SPUR, DICKENS COUNTY, TEXAS, THURSDAY JUNE 4, 1931

WHOLE NUMBER 241

CHURCH OF CHRIST REVIVAL STARTS SUNDAY WITH AN ALL DAY SERVICE AT THE CHURCH

Wright Randolph, local Minister of the Church of Christ, announces the starting Sunday morning, June 7th, of a series of revival services at the local Church. Services will be held each evening during the following week at 8:30.

Everyone in the city of Spur and the surrounding community is invited to attend these services where you will hear the Gospel preached in its purity and simplicity, strictly Bible subjects will be discussed during this meeting.

The church has recently purchased 150 new "Ideal Hymn Books" containing one of the best collections of old time gospel songs that has ever been written. These books will be used during these services and everyone is assured that they will enjoy singing these good songs.

T. C. Cooner will be the song leader during the revival.

Sunday afternoon at 3:30, there will be a special song service at the church. All singers over the entire country have a special invitation to be present for this song service.

AN APPRECIATION

The time has been long since we received your many kind deeds, and assistance, during the accident and serious illness. But not too long to yet express our heart felt thanks and sincere appreciation to Messrs. L. R. Barrett and W. R. Lewis for taking us to Dallas, To Bryant-Link Company, to Spur National Bank, to Spur Fireman, to the T. E. L. Class of Baptist Church, to Belle Bennett Missionary Society of Methodist Church, to the P. M. W. Club, to each individual separately and collectively we do from the very depths of our hearts appreciate you and trust and pray not one of you shall ever know the sorrows and suffering we have known since we left you.

W. M. MALONE APPOINTED CITY MARSHALL

At a meeting recently W. M. Malone was appointed to the office of City Marshall to fill the vacancy made by the death of Charlie Denison some three weeks ago. Mr. Malone has been a citizen of our town for a number of years and has served as a peace officer under different conditions. He acted as night watchman for a long time giving up the office something like one year ago. He had served as high sheriff of his county before moving to Spur and was considered an excellent officer by his people there.

Mr. Malone has assumed the attitude always that an officer should help and encourage people to do right before they commit a crime. He feels that any one who enjoys the honor of being a citizen should not voluntarily violate the laws. For this reason he has never been very strong in giving a law violator what is known as the second chance to make good. He feels every body has the first chance to be a law abiding citizen and no citizen should voluntarily violate the laws of our state and expect a second chance to make good. He says any citizen can improve the second opportunity, and after having violated the law, can acknowledge their error and go on and make good as a citizen.

Mr. Malone assumes the attitude that everybody should be treated with respect and even if one is a prisoner of the law that he is due all courtesy from the officers who have him in charge. People should strive to uphold the law, to add dignity and respect to our government and seek the protection that government is expected to give its constituency. By the citizenship standing by the law and those officers who are chosen to execute the laws, then we can expect a clean state of society.

OFFER COURSES IN PLAY

Austin—Teaching people how to play will be one of the functions of the University of Texas this summer. Several courses in physical education will be taught, among which will be an elementary class in games and stunts. Other courses will include clogging, advanced folk dancing, fundamental skills and natural gymnastics, all for women. Courses for men will include one dealing with the elementary methods in games, mass scoring methods, golf and swimming, a second dealing with the administration and supervision of physical education and a third dealing with coaching methods in football and track.

ORPHANS HOME PROGRAM TONITE

Rev. Wright Randolph, minister at the Church of Christ, announces that Bro. Barber of the Boles Orphan Home at Greenville, and 20 children of the home, will be in Spur tonight and will give a musical program at the Church of Christ. The program will consist of a number of quartettes, duets, solos, and choruses.

The program will start promptly at 8:30 o'clock this evening (Thursday) and people are requested to be present and hear these children give their program. It will be an opportunity for the people to learn something of what Christian influence and training is doing for these children who have spent the greater part of their lives in the Boles Orphan Home. Come, you are welcome.

Hay Cutting Demonstration On Wilson Farm

Monday afternoon W. T. Wilson invited a number of friends to visit his alfalfa farm, five miles southeast of town, and witness the process of harvesting hay. Quite a number of people visited the farm in the afternoon and watched with interest the work which is going on there.

Mr. Wilson has a great crew of hands at work on his place. There were two mowers running Monday and was cutting at the rate of about 40 acres of hay per day. One mower was a Farmall with a mower attachment with a 7-foot cut. The other mower was a McCormick-Deering with a 6-foot cut and was drawn by one of the best span of mules in the country. The alfalfa stood about 26 inches to 30 inches high and required a lot of power to cut it. It looked to be making about a ton per acre at this cutting. Mr. Wilson stated that he feels sure of five cuttings this year.

About a half mile further south of where the mowers were running was the baler crew busy baling up the hay. At this time a horse-power baler was being used which was putting out around 300 bales per day. Mr. Wilson has a power baler too, but was using the Farmall all to the mowing on this day. The hay was raked into shocks with a steel tooth rake. Then a team and a buck rake was used to convey it to the stack.

Mr. Wilson has 140 acres in alfalfa on this farm. He stated that two years ago this ground was a solid sod of Johnson grass and looked to be worthless except for the Johnson grass hay which he cut from it. He did not sell any of this hay since he did not care to spread Johnson grass over the country. He started to break the land two years ago in order to kill out the Johnson grass and many of his neighbors ridiculed the idea. However, he went on and plowed the ground incessantly for three months at the end of which time no Johnson grass seemed available. By the process of plowing, harrowing, discing and top cutting and no crop on the land, he secured an excellent seed bed. This was very conducive to the culture of alfalfa and Mr. Wilson had no trouble getting a good stand the first seeding. The field is low bottom land lying along Duck Creek and is sub-irrigated. Water can be secured most any where on the field at a depth of 10 to 12 feet.

When asked as to the commercial value of alfalfa as compared with cotton, Mr. Wilson stated there is no comparison. He stated the alfalfa was far more profitable than cotton raising. He said he could easily secure around \$150.00 per acre for his alfalfa this year. He stated that very few cotton fields would make as much as \$10 per acre above expenses.

When asked as to how he expected to dispose of his hay, Mr. Wilson said, "I expect to sell some of it on the market and I have 20 head of Jersey cattle to feed it." Going on he stated he would be able to sell enough to get his harvesting expenses back and have the hay for his farm stock in the clear. He went on with the story to the extent that the alfalfa crop comes off early and affords early feed. "From now on", he said, "we will be able to feed alfalfa and make our other crops on it. Again, it secures me for feed next year in the event other feed crops should fail this year. I don't worry about the feed supply at home."

E. C. THANNISCH PASSES AWAY

Ernest Calvin Thannisch, 35, one of the progressive young men of Wichita community, died at his home last Friday morning. Mr. Thannisch had been a sufferer from tuberculosis for some time, bearing his pain very patiently. He had spent time in the sanatorium and took treatments in his home, and at one time had hopes of recovering. Feeling that a change of climate might be conducive to his health he went out to New Mexico last year hoping the change might be to his advantage. It seemed, however, that this change was for the worse and soon he broke down and grew weaker until death took him away.

The deceased was a son of Mr. Mrs. W. L. Thannisch, one of the most respected families in the county. He was born May 10, 1895 and had spent the greater part of his life in this county. Besides his own illness Mr. Thannisch had the great sorrow of losing his little daughter last fall.

Funeral services were held at the Church of Christ in Dickens at noon Saturday. Wright Randolph, Minister of the Church of Christ at Spur, assisted by Rev. H. T. Harris, pastor of the Baptist Church at Dickens, conducted the funeral rites. Interment followed in Dickens Cemetery. Webber Williams acting as funeral director. The deceased is mourned by his wife, little 4-year old son, his father and mother and a number of other relatives and friends.

MRS. C. HAMILTON BURIED IN GIRARD FRIDAY

Mrs. C. E. Hamilton of Girard, died very suddenly at her home about 8:00 o'clock Thursday evening. She had been suffering for sometime with a slight ailment in her chest, but no one seemed to be alarmed about it. Thursday afternoon she accompanied some of her children and some friends to the cemetery where they planted flowers on graves. About five or six o'clock she spoke to her daughter about a difficulty in breathing. They returned home soon and after a time she lay down on the bed to rest, feeling that she might get easy. She had been on the bed about ten minutes when she passed away.

Mrs. Hamilton was a native of the State of Missouri, having been born in that state, March 17, 1875. She came to Texas about 40 years ago and had lived at Girard about three years. Her husband had preceded her just six months to the day and hour, and her health had been greatly impaired as a result of this great sorrow. When just a child she became converted to the Christian religion and was affiliated with the Baptist Church where she lived a faithful and devoted member the remainder of her life.

Funeral services were held at the cemetery in Girard Friday afternoon. Rev. Dickson of Aspermont, delivering the funeral oration. Interment followed immediately in Girard cemetery.

Mrs. Hamilton leaves to mourn her departure, five children; three daughters and two sons. The children are: H. W. Hamilton of Brown field, Mrs. W. L. Bucklewe of Jayton, Mrs. Lewis Brady of Sulphur Springs, Mrs. G. S. Moore of McKinney and C. A. Hamilton of Spur.

MISS RHEHM RICHEY WINS TENNIS CHAMPIONSHIP AGAIN AT TECH

Miss Rhemn Richey of Spur again has won the championship in tennis for girls at Texas Technological College. A prize was awarded to her at the Second Annual Banquet at the Hilton Hotel May 23 by Mrs. Doak, dean of Women at the college. Miss Richey also won the tennis championship at Tech last year and received a prize given by the Woman's Athletic Association.

Spur is becoming widely known for its tennis product throughout West Texas. Miss Richey represented Spur two consecutive years 1928 and 1929 at the State Tennis Meet, Austin.

An all college girls track meet was held at Tech, May 2, of which one hundred five girls participated. A pennant was given by the Department of Physical Education to Miss Richey for winning high point in the contest.

The Times does job printing of all kinds. Let us figure with you. Phone 30.

At the close of his story Mr. Wilson stated he had to keep the Farmall busy and had just purchased a combine harvester and threshing machine which he expected to use to harvest and thresh grain for his neighbors. He will start this about the first of the week and will run it until the wheat and oats in the country will have been harvested. He owns a good farm, looks after it, and is of an attitude to help his neighbors in their farm work.

Spur C of C Arranges for Local Wheat Harvest

Through the efforts of the Spur Chamber of Commerce a wheat market has been established in Spur for the accommodation of the wheat growers of Spur country. The people have gone forward in planting and growing wheat and some are expecting to harvest and market the grain. The Chamber of Commerce felt it the duty of that organization to assist in securing the best market possible for this grain.

Two different firms have announced they will be ready to give the people the best elevator prices for their wheat. One of these firms is the Porter & Turner Grain Company, and the other firm is Sullivan & Snider. These firms will give the farmers the best available market for wheat, and ask that you bring your wheat to Spur market.

Both of these firms will weigh over state inspected and regulated scales. They will provide means of loading the wheat into cars and the farmers in no manner will be expected to handle the wheat. While Spur has no elevator here, the farmers will be given the same accommodations that an elevator can give.

There are several thousand acres of wheat in Spur country. Much of it being cut and cured for feed which is a fine idea. In the event the feed crop should be cut short again this year, many of the farmers will have enough wheat in stack and otherwise to supply them with feed next year. Some of the farmers who feel they will have an ample supply of feed will want wheat to sell and will want the best available market for it. Spur buyers will give as much as any place and solicit your consideration in helping to establish a wheat market here. So, bring your wheat to Spur.

Health Work Showing Progress

The health work in the county under the direction of Mr. White, of the State Health Department, is showing much progress. At Dickens the people declared a half day clean up campaign and became so interested that all business houses closed and the entire day was used. There were 53 loads of old cans and other rubbish hauled out of the town that day. People there have installed 25 pit toilets and the entire town now has a much improved appearance.

In Spur there has been a general clean up in the town and people are kept busy cutting weeds and hauling away old cans and rubbish. Mr. White could not tell how much had been hauled away here. There have been 30 pit toilets installed by people who do not have the sewer accommodations. It is reported that in the section occupied by the colored people that every family has a new pit toilet.

Mr. White expressed his deep appreciation for the interest people are taking in the work and stated that the campaign would continue throughout the summer. He left Saturday for an inspection tour at Girard, Jayton and other points in Kent County. This week he is working in Stonewall County, but will return to Dickens County soon.

The vaccine for diphtheria, typhoid and smallpox has been ordered and work in this respect will start soon. The state nurse will be here probably the last of this week and will be ready to start vaccinating next week. Be ready for this for it is important at this time. Let's make Dickens County 100 per cent immune to these three diseases. Throw down prejudice and we can eliminate these diseases from our county for a long time.

A CARD OF THANKS

We take this means of telling the good people of Girard our deep appreciation of their words of sympathy and kind deeds during the illness and death of our dear mother, Mrs. C. E. Hamilton. Words cannot express the degree that you helped us in this great sorrow, and neither can we thank you enough for your expressions of sympathy. Only those who have gone through with this know what you meant to us at this time.

Mrs. W. L. Bucklewe.
Mrs. Lewis Brady.
Mrs. G. S. Moore.
H. W. Hamilton.

LEUDERS ENCAMPMENT

The board of directors of the Leuders Baptist Encampment, Baptist Pastors, and other friends of the encampment are called to meet on the encampment grounds at ten o'clock, Thursday, July 11. Visitors will bring lunch and a picnic dinner will be spread. The meeting is called by Rev. J. H. Littleton, President, Witter Jackson, Business Manager, and Rev. Ross A. Smith, Chairman of Board of Directors.

The program of the encampment this year will be conducted along conference lines, especially in the Young People and Adult work. Conferences each morning will be conducted from eight-fifteen to ten-fifteen along special lines, such as Bible study, Doctrines and Missions. Instead of the usual sermon at eleven o'clock three general conferences will be held emphasizing the work of the Sunday School, B. Y. P. U., W. M. U., Hospitals, Orphans' Home, and Denominational periodicals.

Dr. W. R. White, encampment speaker, will bring a message each evening. The dates of the encampment are from July 13 to 19. Copies of the encampment bulletin may be obtained by addressing Walter Jackson, 234 Hickory St., Abilene, Texas. Everything is shaping up for a great encampment.

Spur Wins Over Post in League Games Sunday

Spur and Post golfers settled an argument on the local course Sunday afternoon which resulted in favor of the local players. It was a battle royal from the first until the last putt was made. This is the second game these teams have played. Post winning the first one by a good score. The following is the lineup of Sunday's game:

Spur	Post
W. T. Andrews, 0	Jim Samson, 3
E. L. Caraway, 3	George Samson, 0
Winn Collier, 3	Dr. Ray 0
V. L. Patterson 1-2	Crump 1-2
Chas. Powell 2-2	J. Hundley 1-2
L. E. Lee 1-2	Jack Samson, 2-2
H. Holly 3	Clyde Hundley 0
Ed Hale 3	Ed Warren 0
Total 16-2	7-2

In the game between Matador and Floydada Sunday, Matador won the match in a strong manner. The points were: Matador, 23 1-2; Floydada, 1-2.

Spur team has two more matches to play this year before the close of the league season. Matador plays here June 14 and Floydada will be here June 25.

As the league members stand to date:

Post 65 1-2 points.
Matador 58 points.
Spur 40 points.
Floydada 28 1-2 points.

The contest for honors appears to be between Post and Matador.

GIRLS DORMITORIES

Austin—Accommodations for women students at The University of Texas will be offered by six dormitories this summer. Five of these will remain open during both terms of the summer session, while Scottish Rite dormitory will be open only during the first term.

These dormitories include the Women's Building, situated on the campus itself; the Alice P. Littlefield Dormitory, another University operated building; Grace Hall, maintained by the Episcopal Church; Kirby Hall, a Methodist dormitory; and Newman Hall, a Catholic institution.

METHODIST REVIVAL CONTINUES ON THROUGH THE WEEK; GOOD INTEREST IS MANIFESTED

News From Nichols Sanitarium

Bruce Meadows of Peacock, underwent an operation for appendicitis Wednesday morning. At present it is not known how he will progress but conditions are favorable.

Mrs. W. W. Humphreys, city, underwent an operation Wednesday afternoon. Conditions seem to be in her favor.

J. W. Waters, city, was admitted Tuesday for X-ray examination and treatment. He is getting along very well.

Miss Eleanor Ensey, city, was admitted Wednesday morning for treatment of her throat following an operation in Fort Worth. She is doing fine. She is in training at the Methodist Hospital in Fort Worth and is at home on a vacation now.

Mrs. R. J. Morrow, Jayton, continues to improve after an operation some weeks ago.

Miss Agnes Balch of Jayton, is still improving after an operation. Matthey, little son of Mr. and Mrs. W. C. Graben, city, fell Tuesday afternoon and broke his left arm. He was given X-ray examination and the fracture set at the sanitarium Tuesday afternoon.

Harvey Shirey, who is with the State Highway Department in construction work on Highway No. 18 in Motley County, fell with a load of bridge timbers Tuesday and broke his right foot. He was rushed to the sanitarium here where an X-ray examination was made and treatment given.

THE FISHERMEN HAVE RETURNED

L. E. Lee, Gene Taylor, A. C. Hull and Sam Z. Hall returned the last of the week from a week's vacation and fishing trip to Del Rio. They enjoyed a very fine camp, fished, played golf on a very fine course and attended the picture show seeing the "Birth of a Nation". They report they crossed the border twice and you know them may guess the rest. They report they had a most enjoyable time and a fine camp with baths and hot and cold water. They caught plenty of fish but did not make that the main object of their trip. It was a real vacation.

APRIL BUSINESS FAILURES

Austin—Business failures in Texas during April averaged sixteen a week, compared to eighteen in March, and thirteen in April of last year, according to the Bureau of Business Research at The University of Texas. Weekly liabilities fell sharply below the Mar figure and the April, 1930, average, the Bureau's report said. Average liabilities per week during April amounted to \$123,000, compared to a weekly average of \$147,000 in March and of \$226,000 in April, 1930. This decline in indebtedness was contrary to the tendency following the 1921 depression, when liabilities continued to expand after the actual number of defaulting companies began to decline, the Bureau's report said.

The revival services at the Methodist Church continue to grow in interest with increasing attendance at each service. Rev. J. A. Old of Terrell has been bringing some stirring messages to the large audiences.

Rev. Old was called home Tuesday to conduct the funeral services of one of his members. Rev. W. B. Vaughn the pastor has been doing the preaching since the departure of Rev. Old and announces that services will continue throughout the week. Rev. Vaughn is bringing some soul stirring messages that would be worth everyone's time to hear.

Faust Collier is directing the large choir with Mrs. Clifford B. Jones at the piano. The music has been an exceptionally strong feature of the revival.

It is planned to close the services Sunday night with a large class of new members aligning with the church at the closing services.

Services twice daily: 10:00 A. M. and 8:00 P. M.

Dress Contest and Style Show

The Home Demonstration Club women of Dickens County will have their clothing contest this year on June 13th at the Methodist Church in Spur. This contest will feature tailored dresses. All the merchants are extended a special invitation to see their dress materials made up. The dresses will all be entered by 10 A. M. on Saturday June 13th. The judging will be done by Mrs. Julia Kelley, Plainview Home Demonstration Agent. There will be lunch served at noon.

In the afternoon there will be a style show and the final judging of dresses. The people in town are cordially invited to be present at this contest. This is a good opportunity for the people to see what the women in Home Demonstration Clubs are doing.

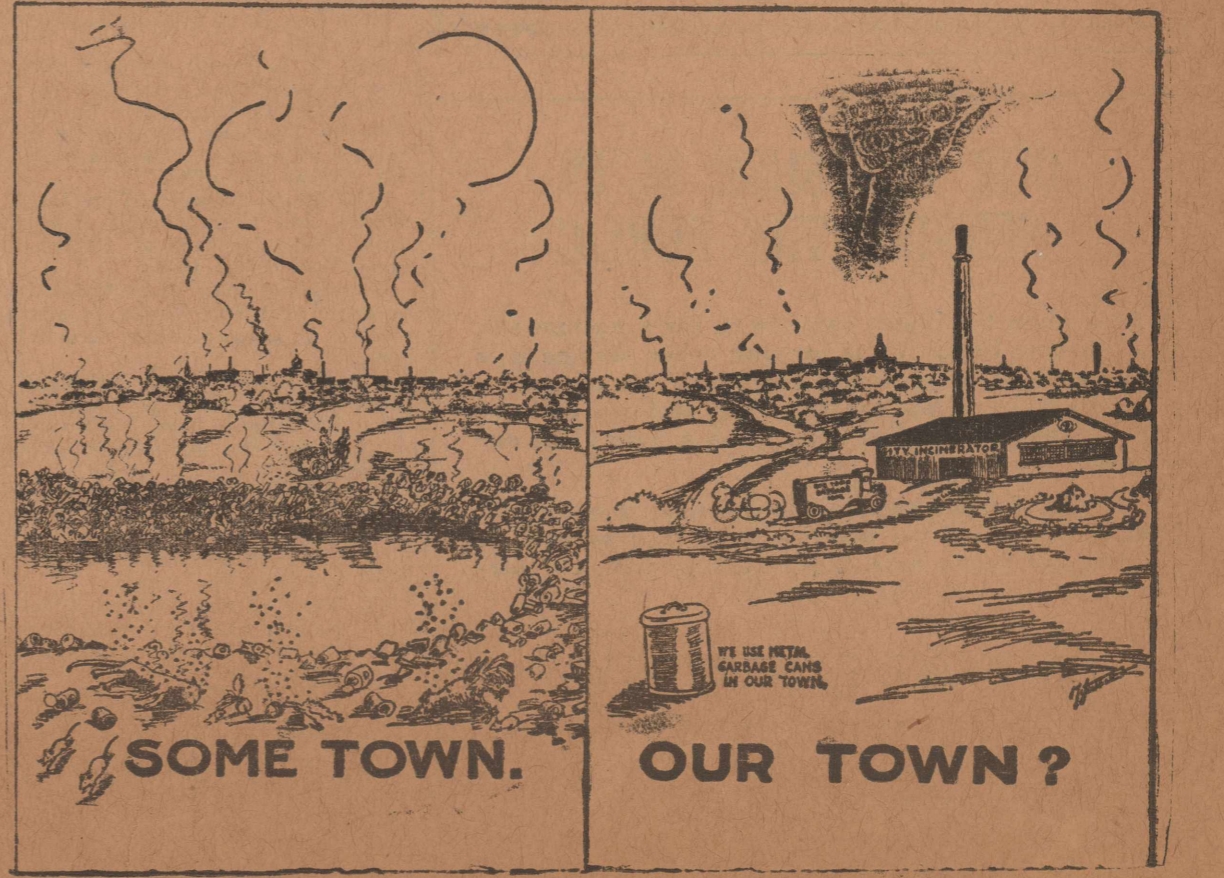

SUMMER SCHOOL SHOWING INTEREST

The summer session of Spur schools is showing an increase in interest each day. There are about 18 students taking the work. Of this number there are six graduates from Girard school who are trying to get off some work, some from Clairemont, Croton and McAdoo and several local students.

Courses are being offered in plane geometry, solid geometry, English literature, government, and arithmetic and geography in the grades.

Supt. Hall and Mr. Taylor are doing the teaching and the students are enjoying a good time getting off some extra work while they have nothing else to do.

Austin—Miss Leilet Richter of San Antonio, will be a delegate to the World Federation of Education to be held in Denver, Colo., July 27 to August 1. Miss Richter, who is a graduate of The University of Texas, having received her bachelor of arts degree in 1907 and her master of arts degree in 1923, is now teaching German in Brackenridge High School, San Antonio.

6. Paved Highways Leading Out.
7. A Cotton Oil Mill.
8. Farmers in the Chamber of Commerce.
9. Vocational Work in Our Schools Extended.

THE COMMON HOUSE FLY

In mentioning this insect as the "Common Housefly" we often wonder if it is not considered just a little too "common." If we would hesitate and consider that it is one of the filthiest of all insects we might not desire to consider it

CLOSING DOWN THE HATCHERY

We will close the hatchery for the spring and early summer hatching next week. Tuesday, June 9, will be the last day we will set eggs. Please get your eggs to us by that day.

We plan another hatching to start about August 15 to 20. We will make other announcements relative to this.

We thank you for your patronage.

Crockett's Produce & Hatchery

OUR PLEASURE IS IN SERVING THE PUBLIC

And when the ladies come to us for a permanent, a reset, a finger wave, or any other service it is our delight to give you the best. The care of a lady's hair means much to her and we feel we are endowed with a trust when a lady visits our shop.

Our barber service for the men is not to be excelled. Also, we offer a very fine service in trimming ladies hair. Keep us busy with our service so all of us will be happy.

SIMPSON BARBER AND BEAUTY SHOPPE

PHONE 117 FOR APPOINTMENTS

KEEP SWATTING HIM.

so common. But it will sing among the rooms of our homes and we give it but little concern feeling, that it is just a little fly and is harmless.

We mentioned it as a filthy insect. Yes, we feel that it is. It can permit its feet, or whatever you desire to call what it walks on, to get into more filth, it will walk about over more old dead carcasses it will visit more cesspools of filth and then visit the home and walk about over more good things to eat in one half day than any other insect we have ever read about or observed. If any of you doubt our statement, go out to your open toilet and cover the refuse with some common flour on a warm day leave your screens open and the victuals on the table, and see in what short time the "common" houseflies will be depositing particles of the flour on the cakes, jellies, etc. on your table. Yes, these are the very victuals that you and your family eat and subsist upon. Yet, this very "common" housefly is actively engaged in polluting these victuals with all kinds of filth.

Medical science has discovered that the "common" housefly is responsible for the spread of more than 85 per cent of typhoid fever. The little hairlike cushions on its feet afford carrying ability for millions of disease germs. The "common" housefly is no respecter of homes. It will carry the typhoid fever germ into the home of wealth and alike in the home of poverty, if given an opportunity, with the same destructive results. One may think they are not able to buy screens for the doors and windows of their home, or may feel they are not able to connect with the sewer system of the town, or may feel unable to build a sanitary toilet; but what the result will be if we neglect to do these things. What will one case of typhoid fever in a home cost even if the patient is able to pull through.

People often talk about there being so many flies. This is the one thing makes the condition so perilous. The life of a housefly consists of only a very few weeks. Yet during that very short life one female housefly can be responsible for an offspring of more than 178,000,000. It behooves our people to

see that breeding places for the housefly are destroyed each year before the warm days start in. This requires time and labor, but it is very valuable to the individual and would you want to be responsible for the death of any one? Yet, innocently you may be harboring a breeding place for flies that may result in the death of more than one of your neighbors.

The State of Texas spends large sums of money each year in an effort to get rid of the housefly. Other states in the union are doing the same thing, yet each year the "common" housefly is responsible for more deaths annually, directly and indirectly than there were soldiers killed in the War of 1812 annually. We think war is a horrible thing, yet we carelessly foster disease carriers that do more damage than any war the world has ever known. Let's get rid of the "common" housefly from our homes, and not treat it in so "common" manner.

NOTICE

TREASURY DEPARTMENT
Office of the Comptroller of the Currency

Washington D. C.,
May 15, 1931

Notice is hereby given to all persons who may have claims against "The City National Bank of Spur", Texas, that the same must be presented to L. B. Withers, Receiver, with the legal proof thereof within three months from this date or they may be disallowed.

J. W. POLE,
Comptroller of the Currency.
(Re-published from May 18, 1931 to Sept. 1, 1931.)

LOWER RED MUD NEWS

Mr. and Mrs. Elmer Lewis of Lower Red Mud, spent Saturday night with Mr. Lewis' uncle, Wesley Lewis of Catfish.

Rev. Bennett preached at Lower Red Mud Saturday night and Sunday evening. A fine sermon was reported for both hours.

Several were present at the baptizing and there were five or six baptized.

Wesley Lewis and daughters, Sylvia and Roxie Dee, went to Jayton Monday to attend part of the Graduating Exercises and to bring Miss Mary Emma home, who has been there attending school.

Some of the men of Lower Red Mud went to Clairmont Monday in search of a job. They had heard of some road work to be done, but have not learned whether they found any work or not.

Marvin Smith has cut his wheat and stacked it. Then they started to cutting Mr. Smith's Thursday and then it began to rain. It sure will be fine for it rain on the feed and cotton.

Mrs. O. L. Darlin and Mrs. Alfred Fuqua planned a surprise party for Miss Thelma Grubbs on her birthday Thursday night. Quite a number attended and Thelma received several nice gifts.

Miss Mattie Howell and brother, Clarke, and their cousins, Hope and Glen McClain of Catfish, came down to the party.

Carroll and Miss Elsie Shoults' cousin of near Fort Worth, is here visiting in the George Grubbs home.

John Williamson and daughter, Clara Jackson, will start to East Texas Saturday to bring his mother to spend the summer in our community.

Miss Charlie Hayes was at Lower Red Mud at the Literary Friday night.

L. D. Austin was down to Literary and sang two songs.

The Literary met Friday night, May 28 and the best program yet, was rendered. A quartette was sung by four women.

Mr. and Mrs. L. B. Fuqua are visiting his sister, Mrs. R. G. Smith of Catfish.

Mrs. Marvin Smith entertained Saturday night with a tacky party.

Tuesday of last week, Mrs. Lonnie Flood entertained the young folks with a party. Everyone re-

ported a good time.

Mr. and Mrs. Alfred Fuqua visited her parents, Mr. and Mrs. Matt Howell on Catfish, Friday.

Merle Smith was in town Thursday trading and delivering dairy products.

Everyone on Lower Red Mud is working toward going to the cemetery working the 6th of June. That is one day all of the people meet and have a jolly old time together and sometimes, some of them don't see each other from one year to the next.

Mrs. Howell gave Mrs. Alfred Fuqua some garden seed and some plants to set out so Mrs. Fuqua will be busy for a while now and she also got some quilt scraps to piece up.

Several of the folks of red mud have pretty gardens this year.

PHARMACY BULLETINS OUT

Austin—Copies of the bulletins containing announcements for 1931-32 regarding the College of Pharmacy and the School of Business Administration of The University of Texas are now available for distribution. These two bulletins form Parts II and III of the University catalogue, while part I contains information concerning the various scholarships, fellowships, prizes and loan scholarships open to University students.

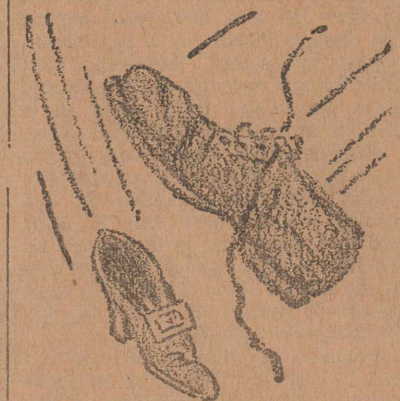

According to the calendar for next year, school will open Fri-

day, September 18, when registration begins. After the two-day registration period, classes will be held for the first time Monday, September 21. Preliminaries will include examinations for admission on September 12, postponed examinations on September 15, and freshman convocations on September 1.

BENEDICT TO ADDRESS

Austin—Following a custom established when he was first inaugurated as president of The University of Texas, Dr. H. Y. Benedict will deliver the only speech at the annual June commencement of that institution. There will be no formal address, but he will extend to the graduates a few words of congratulation and advice before conferring on them their respective degrees.

More than six hundred young men and women will receive the degree of bachelor of arts or science.

.. after they are married and go away, keep them constantly near you by frequent telephone visits.

Consider your Adam's Apple!!*
Don't Rasp Your Throat With Harsh Irritants

"Reach for a LUCKY instead"

Now! Please!—Actually put your finger on your Adam's Apple. Touch it—your Adam's Apple—Do you know you are actually touching your larynx?—This is your voice box—it contains your vocal chords. When you consider your Adam's Apple, you are considering your throat—your vocal chords. Don't rasp your throat with harsh irritants—Reach for a LUCKY instead—Remember, LUCKY STRIKE is the only cigarette in America that through its exclusive "TOASTING" process expels certain harsh irritants present in all raw tobaccos. These expelled irritants are sold to manufacturers of chemical compounds. They are not present in your LUCKY STRIKE, and so we say "Consider your Adam's Apple."

On Saturday Morning, June 6th, We will sell groceries for cash only

This does not mean that we do not fully appreciate the good business that has been coming to us on a thirty day basis, but we find that on account of the close margin at which we sell it is not possible to make living profit even with this short deferred payment.

M GROCERY

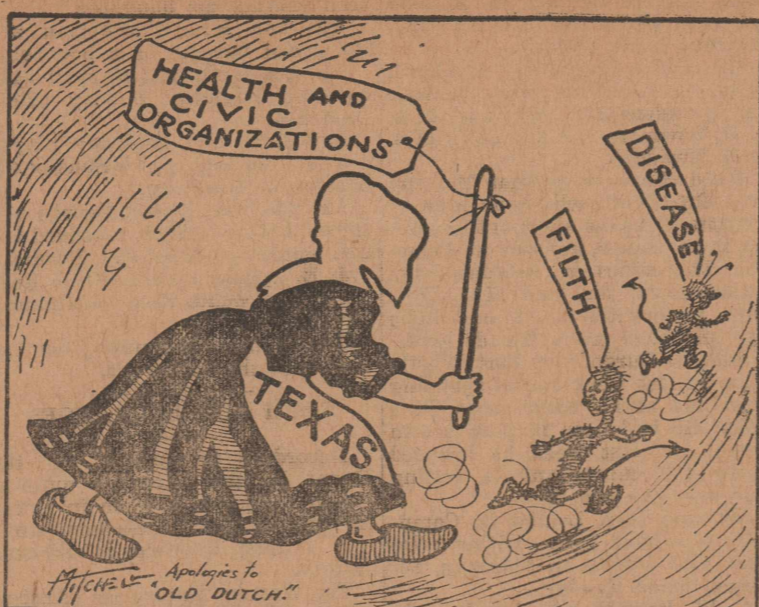

J. H. Cargile (In charge). Spur, Texas

Bacon butts and dry salt jowls as long as they last at per pound 9c

THERE ARE MANY MORE BARGAINS

M GROCERY

HEALTH PROMOTION WEEK

Everyone has heard the old saying of a dollar saved is a dollar made, if that is true, Matt Howell and son have made the price of two godevils in the last two or three days, as they have made two godevils from the running gear of an old car.

There were church services held at the Christian Church at Redtop last Sunday morning. There would have been a larger crowd if more people had known there was to be church.

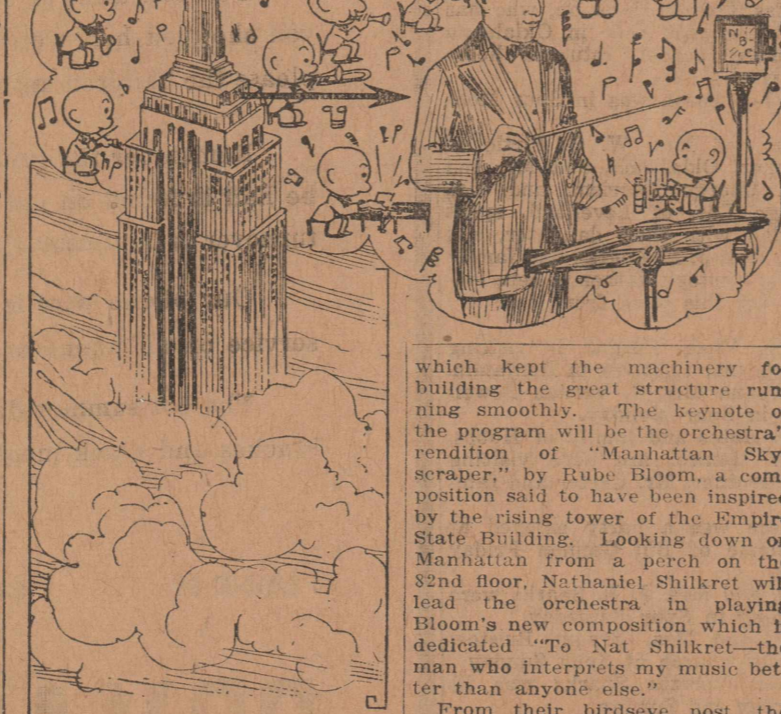

Thedford and Alex Fry were cowboying Wednesday, driving some stuff up to their grandmothers and taking back a milk cow. Thursday of last week started off so pretty, but before night, such a wind and dust storm, made everyone fear for the feed and cottons which they had up, and not want to plant any more, but when the wind calms down they go right back to work in spite of the dust storm.

Friday evening, Matt Howell and family were pleased very much when their daughter, Mrs. Alfred Fuqua and husband and baby drove up and stayed with them till Sunday afternoon. Parents are always happy for their children to visit them.

Rev. H. T. Harris of Croton had dinner with Mr. and Mrs. J. J. South of Spur Monday. We had a nice shower of rain Monday evening, also a sand storm before the rain and hail.

Miss Beacon of Abilene, was here a few days nursing Ernest Thannisch. Wichita and Croton played baseball Tuesday. The score was 17 to 15 in favor of Croton.

Empire State Tower Broadcast, June 3, Will Scan Broadway Sights and Sounds

THE contribution of the oil industry to the erection of a great building will be strikingly dramatized when from the 82nd floor of the Empire State Building on Wednesday, June 3rd, at 8:30 P. M. (E. D. S. T.) the Mobiloil Concert Hour will be broadcast over WEAF and associated stations of the National Broadcasting Company.

RED TOP AND CATFISH NEWS

Spur, visited their sister, Mrs. D. H. Giddens Monday night. Lonnies Lewis of Deer Lake, was in Spur Monday. Miss Eola Lambert visited Miss Carrie Hill of Spur Wednesday.

ROUND-UP

Tom McArthur had a very successful Round up at his home place on last Thursday. A number of people left early Thursday morning going out to the round up. They got up the cattle and then had breakfast.

J. E. Sparks visited Willie Rogers in the White River community Sunday.

The Highway community has had fine rains the past week.

FROM OUR EXCHANGES

According to reports in the Ropes Hustler there is quite a health campaign now on in Hockley County. This is the same work that is just starting in Dickens County.

The Western Enterprise (Anson) relates that the Commissioners' Court has employed a Home Demonstration Agent, who will start duties in Jones County, June 1. This will put Jones County on a par with other counties in this valuable work.

The Hamlin Herald is very proud of the young lady who represented that town in the "My Home Town" contest at WTCC convention at Lubbock, and last week published the address made by Miss Lanita Martin of that city.

The Terry County Herald relates that farmers in Terry County are just closing out the sale of their corn. That is one of the best corn raising counties in West Texas and there are many carloads shipped out to other sections from Brownfield.

The Munday Times last week told of the County Commissioners' Court of Knox County making an appropriation of \$300.00 for the immunization work on typhoid fever, diptheria and smallpox that is going on among the school children in that county. It is money well spent.

The Floyd County Hesperian carries an announcement that Floyd County Pioneers' Association held their annual convention in Floydada last Thursday.

Review gave an interesting account of the sandstorm in that county calling it a "Full Grown He Sandstorm." Who ever heard of a real West Texas community of timely origin that does not enjoy a good sandstorm once in a while?

The Lynn County News has an account of the Tahoka High School awarding diplomas to 43 graduates. That is a mighty fine record for a city of the size of Tahoka, and comes nearer to Spur's 57 diplomas granted than any other town in West Texas in our class that

we have read about.

CEMENT SHIPMENTS

Austin—Cement shipments from Texas plants during April recorded increase of 27 per cent over March, compared to a normal increase of 5.3 per cent for this period, according to the Bureau of Business Research at The University of Texas. A total of 581,000 barrels were shipped in April, a decrease of 25 per cent from the April, 1930, total, and the smallest figure this month since 1926. Approximately the same ratio was observed in production rates, while stocks on hand increased but slightly from 773,000 barrels in March to 777,000 barrels in April, compared to a usual tendency toward a small decline.

REBATE TO CONTENTANTS

Austin— Rebates amounting to about \$7,000 will be made to contentants and delegates who attended the State meet of the University of Texas Interscholastic League this year, according to Roy Bedichek, chief of the University League Bureau. The rebate fund is accumulated by charging schools

small fees for memberships. A redistribution of this fund is made each year in the form of rebates to the fifteen hundred contestants who qualify for and attend the State meet, in accordance with the terms given in the League constitution and rules. This year all transportation expenses above \$4 will be rebated, the largest rebate the League has ever made in the twenty years of its existence. It is only through this rebate provision that contestants from the distant portions of the State are able to attend the meet and thus make it a truly representative affair, Mr. Bedichek said.

WANT ADS

SOWS FOR SALE—We have 20 bred sows and gilts for sale. See Spur Grain & Coal Company.

FOR SALE—Some good fresh milk cows. Will give terms on good collateral. See J. L. Hutto, Route A, Spur, Texas.
