## Extra Bonus Offer Speeding Candidates Onward

### Big Bonus Vote Offer Should Create Interest Among Candidates. Time For Entries Closed

ALL CANDIDATES ARE ON THEIR TOES FOR BEST REMAINING OFFER

Owing to the inclement weather, some of the candidates did not think they really did their best, so we are offering another big Bonus Vote for week of Monday, Nov. 20 to Saturday, Nov. 25. Watch the big page advertisement for announcements for next two weeks.

When we recall that Mrs. Foy Vernon and Miss Lynn McCaughey were running so close that each report changed the leader, while Miss Lisenby and Mrs. Seale were almost tied in the second group in the city. Mrs. Moore and Miss Jackson have made a splendid start. Although we had a very hard time getting anyone started in the country, we finally succeeded, and now Miss Vesta Sharp, Mrs. R. L. Littlefield and Miss Ethel Hulsey are almost tied for first place while Mrs. Ross Cannon, Mrs. Glenn Skinner, Mrs. B. Street and Miss Angeline Smith were running right together in the next group out of Spur, just half a step behind the leaders.

With these facts before us, and not yet having had time to check up the other votes at this writing, who will drive off the beautiful Chevrolet is still a matter of conjecture. Sometimes those who make the best start get discouraged and stop, which they should not do, and others walk right on as leaders all the way through.

Sometimes the one least expected reaches the point that they cannot stay in the rear and step out as a winner, and surprise everybody by her pluck. This is anyone's race. No one has done anything of any consequence, and all the candidates are closer at this writing than they have ever been before.

**100,000 Extra Votes Until Saturday**  
Do not forget the special offer of 100,000 Extra Votes on Ten year subscriptions, which ends Saturday, November 18th. Also 50,000 extra votes on five year subscriptions. You ought to pay your back subscription and enough ahead to at least give your favorite a five year subscription.

Think of the joy and gladness that this beautiful car, or that exquisite bed room suite will give some one, and if you knew that your ten year subscription would make that friend of yours a winner, would you with hold it? Certainly not. Then if you will lead the other way, others will follow. Look up your favorite and give that one a most delightful surprise by handing in a five year subscription. Or, if you prefer, call the Times campaign manager and he will come and accept your and mail the votes to your choice.

Votes will again be cut in half on Wednesday, November 22nd. Every candidate is urged to get as many subscriptions now as possible to get the benefit of the big vote offer.

These are big days, the most important of this great Prosperity Campaign. Those who have been hesitating must now step forward and do their very best from this until the close of the campaign, or go down as a failure.

If you will put forth your best effort, aided a little by your friends, you can easily take a surprising lead. Success or failure right out in front, so do your very best now.

### He Married the Girl!

"I build a love nest, and you make a joint out of it!"  
Strong words, but never before applied in so innocent and ludicrous a situation as Slim Summerville and ZaSu Pitts find themselves in "Out All Night," their Universal comedy riot coming to the Palace Theatre, Sunday.

It seems that two bashful lovers in the persons of Slim and ZaSu had wandered into a "sample" bedroom designated as "The Love Nest" in a department store at about closing time and were unsuspectingly locked in by the night watchman. They had to stay all night! They were discovered next morning by the flabbergasted department store manager and Slim's dotting manager, calmly asleep. ZaSu, even keeping her hat on, had slept on the bed and Slim had sought repose on the floor. And so, to save his reputation, Slim's mother tearfully decided that he had to marry the girl!

This is only one of the hilarious situations in "Out All Night." The picture is a swift succession of amusing predicaments, following the couple through their short but devastating courtship and their subsequent marriage with always too much mother-in-law.

### A NICE STUDIO FOR OUR TOWN

E. L. Adams has moved his studio last week to the Campbell Building, has a beautiful studio arrangement now. He is located in rooms seven and eight where he has a nice reception room, an exposure room and work room. He has worked out a wonderful light and shade system and can make a good exposure either at noonday or midnight.

Mr. Adams came to Spur in 1917 and installed his studio, and has been on the job making pictures ever since. He is a home man and can always be found when needed.

### More Presents For Candidates Next Saturday

The merchants of Spur again show their appreciation of the work being done by the candidates in the Dickens County Times prosperity campaign by reciprocating with more nice presents to be awarded Saturday evening. All candidates who received presents last week were very proud of them and some have stated they were surprised to get such good ones. Every merchant is interested in the success of every candidate in this race and is offering every inducement in order that all candidates will receive a prize.

It matters not how the candidates may stand in the main race they will receive the above prizes on merits of work done this week. The one who thinks they are in arrears in the main race can secure the first prize of this week by securing the greatest amount of business during the week. We ask that you turn in all business for these prizes by three o'clock Saturday afternoon in order to give time to check up and announce the winners. Tell your friends to help you win a prize.

**How the Candidates Rate This Week**  
By Campaign Manager

According to reports received by the various candidates the Times Big Campaign seems to be very close. All candidates are on the job and subscriptions continue to come in. It will be difficult to tell who will be the leader next time. The following is the relative standing of candidates at this time.

Miss Lynn McCaughey	99,950
Mrs. T. J. Seale	95,000
Miss Erna Lisenby	95,000
Miss Verna Jackson	45,200
Mrs. Foy Vernon	99,975

Stay with your home town man—See Adams Studio for your photographs and kodak work.

### POPPIES WENT OVER BIG

We, the school board, of the Dickens School District wish to express our appreciation for the faithful patrons who have made the school possible by paying their taxes in the past even though it was a sacrifice, but there are some who have not been able to pay in the past, and there are some who have made no effort to pay. The board, in called session, November 13, decided to remove all penalty on delinquent school taxes until Jan. 1, 1934, after that date legal steps will be taken to collect delinquent taxes and the penalty will be heavy (not less than 10%).

Miller who is one of the charter members of the church.

### A FRESHMAN'S PHILOSOPHY OF LIFE

"Life is real, life is earnest—etc, etc." Thus speaks a voice within the senior English class.

Thubbbbbb! What was that? That? Oh, that was the freshman's philosophy of life. Perhaps it is better known as the Bronx Cheer.

This particular freshman then pro-

ceeded to go up to the study hall. But mistake me not my friend, he had no intention of studying. No, as yet he has not discovered that the study hall is made for anything but chunking paper wads.

After making sure that his teacher is not looking he proceeds to sock a studious senior with an eraser. What! The senior merely turned around and then with a knowing look he goes back to his studies. Poor Fish! How was he to know that our principal has a most annoying habit of standing quietly at the door just to catch some unsuspecting sap that is cutting up when he thinks no one is looking.

Now, dear friend let us center our attention on the office for a few minutes. No you are mistaken. There is no carpenter work going on in the office. It is merely that poor fish being introduced to the board of education.

"Life is real, life is earnest, etc." No this is not a senior. This is that same freshman with a changed philosophy of life. He has learned his first lesson, but it has nothing to do with loving his teacher.—Marsh.

### AN HONEST MAN SPEAKS IN CHAPEL

Good morning you worthless brats. I am not at all glad to be with you. In fact I had just started to go play golf when that red headed principal of yours called me up. He told me that it was my patriotic duty to come up here and tell you that honesty is the best policy and about that golden opportunity that always awaits students. The only opportunity that most of you will ever get is hitting some pupil with an eraser when the teacher turns her back. Honesty is the best policy and that is the reason, that for once in my life I am going to say what I think.

You are not the best looking bunch of students that I have ever seen. To

### Pain Passes Off

When your head aches; when Neuralgia tortures you; when Muscular Pains make you miserable—take a Dr. Miles' Anti-Pain Pill.

Mr. Smith is one of millions who have found this easy way to prompt relief. He says—

"I keep Dr. Miles' Anti-Pain Pills in my pocket and when I get a dull heavy feeling in my head, I take a Dr. Miles' Anti-Pain Pill and the pain passes off."

DR. MILES' -ANTI-PAIN PILLS-

tell the truth you are a very dog-eared, mouse-eaten looking bunch. Yes, truly a product of the depression.

It does not give me any pleasure to look upon your faces. Some men would call them bright and shining, but the majority of them look as if a little soap and water would not hurt them.

I am not going to tell you that I can remember that I hated men that said they could remember this, and then went right ahead and spoke for an hour or two.

Some of these days some student is going to tell the truth when a speaker asks if the students had rather go back to their lessons than listen to him. I will not blame you when it happens. I hope to be present when some brave lad or lass tells someone that any self-respecting student had rather be working algebra or plane geometry than listening to some speaker tell about life and its various problems.

Then in closing let us consider this thing about being a good loser. That is a very good way to take things but there are very few business men who could lose a valuable watch or some money and be very graceful about it.

#### HAPPY DAYS ARE HERE AGAIN

Spur High Bulldogs defeated Post High Antelopes in a hot and exciting game Saturday (Armistice Day) and carried out the threat which the Bulldogs made last year but didn't quite finish. The Bulldogs had the best team all the way around this year. Post has a smooth ball club but just didn't have what it takes.

Spur plays Lamesa next Friday at Lamesa at 2:30. Admission 25c and 35c. The whole spur student body looks forward to next Friday as the most exciting day in their career as Freshman, Sophomore, Junior or Senior.—What the out-come will be we don't know but what we're hoping is a different thing.

### HOME ECONOMICS

On Wednesday, November the eighth a few minutes of our class period was spent in electing newspaper reporters from each of the home economics classes. Geneva Robinette was elected for the clothing class, and Adren Morgan and Bernice Justice were elected in the two sections of the foods classes. In each issue of the Rowel, we will endeavor to have something of interest to you along home economics lines.

All of us are especially interested in our home projects at present. We are required to have forty-five hours of home practice work completed by the end of this semester. Some suggestions for home projects were given us during the first month of school. After reading over this list carefully, and talking over our plans for home work with our mothers, each girl selected the types of work which she was most interested in doing and which fit into her home needs. Some of the projects the girls in the clothing class have chosen are as follows: Making Christmas Gifts; Planning and making own undervest for one school term, making linens for mother, school dress for twelve year old sister, re-enamel and add color to bedroom, complete care and planning of my wardrobe, making bedroom set, including scarf, table cover, sheet, etc. The topics for home projects in the foods classes are as follows: preparation of evening meals, canning, marketing, preparation and serving of Sunday dinner, to improve health of ten year old brother, learning to make cake, cleaning closets on Saturdays, etc.

Home projects are required so that our homes may serve as a laboratory for working toward desired goals. We gain knowledge through our own experiences, we develop skill in managing household duties. Our home needs are met, and our abilities are strengthened and thereby become habits thru our home project work.

The following "Home Economics Girls Lament" shows the urgent need for home projects.

"Here I've cooked and sewed and bandaged,  
 Made a fair grade, too—93,  
 But let me try just one home project  
 Then there's chaos, tears—oh, me!

Last night, thought I'd make some cookies,  
 Baked them carefully as could be.  
 How'd I know they'd left Dad's tonic  
 Where the vanilla ought to be?  
 Looked just like it—why 'twas taken  
 From the cabinet I can't see.

Father had a pained expression,  
 Looked at mother, then at me,  
 Jack said, "Gosh!" and left the table,  
 Mother sighed reproachfully.

Then I tried to bathe the baby,  
 Mother was going to a tea,  
 Didn't she drink the borie acid?  
 I can't watch her constantly."

### W. L. McATEER DROPS DEAD IN FIELD

A wave of sadness passed over Dickens County Friday afternoon when it was announced that W. L. McAteer, living four miles south of Dickens, had died of heart disease. Mr. McAteer and some helpers were in the field on the afternoon above mentioned shocking feed, when he groaned and fell to the ground unconscious. He was rushed first to Dickens and then to Spur for medical attention but it was too late. Dr. Blackwell made an examination and gave as his opinion that he lived only a few minutes after the pain struck.

Funeral services were conducted at the home Monday afternoon. Rev. C. W. Parmenter, pastor of the Methodist Church at McAdoo, read the funeral ceremony. Interment followed in Dickens cemetery, Webber Williams acting as funeral director.

Mr. McAteer was a native of Mississippi and celebrated his 73rd birthday anniversary the first of last May. He came to Texas in an early day, making his home in the eastern part of the state. December 18, 1884, he married Miss Nella Ray at Clarksville. Twelve children—seven boys and five girls—graced the home. Ten still survive.

In January 1911 Mr. McAteer moved to Dickens County and established the home where he was living at the time of his death. He soon won the confidence and friendship of his neighbors here and was considered one of the most substantial citizens of our county.

When a young man he made a profession of Christian religion and became affiliated with the Methodist Church. He lived devoted to his church and at the time of his death was a member of the Foreman Chapel Church. He was a charter member of the Masonic order at Dickens Lodge.

He is survived by his widow and children as follows: Sam McAteer, location unknown; Mrs. G. W. Baker of Denver, Colo.; Mrs. A. W. Van Leer of McAdoo; Mrs. A. T. York of Lingo, N. Mex.; Mrs. Verda Harkey of Abilene; Frank McAteer of Burma

India; Forest and Bert McAteer of Norwalk, Calif.; Robert and David McAteer of Dickens and Mrs. W. M. Stovall of Nara Visa, N. Mex., a daughter by a former marriage. There are fifteen grandchildren and one great grandchild in the family.

**Heating Of Bulked Cotton**

In recent experiments at both College Station and Lubbock with the harvesting of cotton mechanically, it was found that the cotton should be dry and practically free of green leaves and green unopen bolls, and the harvested cotton should not be placed on damp ground for any great length of time prior to ginning. Cotton which had not fully matured and which contained a high percentage of moisture in the form of green leaves and green unopen bolls when piled in the field was damaged by heating, the temperature in some cases being as high as 140 degrees F. This resulted in the destruction of the germinating power of the cotton seed and the fat content of the seed was lowered. Furthermore, the grade of the lint was lowered from 1 to 4 grades and the strength of the fiber was reduced as much as 35 per cent. Matured hand snapped cotton stored in the field at Lubbock sweated slightly but apparently was not damaged by heating.

**CHEVROLET HAS NEW GENERAL MANAGER**  
 Appointment of Marvin E. Coyle as General Manager of all Chevrolet Motor Company operations brings into the limelight a man who for the past decade has played an increasingly important part in shaping the destiny of the largest manufacturing division of General Motors.  
 Mr. Coyle assumed full control of Chevrolet on October 16, following the advancement of W. S. Knudsen, former general manager of Chevrolet, to a post as executive vice president of General Motors with headquarters in Detroit.  
 The advancement of Mr. Coyle came just one week after his 46th birthday, and brought into the public eye a man who has worked quietly behind the scenes with Mr. Knudsen in shaping policies and determining administrative procedure of Chevrolet practically since the two men were first associated together in the company in 1922.  
 Mr. Coyle has spent nearly half his lifetime in the continuous employment of General Motors. He entered the organization in the fall of 1911 in a clerical capacity, and has served with the central office or with its divisions without interruption since that date.  
 His new assignment makes him directly responsible for the operation of twenty domestic plants with factory payrolls as of Oct. 13 exceeding 45,000 men, and for 10,000 domestic dealers who employ an additional 25,000 retail salesmen. In this year of sub-normal operations the company will have produced new cars and trucks with a retail value in excess of a half billion dollars, and will have, for five of the past seven years, led the industry in production

and sales.  
 Mr. Coyle came to General Motors in 1911 from a coeprage concern for which he served as chief accountant at the Terre Haute branch. He previously had served with this firm in their main offices at Louisville for nine months—his first regular employment.  
 He was born on a farm near Centerville, Crawford Co., on Oct. 8, 1887, and when in his early teens moved with the family to Fairmont, Ind., where the future Chevrolet executive was graduated from high school. After several years of residence at Fairmont, Mr. Coyle returned with the family to the Pennsylvania farm, and later bookkeeper with the Louisville concern.

Mr. Johnson, of Perryton, is in our city this week with a carload of fine mares, horses and mules for sale. He is a former citizen of Haskell and knows a great number of people in this section of the state. He has his stock in a lot near the Williamson Bros. Gin.  
 C. D. Knight, manager of the Texas Circulation Service, spent the week end with the Times office. Mr. Knight is general manager for the Prosperity Campaign now in progress with the Times. Also, he has a subscription campaign going at Munday and another one at Turkey at this time. Mr. Dew is our local manager.

will be what the name implies. Food will be bought through the Agricultural Adjustment Administration, which has a definite check on the quantities of surplus stocks in every section, and will not create shortages, such as could not be avoided in the rush of buying in war time. Distribution will be made through the emergency relief organization, which is equally familiar with transportation costs. It will be food which otherwise would go to waste through lack of markets.

Spur Defeats Post On Armistice Day

(JEP)  
Scoring in three quarters and displaying a strong offense the Spur High school Bulldog football team defeated Post here Saturday afternoon before the biggest crowd of the year. By winning this game Spur was awarded the championship of quadrant 3 of district 2, Class B.

Almost from the beginning there was very little doubt about the outcome of the game. Spur had a decided edge and held it except for a few minutes in the third quarter. Most of the game was played in Post territory with Spur threatening to score several more times than they did.

Both teams suffered heavily from Penalties. Spur receiving 175 yards and Post 105. Spur made 14 first downs to 4 for Post.

Spur scored their first touchdown on the 13th play after receiving the ball on a punt on their 29 yard line. Scoggins went over for the marker from the two yard line but failed to make the extra point at right tackle.

Spur scored the next touchdown when they recovered a fumble on the Post 25 yard line. Scoggins went around left end on the fifth play for the counter and over right tackle for the extra point.

Spur scored their final touchdown as follows: Paty punted to Post 44. Morgan picked up 16 yards around right end. Chapman plunged over left tackle for 2 yards and Scoggins 10 at the same place. Morgan made 2 more at left tackle and Scoggins went the balance for the touchdown, followed by a right tackle buck for the point.

The entire Spur squad played a good brand of football, the only weakness being on pass defense. Some good blocking and tackling was exhibited and much better offense than had been shown this year. Very little passing was attempted by Spur, although Post went into the air nearly every time they received the ball.

LINE UP table with columns for Spur and Post players and positions.

Referee—Williams. Umpire—Toombs. Head Linesman—Johnson. Substitutions: Spur, Cole, Foster, McCombs, Chapman, Bingham, Bell, Malone, Hisey, Hood, Post, L. T. Chaffin, Gossett.

MILDRED WILLIAMS PASSES AWAY

Mildred V. Williams, six year old, daughter of Mr. and Mrs. L. J. Williams two miles east of Spur, died Saturday morning at 7:50 o'clock. She had been ill just a few days. Laryngeal diphtheria was the cause of death.

Funeral services were held Sunday afternoon at one o'clock. Rev. F. G. Rodgers, pastor of the First Baptist Church in Spur, read the funeral rites. Interment followed in Spur cemetery.

HENDERSON-MENDENHALL

Miss Lillian Henderson, of Spur, and Mr. A. B. Mendenhall were accompanied by a few close friends to the Baptist pastor's home in Spur last Saturday evening and were united in marriage by Rev. F. G. Rodgers. Mr. and Mrs. Mendenhall have many friends here and all join in wishing them happiness and prosperity.

HOW WOMEN CAN WIN MEN AND MEN WIN

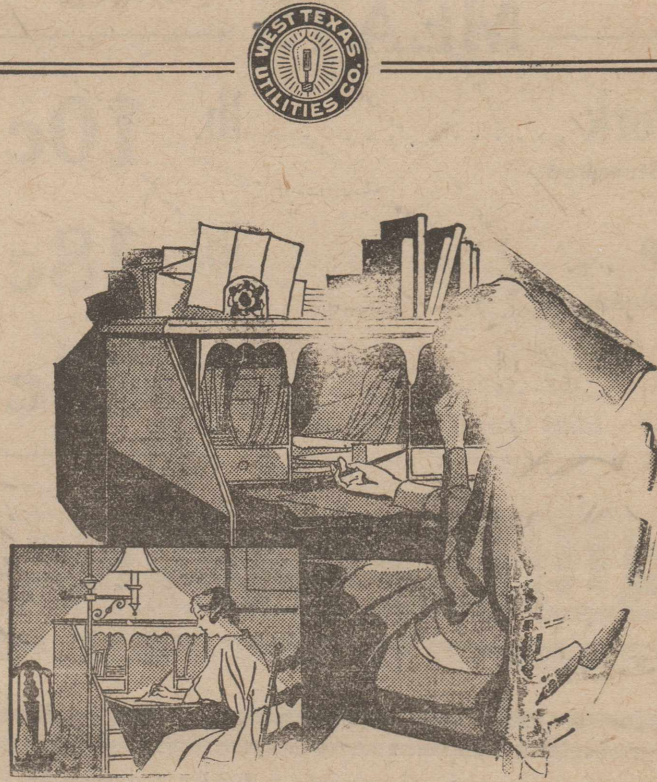

The Favor of Other Men

Unless two pints of bile juice flow daily from your liver into your bowels, your food decays in your bowels. This poisons your whole body. Movements get hard and constipated. You get yellow tongue, yellow skin, pimples, dull eyes, bad breath, bad taste, gas, dizziness, headache. You have become an ugly-looking, foul-smelling, sour-thinking person. You have lost your personal charm. Everybody wants to run from you. But don't take salts, mineral waters, oils, laxative pills, laxative candies or chewing gums and

expect them to get rid of this poison that destroys your personal charm. They can't do it, for they only move out the tail end of your bowels and that doesn't take away enough of the decayed poison. Cosmetics won't help at all. Only a free flow of your bile juice will stop this decay poison in your bowels. The one mild vegetable medicine which starts a free flow of your bile juice is Carter's Little Liver Pills. No calomel (mercury) in Carter's. Only fine, mild vegetable extracts. If you would bring back your personal charm to win men, start taking Carter's Little Liver Pills according to directions today. 25¢ at drug stores. Refuse "something just as good" for it may scribe, loosen teeth or scald rectum. Ask for Carter's Little Liver Pills by name and get what you ask for. ©1933, C.M.Co.

Better Lighting Will Ease Your Budget Worries

There are budgets that really will work... budgets that will show how to bring expenses within income! But they weren't created at a dark and gloomy desk... they were the result of calm and intelligent analysis under the cheering atmosphere of good light.

It's surprising what a difference adequate lighting makes... Troubles take on a less terrifying aspect when subjected to the clear, eye-soothing brilliance of the modern electric light. It's not only much easier to work, but the absence of eye-strain keeps your mind clear and alert.

Next time you sit down to plot out the month's expenses, or to write a letter, be sure your light is adequate. You'll find the difference amazing!

A trained employe will be happy to inspect your home-lighting arrangements. There's no obligation, of course... and chances are that a simple rearrangement of your present fixtures, or adjustments giving you adequate sized lamps where they're needed, will be all that's necessary.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

### Safety First

To insure absolute fairness, and shut the mouth of every critic, this campaign will be brought to a close under a double locked metal ballot box. During the entire last week of the campaign this box, double locked, the publisher having the key to one lock and campaign manager having key to the other lock, will reside in the Spur National Bank, where candidates may go and deposit their final collections and votes in SEALED ENVELOPES, and not until the campaign has been declared CLOSED and then in the presence of three judges, who will take the sealed reports from the box, make the final count, and announce the winners. In this way no one, not even the publisher nor campaign manager possibly know the voting strength of any candidate, which precludes the possibility of favoritism and insures fairness to the most minute degree.

### TO OUR FRIENDS AND READERS

We want to thank those of you who have remembered us already in this subscription campaign, and hope that all of you will find it worth while to give us your renewal before the campaign closes. Many of you have handed your subscription to us, some to as much as five dollars at a time. We have worked hard the past few years to serve you in the best manner we can, and we appreciate your remembering us now. It shows the kind of people you are. There are some who have never been subscribers to the Times. We would like for you to try our paper for a year—it wont cost you much, and you may find it to be a better paper than you think it is now. Let's get acquainted.

Some of our subscribers may be two or three years in arrears. If you cannot pay up in full now, pay all you can and maybe you will have an opportunity to pay the remainder before long. Help some of your neighbors all you can to secure one of the major prizes we are offering. This next week will be a fine time to help out in this way with your renewal. If some candidate does not contact you, just send it to the Times office and state who you want to have credit for your subscription. They will get it.

### LOCAL AGENTS ATTEND CONFERENCE

The Extension Agents Conference held in College Station last week was attended by 200 county farm agents and 123 county home demonstration agents besides the district agents and staff members. The purpose of the conference was to work out plans for the utilization of the land retired in the cotton-wheat reduction campaign and to study the program for next year, exchange experiences, and weld a stronger organization.

### CLUB EXHIBIT IS TO BE IN HARKEY BUILDING

The home demonstration club women are holding their annual club exhibit Friday and Saturday in the Harkey Building, next door to Sanders Pharmacy. Products must be in by noon Friday. The home demonstration clubs have given 45 prizes to be given as premiums. They will be awarded as listed in the papers on the front page of this issue.

The products will be judged early

Saturday morning and the judges will give a judging demonstration at 1:30. Miss Norfleet Grimes, home demonstration agent of Young County and Miss Jewel Faulkner, home demonstration agent of Knox County are to judge the exhibit.

The exhibit will be open a while Friday night for the benefit of those who are working in town. Products may be removed after 5:00 Saturday afternoon.

### BOX AND PIE SUPPER AT LOWER RED MUD

There will be a box and pie supper served at the Lower Red Mud school house next Saturday night. The school will render a short program just before the sale of boxes and pies begins. The proceeds from the supper will be used by the school to secure equipment and apparatus which the general funds do not provide. Everybody is extended an invitation to be present and enjoy a good box supper and a good time. The pies and boxes will be sold at auction to the highest bidder.

Herman McArthur is principal of the school at Lower Red Mud and the people are enjoying another very fine school this year.

### CAR PARKED ON BRIDGE WRECKED TRUCK; ONE KILLED

A truck collided with a car parked on a narrow bridge near the E. B. Shaw place on Highway 24 causing the death of a man named Bills. Two

men who stated they had been driving the car said the car went dead while on the bridge and they could not get it started. They left the car and were in the barrow ditch when the driver of the truck saw the car shouted to the men. The truck was going down grade at good speed and when it hit the car the truck turned over. A piece of the body of the car hit Bills just above the eyes, uncapping the skull. The accident occurred about five o'clock Sunday morning.

Report was made to Wichita Falls and an ambulance was ordered out to convey the body to that place. Bills was reported to have no family. The truck driver escaped injury.

The men who were driving the car were taken into custody by the Sheriff's Department at Dickens and preliminary hearing was given Monday.
