Spur Suffers First Fire Loss In Months

The fire alarm screamed out again Monday morning after a silence of many months. The home of W. W. Fox on West Harris Street was discovered enveloped in flames about five o'clock Monday morning. Mr. and Mrs. Fox and two children who were sleeping in the east half of the house, and Mr. and Mrs. Boyd Brown who were in the west side of the home, barely escaped without injury. The home and all contents were a total loss. Mr. Fox carried some insurance, but Mr. Brown had none.

The origin of the fire is unknown. The building was in flames before anyone knew about it. It seemed the blaze started in the ceiling at the south end of the building, as there is where the greatest amount of charred lumber is found. But no one knows how it was started.

Four County Officers In Second Primary

In the race for county offices candidates for four offices will go into the second Primary. There will be two in the second Primary for Precinct offices.

Mrs. Alice Goodwin Murphree and R. E. (Elsie) Holly will go into the second Primary as candidates for County Treasurer. Former County Judge O. C. Newberry and Attorney L. D. Ratliff will continue in the race for County Attorney.

Austin C. Rose and R. E. Slough are the only two who will continue the race for County Commissioners. They are up for the second Primary in Precinct No. 1. Gaston Jackson and Richard Varnell will continue the race for Public Weigher in Precinct No. 2.

Albert Smith, minister of the Church of Christ, is away for two weeks in a revival meeting.

Allred and Hunter In Second Primary

According to returns tabulated and released Monday evening James V. Allred, Attorney General, was leading Tom Hunter in the race for Governor by approximately 48,000 votes. Allred who seems to be posing as a popularity candidate, took an early lead and held it throughout the entire count. The Ferguson endorsed candidate, C. C. McDonald, was third, trailing Hunter by about 26,000 votes.

Monday's tabulation gave the following figures: Allred 252,063; Hunter 203,759; McDonald 177,260; Small 106,302; Witt 63,989; and Hughes 48,108.

It is the first time in the history of the State where the three highest candidates in a governor's race were from the same county, and the four highest were located in West Texas. Allred and Hunter will go into the Second Primary.

Bill McGraw of Dallas is leading in the Attorney General's race receiving 264,034 votes, while Walter Woodward of Coleman received 250,303 votes. Senator Tom Connally is re-elected over both of his opponents, receiving 409,506 votes and Joe Bailey received 259,125 votes and Fisher only about 130,900.

FIRST COTTON MONEY HERE

The first checks for rent of cotton land to the Federal government for 1934 were received by Dickens County farmers at the office of County Agent G. J. Lane, Tuesday. The first allotment received amounted to \$53,865.75. Distribution of the checks began Wednesday morning and will continue as fast as the farmers come in and the necessary papers are signed.

Another allotment is due to arrive in a few days and will continue to come until the full amount of the first installment is paid. The next installment will be paid in the winter.

Dlinger Picture Coming Friday

Manager Everts of the Palace Theatre announces the showing of the Dlinger Picture in the Palace Friday Matinee and Nite at regular admission prices. Everts states the pictures were secured after considerable effort and expense ten days after the actual capture of Dillinger.

In connection with this additional feature, the Palace screen will be graced with a light musical comedy, "Rainbow Over Broadway" featuring Grace Hayes, the new Mae West of the screen, who sings such numbers as "Let's Go Places and Do Things", "While I'm in the Mood", "Dance My Blues Away". The picture is guaranteed entertainment for the entire family.

"Tarzan and His Mate", Sunday and Monday

Youngsters who applaud with delight every time they see a new adventure of "Tarzan" on the screen now discover that mother and father are even more interested in the jungle thrills.

This was disclosed by a national survey made during the filming of "Tarzan and His Mate" newest picture based on the Edgar Rice Burroughs' fictional character, with Johnny Weissmuller as the white jungle king and Maureen O'Sullivan in the romantic lead. The picture will be shown Sunday and Monday at the Palace Theatre.

Newspapers and motion picture houses in all parts of the country were requested to give their findings on the public reactions to "Tarzan" on the screen and colored cartoon strips. William M. Park, editor of "The Detroit News", stated his observations:

"Certainly 'Tarzan' has an appeal for old people, fully equal to that it enjoys among children. The motion picture experience is ample proof of that point. While my personal observation is, of course, inconclusive, I am sure that in Detroit 'Tarzan's' appeal would run at least 60 to 70 per cent adult to 30 to 40 per cent juvenile."

The publishing house of Grosset and Dunlap, one of the largest in America, has put out many millions of the "Tarzan" books and state their conclusions in a letter:

"We have never considered the Edgar Rice Burroughs novels other than stories appealing to an adult clientele, and all our promotion and sales distribution has been predicated on that conception. Naturally, an all-book distribution of stories of an adventurous nature there is bound to be some sale made to younger readers from the age of fourteen upward, but just what proportion of the sale of the 'Tarzan' books goes into the hands of young people is impossible to estimate exactly; possibly not more than one-fifth of the entire distribution."

Representatives Are Off To Short Course

Alexander, Prairie Chapel, will enter the state contest for wardrobe demonstrators classes I and II. Misses Clara Rich, McAdoo, and Lizzie Lou Baxter, Afton, will attend the banquet given in honor of the county winners in the state bedroom contest for girls. Mrs. R. C. Alexander will serve as instructor in the tufted bedspread demonstration three afternoons during the week.

\$400 Raised By This County For Childrens Fund

During the months of April and May the entire citizenship of Dickens County organized to raise a fund for the underprivileged and handicapped children of the county. The county child welfare board consisting of Mrs. E. J. Cowan, chairman, Mr. Paige C. Gollibar, Mrs. Mac Brown, Mrs. D. W. Thacker, Mr. O. C. Newberry, Mrs. Luther Stark and Mrs. W. M. Hunter, together with the County Educational Society, which touches every school community, the County Superintendent of Schools, Mrs. Madge D. Twaddell, and the C. W. A. nurse, Miss Evelyn Richter, cooperated with individual citizens in the campaign.

The County Judge, Jim Cloud, was designated Treasurer of the fund. A sum of \$400.00 was raised. Each community devised its own method, some of which follow: a pie supper, a forty two party, egg selling, amateur theatricals by various groups starring local citizens, gifts, donations and collections.

Thus the handicaps of the unfortunate underprivileged children have been brought to the attention of the citizens and county consciousness stimulated to meet their needs. Through cooperation of the Texas Crippled Children's Society one case has already been corrected. The remainder of the fund is to be used for those cases whose needs are most urgent.

A campaign for additional funds will be launched in the fall.

Coaching School At Tech Started Monday

Half a thousand athletic coaches, university, college, high school, and unemployed, some of them gray from the cares of years of coaching—many of them with less experience swarmed into Lubbock, Monday for the 4th Texas Tech Coaching school, July 30-August 11.

There will be no rest for these coaches. After classes from 8 a. m. to 6 p. m., there are golf tournaments, swimming, banquets, dances, watermelon feasts, barbecues and other entertainment with plenty of events for the visiting wives.

The teaching staff, handling everything from football to interscholastic league work, is characterized by Tech Coach Pete Cawthon as "the greatest ever assembled in one state."

For football instruction there are Harry Kipke, Michigan, with his "pass-punt and prayer;" Noble Kizer, Purdue, with an intricate Notre Dame shift; Lone Star Dietz, with his high scoring record with the Boston Red Skin professionals; Fritz Crisler, fresh from an undefeated 1933 season at Princeton; Harry Newman, New York Giants professional, famous for smart quarterback play; and Rip Miller, Navy, outstanding line coach.

Jumping to the basketball field, there is George Keogan and Ed Moose Krause, of the Notre Dame fast breaking team.

Then, too, Indian Schulte, Nebraska, will offer track; D. M. Bullock, Illinois, taping injuries, training; Berry Whitaker, Texas, physical education; D. Ludlow, Oklahoma A. & M., boxing; Roy Henderson, Texas, interscholastic league work.

"Everyone of the 500 coaches have a few ideas gleaned from the game to pass on to his fellow coaches," Pete Cawthon said. "This school is the 'Century of Progress' for coaches."

I have every confidence that the Senators and Representatives from other States who will tour Texas with Representative Lanham and myself, will catch the Texas vision of romance and history and development and that they will return to Washington thorough converts to the Texas cause. One Day Short Course At Tech

"The National Program of Agriculture and How it will Affect this Territory" will be the theme of a one day short course at the Texas Technological College, Thursday, August 1, Dr. Bradford Knapp, president, has announced.

I. W. Durgan and Maurice R. Cooper, with the cotton section of the Agricultural Adjustment Administration, Washington, D. C., and Peter Iolyneaux, Editor of The Texas Weekly, will be among the principal speakers.

Congressman Marvin Jones, Amarillo, and others have been invited. The short course, an added feature of the Tech Summer school, is being actively promoted by the Texas Extension Service officials in this section.

Farmers, bankers, merchants, teachers and others are invited to attend. "This is a great opportunity for business men and farmers to get a vision of the government's plans for agriculture for the future, with particular emphasis placed upon the effect this program will have on farming, upon banking and upon business in general in this section," Dr. Knapp said.

CROTON CHILD DIES OF INJURIES

Little Lois Allen, daughter of Mr. and Mrs. R. M. (Bob) Allen of Croton community, died at a local sanitarium Monday afternoon about 2:40 o'clock. She had accompanied her father to the field to get some feed, and while he was cutting the feed she asked to spend the short interval at a neighbor's house. When Mr. Allen returned with the feed, the baby attempted to climb up a wheel on the wagon. Mr. Allen saw what she was trying to do and stopped his team, but it was too late. She was thrown into the road in front of a rear wheel of the wagon and it stopped just as it passed over the abdominal section of the body.

The little girl was rushed to the Nichols Sanitarium where everything possible was done, but the injuries proved too great and she died within about four hours after coming to Spur. The accident happened about nine o'clock in the morning. Funeral services were held Tuesday morning at Friendship Church in Croton community. Rev. H. T. Harris was assisted by Rev. W. T. North of Jayton in conducting the services. Interment followed in Dickens cemetery.

The baby was a little passed three years of age and was very fond of her father. She often accompanied him to various places about the farm and seemed to enjoy being out with him. She is survived by her parents, three sisters and one brother, and a great host of relatives and friends.

A. K. McAllister, of Afton, was attending to business matters in our city Monday.

Pure table salt, for example, says Emily Banks, of the Worcester Salt Institute, is helpfully employed for many other things besides seasoning food. Its use, in fact, extends right to the bathroom medicine chest where it is handy for use in gargling and taking stimulating salt baths. Some of its more ingenious uses in and around the kitchen are pictured above.

Connally To Urge Federal Aid For Texas Centennial

Corsicana, July 31—Federal co-operation without stint in the staging of the great Texas Centennial celebration of 1936 may be regarded as a certainty if United States Senator Tom Connally's views are adopted by both Houses of Congress and approved by President Roosevelt.

Senator Connally is chairman of a joint committee of the National House and Senate which will visit Texas this fall to determine the degree and nature of Federal participation in the big Texas event.

Another member of the joint committee is Representative Fritz G. Lanham of the Fort Worth district.

"I am convinced that the Federal government has a definite part, and a part that it should accept, in the Texas Centennial of 1936," Senator Connally said.

"The romantic history of this State is very closely linked with the march of the American flag from the Alleghanies to the Pacific. Of greater

importance to the Union was the annexation of Texas than even the Louisiana Purchase, because it opened the way for the quick acquisition of territory all the way to the Pacific.

"Again recent arrivals from the United States won the Texas victory at San Jacinto. They created the provisional government and wrote the Declaration of Independence at Old Washington. The entire history of Texas from the days of the colonists is so closely interwoven with the history and destiny of the Federal Union that there can be no separation of the two.

"The Texas Centennial is the greatest step forward yet undertaken by an American State. It at once pays honor and reverence to the fathers and mothers who established a great civilization here, and looks forward to the further development of this mighty empire. Its vision is so far-reaching, its plans so comprehensive, and the determination of its hard-working Commission so marked, that a description cannot be given in the English language.

"Texas is entitled to the very biggest celebration that may be prepared and staged in the time intervening before the Centennial year. The vastness of the State, the unparalleled history it has, the resources developed and those awaiting possibilities, call for big events, big men, big plans, large execution.

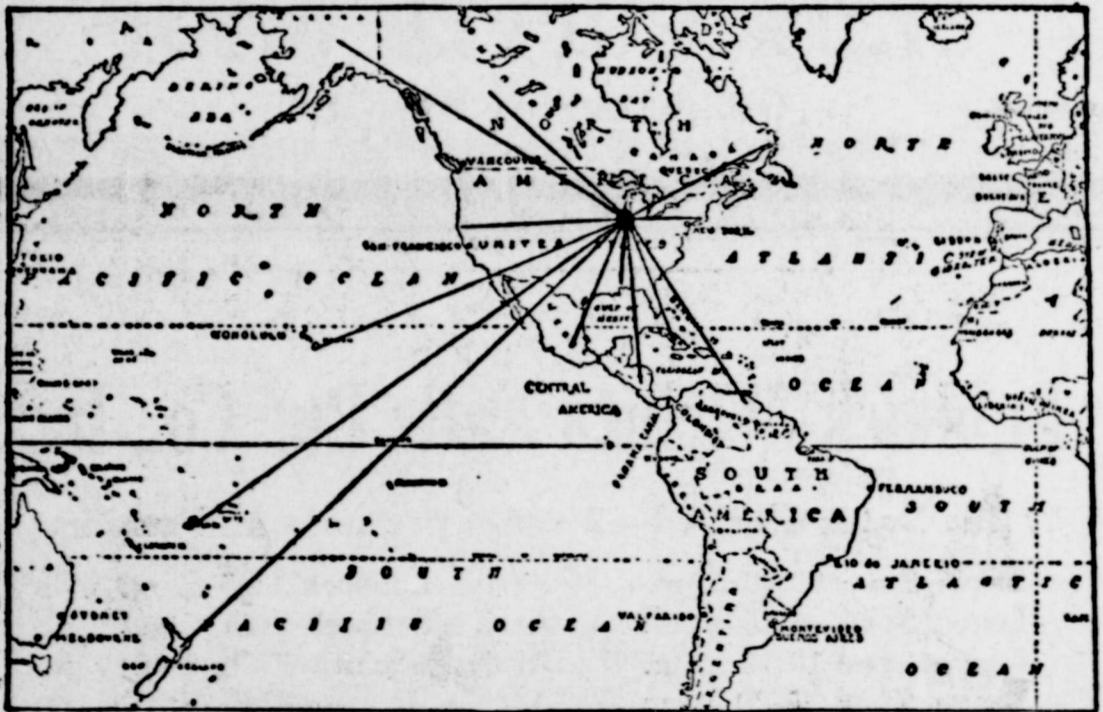

"The Commission has rightly said that the Centennial must not be and will not be anything but upon the very largest scale. The plan as announced through my good friend, John D. Middleton, of Greenville, is an elaborate, well defined plan capable of smooth execution. And the plan is none too big for Texas and warrants the support of every citizen.

"Again my good friend General John A. Hulen of Fort Worth is correct when as head of the Finance Committee he asserts that not less than \$15,000,000 is even considered for the staging of this great celebration.

"Texas is a rich state, notwithstanding recent depression years. It executes plans upon a big scale. It has big, outstanding leaders in all the activities of life. Its people are one of big vision, big hopes, big aspirations. To portray these the Centennial must be big.

"Of course, I cannot speak for the Congress of the United States. But I can say that as chairman of the Committee having in charge the recommendation that will be made to the Congress touching federal cooperation in the enterprise, that I am unreservedly sold on the need and the right-

FIJI ISLANDERS TUNE IN ON RELIGIOUS PROGRAMS OF WMBI

Flat map showing distant lands and islands where religious programs of station WMBI, Chicago, owned and operated by the Moody Bible Institute of that city, are heard.

"Dedicated wholly to the service of our Lord and Saviour Jesus Christ," radio station WMBI, Chicago, owned and operated by the Moody Bible Institute of that city, has broadcast its religious programs to many of the remote lands and islands of the globe during its nearly eight years of activity.

Fiji Islanders are among the regular listeners-in of WMBI broadcasts, as are inhabitants of the Hawaiian Islands, Central and South America, Alaska, Cuba, Porto Rico and New Zealand, according to reports and scores of letters received by WMBI officials. Special Tuesday and Friday midnight hours (beginning at 12 o'clock, midnight, central standard time) are regular feature broadcasts of the station, and these programs are consistently received by a newly-formed "DX" club away off in "down under" New Zealand.

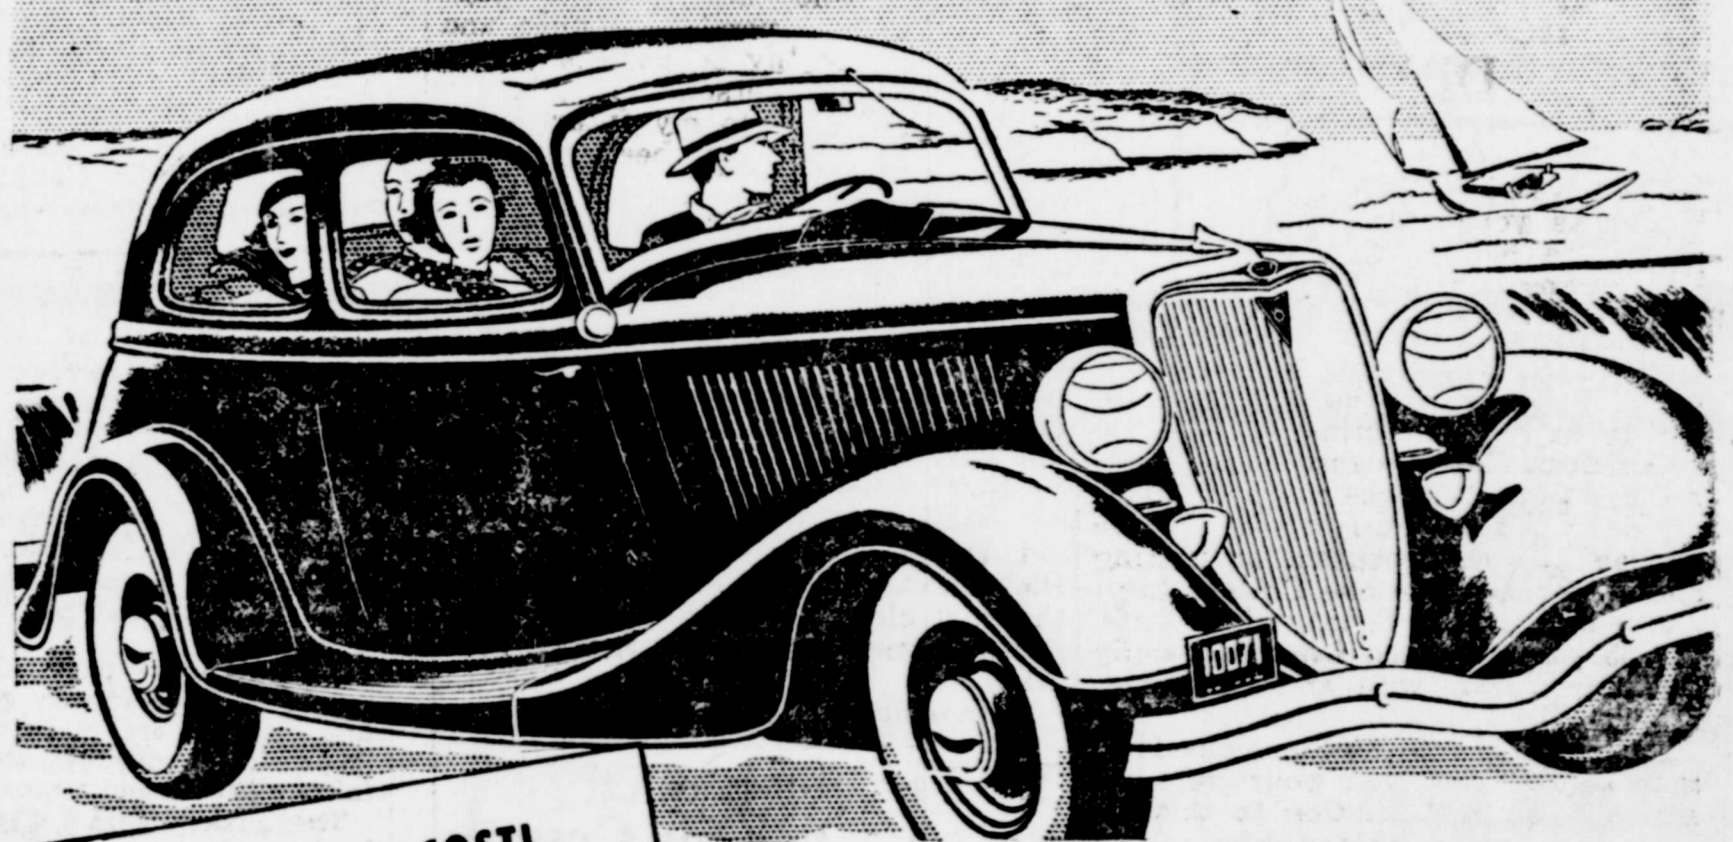

Artists appearing on these programs, as well as WMBI officials, often have commented upon the awesome feeling experienced when it is realized that persons as many thousands of miles distant as New Zealand

land are instantly hearing the spoken word or the sung or played note. Unique among the many American broadcasting units in that no crooner ever has sung before the WMBI microphones, the Moody Bible Institute station is doubly distinguished because of the fact that no commercial program ever has been sent upon the air waves from its studio.

WMBI has an especial appeal for foreign-language speaking groups, for regularly weekly broadcasts in Swedish, Norwegian, German, Hebrew, Russian, Greek, Italian, Mexican, Bohemian and other native tongues are or have been accorded full importance in the general broadcasting schedule.

With the rapid approach of the 28th annual Founder's Week conference to be held at the Moody Bible Institute, officials of the station, which is dialed at 1080 kilocycles, are preparing to place upon the air during morning and afternoon hours the addresses of several of the more noted speakers listed to address the sessions during the period of February 4-8.

You'll Save on a FORD V-8 from the day you buy it

LOW FIRST COST!
\$505 and up, F.O.B. Detroit.
Ford V-8 prices are at their 1934 low.

LOW UPKEEP COST!
The new Ford V-8 is the most economical car to run that Ford has ever built.

HIGH TURN-IN VALUE!
Year after year the record shows that Ford cars retain an unusually great per cent of their original value.

THE Ford V-8 would be a great buy even at a much higher price. It's the only V-8 selling for less than \$2500. Ford alone has been able to put a V-8 engine in a low price car.

The first cost of a Ford V-8 is decidedly low. But that saving is only the beginning... Ford V-8 valves seldom need grinding. Carbon re-

moval is virtually eliminated. The new Ford V-8 consumes less gasoline and oil than last year's economical Ford. And Ford V-8 parts cost very little.

In addition, on that distant day your Ford V-8 earns its honorable retirement, you'll find that it has a high trade-in value. The record of years proves it.

HOUSE JOINT RESOLUTION NO. 14

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That there be added to Article IX of the Constitution of the State of Texas a new section to be numbered Sections 2-A and to have (5) lettered subdivisions and which section shall read as follows: "Section 2-A.

(a) General management and control of the affairs of the County shall hereafter be vested in the County Commissioners Court, provided that in the exercise of powers not specifically granted to the Commissioners Court by the Constitution and Amendments thereto, the Court shall be subject to the authority of the Legislature of the State, and the Court shall also be subject to all general laws of the State now in force not in conflict with the provisions of this Amendment until such laws are modified or repealed.

(b) All duties heretofore performed by the Clerk of the District Court and the County Clerk shall hereafter be performed by an officer to be known as Record Clerk; all duties heretofore performed by the County Tax Assessor and the County Tax Collector shall hereafter be performed by one officer known as Tax Clerk; and in the counties where the sheriff performs the duties of the Tax Collector he may hereafter perform the duties of the Tax Clerk. The Record Clerk and the Tax Clerk shall be elected to hold office for a term of two (2) years and until their successors shall be elected and qualified. The Commissioners Court shall have authority to combine the office of County Treasurer and the office of County Surveyor, or to combine either, or both, of said offices with any county office. Within the maximum and minimum limits prescribed by the Legislature the Commissioners Court shall have authority to fix the compensation of all county and precinct officers except County Auditor, County Judge and County Commissioners. The Legislature shall fix the compensation of District Judges, District Attorneys, County Judges and the County Commissioners and may provide for a County auditor and prescribe his duties and fix his compensation and the number and compensation of his assistants. The Commissioners Court shall fix the compensation of and determine the number of deputies, assistants and clerical personnel of all precinct officers and county officers except the county auditor.

(c) City and county officers and employees may, in addition to their duties as such city and county officers or employees, be required to perform such other similar duties for cities, towns and districts within the county, or for the county, as may be mutually agreed upon and contracted for between the Commissioners Court of said county and the governing board, or boards, of such cities, towns and districts; and the cost of such services shall be provided for in said contracts and paid by such county, cities, towns or districts into the Treasury of the county or city, town or district, as provided for in said contract. All such contracts shall be approved by the Attorney General of this State and such contracts shall not cover a period longer than two (2) years.

(d) The Legislature shall have authority, by general law, to provide for complete forms of county government and organizations different from that provided for in this Constitution to become effective in any county when submitted in such manner as may be prescribed by the Legislature to the qualified voters of such county in an election held for such purpose and approved by a majority of the qualified voters voting in said election. Provided, however, that no such law shall impair the right of the Commissioners Court to determine the compensation of county and precinct officers other than the County Auditor, to fix the number of assistants, deputies, and clerical personnel which said officers may employ; nor shall such general law change the present constitutional limitations as to particular and total tax levies for any or all county purposes; nor shall such general law change the present constitutional limitations on counties to incur public debts.

(e) In any and all cases where provisions of the Constitution of this State are in conflict with the provisions of this Amendment, the provisions of this Amendment (Section 2-A, Article IX) shall control; provided, however, should any county adopt a Home Rule Charter under authority of any provisions of the State Constitution or Amendment thereto, this Amendment shall not be applicable to such county."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the electors of this State, qualified to vote on Constitutional Amendments, at an election to be held throughout the State on the first Tuesday after the first Monday in November A. D. 1934, at which election each ballot shall have printed thereon the words:

"For the Amendment of Article IX of the State Constitution by adding Section 2-A thereto, giving the Commissioners Court general management and control of county affairs, and authorizing the Legislature to provide more economical forms of county government and different than as now provided by law."

"Against the Amendment of Article IX of the State Constitution by adding Section 2-A thereto, giving the Commissioners Court general management and control of county affairs, and authorizing the Legislature to provide more economical forms of county government, and different than as now provided by law."

Each voter shall scratch out with pen or pencil the clause which he desires to vote against so as to indicate whether he is voting for or against said proposed amendment.

A true copy. W. W. HEATH, SECRETARY OF STATE.

SENATE JOINT RESOLUTION NO. 21 BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 1 of Article 9 of the Constitution of the State of

Texas, be amended so as to hereafter read as follows:

"Section 1. The Legislature shall have the power to create counties for the convenience of the people subject to the following provisions:

First. In the territory of the State exterior to all counties now existing, no new counties shall be created with a less area than nine hundred square miles, in a square form, unless prevented by the pre-existing boundary lines. Should the state lines render this impracticable in border counties, the area may be less. The territory referred to may, at any time, in whole or in part, be divided into counties in advance of population and attached, for judicial and land surveying purposes, to the most convenient or organized county or counties.

Second. Within the territory of any county or counties now existing, the Legislature may by a two-thirds vote of both Houses, create new counties, combine existing counties and parts of counties and abolish existing counties and change county boundaries at will, provided that no new county shall be created with an area of less than nine hundred square miles nor shall any existing county be reduced in area so as to contain less than nine hundred square miles, unless such new county or such remaining portion of not less than fifty thousand according to the last United States census prior to the date of the creation or change of such county. When any part of a county is stricken off and attached to, or created into another county, the part stricken off shall be held for and obliged to pay its proportion of all liabilities then existing, of the county from which it was taken, in such manner as may be prescribed by law.

Third. No part of any existing county shall be detached from it and attached to another existing county until the proposition for such change shall have been submitted in such a manner as may be provided by law, to a vote of the electors of both counties and shall have received a majority of those voting on the question in each.

Section 2. Provided, further, that in case of war, riots, or insurrection, or a statewide calamity caused by earthquake, fire, flood or an epidemic which seriously threatens the health of the citizens of this State, the Legislature shall have the authority, by a two-thirds vote of both Houses, to suspend for a definite period this constitutional limitation as to the amount of money which may be collected and expended during the biennium."

SUNDAY DINNER SUGGESTIONS

By ANN PAGE

LET'S enjoy our favorite egg dishes during the next few weeks for this food is at its best, plentiful, fresh and cheap. Omelets, souffles, angel and sponge cakes, custards and meringues are usually made only under these favorable conditions.

An asparagus omelet or souffle is a treat and an omelet souffle served with strawberry sauce is a dessert fit for a king, and we are in the heart of the asparagus and strawberry seasons. New rhubarb, too, is here with its refreshing tartness. The apple season is waning but new-crop oranges and seedless grapefruit are coming to market. Bananas are fine in quality and cheap. The fresh pineapple season is beginning.

Green vegetables are plentiful and moderately priced.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine. For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned. It takes those good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't ask for liver pills. Ask for Carter's Little Liver Pills. CLUB HAS DEMONSTRATION ON BRINING CUCUMBERS

"I have 15 gallons of cucumbers in brine now," Mrs. Paul Braddock, told the Prairie Chapel home demonstration club women when the club met in her home Wednesday for a demonstration on brining cucumbers. "I made the brine according to instructions from the Extension Service, using 1 lb. salt to 9 pints of water. The cucumbers should be weighted down in order to keep them well under the brine. If cucumbers are above the brine that will cause mold to form. The cucumbers will need to remain in the brine at least 10 weeks to cure, or until the cucumbers are a clear olive green throughout. In order to keep the brine of the same density salt is added each week for five weeks, adding one-half cup for each 10 pounds of cucumbers in the brine."

Those present for the demonstration were: Mrs. Annie Johnson, Mrs. R. C. Alexander, Mrs. Leslie Peck, Mrs. Jessie Hale, Mrs. Paul Braddock, and Mrs. Homer Dobbins of Spur. —Reporter.

INTEREST IN CLUB INCREASES

Interest continues to increase in the Dickens home demonstration club with each meeting new members are enrolled; two being enrolled in the last meeting when the club met in the home of Mrs. W. H. Parks, farm food supply demonstration for the club. The club is quite proud that two of

its members, Mrs. John Gay and Mrs. E. S. Crider won second and third places in the county contest for the cooperators in the recent county clothing contest. Mrs. Gay gave a report of the contest to the club.

Mrs. Parks, farm food supply demonstrator, gave a demonstration on brining cucumbers for pickled in which she said, "The cucumbers will need ten or twelve weeks to cure out in the brine made in proportion to one pound of salt, not package table salt, to nine pints of water. At the end of each week for five weeks one-fourth pound of salt, for each 10 pounds of cucumbers used, should be added to the brine by placing it on the cover rather than pouring directly to the brine."

Following the demonstration Miss Pratt discussed the food budget and helped each one fill out a budget for her family.

Members present were: Mrs. E. S. Crider, Mrs. John Gay, Mrs. H. N. Wingo, Mrs. Allen Deaton, Mrs. H. H. Terry, Mrs. H. K. Clifton, Mrs. C. O. Middlebrooks, Mrs. Forrest Edwards, and Mrs. W. H. Parks. —Mrs. H. H. Terry, reporter.

DEMONSTRATOR HAS FITTED MANY PATTERNS

"I have fitted 134 foundation patterns; have given 33 demonstrations on fitting patterns and 21 on the use of the foundation pattern," said Mrs. R. C. Alexander, Prairie Chapel, in giving a summary of her work as

wardrobe demonstrator class II. Incidentally she won first place in the recent county contest and will enter the state contest during Short Course.

"I have fitted all sizes and ages

of women. I really enjoy the work for every time I fit a pattern I learn something new. The most out-of-proportion figures are the ones I like to fit most for I feel that I have accomplished something when I fit them. One dressmaker told me she would not take \$5.00 for her pattern and have to do without it—it cost her 25 cents. Another woman said, 'I never could get a commercial pattern to fit, if you are able to fit me you will have done something that no one else has been able to do and you will make me a very happy woman.' It took hours to fit her but I did get a good fit. She came to see me when she made her first dress by her pattern and wanted me to help fit her daughter, she said, 'I would not take anything for my pattern, I feel as well-dressed as anyone now for I have a dress that fits.'

"Our wardrobe demonstrator class I has helped me with a number of demonstrations. Some of the cooperators have helped too. I have encouraged them to help for they learn so much from fitting others. I can truly say that if the home demonstration agents and Mrs. Barnes get as much pleasure out of helping the women as I have their time is happily spent," she added.

REPRESENTATIVE MARLAND GETS RECORD VOTE

An Associated Press dispatch which was released Saturday stated that Representative E. W. Marland, Democratic nominee for governor in Oklahoma, received the greatest individual vote probably that was ever cast in a primary election. However, he was unopposed in the second Primary Tuesday of last week because Speaker Tom Anglin conceded the election to Marland to promote political harmony. Marland received 375,752 votes in Tuesday's Primary.

Congressman-at-Large Will Rogers received the nomination to succeed himself, receiving 204,724 votes to ex-Governor Henry S. Johnson's 156,640. In the second Congressional District Jack Nichols received 28,220 votes and Phil K. Oldhan received 18,378 votes. Wilburn Cartwright in the Third District received 41,594 and C. C. Williams 25,221.

Tom D. McKeown seems to have lost in the Fourth District, receiving 24,332 votes to P. L. Gassaway, 36,861. Jed Johnson received the nomination in the Sixth District with 22,250 votes to Jess Larson 17,244.

In the Seventh District Jim McClintic lost to Sam Massingale who received 36,085 votes to McClintic 23,479.

In the Eight District Phil Ferguson led J. M. Gentry by a small margin; Ferguson 12,165 and Gentry 10,676.

W. A. (Pat) Murphy was renominated for Labor Commissioner over Tom Smith, securing a majority of 116,622 votes.

The Republicans did not show much activity in the Primary. Their largest vote was cast for Lieutenant Governor and was 40,326.

THE SMALL CITY... A Pacemaker of Progress

More and more the signs point to the greater importance of the small and medium-sized community.

We are proud of the part electric power is playing in laying the groundwork for this greater progress and prosperity.

Gone is the day when the larger metropolitan centers had a monopoly of power supply, the first essential of industrial growth and development.

Widespread networks of transmission lines have given the smaller communities the same high-grade electric service as the larger cities have.

On this firm basis, industries are increasingly recognizing the advantages of location in small communities.

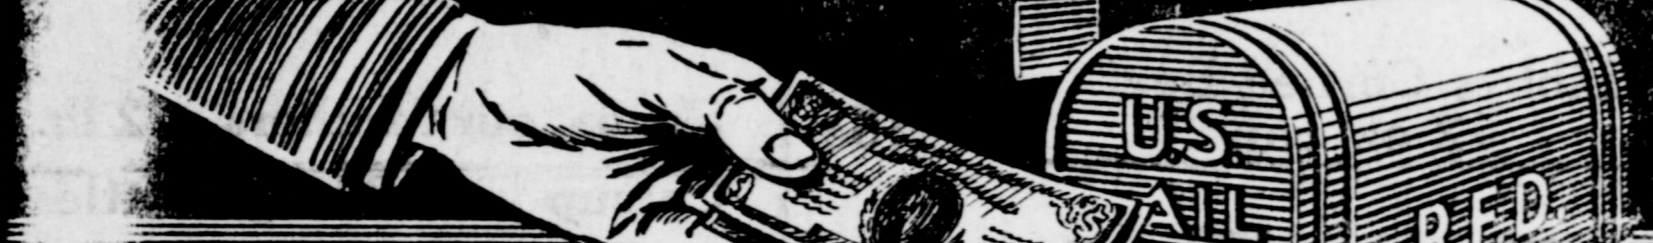

This trend will react most favorably to West Texas, the "Land of Opportunity"—efficiently, dependably and inexpensively served by the West Texas Utilities Company.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

SUNDAY DINNER SUGGESTIONS

By ANN PAGE

WEATHER is entitled to its important place in conversation because on weather depends our food supply. At present several of our staples are threatened by the drought throughout the Mississippi basin, including grains, for flour and cattle feeding, meat, butter and eggs. Fruits and vegetables from the east and west coasts and the far south are, however, plentiful and many of them very cheap. Beans, peas, spinach, onions, beets, carrots and cabbage are the outstanding vegetable bargains. Bananas, pineapple and cantaloupe are the outstanding fruits. Watermelons are also coming to market.

Wedding Breakfast Menus

By JOSEPHINE GIBSON Director, Heinz Food Institute

THOUGH A great deal of attention is rightfully lavished on the wedding ceremony, the wedding breakfast, too, should come in for its fair share of importance. This first meal should set a standard for endless future pleasant breakfasts. After a midday wedding, the invited guests assemble for a simple three or four course "breakfast" at the bride's home or a nearby club or hotel. With a small group it is gay and friendly for all to sit around one table where everyone may watch the bride cut her wedding cake and share the risk of finding a ring, coin, thimble or button in his piece. The wedding table should be set with dignified simplicity. A lace or white damask cloth, choice china, clear crystal and gleaming silver blend pleasantly with wedding colors. Accented by a wreath of soft ferns or other delicate greenery, the white wedding cake is centerpiece enough. For pretty individual favors, place above each service plate a small white box bearing the initials of the bride and groom and tied with a fluffy white ribbon. Each guest who puts a piece of the cake in this box to sleep on will have prophetic dreams. Most important, though, is the quality of the wedding breakfast that starts the young couple on their way. The menus and recipes for this important occasion must be of memorable quality such as these suggested below.

Rice Flakes Muffins—Sift together 1 cup flour, 1/2 teaspoon salt, 2 teaspoons baking powder and 3 tablespoons sugar. They add 1 cup Rice Flakes which have been crushed with rolling pin. Add 1/2 cup milk to 1 beaten egg and mix with fork into dry ingredients. Add 3 tablespoons melted butter and bake for 15 minutes in a moderately hot oven (400 to 425° F.) in well buttered muffin tins. This recipe makes 8 large muffins.

Creamed Sweetbreads and Mushrooms in Bread Patties—Soak 2 sweetbreads in cold water for one hour, changing the water several times. Drain and plunge into boiling water to which 1 tablespoon Pure Vinegar has been added, and cook for 15 minutes. Drain and place immediately into ice water to blanch. Allow to stand for 10 minutes, then drain and chill. Cut in dice and add to the following

Sauce: Melt 1 tablespoon butter and blend with 4 tablespoons flour. Add 2 cups rich milk or thin cream, 1/2 teaspoon salt, dash of pepper and 1/4 teaspoon Worcestershire Sauce, and cook, stirring constantly, until thickened and the flour thoroughly cooked. Serve in bread patties and garnish attractively with slices of Stuffed Spanish Olives.

Bread Patties—Cut 1 loaf stale bread into 6 slices, about 2 inches thick. Trim the crusts, cut in squares and hollow out the centers leaving bread cases or patties in which to serve the Creamed Sweetbreads and Mushrooms. Brush the patties slightly with melted butter and toast until delicately brown in a hot oven.

Cheese Dressing—Mash 1 small package soft cream cheese and add 1 cup well seasoned French Dressing, a little at a time, mixing thoroughly after each addition.
