VOLUME 7.

MULESHOE, BAILEY COUNTY, TEXAS, DECEMBER 6, 1929.

NUMBER 43.

Local Dealer Attends Meeting In Amarillo

Mr. Neil Rocky, manager of Muleshoe Motor Company, attended a dealers meeting of Gleaner Combine Harvesters Monday at which time the first announcement of a combine harvester that will harvest all kinds of grain, including corn, was made.

The new combine, among other features, will be equipped with a self-starter. Since a Model A Ford engine is used in the power plant, and will be ready for the installation of electric lights if desired.

Through changing cylinders the new combine will be able to completely harvest field corn including shelling the corn and depositing it in the grain bin.

This is said to be the only combine now on the market which will handle all kinds of small grain such as wheat, oats, barley, rye, milo maize, kaifir, beans and corn.

The hundred dealers present from all over the Amarillo trade territory received the announcement with much enthusiasm and many of them asserted that the machine would revolutionize farming in the small grain area.

The sales conference is in charge of C. C. Mabry, general sales manager; E. W. Bouch, advertising manager; Thomas W. Hulsey, assistant general sales manager, of Independence, Kan., and C. N. Twaddell, manager of the Amarillo district office.

"The new machine is revolutionary," said Mr. Mabry. "The only other combine harvesters on the market at this time merely pull the corn from the stalks and deposit the shucked ear in the wagon and are not effective since they only get about 75 per cent of the crop."

"Our machine will get all of the corn, will husk it, shell it and clean it before the grain is deposited in the bin. This is made possible through a special attachment to be placed on the regular wheat combine. Farmers do not have to purchase this attachment if they do not want it, but where it is needed you can see what it means to the farmer."

Dealers were guests of the company at a banquet at the Herrin Hotel at 6 o'clock Monday evening.

JUDGE CLEMENTS COMPLIMENTS OUR CITIZENS

The Fall term of the District Court of Bailey County comes to a close this week. Several cases have been tried and disposed of. Some have to be continued on account of sickness and bad weather. Judge Charles Clements was very complimentary of the good conditions in this county. He stated, "This county has had very little crime during the past few months in proportion to the rapid development and increase of population you have had. That our people are to be commended on their stand for law enforcement. With continued effort on the part of the good people of this county and the officers, violations of law will decrease, and that the costs of the courts will also decrease. And that this county will continue to grow and develop into a county with good towns, good homes and good citizens; and will be the best place on earth in which to live, acquire property, raise families, and all may continue to live in peace and prosperity. The courts and the laws will become, as it should be, the safeguard of society and foundations of civilization. We should all work to this end."

We should be thankful to have as our Judge a man who stands for such high ideals and who does all he can to carry out the purpose of the laws. Judge Clements was a pleasant visitor to the Journal.

QUARTERBACK STARS

Russell Saunders, quarterback for University of Southern California, is ranked as the star of western teams on the grid this season.

The Birds Are Roosting High

Journal Readers Ask For Market Report Each Week

Two weeks ago the Journal discontinued the Market Quotations. This was due to several reasons. Some people have had the impression that the markets were not read by anyone but were merely used as something to fill up space. We decided to run these quotations only after scores of readers had requested them. The cooperation of local buyers was asked in order that we might serve THEIR customers as well as OUR readers. As any sensible person knows, a weekly paper can only quote prices which prevail on the day of publication unless otherwise stated.

We are perfectly willing to take our part of the blame for any misunderstanding concerning the markets, but at the same time it is our opinion that the dealers were not giving the cooperation that they should, consequently a lot of misunderstanding came up for which the Journal was blamed. The past few days we have had many more protests because the market report has not appeared in the paper. Letters from other states have been received and local citizens have complained. We publish here one letter which is picked from a number which came to us.

Kansas City, Kansas,
December 3, 1929.
Editor, Muleshoe Journal,
Muleshoe, Texas.

Dear Sir:
The last two issues of the Journal have not contained the grain and produce quotations. This is a keen disappointment to me, for I am interested in the grain prices especially. It surely would please me to see them again printed each week.

Very truly yours,
H. L. Miller

It might be of some benefit to local buyers of grain and produce to take more interest in the price set aside for markets. We are still ready to serve the public in this line—when the buyers are.

INJURED IN ACCIDENT

Three men, who gave their names as Armstrong and who reside at Amherst, were injured Sunday night when the truck in which they were riding turned over on the highway near the Matthews Filling station. Two of the party received cuts on the head from windshield glass, while the other had an arm fractured.

It is said that the driver failed to see the turn in the road. The truck was not damaged to a great extent. Dr. Matthews rendered first aid, after which the party continued its trip.

Cecil H. Tate has returned from a Thanksgiving trip to Giddings and Houston.

Miss Vera Menefee returned to her home in Haganman, N. M., Sunday after a visit with Mrs. J. C. Buchanan and Irene Carles.

Mr. and Mrs. Harry Kincher and children and Miss Lottie Kincher left for Redlands, Calif., Tuesday after a visit with Mrs. B. W. Carles.

American Legion Will Hold Turkey Shoot Dec. 20

Are you good with a rifle, shotgun or pistol? If so, you will be given a chance to demonstrate your skill December 20, at 10 a. m. and the winners will be given a nice Christmas turkey. The shoot is being held by the American Legion and will be conducted with score cards.

A turkey shoot was held here Thanksgiving Day and met with such success that another is to be held. Don't forget the date and come out and enjoy the show.

DIES AT AMARILLO

A telegram was received by Mr. E. R. Hart last Tuesday stating that Clyde Johnson of Amarillo, but formerly of this place, had passed away.

He was the son of James Johnson of Dorchester, Neb., and came here about ten years ago where they had extensive land interests. Two brothers, Harry and Clyde, looked after the farms here for several years, but some time ago moved to Amarillo where they became owners of one of the largest machine shops in this part of the State.

Clyde Johnson was well known throughout this section and has many friends here who will regret to hear of his death. Funeral services were held at Amarillo.

W. W. Kirk and Royce Oxford of Plainview were here Wednesday.

Vernon Campbell and Mr. Duncan of Beaumont were here Saturday visiting in the J. J. Lawler home.

Large Hatchery Will Be Ready By January 1st

Muleshoe trade territory is indeed fortunate in securing a mammoth hatchery to begin about the 20th of January. Mr. G. C. Young is making preparations to have a 52,000 egg Smith Force Draft Incubator installed and ready for hatching eggs on the above date.

The machine is electrically operated and is 19 feet wide by 13 feet long and 9 feet high. This machine has steam circulated by forced draft fans that makes it ideally adapted to the high and dry altitude of Bailey County.

With a mammoth apparatus of this kind the chicken raisers of this section will have a hatchery second to none on the Plains. It will no longer be necessary to send to distant points for baby chicks and run the risk of chilling and smothering them while in transit.

In talking to Mr. Young he stated that with a hatchery in our community people will go in for thoroughbred chickens and turkeys of the highest quality in order to qualify for supplying hatching eggs. With this equipment 17500 chicks can be hatched each week. A part of the equipment will be devoted to custom hatching only.

The plant is to be located one block east of the D. O. Smith filling station.

Letters to Santa Claus

Muleshoe, Texas
Nov. 1929
Santa Claus bring me a big doll and buggy and cradle and rocking chair.
Pauline Daily
Muleshoe Texas

Santa Claus bring my little brother a little gun and a wagon and a try cycle.
Earl Daily
Muleshoe Texas

Dear Santa Claus we are to Twins boys or names at Emel and Desma. Rannals we live seven miles north of Muleshoe we want to little dump trucks and a steam shovel and to little trains and we want some candy and some oranges and some apples and that is we want we cannot do much work. We are going to make big men and work hard and that is all yours Truly.

With lots of love
Lela Mae Barron
Muleshoe, Texas

Nov. 1
Santa Claus bring me a big doll and buggy and cradle and rocking chair and some oranges.

Report of Grand Jury For Fall Term of Court

The Grand Jury which has been in session during the present term of Court, finished its deliberations Wednesday and made the following report.

STATE OF TEXAS
COUNTY OF BAILEY
In the District Court of Bailey County, Texas, November term, A. D. 1929.
To the Honorable Judge of said Court:

We, your Grand Jury for Bailey County, Texas, being duly empaneled and sworn, hereby render our final report.

We wish to thank the Sheriff's Department for its diligence in enforcing the laws. We have found them quite diligent, and would call on our citizens to back up the officers with their moral support.

We find that the examining trial papers coming up from the various Justices over the county are in good shape and we want to thank the Justices and Constables for their efforts to assist us in our labors.

We thank the County and District Attorneys for their help given us during our deliberations.
Our county is reaching the stage in population where it is likely that we will have much need for jury sleeping quarters, and we wish to recommend that the Commissioners Court purchase at least seven double beds, or thirteen single beds, together with mattresses, springs and bed covering. The jurors who do service are entitled to have a comfortable place to sleep.

We have inspected the Court House and the Jail, and the grounds surrounding the same and find the same well kept and in good sanitary condition.

We have diligently inquired into all matters of law violation that have come to our knowledge, and have returned a total of 13 bills, 11 felonies and 2 misdemeanors and having finished our labors we ask that we may be discharged.

Respectfully Submitted,
T. E. ARNOLD, Foreman
For the Grand Jury.

FOOTBALL BOYS GIVEN BANQUET BY PEP SQUAD

The Pep Squad entertained the football boys with a banquet Tuesday evening at eight o'clock at the school building. The dining room was decorated in white and gold with miniature footballs as place cards.

Mr. Jenkins acted as toastmaster and the program was as follows: Invocation, Coach C. W. Pharies, Toast to Boys, Alice Ragsdale; Response, Truman Rice; Pep Rally, Girls; Vocal Solo, Iris Harden; Address, Rev. W. B. Hicks; Piano Solo, Jewel Haney.

Several stump speeches were made and by an election Curtis Danner was elected captain for the coming year. Covers were laid for the following: Leon Bloomer, Truman Rice, Fred Moore, Courtland Paul, Early Reid, Thomas Reid, Claude Wilemon, Dannon Danner, Curtis Danner, James Burkhead, James McDorman, Ray Eckler, Ralph DeBord, James Arnold, Morris Douglas, Mr. D. L. Kinkrid, Mr. C. W. Pharies, Mr. and Mrs. F. O. Boone, Mr. and Mrs. J. Weyer, Mr. and Mrs. J. C. Jenkins, Rev. and Mrs. W. B. Hicks, Jane Buey, Mozelle Alsup, Iris Harden, Jewel Haney, Aveline Motherall, Juno Glasscock, Alice Ragsdale, Lowene Rice, Dorothy, Rice, Neva Douglas, Myriss Burkhead, Retta Mae Arnold, Julia Sanchez, Ruth Evans, Essie Williams and Annie Woods.

The following girls served very efficiently: Lucille Long, Ruby Skaggs, and Margaret Roach.

W. M. U. MEETING

The W. M. U. ladies met Monday at the church to observe special season of prayer. There were 10 members present. All enjoyed the program very much. The seasons of prayer are always inspirational and helpful. After the program a special offering for Little Moon Christmas fund was taken. Our women of the Southland pledged themselves to raise \$225,000 this year for the work and we must do our bit to help. After the program business was transacted. It was decided to have a food sale in connection with the bazaar to be held on December 14th.

The Society meets next week with Mrs. J. E. Adams. Lesson in "Decade of W. M. U." will be program for the afternoon.—Reporter.

Mrs. T. G. Gaddy and daughter, Londell, spent the Thanksgiving holidays in Lubbock with relatives. As Gaddy was accompanied home by her friend, Miss Minnie Johnson of Lubbock, who expects to visit for a week.

Mrs. C. E. Mosler and Walter have returned from Amarillo.

Next Drawing Will Be Held Saturday Dec. 7

The next drawing sponsored by the Merchant's Luncheon Club will be held Saturday of this week. Many valuable prizes will be given, including two boxes containing \$25 worth of groceries each. These two prizes alone will be well worth the time and trouble to someone. If you have tickets, be sure and bring them with you and when making purchases at local stores, get the full amount allowed.

The last drawing of the year will be held December 24th, and will be one of the best ever held. Come to Muleshoe to do your trading, meet your friends and share in these prizes.

COUNTY CLERK HAS PLENTY OF MARRIAGE LICENSES ON HAND

Marriage license business is had these days for the county clerk since the new marriage law went into effect last spring. According to records at the Court House there has been more divorces than marriages. During the present term of court five divorces were granted, while the third application to marry was made Wednesday.

This does not mean that Cupid is losing out in this county, however, for the New Mexico line is only a short distance from here and couples wishing to marry are patrolling our neighbor border state.

Application to marry was made Wednesday by Aubrey Lee Holt and Mrs. Carrie Courtney.

West Camp News

Mr. and Mrs. Roy Sheriff of Amarillo moved into our community last week.

Miss Lillian Adair of Muleshoe spent Thanksgiving with her parents, Mr. and Mrs. T. H. Adair.

Messrs. Everett McIntosh and Orvil and Ed Hudson attended singing at Oklahoma Lane Sunday night.

Mr. and Mrs. J. F. House spent Thanksgiving with Mr. and Mrs. Paul of Muleshoe.

Mr. and Mrs. Shad Smart of Fairfield, New Mexico, visited Mr. and Mrs. C. C. Huber Sunday.

Mr. and Mrs. Cecil Atchley of Oklahoma Lane visited Mrs. Atchley's parents, Mr. and Mrs. C. M. Cook, Sunday.

Mr. and Mrs. R. S. House and family spent Sunday in Sudan.

Mr. and Mrs. T. R. Bradbury and Mr. and Mrs. T. H. Adair spent Sunday with relatives and friends near Crosbyton.

Mr. and Mrs. Ray Adair ate Thanksgiving dinner in Clovis.

Mr. Charlie Sellars spent last weekend with relatives at Grady, N. M.

Messrs. Byron Clarence and Raymond Waller visited Mr. Mack Waller in the Plainview Sanitarium Sunday.

Mr. and Mrs. A. C. Haley and children spent Thanksgiving with Mrs. Haley's mother at Vernon.

Mr. Charlie Vaughan and family of Plainfield, N. M., visited in the West Virginia home Saturday.

Little Bobby Joe Knowles has been sick this week.

Rev. Abe Sprull of Dimmi filed his regular appointment at the Baptist church here Saturday night and Sunday.

Despite the small attendance at the box supper last Wednesday night the proceeds amounted to \$100 which will be spent for library books and playground equipment.

L. S. Kinder of Plainview was here Tuesday.

WINS IN VIRGINIA

John Garland Pollard, Democrat, will be the new governor of Virginia. He defeated Dr. William Smith nominee, Doctor Pollard is a former professor of law at William and Mary college.

IF YOU WANT YOUR TIRE AND TUBE WORK DONE RIGHT, SEE WEAVER -- MULESHOE TEXAS

BRIMS MANEUVER TO REVEAL BROWS AND CONCEAL NECKLINES

Speaking in general of the new hats, there's that about their intricacies, their novelty, their sophisticated colorings, which declare the "milliner's touch" in the highest sense of the word.

As to fashionable brims, it may be truly said of them that they abound in fascinating idiosyncrasies such as only the skilled hand may hope to achieve. The thought uppermost with the milliner seems to be to reveal the brow and conceal the necklines across the back. Brims are rolled and folded back from the forehead in picturesque lines, or else the brim is omitted altogether across the forehead, as when it comes to the sides and back, there's where the "fun begins." Such gymnastics, such maneuvers as deftly perform at these points!

No less breathtaking than the ways of manipulating are the striking color schemes employed. Not only are colors contrasted, but materials as well. Wherefore all signs point to a season of daring millinery to enliven the fall and winter season. It also follows that there is every promise of becoming hats, for the flattering note is kept uppermost in the minds of milliners who are molding and shaping their creations with a view to flattery to individuality.

The fashion of contrasting both materials and colors is accentuated in the

two stunning models topping this group. The hat to the left is black felt, its rolling brim faced with pea-green velvet—although the velvet may just as well have been in any other bright tone. It all depends on the color trend of the costume with which it is to be worn, for colors as well as materials must express the ensemble vogue. Which means that the hat must at all times show color-relation to the dress, wrap or blouse it complements.

To the right, above, the velvet-draped brim is in dark brown, contrasting a taupe-toned felt crown.

Below, to the left, is a very smart soiled felt turban, with a fan-shaped motif of matching velvet adding grace to its contour.

Even the cloche of the hour narrows its brim at the front, widening into points as you see in the model concluding this group. It accepts its remaining of ribbon at the back as so many of the smart hats are wont to do.

In the new movement of revealing the forehead, not only are brims themselves manipulated so as to accomplish this, but the vogue is further emphasized, especially by the younger girls who are wearing their hats quite far back on the head.

Octogenarian Digs Gold in His Own Back Yard

Independence, Mo.—About two years ago two friends of Samuel H. Boydston, eighty-six, were visiting him. One had an instrument for detecting gold. They went out detecting in Boydston's yard. The instrument registered gold.

Since then the aged man has been digging and finding the ore in small quantities.

The gold mine may never prove of much value to him, Boydston said, because he has been informed the real paying ore is around 47 feet deep, and "I am getting a little too old to dig that deep."

Educator Says Modern Youth Is Good Parent

Los Angeles—The so-called slacks and flappers of today are making better parents than their parents, according to Miss Justina M. Eich, dean of women at Capital university, Columbus, Ohio, a visitor here.

"Youth today handles his problems as well as we could or did, only he's frank about them," she said.

"Complexities of today are a greater challenge to his self-control, but they are not submerging his character."

Mistaken for "Killer" Lion, Miner Is Slain

Colorado Springs, Colo.—Charles C. Schmidt, a miner, was shot and killed when he was mistaken for the "killer," a huge mountain lion. The lion has roamed the Dead Man Canyon country for several months and although it has some thirty kills to its credit, game wardens and ranchmen have been unable to bag it. Rewards of \$100 are offered for its head.

The yearly rush for Christmas Gifts will soon be on. In fact, it is only a few days off, and before you realize it the Big Day will be here.

Will You Be One of the "Last-Minute Shoppers"?

If you are, the choice items will be taken by someone else, leaving the picked-over articles for you to choose from.

What Shall I Give? is answered here

Radios, Victrolas, Brunswicks, Fountain Pens, Sheaffer Sets, Toys, Toilet Sets, Watches, Diamonds, Rings, Etc.—all of these nice gifts we carry in stock and can supply you now. But don't wait—be sure of your gift TODAY.

WHEN IT'S **ZERO** IN THE CRANKCASE

OR A **HUNDRED** IN THE SHADE . . .

You Get Protective Lubrication With Conoco Germ-Processed Paraffin Base Motor Oil

CONOCO Germ-Processed Motor Oil retains its fluidity at sub-zero temperatures. In fact, there is no practical operating condition in winter that will affect its ready lubricating flow.

Due to the Germ process and the select, premium, paraffin base crude stocks used, CONOCO Germ-Processed Motor Oil positively does not break down under the most intense cylinder wall heat.

A climb, high speed, heavy load, the temperature—none of these conditions affect the ready lubricating qualities of CONOCO Germ-Processed Motor Oil.

This oil is different from all other oils in one outstanding respect. It actually penetrates metal surfaces.

The oil never leaves the bearings. In effect, a fracture-proof film—a carry-over film—is always on duty, lubricating your motor from the instant you put your foot on the starter.

When the temperature drops down to the sub-zero zone protect your motor by using CONOCO Germ-Processed Motor Oil. Know the satisfaction of realizing that your motor is well lubricated even before you start it.

Drive in at the nearest station displaying the Red Triangle now, today and have your crankcase drained. Your winter driving will change from one of worry to one of pleasure and satisfaction.

Queen of America's Winter Garden

The annual election of queen from chosen princesses representing the various cities and towns of "America's Winter Garden," as the Imperial valley of California is called, placed Miss Marian Mercier, "Miss Calexico," on the throne. This photograph of Miss Mercier was taken in her home environment as better illustration of her queenhood. She is the daughter of Mayor and Mrs. August Mercier of Calexico.

Broadcasting Will Aid World Harmony

A future in which races throughout the world will use English as a secondary language is envisaged by General James G. Harbord, who was Chief of Staff of the A. E. F. and now is President of the Radio Corporation of America, writing on radio as an instrument for promoting international understanding and peace.

Since the greater and most appealing part of the world's broadcast entertainment is offered in English from America and the British Isles, radio has provided the strongest incentive in history for many races to master a common tongue, General Harbord points out.

"We must not forget," he says, "that the nations' confusion of tongues has in itself been one of the most fruitful sources of international division and misunderstanding. People distrust what they do not understand; let them develop a common medium of communication and still another cause of distrust will fall by the wayside of human progress."

Radio and its allied science, television, will prove as valuable and perhaps more valuable than all diplomatic conferences in assuring universal peace for the future, General Harbord believes.

Harnessing the Father of Waters

Major John C. Gotwals, under whose supervision the stabilization of the Mississippi from the mouth of the Missouri to Cairo, Ill., was made possible, will continue the enormous task by further harnessing of the river down to New Orleans. The project, which up to the present has necessitated the expenditure of \$10,000,000 by the United States, will continue by converting a winding river into a controllable channel. The photograph shows Major Gotwals at his desk at the customs house in St. Louis.

Mrs. Elmer Ray... an extended visit with relatives at Wichita Falls.

Mr. George Kellar attended the races at Clovis Thursday.

Mr. Sam Layman has purchased a new Ford truck.

Muri Stiles is trucking grain to Hart for Ham Lambert.

Mr. Sid Paterson and family from Roseville, Calif., arrived Sunday for a visit with home folks. Mrs. Paterson is a daughter of W. T. Oliver.

Mr. and Mrs. Bragg were shopping in Clovis Saturday morning.

Ross Mick arrived Sunday from California. He will be at home with his folks.

Mr. Elmer Ray has organized a singing class at Pumpkin Center which started last Monday evening.

Mr. and Mrs. Baker were dinner guests Sunday of Mr. and Mrs. Bragg. C. W. Mick and family and Mr. and Mrs. Glenn Stiles were shopping in Muleshoe Saturday.

O. O. Burton was doing business in Hereford Saturday.

Mr. Ham Lambert of La Junta made a short business trip out to his ranch Friday morning.

Miss Liles visited Mrs. Glenn Stiles Sunday.

Sam Laymann and family, Art Haberer and family and Mr. and Mrs. Bragg attended the banquet at Lazzbuddy Thursday evening which was given by the ladies' club of that place. All reported a fine time.

Jay Wyr and wife spent Thursday night in the home of Mr. and Mrs. W. G. Wyr.

The L. I. C. met with Mrs. George Kellar Thursday afternoon with fourteen members present. Program: Subject, Thanksgiving; Roll Call; Famous Leaders in the World War; paper; Thanksgiving Yesterday and Today; Mrs. C. O. Bragg; Reading, Elsie Dale Haberer; Paper, One Year Ago Today; Mrs. Glenn Stiles; Prayer, Mrs. Will Wyr. At the close of the program, this being the birthday of the club, a business session was held and all presiding officers were elected for another year.

PHOTORADIO MAKES STRIKING ADVANCE

Photoradio has made such strides recently that it promises more than ever to fulfill some day the forecast of Owen D. Young at a dinner given in 1923 to General James G. Harbord, President of the Radio Corporation, that it eventually will make it possible to flash whole pages of newspapers across the ocean.

The most recent developments are the simplification of photoradio apparatus, greater speed and the reduction in rates between New York and London which just has been announced by W. A. Winterbottom, Vice-President in charge of communications of R. C. A. Communications, Inc. The reduction was made possible by the simplification and the greater speed. The new rate is figured in centimeters.

The "heart" of a high speed facsimile transmitter

but is approximately \$2 a square inch. The old rate was \$3.20 a square inch. The accompanying cut shows the group of lights, called the "doughnut light," which center illumination on a point on the picture or printed matter placed on a roller across from them. This light beam is reflected from the picture or printed matter into the photocell box behind the lights. The "doughnut" is a device which moves across and back in front of the roller. After every trip the carriage makes from one side to the other, the roller turns ever so slightly.

At the spot of light from the "doughnut" passes back and forth the lightness and darkness of the points it touches change the intensity of the reflected beam. The reflected beam produces electrical impulses, which are amplified, sent by radio to a receiver hundreds of miles away and changed by the receiver to electrical impulses again. These electrical impulses cause a neon light to glow at intervals timed perfectly with the beam of light reflected from the picture on the transmitter. The glow of the neon light is reproduced on photographic paper, placed in the same position on a roller on the receiver that the original is in on the transmitter. Thus an exact duplicate of the original is made.

Playing for Safety

Although he was new to the beat, it was not long before the young policeman noticed that in one house lights were left burning in every room until the early hours of the morning.

"Thanks very much, officers," said the householder, on being informed; "but it's not accidental."

"Oh?" said the policeman, suspiciously.

"You see, my wife has been on holiday for a week or two, and I've been telling her about the lonely nights I've been spending at home."

"Well?"

"Don't you see? I don't want the meter to give me away!"—London Tit-Bits.

Good Business Deserves Good Banking Connections

"Good Business" does not necessarily mean big business. This Bank appreciates, and tries to render just as loyal service to its smaller patrons as to the larger ones.

Regardless of volume it is "good business" when a man is doing his dead level best.

That's the kind of business we like to serve, great or small, because we feel that we can make it worth while to all of us.

Blackwater Valley State Bank

An Invitation

We want you to come into our store and make yourself at home. If you are in need of groceries, which most of us are occasionally, just take a look at our well filled shelves and you can readily see that your every need can be filled.

Then, too, our groceries are just as cheap as can be found.

FRESH MEATS

Can be found at our Market. Just look over our store and select your needs.

Gupton Grocery Co.

Choose the Gift that Will Still Be Giving When Another Christmas Comes!

The weeks are spinning away. The magic day will soon be here. It's none too early to start planning the greatest Christmas of them all—with a new FORD as the gift of gifts for all the family!

This gift, which will bring so much happiness, can be made easily. The down-payment is very small. And the balance can be handled on the convenient Universal Credit Company's time payment plan (a plan by Ford for Fords).

These superb Ford models, offered at prices which only Ford with its tremendous volume production could possibly achieve, are unequalled values. They are built by Ford—they are unfailingly reliable—they provide maximum beauty and performance. Either one will make a magnificent gift.

Visit our showroom this week. Learn how easily you can obtain a new Ford. Let us help you select just the right body type, just the right hour for delivery. Make Christmas, 1929, unforgettable by choosing this gift which will still be giving when another Christmas comes.

Convenient terms can be arranged on the liberal U. C. C. Timé Payment Plan.

NO NEED TO WORRY

Motorists who, finding nothing else to worry about, occasionally start worrying over a gasoline shortage, can now hunt for something else to fret over. A government report shows that more than 90,000,000 barrels of crude oil were produced in July, a new high record. Consumption of gasoline jumped 12 per cent in the same month over July of last year—but the increased production took care of it. New developments in Oklahoma, Texas, California and Kansas have added greatly to production, while automotive engineers say that within another year they will have perfected carburetors that will give far more mileage to the gallons than is now being provided. This means that even if production should decrease we will still be as well off as we are now, for we will be using less gasoline. And if it gives out altogether—which it will not for years to come—we can always depend on American brains to find something as good as a substitute.

LAZBUDDIE STUDY CLUB

The turkey dinner given by the Lazbuddie Study Club Thanksgiving night was a decided success. Several nice toasts were rendered during the dinner hour and some special music was given by Superintendent Hasdink and Mr. Forman with Mrs. R. L. Bledsoe at the piano. About 75 guests reported a wonderful time. The evening following the dinner was spent playing "42". The Grand Prize was given to Coreen Murray.

Mrs. John Steinbock was hostess to several Club members and visitors Tuesday when they spent the day and quilled two quilts. In the words can express the pleasure that had by everyone. They especially enjoyed the bountiful luncheon served at noon. Everything that is good to eat was served on the table. After the work was finished Mrs. Steinbock also served coffee, cakes and other good refreshments to the following Club members: Mesdames R. L. Bledsoe, Willie Steinbock, W. S. Menefee, C. E. Merriott, A. L. Haberer, Ralph Dieck, C. W. Mick, John Steinbock, Renate Dyck, Lora Fleming; and the visitors: Mrs. B. Y. Burton, Eva Abney, Jordan, Layman and Misses Annie Dyck and Lucille Mick.

Mr. and Mrs. Rudolph Pyritz entertained Sunday with a one o'clock luncheon, turkey being the main feature. Three lovely courses were served to Mr. and Mrs. R. L. Bledsoe, Mr. and Mrs. C. E. Merriott, Mr. and Mrs. Otto Trieder and the host and hostess, Mr. and Mrs. Pyritz.

It is rumored that Lazbuddie is to have a new beauty parlor.

Town Talk

Sam Hoffman of Texico was in Muleshoe Tuesday.

Born to Mr. and Mrs. J. W. Killough on Saturday, Nov. 30.

Good Hardin was in Plainview Thursday.

Miss Elizabeth Hardin of Electra spent Thanksgiving with homefolks.

Mills Bradford has returned from a visit to Crystal Springs, Miss.

Jane Bicy spent the week-end in Farwell, the guest of Heulah Kistler.

Dr. and Mrs. T. W. Jones were guests of Mr. and Mrs. E. Pavleck Thursday.

J. L. Alsop and wife were in Fort Sumner, N. M., Thursday.

Roy Daniel of Roswell was here Friday.

Jack Arnold of Lubbock was here last week.

A. P. Stone and family spent Thanksgiving in Lamesa.

E. J. Wilson and wife of Langford, S. D., were here Saturday.

A. E. Buhn of Maud, Okla., was here Saturday.

Howard Carlyle was in Amarillo Monday.

C. Pooch of Livermore, Iowa, is here this week attending court and looking after his Bailey County interests.

Mesdames S. E. Morris, Arnold Morris and S. E. Morris Jr. were shopping in Clovis Wednesday.

Oscar White of Earth was visiting in the Lawler home Thanksgiving.

J. S. Glasscock left Tuesday for Waco to attend a meeting of the Masonic Grand Lodge.

The Methodist church took collection Sunday to build Sunday school classrooms. \$540 was taken there and other contributions have been added since.

Mrs. J. F. Vaughn is visiting her daughter, Mrs. Sam Randol of Texico, New Mexico.

Miss Lola Debus was visiting her sister, Mrs. James Joelin, during Thanksgiving. Mrs. Joelin accompanied her sister back home to Idalou Sunday.

Lela Glasscock took turkey dinner with homefolks.

J. E. Vickers of Lubbock was here Monday.

Jas. E. Dryden of Sudan was here Monday.

G. E. Lockhart of Lubbock was here Monday.

Chas Keefer of Amarillo was in town Monday.

H. C. Pipkin of Amarillo was attending court here Monday.

C. D. Russell of Plainview was here Tuesday.

J. D. Thomas of Farwell was here Tuesday.

C. S. Williams was here Wednesday.

See "Kentucky Belle" at Y. L. Dec. 6, 1929.

Restoration of citizenship rights was made to L. A. Lafon, Webb County, convicted embezzler, on request of District Attorney John Valls, who needs Lafon's testimony in an important case.

SHERIFF'S SALE

THE STATE OF TEXAS,
COUNTY OF BAILEY

WHEREAS, by virtue of an alias order of sale, issued out of the District Court of Bailey County, Texas, on a judgment rendered in said Court on the 10th day of May A. D. 1929, in favor of E. R. Hart and against R. L. Brown, D. P. Brown, Whaley Lumber Company, The Continental Gin Co. and Fairbanks-Morse & Company No. 490 on the Docket of said Court, and to me, as Sheriff, directed and delivered. I did, on the 25th day of November A. D. 1929, at 4 o'clock P. M., levy upon the following described tracts and parcels of land situated in Bailey County, Texas, and belonging to R. L. Brown to-wit:

In the town of Muleshoe, in Bailey County, Texas, described as follows: A part of Sections 39 and 40, in Block Y, of the W. D. and F. W. Johnson subdivision No. 2, beginning at an iron stake the S. E. corner of Section 40; thence N. with the E. line of Section 40; 508.5 feet; thence N. 54 deg. 52' W. 211.6 ft; thence S. 35 deg. 8' W. 595.2 ft. to the northern line of the right-of-way of the P & N T R. Co.; thence S. 54 deg. 52' E. with said right-of-way 249 ft. to the South line of said Section 40; Thence E. with the S. line 174.4 ft; Thence S. 54 deg. 52' 170.3 ft. to the E. line of Section 39; Thence N. with said E. line 98.5 ft. to the place of beginning, and being the same land described in Book 13, page 56, Deed Records of Bailey County, Texas, on the 7th day of January A. D. 1930, being the first Tuesday of said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M. on said day, at the Court House door of Bailey County, Texas, in the town of Muleshoe, I will offer for sale at public auction, for cash, all the right, title and interest of the said R. L. Brown, D. P. Brown, Whaley Lbr. Co., The Continental Gin Co. and Fairbanks Morse & Co. in and to said property.

WITNESS my hand, this 25th day of November A. D. 1929.

H. A. DOUGLASS
Sheriff of Bailey County, Texas.
42-3t.

The Governor reiterated his strong stand in favor of a state-wide bond issue for highway construction in an address before the American association of State Highway Officials, meeting in San Antonio.

Another indication, political observers say, that Moody will force the bond plan as a campaign issue for next year in a try for reelection, or as a mantle to cast his 'pick'.

Compare Sample and Turnout

Then Bring Your Cotton to Us.

At present prices, cotton should be in the very best condition in order to bring the most money. If your cotton is trashy—you lose in dollars and cents.

At this time of the season, bad weather has damaged cotton to such an extent that it sometimes looks impossible that it can be cleaned. We have made preparations for just this thing, and with our modern cleaning system we can give you a sample and turnout that is second to none.

We are at your service night and day—and we mean TWENTY-FOUR HOURS.

Better SERVICE from your tires

We sell the best tires made — at low prices — and give service besides. Too few people realize that much mileage is lost by poor tire application. If your tire is improperly applied it means a pinched tube and a flat tire. You have to pay the cost of tube repair, and suffer annoyance, delay, and lose mileage. Let us put on your tires and inspect rims and wheels, to assure you maximum mileage. We have the experience and equipment to do the work right. Drive in today and see for yourself. We'll satisfy you on both quality and price.

W. M. S. MEETING

The Missionary Society of the Methodist church met at the home of Mrs. Virginia Weyer, with fourteen members and one visitor present.

Our president, Mrs. Hicks, being with us, opened the meeting by reading the twelfth chapter of Romans, then leading in prayer.

This being a business meeting we had election of officers which are as follows: president, Mrs. Hicks; vice-president, Mrs. Hardin; corresponding secretary, Nina Elrod; recording secretary, Virginia Weyer; treasurer, Grace Morris; superintendent of study, Mrs. Stone; superintendent of social service, Mrs. Marzels; superintendents of supplies, Mrs. Thompson; superintendent of publicity, Mrs. Haney; superintendent of young people, Nina Elrod; superintendent of children, Mrs. Johnson; voice agent, Lillie Joslin; reporter, Mrs. Koons.

Miss Nina Mae Bruce joined the society.

The next meeting will be with Mrs. Gaety in her new home in the country.

The hostess served salad, sandwiches and hot coffee, and as each guest departed they declared the hostess a fine entertainer.

Last but not least, let us not forget the bazaar on December 7, and get our things there early. There will be some one there on Friday afternoon to receive things so please don't be late with our things.—Reporter.

FROM STATE CAPITAL

Governor Moody urged the Federal Farm Board to arrange for banks and local farm cooperative units to make cotton loans. The Texas Farm Bureau, Dallas, is handling all loans. Falling prices of cotton, the Governor said, were checked by extending loans to producers.

"If the Farm Board regards it as practical and legal, it seems to me that more of the cotton farmers could be reached if the Board, in addition to what it has done, would authorize responsible banks as representatives of the Farm Board to extend loans to a fixed amount upon specified grades of cotton."

AVIATION SPORTS MAPPING PROJECTS

Survey of Unsettled Areas Is Urged.

Washington.—The surveyor's transit and rod and the airplane are supplanting the covered wagon and the pick and shovel of the early pioneer in present day opening up of the unsettled areas of North and South America, according to Dr. William Bowie of Washington, D. C., speaking in Mexico City at the Pan-American Institute of Geography and History.

Dr. Bowie, one of three delegates from the United States to the first meeting of the newly organized Institute, was designated by the National Geographic Society. He is chief of the division of geodesy of the United States coast and Geodetic survey and a world famous authority on isotasy.

Charting Potential Resources. Maps which give precise locations, elevations, and other topographic information constitute the framework of further surveys of forest, mineral, plant, animal, water power and other forms of potential wealth, the speaker explained.

"Therefore the engineers and other leaders in industry are making their wants known in regard to topographic mapping," he continued. "It has truly been said that only a rich nation can afford to develop its natural resources and its industries without previously having executed the topographic surveying and mapping. Plans are avoided of the past in road building and railway construction by routes which are circuitous and in areas which have not the latent resources or are too far from markets to be profitable."

A major program of the Institute is the coordination of topographic surveys already made independently, and stimulation of mapping programs of the governments themselves.

Another imperative demand for mapping of hitherto unexplored areas arises from the commercial airplane lines, Dr. Bowie said, for airplanes now are using routes over tracts which know neither the highway nor the steel rail.

"We have heard much in recent decades of the application of scientific principles to agriculture and other great industries in exchange of goods and in communication," Dr. Bowie said. "But science can only go a certain distance towards bettering the condition of humanity and making civilization nobler, without having geographic facts. It is here that the geographer must supplement the work of the physicist, the chemist, and the engineer. For without geographical information and background, the scientist cannot efficiently employ in the utilization of the resources which Nature has given boundlessly to the nations of the world."

Not Thoroughly Mapped.

"The office of the National Geographic Society have expressed frequently, and do on this occasion through me, their opinion that civilization will be greatly advanced by an early completion of the mapping of the world."

"We all should like to see the day when there is an adequate topographical map covering the area of each of the countries in the Western Hemisphere. Much mapping has been done in my country but only 43 per cent of the United States has as yet been topographically surveyed and many of the map sheets are inadequate to meet the modern needs of agriculture, mining, development of hydroelectric power and extension of transportation and communication systems."

Dr. Bowie concluded with a resume of the expedition sent out in the past quarter of a century by the National Geographic Society, showing how the society's numerous explorations have added a remarkable variety of data to our knowledge of the world in which we live.

Ants Eating Courthouse, Los Angeles Is Warned

Los Angeles, Calif.—County Entomologist Harold Ryan warned officials at the county courthouse that wood-eating white ants, known as termites, have invaded the halls of justice. He said something would have to be done to stop the infinitesimal jaws of the insects from chewing the joists and beams, or justice will need a new home.

Last year the termites, which have done millions of dollars' damage in this section in the last few years, ate away the wood foundations of several minor county office buildings behind the courthouse.

Bandit Keeps Promise and Also Victim's Watch

Lincoln, Neb.—A bandit who left his victims with \$9 cents and a promise to return a \$30 watch if the robbers were not reported to the police, held up Ralph Meyer and a girl friend on a lonely road near Lincoln. Meyer reported the theft and the watch has not yet come back.

Bar Song of Solomon in New British Bible

London.—In the new version of the Bible published by the National Sunday School Union, the censors' ax fell with special severity on Solomon's doling and utterances. The Song of Solomon, considered throughout the ages as one of the gems of literature was totally suppressed as being likely to corrupt the mind of youth.

Progress News Notes

The Union Missionary Society met Monday with Mrs. Strickland, with 9 members present. We had a very interesting lesson on the first two chapters of Genesis. In the absence of our teacher, Mrs. Atkinson, Mrs. Fenton filled her place.

It was decided that we adopt one little girl to dress in the Portales Orphan's Home.

We meet next week with Mrs. Harlan in our regular Missionary lesson "The Spiritual Elevation" with Mrs. Strickland as leader.

Mr. and Mrs. J. T. Atkinson had as their Thanksgiving guests, Brother Ayless and family, Brother Booth and family, Mr. and Mrs. W. C. Alexander, Miss Rachel Alexander and Mrs. Strickland and children.

Mr. and Mrs. Walter Marshall, Mr. Alexander and Mrs. Strickland went to House, N. M., Wednesday.

Mr. and Mrs. Clarence Brown visited in Plainview during the Thanksgiving holidays.

Mrs. M. S. Parker and children of Crosbyton visited Mrs. Elgin Fowler Thanksgiving. Mr. E. A. Fowler and Mr. and Mrs. Orval Fowler and family of Balleyboro also visited in the Fowler home.

Mr. and Mrs. Frank Snyder and son Mr. and Mrs. T. L. Snyder, Mr. Henry Snyder, Misses Mary Snyder, and Leroy Chitwood and Mr. L. L. Wilson took dinner with Mr. and Mrs. Allen Penton.

Miss Mary Snyder entertained Thursday with a party honoring Miss Lucy Chitwood of Brownfield.

Mr. S. O. Hutchinson spent Thanksgiving in Dallas.

Mr. and Mrs. Vernice Snyder of Flagstaff, Ariz., arrived Saturday to spend Christmas with relatives here and at Brownfield.

Everyone enjoyed the good singing at Progress Sunday. We had several good singers with us.

Despite the threatening weather Sunday there were about fifty out to Sunday school.

Mrs. J. T. Atkinson was called to Vera, Texas, Saturday on account of the serious illness of her brother.

Mr. T. L. Reid and Fuller Reid were in Farwell Monday morning.

Mr. Henry Snyder is spending this week with Chudiky Morris.

We had a very interesting program at the school house last Tuesday night.

The P-T A meets Thursday night, December 5. The parents will render a program.

See Cindy and Henry in "A Kentucky Belle" at Y. L. December 6.

Boy Friend—Well, this is a good jack, anyhow.

Girl Friend—Sure, Oscar, but listen. If you'd put your "jack" into a Goodyear, you wouldn't need it under your car.

Do More People Ride On Goodyear Tires Than On Any Other Kind?

—We think the reason that Goodyear Tires outsell any other kind is that Goodyears give the user more for his money... This greater value is not a supposition; it is real... There are just two main parts to a tire—the tread and the carcass... There are definite reasons why Goodyear Tires are superior in both these two main parts... These reasons can be demonstrated and proved:

Press your hand down on the Goodyear All-Weather Tread. Feel the grip of the deep-cut sharp-edged blocks, placed in the center of the tread, where they belong.

That shows why the Goodyear Tread imprints its safe and slipless pattern on the road, and why it has superior traction.

Ask any Goodyear dealer to show you on his cord-testing machine the greater stretch—up to 60 per cent—in Goodyear Supertwist Cord over standard cord... This extra stretch gives the Goodyear Supertwist Carcass its unmatched vitality, enabling it to withstand road-shocks and continuous flexing without premature failure.

Here are advantages in Goodyear Tires you ought to be enjoying, and you can enjoy them at no extra cost.

The proof of their importance comes right back to the biggest fact in the tire business

More People Ride On Goodyear Tires Than On Any Other Kind.

CHRISTMAS!

By James Edward Hungerford

CHRISTMAS! The magical, musical ring of it—
No finer word in the world can be found!
Made and made for us mortals to sing of it,
Full of the "tingle" that makes pulses pound!

CHRISTMAS! The lift and the rhythm and THRILL of it—
Dear, loving word that was made to impart
HAPPINESS, friends—may you all have
Feeling the throbs of it deep in your HEART!

CHRISTMAS! It's coming to wipe away care again—
Blotting out memories tragic and dear;
Bringing rich BLESSINGS for mankind to share again—
Filling our hearts with the magic of CHER!

CHRISTMAS! To some it means COURAGE to start again.
Help for the helpless, and strength for the strong;
Giving the hopeless a chance to take heart again—
God's loving gifts to humanity's throng.

CHRISTMAS! We all love the sound and the ring of it;
Sinner and saint and the godless and good;
Hearts of the world all respond to the ring of it—
Bringing mankind into one BROTHERHOOD!

CHRISTMAS! All Nations rejoice to the THRILL of it—
Peasants and peasants; the rich and renowned;
Spirit of Love—may we bow to the WILL of it—
Then shall we have CHRISTMAS the whole year around!

(© 1922, Western Newspaper Union.)

Christmas Brings Much for Both Old and Young

CHRISTMAS is a time of joy for the old as well as for the young. If it is given only to youth to enjoy many of the pleasures that Christmas brings, age finds its compensation in the wealth of the memories that the day awakes. At no other time does such hallowed and lovely remembrances of days that are past stir the heart. Again, we live in the land of childhood; we revel in its happy, care-free hours; we stand before candle-lit Christmas trees that thrilled us in the long ago. With swift steps we travel across the bridge of time and space and clasp hands with those of other years. Again we live happy hours of comradeship and understanding that were ours.

Through the year we may have forgotten how rich we were; we may have failed to recall the many lovely joys that have come to us through the years. But at Christmas it is different. Absent friends and joys, as well as those that are near, bring us joy and cheer. Even those who have passed into the land beyond seem to be with us today; the power of love and memory seems to have pierced the veil that hid them from our view. Dear and half-forgotten memories of hours we spent with them bring them very close.

Yes, Christmas holds much for the old. And its greatest gifts are for those who have laid up a treasure of lovely memories day by day.—Katherine Edelman.

(© 1928, Western Newspaper Union.)

Snow-Shovel Santa; His Novel Christmas Gift

"AUNT MARY, isn't there anything you've heard Mrs. Harcourt say she wants?" asked Morton Vane. "There doesn't seem to be a thing for a poor man to give a rich old lady for Christmas, but she's been so good about my college expenses, because she was a friend of yours and mother's—"

"No," interrupted his aunt. "She has everything she wants." Then, with a chuckle, "I did hear her say it was impossible to get anyone to shovel snow properly, nowadays."

"There's an idea!" said Morton. Christmas eve brought a heavy snow, and the next morning, when Mrs. Harcourt looked out of her window, she was puzzled by seeing a red-coated, white-whiskered man clearing the snow from the walk leading to her front steps. When the porch, too, was finally cleared, there came a ring at the doorbell, and, full of curiosity, Mrs. Harcourt answered it herself. There stood the aged shoveler, bowing gravely, as he handed her a holly-decked card. Then, touching his ermine-trimmed cap, he departed, with a rather brisk walk for an old man.

The card read: "Santa Claus will shovel your walks every snowy morning until next Christmas.—Per M. V.—Myrtle Koon Cherryman."

GRIND EVERYTHING from The Ground Up!

At Low Cost

The W-W has no burrs, gears or knives to cause troublesome and expensive breakdowns. Powerful RIGID hammers do the work—quickly, efficiently and economically. You can operate a W-W at lower cost regardless of what your grinding job may be.

The W-W is sturdily built of finest materials for lifetime service.

Lightning Fast

The W-W grinds and mixes everything from the ground up with lightning speed—separately or together—fine or coarse. Turns alfalfa, fodder, snapped or ear corn, barley, oats, maize heads, bundle feed, etc., into valuable mixed feeds that go a third further.

15 Years of Successful Service

W-W HAMMER-TYPE FEED GRINDER

By grinding and mixing all your feed crops, from the ground up, you utilize that 35 per cent of the feed usually wasted in stalks and stems which the stock will not eat unless ground. Stock eat it all when ground the W-W way—and it is all better for them.

In one swift, cheap operation the W-W grinds and mixes everything you raise for feed—faster and better.

Fifteen years of successful service on thousands of farms everywhere has proved the W-W to be the world's greatest feed grinder.

There is a W-W for every need. Each equipped with Timken Tapered Bearings, Alomite Lubrication and Rockwood Pulleys. Self-feeders can be furnished—Blower and Elevator equipment. Nine different sizes.

Come in and let us show you, or we will demonstrate on your farm.

THE CHOICE OF GIFTS

It is sometimes a very difficult thing to choose an appropriate Christmas Gift. Especially is this the case when father begins to think of gifts for the entire family. There is always the question of something that will be useful as well as appreciated, and also serve for more than a day or a week.

In our opinion, there is nothing that Santa could bring the family which would be appreciated more than a new automobile. And, too, this is something that will be of real service. Perhaps you have been thinking of getting a new car sometime in the near future. Maybe the old car has served its purpose and, unconscious of the fact, it is costing you more than you realize in upkeep. Perhaps you need new tires or a new battery, maybe it is hard to start.

Think these things over. Let us suggest that you call on us at once and buy that new car for Christmas. Chevrolet will bring you not only service, but satisfaction and happiness throughout the months.

Day Before Christmas; Saved from Poorhouse

"HERE they come," gasped Maria Balcome. "Day before Christmas, and a Balcome goes to the poorhouse!"
Four alighted, saying they'd come a long way. Maria supposed from the county farm, and that they wished to make sure she had no valuables left. Maria had nothing but a bag of potatoes and a bed. "The first she kept in the last, so they should not freeze. Courtesy helped her to point out the beauties of the ancient mansion, and mention her ancestor, the builder, Washington's site."
"Visitors asked questions. How health? Vexed, Maria replied, enough, for a 'poor farm rest- come to take me they laughed—cried, the Pacific coast. This then acquired by the Balcome association and is to be exhibited. We are employed to offer you the position of hostess—everything furnished and a salary. There comes the first load of coal. In half an hour the place will be warm from cellar to garret."
"Even to my vegetables," mused the bewildered Maria. But her tenth cousin saw she had a better Christmas dinner than potatoes.—Edith Miller. © 1922, Western Newspaper Union.

settling myself get mixed up in that scrape last year," asked Jerry?
"Jerry, dear, there was nothing to forgive. I knew you were innocent. It was your going away without a word that hurt." Lois clung to him.
"But I couldn't come to you with suspicion resting on me. I hunted that rascal, Varney, until he confessed the whole affair. Now I've come to marry you. Are you ready, dear?"
"Yes, I am ready; I have waited a year."
So on Christmas morning Lois and Jerry were married in the primary room where she had taught for years. And the children, who loved Lois, wished her "much joy" and "Merry Christmas" at the same time.—Anna L. Newsom. © 1923, Western Newspaper Union.)

Christmas Morning and Merry Wedding Bells
THE party was over, the children and the other teachers had gone. Lois pushed the low, round tables into the study room ready for Christmas morning.
"I tried to make them happy—they did have a good time in spite of my own heavy heart." She sat down, her head in her arms and cried.
Lois was awakened by a whistled measure of "Oh, Little Town of Bethlehem." The room was flooded with light; arms were around her.
"Can you ever forgive me, dear, for

YL News Items

Queen of America's Winter Garden

The annual election of queen from chosen princesses representing the various cities and towns of "America's Winter Garden," as the Imperial valley of California is called, placed Miss Marian Mercier, "Miss Calexico," on the throne. This photograph of Miss Mercier was taken in her home environment as better illustration of her queenhood. She is the daughter of Mayor and Mrs. August Mercier of Calexico.

Broadcasting Will Aid World Harmony

A future in which races throughout the world will use English as a secondary language is envisaged by General James G. Harbord, who was Chief of Staff of the A. E. F. and now is President of the Radio Corporation of America, writing on radio as an instrument for promoting international understanding and peace.

Since the greater and most appealing part of the world's broadcast entertainment is offered in English from America and the British Isles, radio has provided the strongest incentive in history for many races to master a common tongue, General Harbord points out.

"We must not forget," he says, "that the nations' confusion of tongues has in itself been one of the most fruitful sources of international division and misunderstanding. People distrust what they do not understand; let them develop a common medium of communication and still another cause of distrust will fall by the wayside of human progress."

Radio and its allied science, television, will prove as valuable and perhaps more valuable than all diplomatic conferences in assuring universal peace for the future, General Harbord believes.

PHOTORADIO MAKES STRIKING ADVANCE

Photoradio has made such strides recently that it promises more than ever to fulfill some day the forecast of Owen D. Young at a dinner given in 1923 to General James G. Harbord, President of the Radio Corporation, that it eventually will make it possible to flash whole pages of newspapers across the ocean.

The most recent developments are the simplification of photoradio apparatus, greater speed and the reduction in rates between New York and London which just has been announced by W. A. Winterbottom, Vice-President in charge of communications of R. C. A. Communications, Inc. The reduction was made possible by the simplification and the greater speed. The new rate is figured in centimeters.

The "heart" of a high speed facsimile transmitter

but is approximately \$2 a square inch. The old rate was \$3.20 a square inch. The accompanying cut shows the group of lights, called the "doughnut light," which causes illumination on a point on the picture or printed matter placed on a roller across from them. This light beam is reflected from the picture or printed matter into the photocell box behind the lights. The "doughnut" is on a carriage which moves across and back in front of the roller. After every trip the carriage makes from one side to the other, the roller turns ever so slightly.

As the spot of light from the "doughnut" passes back and forth the lightness and darkness of the points it touches changes the intensity of the reflected beam. The reflected beam produces electrical impulses, which are amplified, sent by radio to a receiver hundreds of miles away and changed by the receiver to electrical impulses again. These electrical impulses cause a neon light to glow at intervals timed perfectly with the beam of light reflected from the picture on the transmitter. The glow of the neon light is reproduced on photographic paper, placed in the same position on a roller on the receiver that the original is in on the transmitter. Thus an exact duplicate of the original is made.

Playing for Safety
Although he was new to the beat, it was not long before the young policeman noticed that in one house lights were left burning in every room until the early hours of the morning.

"Thanks very much, officers," said the householder, on being informed; "but it's not accidental."

"Oh?" said the policeman, suspiciously.

"You see, my wife has been on holiday for a week or two, and I've written telling her about the lonely nights I've been spending at home."

"Well?"

"Don't you see? I don't want the meter to give me away!"—London Tit-Bits.

Lessing the rather of Waters

Major John C. Gotwals, under whose supervision the stabilization of the Mississippi from the mouth of the Missouri to Cairo, Ill., was made possible, will continue the enormous task by further harnessing of the river down to New Orleans. The project, which up to the present has necessitated the expenditure of \$10,000,000 by the United States, will continue by converting a winding river into a controllable channel. The photograph shows Major Gotwals at his desk at the custom house in St. Louis.

BIG SQUARE NEWS

Mrs. Elmer Ray has gone on an extended visit with relatives at Wichita Falls.

Mr. George Kellar attended the races at Clovis Thursday.

Mr. Sam Layman has purchased a new Ford truck.

Muri Stiles is trucking grain to Hart for Ham Lambert.

Good Business Deserves Good Banking Connections

"Good Business" does not necessarily mean big business. This Bank appreciates, and tries to render just as loyal service to its smaller patrons as to the larger ones.

Regardless of volume it is "good business" when a man is doing his dead level best.

That's the kind of business we like to serve, great or small, because we feel that we can make it worth while to all of us.

Blackwater Valley State Bank

Choose the Gift that Will Still Be Giving When Another Christmas Comes!

The weeks are spinning away. The magic day will soon be here. It's none too early to start planning the greatest Christmas of them all—with a new FORD as the gift of gifts for all the family!

This gift, which will bring so much happiness, can be made easily. The down-payment is very small. And the balance can be handled on the convenient Universal Credit Company's time payment plan (a plan by Ford for Fords).

These superb Ford models, offered at prices which only Ford with its tremendous volume production could possibly achieve, are unequalled values. They are built by Ford—they are unfailingly reliable—they provide maximum beauty and performance. Either one will make a magnificent gift.

Visit our showroom this week. Learn how easily you can obtain a new Ford. Let us help you select just the right body type, just the right hour for delivery. Make Christmas, 1929, unforgettable by choosing this gift which will still be giving when another Christmas comes.

Convenient terms can be arranged on the liberal U. C. C. Time Payment Plan.

LEADING THE ENTIRE INDUSTRY FOR THE PAST YEAR ON PRODUCTION.

W. M. S. MEETING
The Missionary Society of the Methodist church met at the home of Mrs. Virginia Weyer, with fourteen members and one visitor present.
Our president, Mrs. Hicks, being with us, opened the meeting by reading the twelfth chapter of Romans, then leading in prayer.
This being a business meeting we had election of officers who are as follows: president, Mrs. Hicks; vice-president, Mrs. Hardin; corresponding secretary, Nina Elrod; recording secretary, Virginia Weyer; treasurer, Grace Morris; superintendent of study, Mrs. Stone; superintendent of social service, Mrs. Marzall; superintendent of supplies, Mrs. Thompson; superintendent of publicity, Mrs. Haney; superintendent of young people, Nina Elrod; superintendent of children, Mrs. Johnson; voice agent, Lillie Joslin; reporter, Mrs. Koons.
Miss Nina Mae Bruce joined the society.
The next meeting will be with Mrs. Gaety in her new home in the country. The hostess served salad, sandwiches and hot coffee, and as each guest departed they declared the hostess a fine entertainer.
Last but not least, let us not forget the bazaar on December 7, and get our things there early. There will be some one there on Friday afternoon to receive things so please don't be late with our things.—Reporter.

FROM STATE CAPITAL
Governor Moody urged the Federal Farm Board to arrange for banks and local farm cooperative units to make cotton loans. The Texas Farm Bureau, Dallas, is handling all loans. Falling prices of cotton, the Governor said, were checked by extending loans to producers.
"If the Farm Board reads it as practical and legal, it seems to me that more of the cotton farmers could be reached if the Board, in addition to what it has done, would authorize responsible banks as representatives of the Farm Board to extend loans to a fixed amount upon specified grades of cotton."

AVIATION SPURS MAPPING PROJECTS

Survey of Unsettled Areas Is Urged.

Washington.—The surveyor's transit and rod and the airplane are supplanting the covered wagon and the pick and shovel of the early pioneer. In present day opening up the unsettled areas of North and South America, according to Dr. William Bowie of Washington, D. C., speaking in Mexico City at the Pan-American Institute of Geography and History, Doctor Bowie, one of three delegates from the United States to the first meeting of the newly organized institute, was designated by the National Geographic Society. He is chief of the division of geodesy of the United States coast and Geodetic survey and a world famous authority on map-making.

Charting potential resources. Maps which give precise locations, elevations, and other topographic information constitute the framework of further surveys of forest, mineral, plant, animal, water power and other forms of potential wealth, the speaker explained.
"Therefore the engineers and other leaders in industry are making their wants known in regard to topographic mapping," he continued. "It has truly been said that only a rich nation can afford to develop its natural resources and its industries without previously having executed the topographic surveying and mapping. Thus are avoided wasteful mistakes in the past in road building and railway construction by routes which are circuitous and in areas which have not the latest resources or are too far from markets to be profitable."

A major project of the institute is the co-ordination of topographic surveys already made independently; and stimulation of mapmaking programs of the governments themselves.
Another imperative demand for mapping of hitherto unexplored areas arises from the commercial airplane lines, Doctor Bowie said, for airplanes now are using routes over tracks which know neither the highway nor the steel rail.

"We have heard much in recent decades of the application of scientific principles to agriculture and other great industries to the exchange of goods and in communication," Doctor Bowie said. "But science can only go a certain distance towards bettering the condition of humanity and making civilization nobler without having geographic facts. It is here that the geographer must supplement the work of the physicist, the chemist, and the engineer. For without geographical information and background the other sciences cannot be efficiently employed in the utilization of the resources which Nature has given boundantly to the nations of the world."

Not Thoroughly Mapped.
"The officials of the National Geographic Society have expressed frequently, and do so on this occasion through me, their opinion that civilization will be greatly advanced by an early completion of the mapping of the world.
"We all should like to see the day when there is an adequate topographical map covering the area of each of the countries in the Western hemisphere. Much mapping has been done in my country but only 43 per cent of the United States has as yet been topographically surveyed and many of the map sheets are inadequate to meet the modern needs of agriculture, mining, development of hydroelectric power and extension of transportation and communication systems."
Doctor Bowie concluded with a resume of the expeditions sent out for the past quarter of a century by the National Geographic Society, showing how the society's numerous explorations have added a remarkable variety of data to our knowledge of the world in which we live.

Ants Eating Courthouse, Los Angeles Is Warned

Los Angeles, Calif.—County Entomologist Harold Ryan warned officials at the county courthouse that wood-eating white ants, known as termites, have invaded the hulls of justice. He said something would have to be done to stop the infinitesimal jaws of the insects from chewing the joists and beams, or justice will need a new home. Last year the termites, which have done millions of dollars' damage in this section in the last few years, ate away the wood foundations of several minor county office buildings behind the courthouse.

Bandit Keeps Promise and Also Victim's Watch

Lincoln, Neb.—A bandit who left his victims with 50 cents and a promise to return a \$50 watch if the robbery were not reported to the police, held up Ralph Meyer and a girl friend on a lonely road near Lincoln. Meyer reported the theft and the watch has not yet come back.

Bar Song of Solomon in New British Bible

London.—In the new version of the Bible published by the National Sunday School union, the censors' ax fell with special severity on Solomon's doings and utterances. The Song of Solomon, considered throughout ages as one of the gems of literature, was totally suppressed as being likely to corrupt the mind of youth.

Progress News Notes

The Union Missionary Society met Monday with Mrs. Strickland, with 9 members present. We had a very interesting lesson on the first two chapters of Genesis. In the absence of our teacher, Mrs. Atkinson, Mrs. Penton filled her place.

It was decided that we adopt one little girl to dress in the Portales Orphan's Home.

We meet next week with Mrs. Harlan in our regular Missionary lesson "The Spiritual Elevation" with Mrs. Strickland as leader.

Mr. and Mrs. J. T. Atkinson had as their Thanksgiving guests, Brother Bayless and family, Brother Booth and family, Mr. and Mrs. W. C. Alexander, Miss Rachel Alexander and Mrs. Strickland and children.

Mr. and Mrs. Walter Mc... Mr. Alexander and Mrs. Strickland went to House, N. M., Wednesday.

Mr. and Mrs. Clarence Brown visited in Plainview during the Thanksgiving holidays.

Mrs. M. S. Parker and children of Crosbyton visited Mrs. Elgin Fowler Thanksgiving. Mr. E. A. Fowler and Mr. and Mrs. Orval Fowler and family of Baileyboro also visited in the Fowler home.

Mr. and Mrs. Frank Snyder and son Mr. and Mrs. T. L. Snyder, Mr. Henry Snyder, Misses Mary Snyder, and Leroy Chitwood and Mr. L. L. Wilson took dinner with Mr. and Mrs. Allen Penton.

Miss Mary Snyder and son... Thursday with a party home... Lucy Chitwood of Brownfield.

Mr. S. O. Hutchinson spent Thanksgiving in Dallas.

Mr. and Mrs. Vernice Snyder of Flagstaff, Ariz., arrived Saturday to spend Christmas with relatives here and at Brownfield.

Everyone enjoyed the good singing at Progress Sunday. We had several good singers with us.

Despite the threatening weather Sunday there were about fifty out to Sunday school.

Mrs. J. T. Atkinson was called to Vera, Texas, Saturday on account of the serious illness of her brother.

Mr. T. L. Reid and Fuller Reid were in Farwell Monday morning.

Mr. Henry Snyder is spending this week with Chunky Morris.

We had a very interesting program at the school house last Tuesday night.

The P-T A meets Thursday night, December 5. The parents will render a program.

See Cindy and Henry in "A Kentucky Belle" at Y. L. December 6.

Boy Friend—Well, this is a good jack, anyhow.
Girl Friend—Sure, Oscar. But listen. If you'd put your "jack" into a Goodyear, you wouldn't need it under your car.

Do More People Ride On Goodyear Tires Than On Any Other Kind?

—We think the reason that Goodyear Tires outsell any other kind is that Goodyears give the user more for his money... This greater value is not a supposition; it is real... There are just two main parts to a tire—the *tread* and the *carcass*... There are definite reasons why Goodyear Tires are superior in *both* these two main parts... These reasons can be demonstrated and proved:

Press your hand down on the Goodyear All-Weather Tread. Feel the grip of the deep-cut sharp-edged blocks, placed in the center of the tread, where they belong.

That shows why the Goodyear Tread imprints its safe and slipless pattern on the road, and why it has superior traction.

Ask any Goodyear dealer to show you on his cord-testing machine the greater stretch—up to 60 per cent—in Goodyear Supertwist Cord over standard cord... This extra stretch gives the Goodyear Supertwist Carcass its unmatched vitality, enabling it to withstand road-shocks and continuous flexing without premature failure.

Here are advantages in Goodyear Tires you ought to be enjoying, and you can enjoy them at no extra cost.

The proof of their importance comes right back to the biggest fact in the tire business

More People Ride On Goodyear Tires Than On Any Other Kind.
