EFFORTS OF POWER COMPANY TO SMOTHER OUT MUNICIPAL PLANT ACT AS BOOMERANG

Terrell Plant Survives Cut-Rate War and Citizens Pledge New Allegiance, Awakening to Benefits Brought by Municipal Ownership

It seems that the efforts of the Terrell Electric Light Company, a subsidiary of the Texas Power & Light Company, to put the Terrell municipal plant out of business acted as a boomerang and caused the power company to lose customers instead. The result was caused by City Manager Markham's putting the issue squarely up to the people, he realizing that the municipal plant was in no danger if the people were thoroughly informed as to the advantages made possible by the city-owned plant.

Following a mass meeting attended by citizens interested in the welfare of the city, more than as many new customers were secured for the Terrell plant as had been taken from the plant by the absurdly low rates offered in a house-to-house canvass made by the power company representatives. Details of the cut-rate war instituted by the Terrell Electric Light Company, and the result of the citizens' mass meeting—which in spite of threatening weather, was well attended—are told in the

Terrell Tribune, of April 20, under the heading, "Aggressive Action Taken to Protect City Plant from Cut Rate Warfare." The news article follows:

"There were two electric demonstrations in town last night, occurring simultaneously. One was the mass meeting at the city hall of supporters of the municipal lighting plant, the other an electrical disturbance on the outside. The lightning flashed, the thunders rolled, the hail crashed and the torrents fell on the one hand, while the verbal pyrotechnics ran riot on the other. It was one of the heaviest downpours this section has ever seen, just as the mass meeting in support of the municipally owned utility was the most enthusiastic ever held in the city.

"The mass meeting was touted as an essential to the future safety of the city's property against the inroads sought to be made upon it by what was designated as an aggressive and none too scrupulous competition. There was no particular need for the weather demonstration, but it came nevertheless.

Medals To Be Awarded Pupils Thursday Eve

There will be a meeting held at the auditorium of the East Side School Thursday evening for the purpose of awarding medals to certain pupils in Spur Schools. Bryant-Link Company give medals each year to the pupils in the various grades who make the highest average in the year's work. There are certain other medals that will be awarded at the meeting.

The exercises will begin about eight o'clock in the evening. In addition to the program that is arranged there will be certain announcements in regard to the school work of this year, and what is expected to be done next year.

We understand there will be no graduating exercises for pupils of the Junior High School this year. All of that class came from the Grammar School class of last year and have their Grammar School diplomas.

Highway Bids to Open May 24th

Spur-Dickens Road to Be Rebuilt After Year of Inactivity

County Judge O. C. Newberry, was over from the capitol Tuesday and stated that bids on the highway from Spur to Dickens would be received May 24th. Judge Newberry was in Austin about three weeks ago in regard to this highway, and through the assistance of the good roads committees of Fort Worth and Stamford, he was able to convince the Highway Department of the necessity of this highway.

The people of Dickens County are largely indebted to Gibb Gilchrist, State Highway Engineer, for the Lubbock District, for securing the favorable report for this highway. J. S. Harrison, resident Engineer of Crosbyton, also, pointed out many reasons for this road.

Judge Newberry has worked incessantly for this road ever since he went into office. The appropriation was made for this highway more than a year ago, but for some reason the need of construction had not interested the Highway Department and nothing had been done. The citizens of Dickens County should feel very

Spur Chamber of Commerce and Board of County Development Wilburn S. Patrick, Secretary.	

The following is a condensed summary and statement of the activities of the Chamber of Commerce and Board of County Development submitted to the members at the regular meeting May 3, for the past year.

Wilburn S. Patrick, Secretary submitted this fine report showing the remarkable work that is being done by this civic organization and what it has accomplished for the development of this county.

Defrayed expenses of entertaining boys during Boys Week. Entertained a convention of the T. T. T. Association with a program and chicken barbecue.

Defrayed the expenses of sending three club girls to Texas A. & M. Short Course.

Sent representative on logging survey of the Panhandle-Rio Grande Highway, from Del Rio to Memphis, Tenn.

Assisted in defraying the expenses of the weeks lectures by Dean C. Dutton of Oklahoma University.

Bought and distributed calcium arsenate for controlling leaf worms. Entertained delegation for the further development of the Panhandle Rio Grande, or North and South highway thru Spur.

Defrayed expenses of five club girls to Dallas Fair.

Assisted county agent and business men of Spur in placing several (106) head of pure bred dairy cattle on the farms of the Spur country.

Defrayed expenses of a luncheon for the music meet held in Spur. Assisted by helping to maintain milk routes for a time, which increased the price of butter fat in the local market.

Helped county agent and Home Demonstration agent put over a worthwhile Poultry Show.

Thru W. T. C. C. assisted Spur people in securing pecan trees at reduced prices.

Rendered financial and personal aid to needy, and thru a detailed Survey helped many farmers to find buyers, and in turn markets for surplus farm products.

Assisted farmers by furnishing tattooing machine for marking dairy animals for registration.

Assisted in sending Vocational Agricultural Judging team to A. & M. College on Smith-Hughes day.

Wilburn S. Patrick,
Secretary

STATEMENT TO THE PUBLIC

Having been in the City of Spur one month we wish to thank the citizens for their patronage of our theatres thus far.

And we would not forget our farmer and ranch friends. We realize that upon you the prosperity of our city depends, and we sincerely appreciate every visit you pay to our programs.

By buying pictures from the largest companies, even though it be at a greater cost to us, we are enabled to give to you the best and latest pictures on the market—and you deserve the best.

We are entering upon a building campaign that will give Spur a 900 seat Theatre as good as you will find in cities much larger than this, it will be equipped with talkies, thus giving you the opportunity to see and hear the same programs that you could in the large cities.

We wish you to know that at all times we are for Spur, and Spur territory, and with your help we can give programs that you will be happy that you have seen and heard.

E. M. REMINGTON
Mgr. Spur Theatres.

THE SPUR NATIONAL BANK
Capital and Surplus \$125,000.00

SPUR, TEXAS

DEAR CUSTOMERS:

A few weeks ago, we read an article in a local paper, entitled, "One Cow vs. One Dozen," which we believe, is worth re-reading and remembering as a guide to building up our farm dairy herds. The article is as follows:

"Why milk twelve poor cows when one good cow will do the work of the twelve," says the bulletin of the American Bankers Association Agricultural Commission. It declares that analysis of more than 100,000 individual yearly records from cows on test in dairy herd improvement associations indicate that on the average:

- Cows that produced 100 lbs butterfat a year returned \$14.00 each over feed cost;
- Cows that produced 200 lbs butterfat a year returned \$54.00 each over feed cost;
- Cows that produced 300 lbs butterfat a year returned \$96.00 each over feed cost;
- Cows that produced 400 lbs butterfat a year returned \$138.00 each over feed cost;
- Cows that produced 500 lbs butterfat a year returned \$178.00 each over feed cost;

In other words, one 500-lb producer will return \$10.00 more over feed cost than twelve 100-lb. producers. This does not take into account either the added labor of milking and caring for the larger herd or the much greater expense of providing stable room for a dozen instead of a single animal. The figures are based on farm prices from all parts of the country."

Don't forget the above figures when selecting your cows. It doesn't mean so much to milk poor cows but it means a whale of a lot to milk good ones. Most of us are enjoying fairly good health. At least, we are not in the dairy business solely for our health. The thing we want to do is to either raise or buy the very best dairy cows that we can get so that we may realize the greatest profits possible from our efforts.

The first item of importance in building up a profitable dairy herd is either breeding or selecting producing cows. Next in importance is proper care, cheap pasturage and a balanced ration of home-feed.

Now that we have had a splendid rain, let us not overlook planting a good sudan pasture for summer and fall grazing. Then, be sure and plant plenty of feed for the dairy cows this winter is a good time to sow more alfalfa.

We are sure that you have been reading Mr. Tanner's splendid articles, appearing in our local paper week to week, and have, therefore, noticed that he is now planning to organize a cow testing association for Dickens County. The fees for this service have been reduced to the minimum. If you have not considered going into this association, it might be well to see Mr. Tanner and talk with him about the value and importance of this line up. It is the only sure way to weed out the boarder cows and build your dairy herd to a high standard.

With the increased cream checks that are sure to follow careful culling and proper feeding and the assurance from our local grocery stores that the minimum price of infertile eggs through the summer months will be 20c per dozen, the farmers of Dickens County should soon be on velvet.

Your friend,

SPUR NATIONAL BANK.

Graduating Exercises To Be Held At Grammar School Friday Evening

Christian Church Begins Revival Sunday Morning

The First Christian Church will begin a series of meetings next Sunday evening. All of the work will be done by home people. Rev. Abbott, the pastor, will do the preaching and Mrs. Abbott will have charge of the singing.

The sermons that Rev. Abbott will deliver will be on the doctrinal teachings of the Church. Next Sunday is "Pentecostal Sunday" and means a great deal to this history of the church. Churches of this denomination in other states are observing this week in a series of services along the same line. The churches in Texas will have their meetings next week on account of the State Convention of the church which is in session at Breckenridge this week.

Rev. Abbott has outlined an excellent program for next week, and while his discourses are expected to be doctrinal there will be nothing said that will be embarrassing to members of other denominations. His subject for Sunday evening will be "If a man goes to hell from Spur, who will be to blame and who will care." On Monday evening he will speak on the three great religions of the Bible. All of his discourses are to be instructive and helpful to everybody. Rev. Abbott is broad minded in his attitude toward churches and is very free from making those statements which are antagonistic to other denominations.

The public is extended a cordial welcome to hear any or all of these sermons. The meeting will be for just one week, closing on Sunday morning, May 26, in order to co-operate with the meeting which begins at the Baptist Church that day.

Miss Minnie Stephens, of Dickens, was in our city the last of the week having her tonsils removed. Dr. Blackwell did the work and we understand she is getting along fine at this time. Miss Stephens is getting along fine at this time. Miss Stephens is getting along fine at this time. Miss Stephens is getting along fine at this time.

The Class of '29, Spur High School, will hold their graduating exercises at the Grammar School Building Friday evening.

Dr. W. A. Jackson, of the Texas Technological College, will deliver the annual address to the class. The class salutation will be given by Miss Marie Oliver, and the valedictory address will be delivered by Miss Jane Douglas Wilson.

There are 41 members in the class this year, composed of eight young men and thirty-three young ladies. The Class of '29 is not so large as some other classes have been, but it is one of the best classes in the history of our school. The great majority of the class are not contented with graduating from the Spur High School, but have their plans made to enter some institution of higher learning in September. Many of the other members are planning, and if at all possible, they will be away in some college or university another year.

The following are the personnel of the Class:

Virgie Boswell, La Faye Blair, Estelle Collett, Louise Collier, Lois Grantham, Jewel Gray, Lillia Gray, Mary E. Hogan, Georgia Hargrove, Ava Howell, Edith Ince, Faye Jamison, Mabel King, Vivyan Kidd, Nig Lisenby, Lucy Moore, Frances Manning, Mary McCormick, Vera McGaha, Lottie Moore, Dora Messer Redah Maples, Johnny Marsh, Marie Oliver, Pauline Oliver, Earl Pettigrew, Juanita Read, Louise Rogers, Loretta Sparks, Eva Belle Stewart, Eunice Vermillion, Jane D. Wilson, Henry Albin, Ruby Bull, L. D. Foreman, Jack Hindman, Leroy Mimms, Cecil McClung, Milton McDonald, Lancy Hazel, Tom Porter.

L. B. Grizzle, of Dry Lake country, was in our city Saturday doing some trading.

NOTICE OF ELECTION

Notice is hereby given that an election to determine whether Hogs shall be allowed to be kept within the corporate limits of the City of Spur will be held at the Fire Station in the City of Spur on Tuesday, June 4th, 1929. All qualified voters may vote in said election. C. H. Perry is hereby appointed Judge of said election.

ATTEST: NED HOGAN,
Laurie Burrow, Mayor,
City Secretary, 5:9-16-28

**BAPTISTS AND DISCIPLES
HOLD EVANGELISTIC
CONFERENCE**

For the first time in their long history the Northern Baptists and the Disciples of Christ held a united evangelistic conference on April 22, in Indianapolis, Ind. The conference was attended by 150 ministers representing both communions. They came from a radius of about 75 miles out from Indianapolis.

This conference was held under the direction of B. T. Livingston,

New York City, secretary of evangelism for the Baptist Home Mission Board, and Jesse B. Bader, Indianapolis, Ind., secretary of evangelism for the United Christian Missionary Society of the Disciples of Christ. The two state missionary societies of Indiana representing the two religious bodies, through their secretaries, C. M. Dinsmore, and C. I. Hoover, cooperated in the promotion of attendance.

This conference was called not to discuss the possible union of these two bodies, though that is

being considered by proper committees during this year and will be reported on at the Baptist convention in Denver in June, and in the International Convention of the Disciples of Christ in Seattle in August. This conference was called primarily in the interest of fellowship, closer cooperation and mutual helpfulness in the wide field of evangelism. These bodies have much in common. This day's conference with its morning, afternoon and evening sessions, did much to strengthen the ties of Christian fraternity and the bonds of Christian love.

The six subjects presented and discussed were: "The Spiritual Dynamic in Evangelism," Roy B. Deer, Terre Haute, Ind.; "The Present Necessity for Evangelism," A. D. Harmon, Chicago, Ill.; "Building the Church Through Evangelism," J. Newton Jessup, Lafayette, Ind.; "Care and Culture of Converts," E. Leroy Dakin, Milwaukee, Wis.; "Pentecost and Evangelism," F. D. Kershner, Indianapolis, Ind.; "Our Resources for Evangelism," W. H. Geistweit, Dayton, Ohio.

Mr. and Mrs. V. C. Brock led the music during the day. The morning and afternoon sessions were held at the First Baptist Church. The banquet and evening programs were held at the Central Christian Church. Each session during the day was closed with a 25 minute period of prayer. The addresses were thoughtful and thought provoking. They stirred everyone present to the urgency and necessity for evangelism.

At the close of the day all in attendance were of one voice in saying that it was one of the greatest days in their spiritual experience.

It was suggested that other meetings of a like character should be held jointly by these two great bodies in other centers.

—The Christian Church Monitor.

**SYNOPSIS OF THE
CATTLE DISEASE BILL**

The following is a synopsis of the Cattle Disease Bill which was passed by the recent session of the Legislature of Texas, regulating contagious, infectious and communicable diseases of livestock. While here we are able to give just a statement of what each section of the bill includes, it gives the people a very good idea of the full contents of the law.

Sec. 1. Authorizes and directs the live stock sanitary commission to eradicate contagious and infectious diseases listed therein.

Sec. 2. Exempts tick eradication and scabies eradication from the provisions of this Act as those matters are covered by other laws.

Sec. 3. Provides the manner of giving notice of the establishment of quarantines.

Sec. 4. The penal clause for violating quarantines.

Sec. 5. Authorizes establishment of quarantines on carriers of diseases, and provides a penalty for violation thereof.

Sec. 6. Authorizes the entry by veterinarians of the live stock Sanitary Commission upon property in the eradication of diseases and authorizes the issuance of search warrants when necessary.

Sec. 7. Defines who are caretakers of live stock.

Sec. 8. Makes it the duty of County Commissioners Courts to cooperate with the Sanitary Commission in the eradication of diseases.

Sec. 9. Requires live stock entering the State of Texas to be accompanied by a health certificate unless they are intended for stocker or slaughter purposes.

Sec. 10. Provides for the live stock Sanitary Commission to regulate the manner of shipping immediate slaughter live stock.

Sec. 11. Requires all cattle except stocker or range cattle to be accompanied by tuberculin test chart showing them to be free of tuberculosis when entering the State of Texas, subject to certain exceptions contained in said Section.

Sec. 12. Requires hogs entering the State of Texas to have been vaccinated against cholera.

Sec. 13. Under this section cattle are subject to be retested for tuberculosis within ninety days after entering the State of Texas except range or stocker cattle.

Sec. 14. Requires the branding of tubercular cattle and provides a penalty for disposing of or moving said tubercular live stock from the premises upon which they are located, except under the direction of the live stock Sanitary Commission.

Sec. 15. Requires Veterinarians who engage in private practice to make reports to the live stock Sanitary Commission with reference to tuberculin tests they have made, and requiring them to place an ear tag on tubercular cattle.

Sec. 16. Authorizes the live stock Sanitary Commission to regulate the entry of live stock into shows and fairs.

Sec. 17. Defines the word, "accompany" when used in reference to live stock being accompanied by certificates.

Sec. 18. Forbids owners or caretakers to permit other persons to move any quarantined live stock in violation thereof.

Sec. 19. Authorizes County Attorneys to file Civil suits against Corporations who violate provisions of this Bill.

Sec. 20. Authorizes the appraisal and compensation to owners of live stock affected with glanders.

Sec. 21. Requires permits from the live stock Sanitary Commission for the purchase or use of hog cholera virus.

Sec. 22. Requires owners to bury animals which die of contagious diseases on their property.

Sec. 23. Authorizes the live stock Sanitary Commission and County Commissioners Courts to cooperate with the United States Bureau of Animal Industry in eradicating tuberculosis among cattle.

Sec. 24. Authorizes the employment of said live stock Sanitary Commission of Veterinarians.

Sec. 25. Provides the manner of issuance of written instruments by said Commission, and makes them admissible as evidence in Court.

Sec. 26. Provides for Civil suits against non-resident defendants who violate provisions of this Bill.

Sec. 27. Authorizes the live stock Sanitary Commission to establish quarantines upon live stock which have been moved into the State of Texas in violation of any Live Stock Sanitary Law or from quarantined premises in the State of Texas wherever said live stock may be found.

Sec. 28. Authorizes injunction suits to enforce any provisions of this Bill.

Sec. 29. Prohibits the movement into each separate County in the State of Texas of any live stock which have been unlawfully moved in violation of any quarantine.

Sec. 30. Repeals other Laws mentioned in said Section which are in conflict with this Bill.

NOTICE TO BIDDERS

The Commissioners' Court of Dickens County, Texas, will receive bids at Dickens, Texas, on June 10th, 1929, for the purchase of one or more Road Graders.

O. C. NEWBERRY,
County Judge, Dickens County,
Texas 5:9-16-23-30

MOTHER

Mother is here, not always to stay,

So we should give her a nice present on Mother's Day.

And to our mothers we should give

Our love toward her as long as we live.

Oh! mother, mother of mine,

This is how much my love is thine,

I love you more on Mother's Day,

Much more, and more than I can say.

So mother, kids, are good and kind,

So am I, I've shown my love is thine.

And mother, lest we not forget

To join that great and happy band

In the holy, promise land.

By Jessie Lea Smith,
Aged 12, Spur, Texas

W. G. Causey, of Red Mud, the hustling merchant of that community was in our city Saturday interviewing wholesale houses for a new stock of goods.

W. L. Webb, of Twin Wells, E. J. Smith, of Espuela, was in was taking care of business affairs in our city Saturday, doing some trading with our merchants Saturday.

IN APPRECIATION OF JIMMIE SILMAN AND FAMILY

We, the friends of Mr. Silman and family wish to express by the following poem, our appreciation and true friendship and our regret in losing this good family from our community. We wish to say to you people at Spur that our loss is your gain, and that we are losing one, of the most progressive and best merchants Woodson has ever had. Their congenial and enthusiastic spirit has won for them many friends during their stay in Woodson and we deeply regret to see them go.

This poem is written in appreciation of this good family and we trust you folks will soon learn to love them as we do here in Woodson.

Mr. Silman and family:
 We, the group whose names are below,

Wish to express our appreciation to you.

Our hearts are full of love for you,

But we find words to express it, very few,

And we hardly know just how to commence,

With our little wit and good common sense:

But we'll all miss you Jimmie with your good wife,

For you've contributed greatly to Woodson's life.

A more pleasant business man we never will find,

For every progressive movement you've been behind.

You've boosted our town and helped us to grow

And just when we need you, You say you must go.

But you're leaving behind A vast number of friends

Who can be counted on to the end, We've all learned to love you

We truly can say And wish it were possible

For you to stay.

For you're just the sort of folks we need,

To put Woodson right in the lead.

The Leader store will be missed very much,

With your pleasant smiles, Accommodations and such,

You've helped our school and churches too.

And won a place in our hearts as few people do.

There's lots of things that we might say,

Since we all regret you are moving away,

And leaving a vacant place in our little town,

But this saying is true, "You can't keep a good man down,"

So we're wishing you happiness and success,

And a host of friends of the very best.

When you get in the windy west

Think of Woodson, with its quiet and rest.

And when you go to market and pass this way,

Don't fail to visit us, we pray.

For your smiling countenance, Will make us feel glad

And remind us all the good times we once had.

Composed by Mrs. W. E. Sonnamaker.

Oakland was the first car to adopt the fuel pump, now used by thirty manufacturers.

WOMAN WIELDS BIG INFLUENCE IN CAR DESIGN

Each succeeding new car model reveals that a greater influence has been exerted in its design and equipment to satisfy Milady's whims. First came smart colors harmonizing with the season's fashion modes; then vanities and smoking sets and interior fittings of a luxurious and ornamental quality.

This season's new creations find the trend more pronounced than ever. This is particularly remarkable because it is as true of the low priced car as of the most costly custom model, a tribute to value-giving made possible by volume production.

Take the landaulet sedan—a new body type this year which first made its appearance in the medium-low priced field on the new Oakland All-American Six. A soft fabric top covers the rear quarter section. This may quickly and easily be folded for healthful open air driving during the warm summer months—a feature that imparts to the car a swagger air particularly appealing to the woman driver. Shortly after its introduction on the All-American Six, this type was also adopted by the new Pontiac Big Six, as well as by several other makes of cars.

The adjustable driver's seats on the Oakland and Pontiac lines likewise were designed to meet the needs of the woman driver. A turn or two on an easily operated regulator conveniently placed within reach of the driver moves the entire seat to that position most comfortable behind the wheel. Drivers of different stature may exchange positions behind the wheel, adjust the seat to suit them best, and be off again in a few seconds.

Wider seats, both front and rear also have been built to add to the

comfort of Milady's guests. The rear seat on the new All-American is one of the widest on any make of car while the new Pontiac Big Six provides body roominess formerly available only in the higher price field.

The tilt-ray headlamps with foot control enable the woman driver to dim for an approaching car without taking her hands from the steering wheel or lifting her eyes from the road, while the non-glare glass in the rear vision mirror prevents the reflection of an approaching headlamp from blinding her. Instrument panels directly lighted allow her to take in everything at a glance and yet have all controls instantly at her finger tips.

Add to these features, sleek body lines that appeal to her notions of fleetness and power, the unique concave belt moulding of the Pontiac, the smart louvre grouping an the foot-controlled side cowl ventilators on the latest All-American, and you have some idea of the pains exerted to endow these lines with those qualities of newness and youth which Milady asks for in her car.

Possibility of squeaks and faulty operation of the four-wheel brakes of the new Oakland All-American Six has been reduced to a minimum as the brakes are entirely enclosed. Self-energizing and of the internal-expanding type, the new brakes are protected at all times.

Smart side cowl ventilators operated by foot control on the new Oakland All-American Six, in addition to heightening the beauty of the unusual body lines, offer utility in that they send a refreshing sweep of air across the foot boards in warm weather driving.

S. M. Puckett, of Dry Lake, was greeting friends on our streets Saturday.

M. P. Smith, of Red Mud, was doing some trading with our merchants Saturday.

S. M. Cooper, of Twin Wells, was in our city Saturday trading with our merchants.

Mr. JONES AGREED

Said Mrs. Jones to Mr. Jones with a holler, "For the love of Mike, look at your collar."

Now hubby Jones inclined to please,

Removed the coat and saw the grease.

Said he to her, "My Coat, what a mess!

This suit is due for a clean and press."

For Good Cultivating in Wide or Narrow Rows—

JOHN DEERE NF CULTIVATOR

Because it is simpler to operate; because it does a more thorough job of cultivating, this John Deere Two-Row is the popular favorite among general farmers. The John Deere NF will do good work in your cotton, corn, potato, or cabbage fields, whether you have planted with a one-row or two-row planter.

Some of the advantages that make the NF such an overwhelming favorite are:

1. The easily-operated, conveniently-located spacing lever, which enables you to instantly space gangs in or out as you drive, keeping shovels the desired distance from rows, in all the varying conditions.
2. The tilting lever, which permits changing set and suck of shovels without stopping team.
3. One master lever, which raises or lowers all rigs—no stop necessary at end of rows.

You can get the NF with three-horse or with four-horse hitch with tongue truck. Any style of rigs you require.

Come in and ask to see this famous cultivator.

OAKLAND COMPANY MAKES RECORD SHIPMENT

Nationwide substantiation of the optimistic forecasts for a record in 1929 automobile sales is clearly borne out in a statement just released by W. R. Tracy, vice-president in charge of sales for the Oakland Motor Car Company. Shipments of Oakland and Pontiac Sixes during the first four months of 1929 totaled 118,222, making a new high record for this manufacturer.

Mr. Tracy said: "April shipments, alone, totaled 36,384 cars, which is just 76 cars short of the 36,460 shipped in March—the high month in the company's records. But for the fact that there was one less working day, than in March, April would have been the greatest month in our history."

"Our record shipment of 118,222 cars during the first four months of 1929, more than doubled the total of 53,877 cars sold in the same period of 1927 and bettered the 1928 period by 15,591 cars."

Mr. Tracy pointed to the March and April 1929 sales as an indication of the general market trend, stating that the total for these two months shows a gain close to 30 per cent over March and April of last year.

"The industry as a whole is showing a decided increase in sales during the Spring months of 1929. One of the greatest factors in this increase is the replacement market. During 1925 and 1926 a total of 8,736,135 cars and trucks were sold in the United States and Canada. These three and four year cars are now being replaced with new cars, and account in a large measure for the general sales increases throughout the country."

"Production schedules in the Oakland factories are keyed up to keep pace with the increasing demand for the Oakland and Pontiac Sixes that are meeting with particular favor in the medium and low price class. In the low price field particularly, spring buying has been most brisk."

"Our plant has been operating at capacity since January and it now seems probable that we will continue at top speed well into the summer season or for a longer period than ever before."

CHEVROLET SETS NEW MONTHLY PROD. RECORD

DETROIT, May 11.—Exceeding by approximately 10,000 units its best previous monthly manufacturing record, the Chevrolet Motor Company in April established a new all-time monthly production record with an output of 157,137 cars and trucks. April was the second consecutive month during which Chevrolet set up a new all-time monthly production mark, March having been high with 147,273 units.

The sensational April achievement brings Chevrolet production in the first four months up to the record total of 511,837 units as compared with 477,967 for the corresponding period of 1928, a gain of more than 33,000 units over the best previous corresponding period in the company's history.

The most significant feature of Chevrolet's manufacturing performance during the first four months is the fact that during that limited period Chevrolet built more six cylinder cars than any other manufacturer has ever built in an entire year.

Co-incident with the announcement of this latest Chevrolet production achievement was the indication that in response to the greatest demand Chevrolet has ever known, May will see another all-time monthly record established. Tentative schedules arranged for the current month call for a May production of 160,000 cars and trucks.

Sixteen giant factories located at strategic points from coast to coast are now working with all the speed consistent with Chevrolet's precision manufacturing methods to accommodate the greatest Spring business in the history of the company.

STUDEBAKER MANAGER PRAISES AMERICAN NEWSPAPERS

The outstanding position of the American newspaper in modern merchandising is reflected in a recent statement by J. M. Cleary, general sales manager of The Studebaker Corporation of America, which now has the greatest advertising campaign in its history. According to M. Cleary, more than one half of the Corporation's record breaking appropriation for advertising in 1929 has been scheduled for expenditure in newspapers.

"Newspapers have played a large part in the amazing growth of the automobile industry," said Mr. Cleary. "This is particularly true in the case of the Studebaker Corporation, which has consistently been one of the largest users of newspaper space."

"Studebaker's new cars this year called for a merchandising campaign as up to date and modern as the cars themselves. Accordingly Studebaker became the first manufacturer to make extensive use of the possibilities of the movietone and created a sound picture which is entertaining scores of thousands of motorists."

"The climax of the movietone, which is entitled 'Champions'; is the finish of the President's run of 30,000 miles in 26,326 minutes at the Atlantic City Speedway."

In this run the President Eight established eleven world records as well as twenty-three international class records and a virtual monopoly of American stock car records. The reproduction in sound of the exciting scenes at the track has been called the most vivid and exciting dramatization of an automobile speed test ever made.

"Supplementing its other activities is a program of radio entertainment broadcast every Sunday evening from coast to coast over stations associated with the National Broadcasting Company. This program offers modern symphonic arrangements of sprightly tunes by a 30-piece orchestra under the direction of Jean Goldkette. Within a very brief time the Studebaker 'Champions' programs has become one of the most popular features on the air."

BUY TEXICO AGENCY

V. A. Harding, who has been in our city the past two weeks, has purchased the Texico Agency from Williamson Bros. and has taken charge of the business. Mr. and Mrs. Harding are from Holdenville, Okla., and have come to make Spur their home.

The Texico Agency did a good business under its former management, Williamson Bros. secured this business for Spur and were successful in building it up. Friends hope that Mr. and Mrs. Harding will meet with success in our city and send the good news

to others back east that they may come to the broad west and get a start in life.

Johnnie Sparks, of Red Mud community, was transacting business in our city Tuesday.

John D. Huffstедler, of Highway, was attending to business matters in our city Tuesday.

L. C. Murphy, of Dickens, was looking after business affairs in our city Tuesday.

W. L. Lusk, of Dickens, was greeting friends and looking after business affairs here Tuesday.

Mrs. L. C. Murphy and Miss Annie Lusk, who went to Hot Springs, New Mexico, last week, on account of rheumatism, are reported as getting along all right.

A delegation of citizens at Dickens went to Benjamin Monday to see about getting a bank in their city. We understand a banker at Benjamin has given some encouragement relative to the matter.

Mrs. Bert Wallace, of the O-Bar-O Ranch near Jayton, was a guest of Mrs. V. A. Harding the last of the week.

COMPARE the delivered price as well as the list price in considering automobile values. Chevrolet's delivered prices include only reasonable charges for delivery and financing.

If you are considering the purchase of an automobile, you owe it to yourself to check the new Chevrolet Six against any other car—value for value and price for price!

Here, in the price range of the four, is offered a smooth, powerful, six-cylinder valve-in-head motor—which delivers better than 20 miles to the gallon of gasoline—and whose smooth, quiet, velvety operation, with its complete lack of drumming and vibration, is a revelation. Here are beautiful bodies by Fisher—with fittings by Ternstedt... rich, deep-tufted upholsteries and adjustable driver's seat. And throughout the entire chassis are found numerous examples of advanced engineering—such as quiet, non-locking 4-wheel brakes... ball bearing steering mechanism... and automatic acceleration pump.

But no mere recital of features can give you any conception of Chevrolet's value leadership. So we urge you to come in and see for yourself why over 500,000 people have chosen the new Chevrolet Six since January 1st!

R. C. CARTER, Owner

REV. W. E. DUKE FREED OF MURDER CHARGE

A vote by the jury on first ballot cleared Rev. D. E. Duke of the charge of murdering J. A. Cox at Klondike last February 6th. The trial which created quite a lot of interest, was held at Lamesa last week. The courtroom was crowded to its capacity from the first hour until the Court's charge was delivered to the jury last Wednesday afternoon. Fearing that they would be unable to obtain a seat, many people carried their lunches with them and remained in the court room from five o'clock in the morning until court would be dismissed in the afternoon.

Rev. Duke pleaded self defense in his case. He stated that he killed Cox because he was afraid that Cox would kill him. He stated that Cox and his brother had threatened to get the one that put out certain rumors in regard to the relationship of Cox and Mrs. Duke.

Rev. Duke and his family had moved from the Watson community, 20 miles southwest of Spur, to the Klondike community about six miles south of Lamesa a few years ago. He had been conducting a grocery business since going there and had been pastoring some churches in the country. Cox owned and operated a filling station just across the highway from the Duke store. Since Rev. Duke had his farm to look after and his preaching to take care of, Mrs. Duke had been in charge of the grocery store.

It appeared from the evidence brought out that Cox and Mrs. Duke developed intimate relationship, this friendship beginning sometime during 1926. Upon being asked the reason for their relationship Mrs. Duke stated that she did not know why she permitted Cox to force himself upon her unless it was the love she had for him. Upon the evening of the shooting Mrs. Duke and Cox had been with each other according to her own statement. Also, she stated before the Court that Cox had hugged and kissed her and said, "Here is where I leave you." This happened just a few minutes before the shooting.

On the day of the shooting Rev.

Duke stated that he would be away on business during the day and would not return until late at night. He accompanied his children to Lamesa that morning in order to board the train to Sweetwater. However, he did not make the journey, but arranged with his 17-year old son to meet him at some point which he did. He and his son then drove near their home where they watched to see if any one entered the house. After watching for sometime and seeing no one, Rev. Duke asked the boy to go back and get the car and drive to the house. In the meantime Rev. Duke walked across the road to the front of his store and stationed himself. Soon he saw two parties approaching. He supposed these to be Cox and his brother, who had made the serious threats. About that time a blaze arose from a burning pile of cotton hulls across the road which gave some light, and Duke recognized Cox. Thinking they had planned to carry out their threat, Rev. Duke fired his shot gun at the point where he saw Cox last. Then he turned and aimed at the other party and would have fired, but recognized his wife's voice in the words, "Don't shoot." He and his wife then went into their home and remained there until the officers arrived when he gave himself up to them.

Rev. Duke, who was represented before the Court by J. E. Garland and Philip Yonge of Lamesa, pleaded self-defense on the ground of the threats made by Cox and his brother. He never had recognized nor believed the reports relative to the intimacy of his wife and Cox until after the shooting occurred.

Rev. Duke is well known throughout the Spur country, as a respectful gentleman. He and his family were held in high esteem by those who knew him here. He was employed as pastor of many churches of the Baptist denomination in Dickens County, and just last summer was called to hold a revival meeting for the Dry Lake Church. He has many, many friends here, a number of whom were with him during his trial last week. All during the trial his character was never assailed or even questioned.

He is continuing his work as pastor of his churches and says he expects to work more faithfully and to be a better preacher, if possible, from now on. Many of his friends in this country say they hope he will continue to make good, and that people in Lamesa country will give him encouragement in his work.

CHURCH OF CHRIST

Program for young people's meeting next Sunday at 7:00 o'clock.

1. Discussion of the life of David.
2. Reading of "Twenty-Third Psalm," Dessie Mae Cross.
3. Reading of "Thirty Ninth Psalm," Gladys Johnson.
4. Bible questions and answers, concerning David's life.

NOTICE TO CONTRACTORS FOR STATE ROAD AND BRIDGE CONSTRUCTION

Sealed proposals addressed to the State Highway Engineer of Texas, for the improvement of that part of State Highway, No. 18, covered by F. A. P. 561-A, in Dickens County, will be received at the office of the State Highway Engineer, at Austin, Texas, until 10 o'clock A. M., May 24th, 1929, and then publicly opened and read.

Work consists of construction of Grading and Drainage Structures between Dickens and Spur, a distance of 9.922 miles.

Time for completion to be 165 working days.

Detailed plans and specifications of the work may be seen for examination, and information may be obtained at the office of J. S. Harrison, Res. Engr., at Crosbyton, Texas, and at the office of the State Highway Department, State Office Bldg., Austin, Texas.

A certified or cashier's check for \$2,500.00 is required.

The usual rights are reserved. 5-16-29.

NOTICE TO BIDDERS

The Commissioners' Court of Dickens County, Texas, will receive bids at Dickens, Texas, on June 10, 1929, for the purchase of one or more sixty horse Crawler type Road Tractors, and one or more Road Graders.

O. C. Newberry, County Judge, Dickens County, Texas, 5-16-29-30:6:5

Amos Jackson, of Croton, was looking after business affairs in our city Saturday.

A GOOD SAFE PLACE TO TRADE

- 2 Print Dresses, size 16 and 18.

Copeland

DEPENDABLE ELECTRIC REFRIGERATION

And now—with these new low-priced Copelands —

—thousands of additional homes all over the country can enjoy the benefits of dependable electric refrigeration! . . . But not dependability alone has made these new low-priced "N" models so amazingly popular — there is the added advantage and convenience of such advanced features as double-depth dessert drawers, shelves that can be reached without bending, no insanitary drain pipe, lustrous Super-Ascaloy metal fronts, porcelain interiors and a quiet, economical motor! . . . Four new models provide from 5 to 9 cubic feet of storage space, 108 to 162 ice cubes at one freezing, and are factory-priced from \$195 to \$365. . . . For those who desire more luxurious refrigerators there are numerous all-porcelain models, pure white or in optional colors. There are even separate units for present ice boxes. . . . Whatever your requirements may be, they can be answered by a Copeland . . . for only a few dollars a month. Come in and see for yourself!

BRYANT—LINK COMPANY

HARDWARE DEPARTMENT

THE STORY OF MY LIVING ROOM IMPROVEMENT

Mrs. D. F. Christopher, winner in the County Contest

My living room was an old room with streaked walls, caused from rain leaking through. It was very hard to keep clean because the

open places in the walls and floor would let the sand blow in. It was arranged very inconveniently as I had to go through my bedroom or kitchen to get to my living room, one that would not leak, and one that would not be covered with dust from the West Texas sandstorms.

The only place I had to make a living room was from an unsoiled screened porch with an outlet closet opening out on the porch, and opening window from the kitchen, and a very rough shiplap floor. The first thing we did to remodel it was to box in the two sides using the window from the kitchen and buying one more and one door, using the old screen to make screens for the room. We used the 2x4 material the old screen was tacked to in making a trailer for the car. We removed the closet to the bed room, put sheetrock overhead which made a nice ceiling. I pasted fifteen layers of newspapers on the floor, letting a few layers lap upon the wall, this would insure keeping the dust out. Then I covered the floor with a tan background linoleum square and a rug border letting it come upon the wall. In my old living room as I have said before the walls were streaked caused from the rain coming in under the strips, I filled the cracks with cotton, then pasted scraps of oilcloth over this. Then I took a piece of heavy building paper and pasted it over the oilcloth. I had a wall then that would not leak. I had three old mattresses made over and I had the old tickings left. I washed these old tickings and used them for canvas. I papered with tan paper letting it and the canvas come to the edge of the window to keep out the sand. For baseboards I used scrap lumber found around the place.

The woodwork was full of cracks and nail holes because it had been an outside exposure. I filled the cracks and holes with a 9c filler. I wanted a light woodwork and had a part of a can of white paint and some walnut varnish, so I bought me a can of buff paint and mixed the three and had the color that I wanted. Before using the paint I sandpapered the woodwork good to get as smooth a finish as possible. After applying two coats of the paint I found that the filler and sandpapering had been very successful in hiding

the cracks and old wood. For my living room furniture I had nothing I could use but an old scarred piano. I removed the varnish with a weak lye solution going over it rapidly and following with a vinegar water. Then I used a crack filler to fill the cracks, and sandpapered lightly over it. I used three coats of varnish and stain sandpapering over it each time.

It was hard to recognize my old piano after I finished. I had to either make my other furniture or buy it, and as funds were low, I proceeded to make the furniture out of anything I could get around the place. I saw a book cabinet at town that I wanted very much, but it cost \$12.00, so I went home and told my husband about it and he made me one. I had a place for my books, a writing desk, a place for business papers, magazines, and papers when the case was finished. He made it out of the lumber and after sandpapering and applying coats of walnut varnish until I had the right finish, and putting a colored stencil at the top I felt that I had a very good looking cabinet for only \$2.75. I needed a center table for games so I placed my card table over in one corner and above it I placed a wall rack which was used for game supplies. I made the wall rack out of an apple crate and stained it walnut.

I made a day bed out of an old steel cot. I made a mattress for it first then covered it with a predominating tan and mulberry cretonne. I made two pillows out of crash material using the green for one and red for the other. I remodeled a smoking stand, adding a place for tobacco, and an individual tray, refinishing the stand in green and gold. I made the shade I wanted by adding a bottle of yellow paint to a dark green paint. I also refinished a flower stand and pots with the same shade of green and gold. To add more color I made a door prop out of a brick, painting it tan with a raised rose made of putty which I tinted red. I made me a vase out of mustard jar by painting it blue and tinting flowers on it. This I placed on my console table which I bought and I keep flowers in it all the time. The lace and embroidery on my piano scarf was worn out so I reembroidered the scarf and put new lace on it. I learned one lesson on that, that is never to put cotton embroidery or lace on linen material. My lamp shade was white so I tinted flowers on it. I bought a second hand oil heater for my stove.

I used a tri-color scheme using the curtains made of mulberry with the ecru screen for glass curtains. The day bed cover is of mulberry and tan. The paper is tan. The congoeum rug is predominating tan with a little green and mulberry. I have the green smoking stand, green floor pillow. Blue vase and the red floor pillow adds a touch of color. I have one oblong picture over my piano, and a long picture by the front door. I used the long mirror over my console table. I bought two rockers with the tan and mulberry upholstery. I use the gasoline lamp which hangs from the ceiling and gives an excellent light.

The following shows a total cost of my living room improvement:

Two rockers	\$24.00
Console table and mirror	7.50
Floor coverings	10.50
Material for book cabinet	2.75
Curtains and shades	6.80
Day bed and pillows	2.00
Card table	1.50
Varnish, paint, etc	2.50
Oil Heater	1.50
Total	\$58.55

DELPHIAN CLUB PROGRAM FOR MAY 31

The Delphian Club will have the last meeting of the year on May 21 at the home of Mrs. W. T. Andrews. The subject is "The American Contribution to world thought and development," with Mrs. Luther Powell leader.

Topics:
1. What progress has been

TARZAN THE MIGHTY

Novelized by ARTHUR B. REEVE.
From an original Serial produced by UNIVERSAL PICTURES CORPORATION, by special arrangement with
EDGAR RICE BURROUGHS
Author of TARZAN OF THE APES, THE CAVE GIRL, etc.

Chapter I.
JUNGLE KING

"Dance!"
The girl, a gleaming blonde beauty, figure full, delicate, voluptuously formed, clad in a single leopard skin, drew away from the menace of the eyes and voice of the dark white man, reversion to the elemental, a thousand miles from civilization.
"Dance, I tell you!" hissed Black John through his wolfish teeth.
Her eyes, deeper and more blue than any lake of the Dark Continent, shot a quick glance to the right. There lay the jungle, teeming with wild life, fascinating, mysterious with its keen, heartless struggle for existence crowned by the survival of the fittest. It was beautiful—and relentless.

Another quick glance to the left. There was the stockade wrested by man from pitiless luxuriant nature. Mary Trevor saw the huts, the cabin to which she had been borne with her little brother Bobbie after the wreck of the liner "Empress"; sole survivors picked up by Black John, the beachcomber. In a great semi-circle before the thatched huts in the stockade squatted the black-skinned natives, on one side their Patriarch, on the other the drummers with their outlandish hollowed logs covered taut with goat skins.
They were waiting for Black John to call on the spirit gods of their ancestral jungle, waiting for him to demonstrate again the power of the white-man's witchcraft.
"Dance!"
An instant her eyes turned heavenward as she waited a prayer. Above swayed the tangle of tropical moss and rope-vines. It was a glorious wild picture of nature "where every prospect pleases—and only man is vile!"

Black John seized Mary in viselike grip by the wrists.
"Dance! Dance at this ceremony of the Curse of Tarzan! The next time, remember, it will be the ceremony of our wedding. Dance—or I will call the priests and perform the ceremony—now!"

With his other hand he waved. The weird sound of the native drums accompanied by the clatter of spears and aboriginal musical instruments burst forth in a pandemonium of barbaric tempo.
Black John advanced into the center of the group, descendants of a pirate crew that had settled in the jungle generations ago, intermarried, now reduced to the primitive state of superstitious savages—lost village. He himself, the wayward son of a noble British family, by his superior wit and shrewdness had made himself the leader of the tribe, pretending a mastery of witchcraft.

made in the attitude toward woman's work between 1876 and 1904, Mrs. E. L. Tanner.
2. Summarize the progress marked by the exposition of 1914, Mrs. Malcom H. Brannen.
3. What is the value of American literature as compared with that of the old world, Mrs. Luther Powell.
4. What are the faults of our education and how may they be remedied, Mrs. Hill Perry.

JOI DE VOI

Mrs. Charlie Powell entertained with bridge on Friday afternoon at her home, having as her guests members of the Joi de Voi club and other friends.
Tallies and score pads used during the games were most attractive with pirate designs.
High score for club members was made by Mrs. Horace Hyatt, with Mrs. C. L. Love making high score for guests. Mrs. Shirley Robbins received low score favor. Ices in the form of roses, in pink and yellow were served with cakes iced in corresponding colors. Guests on this occasion were: Mesdames Cecil Fox, David Burns, James O. Smith, Ray E.

that fastened itself. He pulled it tight, swung in a quick arc to the ground, slacked the rope and with a deft twist pulled it off the limb and down.

Handsome and erect he stood, every muscle playing smoothly as he gathered his grass rope, coiled it, and slung it over his shoulder. Suddenly above the multitudinous sounds of the jungle he heard something that set him in quick motion crashing through the tangle.

It was Teeka, the she-ape, belle of the jungle, giving a call for help. The man parted the fronds of underbrush in time to catch a glimpse of Taug, an interloper, strange to that part of the jungle, as the powerful arms of the ape grasped Teeka about to bear her off. Teeka chattered and screamed in terror.

An instant and the man was credited quickness and strength. He bent them, facing Taug.
"Go back whence you came! I, Tarzan, command!"

He stretched forth his arm with an imperious gesture. But it was the voice that would have arrested and held attention. It was a human voice—but these were no human words.

For of all the beasts he knew the language, knew their names and how to call them, knew their trials and all their dangers; helped them, played and lived and suffered.
This was Tarzan, the Mighty, King of the Jungle!

Chapter II.
QUEEN OF HIS KIND

Into the heart of the Jungle, mysterious and fascinating, where Taug, the elephant, prince of beasts, trumpeted to the herd, where Numa, the lion, ruler of his kind, preyed on man and beast, where lived the tiger, the rhinoceros, the crocodile, and above all the ape people who made up in shrewd cunning what they lacked in strength, years before had come two intrepid explorers, Lord and Lady Greystoke.

Delirious with the dread jungle fever, Lord Greystoke and Lady Rosalie tossed in their bunks in the cabin they had built. Scientists though they were and protected against the perils of the jungle, the science of their day had given them only imperfect protection from perils unseen, microscopic.

In a sudden silence, Rosalie staggered up from her bed, swayed across to her husband, so still, and took his hand. It was cold. She laid it down, tottered in a daze over to the bed where crouched little Edward, her baby born on the expedition. With a prayer on her lips she, too, collapsed on the floor, another martyr to the white man's conquest of the tropics.

Toka, the she-ape, had just been the victim of another jungle tragedy. Her own baby had fallen a victim to the dread foe of man and beast—death. Toka wandered, unconsolated, when suddenly from a strange habitation in her jungle she heard a piercing cry, a wail. It was not of an ape-child. Yet it was the young of some animal strangely akin. And it was the wail of hunger.

Toka looped over, looked in and entered. What she found stirred the depths of her already overwrought mother heart. She picked up the baby, caressed it, fondled it, clasped it to her breast. There was none to say her nay. She looped off with her foundling man-child.

(To be continued)

RETAIL MERCHANTS ASSOCIATION

SPUR, TEXAS

The purpose of the Retail Merchants' Association is to keep check on every individual, to assure credit being extended where that courtesy is deserved, and to protect merchants from those who abuse that privilege. Should the association ever be in error, you may rest assured that its officers will be only too glad to make correction of their attention is directed to the same.

DAILY DOINGS IN THE OZARKS
By Walter R. Eaton.

Every indication is that this is to be the largest tourist season we have ever had. It is simply astounding the interest that is being taken. Large development enterprises are now under way. I do not believe there are any of us who can begin to visualize the progress of the Ozarks for the next few years.

We here feel that the Ozark Colony Developments are in a position to take advantage of this growth as are few others. The organized activity the actual development progress made, puts us in a class by ourselves. It is not actual advantages alone which count but what is done with them.

The Ozark Colony is making greater preparations than ever before to handle this rapidly developing business. It is practically the only resort that is maintained like a park. New buildings are going up and are of a more substantial nature than ordinary summer cottages because this is an all year round watering resort with visitors every month in the year.

The Colony will be operated this year as a large club, Mr. and

Nature Thought of Everything
Nature thought of everything when the human body was made. When the body is about to become ill, nature planned danger signals to warn us. Thus, if our children grind their teeth when they sleep, or lack appetite, or suffer from abdominal pains, or itch about the nose and fingers, we should know that they may have contracted worms. Then, if we are wise, we buy a bottle of White's Cream Vermifuge and safely and surely expel the worms. Thus we avoid the danger of very serious trouble. White's Cream Vermifuge costs only 35c a bottle, and can be bought from

Mrs. C. I. Dyer, formerly of the Mountain View Hotel will operate this feature. The Cloudland Villa Tea House will be under Mrs. Dyer's supervision as well as a light service at the Colony Lodge. Mrs. Dyer has long been a college teacher of domestic science and is noted for the excellence of her table. There will be bridge parties, dances, camp breakfasts on Colony Heights and evening Camp fire suppers. Eagles nest will be operated as a club house for week end parties. While we will not be able to accommodate all during the busy season, yet our accommodations are such that we will have a large crowd of delightful people.

The Ozark Colony now has an exhibit on display at 706 South Main, Tulsa; one of the finest exhibits to ever leave the Ozarks. The setting is in a beautiful ground room floor in the center of Tulsa's business district. The display consists of one painting of the Colony, five feet wide and ten feet long, beautifully framed skillfully lighted with overhanging drapery effect. These are supplemented by a number of oil paintings of the Ozarks a large collection of enlarged photographs and a display of the Ozark Colony Rustic Hickory Furniture. The exhibit is attracting a great deal of attention—just another evidence of organized activity behind a development project.

The Grape Club Vineyards are now scenes of activity. The vines are growing exceptionally well, have been carefully pruned and tied and cultivation is well under way. Some day this grape club will surprise even those now most enthusiastic about it. Where else could a person take a flyer on the coming growth of the Ozarks for a little money and with as much development activity behind it.

HIGH SCHOOL POULTRY TEAM
A. & M. Contest

The poultry team composed of Milton McDonald, Tom Porter, Carlin Gaines, together with Mr. Williams, coach, made the trip to College Station along with 1700 other Vocational Agricultural students from all parts of the state. This trip was made possible by members of the Chamber of Commerce.

We made our way to Waco at 3:30 Friday night after being in muddy roads for 110 miles. After a good night's rest in a tourist park, we visited Cameron Park in Waco, one of Texas' prettiest parks. From there we went to Temple and inspected a good dairy and hog farm.

One of the most interesting events was going through the A. & M. College proper and seeing various specimens in the A. & M. College museum—2-headed calves, horses, teeth and parts of pre-historic animals. We saw the evolution of the horse from the five toes up to the present horse. Another that was a great surprise was a mule and her own two colts—one a horse in every respect but a mule for a mother, the other a mule that resembled the dam. It was quite a sight to us to see 2,500 college boys and 1,800 school boys eating in the mess hall at one time.

We wish to express our appreciation and thanks to those who made our trip possible. Although we were not among the winners

we feel the trip was well worth while.

To give some idea of the competition there were the following teams of three boys each:

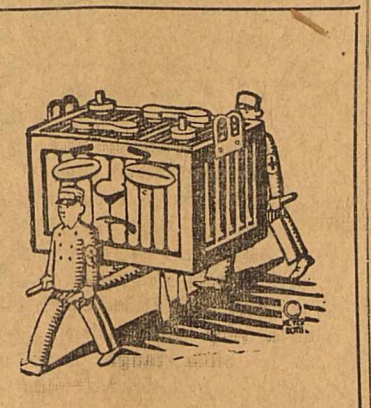

- Poultry teams 97.
- Dairy teams 100.
- Farm Shop Teams 54
- Live Stock 78
- Grain Judging 58.
- Plant Production 54.

And each team had one coach present.

We consider we were very lucky in getting to make the trip to the college.

Tom Porter.
Carlin Gaines
Milton McDonald

COUNCIL MEETING
The Home Demonstration Council met for its regular appointment

First Aid For Old Batteries

We're expert doctors when it comes to reviving sick automobile batteries. No need to buy a new one, bring us your old battery and we'll revitalize it quickly at small cost. Also any other car troubles you may have. Consult us.

ment at Miss Oosborn's office, Saturday, May 4th. Four clubs were represented by ten members. The following subjects were discussed, but all voted to put the subjects before each club before passing on. . . . Sometime back the Council served a luncheon, the proceeds to be used in sending the winner of the living room contest to the short course, \$19.60 was taken in and the subject was, would each club donate from their several funds to make this enough, or should

we have a sale of some kind? And then we are have to have a ladies dress contest, to be put on at the same time the girls have theirs contest, about the middle or last of June. So we discussed whether it would be best for the council to raise the money to send the winner in that also, instead of having to call on the Chamber of Commerce. The representatives did not feel like answering for the whole club, that to will be reported on later. . . . Then we had quite an interest-

FOR SALE—A fresh milk goat. Inquire at BAPTIST PASTOR'S HOME.

HERE'S MORE ABOUT MUNICIPAL LIGHT

(Continued from Page One)

Chairman McGinty Presides
 "J. B. McGinty, chairman of the city commission presided over the mass meeting. The purpose of the meeting, as stated by Mr. McGinty, was to consider plans for safeguarding the city light plant, which at present is beset by a 'cut rate' war initiated by the Terrell Electric Light Company, a subsidiary of the Texas Power & Light Company. It was represented that a squad of canvassers were scouring the town, offering inducements to light consumers in the way of exceptionally low rates which the city could not and would not try to meet. It was represented that occupants of five-rooms homes were being offered all the juice they could use at a flat rate of \$1.50 per month. The object was plain. It was a self-evident plan of the Texas Power & Light Company to freeze out the home-owned concern, and that would inevitably come to pass if the stock holders of the city plant, the citizens of Terrell, did not show their loyalty by continuing as its customers in the face of low and unfair rates being offered by the competition. He made the prediction that if this was not done and the city plant was put out of commission, the present very affable management of the opposition concern would be succeeded by some hard-boiled gentry who would institute a schedule of rates that would be an enormous burden on the people of Terrell, and they would bitterly rue the day that they did not come to the rescue of the municipally owned plant. Mr. McGinty made it plain that he was not making war upon the local management of the opposition plant. Mr. Garrett, the manager," said Mr. McGinty, "is my warm personal friend, and I hope he will continue to be. He is a very popular and estimable gentleman, but I do not like his master the Texas Power & Light Company. This is a principle for which we are fighting. The Texas Power & Light Company is contesting the right of the city to engage in the lighting business, and is leaving no stone unturned to put it out of business. Will the people of Terrell stand for it? I do not believe they will."

Mr. Markham Speaks
 "Chairman McGinty introduced City Manager Markham, who gave some statistics regarding charges made for lighting in cities where

the Texas Power & Light had a monopoly of the business, notably at Waxahachie and Kaufman. In each instance the rates were from 50 to 75 per cent higher than the rates now enjoyed by the patrons of the municipal plant in Terrell. He also quoted rates charged by the high line serving Plainview, Texas. These were even higher than those quoted from places previously given. The Texas Power & Light seeks to suppress the local plant by its unfair methods, and after this has been accomplished, to afflict Terrell citizens with the same high rate schedule of rates now in vogue in places where they have a free hand.

"He said that the tactics being employed by the Texas Power & Light had already acted as a boom erang against them, and read a considerable list of names of patrons of that company who had come over to the city plant since this 'unpleasantness' had begun. A Visitor Speaks
 "Chairman McGinty in his remark developed the fact that J. W. Carpenter, president of the T. P. & L., had appeared before the commission at a recent meeting and asked permission to audit the books of the city light plant, indicating that his company would make a flattering offer to purchase the plant. This request was denied. Mr. McGinty presented W. C. Jamison, cashier of the First National Bank at Garland, who gave a history of the establishment of the municipal lighting plant there a venture taken after rates had been solicited from the T. P. & L. and found to be prohibitive. The Garland plant was doing nicely and making a substantial saving to the city each year. In response to a question from Mr. Allen, he stated that at least 90 per cent of the people of Garland were customers of the municipally owned light plant and so loyal were the people to the plant that if any Garland business man used the T. P. & L. current, he 'didn't want the people to know about it.'

"Blank contracts were distributed in the audience with the request that they be signed by those desiring to become customers of the city light plant. 'You don't have to notify the T. P. & L. that you are going to quit. We will attend to that,' Mr. Markham said. A large number of contracts were signed and turned over to Mr. Markham.

Mayor Nichols Speaks
 "Chairman McGinty presented Mayor Joseph Nichols, for five terms mayor of Greenville. His growth and power largely devoted to the tremendous growth and power exercised by the power trust. It had its nose in everything, even to the women's organizations, boy scouts and public schools. This oligarchy spent annually \$2,000,000 with the newspapers of this country in advertising and propaganda. He charged that many of the larger newspapers of the country were aligned with the power trust in its effort at the suppression of municipal ownership of lighting plants. The fight being waged in Terrell was merely an incident in the widespread warfare being waged to accomplish this end. He urged the people of Terrell to accept the gage of battle and fight the octopus to a finish, and he doubted not but that they would win in the end.

"Mr. Nichols spoke briefly of the Greenville lighting plant, which the city owns and operates. It has no competition. The T. P. & L. tried to get in the city; but it was denied. The Greenville plant serves not only the people of Greenville but the people of a radius of twenty miles outside the city. It is a tremendous plant, and one highly prized by the people of Greenville, who own it.

"F. M. Raikie introduced the following resolutions, which were adopted without a dissenting vote, Chairman McGinty calling for a rising vote. The resolutions follow:
 "Whereas, Terrell Electric Light Company, in its competition with the city light plant for business has resorted to the practice of offering and giving flat service rates far below its ordinary rates and far below the city's rates, in spite of the fact that its own sworn statements show that it is losing from \$8,000 to \$20,000 a year on its present rates.
 "And whereas, such practices are clearly intended to crush and destroy the city light plant, so as to eliminate all competition.
 "Therefore, be it resolved by the people of Terrell in this mass meeting assembled: That such practices are regretted and deplored as tending to bring reproach upon big business in general, whose name ought to be kept unsullied;

and that such practices are condemned by us in unmeasured terms as unethical, illegal, unfair, and contrary to all rules of respectable business.

"Be it further resolved: That we hereby call upon the officials of the Terrell Electric Light Company to hereafter forever desist and refrain from the making or offering of flat rates or the practice of any other unethical or unfair methods in this city.
 "Be it further resolved: That in case such practices should be continued or are again resorted to, the attorney general of the United States be petitioned to detail a special agent from the department of justice to come to Terrell and make a searching investigation of Terrell Electric Light Company's methods and relations in this city, and that the city commission be asked to employ special investigators of its own if necessary.
 "Be it further resolved: That copies of these resolutions be filed with John W. Carpenter, president of the Texas Power & Light Company, and with the Terrell city commission, and that copies be furnished the press for publication.

Citizens Speak
 "W. P. Allen and T. B. Griffith spoke briefly. Mr. Allen was a member of the old city council which established the city light plant. 'It is my baby,' said Mr. Allen, 'and I nurtured it for ten or twelve years. It has been of untold benefit to the people of Terrell and I urge you to stay with it until hell freezes over.' Mr. Allen said he had been approached by Mr. Carpenter of the T. P. & L. to use his influence for the purchase of the city light plant by the company. He had told him that the T. P. & L. did not have enough money to induce him to do such a thing. He at one time advocated the sale of the plant, but was sorry for it. That was a time when it seemed the plant would go to the wall in spite of all that could be done and he was in despair, but the people had said in an election that the plant should not be sold and he was mighty glad they had done so.
 "Tom Griffith declared that the Texas Power & Light Company were asking the people of Terrell to cut their own throats. He said he was not ready to do that yet.

"Chairman McGinty called for volunteers who would accompany the members of the city commission in a canvass of the business district to begin Monday to secure new customers for the city plant, to be assigned to each commissioner. The volunteers were readily secured.

"L. W. Wells, Jr., made a motion that a canvass be made of each street in the residence section and that the chair appoint a committee of three to select those who are to make the canvass. It carried with a whoop. The chair appointed L. W. Wells, Jr., W. P. Allen, Jr., and J. A. Hunt. Prior to putting this motion, F. M. Raikie said he lived on First Street and asked for the privilege of canvassing that street himself.

"While all these proceedings were going on, the elements outside were raising all manner of Cain, but it did not seem to disturb the indoor activities.

"Quite a large delegation was present from Garland, the visitors including Mayor C. S. Nelson, G. L. Davis, J. A. Alexander, and W. C. Jamison.

Committee at Work
 "The committee of three to appoint workers to divide the city into districts and appoint workers on each street, have been at work all morning making their selections and will have the list ready for publication Monday. They will start to work Tuesday morning in an effort to enlist every citizen to become a patron of the city light plant.

"The commissioners, with their assistants, will make a canvass of the business district Monday morning."—Terrell Tribune.

LOCHE-HUMPHRIES

Miss Rebecca Locke, of Spur, and Mr. E. G. Humphries, of Plainview, were married at the home of Mr. and Mrs. Birl Harrington at eight o'clock Saturday evening. Rev. Berry, pastor of the Church of Christ, spoke the words which officially united them husband and wife. There were just a few friends present to witness the ceremony.
 The bride has been the local manager for the Western Union Telegraph and Cable Company since February 1st. She is a very efficient telegraph operator and has given Spur people as good service at the Western Union office as we have ever had. Since coming to Spur she has built up the

business and every month this year it has exceeded the corresponding month of last year.

Mr. Humphries is a construction foreman for the Western Union people and has been at Plainview the past several weeks. His work is of a nature that he cannot be at any one place very long at a time. He will be stationed at Snyder for the next month or two, where he will be engaged in superintending line construction, and where he and will Mrs. Humphries will make their home for the present.

Mrs. Humphries will remain with the local office until she can be relieved by a competent operator, then she will join her husband at Snyder.

W. M. S. OF BAPTIST CHURCH

The W. M. S. met in their different circles.
 East Circle met with Mrs. C. P. Harris on Monday afternoon at 8 o'clock. The chairman, Mrs. Bert Lummus, having charge after Bible lessons a very interesting lesson was taught from their mission study book, "Japan on Upward Trail." Nine ladies were present.

North Circle met with Mrs. A. M. Walker, with 6 ladies present. After a very interesting lesson from the bible taught by Mrs. E. J. Cowan, lovely refreshments were served.

Mrs. Walker was elected chairman of North Circle.
 South Circle met with Mrs. Baker, assistant chairman, Mrs. Charles Wolf having charge in absence of the chairman. Bible lesson was taught by Mrs. W. M. Hazel, the teacher. We have started our cottage prayer meeting getting ready for the revival which will begin May 26. We will meet Tuesday evening with Mrs. Charles Wolf.

West Circle met with Mrs. Laird. Five ladies being present. Mrs. Geo. Williams had charge of a very interesting bible lesson. —Reporter.

A & M COLLEGE MAN HERE STUDYING INSECT CONTROL

C. J. Todd of the Department of Entomology of the A. & M. College, will be located at the Experiment Station during the summer studying the control methods of insects that damage cotton.

The study is with particular reference to the cotton boll-worm that destroys millions of dollars worth of cotton annually in Texas.

HAS NEW CARS IN STOCK

Chas. Windham, who recently secured the agency for the Hupmobile cars in our city, received a nice shipment of new cars the last of the week and is now in a position to show people the good qualities of the Hupline. For the present, Mr. Windham is located in the Sunshine Service Station where he has a good storage space and a fine opportunity to display his cars. He has secured a lease on the first floor of the Masonic Building and as soon as it is completed he will move into that location.
 Mr. Windham has many friends in this country who are glad to see him secure this agency. It is a good line and is worth the money.

RAYMOND THOMAS BASHAM DIES

Raymond Thomas, the nine year old son of Mr. and Mrs. L. V. Basham, died at the local sanitarium at one o'clock Tuesday morning. The little fellow was stricken with appendicitis a few days ago and was rushed to the sanitarium at once, but it appeared that the trouble had been getting in its work for some time. The appendix had abscessed and peritonitis developed immediately which could not be overcome.

Funeral services were held at the Methodist church at two o'clock Tuesday afternoon. Rev. W. B. Vaughn made a splendid talk and gave words of encouragement to the bereaved ones. Raymond Thomas was dearly loved by all who knew him, and will be greatly missed from this home.
 Interment was in Spur Cemetery.

Jack Rector, C. R. Edwards, Dr. Zachry, C. W. Dorth, Fred Hisey and Eric Ousley returned the last of the week from San Saba country where they had been on a fishing trip. They report plenty of fish and squirrels there and were successful on their trip.
 Mrs. Lela Harvey, of Dickens, was doing some shopping in our city Saturday.

SHERIFF'S SALE

THE STATE OF TEXAS, COUNTY OF DICKENS:

Notice is hereby given that by virtue of a certain order issued out of the Honorable District Court of Dickens County, on the 3rd day of April 1929, for sum of sixty-three hundred thirty seven dollars eighty-two cents, with interest thereon from April 3rd 1929, at the rate of 8 per cent per annum, and costs of suit, under a judgment, in favor of W. J. Clark, in a certain cause in said Court, No. 1048, and styled W. J. Clark vs. Lon Kizziah, et al., and foreclosure of the vendor's lien against Lon Kizziah, J. B. Morrow, Mrs. Josie Bell Morrow, a widow, and the City National Bank of Spur, Texas upon the lands hereinafter described, placed in my hands for service, I, G. L. Barber as Sheriff of Dickens County, Texas, did, on the 6th day of May, 1929, levy on certain Real Estate, situated in Dickens County, Texas, described as follows, to-wit:

175 acres of land more or less, out of the north part of survey No. 4, survey file 619 and being a part of Abstract 1201 patented to Mrs. L. D. Purtell with metes and bounds as follows, to-wit:

Beginning at the SE corner of Survey No. 3 certificate No. 323 A. B. & M., thence west 589 varas to the NE corner of the W. A. Purtell homestead preemption survey thence south with east line of said Purtell survey and W. A. Mynatt preemption survey 1744 varas to point in east line of said Mynatt survey; thence east 584 varas to a point in west line of survey No. 2 certificate No. 325 A. B. & M.; thence north 1744 varas to the place of beginning and levied upon as the property of J. B. Morrow and Mrs. Josie Bell Morrow and that on the first Tuesday in June, 1929, the same being the 4th day of said month, at the Court House door, of Dickens County, in the town of Dickens, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said order of sale, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said J. B. Morrow and Mrs. Josie Bell Morrow.

And in compliance with law, I give this notice by publication, in the English language, once a week

for three consecutive weeks immediately preceding said day of sale, in the Dickens County Times, a newspaper published in Dickens County.

Witness my hand, this 7th day of May, 1929.

G. L. BARBER, Sheriff Dickens County, Texas.

ANOTHER BRICK TO START SOON

A contract was awarded to W. P. Nugent & Son Tuesday evening for the erection of another new brick building on Burlington Avenue. This will be located on the vacant lots between the Nichols Sanitarium and the Chrysler Agency.

This building will be 25x100 feet and will be constructed of modern material. Dr. P. C. Nichols will be the owner, and we understand the building has been leased for a period of years and will be occupied as soon as completed. What kind of business will be conducted in the building has not been given out to the public yet.

C. P. Allen of near McAadoo, was in our city Saturday transacting business.

T. B. Watson, of McAadoo, was looking after business affairs in our city Saturday.

Mrs. L. S. Holcomb, of near Roaring Springs, was in our city Saturday doing some shopping.

THE HUP LINE

Before buying that new car, don't fail to look over the Hup Line at the Sunshine Service Station.

Chas. Windham
