SPUR, DICKENS COUNTY, TEXAS, THURSDAY, JANUARY 22, 1931

WHOLE NUMBER 322

BANKER DECLARES FARMERS MAY GET CERTIFIED COTTON SEED

W. B. Lee, President of the Spur National Bank, was in Dallas the last of the week attending a meeting of the Agricultural Committee of the Texas Bankers' Association who were in conference with the cotton seed breeders of the Southwest. It was the purpose of the meeting to induce those big farmers who are making it a business to breed up good cotton seed to let the farmers throughout the State have good pure seed at a reasonable price.

However, Mr. Lee went farther than that in conference with the seed breeders. He told them of the conditions of Dickens County and that practically all of our farmers will have to buy planting seed this year. The breeders state they were interested in a project of that kind and agreed to place good state certified, re-cleaned seed at the disposal of our farmers at \$1.50 per bushel.

However, Mr. Lee went farther of it Mr. Lee stated that 21 breeders who control practically 99 per cent of the pure seed in the south west, had consolidated into one large warehouse in Dallas, and were planning to let out pure certified seed to certain farmers on a basis of 10 and 20 acre blocks. This would enable the farmers of the state to grow good pure, certified seed this year to plant next year, and that the 1932 crop would practically all be grown from certified seed. But the farmers of Dickens County and others in the drought area who have no seed, can secure the very best seed this year, plant it and grow this year's crop from certified seed; therefore, being one year in advance of the breeders state project.

This will enable the farmers in Dickens County to secure the very best price paid for cotton next year, which will mean from \$10 to \$12 per bale more than the common ordinary run of cotton will bring. Farmers who have to buy seed with government money will be required to buy the very best seed. If other join in this movement, it will mean a whole county growing cotton from certified seed. Then there is a guaranteed market on cotton growing from good seed. It means the best market available. Foreign countries want lint grown from good certified seed. Each breed of cotton has its peculiar character of fibre and staple. Spinners recognize these differences and in making cloth they want to get cotton of about the same characteristics in order to make the best grades of cloth. In 1927 our country shipped about 10,900,000 bales of cotton; in 1930

(Continued on Page 4)

INSTITUTE HEAD

A. C. Gage, of Portland, Ore., editor of the Angora Journal, and internationally known mohair authority, who has been named director of the newly-established Institute at Chicago that will carry on researches in the uses of fabrics made from the fleeces of mohair goats.

Herbert Quinn Found Dead

L. Herbert Quinn, who in company with Mr. and Mrs. Chas. Guy, left Lubbock Sunday afternoon for points in Cochran County, was found dead Tuesday afternoon one half mile from the Ivey Ranch headquarters. The party was in search of some antelope and became stuck in some deep sand. Seeing a windmill two or three miles away, Mr. Quinn left the car about 6:30 Sunday evening to reach the windmill and ascend the tower in hope of seeing a light at some ranch home. He became lost and wandered about, his tracks in the sand showing that he had traveled in a circle. It is estimated that he traveled from 25 to 30 miles in his search, and died of heart trouble caused from fatigue.

Mr. Quinn is publisher of the Lubbock Morning Avalanche and Evening Journal. He was to have been married within a short time to Miss Frances Bagot of Anderson, Ind.

Mr. and Mrs. Guy, who searched for Mr. Quinn, were much fatigued but were not in a critical condition. Mr. Guy is Managing Editor for the Lubbock Avalanche and Journal

Mrs. Beulah Helms, formerly of Wellington, is now with the C. E. Stone Company store here. Mrs. Helms will be in charge of the ladies wear department

AROUSE! YE SOLDIERS SAILORS AND MARINES!

The time has come when the compensation for your services during the World War, whether over a short period or a long period, whether pleasant or unpleasant, whether you rate a Congressional Medal or No. 3 in rear rank; that we as a body representing the American Legion rise to the matter of putting over the bill to liquidate all insurance policies of ex-service men.

The present bill, as it stands before the house is to become a law or not a law within a very short period of time.

Did you know that France has given to her soldiers, from 3 to 17 hundred dollars and to some as high as five thousand dollars in some instances, and that England has practically duplicated her act, and Germany in her role of conqueror has even done more for her soldiers?

Do you know whose money helped to pay these pensions? Whose money assisted France in buying a \$127.50 saddle and horse for \$1.00 and sugar at \$10.00 per ton? You may not know ex-service men,

but it was our money that was deducted from our \$33.00 per month for liberty bonds; our daddies' money that he "spent until it hurt".

The time, I repeat has come for us to send a message to our congressman demanding that he as our congressman vote for the liquidation of our policies in the near future.

Can you use the money? If so you will find a petition in my office over the Spur National Bank, Spur, Texas, to our congressman which only needs your signature to bring pressure to bear.

If every ex-service man in America will sign a petition like this, to his respective congressman, the bill to liquidate your government insurance policy is assured and before many months two billion dollars will be put into circulation in America and begin its service where it is sorely needed.

Don't forget, ex-service man, come to my office and sign this petition.

Signed: American Legion Post 161. By Fred C. Halle, Historian.

Nickels Wins Personal Suit In Check Case

In the case of J. S. Jones vs. Robert Nickels which was tried in Justice Court at Dickens last week, the Court handed down a decision in favor of the defendant. The case grew out of an act on the part of Nickels acting as Chairman of the Democratic County Executive Executive Committee in giving a check to T. M. Green for services rendered as an election judge in the Democratic primary. Mr. Green endorsed the check over to Mr. Jones. The Democratic funds were on deposit in the City National Bank and before the check was presented for payment the bank had been closed.

Jones then brought suit against Nickels personally for the amount of the check. The Court decided that since the defendants had acted in his official capacity and had given the check as the Democratic Chairman, that the law would not hold him personally responsible for the amount.

The plaintiff was represented by Judge H. A. C. Brummett, and the case for the defense was argued by Attorneys Alton B. Chapman and W. D. Wilson. Judge Green being a party to the transaction was disqualified to sit as judge in the case, and upon recommendation of the attorneys for both sides, the County Judge appointed Eli Harkey to act as special Justice in the case. Judge Harkey at one time served as Justice of the Peace in that Precinct and was adequately prepared to handle the case.

There are many other checks of a similar nature drawn on the Democratic funds, but from the decision handed down by the Court there will be little chance to collect them until there are more funds created by the County Executive Committee. No doubt this will be done in a short time and all checks will be taken care of.

Ginners Favor Certified Seed

A number of ginners over the county held a meeting at the Chamber of Commerce office in Spur Tuesday morning to talk over the movement of inducing the farmers to plant state certified seed in Dickens County this year. They declared themselves in favor of the movement and pledged that they would cooperate with any plan reasonable in order to keep the seed pure for those farmers who plant certified seed.

There will be a county wide meeting held at the Palace Theatre in Spur on Saturday, January 31, to discuss the idea of certified seed. There will be good speakers present to talk over this matter with the farmers, and it is hoped every farmer in the country who is interested in growing better cotton will be present. Also, there will be present a representative of the State Breeders Association who will explain many things about the cotton seed business. Farmers try to be present if possible.

NOTICE OF DEPOSITORY

The Commissioners' Court of Dickens County will receive bids up to 10 o'clock Monday, February 9, 1931, for the depository of the county funds and the common school funds. The court reserves the privilege of either accepting or rejecting any and all bids.

O. C. Newberry, County Judge. Dickens County, Texas.

DRINK COFFEE WITH US

The City Grocery is staging a big coffee demonstration next Saturday. They have been selling a new brand of coffee known as Bright and Early and they are asking the people to visit that store Saturday and enjoy a sample cup of this excellent flavored coffee.

BRYANT-LINK COMPANY

This is station B-L Co and we are feeling better about 1931. We can see a silver lining to the cloud that has been hanging over this country for two years. Last week a committee composed of about fifty-four Spur Ladies and Gentlemen, made a survey of Dickens County to see what the needs of the people would be and there were many families they found that would need financial help to buy food and feed to carry them thru the year until a crop can be harvested and it looks now as though funds will be available so that all may carry on.

No, we won't have everything we want and maybe not just everything we need but enough to keep us going in a simple way—like our fathers of other days had to do. The wonderful thing about the situation was the spirit of these people in the homes of this country where the committees visited. Even though there was no meat in the larder or flour in the bin, there was hope and cheer in their faces and no complaints. All they asked was a chance to carry on—they were not cursing the government or anybody, all seem to realize that we had been battling against the laws of nature and nature had won for the old earth must have moisture.

This spirit of hope is more outstanding in the West. So we feel the poet has well expressed this something that is in the bosom of our people and that will carry them on to better days in the following lines:

"When the Pale-face and the Red-man
Silent, smoked their pipes of peace,
As a symbol they were brothers,
As a sign that war would cease;
There a flame of love was kindled,
Hatred banished from each breast;

There was born a kindred spirit—
'Tis the Spirit of the West.

"Thru the fitful panorama
Of the swiftly moving years,
Woven with a web of laughter
Mixed occasionally with tears,
Grew a strong and virile manhood
Strengthened by each crucial test;

Men of honor—men of valor,
'Tis the Spirit of the West.

"These have builded for the future
Tried by fire, their faith but grew;
They had dreams of future conquest,
And they made their dreams come true.

So may we who follow after,
Holding fast that which is best,
Carry on this noble standard
Of the Spirit of the West"

Folks, we laid the first brick in the town of Spur—we had confidence then, we have confidence now. Such a people cannot fail—God is in His heaven and He knows it all. We feel that all of us have gone through a school of bitter experience that has better equipped us for the battle of life. We can see the prairies blooming this spring as they have not bloomed for years, we can see the grass waving, the cattle slick and fat, the fields of cotton, maize and sorghum crowding the fences about them for space to do their best. We can see the hens laying, the cows giving gallons, the fat pigs grunting—its coming, will we appreciate it when it comes?

Say folks, we are selling goods at the same old corner and you may not have much to spend but we appreciate the dimes now. We have stood by this country for twenty years and want to stay and help in the future. We will not be able to sell goods on fall time this year. We wish we had the money so we could for we still have plenty faith in you folks. You can help us by spending your cash here. Now we have been accused of being called a credit store and selling goods higher—this was not a fact but anyway we are selling for cash this year and we want your business. If you owe us and we are carrying the load, all things being equal, don't you think you

Business Firms Are Advertising Special Prices

Last week a number of our business firms put on special price selling campaigns. Ralph Jackson, who is the new manager at C. R. Edwards & Company, had a full page advertisement of bargains at that store. Mr. Jackson stated that he had a good trade as a result of his selling campaign.

B. Schwarz & Son had a full page advertisement of specials which is characteristic of that firm. These were real bargains, and Mr. Golding, the manager, said they enjoyed a big trade.

Bryant-Link Company and Love Dry Goods Company both had advertisements in behalf of their lines and their customers, enjoyed some good bargains.

The business men of Spur are still in the game with bargains. It is hoped that everybody will trade at home, keep home money at home, and it will not be long until good times will reign in Spur country again.

Committee Goes To Post Meeting

The County Committee on Federal Farm aid attended a meeting in Post yesterday where instructions were given in regard to farmers receiving government loans. As soon as blanks are received from Washington the committee feels they will be able to accept applications which will be about the middle to the last of next week.

Those attending from Spur were: Geo. S. Link, Chairman, E. S. Lee and S. R. Bowman as the Joan committee; W. B. Lee, president of the Chamber of Commerce, E. L. Tanner, County Agent and Miss Jennie Osborne, County Demonstration Agent.

Farmers Attend State Coop Meet

Dickens County is being represented next week at the Texas Cotton Cooperative Association meeting in Dallas. The meeting has been called for Wednesday, Thursday and Friday, January 28, 29 and 30. It is a state wide meeting of representatives of all counties. There is to be a representative for each 25 members in a community. Dickens County gets six representatives, and some very excellent farmers have been selected. They are: Chas. McLaughlin, G. W. Allen and J. P. Moss of McAdoo; Albert Power, Paul Bradlock and Joe T. Jackson of Afton.

Bank At Ralls Will Reopen

According to a very enthusiastic report last week in that live publication, the Ralls Banner, the First National Bank of Ralls, will reopen for business just after the first of February. That institution failed to open doors for business January 2nd which caused a great financial crisis to the citizenship of Ralls community.

The bank is being reorganized under a new charter with a capital stock of \$25,000. The new organization will take over the assets and liabilities of the old institution with a full understanding with all persons concerned. John A. Ralls of Comanche, Okla., a nephew of Percy Ralls and also of the late John R. Ralls, will be in charge of the new organization.

should come to us to spend your money. We are buying new merchandise for our Dry Goods Department today. We have our stock low, so you will get new merchandise at new low prices.

"Come on with the Crowds and Bring the Children."

PRESBYTERIAN CHURCH REVIVAL TO START NEXT SUNDAY NIGHT

REV. BRYAN H. KEATHLEY (See Story in Outside Column)

Baby Chokes To Death

The little baby of Mr. and Mrs. W. A. Dement, living at the Collier Dairy, east of town, choked to death yesterday about noon. The little one had been given a piece of meat with the rind on it. It is thought the meat got started down its throat and became lodged over the opening of the trachea.

The parents at once started to town to secure the aid of Dr. Morris, but before they arrived the baby had died.

No announcement regarding funeral arrangements had been made at the time of going to press.

Jayton-Spur Boy On Debating Team

At a meeting of the debating society of Arkansas Teachers College at Conway, Ark., Eldon Wade, a former Jayton boy was selected as a member of the debating team to represent that institution in the Tri-State Debating contest which is to be held at Durant, Okla., January 30-31. Young Wade is a son of Editor and Mrs. L. F. Wade of Jayton, and for quite a while was a member of the Dickens County Times staff, being employed as an operator. He is a bright young man unassuming, and the team that goes up against him and his colleagues will know they have been in a contest.

ABILENE MAN TALKS TO FARMERS ON COTTON COOPERATIVE ASS'N

A number of farmers of Dickens County enjoyed a very fine talk from T. N. Carswell, secretary of the Abilene Chamber of Commerce last Thursday morning. The number of farmers who took advantage of this meeting was small but there was a great deal of interest manifested by those present.

Mr. Carswell warned the farmers an told them to stay with the Farmers Cooperative Association. He stated that if farmers did not stick to this association after the government had made provision for it and had placed millions of dollars in it, that there would be little hope for them in the future. He stated that the wheat dealers in the country had already raised an enormous sum and that the cotton speculators at this time are raising another fund with which to down the Farmers Cooperative Association. He asked the farmers to investigate any one who was criticizing the farmers cooperative and in the long run would find the critic was associated in some manner with the cotton men.

In reply to the argument that the government is appropriating money to help the farmers to the

Sunday night, January 25th, a revival meeting will begin at the Presbyterian Church, to continue two weeks or until February 7th. At the outset, we want it thoroughly understood that this is not a professional campaign through which money shall be a prime object. The minister who comes to conduct this meeting is coming by invitation given him by the Pastor of the Presbyterian Church, and he comes not expecting money for his services. The only remuneration he expects is the blessing of God upon his efforts, the cooperation and prayers of those concerned and such return of efforts as may be rendered by a brother minister who may conduct a meeting in his own church.

The Rev. Bryan H. Keathley, now pastor of the Presbyterian Church of Graham, Texas, is to be the Evangelist during this series of meetings. Mr. Keathley is a graduate of Louisville Seminary, having a most excellent record to his credit, both as pastor and evangelist. He has preached almost all over the United States; to the people in the Orange Groves of California—has held revivals in the wild portion of Arizona, has been in meetings with the shouting saints of Arkansas' piney woods. He has also preached to the pistol toting mountaineers of Kentucky, where feuds have always prevailed; and to the natives of the Corn State, Indiana. He has been preaching for eleven years. He is a man with a most striking personality and a wonderful message.

We are asking the Christians of Spur to be with us in your prayers as well as having a visible part in the meeting. There are many friends of the Presbyterian Church whom we will be pleased to see at all services and an invitation is given to all those who love the Lord—come and worship with us.

If you are not connected with any local church will you take this opportunity to engage in worship and avail yourself of hearing God's Word as it is delivered by His servant?

Whoever you are, wherever you are—Do not fail to attend these meetings. Every night; 7:30, January 25th to February 7th.

The Pastor.

Mrs. B. C. Cairnes of Claremont, was in our city Monday doing some shopping.

Mrs. J. W. Carlisle of Steel Hill, was doing some shopping with our merchants Saturday.

ABILENE MAN TALKS TO FARMERS ON COTTON COOPERATIVE ASS'N

detriment of the cotton and wheat speculator, Mr. Carswell stated. That over 100 years ago the government passed the tariff law which grew into a protective tariff to protect our American manufacturers; the government gave the railroad companies acres of public domain of the best lands in the Mississippi valley and in Texas to get them to extend railroads into this country; that the government spent over three billions of dollars to promote ocean commerce lines and had spent large sums of money in building up aviation. Then he asked, why should the government leave the farmers out, the class that composes the backbone to all other industries? He said the farmers need to inform themselves along these lines and to stick together in growing and marketing their products.

He stated further that the farmers must be patient. They cannot hope to put over a program of any great extent in a year or two, but that it will require several years for them to be able to control their market on cotton. He asked that farmers keep the cotton acreage down, an also far as possible to keep the production in line with the consumption.

Editorials

The Rochester Reporter last week stated that the Methodist pastor and also, the Baptist pastor of that town were out plowing. We have often thought the postal department should look into the matter of newspapers making statements that are questionable.

A headline in one of our exchanges last week said, "Welfare Association is in need of clothing". The Welfare league of our city once had a lot of clothing which it seems our people were in need of, as it is about all gone now. Many people are thankful for our Welfare League and Red Cross organization.

The 19-year old widow who took

PRESBYTERIAN CHURCH

Dont forget—Revival Meeting starts January 25th. Let's all pray and work for the success of this meeting, at a time when growth in grace is needed most. Let every member and friend have some part in leading others to the Master.

Regular Services:
Sunday School 9:45.
Morning Worship 11:00
Evening Worship 7:15
"Come thou with us, and we will do thee good."
"God builds no Churches, but by His plan

That labor has been left to man. No spires miraculously rise, No little mission from the skies Falls on a bleak and barren place To be a source of strength and grace. The humblest Church demands its price In human toil and sacrifice.

The humblest spire in mortal ken Whee God abides, was built by men. And if the Church is still to grow, Is still the light of hope to throw Across the valleys of despair, Men still must build God's house of prayer. God sends no Churches from the skies, Out of our hearts must they arise".

"A day spent—life a little farther gone—
An hour with God—will help you on."
Come to church next Sunday.

to have a home for her children on a 91-year old husband in order probably did not enter into as great a game of chance as some might think. But for the life of us, we cannot see where the groom can possibly win out.

Judging from the advertisements in the Sunday issue of the Wichita Daily Times, the home city of that paper is going to have a great display of white elephants this week, but it has been many years since That name seems rather familiar, it has been exhibited in a business in Wichita Falls or any other Tex- as city.

It is stated that a Lubock physician has started a movement that the people of that city fast one day, which is to be Friday of this week, January 23, and give the amount that food for that day would cost to feed the hungry. By nine o'clock in the evening it will be difficult to tell who will want to be fed.

The electric man, who in the advertisement, diagnose our household budget made a mistake. He placed food at 32 per cent; shelter at 24 per cent, sundries at 23 per cent, clothing at 16 per cent, fuel at 3.1 per cent and electricity at 1.9 per cent. He omitted the taxes and insurance either of which this year exceeded the amount any of us had to spend for clothing.

One paragraph in an editorial of one of our exchanges said, "The reason some men don't hit the mark, is because they don't pull the trigger." Well brother, our people have a good target, they can take good aim and are willing to pull the trigger. What we need is some means to get the ammunition.

It is said the sheriff of Jones County and some four or five deputies after getting within 200 yards of an offender and firing several shots at him in a shinnery patch, failed to capture him. It is our view that should any one shoot at us eight times, that a sheriff and any number of deputies could not catch us, either in the shinnery or in the open.

A few days ago Will Rogers tried to make things funny by saying Congree could not give the poor in Illinois some food, that they might satisfy their legislative conscience by giving those people some coal to keep warm. There would be nothing funny about that, with the temperature down 20 below zero, it would be plain comfort.

The report is out that Congress passed the \$25,000,000 Red Cross food relief donation bill. Well, by the time the President vetoes it and the Democrats have to line up the insurgents, even if it passes over the President's veto, most of us will have done so long without eating that we will not be able to appreciate the meaning of the bill. The Mayor of Cork died the 74th day of fasting, and some of us soon will have reached that limit.

ENTRE NOUS CLUB MEETING

The Entre Nous Club met in business session Thursday, January 20, with Mrs. M. C. Golling, our outgoing president. Officers were elected for the ensuing year as follows: President, Mrs. R. R. Wooten; Vice-President, Mrs. F. W. Jenning Sec-Treas., Mrs. W. D. Wilson, Reporter, Mrs. J. S. Harrison.

The club voted to hold their meeting the first Tuesday night of each month.

At the conclusion of the business session the hostess served an attractive plate lunch to the following: Mesdames F. W. Jennings, W. D. Wilson, R. R. Woten, Leo Klingman, Geo. M. Williams, Webber Williams, R. E. Dickson, Nellie Davis and M. C. Golling.

Let Us Inspect YOUR TRACTOR

McCormick-Deering 10-20 tractor. Special tools speed our overhauling of McCormick-Deerings.

McCormick-Deering Farmall—the original row-crop and general-purpose tractor.

McCormick-Deering 15-30 tractor—the husky big brother to the 10-20.

INSPECTION, now may bring to light two or three things which should be done to put your tractor in A1 shape for the hard work to come. And probably the two or three items which should be repaired—if let go—would cost far more later on.

It will pay you to have your tractor inspected now, while you can spare it. We will be glad to look it over, check it carefully, make recommendations, and quote overhauling prices without obligation.

Bring the tractor in—or ask us to come out to your farm.

SPUR POWER FARM MACHINERY CO.

We carry a full line of Parts for all kinds of McCormick-Deering and P. & O. implements. See us for your repairs.

BANKER DECLARES FARMERS MAY GET CERTIFIED COTTON SEED

(Continued from Page 1)

with a 14,000,000 bale crop, we shipped only 6,600,000 bales to foreign countries.

What is the reason for the decline in foreign shipments? It is this: The United States produced the bulk of cotton and foreign countries had to buy most of their supply from us. They took all of our good staple they could get and finished out with short staple. Since 1927 other fields for growing cotton have been developed—Russia, India, and African countries now are growing short staple cotton,

and are producing it at about half the price the farmers in this country can produce it. Hence, the factories in the foreign countries who once bought our short staple, now are getting it from India, Russia and those countries who can produce it cheaper. In 1927 there were 6,345,000 bales of cotton produced outside of this country; in 1930 there was more than 10,000,000 bales produced in foreign countries. Why should American farmers be in competition with the producers of Russia, India, etc. when they can produce a cotton staple much better, much more in demand, and be in a class to themselves.

In speaking of the price of seed Mr. Lee explained that most any

kind of seed would cost the farmers \$1.00 per bushel. The certified cleaned seed at \$1.50 per bushel would be cheaper in price than other seed at \$1.00 per bushel. This is the reason: In ordinary seed it will require one half bushel per acre for planting because the common run seed has a great deal of foreign material in them. Extra dirt, extra lint, extra amount of dead seed that will not grow. In the pure, certified, cleaned seed the germination test is around 20 per cent to 25 per cent higher and for this reason the certified seed will go one fifth to one fourth farther. Then, since cotton seed is sold by weight, including what ever dirt, dead seed, extra lint, etc., the farmer buys this in his common run seed and pays for it at \$1.00 for every 33 pounds. In the pure, cleaned seed this extra dirt, etc. is taken out and in the 33 pounds of this one actually gets more real seed than is ordinarily found in 50 pounds of common run seed. Which is the cheaper in the long run?

If our farmers will all get in for certified seed this year, next year they will have good first year seed grown from pure seed. They will have no trouble selling this first year seed at \$1.00 per bushel which will mean about \$30 per bale and up for the seed—more than some of our common run cotton brought, seed and all this year. It looks like a great opportunity for our farmers to get above the short staple class in cotton. In so doing they can get better prices for their cotton. There is no special kind of seed recommended; that is up to the farmers. They can get mebane, kask, acala, or any of their long staple preferences. The main thing is to get it this year.

BAPTIST YOUNG MENS CLASS ENJOYS BANQUET

The Young Mens Bible Class of the First Baptist Church enjoyed a banquet last Friday evening. The entertainment consisted of a number of songs led by M. D. Ivey and talks by different ones present. Joe Kellam spoke to the class on the importance of membership. Rev. F. G. Rodgers spoke on the

influence of the class upon the church. Mr. Ivey spoke on the hopes of the class. E. C. Edmonds told of the pleasure he had enjoyed as a teacher. D. L. Granberry the teacher, presided during the program.

The dinner was prepared by W. R. King and Willard Bumpus. John A. Moore, president of the class, was master of eats. He made every one present feel that the occasion was a great one. The dinner consisted of a big oyster feed with all that goes with one. Messrs. Bumpus and King are artists when it comes to preparing oysters. Loyd Wolfe acted as head waiter.

Those present besides those mentioned above were: W. C. Gruben, W. R. Swafford, Dr. P. C. Nichols, L. A. Hindman, Home Cargile, H. P. Schrimsher, Luther Powell, Ray Sanders, T. J. Seale, B. C. Johnson, Mr. Wright, G. G. Striley, W. D. Starcher, C. P. Ensey, and Carl Proctor.

THE BELLE BENNETT MISSIONARY SOCIETY

The Belle Bennett Missionary Society met Monday afternoon at 3:30 in a social hour in the home of Mrs. Jack Rector.

Mrs. Sam Z. Hall led the devotional, after which games were enjoyed.

A delicious salad was served the following members: Mesdames Hall Stack, Dyess, Briley, Zachry, M. Brown, Barrow, Tidwell, Hart and Rector.

The society extends a welcome to old and new members.

Don't Slay the Goose That Lays the Golden Egg

There are several hundred loyal citizens in Spur who by their patronage are helping to pay for their municipal light plant — the plant which will in a few years be producing good dividends to be used for making the town bigger and better while eliminating the tax rate.

There are other citizens who will ultimately share in the benefits derived from the plant who have not as yet realized the importance of patronizing their own municipal light plant.

We appeal to these citizens to rally to their own enterprise which means so much to Spur, and which is even now proving to be a genuine asset to our city.

JUNIORS OLD AND NEW

By Elizabeth Keen
 The old saying "as some come, let others go" fits the Junior class to a "T". Although we suffered the loss of some of our class, others have come to take their place.

Let's see who has left. First, Maurine McArthur, an old and beloved student. For many years Maurine has attended the Spur Schools. She has been a large part of the classes entertainment, also a very studious pupil. Next to leave us was Lucille Gowens. She became a member of our class when we were "fish". She was very quiet and studious, and we all regretted to see her leave us. Ralph Stevens was the last to leave our ranks. Ralph came from Girard. He was a good clean football player, did well in his school work and was like by everyone.

Now lets see who has come to take these students places. Willard Porter entered school here on New Years day. He hails from Ovada, and brings with him an excellent record. Frances Haven

is a new recruit. Some will remember her from the seventh grade as she was with us there. From Lubbock comes a fine young lady whose name is Glendon Shirley. She gathered a host of friends in record time and got the class spirit and was off with a bang. The last to join our happy band was a "little" girl you all know well. Her name is Miss Nell Collett. She left us at the first of school but as we have said before they always come back to ole Spur Hi.

DIFFERENT

I thought my girl was different
 Than others of her sex;
 Different than the silly type
 That specializes in necks.

I thought my girl would only talk
 Of drama and of books;
 Instead of jabbering about
 "How swell that fellow looks."

I thought my girl wouldn't park
 Beside a lonely lot—
 I thought my girl was different,
 But thank God, she iss not!!!!

WHAT COULD BE MORE DISGUSTING THAN

Mr. Hall's wit,
 Iris leading songs,
 Miss McNeill's flirting with
 High School boys.

Alva raving about Jimmie,
 Miss Barrett talking about Jimmie
 Hahn's popularity,
 Mr. Sisto's way of teaching,
 Miss Buster's grin,
 Morris Lain's sarcastic criticism
 in class.

Loren's conceitedness,
 Buster's love affair,
 Mr. Neilson's gawking,
 Trying to march by Lynn's play
 ing.

Miss Haralson loping from the
 office to Home Ec.

Mr. Taylor draping over a
 chair in Civics.

"Soapy" peeping through the
 bars in the library.

"Rags" trying kindergarten stuff
 in math class.

Welton trying to be dignified in
 S. H. S.

Dorothy Carson trying to attract
 Jimmie's attention.

Margaret getting fresh with
 John Jr. in math class.

Grady Edgar attempting the
 part of Don Juan.

Evalene blabbing in English
 class.

Dudley trying to be dignified.

Leona Entering a dance contest.

Joe Hahn receiving all the bou-
 quets in Miss McNeill's class.

Roberta's giggle.

Post graduates and married wom-
 en in school.

Mona Mae being sentimental.

Marching to chapel like convicts.

Suppressed yawns New Years
 day.

A TERRIBLE EXPERIENCE

By H. F. Dodge

Mr. Sisto left his class of Physical Geography to go to the office on a forgotten errand. He had much confidence that his class would be nice and quiet while he was gone, for everyone was in a good humor, knew their lesson and seemed studious. He left the office and was struck by the quietness of the building. Everything was working like a clock; a gentle murmur and hum of voices reciting their lessons and the business like clatter of a typewriter.

His romantic heart was thumping wildly with the happiness of being alive when his senses were jarred back to reality by a harsh, grating wail, coming apparently from his Physical Geography room! He was rooted to the spot in terror and surprise! Was it murder? Someone dying? A thousand throats raced through his terrified mind before he could force himself to act. He could distinguish words being shrieked and groaned as he stumbled toward the fatal door. Sweat stood out on his brow, so great was his anxiety; for he was sure that some tragedy had befallen Spur Hi. His trembling hands sought the doorknob, yet he dreaded to open the door. He could see in his mind the terrible things that were to meet his eyes! He turned the knob a little at a time and at last jerked the door open in desperation. Immediately a voice whispered, "Cheese it! Mr. Sisto! Cut off the phonograph!"

BUT STILL I LOVE HER

She goes to dances,
 Stays out late.
 Every night she
 Has a date;
 She powders up
 And uses paint
 That makes her look like
 What she ain't;
 She smokes tobacco,
 Pinches snuff,
 Makes'em like it
 Treats'em rough
 She wears short dresses,
 Rolls her own;
 She tries so hard
 To act high-tone.
 She's quite the berries,
 Looks so neat;
 Wears a Four on her
 Size five feet;
 She's full of wise cracks,
 Full of pep,
 And boy! You should
 See her step;
 She strums a "uke" and
 Likes to chat
 She's had more beaus than
 Cleopat;;
 She speaks three tongues
 And speaks'em plain,
 English, Slang an'
 Old Profane
 She likes moonshine,
 Drinks a lot;
 She pays a dollar
 For a shot.
 Was pinched for speeding,
 Broke the law;
 But Still I Love Her.
 My—Grandma.

JOKES

Do you know this game that was played on the vacant lots all summer? Well, I heard it referred to the other day as Diaper Golf.

Clyde says: Its all right to flirt with girls who use lipstick, but brother, take my advice and marry one that can push a broom stick.

A Scotch ballad going the rounds: I'm filled with sadness I've got the blues; ; There's no more mileage In last years shoes.

THE LAST LAP

The students have been a very depressed mood for the last week, on account of the mid-semester exams, but everyone came to school Monday with a smile on their faces so I guess every little thing is all right now.

For the rest of the world the

new year started some three weeks ago, but for the student it has only started. We have about four and a half more months to go before the great moment for some of us is to come.

I noticed in the paper the other day about a young man who had written Mr. Calvin Coolidge asking him how to become the foremost man in a certain corporation in Texas. Mr. Coolidge told him "work hard, and behave your self." Now if we students will profit by this statement we will not have so hard a pull in this last semester.

There has been no alarming number of failures this year, but there has really been more than are necessary. If each student will resolve to get his lessons each day as they come, he will have better grades and will have less time to 'gripe' at the teachers.

So come on, students and let's make this a record year for Spur Hi, we can do it if we only will.

WHY STUDY

(The Junior Slogan)
 The more you study—the more you know,
 The more you know—the more you forget,
 The more you forget—the less you know,
 So why study?
 The less you study—the less you know,
 The less you know—the less you forget,
 The less you forget—the more you know,
 So why study?

BRYANT-LINK CO.

Mrs. King's Department just received a shipment of the well known Mary Lou Wash Dresses. A line made in Dallas, Texas, and sold in the big cities of the East, New York, Chicago, St. Louis, etc., Mrs. King had her stock down very low January 1st. so she will have little but **NEW** goods to show you.

Mr. Ensey is now buying Dry Goods to fill in his stock, so we are preparing to care for your wants and with **NEW** goods and at **New Low Prices**.

Furniture. We have cut our furniture expense down to practically nothing and are offering furniture at real prices. So if you need anything in furniture, now is the opportune time.

Our **Grocery Department** is busy. Why? Because people are finding out where their dollars reach the farthest and where they get service and quality.
