Many Local Applicants File Claims for Old Age Assistance Aid

A number of persons who have reached the age of 65 years are making out applications for Texas old age assistance at this time. Application blanks are being secured at the Spur Chamber of Commerce office and at the county judge's office in Dickens. Mrs. Tom Dorsey is assisting with the work at Dickens and different persons at Spur are doing the work at a small fee.

Where the application is filled in a notary public will take the acknowledgment for 25 cents. However, where the application and all has to be made out, notaries are charging a fee of 75 cents for the work which is very reasonable. Any notary public, postmaster, justice of the peace, or any federal or state commissioned officer can take the acknowledgment for those seeking state old age assistance.

S. H. Twaddell has been appointed to look after the affairs in the district office at Plainview.

Two Local Women Named Supervisors Writers Project

Miss Dess Key of Lubbock, local supervisor, Federal Writers' Project, district 17, was in our city Thursday last week to appoint supervisors for the project in this county. Through the recommendation of Madge D. Twaddell this appointment was given to Miss Minibel Johnson and Miss Charlsie Hayes.

The aim of this work, according to the American Guide Manual, is to provide a comprehensive guide to the United States. It purports to provide authentic information about any locality to tourists, students, authors, and research workers; and a picture of the scenic, historical, cultural, recreational, economical, esthetic, and commercial resources of the country. The Guide is especially interested in the native and folk background of any locality.

This Guide is being compiled largely through voluntary assistance of those people interested in having their county's history and industries in the Guide. Miss Johnson and Miss Hayes, in accepting this appointment, feel they can depend on the worthwhile citizens of Dickens County for the desired information. The appointments are non-salaried.

Safeway Featuring Leap Year Sale

The local Safeway Store is featuring Leap Year specials for Saturday of this week. Their advertisement is found on page 2 of the Times this week, and you sure want to read it over. Leap Year comes only once in four years and a Leap Year sale should be a novelty.

Local Theatre Early With Booking Latest Astaire-Rogers Film

"Follow the Fleet" Opens at Midnight Preview Saturday and Continues thru Sunday and Monday, March 1 and 2

Texas film bookers this week notified the local Palace Theatre that their booking for the latest Fred Astaire-Ginger Rogers production, "Follow the Fleet," is far in advance of any other city this size in the state of Texas, according to a statement issued by the local theatre management. Spurrites who favor the Roger-Astaire team, may be assured of their greatest musical hit when the production with a midnight preview Saturday night and continues through Sunday and Monday.

There doesn't seem to be any calling to the musical hits of the production when seven numbers are featured. The Rogers-Astaire team is well in advance of anything they have ever done before in the way of rhythmic hops.

HUNDREDS ATTEND BRYANT-LINK'S FIELD DAY

The John Deere Day at the implement department of Bryant-Link Company Tuesday was a thrill to everybody who attended it. The program started in the forenoon when farmers gathered at the Big store to inspect and look at the various farm machines on exhibition and to hear the various explanations given by the factory representatives. It was very interesting to hear farmers tell their experiences with various types of farm machinery and many good ideas.

The local store of Bryant-Link Company had arranged tables and hot coffee and doughnuts were served at the noon hour. Many farmers came and spent the day and enjoyed the hospitality of Bryant-Link Company which is a gracious treat for any one. There were around 450 to 500 people present for the day and the various types of farm machinery created much interest among the tillers of the soil.

During the afternoon moving picture shows were presented in series. The first series showed about the quality of material used in the manufacture of implements by the John Deere Company. It represented the processes as the material was taken from the raw state and converted in-

to a farm implement, telling the how and why of the different processes used. It was explained that with the army of experienced mechanics and machinists that a new tractor was produced every three minutes from eight o'clock in the morning until five o'clock in the afternoon. The manufacture of all types of farm machinery were shown.

The next series of pictures showed the practical side of the machinery. It represented how the John Deere tractor can be used in the plowing of the land, the bedding of the land, cultivating the crops, harvesting and many other processes.

In the third part the picture showed how simple it is to operate a tractor drawn set of farm implements. The method of turning corners and the various types of machinery that may be used. The tractor with its equipment plowed the field, checked the corn, cultivated the corn, harvested the corn, shelled the corn and then ground it into feed for the cattle on the farm. No ground seemed too rough for the tractor and its equipment, neither did wet lands, sandy lands, or other lands seem to be too difficult for its operation.

One of the interesting features of

the picture show was how John Deere started as a common country blacksmith and advanced to one of the greatest manufacturers of farm machinery in America. We hope to get this story for the people by next week and will not dwell on that feature of it now. However, the company will celebrate a centennial next year, and Bryant-Link Company has been selling John Deere implements and tractors for 52 years. We hope to have an interesting story on this for next week.

Representatives here were: Barney Condon and L. D. Story of the factories at Waterloo, Iowa, and Moline, Illinois; L. A. Spoons of the district office at Dallas; R. B. Bryant, J. C. Bryant, and W. J. Bryant of Stamford; John Jones and George Stephens of Jayton. L. R. Barrett, of the local store of Bryant-Link Company made the arrangements for the big day and it was to him, George S. Link and George Link, Jr., that the success of the day belongs.

Many farmers received some good ideas, and it was announced that farmer's who use any kind of tractor would be benefitted whether it was a John Deere tractor or one of other make.

Texas Speaker

HILL McALLISTER

Huntsville's Centennial observance on March 2nd of Texas Independence Day and Sam Houston's birthday will bring to Texas the governor of Tennessee who, together with Governor Allred of Texas and Governor LaFollette of Wisconsin, will participate in patriotic ceremonies at the old home of the "Savior of Texas." The event is significant in that Sam Houston himself was Governor of Tennessee more than one hundred years before resigning to lead the struggle for Texas freedom. Governor McAllister returns a visit made to Tennessee last month by Governor Allred.

The fat calf and other stock show which had formerly been announced to be in Spur this week end, has been postponed until Friday and Saturday of next week. The Agricultural Departments of the schools at McAadoo, Patton Springs and Spur, together with the 4-H club boys of the county are cooperating in this show. There will be on exhibition a number of baby beef cattle, hogs, lambs and colts, showing the Vocational Agricultural boys in the three schools and the 4-H Club boys in the county are doing to improve the type of stock to go on the markets in the future.

These young people—Future Farmers of America—are being taught and given practice in caring for livestock. Most of them know at this time more about live stock than many of the older people in the country will ever know about stock. It is fine training, and a number of people in the county are acting as sponsors for the show in Spur Friday and Saturday of next week.

Another Major Bowes Amateur Program Tonight

The Major Bowes program at the Palace Theater which is being fostered by the 1931 Study Club, is going to be excellent. M. C. Golding who impersonates Major Bowes has arranged a very fine line of entertainment for tonight and you don't want to miss it.

The Rhythm Band arranged by Miss Kathryn Curby will give selections. James Zachty will give a song and dance. Lynn Mayfield gives a vocal solo. Miss Grace Foster will render a piano solo. Bobby Parr will give a chalk talk. An octette arranged by Mrs. Violet McKnight will give selections. Glenna Williams will give a piano solo. Mrs. Dickson and Mrs. McKnight will sing a duet and a colored boy will give a piano selection. A program any one will enjoy.

Foodway Has 29-Cent Specials

The Food-Way Store is featuring 29-cent Day next Saturday. It is a 29-cent sale coming February 29 which does not appear so often. See their line of bargains advertised in the Times this week.

McAllister for Commissioner

A. K. McAllister is placing his name before the citizens of Precinct No. 2 as a candidate for the office of County Commissioner. In making his announcement Mr. McAllister stated that he was doing so because many friends had solicited him to make the race. He stated that first he desired to publicly thank the good people of Precinct No. 2 for the support they gave him two years ago in this race. He is in the race because friends have desired him to make the race and believe that he will make a good commissioner. He is a Democrat and asks the voters in Precinct No. 2 to consider him on that basis. He solicits the votes and support of the electorate at that Precinct and promises his best efforts in behalf of the people if elected.

Reynolds in Race For County Judge

In announcing my candidacy for the office of County Judge of Dickens County, I am fully cognizant of the many duties and responsibilities relative to this office.

In serving Dickens County six years as County Clerk I became familiar with the duties of the various courts I hope to serve, and my record while I served as your county clerk is open for inspection.

As I understand it a public office is a public trust created for the use and benefit of the people and not for the private gain it might be to the one holding the office for the time being. And his qualifications and efficiency should be considered.

It has been my ambition to serve Dickens County as County Judge for some time and I took advantage of the opportunity you gave me to prepare for this work and am fully confident I can give you an unprejudiced, economical administration.

I therefore earnestly solicit your vote and influence in the coming primary in July.

Sincerely,
ROBT. REYNOLDS.

Organization of Spur's Junior Band Started

A number of pupils at the East Ward School were called together Monday by Burgess Brown, band director in Spur schools, for the purpose of organizing a junior band in the schools. 13 children reported and Mr. Brown feels that if that number proves eligible that it will be a nice nucleus around which to build a junior band. All those reporting for this meeting were about eight years of age which is a nice age to start into band work. The majority of them have been studying piano which gives them a good foundation in music. Mr. Brown stated this week that 50 children are needed in the junior band and that it is his desire to build up to that number.

Riter Hardware Holding 9c Sale

Riter Hardware Company started a big 9-cent sale last week and are meeting with reasonable success. They are featuring a great number of articles at nine cents and they are real bargains. See their advertisement in this week's issue of the Times.

C. N. Kidd for Commissioner

C. N. (Newt) Kidd is placing his name before the electorate of Precinct No. 3 as a candidate for the office of County Commissioner for that precinct. Mr. Kidd is a Democrat and is making his candidacy subject to action of the Democratic Primary. He makes the following statement to the people:

"I, C. N. (Newt) Kidd, desire to announce that upon solicitation of my friends I will be a candidate for County Commissioner of Precinct No. 3.

"In offering myself as a candidate I do so feeling that I am qualified for the duties of the office.

"I have been a resident of Dickens County and Precinct 3 for the past 20 years, and am well acquainted with the conditions and needs of my precinct, and if honored with the office I will serve the people to the best of my ability.

"To my opponents I have the greatest admiration and shall attempt to conduct my campaign in a friendly manner.

"Your vote and influence will be greatly appreciated."

C. N. (Newt) KIDD.

Hale Cafe Plans Enlargement Move

O. L. Hale has secured a lease on the building formerly occupied by Ericson's Grocery and expects to install a large and up to date cafe in it soon. The building is being remodeled at this time and new equipment is being installed and a new plan is being used.

Mr. Hale has been in the cafe business here for several months and is enjoying a nice business. He has been in Spur many years and has a great number of friends who enjoy patronizing him.

T. D. Hale, of East Afton, was transacting business and greeting friends in our city Saturday.

Schools to Hold Carnival Friday

The Spur schools are cooperating in fostering a big school carnival Friday night, Saturday and Sunday night. Arrangements have been made for the Wendell building just north of the bank and for the Love building just south of the Spur Coffee Shop where arrangements are being made to take care of the people.

The carnival will open at six o'clock Friday afternoon and will remain open a reasonable length of time that evening. Then Saturday morning will open with new attractions for the day and will continue into the evening, possibly until ten o'clock. There will be no admission charge, but fees will be collected for the different events. The funds so raised will be used to finance the County Interscholastic League meet and other school activities such as the band, etc.

In speaking of the program Superintendent Thomas said, "It is planned to have three general booths and each school will sponsor its own booth. Then the various school organizations will have booths of entertainment. The Spur High School band will furnish music during the carnival and will also sponsor a booth. Sandwiches, cakes and pies will be sold. Hot coffee and hot chocolate will be served.

In the program will be included fortune telling, bingo stands, boxing contests and other lines of amusement. The carnival is expected to include a general educational exhibit and show the work of the schools. There will be plenty of amusement for the visitors, and it will be worth the time of any parent to visit this carnival. The schools have always given people value in every respect and they will do so in the carnival Friday night and Saturday.

The students of all the schools solicit your patronage to the carnival and want you to enjoy the whole program and the good things to eat.

Carbon Paper at the Times Office

McAdoo

Friends met at the home of Mrs. T. L. Dozier for an all day quilting last Thursday, Feb. 20. A covered dish lunch was served at the noon hour. There were more than twenty ladies present for the quilting.

Those present at the quilting were Meses. G. W. Allen, Ruth Phifer, Willie Eldredge, Dewey Woods, Cox, J. T. Parker, Eula Parker, C. Gollihar, Ivay Black, Perry, J. J. Griffin, Graham, Vandaford, O. S. Harvey, J. R. Robertson, Clyde Moore, A. W. McDonald, Loyde Hickman, Ivy Brown, Jim Hickman and Barton and A. J. Dozier of Afton.

A play, "United States Highway Number 66," was presented at McAdoo high school auditorium last Saturday night, Feb. 17, by the Afton Dramatic club. This was a play with plenty of comedy, and was well presented. A fairly good sized crowd was out to see the play for the weather to have been so cold.

Mr. Ollie Bailey and Sam Hardy made a business trip to Hobbs, New Mexico, this week end.

Mr. and Mrs. T. L. Dozier and family were at Spur Friday to attend the funeral of Mr. S. M. Baker and Clay Aston. Mr. Baker and Mr. Aston were neighbors of the Doziers when they lived at Spur. There were only a few hours difference in the deaths of these two men, causing a great sadness throughout the entire community.

The home of Mr. and Mrs. Hughes Smith caught on fire last Tuesday afternoon, Feb. 18. A neighbor saw the flames and ran to the Smith home and attempted to extinguish the fire. Within a short time the fire was put out.

Practically all the roof on one room was destroyed by the fire, and some damage was done to the roof of another room. Possibly a bad flue caused the fire to originate.

Amos Isaacs was painfully burned the first of last week. He was attempting to warm up a truck with a blow torch which caused an explosion. The breather cap blew off, throwing hot oil into his face. He was rushed to the Spur sanitarium where treatment was given. Amos was able to return home the last of the week, and is now able to be back on the job at Consumers Gas and Oil station.

Mr. and Mrs. R. J. Dozier and family, and Mr. and Mrs. Jessie Dozier and baby of Ropesville were here Sunday to see his brother, T. L. Dozier, and family.

Mary Francis VanMeter and Inez Rose were here recently to see their parents. Both of these girls are students in Tech college.

Mrs. R. R. Wooten and Mary were in Spur Friday visiting with relatives and attending to business affairs.

Two school buses of high school students went to Spur last Wednesday to see the show, "Tale of Two Cities."

The following officers were elected: Wilma Griffin, president; Coy Powers, vice-president; and Maxine Henderson, reporter. A student from each class was elected to serve as program committee. Juaneva Brown, Sybil Brantley, Vanel Medford, Bob Boyd and Dorothy Lee Hines were elected as program committees.

The Literary Club will present a program every two weeks on Friday afternoon. The first program was given Friday afternoon, Feb. 21. The public is cordially invited to attend these programs.

Mr. Elsworth Graham of Roscoe, was here Sunday to see his brother, M. A. Graham, and family.

Mr. F. M. Lawson and his little daughter, Joan, spent Sunday with Mr. and Mrs. Will Eldredge. Mr. and Mrs. Eldredge are grandparents of Joan. Mr. Lawson's mother accompanied them on the visit.

Chesley Dozier of Afton is visiting relatives here this week.

Mr. and Mrs. Cage of Dougherty were here Sunday to see Mr. and Mrs. A. W. McDonald and family.

The Plainview District Zone meeting of the Women's Missionary Society met at the local Methodist church last Tuesday, Feb. 18.

Rev. W. D. O'Kelley of Floydada circuit delivered the address. A covered dish luncheon was served at the noon hour. In the afternoon short talks were made on various subjects by representatives present from different churches and auxiliaries.

The next zone meeting will be held at Matador.

The Women's Missionary Society held their regular meeting at the parsonage Monday afternoon. An interesting lesson was discussed from the book "Toward a Christian America."

There were ten members present at the meeting.

At a previous meeting of the society it was decided to hold an all day meeting once a month in the home of one of the members to do home work. This meeting will be held on "The World Outlook" program day. The first meeting of this sort will be held Monday March 2, at the home of Mrs. C. Gollihars. Quilts are to be quilted for Mrs. Frank Beauchamp.

Miss Ovie Bartoa has returned home from Ralls, where she has been visiting with her brother and family.

Charlie Barker and Harold Hardy were transacting business in Hobbs, New Mexico, this week end.

If it isn't in the Times it hasn't happened.

The sale will start at ten o'clock in the morning and will continue until all the farm stock and implements are sold. He has secured the services of Seale & McDonald of Floydada to take care of the sale and Elmer C. Stearns of Matador will keep the sale records.

He stated that he hoped to have all his neighbors in that day as he expects to serve lunch at the noon hour. He wants them to have a full pocket book when they come and he does not want their hunger to get up while they are his guests.

Mr. Bridge has a big list of property to be sold which will be announced within the next few days.

Pioneer Citizen Buried Saturday

J. R. Rogers, a citizen of Dickens County for nearly 40 years, died at his home in Wichita community about 3:30 o'clock Friday afternoon after a short illness. Mr. Rogers was confined to his bed about three days but had been in ill health for several months. Funeral services were held at the Methodist Church in Dickens at three o'clock Saturday afternoon, Rev. J. Melvin Jones, the pastor, being in charge. Rev. C. D. Pipkin, of Matador, and an old friend to the family preached the funeral discourse. Interment followed in Dickens cemetery, Bill Kinney acting as funeral director.

Mr. Rogers is survived by the widow, Mrs. Sophronia Rogers, and six children: R. E. Rogers of Croton, Mrs. Lottie Jackson of Lubbock, Mrs. Lillie Pillow of Dickens, Mrs. Lucy Youngblood of Dickens, Mrs. Ada Ham of Tacoma, Wash., and Robert Rogers of Tacoma, Wash., all of whom except the last two named were present for the funeral services. Mrs. Robert Rogers, a daughter-in-law, attended the funeral being here visiting her mother at the time. Two brothers, T. F. Rogers of Altus, Okla., and C. H. Rogers of Amarillo; and three sisters: Mrs. Mary Hobson of Spur, Mrs. Lizzie White of Spur, and Mrs. Janie Johnston of Oklahoma City, survive. Mrs. White is ill and was not able to attend the funeral services. A niece, Miss Effie Speer of Flomot was present for the funeral.

Active pallbearers were: Johnnie Koonsman, J. T. Jones, W. T. Hill, S. L. Porter, O. E. Minix and W. T. Lovell.

Mr. Rogers was a native of Arkansas and was born January 22, 1858, and was 78 years and one month old at the time of his demise. He came to Texas when just a lad and settled with the family in Cook County. Later they moved to Brown County and it was there that he met and married Miss Sophronia Clementine Shields June 2, 1881. He and his wife moved to Oklahoma Territory in 1891 and lived there about seven years. He came to Dickens County in 1898 and has lived here ever since except four or five years that he was in New Mexico attending to some cattle he owned.

About 40 years ago Mr. Rogers was converted and affiliated with the Methodist Episcopal Church. He lived a devoted member in the church until his death. His influence as a Christian remains in the memory of his neighbors as they speak of him in endearing terms. He was one of the men who assisted in building up the eastern portion of this county and establishing a good type of citizens there.

MRS. ANDERSON THANKS HER FRIENDS

I want to thank each one of you that helped me in Dickens. Also, I want to thank Frank Spear, The Sunshine Service Station and the Spur Creamery. May God bless each one of you.

T. C. Ensey, of the Bryant-Link Company, has been quite ill since Saturday of influenza. It was thought at once that pneumonia might develop, but it seems he is improving and pneumonia will be averted.

V. V. Parr, executive manager for the Pitchfork Ranch, was transacting business in our city Tuesday.

School News From Over the County

The school at Patton Springs announces that beginning Monday, March 3, that school will assemble at nine o'clock in the mornings instead of 9:30 as has been. Those pupils arriving early will have the advantage of a study period between 8:30 and 9 o'clock. School will be dismissed earlier in the afternoons.

Dry Lake School.
Miss Conner, one of the teachers, has been ill the past few days and it is the hope of the students and parents that she will be able to return to her work soon.

Work on the Interscholastic League program is demanding some attention in this school now and it is the hope that children in the school will win a number of events.

Mrs. Engleman and Mr. Hargis attended the teachers meeting in Lubbock two weeks ago and both report the trip was worth their time.

Prairie Chapel School.
This week marks the end of the fifth month of school. Every one is studying hard to be able to make good grades on examinations the last of the week. School was dismissed Tuesday afternoon of last week in order that those pupils who desired might attend the funeral of Mrs. Dennis Rasberry.

A number of visitors were present Friday afternoon, February 14, for the Valentine program. A very fine time was enjoyed by all. A mystery play entitled "Caught Napping," was presented Saturday night. A large crowd attended.

State Committee On Debt Conciliation Holds Meet

W. B. Lee, of the Spur Security Bank, was in Austin two weeks ago to attend the meeting of the state committee on debt conciliation. The committee is composed of the following persons:

J. E. Owen, banker at Dallas.
Frank Holland, publisher at Dallas.
Herman Ochs, merchant at San Antonio.

George Bates, ranchman at Gatesville.
W. B. Lee, banker at Spur.
Weck Brown, insurance man at Dallas.

J. H. Youngblood, farmer at Waco.
F. F. Elkin, ranchman at Midland.
John E. Hill, investment company at Amarillo.

N. H. Martin, investment company at Wichita Falls.

The governor appointed the following members to compose the state executive committee: J. E. Owen, Frank Holland, John E. Hill and W. B. Lee. This committee will meet at various times subject to call of the governor to keep in touch with conditions.

The purpose of this committee is to confer with different loan agencies and try to get property indebtedness adjusted and save people from having their homes foreclosed. The committee feels that if people can save their homes and remain on them that it will mean a great deal to the country. For this reason they are giving their time to assist this class of citizens.

Mr. Lee is a member of the county committee on Resettlement, also.

Dickens Lumberman Goes to Fort Worth

Z. W. Fowler, who has been manager for the Dickens Lumber Company since it was established, left Tuesday for Fort Worth where he has accepted a position in the central office of his company. Mr. Fowler came to Dickens about six years ago and installed the lumber yard there and has had very good success with the business. He is a hustler and is wide awake on every business proposition.

Cecil Meadow, who has been assisting in the yard at Dickens, becomes the manager. Mr. Meadow has lots of friends who are desirous of his success, and his experience in the lumber business aptly qualifies him for the position. Ralph Trinkle is serving as bookkeeper.

C. M. Smith, district manager for the Tri-County Lumber Company, was here the first of the week and made the set-up for the new manager and the new bookkeeper. He returned to Fort Worth Tuesday.

Beechly's Game Preserve Record High

The January report of the U. S. Biological Survey in cooperation with state authorities shows Jack Beechly who is trapping and poisoning predatory animals on the Pitchfork ranch to be among the six high men in the state as to catch and kill. Beechly sent in the pelts and scalps from 66 coyotes and 3 bobcats as one month's results. From the reports only three districts would indicate higher infestation.

Beechly is young in that service and is following the survey's system of handling traps and poison in every detail. Pelts and scalps indicate results and he has been delivering them.

Many farmers are furnishing chickens and turkeys for the coyotes that could be sold for cash or consumed at home. Establishment of state game preserves on the Pitchfork and other ranches in this general vicinity very recently is a conservation measure that should interest everyone. That in connection with systematic predatory animal control will add much to the economic welfare of our community.

Mrs. Joe Long is working at the Spur Security Bank taking the place of Miss Anne Lee who is ill at this time.

John Aston and mother, Mrs. A. E. Aston, of Esquela community, were attending to business matters in our city Tuesday.

Hubert Morris and brother of Balmorra, spent the week end with their sister, Mrs. Bill Middleton, of Afton, and were here Tuesday.

Roy Stovall, of the Spur Creamery, left Monday for Fort Worth where he marketed a load of that good Esquela Brand butter.

M. V. Witbeck, district manager for the Safeway Stores, was looking after business for his company here Saturday night.

Hospital News

Randolph Robertson, of Afton, underwent a tonsillectomy Monday and is doing fine.

Infant of Mr. and Mrs. O. L. Tankersley, of Red Mud community was in the hospital for medical treatment from Saturday until Monday.

Mr. and Mrs. W. F. Matthews, of Colbert Ranch, are the proud parents of a new baby born at the hospital last night.

J. B. Baker, of McAdoo, was in the hospital Sunday and Monday for X-Ray examination and medical treatment.

Mrs. Lon Haney, of Afton, underwent an operation Friday and was able to return home Tuesday, feeling fine.

Mrs. A. L. Cross, of Kalgary, who was in the hospital last week as a medical patient, returned home Friday feeling much improved.

Mrs. M. P. Duncan, who underwent an operation about three weeks ago, was able to return home the last of the week feeling much improved.

Mrs. Duncan was in a very serious condition and not much hope was entertained for her recovery.

Miss Lucille Harris, of Espuela, who underwent an appendectomy ten days ago, was able to return home Saturday.

Andrew Edgar, city, who underwent an operation the first of last week, was able to return home Friday.

Henry Alexander Style Show is Big Success

When old Mother Hubbard went to the cupboard to get her poor dog a bone, the costume she wore was practical, but hardly what you would call beautiful or artistic. At least that was the way it looked to a young lady named Nelly Don, who happened to be passing the way at that time. All of this was some 18 years ago and Nelly Don, who is a real person, went home determined to take the women of this country out of Mother Hubbards, whether they had bones to show or not. She didn't have much to go on, only an idea, but ideas rule the world and today whoever sees a woman in a Mother Hubbard?

All over this country the Nelly Don Dresses for daytime wear are considered the last word in the minds of women who want to be comfortable and at the same time look pretty and smart.

From that first order of 18 dozen dresses, made on two sewing machines, the business has grown until it employs over a thousand people and does \$4,000,000 business every year.

But it isn't because of this romantic story about Nelly Don that Henry Alexander & Company exhibited such a wide selection of Nelly Dons last Friday. Alexanders have a particularly large group of models of this popular make of frocks this season. You see, Nelly Don has agents in Paris, New York and other style centers and these agents watch out for the latest styles in women's clothes, and when these styles are good it is only a short time until they are to be found in Nelly Don line of dresses.

Last Friday Henry Alexander & Company exhibited some 35 different models of Nelly Don styles. All of these were modeled by local people and the various particular types and lines were brought out. In addition each model featured women's Stetson felts which are adding much to the appearance of ladies' styles. Also, several celebrated Marinette Knits were modeled during the afternoon.

Local ladies serving as models during the afternoon were: Misses Nellie Mecon, Royce Blackwell, Wilma McArthur, Isabel Campbell, Cedonia Dittich, Minnie Johnson, Mrs. B. C. Cairnes and O. C. Arthur.

County Agent in Terracing Work

County Agent Lane is very busy these days conducting terracing schools in different communities. He directed a school on the J. P. Sharp place in Espuela community Monday afternoon with a good number of farmers present.

Tuesday morning he was at the Lee Delisle place in Dry Lake community. Wednesday afternoon he conducted another school on the W. S. Smiley farm in Duncan Flat. Today he is in Elton country directing a terracing school on the W. S. Foster place.

Mr. Lane stated that the marvelous feature is the interest that farmers are manifesting in the work. Many of them have delayed plowing their fields in order to be able to terrace them. Terracing has proven a very valuable thing toward the production ability of land.

RETURNS FROM TOUR OF TEXAS

W. B. Lee, president of the Spur Security Bank, returned Sunday from a trip with other bankers over the States of Texas, spending ten or twelve days at various points. The party of 75 persons from different parts of the nation left Dallas February 12 and concluded the tour at Fort Worth February 22.

There were representative bankers from New York, Oklahoma, California and other states. They held bankers conventions in the various districts of Texas. Two days at Houston, two days at Corpus Christi, one day in the Valley, one day in San Antonio, one day in Waco, one day in Stephenville and one day in Fort Worth.

During the time they discussed economical and financial conditions of the country and decided that the banks of the country are in the best condition they have been in years. One question mark in their minds is the expanded method of government spending. The bankers are not criticizing the government, but are not able to tell just what will be the outcome.

Mr. and Mrs. Winkie and Ralph Seale, of California, arrived here the last of the week to be with their father, T. J. Seale, who has been quite ill the past several days.

They did not announce where they will make their home.

Mrs. J. O. Smith entertained a number of friends on Tuesday afternoon, honoring Mrs. V. M. McGuire who will leave here soon to reside in Houston.

Those present showered Mrs. McGuire with handkerchiefs and other gifts as a farewell token.

When the scores were tallied Mrs. McGuire was high and received a box of dusting powder. Mrs. Elzy Watson also received a prize of fingertip towels which she presented to the honor guest.

A salad plate was served to Mesdames Guy Karr, Cash Wileman, V. M. McGuire, Elzy Watson, Neel Chastain, Roy Harkey, Bulloch Tillotson, and H. O. Everts.

A "small change." Another sale of a cake will be conducted at 7 o'clock. There is a chance of winning a good cake for five cents. Isn't it worth the effort?

Those receiving prizes for games were: Ruth Cowan, Bobby Lawrence, Naomi Smith, and Evelyn Pickens.

After refreshment plates of a salad, hatchet shaped cookies and cocoa were served the club adjourned. Members gave the officers a sincere cheer of approval. **REPORTED.**

MRS. V. M. MCGUIRE HONOR GUEST

The home of Mrs. W. T. Andrews was made most attractive on Tuesday afternoon when Mrs. Andrews and Mrs. F. W. Jennings entertained with two tables of bridge honoring Mrs. V. M. McGuire, who leaves on Friday to make her home in La Porte, Texas.

A Saint Patrick motif was carried out in tallies and score pads. The idea was further reflected in table covers and napkins.

Small green baskets of St. Patrick candy were on the tables during the play hour.

At the conclusion of the games, Mrs. McGuire received a lovely piece of lingerie and Mrs. Golding was given a fruit bowl with candle holders to match.

Refreshments consisting of a salad course and a dessert course were served to Mesdames V. M. McGuire, Floyd McArthur, Roy Harkey, C. L. Love, M. C. Golding, D. H. Zachary, W. T. Andrews, and F. W. Jennings.

COOPERATOR HAS PLANTED GRASS

Miss Hazel Moore and her mother, Mrs. W. I. Moore, cooperators in yard improvement in the McAdoo home demonstration club, have spaded up their yard and sowed Bermuda grass seed. To sod the lawn is one of the county goals for the cooperators in yard work this year. Another is to set at least ten foundation shrubs.

Several shrubs have been set in the Moore yard and they plan to set more using some native shrubs with the nursery plants they already have. They mean to set a group of three or five trees to complete the third goal even though they have a number of trees about the home.

They built three flagstone walks last year and feel that they were repaid many times for the work in building them in the mud they kept out of the house this winter.

CLUB GIRLS EQUIP SEWING BOXES

Fourteen of the fifteen members of the Prairie Chapel girls' club had their club notebooks and sewing boxes in their meeting Thursday morning. The sewing boxes have scissors, pins, needles, tape measure, and thimble in them.

DEMONSTRATOR TO ADD SHELVES FOR CANNED FOOD

"We shall have to add some more shelves to our pantry if we are to have room for all the food my canning budget calls for," says Mrs. Don Merriman, home food supply demonstrator for the Twin Wells home demonstration club.

"My canning budget calls for 120 pints of leafy, green and yellow vegetables, 60 pints of other vegetables, 80 pints of corn, 125 quarts tomatoes, 120 quarts fruits and fruit juices, 50 quarts meats, 25 pints hominy, 52 pints preserves, jam and jelly, 20 pints relishes, 20 quarts pickles, 10 pints soups, and 8 pints mincemeat.

"If I am to serve my family with three servings of vegetables and two of fruits every day as the minimum food requirements for health as listed by Miss Blair, extension nutrition specialist, call for, I shall have to be more determined to fill my canning budget than in the past," says Mrs. Merriman.

REPORTERS MEET

"Another item of interest for the third paragraph of your club report would be concerning the recreational feature of your program," Mrs. Floyd Barnett, council chairman, told the reporters of the home demonstration clubs in their monthly meeting Saturday afternoon just prior to the council meeting.

The first paragraph of the report gives an interesting bit of information that is helpful to those not present giving the place and time. The second paragraph enlarges, or gives in detail the information told in the first paragraph. The third paragraph gives any club news or business of interest to the public and the last paragraph lists the members present.

Because of sickness only three reporters were present: Mrs. S. P. Moseley, Espuela; Mrs. Leonard Joplin, Soldier Mound; Mrs. Clark Forbis, Chandler. **COUNCIL REPORTER.**

Our Opinion Is
That if all of us would be willing to look at a question from the other fellow's viewpoint that there would be fewer misunderstandings and more friendship exercised.

Have a Dish of Crow

Recent developments indicate that the old meaning of the term "eat crow" is going to have to be revised. From now on when one speaks of eating crow he is likely to mean not that he has been forced to back down from a position previously held but instead that he actually has been partaking of a dish made up of the black fellow whose "caw, caw!" has such power to vex farmers. Up in Oklahoma brave fellows broke the ice by eating crow and declaring it to be delicious; and now restaurants and hotels in the Sooner States are featuring roast crow on their menus.

Well, nobody ought to attempt to discourage progress. If Oklahomans want to eat crow, that's their privilege. If the crow is made a game bird here in Texas, it is quite within the realm of possibility that hunters will go into the fields with their guns and hunt this farmer's pest to extinction. And that will be fine.—"Texas Weekly."

Texas Keeps Growing

The State bureau of vital statistics announced on Wednesday that there were 118,666 births in Texas during 1935 and 64,603 deaths, an excess of births over deaths of 54,063. This, we think, will turn out to be the largest increase in population through an excess of births over deaths in the United States. In 1934 two States, New York and Pennsylvania, had more births than Texas, but the proportion of deaths to births in those States was so much greater than in Texas that this State led all others in the increase of population through this means. Moreover, the records of the 1930 census show that only 15 per cent of native-born Texans move away from the State.—"Texas Weekly."

Why should the farmers have any trouble, when everybody in public life has a recipe to save them?—Corsicana Sun.

SCHOOLS WILL START AT 8:30 NEXT WEEK

All the Spur schools will start work at 8:30 o'clock each morning beginning next Monday instead of nine o'clock as they have been doing for several weeks. Superintendent Thomas stated that all children arriving later than 8:30 o'clock each morning would have to be counted tardy. The object of this change in time is to give the children the advantage of the earlier hours of the day to get their school work off before the body vitality runs so low as is usually the condition about three to four o'clock in the afternoon.

C. A. Brinell Dies At Ranch Home

Carl August Albert Brinell, a much respected citizen of Swenson Headquarters, died very suddenly at his home last Thursday evening. Mr. Brinell had worked during the day and came in and ate a reasonably hearty supper and went out about the place to see if the stock and everything else were all right. He came back in and told his wife that he was ill and requested her to prepare a bed for him at once. She prepared the bed and then assisted him to it after which he breathed just a few times. A physician was called and Doctor Copeland of the Spur Hospital answered the summons, but Mr. Brinell had already passed away. The cause of death was said to have been angina pectoris, coronary occlusion.

The body was taken to Campbell Undertaking parlor where it was prepared for burial. Funeral services were held at the First Methodist Church at ten o'clock Saturday morning, Rev. E. L. Yeats, reading the funeral rites. After the services here the body was taken to Ericksdale, near Stamford, where the committal services were held. Rev. Haterius,

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks punk.

Laxatives are only makeshifts. A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel 'up and up'. Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. Stubbornly refuse anything else. Etc.

who is pastor of the Swedish Lutheran church at Ericksdale, was in charge of the services.

Mr. Brinell was a native of Sweden and was born June 17, 1880. He came to America in 1900 and established a home near Austin, Texas. He married there and lived in the community about ten years when he moved to Stamford where he lived about two years. In 1917 he came to Spur and assumed work on the Spur Ranch as gardener and had been with the ranch 24 years when he passed away.

Mr. Brinell was a member of the Masonic order, and the Swedish Lutheran church. He was highly respected by all who knew him.

He is survived by his wife, Mrs. Hanna Dorothy Brinell, and one son, Oliver C. Brinell, a teacher who was at Bronte when his father passed away.

EXPRESSION OF APPRECIATION

We want to thank our friends and neighbors for their assistance and comfort during the illness and death of our dear husband and father. Your very kind consideration of us during our great sorrow meant so much to us.

Pneumonia Fatal To H. C. Aston

H. C. (Clay) Aston passed away last Friday afternoon after a few days illness of influenza-pneumonia. Mr. Aston had his room at the Central Hotel and was under care of a local physician. When the World War broke out he enlisted as a private in Supply Company 107 Field Artillery of the 28th Division and served as a horse shoer. His work was very perilous and dangerous as he had to be on the front all the time. He was in many battles among which were Fismes of the Verdun sector, Oise of the Aisne offensive, Meuse, Argonne Forrest Ypres and others of major battles. He won a Victory medal which was forwarded January 18, 1921. His record in the World war was very commendable.

PLOWED HIS LAND CHEAP AND GOOD

Bob Hamilton, who lives on the J. C. Jones farm six miles northwest from Jayton, was in town Tuesday attending the John Deere Day at Bryant-Link Company and gave his experience with a new John Deere, Model B. tractor which he purchased recently. He stated that he plowed a field of 30 acres at a cost of \$1.25 not counting his time and the run of the tractor. The amount included cost of fuel, oil and grease used and was just a fraction over four cents per acre.

He stated that he used kerosene as a fuel and the time required to do the work was about 12 hours. He stated that he could not feed teams to do that amount of work for many times the cost in fuel and oils.

Another farmer at the reception Tuesday stated that he had put up 160 acres of land with his tractor while a neighbor who uses teams had put up about 20 acres. He seemed sold on the tractor plan of farming.
