

FORD TO BUILD HUGE EXPOSITION AT THE 1934 CHICAGO WORLD'S FAIR

A GREAT Ford Exposition, portraying the tremendous part the arts, sciences and virtually every other industry plays in the manufacture of today's motor cars, is planned by the Ford Motor Company for the 1934 World's Fair.

The Ford Exposition will be housed in a giant building 360 feet long to be built in the heart of the fair grounds on an 11-acre plot bordering Lake Michigan and flanking the main fair boulevard. Construction of the building will start Mar. 1.

In the dominant central building will be housed Henry Ford's "Drama of Transportation," depicting the development of wheeled vehicles from the chariots of ancient Egyptian kings to modern motor cars. Every model of Ford car made since 1903 will be included.

In the smaller building to the left will be housed some of the priceless historic exhibits from the Edison Institute at Dearborn, Mich., including the one-story brick workshop, complete with the original tools, where Mr. Ford in 1893 built with his own hands his first motor car. This first car will be displayed inside the shop.

The main exposition building will display an imposing array of exhibits, most of them in action, show how steel, aluminum and other metals, soy beans, corn, wool, cotton and other farm products and the products of myriad industries are converted into car parts. The building also will house displays of cars and a big movie theater. Along the east side will be an open-air balcony equipped with chairs and lounges where hundreds may relax.

Henry Ford and Edsel B. Ford show to Rufus C. Dawes (center), president of the World's Fair, the scale model of the giant Ford Exposition building to be built at the 1934 Fair. (Lower) The Ford building as it will be seen from Leif Eriksen drive. Opposite the building will be a huge park bordering Lake Michigan.

Across the drive fronting the lake will be a big Ford Park, beautifully landscaped and also fitted with seats and other comforts for fair crowds.

The following friends were not present but sent in their presents: Mesdames J. M. Foster, Oran McClure, Geo. S. Link, W. B. Lee, Rose Elkins, J. P. Carson, G. J. Lane and Roy Stovall.

GIRARD COUPLE SHOWERED

One of the most beautiful showers that ever fell in Girard, fell on Mr. and Mrs. Allison Burton last Saturday afternoon at 3 o'clock. Mrs. Henry Stiles entertained in honor of Mr. and Mrs. Allison Burton.

Friends gathered from far and near with beautiful and useful presents. The cakes for the occasion were baked at the Spur Bakery. Everyone registered as they entered the door. 4 of the high school girls, Misses Dortha Parks, Ethel McGaha, Sybil Phillips and Wilda Stephens served the hot chocolate and cake.

Everybody complimented the delicious and beautifully decorated cakes and hoped to enjoy another shower soon.

W. M. Austin and son, Austin Proctor, of Afton, are in Sudan visiting Mr. and Mrs. B. R. Haney.

CLUB NEWS

HUSBANDS TO BE ENTERTAINED

"How many husbands have we to entertain?" asked the club ladies of McAdoo last Tuesday afternoon at a call meeting at Mrs. Norman Eldredge's of the home demonstration club. The club ladies decided to entertain their husbands at the night meeting with 42 next Tuesday night. The next regular meeting will be at Mrs. Jim Eldredge, wardrobe demonstrator, who will show the ladies how to cut various sleeve patterns as well as to discuss the ladies wardrobe. New members are urged to come and join our club. —Reporter.

FARMER PLANS TO SUB-IRRIGATE GARDEN

"That is what I have been wanting to learn," announced Joe Hale, farmer in the Prairie Chapel community when asked if he would make concrete hollow tile to sub-irrigate the garden and thus co-operate with his wife in being farm food supply dem-

onstrator for the Prairie Chapel home demonstration club. "I would like to sub-irrigate at least half the garden this spring. The strawberries and berries should be sub-irrigated too. We have good gardens because we irrigate but I can see the advantages of sub-irrigation and am glad to make tile for it." Making concrete hollow tile has been demonstrated in each of the home demonstration clubs in the county in January and February and in part of the girls clubs. The work will be finished in the girls clubs in March.

REPORTERS ATTEND MEETING

"The opening sentence of the report of club reporters should give worthwhile information for the club member or non-club families who did not attend the meeting," Miss Clara Pratt told the club reporters in their meeting Saturday afternoon. The reporters of the clubs have a definite responsibility in helping give out useful information on farm home-making to every home in Dickens County. From time to time, the reporters will meet to study writers methods. Each reporter will work to improve her reports.

Those present were: Mrs. Tom Gilmore, council reporter; Mrs. J. H. Hooper, Twin Wells; Mrs. W. O. Garrison, Red Top; Mrs. C. W. Bostic, Dry Lake; Mrs. Forest Martin, Peaceful Hill; Miss Allene Allen, McAdoo. —Council Reporter.

COUNTY COUNCIL HOLDS BUSY SESSION SATURDAY

"We are inspecting the children in the schools in the county and our records show an alarming number of undernourished children in the schools inspected," Miss Evelyn Ritcher, County Health Nurse told the Dickens County Home Demonstration Council in their regular meeting Saturday afternoon in the basement of the Baptist Church.

Mrs. Madge Twaddell presented the problems of malnutrition among the school children. One symptom of malnutrition is inactivity. Malnutrition is the beginning of many diseases, and is not a disease itself, but easily leads to many.

The council voted to enter products in the South Plains Meat Show at Lubbock, March 28 to 30 and in the Plainview Dairy Show, April 16 to 19. Mrs. F. B. Crocket, Council Chairman appointed the following Educational Committee: Miss Allene Allen and Mrs. Jim Eldredge of Precinct No. 1; Mrs. R. C. Alexander and Mrs. A. J. Duizer of Precinct No. 2; Mrs. Thurman Moore and Mrs. Cecil Fox of Precinct No. 3; Mrs. John Gay and Mrs. Marriion Thannish of Precinct No. 4.

Council members present were: Mrs. F. B. Crocket, chairman; Mrs. Matt Howell, Secretary-Treasurer; Mrs. Tom Gilmore, reporter; Mrs. L. B. McMeans, Twin Wells; Mrs. W. O. Garrison, Red Top; Mrs. Brink Carlisle, Steel Hill; Mrs. I. E. Abernathy, Mrs. John Bachman, Soldier Mound; Mrs. J. J. Payne, Mrs. Forest Martin, of Peaceful Hill; Mrs. Clyde Gardner, Mrs. Jim Eldredge, McAdoo; Mrs. Wylie Ball, Espuela; Mrs. Will Watson, Mrs. Floy Watson, Red Hill.

Visitors present were: Miss Evelyn Ritcher, Mrs. Madge Twaddell, Mrs. J. H. Hooper, Mrs. Donnie Pace, Mrs. Estep. —Council Reporter.

PRAIRIE CHAPEL GIRLS FINISHING PILLOW SLIPS

"All pillow slip seams should be overcast," said Miss Pratt, home demonstration agent at the Prairie Chapel 4-H club meeting Wednesday morning. She explained that this would prevent raveling. "The seams are to be straight and even. The hems are to be 2 1/2 inches wide, stitched in on the machine."

The girls are to have their pillow slips finished by the next meeting at which time they will be labeled.

Club members present were: Paula Mae Johnson, Ruth Goodwin, Iva Lee Robertson, Gay Nell Cornett, Alma Hale, Lydell Mae Glenn, Hazel Benham, Vera Livingston, Elsie Franklin, Cora McAllister, Alice Gibson, Fern Bazer, Lois and Novelle Hensarling, Eva Lee Nance, Willie Galloway, and Opal Sharp. —Willie Galloway, reporter.

DAUGHTER WANTS FOUNDATION PATTERN

"I never was as proud of anything as I am my foundation pattern. I believe I can cut any type of sleeves or combination of types of sleeves after attending Mrs. Barnes' demonstration last week. Not long ago my daughter said, 'Mother, you look so much nicer in your clothes since you have been making them by your foundation pattern. I want you to make a foundation pattern for me,'" said Mrs. I. E. Abernathy, wardrobe

Judge the new **FORD V8** on what it will do

Thousands of people who can afford to spend two or three times as much for a car, are today choosing the Ford V-8 for 1934, instead. Here are some of the reasons.

POWER. The Ford V-8 for 1934 gives you better than 80 miles per hour with the quicker acceleration and greater smoothness of an 8-cylinder motor. Power has actually been increased by 12 per cent over last year's model.

COMFORT. The Ford V-8 for 1934 offers more actual body room than many other cars that cost considerably more. It offers you new Clear-Vision

Ventilation, with the window in one piece. It offers you free action for all four wheels—plus the comfort of Ford Cantilever Springs and the proved safety of a front axle.

SAFETY. With the new Ford V-8 you get an all-steel body, safety glass, welded steel-spoke wheels, exceptionally low center of gravity and more braking surface per pound of weight than any other American-made car we know of.

ECONOMY. Gasoline economy is increased by two or three miles per gallon with the new Ford V-8. Test runs show that the new engine will give 20 miles per gallon at 45 miles per hour.

demonstrator for the Soldier Mound home demonstration club. "I am anxious to give the demonstration on sleeves and other uses of the foundation pattern to our club in March. Two or three of our members have to be fitted with foundation patterns before that demonstration too."

Since the wardrobe work is a carry-on in this county this year the work is being given by the demonstrators in each club. Twelve wardrobe demonstrators attended a use of foundation pattern school conducted by Mrs. Dora R. Barnes, Extension Specialist in Clothing last week and will have charge of a similar demonstration in their clubs in March. —Reporter.

THREE INJURED IN CAR COLLISION

E. B. Jordan, of Dallas, was taken to the Nichols Sanitarium here about eleven o'clock Tuesday morning suffering from injuries received in a car collision about 14 miles east of Dickens. Mr. Jordan's car collided with another car in which four people, two ladies, a man and a baby, were passengers.

Mr. Jordan suffered a compound fracture of the left limb just below the knee, and the head of the tibia bones was shattered badly. He received a long cut under the chin. He works for the Cotton Gin Company of Ohio. A Mrs. Williams, of Clovis, New Mexico, who was in the other car, received

a painful scalp wound and a ruptured blood vessel over the right eye. E. M. Bowman, of Goree, received a torn ligament of the left shoulder and a wound on the forehead. Others escaped injury.

Both cars were demolished. Mr. Jordan remains in the sanitarium. The others were able to leave for their respective homes Wednesday morning.

LILLIAN McDONALD PASSES AWAY

Lillian McDonald, 15, died at a local sanitarium at 11:15 Wednesday morning of pneumonia. She had been in the sanitarium about ten days and

had been ill a week before being taken to the sanitarium.

She was living with a half sister in a tent near the depot when she was stricken down. There was not room in the tent for all the family and Lillian was taken to a neighbor's tent who did all they could do for her.

She was born at Idabel, Okla., January 28, 1919, and was 15 years and one month old the day she died. Her mother passed away when she was three years old and her father died when she was ten, was the report she gave attendants at the sanitarium.

Funeral services were conducted at Spur cemetery by Rev. E. L. Yeats, pastor of the First Methodist Church, assisted by Rev. M. F. Ewton, pastor of the First Baptist Church, Wednesday afternoon.

NICHOLS SANITARIUM

Miss Boydston, of Jayton, who underwent an operation, was able to return home Wednesday.

Jesse Grice of Jayton, who underwent an operation three weeks ago, continues to improve and is able to sit up some.

J. J. Carroll, of Chickasha, Okla., who underwent an operation two weeks ago, is getting along fine.

M. E. Hutton of Highway community, is getting along fine after an operation the last of the week.

Mrs. Homer Cargile and baby, city, are doing fine. The little one was born Friday morning.

Little Jodell Bazo of Spur, underwent a tonsilectomy Wednesday morning and is getting along all right.

L. A. Hindman, who has been in the sanitarium at Eagle Pass, returned home the last of the week feeling much improved in health.

MINISTER RETIRES FROM REGULAR SERVICE

Rev. Percy W. Jones, who has been in charge of the Episcopal church here for sometime, is retiring from active work in the ministry. He has been in service for more than 43 years. Rev. Jones passed into his 69th year Tuesday of this week, but is rather active

yet and no doubt will devote much of his time to his life's calling in the future.

RETURNED WITH PRISONERS

Sheriff W. B. Arthur returned Monday night from Brazos County where he took into custody Albert Jones and Loena Jones charged with bur-

glary. Some weeks ago the homes of Arthur Lee and C. Gollihar at McAadoo were burglarized. Jones confessed to securing \$57.00 from the Lee home. The accused are in jail at Dickens.

Mrs. L. D. Ratliff, Jr. was the recipient of the \$30.00 bank account at the Palace Theatre Wednesday evening

W. B. ARTHUR, Sheriff, Dickens County, Texas.

FORMER SPUR CITIZEN HONORED

D. A. Davis, president of the Household Supply Company of Lubbock, has been named vice president of the Frigidaire Organization Sales club of the United States. Mr. Davis was second man in percentage of sales of his quota on frigidaires in the United States.

The quota club is an honorary organization for all frigidaire salesmen and dealers outstanding in their districts. The highest ranking salesman in the nation is appointed president of the club and the second highest becomes vice president.

Mr. Davis is a former Dickens County citizen and at one time was engaged in the frigidaire business in Spur. He is well known here and his many friends will be delighted to know of his excellent success.

He has received an invitation from H. M. Howell, vice president of the Frigidaire Company, to meet him in Dallas March 5 for a conference on advertising and selling plans. These plans will be the program of the 6,000 frigidaire dealers during the year.

DRY LAKE CLUB

"I want to fix the concrete tiling in my garden although I do live in town," said Mrs. J. L. Hutto, cooperator in Dry Lake Club. "I only have a small place so it wont take long to get it fixed." Miss Pratt gave the demonstration at the home of Mrs. B. Rogers, farm food supply demonstrator. Each member present succeeded in making some of the tile without breaking it. "I am going to fix the required one hundred feet this year and hope to have the entire garden in concrete tile for another year," said Mrs. Rogers.

Miss Pratt will meet with our club March 8th at the home of Mrs. Ellis Draper, for an educational program. —Reporter.

CONNALLY WOULD MAKE HOME LOAN BONDS ACCEPTABLE

WASHINGTON—A gleam of hope

for millions of small home owners threatened with foreclosure, who have heretofore not been eligible for aid from the Home Owner's Loan Corporation, because holders of their mortgages refused to accept the Home Loan bonds, was seen in the statement of Senator Tom Connally of Texas, member of the powerful Senate Finance Committee, that he will advocate passage of amendments to the Home Loan Bank Act, liberalizing its terms and tending to create a stable market for its bonds.

Senator Connally worked for the passage of the original Home Loan Bank Act, and Home Owner's Loan Act which is empowered to issue bonds to take up home mortgages. The Owners United States Government guarantees the interest, but not the principal, upon these bonds, and for this reason, many mortgage-holders have declined to accept the bonds.

"It appears that the small home owners of the nation cannot realize the fullest benefits from this legislation until Congress has liberalized its terms, so as to make the bonds readily saleable, so that they will be acceptable to all mortgage holders. Patriotic individuals and corporations throughout the country have already accepted millions of dollars worth of the bonds, and hundreds of thousands of small homes have been saved from foreclosure as a result. But the bonds must be made universally acceptable, so that every small home owner in the United States, who faces the loss of his property, which often represents the savings of a lifetime of toil and struggle, may take advantage of the liberal amortization terms offered by the Home Owners Loan Corporation in refinancing such properties. I am extremely hopeful that the Congress, at the present session, may devise suitable legislation to accomplish such an extension of the benefits of the original Act, and I shall give my support in the Senate to whatever practical and sound legislation may be submitted with that end in view," said Senator Connally.

Latest reports show that in Senator Connally's home state, Texas, loans have been made by the Home Owner's Loan Corporation on 1,830 individual small homes, totaling \$4,556,660.69, while thousands of additional applications for loans are in process of examination by the bank officials.

By Their Clothes You Shall Know Them

WHETHER YOU ARE business man or office worker, farmer or school boy, the well dressed smartly attired person has an advantage over those less particular. There was a time when in the country town shopping for men's clothing was a real difficulty. Some few think yet they need to go to the city to get the latest and most up-to-the minute fashions, but, they are just mistaken, that's all, and in reality are paying more for their clothing—and getting no more in style. Our stocks of men's clothing is the largest we have carried since before the depression.

HART SCHAFFNER & MARX and Rose Bros. lines are leading lines in the clothing field. Our belief is that in a community the size of this where most of the people buy in one broad price class, where many of them are well known by our sales people, the way they live, the things they do, the places they go, it most surely is possible for them to be served better from merchandise selected by buyers who know the people and conditions. And of course, there's no hectic hurry about shopping at our big store, for you can find everything for Spring for men and women from a new suit to a bonnet. If you have never shopped here, plan to come before selecting your new Spring Ensemble.

Bryant-Link Company prices are so moderate, stocks so complete and service so prompt we feel our store is rightly the rendezvous of folks who want the best.

Rely on us, that's how we want you to feel about us. This store believes its responsibility is that of a public servant first.

We believe that 24 years association with the people of this community speak for themselves, thousands look to us as a source of fashion quality, service at prices within reach of all.

Put us through your own ideas of a test. We want you to know there is a great store in Spur. We do not know of such a store in a town twice the size of Spur in Texas. And our Men's Wear Department is full of merchandise of quality, all new. In fact every department of our Big Store, we think is filled with the best merchandise money can buy.

We have served you 24 years in Spur and want to continue. You heard reports a few years ago that we would be out of business, but thanks to our customers and friends, our stocks are Bigger and Better than ever before.

CITATION BY PUBLICATION THE STATE OF TEXAS.

To the Sheriff or any Constable of Dickens County—Greeting: You are hereby commanded to summon Jack Ward by making publication of this Citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court in Dickens County, Texas, to be holden at the courthouse thereof, in Dickens, Texas, on the 4th Monday in March, A. D. 1934, the same being the 26th day of March, A. D. 1934, then and there to answer the petition filed in said court on the 22nd day of February, A. D. 1934, in a suit, numbered on the Docket of

said Court as No. 1315, wherein Mrs. Velma Ward, is plaintiff, and Jack Ward is defendant, and said petition alleging that Plaintiff and Defendant were married in Las Cruces, New Mexico on the 14th day of October, A. D. 1929, and lived together until on or about the 1st day of February, A. D. 1933, when, because of the harsh, cruel and tyrannical treatment of plaintiff by defendant, Plaintiff was forced to separate from defendant. That one child was born as the fruits of said marriage, to wit, Laura Alta, a girl about 3 years of age. That plaintiff prays for judgment for divorce upon the grounds of cruelty. Further that plaintiff is entitled to the possession, care and custody of said child. Herein fail not, and have you before this Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. Given under my hand and the seal of this court, at office in Dickens, Texas, this the 22nd day of February, A. D. 1934.

It seems that I can almost hear him say, "Dear Mother, wont you follow for I want to see you there and will pull the flowers of God's garden for I know He will not care."

Written by one who loved little Britton.

Winnie Viola Beadle, born May 22, 1907, passed from this life February 23, 1934. She was married to Chester Brooks April 29, 1923, and to this union were born six children all of whom are living.

Sister Brooks was converted at the Antelope school house in August, 1928 and lived a faithful life for her Master until her death. The funeral services were held at the Girard cemetery by Rev. Charles E. Wilson, pastor of the Assembly of God church at Spur. The remains were laid to rest in the Girard cemetery. The bereaved are: the husband, six children, her father and mother and

Bryan Out For U. S. Senate

Governor Charles W. Bryan, who is serving his third term as chief executive of his state, has announced that he will be a candidate for the Democratic nomination for United States Senator for Nebraska. He stated that he wishes to get into the Senate and assist President Roosevelt in the recovery program. His platform is in line with the President's program, Bryan stating that the farmer's interests demands attention. He does not have the support of Arthur Mullen, Nebraska's National Committeeman because the Governor refused to appoint the late Gilbert M. Hitchcock to the Senate, and instead appointed Senator W. H. Thompson. Governor Bryan was the Democratic Vice-Presidential candidate in 1924, running with John W. Davis. He is a people's man, and says that currency in circulation should be greatly increased by issuing more money on the abundance of gold reserve now held by the government.

McADOO

The basket ball teams played off their interscholastic league tournament February 16 and 17 in the Dickens gym. McAdoo lost two games and won third place in the tournament. A commercial class for the young folks of this section was organized and started Monday night, February 18. Grady Jones is serving as teacher. Mrs. Ivy Brown and Willie were shopping in Spur Monday. Lucille Morris, who has been working in Lubbock for some time is spending a few days at home with her parents, Mr. and Mrs. J. O. Morris. Mr. and Mrs. T. L. Dozier visited W. D. Blair and family of Spur, Tuesday. Mrs. S. W. Allen and Aline were shopping in Spur Tuesday. J. D. Herring and daughter, Willie Ruth, are spending a few days visiting Mr. Herring's brother, Bud Herring at Flag, Texas. Charles Barkel was taken to a Lubbock sanitarium Thursday night for treatment. A kindergarten was started here the past week. Mrs. Gardner is the teacher. Mrs. Will Eldredge was taken to a Lubbock sanitarium for a minor operation last week. Earl Van Meter was transacting business in Spur Friday. Emmett Clardy left for Clovis, New Mexico Monday of last week. A number from here attended the demonstrations at the Spur Experiment Station last Tuesday.

HOW WOMEN CAN WIN MEN AND MEN WIN

The Favor of Other Men
Unless two pints of bile juice flow daily from your liver into your bowels, your food decays in your bowels. This poisons your whole body. Movements get hard and unassisted. You get yellow complexion, yellow skin, pimples, dull eyes, bad breath, bad taste, gas, dizziness, headache. You have become an ugly-looking, foul smelling, sour-throated person. You have lost your personal charm. Everybody wants to run from you.
But don't take salts, mineral waters, laxative pills, laxative candies or Epsom salts and expect them to get rid of this poison that destroys your personal charm. They don't do it for they only move out the tail end of your bowels and that doesn't take away enough of the decayed poison. Gonorrhea won't help at all.
Only a free flow of your bile juice will stop this decayed poison in your bowels. The one mild vegetable medicine which starts a free flow of your bile juice is Carter's Little Liver Pills. No calomel (mercury) in Carter's. Only a mild vegetable extract. If you would bring back your personal charm to win men, start taking Carter's Little Liver Pills according to directions today. 25¢ at drug stores.
Refuse "something just as good" for it may grip, loosen teeth or scald rectum. Ask for Carter's Little Liver Pills by name and get what you ask for. © 1933, C. M. Co.

Our school has received a circulating library from the State Library and Historical Commission recently. The library is open to any who care to take advantage of the opportunity. The school is busy working on the Interscholastic League program. Miss Lois Beckett, high school teacher, took the girls debate team, Willie and Juaneva Brown to Ralls Friday afternoon. A large number from McAdoo attended the singing at Pansy Sunday. There will be another singing at Pansy next Sunday afternoon. J. R. Robertson was seen in Crosbyton Saturday. E. C. Edmonds of Spur, was transacting business in McAdoo Saturday. Gollie Tooke had business in Morton, Texas, Saturday. Mr. and Mrs. Claude Pipkin are moving to Morton. Mr. and Mrs. Emmett Phifer are the proud parents of a girl baby. Mrs. A. W. Van Leer and daughter, Mable Doris, were shopping in Spur Friday. The fifth regular meeting of the Caprock Union League will be held in Spur Thursday night. McAdoo expects to send a delegation. Beulah Mae Phifer, Tech student, spent the week end at home with her parents.

Dates Set for Music Teachers Association

Judges have been selected for the eleventh annual music contest which is being sponsored by the South Plains Music Teachers' Association. Entries in the festival are being received by the director of contests and there seems to be more applicants this year than ever before. The festival will be held in connection with the meeting of the Music Teachers' Association, which will be held in Lubbock, March 22, 23-24. The following judges have been selected: Voice: Frank Beech, music director in the State Teachers College at Emporia, Kan.; Piano, Miss Lilly Larson, Amarillo, a member of the Board of Examiners of the Texas Music Teachers' Association; Miss Elizabeth Leake, C. I. A., Denton; Mrs. Gladys M. Glenn, piano conservatory at Amarillo; Theory, Miss Pauline Brigham, of West Texas State Teachers' College, Canyon; Violin, Herschel Coffey, West Texas State Teachers' College, Canyon; Organ, Mrs. Gladys M. Glenn. A judge for wind instruments is to be selected. A number of music students of Spur have entered the contests of the musical festival in former years, and very nice per cent have won honors. It is hoped a number will represent Spur again this year, for this event is as fine training for young people as can be secured.

H. B. Poteet of McAdoo was a pleasant caller at the Times office Friday.

CHEESE RESEMBLES MILK IN ITS NUTRITIVE VALUE

Cheese resembles milk in nutritive value. It is one of the oldest of milk products. Some cheese is made of skim milk, some from whole milk products and some from double cream. Since some of the water is removed in the manufacturing process, cheese is a more highly concentrated food than milk.

American cheese is a good source of protein and fat. Because of this it should be used as a substitute for meat, not in addition to meat. Cheese is usually less expensive than meat and should be used more extensively in our menus to reduce our food costs. Contrary to some theories, cheese is a highly digestible food when eaten in addition to an adequate meal it may seem to cause digestive disturbances, but it served as part of the meal, there should be no digestive troubles.

One of the problems of using cheese is to find attractive ways of serving either raw or cooked. When it is cooked, it should be cooked at a low temperature and not too long, else it will curdle or string. In combination with crisp vegetables or fruits it makes a very satisfying meal.

Breakfast: Tomato juice, bran flakes, cream, bacon, waffles, syrup, coffee.
Dinner: Oyster rarebit on toast, baked onions, buttered peas, celery curls, toast strips, graham crackers, ice-box cake, coffee.

Supper: Hame Mousse, French fried potatoes, lettuce salad, rolls, lemon ice.

Breakfast: Pineapple-orange sections, cooked cereal, toast, sausage, coffee.
Luncheon: Cheese fritters, syrup, egg baked tomato, frozen fruit salad, tea.

Cheese Balls: 1 cup bread crumbs, 3-4 cup grated cheese, 1-4 cup butter, 1-8 t cayenne, 1-2 t salt, 2 eggs, beaten. Combine all but eggs in a bowl, mixing well. Add beaten eggs and mix again. Make into balls the size of large walnuts. Fry in deep fat about two minutes.

Cheese Fritters: Add 1-2 or 3-4 cup grated cheese to any fritter recipe, omitting other fat. Serve with a fruit sauce.

Oyster Rarebit: 1 cup oysters, t butter, 1-4 t salt, 1-12 lb. mild cheese cut in pieces, 2 eggs. Clean, parboil, and drain oysters, reserving the liquor. Melt butter, add cheese and seasonings. As cheese melts add gradually the liquor and eggs slightly beaten. As soon as mixture is smooth, add soft part of oysters. Serve on bread toasted on one side, rarebit being poured on untoasted side.

Cheese Noodles: 4 t butter, 4 t grated cheese, 1 cup milk, 1 t flour, 1 egg.

Make a white sauce of the above ingredients, adding the cheese just before removing from the fire. Place cooked noodles and the sauce in layers in a baking dish. Bake in a slow oven about 15 minutes.

BUSTER STILL ENLISTS IN U. S. MARINE CORPS

Among the applicants to fill the Texas vacancies in the U. S. Marine Corps who passed the final examinations at Marine Corps Headquarters in January was Buster P. Still of Spur. It was not definitely known what line of work this young man will take upon completion of training in the Marine Corps. Many men are selected for aviation, radio, music, clerical, mechanical and other schools. Others go aboard battleships and cruisers for sea duty. Men on ships travel thousands of miles and visit many strange lands.

Men to fill the Texas vacancies received their preliminary physical examinations in their home localities and those selected received their final examinations at Marine Corps Headquarters, 535 St. Charles Street, New Orleans, La.

The Marine Corps accepts only young men who are graduates from high schools or schools of approved standing.

Application blanks will be mailed on request.

The Vote For County Superintendent's Office

Saturday, March 24, the people of Dickens County are being called upon to say by their ballot whether or not the office of County School Superintendent will be retained. This office was established in 1929 by the Commissioners' Court under the law which provides that any county with 3,000 scholastics or more may have a county superintendent of schools. Since that time our school population has fallen below the 3,000 point, and if we are to retain a county superintendent we will have to do so by our ballot.

There are a number of things that enter into this matter and which should be considered carefully. First, it costs the county about \$900.00 more per year to do without the office than it does to retain it. The salary of the county superintendent is paid largely by state funds, while if our county judge had to assume these duties the county would have to pay all the extra salary and expenses.

There is another feature. Under the office of county superintendent a number of state funds has been secured for our school purposes that were not attainable when the county judge did the work. The State of Texas puts a premium on well managed schools and practically shows this by aiding schools by state funds. Through the office of county superintendent federal aid was received in 1932 through NRA and practically every school in the county received improvement and many people given work who otherwise did not have work.

Under the present plan the county judge has about all the work he can attend to properly. If he takes over the duties of the county superintendent's office, he will be overburdened. Again, many times when he should be attending to school duties, other duties of his office will demand his time. It is difficult for a man to attend a school board meeting and a Commissioners' Court meeting at the same time. These conflicts will come. Another thing, the county judge rarely has time to visit schools and give the teacher and pupils the proper encouragement. This visit by the county superintendent means much to the students and teachers in the rural schools. Hence, it looks as if it might be better to keep the office of county superintendent since we can do it at less expense.

IN MEMORY OF BOBBIE WYNELL TAYLOR

Our darling babe from us has gone
To a land so bright and fair,
Her tiny blue eyes forever closed,
Free from all pain and care.

Her cheerful smile so sweet to see,
We'll see again no more,
Until we take her in our arms
On heaven's happy shore.

No one knows how she suffered,
But she'll suffer never more;
No one knows but God in heaven,
What our little babe has bore.

Oh! We miss her, how we miss her!
As each day goes slowly by
But we know that God in heaven
Will not let our darling cry.
—By her mother, Jewel Taylor.

TOM HUNTER'S PLATFORM

A tax free home and a tax free vote, revision of the state tax system to distribute the burden of raising revenues upon all in proportion to their ability to pay, submission of the prohibition repeal amendment for an edict of the people, limitation of capital stock issue and abolition of holding companies, assessing the death penalty for public officials convicted of taking bribes and of prison terms for state employees accepting fees from private interests while holding office, election of the state auditor by the legislature, creation of a board of public relations, rigid control of public utilities and reduction of rates, a tax upon out-of-state chain stores, coordination and consolidation of overlapping and duplicating departments of government, the abolition of more than a hundred of our units of state government, and the reorganization of the state education system are among the principal planks announced by Tom F. Hunter, of Wichita Falls, in making public his platform for his race for governor in the 1934 Democratic primaries.

"Big business for a number of years has financed both 'ends' of some 'ism' or prejudice for a political division of the ranks of the plain people, that its organized effort prevail over the true will of the people. The prohibition question will probably be the one upon which the division is sought this year. Though one's belief in the subject of prohibition is not indicative of his capability, in announcing for the office of Governor of Texas, I recognize it.

"The state constitutional amendment for the repeal of prohibition shall be submitted for the edict of the people. It would be just as wrong to refuse submission of the repeal amendment now as it would have been to refuse submission of the prohibition amendment when its adoption was sought. We shall, though, if and when the sale of liquor is permitted, make sure that the old saloon and its attending evils do not return. The highways must be kept safe, life held sacred. The youth, not yet at the age of discretion, shall be protected, temperance must be taught. The sale of liquor, if and when permitted, must be well regulated. Enforcement of the law shall require respect to the voters edict, county and/or state."

"Our tax system has broken down. The value of our basic wealth, real estate, has been destroyed. Real estate producing only 15 per cent of our income, pays 77 per cent of our ad valorem taxes. The state ad valorem tax shall be abolished. A blended tax system shall be adopted, one that will require the combines to pay proportionately with the plain man. A tax shall be levied to recapture for the benefit of the state a part of the proceeds of the sale of its natural resources outside the state and nation including natural gas, salt and sulphur."

"A conference of the officials of oil producing states shall be called and a uniform production tax levied upon oil so that a part of our state gasoline tax burden may be transferred to the consumers of the nation, and that the automobile registration fee be reduced."

"A state supervised and tax free

annuity fund shall be established so that the aged citizens of Texas may be assured of support in their declining years."

"A tax levy upon the net earning of the big brackets, reaching those corporate interests that do a statewide business, and a select or luxury tax will help replace the county and school ad valorem."

"Requirement of a poll tax is discrimination and except for a registration fee every citizen shall have a tax free vote."

"It is manifestly unfair that real estate be required to pave our roads. No part of the road bond issues of the counties shall be paid by the levy of an ad valorem tax. Those who use the roads shall pay for them. Adjustments shall be made with counties, not bonded, by road improvement."

"Reduced tax burdens and a fair price for his products is the greatest relief that can be offered for the farmer. A sales tax on out of state production or processed substitutes for state produced commodities will stabilize his market prices."

"The practice of a state official receiving compensation from a corporation is wrong. This practice shall be made a felony. One who betrays his trust to the extent of taking a bribe should be executed."

"Our primary election laws shall be rewritten so that voters are permitted to express first and second choice when the number of candidates exceeds three. This will prevent organized combines from setting the state for a run-off with 'bumper' candidates."

"Permanent relief and reforms shall be had, affording every person the opportunity to provide for himself and his family. The provisions for subsistence and maintenance, home-steads are advisable; though a national question, the state should cooperate."

"Trusts and monopolies shall not be permitted. Holding company operation of subsidiaries shall be denied permits to do business. A combine of wealth will not be permitted to sell at a loss in one community for the destruction of independent business while making its profits elsewhere."

"Out of state chain stores must go. A levy upon the number of stores operated and a sufficient sales tax upon their gross sales will remove the cancer. These master chains are committing us to a rule of plutocracy. In one Texas county these chains are responsible for closing more than 1000 stores."

"The state owes every boy and girl an available free accredited high school education. The scholastic apportionment shall be maintained at \$16.00 and above. Higher education shall be encouraged."

"Our state's business cannot be effectively and economically administered through its present 131 units of government. An individual's or a corporation's business operated so incoherently would soon be bankrupt."

"There shall be created a board of public relations of five to seven members. The act of creation shall provide for the abolition of all statutory created boards, commissions and bureaus, and by resolution for constitutional amendments for the abolition of elect

ive offices as recommended by the 43rd legislative committee on that question."

"The five to seven managers should be required to reorganize and allocate to their several members the various functions of the departments. Their appointment by the governor with the advice and consent of the senate would require them to be experienced and capable. Each member would directly administer the duties assigned to him. In matters of dispute they would sit as a whole and collectively would form the governor's advisory board. Budgeting would be simplified in that all departments would be brought together and overlapping, done away with. With such a reorganization the ultimate cost of administration should not exceed 50 to 60 percent of the present cost."

"Officials that fail to keep campaign pledges or those found inefficient or for other good cause should be removed. The recall shall be authorized."
