Spur School to Close Soon

Both the teachers and pupils are working diligently to wind up the year of work in the Spur school in proper manner. The big question mark is in the minds of many pupils and they are doing their best to make the grade.

Commencement week soon will be here. The first commencement program will be given by the pupils of East Ward School in their auditorium on the evening of May 26. The speaker of the evening has not been selected yet and this arrangement will be made soon. There will be a good program given by the students, and promotion certificates to the Junior High School will be awarded. There are about 50 in the class.

Sunday morning, May 28, the commencement sermon will be delivered at the Palace Theatre. Rev. F. G. Rodgers, pastor of the First Baptist Church, will deliver the message. A special choir will render the music.

Monday evening, May 29, the Seventh Grade class will have their exercises at the East Side auditorium. A good program is being arranged for this evening. There are about 30 in this class to receive promotions to high school work.

The Senior graduating exercises will be held in the Palace Theatre on Tuesday evening, May 30. Dr. Bradford Knapp will deliver the address to the class. Also, there will be the class exercises during this program. There will be about 70 young ladies and young men who will receive diplomas from Spur High School this year. The largest class in the history of our school.

There will be further announcement relative to the commencement programs next week.

LUBBOCK POST COMMANDER MAKES ADDRESS HERE

Chas. Whitaker, Past Post Commander of the American Legion at Lubbock was a guest of the Spur Post at the regular meeting Monday night of this week. He made an interesting talk to the boys and had a great deal to say about the possibilities of usefulness of the American Legion Post to the community. He brought out the fact that most all legion posts are made up comparatively of young men who for the most part are active in their various communities and are pledged to render service at whatever point it is most needed. They are in a preferred position as compared to luncheon clubs and other civic organizations in that they are well organized and capable of putting over most anything within reason that they care to undertake. The Lubbock Post is at this time sponsoring a Boy and Girl Scout Troop and putting it over in a big way. One of the easy things that all Legion Posts could do and are doing in most communities is to cooperate with all other civic organizations in doing the necessary and important tasks that come up almost daily in the community. He said that one job we should do and do well is our obligation of teaching the younger generation what war really means and we can easily do that by telling them the truth about things that happen in the theatre of a modern war.

Mr. Whitaker is a live wire speaker and he made us a good talk. He is always welcome to the Spur Post as well as all the other boys from Lubbock.

This guest speaker was followed by R. B. Neillon of Spur, who made us an interesting and inspirational talk on the Annual Poppy Sale conducted by the Legion Auxiliaries all over the nation. These poppy sales are conducted and the money turned over to the wounded and crippled veterans of the World War who are confined to hospitals for the most part for the rest of their lives. No more beautiful tribute could be paid these men than that every man, woman and child in America buy and wear one of these poppies which was made by their own hands.

PROGRAM OF WORKERS MEETING TO BE HELD WITH THE DICKENS BAPTIST CHURCH

The following program will begin Thursday evening, May 25 and continue through Friday:
Thursday Evening
8:15. E. T. S. Program—Espuela Baptist Church, Dickens quartet.
9:15. Sermon—Rev. H. C. Draper.
Friday Morning
10:00—Devotional—Thomas Cobb.
10:15. The Associational Field, its opportunities and demands for summer revivals, by Rev. H. T. Harris and Rev. Luther Bilberry.
11:00. Sermon: Ten Reasons Why I am a Baptist—Rev. A. P. Stokes.
12:00. Dinner at church.
1:15. Devotional.
1:30. Program by W. M. U.
2:15. Baptists of Texas and the suffering cause of Temperance at this time. Round table discussion led by Rev. F. G. Rodgers and J. V. Bilberry.
3:00. Business.
Victor F. Crabtree, Pastor.

J. L. Roberts Passes Away

Joseph Lorenzo Dow Roberts died at his home in East Spur Friday morning. He had been a sufferer of bronchial asthma for sometime and was taken with a severe spell about nine o'clock Thursday morning. Asthma and a weak heart seemed to be the cause of his demise.

Funeral services were held Saturday morning, Rev. F. G. Rodgers, pastor of the First Baptist Church officiated. Interment followed in Spur cemetery, Webber Williams in charge.

Mr. Roberts leaves his wife and five children to mourn his going.
Mr. Roberts was born July 28, 1862, in Cobb County, Georgia. November 8, 1863, he was married to Miss Cornelia King of Banks County, Georgia, and moved to Texas the same year settling in Ellis County. To this union were born six children as follows: Earl Roberts of Haskell, Mrs. Maggie Lowrance of Big Springs, Arthur Roberts of Haskell, Mrs. Josie Van and Lloyd Roberts of Spur, and Mrs. Minnie Culverts who preceded her father thirteen years ago. There are six grandchildren and two great grandchildren.

Mr. Roberts was gloriously saved and joined the First Baptist Church at Haskell October 1, 1911. He was baptized by Bro. O. W. Dean. Bro. Roberts was one of our good men, quiet and unassuming. He had lots of friends in our town.

We extend our heartfelt sympathy to his good wife and the family in this sad hour. —A Friend.

Girard School Closed Last Week

The school at Girard closed with the 7th grade exercises last Thursday evening. The baccalaureate services were held Sunday, May 7. R. H. Gibson, minister at Carlton, preached the sermon to the class. The graduating exercises were held Monday evening of last week. Dr. J. T. Wilson, President of Warner College, delivered the annual address to the class. There were nine young ladies and men who received high school diplomas.

The Seventh Grade Exercises were held Thursday evening, O. L. Kelley, Principal of the East Ward School here, delivered the address to the class. There were 13 boys and girls who were given certificates of promotion to high school.

Mr. and Mrs. C. N. Kennon were in charge of Girard school closed on their ninth year of work there. They announced that they will not be at Girard any longer but are going to Cotton Center, a very fine consolidated school in Hale county a few miles from Plainview. The work of Mr. and Mrs. Kennon at Girard has been very commendable. They have a great number of friends there and the entire student body of the school loves them for the interest they have taken in the school. They leave Girard of their own accord feeling they are going into a field to which they are more fitted. Prof. Paul Rogers, of Aiken, will be in charge of the school at Girard next term. Mr. Rogers is a very successful teacher and school executive, and with the very fine cooperation of the people of Girard give their school, there will be no doubt of his success as school superintendent.

PARENT-TEACHERS PROGRAM AT ESPEUELA

The Parent-Teachers Association of Espuela school held their last meeting of this school year last Thursday evening. The meeting was called to order by the president and some announcements made. A number of citizens of Spur had been extended invitations to be present and assist with the program.

The program began with a series of tap dances given by pupils of Mrs. Guy Karr. These were very entertaining and the people seemed to appreciate them. R. E. Dickson was asked to act as pinch hitter and recited a number of stanzas of poetry, awarding passes to the Palace Theatre to the ones who first gave the name of the poem and the author. A number of the children secured passes in this manner for they seemed to be able to give the title and authors before the older people could do so.

M. C. Golding gave a very interesting talk on patriotism which was received with great applause. Mr. Golding emphasized the lesson of "stickability" in a very great manner. H. O. Everts gave a series of jokes from which everybody enjoyed a good laugh. W. D. Starcher made a short talk on the benefits of a Parent-Teachers Association.

The best part of the program came last. The ladies Espuela served everybody present with the best cake and fruit punch any one ever enjoyed. It was worth being there just to enjoy the refreshments.
Espuela has enjoyed a very fine school the past several years in the direction of Mr. and Mrs. S. L. Benefield who served the community as teachers. The people of this community seem to be interested in their school and take much pride in it.

BACK STREET, by that eminent writer, Fannie Hurst, on the screen at the PALACE, next Sunday and Monday. Don't Miss Seeing this picture, foremost of the year!

Stop! Think! Listen!

Be careful how you think. Be careful how you vote. We are actors on the stage of life. Are we playing our parts well? Would our acting stand the test of the Great Stage Director of the Universe?

Soon we are going to be called on to give our approval or disapproval to the legalizing of beer first and whiskey next. The devil made Eve believe that if she would eat of the forbidden fruit she would have all knowledge and Adam was easy prey for the devil when he had Eve in the lead.

If you believe what you read in the papers you would think beer was going to reform all the bootleggers and gangsters in the country, and you will notice they have "Bar Mails". Somebody's girls are serving beer and they say when we get whiskey, why not have girls to sell that. Be careful good people, do you want to furnish a girl for a Barmaid or a boy for a saloon keeper.

You hear it said that there is more drinking now than when we had saloons but any man who lived in saloon days knows that is not true, and my opinion is that we do not have one drunk man to ten we had in saloon days.

The anti crowd talks lots about bootleggers and we have them and home brew and we have that too I'm sure. My opinion is if you legalize beer, you will make more bootleggers than we have now, because the fellow who gets a few bottles of beer and begins to feel prosperous will think he could be rich if he had a few drinks of whiskey, so he will seek his friend the bootlegger. And after he has drunk his fill and is in the gutter he will lay it on the beer he drank, and the fact that his stomach was out of order. Now if we should be so foolish as to vote back the open saloons or whiskey to be sold in any way, would we lessen the bootleggers. I think not but would increase them for you say place a high tax on whiskey, and when that is done the bootlegger can prosper selling cheaper and lay his drunks on the saloon, and too most saloon keepers were law breakers. We had laws against selling minors, but the boys got drunk, and don't you know the saloon man made whiskey in saloon days, and don't you know many of them would make it again to beat the revenue.

Who wants beer and whiskey. Well the brewers who made millions and want to make billions at the cost of human suffering and want, and they are the guys that furnish the newspaper propaganda and most of the big newspapers are for whiskey and beer for the reason they are promised thousands and even millions in advertising. Then there comes the fellow who just likes his beer and whiskey and don't want his personal liberties taken away.

Some think beer will make money plentiful and it will for the brewers. But it will take bread from children's mouths to satisfy some dand thrust for alcohol. People are spending all they have to spend now and if they bought beer it would simply take business from legitimate commodities.

The most prosperous days we have ever seen have been under prohibition. And countries who have had beer and whiskey flowing from open saloons, have suffered worse from the depression than have we, so whiskey and beer do not make prosperity and if whiskey would make us prosperous in a day who would want prosperity at such a price. Who wants to see a saloon in Spur, in McAdoo, in Afton. Automobiles and saloons went work and we should be careful how we vote.

The young men who have grown up since saloon days don't know the evils of legalized whiskey, but we who know should not forget when it comes to vote, for whiskey is the enemy of the high ideals of a Christian civilization. I'm feeling more hopeful of the future now. I believe Congress and our President in changing our money standard have touched the key note and that better days are really coming. When there will be jobs for all and a better distribution of wealth. We are waking to the fact that we are our brother's keeper, and that happiness cannot be bought with money while others are in need. The "New Deal" means to me not more wealth but better distribution of the things need for the bodily comfort of all. Its a good old world. We perhaps needed shaking up a little, so we might not trust in wealth or seek happiness in fields of sinful pleasure, but that we might realize anew that God rules the destiny of men and nations, and that money values may vanish in an hour we least expect.

Come in to see me. You may not agree with all my ideas but we can be friends. There are some who would want to legalize the prize fight, the gambling halls, the houses of ill fame, repeal Sunday laws, etc. All of these laws are broken, in fact, all laws are broken, but can we afford to let the bars down to any of these evils. Stop! Think! Listen!

The ten commandments are broken and yet we know they are perfect laws. Sure its going to rain and the harvest be plentiful.

Your friend,
GEO. S. LINK.

Mr. and Mrs. J. L. Koonsman, of Croton community, are the proud parents of a fine boy born Tuesday morning. The little fellow will be known as John Lamar Koonsman, and while he adds responsibility to his parents, he will add much pleasure also.

Dickens Schools End Session This Week

The members of the graduating class of the Dickens High School held their baccalaureate services Sunday evening. There was a very appropriate program consisting of music and special selections.

There are 14 young ladies and men in the graduating class at Dickens this year, seven girls and seven boys. Rev. Victor Crabtree gave the invocation. Rev. Joe E. Boyd, of Spur, delivered the sermon. He used as his subject, "Life Means Opportunity."

The commencement exercises will be held Friday evening. Judge Mulhean, of Lubbock, will deliver the annual address to the class. Oran Payne won highest honors and will give the valedictory address. Marion Burnett won second honors and will be the salutatorian.

The Seventh Grade exercises will be held tonight at the High School auditorium.

Supt. G. S. Dowell, who is closing his third year of work in the Dickens school, has been elected for another term. All of the faculty has been elected. Miss Pauline Oliver, of Spur, and Miss Jewel Giesecke, teacher at Midway, are two new teachers on the faculty of Dickens school for next year.

Show Sponsored by East Ward School

The pupils of the East Ward School are working diligently this week selling tickets to a very fine picture which will be shown at the Palace Theatre tonight and Friday night. The East Ward School shares in the proceeds of these two nights. The name of the picture is "Air Hostess" and features Evelyn Knapp, James Murray and Thelma Todd.

The pupils at East Ward will appreciate the people giving them a good patronage at this time. Go to the Palace and enjoy a good evening. There will be readings, tap dancing, and other entertainment in addition to the picture.

School Board Did Not Elect Faculty

The School Board for Spur Schools met Tuesday evening for the purpose of electing teachers for another year. However, the uncertain conditions in regard to finances, and the lack of the State Legislature in making appropriations for the per capita fund, caused the local board not to act.

There is much to be considered in the election of teachers this year. Spur schools have never faced just such a situation before. We have an excellent faculty which the board would like to keep for another term, but no one knows how many teachers can be supported in the schools nor how much salary can be paid to any. For this reason the board felt best to wait a few days.

A. L. Jackson Buys Grocery Business

Alfred L. Jackson, formerly of Midway, has purchased the Helpy Self Grocery from Mr. Foster and Mr. Osborn and is now in charge of the business. Mr. Jackson stated that he has had no experience in the grocery business, but he will manage to get the groceries to the people if they will give him a chance.

Mr. and Mrs. Foster and Mr. Osborn have purchased a nice little farm near Midway and will take charge of it about the first of the year. Mr. Foster stated that he likes the people of Dickens County and thinks he will enjoy running a farm. He is planning a stock farming program. Mr. Osborn will join him in the business and assist with the work.

Mr. Jackson will conduct the grocery business in the same building it was originally located in, two doors north of the Times office. He solicits people's patronage and says he is going to offer a square deal to all.

Nichols Sanitarium

E. M. Burset, of Dickens, continues to improve slowly after an operation. He was a very sick man and it will require time for him.

Mrs. Cora Lee Mings, of Peacock, has improved until she will be able to return home about Saturday.

Miss Margie Norton, of Floydada, who underwent an operation about ten days ago, is improving rapidly and will be able to return home Friday.

Mrs. Wayne McMeans and son, of Swenson, will be able to return home about Sunday.

NOTICE

Percy Jones will hold services in Spur on Sunday morning May the 21st at eleven o'clock in the Directors' Room of the Spur National Bank. The public cordially invited to attend.

BACK STREET, by that eminent writer, Fannie Hurst, on the screen at the PALACE, next Sunday and Monday. Don't Miss Seeing this picture, foremost of the year!

County Home Demonstration Club News

CLARA PRATT
County Home Demonstration Agent

Club Women Attend Canyon Short Course

About thirty west Texas counties in Districts 1 and 2 were represented in the one-day short course by the West Texas State Teachers' College, Canyon, in cooperation with Texas Extension Service by about three hundred home demonstration club women and home agents last Thursday. Dickens County had four club women there: Mrs. J. W. Carlisle, Mrs. Cecil Fox, Mrs. Paul Braddock, and Mrs. Lee Glenn, and the home agent.

An interesting program including talks, discussions, and stunts was given. The afternoon's program centered around an exhibit and discussion of hooked rugs and mats. Miss Bess Edwards, Associate State Home Demonstration Agent, gave a report of the work of club women last year in her talk on "What You Are Doing". The new West Texas Historical Museum was open all afternoon for the visitors and time given on the program to see it.

Foundation Patterns Growing in Popularity

Making foundation patterns or individually fitted patterns is growing in popularity among the home demonstration club members. The work started in earnest when Mrs. Dora Barnes, Extension Specialist in Clothing, came for a two-day foundation pattern school for the wardrobe demonstrators in April. Each wardrobe demonstrator is giving the work in her club with great success. Most of the clubs are having all-day meetings for the demonstration. Each woman is expected to bring a plain waist and sleeve pattern that fits her as nearly as she has, scissors, pins, tape measure, needle, thread, and four yards of unbleached muslin are the things needed to make patterns.

"This is the first pattern I ever had to fit me," says Mrs. Tom Oaks of Dry Lake, "it is much cheaper to have a pattern that fits made of the muslin than to buy patterns for every dress."

"The blouse I made by my foundation pattern fits perfectly," says Mrs. J. W. Carlisle, Steel Hill. "I would not take anything for my pattern," is the value Mrs. L. B. McMeans, Twin Wells demonstrator. "I have made a nice fitting six-gore skirt by my foundation pattern," reports Mrs. Clark Forbis, wardrobe demonstrator for Chandler. "We are working for our club to be 100% in exhibiting dresses and foundation patterns in the clothing contest."

BAPTIST CHURCH

On last Sunday there were 222 in Sunday school. The number should be much greater. Are you one of the absentees? There is a place for you in each of the services and no one else can fill that place. There is work to do. "The field is white with harvest and the laborers are few." We must be about our Father's business.

Let us make the heart of our superintendent happy by having an increase in our Sunday school.

There are seven unions in the B. T. S. and the time of meeting is seven p. m. each Sunday with Miss Clara Pratt as director. Recently there were 32 seals and diplomas awarded members of these unions for special work taken within the last three months.

May 21 is the beginning of the seventh year's pastorate of Rev. Rodgers. Let us make the anniversary a great one by being present and pledging the pastor our cooperation.

On the first Sunday in August we are to begin a meeting with Dr. Joseph Pierce, pastor of Park Street Baptist Church, Greenville, in the pulpit. May there be much prayer that the meeting will count much for God. Recently the pastor assisted Dr. Pierce in a meeting at Greenville. Seventy four souls were saved and a great number were added to the church.

Our services Sunday were fine. Two were baptized into the church Sunday evening after services. —Reporter.

BONDS TO BE RE-FINANCED

Supt Sam Z. Hall and A. C. Hull, secretary of the School Board returned the last of the week from Austin where they had been to see about getting all bonds of Spur school re-financed. The State Board agreed to re-financing the bonds on one condition. There will have to be an election held in the district and get all bonds voted on one series. This will not involve any new obligations, nor will it raise our taxes one dime. It will extend the bonds over a longer period which will enable us to have more funds with which to take care of other matters. Again, the Spur Schools have about \$18,000 tied up in the bank closure which was to have been applied on interest and sinking fund of the bonds. By having the bonds re-financed it will enable us to get over that situation for the present.

An election will be called later to determine about re-financing the bonds.

McAdoo School Closes Tonight

The McAdoo school will close with the graduating exercises at the high school auditorium tonight. The commencement sermon was delivered Sunday. Supt. A. D. Cummings, of Floydada, will deliver the annual address to the class of eleven graduates tonight.

Miss Beulah Mae Phifer is Valedictorian of the class this year, having attained the highest honors in work during the year. Marshall McDonald gained second highest honors and is the salutatorian.

There has been arranged a very fine program for this evening exercises. Supt. W. O. Cherry will present the diplomas to the graduates.

P. T. A. Holds Final Meeting Of Year

The local Parent-Teachers Association held their last meeting of the year at the East Side school Tuesday evening. It had been planned to install new officers at this meeting, but so many things came up that it was decided to have the installation at the first meeting in September. The officers for the ensuing year are: Mrs. L. R. Barrett, President.

Mrs. Tom Teague, 1st Vice President.

Mrs. L. E. Lee, 2nd Vice President.

Mrs. E. S. Lee, 3rd Vice President.

Mrs. M. Foster, Secretary.

Mrs. Lester Erickson, Treasurer.

There was a very interesting announcement made at the meeting. The piano at the East Side school has been paid out this year. This was a rather large obligation for the association to assume, but the piano was needed very much and the purchase made. The last payment has been met. This is one of the most used pianos in our schools. It is used not only by the school, but most of the community programs are held at that auditorium and the piano is used for playing at all these community meetings.

A few of the good ladies of the town held bakery sales and devised other means of raising finances in order to pay for this piano. They are to be commended for their efforts and interest.

The next meeting of the P. T. A. will be held next September just after our schools open. It is hoped by the officers that more people will join the organization and help along with the work.

Quilt Show at McAdoo

The Woman's Missionary Society of McAdoo sponsored a quilt show Saturday, May 6th. There were over seventy quilts entered and all were very beautiful. They were in three classes, antique, special and appliqued. The prize winners were:

Antique: 1st, Mrs. J. M. Brownlow, Daugherty. It was over 88 years old and was pieced by Mrs. Malinda Wood. This was the tulip pattern. 2nd, Mrs. Ward Harris, McAdoo. 3rd, Mrs. Ward Harrison, McAdoo.

Pieced: 1st, Mrs. Will Harvey, Jig Saw pattern with 4464 pieces. 2nd, Mrs. J. T. Phifer. This was a beautiful star pattern in blue and white. 3rd, Mrs. J. R. Miller, double wedding ring.

Appliqued: 1st, Mrs. J. M. Brownlow, Daugherty. This was a large red flower design. 2nd, Mrs. Clyde Garner Meador, The Dresden plate. 3rd, Mrs. Geo. Harris, Oak leaf design.

At the close Marvin McCuan won the free quilt which was given. The proceeds which were over \$20 will be used as the ladies desire. —Reporter.

CHEVROLET SELLS NEW CARS

Last week seemed to be a record breaker for the Spur Motor Company in regard to business. They were successful in placing a new sedan with Judge H. A. C. Brummet of Lubbock, a new coach with J. P. Moss of McAdoo, and a new truck with C. W. Post of Haskell. In addition to this they sold seven used cars to different persons. This is not a bad record for any firm in any town.

IN MEMORY OF LUTHER MILLER

He is gone beyond our vision;
Here we'll see his face no more.
He has gone where none returneth
Gone to dwell on Heavens shore.
Never more we'll hear his footsteps
Never greet him at a door.

In his early youth God called him
And we pause to question why?
Why was he so young and happy
Called away so soon to die?
Still in fancy we can see him
Still we feel his presence nigh.
Young and handsome and beloved

Yet he's gone from us away
How we'll miss him—How we'll miss him!

Oh! how fleeting was his stay
But in your bright climb we'll greet him
In that bright eternal day.
A friend, LEONA SPARKS.
Mrs. Charlie Fox and brother, Pete Carney, left Wednesday for Wheeling, W. Va., where they will spend some time visiting their parents.

It pays to back a winner

Sterling qualities win races and that applies to coffee as well as horses. One hundred thousand Texans switched to Admiral Coffee last year.

DUNCAN COFFEE COMPANY

When speaking of cooking Mrs. Franks stated that she never used a cook stove in her life. In her younger days the old Dutch oven, iron pots and trammel hooks constituted the cookin' equipment. She stated the first cook stove she saw was much of a mystery to her and she did not know where to put the fire. She stated that cooking with an open fire she knew what she was doing all the time and did not care to waste time with a stove.

In speaking of her family Mrs. Franks stated that her father lived to be 89 and her mother was 75. She exhibited a daguerreotype of her husband which was made before the Civil War. Also, she has a number of daguerreotypes of her parents and near relatives, some of which antedate the old tintypes.

Mrs. Franks lives with her daughter, Mrs. E. C. Bailey. She stated that she is the only one left of a large family, and her daughter is her only child. A son of Mrs. Bailey, Riley Bailey, stays with them and takes care of the farm.

Mrs. Franks walks about the place, reads some, and usually finds something to keep her busy all the time.

MENUS

Denton—Everybody knows that small children need milk but as the two-year olds grow into ten-year olds and then twenty year olds there is frequently a tendency to depend more and more upon foods that possess very distinctive flavors and to neglect milk, one of the best foods available to man. Milk, more than any other food can make up for inadequacies in the diet.

It furnishes protein of excellent quality for building up and repairing body tissue, both brain and muscle; it furnishes calcium to build bones and teeth. For children, who need so much bone building material, it is the only satisfactory source of this very necessary mineral. Furthermore milk provides phosphorus for bones and blood and nerves and also adds iron and vitamins to the diet.

It is not necessary to serve milk just as a beverage. It may be used in a variety of ways. For example, to increase the quantity of milk that you are giving your family try serving more frequently cream soups, creamed vegetables and meats, ice creams, cottage cheese, custards, and puddings or cereals cooked in milk. Have you tried a glass of orange milk foam?

Breakfast: Stewed peaches, bran with top milk, friend apple rings, bacon, toast, coffee and milk.

Lunch: Ham au gratin, string beans, lettuce and young radish salad, corn meal rolls, butter, dewberries with cream, cocoa,

Dinner: Broiled steak, mashed potatoes, gravy, asparagus and Hollandaise dressing, tomato and cucumber salad, baking powder biscuit, pecan pie a la mode, coffee.

CORN MEAL ROLLS: 1 1-2 c flour, 3 t baking powder, 2 T shortening, 1-2 c milk, 1-4 c corn meal, 1 t salt, 1 egg, 2-3 c chopped raisins. Sift together flour, salt, baking powder

and corn meal. Cut in shortening and add raisins. Beat egg, add to milk and mix with dry ingredients until soft dough is formed. Roll to 1-2 inch thickness. Cut into biscuit and bake or shape as parker house rolls.

HAM AU GRATIN: 1 1-2 c milk, 1-2 slice onion, 1 stalk celery, 2 T flour, 1 1-2 c chopped cooked potato, 1 c chopped cooked ham, 2 T butter,

1 egg, 1 t salt, 1-4 t paprika. Put butter and flour in double boiler. When well blended, slowly add milk. Add minced onion and sliced celery. Cook until creamy, add egg well beaten, seasoning and ham. Pour into well-buttered baking dish, add cooked potato and bake 25 minutes in moderate oven.

Mrs. Franks Awarded Mothers Day Candy

Mrs. Amanda Franks, of Red Mud community, was the oldest mother in Dickens County reported to the Times office last week. Mrs. Franks received a nice box of Mothers Day candy for giving the Times her kind consideration. There were several other

dear mothers who have experienced life many years that were on the list. Among these were Mrs. M. V. Bradford, of Soldier Mound community who was 85 years of age March 7. She was born in 1848. Mrs. S. P. Dozier, city, who was born January 9, 1851. Mrs. T. H. Gilmore, city, who was born February 24, 1852; and Mrs. Meadows, city, who was born February 24, 1852. There were others, all younger than these.

Mrs. Franks is a native of Georgia, having been born in Tolbert County, that state, December 21, 1842. She was a daughter of Mr. and Mrs. W. K. Westbrook. The family moved to Macon County, Ga., in 1850, and then moved to the state of Alabama in 1859. She married Charlie Franks in 1861. In 1862 her husband was killed in the Confederate army. He was at home on a furlough when their only child was born and went back to the army two days after her birth. Mrs. Franks said she never saw him again.

In speaking of the customs of those days Mrs. Franks said she delighted in carding, spinning and weaving cloth. She said there was some factory cloth to be had but few people were able to afford such luxuries. Everybody had a flock of sheep and manufactured practically everything. She said she saw her first sewing machine after the war and related what a curiosity it was to the people of the community.

WHY GAMBLE

WITH YOUR LIFE

Fifteen Days ago the Spur Mutual offered A New Deal. The response was far beyond expectations, \$200,000.00 in business was added to Spur Mutual. This expression of faith and confidence in the insurance of this great organization is sincerely appreciated. The prompt payment of death claims, a service that Spur Mutual has rendered for 12 years is the foundation stone upon which the membership has constantly been added. And the membership has kept this faith by paying the assessments promptly.

The New Deal offers you Insurance that is sound and paid immediately upon notification and proof of death. The reasonable rate is within the limits of the purse of the poorest.

You have read and heard a great deal about various new deals. The Spur Mutual management believing that this country was entering a period of prosperity and economic betterment offers A New Deal in Insurance. The storms, financial crises and money panics of the past four years have been passed with the Spur Mutual meeting every crisis, paying ALL of its claims PROMPTLY and constantly ADDING NEW BUSINESS. Today this organization is at the brightest point in its history of "SERVICE WHEN SERVICE IS NEEDED".

The opportunity to provide for the future welfare and comfort of your loved ones is knocking at your door. The New Deal offer closes at 5:00 o'clock p. m. May 31, 1933. See one of our agents, call or write to the Home Office at Spur NOW. A NEW DEAL OF A FULL HOUSE WILL PROVE A WINNER FOR YOU.

ENDORSEMENT

Spur, Texas, April 25, 1933

TO WHOM IT MAY CONCERN:

It is always a pleasure to speak a good word for the Spur Mutual Life Insurance Association of Spur, Texas, under the able management of Mr. Fred C. Haile. It has been thoroughly tried and tested during the past few months and has not been found wanting. The prompt and efficient manner in which these claims were paid is a source of a great deal of satisfaction to me, as a policy holder.

The importance of a reasonable amount of insurance is unquestioned.

This is a home institution and is filling a long felt need in a prompt and efficient manner and deserves the support of those seeking good insurance at a reasonable rate.

Yours very truly,
W. B. LEE

KENTUCKY BURLEY TOBACCO

"Direct From Grower to You"

Old Kentucky Burley Tobacco is the cream of the finest crops Kentucky's bountiful soil can produce - ripe, rich leaves - smooth and mellow - with that rare old-fashioned flavor and fragrance that only proper "aging" can produce. We bank on it you have never tasted or smoked a finer flavored, more satisfying tobacco in your life.

SPECIAL OFFER FIVE POUNDS SMOKING TOBACCO

\$1

Rich, Ripe, Old Fashioned Leaf

Our Old Kentucky Burley is no more like manufactured tobacco than day is like night - guaranteed free from chemicals and all other adulterations that conceal imperfections, delude the sense of taste and undermine the health.

We use the same method our grandfathers used in preparing tobacco for their own use - every trace of harshness leaves it - nothing to "bite" your tongue or parch your taste. Thousands of tobacco lovers the world over swear by its inimitable smoking and chewing qualities.

Reduce Your Tobacco Bill 1/2

We sell direct from the grower this eliminates the eighteen cents a pound Revenue Tax - all manufacturers' and middlemen's profit thereby effecting a saving to you of 50% or more. No fancy packages, no decorations, just quality and lots of it.

Money Saving Price

SMOKING OR CHEWING
5 lbs for \$1.00

Send us One Dollar Cash, P. O. or Express Money Order (no personal checks) and we will promptly ship you a five pound package of "Burley Tobacco."

Five pounds of Old Kentucky Burley will make 40 large packages of smoking or 50 twists of chewing.

35c Send 35c in silver and we will ship Post Paid - one pound of Burley Tobacco as a trial offer. A trial will convince you.

We have thousands of requests daily for "samples" - our margin of profit is so small we cannot comply with these requests.

We do not ship C. O. D. orders to do so would require a large staff of clerks. Orders must be in English language.

Independent Tobacco Growers Association

McClure Bldg. Frankfort, Ky.

D. A. Wilson, poppy chairman of the local unit of the Auxiliary, said today as she was completing the enrollment of her Poppy Day forces. She estimated that the Auxiliary would have a large number of workers to help it distribute the memorial flowers to the people of the city.

Women from other organizations as well as from the American Legion Auxiliary are volunteering for the poppy work. Many volunteers are coming from the girls' and young women's groups of the city.

"The response to the Poppy Day call reminds me of the World War days," said Mrs. Wilson. "Now as then the women of the city are eager to serve in patriotic work. They appear to realize that in the sale of the American Legion Auxiliary poppies they will be helping to rekindle for peace-time service the spirit of patriotism which made the great war achievements of our country possible. They know, too, that they will be accomplishing much for the welfare of the needy veterans' families of our city."

"The Auxiliary is very grateful to all those who have volunteered to help us in our poppy effort. We know that hard work and personal sacrifice will be required of them. We hope that the public will recognize their unselfish service and when they appear on the streets on Poppy Day, will respond to them in the same spirit that their service is given."

Feature Singers To Be At Convention

Oliver Woodward, a Kiowa Indian baritone from Oklahoma, will be one of the feature singers at the Plains-Panhandle Singing convention to be held at Lubbock June 17 and 18. E. D. Caskey, of Amarillo, secretary of the association, has announced. Five thousand singers are expected.

The spacious Fundamentalist Tabernacle at Texas Avenue and Sixteenth Street, just four blocks south of the Court House, has been secured for the convention.

"Officers of the association are endeavoring to make this the greatest musical event ever held in Texas," Caskey has announced. "Singers are invited from every Plains county."

"The convention will be run by those people who attend. Every publishing house will be invited and all will be given a place on the program. No favorites in designation of song books and other details will be permitted in this convention. Everyone will be given a square deal."

Odis L. Echols, Lubbock, president of the association, Chas. Smith, Hale County, secretary, the Lubbock quartet composed of Clyde Burleson, Odis L. Echols, M. M. Meek and Woodrow Wilson, and other Lubbock singers including S. B. Summers, H. M. McEachern, are assisting in making local arrangements for the convention, the third Sunday of June.

Other prominent singers who will be here include: W. W. Combs, Dallas, and his quartet; Virgil O. Stamps and Freddie Martin, Abilene; The Vaughan Quartet, Lawrenceburg, Tenn.; Huff Sisters, Lovington, N. M.; Hartford Music Company quartet of Little Rock, Ark.; Amarillo quartet, Niederken quartet, Hamlin.

RED TOP CLUB

The Red Top Home Demonstration Club met Wednesday, May 10th at the Red Top school house for another all day meetings, made one more foundation pattern, had an interesting lesson on choosing our color, and a demonstration on how to use the foundation pattern. Six members and one visitor were present. The roll call was answered by telling some of the natural resources of Texas, and it is surprising how many there are when made note of. We adjourned to meet the 4th Wednesday in May. New members and visitors are welcome. -Reporter.

Cars Being Built at World's Fair

Millions of people will have their first opportunity to see an automobile being built, when they visit this mammoth room where the Chevrolet Motor Company will assemble "Master Six" coaches and coupes in the special General Motors Building at "A Century of Progress" exposition. On the left, Fisher bodies are being fabricated on a "J" shaped line and on the right, Chevrolets are being assembled from the bare frame to the completed car, ready to be driven out of the building under their own power. Note, in the center of the photograph, the body being swung from the end of the Fisher line over to its place on a Chevrolet chassis. Visitors may purchase cars built here and drive them home.

DID YOU REMEMBER MOTHER?

Last Sunday was Mothers Day and was so observed throughout the nation. Did you remember your Mother? you should have not forgotten the most important personage of your life. It would not have been necessary for you to have purchased an expensive present for her, while that would have been very thoughtful. The greatest pleasure to your Mother is to know you appreciate her and are thoughtful of her. Do you ever sit down with her and talk over old times, or write her a letter and mention some of the happy occasions in your life for which she was responsible? Those whose mothers have passed away could do nothing more than wear a white rose of purity and carry the sad, sweet thought of love and affection they once enjoyed, but will never share again.

The following is a part of a letter written by a boy to his mother this year. The Mother stated that it was the greatest tribute she had ever received from her son, and yet he was

not only a little time, paper and a three cent stamp.

"He (the son) has been thinking today of many little things that have passed—just things that may not mean so much, but that he will always remember. He remembers one time in Lubbock when you bought him some woolly mittens for Christmas, and how much he appreciated them. Then he can remember the way you cook steak and cream potatoes. Do you remember the 'Corn Starch Puddin's' we used to have while we lived on the river near Del Rio? And the night you and Gaston stayed all night with me and we watched the mules? Gee, there are a thousand and one things a person can think of."

"I am glad that have the kind of a Mother that I do have. You know since I have been in Dallas and have seen so much of the other fellow's troubles I think that most of it can be traced back to their home life. I have seen Mothers who had for sons murderers, thieves and dope heads. And in every case, while the Mothers of the men loved them, they just did

not understand or know. They were short on courage, character, education, faith and energy. But my Mother had all these things. I am luckier than most men.

"My mother and my Father, too, are the kind of people who had faith, courage and hope—more than that, they had love. They gave to their sons their all—they lived in their sons. And when I look back over the years they sparkle and glisten in memory, with love as bright as the noonday sun. We have had some wonderful times together.

"And tomorrow, Mothers Day, I will be wishing you all the love a son can have for his Mother, and tomorrow, and tomorrow, forever and forever."

The above letter contains some thoughts that all of us could cherish—some thoughts that should demand our meditation. The boys and girls of our land are the handiwork of the parents. The Mothers do their best for their children, and for this reason we should remember our Mothers.

The next meeting is to be with Mrs. J. W. Carlisle, May 23rd. All members are urged to be present. Visitors welcome.—Reporter.

DUCK CREEK

The Sunday school is progressing nicely. Due to the bad weather our Mothers Day program was not put on as we wish it could have been. There were some new members Sunday. Mr. and Mrs. Woods and family have joined our Sunday school.

Miss Willie Mae Durham left this week for Denton, where she will go to school this summer.

Mrs. Otis Driggers went to Lamesa Texas Saturday to be with her mother Mrs. Ayers on Mothers Day and a few days visit.

Mrs. D. G. Simmons left Tuesday for Dumas to spend a few days with her mother and others.

The party given at the home of D. D. Hagins Friday night was enjoyed by a big crowd.

Mary Jane Simmons visited in Crosbyton with friends Sunday.

MISSIONARY SOCIETY MEETING

The Missionary ladies of the Methodist Church met with Mrs. Sam Z. Hall Monday. Mrs. J. C. Keene, Mrs. Koon and Mrs. Hall were hostesses. There were 23 present at the meeting. The members present were Mrs. Horton became a member of the society. The members present were Mrs. Horton became a member of the society. They had not been able to attend in sometime. Ice cream and cake made up the refreshment plate.—Reporter.

BACK STREET, by that eminent writer, Fannie Hurst, on the screen at the PALACE, next Sunday and Monday. Don't Miss Seeing this picture, foremost of the year!

GILPIN CLUB NEWS

The Home Demonstration Club met May 7 with Mrs. Jessie Hagin. There were eleven members present. Miss Pratt met with us. The day was spent making and fitting foundation patterns.

"I have no trouble in making my dresses to fit since I have my foundation pattern", said Mrs. Jessie Hagin.

We will meet again with Mrs. Hagin May 21. We wish to have each lady in the community there.—Reporter.

B. J. McMillan, State Food and drug inspector, was in our city Tuesday looking after official duties. Mr. McMillan stated that people are taking more interest in health now than ever before in history.

LAST
MINUTE
NEWS ON
Jacket
Ensembles

THE jacket ensemble is one of the favorite styles of the year. No doubt this popularity is due to its becoming qualities, its easy-to-wear virtues, its dash and verve. And part of it might be due to its colorful mixtures and its knowing use of materials. Cottons, linens, sheer woollens are selected, while woollens and cottons are also used together. Which is something new in styling. Usually we keep out woollens and our cottons to themselves. The jackets of these ensembles

are worn any length, varying from three-quarter to very short versions. A one-piece frock which features a number of bows uses a lightweight woolen for the dress and coat and adds red dotted linen to the lapels, the bows and the cuffs. (McCall 7302). The other ensemble features a shorter jacket which contrasts with the vivid striped top of the one-piece frock it ensembles with. (McCall 7309). (By courtesy of The McCall Company).

Don't Get Up Nights Make This 25c Test

Physic the bladder easily. Drive out impurities and excessive acids which cause irritation that results in leg pains, backache, burning and getting up nights. BU-KETS, the bladder physic, containing buchu, juniper oil, etc. works on the bladder pleasantly and effectively, similar to castor oil on the bowels. Get a 25c box (5 grain size) from your druggist. After four days, if not relieved of getting up nights go back and get your money. You are bound to feel better after this cleansing and you get your regular sleep. Sold by Gruben Bros.

Arrested!

Pyorrhea is being cured by the use of PI-RO-GRAM. We guarantee it. Ask Bob Fox for the merits of it. Ask your druggist. 4-6-8tp

STEEL HILL H. D. C.

In making princess slips from foundation patterns, first get your panels from front and back of foundation pattern, taking out fullness over chest with your dart, chest panels should correspond with panel in waist, said Miss Pratt in demonstrating to the members of the Steel Hill Home Demonstration Club in a meeting in the home of Mrs. Joe Hamilton May the 9th. Six members were present.

THE ROWEL

CLASS HISTORY OF '33

In the early part of September of the year 1922 when the school term began, eleven members of the present class started in the first grade for the long journey ahead of them. Some of these pupils who were too small to enter the first grade, were placed in the kindergarten. These eleven pupils who thought they knew it all even without going to school, were: Vivian Applegate, Clint Barrett, Arthur Lee Dunn, Alfred Payne, Estelle Oliver, Martha Nichols, Malissa McKay, Jack Jones, Nina Mae Johnson, Betsy Wilson and Leonard Joplin.

After one joyous school year and many threatenings with the red, our little school friends embarked upon their second year. Only one pupil joined the class during that year. Her name was Pearl Wade. After wading through a long year's hard work, these industrious students were promoted to the third grade. Here was added a brilliant student, Mary Belle Ensey, who came from Mineral Wells was the outstanding co-worker. Also during this year Reuben Draper and Lloyd Morris joined the crew. After hard sailing and a rough sea, the group of diligent workers landed safely in the fourth grade where Ray Dickson, Eloise McCrary, Julie Mae Albin, Beatrice Spivey, Bender Gray, Winnie McKeever and Wanda Watson, all who had done excellent work in the second grade were promoted to the fourth and had enlisted to sail with the true hearted bunch of sailors. Sailing was fair during all that year.

In the earlier part of the fifth year four more sailors joined our happy crew. These were John Gray, Opal Stubblefield, Nadine Westerman and Mary Wooten. About this time the boat lurched and Lloyd Morris and Johnnie Powell were lost.

It was during the sixth year that the ship's company decided to give themselves a name. The name provided to be the "Three B", meaning the biggest, brightest and best. We were joined this year by Mildred Collier, Mattie Ellen Foster, Eldon Rawlings, John Hiner Wilson, Ruth Stinnett and Rowena Saxon. Sailing was rough and the boat rocked a few times and we lost Eloise McCrary. We sailed clear and steered into the seventh and eighth grades of our school life. In these two years, thirteen more sailors enlisted in our jolly band. These were J. P. Carson, Evelyn Draper, Dial Hindman, Tommy McArthur, Clarence Foreman, Luther Garner, Lucille Harris, Pauline Foreman, Herman Messer, Jack Moore, and John Moore and Annie Bateman.

Loise McCrary again joined us, so crew was steadily increasing. We started out on our freshman route with Alfred Payne as the captain and Miss Ira Lassetter as the pilot of the "3B". It was during this year that almost the whole crew played hooky on April Fool's day, and for punishment we had to memorize several long poems.

Then came the great day! In September, 1930, after having received our passports, we embarked upon our high school career, quaking with fear at what was before us. Here a great change took place. A new captain, J. P. Carson, and a new pilot, Mr. Sisto took charge with the added sailors: Catherine Shields, Dorothy Kerley and Spurgeon Hutto. Mr. Neilson was now directing the voyage. We had clear sailing through the Sophomore Bay, but a few large waves of Spanish threatened to overwhelm us.

We then embarked upon the troubled waters of Juniorism. There were nine more members who had joined the ranks. They were Clayburn Harrel, Lloyd Morris, Glen McClain, John Howard Latham, Eloise Lane, Dillard Williams, Jessie Warren, Lavon Thornton, Novella Campbell, Johnnie Powell again joined our company to face the rough sea. We were very sorry to lose Catherine Shields and Rowena Saxon during this year. We again changed our captain and pilot. The captain was a fellow with the biggest mouth and feet upon deck. His name was Ray Dickson, otherwise "Hen". The pilot proved to be Mrs. Alton B. Chapman, nee Miss Louise Bargainer. The threatening waves of plane country, were boisterous enough, but with all the crew at work, we managed to steer clear into the shining waters of Seniorism.

By that time the crew had almost doubled itself with the addition of fourteen sailors. These members were Jimmie Cross, Lora Dozier, Nellie Sue Durham, Theiford Fry, Marcell Greer, Opal Jackson, Auden Simmons, Raymond Powell, Mildred Rape, Velma Parks, Eloise Overfelt, Angelina Smith, Ioretta Sparks, and Jean Wade, and J. C. Cooper. Rowena Saxon and Catherine Shields came back to be with us during the last lap of our trip. The sailing was fair enough, but a few wished to set sail on a sea far different from the one on which we were sailing, so they set sail on the sea of matrimony.

The voyage is almost over, but we will soon launch out on one that will be much longer and with much more in store for us.

CHAPEL PROGRAM NOT COMPLETED BECAUSE OF A BROKEN STRING

The Espanol students of Mr. Sisto entertained with alk and songs of Spanish origin Tuesday. Mr. Fred Haile was asked to make a talk of his Spanish experience. He all enjoyed his talk but were looking forward to his playing some old Spanish songs on his guitar. He opened his case, got out his guitar, and started to play the first note—But! A broken string ended his program.

SENIOR CLASS WILL

The Spur High School would be a complete "flop" without the famous characteristics of the Senior Class of 1933. So for the sake of our dear old alma mater we are going to leave these accomplishments to some of the Juniors.

Ray Dickson leaves his committee system to Tommie Brittain. Mary Belle Ensey leaves her ability to keep the class expenditures and the class president in order to Ann Lee.

Clinton Barrett leaves his idleness as vice-president to Larry Boothe.

Julia Mae Albin leaves to Lavada Hahn and Mona Lawrence her power to argue the teachers in to giving her a good grade.

Marcell Greer, Estelle Oliver, Eloise Lane, Opal Stubblefield, Essie Overfelt and Angelina Smith leave their chorus girl legs to Velma Howe, Lillian Dodge and Marjorie Joplin.

Mary Wooten is willing to give up her silly giggle and foolish ways to her friend, Beth Blackwell, who seems to be getting plenty of practice already.

Theiford Fry and Nadine Westerman leave their undying friendship to Lola Dee Blue and Neville Slack.

Luther Garner leaves his stage dancing to Woodrow Simmons.

Vivian Applegate, Annie Bateman, Nina Mae Johnson, Dorothy Kerley, Mildred Rape, and Rowena Saxon leave their excellent grades to Montie Mae Gorham, Opal Karr, Willie Maude Scott, and Orie Warren.

Wanda Watson wills her boy friends to Roberta Hisey if she'll take them.

Eldon Rawlings, Jack Jones and Alfred Payne leave their inseparable companionship to Ben Henze, Darlan Hutto and Denny Clay.

Dial Hindman, Johnnie Powell, Clarence Foreman, Tommie McArthur and Raymond Powell leave their loyalty to Bulldogs to Frank Turner, Vernon Morgan, Harry Martin, and Pat Patterson.

Spurgeon Hutto, John Hiner Wilson, Herman Messer, and J. P. Carson leave their popularity with the girls to Sam Hood and Wallace Canaway.

Betsy Wilson leaves to Selbia McCulley her privilege to be in the hall whenever she pleases.

Novella Campbell, Nellie Sue Durham, Kathryn Shields, Pauline Foreman, Loretta Sparks and Pearl Wade leave their good behavior in Physical Education class to Melba Rogers, Hattie Morrison and Nina Faye Teague.

Eloise McCrary and Bender Gray leave their excellent understanding of Spanish and it's teacher to Twila Faye Thomas.

Mattie Ellen Foster, Winnie McKeever and Auden Simmons will ribbons and no bells to David Mae their bum typewriters and worn out Chadwell.

Arthur Lee Dunn leaves his daily nap in civics class to Ivan Mayfield.

Lavon Thornton, John F. Moore, Lloyd Morris and John Gray leave to Cecil Durham, J. R. Cole, Barney Yeakley and Eldon Powell their good will toward everybody.

Mildred Collier, Velma Parks, and Martha Nichols leave their timid ways to Jessie Lee Smith, Hazel Turpin, and Dorothy Foote.

Jack Moore leaves his tardiness to Commercial Law class to Weldon Delisle.

Malissa McKay leaves to Jessie Belle Suggs her dramatic ability.

Beatrice Spivey leaves her chewing gum, stuck on, various desks in the study hall to Grace Ensey, Adren Morgan, and Gladys Ruth Lawson. There is enough for all of you provided none of you are piggyish.

Opal Jackson, Lora Dozier, and Ruth Stinnett leave to Lois Smith their numerous love affairs.

Reuben Draper leaves one dozen paper wads and two rubber bands hidden in locker 136 to Edward Sifford.

Jimmie Cross and Dillard Williams leave their perfect behavior in checking room to George Delisle and Lewis McMahan.

Glen McLain and Clayburn Harrel leave to Elbert Walker, J. W. Pickens and Ardon Holmes their hotel de fire station.

J. C. Cooper leaves his many trips to the office to E. C. Hindman.

The Senior Class of 1933 leaves to the Senior Class of 1934 a hard position to fill because the Senior Class of 1933 is the Biggest, Brightest, and Best Senior Class that ever graduated from Spur High School.

HERE'S TO COACH MURLEY

Here's to Coach Murley of football fame—vast, Although he ran us to death, he was our pal to the last; Made us mad between quarters, and glad between halves, While he mended hurt elbows, bruised ankles and calves.

A conquering phrase on which our faith was founded; "The game isn't lost 'til the last gun has sounded". With these gigantic fight words, "Never give in". He led us in battle, through thick and through thin.

He lives for football, and we every-one love it, Here's to the fellow whose friendship we covet, We all pledge our loyalty and raise our hands high.

A toast to Coach Murley—oh "Never Say Die!" —Marie Hamilton

John Hiner: "My girl is just divine"
Raymond: "My girl beats that—she's deberries."
Dial: "Do you read Poe?"
Johnnie: "Now, I read pretty good."

THE SENIOR CLASS PROPHECY

It was a bright summer day when I was surprised by finding myself face to face with my old friend, Betsy Wilson. She had received a rich uncle's estate at his death and has chosen as a hobby "To Look Up Any Of Our Classmates of '33". This interested me and we decided to go about the thing together.

She told me that she had already come in contact with our Senior president. She had found him in an insane asylum. He was a fanatic always giving lectures to the other inmates about Russia and its "Five Year Plan" which he thinks they are just starting, but really failed about 7 years ago.

As to the secretary, Mary Belle Ensey, she is the wife of a famous ranchman out in Wyoming; and by the way the famous ranchman is none other than Kit Carson.

I interrupted her here to tell her about Mary Wooten. It's a sad story for she is now an old maid school teacher in the fair city of McAdoo.

Betsy agreed that it was all very sad but that she knew as equally sad tale. It seemed that one day while walking down a street in Amarillo she saw Jack Jones rolling a baby carriage. Stopping to talk with him, she learned that he was married to Lucille Harris, who is a great evangelist. Betsy asked why he was not working and found that Lucille had sworn no husband of hers would ever do common work as long as she could talk.

These were all that we had any information about so we started out to find the rest. The Senior Class of '33 was truly a remarkable one for it turned out many great men and women.

Many of them became great actors and actresses. Essie Overfelt had reached the heights of Broadway with her "All Spur Chorus". Some of the best in it were: Loretta Sparks, Auden Simmons, Angelina Smith, Opal Stubblefield, Lora Dozier, Annie Bateman, Nellie Sue Durham, and Opal Jackson.

At this time in Hollywood, we have Lavon Thornton and Tommy McArthur as co-directors of the latest screen success, "The Red-Headed Step Child" starring Malissa McKay and Hermon Messer, with Spurgeon Hutto as the butler and Bender Gray and Eloise McCrary as the gossiping old woman.

We find Nadine Westerman now one of the best known Hollywood stars. At the present, she is in court with her third breach of promise suit. The first against John Hiner Wilson; the second against Alfred Payne, and now its the great politician, Theiford Fry.

And speaking of politicians, we find in the House and Senate, a few of our old classmates. There are Novella Campbell, J. C. Cooper, Mildred Collier, Evelyn Draper, Arthur Lee Dunn, Nina Mae Johnson, and Dorothy Kerley.

In the executive branch of our government, we have the spoils system at its worst for Johnnie Powell, as president, has chosen for his cabinet members the following: for Secretary of State, his cousin, Raymond Powell; as Secretary of Treasury, he got a second Andrew Mellon in the person of Dial Hindman; Secretary of War, Wanda Watson; Secretary of Agriculture, Jack Moore; Secretary of Interior, Jimmie Cross; Secretary of Finance, Catherine Shields; Secretary of Education, Jessie Warren; Secretary of Navy, Clayburn Harrel; Attorney General, Marcell Greer; and Post Master General, John Gray.

The first lady of the land is the former Miss Mildred Rape, who has as her personal maid, Pearl Wade and Martha Nichols. Her private secretary is Mattie Ellen Foster, a former shorthand student of Spur High.

We have finally got the Fergusons out of Texas politics but in their place is greater terror, Clinton Barrett and his wife, whom we knew as Beatrice Spivey.

We had searched far and wide for Velma Parks, when we were surprised to receive an invitation, written from her home in Manhattan, to spend a few days with her. While there we visited some popular night clubs, and in one of them encountered Betsy's niece, Eldon Rawlings, whom she believed to be a successful playwright but was revealed as only a gigolo.

When scanning the orchestra we noticed at the pian, Winnie McKeever. At the end of that number we went over to learn from her the whereabouts of Estelle Oliver. She poor girl was suffering from a nervous breakdown because of the loss of her voice.

We had no more than returned to our table than the floorshow began. The specialty that night was a tap dance by Luther Garner and his wife, Eloise Lane.

As we were leaving the place we were stopped by the manager, who was none other than Reuben Draper. Our class could not be complete without a few would be inventors, such as John F. Moore, Loyd Morris, and Leonard Joplin. Together they put out what they believed to be the most successful aircraft ever flown.

But also! They died at the hands of their own inventions. Their widows, the former Vivian Applegate, Rowena Saxon and Ruth Stinnett, have mourned their deaths sincerely, but Vivian soon forgot her dead husband and is now married to Glen McClain.

Through much effort we have found all of our old classmates but one, Pauline Foreman. Whether she is on the continent, we do not know, but some day we hope to find her too.

SENIOR CLASS MOTTO:
"We build the ladder by which we climb."

WHICH CAR IS THE LARGEST LOW PRICED AUTOMOBILE?

Don't be misled on this question, nor which car is the most economical to run. We invite you to make a few comparisons for yourself. Here are a few interior body measurements based on the standard 5-passenger cars of these different makes:

	FORD	Chevrolet	Plymouth	Dodge	Pontiac	Essex
Front Seat Width	46	46 1/2	44 1/2	45 3/4	47	44
Rear Seat Width	45 3/4	45 1/4	44 1/4	44 1/4	45	44
Front Seat Leg Room	27	24	25 1/4	25 3/4	24 1/2	22
Rear Seat Leg Room	26	22 1/2	25	26 1/2	22	26
Rear Seat Head Room	38 3/4	36	37 1/2	37 1/4	36 3/4	37 1/4

WHEELBASE

112	110	108	111 1/4	115	106
-----	-----	-----	---------	-----	-----

ADVERTISED MOTOR POWER

Ford (actually will develop 82-HP)	75	65	70	75	77	70
------------------------------------	----	----	----	----	----	----

POUNDS OF CAR WEIGHT PER HORSEPOWER

34.82	43.61	36.47	35.70	41.23	31.50
-------	-------	-------	-------	-------	-------

Compare these figures then check the riding comfort, beauty, and economy of operation, together with the first cost of the automobile, and you will have to admit that the FORD V-8 stands out in a class by itself.

Any number of the new V-8 owners will tell you that they are able to obtain from 17 to 20 miles per gallon of gasoline, and the 1933 V-8 has been reduced to the lowest oil consumption of any car in this price field. A comparison of Ford parts and labor charges will show a saving of 35 per cent to 50 per cent under other cars.

DRIVE THE NEW FORD V-8 BEFORE YOU BUY ANY MAKE AUTOMOBILE

GODFREY & SMART

SPUR, TEXAS

SENIOR WEEK

The week from April 24th to the 28th was known as "Senior Week". During that time we enjoyed committing all acts which are against the "Laws of the School" at other times such as eating candy, chewing gum, etc. in classes; not having to go to the study hall; and having a social every night.

The social calendar was as follows:
Monday night—Hayride.
Tuesday night—Church party at Ray Dicksons.
Wednesday night—Show.
Thursday night—Party at Jack and John F. Moore's.
Friday—All day picnic at Silver Falls.

THE SENIOR AIM

We would like to be the kind of class, That the faculty would have us be. We would like to be the help to them, That they are always glad to be.

We would like to mean as much, Each minute of the day, As the faculty has meant to us, Each day along the way.

This is why we are wishing That we could but repay, A part of all the gladness That they have strewn our way.

Now could we have but one more wish, This, only would it be, That we might be the kind of class, That the faculty would have us be.

You NEED Hot Water Many Times . . . for Many Purposes . . . Each Day

Why put up with an antiquated system of water heating? Why suffer all the dangers and discomforts of old-fashioned methods? A constant and adequate supply of hot water is an everyday necessity in your home—and you **NEED** a modern Electric Water Heater!

new "constant hot water service" plan—operating cost is ridiculously small . . . smaller than heretofore had been thought possible!

With all the important advantages it offers, you owe yourself, your family and your home the superiority of a beautiful new Electric Water Heater. Ask a salesman about present low prices and attractive terms . . . TODAY.

ASK ABOUT . . . Our "Constant Hot Water Service" Plan. It Gives You a New and Surprisingly LOW COST!

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

repeatedly urged relief agencies to make greater use of it as a food in allaying the hunger of the distressed, and when he learned that 182,000 destitute persons in New York City were without relief of any kind he made a formal offer to the state to feed every hungry person at a cost of one cent a day, provided the state would supply buildings and equipment. He would have made palatably cooked dishes of cracked wheat the basis of this relief diet, having demonstrated that it would sustain life and health. Yet there are many officially-minded relief agencies that would let people go hungry in the midst of an ocean of wheat rather than nourish them on "chicken feed." To these persons relief means meat and potatoes or nothing at all, and as a result many thousands get nothing at all.

A bushel of wheat will produce forty-two pounds of refined flour. Of course, a great deal of the nutritional value of wheat is lost in refining processes. Much of the mineral content of the bran is lost and the high protein and vitamin content of the wheat germ is not passed along to the consumer in white flour products. Whole wheat products have these virtues intact. The wheat germ, contained in whole wheat products, has been found to be rich in vitamin B, which is beneficial to the nervous system and good for the digestive tracts. Recent discoveries and experiments with the wheat germ have proved that it is particularly beneficial for infants and expectant mothers.

What can be done with a bushel of wheat is best illustrated in the experience of the McFadden Foundation, serving it as one of the main items in its One Cent Restaurants in New York City and Washington. Fourteen servings of cracked wheat porridge are derived from a single pound of grain. There are sixty pound to the bushel, or 840 servings to a single bushel.

Certainly there are few foods more complete. In recent health tests conducted by the MacFadden Foundation, it was found that persons confined to a diet of wheat over a period of several weeks actually improved in health and vitality. These persons ate wheat in cracked form, that is wheat ground so that all the grain was eaten. The Foundation also experienced with other wheat derivatives and found the results were not so satisfactory as the whole wheat diet.

Although present low price levels are equal in a general way to any attained since the seventeenth century, there have been highs far above those attained even in the recent war markets when wheat went to \$3.50 a bu-

shel. In 1810 the wheat fever chart rose higher than \$3.70. Taking a period of twenty-five years under closer scrutiny, what do we find? Wheat was down to 86.5 cents a bushel December 1, 1907. In 1931 it reached 44.3 cents. In 1907 the value of the American wheat crop of 637 million bushels was \$552,074,000. In 1931, with a yield of more than 200 million additional bushels, the farmer got only 395 million dollars for his wheat crop, or about 200 million less than in 1907.

A side-light on this lies in the fact that while in 1907 Russia produced 571 million bushels of wheat, 1931 say a Russian crop of one billion and eighty-four million bushels. Russia's crop has topped the American yield more than once since 1907. To be exact, five Russian crops since 1907, including the 1931 bumper crop, have been larger than wheat crops in the same year in the United States. In the same period Canada has come on apace as a wheat country, rising from a crop of 136 million bushels in 1907 to 304 million in 1932.

The figures of the United States Department of Agriculture show that the world's wheat crop in 1932 exceeded the 1907 crop by more than 1,300,000,000 bushels. In 1907 it was 3,493,000,000. In 1932, using Russia's 1931 figure as a basis, it was 4,833,000,000, or 32 1-2 per cent larger.

World wheat acreage has increased from an average of 270 million acres in 1921 to 349 million acres in 1931. In the United States the average acreage in 1921 was well over 60 million acres. In 1931 acreage was 54 million acres, roughly. Thus the tendency in the United States has been toward decreased acreage, while the world figure has gone up.

No great danger of King Wheat losing his empire in view of these figures, is there? Rice, the Oriental competitor of wheat, runs fourth in the rating of grains by world production figures. But for that matter, wheat itself, the so-called King, runs second to Corn by more than a hundred million bushels. The King does not hold sway, then, by virtue of bulk alone, but if high price, the result of great demand, is the only reason for his empire, then wheat is threatened seriously.

For the moment only. Already—since the bank crises and resultant renewal of confidence—the price has arisen. Substantial reduction in the 300,000,000 bushel American surplus is indicated. World-wide crop news is of blights, frosts and dust storms and the outlook is for yields lower than anticipated. Argentina, Canada, Russia and the United States, are expected

to produce substantially reduced crops. One recent estimate of winter wheat this year placed the total potential yield at between 370 and 400 million bushels in the United States. A year

WE'LL COME CLEAN WITH YOU

WE ARE FULLY PREPARED

to prove that in this case hubby was about half right: His wife reminded him that before they were married he used to send her a dozen roses each week. "Sure," he replied, "But did you ever feed bait to a fish after you caught it?"

We are also prepared to show you that you can pay very little for a laundry service and still avoid the real, tiring work of wash day. Our wet wash service does all your tub work for you and returns your wash all ready to iron at a cost of only 3c a lb. Consider this low rate and then judge whether its worthwhile to spend more in wear and tear by scrubbing methods at home.

ECONOMY AND EFFICIENCY HAVE MADE THIS THE POPULAR WIFE-SAVING STATION.

SPUR LAUNDRY

ago the estimated production was 500 million bushels and the 1931 crop was 787,000,000 bushels. Between 1931 and 1933 production in the United States, on the strength of these figures, will drop about one half.

Exports looking at these indications are sanguine. They see wheat leaving the United States and possibly the world out of the slump.

Although the American people may be only now discovering that wheat has other uses than as a base for

SHERIFF'S SALE

STATE OF TEXAS

County of Dickens

By virtue of an order issued out of the Honorable District Court of Dickens County, on the 28th day of March, 1933, by the Clerk thereof, in the case of C. A. Gladish versus W. E. Combs, as maker, and Elmer Combs, C. C. Combs and M. S. Lowe, as assumpors, jointly and severally, No. 1254, and to me, as Sheriff, directed and delivered, I will proceed to sell, within the hours prescribed by law for Sheriff's Sales, on the **FIRST TUESDAY IN JUNE, A. D. 1933**, it being the Sixth day of said month, before the Court House door of said Dickens County, in the City of Dickens, the following described property, to-wit: Being Lot No. 11, in Block No. 41, in and of the town of Dickens, Dickens County, Texas, as shown on the map and plat of said town of record in the office of the County Clerk of Dickens County, Texas.

Levied on as the property of W. E. Combs, as maker, and Elmer Combs, C. C. Combs and M. S. Lowe, as assumpors, to satisfy a Judgment amounting to \$717.45 in favor of C. A. Gladish and cost of suit. Given under my hand, this 2nd day of May, 1933.

W. B. ARTHUR, Sheriff.

What's the Matter With King Wheat?

BY HOWARD SWAIN

The Great King of Cereals, Wheat, has not been in such low estate as a farm product in nearly three centuries—and yet there are signs that the great monarch is coming back to reclaim its empire as the world's great money and food crop. Prices in the world markets have again crossed 50 cents and show signs of starting another long upward climb a climb that may be accelerated by every person interested in world recovery.

Increased consumption of wheat in the United States, even at the pre-war figures, would go a long way toward cutting down the surplus that helps to smother one of the big money crops of the American farmer. In 1915-16 American per capita consumption was 5.74 bushels; war restrictions cut this to 4.3 bushels. Perhaps the mania of American women for slim figures in the post-war period combined with the lasting effects of war restrictions to prevent per capita consumption from climbing fast; it was 4.59 in 1927 and now is 5.09 bushels.

A rise in per capita consumption even to the pre-war figure of 5.74 would shear away about one-fourth of the American surplus, or about 80 million bushels out of 300 millions—and the improbable and perhaps even impossible increase of three bushels per capita would wipe out the surplus, bringing higher prices, more revenues for the farmers and better general business.

For a year the McFadden Foundation has been conducting a series of surveys and experiments upon whole wheat as a food and these have led Bernarr McFadden, philanthropist and publisher, to declare that wheat is the heapest and best food to be purchased today in the world's markets. He has

Henry Ford
Dearborn, Mich.

May 9, 1933

A great thing has occurred amongst us. We have made a complete turn-around, and at last America's face is toward the future.

Three years----1929 to 1932----we Americans looked backward. All our old financial and political machinery was geared to pull us out of the depression by the same door through which we entered. We thought it simply a case of going back the way we came. It failed. We now realize that the way out is forward---through it.

Thanks for that belongs to President Roosevelt. Inauguration Day he turned the Ship of State around. Having observed the failure of sincere efforts to haul us back the way we came, he designed a new method---new political and financial machinery---to pull us out the way we are going---forward. He is clearing international obstacles out of the way; he does not stand in awe of tariffs. The people begin to feel that he does not take advice from the "interests"; that he has courage and loyalty to work for one supreme interest only---the welfare of the American people. That is a big achievement for two months in office.

And now we all look to what is coming; we grow less and less concerned with what is behind. We are looking for a hand-hold on the haul rope. Every man wants to do what he can, and all he can.

The best thing I can do for the Country is to create industry by building good motor cars. If I knew anything better to do, I would do it. Industry must be my contribution. Motor cars must face ahead to the future, like everything else. They are so much a part of the Nation's daily life that if they lag behind they hold the Country back.

flour and breakfast foods, many people of all countries have understood for years how whole wheat could be cooked and eaten as a beneficial food. The Armenians, for instance, have used cracked wheat in many more ways than are known to Americans. There is "Boolgoor Pilaf" which is simply steamed cracked wheat with butter. Armenian cooks use cracked wheat as a filling for some of their stuffed preparations, such as "Domates Dolma" which is tomatoes stuffed with chopped meat, onions, rice or cracked wheat. "Harpoot Keofteh" is boiled meat balls prepared with cracked wheat. "Kabak Dolma" is Oriental squash, sometimes covered with cracked wheat. "Kedhguek" is boiled wheat with breast of lamb or chicken.

Countries of the Near East have used wheat in its whole form for centuries. So old is its use that certain ceremonial forms have become attached to it. Sometimes, after a funeral boiled cracked wheat mixed with currants and dried fruits, is given to the mourners. In that form it is called "Koliwa."

In history wheat has existed as long as men kept records. From the known facts available today, it is a mystery as to how and where it originated. Wheat plants of the present day will not produce edible grains unless they are kept under cultivation. What early agricultural genius made the discovery that unprofitable grass could be nurtured to bear life-sustaining food? Whoever he was his discovery ranks with the greatest of all times.

He found something upon which world millions have depended for centuries. There is no present indication of a change of view. Wheat always will be King of cereals because wheat

has elements to be found in no other single food. And wheat will grow almost any place, adapting itself to changes in climate, following man wherever he goes in his conquest of the world.

Luther Miller Passes Away

Luther Miller, who was reported injured last week by a horse falling with him, died in a Stamford sanitarium Wednesday. The injuries proved fatal. The body was prepared for burial and brought to Spur where it was held, pending arrival of relatives from New Mexico and Arizona. Funeral services were held Friday at Dickens, followed by interment in Dickens cemetery, Webber Williams, being in charge.

Rev. H. T. Harris conducted the funeral services in the presence of one of the largest congregations ever assembled at Dickens.

The death of Luther Miller was a great shock to his relatives and friends and "cowboy buddies". A good citizen has passed away. Luther had a number of friends who were attracted by his always jolly nature and fun.

To my knowledge and way of thinking Luther was fair and square with his fellow man, this fact being proven by the large crowd that gathered at the cemetery to pay to him their last respects.

What Will I Do Next?

Graduation time is now only a matter of days. Several thousand young men and women will graduate from high school. The next important question arises, What will I do next? To stop where you are means, of course, that you can make no further advances until you supplement your high school training with something that will give you an earning capacity. The professions are overcrowded. To spend from four to six years' time and the necessary expense incident thereto with no chance to put into profitable use the training seems a waste of time and money. Teaching offers absolutely no inducement. Law, medicine, and the arts offer but little, if any, greater inducement. At this time, with the

upturning of the business trend, and the determined effort on the part of our wonderful President to give us a new deal, argues very strongly in favor of a business training.

Such a training may be had in a few months and at a comparatively small expense. It gives one an immediate earning power, and the longer the training is used, the more valuable it becomes. A prominent educator remarked recently, "Now is the opportune time for young men and women to train for business."

Take the advice of this man and plan to prepare yourself for a profession that offers much greater inducement at this time than anything else.

The Tyler Commercial College and school of Business Administration, at Tyler, Texas, offers the young people of the Southwest the very best training in business. They will be glad to send you one of their large catalogs free. Write them today, using the coupon below.

PILES

Suffer no more! Here's real relief at last for all forms of Piles—Blind, Bleeding, Itching and Protruding. Pazo Ointment does all the things necessary, in the manner necessary. First, it soothes—relieves the soreness and inflammation. Second, it heals—repairs the torn tissue. Third, it absorbs—dries up excess mucus and reduces the swollen blood vessels which are Piles.

In other words, Pazo doesn't merely relieve—it tends to correct the condition of Piles as a whole. The method of application makes it doubly effective. Special Pile Tips attached to the tube enables you to apply ointment high up in the rectum where it will reach all affected parts. Thousands say Pazo is the only thing that ever gave them real relief. Thousands say it saved them the need of an operation. Get Pazo today and suffer no longer.

SANDERS PHARMACY

Farmer's Relief Must Come First, Says Industrial Leader

President of Goodrich Rubber Company Urges Support of Roosevelt.—Does Not Oppose Cotton Relief Program Although Company Is One of Largest Users of Cotton

JAMES D. Tew, president of the B. F. Goodrich Rubber Company, one of the largest users of cotton in the United States, stated in a recent interview that his company will support wholeheartedly the efforts of President Roosevelt. If the new farm bill accomplishes the purpose for which it is designed, it will increase the price of cotton as well as other farm products and so will add many problems to the management of the rubber company. On the other hand, Mr. Tew said that he felt strongly that this is the time when everyone should earnestly cooperate with the administration in its efforts to overcome the extraordinarily trying conditions which have so long prevailed.

FAVORS FARMER

JAMES D. TEW
President of the B. F. Goodrich Company

"We must all forget our selfish interests and inconveniences in the interest of prosperity for the country at large," Mr. Tew continued. "President Roosevelt is now in command of our ship of state. It is our common duty to back his leadership. We, of the B. F. Goodrich Company, propose to do so in spite of the fact that our production and distribution problems may become much more difficult.

"Few people realize," Mr. Tew stated, "that the tire and rubber industry is one of the largest users of cotton. Cotton is second in importance to rubber in the manufacture of tires, belting, hose, over-shoes and scores of other products of the Goodrich Company. In dollar value it nearly equals our rubber cost.

The President's farm relief program is designed to increase the price of farm products, including raw cotton. The realization of this purpose will obviously increase the production cost of most rubber articles as the majority of such articles will incorporate a substantial percentage of cotton. We feel very

strongly, however, that in the interest of the farmers and the welfare of the country as a whole, it is our duty to forget selfish interests and back up wholeheartedly the efforts of our President in restoring stability to the economic life of the nation."

The Goodrich Company recently restored the salaries of employees in all departments to the level in effect prior to March 6, with the expectation that constructive legislation at Washington will soon result in greater business activity.

Fred McGaha made a business trip to Lubbock Wednesday. The Sophomore class with a few other invited guests went to the breaks on a picnic Wednesday night. Lois Gunn has returned from a several weeks trip on the plains.

Inez Lee, Jayton, spent the week end here with Eda McGill. Gladys Wells spent part of last week here with friends.

George Boland of Texas Tech, spent the week end here with friends and relatives. Mrs. Jinks Cooper was shopping in Spur Saturday.

Sunday was regular singing day at Girard. There was also a Mothers Day program. Mrs. Cliff Haines was shopping in Spur Saturday.

Mr. and Mrs. Jack Hargrove of Spur, were visiting here Monday. Several of the young people attended the entertainment at McDaniels Tuesday night.

Mrs. B. J. Kellett was shopping in Spur Saturday. Pete Sherer made a business trip to Jayton Saturday.

The Pentecost meeting which has been going on the past month closed Sunday night. Mr. and Mrs. Ben Boland were visiting here Saturday night.

Mr. and Mrs. Jerome Blackwell and daughters spent last week end in Rule.

KALGARY

Rev. Smith is still holding a revival at Kalgary this week. Leslie Crump and Oran Sprayberry were visiting relatives and friends in Crosbyton and Lubbock Sunday. Mr. and Mrs. G. W. Pope were shopping in Spur Friday. Mr. and Mrs. Wright Henson were shopping in Spur Wednesday.

W. F. Webb and Mrs. H. E. Powell were in Spur Wednesday. Bob Hale made a business trip to Spur Monday.

Warren Ballio received a wire that his sister in Dallas was dangerously ill. He and parents left for Dallas at once.

The Home Owned Store

When the students in your schools are promoting something, possibly athletics, or whatever it is for your schools, it is the home owned stores who help because they know that by them helping the local schools they are helping themselves. They are helping the local community to be more and more tied together.

Do not expect some group, or some person at a great distance from you to be your helper in time of trouble, or to help build your local institutions. It is you, you folks who live there who must do these things. You must

cal Chamber of Commerce, and D. L. Granberry, Secretary, represented Spur at the annual meeting at Big Spring.

SO-SUM CLUB

The So-Sum Club met with Mrs. Leslie E. Roberts Tuesday of last week. Those present were: Mesdames J. E. Laine, J. M. Foster, E. L. Caraway, B. F. Hale, E. A. Russell and hostess.

The next meeting will be the first Tuesday in June at the home of Mrs. E. A. Russell.—Reporter.

George F. Stephens, of Jayton, was attending to business matters in our city Tuesday. Mr. Stephens is associated with Bryant-Link Company in that city.

SENN-PAYNE WEDDING

A very pretty wedding was solemnized at the Baptist pastor's home by F. G. Rodgers on Friday afternoon at 3:15. Miss Eloise Senn and Mr. W. L. Payne, of Floydada, were the contracting parties.

The bride was dressed in beautiful white crepe with accessories to match. The groom wore conventional black. The bride's sister and husband, Mr. and Mrs. A. L. Rathel, accompanied prominent families of Floydada, and them. These young people are of their many friends join in wishing them much happiness and prosperity. They will make their home on the farm out from Floydada.—A Friend.

G. F. Harris, of McAdoo, was transacting business in our city Saturday.

Firestone PRICES ARE NO HIGHER Than Standard or Special Brand Tires But QUALITY Is HIGHER and CONSTRUCTION Is BETTER

FIRESTONE control every step in tire making, effecting tremendous savings in buying raw materials—manufacturing in the world's most efficient factories and distributing direct to us from factories or warehouses.

These are the reasons why we can equip your car TODAY with tires of higher quality and better construction, at prices that are no higher than standard or special brand tires.

DRIVE IN TODAY—see cross-sections cut from Firestone Tires—special brand mail order tires and others. See for yourself the *Extra Values* we give you.

Prices will surely advance again. *Buy today and save money!*

THE MASTERPIECE OF TIRE CONSTRUCTION

A TIRE of higher quality—greater safety—and longer mileage. It is in a class by itself. Made by master tire builders—holds all world records on road and track—first choice of drivers who risk their lives on their tires. For thirteen consecutive years Firestone Gum-Dipped Tires have won the Indianapolis 500-mile Race—the most gruelling tire test known.

Don't risk your life and the lives of others another day on thin, dangerously worn, or inferior tires.

stand together, and if you do not stand together you finally pay the penalty.

Your boy or your girl may want a job and should obtain employment at home, but they cannot if you who have money to spend are negligent and careless as to where you spend it. Bind your community together as one, and you can be prosperous, you can grow, your children can obtain employment at home and be employed by those interested in the same things you are interested in. These young people can help keep the money at home.

For a generation or two, it has been the policy of the United States, and more or less sanctioned and promoted by all political parties, to pass tariff laws to keep our money at home, and to cause us to spend our money among ourselves. This is exactly the same principle I am asking for your local community, and upon this principle has been built some of the greatest civilizations of the world.

Yes, people are interested in their communities and I am surprised at the great number of complimentary remarks I am getting on these little community talks. Many people say I am calling their attention to things they had not thought of, but now realize they are of vital importance to them.

(To Be Continued Next Week)

WTCC CONVENTION AN EPOCH IN WORK

The West Texas Chamber of Commerce closed a very interesting convention at Big Spring last Saturday. It was stated by many who are supposed to be authority that the year just preceding this convention was the greatest in the history of the organization. The year was devoted to the beautification of homes and incidentally the beautifying of West Texas.

Again, the West Texas Chamber of Commerce has handled the RFC Relief Fund and it was largely through the influence of this organization that the relief fund was available. The farm production loan is a product of the influence of the West Texas Chamber of Commerce. This loan has enabled many farmers to go forward the past two years who otherwise might have failed.

An outstanding West Texan has been elected president of the organization. This is Walter D. Cline, a booster and statesman who makes his home in Wichita Falls. Mr. Cline is a man of vision, a business man, well informed in international affairs.

Once he was District Governor of the 41st District of Rotary International, served as Vice President of the organization and served on the Board of Directors.

Spencer Wells, of Lubbock, was elected First Vice President, and Raymond Nichols, Vernon publisher, was elected Second Vice President. The program of the organization for the year will be announced in the near future and plans will be formulated soon.

Clifford B. Jones, director of the lo-
