WHOLE NUMBER 518

To Complete Plans For Old Settlers Annual Meeting

C. C. Haile, President of the Motley-Dickens County Old Settlers' Association was in Spur Monday, and stated that a meeting of old settlers would be held at the Travelers Hotel at Roaring Springs, 2:30 p. m., Friday, July 12. The regular meeting of the Association is the fourth Thursday in August.

The Board of Directors and all old settlers are urged to attend the meeting July 12 for at that time plans will be made for the August meeting. The location will be selected, forms of entertainment and all matters pertaining to the annual meeting will be discussed.

The Association meeting was held in the High School gymnasium at Roaring Springs last year with a record attendance.

SUNDAY SCHOOL CLASS ENJOYS BIG TIME IN MOUNTAINS

Members of the Sunday School class of the First Methodist Church, taught by George S. Link, returned Tuesday evening from an eight days vacation trip to the mountains of New Mexico. There were between 25 and 30 of the class and there were a number of guests in addition. The party consisted of about 40 in all.

The party left Spur about five o'clock of the morning of June 25 and drove to Ruidosa, N. Mexico, in time to pitch camp before dark. It was a journey of about 335 miles. Wednesday was spent in erecting equipment and making camp life more convenient. Some of the party made a climb of the nearby mountains and had the thrill of their lives.

Thursday was the day set to conquer "Old Baldy" which is the nickname given to the great Sierra Blanca peak which stands over-towering about ten miles from the post office at Ruidosa. Camp was located in the east edge of the Mescalero Indian Reservation, three miles from town, and the journey would include about seven miles hike from the camp. 27 started from camp and 16 gained the summit. It was a masterful climb of more than 12,000 feet, and any one making it would necessarily need the acme of physical condition and know how to conserve strength. George S. Link engineered the climb, and it was through his judgment largely that so many were able to make the climb. The last of the party returned to camp about 7:30 o'clock in the evening, and all were greatly exhausted. Many were too tired to eat supper and soon went to bed. But the top of "Old Baldy" afforded a very fine view of the entire country as it stands a towering giant far above any other nearby peak.

Friday was touring day. The party left camp early and visited Mescalero, Tularosa, Alamogordo, The White Sands section, Carizozo, the lava beds, made the trip through the Capitan Pass to Capitan which is quite an elevated city, back to Lincoln and Hondo. The White Sands near Alamogordo seems to be a great wonder to many people. Each visitor to this section is requested to register and give their opinion of it. It covers many thousands of acres and is as white, almost, as snow.

The Lava Beds is another of nature's wonders. It lies west of Carizozo and next to the Capitan Mountain range. A vast area covered with layers of molten rock which has hardened. It shows the waves in the rock layers which proved that at some time it was in a molten condition.

Saturday was camp day and everybody cleaned up and got the camp in good condition for Sunday. In the afternoon a number of the party went to town to enjoy the show and to take in the sights about the city. There are a number of curio shops in the town, we presume as headquarters for curious people. At least, everybody reported a good time when they returned to camp for supper. Some of the party remained at camp in the afternoon and rested and read while others strolled through the woods inspecting trees and plants.

Sunday morning was camp inspection time. And we dare say there has never been a cleaner, more neatly arranged camp anywhere than was found there. Those Sunday School boys exhibited a great quantity of pride, and most any day an inspection could have been held and excellent conditions found. At ten o'clock everybody assembled in a grove of large fir trees for Sunday School. The class teacher took charge and a very fine lesson was enjoyed. M. C. Golding then made a very excellent talk to the party, ev. E. L. Yeats, Pastor of the First Methodist Church, then delivered a very fine sermon, using as his subject, "What Paul Left Behind." It was an excellent talk from which everybody received a good lesson.

Sunday afternoon some of the party drove to Lincoln to visit with Red Eagle, the famous Indian at that point. Lincoln is the place that Billy the Kid made his last escape from the authorities, killing two guards and running away. The old building still stands. Red Eagle is a very interesting character, a very intelligent man in the customs, art and skill of his people. He has traveled much, knows practically all of the United States and has been abroad. He makes many

Two County Club Boys To Be Honored

Two Dickens County club boys will be honored at the Short Course meeting at College Station the last of this month.

Earl Van Meter and Rudolph McLaughlin, members of the McAdoo 4-H club, will be recognized as outstanding 4-H club workers in Texas for their work in feeding out baby beef the past winter.

Selections were made from 29 counties in Texas, Dickens County receiving two.

W. W. Gregory has charge of 4-H club work in this county.

RECEIVE CAR SHIPMENTS

The Bryant-Link stores at Spur and Jayton unloaded a car of Mrs. Tucker's Shortening and a car of new furniture this week.

COUNTY AGENTS OFFICE CLOSED FOR THE 4TH

County Agent Lane announces that his office will be closed today (Thursday) for celebration of the 4th of July. Giving out of cotton checks will be resumed tomorrow.

Beautiful articles which he sells. Beaded hand bags, beaded belts and numerous other articles. He was staying close to his squaw as there was a three day old papoose in his home, being the first one in his family. Was he feeling proud? Yes, and there are very few men of so called civilization who are more considerate of their wives than is Red Eagle of his squaw.

Others of the party went to the government lookout up on the mountain at Manjeat. This is a thrilling place since one can see the country for many miles around by use of the government equipment.

Monday was camp day again, but it was a very enjoyable one. Foot racing, wrestling, and many other games filled the day. Tuesday the party broke camp, all eager to get back home. It was a fine trip and very little car trouble was experienced. The people of Ruidosa were grand to us and asked that the fine bunch of boys return there for another vacation.

The personnel of the party consisted of: Jack Keene, Norton Barrett, Alton McCull, Charles Sennings, Myard Ensey, James Fox, Easton Blenden, Junior Ince, W. T. Ince, Jack Ensey, L. J. Jones, Sylvan Golding, V. C. Smart, Jr., Jeff Smart, Aubrey McCully, H. H. Verner, Jim Ackerman, Tom Ackerman, Van Haigroove, Walter Johnson, Jno. A. Moore, Jr., D. Blair, Jr., Edie Putman, Edith Haigroove, Billie Gruben, Fike Godfrey, Tom Barrett, Jr., Dan Disney, Billie Koon, M. C. Golding, George S. Link, J. R. Laine, Morris Laine, Rev. E. L. Yeats, Misses Athelda Yeats, Helen Yeats and Lucy Blair; W. D. Starcker, and George Johnson, colored, who served as camp cook, and he proved a good one.

Miss Pratt Completes Four Years As Home Agent

This week begins the fifth year of service for the local home demonstration agent. A check of the records for the past four years shows that she has spent 483 days in the office and 655 days in the field; 2804 office and 907 telephone calls have been received; 655 business letters and 383 news stories have been written. For the days in the field, 954 meetings have been held with 15,772 people attending; 1819 home visits have been made in 457 different homes in the county.

During the four years home demonstration clubs have been organized in every community in the county; however, several have dropped the work. For the four years there have been an average of 127 girls and 269 women actively engaged as club members. Since 1932 when the county home demonstration council set as a goal to reach at least 85% of the farm families in the county with some phase of Extension work, an average of 1130 families have been helped in some specific way.

The above statistics were compiled from the records of the county home demonstration agent and represent in figures some of the accomplishments and work done by Miss Pratt in the four years she has been in Dickens County.

The figures do not begin to tell the story of her work as it should be told. Her fine personality, the cooperative spirit she has and the wonderful character she has manifested in a large field of service that figures are unable to show. No estimate can be made of the amount of good and educational work she has done in the past four years. Her contacts with the women and girls of Dickens County have resulted in a complete remodeling of home life in a large number of cases.

The educational value of the teaching of canning, dress making, home refurnishing and other home building items done by Miss Pratt in the past four years is incalculable.

We might devote quite a bit of space to the fine work Miss Pratt has done among the young people in church work in Spur. The membership of the First Baptist Church at Spur is always ready to attest to her value in this field.

We are sure the people of Dickens County appreciate this fine work of Miss Pratt's and many have told us time and again what she has done for them, how much they appreciate her and their hopes that she will continue her work in Dickens County for many years to come.

Mr. and Mrs. Martin Parks, of Highway, are the proud parents of a fine boy, born June 20. Mother and son are doing fine.

Final Dividend Checks Received

Final dividend checks totaling \$43,667.18 from the 1934 National Certificate Pool were received Monday, July 1, according to Grady Lane, County Agent. Distribution began at once to farmers of Dickens County.

Dickens County's account with the 1934 National Pool discloses several interesting facts as summarized as follows:

Number of Trust Agreements 1,595
Pounds surrendered 6,170,455
Pounds sold 4,220,307
Unsold Pounds 1,950,148
Two Cent Distribution \$123,409.18
Final Payment \$43,667.18
Total Payment \$187,076.28

The unsold poundage will be returned, if the producers so desire it, in form of 1935 Certificates. It is, however a most probable assumption that all of this poundage will be required in ginning the 1935 crop. In event the poundage isn't used for 1935 crops a Special Pool has been created, and Certificates placed in the Special Pool will not be less than five cents per pound. The Special Pool is now open and will remain open for ONLY 15 DAYS.

At the time of signing for the check the farmer will signify to have the Certificates returned or placed in the Special Pool. Promptness will be appreciated and is essential if the producer wishes to comply with the Special Pool.

GODFREY & SMART CONDUCTS PARTY TO DETROIT FOR V-8'S

Two cars of people left Spur Wednesday for Detroit, Mich. after eight new Ford V-8 cars under a customer delivered at Detroit plan. The trip was sponsored by Godfrey & Smart, local Ford dealers.

Those making the trip are: Cap McNeill, A. B. Ardis, Dr. Quinn, Wayland Lee, Robert McKee, Dick Speer, Donald Ensey and V. C. Smart.

Matador Defeats Spur No. 1 Team

The Matador golf team came to Spur and scored another one-sided victory Sunday afternoon. This was the final match of the season for the Spur No. 1 team and the Matador team. Spur No. 2 team goes to Crofton next Sunday afternoon for the final matches of the league season. A series of tournament will be held by the member clubs in August.

Spur No. 1
Culbert 76-1-2 — Stearns 73-2-1-2

To Open Cafe In Chrysler Building

W. M. Bumpus, proprietor of the Spur Coffee Shop, announced the last of the week that he had purchased the fixtures of the Club Cafe and would move them in a few days to the building formerly occupied by the Harkey Motor Company next door to Sanders & Chastain pharmacy.

Mr. Bumpus stated that he planned to rearrange the fixtures, fixing a place for luncheons and banquets and for family dinners. A merchants dinner at a popular price will also be served.

It was stated that the new cafe would be opened in about sixty days in time for fall business.

Mr. Bumpus will still operate the Spur Coffee Shop dividing his time between the two places.

Relief Canning Kitchen Open

The Dickens County relief canning kitchen will open for work Friday. The building and grounds are being cleaned and everything put in order for work this week.

Mrs. Cecil Fox will be supervisor and has received word from the state department that the canning will be done on a 60-40 basis. That is, the Relief Commission will furnish the labor, cans, and equipment and retain 60 per cent of the canned product while the customer furnishes the products and receives 40 per cent of the canned food.

It will be necessary to sign up with Mrs. Fox for days so that the products may be canned while in the best possible condition.

Revival Closes At Presbyterian Church

The Presbyterian Church closed an eight day series of revival services Sunday evening. Dr. S. L. Joekel, of Austin, preached to fine crowds at both services Sunday and good interest was shown throughout the meeting.

Some additions were made to the church and a general increase in interest of the membership was noted. The church membership seemed highly pleased with the results.

Dr. Joekel and the pastor, Rev. Fred Cairns, left Monday for Austin, Dr. Joekel returning home and Rev. Cairns starting on a vacation to his parents home at Houston. Rev. Cairns plans to return the last of next week.

RETURNS FROM SUCCESSFUL REVIVAL MEETING AT POST

Dr. and Mrs. M. F. Ewton and son returned Tuesday from Post where Dr. Ewton has been conducting a two weeks revival meeting. Mrs. Ewton and son were visiting relatives.

Dr. Ewton reported 21 conversions and 18 additions to the church during the two weeks meeting which was held at the First Baptist Church. He stated that the Post people were highly pleased with the results and that he never saw better cooperation between churches before.

Rev. A. O. Hood, of McAdoo, was attending to business matters in Spur Monday.

Christian Church Begins Revival Sunday Morning

Our meeting will begin next Sunday, July 7th. Rev. John Mullen of Pampa, Texas, will do the preaching beginning Monday night. Rev. Bill Reeves of Shamrock, Texas, will lead the singing.

Bro. Mullen is a young man of exceptional ability, and Bro. Reeves has been long leader for some of our most prominent evangelists.

We expect to have a very helpful and inspiring meeting.

A most cordial invitation is extended to the other churches of the city and the public in general to enjoy this meeting with us.
R. C. BROWN, Pastor.

Cattle Man Is Seriously Injured

Lassater Hensley, rancher in the north part of the county was seriously injured when thrown from a horse while doctoring some cattle last Thursday.

Mr. Hensley and Billy Elliot were doctoring some calves for screw worms and the horse Mr. Hensley was riding became excited and threw him tangling him in the lariat rope he was using. Mr. Hensley was dragged about 70 yards before Mr. Elliot ran out and cut the rope. The injured man was rushed to Spur where he was given treatment by Dr. Haile and Dr. Alexander. Later he was removed to the sanitarium. He was able to sit up some the first of the week and it was thought he would be able to return home this week.

The doctors reported that Mr. Hensley received a concussion of the brain, three broken ribs, and contusions of the back, shoulders, face and arms.

S. H. Twaddell To Be County Relief Administrator

S. H. Twaddell has been recommended by the County Relief Council to the State Relief Administrator for the position of County Relief Administrator for Dickens County. This place has been filled by O. C. Arthur who was recently appointed by President Roosevelt as postmaster for Spur and will take over the duties of that office soon.

Mr. Twaddell has been associated with the relief work in this county for some time and is adequately qualified to fill the position for which he has been recommended. He is a good business man and is well informed in regard to all government and relief work. It is the hope of his numerous friends that State authorities will comply with the recommendations of the local council.

NAME OMITTED

In our report of the local school faculty last week the name of Miss Athelda Yeats was omitted from the list. Miss Yeats was one of our teachers last year and has been re-elected for the ensuing term. Just how her name was omitted last week is not known, but she is one of the faculty of our schools.

RELEASED ON BOND

The Sheriff's Department has agreed to bonds in the amounts of \$1,000 each for J. B. Haygood and Clyde Jackson who were held in custody on a charge of forgery. Elbert Jones was released on bond in the amount of \$2,000 for a similar charge. All men were released Monday.

Mrs. F. G. Collier, teacher in Spur Schools, was in Lubbock Friday and Saturday attending a curriculum conference of Texas teachers. Several noted state educators were on the program.

Hansford county has gone in for concrete subirrigation tile in a big way this spring. Through an agreement with relief agencies labor has been furnished from the relief rolls for making and installing the tile while the farmers have furnished the cement and sand and have agreed to pay one-fourth of the produce from the subirrigated garden for the year 1935. In this way 30,000 feet of tile have been put down.

Twenty other gardens using 12,000 feet of tile have been subirrigated by farmers in this county working independently—making a total of 32,000 feet of tile which will subirrigate Hansford county gardens, according to G. Lester Boykin, agricultural agent for the county.

Nearly five miles of concrete tile have been made and laid by relief workers in Ochiltree county this spring, according to the report of J. T. Stovall, county agricultural agent. The exact figures are 25,957 feet. The tile has been furnished in such cases as actual material costs plus a one-fourth toll of the garden crops which are produced on the subirrigated land. The material cost has been approximately one and one-fourth cents per foot.

"Knee deep in June" is ok for the poet but apparently not for the dairyman if he is knee deep in Sudan grass gone to seed.

According to Extension Dairyman E. R. Eudaly, the value of Sudan grass is reduced about half if it is allowed to form seed.

He says it should be cut for hay just as it heads. If it is being grazed, but not kept down, mow half of it and two weeks later the other half. That way grazing will not be interfered with.

Mow the permanent pasture too. Twice a year mowing will kill the weeds Eudaly says. Cut high the first time—three or four inches off the ground—and low the next time to get the suckers and new branches.

Plant now for trench silo filling. Three tons per cow is what will be needed. Cane or grain sorghum can be planted on the oat stubble if there is enough moisture.

Cows need dry feed, Eudaly says. And roughages are cheaper than grain. So plan for one ton of hay or bundled feed for each cow.

The Government's drought relief cattle buying removed about one million dairy cows from Texas farms, according to Eudaly. Remaining milkers should now be tested to be sure they are "worth their board and keep."

A PLEASANT SURPRISE

On last Wednesday June 19, while Mrs. D. J. McDaniel and daughter, Donna Leita, were busy in the kitchen at the task of canning beans, a new Chevrolet car came up to the front of the house. Imagine their happiness upon going to the door to be greeted by her son and his bride.

J. P. McDaniel and Miss Virgie Tidball were married June 16 in Isabel, South Dakota, and left immediately for Texas arriving June 19th. A number of friends and relatives gathered at the home of Mr. and Mrs. McDaniel Saturday night where an enjoyable visit was had and ice cream enjoyed.

Mrs. W. T. Andrews and mother, Mrs. Daniels left Saturday for Fort Worth. Mrs. Andrews returned the first of the week, Mrs. Daniels remaining for an extended visit.

Mr. and Mrs. C. B. Middleton and children who have been in Missouri the past five weeks returned to their home in Spur the last of the week. Mr. Middleton attended the University of Missouri summer school, first term doing graduate work. He is vocational agriculture teacher in Spur High School and has a number of projects which he is supervising through the summer.

IF YOUR
BREATH HAS
A SMELL YOU
CAN'T FEEL WELL

When we eat too much, our food decays in our bowels. Our friends smell this decay coming out of our mouth and call it bad breath. We feel the poison of this decay all over our body. It makes us gloomy, spongy and no good for anything. What makes the food decay in the bowels? Well, when we eat too much, our bile juice can't digest it. What is the bile juice? It is the most vital digestive juice in our body. Unless 2 pints of it are flowing from our liver into our bowels every day, our movements get hard and constipated and % of our food decays in our 23 feet of bowels. This decay sends poison all over our body every six minutes. When our friends smell our bad breath (but we don't) and we feel like a whipped tomcat, don't use a mouthwash or take a laxative. Get at the cause. Take Carter's Little Liver Pills which gently start the flow of your bile juice. But if "something better" is offered you, don't buy it, for it may be a calomel (mercury) pill, which loosens teeth, gripes and scalds the rectum in many people. Ask for Carter's Little Liver Pills by name and get what you ask for—25¢. ©1934, C.M.Co.

SOCIETY

MRS. BERT CHERRY IS HOSTESS WEDNESDAY AFTERNOON

On Wednesday afternoon, June 26, Mrs. Bert Cherry was a charming hostess to a number of friends, when a shower was given in honor of Mrs. George Vaughn. After games were played, the many lovely gifts were brought in and presented to the honoree by Miss Lucille Rape and Miss Marcille Compton. Refreshments were served to the guests.

Those present and sending gifts were: Mesdames Mace Hunter, Steve Carlisle, Joe Pierce, Poney Morris, S. L. Cherry, Same Rape, Walter McKay, J. B. Rape, Dean, Ruben Yaddell, Walter Carlisle, A. M. Hoover, Bill Davenport, Rex Carlisle, J. W. Justice, Nettie Compton, Brink Carlisle, O. P. Meadow, Pearl Boothe, Albert Jordan, and Misses Bernice Jusice, Lucille Rape, Marcille Compton, Exie Morris, Lola Mae Boothe, and the honoree, Mrs. George Vaughn

BIRTHDAY CELEBRATION

Little Miss Grline Dillingham entertained a number of her friends on Saturday afternoon at the home of her parents, Mr. and Mrs. Dale Dillingham, celebrating her sixth birthday.

Following a few games the children were served punch with the prettily decorated birthday cake.

The guest list included: Robert Ardis, Ann Hull, Iris Maureen Smith, Jacqueline and Creola Rector, Jean Gramberry, Patsy Jean Hyatt, Shirley and Charise Powell, Jimmie Watson, Myra Alice Ratliff, Jimmie McNeill, Patricia Ann and Helen Virginia Mars, Dale Dillingham, Marvin Barrett, Billie D. Starcher, Marion Speer, Cash Caraway Wilemon, Glenna Williams, Jane and Mac Brannen.

MRS. MACK WILSON ENTERTAINS ON TUESDAY

On Tuesday afternoon of last week Mrs. Mack Wilson entertained a number of her friends with bridge.

At the close of the games, Mrs. Guy Karr was presented with high club prize, while Mrs. D. H. Zachry received the guest favor. Other guests included Meses. Cash Wilemon, Neal Chastain, H. O. Everts, McGuire, Roy Harkey and W. T. Andrews.

MRS. GUY KARR HOSTESS ON TUESDAY

Mrs. Guy Karr entertained Tuesday afternoon with two tables of bridge.

In the games Mrs. Bulloch Tillotson made high score for club members, with Miss Ermal Lisenby winning guest prize. Delicious refreshments were served to the prize winners and Meses. H. O. Everts, A. C. Hull, E. M. Wilson, McGuire and Hill Perry.

JOI DE VOI CLUB

Mrs. D. H. Zachry was hostess on Tuesday at a delightful morning bridge affair.

Following the games dainty refreshments were served in two courses using a lovely crystal service.

Mrs. Jack Rector won high club prize and Mrs. McGuire was presented with a guest favor.

Others present were Meses. A. C. Hull, Calvin McNeill, M. H. Brannen,

John Wylie, Bulloch Tillotson, Weldon Grimes and E. M. Wilson.

DAWSON-STOKES

Miss Estelle Dawson and John A. Stokes were quietly married at the home of Rev. and Mrs. W. B. Bennett June 30th, Rev. Bennett officiating. The couple were accompanied by a few relatives and friends.

Miss Dawson is the charming and accomplished daughter of Mr. and Mrs. Matt Dawson of Afton. Mr. Stokes is the son of Rev. and Mrs. A. P. Stokes of Afton, uniting two prominent and well known families. This promising couple were reared and educated here and their sterling qualities are well known. We predict a prosperous voyage for them and wish them happiness and prosperity as they launch out into the deep. — Contributed.

Athelete's Foot

If your toes itch you are probably suffering with ATHLETE'S FOOT. This disease is a form of RING-WORM that is deeply imbedded in the inner layers of the skin. Blisters form that cause spreading. BROWN'S LOTION will stop the itching instantly. It is highly antiseptic and will heal any case of ATHLETE'S FOOT in fourteen days or your money will be refunded. Don't use messy salves and bandages. 60c and \$1.00 bottles for sale by City Drug Store of Spur.

Gasoline Company Gives Motorists 15 Ways To Save Gasoline Money

When the man bites the dog, it is news. And when a gasoline company advises motorists how to save gasoline, that is news, too.

Hence it is news to announce that the Gulf Refining Company has just issued a booklet entitled, "15 Ways To Save Gasoline Money." Although the information contained in the eight page booklet is simple, it consists of driving hints which should benefit millions of motorists.

Do you know what parking secret saves gasoline? The booklet tells you. Have you discovered what driving speeds assure the greatest economy in gasoline consumption? The booklet tells you. And what fact concerning the inflation of your tires boosts your gasoline mileage? The booklet tells you this, too.

According to Dr. Paul D. Foote, vice-president of the Gulf Research & Development Corporation, considerable care was given to the preparation of the literature. The data was prepared, changed, and checked over and over again by the leading petroleum and automotive engineers. Caution was exercised in listing the various methods to save the motorists' money, and at least 15 additional ways to cut gasoline costs were eliminated because they were open to debate.

For convenience's sake, the Gulf booklet is divided into three sections. The first chapter is devoted to economy short-cuts which can be controlled by the motorist. The second part is given over to economies which can be secured at no cost at reputable service stations or dealers, such as Gulf's stations. And the third section consists of savings which can be obtained through enlisting the help of competent garage mechanics.

To announce this new booklet, "15

Ways To Save Gasoline Money," to the motoring public, the Gulf Refining Company has undertaken an advertising campaign which is outstanding in many ways, including the number of newspapers to be used. More than 1200 newspapers from Maine to Texas, the largest journalistic army in the modern history of petroleum advertising, will be employed. The offer of the free booklet to any motorist who will drive into Gulf's 40,000 dealers is allied with an interesting "sporting offer" to car owners.

BEN HOLLY BUYS ROSCOE'S CAFE

Ben Holly has purchased and taken possession of the cafe formerly operated by Roscoe McCombs. He is an experienced cafe man and will continue the operation of a nice clean place of business.

Mr. McCombs has been appointed supervisor of the Junior High School building and will assume his duties in the near future.

Judge Jim Cloud left Wednesday with his father J. J. Cloud for Mineral Wells. The elder Mr. Cloud has been in ill health for some time and will take treatments at Mineral Wells.

Mr. and Mrs. Joe B. Hutto, of Kalgary, left Monday for Olney where they will make their home.

Mr. and Mrs. Dick Speer left Wednesday morning for a vacation trip through the northern states. They expect to go by way of Detroit and drive out a new Ford V-8 and then go places, and during the time will visit in Canada.

Mrs. B. F. Hale and daughter, Miss Helen, and Mrs. E. L. Caraway are visiting in Dallas this week.

Ed Thomas, of New York City, is in our city visiting his niece, Miss Sadie Gabriel.

Mr. and Mrs. Henry Gruben and daughter were in Royston Sunday visiting Mr. Gruben's mother, Matthew Gruben, who had been visiting his grandmother, returned home with his parents.

Ed Williams left the last of the week for a week's vacation on the North Plains.

Mr. and Mrs. Riddell Snider of Oklahoma, are visiting his parents, Mr. and Mrs. J. H. Clay and sister, Mrs. Dick Speer and Mr. Speer.

CORN-HOG CONTRACTS INCREASE IN NUMBER

College Station—Approximately 37,000 of the more than a million 1935 corn-hog contracts made through out the states have been signed in Texas. This is an increase over last year's Texas corn-hog contracts of 32,500, according to E. M. Regenbrecht, Extension swine husbandman at College Station. Regenbrecht also reports that Texas is one of the few states that have increased their contracts.

In connection with the contract totals, Claude R. Wickard, chief of the Administration's corn-hog section, an-

nounced that these contracts so far involve rental and benefit payments of approximately \$186,000,000.

Harvey Hines, of McAdoo, was in our city the last of the week attending to business matters. E. C. B. Jones and W. B. Lee were in McAdoo Thursday attending the funeral of W. H. Edwards.

Mr. and Mrs. C. B. Jones were in Lubbock Friday attending a meeting of the Centennial committee of the 30th Senatorial District.

Mr. and Mrs. George Gabriel are in California on a vacation trip. Hollis Scudder of Abilene, is the guest of his sister, Mrs. Webber Williams this week.

PUT YOUR CAR IN OUR HANDS
for a 3-week "Tank Test"

A Sporting Offer
Unless you've made friends with Gulf gas recently, you can't know what a really great fuel it is!
Just try it 3 weeks. Then see if you don't check with the motorists who've already made this "tank test."

750 "takers"
These 750—average owners of average cars—agreed to try That Good Gulf and judge it themselves. They drove it 3 weeks—comparing it against their regular brands for mileage, starting, pickup, power, all-around performance.

555 converts
555—more than 7 out of 10—found Gulf definitely better in one or more of the 5 ways. Many chose it on all five. Reason? Gulf is 5 good gasolines in one. Controlled refining gives it not merely 3 or 4, but all 5 important gasoline qualities.
Try Gulf 3 weeks—and you'll never leave the bandwagon!

GULF REFINING COMPANY
What free Gulf tire service can boost your gas mileage? You'll find the answer in this Gulf booklet, plus 14 other valuable economy hints. Free—at the Sign of the Orange Disc.

15 ways to save gasoline money

THAT GOOD GULF GASOLINE

Home Demonstration

CLUB NEWS

WOODEN BUTTONS TRIM DRESSES

Buttons made of mesquite roots trimmed the natural color linen crash dress which Mrs. R. F. Harrell, Red Top wardrobe cooperator entered in the recent county clothing contest. Mrs. Harrell dug the root, sawed it into rings and carved the buttons herself. Each button showed two shades of wood and thus offered the only trimming needed on the dress.

Large walnut buttons, made by her husband trimmed the pink lace dress exhibited by Mrs. Jim McDaniel. Mrs. McDaniel is a member of the Twin Wells home demonstration club.

DEMONSTRATOR FILLS FRUIT BUDGET

"I am not going to stop now that I have filled my fruit budget but shall can all we have for there may not be a fruit crop next year," reasons Mrs. Sam Bachman, who is farm food supply demonstrator for the Wichita home demonstration club.

Mrs. Bachman has already more than 100 quarts each of peaches and plums and has put up about 20 quarts of peach sweet pickles. She has just begun to make preserves and jelly. The apricots are ripening; she has just started to can them. Then there will be late peaches and grapes.

Mrs. Bachman has a concrete cellar where she stores her canned food. In order to have enough shelf space she plans to add two more shelves the width of her cellar.

DEMONSTRATOR BUILDS ANOTHER CLOSET

"I feel that the greatest thing I have accomplished aside from the knowledge of sewing I obtained is the closet which I built in my parents' room because the one I built in my room last year has proved so useful, attractive and inexpensive. The closet is made of scrap lumber and cardboard boxes except material for door facing, varnish and hinges," reports Minnie Fae McMeans, wardrobe demonstrator class II, of the Twin Wells home demonstration club.

"My budget has been even more helpful to me than it was last year; I planned to spend \$50.00 on my wardrobe this year and spent just a few cents over that amount. By selling a calf my father had given me, helping with different projects on the farm and doing some sewing, I have managed to pay for all my clothing myself."

DEMONSTRATOR REVIEWS HER WORK

"In August, 1934, I began my second year as wardrobe demonstrator in the Espuela home demonstration club. During this month, I made my plans for the year. I studied my record book for the year just ended and made an inventory of clothing for my entire family. I arranged my record book to take care of the expenditures of each member's clothing. I put in good condition all garments that would do to use and discarded those that were not suitable," says Mrs. F. B. Crockett in her story of her work as wardrobe demonstrator class II.

"At present we have 15 club members. They are 100% in good fitting foundation patterns. Each made a dress and slip to exhibit at the county clothing contest and 13 of that number exhibited them. Thirteen of the number have clothes closets; 14 have made sleeve ironing boards, and five have kept their clothing expense record. I have fitted 14 foundation patterns this year. The Espuela com-

munity is certainly interested in foundation patterns. We have 35 good fitting patterns in the 43 families living in the community."

"I am sponsor for the Espuela girls home demonstration club. I have helped their wardrobe demonstrator carry on her work, to keep her record book and to write her narrative. There are fourteen members in the club; 13 of these have made dresses for the contest and 10 have reached the three goals outlined for the cooperators in their clothing work."

WICHITA HAS TABLE SERVICE DEMONSTRATION

A company dinner was served family style in the Wichita home demonstration club in their meeting Thursday afternoon at the home of Mrs. Sam Bachman. Following that demonstration Miss Pratt showed how to cut princess slip patterns from the foundation pattern.

Mrs. Bachman is farm food supply demonstrator and took the group to see the fruits she has canned this summer.

Mrs. Ruff Thanisch and Mrs. Wade Hash were enrolled as members.

The next meeting, July 12, will be at the home of Mrs. Earl Murchison; each member is to bring a jar or two of canned food to be scored in a demonstration on improving our canning.

Members present were Mrs. Sam Bachman, Mrs. James E. Copass, Mrs. D. H. Dewees, Mrs. Roy J. Dunavant, Mrs. Mollie Hamilton, Mrs. I. J. Hurley, Mrs. Earl Murchison, Mrs. W. A. Taylor, Mrs. Marion Thanisch, Mrs. Wade Hash, Mrs. Ruff Thanisch, and Miss Maurice Riddle. Mrs. J. V. Forbis was a visitor.

"AMERICA MUST CHOOSE"

When the Twin Wells home demonstration club met with Mrs. L. B. McMeans, Sr., Monday, July 1, we studied the pamphlet, "America Must Choose", which was written by Secretary Wallace. He advocates our becoming import minded and lowering the tariff as the best means of bringing America back to prosperity.

The club elected Miss Minnie Fae McMeans and Mrs. Tom Gilmore as representatives to attend the A. & M. Short Course.

Those present were Mesdames C. McCombs, Tol Merriman, Don Merriman, Tom Gilmore, A. G. Dunwoody, Ella Hooper, Preston Hooper, Misses Elizabeth Williams, Minnie Fae McMeans and the hostess. —Reporter.

Farm And Home Demonstration Contest Launched

College Station — A Centennial Farm and Home Demonstration Contest directed by the Texas Extension Service and sponsored by the Dallas News and the Semi-Weekly Farm News for the purpose of recognizing improvement in agriculture and the improvement and beautification of rural homes has been announced by O. B. Martin, Texas Extension director. Prizes amounting to approximately \$2500 will be awarded the winners.

Any Texas farm family living on a farm or ranch, or in a town or a village of a population of not more than 2500, on a designated state or federal highway, may enter the contest by registering with the county farm and home demonstration agents in the county and working under their supervision. The house must be on the contest property.

Registration cards can be obtained from the county agricultural or home demonstration agent. They must be filed out and returned to the agent's office not later than September 1, 1935.

The county judging committees will be composed of three members: one appointed by the county agricultural agent, one by the home demonstration agent and the other jointly appointed. A district agricultural agent and a district home demonstration agent will select the district winners immediately after June 1, 1936.

State winners will be selected by the director of the Extension Service, the vice director and state agent, and the state home demonstration agent, or by a committee appointed by them.

A story of the activity and the farm record and a simple plan of the farmstead must be furnished the judges. Points to be considered in the judging are: the buildings and equipment; the grounds; the soil; the crops; the livestock; the food supply and other resources.

Additional information to aid contestants can be secured from the county Extension agents, from the Extension publications, from articles published from time to time in the Dallas News and Semi-Weekly Farm News, and over Radio Station WFAA, Dallas.

Prizes will be awarded district winners in each of the nine districts and prizes will also be awarded State winners. Firms and men contributing to the prize money are: She-win Williams Co.; S. C. Johnson & Son, Inc.; Industrial Paint & Varnish Co.; Sears, Roebuck & Co.; Dallas Clearing House Assn.; Montgomery Ward & Co.; The Schoellkopf Co.; Southern Supply Co.; J. L. Case Co.; R. B. DUCK CREEK

Old summer slump has visited our Sunday School, keeping away the children and also a few teachers were absent.

Mrs. Vernon Gregory and Mrs. O. L. Driggers attended the cooking school last week.

C. McGlathery of Commerce, visited Mr. and Mrs. Jesse Hagins last week.

T. H. Tallant returned from Oklahoma last week.

O. L. Driggers and Jack Rector made a business trip to Big Spring Wednesday.

J. P. McDaniel and wife of South Dakota, visited for a short while at the home of Mr. and Mrs. F. O. Bural, Mr. and Mrs. A. T. Bural and Mr. and Mrs. W. A. Webb last week.

Mrs. W. B. Bennett and granddaughter, Janet, of Spur, visited in the home of Mr. and Mrs. A. T. Bural last week end.

Mr. and Mrs. Ab Bingham of Spur, visited her parents, Mr. and Mrs. C. R. Bennett last week end.

Seab Taylor and John Webb of McAdoo, were pleasant callers at the home of A. T. Bural Sunday.

Little Virginia Ann Johnson of Spur, was a guest of Marguerite and

La Verne Bural Saturday and Sunday. Dr. Young, presiding elder of the Methodist Church preached Saturday night at Duck Creek.

Little Annie Lee Gollihar of near Spur, was a guest of the little Clower girls Saturday and Sunday.

Mrs. Gay has been real sick since her return from Oklahoma where she attended the funeral of both her father and mother. Her father was dead when she arrived and her mother died five days later.

Henry Matlock is seriously ill. Bob Hunter, who is here from Arkansas for his health, making his home with Mr. and Mrs. Ed Durham, is improving.

Mr. and Mrs. Herbert Swearingen of White River, spent Saturday night in the home of his parents, Mr. and Mrs. Jim Swearingen.

Robt. Nickels, of McAdoo, was attending to business affairs in our city Monday.

Lest We Forget!

Just a short while ago, West Texas was wrapped in gloom. The sunlight was hidden from view. Dust, dust, everywhere; not a breath of clean, pure air to be had. The fear, the despair. For what would become of us all? Our children, our poultry, our live stock? Many were the cries that

PROVED! GOODYEAR MARGIN of SAFETY stops cars quicker in emergency.

PROVED! SUPERTWIST CORD gives PROTECTION against blow-outs—in every ply.

went up to God, for there was only One to whom we could go. Today, there are beautiful fields of cotton, feed, and wheat, where such a short while ago was dust and weeds, and hope and peace in our hearts at the promise of food and clothing. Let us not forget to glorify our Father "who art in heaven, the Giver of all good gifts to men."

"If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land." II Chron. 7-14.

I wonder if we farm women ever stop to consider the many opportunities that are ours today. Oh! Sure, we have to work, but drudge! Never. We are thankful because we are able to work, and every day has its reward. A clean field of growing cotton, and feed, soft downy chicks, snowy clothes on the line, well filled pantry shelves, children, happy at work, cool, clean sheets at night, and the joy of baby arms as we hear these words "I love my mother, half a death."

There was the free cooking school, sponsored by the Dickens County Times, through courtesy of the Hot Point people, and Godfrey & Smart, we each had an opportunity to go. We thank each one, for making this possible.

Our home town papers, just think how much we would miss them if they failed to come each week. Let us appreciate our editors for they are due appreciation.

Our Home Demonstration Agent: Never was a county more blessed than Dickens County in regard to our home demonstrator, Miss Clara Pratt. In my association with her I have never heard one slang phrase fall from her lips or seen any action of hers that did not class her as a refined, lady, efficient, systematic, faithful to her work. You can count on Miss Pratt.

Isn't it a joy to go to town and be greeted by our friendly merchants. Yes, we believe they are our friends, and are really glad to see us, for we know we have not had much money to spend with them. Surely, we can smile and be kind to them also, when they are so very kind and courteous to us.

We would not forget our mail carrier, Mr. Luther Powell, who has so faithfully fulfilled his duty the past years bringing our mail in all kinds of weather.

Yes, we are proud indeed of Spur. Of the ability of Spur's business men, our doctors, our better anywhere, our bank, Chamber of Commerce, Experiment Station, County Superintendent, schools, churches, good roads, the ice man who comes to our door; but of all the things Dickens County can boast, is our young people.

One has only to visit our County Meet to have an idea of the talent and intellect of our boys and girls. God bless them. Our pride, our future, and we know there will be many great men and women go forth from the schools of Dickens County.

One could look the world over and not find better neighbors. If we need a helping hand, or a friend, just call on your neighbor.

And our beloved country, that owes us nothing, and does so much for us, here can be had lessons in music, singing, sewing, and other courses

all paid for by "Uncle Sam". Free, ours, for the taking. Also, A. A. A., and we have yet to witness the results of the R. E. A. but we know it will mean another victory for the farm.

Isn't it great to live in the good old U. S. A.? Where the Stars and Stripes wave on in all their splendor? Glorious, Grand, Our Country, Our People, Our Home.

MAJILLYN BENNE T.

CHUBBY MANNING RECEIVES FEDERAL APPOINTMENT

Word was received Monday of the appointment of George H. (Chubby) Manning as Assistant Clerk in the Audit Department of the Agricultural Adjustment Administration. Mr. Manning will enter upon his duties this month.

Mr. Manning, who has resided in New York City the last two years, is a son of Mr. and Mrs. M. E. Manning of our city. He was recommended for the Federal place by Senator Morris Sheppard, Dean of the Senate and Senior Senator from Texas.

Mr. and Mrs. E. C. McGee and daughter, Miss Sammie, left Wednesday for Oklahoma where they will visit relatives and friends. After a few days they will go to McAllen, Texas, to visit other relatives.

Mr. and Mrs. O. L. Hale are having concrete curbing and sidewalk placed in the front of their beautiful home on West Harris Street this week. Burton Whitener is doing the work.

DR. MILES' EFFERVESCENT NERVINE TABLETS

CENTENNIAL COMMITTEE ASKS FOR MUSEUM

Application for funds to erect a museum on the campus of Texas Technological College and for proper monuments to mark the Mackenzie Trail at Plainview and the Hank Smith Park in Crosby County were given endorsements when the 30th Senatorial District Centennial Advisory Committee met at Lubbock June 28.

A majority of the local county advisory committees from the district were present.

The committee started work to locate every important historical point on the South Plains which will be suitable for a marker and will endeavor to secure markers for as many of these points as possible.

Eleven Lubbock clubs and organizations have already agreed to erect one of these markers, and others are being asked to do so.

The applications endorsed are now pending before the Historical Advisory Committee for the Texas Centennial Commission. This committee has

a fund of \$575,000 which must be spent outside of Dallas County.

The 30th Senatorial District Centennial Advisory committee decided to work together for the museum and to invite other West Texas advisory boards to join in the movement as the institution will be of abundant service to all West Texas.

It was pointed out at the meeting that West Texas is rich in paleontological and archaeological sites and that the section is interesting from a historical and romantic standpoint and that a museum for the deposition of available materials and records will be worth much to the section. The museum would be adequately staffed and maintained by the college.

It was likewise pointed out that inasmuch as a major portion of the Centennial fund is earmarked for other sections of Texas that a substantial part of the miscellaneous fund should be made available to this section.

Mrs. Weldon Grimes is working at the Swenson office while Miss Julia M. Hickman is away on her vacation.

Tom and Jim Ackerman, of Rison, Ark., are in our city the guests of their uncle and aunt, Mr. and Mrs. Geo. S. Link. These are two very fine youngsters.

Harold West, District Relief Supervisor of Big Spring, was in Spur Monday inspecting the work of the local office and meeting with the county board.
