Local Baptists To Dedicate Church

Sunday, November 19, has been selected by the membership of the local Baptist Church for the dedication services of the church home. Rev. J. Pat Horton, pastor of the First Church at Plainview, will deliver the dedication sermon.

During the day there will be an history given of the church by some member. It is reported that Miss Jennie Shields is preparing this historical sketch.

The Baptist Church in Spur was organized in a little building on the corner of Third Street and Carroll Avenue where Mrs. Hisey's residence is now located. In fact, Mrs. Hisey purchased the property later, turned the building around and converted it into a residence. The Church of Christ people used the same building a few years ago for a place to worship. The date of the organization was November 27, 1909, and Rev. S. P. Clements, then an associational missionary acted as moderator. There were sixteen members who served as charter members and went into the organization on statements. These were: Mr. and Mrs. O. D. Baum, Mr. and Mrs. Oscar Jackson, Mr. and Mrs. Emmett Lee, Mr. and Mrs. Y. L. Jones, Mr. and Mrs. P. H. Miller, Harvey Lee, Mrs. Ida Attebury, Miss Ruth Attebury, Mrs. J. N. Hearn, Mrs. Viola Pair and Mrs. C. L. Cling. This is the list as taken from the minutes of the meeting.

Mr. and Mrs. J. A. Marsh and Miss Effie Kirkpatrick were the first persons to join the church by letter. Rev. J. C. Robinson was called as the first pastor. Rev. J. V. Bilberry did much to assist and encourage the church in its work.

The first Sunday School was organized February 13, 1910 with J. Pat Horton as superintendent. He was a layman then but is a prominent minister at present. Dr. R. C. Pender was present and assisted.

The ladies work was organized February 14, 1910, with Mrs. P. H. Miller as president. The first members of the ladies organization were: Mrs. Miller, president; Mrs. Y. L. Jones, secretary; Mrs. W. O. Smith, Mrs. C. Gay, Mrs. Pat Horton and Mrs. St. John.

The complete program for the day will be announced next week.

Merchants Enjoyed Good Business Week

Last week proved a very successful week to most of our merchants. The norther which hit Thursday morning made a demand for heavy winter clothing and people could not be in the fields, so they came to town and bought much of their winter supply. Just a few of the business firms were interviewed this week, but all gave excellent reports.

Bryant-Link Company stated Saturday was the best in years, while Hogan & Patton, the Man's Store, reported they had the best day of the year.

The Fair Store stated that business was excellent and everything was just fine. All they could take care of without adding more employes for the day.

Henry Alexander & Company stated the day was very satisfactory, and last week their best week so far this year.

B. Schwarz & Son were too busy to make a report, but from the report from different ones they must have been exceedingly busy Saturday.

Taylor's Department Store reported business fine and getting better all the time. Stated they wish they had come to Spur earlier.

Hassen Bros. Company had one of the best days of the season and Mr. Parker, the manager, stated Dickens County had the finest citizens he had ever met.

From these reports there must have been many people here doing their buying. The merchants appreciate this fine patronage and hope it continues. Come to Spur for it is a good town to buy your needs.

More Pantry Tours Scheduled

Eleven more pantries are to be shown in four tours scheduled for next week. Tuesday, November 14, Mrs. Cal Martin's pantry in Spur will be visited at 2:00 p. m. From there the group will go to Mrs. F. B. Crockett's in Espuela to see her pantry. The club will have on display a gift exhibit with suggestions for each month of the year. Mrs. John Bachman, Soldier Mound will be the next stop arriving there about 4:00 p. m.

Mrs. John Gay, Dickens, will be the first stop Wednesday, November 15, at 2:00. Mrs. Gay has a well arranged pantry in the basement of their home. The party will proceed to Midway where Mrs. C. O. Middlebrook's pantry will be visited. The last stop of the afternoon will be at Mrs. N. S. Morris, demonstrator for Prairie Chapel club.

McAdoo Club at the home of Mrs. L. Gilmore will receive the group making the tour Thursday, November 16. The club is showing a group of foods that if used in sufficient quantities will prevent pellagra. From McAdoo the group will go to Chandler to see Miss Bertha Cooper's pantry. Chandler club is showing a gift exhibit.

Due to the rain last week the pantries in Red Top, Peaceful Hill, and Highway communities were not visited. They will be visited Wednesday, November 22. Mrs. Jim McArthur's pantry will be the first stop at 2:00 p. m. Mrs. Forrest Martin, Peaceful Hill will receive the group making the tour, about 3:00, and Mrs. Luther Den son, Highway, about 4:00 p. m.

American Legion Program Saturday

In observance of the cause for which they offered their lives, the local American Legion Post will observe Armistice Day here Saturday with an appropriate program.

Starting at ten o'clock there will be a parade down Burlington Avenue. Probably there will be a salute fired in honor of World Peace about this time. Everything will according to schedule as soldiers were trained to do things on schedule.

There will be a speaker here to address the body at eleven o'clock. It is thought there will be around 300 veterans and their families present for the day. This will run the number close to 1,000 people who will take part in the program.

At noon there will be a barbecue served to the veterans and their families. This will require about one hour. After that all will fall out for the big Spur-Post football game which will start about 2:30.

P. T. A. MEETS NEXT TUESDAY

The Spur Parent-Teachers Association will hold their regular monthly meeting next Tuesday afternoon. The president stated that there would be a good program and it is hoped there will be a large number of parents present at the meeting.

The teachers will appreciate the parents being present in order that they may have an opportunity to talk over school work together.

"Looking Forward" Sponsored By Junior Class At Palace

"Looking Forward" with Lionel Barrymore in the stellar role comes to the Palace Theatre next Tuesday and Wednesday sponsored by the Junior Class of Spur High School and is a story based on the life of President Roosevelt. On this program will be shown one of the new Mentone Musical Shorts, "All at Sea", which is reported to be a wow. Also a Sports Eye View which helps to make a very nice program for the Juniors sponsorship.

ASSEMBLY OF GOD CHURCH BUILDING HOME

The Assembly of God Church members are very busy this week building a new church home. The building is located one block south of the East Ward school building on Cowan Avenue. About ten workmen are on the job and the work is being rushed very rapidly in order to be able to hold services in it by Sunday, Nov. 19.

When Mr. Jennings began remodeling the old Lyric Theatre building, the work forced the Assembly of God church to secure another building. They have been holding services in the various homes this week and will continue to do so until their new building shall have been completed. Rev. Whitlock stated that he believed Mr. Jennings did a good deed when he began remodeling the Lyric building. Otherwise, the Assembly of God church might not have made any effort to secure a home of their own.

Rev. Whitlock stated they may not be able to finish the building complete at this time, but would be able to make it comfortable for services during the winter and would complete it later when conditions were more favorable.

Spur Could Get Streets Paved

It is the purpose of the federal government to make it possible for every town and community in the United States to have some kind of public improvement going on to give the unemployed work. Spur could do some street paving in the very near future which would give employment to a number of people during the spring months when there will be very little work in the country.

There will be enough taxes paid in this fall and winter to purchase quite a lot of material for a paving project. For a small sum of about \$6,000 enough cut-back asphalt and gravel can be secured to pave fifteen or twenty blocks in our city, making it look very attractive and save much work on the upkeep of the streets.

The federal government has ruled that all relief money paid to laborers now must be for work done on some public improvement project. Therefore, if Spur is to get any relief money to take care of the unemployed in our town, there must be some sort of public improvement made. Cutting weeds off vacant lots will not be sufficient excuse any longer.

The City Commission could cooperate with the federal employment bureau at the local office, and can secure enough labor free to do the work on the pavement of fifteen or twenty blocks.

Spur has no bonds except those voted for water and sewer system, and the interest and sinking fund on these bonds are supposed to be paid from the receipts of the water and sewer department. That will leave the money received by way of taxes to be used for public improvement.

The federal government has appropriated millions of dollars to furnish the unemployed work. The State of Texas has issued \$7,000,000 in bonds to supplement that of the federal government, and we are going to have to pay our share of the taxes to replace these funds. We could have some very useful and lasting improvements in our city if we will take advantage of our opportunity.

Even if the taxes are not enough to take care of the purchase of material, our city can secure a small loan through the Public Works Fund at a very small rate of interest.

Let's not sit and think too long, let's get some mental and other activity into this and make our town the most beautiful in West Texas. Drop our City Commission an encouraging word about a street paving program done by relief work.

E. N. Johnson, County Commissioner for Precinct 2, was looking after business interests here Monday.

G. F. Smith, of McAdoo, was hustling around our city Monday looking after business affairs.

Making their second bid for the quadrant championship, Spur and Post play at Fair Park Saturday afternoon, November 11 at 2:30. The biggest crowd of the year is expected out to watch this exhibition of football as played by two of the strongest teams in this district. Post defeated Spur at Post last year and the Dogs will be after revenge this year and a hot time is expected by all.

Coach Ox Emmons Antelopes have put up a strong fight in every game this year and are working to repeat last year's performance. A big, strong husky squad of twenty five men will be here from Post with a large following.

Coach Thad Murley's Bulldogs have been working two weeks steadily now on Post plays and are primed and ready for action. Injuries that were suffered by members of the team in the Crosbyton game and earlier in the season and a full squad is promised for this game. A much better team both on offense and defense is promised by the Spur mentor than has been seen here this year. Long practice on blocking and carrying the ball has been the daily practice for the past week.

Very little change is expected in the line up from the last game. Captain Morgan and Henry Scoggins are expected to alternate in the back field and line with the reserves playing part of the game.

Much depends on this game. Spur has the best chance in history to go into the semi-finals for the district championship and a strong following from Spur fans will do a lot toward sending the Dogs up the road. The American Legion is given a hearty invitation by the Coach and athletic officials to wind up their Armistice Day celebration at the football game and support the Bulldogs on their way to the district championship.

A NEW GROCERY FOR SPUR

The building formerly occupied by the Lyric Theatre, first door north of Simpson Barber Shop is being remodeled for a new grocery in Spur. Mr. Jennings is installing a new business front in the building and making it modern in every respect.

The grocery will be owned by J. H. Moore, Sr., formerly of Caprock, New Mexico. He has been engaged in the ranch business in New Mexico for many years, but sold out his interests recently and will make his home in Spur.

W. R. Lewis will be in charge of the business. Mr. Lewis has been in the grocery business both as retailer and wholesaler in our city for many years and is well informed in the business.

Mr. Lewis stated that he thinks they will be ready to serve the public by Saturday, November 18.

GIN REPORT

There has been 8,072 bales of the present crop ginned in Spur according to reports turned in at 2:30 o'clock Wednesday afternoon. The rain of last week and the cool weather has slowed up the cotton picking and gins have been idle part of the past week. One week ago there had been 7,595 bales reported.

Cotton was selling around 9.20 midling basis.

COFFEE SHOP ADDS ELECTRIC COOKING UNITS

The Spur Coffee Shop, according to W. M. Bumpus, manager, has added some new electrical cooking units to aid in serving their patrons. A new "steel", the big stove where a large part of the cooking is done was recently installed. Last week a new fryer and a double waffle iron were added. The last two mentioned are regulated by thermostatic control, insuring plenty of heat at all times. All of these additions have a light signal system which tell the operator the amount of heat and how hot the various units are at any time.

SENIORS PRESENT PLAY IN CHAPEL

The Seniors presented a play in chapel Tuesday that was greatly appreciated by all present. There appears to be some real talent in the class. With Edward Sifford as the

rejected suitor and Ivan Mayfield as the hero there was a lively scrap over Roberta who was our heroine. It seems that all the organizations of the school are to be called on for some form of chapel program. If we all do as well as the Seniors we should have some enjoyable programs to look forward to.

JUNIOR-SENIOR HALLOWE'EN PARTY

The Juniors and Seniors threw a big blow out up at June Lisenby's Tuesday night in celebration of the spook's annual coming out party. Games were played, fortunes told, and refreshments consumed within, while without weird shadows draped all over each other and said things that a self-respecting ghost would not think of saying, even to his ever-loving witch. After the party, the majority of the guests went to the midnight matinee (at least that was what they told their mamas). From thence they made their way homeward—and so to bed for a couple of hours of much needed shut-eye.

MUSINGS OF MARGY THE THE SCHOOL MOUSE

I got into an English book the other day and learned to punctuate enough to get me by. Of course I am not perfect yet because even a superior mouse like me can not memorize a grammar in an hour.

I managed to get to the Halloween Party over at June Lisenby's by dodging black cats across town. When I got there Minnie, our red-headed half bad had tied onto one good looking figure in a pep-squad suit.

Hoss Paines former dame was out in a green Chevrolet teaching a very respectable farmer's son some things he did not have to know.

PURPOSE OF THE ROWEL (Clay)

A common mistake of the members of this student body is their interpretation of our school paper. Many think of it merely as a paper for jokes and other space taking emptiness. But the real reason for the Rowel is to represent the Spur High School in the homes of the parents, to bring home to them the reasons they are paying taxes, to show the progress being made in this school and to show them that we, the students, are really doing some good and are not wasting our time and their money.

Owing to the scarcity of money this year, we are unable to have a school paper to itself. A school of this size should have a paper to represent us in the homes of our parents and to exchange with other schools. And it is my dream to some day have a paper that will proudly bear the name of our representatives.

Dear Miss Dix:

I am a beautiful brunette with large dark eyes and long, curly eyelashes. I am tall and slender with a beautiful girlish figure full of curves. I used to have a blonde sweetie, but he gave me the gate, then went to A. and M. and now I guess he is pouring honey in some other girl's ear. I had a date last Monday night with another blonde—I like blondes—especially this one. Will you please tell me how I can win his love?

Lonesomely yours,
Selbia.

"So this is high school", said the Fish. Then with eyes wide and looking about, he cried, "I want mama." "Look at all the funny people with the big books. I'm scared. Wonder if I have a conflict. That boy said he had one. I'll just go home and ask mama."

MR. LINK SPEAKS IN CHAPEL

Mr. Link made us a very interesting and inspiring talk in chapel Tuesday. Mr. Link is a very accomplished speaker and we are always glad to have him with us.

Cobbler: Hide.
Freshman: Why should I hide?
Cobbler: Hide, hide! The cow's out side!
Freshman: Let her come in I'm not afraid.

Mr. Neilson—Have you ever been offered work?
Denny Clay—Only once, Buck, aside from that I have met with nothing but kindness.

Junior Russell—I'll tell you some thing if you promise to keep your mouth shut.
Julia Jo Reed: I will, what is it?
Junior Russell—You've got halitosis.

CLUB WOMAN MAKES TOMATO MINCE MEAT

"I am making green tomato mince meat this week. I need a jar to exhibit at our achievement day and then I am anxious to have some in my pantry. I am using a recipe sent out by the Extension Service of A and M College and is as follows: 1 peck green tomatoes, 2 1-2 lbs. brown sugar, 2 lbs. raisins, 1 lb. beet suet, 1-2 cup vinegar, 2 tablespoons ground cinnamon, 1 teaspoon ground cloves, 2 teaspoon nutmeg, and 2 cups chopped apples," reports Mrs. John Bachman, home demonstration club woman of Soldier Mound club.

"I either slice the tomatoes thinly or put them through a food chopper using a coarse knife, then allow the tomatoes to drain a few minutes. The

tomatoes are then covered with cold water and brought to a boil and boil five minutes. They drain the tomatoes well and add other ingredients and allow to simmer for forty or forty-five minutes. Seal the mince meat boiling hot into sterilized jars, cool and store."

CLARA PRATT, H. D. A.

ARE YOU WORKING FOR THE CLUB EXHIBIT?

The annual exhibit of the home demonstration club women is to be held November 17-18 at which time 44 prizes, donated by the clubs of the county will be awarded to the best products in each variety shown. Greater than the desire for a prize should be the spirit of loyalty to the local club and to the county Council which is sponsoring the exhibit. Each club member should make at least one entry and as many more as possible.

The list of prizes was published by the exhibit committee two weeks ago

and will be published again next week. That list did not include the prizes being offered the 4-H club girls for entries in canned tomatoes and chili sauce. Pictures suitable for the bedroom will be given the first, second, and third place winners on canned tomatoes; vases or flower bowls will be given for the first three places in chili sauce.

The County Council has ruled that all products must be in by noon Friday, November 17. If it will be more convenient for the products to be brought in on Saturday bring them to the home agent's office November 11th.

CLARA PRATT, H. D. A.

Grover Overstreet, of Dickens, was in our city Saturday visiting friends and trading.

Dr. J. F. Hughes, of Roaring Springs, was looking after business affairs in our city the last of the week.

**Planes Vie With Gulf-Dymaxion
In Thrilling Air Pageant Throng**

By Don Mockler
(Feature Writer, "U. S. Air Services")

ROOSEVELT FIELD, N. Y., (Special):—With the calm and efficient hand of Captain Alford J. Williams at the controls as Director of Events, the aeronautical extravaganza staged for charity and billed as the National Air Pageant held here October 7 and 8, came to a glorious conclusion Sunday night. More than 75,000 New Yorkers have had their first real taste of aviation activity on their "home grounds" since the races here in 1925.

As a special Pageant feature Captain Williams took his Curtiss "Gulfhawk" into the air on both days and introduced "painting aerobics in the air," accomplished by a unique chemical smoke tank arrangement, allowing detailed study of the intricate maneuvers performed by this outstanding airman. The Pageant attracted several hundred civilian fliers, in addition to 21 ships of the 8th Pursuit Group, 11 planes of the 2nd Bombardment Group, and 30 ships of the East Coast Expeditionary Force of the U. S. Marines.

As the Manager of the Aviation Department of the Gulf Refining Company, Al Williams had seen to it that the full airport service facilities of Gulf were placed at the disposal of the Pageant participants and the Gulf airport trailer, special trucks, field cars, etc., were busy twelve hours both days of the Pageant.

Jimmie Wedell, holder of the land plane speed record of 305 mph, was prepared to defend his record against all-comers, and incidentally also try and establish a new record

Top: The Gulf-Dymaxion. Below: Captain Alford J. Williams, American speed and aerobic ace, director of events at National Air Pageant, Roosevelt Field.

but was forced down on his first attempt when his motor cowlings loosened, damaging his propeller. Captain Williams had been commissioned by an anonymous patron of aviation to offer a silver trophy and a \$2,500 purse to the flier establishing a new speed record.

Speaking of the unknown donor Captain Williams stated that "this American aviation altruist, has in mind the sole thought of providing a definite objective toward which this country's plane designers, builders and fliers might strive. "I consider that this gesture is one of the finest and most important that has ever been made in the name of aviation."

Major Ernst Udet, German ace, was excellent in his aerobatic work. An outstanding performance was staged by Roy Hunt, who with motor dead, came down from 10,000 feet, doing a series of outside and inside loops, spins, rolls, and dives. Major Alexander P. deSeversky, in an amphibian of his own design, es-

ablished an unofficial amphibian speed record of 176 mph. Despite the air features, attention was diverted to the ground every time the Gulf-Dymaxion came past the stands. This car, illustrated above, embodies the streamlining lessons taught by aerodynamics. With a top-speed of 120 mph, it produces thirty miles to a gallon of fuel. Its single rear-wheel steering makes it especially flexible in any traffic situation.

As the aerial bombs late at night signaled the close of the Pageant, Captain Williams expressed his personal appreciation to Mrs. Roosevelt and all the members of the many volunteer committees who had worked with him during weeks of intensified effort to bring the inviolable program of the National Air Pageant to a successful conclusion.

will be everything for excitement and entertainment. Plenty of side shows, as well as some special features on the stage. "Eat, drink and be merry for tomorrow?" but be at Afton Friday night, November 17.

The little ditty below explains the rest of one of his excellent candidates, and we wish we had a dozen like her in this race:

TO A GOLDEN HAIR PIN

I have a little brass hairpin,
 It looks just like pure gold,
 It ne'er belonged to any kin
 Of mine. 'Twas found I'm told,
 Last eve in Mister Knight's coupe
 But how it got there, I can't say.

I ne'er did see the golden hair,
 Nor blue-eyed maid's sweet face,
 But only know that SHE IS THERE,
 In that big auto race,
 For she wants that Chevrolet,
 She gathers in new subs each day.

Old Time she has by its forelock,
 As out she fills receipts,
 And thus she stands upon the rock,
 Or corner of the streets,
 Beseeching men to now subscribe,
 Oh, that we had more of her tribe.

Before so long the snow will fall,
 Then jingle Santa's bells,
 And Christmas time with cheer for all,
 And fun we love so well,
 But how much more our joy would be,
 If that new car belonged to me.

I'll take a cue from that hair pin,
 And from that white-haired girl;
 I'll get a book, and now begin,
 With one great rush and whirl,
 I'll gather in subscriptions now,
 I'll own that Chevy anyhow.

Just the other day three of the very best candidates that we have, entered. Of course they had been thinking of doing so, but had not fully made up their mind on this most important question. There is plenty of time to enter.

Mr. Knight, the genial manager of the W. T. C. T. was over from Monday where he has a campaign going.

Now is the time to work. We have just been getting ready to start, and with the offer of 100,000 Bonus votes on the 5 ten year subscriptions you cannot fail to step out and lead in a day or two.

 Make this 25c Test**

You need a bladder physic to drive out impurities and excessive acids that cause irritation, burning and frequent desire. Get a 25c test box of BUKETS, the bladder physic, from any drug store. After four days if not relieved of getting up nights go back and get your money. BUKETS, containing buchu leaves, juniper oil, etc., acts on the bladder similar to castor oil on the bowels. If you are bothered with backache, or leg pains arising from bladder disorders you are bound to feel better after this cleansing and you get your regular sleep. Gruben Bros. say Bukets is a best seller.

MY TRIP TO THE STATE FAIR

Lizzie Lou Baxter, Afton 4-H Club No one can imagine my thrill when I learned that I had won a trip on my garden record. I knew the trip would be full of new experiences for me as I had never been away from home for very long at a time.

I left home Sunday evening and went to Spur so I could leave there in time to catch the train at Stamford. We left Spur about 4:30 Monday morning and met our chaperones, Miss Sue Bonner and Miss Nora Ellen Elliot, at Stamford. There were five of us girls by the time we reached Wichita Falls where we had a five hour wait. This gave us plenty of time to see the town and go shopping. We arrived in Dallas about 10:30 Monday night.

Early Tuesday we started the big day ahead of us. First we went to the fish hatchery. All of this was new to me and I saw several kinds I had never seen. We left the fish hatchery to go to the exhibit hall. The fruit exhibit was the prettiest I have ever seen. We also had our pictures made Tuesday morning.

Tuesday afternoon we went to the zoo so it held several interests for me. Tuesday evening we were guests at the play, "Nina Rosa". It was my first Spanish play, and I enjoyed it.

Wednesday we spent the morning viewing the sights in the agricultural building. That afternoon we saw the play, "Floradora". Thursday we again studied the exhibits and went through the industrial building.

At each lunch and dinner we had guests whom it was a great pleasure to meet, among them the editor of Farm and Ranch, editor of the Semi-Weekly Farm News, the president of the educational campment, Miss Bess Edwards, assistant state home demonstration agent and all the home demonstration agents who were present, as well as many others. Some of the girls were selected to preside as hostesses at each table and the intro-duced the guests. Then a number of the girls told of their club work.

Friday morning we broke camp and all started for home. I seemed to be the only girl out of 299 who were enrolled in camp that was not ready to return.

We reached Stamford about 8:00 Friday night rather worn but not too tired to tell of our wonderful experiences. Since this trip has meant so much to me I intend to encourage the other girls in our club to work harder so that they may be able to enjoy the things I did. I also intend to start my next year's work with a zeal to do more.

I wish that it might be possible for every girl in Texas to visit these encampments and I shall never be able to express my gratefulness to those who made it possible for me to go.

 Another letter.

Spur, Texas, Nov. 7, 1933.
 Dear Mr. Editor,
 We are glad that you made it possible for us to see "Old Whoopee", and we have had a good time with Jackie, and hope that every one has had a good time. Jackie is an Australian bush baby, you know. And "IT", that thing that has no name, and for short they call him "IT".

Yours truly,
 Fern Shipman.

TWENTIETH CENTURY STUDY CLUB

The Twentieth Century Study Club met Tuesday with Mrs. Ray Sanders as hostess. Fifteen members answered roll call with a current event. An Armistice program was carried out.

Mrs. B. F. Hale gave the life of John J. Pershing. Mrs. Foote told the story of the Memorial Day Poppies and what they mean toward making the crippled soldiers more comfortable. The purposes and plans of the American Legion were discussed by Mr. R. B. Neilson. This part of the program was both interesting and instructive for the club.

During the business session Mrs. Caraway was elected delegate to the State Federation meeting in Austin this month. Club adjourned to meet November 21 with Mrs. A. M. Walker as hostess.

- AFTER an interval when it has been scarce and high, Iceberg lettuce is gain plentiful, cheap and of very fine quality. Hearts of lettuce with a variety of salad dressings are popular throughout the fall and winter.
- Many kinds of apples are in market—Jonathans and Delicious for eating, McIntosh for either eating or cooking and Rome Beauties for baking. Cranberries are again in market. They are priced extremely low. Cranberry juice cocktail is a pleasant change from tomato and is easily made.
- Fall vegetable markets are well supplied with both native produce and some from other growing sections including the far south and west.

SCHOOL DAYS

By DWIG

"Why the Homemaker Should be Taught to Buy Intelligently." The program on "The American Home" was given with Mrs. R. C. Crockett as leader. An interesting paper was given by Mrs. Murray Lea on "Better Buying for Family Living."

The club adjourned to meet November 7, with Mrs. W. R. Jimison for Armistice Day program.

and that things are not what they used to be. Trucks and open cars loaded with men, women, children, frying pans, bedding and every conceivable article that accompanies a household are seen in town or on the roads leading in and out of town. Some of these people are down and out, and hunting work to keep them going. Some are only stopping here in their eternal roaming. Many of these folks are

part of a vast army of people who continually drift and would not stay in one place long at a time if you gave them a home. Milton and Marshall McDonald were in Lubbock Saturday on business. G. J. Lane, county agent, met with the farmers at the High school auditorium Friday night to discuss the wheat and cotton acreage reduction for 1934.

Mr. Snyder, cotton buyer from Spur, was in McAdoo the first of the week. Helen McDonald and Florence Sparkman spent Sunday with Aline Allen.

Mr. and Mrs. Bradford Bass are the proud parents of a son born October 18. The name Lamar Bradford has been chosen for the young son. Mother and son are reported to be doing nicely.

Mr. Granberry of Spur, was in McAdoo the past week. Donald Watson was driving a new car in McAdoo Sunday.

Mrs. J. T. Parker and Mrs. O. S. Harvey were in Spur Tuesday of last week. A number from McAdoo attended the singing at Girard Sunday.

DUCK CREEK

Rev. Cox filled his regular appointment here Saturday night, and Sunday with three good inspiring messages. After the services Saturday night, some one announced that Bro. and Mrs. Cox were wanted in the primary room. This room was prettily and appropriately decorated with the seasonal Halloween decorations. They were met at the door by two spooks, who silently and grotesquely led them to an immense shower of groceries and other worthwhile articles. Bro. and Mrs. Cox are loved and appreciated by every one in the community.

The school work is moving along nicely and scholastics in school are present every day now, except four. Mr. Gregory's daughter, Mrs. Nelson, and Mr. Nelson and children of Matador, spent the week end with him. Mesdames Otis Driggers, Jack Simmons and Miss Mary Simmons were shopping in Spur Tuesday.

Saturday night a week ago the young people in the community enjoyed a nice party in the Swearingen home.

Mr. and Mrs. Roger Lewis are the proud parents of a new baby. The mother has been quite ill, but is much better at present. Her mother and father are with her.

Mr. and Mrs. W. J. Driggers motored to Weatherford, Wednesday, while there they will have their little son's tonsils removed.

Miss Lola McDaniel had another acute attack of appendicitis Monday on their way home from school. Mr. Pope, the bus driver, drove on to her home.

Miss Della Campbell of Spur, was at the preaching services here Saturday night. J. E. McKinney, a ranchman of near Jayton, is seen right frequently in this community.

A box supper will be given at the Duck Creek school house Saturday night before the first Sunday in November. The proceeds to be used for the Methodist Church. If you wish something good to eat come, and bring a well filled purse.

WARDROBE DEMONSTRATORS ARE BUSY

The fall of the year is a busy time for farm food supply demonstrators in finishing up the year's work and preparing for achievement days. It is also a busy time for the wardrobe demonstrators for they are starting their years work and are planning their fall and winter wardrobes. The demonstrators plan their clothing according to their individual needs; keep a record of clothing expenses for the year beginning August 1. Each demonstrator is expected to make and use a foundation pattern and make a dress for the county clothing contest. The demonstrators began work by making an inventory of their clothing on hand and after studying line, color, and designs best suited to the indi-

HOW WOMEN CAN WIN MEN AND MEN WIN

The Favor of Other Men

Unless two pints of bile juice flow daily from your liver into your bowels, your food decays in your bowels. This poisons your whole body. Movements get hard and constipated. You get yellow tongue, yellow skin, pimples, dull eyes, bad breath, bad taste, gas, dizziness, headache. You have become an ugly-looking, foul-smelling, sour-thinking person. You have lost your personal charm. Everybody wants to run from you. But don't take salts, mineral waters, oils, laxative pills, laxative candies or chewing gums and expect them to get rid of this poison that destroys your personal charm. They can't do it, for they only move out the tail end of your bowels and that doesn't take away enough of the decayed poison. Cosmetics won't help at all. Only a free flow of your bile juice will stop this decay poison in your bowels. The one mild vegetable medicine which starts a free flow of your bile juice is Carter's Little Liver Pills. No calomel (mercury) in Carter's. Only fine, mild vegetable extracts. If you would bring back your personal charm to win men, start taking Carter's Little Liver Pills according to directions today, 25¢ at drug stores. Refuse "something just as good" for it may strip, loosen teeth or scald rectum. Ask for Carter's Little Liver Pills by name and get what you ask for. ©1933, C.M. Co.

**SEEN AND HEARD ON
THE PANTRY TOURS**

"After the pantry tour I'm going to eat out of the pantry," says Floy Watson of Red Hill, whose wife had her pantry on display Wednesday and had refused to open some of her products until after achievement day. Mrs. Watson's pantry contains 424 quarts of canned foods valued at \$91.66, which she insists is worth more than the silo her husband is filling. Ten Red Hill club members were at the home of Mrs. Watson to welcome the visitors and some continued with the party. Hot coffee and cookies were served to the group. The club had an exhibit of canned products showing both good and poor quality.

The next stop was at Mrs. I. S. Clower's in the Duck Creek community where 11 club members met the party and showed a school lunch exhibit and some continued with the party prepared for lunches. Mrs. Clower's pantry contains 181 quarts of canned food valued at \$47.60. She has

not gathered and stored her dry vegetables and is still canning. Plates of homemade candy were passed and no one refused a third or fourth piece.

Mrs. W. M. Hunter, Steel Hill, was the next pantry visited. Her pantry is complete in that it contains each of the foods necessary for health but not in sufficient quantities of green vegetables, fruits, and tomatoes but she plans to provide those as she needs them. Here the exhibit was a collection of foods that prevent pellagra if used in sufficient quantities. They were canned beef and pork, cured ham, varieties of cheese, canned and fresh milk, salmon, sardines, and canned tomatoes.

Thursday afternoon Mrs. E. W. Yeakley's pantry in Twin Wells was visited. Her pantry contains 196 quarts of canned food, 20 gallons molasses, and 60 pounds of lard valued at \$50.70. "I will be canning again tomorrow and have quite a bit yet to can besides meat. Then there is all the dry vegetables to put away," says Mrs. Yeakley.

**NRA Compliance
Committee Gets
Instructions**

Complaints of non-compliance with an approved code of fair competition should be sent to Sherwood H. Avery, Compliance Director of North Texas and Oklahoma, who office is at Dallas, Texas, it was announced here this week by Webber B. Williams, Chairman of the Spur NRA Compliance Board.

"Special forms for filing complaints against violators of permanent codes have been furnished postmasters and local NRA Committees", Mr. Williams said. The use of these special forms was urged in order to assure prompt attention to the complaints.

Because of the increase of the number of approved permanent codes, it was necessary that a regional code compliance system be established. "Functions of the local Compliance Board will not be altered by Mr. Avery's appointment," Mr. Williams said, "since the boards will continue to handle complaints under the President's Reemployment Agreement and the director deals with complaints under the permanent codes."

Compliance Boards have no authority to approve or enforce local codes or agreements fixing prices or regulating closing or opening hours, according to instructions received from Washington to Compliance Board Chairmen.

Mr. Williams requests that citizens put a stop to false rumors and reports to the board complaints of violation of the President's Reemployment Agreement so that proper action might be taken. "We are ready to investigate such complaints if people will report them to us. It is harmful to an honest and sincere employer who may be misinformed as to his duties, to have such rumors continue," he said.

**MUCH INTEREST IN
STATE LATIN CONTEST**

Interest in the classics in the high schools of the State is keen it is evidenced by the fact that more than a hundred schools participated in the 1933 Latin Tournament, according to Miss Roberta Lavender, associate professor of classical languages at The University of Texas and editor of the Latin Leaflet, which is published for teachers and students of Latin throughout the State. There were 460 contestants who participated in the district contests in the tournament and 948 pupils and teachers who attended the district banquets. In addition to the contest which consists of a three or three and one-half hour examination in translation, grammar questions and composition, the Latin Tournament also sponsors an essay on not less than five hundred nor more than one thousand words. There were 144 participants in the essay contest last year.

Business was good during October. We want to make November better and we are trying to get merchandise.

Mrs. Rosamond is in Dallas this week seeking out the new things in Ladies Wear, and by the time you read this some of her purchases will be arriving.

We are doing our best to have the best in Ladies Wear.

To the Men we would say Clothes do not make the man but they add a lot to his appearance.

You old married chaps, remember how you shaved up and dressed up when you were courting Maggie, and how Maggie thought you were the nicest fellow in the world. Now you let your whiskers get an inch long, and don't care much about your looks. Come on now, be a good sport. Buy one of our Hart Schaffner & Marx Suits, get a hair cut and shave and go home and if the dog will let you in, see Maggie and tell her you are the same old boy and love her still. Cleve Ensey, Carl Proctor and Joe Giddens can fit you up until you will look like new.

FURNITURE—We have a car rolling this way. Now is the time to buy Furniture. See Dale Dillingham the new man with the New Furniture.

We are making our Grocery Department larger so as to accommodate you better. Come in and buy groceries from the liveliest bunch of fellows, we think, in all the country, and at prices considering quality we think cannot be beat.

Oyster Supper served in our basement last Monday night to our employees. 43 present.

We are now in shape to handle your 10c Government Cotton Loans. Come on with the Crowds and Bring the Children.

Thursday, Nov. 9 to Saturday, Nov. 18

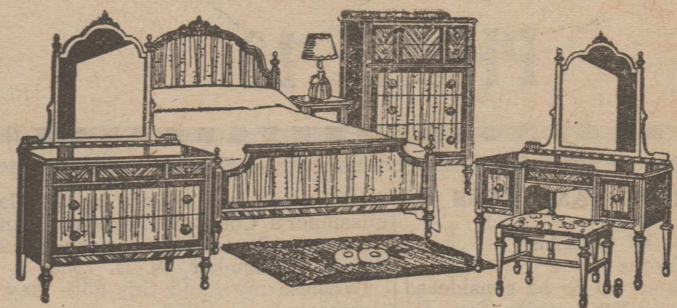

With each Ten Year Subscription turned in between Thursday Morning, November 9th, and Saturday Night, November 18th. These votes are in addition to all other votes. 50,000 Votes will also be given with each 5 year subscription turned in during this same period. The harder you work and the more consistently you stay on the job, early and late, the higher will raise your voting strength. Let's not lose a moment during this important period.

CAPITAL PRIZE

Bought from the Spur Motor Co., Spur, Texas, and on display in their show room. They have all other models in stock, and you are invited to inspect their new models

SECOND PRIZE

This prize is strictly limited to the rural district and cannot be won by a candidate in the city limits of Spur. Included is a fine mattress bought from the Spur Mattress Factory.

CLUB VOTE BALLOT

The offer of 100,000 votes to each one that turns in \$10.00 worth of subscriptions, either new or renewals, will be withdrawn in a few days. THIRD PRIZE

\$100 IN SPOT CASH

The Third Prize is One Hundred Dollars in Cash and may be won by any candidate in the campaign.

FOURTH PRIZE

Every Candidate that makes a report twice each week throughout the campaign and does not win a capital prize will be given a liberal commission on each subscription turned in. It is possible for a candidate to make more off of commissions than the capital prize would amount to.

TO GET ONE OF THE GRAND PRIZES

The name of the one nominating another positively will not be revealed. So come on and nominate your friends.

The first eight or ten subscriptions are certainly the hardest to get, and recognizing that we are offering 100,000 EXTRA Votes over and above all other votes for the first ten, provided these are turned in promptly. This offer will soon be withdrawn, so get in today and get the benefit of these extra votes. To get these extra votes is equivalent to securing ten five year renewal subscriptions during the last period.

Safety First

To insure absolute fairness, and shut the mouth of every critic, this campaign will be brought to a close under a double locked metal ballot box. During the entire last week of the campaign this box, double locked, the publisher having the key to one lock and campaign manager having key to the other lock, will reside in the Spur National Bank, where candidates may go and deposit their final collections and votes in SEALED ENVELOPES, and not until the campaign has been declared CLOSED and then in the presence of three judges, who will take the sealed reports from the box, make the final count, and announce the winners. In this way no one, not even the publisher nor campaign manager possibly know the voting strength of any candidate, which precludes the possibility of favoritism and insures fairness to the most minute degree.

 It costs money to be sick. You see it directly if your pay envelope is short. You lose out on some important work if you live on a farm or if you are one of the few who are not docked for lost time. an orphan can find a home in the Tipton Orphan Home.
 There are few homes in all of West Texas and there are few parents who give their children the opportunity and training that children in the Tipton Orphan Home receive. Children in that home are not cooped up as some might think, but they have opportunity to develop those childish instincts which all children enjoy. They go on picnics, go fishing, go swimming, enjoy play and games, and there is not a Christmas passes that they are not remembered by Santa Claus. They are carefully disciplined but no harsh means are used and it is a rare thing that any child is chastised. To appreciate the work of the home all one has to do is to visit it.

general sales manager for Chevrolet in charge of the Eastern half of the United States, a post he held since September 22, 1930. His promotion comes in the wake of a three-year record for exceptional work with the dealer organization, and in the development of the organization personnel under his direction. His intimate knowledge of salesmen and salesmanship has enabled him to add greatly to the volume of business enjoyed by Chevrolet and through his work in the field he has earned the respect and friendship of dealers from coast to coast.

For years Holler has been recognized as a forceful and energetic leader in the automotive industry and has successfully occupied posts of high executive importance with independent automobile and automotive equipment companies prior to joining the Chevrolet sales department in the central office early in 1926.
 His first assignment was to help formulate policies of the newly created Chevrolet sales promotion department, and he is credited with having written the first exclusive textbook for automobile salesmen on retail selling. He handled special assignments for a time, and in 1926 managed the first convention of the entire Chevrolet organization ever held, at which time a week's series of sessions was held for over 2,000 men on salesmanship training.

In the fall of 1926, Mr. Holler went to Los Angeles as city sales manager, and was instrumental in greatly strengthening the local dealer organization. In January of 1927 he was made assistant regional manager at the St. Louis plant with fifteen states in the midwest under his jurisdiction.
 Six months later he went to Pittsburgh as zone manager, and in June of 1929 was commissioned to open the newly created Eastern Region with headquarters at the company plant at Buffalo. He opened two new zones for the company, trained new regional and zone personnel, and had the new setup operating so successfully in a year's time that in September of 1930 he was brought in to serve as assistant general sales manager.
 In this post he had charge of the territory extending from Chicago to the Atlantic seaboard and from Canada to the Gulf of Mexico. There were four regions and twenty zones under his charge and dealers employing upwards of 15,000 retail salesmen. In his three years in this position the dealer organization has been greatly increased and strengthened, and volume measurably raised in comparison with the total business done by the industry.
 Mr. Holler has been particularly active in working with dealers and salesmen in the field, and spends 75 percent of his time on the sales firing line. He is thoroughly familiar with

all the department of the dealers' retail business, including sales, service, business management and used car operations. He also has been unusually successful in the development of men under him, and today a large number of the company's field officials got their start under Mr. Holler.

There are two sons: Roger W., twenty, at Dartmouth college, and William E., fifteen, in the fourth form at Cranbrook school.
