Dickens Co. Times

VOLUME 10

SPUR, DICKENS COUNTY, TEXAS, THURSDAY, FEBRUARY 1, 1934

WHOLE NUMBER 445

FEBRUARY 15TH DEAD LINE DATE FOR SIGNING COTTON ACREAGE REDUCTION CONTRACTS—LANE

County Agent G. J. Lane informed the Times at noon Wednesday that an extension of 15 days had been granted for signing Cotton Acreage Reduction Contracts. The average production of 100 pounds per acre had also been reduced to 75 pounds per acre, which will allow a much larger number of farmers to sign these contracts.

The farmers of Dickens county in cooperation with the County Agent are signing up contracts under the Federal acreage plan. Up to Saturday night 265 farmers in this county had signed up 12,107 acres. This lacks quite a number of the total amount expected from this county but it was hoped by those in charge to complete by last night, which was the dead line, unless an extension is granted.

The signing of contracts moved along slow because of the multiplicity of details and each farmer desired a thorough explanation of the part he was to perform before signing a contract.

The county agent reported 203 cotton option checks had been received by him under the pool agreement on 1933 cotton. The amount received otherwise is not known as the checks are mailed direct to the farmer by the government.

Webber Williams Announces For Sheriff-Tax Collector

TO THE VOTERS OF DICKENS COUNTY:

For several months I have told numerous friends who have asked me that I would be a candidate for Sheriff and Tax Collector of Dickens County this year. I have definitely decided to enter the race, because I would like to be your Sheriff.

There is only one promise I shall make now or later and that is to enforce the law to the best of my ability. Where I can be of service and obey the law I shall try to do same but if I am elected your Sheriff, THE LAW WILL BE ENFORCED.

The primary is several months away, but before that time I plan to see each voter in the county. If I fail to see you, I still ask for your vote and influence.

Respectfully submitted, Webber Williams.

Girard People Hold Community Banquet

The people of Girard community enjoyed a great time at their high school auditorium last Friday evening. It was a great social meeting where neighbors came together around a great banquet table and talked over the good things of life and enjoyed a great feast together.

Response to the address were made by W. D. Starcher, of Spur; G. H. Huls, of Jayton, and Judge Westfall of Aspermont. A very nice program was rendered by local people. Spur band furnished a number of good musical selections.

Supt. Hall, of Spur schools, made the address of the evening. Mr. Hall subject was the child of today. He handled his subject in a very able manner.

RESIGNS AS PASTOR OF CHURCH

Rev. N. C. Whitlock, who has been pastor of the Assembly of God Church the past year, tendered his resignation at a business meeting of the church last Thursday evening. About a month ago, Rev. Whitlock had been elected to serve the church another year, but under conditions he felt best not to serve as pastor any longer.

When he came here as pastor of the church there was no church building owned by the congregation. Recently he enlisted the aid of the people of the town and secured sufficient funds to erect a small building adequate to take care of the services. He worked faithfully during the erection of the building doing a great deal of the work on it.

Rev. Whitlock expresses his appreciation for the cooperation of the business men and others in the community in his work and thanks all of them for the confidence manifested.

He will remain in Spur probably until the close of school, but will be in revival meetings at different places. He stated he has a number of calls for meetings at this time which he will accept.

JOHNNY KOONSMAN CONSIDERS MAKING RACE FOR SHERIFF

Johnny Koonsman, of Wichita, was attending to business here Saturday and was a pleasant caller at the Times office. Mr. Koonsman stated that he had numerous inquiries about making the race for Sheriff this year. He stated that he was giving the matter consideration and if he decided definitely to make the race that he would make an announcement soon. Mr. Koonsman said he had much encouragement and solicitation to make the campaign.

Geo. S. Link Heads Credit Association

Geo. S. Link was elected president of the Spur Production Credit Association at a meeting of the board of Directors January 24. Other officers elected were: V. V. Parr, 1st Vice President; Oscar Vinson, second vice president and Jas. B. Reed, Secretary-Treasurer. E. P. Menke, representative of the Production Credit of Houston, met with the board.

The charter for the association has been delivered and upon completion of certain other preliminaries the association will be ready to make loans. Mr. Reed stated that he thought it would be about ten days before the first loan could be made.

Appraisers elected for each county were as follows:

Motley County, F. M. Jenkins; Dickens County, M. L. Jones; Kent County, O. C. Lawrence; King County, V. N. Hand. The appraisers have to go over each farm before loan can be made to a farmer in that county.

Dr. John R. Neal Continues Services At Methodist Church

The revival services at the Spur Methodist Church will continue thru Sunday night according to announcement of the pastor, Rev. E. L. Yeats. Rev. John M. Neal, evangelist doing the preaching, has been bringing a series of messages to full houses at every night service and much interest has been manifested. Fair crowds have been present for the morning services at ten o'clock.

A special service by the choir before preaching was given Monday evening. A number of spirituals were sung and Miss Hamilton, choir director, sang as a special, "Old Man River." The public is cordially invited to attend all the services and hear Rev. Neal, one of Southern Methodism's most noted evangelists.

VARIETY OF CONTESTS OFFERED BY LEAGUE IN 1934

The Interscholastic League of this county offers the schools this year a wide variety of contests, according to R. E. Neilson, recently elected Director-General of the organization for the current school year.

"No other extra-curricular activity," he said, "engages the interest and stimulates endeavor along helpful lines more than the contests which are scheduled for the county meets. There is opportunity for participation in fifteen different fields, both athletic and literary, ranging from the third grade on up to the last year in high school."

"We are advised from the State Office that the Constitution and Rules is ready for distribution and that applications for membership are coming in from schools in all parts of the state. The schools in this county should get in on the ground floor and begin preparations early. Each school that joins is given a copy of the Constitution and Rules, a copy of the current spelling list and is entered for a year's subscription to the Interscholastic Leaguer. Last year nearly six thousand schools joined the League and participated in its work in 220 different counties. There are contests arranged for every class of public school, including rural, ward, and both small and large, high schools, and all-round championships are decided in each of the divisions at the county meet."

Home Man In Race For District Attorney

Alton B. Chapman, County Attorney the past four years, is placing his name for District Attorney. Mr. Chapman states in his announcement that he will make the campaign on his record as County Attorney of Dickens County and his desire for promotion.

The Times takes pleasure in endorsing and recommending Mr. Chapman to the people of the 110th Judicial District. Personally, Mr. Chapman is young man of integrity and high moral, and has lived an exemplary life. He is a home boy, raised in Dickens County and acquired an education through hard work and personal sacrifice.

Alton Chapman's record as County Attorney is strictly one of accomplishment in enforcing the law without fear or favor. He holds the record of getting the first conviction under Texas new beer law. He has prosecuted violators of the law with every resource in fulfilling the duties which were to carry out when inducted into office.

Last fall there was more money in the country than in several years. This money attracted all kinds of people. A large number of grafters, thieves and other law breakers drifted in. A close tab was kept on these people and in cooperation with the sheriff's department, Mr. Chapman prosecuted these people whenever they could be caught in violating the law and succeeded in saving the people of Dickens County several thousand dollars as well as protecting the public welfare.

A carnival moved into the county during the fall months with an unusually large number of gambling machines. The County Attorney prosecuted these people to the limit of the law, heavy fines were assessed and eventually the carnival was driven from the county before its scheduled times was up.

These above are a few instances of the accomplishments of Mr. Chapman and why we think he would make a good District Attorney.

Local Hatchery Man Honored

Dee Hairgrove, local hatchery man was in Lubbock Saturday attending a meeting of the South Plains Hatchery Association. Mr. Hairgrove was honored by the association by being elected a member of the board of directors for 1934. Explanation of the hatchery code and adoption of provisions by the South Plains association were the main events of the convention.

Will Rogers Names It Doctor Bull; It's Great

Humorist's Role is at Human As Characterization in "State Fair"

"Name it and you can have it," said the Fox Company to Will Rogers when they bought James Gould Cozzens' best seller novel, "The Last Adam." Rogers named it "Dr. Bull" and proceeded to make the genial doctor one of his best screen characterizations, truly as great and as human as his role in "State Fair."

But the picture which comes to the Palace Theater is more than a star vehicle. Through the eyes of the doctor one sees the joys and the sorrows of an entire New England community. Dr. Bull has time for everything—even for courting a widow. But first he has to solve the romantic problems of some of his younger clients, one of whom happens to be the daughter of the town's capitalist.

It's a great story and John Ford has brought it to the screen with a fine feeling for the human drama latent in every life. In doing this he has the artistic co-operation of a splendid cast of supporting actors, including Vera Allen, Marion Nixon, Howard Lally, Burton Churchill, Louise Dresser, Andy Devine, Rochelle Hudson, and Temple Pigott.

Respectfully yours, Fred Dozier.

Alton B. Chapman Announces For District Attorney

TO THE PEOPLE OF DICKENS COUNTY:

In announcing to you my candidacy for the office of District Attorney of the 110th Judicial District allow me to first express to you my appreciation for the favors you have heretofore extended me.

I recall with pleasant memories the overwhelming majority you gave me over my opponent in 1930 when I made my first race for County Attorney of this county, at which time you elected me by a vote of almost three to one and without my losing a single voting box in the county. I felt at that time and still feel that the vote you gave me on that occasion was your expression of confidence in me and your expression of appreciation for the effort I had made to acquire an education for myself.

In my race at that time you will recall that I told you that I wanted the County Attorney's office for what money it paid and because of the splendid opportunity it afforded for experience and for advancement in my profession. I appreciate very deeply the cooperation that has been given me in my efforts to better discharge the duties of my office, and I appreciate the office for the experience it has given me as a lawyer and as a prosecutor. The office I am now asking for is just another step forward from the duties I have been performing, and I know that I am fully qualified and equipped for the duties it necessarily requires.

True I have not conducted without mistakes the affairs of the office I now hold and I do not say I shall be able to make a perfect District Attorney, for only Christ was perfect or could be perfect. I have however, tried to handle the affairs of my office without fear, and without special privileges or favors to anyone, and with the desire to treat everyone exactly alike regardless of his station in life. I can truthfully say I do not hold an ill will toward a single individual in this county, and any thing I have had to do or say against any person has been done and said in an official and professional capacity in the honest and proper discharge of my duties.

I have always been and always expect to be a Democrat, and at every opportunity expect to do what I can for my party. I was a delegate from Dickens County to the State Democratic Convention and a delegate from this district and attended the National Democratic Convention in Chicago that nominated our great President, Franklin D. Roosevelt. I believe in the Democratic form of Government and the manner in which our laws are made—"by the majority." And once a law has been engraved upon our statutes and as long as it remains there, regardless of whether we may like it or dislike it, I BELIEVE IT SHOULD BE OBSERVED AND RESPECTED.

My idea of what a District Attorney should be is a man that is FAIR, but a man that is FIRM, ACTIVE, VIGOROUS, and AGGRESSIVE, both in the preparation and prosecution of his cases, and if I should have the honor of serving this Judicial District in the capacity of District Attorney it will be my aim and desire, and I PLEDGE MYSELF TO GIVE ALL VIOLATORS OF LAW THAT COME WITHIN MY JURISDICTION VIGOROUS FIRM AND FAIR PROSECUTION. I believe you will say I have conducted the County Attorney's office in just that manner.

In asking for this office I feel proud that I can do so as a native son of Dickens County and of West Texas, for in my experiences with people from other localities I find that I appreciate all the more the ideas and ideals of West Texans.

I would like to see all the voters of this county before election day and personally solicit their vote, but with three other counties in the district to campaign in, one of which is much larger than this county, it is going to be impossible for me to spend very much time here. I hope and sincerely believe you are going to give me the best vote that has ever been given in the county to a person with opposition. If I do not see you personally please accept this as my personal solicitation for your vote and active influence.

Very sincerely yours, Alton B. Chapman.

First Nudist Film At Palace Theatre

"Back to Nature" the picture coming to the Palace for a one day run Friday only presents the authentic facts of the practices of the nudists includes scenes not only in Germany, where the cult is said to have had its real start, and in France, where it is found a joyous welcome, but in America as well—there being several hundred organized groups in this country over a million followers, the largest of the Nudist groups, that headed by the noted Adolph Koch, had the sanction of both the municipal and the national governments. This group meets not only in the open, in the warm water, but the year around in huge gymnasiums and exercise halls.

Alton B. Chapman Announces For District Attorney

TO THE PEOPLE OF DICKENS COUNTY:

In announcing to you my candidacy for the office of District Attorney of the 119th Judicial District allow me to first express to you my appreciation for the favors you have heretofore extended me.

I recall with pleasant memories the overwhelming majority you gave me over my opponent in 1930 when I made my first race for County Attorney of this county, at which time you elected me by a vote of almost three to one and without my losing a single voting box in the county. I felt at that time and still feel that the vote you gave me on that occasion was your expression of confidence in me and your expression of appreciation for the effort I had made to acquire an education for myself.

In my race at that time you will recall that I told you that I wanted the County Attorney's office for what money it paid and because of the splendid opportunity it afforded for experience and for advancement in my profession. I appreciate very deeply the cooperation that has been given me in my efforts to better discharge the duties of my office, and I appreciate the office for the experience it has given me as a lawyer and as a prosecutor. The office I am now asking for is just another step forward from the duties I have been performing, and I know that I am fully qualified and equipped for the duties it necessarily requires.

True I have not conducted without mistakes the affairs of the office I now hold and I do not say I shall be able to make a perfect District Attorney, for only Christ was perfect or could be perfect. I have however, tried to handle the affairs of my office without fear, and without special privileges or favors to anyone, and with the desire to treat everyone exactly alike regardless of his station in life. I can truthfully say I do not hold a ill will toward a single individual in this county, and any thing I have had to do or say against any person has been done and said in an official and professional capacity in the honest and proper discharge of my duties.

I have always been and always expect to be a democrat, and at every opportunity expect to do what I can for my party. I was a delegate from Dickens County to the State Democratic Convention and a delegate from this district and attended the National Democratic Convention in Chicago that nominated our great President, Franklin D. Roosevelt. I believe in the Democratic form of Government and the manner in which our laws are made—by the majority. And once a law has been engraved upon our statutes and as long as it remains there, regardless of whether we may like it or dislike it, I BELIEVE IT SHOULD BE OBSERVED AND RESPECTED.

My idea of what a District Attorney should be is a man that is FAIR, but a man that is FIRM, ACTIVE, VIGOROUS, and AGGRESSIVE, both in the preparation and prosecution of his cases, and if I should have the honor of serving this Judicial District in the capacity of District Attorney it will be my aim and desire, and I PLEDGE MYSELF TO GIVE ALL VIOLATORS OF LAW THAT COME WITHIN MY JURISDICTION A VIGOROUS FIRM AND FAIR PROSECUTION. I believe you will say I have conducted the County Attorney's office in just that manner.

In asking for this office I feel proud that I can do so as a native son of Dickens County and of West Texas, for in my experiences with people from other localities I find that I appreciate all the more the ideas and ideals of West Texans.

I would like to see all the voters of this county before election day and personally solicit their vote, but with three other counties in the district to campaign in, one of which is much larger than this county, it is going to be impossible for me to spend very much time here. I hope and sincerely believe you are going to give me the best vote that has ever been given in the county to a person with opposition. If I do not see you personally please accept this as my personal solicitation for your vote and active influence.

Very sincerely yours, Alton B. Chapman.

They will work with the expansion committees in the clubs carrying extension work to at least 85% of the farm families in the organized communities. This committee will help to organize home demonstration clubs in those communities that do not have clubs and work with expansion committees in unorganized communities.

Mrs. J. L. Hagins, Duck Creek, is chairman of the yearbook committee with Mrs. John Bachman, Soldier Mound, and Mrs. W. O. Garrison, Red Top. This committee, in cooperation with the agent, plans the yearbook, compiles it, and is responsible for its publication and distribution. —Council Reporter.

MIDWAY SCHOOL NEWS

Everyone will admit that the old saying, "One stitch in time saves nine," is quite true. But Midway pupils and pupils of surrounding schools placed somewhat different interpretation to the adage last Tuesday morning when they aptly, not to mention demonstratively, accepted the preventive force of the needle instead of the stitch. About 100 children at that time received the serum administered by Dr. Wiley.

In observance of National Thrift week the English classes presented a program to the school last Friday morning as follows:

Introduction, Margaret Burns; A health talk, Nell Williams; Thrift of the brain, Madeline Ford; Essay on the conservation of the body, Conrad Middlebrook; Thrift from four standpoints, Ruby Lee Slayden; Thrift in giving, Goldie Varnell; Story—Oh, save me! Save me! Cried the small change, Vivian Baker.

A thrift dialogue on health by Charlie Lee Baker and Pat Mullins. Original class room, Jimmie Hickman. A large portion of the program was original which added to its value.

After the above mentioned program the chapel period was converted into a socialized discussion in which everyone took a constructive part.

Midway school contributed in the McAdoo School carnival by contributing stunts as presented by neighboring schools. We modestly boast of having won third place among the several comic presentations. Score of the McAdoo-Midway basket ball game: Midway 3, McAdoo 5. —Reporter.

GIRL RECEIVES IMPROVED ROOM FOR CHRISTMAS PRESENT

Santa Claus seems to be interested in improved bedrooms for he started the improvements in Dorothy Christopher's bedroom. Dorothy is bedroom demonstrator for the Duncan Flat 4-H club and reports that the first improvement for her room was closet built across one end of the room. Last fall Dorothy picked cotton for money to use in her work of improving the room but was happy to have Santa help her too.

She has selected new window shades and curtains for her room and is going to paper it too. A dressing table is being planned, also a bathing unit. An old secretary-chiffonette is to be refinished and shelves added to make storage space for folded clothes on one side and for books on the other. CLARA PRATT, H. D. A.

COUNCILS HAVE NEW WORKING MANUAL

"The first county home demonstration council was organized in 1924. These first councils were simple in structure and limited in their activities. The three-fold purpose was to develop leadership, to forward home demonstration work through county-wide cooperation, and third, to serve as a medium through which the agent might receive information from the clubs and give additional help to home makers," said Miss Pratt, in discussing the new Working Manual of Councils in the regular meeting of the

Dickens County Council Saturday. "Councils have grown with home demonstration work these ten years and have taken so many new responsibilities that a Manual was necessary as a guide to expansion in the service of home demonstration work."

"The county council is not an independent club but an advisory committee composed of the presidents of the home demonstration clubs and one elected member from each club in the county. It does not have a constitution or by-laws. But it should have a set of standing rules to provide regulation in regard to membership, officers, term of office for officers and club representatives, money raised and paid out, standing committees, meetings, voting body and quorum," continued Miss Pratt.

Each council member present was given a copy of the Manual and asked to study it carefully.

No, but juniper oil is. Use it to drive out impurities and excess acids that cause the irritation which results in getting up nights, bladder weakness, leg pains, backache and burning. Juniper oil is pleasant to take in the form of Baskets, the bladder laxative, also containing buchu leaves, etc. Use a 25c box. If not satisfied your druggist will return your money. Free Action for all 4 wheels

plus the safety of a front axle and comfort of Cantilever Springs

A great deal of thought is being given today to springs. Various experiments are being tried in an effort to get independent action for an automobile's front wheels.

All of which is simply another tribute to the soundness of Ford engineering and the Ford V-8 for 1934. When you drive this car you get free action not only for the front wheels—but for all 4 wheels.

Ford transverse cantilever springs provide individual suspension for both front and rear axles. In the new Ford these springs have been made more flexible. This type of construction is not experimental and has the advantage of

comfort plus the proved safety of a front axle. This new Ford combines V-8 power with gasoline economy—20 miles to the gallon at a speed of 45 miles per hour, in exhaustive road runs. It will do 80 miles an hour without difficulty. At 50 or 60 miles per hour it is actually running at ease!

This reserve power means acceleration unequalled by practically any other make of American automobile, regardless of cost. Before you buy any car at any price, drive the new Ford V-8 for 1934.

Ralls, Ralls, president of the organi-
zation, a district unit of the Texas

ey from the federal unemployment

continue the needed work, it was nec-
essary to go after more money.

ing the road program and of the pos-
sibility for securing additional funds
for its continuation will be given at
the meeting.

**PLYMOUTH IS THE ONLY
LOW PRICED CAR
THAT OFFERS
THESE FOUR
BIG
FEATURES**

TODAY PEOPLE DEMAND A SMOOTHER RIDE!

People no longer buy a certain car just because
it's the kind they had before. They're looking a-
round more—and more carefully. They're testing
the ride before they buy. That's how Plymouth
made its sensational sales record in 1933.

That's why these new Plymouths for 1934 are
ready making sensational sales records. The 1934
Plymouth ride is outstanding in the low price field.
Plymouth led the way to smooth riding, with float-
ing power engine mountings, which put an end to
engine vibration.

Floating Power engine mountings placed Plymouth
in the front rank of popularity—and continue to be
the greatest "ride" feature of recent times.

But Floating Power is just half of Plymouth's 1934
ride story. Now Plymouth presents Individual Front
Wheel Springing and the end of galloping—Cross-
Steering and the end of steering wheel wiggles. No
more road fight—no more rear seat jouncing. Ply-
mouth frees you of vibration from both engine and
road!

No wonder people everywhere are enthusiastic
over the new kind of ride that the 1934 Plymouth
gives.

RECOVERS \$360,000 PART OF FARM SOLD

Mrs. Annie Albright, who sold her Gregg County farm supposedly containing 400 acres, years ago, got back part of it last week, and the portion recovered was valued at \$360,000.00.

The land when she acquired it, was supposed to have contained 400 acres, but she subsequently was found to contain 437 acres. It was sold to meet a debt of \$1,000.

Mrs. Albright brought suit to set aside the sale and the Court of Civil Appeals at Texarkana held that she should have the 36 or 37 acres which she didn't know was part of the tract originally. Wednesday of last week the Texas Supreme Court sustained the decision of the Court Appeals by declining to grant a writ of error.

Since the original sale of the land it had passed through many hands and finally was leased by a number of oil companies in the East Texas oil boom. The Shell Oil Company stated that the land is worth \$10,000 an acre. The land was described as lot 2 of the W. H. Castleberry survey, Gregg County. Oil fields make lands valuable.

Making Hollow Tile Demonstrators Are

"About half our garden has been irrigated with pipes underground for several years but we are placing concrete hollow tile in the remainder. We are going to keep a record of the garden in order to tell which method of sub-irrigation is the better," said Mrs. Clyde Gardner, farm food supply demonstrator for the McAdoo home demonstration club.

"Sub-irrigation has several advantages over surface irrigation," said Mrs. Jim Nichols in discussing that subject. "Sub-irrigated gardens do not suffer when neglected for a little while as do surface irrigated gardens. The gyp water does not hurt the soil when used in sub-irrigation but will 'kill' the soil if used on the surface. Then sub-irrigation is so much easier than surface."

Making the tile for sub-irrigation is being demonstrated in each of the home demonstration clubs and the 4-H clubs in the county this month. The farm food supply demonstrators are to lay at least 100 feet of tile in their gardens and the garden demonstrators in the girls' clubs are to have at least 25 feet in their gardens.
