TO THE Policy Holders and Friends of Spur Mutual Life Insurance Association

At this particular time when the confidence of people in general has been shattered in financial institutions, the Directors of Spur Mutual know that the general public will appreciate a statement as to the present financial condition of Spur Mutual.

Knockers

In every town and in every community there is a certain percentage of people who are inclined to destroy any financial organization. Those individuals are never found boosting for their town or for their community, but always have a wrecking bar in their hands. They are always ready to tear down the constructive program which their fellow citizens have worked night and day to build up. The wrecking bar to which we refer is nothing but gossip. If you will listen to one of these habitual knockers, you will never hear him make a statement as a fact. Their destructive work goes on by countless repetitions of "They Say." The knocker is a member of the "Down and Out" Club. It is very easy to maintain membership in that organization because it does not cost any thing to belong to it.

Statement

Insurance in Force	-----	\$2,111,000.00
Cash on Hand and in Banks	-----	\$2,250.18
Other Assets	-----	\$1,250.00
Total Amount Due from Policy Holders (Assessments)		\$26.88.00
Holders (Assessments)		\$2,688.00
Borrowed Money	-----	NONE
Outstanding Death Claims	---	NONE

This statement of condition of the business as of December 1st, 1934, is true to the best of my knowledge and belief.

FRED C. HAILE, Sec.-Treas.

Boosters

The Booster will always be at the head of the parade. He is carrying the banner of "Success" and has faith in his town, his community and his people. He has a cheerful word for every one, a smile on his face, and a hearty handshake. The Booster usually is a man who is happy. He is a hustler and a builder. He builds confidence in himself and in people with whom he deals. He is a member of the "Success Club." The dues are high because the cost is in hard work and ability to stand the onslaught of the wrecking bar in the hands of the members of the "Down and Out" Club.

To Which Club Do You Belong?

For over 13 years the Spur Mutual Life Insurance Association has maintained an unprecedented record of efficient service. For over 13 years we have stood four-square and been a booster for West Texas. We believe in the honesty and integrity of the citizenship of Dickens and surrounding counties, and we are proud of the reciprocal feeling between the administration of Spur Mutual and the policy holders and friends, and to further justify that feeling we cordially invite the policy holders to inspect our records at any time.

Our success has been due to the confidence and co-operation of our many policy holders, even in the face of drouths, in the face of hail storms and in the face of depression.

SUNDAY DINNER SUGGESTIONS

- By ANN PAGE
- NATIONAL, state and local authorities are sponsoring National Cheese Week with a view to increasing the use of all types of cheese. American or store cheese is especially low in price though this commodity has remained cheap. Another farm product, honey, is also being brought to your attention.
- Most green vegetables are higher than they have been, but there are many fine, cheap, root vegetables available for low budgets. Spinach, squash, cabbage, lettuce and mushrooms are moderately priced. Green peas, beans, lima beans and tomatoes are high.
- Florida oranges and grapefruit are plentiful and cheap. Navel oranges and Satsumas (similar to tangerines) are beginning to arrive in market. Both eating and cooking varieties of apples offer outstanding values.

Cotton shorter than 7-8 inch is reported as nearly one-fifth of the total last week while 7-8 inch cotton is reported as 58.1 per cent. Cotton reported as 15-16 is 15.1 per cent and one inch cotton is only 1.5 per cent. Cotton having staple lengths longer than one inch is 5.5 per cent. NEW REGULATIONS IN STATE RELIEF WORK

Strict enforcement of the state nepotism laws has been ordered by the State Board of Control in the administrative ranks of the Texas Relief Commission, who county administrators, department heads and other employees were informed of the position of the board in a letter from State Administrator Adam R. Johnson. The board adopted a five-point resolution, declaring that: "1. It shall be the policy of the Board of Control from this date not to employ in the state relief organization married men whose wives have regular employment.

"2. On and after January 1, 1935, men employed in the state relief organization whose wives have regular employment will be relieved of their positions and women whose husbands have regular employment will be relieved of their positions in the state relief organization, and if it is found necessary to reduce the force before January 1, 1935, this policy will apply.

"3. Hereafter, only one member in each family who live in the same home and eat at a common table will be employed in the state relief organization.

"4. On and after January 1, 1935, not more than one member of any family who live in the same home and eat at a common table who perform administrative duties shall be retained in the state relief organization.

"5. All provisions in the Relief Acts and all general nepotism statutes pertaining to employment shall be strictly observed immediately in all state and county organizations of the Texas Relief Commission."

The resolution was signed by Claude D. Teer, chairman, and Jno. F. Wallace and Henry C. Meyer, members of the Board of Control.

SIMMONS HARDWARE COMPANY REORGANIZED

The management of the Simmons Hardware Company, the Enders Razor Company and the Mound City Paint and Color Company will be continued under the direction of the organization committee which purchased the Associated Simmons Companies of St. Louis at public sale. The purchasers represented holders of a majority of the defaulted gold notes in the Associated Simmons Companies. The sale price, \$2,260,000, was \$10,000 higher than the last bid put in by representatives of the Shapleigh Hardware Company, the only other bidder for the properties at the sale. The bidding was started by the reorganization committee at \$1,700,000. Successively higher bids were made until the Shapleigh interests dropped out at the \$2,250,000 mark.

According to L. E. Crandall, who has been acting president in charge of management of the Associated Simmons Companies under a trusteeship, the sale now makes it possible for the purchasing committee to reorganize the Simmons Hardware Company as a Missouri corporation, controlled by a St. Louis board of directors, the same basis upon which the company was originally founded in 1864 and made successful by the late E. C. Simmons.

To the soft strains of the wedding march, played by Miss Ruby Lee Creager of Gorman, couples marched into the living room. These were Ima Jean Hyatt of Gorman and Alfred Smith; Clifford Phipps and Ethel McGaha, followed by the bride and groom. Bro. L. L. Gaylord of Gorman, read the ceremony which united Mr. Barton and Miss Phipps husband and wife. Each year in the United States alone approximately 10,000 children die of tuberculosis despite the fact that it is curable and preventable. If people who buy Christmas Seals would follow their money through to see what it accomplishes, they would regard it as an investment rather than a gift.

Every "far advanced" case of tuberculosis was an "early case" once. Early discovery means early recovery. Christmas Seal funds help find the early case.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL
And You'll Jump Out of Bed in the Morning Rarin' to Go
If you feel sour and sick and the world looks pink, don't swallow a lot of salts, minerals, water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet, bright and full of sunshine.
For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pints of liquid bile into your bowels daily.
If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. The bloats up your stomach. You have a thick, bad taste and your breath is foul. It often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.
It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pints of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.
Don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resist a cheap drug store. ©1931 C. M. Co.

WITH few exceptions prices of foods have varied little in the past week. Such bargains as are to be found are in vegetables, including cabbage, cauliflower, celery, onions and potatoes. Most other vegetables are very moderate in price though spinach is high for good quality.

MY TRIBUTE TO THE TEACHERS OF TODAY

J. W. CRABTREE
In the crisis of the seventies, I was amazed, as a boy, at the sacrifices made by the pioneer teacher of that day. Since then, I have observed that whether in time of famine or in time of plenty, the teacher has lived not for self but for the children and the community. I have noticed that the selfish man or woman seldom remains long in the profession.
