Mrs. C. A. Jones Passes Away

Mrs. C. A. Jones who is known and has many friends in and around Spur, passed away at the Mayo Bros. Hospital in Rochester, Minn., about midnight last Friday night. Mrs. Jones had been in ill health for a number of years, and with the thought that she might receive better attention, Mr. Jones retired from business two years ago and moved to California, giving his entire time to her care. She had been at the Mayo Hospital and Clinic the past two months where everything known to medical skill

was done to relieve her.
Funeral services were held in the
Calvary Episcopal Church in Roch ester Sunday.

Mrs. Jones accompanied her husband to Spur in 1909 at the opening of the town T.hey lived here for a number of years Mr. Jones acting as manager and promoter for the Stamford & Northwestern Townsite Company, and it was largely through his efforts and influence that Spur made the rapid, sub stantial growth that it did. Mrs. Jones, who was a very cultured lady and a wonderful character, did her part in that esteemed manner that only a lady of her ability could do. Through her strong personal magnetism she made friends of the ladies in this community that has lasted all down the years.

After they had finished the work here Mr. and Mrs. Jones moved to Freeport where Mr. Jones assumed the management of the Freeport Sulphur Works. Here, again, Mrs. Sulphur Works. Here, again, Mrs. Jones proved the wonderful personality that she was. After spending a line on what he will have for a few years in Freeport and enjoy ing the coastal climate, Mr. and Mrs. Jones moved to New York City where he assumed the manage ment for one of the departments in the Interscholastic Leament in the Interscholastic Le

Mrs. Jones leaves her husband and two sons to mourn her departure. One son, Hoyle, lives in Tulsa Oklahoma, and has large business interests there and other places. Kansas Town Again To Levy No City Taxes

CHANUTE, Kan., July 7-Chanute city commissioners announced Tuesday that, for the second successive year, there will be no city taxes.

They adopted a budget calling for expenditure of \$122,610.50, which is \$3,000 more than last year, and said the gas, water and electric plants owned and operated by the city will yield \$102,560.50 profits. Additional income from other sources than income from other sources than taxes will permit them to bal-

ance the budget, Chanute retired \$90,000 of bonds last year and has \$220,-000 cash in its treasury. Last year also the municipality purchased a \$10,000 fire truck and began construction of an underground conduit system for elec-tric power. The water system is the only municipal utility with bonded indebtedness.

On account of Mr. Wallace having to remain at home to look after the children he could be with her very little of the time. But every day he received a radio report of her condition by radio over the ocal amateur station.

Mr. Wallace has a set with call letters W5-BVQ, and the local station call letters are W5-ACZ and W5-BDM. Both stations are government authorized. Each day at a certain time Mr. Ellison would get a report on Mrs. Wallace and then transmit it by ra-dio to Mr. Wallace at Girard, giving him full details of her con
