MURDER TRIALS PROGRESS

COUNTY'S POLL TAX ROLL HEAVIEST SINCE '28

Voting Strength At New Peak In Recent Years

Exemptions Expect To Push Total Above 3,000 Voters

According to information given out by the Tax Collector's Department, there were a great many more poll taxes paid this year than were paid last year, or for any year recently. The check-up showed there had been 2,162 poll taxes paid and about 300 exemptions had been issued to those not old enough to pay a poll tax. There will be about 500 voters which will bring the voting strength of the county close to 3,000.

The collection of state and county taxes this year exceeded that of any year since 1929. The Tax Department had not fully tabulated all reports but stated that it will average 80 per cent or better. As soon as the records are cleared up the information can be secured for the public as there are no secrets about the county's business.

Texas Old-Age Pension Effective Next Week

DICKENS NAMED IN SEVENTEENTH DISTRICT

Orville S. Carpenter, director for Texas Old-Age Pension Act, announced, Tuesday, another move toward completion of a local set-up of the states pension act, which becomes effective February 14. Supervisors for eighteen of the state twenty districts were named. Eight of the district headquarters cities were chosen. North West Texas was divided into five districts.

Dickens county was listed as being in district number seventeen, with K. A. Osburn, of Floydada, being named as supervisor of this section. Selection of the district headquarters city had not been announced early this week because of lack of offices furnishing space. However, Floydada is expected to provide the needed space within a few days. In the headquarters cities of other district the office space has been provided by either Chamber of Commerce workers or county judges, according to a statement issued by Carpenter.

Counties in district seventeen are: Bailey, Briscoe, Castro, Cochran, Crosby, Floyd, Hale, Hockley, Lamb, Lubbock, Parmer, Wheeler and Dickens.

O. C. Scott and uncle, Jake Scott, of Roaring Springs, were in our city Wednesday attending to business matters. The elder Mr. Scott is suffering from paralytic stroke.

BONUS MONEY TO BE SPENT MANY WAYS

World war veterans of Dickens county will spend their bonus money in numerous ways, a hurried survey by the Times disclosed this week, after it was announced that \$127,105.58 was due Dickens county Vets.

Many of the veterans will have much of the money spent by the time it arrives in early summer, but a far sighted minority will invest it in something that will aid them in making a living, or keep it for a "nest egg."

Some plan the purchase of new automobiles, some plan home improvement and new furnishings—while many expect to free themselves of indebtedness and past due bank notes.

President Roosevelt and congressional leaders, are urging the vets not to "fritter away" the cash from their bonus bonds, but local veterans are under the opinion that money spent on life necessities is not "frittered away."

War veterans who wish to cash in their service certificates for government bonds are urged to present their army discharge and original certificate, or pink slip for which they exchanged when they borrowed from the government.

COUNTY'S 1935 COTTON CROP 13,639 BALES LARGER THAN 1934 PRODUCTION, IS REPORT

In spite of the fact that the cotton acreage in Dickens county was reduced at least 30 percent last year by the Government AAA program the 1935 crop was far better than that of the previous year, according to the January 16th report from the United States department of commerce. The report shows Dickens county's 1935 production figures to be 13,639 bales larger than the 1934 crop. The department gives Dickens 17,808 bales for 1935 as compared to 4,169 produced and ginned up to January 16th of 1934.

Jones county led this section of West Texas with 60,729 bales and as a result placed second in the state at large. Dickens, on the other hand placed about tenth in West Texas production.

Cotton ginnings for the 1935 crop in 31 counties of this area of the State had reached a total of 481,989 bales up to January 16th, as compared to 174,914 bales for the same period in 1934, according to figures compiled by the department of commerce. This is an increase of 306,984 bales over the previous year in the same area.

Reports from near by counties; Motley 11,268 bales compared to 2,163 in 1934; Kent 6,626; bales to 1,528; King 2,999 as compared to 629 the previous year.

Driver Licenses Law Effective February 14th.

All Texans Who Drive Motor Vehicles Must Obtain Licenses By April 1st.

L. G. Phares, acting director of the Department of Public Safety at Austin said Saturday that his organization would start issuing motor vehicle drivers' licenses when the law making them mandatory becomes effective Feb. 14.

The law will be administered through a separate bureau under supervision of Capt. J. D. Moffat, veteran highway patrol inspector. The patrol will form the chief field force, cooperating closely with local officers and jurists.

All drivers of motor vehicles must obtain licenses before April 1. They will be issued by County Tax Collectors and may be obtained simultaneously with the registration of motor vehicles.

Phares calculated that approximately 2,500,000 Texans would be required to obtain licenses. He said there were approximately 1,250,000 vehicles with an average of two and two-tenths drivers of each.

Licenses, which will be valid for three years unless revoked for traffic code and law violations will be issued free.

Must Carry Permits Always

Phares warned motorists to carry their licenses with them at all times to avoid embarrassment.

"There will be plenty of time for all to obtain licenses," he said. "I hope all officers will enforce the law"

(Continued on Page 7)

Five Named On Dickens County Parole Board

Geo. S. Link, Chairman, and F. W. Jennings are Spur Representatives

An announcement made by James A. Clark of the Executive Department of the Department of State, recently gave the members of the Parole Board for Dickens county. There are five members on this board as follows: Chairman, Geo. S. Link of Spur, members are Austin C. Rose of McAdoo, Paul Broddock of Afton, S. L. Porter of Croton community and F. W. Jennings of Spur.

The duties of this board is to keep tab on all prisoners paroled from the state penitentiary to this county and to assist them to get jobs and help them to become good, law-abiding citizens. The County Parole Board of Bexar county now has 15 men under their charge and every one of these men have jobs and are doing their part as citizens. The Bexar county Board meets every two weeks and checks up on their parolees, contacting persons who may have jobs for these parolees, and looking after their parolees in a general way. Encouragement has much to do and the Board for Dickens county is a good one.

Many men released from prison—either on pardon of after "paying their debt to society"—become repeaters for lack of such friendly guidance as the new Texas system provides. Feeling that nobody cares," the man turned loose to shift for himself too easily falls into anti-social attitudes and at the first opportunity repeats his offense.

Some prison inmates are incurable criminals and never should be released at all. It is the State Parole Board's business to distinguish between such an incorrigible and the man who is entitled to a second chance. Mistakes will be made, but psychiatry would reduce the risk of error. Then an efficient checking system would detect the mistake before a second serious crime had been committed.

If the object be to reform, rather than to punish the offender, then his term in prison corresponds to the primary schools. Parole represents secondary training; graduation is deferred until the former prisoner has established his fitness for complete freedom and citizenship.

McAdoo Hi Girls Win Basketball Tournament

County Boy's Round Robin Tournament Will Be Held Saturday

The county basket ball tournament was played at Dickens last Friday and Saturday. The weather was cold but the contests were played in the comfortable gymnasium of the Dickens school. McAdoo and Spur girls played and McAdoo won by a score of 20 to 14. Patton Springs won out over Dickens. In the game between Patton Springs and McAdoo, McAdoo proved the winner, taking first honors. Patton Springs was accorded second place and Spur and Dickens did not play for third place.

The tournament last Friday and Saturday closed the season for girls basket ball in the county. Volley ball will demand attention from now on during the remained of the school year.

The Round Robin tournament for boys basket-ball will be held next Saturday at Dickens to test for the county championship. Basket Ball contests extend to the county only.

PTA Council Meets In Spur Saturday

The council of the local P. T. A. will hold a meeting on February 8th, at 2:30 o'clock in the Directors room of the Spur Security Bank. It is very important that each member in the county be present at this meeting, in order to help lay plans for the entertainment features for the conference of Texas Congress of Parents and Teachers which will be held at Spur in April.

Will Run For Justice Of Peace

Judge G. B. Jopling stopped us on the street the last of the week and stated that he will be in the race for Justice of the Peace for Precinct No. 3. Mr. Jopling is serving his first term at this time and has done remarkably well with the office and is going to ask for a second term.

Winter Continues?

The Ground Hog Came, Saw, and Re-Hibernated For Six Weeks

Even though the weather-predicting Marmot does not inhabit this section of the country, his ability to forecast spring is still largely recognized by many.

The Groundhog could have seen his shadow at any hour Sunday as the sun cast its rays upon Spur and Dickens county for 10 or more full hours.

According to past traditions of the better Groundhog families, they predict six more weeks of winter for this area.

New Farm Census Gives Dickens 900 Less Farms

Livestock are Fewer; Acres In Cultivation Less; Failures Heavier than 1929

According to statistics sent out by the U. S. department of commerce, Bureau of Census, there were listed 1,062 farms in Dickens county during the census enumeration of 1935. The report from the Bureau of Census in 1930 listed 1,228 farms in the county of Dickens. This shows there are fewer farms in the county now than five years ago.

However statistics show that there are more farms in Texas at this time than there were five years ago. The 1935 census gives 501,017 farms while the 1930 census listed 495,489.

There are fewer livestock in the county now than five years ago. The figures are: Horses and colts in 1935, 2,827; for 1930 3,496; Mules and mule colts: 1935, are 2,559; for 1930, 3,496; cattle for 1935 are 18,462; and for 1930, 26,087; and cows and heifers to years old and aver for 1935, 10,489, and for 1930 are 14,609. There are about 100 fewer hogs than in 1930, the figures being 2,855 and 2,933. There are nearly three times the number of sheep and lambs in the county now, the figures being 3,242 for 1935 and 1,142 for 1930.

Horses and colts in the state are lower now than the number of 1930 the figures being 686,442 for 1935; and 748,703 for 1930; mules and mule colts 889,329 for 1935 and 1,036,177 for 1930. However, the state shows more cattle now than five years ago. 7,222,369 for 1935 and 5,583,471 for 1930. Cows and heifers two years old and over in the state are greater: 3,834,464 for 1935 and 2,868,546 for 1930.

Acres of land from which crops were harvested in 1934 amounted to 73,521, and in 1929 the crop acreage harvested was 135,641. Acres of crop failure in 1934 amounted to 76,711, and in 1929 17,381 acres.

These statistics are taken from the agricultural report as assembled by the Bureau of the Census under the department of commerce and sent out to the various persons in the state. Bob Hahn of Dry Lake furnished us the figures for this report.

Local FDA Unit Will Meet Here 10 a. m. Today

The Farm Debt Adjustment unit of the Resettlement Administration, will hold a meeting in the Palace Theatre beginning at ten o'clock this morning (Thursday). Guion Gregg, FDA Regional Specialist, will preside over the meeting, and there will be many subjects of interest to the farmers discussed at the meeting. The meeting will be in session until about three o'clock this afternoon. A round table discussion will be held at 2:30 o'clock this afternoon.

The program for this meeting was published in the Times last week.

Local Rotary Meets Spur Inn Today

The Rotary Club meets at noon today at the Spur Inn and a good program has been arranged. It is the hope of the officers that a good representation of members will be present.

Testimony in Ensey Case Is Completed; Rebuttals Expected To Continue Until Noon Today

McARTHUR CASE TO FOLLOW

The trial of Melvin Ensey, charged with the murder of J. B. (Uncle Ben) Speegle, was started in District Court at Floydada Monday. A special venire was empanned Monday and examination of witness by the state began Tuesday morning. Harold Karr seems to have been the chief witness for the state. He stated that he asked Everett McArthur who hurt old man Speegle and McArthur stated "That fist," holding up his right fist. Aside from Karr, Wick Fowler a criminal investigator of Austin, took up most of the morning session Tuesday.

Karr testified that Ensey seemed "pretty drunk" and that he rented a cabin at the Speegle tourist camp and they put Ensey to bed. Karr testified further that a dice game was going on in another cabin and that he was in and out but did not see either Ensey or McArthur in it. He said Jack Price, "bouncer" or doorman for the dice game, stated that he (Price) knocked McArthur out. He said they put both McArthur and Ensey to bed.

Several other witnesses for the state were examined including the sheriff of Motley County, a deputy

Introduces Bill Asking For Vets W-Tex Hospital

CONGRESSMAN ASKING FOR MILLION DOLLAR INSTITUTION

Associated press dispatches from Washington, Tuesday, announced the introduction of a bill, by Rep. George Mahon, of Colorado, Texas, authorizing the construction of a \$1,050,000 veteran's hospital in West Texas.

His bill did not name a site, but he had already asked the veterans bureau to place the facility at a centrally located city.

Texas Representative Marvin Jones of Amarillo, last year introduced a bill to place the hospital in his home city. It was never approved.

No action had been taken on Mahon's bill Wednesday.

Hight Resigns From Tri-County Lumber Company

Birl Hight, who has been with the Tri County Lumber Company here the past 14 years, has tendered his resignation and is leaving the company indefinitely. Bad health is the cause of him severing his relation with the company for whom he worked so faithfully and had such a great appreciation for. In the 14 years in which Mr. Hight has been with the company, he had taken only three weeks in vacations. Just a little too close application to business for the human machine to endure.

In his work with the Tri County, Mr. Hight has made a great number of friends in this community. Also, he built up a business firm and developed much good will in their behalf.

W. F. Gilbert, formerly of Jayton, will be in charge of the local office of the Tri County. He has been with the company for sometime and is one of the best lumbermen in West Texas. Spur will appreciate him as a citizen and no doubt he will be another booster for our town and community.

Seniors To Present Class Play Friday

The Senior Class of the Spur High school presents "When Sally Comes To Town," a comedy in three acts, at the East Ward auditorium Friday (tomorrow) evening. The entire action of the play takes place in the living room of Miss Ethyl Perkins' New York apartment. She is very upset over the discovery that she is to be visited by her brother, Joshua Perkins, and his niece, Sally Simple. When Sally comes to the big city and what she does to the city rubes is well worth the price of admission.

Uncle Joshua Perkins is capably played by Alton McCully. Sally Simple is brought to town by Nedra Hogan, and Loring Parker, the handsome son of Mrs. Parker, is played by Norman Priest. Nelt Pritchett is the high-reaching Mrs. Parker and Julia Jo Reed is her sophisticated daughter. Otis Mae Benson, Estelle Gibson, Bill Tractett, Clifton Pope, Evelyn Ivey and Winfred Bell present characters which bring various complications to this aristocratic home.

The play is under the direction of Miss Florence Levy, our new instructor in speech and dramatic art.

The curtains will go up at 7:30 o'clock and the price of admission is 25 cents and 35 cents. You will want to see this play for it will be a good one.

Automobile Club Organized For Spur Territory

Announcement was made this week of the creation of a local American Automobile Association club, with headquarters at the AAA Service Station, corner of Hill and Burlington, on Highway 18. The club is associated with the South Plains Automobile Club, and local club manager, T. B. Hicks, stated this week that membership cards would go on sale within the next few days.

The AAA Station was recently leased, on a long term, by Peyton Legg and T. B. Hicks, with the latter as manager. Hilton Hicks is an employee of the firm. Lease was obtained from Magnolia Petroleum Company, and the station is equipped to give 100 per cent lubrication, washing, greasing and prompt service, as their advertisement in another part of the paper indicates.

Both Mr. Hicks and Mr. Legg are well known residents of this county.

May Be In Race Public Weigher

S. R. Peak made the statement the last of the week that he expects to be in the race for Public Weigher for Precinct No. 2. Mr. Peak has been in the Afton country for many years and is well known to the voters in that Precinct. He is a Democrat and would make a good public weigher if elected.

Brenham Good Town; Times A Good Newspaper

A letter from T. H. Dickey was received this week which included a request for the Times to be mailed out to him. Mr. and Mrs. Dickey were citizens of our town many years and have a great host of friends here. They are living in Brenham, Texas, at this time where Mr. Dickey is Secretary-Treasurer of the Brenham Production Credit Association.

This little city with a population of about 6,000 people is located in Washington county where the Texas Declaration of Independence was signed March 2, 1836, one hundred years ago next month. Mr. Dickey stated in his letter that a big independence celebration is being planned in Brenham to open March 2, and they are expecting people from all over the State there that day.

Thanks, Mr. Dickey, and we trust both of you will enjoy reading the Times.

"Seek Laws to Give Farmers Equality With Bankers" -- Kenedy

Farm Speaker Addresses Local Producers Last Week; Condemns McDonald For Favoring Big Interests

Day, Farmer's Representative, Snubbed at Washington Agricultural Conference; Was Never Permitted To Speak, Says Roosevelt Supporter Here Friday

URGES COOPERATION

W. G. Kenedy, of Muleshoe addressed the farmers of Dickens county at the Palace Theatre Friday morning. The meeting had been called by R. B. Wooten, chairman of the County Organization of Farmers, and it was thought that Mr. Day of Plainview would be the speaker. However, Mr. Day had to leave for Waco to be in a state meeting of farmers Saturday morning and he asked Mr. Kenedy to make the Spur meeting for him.

Prefacing his address with the statement that he is a farmer and was just one of the number in great need, Mr. Kenedy stated that the farmers are not seeking special legislation in order to have advantages over other lines of business. He stated that the goal should be to seek national laws to give the farmers an equal basis with the banker and other lines of business. Harding vetoes a farm bill, Coolidge vetoed two farm bills and Hoover vetoed two farm bills. He accused Hoover of deceiving the farmers and said "our president is the only president to help the farmers. He quoted President Roosevelt as saying recently that he hoped farming to be as prosperous again as it was 100 years ago. Then he went on stating that big business has secured advantages untold within the last 75, 50 and 25 years and did so at the expense of the farmers.

Mr. Kenedy related that when Mr. Day was in Washington recently that reporters asked him what the people of Texas thought of the Supreme Court decision on the AAA. Mr. Day remarked that it had taken the breath out of Texas farmers. The next question was, will they march on Washington with farmers, to which Mr. Day answered "No."

Then Mr. Kenedy said the American Liberty League for whom Governor Smith spoke recently, hired 50 lawyers at big salaries to tell the Supreme Court how to decide on the AAA. "Washington says they did it and the League does not deny it."

He scored J. E. McDonald for his attitude at the West Texas Chamber of Commerce Convention at Plainview, stating that McDonald made a "cut and dried" speech on a "cut and dried" program in favor of big interests. He remarked that Mr. Day went to the Washington Agricultural conference recently in order to get to talk over some matters with the Senate Agricultural Committee. He said that when you entered the door of the meeting that you had to register, and if you wanted to speak at the meeting that you had to designate it on the roll. He stated that Mr. Day requested an opportunity to speak to the meeting but was ruled out on account of time, and Mr. Day was a regional director of the AAA. But just before noon who should appear on the scene but J. E. McDonald, Texas Commissioner of Agriculture, and said he represented the farmers of Texas and stated they wanted the domestic allotment plan. Mr. Day stated that Mr. McDonald entered the committee room on the arm of Bob Harris of the cotton exchange of New York and never recognized any of the farmer representatives while there. McDonald said at the meeting that the farmers of Texas and Oklahoma did not want a controlled plan. Mr. Day stated later that he had been unable to learn who sent Mr. McDonald to Washington of what farmers paid his expenses.

It was requested at the meeting that Mr. Matthews be permitted to speak but the session was dismissed for lunch. Mr. Day said after lunch the meeting came back with an entirely new set-up, a new chairman and all, and Mr. Matthews did not get to talk at all although he was selected by

1883 MODEL "FACE SLAPPING"

A great many people in this world believe that a newspaper is run for the fun of the thing; that type, paper, ink, machinery and labor cost nothing worth speaking of, and hence they do not think it a proper thing to do, to pay the publisher for any service done; and when they do pay they look upon it as a piece of charity. Fortunately, however, there are a great many who have been endowed by nature with brains and reasoning power, and they know and acknowledge that the newspaper gives more value for the dollar than any other business or industry.—From Texas Western (Feb., 1883) Anson, Texas.

farmers to represent them at the meeting. Mr. Kenedy then stated there is a spy in the camp. The only way the farmers of Texas were heard was by a written statement placed before the committee by Senator Tom Connally who pledged his support to the work. He stated that Mr. Day was told that Texas farmers are not organized and could not make any concerted action on any movement. Mr. Kenedy requested farmers to write their Congressmen and U. S. Senators about the various farm movements and encourage them to give their assistance in the work. "You farmers know that when the plow-up came in 1933 that we had our backs against the wall. Had it not been for the parity checks and benefit checks on corn, hops and other things what would we have done? was the question asked by Mr. Kenedy."

Then he said that the farmers have no plan since the Supreme Court killed the AAA. "We do not have our hook baited any longer and we will pull in no more parity or benefit checks," he said. He admonished the farmers to stay with their leaders and to stand by the President in his work if they hoped to secure any assistance at all.

George Hilton Manning and E. C. Edmonds, Jr., arrived here Sunday afternoon from Washington where they have been employed for some time. Mr. Manning visited his father, M. E. Manning, and sister, Miss Frances, from Sunday until Wednesday and also, was able to visit with his two brothers, William and Jack, before they left Tuesday for California and Arizona respectively. William and Jack were here to attend the funeral services of their mother Thursday, but Hilton was not able to with the family.

Mr. Edmonds visited his mother, Mrs. E. C. Edmonds and enjoyed greeting his many friends here. They left for Washington Wednesday where they will remain with their work.

George Gabriel, of the Fair Store, is in Dallas this week selecting a new line of merchandise for his store.

Mr. Bowden of Kentucky, and Mr. O'Donnell, of Pennsylvania, were guests in the M. E. Manning home the first of the week.

A SATIRE ON TOWNSEND PLAN

Veal Manly, Lubbock, Texas.

To The Editor Of The Times:

Early in the year of 1934 a malady invaded our fair land from the West making its first appearance over the Pacific coast; the city of Long Beach, California, to be exact.

At first it appeared to be harmless and on one thought it to be contagious but it did begin to spread slowly and soon invaded the great city of Los Angeles and many of her citizens became infected with it. But still it was supposed to be a local trouble and not to be regarded as anything serious. However, it began to spread Northward more rapidly and soon the states of Oregon and Washington were badly afflicted with it and the situation began to appear more serious, and then it crossed the Rocky Mountains and like a mighty avalanche swept down on the Middle West and began to assume the proportions of a great epidemic; whereupon the Wise Men of the East were called upon to diagnose the case and prescribe a remedy, and they gave it a brief examination and arrived at the conclusion that it was a new disease, unknown to Medical Science and named it "Townsendism", from the fact that Dr. Townsend was the first one who took it, but it was not confined to the male sex for many women have had cases of it.

Now these Wise Men said it was a head and mouth disease, that it took effect in the brain and sought expression thru the mouth, that it was very contagious, that it ought to be checked by all means but that nothing can be done about it at the present that it would just have to run its course, that it did not appear to be fatal.

Ere long it had premeated all of the territory that would be the limit; but territory as far East as the Mississippi River and the Wise Men said that to their chargin it crossed the mighty queen of dater courses like an airplane and began to invade the Eastern states with its insidious doctrine.

In Oct. of 1935 it headed up in Chicago for a few days respite (the great 4 days convention) and at the end of those days it exploded like a powerful bomb and spread its germs to the utmost parts of our fair land. It broke out in the 3rd Congressional district of the state of Michigan and a prominent Attorney Vermer W. Main by name fell victim to it and his constituency sentenced him to serve a two year term in the lower house of the Congress of the U. S. in Washington, D. C. Now if those environments do not cure him, he is a hopeless case. But I predict that many brainy men will get like sentences in the forthcoming general election for it is a head and mouth disease and very contagious. We are confident that 75 percent of the voting population of the U. S. are already afflicted with this malady and if some antidote is not discovered to check its rapid spread it will become unanimous by election time.

Now the dumbest individuals I know of are the two Wise Men on Capitol Hill who continue to laugh and "snort" it off as a joke, but we are convinced that they are immune to it for it is a head and mouth disease and takes effect in the brain.

Senator Robinson Answers Al Smith's Rather Harsh Denouncement of Roosevelt Administration Actions

In an address at a meeting of the American Liberty League in Washington, D. C., former Governor Alfred E. Smith, who was the Democratic standard bearer in 1928, denounced rather harshly the New Deal and the present Democratic administration. Sen. Joseph E. Robinson, of Arkansas, answered the address by radio Tuesday evening.

In his address Senator Robinson said, "The New Deal officially portrayed Governor Smith as a turncoat, warring against his own people and against the men and women with whom he fought shoulder to shoulder in the past."

Sen. Robinson who was Smith's running mate in 1928 said, "The New Deal was the platform of the Happy Warrior. The policies of the Liberty League have become the platform of the 'Unhappy Warrior'. The hour long harangue before the miscalled Liberty League was barren and sterile, without a single constructive suggestion."

Officers of the Liberty League addressed by Smith, he said, "read like a roll call of the men who have despoiled the oil, coal and water power resources of the country."

"With notable exceptions," he added, "they were lined up against you in 1928 supplying the money with which Herbert Hoover went about denouncing you as a communist and a socialist."

"It was strange to see you in such company, Governor Smith. Over here marches the same army with which you fought for social justice for a quarter of a century—Senator Wagner, Franklin Roosevelt, Miss Perkins, Senator Norris, and those other comrades of your earlier and better days."

"The glamour of your presence and the brilliance of our personality so completely dominated the gathering that in the half-shadows were concealed the lurking figures of men who fought for 25 years against the principles of government you espoused."

"Within a few feet of the table at which you sat were members of the

power trust, some of whom you denounced in 1928.

"I'm sure Mr. Hoover was with you in spirit, his cherubic face agleam and his chubby hands applauding ecstatically as you repeated against Mr. Roosevelt the very speech which he himself delivered against you in 1928."

The speech, distributed to newspaper offices early by the Democratic national committee publicity bureau, was spiced with quotations from Smith's positions in the past.

"Yes," said Robinson. "Governor Smith has not only changed sides in the great battle but his whole outlook seems to have undergone a transformation. He has forgotten apparently the issues upon which he ran for the presidency."

In the quotations, Robinson undertook to prove that Smith had

"advocated and championed every basic principle" enacted since March, 1933. At that time, he said bankers and other business men now grouped in the Liberty League appealed to him (the president) to "do something," to "do anything," to relieve the paralysis of business and save them."

"The president and the congress responded to their appeals, saved the banks and in saving them also saved the insurance companies; saved the railroads, the farms and the homes," he added.

Concluding by reading certain records and giving extracts from an address by Smith in Boston, Senator Robinson said, "Governor Smith, I've read you the record."

"You approved of NRA, you approved farm relief, you urged federal spending for public works, you urged Congress to cut red tape and confer power on the executive, you urged autocratic power for the President, and you exposed with merciless logic the false cry of communism and socialism."

It is not known whether Gov. Smith will make a reply or not.

Adding Machine Paper at the Times.

Oldest European Discovery Against Stomach Troubles and Rheumatism Acclaimed Best by Latest Tests

Since 1799 thousands of people have regained their normal health after years of suffering from stomach troubles of all types, such as constipation, indigestion, gas and sour stomach which are the basic factors of such maladies as high blood pressure, rheumatism, periodic headaches, pimples on face and body, pains in the back, liver kidney and bladder disorders, exhaustion, loss of sleep and appetite. Those sufferers have not used any man-made injurious chemicals are drugs of any kind; they have only used a remedy made by Nature. This marvelous product grows on the highest mountain peaks, where it absorbs all the healing elements and vitamins from the sun to aid humanity in distress.

It is composed of 19 kinds of natural leaves, seeds, berries and flowers scientifically and proportionately mixed and is known as LION CROSS HERB TEA. LION CROSS HERB TEA tastes delicious, acts wonderfully upon your system, and is safe even for children. Prepare it fresh like any ordinary tea and drink a glassful once a day, hot or cold.

A one dollar treatment accomplishes WONDERS; makes you look and feel like new born. If you are not as yet familiar with the beneficial effects of this natural remedy LION CROSS HERB TEA try it once and convince yourself. If not satisfactory money refunded to you. Try it and convince yourself with our money back guarantee.

And fifteen minutes at the wheel of the 1936 Ford V-8 will prove it even more clearly. Why not drive one today?

Your Ford Dealer

\$510 AND UP—
F. O. B. DETROIT—
Standard accessory group including bumpers and spare tire extra.

- Can't be had under \$1645 —except in the Ford
- In no car under \$1275 —except the Ford
- In no other car within \$250 of Ford's low price
- V-8 ENGINE — Proved on the road by over 2,500,000 Ford V-8's.
- FORD LOW CENTER OF GRAVITY — Passengers ride lower than in any other car under \$1995.
- FORD BRAKING SURFACE per pound of car weight—greater than any other car under \$3195.
- THE CENTERPOISE RIDE — Passengers cradled between springs.
- FREE ACTION ON ALL 4 WHEELS — Transverse springs cut down tilt and side-sway.
- 4-FLOATING REAR AXLE — Car weighs on housing, not on axle shaft.
- TORQUE-TUBE DRIVE — Gives you greater safety and roadability.
- CENTRIFORCE CLUTCH — Easier pedal action. Longer life.
- DUAL DOWN-DRIFT CARBURETOR — Maximum gas mileage. Quicker cold weather starting.

\$25 A MONTH after usual low down-payment, buys any new Ford V-8 passenger car or light commercial unit under new authorized Ford finance plan of Universal Credit Co. 6% for 12 months or 1/2 of 1% a month for longer periods figured on total unpaid balance plus insurance. Attractive UCC terms on used cars also.

VALUE—FAR BEYOND THE PRICE **Ford V-8**

Former McKinney Lady Dies Here

Mrs. Clint Thompson received a telegram Monday morning, telling of the sudden passing of her sister, Mrs. M. E. Manning of Spur, Texas, at 6:20 a. m. The news came as a severe shock to the relatives, although Mrs. Manning had been in ill health for three years. Death came suddenly after a few days illness.

Mrs. Manning will be remembered by many friends in our city at Lula Wofford, as she lived here several years during the time her father, Rev. J. H. Wofford was pastor of the Central Presbyterian church. She graduated from Hawthorne College, a flourishing Junior College in McKinney at the time. Afterwards she taught in the same school with Prof. J. B. Dodson as president. Later she went to Calera with her family and was married in June, 1902 to Morris E. Manning of Stamford, at which place they lived several years. Later, when Mr. Manning was sent to Spur to take charge of the Swenson Bank they moved to that place where she passed away.

The deceased not only meant much to her family and friends, but to her church and home town as well. She served for many years on the School Board and took an active part in any movement for the betterment of her town. Over a long period of years, up to the time of failing health she was the beloved teacher of a large adult Sunday school class of her church.

She was a sincere consistent Christian, possessed of a cheerful friendly disposition that endeared her to all. She scattered sunshine wherever she went. Above all she was a devoted wife and mother, a loving daughter, sister and friend. She will be greatly missed, but the sweet aroma of a beautiful life will linger long in the hearts and lives of many.

Mrs. Manning is survived by her husband, three sons and one daughter, and two grandchildren as follows: Wm. W. of San Francisco; Geo. Hilton of Washington, D. C.; Jack and Frances at home. Also by five sisters Miss Emma Wofford and Mrs. A. H. Murrie, San Antonio; Mrs. S. M. Templeton of Rockwall; Mrs. C. L. Hilsweck of Stephenville and Mrs. Clint Thompson of McKinney.—The McKinney Examiner.

Esqula Golfers Re-Elect Williams Club President

At a meeting recently held by the Espula Golf and Country Club it was voted to place the annual dues at \$15, and the membership fee at \$20.00 plus two dollars federal tax. It was agreed to permit members to pay their dues on the basis of five dollars per month with the first installment to be paid February 1. It was voted that no one should play golf until after the first installment on dues be paid. The membership fee can be paid in three installments of \$12.00 \$5.00 and \$5.00.

Ground plans for the new course was approved. The new course will be more than 200 yards longer than the old course last year. Many conveniences are to be added this year and six new greens will be constructed.

The new officers are: President, B. Williamson, who was unanimously re-elected to serve another year. Vice-President, Webber Williams and Secretary-Treasurer, James B. Reed.

The new board of directors are: F. W. Jennings, Bill Simpson, Ray Taylor, Clifford B. Jones, L. E. Lee, H. P. Gibson and John A. Moore.

Greens Committee are Charlie Powell, W. T. Andrews and H. P. Gibson.

Membership Committee are: Neal Chastain, C. P. Ensey and W. D. Starcher.

Tournament Committee are: Bill Simpson, John A. Moore and M. C. Goding.

The membership committee request that as many as possible can get in touch with them and pay their first installment on the membership fee. Quite a number have already paid. James B. Reed or W. T. Andrews at the Bank will accept your fees and give you a receipt. Your membership card will be issued when the membership has been paid in full.

E. M. Ballio and sons, Warren, Edward, Alfred and Truman, of Wilson Draw community, were in town Monday attending to business and dropped in at the Times office to get their paper changed. They just recently moved to this community, Mr. Ballio bought the Jesse Garner place and is preparing to farm it this season. He is just recovering from a bad spell of pneumonia and stated he still is feeling weak as a result of his illness.

Mr. Ballio and his family have living in Kalgary community before moving to their new home.

Hotbeds and cold frames were also recommended by the agents, and demonstrations in their preparation and use were given; 16 gardeners reported having made hotbeds and cold frames.

Department Of Commerce Says Business Good

Despite some adverse factors, business in most of the 33 cities reporting to the Department of Commerce for the week was better than in the same period last year. Rural merchants sales in tobacco areas are particularly good, mainly in Kentucky, Tennessee, Virginia and North Carolina. Southern States also reported increased interest in livestock breeding with strong demand for work stock. New York reported mixed trends in retail as a result of adverse weather, but on the whole, trade was better than last year with ready-to-wear clothing the prime gainer. Chicago, Minneapolis and Los Angeles were among the cities reporting excellent results from promotions and spectacular gains in department store sales and retail generally were reported by Pittsburg, Dallas, Memphis, Denver, Kansas City, Atlanta, Seattle and Boston.

Wholesale was spotty with confusion over AAA a predominant influence. Most wholesales centers reported gains over last year but an unchanged level from the previous week. Memphis reported cautious buying among rural merchants. Restrictions were reported on the Boston textile markets, particularly in finished cloth lines. With the exception of cotton textiles, New York markets were busy with heavy registration of buyers whose tendency was not to cover more than 30 days. St. Louis and Baltimore wholesalers felt the uncertainty resulting from the decision in Kansas City optimism prevailed that hesitancy would pass off with the enactment of new farm legislation. Heavy registrations featured the Chicago merchandise mart with furniture orders running 50 percent beyond that of last year.

The gardening report for 1935 from Hemphill county sent in by the home demonstration agent, Miss Sadie Lee Oliver, makes interesting reading. The goals for the year were for each gardener to plant on perennial vegetable such as asparagus; plant one small fruit; and three new vegetables never before used by the family.

Mr. and Mrs. Willie Eldridge, of McAdoo, were in our city Friday trading and greeting friends.

Arthur Mayhew Addresses Rotary

The Rotary Club of Spur enjoyed a very fine meeting Thursday evening. The meeting hour was changed from twelve o'clock noon until six o'clock in the evening in order to accommodate a very noted guest who desired to be present. Arthur B. Mayhew, of Uvalde, was present and spoke to the Fellows on the benefits of Rotary. Mr. Mayhew is a past president of the Uvalde Rotary Club and is a former member of the Board of Directors of Rotary International. He has had a wide experience in Rotary work and spoke to the members of the local club in their own language. He emphasized all the six points of Rotary and showed how well they are fitting into world wide program. He said that Rotary is 31 year old as an original organization and at there are 4,016 clubs functioning. There were 164 new clubs organized last year. In the entire 31 years of the history of the club only 110 charters had been called in. Today there is a membership of 164,712 and 9,705 of these were added last year.

TO MY MOTHER

Oh, Mother, dear old Mother!
Can't you hear, can't you see
It would mean so much if you
Could come back to Daddy, Sister
and me?

It seems that I can see
Four windows and a door
That lead to the kitchen floor
Where I loved so much to play
On good old summer day.
But look! Our home is all broke up
Nobody notices it, not even a pup;
Nobody to cook, nobody to clean
house
Nobody is stirring, not even a mouse.
Oh, Mother, dear old Mother,
Don't you hear, don't you see
It would mean so much to me if you
Could come back to Daddy, to sister
and me
To have a pleasant home.
I don't like to roam
Away from dear old home.
Oh, Mother, dear old Mother,
Your home waits for your return.
How happy I would be if you
Could come back to Daddy, sister
and me.
Oh, Mother, dear old mother!
You are so dear to me,
If you could only see how we
Want you to come back
To live with us for good.
If I could do somethin', I would.
Oh, Mother, dear old Mother,
Can't you hear, can't you see
It would mean so much to me,
If you could come back to Daddy,
To Sister and me.
—Clarence Weldon.

Ball Players Approve Film

(Special)—Club owners and officials of the American League recently approved the educational sound film, "Take Me Out to the Ball Game" at a special meeting held for the purpose in Detroit.

Those in attendance included League president William Harridge; Alva Bradley, president of the Cleveland Indians; Thomas A. Yawkey, president of the Boston Red Sox; C. F. Navin, secretary-treasurer and business manager of the world champion Detroit Tigers; Walter O. Briggs, Jr., assistant secretary and treasurer of the same club; and William S. McLean, director of the advertising for the Fisher Body division, General Motors Corporation.

The film, produced by the body-

building division of the automotive concern through the courtesy and cooperation of the officials, club owners and players, as a result of the action, taken today becomes the official motion picture of the American League, replacing the earlier version entitled "Play Ball", which has been seen by nearly 2,000,000 persons in the last year.

"We are all extremely well pleased with the sequel to 'Play Ball,'" Mr. Harridge declared following the meeting at which the film was shown for the first time. "The original version was an excellent picture, but the new one is infinitely superior in every way. 'Take Me Out to the Ball Game' is totally different than its predecessor, and I am only afraid that we will not be able to keep up with the demand for prints after a few of the fans have viewed it."

It is the plan to hold previews in the major cities of the country, after which prints in both 16 mm. and 35 mm. sizes will be made available to schools, colleges, clubs, theatres and other business, social and educational institutions.

Reservations for booking may be made at offices of the American League in Chicago, those for the local clubs, or direct with the Fisher Body headquarters at Detroit. The Fisher Body Division, General Motors Corporation, will maintain the master

Boy Scout Week Opens Tomorrow

Troops in all the towns of the South Plains Area Council are making special plans to celebrate Boy Scout Week February 7th to 13th, marking the 26th Anniversary of the Boy Scout Movement in America. Throughout Boy Scout week each day will be set aside as a special day for celebration. One day will be devoted to the school, churches, home and community. Friday evening February 7th at 8:15 all scouts will meet together with their friends and hold the recommitment to the Scout Oath and rededicate themselves to living up to the Scout Law. During the week a special parent-night program is planned by each troop and a large number of people are expected to attend these meetings.

W. F. Godfrey of the Ford Sales and Service, was attending to business in Paducah Saturday.

McAdoo

"The Little Flower of the Hills", a play that was to have been presented Friday night, January 31 at McAdoo high school auditorium, by the ladies of the Baptist church of Afton was postponed because one of the characters was ill. The play will be given at a later date. Watch for the announcement of the date that the play will be given, because this is a play you will not want to miss.

Miss Lucile Rose, teacher of Prairie Chapel school spent the week end at the home of her parents, Mr. and Mrs. A. C. Rose.

Rev. and Mrs. Frank Beauchamp were guests of Rev. and Mrs. Dennison of Matador recently.

Mr. R. R. Wooten has been in Waco attending to business matters.

Chesley and Lora Dozier and Mr. and Mrs. Fred Dozier of Afton were here visiting relatives Sunday.

Mrs. A. V. Womack received word recently that her sons baby was seriously ill with pneumonia. Mrs. Womack is at Plainview now helping care for her little grand son. The last report of the baby's condition, it was slightly improving.

Miss Mable Doris VanLeer who has been a student in Abilene Christian College the past semester, is at home.

Mr. A. M. Lay is in Tennessee now transacting business.

Jack Robertson who underwent an operation at Lubbock a few weeks ago is able to be back in school again.

A number from McAdoo attended the President's Ball at Spur last Thursday night.

Mr. and Mrs. Clarice Harris of Austin are here to see Mr. and Mrs. George Harris, Clarice's parents.

Mrs. R. R. Wooten and daughter, Mary spent the week end in Spur visiting relatives and friends.

Mr. and Mrs. Will Eldridge were business visitors in Spur Saturday.

Harold Robertson, small son of Mr. and Mrs. E. C. Robertson was painfully burned on the face Saturday.

Gasoline was being used to build a fire. The fluid ignited burning the child quite painfully.

Superintendent W. O. Cherry and R. E. Everett attended the Annual Scout Council Meeting for the South Plains Area at the Hilton Hotel in Lubbock last Tuesday night. The meeting was featured by a banquet.

Mr. and Mrs. W. H. Burks and family have moved from McAdoo to Mr. Cloud's farm near Spur.

A. W. VanLeer, Jr., is at home. A. W. is a student of Abilene Christian College.

Miss Elsie Callihan, a bride elect, was compliment with a miscellaneous shower at the home of Mrs. J. J. Griffins last Wednesday.

Miss Rena Neff has put in a beauty parlor in McAdoo. The shop is located in the Mercantile building. Miss Neff will appreciate you letting her do your beauty work.

Dudley Wooten and two boy friends of Lubbock spent the week end here.

The largest snow that has fallen in several years, covered the plains last week. The snow started falling Tuesday night and continued thru-out the following day. It was thought that about six inches of snow fell. The moisture acquired will be a great help to the wheat fields.

A baby was born to Mr. and Mrs. McWilliams Thursday. Mother and baby are doing nicely.

The McAdoo basket ball girls went to Dickens Friday to enter annual Dickens county basket ball tournament held at that place. The girls played their last game with Patton Springs Saturday night and won with the scores of 25 to 19. Friday night the local team won a game from Spur McAdoo girls won first place in the tournament. The girls played and saw a number of interesting games played.

New suits have been bought recently for the basket ball teams.

According to the political announcements, McAdoo will be represented in the various offices for the com-

SOCIETY

GILMORE-BUNDRANT NUPTIALS

Lawton Bundrant and Miss Rosa Nell Gilmore were quietly married Wednesday. Rev. J. V. Bilberry read the marital rites in the presence of a few friends.

Mr. Bundrant has been employed on the Davis Ranch east of Spur for the past year. The bride is a daughter of Jim Gilmore on the Swenson Ranch south of town.

Mr. and Mrs. Bundrant will make their home on the Davis Ranch.

Farmers Hold Meet Wednesday

The Dickens County Agricultural Farmers Association held a meeting in Spur Wednesday at two o'clock to hear the report from representatives to the Waco meeting last Saturday. Those representing Dickens County at the Waco meeting were F. B. Crockett, Joe M. Rose, W. F. Foreman and R. R. Wooten.

These men reported that the farmers in the Waco meeting stated they were in favor of a seven point farm conservation program as outlined by Congress and were in favor of standing by the Congressional Agricultural Committees, Secretary Wallace and the President in the farm program.

After these reports there was some discussion in regard to plans. One farmer stated that he believed that since Secretary Wallace, the President and Congress had done so well in the past, that it will be well to let them outline the seven point program for the farmers as there would be too many plans sent in otherwise. A motion was made to that effect and the vote was unanimous.

Another motion came before the meeting to the effect that the county Agricultural council be permitted to make the expense allotment to each community and then each community try to raise the allotment. This motion carried unanimously.

One outstanding feature about the meeting Wednesday was the fact that farmers are gaining ground in being able to get together and agree on plans. The feeling and action of harmony at this meeting was marvelous and no politics entered into the meeting in any matter. Farmers in Dickens country are reading and thinking for themselves.

Mr. B. G. Worswick of Dickens was in our city Wednesday doing some shopping.

C. D. Bird, of Matador was in our city Wednesday greeting friends and transacting business.

Carbon Paper at the Times.

ing election. Marshall Formby Jr., has announced for County Judge, C. P. Aufill, Horace Nickles and Wayne VanLeer for Commissioner, Lawrence Fox and Raymond Eldridge for Public Weigher.

Mr. and Mrs. John A. Allen and family have returned from East Texas where they have been visiting for more than a month with Mrs. Allen's mother.

Mr. Robert Nickles is in Waco attending to business affairs.

Mr. C. C. Neeley and family spent the week end in Fisher county visiting relatives. Little Kenneth Neeley stayed for a visit with his aunt, a sister of Mr. Neeley, in Fisher county.

Ensey Rebuttals Expected To Be Completed Today

Continued From Page One

sheriff and Dr. A. C. Traweck, Jr., as Speegle was examined at the Traweck hospital in Matador after his injuries. Dr. Traweck testified to several scratches resembling those of fingernails on the neck of Speegle and said there was a number of cuts possibly one fourth of an inch deep.

Wednesday at about ten o'clock the state rested its case and the examination of defense witnesses was begun. About fifteen witnesses on both sides were examined Wednesday. Dr. Traweck was used on the defense.

It is thought the rebuttal will be completed this morning and the case get to the jury possibly by noon or a little later.

The trial of Everett McArthur will follow the trial immediately. McArthur is charged with the same offense which happened on Friday evening, November 22, after McArthur Ensey and many other citizens of Spur had attended a football game at Matador.

Quite a number of people from Spur attended the Ensey trial Tuesday and Wednesday and many were used as character witnesses. Judge A. J. Foley presided at the trial.

Child Welfare Board To Meet Here Saturday

The Dickens County Child Welfare Board and others interested will meet in the Chamber of Commerce office at Spur at 10 a. m. Saturday Feb. 8 with Mrs. Nettie S. Meyers of the Texas Child Welfare Board present.

Mrs. Meyers is a splendid woman, deeply interested in child welfare, willing and able to render great service to this county.

May Run For County Judge

Robt. Reynolds, of Dickens, was in our city Monday and stated he may be in the race for County Judge before this campaign is over. Mr. Reynolds served our county as clerk of the county and district courts for a number of years and did the job well. He is no stranger in regard to the duties of County Judge and would faithfully look after the duties of the office if elected.

Mr. and Mrs. Russell Smith and son, Jimmie of Alpine, are guests of his parents, Mr. and Mrs. Alva Smith this week.

F. F. Sonnemaker, east of town, was transacting business in our city Wednesday.

A Letter To School Teachers

To the Friends of Education in Texas:

Below is a brief statement concerning the pending teacher retirement amendment.

Several erroneous ideas seem to exist as to the purpose of the proposal.

1. To many, a retirement fund for teachers, and pensions for teachers are synonymous. Yet the proposed amendment does not merely offer opportunity for the teacher and for the state government, cooperating, by setting aside a certain amount annually, through period of years, to build up an endowment fund to be invested in state, federal, and county or municipal securities, safeguarded by the state, which will produce an annuity for the participating teacher upon reaching the retirement age. In fact the passage of this amendment would be a sort of guarantee that teachers will not become pensioners.

2. The amount of the annuity, payable to the teacher upon reaching the retirement age, will depend upon the annual contributions to the fund by the state and by the teacher and which the contributions are made upon the number of years during the amount contributed by the state must be matched by the participant and "shall not exceed at any time five per centum of the compensation paid to each such person by the state and or school districts, and shall in no one year exceed the sum of \$180, for any such person.

3. The proposed measure is not one designed primarily to help needy teachers. It is first of all a school efficiency measure that should function to relieve the school of teachers who have for years rendered fine service to their communities, but who are no longer able to do efficiently the work demanded of them.

4. The measure, if passed, will prove more attractive to young teachers just entering the profession than to those who have been long in the service.

5. The amendment will be submitted to the voters of Texas at the general election in November, 1936. If it carries, the legislature will then pass an enabling act setting up the machinery for the administration of the new law and enabling the conditions under which teachers may participate in its benefits.

6. The ideal and principle expressed in this amendment is in keeping with the practice of great corporations who have found the provision of a retirement fund for their work big business should not be more far-sighted in its business policies or more considerate in dealing with its employees than the state of Texas should be in dealing with its 45,000 public school teachers.

Sincerely Yours,
John H. Gregory, President
B. B. Cobb,
Secretary Texas State Teachers Association.

Dick Spears, manager of the Spears Variety Store here, was called Wichita Falls, today on account of the serious illness of his sister.

Mr. and Mrs. Paul Snyder, left Monday for Oklahoma where they will be for a few weeks looking after business.

TO THE VOTERS OF DICKENS COUNTY:

I take this means of announcing to the people of this county my candidacy for the office of Sheriff, Tax Assessor and Tax Collector. In making my announcement for this very important office and with full realization that the people expect a man in such an honored position to have certain qualifications, and that the people may judge my qualifications, I wish to make the following statement:

I am thirty three years of age, married and have three children. I was born in Dickens County and have spent all these years among the people of the county that I am asking to serve.

For eleven months I was a Deputy Sheriff under the late Bill Arthur and during those months acquired valuable experience as a peace officer. During these months I never had an arrest that was contested that I did not secure a conviction in.

I am a farmer and stockman by trade and leave it to the people who have been my neighbors as to whether I have worked hard and minded my own business. My race will be conducted on a high plane because I have the very utmost respect for those who will oppose me in this race, and because I want the office I am seeking on my own merits and not on the demerits of anyone else.

If elected to this office I shall do to the very best of my ability serve all the people alike, regardless of financial standing or social position, keeping in mind at all times that justice should be tempered with mercy.

During the time between now and election day I shall try to see each voter personally and solicit his or her vote, but if I should fail to see anyone please take this as a personal appeal for your vote and influence, and if elected I promise that you shall never have cause to regret casting your vote for me.

SOCIETY and CLUBS

MRS. CHASTAIN HOSTESS

Mrs. Neal Chastain entertained on Tuesday afternoon at the Spur Inn with three tables of bridge during the afternoon.

Mrs. Bill Dorsey, as high guest for the afternoon was recipient of a lovely deck of cards, while Mrs. A. C. Hull, being high club member, received a beautiful hand painted picture.

At the close of the games a nice salad plate was served to Mesdames Bynum Britton, Horace Hyatt, Bill Dorsey, Essie McGuire, E. M. Wilson, L. B. Tillotson, E. C. Hull, Roy Harkey, J. O. Smith, H. O. Everts, Guy Karr and the hostess.

MRS. PARKER HOSTESS

One of the most attractive parties of the season was given by Mrs. J. C. Parker last Wednesday afternoon as she entertained members of the 1925 Bridge club and other friends.

A valentine motif was observed in the tables and score pads. Small jars of novelty candy adorned the tables during the bridge hour. The same colors were reflected in the table accessories and appointment of the refreshment plate. Each guest received a valentine as a favor.

Mrs. L. D. Ratcliff and Mrs. Oran McClure were recipients of attractive perfume bottles as high and low cut. Mrs. Roy Taylor was high club member and Mrs. M. H. Branner high guest. Each received a token of a reward.

At the close of the games the players were refreshed with an appetizing salad served in orange cups, cake, sandwiches and hot punch.

Twenty-four guests were present.

TRIPPLE TRAY CLUB

Saturday afternoon at three o'clock members of the Tripple Tray club and other friends enjoyed several games of bridge with Mrs. E. D. Engleman as hostess.

At the end of the games, Mrs. Engleman presented love vases to Mrs. Ratcliff and Mrs. Allan as high club members and high guest.

An attractive salad plate refreshed the following ladies: Mesdames Rochet, Wadzech, Parish, Tillinghast, Clemmons, Andrews, E. M. Wilson, O. C. Thomas, Chapman, Ratcliff, Vaughn, Karr, Allan, Love and Branner.

W. M. S.

The Woman's Missionary Society met Monday afternoon at the home of Mrs. Joe Bailey Whitner with 13 members present.

Mrs. Foster presided over a short business meeting at which time plans were completed for serving the Father-Son banquet in the basement of the church on Wednesday evening at 7 o'clock.

After the business meeting, Mrs. C. H. McCulley led the group in a study hour. The topic for the afternoon was "Home Missions take stock of the Present." The following talks were given:

The Field—Mrs. L. A. Sollar.
The Scope of Home Missions—Mrs. E. L. Yeats.

The work of Home Missions—Mrs. McCulley.

Where Home Mission Money is expended—Mrs. J. R. Laine.

The Broader Definition—Miss Etta Fite.

The Old Gives Place—Mrs. L. R. Barrett.

The Underlying Problem—Mrs. H. C. Foote.

The society will meet next Monday afternoon at the home of Mrs. H. C. Foote.

Mr. Allen, of the Allen Auto Supply, is attending business in Crowell this week.

Chevrolet Safety Drive Continues

Marked advances in industrial safety made during 1935, in the manufacturing plants of the Chevrolet Motor Company, were celebrated Monday evening at a dinner in the Book-Cadillac Hotel at Detroit, at which W. J. Scott, manager of the Chevrolet Spring and Bumper plant, was awarded a plaque in recognition of having achieved the greatest improvement.

Chevrolet's 24 manufacturing plants showed an average improvement of 47 percent, and the record of the entire Spring and Bumper plant was 81 percent. The Forge plant, also managed by Scott, was second in the list, with 75 percent improvement.

The record hung up the two plants under Scott's supervision is considered especially noteworthy, inasmuch as one of the units is the big forge plant, a type of operation in which industrial safety is reputedly difficult to assure. Figures for the two divisions of the contest-manufacturing plants and assembly plants indicate that both made great headway last year.

Hugh Dean, assistant general manufacturing manager, acted as toastmaster at the dinner, and speakers included M. E. Coyle, president and general manager, C. E. Wetherald, vice president and general manufacturing manager, in charge of all the manufacturing and assembly operations and C. E. Wilson, vice president of General Motors Corporation.

The manufacturing plants included in the contest are located in Detroit, Flint, and Bay City, Mich., in Toledo, Ohio, and in Muncie, Ind. All these units were represented at the banquet it was announced.

1933 STUDY CLUB

"Texas Resources" was the topic for discussion at the 1933 Study club Tuesday afternoon when they met in the home of Mrs. M. D. Ivey.

"Cattle Raising—Its Literary Associations" was discussed by Mrs. J. Albin. Mrs. Ivey talked on "Minerals Legends of Lost Mines." Mrs. Barney Johnson and Mrs. Herbert Swan favored the group with a duet. "Home on the Range." Mrs. George Gabriel discussed "Agriculture."

In a business meeting session the club voted to give \$5 to beautify the city park. Mrs. Edwards and Mrs. Allan were voted to membership in the club.

Besides those mentioned above a lovely salad plate was served to Mesdames C. H. McCulley, Willard Alden, Arthur, R. C. Crockett, Frank Watson and F. F. Vernon.

1917 STUDY CLUB

The 1917 Study club met with Mrs. Kike Godfrey Tuesday afternoon.

During the business hour plans were completed for sponsoring an Amateur hour at the Palace Theatre each Thursday night, beginning on February 20.

"International Relations" was the theme of the program and was ably discussed by Mrs. Luther Jones, as leader and Mrs. Godfrey.

National anthems of various countries were played by Mrs. W. T. Andrews.

Roll call was answered by the names of Foreign Ambassadors. Ten members were present.

Dates Announced For 6th Annual Meat Show

Dates for the sixth annual Quality Meat Show at Lubbock have been set as March 30, 31 and April 1, Durwood H. Bradley, general chairman of the show executive committee, has announced.

The show includes a baby beef, fat pig, and fat lamb division for vocational students and 4-H club members and a canned and cured meat division for adults.

The grand champion calf exhibitor will receive \$25.00 and a substantial sale price. Last year Phillips Petroleum Company bought the grand champion calf, paying 66 cents per pound, or a total of \$566.28. Twenty five other premiums in the baby beef division range downward to \$4.00.

The grand champion pig exhibitor will receive \$12.00, with twenty other premiums ranging downward to \$1.00. Morton Salt Company bought the champion pig last year for 29 cents per pound or \$59.16.

First prize in the fat lamb division is \$5.00 for two divisions, and two groups, and \$6.00 for the best county group of 16 lambs. Thirty one prizes in this division range from \$1.00 to \$6.00. The Waffle Shop in Lubbock bought the grand champion lamb last year for 27 cents per pound or \$21.06.

Twenty three cured meat division prizes range from \$1 to \$8.00, while 77 premiums will be awarded in the canned meats division, totaling \$73.90.

Cold Earl Gartin of Greensburg, Indiana, has again been engaged to handle the livestock sale, which will be held April 1. Last year 73 calves, 34 pigs, and 41 lambs were sold at this sale for a total of \$8,927.61, an average of \$107.11 per calf, \$23.48 per pig and \$8.25 per lamb.

Makes Record As Business Predictor

According to records given out by Roger W. Babson in the past his business indications seem to tally very good in regard to actual figures for the past three years. On December 30, 1932, Mr. Babson made the following statement:

"For 1933 I predict a ten percent improvement in general business over 1932." The records show that during the year 1933 business activities averaged 10.5 percent higher than in 1932.

December 29, 1933, Mr. Babson stated, "For 1934 my forecast is for about the same improvement over 1933 as 1933 showed over 1932." The records show that in 1934 the average total of business was eight percent greater than in 1933.

December 28, 1934, Mr. Babson said "I predict a five percent improvement for the early months of 1935 over the first half of 1934. The second half of 1934 showed a gain of 4.5 percent over the same months in 1934 and 14 percent in the second half over 1934."

Mr. Babson was guessing very close to real facts in his business predictions.

DEMONSTRATOR EXAMS SOIL FOR NEMATODES

Because LaRue Holmes, fruit plot demonstrator for the McAdoo Girl's club is going to set her orchard on an old orchard site she has examined the soil carefully for the presence of nematodes. Nematodes are tiny destructive worms which enter the roots of plants causing a gnat-like growth to develop on them which interferes with the normal circulation of sap in the root system frequently causing the young fruit trees to die shortly after the foliage has developed in the spring.

A good way to detect nematodes in the soil where the orchard is to be located is to carefully examine the roots of the plants growing there. LaRue has done this with the home demonstration agent's help and found that the soil is free from destructive worms.

LaRue has made a planting plan for her orchard which includes six peach trees two of which are already in the orchard; four apple trees and she has two of them growing; six cherry, plums, four cherry trees, four plums, 18 grapes and 32 berries. LaRue and her parents have selected the varieties of the above fruits that are best adapted to this section of the state as listed by J. F. Rosborough, Extension horticulturist.

Many New Books Added Local Library

The following books have been added to the City Library, this week:

Give way to the Right by Chris Emmett. This book is dedicated to the 90th Division and is of vital interest to a great many, particularly to those who saw service or had friends or relatives who saw service in the famous T-O Division made up of troops from Texas and Oklahoma.

Glamorous Days by Frank H. Buschick. The glamour of Old San Antonio! Colorful days come to life, men with boots swagger across the stage of memory, girls with coquettish dark eyes smile from behind their fans, gun men, gamblers and chili queens, belles and venerable dandies, all seen through the kaleidoscope of the past moving figures in a powerful drama of many acts. It is vital because it is authentic.

Cynthia Ann Parker, by James I. DeShields. The story of her capture, and life among the Indians.

Paradise in Texas by W. B. Lewis. In this book you are getting striking events of the cattle country of West Texas as they really occurred.

Tall Men with Long Rifles by James I. DeShields. The glamorous story of the Texas Revolution as told by Captain Creed Taylor, who fought in that heroic struggle from Gonzales to San Jacinto.

The Trail Drive by Zane Grey.

This most popular of all western authors has in his first 1936 book literally come to Texas. Here he unfolds a thrilling story of treacherous Indians, cattle rustlers, stampedes, and finally of that great cattle drive of 1871 when over four thousand long horns were driven from San Antonio to Dodge City, Kansas.

AFTON METHODIST CHURCH

Sunday, February 9, 1936
There has been a decided increase in the Church School attendance. We hope to meet more at Sunday School at 10:00 o'clock Sunday morning.
11:00 a. m.—Sermon by pastor.
The pastor will preach at the evening service which begins at 7:30.
J. Melvin Jones, Pastor.

Local Legion Holds Meeting

The Boyd M. Williams Post of American Legion held their regular meeting at the Legion hall Monday evening. E. S. Crider, Post Commander, presided and business was attended to. A number of fine talks were made by different legionnaires. All addresses emphasized the idea of sustaining Americanism and being loyal to our government.

Part of the evening was taken up in assisting different ex-service men fill out applications for past service compensation. The post commander had received proper blanks and a number of applications were filed. Dickens county ex-service men will receive more than \$157,000 from the compensation fund allotted by Congress last week.

The next meeting of the local post of American Legion will be Monday night, February 17.

- EASTERN STAR
- Spur Chapter meets on Thursday night just after the full of the moon in each month. Meeting hour eight o'clock. All members requested to be present. Visiting members welcome.
- Mrs. Eula Joplin, W. M.
- Mrs. Georgia Barrett, Secretary

1931 STUDY CLUB

Tuesday was Bible Day for the 1931 study club and a glimpse into Palestine, the old country was taken.

Roll call was answered with a favorite Bible character. Mrs. Zachary as leader read a paper on "Jerusalem, the Holy City." Mrs. Murray Lea gave the story of "Ruth" in an interesting manner.

"Have Time own Way" was sung by the club.

Mrs. Allan was taken into the club. The club voted to pay \$5 to help beautify the park. Plans for attending the spring convention in Lubbock were discussed.

Mrs. Lea, as hostess served a lovely plate of creamed turkey, stuffed celery, moulded fruit salad, crackers, cakes and hot chocolate to Mesdames: Faust Collier, Burgess Brown, C. B. Middleton, George Tillinghast, J. C. McNeill III, G. B. Wadzech, Floyd McArthur, Neitha Campbell, Bill Dorsey, E. D. Engleman, and Dan Zachary.

BELLE BENNETT SOCIETY

Members of the Belle Bennett Missionary Society and two guests enjoyed a covered dish luncheon in the basement of the church Monday.

The day was spent quilting and one quilt was finished.

A profitable and pleasant time was had and a bounteous lunch was served to the following:
Mesdames John Mims, Clark Lewis, Taylor, Mack Tidwell, D. J. Dyess, M. Briley, W. B. McMerlin, J. C. Butler, Costello, Cauthen, Velma Parks and John Albin.

CLUB HAS BOOK REVIEW

"Time Out of Mind" a novel by Rachel Field, was reviewed in the 20th Century Study Club Tuesday afternoon by Miss Clara Pratt. The club met with Mrs. C. N. Lane on Hill street.

"Time Out of Mind" deals with the early life of the east Maine coast before the building of steam ships. The characters portray the life of the coast people.

The 20th Century study club voted to the 100 percent on the club score card by the meeting of the District Convention in Lubbock in March. The club is contributing 50 trees for the park over the hill.

The hostess served a delicious refreshment plate to the following members: Mesdames: Foster, Long, Lee, Crockett, Lane, Lee, Cowan, Foote, Ratcliff, Kelley and Miss Pratt.

TO OUR FRIENDS

We wish to express our thanks to our many friends and neighbors who so faithfully stood by us in our sad hour of trouble. With out you it would be impossible to bear this. We thank you for the beautiful floral offering. May God's richest blessings rest upon each and every one of you and yours is our prayer.

Mr. and Mrs. R. T. Rogers.
Mr. and Mrs. Marlin Rogers.
Mr. and Mrs. C. H. Boyd.
Mr. and Mrs. Oddwin Rogers.

Texas Presidential Campaign

In Texas the Presidential campaign will be principally one of raising funds to help the Democratic National Committee conduct the fight for the reelection of President Roosevelt and Vice President Garner in other states.

MOUSE TRAPS

By Clayton Rand

"If a man can write a better book, preach a better sermon, or make a better mouse trap than his neighbor, though he build his house in the woods, the world will make a beaten path to his door."

MR. HOOVER MUST FORGET!

Herbert Hoover still suffers from the thing which so afflicted the economics of his presidential administration—over-expansion—except now it is the over-expansion of the argument.

which includes Harding, Coolidge and Hoover, there were 10,504 bank suspensions, and these failures plus mergers reduced the total number of operating banks in the United States from a peak of 30,560 in 1921 to a low of 14,500 in 1933.

By contrast, in the Roosevelt administration, only 179 of the banks licensed to reopen after the holiday was closed in 1933. In the whole year 1934, only 57 banks were closed. And in 1935 only 29 banks closed. To sum, only 265 banks have been closed in the Roosevelt administration to date, less than the number closed in any one of the 12 Republican years.

Mr. and Mrs. G. W. Rash moved this week to their farm near Commerce. Mr. Rash has been Public Weigher here for several years, but this year has announced for Commissioner in Dickens county. He is expected to return shortly to carry on his campaign, however Mrs. Rash will remain at Commerce.

NOBODY'S BUSINESS

Austin.—The Texas atmosphere was supercharged this week with politics national, state and local. Myron G. Blalock, Marshall, affable and able chairman of the Democratic state executive committee, called that body to assemble for an all-day session at Austin, Saturday, Feb. 1, to lay plans for the coming national campaign in Texas, which he will direct on behalf of the Roosevelt-Garner forces.

Al Smith, the only man who has ever been able to carry Texas for the Republican party, examined into the state of the nation at the Washington dinner of the Liberty League and found it bad. Thousands of listening Texans smiled as they heard the now unhappy warrior threaten to leave the party, remembering how the party had already left Al four years ago and wondering if he hadn't heard. Smith added little to the critical thought of Herbert Hoover, Frank Knox and other GOP aspirants, except to raise the rather shop-worn specter of Communism.

The congressional races were and are shaping up rapidly through the state, and top interest was easily in the second district, where Martin Dies of Orange, incumbent, is facing the stiffest kind of opposition from youthful Clyde Smith of Woodville. Smith, who ran a remarkable race to finish third in the scramble two years ago for attorney general, has resigned as assistant secretary of state, and begun campaigning. Dies, who hesitated for weeks trying to decide whether to oppose Sen. Morris Sheppard hastily decided to seek re-election to congress, Smith, idol of the piney woods folks in East Texas, who four times elected him district attorney, is a powerful campaigner. Dies is also an able vote-gatherer, and the race promises to be red-hot.

Rep. Nat Patton of Crockett faces opposition from Bonner Fizzell, Palestine school superintendent who was nosed out last time by "Cousin Nat." The famous cigar-box episode in Washington will doubtless be a campaign issue in this district.

Sam Rayburn of Bonham, author of the securities control commission and holding company legislation, has two opponents, Jess Morris, who has tried unsuccessfully for the office before, and Will Harris of Rains-co, running as a Townsendite.

W. D. McFarlane, in the 13th district faces stiff opposition from four candidates, including State Sen. Ben O'Neal and B. D. Sartain, both of Wichita Falls and Ed Gossett and G. W. Backus of Vernon.

Conflict between the WPA under Harry Hopkins and the PWA under Secy. Ickes, which has helped up much construction work in Texas and elsewhere for weeks, has apparently been ironed out in Washington. As a result, rivalry between PWA and WPA project managers for available labor will cease, and the Texas highway commission will have its first letting of highway contracts in many weeks at Austin, February 11, totalling about \$2,500,000. WPA, supposed to offer work at subsistence wages until workers could find steady jobs at prevailing wage scales, had liberalized its terms by shortening hours, paying its workers during layoffs caused by bad weather and other inducements to where PWA projects were unable to lure workers on to steady jobs at prevailing wage scales.

The highway commission will have its first letting of highway contracts in many weeks at Austin, February 11, totalling about \$2,500,000. WPA, supposed to offer work at subsistence wages until workers could find steady jobs at prevailing wage scales, had liberalized its terms by shortening hours, paying its workers during layoffs caused by bad weather and other inducements to where PWA projects were unable to lure workers on to steady jobs at prevailing wage scales.

NATION'S BOY SCOUTS TO MARK END OF THEIR SILVER JUBILEE YEAR

The ceremonies held by Scout Troops in all sections of the United States will bring to a close on February 7th the celebration of the 25th Anniversary of the establishment of the Boy Scout Movement in America. The year has been marked by great progress in the Scout Movement with a new high figure in membership with well over a million Scouts and leaders actively at the end of 1935.

One of the most important events scheduled as part of the Anniversary celebration is the National Jamboree which was to be held in Washington, D. C., August 21 to 30 last, but was cancelled by direction of President Roosevelt because of the prevalence of infantile paralysis around Washington, D. C. The Jamboree, however, will be held in 1937 and will carry on the Silver Jubilee celebration.

Friday, February 7th, will be Troop Celebration Day when Scout Troops throughout the nation will review the 25th birthday year.

Saturday, February 8th, will be spent by Scouts in outdoor and indoor celebrations with particular reference to the annual anniversary celebration for which this is the historic date. It was on February 8th, 1910, that the Boy Scouts of America was first incorporated in Washington, D.C. On the evening of February 8th, at 8:15 p. m. all Scouts and Scout leaders will re-affirm their Scout oaths. Scouts everywhere will recite together their Scout Oath and the 12 Scout Laws which are the foundation stones of the Scout Movement.

Churches of all religious bodies will celebrate Scout Sunday, February 9, when Troops will attend in a body Scout services either in the morning or evening. A large percentage of Scout Troops in the United States are sponsored and affiliated with church organizations in the three great branches of religious faiths, Protestant, Catholic, and Jewish. In many Jewish synagogues there will be Scout services on Friday evening, February 7th.

Monday, February 10th, will find the Scout Anniversary being celebrated in public and private schools. There will be many Scout assembly programs on this day. The permission of school authorities will make it possible for Scout Uniforms to be worn by school pupils who are Scouts, practically universally throughout the United States. The school celebration is designed to focus attention upon the educational features of the Scout Program both for boys and in the form of leadership training for the more than 200,000 adults who are connected with the Boy Scout Movement.

One of the important celebrations of the week will be on Wednesday, February 12th. Where Lincoln's birthday is being celebrated the occasion will be coupled with the celebration

The Spur Hospital Telephone 39

F. R. COPELAND, M. D. Diagnosis and Surgery JNO. T. WYLIE, M. D. Internal Medicine Mrs. F. R. COPELAND, R.N. Superintendent X-RAY AND RADIUM

of that event. On this occasion there will be dramatizations of the plans of the Scout Movement for contributing Scout trained citizens. This Scout 10-year program is such that by the end of a decade one boy in every four in the United States shall have had at least four years of scout training.

Dickens

Hobart Collins and Jean Carroll were Spur visitors the first of the week.

Mrs. John Edward's eldest son has a fractured knee.

Mr. and Mrs. Doyle Beasley of Lubock visited Earl Anderson the first of the week.

Snowed over Dickens County 29th of January. Largest snow that has fallen here in several years.

W. H. Anderson had as his guest Saturday, his brother, Earl, also nephew Billie. They went to see Lawless Range at the Palace Theatre in Spur.—Reporter.

SHERIFF'S SALE THE STATE OF TEXAS County of Dickens

NOTICE IS HEREBY GIVEN That by virtue of a certain Order of Sale issued out of the Honorable District Court of Dickens County, on the 27th day of January 1936, by Nettie Littlefield Clerk of said Court for the sum of One Hundred Eighty eight and 40/100 Dollars and costs of suit, under a Judgment, in favor of E. H. Remington in a certain case in said Court, No. 1397 and styled E. H. Remington vs. John Flynn & First National Bank of Gorman, Texas, placed in my hands for service, I, J. L. Koonsman as Sheriff of Dickens County, Texas, did, on the 27th day of January, 1936, levy on certain Real Estate, situated in Dickens County, Texas, described as follows, to-wit: On that tract, piece or parcel of land, lying and being situated in the City of Spur, County of Dickens, being Lot No. 5, Block No. 11 in the City of Spur, Dickens County, Texas, and levied upon as the property of John Flynn and First National Bank of Gorman, Texas and that on the first Tuesday in March 1936, the

Chapman & Ratliff

Attorneys-At-Law Spur Security Bank Bldg. Spur, Texas CIVIL PRACTICE ONLY

Driver Licenses Law Effective February 14th.

(Continued From Page One)

and not attempt to harass the public. It was not the intention of the Legislature to embarrass citizens but to improve conditions on the highways. We want it to be of constructive benefit, but if it becomes a nuisance through bad enforcement practices there will be attempts to repeal."

Licenses forms are being mailed to Tax Collectors. The license is in three perforated sections. The first removal of one of the sections for violating traffic laws automatically reduces that classification of the driver from first to second class.

On conviction of a violation the trial judge will not on the detached section of the offense and the disposition and mail it to the safety department. Similar procedure will be followed on the second conviction and the final stub will be confiscated and sent the department on the third conviction.

Persons driving after their licenses have been suspended will be subject to heavy penalties, including imprisonment for six months.

All members of a family who drive the family automobile will be required to obtain licenses. Each license will carry a detailed description of the person to whom issued and they will not be transferrable.

Causes for Revocation

Licenses would be suspended automatically or revoked on conviction of negligent homicide resulting from the operation of a motor vehicle, driving a motor vehicle while under the influence of intoxicating liquor or drugs; any offense punishable as a felony under other vehicle laws, three convictions in twelve consecutive months for speeding or reckless driving, failure to stop and render aid after an accident and conviction on two separate charges of aggravated assault on a person with a motor vehicle.

Licenses will be granted all persons who are prima facie sound mentally and physically. Permits will be denied persons less than 14 years old habitual drunkards and users of narcotics, persons adjudged insane, epileptic or feeble-minded and persons who are shown by common experience to possess defects that render them incapable of efficient driving.

Special provision has been made to license visitors who remain in Texas more than ninety days.

Administrative expense will be defrayed from a \$63 license fee on chauffeur and other professional drivers.

'Segrist for Agricultural Commissioner Club' Formed

For several years I have had a desire to run for this important office and have given it a great deal of thought, contacting my many friends over the state in regard to making this race, and they all have encouraged me and assured me every possible support, and have wished me well in this undertaking. My home boys at Hico have recently organized a "Segrist For Agricultural Commissioner Club," and this club is composed of farmers, ranchers, and business men of that section, who have known me during my entire lifetime, and with this assurance of support and earnest backing, I am making this race.

I was born thirty-nine years ago on a farm, now generally known as the Segrist farm, near Hico, in Hamilton county. Being reared on a farm where cotton, corn, oats and other common Texas crops were grown, I had throughout my childhood and early manhood, close touch with the soil, and learned first hand many valuable lessons and responsibilities which I feel will be of great value to me as Commissioner of Agriculture.

I finished the public schools of Hico in 1914, and soon afterwards entered John Tarleton Agricultural College, at Stephenville, Texas. This was in 1915 and 1916. Later I was employed in the United States Reclamation Service in Arizona. I served in the Medical Corps of the United States Navy during the war, enlisting on the fourth of December 1917 at Phoenix, Arizona. I received an honorable discharge from the Navy in the summer of 1919, and in the fall of the same year enrolled at Simmons University at Abilene, Texas, taking active part in all student activities, and later was employed as athletic coach at Abilene Christian College.

I became a professional base ball player in 1920, getting my first experience with Abilene, of the West Texas League, and played with the Dallas Stars, of the Texas League, from 1921 until 1928; when I played with San Antonio. I later managed the Omaha club, of the Western League, and also played with several eastern teams, and retired from professional baseball in 1931. During off

season I have always been engaged in various phases of agricultural work spending much of my time farming, buying cotton and helping my father, who was a farmer and public cotton weigher at Hico.

When I am elected Agricultural Commissioner I propose:

1. To appoint a State Honorary Agricultural Advisory Board composed of leading competent citizens, representing the various farming sections of Texas. The board shall have eleven members; one from the Panhandle grain section, one from the grazing section of West Texas, one from the goat and sheep section of the hill country, one from the fruit section of the Rio Grande Valley, one from the rice section of South Texas, one from the diversified farming section of East Texas, two from the large cotton belt of Texas, one Dairy man, one man at large, one to represent the Agricultural Colleges, Experimental Stations and the Extension Service. This board will keep me in personal and constant contact with all sections of the State, and will enable me to act immediately on the various conditions which may arise, such as quarantines, insect control, and extermination, disease control among stock and any emergencies which would come under my supervision. This board, with its broad knowledge of the farming needs and problems of Texas, will be of great aid in assisting the Legislature in passing laws that will surely benefit the farmer.
2. To distribute to the best advantage the Jacks and Studs among the farmers of Texas in a fair and impartial manner.
3. To cooperate and work hand in hand with A. & M. College, John Tarleton Agricultural College, Texas Tech, North Texas, Agricultural Col-

lege and the Vocational Agricultural Department of our High Schools in every possible way.

4. To devote to the several divisions under my supervision the attention they deserve, each according to its importance.

Farming is important to our urban population no less than it is to our rural, because their interests are too vitally related in the phase of producer and consumer; and I seek the office of Commissioner of Agriculture of this big farming state with the full comprehension of the importance of the office, and I shall always and all along face its problems with a very definite understanding of its duties and my obligations to perform them.

Statement Made On Expenditure President's Ball

An exceptionally large crowd, considering the extremely cold weather, turned out for the President's Birthday Ball which was held at the Spur Inn last Thursday night.

A total of 139 tickets (278 people) were sold giving a gross of \$209.55. The total expenses amounted to \$85.64 which left a net profit of \$123.91. Thirty percent of this amount was forwarded to President Roosevelt to be presented by him to Warm Springs Foundation for the prevention of infantile paralysis. Seventy percent (\$86.74) remains in the local fund.

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning!—
The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks punk. Laxatives are only makeshifts. A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. Stubbornly refuse anything else. 25c.

for the benefit of any local person who may be suffering from this dreaded disease.

Seventeen names were signed to the Birthday Greeting to the President at twenty five cents each, totaling \$4.25. Of this amount \$1.27 was forwarded to President Roosevelt and the remaining \$2.98 deposited in the local fund. This amount makes a grand total of \$89.72 realized from the Birthday Ball to be used for local charities.

H. O. Everts, general chairman of the Birthday Ball Committee again expresses his thanks to the many persons who helped to make the Ball a success and especially the local newspapers for their efforts in giving it the publicity needed to make it successful, with compensation.

And to all participants who so graciously accepted the fact that the orchestra was unavoidably delayed and made merry to such music as was available.

H. O. Everts

Mrs. Metcalfe, who had been visiting her daughter, Mrs. M. F. Ewton left Monday for her home in Palo Pinto.

To meet the stock objection, "It is too dry for gardening up here," the Extension agents in the county gave demonstrations on the making and laying of concrete subirrigation tile with the pleasing result that 16,000 feet of such tile was laid and reported.

One family put a low dam across a draw, and had a splendid garden in the irrigated plot below the dam. Three tenant families had the best gardens among the demonstrators.

School Of Scout Instruction Held

A number of business men of Spur attended a school of instruction in scouting in the basement of the First Methodist church Thursday night. E. McClure, scout executive of the South Plains Area, was present and directed the work. Those present threw off their dignity and did the work of boys again and felt many years younger over the experience.

There were supposed to have been four troops of 12 men to the troop present, but the attendance was very scattering. The representation was as follows:

Troop No. 1—O. C. Thomas, O. F. Priest, W. F. Godfrey, W. B. Lee, Grady Lane and Lester Ericson.

Troop No. 2—D. L. Granberry, S. T. Clemmons, Clifford B. Jones, Ned Hogan, David Sisto, Geo. S. Link, Jr., J. R. Laine, and Cap McNeill.

Troop No. 3—E. S. Crider, R. A. Taylor and W. D. Starcher.

Geo. S. Link acted as leader, and Mr. Mayhew joined in to help out with the numbers.

Troop No. 4—H. C. Foote, L. R. Burrow, G. B. Wadzeck, Lefty Solis, O. L. Kelley, E. L. Yeats and E. W. Mars.

Visitors for the evening were Cap McNeill, Arthur B. Mayhew of Uvalde, R. C. Brown and Wm. Lee Edwards.

Many fine pointers on the technique of scouting were given and a number of games were introduced. Scouting is largely a matter of useful and instructive entertainment, and Mr. McClure is trying to get this over to the scout workers in Spur.

All factions of the oil industry, probably for the first time in history, are agreed that the flow of "hot" oil has been cut to the lowest figure in history, and steps are taken by the house oil investigating committee this week promises still further reduction of illegal oil. The committee headed by Rep. Augustine Celaya of Brownsville, has worked out a plan of co-operation between the railroad commission and the attorney general's department, which it believes will effectually stop the troublesome problem of confiscated storage oil, and result in prompt destruction of storage tanks. The committee, thru Chairman Celaya, paid the commission a nice compliment, by asserting that enforcement conditions have been vastly improved and that conditions it complained of last summer have been corrected. Oil operators of the state are reported hopeful that a further increase in the price of crude may be posted in the near future.

17 Bulldogs Receive Letters For '35 Service

Members of the Spur Football Squad were awarded sweaters last week. There were 17 men in the team this year, five of whom will be on the team another year. The letter after each name indicates the position of the player. Thus, W. A. McCombs, (E) indicates that he played end on the team. The following named boys will graduate this year and will not play with the Bulldogs next year:

W. A. McCombs, (E), Lanier Gilbert, (T), Buck Wilhoit, (G), W. P. Foster, (G), Francis Bingham, (Q), Garland Chapman, (H), Charles Sutt (H), Thomas Haralson, (F), Gussie Malone, (F), and Ira Hahn, (H).

The following named boys will remain in school and will be on the team next year:

Pershing Lee, (E) one year, Wilson Garner, (G) one year, James Bumpus, (C) three years, Hubert Faulkner, (T) one year, Buck Martin, (C) one year, J. B. Haralson, (F) two years.

The Spur Bulldogs have enjoyed a reasonably successful year of work but next year they are lining up to do things right. They need the backing of town and will make a winning team if they get it.

Ralph Wyatt, formerly of Lubbock, is looking after the cleaning and pressing department of Spur Tailors, going on the job Monday morning. Mr. Wyatt was with the Spur Tailors last summer and his work was very satisfactory to the public. He has worked in some of the largest shops in Lubbock and was with the Lubbock Tailoring Company when he came to Spur. Mr. Wyatt is a student graduate in textiles and dyeing work and also will do that work at the Spur Tailors.

Friends and relatives here received a message yesterday that Miss Sylvia Price is very ill in the Lubbock Sanitarium and is not expected to live but a short time. The trouble seems to be a disorder of the heart. Her mother, Mrs. Don Price, is a niece of Mrs. P. H. Miller of our city. Mrs. Miller called home Wednesday stating that it would be just a matter of a few hours until the crisis would arrive.

Spur Hi Girls Make Good In Basketball

This was the first year that Spur schools have fostered a girls basketball team and the showing made is very complimentary. The local team has not won any outstanding games, but all through the year they have been pitted against experienced and older teams where interest in basketball has been built up for years. In the game last Saturday against McAdoo the score was 20 to 14 and McAdoo team is the county champion team.

The team has been coached by Miss Cedonia Dittich who has done a good job of it.

Spur schools should have a much better team next year than this as most of the girls who played this year will be in school again. Those remaining in school next year are: Cleo Smith, Lucille Rape, Ernestine Conaway, Margaret Conaway, Ruth Turpen, Lelia Lee Erath, and Sarah B. Draper.

Those who will graduate are: Neita Teague, Mary Rucker, Hazel McMahon and Mildred Formby.

One thing our schools need is a good gymnasium. Let's work with that in view for another year.

W. C. Messer, of Espula community, was attending to business matters in our city Wednesday.
