

A WEST TEXAS PAPER FOR WEST TEXAS PEOPLE Dickens Co. Times

Come To Spur, Trades Day Monday, Fair Thurs.-Fri.-Sat.

Next Monday is Trades Day Again for Spur Country

NOTICE OF APPOINTMENT

The Commissioners Court of Dickens County will meet in Dickens Tuesday, October 8th for the purpose of appointing a County Superintendent of Schools for Dickens County. All persons desiring to apply for the position must have their applications in before the Commissioners Court on or before that day. To be eligible you must be a qualified voter in the county and must hold a First Grade of Permanent Certificate.

O. C. Newberry, County Judge Dickens County, Texas.

P. S.—Some people have gained the opinion that the Commissioners Court were refusing to appoint a County Superintendent. The County Judge and Commissioners wish to state that they never have refused to make an appointment. But considering the action of the County Board of Education, they feel this appointment is just placing an extra expense on the people of the County.

News From Nichols Sanitarium

Mrs. J. H. Davis, city who underwent an operation some time ago is still improving and soon will be completely recovered.

Mrs. Bud Morris of Swenson who underwent an operation a few days ago is getting along fine at this time.

Mrs. J. D. Harkey of Dickens underwent an operation last week and is getting along fine at this time.

Mrs. Joe C. Williams, city is getting along fine after an operation a few days ago.

Mrs. Joe Bailey Whitener city, underwent an operation Wednesday morning. She stood the operation fine and shows good indication of getting through all right.

Mrs. Daisy Pool, of Girard was able to return home Tuesday after being in the sanitarium for a few days for an operation.

Raymond Barrett of Soldier Mound was able to return home Monday after being in the Sanitarium for a few days on account of a broken shoulder.

—Fair Oct. 10-11-12—

G. F. Smith of McAdoo was attending to business matters in our city Wednesday.

The merchants and farmers of Spur Country are going in for a fine trades day next Monday. There will be a number of prizes given away for that day. The main event will be to see who will take home the Jersey Cow. The Retail Merchants Association of Spur have placed a number of fine cows in various communities and every cow has been proved to be true to test.

There will be a registered gilt to go to some one here next Monday. There has been a lacking of people who held lucky numbers being present. Remember you must be present in order to get a prize. Then some one will get a sack of good cow feed. This is a balanced feed and will make old Jersey give a greater quantity of milk. Another prize will consist of a sack of good flour sold by some groceryman in Spur. The person drawing the cow feed and the sack of flour will receive an order to go to some feed store and grocery store for these articles.

It is hoped that people will try to be at the drawing Monday. Too there are some important announcements relative to trades day that will be made at the drawing hour Monday. Everybody try to be present and hear what the future arrangements will be. Everybody come and greet your neighbors and find out what he is doing and how he is getting along.

About the Roosters
There are a number of people who are entitled to some good roosters yet, who have not let the Retail Merchants Association know just what they want. All persons who are due roosters are requested to report to the secretary's office not later than Saturday, Oct. 19th. Please tell the secretary by that date just what breed of rooster you desire.

Fair Oct. 10-11-12
SUNDAY SCHOOL INSTITUTE AT AFTON

There will be a Sunday school institute of the M. E. Churches, at Afton next Sunday afternoon. There is a fine program arranged and a good interesting time expected. The exercises will start at three o'clock in the afternoon.

Get your adding machine paper at the Dickens County Times

Congressman Jones Visits Spur

Hon. Marvin Jones, of Amarillo Congressman for the 18th congressional district, was greeting friends in our city Tuesday. He was accompanied by his brother of Lubbock and spent quite a while here talking with friends. He said he was on his way to Lubbock to enjoy the Panhandle South Plains Fair there this week and was rushed to make the rounds since his time was limited. In speaking of his official duties he said, "I am making his round in order to keep in touch with the people and to know what is the best interests of our district. We are having a pretty hard time at Washington keeping that bunch of Republican Congressmen straight." Then he stated that the vote on the new tariff bill would come up about Oct. 14th and "I want to be present when that happens," was his state ment.

Congressman Jones stated that the present rules of the House practically prevented any member from offering an amendment from the floor. "To illustrate," he said "The Committee on Ways and Means is composed of 22 members, fifteen Republicans and seven Democrats. When it came time to draft a tariff bill the Republican members of the committee ordered the Democrats to stay away until they could draw up their ideas of the tariff situation, the Democrats having the privilege of getting off to themselves and drawing up their ideas. But," Mr. Jones continued, "When it comes to a vote of the committee the Republicans are able to vote in their bill. Then when it comes to an amendment, we must have the approval of the committee before we can offer said amendment in the House. Hence, you see, they just steam-roller it over us and go on." Mr. Jones stated that the present rule was passed by the House during the Coolidge Administration and he thought it would be repealed.

In speaking of the attitude of members of the House, Mr. Jones stated that influence had a great deal to do in the House. He just remarked that he would often hear members say that they will not stand for certain things, but when it comes to a showdown, they vote with the influence. "Now if a vote is not recorded, then the members get hardboiled" Mr. Jones remarked. "But most of the votes are asked to go on record, hence they get weak on the subject." He then stated that the Democratic vote did not need to fear anything along the line of influence, for influence knew at first they would not support measures contrary to the will of the people.

While here the Congressman remarked that "Some of these days we will bust up that coalition and the people will govern again."

—Fair Oct. 10-11-12—

Cars Collide, Occupants Injured

One person was in the local sanitarium and four more were in the county jail Sunday morning as a result of a car wreck which occurred near the Duck Creek bridge two miles north of Spur Saturday night. Raymond Barrett a young man of the Soldier Mound Community Mrs. Green his sister and her children received injuries. They were crossing the river bed and were near the east side ascending the bank when they were met by another car in which were four men. The men were in too much of a rush to wait for Mr. Barrett to reach the top of the bank and bumped his car back into the river

BRYANT—LINK COMPANY

"Prosperity, like happiness, comes not from seeking it directly, but comes as a by-product of the pursuit of sound ideals." This expression is true, we think. We are the architects of our own destinies. We build the houses in which we live and make the beds upon which we sleep. Life gives back to us as we put into it; and we do not mean money values, but those higher things that money cannot buy. Sometimes we worry and fret and complain. Why cannot we say, as the poet:

"I will not doubt though all my ships at sea come drifting home with broken masts and sails. I will believe the hand that never fails, from seeming evil worketh good for me, and though I weep because those sails are tattered. Still will I cry while my best hopes be shattered, I trust in Thee. I will not doubt though all my prayers are unanswered from the still white realm above. I will believe it is an all wise love, which has refused the things for which I yearn and though at times I cannot keep from grieving, yet the pure order of my fixed believing undimmed shall burn."

"I will not doubt through sorrows fall like rain and troubles swarm like bees about the hive. I will believe the heights for which I strive are only reached by anguish and by pain and though I groan and writhe beneath my crosses I yet shall see thru my several losses a greater gain."

What will be the future, we do not know, neither does the wisest of the wise, but we can judge by past records and they tell us the times come good and bad and when the clouds hang darkest over the horizon we feel the sun will never shine to dry the moss grown earth but it does peep out one day and to us seems brighter than before the clouds obscured it from our vision. If all our paths led upward over grades hard to pull, it would be discouraging but we all know when we reach the top of a hill or mountain we can coast down to the valley below. The tide comes in but does not stay and though it is dark and muddy when it recedes it leaves upon the sand some shells of pearl washed from the oceans depths. The storms come and tear the bosom of the ocean into shreds of mists and waves but after it the calm when ships put out to sea feeling that for a time all will be well. This is a testing time for West Texas. Some will run away to come back when the tide comes in next year bringing a bountiful harvest. Most men will stay and keep their resources together and be prepared to care for that harvest. We have seen days when war clouds hung heavy and drouth so at the same time and out of it all we came with new hopes and ideals for a season of peace and plenty and it came.

We appreciate our customers and want you to make this your home when in Spur.

Come on with the crowds and bring the children.
BRYANT—LINK COMPANY

The high sheriff took the four men into custody and incarcerated them in the county jail to await examining trial. Three of them made confession to intoxication and paid fines the fourth one is still waiting trial.

The occupants of Mr. Barretts car are all right at this time except him and he seems to be getting along very well. His main injury was a deep gash on the head
—Fair Oct. 10-11-12—

B. N. Johnson, of Dallas, was in our city Monday attending to business matters. Mr. Johnson is a brother to Congressman Luther Johnston.

Wilson Here for Football Game Friday with Spur

The fast Wilson eleven will meet the Spur Bulldogs at Fair Park in a hotly contested game next Friday afternoon. This is destined to be a real game and the football fans of Spur Country are going to get a real thrill at this time. The Wilson eleven has been meeting some wonderful success in pre-season games this year and in coming to Spur they expect to put up their best tactics to win.

The Bulldogs are in training this week to keep in proper shape and we feel will be enough to down the Wilson Squad. However, you can never tell just how the Spur boys will need your boosting on the side lines at this time. So prepare to be present and yell "Sic 'em Bulldogs."

Fair Oct. 10-11-12 Spur Bulldogs Eat Munday Moguls

The fast determination of the Munday Moguls failed in the hotly contested game with Spur last Friday afternoon. Their tractor holds skidded and the bulldogs went thru to victory. It was a real game and from the first whistle thru the enemy put up a vicious scramble that made the Spur eleven get up and work for every point.

Both teams seemed to be a guess to each other. In a pre-game write-up in the Munday times they said "The Spur team is a more or less unknown quantity as this will be the original football tilt between these teams. However it is known that the fast Snyder team was defeated by Spur last week. On the basis of this information, Spur probably will be the strongest team to visit the Scruggs field this year. It seemed that the prophecy of that statement was true in the contest.

The teams tossed coins for the choice of goals and kick-off. Spur took the East goal and kicked off to Munday. The Moguls advanced to the 50 yard line and here the game was played for the most of the first quarter without anything sensational happening.

In the second quarter there was a characteristic rush and pep to the Bulldogs. They received from the Moguls and completed downs. Then with a few well completed passes and Lewis made a 35 yard run for the first touchdown. The extra point was bucked over and the Bulldogs were leading. They were playing close for a goal when the whistle ended the first half with the game 7 to 0 in favor of Spur.

In the second half the Moguls kicked off to the Bulldogs and Spur made good advance before being stopped. With a few well directed and completed passes and fake end-runs more ground was covered. However the Bulldogs failed on downs and the ball went over Not being able to make the proper gains Munday was forced to kick. Spur made first down. Puckett got away for a 55 yard run and went over for the second touch down. The extra point was bucked over for a complete score.

Spur then kicked to Munday who received and made good advance. The Moguls made the first down all right, but at this point had the hard luck of getting one of their best players knocked out. The team began to weaken from this point on. They failed on downs and punted. But Spur fumbled and Munday rovered on the 3 yard line. At this point some of the Bulldogs got offside and were penalized to

(Continued on Page 10)

Northwest Texas Fair to be Bigger and Better than Ever

With four young ladies in the field selling season tickets, we would advise that if any one has a mind not to attend the Northwest Texas Fair next week, that they had better hide out for the next few days. These young ladies are on the job in a zealous way and have nothing but the interest of the fair in view. Again, one of them wishes to be a student in the American business college and selling tickets is the one way of deciding which one will get this honor. The girl selling the most tickets will get this scholarship.

The Fair will open Thursday of next week with an "Old Timers" parade. It has been the custom of the Fair association to give the early settlers of this country the privilege of opening the fair with their parade. It is one of the most inspiring features to see those citizens who came to this country in an early day and laid the foundation of civilization making it possible that we can have a fair at this time, on their horses riding through the main streets in town and leading the great procession to the Fair Park. Very few of the younger generation, like the writer, ever realize what those pioneers have meant to the civilization of West Texas. Hence, as always has been the "Old Timers" will lead the procession to the Fair Park starting about 9:30 or 10 o'clock. Of course they will be accompanied by the Spur Band, which at this time will furnish the people with some excellent music.

Thursday afternoon will be featured by a big baseball game. This game will be characterized by two of the best teams in West Texas both of whom have made enviable records the past season. We were requested not to mention the names of the teams, but the public are promised a fine baseball game for that afternoon.

In addition to the ball game, there will be a dog and rabbit race Thursday afternoon and Saturday afternoon of the Fair. This will be a new feature of amusement in the Fair. There will be plenty of Kansas Jack Rabbits furnished. Now we are not informed whether or not a Texas Jack rabbit, but if it can and any dog can catch one, it will be a real race. Everybody and their dogs shall have an interest in these races with the exception that the dogs are expected to do the running.

Friday afternoon will be the great event. That is the day some one will get a new Ford Coach. Merchants all over the territory have been giving people tickets for the trading they did with them. Each of these tickets is a chance for the Ford Coach. The drawing will take place about 2:30 or 3:00 o'clock Friday afternoon, the second day of the Fair. The person holding the lucky number must be present to get the prize. Friday is also designated as Kent County Day at the fair. People from that county are cooperating with the Fair in order to make it bigger and better. Last year Kent County people made an excellent showing at the Fair and carried off a great number of the agricultural prizes. It is reported that most, if not all the schools will dismiss for the day and the school children will be here to enjoy the privileges of the Fair.

Then there is another thrilling number on the program for Friday afternoon. The honors of the Spur Bulldogs will be contested by the Matador Coyotes, of the football field. This game will start just after the drawing for the Ford car. It is to be a real game, and a ticket to the Fair Park entitles you to see the game or any other general entertainment on the grounds.

Saturday night is to be featured by a big display of fireworks. This is something everybody enjoys, and especially will it be enjoyed by the children. There will be experts to handle this entertainment so no one will be endangered.

In addition to the various entertainments furnished free by the Fair association, the T. J. Tidwell Shows and Rides will be here for the week. They have three new rides this year that have never been used before. One especially, known as "Lindy Lou" that is a thriller. The Tidwell Shows have been here before and everybody knows that they give real performances at all their shows and too plenty of thrills in their sides.

Everybody come to the Fair next week. Spur is extending open arms to you and never get the idea you are not welcome.

Fair Oct. 10-11-12 Three Fair Prizes For the Ladies

The Fair Association has not neglected the ladies this year in arranging prizes for the Fair next week. There is one thing that should be of interest to the ladies of both Dickens and Kent County and which the Fair association feel the ladies will appreciate.

To the two ladies living in Dickens County and one lady living in Kent County that exhibits the best display of farm products at the Fair next week, there will be awarded free trips to the summer resort at College Station next summer. This will give these ladies an opportunity to enjoy a few days of college work along lines that may be invaluable to them. It expenses of the three ladies to the extent of traveling expenses and board and room will be paid by the Fair association.

However there must be some merit in the exhibits presented. Each exhibit must score at least 2000 points on a basis of 3000 before any one is eligible to the prizes. The exhibits will be based on merit each article exhibited being accorded a certain number of points, commensurate with its importance. A jersey cow will score more points than a chicken, but each article will receive ample credit.

The range of farm products is not limited. Any lady can take in the whole routine of farm products on her husband's farm is she happens to be so prosperous. The prizes offered are very commendable and there are two ladies in Dickens County and one lady in Kent County who will enjoy the trip and vacation to A. & M. College next summer if they bring up the proper exhibit.

—Fair Oct. 10-11-12—
J. M. Rowland came in Tuesday from an extended trip up on the Pacific Coast. He stated that the atmosphere there in the summer time is fine.

Chas. Perrin, County Commissioner for Precinct no. 4 was in town Wednesday greeting friends and attending to business matters.

Rev. J. N. Hester, of McAdoo, was looking after business affairs here Wednesday.

NEGRO TOWNSHIP DIS-PENSES WITH ITS JAIL

Let Southern whites take notice of this agreeable news: Recently when Mound Bayou in Bolivar County Mississippi, a negro township of 1,500 people, celebrated its forty-second anniversary, the press

brought to light the action of the township in tearing down its jail some months ago because the jail had had no inmates for two years. That this action was warranted is shown by the declaration of Sheriff J. L. Smith of Cleveland, Mississippi, that Mound Bayou has "less disorder and fewer arrests

than any other community in Bolivar County."

An Associated Press Dispatch about the forty-second anniversary of Mound Bayou says in part:

"At the time the town was founded, this part of Bolivar County was a semi-tropical malarial wilderness without a railroad. It has grown into a modern community surrounded by rich staple cotton farms worth upwards of \$200 an acre. Six thousand negroes reside in the rural area adjoining Mound Bayou and the section is one of the most prosperous in the State.

"The town is exclusively negro, and governed solely by negroes. It was incorporated in 1898, and its present mayor is B. A. Green, son of one of the founders and a graduate of Fisk University and Harvard Law School. The consolidated public school and county training school, the only negro high school in the county was built at a cost of \$115,000 and has an enrollment of 1,000 with a principal and twelve teachers. There are two colleges, Baptist College and Campbell College."

It is set out further that Mound Bayou was settled by Isaac T. Montgomery, and Benjamin T. Green. Montgomery was born and reared at Briercliff plantation, the home of Jefferson Davis. His daughter, Mary C. Boobe, also was born on the Davis plantation, and today, she and her husband Eugene P. Boobe, operates a cotton gin, a saw mill and a 1,000 acre plantation near Mound Bayou.

In a recent editorial about Mound Bayou, the Dothan Eagle says:

"The South is absolutely dependent upon negro agricultural labor if its farms, orchards and cotton fields are to prosper. And the healthier and more intelligent that labor is, the better off all of us will be. Therefore, it is to the last degree stupid for whites to wish to deny negroes the opportunity to improve themselves thru education and wholesome living conditions. Training such as is given, for example, at Tuskegee

and other southern Negro industrial institutes, makes better farmers artisans and craftsmen of negroes and comfortable healthy homes make more competent and more law abiding citizens, of no matter what color. Leaving out considerations of Christian duty as from one man to another, economic wisdom dictates that we help the negro to help himself. Fortunately the most intelligent and substantial element in the south realizes this and acts upon it more generally as each year passes.

"The splendid object lesson in thrift, honesty, and all-round good citizenship offered by all the negro township of Mound Bayou should ever be present before us as a rebuke to racial intolerance and injustice."

We believe the Eagle here expresses the best southern on this question. It is a viewpoint too, which is shared by an ever-increasing number of Whites.—Montgomery (Ala.) Advertiser.

Treat the negro with honesty and give him an opportunity for advancement; but equal association is not to be considered. Negroes, who think anything of themselves do not want social rights with the white people.

**—Fair Oct. 10-11-12—
JURY LIST FOR COUNTY COURT**

The list of jurors has been drawn for the next term of the County Court which convenes Monday, October 21st. We understand there is a reasonably full docket for this term and the court probably will be very busy during the session. Hon. O. C. Newberry our County Judge will preside during the term.

The following is a list of jurors who have been summoned to serve.

W. F. Cathey, G. W. Bennett, T. L. Conway, Bob Cross, J. M. Foster, C. D. Davidson, W. D. Blair, J. E. Ball, E. V. George, J. E. Berry, R. L. English, Harvey S. Holley, John Gragson, E. J. Bilberry, J. M. Dunlap, O. C. Henry, T. B. Haney, and L. E. Bass.

NEXT WEEK IS A BUSY WEEK

BOTH TRADES DAY AND THE FAIR

Had you thought of what a lively week next week will be for the people of Spur Trade Territory? Yes, we want to start the week with the best Trades Day ever known and then we want to close the week with the best Fair in our history.

The Trades Day next Monday will be featured with a good Jersey cow going to some farmer. Also, a fine registered gilt. Then to help with the program some merchant will have a sack of good cow feed on the program. But wait, in addition to this, there will be a sack of extra good flour for biscuits for some family. All going for the appreciation the merchants of Spur have for your patronage.

In addition to this there will be some remarkable bargains in merchandise offered next week, starting with Monday. And you will do well to continue to patronize your home merchants fully one hundred per cent.

Lots of prizes next week. A cow, a sow, a sack of feed and a sack of flour next Monday, and a new Model Ford Car next Friday afternoon, the second day of the Fair. Come to Spur next week. Lets make the Trades Day a good one and the Fair the Best One.

Yours for progress.

RETAIL MERCHANTS' ASSOCIATION

WE DESERVED THE CRITICISM

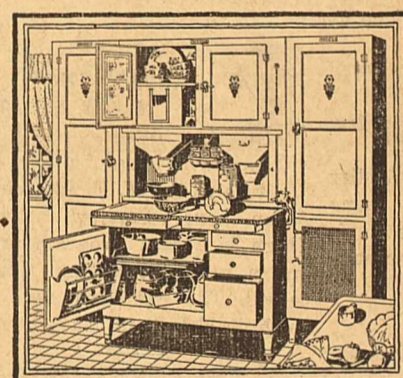

A number of people have accosted us for not making an announcement relative to the fine program that was rendered by the Young Ladies Sunday School Class of the First Methodist Church on Tuesday evening of last week. Well, there are a number of reasons why we did not mention this incident. We want to say at first, that it was one of the most enjoyable entertainments that we have ever attended, and we were a little bit afraid that all unmarried people would think we were a little too hilarious about it from the nature of the entertainment. We understand that all "old maids" of fifty years or more were to be admitted free, but we have not heard of any one who took advantage of this liberality.

Again, since the entertainment consisted of a drama known as the "Old Maids Club," a number of the younger spinsters have been rather urgent that we say nothing of the nature of the program. They seem to think that they are confident that they are not nearly so eager for a husband as the dramatical performance in that play would make people believe. For that reason we have made no comment on the program last week. We are wondering whether we should compliment or pity those ladies who are entering spinsterhood. If they are lucky none of them have acknowledged it to us.

But since we started this argumentation we will state that most all of the characters were young married ladies, and during the program they did not fail to prove to all the unmarried ladies, whether old maids or not what they are missing by not being in possession of a husband. Such property is not difficult to acquire. Again, the young ladies made us lucky old bachelors glad we changed our minds a few years ago, for we realize just how happy we caused some young ladies to be. Had it not been for us, probably they would have been howling for a husband now. So thanks, we enjoyed the program and wish the class would give it over soon. It was a rare treat.

—Fair Oct. 10-11-12—

What can HOOSIER Do for You?

A Question for Women To Answer

Will the Hoosier bring you beauty? Yes! Such colorful beauty as you would like for your sun room. Will it bring you convenience? Certainly, yes! Work just skims along with every kitchen need so handy.

Come to the store. See the 1929 models. Better More beautiful than ever before! And answer these questions to your own satisfaction. Working hard in dull kitchens today is old fashioned

Even at \$39.75 your Hoosier will have all of the quality seen in the most expensive Hoosier designs. The chief difference between the lower priced and higher priced cabinets is the size and the number of conveniences.

ARM HURT IN CLOTHES WRINGER

While assisting with the family laundry work last Monday, Mrs. Cecil Fox had her left arm caught in the clothes wringer and badly bruised. Mrs. Fox was putting the garments through the wringer and before she realized it her arm was drawn into the machine. She was thoughtful and turned off the machine, but did not know how to release the pressure. She backed up the machine which necessitates it passing over the bruised portions again and a very painful act. r. Nichols was summoned and treated the bruised arm and Mrs. Fox is getting along very nicely now. However it is very painful and of a bluish hue.

NOTICE PARENTS

We want you to be at the Parent Teachers Association next Tuesday afternoon at three thirty o'clock. Come whether you are a member or not. Bring the children. We have arranged for their care. There is important business to be discussed.—Mrs. R. R. Wooten, President.

FLETCHER MARSHALL

Mr. J. N. Fletcher and Miss Opal Marshall, of Tepee Flat were married Thursday, Rev. W. B. Bennett officiating. Just a few friends witnessed the ceremony.

Mr. Fletcher is a son of P. A. Fletcher and has lived in the north side of the county for sometime. The bride is a daughter of Mr. and Mrs. Herman Marshall of Tepee Flat Community in Motley County where she has spent most of her life.

Friends join in wishing them much success in life.

—Fair Oct. 10-11-12—

LEGION TO HOLD SMOKER

Tonight is to be a great time among members of the Boyd M. Williams Post of the American Legion. They will hold a smoker at the Hall and install officers for the ensuing year. All members are urged to be present tonight and help out with the business.

N. Travis Cochran, representative of Ed S. Hughes & Company at Abilene, was greeting friends and attending to business matters in our city Wednesday.

FIRST BAPTIST CHURCH

All the work of the church is progressing nicely, especially the Sunday School. Every department is fixing up the rooms and going out after the absentees. The officers and teachers meeting Monday evening was very interesting. We urge every officer and teacher to attend these meetings each Monday evening.

A numbr of new teachers were elected and took charge in a great way last Sunday.

The fifth Sunday meeting was attended by several from here Sunday at Elton. We have the second and third chapters of Galatians for Wednesday evening services. Bro. Rogers brought us two real sermons this week. We had three additions to the church and expect more from time to time.

Come, worship with us. You are welcome. —Reporter.

Mr. and Mrs. Tom Russell, Chas. Windham and daughter, Miss Jettie were in Fort Worth Monday and Tuesday looking after business. On thei rreturn they brought back two of the new model Hupmobile cars which are nice ones.

W. A. Harris of Espuela was attending to business matters in our city Tuesday.

Frank W. Perkins formerly of Wink is in our city this week looking after business matters. Mr. Perkins was once editor of the Wink Tribune. He is a scholarly gentleman. at the Dickens County Times Office.

I. J. Hurley of Dickens was transacting business in our city Tuesday.

W. R. Baker was over from the county seat Tuesday greeting friends and talking about the farming conditions.

Jim H. Smith of Dry Lake was in our city Tuesday doing some trading and looking after other business.

Mrs. A. W. Van Leer, of Dickens was doing some shopping here Monday.

Mrs. C. P. Offield of Elton, was in our city Monday doing some shopping.

Mrs. B. G. Worswick of Dickens came over Monday and spent some time shopping with our merchants

NEXT DOOR TO BELL'S CAFE ATTEND THE FOOTBALL GAME, SPUR vs. WILSON FRIDAY 3:30 P. M. AT THE FAIR PARK

Visitors to the Fair

Northwest Texas Fair Opens In Spur Next Week

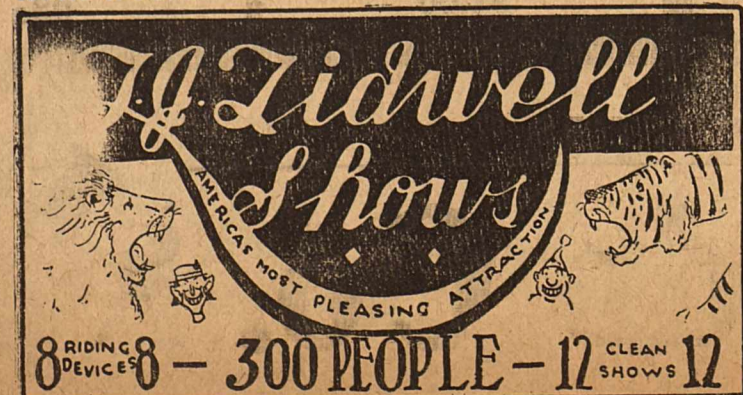

Thursday-Friday-Saturday, October 10-11-12

YES, THAT IS NEXT WEEK AND WE ARE LOOKING FOR YOU TO BE WITH US AND HELP US TO MAKE YOUR FAIR—OUR FAIR—A SUCCESS!

AGRICULTURAL EXHIBIT

This will be the best we have ever had. Short crops does not keep this down. You may wonder about this, but you will find it so.

There is going to be a fine exhibit of boys and girls club work and the ladies are going over the top in fine shape. Again we want to say you are welcome, and we are looking for you Thursday, Friday, and Saturday of next week.

AGRICULTURAL EXHIBITS

- AUTOMOBILE STUNT RACES
- DOG RACES
- FOOTBALL GAMES
- TIDWELL SHOWS
- SOMETHING NEW EVERY-DAY
- THRILLS! FUN!
- EXCITEMENT
- NEW FORD CAR GIVEN FREE

Yours for a great Fair

AMUSEMENTS

WE HAVE secured the T. J. Tidwell Shows and Rides the greatest series of entertainments available, to be with us next week.

There will be dog and rabbit races the first day and also the last day. Plenty of other amusement free. A big football game Friday afternoon free. Your gate ticket admits you to the football game. Two crack teams to play. Also, the Ford Car will be given away Friday about 2:30 to 3:00 o'clock in the afternoon. Saturday night will be the greatest display of fireworks ever seen at a Western Fair. You want to see it. It will be beautiful.

PLENTY of fun. Plenty to see. Every minute is a thrill. So you just can't miss it. Come! You can't miss the Dog Races. Some of the fastest dogs ever raced in West Texas. The Biggest carnival ever brought to this section of the State. Meet your friends at the Fair!!!

CITATION BY PUBLICATION

THE STATE OF TEXAS,
To the Sheriff or any Constable of Dickens County—Greeting:
YOU ARE HEREBY COMMANDED to summon T. N. DODSON by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some

newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 110th Judicial District; but if there be no newspaper published in said judicial District, then in a newspaper published in the nearest District to said 110th Judicial District, to appear at the next regular term of the DISTRICT Court of DICKENS County, to be holden at the Court House thereof in DICKENS, TEXAS, on the 2d. Monday in DECEMBER A. D. 1929, the same being the 9th. day of DECEMBER A. D. 1929, then and there to answer a petition filed in said Court on the 19th. day of SEPTEMBER A. D. 1929 in a suit, numbered on the docket of said Court No. 1079, wherein E. C. EDMONDS, is Plaintiff, and T. N. DODSON, is Defendant, and said petition alleging, that on or about the 16th. day of February, A. D. 1926, the Defendant, made executed and delivered to the City National Bank of Spur, Texas, his certain promissory note for the sum of Eighteen Hundred (\$1800.00) Dollars, bearing interest at the rate of ten per cent per annum from maturity until paid, and providing for ten per cent additional on the amount of the principal and interest then due as attorney's fees if placed

in the hands of an attorney for collection or if suit is brought on same; said note was due August 16th, 1926, and was for a valuable consideration transferred and assigned to E. C. Edmonds by said City National Bank of Spur, Texas, without recourse on them.

That said note shows a credit of \$234.28, which was paid July 23rd. 1926, which credit is indorsed on the back of said note.

That said note is now past due and unpaid, and defendant, though often requested, has hitherto failed and refused and still refuses to pay the same, or any part thereof, to Plaintiff's damages of \$2363.40.

Whereof Plaintiff prays the court that defendant be cited to appear and answer this petition, and that he have judgment for his debt, interest and attorneys fees, and cost of suit.

Herein Fail Not but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

GIVEN UNDER MY HAND and the Seal of said Court, at office in Dickens, Texas, this 19th day of September A. D. 1929.

Robert Reynolds, Clerk, District Court, Dickens County. (SEAL) Sept. 26—Oct. 3—10—17.

sons. The principal one of which is that if it were left to a vote of the people and be voted down it would in no manner settle the matter for the reason the law provides that it becomes the duty of the Commissioners' Court to make the appointment when the scholastic census reaches 3,000 scholastics, and there is no provision in the law which allows it to be settled as you have suggested. The last scholastic census taken shows more than 3,000 scholastics and therefore, any vote on the question that might be taken could not possibly effect or change the law which has already settled the question upon which they would be voting. By an agreement between you and I, it is possible to settle a matter of this kind, in-so-far as you and I are individually concerned, but after such an election was held, any other citizen of this county could cause to be filed a mandamus proceedings asking the District Court to make the appointment as I have done, and then another election would have to be held in order to satisfy him, and so on indefinitely, never arriving anywhere. What assurance do you have to offer me that some other citizen would not file the same sort of a suit should I withdraw mine?

I have been put to considerable trouble and expense in employing counsel to file this suit at the instance and request of a number of citizens of Dickens County who want a school superintendent appointed as is provided by law. I have also been informed by competent attorneys that the Commissioners' Court does not have any choice or alternative in the matter other than to make the appointment. The question of whether this is a good or bad law has been already settled by our Legislature. If your views of the situation are correct we might be able to repeal the prohibition or any other law in effect in this county simply by submitting the question to a vote of the people. Whether it suits us personally or not, we both being law-abiding citizens should submit to it so long as it remains a law.

I insist that you, as the presiding officer of the Commissioners' Court in this County bring before the Court at your earliest convenience and cause the appointment to be made.

Very sincerely yours,
M. L. Blakley.

Fair Oct. 10-11-12

BLAKELY REPLIES TO COUNTY JUDGE

Afton, Texas.
September 28th, 1929
Honorable O. C. Newberry,
County Judge,
Dickens, Texas.

Dear Sir:
In answer to your question asked me through the Dickens County papers, the original of which was mailed to me, you are advised that I cannot accept your proposition to leave it to the vote of the people whether the Commissioners Court shall or shall not appoint a Superintendent of Pub Instructions for this county, for several rea-

DODGE BROTHERS SET TRUCK EXPORT RECORD

Shattering an all-time record in the history of the company, Dodge Brothers export shipments of trucks and commercial cars from plants in the United States and Canada totalled 8,163 units for the first eight months of this year. This large volume of business represents an increase of more than 11 per cent over the corresponding period of last year, and factory officials analyze the record as reflecting widespread approval of the new complete line of four and six-cylinder trucks now offered by Dodge Brothers.

Partial credit for the gain in the export market is attributed to the recently announced four-cylinder trucks now available in the half ton, 3-4 ton and one ton capacities. In addition, five capacities of six-cylinder trucks ranging from the 3-4 ton to the heavy duty three-ton types are offered. Unfilled orders have required overtime production schedules at times to keep pace with the demand.

"Buyers in the foreign markets are measuring the truck and commercial car by the same standards of the passenger car. They are insisting that appearance and performance must be incorporated in the vehicle at an attractive price with positive assurance of dependability and economy. The rapid construction of highways and widening projects abroad are causing industrial leaders in all countries to appreciate the advantages of motor transport for long and short hauling. In competitive markets where prompt and regular deliveries are demanded, commercial vehicles are winning favor in practically all trade lines.

"Dodge Brothers complete mo-

tor coach and truck line is meeting the requirements of this expanding field through a wide range of capacities and prices, each designed to fill a definite need with minimum outlay in purchase and operation.

ALL GOODS MUST GO

In staging this great closing out sale we are doing so with the greatest appreciation for the patronage our customers have given us in former days. In our 16 years of business in Spur, we have tried to serve efficiently and give the people the best for the money. Conditions of the country makes us feel that we should make a change. The business has been a success and you customers have made it so. We want to give our friends an opportunity to save some money in buying merchandise as we close out, and are offering this sale. We cannot say just now what our future arrangements may be, but we know we could not be with a finer people than those of Spur trade territory. We thank you for your patronage, and we appreciate your friendship most of all. Come in and buy this fine stock of merchandise. It is all new and fresh, and we shall be glad to serve you this time as our last opportunity to help you.

Very truly yours
C. R. EDWARDS

C. R. Edwards & Co.

FARMERS HELP THROUGH FEDERAL FARM BOARD
By Lawrence Westbrook

Bankers representing all of Texas assembled at Houston upon the call of Governor Moody, to pass

upon a program which calls for organization of local co-operative agricultural associations, each unit centered about a cotton gin. With out some form of co-operative associations the far-flung benefits of the farm board will pass by the

Texas farmer. A committee named by the last session of the legislature has met with the farm board and has worked out the plan of gin units as one which will serve farm Board, at the same time, the purpose of contact with the serving to the farmer his individual rights to handle his cotton, from planting to selling, in his own way, subject to such restrictions as each local organization may place upon him as a member.

The ommittee will suggest that the local associations be open to all producers of agricultural products, an doperate, with or without capital stock or membership fees as each association may elect. It will recommend that the associations give their first effort to establishment and perfection of standardized cotton projects, of which there are considerable number already operating in the state have proven their worth by:

- (1) Increasing yields per acre through better seed.
- (2) Improving staple.
- (3) Enabling better ginning.
- (4) Preventing plating of good bales with inferior cotton from preceding bales.
- (5) preventing community cotton from "running out."
- (6) making it possible for the producer to sell his cotton on individual quality.
- (7) Providing economical and efficient methods of purchasing good seed in large lots from reliable agencies.

The U. S. Department of Agriculture has stated that the uniform cotton project is the "cheapest, and simplest improvement which could well be imagined," and "has so many advantages that it can only be a question of time until this system will become general." In recommending this as the initial activity for the local co-operative associations, the committee believes that a sound and essential movement is being stimulated, which of itself would be worth the utmost endeavor; that the possibilities of perfecting such projects offer an almost unlimited field of research and development, which will be simplified and speeded through co-operatives; and that success in these projects will have an impor-

tant beneficial effect on the morale and spirit with which the co-operatives approach other problems.

Financing the cotton crop, to such an extent as may be necessary above the limits of local banking facilities, is one of the primary aims of the farm board; and the extent to which the board may go was indicated by the writer in a preceding article, where it was noted that "stabilized corporations may receive loans from the board to buy up farm commodities, and that losses sustained by the corporations in handling surplus products shall be paid as a loan from the farm board without assessment against the stockholders of the stabilization corporation." Stabilization corporations, under the boards program must be composed of co-operative associations, and the report submitted Monday will suggest that the gin community co-operatives create such a corporation for cotton.

In addition to actual purchase of cotton, through stabilization corporations, the farm board intends to loan to co-operatives such funds as are needed by individual members, in excess of local banking facilities; and to make loans for educational campaigns, organization research, purchase of seed, etc. The rate is not to exceed 4 percent. The committee's plan for local banks acting as fiscal agents of the local co-operatives in arranging such loans. Local bankers are best fitted, by qualifications and natural interest in their community's welfare, to aid co-operatives in such matters and the committee expects that other local business interests, Chamber of Commerce, etc., will see the advisability of throwing their whole hearted support behind the gin co-operative program.

It would be difficult of course, to build an effective program without a plan of contact between the separate units. The committee suggests that a system of county and district organizations be formed, with a state organization as the final body, each smaller unit equitably represented in the one next larger. But it is also suggested that the powers of the larger bodies be only such as are delegated by the

smaller ones, thereby preserving that freedom of individual action which the committee deems absolutely essential.

In this connection attention is invited to the following conclusion of a special committee on agriculture of the United States Chamber of Commerce, which after an intensive study of the problems of co-operatives said:

"These problems are therefore inherently of local character. They must be finally solved through the intelligent self interest and activity of those most immediately concerned."

—Fair Oct. 10-11-12—
CORRECTION RELATIVE TO JOE SHANNON

In our account of the death of Joe Shannon last week, we had one or two statements that were not correct. We are thankful to Mr. R. O. Gilstrap, an uncle of the boy for the correction which we desire to give out this week.

Joseph O'Sha Shannon died on Tuesday, October 24th at 3 o'clock in the morning. The trouble was uremia. His mother Mrs. J. P. Shannon died twelve years ago and since that time Joe had lived with his grandparents, Mr and Mrs D. P. Gilstrap. His grandfather died two years ago and since that time Joe had lived with his grand mother Gilstrap and his Uncle, R. O. Gilstrap, in the Croton community.

Joe was born at Sour Lake, Texas, May 26 1916, and was fourteen years of age last May. He was two years of age when his mother died.

PLEASE RETURN THE SCALES

The local Red Cross Organization have a set of good scales that have been misplaced. Someone has them in their home and they are needed by the Red Cross Chapter at this time to carry on a certain work in the schools. The officers of the Red Cross kindly ask that whoever has the scales to please return them in good condition and receive a reward. Please leave them with Mr. Faust G. Collier at the Spur National Bank or bring them to the Dickens County Times

Office. Please do this at once so the Red Cross may start their work at the schools.

Fair Oct. 10-11-12 —
W. S. Smiley of Duncan Flat was transacting business in our city Saturday. He stated he had just secured a crew of good cotton pickers to pick out his fine cotton crop.

J. W. Hilton, of Prairie Chapel was greeting friends in our city Saturday. He stated that cotton that has been produced in this section of the country was not in much demand on the market just now.

Charlie McLaughlin, of McAdoo was attending to business matters in our city Saturday and incidentally keeping up with the market on good mules.

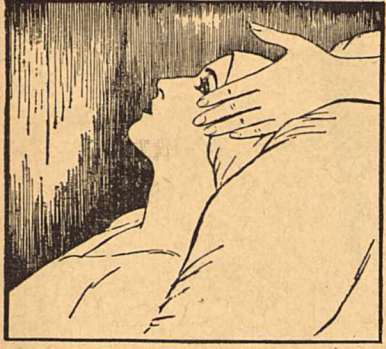

J. P. Middleton of Lubock was in our city the last of the week, talk

ing old line insurance and especially the contracts for the United Fidelity Company.

O. F. McCombs of Sweetwater was in our city Friday and Saturday greeting friends and looking after business affairs. Mr. McCombs says he enjoys getting back to Spur and greeting his friends.

G. W. Ousley, Field Manager for the West Texas Utilities Company came over from Stamford the last of the week and spent a day or two greeting friends.

Built to the Highest Standards! - -

Most people realize that the New Chevrolet is a Six in the price range of the four. But not everyone knows what a really wonderful Six it is!

The Chevrolet engineering staff spent more than four years in the development of the Chevrolet Six. Materials are selected from the world's finest markets and, taken altogether, there are nine thousand inspections during the car's production and assembly!

The result is exactly what you'd expect—quality in design, in material and in workmanship that assures years of dependable and satisfactory service!

Come in today. We want you to see and drive this car—for it will give you a new idea as to what the buyer of a low-priced car can now expect for his money!

The Roadster, \$525; The Phaeton, \$525; The Coach, \$595; The Coupe, \$595; The Sport Coupe, \$645; The Sedan, \$675; The Imperial Sedan, \$695; The Sedan Delivery, \$595; Light Delivery (Chassis only), \$495; 1 1/2 Ton Truck (Chassis only), \$545; 1 1/2 Ton Truck (Chassis with Cab), \$650. All prices f. o. b. factory, Flint, Michigan.

Consider the delivered price as well as the list (f. o. b.) price when comparing automobile values. Our dealers' delivered prices include only authorized charges for freight and delivery, and the charge for any additional accessories or financing desired. (322-30)

We are still selling Seasonable goods at Reduced prices. Binder twine, Binder repairs, Cotton Sacking, and knee Pads are in Season now and are going at reduced prices. The North West Texas Fair Will Be Held at Spur Oct. 10-11-12. We want you all to attend the fair and make our store your headquarters. Tell your friends to meet you at our store during the Fair.

VOCATIONAL DEPARTMENTS MEAN MUCH TO SPUR SCHOOLS

That the installation of the various departments in vocational training in the Spur Schools was a great forward movement is manifested by the intense interest that is being taken in that work. These departments are just a means of giving the youths of Spur district a practical, rounded out education that they may use in their every day walks of life. In addition to this, these various departments are proving an incentive to many boys and girls to remain in school and acquire a high school training. Most of them are willing to endure the dry history, the unknown mathematics and the mystical science in order to enjoy a lively vocation in the agricultural, commercial and home economics departments. Such instruction is real life to them.

Speaking of the vocational agriculture, this is proving to be one of the great incentives to our youngsters. In this work the farm boy is learning, acquiring an education and at the same time is putting that learning into practice. He is learning to do by doing. This department was established in our schools last year and the classes were full all the time. This year there are two courses being given, the first year course and the second year course. It is open to all boys from the eighth to the eleventh grades inclusive. The first year class has 18 enrolled in it and there are about ten others

who wanted to take the work but could not arrange their projects. The second year class has 24 boys enrolled and this number comes from the first year work of last year, after a number have graduated out of the school. This is evidence that the boys are interested in the work.

Each boy is required, in addition to class room and laboratory work to put over at least three projects during the years work. One of these is a major project and requires around seven months to make good. The other two which are minor projects usually require about six weeks. These projects relate to some form of progressive farming which must prove to be a success. To illustrate, a boy may take in a side issue of chickens. Last year a boy started with 100 baby chicks. The chickens grew successfully under his direction. During the summer he sold a great number which brought him a nice sum and at this time he has a number of fine pullets which are just beginning to lay. This could be his major project. This year he probably will continue the work by raising a number of baby chicks and sell them on the market at a fair price. This would be a minor project. In addition he could put over a caponizing project and complete his three projects all along the same line. Similar projects could be done with feed growth and other farm activities.

Arrangements are being made for this department to conduct an evening school for farmers who might desire to make a study of

farm work. This could be done along the lines of dairying or in the poultry industry, both of which are very important in farm life. Then the department is planning on a father and son banquet again this year. That was one of the best features of the course last year. The department is well equipped and is being built up all the time, and before many years any boy can get a good four years course in agriculture in Spur Schools. Such training will be worth much to the boys who expect to make the farm their home in the future.

Home Economics

This department is a new addition to our schools this year. The work comes under two main classes one is the department in which the girls learn about cooking and the preparation of foods. This naturally carries with it the most economical means of preparing a meal and the best methods of serving it. All of the work and care of the home kitchen and dining room. This is the department that most of the sterner sex are interested in.

The cooking laboratory is well equipped. There are a few things that are lacking which will be supplied all along. There are five large laboratory tables at each of which four girls may work. These tables are equipped with proper lockers for the various cooking utensils and which the girls are trained to use. Each table has either a 2-plate or 4 plate electric hot plate on which foods may be cooked and the girls have an opportunity to test out their ability

in culinary arts.

There are two large Westinghouse electric stoves in the room installed by Riter Hardware Company, which are used for the greater cooking projects. There are four dual sinks reasonably adjacent to all the laboratory tables and in one corner is a large Wessel electric water heater and tank installed by Byant-Link Company which affords plenty of hot water all the time. This constitutes the first division.

The second division might be termed the sewing division while that does not fully define it. It goes far beyond that. In this division the girls are taught to sew, make garments, and learn the use of a needle and the sewing machine. In addition to this they must learn how to finish off a garment and they get a reasonably good introduction to the use of the iron and the idea of pressing and finishing. They get instructions and training in the art of beautifying a home and making it look artistic and acquire those traits which tend to make real home makers. All of this is very useful.

This department is equipped with five Singer Sewing machines

one of which is electric. There are sewing tables which are used for planning and cutting out garments. Then there is an ironing board and the electric iron. Cabinets are being installed in which the girls will have lockers in which to keep their smocks as they are finished. The class is planning on purchasing a show case in which their work may be displayed. Already the girls have made beautiful curtains for the windows in the department and have supplied curtains for the offices of the superintendent and high school principal. Hence the work is becoming of a nature practical in life. Miss Haralson, the director of the work, is proving very efficient in her work on the benefit to our young ladies cannot be determined at this time. There are about sixty girls taking the work and many more had to be refused on account of not being able to give them the advantages of the course.

Commercial Department

This department was made possible by consolidating the American Business College with the schools. While the work has created a little extra expense to those taking it, there is no telling what the value

of it will be. Each boy or girl pays a small fee for each subject and this fee is enough to make them realize that they must work in order to get their money back. There are 32 students in this department who are taking shorthand, typewriting or book keeping and in some instances some are taking two subjects. They are learning business principles while acquiring their high school education. This department is under the direction of H. G. Harcrow, president of the American Business College and he is ably assisted by Miss Cleo Hankins.

Every one of these departments is giving an opportunity for a practical education. The greater percent of the graduates of the Spur Schools will get no better preparation for life's battles than are being offered here. Then the vocational training in Spur school will be far reaching in the lives of these young people when they face the responsibilities of the future. There are many things still needed in this work but these will be added as the years go by.

MRS. HORACE HYATT HONORED

Mrs. Horace Hyatt who is leaving soon to live in Winters was honored with a farewell party and shower on Wednesday evening, with Mesdames David Burns, Joe Stotts Pat Watson, Misses Nell Albin and Dorothy Love as hostesses. The affair was given at the home of Mrs. C. L. Love and the lovely autumnal shades were effectively used as a color scheme. Graceful sunflowers were in a fusion about the rooms where tables were placed for bridge games. Mrs. Hyatt won consolation prize which proved to be a going

away bag, well packed with the gifts from her many friends. The refreshment plate was very attractive with a molded salad, portraying a sun-flower. Guests who registered in the "Good Will Book" were Mesdames Cecil Fox Dan H. Zachry, Willis King, William Manning, G. W. Whittle, W. E. Flint, H. O. Everts, Thurman Harris of Ranger, Elzie Watson, Malcolm Brannen, Al Van Dyke, Misses Mildred Williams, Estelle Collett, Jettie Windham, Ernestine Weatherford, the honoree and the hostesses.

MRS. H. O. EVERTS HOSTESS TO JOI DE VOI

Members of the Joi de Voi Bridge Club were charmingly entertained on Thursday afternoon at the home of Mrs. H. O. Everts.

Pretty individual sachets were given the guests and were used as tallies. At bridge Mrs. Bill McAlpine made high score and was presented with an attractive Chinese red elephant. Mrs. Cecil Fox made low score, receiving a lovely boudoir pillow.

A delicious salad course was served to the prize winners and Mesdames Dan H. Zachry, William B. Manning, Thurman Harris of Ranger, Willis King, Homer Schrimpsner, W. E. Flint, A. C. Hull, David Burns, Horace Hyatt Clifford B. Jones, and Jack Rector —Fair Oct. 10-11-12—

FOURTH CLASS POSTMASTER EXAMINATION

Receipt of applications to close October 18, 1929.

The date for assembling of competitors will be stated in the admission cards which will be mailed to the applicants after the close of receipt of applications.

The United States Civil Service Commission has announced an examination to be held at Spur, Texas as a result of which it is expected to make certification to fill a contemplated vacancy in the position of fourth class postmaster at Afton, Texas and other vacancies as they may occur at that office, unless it shall be decided in the interest of the service to fill any vacancy by reinstatement. The compensation of the postmaster at this office was \$892 for the last fiscal year.

Applicants must have reached their twenty-first birthday but not their sixty-fifth birthday on the date of the examination.

Applicants must reside within the territory supplied by the post office for which the examination is announced.

The examination is open to all citizens of the United States who can comply with the requirements Application blanks, Form 1753, and full information concerning the requirements of the examina-

tion can be secured from the postmaster at the place of vacancy or from the United States Civil Service Commission, Washington, D. C.

Applications must be properly executed and on file with the commission at Washington, D. C., prior to the hour of closing business on the date specified at the head of this announcement.

MRS. CALCOTE PASSES AWAY

Mrs. Frances Jane Calcote of Elton Community, died at her home last Sunday. Mrs. Calcote suffered a stroke of paralysis early Saturday morning which was followed by apoplexy. Dr. Morris was summoned but the condition was beyond the assistance of a physician. She never regained consciousness and died within about 26 hours.

Mrs. Calcote was 74 years of age at the time of her demise. She was born in the state of Mississippi, December 1, 1855.

Funeral services were conducted at Dickens Monday and interment made in the Dickens Cemetery.

BETTER HOMES AND GARDEN CLUB HAS BOOTH

Everyone is invited to bring flowers—either cut or potted—to the flower booth at the Fair next week. All entries must be made not later than noon of the first day of the Fair. Prizes will be given on any and every kind of flower displayed is said flower is judged worthy.

Lack of space in the fair book prevented a longer list of flowers but we want any flowers grown in and around Spur and community entered. Anyone in town not having a way to get flowers or plants to the Fair ground can get conveyance by phoning Mrs. E. S. Lee. Bring or send your plants—help the flower show to be a success. Motto. "Let Spur never rest till her gardens are best."

B. N. Johnson, of Dallas, was in our city Monday attending to business matters. Mr. Johnson is a brother to Congressman Luther Johnston.

CHRYSLER

has now definitely raised motoring to a still higher plane. The difference in favor of the new Chryslers is decisive and overpowering. You must personally experience this new performance if you would be abreast of the times. Only by demonstration can you learn fully of the great new performance possibilities ushered in by the many characteristic new Chrysler features such as these:

MULTI-RANGE

—the new type of Chrysler gear shift by means of which the driver is able to dominate any modern traffic situation whether on the congested city streets, on the open highway, or in the mountains. Nothing new to learn. Makes driving a joy; shifting, easy—sure—smooth. Engine, gas and oil are conserved while every previous limit of performance is far extended.

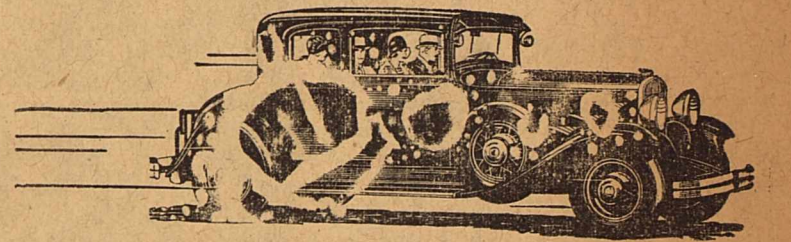

DOWN-DRAFT

—the new type of carburetion principle which literally reverses previous fueling practice, with incredible gains in power, smoothness, surety, economy and accessibility. Not merely a gravity manifold, but the same scientific method of carburetion so successfully employed in many recent astonishing aviation endurance flights.

ARCHITONIC

—the new principles and methods of Architonic body construction give the new Chrysler bodies their aristocratic smartness and style, their "dreadnought" strength, permanent silence and restful riding qualities. Actually scores of such basic betterments await you in the new Chryslers!

"The Place To Buy Clothes"

Fall Month are here. All departments of our big store are reflecting an atmosphere of fall. Soon the Norther will find its way to us and the real need of winter wearables be brought to our attention more forcibly. Our Mens' wear department will demand the attention of every man who wants to dress comfortably and Elmo Townsend says we have in this department merchandise of real merit. And all he asks is that you give him a chance to show you for you will be sold as he is, on his merchandise. Hart-Schaffner & Marx need no introduction.

MRS KING invites every lady in Spur Trade territory to visit her department. She is proud of the selection she has made. We can't tell you. You must see for yourself.

FURNITURE. Every home needs more furniture or a change of old into new. Make your home attractive. How about a Majestic Radio, Atwater Kent or Kolster, or a good phonograph. These things will help keep your children at home when the winter nights come.

We don't want all your business. We wouldn't want to be the only merchant in town. If we were, we wouldn't have much town. Come to Spur to do your trading. There may be better towns with the population of Spur but we do not think so. Come to the fair. Meet your friends, ride the merry-go-round, drink some red lemonade and forget for a time the short crop. 1930 is going to be a good one and it will be here before you know it.

Come on with the crowds and bring the children.

Bryant-Link Co.

PAYNE-NICHOLS NUPTIALS

Mr. H. D. Nichols of McAadoo and Miss Erial Payne of Dickens were quietly married at Midway last Saturday evening, Rev. W. B. Bennett of Spur, officiating. Just a few friends witnessed the ceremony.

Mr. Nickels is the son of Mr. and Mrs. Robert Nickels of McAadoo and is one of the promising young business men of our county. He has been engaged in the gin business at McAadoo the past three years and has made excellent success.

The bride is the daughter of Mr. and Mrs. Lee Payne, of Dickens and has many friends among the young people of this country. For some years she taught school, finishing her career as a teacher at Leatherwood community. For the past three years she has been employed by a business firm in Wichita Falls.

Mr. and Mrs. Nickels will make their home at McAadoo where he will continue in the gin business. Friends join in wishing them much success and happiness through life.

SAN ANTONIO RAIDERS
GET 12,000 GALLONS RUM**

SAN ANTONIO Sept. 29 1929—Liquor raids continued Saturday by prohibition enforcement agents as an aftermath of the killing of Captain Charles Stevens by rum runners south of the city early Wednesday brought the total of seizures of liquor for the week up

to 12,000 gallons. Three raids were made Saturday two of them netting stills of 30 and 40 gallon capacity.—Star Telegram.

**—Fair Oct. 10-11-12—
FIFTH SUNDAY MEETING
WELL ATTENDED**

According to reports the Fifth Sunday Meeting of the Dickens County Baptist Association at the Midway Church was well attended. Midway is located not far from the center of the association and was nearest churches which take much interest in the work. There were many excellent talks and some good sermons delivered during the meeting.

Among other business discussed was the policy of placing a missionary on the associational field. After some discussion during which the finances of the churches were discussed it was voted that the Associational Board make an effort to place a missionary in the Association by January. Also a new corresponding secretary was elected to take the place of J. L. Karr who resigned some weeks ago. This office is now managed by Tandy Legg of Croton Community.

The Workers Meeting is called for Friday October 25th. There will be a session on Thursday evening, October 24th at which time there will be a social hour followed by preaching services. The Associational Board will hold their meeting Friday afternoon, October 25th.

**CHEVROLET GOES OVER
MILLION MARK**

DETROIT, Oct. 2—The Chevrolet Motor Company announced here today that more than 1,200,000 of the new six-cylinder Chevrolet cars have been placed on the road since the first of the year.

This achievement accomplished in a little over nine months is three times the best showing of any other manufacturer of six cylinder cars in a calendar year and tops Chevrolet's record total for the entire year of 1928. It is now certain that six cylinder production will set a world record this year, surpassing, for the first time in the history of the industry the output of the four cylinder cars. This leader ship of the sixes will come about chiefly because of Chevrolet's record showing this year.

Chevrolet factory officials declare that the dominating reason for the leadership of the six is the public preference for the advantages which this type of construction affords. They point out too, that the influence of great volume production which has enabled the industry to get six-cylinder prices down to the lowest on record and has made it possible for Chevrolet through maximum volume to offer six cylinder performance at a price that formerly bought a four.

With a new yearly record already assured, Chevrolet factories are continuing on the biggest Fall production program ever undertaken by the company. Nine assembly plants and seven large manufacturing plants are facing the busiest final quarter that Chevrolet has ever known.

The heavy Fall factory program was made necessary, it was explained to bring production up to the level of the demand and make possible quicker deliveries to owners.

**—Fair Oct. 10-11-12—
MOTLEY COUNTY JUDGES
CLUB WORK**

Miss Ruth Bloodworth, County Home Demonstration Agent for Motley County was in Spur Tuesday judging the work of the ladies and girls clubs. According to Miss Bloodworth's report the club work in Dickens County was rather large in quantity and was of a class that any one would be proud of. This work in the county is beginning to show excellent results and homes of both the present and future will show marked improvements over those of the past years.

Miss Bloodworth stated that the work in Motley County is growing. She reported that she has 160 girls in that county doing club work and any one knowing her zeal should not be surprised to learn that the work is making progress.

Miss Osborne, Demonstration Agent for Dickens County is very busy at this time getting work arranged for the fair. The display of Club work this year is going to be greater than ever before in the history of the work. The improvement in the work is very evident, and Miss Osborne is to be congratulated for the progress made.

E. W. Carpenter was in our city Monday doing some trading.

J. C. Christopher of Afton was attending to business affairs in our city Monday.

Everything You Would Expect A Good Hardware Store To Be

**WELCOME
FAIR VISITORS**

This year when you attend the 13th Annual North West Texas Fair, we cordially invite you to visit Spur Country's most attractive and most complete Hardware Store... make this store your headquarters while you are in town.

Incidental to your trip to Spur, if there are things you will need in the hardware line we urge you to the many factors that will make this the ideal place to make your purchases. Merchandise is visibly displayed and every article marked in plain, understandable figures so that your shrewd judgement of values will immediately recognize true values.

Merchandise that we offer for your selection is carefully bought to insure economy, durability and satisfaction in style. Comparative prices of other Standard merchandise tells the economy story. Style is insured by the tremendous turn-over of our stock; because of the latter fact, fresh, clean stocks are always at your demand.

Again we join with the entire citizenship of Spur, in bidding you WELCOME. May your trip here be advantageous, enjoyable and worth while.

RITER HARDWARE COMPANY

SPUR BULLDOGS EAT UP MUNDAY MOGULS
(Continued from Page One)
within six inches of the goal line

Munday hit the line twice in succession but the line of the Bulldogs did not give and the third time the Moguls hit the line they fumbled and Spur took possession

of the ball and kicked to the 50-yard line. Munday failed on downs just as the whistle sounded time out.

Starting in with the fourth quarter Spur displayed the best brand of football of the whole game. They completed passes and faked plays to the 30 yard line. At this point Hohn broke out in a full field run and passed the goal line before he could be stopped. The extra point was kicked.

Spur kicked off to Munday and they failed on downs. Spur then advanced on passes and line plays making everything sure. Here Hohn broke loose again and after making a 35-yard run went over for the fourth touchdown. The extra point was bucked over. At this time Coach Taylor sent in a new line and the second team held the Moguls near the center of the field until the close of the game. The game ended 28 to 0 in favor of Spur.

Referee was Ligon of the Denton Teachers.

Spur suffered most in penalties but at that there were few inflicted. Of the sixteen passes made by the Bulldogs, twelve were completed, a very fine record.

Be at the Fair, Friday of next week and watch them play the Matador squad.

—Fair Oct. 10-11-12—

Girard News

Mr. Turner made a trip to Brown field Sunday. Mr. Turner recently purchased a new Chevrolet truck.

A large crowd attended Sunday School at the Baptist Church here Sunday.

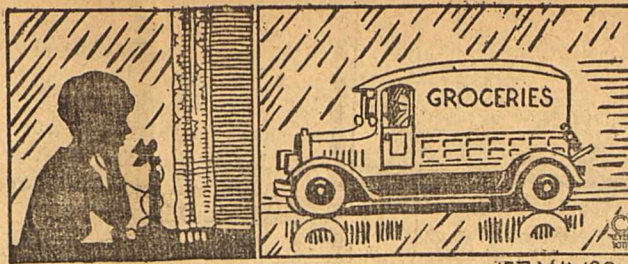

Mr. Sam Appleton was a visitor in Girard last week end. We was one of the teachers in the Girard school last year and is now teaching at Peacock.

Mr. and Mrs. J. A. Parks were shopping in Spur last Saturday.

J. T. Stephens and daughter went to Lubbock last week.

Mr. and Mrs. Westfall and children of Red Hill Community were visiting in Girard last Saturday.

Mr. and Mrs. Frank Stephens were guests of Mr. and Mrs. C. N.

PHONE 148 AND YOUR GROCERIES ARRIVE QUICKLY

It is a regular practice in this store to deliver promptly all orders whether given in person or by phone. While we are always glad to have you come and inspect our offerings, if it is more convenient for you—phone 148. Your order will be carefully selected and promptly delivered.

GIBSON GROCERY ATTEND THE FOOTBALL GAME

Kennon Sunday evening.

Mr. and Mrs. Doug Graves and little Billie Doug were visiting in Lockney last Thursday.

Mr. Capps and family of Duck Creek Community have moved to Girard. We are very glad to have them in Girard.

The Kent County Singing Convention met last Sunday afternoon at Jayton. A large crowd attended and every one enjoyed the fine singing.

Mr. and Mrs. Raymond Turner visited with Mr and Mrs. Doug Graves Sunday evening.

G. W. Mayfield went to Stamford last Sunday.

Mrs. Montgomery and children visited with Mrs. Joe Turner Sunday afternoon.

Miss Grace Lankford spent Saturday with Miss Edith Harwell.

Miss Sloan and her pupils presented a good play in Chapel Friday morning. Those visiting Chapel Friday morning were: Mrs. B. J. Kellett, Mrs. C. H. Haines, Mrs. D. J. Young, Mrs. Carl Williams, Mrs. Vencil, Mrs. Raymond Turner, Mrs. Everts and Mrs. Lewis.

Mr. and Mrs. Bidelman and children and Mr. S. C. Ellis were the guests of Mr. and Mrs. L. F. Cooper last Sunday. Mr. Ellis is Mrs. Coopers grandfather and is a native of Kentucky. He is an ex-confederate Soldier and is 87 years old. He came to Texas 59 years ago and has been a resident of Stephenson County 51 years.

Mrs. Lewis Edwards died Friday of last week in Baird. Her remains were shipped to Girard and interment was made Saturday in the Girard cemetery. Mrs. Edwards was loved by all who knew her and her many friends mourn her departure. She leaves her husband two small babies and a number of relatives here. We extend to the bereaved ones our sympathy in the hour of sorrow.

Miss Lois Lankford and Miss Edith Harwell spent last Monday night with Mrs. J. T. Turner.

—Fair Oct. 10-11-12—

SAY COUNTRY HAS CHANGED GREATLY

J. M. French of Afton, was in town Saturday and related some incidents that occurred while visiting his mother in Arkansas a few weeks ago. He stated that what was once fine farm lands there has grown up underbrush and now is practically a thicket. This is the result of the large timber companies buying up the land for the timber and the farmers moving away. The big companies still own the land but are not farming it. He stated he wanted to visit the spring from which he first drank water. He was within one half a mile of it but the road had grown over and he and his brother were afraid they could not find it. Hence they gave up the idea. Mr. French has a brother, Monroe French living at DeQueen and is looking after a large peach or-

chard. Another brother, John French lives at Umpire and is a big stock farmer. He has five sisters in and around DeQueen.

He stated that his mother is 93 years of age and is able to get about very well yet. Mr. French is 72 years of age, but looks more like a man of 55 or 60. He states he has done a lot of hard work in his life, but hard work hurts no one. During the summer he spent a few days in the health resorts in the central parts of the state.

LOVE DRY GOODS CO. SPUR, TEXAS

An Invitation To Our Farmer Friends:

Inasmuch as the dairy industry is going to play such an important part in the future development and stabilization of our farming operations, We extend you a hearty invitation to visit and study the dairy exhibit at your Fair, Oct. 10-11-and-12.

Profitable Dairying

Depends on high producing cows fed properly. Don't keep dairy cows but see to it that your cows keep you.

Weigh your milk from each cow, keep a daily record of the amount she gives, test her milk to find out how much butterfat there is in it. Keep a record of the feed she eats, so you can tell whether or not she is paying her board bill and giving you a profit above feed cost, lock up her feed stall if she won't pay her board bill.

This is the age of individuality. Study your individual cow and her feed needs. If she has the capacity to produce milk, be sure to give her the right amount and the right kind of feed to enable her to reach her maximum milk production. The high-producing cow is a very sensitive organism. She is particular about her feed and the manner in which she is treated. Humoring her whims may add dollars to your income.

The first requisite of a dairy ration is that it be well balanced—that it contain the proper amount of proteins, carbohydrates and fats. Your home-grown grains will furnish the carbohydrates and fats. Cotton seed meal will provide a proper balance for your farm grains.

Your ration must be adequate—must contain all the food nutrients required to maintain the cows' body and to enable her to produce milk.

Add to this palatability and succulency and you will have an efficient ration that will mean dollars and cents to you.

Drop in and say hello, during the fair. Always glad to see you.

Your friend,

SPUR NATIONAL BANK
