BIG SQUARE NEWS

Mr. R. Jewell and Billy Stovall of Hereford were Bigsquare visitors Wednesday.

C. W. Mick is adding to the improvements on his farm by erecting a new double garage. Mr. Gammon and friend from Maud were prospective land buyers in the Square Friday.

Mrs. W. G. Wyer and Mrs. Hennington were shopping in Clovis Thursday. Rev. James filled his appointment at this place Sunday afternoon and leaves an appointment for the 2nd Sunday afternoon of each month at 3:30 o'clock.

Plans have been made and all patrons invited to assist in moving and placing the furniture in the new school house this Monday afternoon. School will be started in the new building Tuesday morning. Everyone is glad of this move and have been very patient for the completion of this building. School and public gatherings have been carried on under crowded conditions. The new building adds much to the improvement of Bigsquare and furnishes an auditorium of convenient size for all public gatherings which will be enjoyed by all.

LOOK! Christmas is coming soon. We will have lots of good things for your Christmas dinner. Fruits and nuts of all kinds. We have good things to eat at all times. Come in and see us. King & Parsons SELF SERVICE GROCERY Muleshoe, Texas

Imagine your Motor

Constantly immersed in Oil

That, in effect, is what happens when you fill your crank case with Conoco Germ Processed Motor Oil—none of its hundreds of moving parts are ever without lubrication.

A MOTOR OIL, to do a 100% job, must lubricate all the time. That means that it should provide a lubricating film at every stage of motor operation including starting when the engine is cold. In other words, the motor should have a perpetual oil bath.

And that's exactly what happens when you use Conoco Germ Processed Motor Oil—the very good reason that this super-lubricant because of the patented germ process by which it is produced, actually combines with the bearing surfaces to form a film which adheres indefinitely. It never leaves the bearings—and that means constant lubrication.

Think of the saving this means to the motoring public! Automotive engineers estimate that from 40% to 60% of the destructive wear and tear on a motor is caused in the operation because, with ordinary oil in the crankcase, the moving parts have no lubrication when the engine is cold—and the oil is not distributed until 5 or 10 minutes after starting. Imagine the abuse to the engine during these periods of running with absolute lubrication! No wonder Conoco Germ Processed Oil is hailed as the revolutionizing lubricant! Its "carry-over" film has solved the greatest lubrication problem of the motor—longer life and smoother operation in any motor where it is used.

And never forget that to produce Conoco Germ Processed Oils the exclusive germ principle is applied to only carefully selected paraffin base crudes, resulting in a lubricant with greater film strength, greater adhesiveness, greater tenacity, greater stamina and friction than any other oil on the American market.

Draw up to the Conoco Red Triangle and give your motor a perpetual oil bath. Ask for Conoco Germ Processed Motor Oil.

Special Packing
Umbrellas, canes, golf sticks, should be reinforced their full length by strong strips of wood tightly wrapped and tied or otherwise sufficiently wrapped to withstand transportation.
Hats: Pack in strong corrugated or fiber boxes. Ordinary pasteboard hat-boxes must be crated. Ladies' hats and stiff hats easily damaged should be marked "FRAGILE."
Shoes: Pack in strong boxes, preferably corrugated cardboard. Wrap with strong paper securely tied with heavy twine.
Cut flowers: Place in strong boxes of wood, tin, or heavy corrugated cardboard. Wrap with tissue to retain moisture.
Candies: Inclose in strong outside boxes or containers.
Drawings, paintings or unmounted maps: Pack or wrap in strong material to avoid damage. When not flat, roll around a wooden core and then wrap and tie carefully or place in strong pasteboard tube.
Sharp-pointed or sharp-edged instruments or tools must have points

and edges fully guarded to prevent injury to clerks in handling or damage to other mail. Crate suitably of thoroughly wrap so that they cannot cut through wrapping.
Fragile Objects
Articles easily broken or crushed must be crated or securely wrapped. Use liberal quantities of excelsior, or like material, in, around, and between the articles and the outside container. Glassware, fragile toys, crockery must be packed so as to prevent the escape of particles or pieces if broken in transit.
Cigars: Ordinary boxes of cigars wrapped in paper only will not be accepted. Pack in a manner to prevent damage by shock or jar. Wrap in corrugated pasteboard or similar material.
All articles easily broken or damaged must be plainly marked "FRAGILE."
Addresses
Addresses should be complete, with house number and name of street, post-office box or rural route number, and typed or plainly written in ink. A return card should be placed in the

upper left hand corner of every piece of mail. If a tag is used, the address and return card should also be written on the wrapper for use if tag is lost, and a copy of the address should be enclosed in the parcel.
Postage
Postage must be fully prepaid on all mail. Affix the required amount of postage in the upper right hand corner. Full information concerning postage rates can be obtained at the post-office or stamp window.
Limit of Weight and Size
No parcel may be more than 84 inches in length and girth combined. For delivery locally and in the first, second and third zones, 70 pounds is the maximum weight; in all other zones, 50 pounds.
Early Mailing
During the holiday time the volume of mail increases approximately 200 per cent. It is a physical impossibility to handle this great mass of mail matter efficiently and promptly within a few days. Therefore to assure delivery of their Christmas presents, cards, and letters by Christmas Day the public should SHOP AND MAIL EARLY. Do your Christmas shopping so that you can mail your gifts, greetings, and letters to relatives, friends, and loved ones at least a week or ten days before Christmas, according to the distance. This will not only make it certain that they are received on or before Christmas Day, but will be a great aid to your postal service and to postal employees and enable them to "spend Christmas Day with their families."

FOOD

Henington Cash Grocery

"Not How Cheap, But How Good."

Christmas Cards
Patrons sending a quantity of Christmas cards, say 10 or more, should prepare and mail them two or three weeks in advance, as millions are mailed and they can not possibly be handled and delivered, if mailed only two or three or four days before Christmas. To avoid this, patrons may mail their cards two or three weeks before Christmas, if delivered to the post office or postal station in person, or tied together in a bundle, labeled to show that they are Christmas cards, and deposited in a direct letter or package box. They will then be segregated, stamped with the date on which to be delivered, and delivery effected one or two days before Christmas.

Christmas cards and gifts addressed to points within one day's travel should be mailed in no event later than December 26; within two day's travel, not later than December 18; within three day's travel, not later than December 16; for more distant points, not later than December 14. Parcels and cards for local delivery should be mailed not later than December 21. PARCELS AND LETTERS MAY BE INDORSED, "PLEASE DO NOT OPEN UNTIL CHRISTMAS."

R. Co.; thence E. 54 deg. 52' E. with said right-of-way 242 ft. to the South line of said Section 40; Thence E. with the S. line 174.4 ft.; Thence S. 54 deg. 52' 170.3 ft. to the E. line of Section 39; Thence N. with said E. line 98.5 ft. to the place of beginning, and being the same land described in Book 13, page 56, Deed Rec-

ords of Bailey County, Texas, on the 7th day of January A. D. 1930, being the first Tuesday of said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M. on said day, at the Court House door of Bailey County, Texas, in the town of Muleshoe, I will offer for sale at public auction, for cash, all the right, title and interest of the said R. L. Brown, D. P. Brown, Whaley Lbr. Co., the Continental Gin Co., and Fairbanks Morse & Co. in and to said property.

WITNESS my hand, this the 25th day of November A. D. 1929.

H. A. DOUGLASS
Sheriff of Bailey County, Texas.
42-31.

Cecil H. Tate was a business visitor in Parmer County the first part of the week.

Supreme Court:
Dismissed for want of jurisdiction suit of Frank O'Rourke, former secretary of the State Prison Commission, against the Fort Worth Star-Telegram and the Austin American for libel, alleged to have been made from O'Rourke's testimony before a legislative committee. Libel suits against newspapers by officials must be brought in the district in which his duties are performed.

Crime:
Judge John W. Brady, prominent lawyer and former State official, is held without bond in connection with the fatal stabbing of Miss Letitia Highsmith, Supreme Court Commissioner of Appeals stenographer in Austin recently. The Capital was rocked by the sensation.

MERIT EGG MASH

The average hen, fed on grain alone, produces only one-half the eggs she would in winter if fed a balanced and complete ration. To keep her laying at full capacity during the next six months you must give her a feed containing the necessary ingredients to make sufficient yolks, whites and shells. You do this when you feed

Court of Criminal Appeals:
Held unconstitutional a law enacted by the 41st Legislature, which prohibited the removal of tenants and laborers from farms during the night time without consent of farm owners.
"Has this country come to the point where honest men who labor to make a living dare not call on any person to

move them or their affects except within certain hours prescribed by the Legislature? What a tremendous power it would put in the hands of logdowners and landlords in this country. . . . We are constrained to hold this law violative of both the State and Federal constitutions, and that it is so indefinitely framed as that its comprehensions and prohibitions are impossible of enforcement."
Overruled motion for rehearing of case of E. V. Allen under death sentence from Eastland County for robbery of a Carbon bank December, 1927. The motion charged misconduct of the trial jury, it being claimed that eleven jurors, for the death penalty, prayed for the 12th juror to agree, which he finally did. Allen must die.

LOWER FEEDING COSTS

W-W HAMMER TYPE FEED GRINDER

The surest way to bigger farm profits is to lower production costs. You can't control market prices but you can lower feeding costs with a W-W—and that has the same effect on your net profits. The W-W stops waste by turning stems, stalks, leaves, husks and all—into nutritious mixed feed that goes a third further.

Has powerful RIGID hammers that grind and mix everything from the ground up with lightning speed. No burrs, gears or knives to break or give trouble.

The W-W grinds and mixes everything from the ground up, with lightning speed—separately or together. Turns fodder, alfalfa, maize heads, snipped or cut corn, oats, bundle feed, etc.—into valuable mixed, balanced feed that produces more profit for you.

Each W-W has Timken Tapered Bearings, Alemite Lubrication and Rockwood Pulleys. Self-feeder can be furnished—Blower and Elevator equipment. Nine different sizes. Come in and see the W-W. Or we will demonstrate on your farm. Ask us about it.
