Fred Haile Receives R. F. C. Appointment As Field Man

Fred C. Haile recently received an appointment with the federal government in the R. F. C. Department. He is the Field Representative of the Loan Agency of the Reconstruction Finance Corporation and will have charge of government finances associated with closed banks over a large territory most of the time.

Mr. Haile is well known in this section of the state and was able to prove to the federal government his ability for the work for which he applied. He has had quite an experience in business and his ability to go forward with any proposition will make him a very valuable employe of the government.

FALL CLUB EXHIBIT TO BE HELD HERE SATURDAY WEEK

The fall exhibit of the home demonstration clubs will be Saturday of next week in Spur. At this writing a building has not been secured but if any products are brought in before October 25 they may be left in the home demonstration agent's office. Products must be in by 5:00 o'clock Friday afternoon, October 25, so that a committee can set up the exhibit time for the judging to begin at 10:00 o'clock Saturday morning. Miss Norfleet Grimes, home demonstration agent of Lubbock, will judge the entries.

Local Officers Arrest Drunks

Local police officers have been forced to throw in quite a number of people the last few days for drunkenness and petty gambling. It is reported that two weeks ago the local city jail was almost filled with people for drinking and boisterous conduct. The Sheriff's Department reported this week that a great many arrests had been made. W. O. Finley, deputy, is reported to have made 19 arrests personally the past 30 days. Mr. Finley would not give out this statement but the court records show that number to his credit.

C. H. McCully, local constable, has had to take a number into custody.

DISTRICT SUPERVISOR F. D. A. VISITS SPUR; OFFERS PLAN TO SAVE FARMS

Hugh F. Weaver, of Lubbock, District Supervisor, Farm Debt Adjustment Division of Resettlement Administration for the purpose of saving farms, visited Spur Monday for the purpose of organizing the voluntary Farm Debt Adjustment Committee in this County.

Local Team Plays Second Game In District Race For 1935 Championship

The Turkey Turks, who played a 6 to 6 tie with Flomot two weeks ago, come to Spur Friday evening for another Conference game with the Spur Bulldogs. The game is scheduled to start at 7:46 p. m. under lights at the Chas. A. Jones Memorial Stadium and should be an even better game than last week's.

Kidnapper Seeks Stay Of Execution

Richard Bruno Hauptman who faces death for the kidnaping and murder of "Baby" Lindbergh, is making a desperate struggle for life. Egbert Rosecrans, one of his attorneys, made application Monday to Chancellor Luther A. Campbell of the New Jersey trial court for an order to stay execution until the case can be carried to the United States Supreme Court.

ANNUAL FOOD SHOW FRIDAY-SATURDAY OCTOBER 25 AND 26

The ladies of the First Christian Church desire to call your attention to the Food Show which they will hold Friday and Saturday, October 25-26. This is to be very instructive and to have plenty of entertainment with it. There will be fine displays and there will be no admission charged to see the displays.

Pep Squad Girls Are Gay Bunch

Local football fans were given a rarer treat between halves at the Flomot game last week when Spur's fifty seven pep squad girls took charge of the field. Their beautiful uniform of gold double breasted jackets over blue skirts and blouses, presented a gay picture of youth and school spirit.

FARMERS TO DECIDE ON 1936 CORN-HOG ADJUSTMENT PROGRAM, OCT. 26

A referendum on the question of whether there will be a corn and hog adjustment program in 1936 will be conducted among all corn and hog producers on Saturday, October 26, the Secretary of Agriculture has announced. The Secretary said that the investigation being made by the Agricultural Adjustment Administration, which included a hearing held in Washington on September 26 and 27, has shown economic justification of another program, but that the practicability and effectiveness of a program will depend upon the indicated degree of support by producers.

Miss Clara Pratt Attends District Conference Meet

Miss Clara Pratt, County Home Demonstrator, left Monday for Lubbock where she is attending the Home Demonstration Conference for District No. 2. The meeting was called to order at nine o'clock Monday morning and two sessions are being held each day this week.

COUNTY ROAD DELEGATION BACK FROM DALLAS MEET

The road delegation for Dickens County returned the last of the week from Dallas where they had been in conference with the State Highway Commission relative to Highways 18 and 24. Those attending from Dickens County were Judge Jim Cloud, Commissioners Lee Mims and Austin C. Rose, and Z. W. Fowler, a member of the county road committee.

DOGS VICTORS IN FIRST CONFERENCE GAME; PUPS WIN

Patton Springs Girls Basket Ball Team Win First Game Of Season

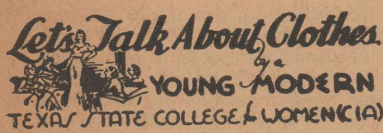

Patton Springs girls played their first game of basketball, of this school year, Friday night, September 27, when they met Roaring Springs in a closely scored game at the Patton Springs gymnasium. The score was 25-27 in favor of Patton Springs.

They were victorious again Friday night, October 4 when they went to Girard and won over the Girard girls. Score 30-3.

Those are the only games the Patton Springs girls have played so far. They have been doing considerable practice work under direction of their coach, E. M. Richardson.

Byron F. Wilson, who has been here talking to people about the Lillibridge Oil Burner, was called home the first of the week on account of illness of Mrs. Wilson. Mr. Wilson stated that he expected an operation will be required before Mrs. Wilson's health will improve.

Miss Dorothy Love, of Berger, arrived here Monday to visit her parents, Mr. and Mrs. C. L. Love for a time. She has been with a big firm at Berger for three years without any vacation and is taking a much needed rest.

The winter social season is here! Once again gay and brilliant balls are being held mid all the glamour of the debutante set, and women everywhere are looking to fashion designers for new ideas in frocks for these functions.

The formal season ushers in an altogether different and pleasing trend in gowns—the gown with a bustle. Now don't look so surprised. You've seen timid attempts in the last few years to revive the bustle of grandmother's day, but this season there is no doubt about it—the bustle has arrived.

Sometimes the bustle takes the form of a looped back drapery with a trailing panel. Maybe it is a poplum-like bit of shirring or even a flange stitched from the center seam. The new trend of back fullness is giving designers new ideas in the evening silhouette. Usually the front of the gown is slim, straight and fitted, with the fullness concentrated at the back where the gown flares forth in a surprising fashion.

In the formal mode, some sort of covering for the shoulders is almost essential. Billowing folds and quantities of shirring are excellent to gain shoulder width and at the same time give a certain softening influence. Shirred panels, set in near the waist of a gown, introduce fullness in the skirt.

With all the fullness predominating in evening frocks, materials have become an important factor. One of the most striking fabrics being used is metal shot velvet, a soft glistening material that drapes beautifully. Drapery satin in pastel shades and heavy lace over satin are other popular materials.

Roaring Springs Defeats McAdoo In C District Game

Roaring Springs defeated McAdoo at Roaring Springs Friday afternoon 12 to 6 in a Dickens County Class C League game. Both teams were slowed up by the heat, but Roaring Springs had power when needed to overcome the fast stepping McAdoo Eagles, who lost their first game of the season after three straight victories.

Powers and Boucher were stars for McAdoo with Captain Davis starting for Roaring Springs. The two teams will meet again later in the season.

McAdoo entered Friday's game with news shoes and partly new uniforms which hampered them to some extent.

Hardin-Simmons To Play S. M. U. At Wichita Falls

Hardin-Simmons' University Cowboys, whose aspirations point directly to a berth in the Southwest Conference, and the Southern Methodist University Mustangs, already a recognized factor in the Southwest group's 1935 pennant marathon, will furnish Wichita Falls' intercollegiate football classic at Wichita Falls the evening of Saturday, October 26, at 8 o'clock.

Bringing together two of the South west's most colorful aggregations, preparations are being made to handle a crowd of 5,000 or more at the Coyote Stadium, S. M. U.'s Bobby Wilson, Shuford, Smith, et al., under the tutelage of Coach Matty Bell are painting a red streak through the football map this Fall, and unless the Ponies fall before Rice Institute Ows this week-end, it will be an undefeated team the Hardin-Simmons crew will encounter.

Coach Frank Kimbrough, in his first season at Hardin-Simmons, has started a building program that promises big things for Cowboy football of the future, and his campaign already has brought results this season. Holding Texas Tech to 10 points and Baylor to 14 added new feathers to the Kimbrough bonnet, and such sterling battlers as Cherry, McKinney, Crowell and Tyler are expected to give Southern Methodist plenty of trouble at Wichita Falls a week from Saturday night. Kimbrough will furnish one of the most colorful teams to be seen in Texas this year.

NEW RADIO MECHANIC

Robert Spear, formerly of Plainview, has accepted a place with the Smart Music Shop and will take care of the radio work. Mr. Spear has had several years of experience in radio mechanics and is a good service man for electric refrigerators. He works on any radio or electric refrigerator and guarantees his work.

He has equipment and tools to take care of any work in his line. He stated that if people's radios get to fussing about making music that he can straighten out the fuss and help the radio to give good service.

Mrs. Fred Crabtree, of Dickens, was doing some shopping in our city Monday.

Flomot Holds Dogs to 12 Points In Thrilling Game

The Spur High Bulldogs opened their District 4 Class B season with a 12 to 0 victory over Flomot last Friday evening at the Chas. A. Jones Memorial Stadium before a crowd of approximately 900 people.

Coaches Wadzeck and Sollis sent in a mixed line-up for Spur, making few substitutions during the game. Frances Bingham, Garland Chapman, Red Garner, "Big" Perkins, Foster, J. B. and Thomas Haralson were the regulars to see action. Bingham played his best game of the year, scoring one of the touchdowns, making several long runs as well as acting as captain and field general. Garlan Chapman indicated he was ready "to go to town" with the ball last Friday. Garland hit the line with a real drive and played an all around good game. J. B. Haralson showed marked improvement as a ball carrier and is developing into a plunging, fast stepping back. Arrington, sub half-back showed up nicely along with Williams at end.

The first score came in the first quarter after Bingham had carried the ball 15 yards in 3 plays to place it on the one yard line from where Thomas Haralson plunged it over. Spur failed to convert.

Flomot threatened in the second quarter, but was stopped when Arrington broke through and threw Light for a six yard loss on the fourth down on the 10 yard line. Spur punted out of danger.

In the fourth quarter Spur advanced the ball down the field from the 38 yard line to the five yard line in eight plays, Bingham stepping the final five on the ninth play for the touchdown. Flomot was off side on the try for point, and according to the rules Spur should have had another trial. The officials were not familiar with the new rule on this play and allowed the point, later ruling against it. The game closed with Spur on another march for a touchdown, being on Flomot's 20 yard line.

Light, shifty, fast stepping half was outstanding for Flomot and did most of the ball carrying for the visitors. Tanner was a smart quarterback and handled his team well. Waters, left end, was the outstanding lineman for Flomot.

Spur made 13 first downs to the visitors 7. Officials were: Inloe, Wichita Juniors, Referee; Hill, A. C. C., Umpire; and Bird, Centenary, Head Linesman.

Mr. and Mrs. Jno. W. Agnew, of Lubbock, were guests of Mr. and Mrs. M. D. Ivey here Sunday and Monday. They are cousins to Mr. and Mrs. Ivey, and were enroute to Haskell, their former home, to enjoy the Golden Fair Jubilee at Haskell this week.

Matador Leads District 4-B Football Race

Matador continues to set the pace in District 4, Class B football. With another impressive victory last week the Matadors stand at the top of the district percentage column with two wins and no losses. They continue the so-called weak end of the schedule by facing Lockney this week.

Floydada hasn't entered the district race yet, but was impressive in their victory over Price Memorial of Amarillo, when they dedicated their new field last Thursday night. They open their district campaign with Flomot this week and the old dope bucket will begin to work, as Flomot has already played Turkey and Spur in this district.

Paducah went wild against Quitaque and ran up a total of 73 points last Friday. They have an off date this week.

Lockney eked out a one point victory over Turkey last week but will have a hard fight when they meet Matador this week.

Spur won their first district game and will meet Turkey as a slight favorite. The Turks come to Spur for a night game at the stadium.

Bullpups Romp Over Dickens Saturday Afternoon 13 to 0

Displaying lots of power in mid-field but a woeful lack of scoring punch the Spur Bullpups defeated a hard fighting but poorly trained Dickens team Saturday afternoon 13 to 0.

Draper scored the first touchdown in the second quarter after Spur received the ball on Dickens 10 yard line when Dickens attempted a pass on the 4th down with 10 yards to go. Draper caught a pass to score the extra point.

Spur scored the second time in the third quarter when Roger Bingham caught a 15 yard pass and ran another 15 yards for the touchdown. Spur failed to convert.

Bullpups To Play At McAdoo Friday

The Bullpups or Class C team will invade McAdoo territory Friday afternoon for another game with the strong McAdoo Eagles. Coach Martin plans to take his full squad of 25 boys and will probably use them all as he has in previous games this season.

McAdoo is the only team that has defeated the Pups this season and they are going up on the Plains with the memory of the season's opener in their minds. The Pups have won three games since they played McAdoo here last month and are a much improved ball club. McAdoo has won two games and lost one since playing Spur and will be on the come back trail Friday.

Leaf tobacco being sold to highest bidder

From 1900 up to 1934 the leaf tobacco used for cigarettes increased from 13,084,037 lbs. to 326,093,357 lbs.; an increase of 2392%

It takes mild ripe tobacco to make a good cigarette.

During the year ending June 30, 1900, the Government collected from cigarette taxes \$3,969,191 For the year ending June 30, 1934, the same taxes were \$350,299,442 an increase of 8725% —a lot of money.

Cigarettes give a lot of pleasure to a lot of people.

More cigarettes are smoked today because more people know about them—they are better advertised. But the main reason for the increase is that they are made better—made of better tobaccos; then again the tobaccos are blended—a blend of Domestic and Turkish tobaccos. Chesterfield is made of mild, ripe tobaccos. Everything that science knows about is used in making it a milder and better-tasting cigarette. We believe you will enjoy them.

Cover crops to improve his land are a part of the agricultural faith of Henry W. Meyer of Realitos, Duval county. Mr. Meyer bases his faith on works, having in 1934 planted 25 acres of land to cowpeas which were grazed and then turned under. This land produced eight and a third bales of cotton in 1935, a yield well above the county average.

Louis Young of Katy, Harris county, has a baby beef which has made gains of approximately three pounds daily. The calf is now on a ration composed of 70% corn, 20% rolled oats and 10% pea sized cotton seed meal. Louis, who is a 4-H club boy, is planning to show the calf at Houston.

To J. E. Mitchell, out in the Slidell community, goes the distinction of digging the first trench silo in Wise county. This trench, which is 10 feet wide at the top by 8 feet wide at the bottom and 7 feet deep by 90 feet long, has a capacity of about 90 tons of silage and will provide sufficient feed, so far as roughage is concerned, for the entire winter and well into the spring for his dairy cattle.

He was closely followed by L. L. Burres, just out of Decatur, who has completed another silo, 8 feet wide at the top by 6 feet wide at the bottom and 7 feet deep by 70 feet long, with a capacity of about 50 tons of silage.

Mrs. W. A. Nuckles of the Unity community in Lampasas county has saved 730 white leghorn pullets which have begun laying. She has a 500 acre farm located on the Lampasas River which produces grain well, and this year's grain crop will be utilized to a large extent in feeding poultry.

E. H. Tatum, Denton county farmer, has profited greatly through his corn-hog contract and has entered into the Extension Service feed saving program in a big way on his 500 acre farm, according to G. R. Warren, county agricultural agent.

"I fattened 153 home produced shoats in 1933, but made very little profit on them," Tatum said. "Since making my corn-hog contract I have reduced the number of my brood sows and this year fattened only 56 pigs. These 56 pigs at an average weight of 225 pounds and a top market price

of \$11.25 have made me much more profit than by 153 head fattened in 1933."

Tatum produced barley, wheat, corn, and grain sorghum for grain, and uses grain sorghums and Johnson grass for pasture. He buys only a little protein feed to balance his ration.

One hundred pounds of commercial fertilizer won C. W. Crawford of Frio county the first prize on corn against a field of 50 competitors at a fair this fall, he reports to N. H. Hunt, county agricultural agent.

"The fertilizer put the finishing touches on my corn which enabled it to surpass corn from unfertilized fields. It also increased my corn yield about 15 bushels per acre," Crawford said.

On this same farm, Crawford reports that he ran a test on a six acre plot of maize. One acre was fertilized and this acre made more maize than all five of the other acres.

By burning out stumps and clearing out underbrush, Judge A. L. Bevil of Hardin county has doubled the carrying capacity of a 20 acre piney woods pasture, according to W. P. Barrett, county agricultural agent. The pasture is seeded with white dutch and persian clover and lespedeza.

Five years ago the pasture was covered with scrub pine and undergrowth but today half of the 20 acres can be mowed, and is mowed regularly to keep down weeds.

With a cash expenditure of only 10 cents for nails, Hazel Phillips, yard improvement demonstrator for the Shilo 4-H Club in Rusk county, underpinned her home. Five inch pine boards were made by her father from timber on their place. Hazel herself nailed the strips around the house.

Since this underpinning has kept the chickens and dogs from running under the house, it has been possible for Hazel to start a foundation planting. A temporary planting of zinnias and other annuals was made. These are to be replaced this winter with native shrubs so that the planting will be permanent.

It took \$2.03 worth of labor for Eleanor McClaugherty, 11 year old 4-H club girl in Jim Wells county, to produce 300 pounds of tomatoes from 100 plants. Eleanor transplanted the plants from a hotbed to her garden and valued the fruit she harvested at \$12.

Besides her tomatoes, Eleanor planted 1350 feet of row space from which she gathered 300 pounds of vegetables with a value of \$15. Among these vegetables were Irish potatoes which she stored for later use.

The national committee for a memorial to Will Rogers, late humorist and actor, announces that a campaign for funds will be conducted from Nov. 4 to 27.

Capt. Eddie Rickenbacker, world war ace, is chairman of the national committee named by Vice President Garner, Jesse H. Jones, chairman of Reconstruction Finance Corporation, is treasurer for the fund.

"Money alone is not the goal," said Rickenbacker in announcing plans. "Naturally the total subscribed must be reflected in the ultimate choice of materials. But the real goal in the eyes of the committee must rest in the number of friendships registered in the campaign—the total number of people who come forward to honor the memory of their friend with a material token of friendship. Millions, it is anticipated will voice their appreciation of Will Rogers in a contribution, millions who have laughed and cried with Rogers in his expressed understanding of mankind."

Dick Speer came up from Abilene Friday evening and remained here Saturday checking up on business of the local Speer's Variety Store. He stated that it seemed good to be back at headquarters once again.

Mrs. Pat Watson and little son, Patrick, of Clinton, Okla., arrived here Monday to visit her parents, Mr. and Mrs. C. L. Love. Mrs. Watson will assist at Henry Alexander & Company for a while.

Arrangements are being made for a carnival to be held at the local school building in the near future.

The following girls have been nominated as candidates for queen: Misses Alice Worley, senior; Verna Mae Hickman, junior; Francis Lay, sophomore; and Maudie Palmer, freshman.

DAIRY NEWS LETTER FOR OCTOBER 1935

In a great many instances good pasture such as oats, barley or wheat will be available for the dairy herd during October. In some sections sudan pasture will still be available. This will permit the drymen to save the silage for a later date. The small grain pasture is fine. It stimulates a large flow of milk and lowers the cost. However, it should be remembered that small grain pastures in October and November is very watery. Therefore, to get the best results the cows should have access to some dry bundle feed or hay. The cows will not eat very much dry roughages, as a rule, but that little does a whole lot of good. In addition to the dry roughage, the cows will need some concentrates such as ground ear corn or ground grain sorghum heads and cotton seed meal. In this case use a mixture of 300 pounds of ground ear corn or 300 pounds of grain sorghum heads and 100 pounds of cotton seed meal. Give each cow per day, two and one-half pounds of this mixture for each gallon of milk she produces. If the cow is getting silage use a mixture of 200 pounds of ground ear corn or grain sorghum heads and one hundred pounds of cotton seed meal; and give each c. v. per day, three and one-half pounds of the mixture for each gallon of milk she produces. In either case if oats are available and cheap enough, 100 pounds of ground oats may be substituted for 100 pounds of the ground ear corn or grain sorghum heads.

October is a good time to check up and see if adequate shelter is available for the cows during bad weather. This shelter need not be expensive—anything that will turn the wind and rain and give room for all the cows. If the cows are dehorned less space will be needed. If the cows

are not dehorned October is a good time to dehorn them. Dehorning, if properly done, will not knock the production very much and for only a short period of time—about a week or ten days.

In a great many sections, there is a large crop of late feed such as he-gari, kaffir, milo, red top cane, etc. These crops are very hard to cure into a good quality of dry feed in the late fall. All this feed can be saved by putting it in trench silos. Not only will the trench silo save it, but it will be worth twice as much per acre made into silage than it would be cured into dry bundles, even if it could be properly cured. It will, also, keep longer in the trench silo than it would stacked as dry bundles. If no ensilage cutter is available put the bundles in the trench; however, be sure and cut the string around the bundle after it is placed in the trench. If the bundles are shingled in, no packing will be necessary.

Mr. and Mrs. Tom Jones were in Farwell Sunday visiting their parents. Mr. and Mrs. Jones own what was the Howe Garage, now known as Tom's Garage, east of Musser Lumber Yard.

Mr. and Mrs. Roy Stovall are in South Texas this week visiting relatives and friends.

Mr. and Mrs. Henry Alexander were in Haskell Wednesday visiting relatives and friends and attending the Haskell County Fair and the Golden Jubilee celebrating the founding of the town of Haskell.

All Stars Play Patton Springs At Stadium Tonight

The Spur All Stars, managed by Dr. Bob Alexander, will meet the strong Class C Patton Springs football team tonight (Thursday) at the Charles A. Jones Memorial Stadium. The game will start at eight o'clock.

Featuring stars of Spur High School who finished their playing in high school last year and the year before, the All Stars have working out the past few days under the supervision of Dr. Alexander. The following will be found in the line-up: Jack Jones at right half, Raymond Powell at Quarter, Everett Martin at fullback, Whitey Stinnett at left half, John Hazelwood at center, R. J. Bell at left guard, Durward Woodward at right guard, Larry Boothe and Wilson Justice at the tackle positions, S. J. Braselton and J. L. Hutto, ends. Others who will be sent in as substitutes will be Swat Jones, Bill Tackett and J. R. Cole.

Patton Springs is coached by C. W. Giesecke, who turned out a good team last year in their first season, and with a number of veterans are slated to win the class C championship in the county. They lost a game to McAdoo a couple of weeks ago but have been going strong since.

SHERIFF'S SALE
 THE STATE OF TEXAS
 County of Dickens

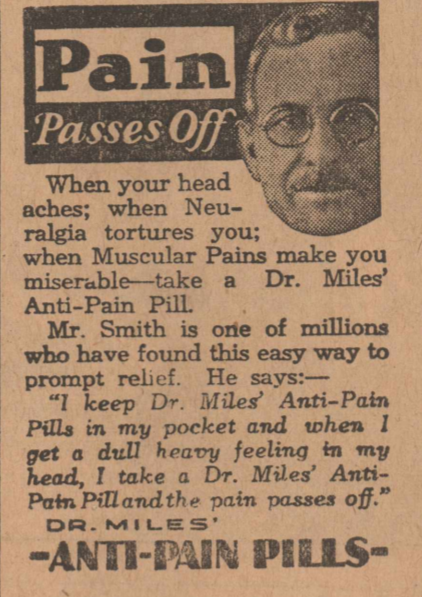

BY VIRTUE of a certain Order of Sale issued out of the Honorable District Court of Dickens County, on the 10th day of September, 1935, by Mrs. Nettie Littlefield, Clerk of said Court against Mrs. L. Rainwater, A Feme Sole for the sum of Two Hundred Sixty-Three & No/100 (\$263.00) Dollars and costs of suit, in cause No. 1381 in said Court, styled E. H. Remington versus Mrs. L. Rainwater, A Feme Sole and placed in my hands for service, I, J. L. Koonsman as Sheriff of Dickens County, Texas, did, on the 10th day of September, 1935 levy on certain Real Estate, situated in Dickens County, described piece and part of land lying and being situated in the city of Spur, County of Dickens, State of Texas; being

lot No. 25, Block No. 12 in the City of Spur, Dickens County, Texas and having 25 feet frontage on the west side of Burlington Avenue.

and levied upon as the property of said Mrs. L. Rainwater. And on Tuesday, the 5th day of November, 1935, at the Court House door of Dickens County, in the City of Dickens, Texas, between the hours of ten A. M. and four P. M. I will sell said Real Estate at public vendue, for cash, to the highest bidder, as the property of said Mrs. L. Rainwater by virtue of said levy and said Order of Sale.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Dickens County Times, a newspaper published in Dickens County.

WITNESS my hand, this 30th day of September, 1935.
 J. L. Koonsman, Sheriff Dickens County, Texas.

IT'S HOME TOWN SERVICE

The best part about your telephone service is that it's home town service — tailor-made for you at the switchboard by people who live and work here.

Experts on American Telephone & Telegraph Company's headquarters staff can develop better methods of giving you service. Scientists of Bell Telephone Laboratories can contribute new inventions and scientific developments. Western Electric can buy and manufacture economically for the 24 operating companies of the Bell System.

And all of these things can — and do — help us tremendously at the job of giving you good telephone service at a fair cost.

Yet not one of them could replace the qualities of friendliness and neighborliness which grow out of the fact that the men and women who operate the telephones here belong to and are part of this community.

You can't measure those qualities. You can't set them down on monthly reports. Yet they have a large part in the job of providing telephone service.

Our Opinion Is That it is much better to have a little money in the bank than to have a large credit.

IT IS WAR, NOT ITALY, THAT SHOULD HORRIFY

Perhaps the best thing the people of the United States could do in connection with the Ethiopian war would be to make a firm resolve not to let the tragic affair get a hold on their emotions.

It is starting-off, like all wars, with an emotion-stirring episode calculated to make the folk on the sidelines roar.

Italian bombing planes circle over a town full of non-combatants. The air is filled with that most terrifying of all noises, the rising whine of airplane engines. Down come the bombs; maybe a Red Cross hospital is bombed and maybe it isn't, but it seems certain that among the numerous dead, down in the splinters and broken rubble of the ruined houses, are a large number of women and children.

A thing like this is unspeakably horrible; horrible enough to make a man want to denounce civilization and all its works. But there is no sense in letting it cause us to direct our indignation against the Italian airmen, or even against the high command that ordered the bombing raid.

For this affair, this bombing of Aduwa, was not a piece of Italian heartlessness. It was simply, unmistakably, a piece of war. That is what war is. We might as well rid ourselves of the delusion that war has anything in common with college football. It might help us, in gaining understanding, to remember some of the things that our own soldiers have done under similar circumstances.

When we drove the Indians off of our western plains—a bit of imperialism, incidentally, almost exactly like that of the Italians in Ethiopia—we had no airplanes to drop bombs, but we had pretty fair substitutes.

Over and over again, our gallant soldiers surrounded Indian villages by dark and opened a bombardment with small arms and artillery at dawn, shooting down women and children in cold blood. With that on our record, it hardly becomes us to hold our hands too high in horror over the bombing of Aduwa.

The thing is horrifying, to be sure; but it is war itself that should be the object of our horror. War, after all, is just what General Sherman said it was. It is a shocking denial of all that civilization stands for.

To expect a nation to make war without committing crimes against humanity is as foolish as to expect a jungle tiger to support himself without killing anything.

There will be many repetitions of this Aduwa tragedy before this war is over. Let us understand them for what they are—not evidences of Italian wickedness, but bloody illustrations of the essential and inescapable hideousness of war. —Wichita Falls Record-News.

Farmers Find Pure Bred Hogs Pay Profit

College Station—By using purebred hogs and improved feeding methods, it was recently proven by two LaSalle county farmers, net profits per hog are increased, according to a report of John Nagy, LaSalle county agricultural agent.

One farmer had purebred hogs while the other had mixed breeds. The one with purebred hogs agreed to use improved methods of feeding.

The experiment started January 1 with both producers having 62 head of pigs. The purebred hogs were started on sudan grass while still suckling pigs. They were weaned and put in a field of Chinese Reds and Brabham peas on April 15. They were allowed to stay in the pea field until August 17. They were then put on feed.

The mixed hogs were weaned on the same date, but the sows until this time had been fed a maintenance ration and the pigs were fed a maintenance ration from April 15 to August 2. On August 2, they were put on full feed. Both producers used self feeders and the same ration for fattening or finishing off.

The hogs were sold in the pens on September 22 to the same buyers and at the same price of nine and one-half cents per pound. The average weight of the purebred hogs was 228 pounds and the average weight of the mixed hogs was 200 pounds.

The total weight of the purebred hogs was 14,136 pounds and they sold for \$1,342.92. The mixed hogs weighing 12,400 pounds were sold for \$1,178.00.

The purebred hogs' feed bill was \$30 for sudan grass, \$25 for peas, and \$165.67 for feed, totaling \$220.67. The mixed hogs cost \$65.25 for maintenance feed, and \$162.67 for fattening feed, totaling \$227.92. The pure bred hogs netted a profit of \$1,122.25.

NOBODY'S BUSINESS

By JULIAN CAPERS, JR.

Austin—Speaker Coke Stevenson of Junction, broad-shouldered and broad-minded, lectured extremists on both sides of the wet and dry question last week-end, after a week of futile debate on a whisky bill, warning them that liquor legislation would never be enacted by radicals of any view, but must be worked out by compromise.

It was certain at this stage that if and when liquor control laws are passed, the open saloon and very probably any legal sale by the drink, are doomed. Drys won overwhelmingly in the senate, which passed Clint Small's unbroken package law, and they held the upper hand throughout last week's debate in the house. Incidentally, the young liberals in the house, including Emmett Morse of Houston and Red Harris of Dallas, and Senator Welly Hopkins of Gonzales learned, to their apparent dismay, that the people of Texas voted last Aug. 24 "against the open saloon" as well as "for repeal of prohibition."

National politics took the spotlight in Texas last week, as Mrs. Franklin D. Roosevelt visited her son in Fort Worth, spoke for the women's crusade in preparation for the Community Chest drive and visited a Presbyterian mission for Mexicans. Mrs. Roosevelt has some definite ideas about governmental social security activity—a subject dear to the heart of the president—and her radio discussions proved most interesting to Texans. Austin, meanwhile, was agog over

preparations for the Monday reception to Jesse Jones of Washington and Houston, distinguished democrat and able RFC administrator. Bankers, insurance executives and politicians trooped to the capital to participate in the portrait unveiling and reception ceremonies. Talk of Jones as a possible 1940 democratic nominee for president is heard frequently among these groups. Jones was met at Dallas by a group of close intimates who rode to Austin and conferred with him for five hours. The group included Gov. and Mrs. Alfred, Maj. Paul Wakefield, U. S. Centennial assistant commissioner; Col. E. O. Thompson, chairman of the railroad commission, and Mrs. Thompson, Texas' most distinguished grand opera singer.

The Texas highway commission continued its high speed activity last week, announcing a letting of \$2,500,000 worth of road contracts for Oct. 8 and another for Oct. 22 of \$2,200,000. These funds in part represent what will doubtless prove the most valuable part of Texas' share of the \$4,800,000,000 of federal work-relief money. They will go to build roads that Texans will enjoy for many years, because they will be built by responsible contractors who furnish bonds to complete the work planned. Long after the "leaf-raking" projects,

directed by political-minded local officials on the wasteful "force-account" basis, are forgotten, these roads will be carrying traffic. This month's highway lettings will put 10,000 to 15,000 men to work at useful labor. From state relief headquarters somebody relayed this story of an aged Negro relief applicant who wandered into the Polk county relief office at Livingston and naively inquired: "Cap'n, is dis heah de 'give-away house?" He was assured that he was in the right place. And that revived memories of that other Negro story. The only Negro wedding ever held in the governor's mansion was during the Hobby administration, when Gov. Hobby permitted two of his Negro servants who had been with him for years to wed in the mansion. They called in a Negro Baptist preacher who was almost overpowered by the importance of the oc-

Something mysteriously killed thousands of tons of fish in the Gulf last June and the learned savants of Texas University rushed to the scene, studied the bodies of the fish, tested the water, and in 5000-word report bristling with large, scientific words, declared the fish were killed by too much fresh rain water flowing into the Gulf, raising the temperature and lowering the saline content. A month's dry, cool weather ensued, and tons of fish began dying in the lower Gulf coast area and have been dying ever

since. Coast fishermen declare a volcanic eruption in the bottom of the Gulf is the cause, in their opinion. The scientists, frankly baffled, haven't hazarded another guess.

LAND PRICES REDUCED Desiring to keep step with agricultural conditions we have revised our entire price list. Our lands are now available at reductions of 25 percent to more than 50 percent of previous prices. Several years ago we voluntarily reduced our interest rate from 8 percent to 4 percent on land notes, including outstanding and unpaid obligations. Thus a very unusual opportunity is presented to acquire a farm or small ranch at exceedingly attractive prices and terms. It is perhaps an opportunity of a lifetime to place funds in probably the safest of all investments — land — at prices which one can afford to pay under existing conditions. Please give us the privilege of showing our extensive properties. S. M. SWENSON & SONS Clifford B. Jones, Manager.

COUNTY HOME DEMONSTRATION CLUBS SPONSOR YARD IMPROVEMENT MOVE

GRASS COVERED YARD ADDS TO HOME APPEARANCE

If Mrs. R. Y. Allen, yard demonstrator for the McAdoo home demonstration club, had done nothing else to improve the appearance of their home than to plant the front and ends of the yard to Bermuda grass she would have made a great improvement.

When she began her improvements in January there was not a sprig of grass in the yard. There were no foundation shrubs either but there were some six or eight shrubs scattered around in the front yard. The trees were well placed even if some do extend across the front.

Mr. and Mrs. Allen went to work to make all improvements possible. The first thing was to remove the shrubs from the yard, plow and level it and sow grass seed. Mr. Allen hauled rocks from the breaks and laid a flagstone walk in front and stepping stone walks from the back door to the side gates. From the same breaks came native cedar, agarita, wild plum, wild currant, yucca, and sage to use as foundation planting along with the lilac, and hibiscus that had been moved. A remarkably high percentage of these plants lived and are growing nicely. The grass has made the greatest change in the appearance of the whole place for it has made a wonderful growth and is a velvety rich sod now.

YARD DEMONSTRATOR ENROLLED

Four new yard improvement demonstrators have been enrolled for next year. Since the demonstration is a two year project the demonstrators whose yards are being judged this month will continue their work. The four who are beginning this fall are Mrs. F. B. Crockett, Espuela; Mrs. J. L. Hagins, Duck Creek; Mrs. Jim McArthur, Red Top; and Mrs. George Pierce, Wichita club. Planting plans have been drawn for their yards.

The goals for the cooperators in yard improvement work for 1936 are to set a group of three or five trees, preferably Chinese elms to the side or back of the house, set 10 foundation shrubs and level and sod the lawn with Bermuda or Mesquite grass.

CLUB HAS PLANT CONTEST

Eight of ten native plants were identified in a short contest with Dumont Jr. 4-H club girls Wednesday morning. Each girl reported on the canning she has done this year.

Members present were: Geneva and Bama Nell Smith, Theatus Rogers, Ila Mae and Leoma Hodgins, Edna Earle Thomas, Agnes Pense, Elouise Jones, and new members, Imajo Smith and Dolly Carpenter. —Elouise Jones, Reporter.

WICHITA STARTS YARD IMPROVEMENT

Instead of a yard achievement program the Wichita home demonstration club had their first program in yard improvement Friday afternoon when the club met with Mrs. George Pierce who is to be yard demonstrator for next year.

Miss Pratt stepped off the yard in order to draw a planting plan. She then explained that a well planted yard needs trees planted to the sides and back for a back ground, shrubs about the base of the house and a lawn sodded to Bermuda or Mesquite grass.

The next meeting will be with Mrs. Wade Hash, October 25. —Club reporter.

DUMONT GIRLS VISIT GARDEN AND PANTRY

The garden and pantry of Estelle Park, garden demonstrator for the Dumont 4-H club, were visited Wednesday afternoon. Estelle planned her garden in the early spring to have vegetables for her family the year round.

The girls tried to identify specimens of native shrubs and trees and found there are many plants common to the county which they do not know by name. —Club Reporter.

J. J. Cloud has bought the S. C. Rawlings property on Third Street and expects to occupy it about the first of the year.

Storage for her products was made by Mrs. J. L. Perry, Williamson county pantry demonstrator, by removing the shelves from an old fashioned safe and replacing them at a distance of 11 inches apart. The inside of the pantry was painted a light color and the outside varnished. Mrs. Perry has a total of 471 containers of 29 varieties of food valued at \$264.66.

The farm produced a surplus of cane this year, and 100 gallons of syrup were made in the syrup mill on the farm. Some of this will be used at home and some will be sold.

Royal Live Stock Show To Have Little America Features

Final arrangements have just been completed for an unusual exhibit at the American Royal Live Stock Show at Kansas City October 19 to 26th. The American Guernsey Cattle Club of Peterboro, New Hampshire, will show some of the equipment used by Admiral Byrd on his last exploring trip to Little America, near the South Pole.

There will be a reproduction of the Barn in which the three Guernsey cows lived during the winter nights under the snow. The barn, lined with Celotex, had no windows and was entirely covered with snow six weeks after it was built. The clothing, tents, skis, surge milker, and other equipment used in the Antarctic, also a number of photographs will be shown.

The most interesting part of the exhibit is one of the cows, Foremost Southern Girl, and Klondike Iceberg, a bull born in Little America who was raised on hay and larro and never tasted grass until after he was 17 months old. Coniak, a Labrador Husky, which helped haul provisions for the party is also part of the exhibit. Mr. Cox, who was with the Expedition and had charge of the Dairy barn, will be at the American Royal to explain the display and answer questions.

W. M. Hunter made a trip to Weatherford Saturday to get his car which had sustained some injuries in a collision the first of last week.

Senator Connally To Attend Philippine President Inaugural

United States Senator Tom Connally, Junior Senator from Texas, sailed from Seattle yesterday for the Philippines to attend the inauguration of the first president of the new island republic. He is accompanied by his son, Ben Connally, an attorney of Houston.

Senator Connally is one of a group of American officials who were invited by the new Philippine government to attend the ceremonies. The party will be headed by Vice-President John N. Garner, Speaker Joseph W. Byrns and Secretary of War George H. Dern. The group sailed on the S. S. President Grant and will go first to Yokohama, Japan, from whence they will visit Tokyo and Kobe. Proceeding from Japan, the next stop will be Shanghai and then Hong Kong. The party will arrive at Manila on November eighth. The inauguration is on the fifteenth, and the American officials will leave Manila on the twentieth. On the return trip they will stop at the same ports in the Orient again.

and then visit Honolulu. Returning, they will reach Seattle aboard the S. S. President Jefferson on December fourteenth.

The Texas Senator is a ranking member of the powerful Committee on Foreign Relations of the Senate, and at present has two other important assignments on sub-committees of the Senate having to do with world affairs. One of these is the special sub-committee considering the proposals to "take the profits out of war," of which Senator Connally is chairman, and the other is the sub-committee which handled the recent neutrality legislation in Congress.

Upon their return from the trip, Senator Connally and Mr. Connally will return to Texas immediately and the Senator will remain in the state until the next session of Congress convenes on January third.

SOCIETY

MARRIED IN OKLAHOMA CITY

Leland Green, of Dickens, and Miss Mary Redings, of Oklahoma City, were married last Friday, October 11. The ceremony was in Oklahoma City in the presence of a few friends.

Mr. and Mrs. Green will make their home on Dr. Blackwell's place west of Dickens where he will conduct a stock farming business.

1931 STUDY CLUB

The 1931 Study Club met in the home of Mrs. E. D. Engleman Tuesday. The subject for the day was "China Today". Two very interesting papers on the social life in China and on Shanghai were presented by Mrs. C. B. Jones and Mrs. E. W. Mars, respectively. Mrs. Alexander rendered an oriental musical number. —Report-er.

C. A. Gladish Opening Grocery At Dickens

C. A. Gladish, of Dickens, was in our city Wednesday morning and stated that he is going back into the grocery business in Dickens. He is located at the southwest corner of the Square on the main street in the city.

Mr. Gladish was in the grocery business in Dickens for a long time. He then purchased the Plunge-In Service Station just north of Spur and run it for a time, selling out several months ago. He is well known to a great number of people in Dickens County. Your attention is called to his advertisement of specials in this issue of the Times for next Saturday.

Spur Gin Report

There had been 2,403 bales of the present crop ginned in Spur at four o'clock Wednesday afternoon. Gins were running reasonably busy. Cotton was selling at from 10.80 to 11.25. Seed was bringing \$35.00 per ton. Weather was fine and cotton was rolling in rapidly and ginning fine.

Just received at the Dickens County Times a new supply of Drawing Paper. Size 12 x 18 inches. Manila color. A fine practice sheet for art students, priced reasonable. Call at the Times and see our big line of other items for school and office.

THE JUVENILE COSMOPOLITE

G. C. MCKENZIE PASSES AWAY

Grover C. McKenzie, formerly of Ancho, N. Mexico, goes to his eternal home, passing away at Legion, Texas. He was 39 years of age. He had suffered 19 months caused by both legs being broken. He died Thursday, October 10th, 1935. Rev. J. V. Bilberry conducted the funeral services Saturday, October 12, 1935, and interment was in Oriana cemetery.

He leaves a wife and three children to mourn his death. He bore his suffering patiently. Submissively said, "God's will be Mine." He was a member of the Baptist Church.

To his faithful wife who cared for him so tenderly all during his illness, we can truly sympathize through the lonely days and nights just ahead. It is so so comforting to know God him the last hour in sweetest peace, and he fell asleep in Jesus May the Holy Spirit comfort the bereaved in their deepest grief is the prayer of an humble friend. —Contributed.

W. R. WEAVER'S MOTHER PASSES AWAY

A message received here Tuesday announced the death of Mrs. Z. G. Weaver, mother of W. R. Weaver of our city, at her home in Amarillo. Mrs. Weaver has been in ill health many months and has not been expected to live for several weeks.

Mr. and Mrs. W. R. Weaver left here last week to be with his mother. Mrs. Weaver remained at Amarillo and Mr. Weaver returned here to keep his work at the West Texas Utilities Office in proper condition. He went back to Amarillo Sunday and remained there this week. His mother passed away about 12:30 o'clock Tuesday afternoon.

Funeral services were held at four o'clock Wednesday afternoon. Robert C. Jones, minister of the Church of Christ, formerly with the Spur church, read the funeral rites. Interment followed at Amarillo.

Mr. and Mrs. Bynum Brittain, E. M. Wilson, Bulloch Tillotson and Ralph Anderson attended the funeral services from Spur.

Mrs. Sam Koonsman, teacher at Dickens, was in our city Saturday doing some shopping.

Mr. and Mrs. H. W. Taylor and Mr. and Mrs. Ernest George visited at the Rock House camp Sunday.

Mr. and Mrs. Robert McCormick were guests of Mr. and Mrs. James McCormick at Jayton Sunday.

Rummaging around and came upon a copy of "The Last Adam" by James Gould Couzzen—a story after the modern manner with the village theme gone missing. Cynical with a touch of tangy, sordid humor, and literary realism with a bang! A perfect illustration of the trend of present day literature. Selected by the Book of the Month Club and one of the best sellers of recent years. Will Rogers starred in the movie version. And who has not been struck by the brutal realism of "Anthony Adverse"?

The naive charm and quaint simplicity of the small town harks back to that heated era that became the "Gay 90's". And to such authors as Mark Twain and the river vogue. The beloved of today, such as Irving Cobb, are few. The charm is gone. A sort of restless lassitude has crept in. A tawdry sophistication. And the scrivening inspires only a sickening aftermath of a sullen memory.

Sudden yearn to write a sinister novel dealing with warped lives in a remote mountain castle. A story of sullen, mouldering hatred in which the hero is ensnared by his own wiles; the villain repents his sins and lives in mental anguish; and the obvious character steals the heroine away. That would be the illustrious novel.

The medicine shows once so familiar to every small town, are gone. A bleak shadow of vanishing vaudeville. The depression has harked back the nocturnal vendor with his clarion cries, but never the picturesque medicine sage so endlessly hallelujahed in O'Henry's numerous scripts. He was a nomad of adventure traveling the high road of romance. A vagabond artist. How well I remember the common spiel of that vaudeville king, dabbed with a smattering of chimerical naughtiness and strung together with bantering Irish blarney. And the frolicsome capers of the chaste song and dance girl. What fun in the good old days of the stein song!

An accomplished stylist sauntered out of the Club Cafe this eve. Shirt, collar, trousers, blue and white checked with a looping deep blue tie and suspenders. To complete the natty attire, a red swaggy jacket, ten gallon hat, and tan shoes. And—Oh boys and girls—spats. For the love of Mique! As an amusement vaudeville seems all washed up, a faint echo of former self. Theaters are catering more and more to the movies, the final cosmopolitan touch for any small town, and dropping the vaudeville acts one by one. Booking agents have no place for the stragglers who daily haunt the stage door. And puff goes one of America's greatest creative arts.

Add boyhood ambition to be a trapeze artist.

One of the strongest cliques in the world is the Fraternity of Death in Hollywood—the stuntmen. They are bound by a band as strong as life itself. Recently in the filming of a spectacular scene, an extra hung suspended from a wire ten stories above the street. One hand slipped and he dangled limply from one arm with the wire cutting deep into his hand. A moment longer and he would have plunged to his death. At the risk of his life a comrade crawled out the wire and rescued him. Then, with the extra clinging to his shoulders, he swung back to safety. Under the double weight the wire tore his hands to shreds. But to him it was all in the days work.

IF YOUR BREATH HAS A SMELL YOU CAN'T FEEL WELL

When we eat too much, our food decays in our bowels. Our friends smell this decay coming out of our mouth and call it bad breath. We feel the poison of this decay all over our body. It makes us gloomy, grouchy and no good for anything.

What makes the food decay in the bowels? When we eat too much, our bile juice can't digest it. What is the bile juice? It is the most vital digestive juice in our body. Unless 2 pints of it are flowing from our liver into our bowels every day, our movements get hard and constipated and 1/2 of our food decays in our 25 feet of bowels. This decay sends poison all over our body every six minutes.

When our friends smell our bad breath (but we don't) and we feel like a whipped tomato, don't use a mouthwash or take a laxative. Get at the cause. Take Carter's Little Liver Pills which gently start the flow of your bile juice. But if "something better" is offered you, don't buy it, for it may be a calomel (mercury) pill, which loosens teeth, gripes and scalds the stomach in many people. Ask for Carter's Little Liver Pills by name and get what you ask for—25¢. ©1934, C.M.C.O.
