. The issue, Mr. Mellon's statement added, will be made through the 12 Federal Reserve Banks and their branches.

Investigation is Requested On Decline of Wheat Prices

The Secretary of Agriculture would be authorized to investigate the decline in the price of wheat in the last several months, by a joint resolution (H. J. Res. 90) introduced in the House by Representative Parker of Salem, N. Y., chairman of the House Committee on Interstate Commerce. The proposal was referred to the Committee on Agriculture.

A BIG BIRD REFUGE

A 57,000-acre sanctuary for birds on the site of the former Fort Keogh Military Reservation, near Miles City, Mont., to be known as the Fort Keogh Bird Refuge, has been created by President Hoover by Executive order. Administration of the refuge will be by the Bureau of Biological Survey at Washington. The reservation is under the control of the same department, as a range livestock experiment station, and its use for this purpose will be continued as heretofore.

Sometimes we think that publicity has become so fine an art that it is in danger of defeating its own purpose, and if we knew anybody that looked like the Holeproof Hosiery girl in all respects, we don't believe we'd think any the less of her, even if she did have a hole in her stocking.

Railways of India favor improvement of roads leading to their stations, some of which are shut off from the outside world by mud nearly half the year.

More than 6,000 text books printed in several languages in Braille form have been placed in the National Institute for the Blind Library in London.

It is said that steel rails on a north and south railway track last longer than those laid east and west. The friction is undisturbed in the former case; the latter is resisted.

OF BURNED OUT BEARINGS YOUR MOTOR CAN ESCAPE IT

If you've ever listened to the anvil chorus under the hood when a bearing burns out, you realize the damage that poor oil can do to a motor. Replaced bearings cost real money—a great deal more, in fact, than the cost of a year's supply of good oil.

Isn't that reason enough why you should always insist upon a brand of oil which has stood the test—a brand backed up by an organization which has spent years specializing in the lubrication needs of every type of motor?

Such are the brands offered you by the Continental Oil Company. You may be sure that an oil sponsored and sold by this organization is the right oil for your car.

You protect the bearings—and your pocketbook, too—when you ask for these brands at service stations and garages.

CONTINENTAL OIL COMPANY
Producers, Refiners and Marketers of high-grade petroleum products in Arizona, Arkansas, Colorado, Idaho, Kansas, Missouri, Montana, Nebraska, New Mexico, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, Wyoming

Conoco Amalie is 100% Pennsylvania Oil—refined from premium crudes by a special process. Universally recommended by automotive engineers and lubrication experts. Through exhaustive laboratory and road tests it has demonstrated its ability to lubricate properly under the most trying conditions of motor operation.

EXTRA LIFE for your car

The Chevrolet Six offers all the Distinct Advantages of BODY by FISHER

Never in all the history of the automotive industry has a low-priced car provided coachwork of such outstanding style and quality as the new Chevrolet Six.

stead—and finishes are modishly smart and lustrous.

The smart new bodies are built by Fisher, with all the mastery in design and craftsmanship for which the Fisher name is famous. Lines are long, low and graceful—seats are deeply cushioned and luxuriously upholstered—interior hardware is fashioned by Tern-

In construction, too, the new Fisher bodies represent a marked advance. Built of selected hardwood and steel—they provide a measure of strength, endurance, comfort and safety unapproached in any other low-priced automobile.

Visit your Chevrolet dealer today. See and inspect this sensational new Chevrolet Six.

SPECIAL FARM OUTLOOK
REPORTS TO BE ISSUED

Special outlook reports designated to assist farmers in planning crop and livestock production programs on the basis of the prospective demand for their products will be issued during the current agricultural season by the Bureau of Agricultural Economics in Washington.

An outlook report for hogs will be issued on July 5; poultry, July 22; sheep and wool, August 5; strawberries, August 15 or earlier, prior to setting of new beds; beef cattle, August 26; early potatoes (Florida and lower Texas valley), September 1 or earlier; winter grains, including wheat, rye and southern oats and barley, September 5.

Outlook reports on truck crops will be issued from time to time, provided new information on each product now being collected by the bureau proves adequate for that purpose; on fall, winter and early spring lettuce; Bermuda and Creole onions, fall and early spring tomatoes.

January 27, 1929, has been set tentatively as the date of issuance of the bureau's annual outlook report for 1930, which will deal with the production and marketing outlook for all important agricultural products at that time. Annual outlook reports and some special reports have been issued annually by the bureau for the past seven years. The addition to the annual report is to enable farmers to adjust production programs in view of the very latest developments of the season.

FLORIDA REPRESENTATIVES
VOTE FOR TARIFF BILL

Florida's four Representatives in the House voted in favor of the new tariff bill. Only 16 other Democratic Representatives supported the measure, which is expected to be radically changed by the Senate.

Representatives Green, Yon and Mrs. Ruth Bryan Owen supported the tariff bill because it provides protection for many of Florida's products against foreign competition. Senators Fletcher and Trammell are expected to favor the bill in the same manner when it comes up in the Senate.

FOREST FIRES IN SOUTH
ALMOST ALL MAN-CAUSED

The South has power to eliminate its forest fires and check the huge losses caused by them, says the U. S. Forest Service. Unlike the West, where serious fire losses result from lightning, the South is dealing with a fire problem almost entirely man-caused. "Forest fires in the South can be prevented by curbing the careless fire user and dealing firmly with the malicious fire setter," the Forest Service declares. "Sound economic policy demands that this power be exerted and that the brand of the woods burner be extinguished. The South can not afford to let the woods burner block economic progress."

OLD AGE PENSIONS

An investigation of old-age-pension systems is directed in a resolution (Senate Resolution 70) introduced by Senator Dill of Washington.

The resolution, which was referred to the Judiciary Committee, which by its terms would make the investigation, provides that a sub-committee (1) examine and report to the Senate the laws of the separate states on the subject of old-age pensions; (2) investigate and report to the Senate the conditions of the aged who are dependent throughout the United States; and (3) report to the Senate as to the constitutionality of a Federal old-age pension law, and make recommendations as to whether such a system of pensions, if desirable, should be separate from or connected with the existing state systems and state systems that may be hereafter established, and make such other recommendations on this subject to the Senate as the committee may deem proper as to desirable or necessary legislation on this subject.

SENATOR FLETCHER ANNOYED

Senator Duncan U. Fletcher of Florida has made known his irritation over Vice President Curtis' almost constant banging of the gavel to preserve order in the Senate. From time immemorial Senators have been in the habit of strolling about the Senate Chamber and holding whispered conferences. Curtis is trying to break up this practice and restore decorum and dignity. Several days ago when Curtis began a tattoo with his gavel to send Senator Fletcher back to his seat, the Floridian said, "I don't see why we can not transact business in the usual way here without all this hammering going on."

Brownfield has 16 boys and girls 4-H Clubs with a membership of 350. There are 150 in the pig club. The boys who were in the pig club last year are realizing \$412.00 a head for their pigs. The poultry club members have secured pure-bred chickens. Thirteen Jersey calves were shipped in for the dairy club members.

GOVERNMENT CANCELS
5,544 OIL PERMITS

The Department of the Interior has canceled 5,544 applications for permits to prospect for oil and gas and 2,598 permits heretofore issued have also been canceled. The total number of cases acted upon since the present program was inaugurated on March 12 is 18,992, which included 10,852 notices to show cause.

It is interesting to note that the cancellations have been in 17 states. Extensions of time have been granted upon permits and groups and permits in practically all of the Western States, especially New Mexico, Colorado, Wyoming, Montana, Utah, Nevada and California.

In handling these cases the department has, as indicated when the conservation policy of the President was put into effect, endeavored to be just and to meet every reasonable equity. In carrying out this policy, certain classes of equities have been recognized on existing permits.

Where He "Acts Up Some"

I am twenty-five cents.
 I am not on speaking terms with the butcher.
 I am too small to buy a quart of ice cream.
 I am not large enough to purchase a box of candy.
 I am too small to buy a ticket to a movie.
 I am hard hit for a tip, but—believe me, when I go to church on Sunday I am considered some money!

Gruff Father to Son: "Why don't you get out and find a job?" When I was your age I was working at \$3 a week and at the end of five years I owned the store."
Son: "You can't do that nowadays. Dad; they 'have cash registers.'"

A Little Seasoning

A Sizzling Comeback

The burglar's wife was on the witness stand and the prosecuting attorney was particularly caustic.

"You knew this man was a burglar when you married him, did you not?"

"Yes, sir."

"How did you come to contract a matrimonial alliance with such a character?"

"Well, I was getting along in years and had to choose between a lawyer and a burglar, so I took the burglar."

—Exchange.

Just as Noisy

Mrs. Johnson—"Ah thought you all said you was wine to name your new baby 'Victoria,' but Ah hears you all done make a change."

Mrs. Moses—"Yes, Ah expected it would be a girl 'an Ah had decided to name her Victoria, but she turned out to be a boy, so Ah done name him 'Radio.'"

Safe Both Ways

"Who is your favorite composer?"

"Wagner," replied Mr. Curox.

"You must be a student of music."

"No, I mention Wagner for the sake of relieving myself of conversational strain. If the other man doesn't like Wagner, he won't want to hear me say another word."

"And if he does?"

"He'll want to do all the talking himself."

You Can't Beat 'Em

An American, an Irishman and a Scotchman dined together at a fashionable hotel. Upon finishing the dinner the American displayed a \$5 bill, which he leisurely rolled up and used to light his cigarette. Not to be outdone, the Irishman took out a \$10 bill, which he rolled up and used for lighting his pipe. And the Scotch-

man, nothing daunted, drew a check-book from his pocket, wrote a check for \$10,000, and used it for lighting his cigar.—Ex.

THE COSTLIEST ERROR OF TIRE BUYING!

Every once in a while you hear a man say off-hand: "All tires are about alike." This is worse than a careless statement; in total effect it is the costliest error in tire-buying. The plain truth is—and it cannot be made too emphatic—all tires are NOT alike!

The leading manufacturers of motor cars know it, so they use more Goodyear Tires for original equipment than any other kind.

The rank and file of informed motor car owners throughout the world know it, so "more people ride on Goodyear Tires than on any other kind."

If Goodyear Tires were not definitely and greatly superior, these impressive preferences would not obtain. Get a goodyear tire and you get the best, and, since it cost you little if anything more than any other, you get the greatest tire value that money can buy.

Millions More People Now Ride on Goodyear Tires!
 Because Experience Proves Them The Best.

Valley Motor Company
 Phone No. 12 Muleshoe, Texas

Ray Griffiths and family returned Sunday from Breckenridge, where they had been visiting Mr. Griffiths' brother.

T. T. Avant returned to his home in Enid, Oklahoma, Friday after spending several days with G. A. Anderson and family.

J. J. Franks of Sudan was a Muleshoe visitor Saturday.

Mr. and Mrs. A. W. Coker were Lubbock visitors Tuesday.

H. R. Haberer and sons, of Big Spring, were in Muleshoe Wednesday.

Miss Lela Glasscock was visiting in Portales, N. M., Sunday.

Town Talk

Six new hydrants have been placed on the Court House grounds and Mr. J. F. Vaughn, keeper of the grounds, has had them all working this week by the use of hose and spray to them for the purpose of irrigating the lawn. Mr. Vaughn is very active in his effort to keep the grass in good condition about the Court House.

The first meeting of the Girls' Club was held Wednesday morning, when the following members enjoyed a swim in the swimming pool at Mrs. Faulkner's home: Eula Neely, Ruth Owens, Carr Agnes Lee, Mrs. D. O. Smith and Louise Lawler.

The Muleshoe Motor Company was closed after 6 o'clock Tuesday evening. Manager Rockie and all employees went to Lubbock to attend the Ford Dealers Association. Several new Fords were brought back to the local shop here.

Mrs. Frank Johnson and two children visited her daughter, Mrs. F. Banner, and family at Childress from Friday to Monday. They were accompanied by Lloyd Gordon.

Mr. C. G. Foust, his wife and youngest son, Mac, were here Thursday, visiting Walter Foust of Hart Lumber Company. From here they went to Odessa and Carlsbad for a short stay, Walter going with them.

Mrs. Byron Griffiths, Misses Mary Goodson and Ellen Abbott, Carroll Griffiths and Jeff White were in Lubbock Sunday to visit Miss Verbie Griffiths, who is in a sanitarium there.

Miss Fannie Anderson, who has been visiting in Erick, Oklahoma, returned home Tuesday. She was accompanied by her aunt and uncle, Mr. and Mrs. Avant who have been visiting in the H. C. Edmonds and G. A. Anderson homes.

Bill Broome passed through Muleshoe Tuesday enroute to his home in Clovis. Mr. Broome is connected with the Miller & Crawford shop in Clovis and had been in Sudan several days assisting in their shop there.

Rev. and Mrs. W. B. Hicks and family returned last week from a visit with relatives in Memphis. Rev. Hicks reports continuous rains and storms in that vicinity.

Miss Eula Neely has resumed her duties at the McCarty Drug Store after an absence of several weeks. Miss Neely has been recovering from an operation for appendicitis.

Charles Coffman, formerly with the Jones Service Station, has accepted a position as truck driver for the Continental Oil Co.

Sixteen carloads of cattle were unloaded in Muleshoe Monday. They were shipped from Odessa, Texas, by Messrs. Pool & Goodwin and will be placed on the range here.

Mrs. F. Banner and little daughter are here from Childress, visiting Mrs. Banner's parents, Mr. and Mrs. Frank Johnson.

Mrs. Forrest Squires came in last week from Haskell to join her husband who is employed at the E. R. Hart Lumber Company.

Quite a number of Clovis young people were over Tuesday night and had a swimming party at the Electric Pool.

Mr. J. B. Hale of Tahoka returned to his home Monday, after visiting in the home of A. J. DeBord for several days.

J. J. and J. R. Lawler left Sunday for Belton to attend the funeral of their sister, who was killed in an automobile accident.

Emmett Overstreet, of Amarillo, and Mr. Moore, of San Jon, N. M., grain dealers, were transacting business here Monday.

Miss Helen Elrod was the guest of friends in Littlefield Sunday.

SPECIAL ELECTION NOTICE

From each of the Commissioner's Precincts of Bailey County a petition was presented to the Commissioner's Court asking that an order be passed calling a special election for the purpose of voting a special road tax not to exceed 15 cents on the \$100 valuation, and in pursuance to an order by the Honorable Commissioner's Court of Bailey County, Texas, on the 16th day of June, notice is hereby given that an election will be held on the 16th day of July, A. D. 1929 in each voting box of the four Commissioner's Precincts for the following purpose: To vote for or against a special road tax not to exceed 15 cents on the \$100 valuation.

J. E. ADAMS, County Judge, Bailey County, Texas

Vast Wealth Amassed by Old Time Monarchs

Among those in ancient times who could afford to turn over and take another nap in the morning, one of the wealthiest was Ramses III, according to a writer in the *Detroit News*. This Egyptian pharaoh some 2,000 years ago was dandling the known world with his treasures. Dismal estimated Ramses' wealth at about 400,000 talents, equivalent to the purchasing power of \$10,000,000,000. Croesus, the best known of all rich men, probably was not quite so wealthy as Ramses, but he was able to give the equivalent of \$200,000,000 to the Delphic Oracle as a bid for victory against the Persians. And, he it added, took his defeat like a man. Croesus had a relative, Pygmalion, who handed Xerxes \$24,000,000 one day as a token of his esteem and when Xerxes hesitated, assured him that it was a mere trifle to what he had on hand. Considering that the money would have to be multiplied by 20 to realize its purchasing power today, that was one of the largest gifts ever made.

Ramses' income was equal to \$80,000,000 a year. Sardanapalus, Nero, Lucullus, the queen of Sheba and Cleopatra, if alive today, would be respected by some of our richest nabobs. Then there was William de la Pole, who, in the Fourteenth century, loaned his king \$5,000,000—to tide over a royal embarrassment—and never got it back.

Be Here Next Saturday!

There is something doing in Muleshoe each Saturday now and of course everyone in this section will want to come to town. When you come, remember the McCarty Drug Store and make it your headquarters. We will keep you cool and make your visit pleasant. We carry a complete stock of Drugs and Drug Sundries and only want the opportunity of serving you, believing we can please you. Come to see us, not only on Saturday, but every day in the week.

Cold Drinks, Candies, Cigars, Etc.

YL News Items

The YL Sunday School had a very good attendance last Sunday. There were 108 present. We are glad that so many are taking interest in the Sunday School. Everyone is cordially invited to attend.

Miss Luella Brock filled Rev. Jones' appointment last Sunday, as he is away, attending school. Everyone enjoyed Miss Brock's talk very much. We are glad to have Mr. and Mrs. Duraham move into our community. Mr. Duraham is our school superintendent for the next term.

A number of people from YL attended the Plateau Singing Convention held at Hereford last Sunday. Little Dolores Beller won the loving cup for the best singing.

Miss Floy Beller spent Sunday with Miss Zora Shoffner.

Misses Lena Head and Lucy Robinson were guests in the Willman home Sunday.

The wheat in this community will soon be ready for harvest. Several are planning to harvest next week.

Miss Gladys Burhmann visited Miss Ruth Lovelady last Sunday. The singing at YL last Sunday was splendid. We were very glad to have with us Mr. Joe Head of Clovis, New Mexico. We are promised a special program for next Sunday. Everyone is invited.

Mr. Will Wilterding and Miss Dottie Wilterding were Sunday guests of Mr. and Mrs. D. B. Head.

Mr. and Mrs. J. J. Head spent Sunday in the home of Mr. and Mrs. Duraham.

Mr. J. A. Beaty is repairing his combine and will go to Hereford for the wheat harvest.

Mr. George Bonds of Crosbyton was in Goodland Friday with prospectors for the Figure Four lands.

The Goodland B. Y. P. U. voted to have their programs at night. We hope this arrangement will be an advantage to the community.

Quite a number of people were out to Sunday School Sunday.

Mr. and Mrs. C. B. Weaver and family were guests in the L. A. Reed home Sunday afternoon.

Mr. M. A. Reed of Roscoe is visiting in the home of his son, L. A. Reed. We are very glad to state that Mrs. Virgil Eddy, who has been very ill, is recuperating.

A number of Goodland people attended a splendid singing at Wilson Sunday afternoon.

Mr. and Mrs. L. O. Sanderson and family, Mr. and Mrs. C. B. Weaver and family and Mrs. Henry Hanover and daughters attended church at Wilson Saturday night at which time a splendid sermon was delivered by the new Baptist preacher, Rev. Shaw of Olton.
