

## Bits o' Nothing

Borrowed 'n' Otherwise  
By EARNEST E. HAYLEY

When Benjamin Franklin invented the harmonica in 1762 he had no idea that an old cow hand would come from the Rio Grande to wear it out.

We are afraid the Bulldogs, of Spur high, will have to do more than "pass, punt and pray" to defeat Floydada this week. But, you never can tell what a Bulldog will do in a Whirlwind.

The game of politics resembles, a great deal, the great American game of football. The party leaders go into a huddle and the chieftain calls the signals for the next campaign move. As long as the play is working the politicians use the same signal, but when they are tossed for a loss they return to the huddle and call a new style of attack. The public pays, one way or another, to watch the game of both football and politics.

The arrival of winter always calls for additional expense. Last year we had to purchase a new o'coat. We hope to make the coat do us this winter and believe we can make the season without being out hard earned money for any heavy clothing. But, if it isn't one thing, it is another. Now our garageman tells us that we gotta have a new battery on our car before the expected hard winter sets in. Seasons don't have any respect for us.

Watertown, Wis., claims the only Human Hibernator in the United States. He is a 54-year-old tavern-keeper and for the past twenty-six years has been spending from about November first until Spring in bed. How fortunate he is to be able to sleep through all the ballyhoo of a political year.

A man in Altus, Okla., last week received, through the post office, a package marked "Do Not Open Until Christmas." We have counted the "waiting days until Xmas" four times and it is still only 48. At the rate of saving a dollar a week we will have only about eight bucks for our Christmas gifts. We favor the postponement of Christmas another six months this year. All in favor say "aye." (For fudge sake, what a racket.)

"Wind through the Sallyport", a scandal column in the Texas Tech Toreador, saves not even the face of the paper's associate editor. Its writer (a she) reported last week: "Morris 'Cowboy' Lane attended the Spur-Matador game but he doesn't even know the score. Cowboy spent his time gazing at the pep leader who is 'The girl he left behind'."

Dr. W. C. Holden, acting head professor of history and anthropology at Tech, told newspaper editors at a luncheon last Saturday that in a study of early day West Texas newspaper files he had found this: "If you expect to live all winter, bring some wood and pay the printer." We had thought all along that our forefathers kept warm via "fire of ambition."

Mac Wilson, W. R. Weaver and By-nom Britain, all of the West Texas Utilities company's Spur office, attended the Tech-Centenary game Saturday night. We have it straight from Wilson that they came near not getting there at all. The party left Spur early in the afternoon with Weaver driving, and it was only through luck that Lubbock was reached before five o'clock (Weaver's quitting time). The party couldn't afford to drive seventy-odd miles on their time and had it come five before the destination was reached they would have just had to sit somewhere along the road until eight o'clock Monday morning, Wilson explained. It is understood that Weaver refused to drive back Saturday night after the game because he couldn't get any overtime for his troubles.

Dr. C. H. Elliott, New Jersey education commissioner, says that a teacher may call the pupils nincompoops, nit-wits or dizzy-headed janes if the names are intended as a kindly reprimand. Wonder what Dr. Elliott would think about the superintendent of our school days who called the boy, who set the paperbasket on fire "A skunk in human clothing . . . and I'll kick him over the moon if I catch him."

I'm in the mood for love, when I grope too old to dream. What's the reason, I'm not pleasing you, cheek to cheek, in a little gypsy tea room? Those were the five record song hits in 1935, according to sheet music sales. (Fooled you, eh?)

# BIG VOTE EXPECTED IN TUESDAY ELECTION

## Plans For Massive Armistice Day Program Outlined

### Down Town Parade And Program Will Precede Grid Game

A down town parade, beginning at nine-thirty in the morning and including American legion posts from various counties of this area, beautiful floats sponsored by merchants of this city, boy scout troops from this section and other features, will lead hundreds of expected visitors to Chas. A. Jones Memorial Stadium where a program has been arranged for the eleven o'clock hour Armistice Day, with Hon. George Mahon, Congressman from the 19th district delivering the principal address. A football game at two o'clock between the Spur Bulldogs and the Paducah Dragons will climax the day's program.

According to pending plans, five heaves will be killed and barbecued for the occasion, when hundreds of ex-service men from Kent, Cottle, Motley, King and Dickens counties with their friends and relatives gather here November 11th. J. L. Hutto, Lester Ericson and A. M. Walker are members of the committee responsible for the free barbecue feature.

The entire affair is being co-sponsored by the Boyd M. Williamson post of the American Legion, the Legion Auxiliary, Spur schools and the business establishments of Spur. Webber Williams is in charge of the arrangement of the parade which will begin at Wichita Valley station and follow Burlington Avenue through Hill street to the stadium. Two state highway patrolmen have promised to assist with traffic during the period, it is understood.

On Monday night, October 26th, an invitation was extended to the Legion Post and citizens of Paducah to spend the entire day here, Nov 11th, and to take active parts in the celebration. Paducah answered the invitations with the assurance that 1,000 citizens of that city would attend. Pat Sivals of Paducah is in charge of that city's arrangements.

Members of the general committee arrange the individual features of the occasion are: E. M. Hale, local

### Times 13 Years Old With This Edition

With this issue of the Times, the publication enters its 13th year of service to Spur, Dickens County and West Texas. The paper was established the last week of October, 1924. The Times has grown, in the past twelve years, until today it is classified by the major advertising agencies as "Spur's leading newspaper." It has reached the acclaim of the readers because it is "first in readers, first in news value and first in advertising."

### Dr. McIlroy Moves; Opens New Clinic

Dr. C. H. McIlroy this week announces his removal of offices and opening of a health clinic and Turkish bath three doors west of the post office on Harris street.

### Bulldogs Meet Floydada There Friday; Locals Claim 4 All-District Men, But Victory Depends On What Week This Is

#### In With the Old—Out With the New

In with the old—out with the new. In other words, in with the old Times editor and out with the new one.

### Speech Department of SHS Presented 3-Act Comedy Here

The department of speech of the Spur High School presented "The Charm School", a three-act comedy drama at the local Palace Theatre Tuesday night before a large and appreciative audience.

### Berry Motor Moves; New '37 Plymouth Being Shown Here

The Berry Motor company, Spur dealers for the Plymouth automobile, this week announces their removal from north Burlington Avenue to east Harris, between the post office and the Dickens County Times. The new model of the 1937 Plymouth is now on display at the new location.

### B. Schwarz Features Dollar Day Specials

The local store of B. Schwarz and Son this week offers specials for Dollar Days, Friday, Saturday and Monday according to a page advertisement in this issue of the Times.

Coach "Blackie" Wadzeck's Spur Bulldogs will leave this city about noon tomorrow for Floydada where they will engage the Whirlwinds of that place in the second conference game for both schools Friday night at eight o'clock. Spur is undefeated while Floydada has yet to taste victory in the league race.

The would-be gamblers and Saturday-morning quarterbacks were asking from six to twelve points before they risk their bucks on the Bulldogs—which is the short way of saying the Bulldogs are the dogs (underdogs). The locals will not only enter the contest outweighted, but outclassed. The Whirlwinds are said to be the smartest club in the district even though they were downed by Paducah in a 6 to 7 contest.

The eyes of both the north and the south halves of district 4-B will be turned on Floydada tomorrow night, with Spur boasting "four would-be all district" men and, for the time, the leading club in the district. The outcome will be written on the score board at the end of the fourth quarter, which is about the only prediction that could be made considering that the locals play football one week and "heck" the next. It all depends on what week this is.

### New 1937 Chevrolet To Be On Display Here November 7th

The finest Chevrolets in the company's quarter-century of automobile manufacture will make their bow here on Saturday, November 7th, E. L. Caraway, of the Spur Motor company, Chevrolet dealers in Spur, announced this week.

### 12 Old Timers Met To Spin Tall Tales of Years Long Ago

NOTE: Times Editor Hayley, attended the special luncheon reported herewith and obtained some very interesting information regarding the various old-timers present but space does not permit as full a report as such coverage would require.

### Trustees, Teachers In Special Meeting

Trustees and teachers of all schools in Dickens county will meet at the Dickens school building Thursday (tonight) at 7:30 for the purpose of discussing common school problems, according to announcements from the office of Supt. O. C. Thomas yesterday.

### Against "New Deal"

Gov. Landon, candidate for the Presidency of the United States, gives his best Republican smile just prior to election day, next Tuesday, November 3rd. He is conceding the support of both his party and the Jeffersonians in his race against the New Deal.

### Tuesday's Ballot Is Wider Than Page of Times; Printed Here

Voters of Dickens county, along with the entire nation, are expected to swarm the polls next Tuesday, November 3, to cast one of the heaviest ballots in the history of the country. The Dickens county ballot, printed by the Times job printing department, is a sheet larger than a page of this publication. It is eight columns or nineteen inches wide by nineteen and half inches long.

### G. Mahon Continues Speech Assignments; To Return Nov. 3rd

Speaking engagements assigned to Congressman George Mahon by the Democratic National Committee last week included Democratic meetings in New Haven, Connecticut, New Brunswick, New Jersey, Pittsburg, Pennsylvania, and a ward rally in New York City. He also spent two days in Democratic Campaign Committee headquarters where he conferred with Congressman Sam Rayburn, Chairman of the Speakers Bureau, Senator Pat Harrison and other party leaders.

### Gov. Landon, Candidate for Presidency of the United States, Gives His Best Republican Smile Just Prior to Election Day

Gov. Landon, candidate for the Presidency of the United States, gives his best Republican smile just prior to election day, next Tuesday, November 3rd. He is conceding the support of both his party and the Jeffersonians in his race against the New Deal.

### ORDERLY CHANGE RIGHT

"It is not my belief that the constitution is above change. The people have the right, by the means that have been prescribed, to change their form of government to fit their wishes. If they could not do this, they would not be free. But change must come by and through the people and not by usurpation. Changes should come openly, after full and free discussion, and after full opportunity for the people to express their will."

### Election Officers For Dickens County Are Announced

With only five days remaining between this date and the November 3rd general election, National politics are quite the topic here in Spur and Dickens county.

Along with the general topic of conversation comes the announcement of the judges and their assistants who will conduct the election in the various precincts of the county. They are:

### Death Takes 2-Year Old, On Visit Here

Raymond Cole Robinson, two-year old son of Mr. and Mrs. A. L. Robinson of Hot Springs, N. M., died in the local hospital Monday of this week after a short illness. Services were held Tuesday at the Dickens cemetery with G. A. Dunn Jr., minister of the Spur Church of Christ officiating and Kinney Funeral Home in charge.

Young Robinson, along with his parents and an aunt and uncle, Mr. and Mrs. Lloyd Perkins, all of Hot Springs, had been visiting for the past two weeks with another aunt, Mrs. Atchison, at Dickens. He was taken ill a few days ago and brought to the local hospital where he died the same day of his admittance to the institution. He was two years old, born March 20, 1934 and died at 1:30, Monday, October 26.

Besides his parents and a host of aunts and uncles the deceased is survived by two brothers, Robert and Marvin and one sister, Anita, all of young age. He was the grandson of A. L. Jackson, once well established in the grocery business in this city but now residing in New Mexico.

### Spur Scouts Will Take Part Special Armistice Program

Plans are being made for the local Scout Troop to participate in the Armistice Day program scheduled here November 11. Scouts will have a special part in the program, and be presented in the big parade Maurice Golding, local Scouter announced.

G. B. Wadzeck, Scoutmaster, announced that the scouts will journey to Crosbyton November 10 for rehearsal of their part in the Boy Scout Circus to be held in the High school gymnasium. Sam Clemmons, assistant Scoutmaster, will accompany the scouts there, Wadzeck announced.

The local Scouts are participating in the pioneering games and contests, totem pole parade and grand entry in the Boy Scout Circus to be held at Lubbock November 27, 28 at the Texas Tech Gym.

Mrs. O. W. Ellis and children of Willis are visiting their sister, Miss Clara Pratt this week.

**CITATION BY PUBLICATION THE STATE OF TEXAS**  
To the Sheriff or any Constable of Dickens County—Greeting:  
You are hereby commanded, that you summon by making Publication of this Citation in some newspaper published in the County of Dickens if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, one in each week for four consecutive weeks previous to the return day here, F. B. McIlhane and W. L. Weatherman, whose residence is unknown, to be and appear before the Honorable District Court, at the next regular term thereof, to be held in the County of Dickens on the 14th day of December A. D. 1936 at the Court House thereof in Dickens, Texas, then and there to answer a petition filed in said Court, on the 22nd day of July, A. D., 1929, in a suit numbered on the docket of said Court No. 1069, wherein W. C. Jones is plaintiff and F. B. McIlhane, Eugene Rasco and W. L. Weatherman, are defendants. The nature of the plaintiff's demand being as follows, to-wit:

Being a suit wherein W. C. Jones of Hale County, Texas, is plaintiff, and F. B. McIlhane, Eugene Rasco and W. L. Weatherman are defendants, plaintiff alleging as following:  
1. That on or about the 22nd day of October, 1927, the defendant, F. B. McIlhane, made, executed and delivered to plaintiff his certain promissory note for the principal sum of \$375.00, payable in monthly installments being for the sum of \$20.00 each and the 19th and last installment being for the sum of \$15.00, the first installment being due and payable on or before Nov. 1st, 1927, and the remaining installments to become due on or before the 1st day of each succeeding month thereafter until the whole principal sum is paid, deferred payments to bear interest from date of said note, at the rate of 8 per cent per annum, and interest payable on each installment as it becomes due, and all past due principal and interest shall bear interest from maturity at the rate of 10 per cent per annum; said note stipulating that in the event of failure to pay said note, or any installment of interest, as promised therein, when due, shall, at the election of the holder of said note, mature said note, and it shall at once become due and payable, and the vendor's lien therein mentioned shall become subject to foreclosure proceedings, as the holder may elect, and further stipulating for ten per cent additional on principal and interest then due thereon if placed in the hands of an attorney for collection, or if collected by suit or through the probate court, as attorney's fees.  
2. That said note was given for a part of the purchase money of the following described real estate and premises, situated in the town of

Dickens, in the County of Dickens, and State of Texas, to-wit:  
Lots No. 1, 2, 3 and 4, being all of Block No. 113, in and of the town of Dickens, Texas, as shown by the map or plat of said town on record in the office of the County Clerk of Dickens County, Texas.  
That said property was heretofore, to-wit, on the 22nd day of October, 1927, conveyed by plaintiff to the defendant, F. B. McIlhane, by his deed of writing of that date, in consideration, among other things, each due and payable in accordance with the terms of said note, on the 1st day of November, 1927, and each month, on the 1st day thereof, one other likewise due and payable, have been paid together with all interest due thereon, being all installment payments up to May 1st, 1928. That since said May 1st, 1928, no other installment payment have been paid or any interest thereon. That all other installments are now due, aggregating the sum of \$267.00 principal and interest, together with the further sum of \$26.70 attorney's fees, aggregating the total sum of \$293.70 now due and owing thereon, and that though often requested to do so, defendant, F. B. McIlhane has refused and still refused to pay the same or any part thereof.  
3. That said note has been placed in the hands of an attorney for collection, and plaintiff has contracted to pay him for such service the ten per cent in said note stipulated as attorney's fees, the same being reasonable and the usual and customary fee for such services.  
4. That the defendant, Eugene Rasco, became the purchaser of said property from the defendant, F. B. McIlhane, on or about the day of A. D. by deed of writing of that sale, and as part consideration thereof, the said Rasco assumed the payment of said note according to the tenor thereof, and is became obligated to pay the same. That the defendant, W. L. Weatherman is in possession of said property under some claim of right, and is holding same against the plaintiff, but any claim that he may have or assert therein is inferior and subordinate to plaintiff's vendor's lien thereon.  
5. Plaintiff sues for his debt, interest and attorney's fees against the defendants, F. B. McIlhane and Eugene Rasco, and for judgment for foreclosure of his vendor's lien as it existed on the 22nd day of October,

1927, against all the defendants herein named, and that said property, to-wit, Lots Nos. 1, 2, 3 and 4 of Block No. 119, in and of the town of Dickens, in Dickens County, Texas, be decreed to be sold according to law; that the sheriff, or other officer, executing said order of sale, shall place the purchaser in possession within 30 days, and for such other and further relief, special and general, in law and

in equity, that plaintiff may be entitled to have and receive.  
Herein Fail Not, and have you before said Court, on the said first day of the next term thereof, this writ with your endorsement thereon, showing how you have executed the same.  
Given under my hand and seal of said court, at office in Dickens, Texas, this, the 28th day of October A. D. 1936.

Tech Needs Your Help

DR. BRADFORD KNAPP, president of Texas Tech College, addressing a body of West Texas newspaper editors at a luncheon in Lubbock last Saturday said, in so many words, "Tech needs your help."

Preceding Dr. Knapp was Dr. W. C. Holden who outlined the major part played by West Texas editors in securing Texas Technological College for Lubbock and this area. He explained that it was the work of the newspapers, through their avalanche of editors, that resulted in the state's proposal and approval of a state institution for this section. The pioneer dream had begun.

President Knapp pictured the answer to the dream as—"Tech in 1936." Opening October 1, 1925, with provisions for an enrollment of approximately 400, the college officials found themselves faced with a serious problem at the very first when 1043 reported for registration. The present student body numbers 2,701 or almost three times the count in 1925.

More than 175 counties of Texas are represented by students. Fifty per cent of the student body live within a radius of one hundred miles of Lubbock. Of the total enrollment, 1,675 are men and 1,062 are women. Figures show near 100 per cent growth in ten years.

With such a rate of growth Texas Tech is forever faced with the problem of a need for additional accommodations. Needs for additional living quarters, need of a larger library, needs for more equipment. The pioneer dream has been realized many times more than was ever expected—it will continue to grow as Tech grows.

With these facts and figures in mind, a tour of the college campus is all that is needed to further prove the needs, which must be supplied by the State. The aid must come without interruption lest the growth of Texas' most ambitious college be stunted.

For 'Em All Except One

EX-GOVERNOR JIM FERGUSON last week announced that he would vote for all the six constitutional amendments on the November ballot except one. Ferguson will vote "no" for the unwholesome and un-American proposal which would establish a state dispensary system, having the exclusive sale of distilled liquors and providing for local option.

The voter who has made a study of the provisions of the first proposed amendment knows that it is another way of establishing the State of Texas in the liquor business and agrees with the ex-Governor of Texas. Such should never become the case.

Political scandals have grown out of such experiments in other states where graft and corruption are rife in nearly all the machines which are placed in control.

The monopoly plan would materially reduce the available income for the old-age pension fund which would necessitate still higher state taxes to maintain the assistance.

The plan is opposed materially because it would place the state of Texas in a "private" business.

Towns and counties which are now receiving considerable revenues from their share of the State license fee, will oppose the amendment because it would deprive them of that source of income.

Because of higher prices it would be a boost to bootleggers, who, without fees or taxes to pay, would operate at lower cost and make exorbitant profits. No customer's permit would be needed to purchase liquors from the bootleggers, while from the state, under the monopoly plan, the consumer would have to purchase a permit. The permits in various monopoly states range from \$1 to \$2 per person.

Under the present plan the industry is striving to obey the law. The racketeers and bootleggers are fast losing ground under the convenience of the present system of legitimate operations.

Such considerations might indicate that ex-Governor Jim is correct in opposing the first amendment on the November ballot.

The Times to Do Things... Now!

REGARDLESS of who might have written, "The time to do things, I allow, is not some day, but now—right now" the thought expressed is exactly what is needed.

Winter is here. With the season comes Thanksgiving and Christmas with their calls to service the under-privileged of the community. Thanksgiving dinners and Christmas baskets must go into the homes where "luck" and "opportunity" have failed to knock. This year of 1936 is no different from any other—they are all the same. Homes without fathers, homes without mothers, homes depressed by unfaithful times and conditions have demanded the attention of charity or good will through the ages.

The fact is established that the Rotary Club, Parent-Teachers Association, Chamber of Commerce or some organization of Spur will be called upon, in their line of duty, to aid the under-privileged again this year. Each year in Spur, as well as other towns and cities, the problem is never considered until the time is well at hand. Citizens are caught short and can not give as they would like to do.

The time to work such a movement, to more perfection, is now. Begin now to plan benefits in the way of all-star football games, or say one between the fats and the leans. Sponsor a show or play. Give the public something to attract their desire to give to the cause. Work-up the funds within the next two months and no one will be hurt. The Times will pledge its support to any movement of this nature... not some day, but now—right now.

"Cash talks"—but the fellow without any of it makes a poor listener. No man ever likes to hear the other's baby trying to say its first words.

A PENSION

By S. H. TWADDELL

I thought we voted a pension For old folks, age sixty-five. But was only assistance to Those who cannot survive.

Guess I didn't understand Just what I had to be. I am told by those who knew That it never included me.

Although I am past the age, And my path is very hard, I must keep on asking folks To let me clean their yard.

I have paid a lot of taxes To Texas first and last. Now all I have left is Memories of the past.

This thing they call amendment Gave me confidence galore. That this good state of Texas Had provided for the poor.

In this I saw a star A beckoning to the old. But was only chasing the rainbow For another pot of gold.

Now I am weak and weary, My body is full of pain. I know I'm through with Rainbows And politicians the same.

I have had a lot of knocks And disappointments in life. Now it seems most impossible To care for an invalid wife.

They say I am earning the limit. No matter how I feel I must keep on working To provide another meal.

When I have gone the limit, My body is cold and still. Guess I'll get a pension, If it is my Master's will.

Fire Does Damage To Russell Home

The Stamford American carried the following report in its issue of Friday, October 23:

"Probably \$1000 damage to the E. A. Russell home on Weslyn avenue resulted from fire which was discovered about 6 o'clock Sunday morning. Mr. Russell was awakened by the sound of the blave in the roof and the smell of smoke and aroused members of the family.

"The fire is thought to have started in the pantry from defective wiring. The damage was confined entirely to the fire area in the pantry and the roof, Mrs. Russell said, and there was no water damage to the other part of the house or the furniture. A quantity of books stored in the pantry and food supplies were destroyed."

The Russells were formerly citizens of this city and are still well known here by a number of Spurites.

6-Point System To Be Explained Here At Ass'nal Meeting

If one of the outstanding values of the Six-Point Record System is that it is a Sunday School builder then every Sunday School in the Association should be using that record system. Those who attend the Baptist Associational Sunday School meeting Sunday afternoon, November 1st, in the First Baptist church, Spur, will have an opportunity to learn about the Six-Point record system and how such a system may be installed and operated.

Everyone interested in Sunday School work should attend. Every Sunday school superintendent and teacher is urged to attend. The program is as follows:

- 3:00 Song Service.
- 3:10 Devotional—George Hicks.
- 3:20 Why Should a Sunday School Keep Records—Rev. M. F. Ewton.
- 3:40 The Six-Point Record System a Sunday School Builder—Mrs. A. M. Walker.
- 3:50 How and Where to Use Sunday School Records—M. D. Ivey.
- 4:00 Department Conferences—How to Install and Operate the Six-Point Record System—Department Superintendents.

METHODIST CHURCH OFFICIALS IN QUARTERLY CONFERENCE

The members of the Board of Stewards and other officials of the Methodist Church met Friday evening in the church basement assembly room to hold the fourth quarterly conference.

A delicious banquet was served at seven thirty to the guests who were seated at a long table centered with a lovely arrangement of dahlias in fall colors. Autumn leaves in bright colors were used as table decorations also.

Following the banquet Rev. Bomer, presiding elder of the Stamford District, presided at the conference. Reports were heard from the various departments and organizations of the church.

Among those present were: Rev. and Mrs. Bomer, Rev. and Mrs. E. L. Yeats, Rev. Holcomb, Messrs. and Mmes. Ned Hogan, L. E. Lee, John Mims, H. C. Foote, John King, Geo. S. Link, T. C. Ensey, D. J. Dyess, J. C. Payne, J. C. Keene, W. L. Gilbert, and Mrs. Jack Rector.

Mr. and Mrs. H. L. Pratt and son, enry of Willis are spending the week with their daughter and sister, Miss Clara Pratt.

George Mahon and announcements by Post Commander Ernest Hale. Patriotic music and songs by the crowd will be used throughout the program it was understood.

Further and more definite plans will be outlined at the regular meeting night of the Boyd Williamson post next Monday, when various committees will report, it has been announced.

**Proposed Teacher Retirement Amendment Is Provision For Vehicle Providing For Superannuated Public School Teachers**

By O. C. THOMAS  
(County Educational Director)

Many people are asking the meaning of the proposed teacher retirement amendment to the Texas Constitution which is to be voted upon November 3. It, in effect, is a provision for a vehicle to provide for superannuated public school teachers. In practice, a teacher retirement system for public education is a business-like plan whereby the employer may retire employees on a life income when they are unable to render their best service. The teachers may subscribe to the fund not more than 5 per cent of their annual salaries provided the amount is not in excess of \$180 per year for any one teacher. Some teachers may not set aside anything from their salaries while others may put in the maximum \$180 per year; whatever the amount, the state will match it. A large part of the retirement fund will be secured by compounded interest which accumulates on money set aside in the fund. The interest of the schools of Texas will be served by voting for this amendment.
