Paducah 13 - Spur 6

They tell us that the newspaper published by the students of Spur high school is wondering where we will be after the game with Paducah Wednesday. We'll be right here in Spur, telephone number 30. Let us know as soon as the game is over and we'll send flowers to the dressing room.

They say that the write-up of the Floydada-Spur football game in last week's Times bothered no one except the players and those who did not see the so-called game. Those who saw it agreed with us, those who didn't thought it was "terrible." Our boss didn't even see the story until you did (in the paper) because we knew he wouldn't understand any better than the others who did not see the slaughter. It doesn't take nerve to tell the truth—it takes nerve to hedge the issue.

If marriage is an institution, as has been said, we have become an inmate and our tutor is likely to charge us plenty of tuition before we graduate.

The knot was well, the pair were wed, and then the smiling bride groom said "Shall I pay you no. 7 the usual fee, or wait a year and if I find my marriage state as happy as I estimate pay you then a hundred clear?" The preacher lost no time in saying as this reply he quickly brought, "I'll take two dollars now."

A few words over your head and your married... a few words in your sleep and you're divorced—according to the radio.

We know what the fellow was thinking of when he said "Two can live as cheaply as one." He was trying to console himself after finding out that it only cost a few dollars to get hitched and fifty smackers to get a court to cut the knot.

For years we had been a rolling stone and gathered no boss. We stopped rolling and started working hard and look what over took us.

Douglas Meador, editor of the Matador Tribune, is a fine fellow and publishes a good paper, but his linyotype operator is a bit disrespectful toward us. He had our wife married to a chappie by the name of "HaGley."

One advantage is that a wife is a great improvement over our old alarm clock, which we could cut off and go back to sleep. Take Frank Turner for example. He was due to open the City Drug Store one morning last week and over slept until nine o'clock when Joe Long, his boss, sent Billie Dee Bell to wake him. We gotta hunch Frank would like a new alarm clock Xmas. Only a little over a month remains in leap year, so be careful-girls, Frank may take you up.

We are always needing something to fill the column and we found this in the Slaton Slatonite a few weeks ago:

Dear Hamilton:
I left Sunday for Silverton to be in court there Monday and upon my return this week learned to my sorrow of the events in Spur following the football game between your team and the local team. Had I even dreamed of anything like that happening I would have gone directly to town after the game and prevented the beginning of the unfortunate occurrence.

Of course I do not know what took place on the football field during the game between the two teams other than the Spur team was badly outplayed, but what-ever might have happened out there did not and could not be any excuse for what happened down town after the game.

As a citizen of this town I offer you and the Slaton school my sincere apology and regrets for the very unfortunate occurrence.

Very truly yours,
ALTON B. CHAPMAN

NEW MAYTAG SHOP OPENS HERE ON EAST HARRIS

S. J. Braselton has opened a new Maytag shop in the building formerly occupied by Smart Music Shop. In addition to a complete line of Maytag Washers, both power and electric, Mr. Braselton has a stock of new Perfection cook stoves and Perfection and Superflex heaters.

In speaking of the business Mr. Braselton stated that Mrs. Braselton will have to take care of the work in the store as he is called out so much with demonstration projects. He handles radios and Norge refrigerators along with his other merchandise which keeps him a very busy man.

LINE OF SAMPLES AT SPUR TAILORS SOON

Bill Doughty, representative of the Rose Tailoring Company of Chicago will be at the Spur Tailors next Tuesday and Wednesday, November 17-18 with a big line of new suit samples. Mr. Doughty has been in the business many years and is well informed on the latest styles of suits. He has been coming to Spur in former years and is known to many of our citizens. He will be glad to talk your clothing problems over with you and show you the new lines.

Agricultural Meet Thursday, Nov. 12

County agricultural and home demonstration councils are being called for a joint meeting on Thursday, November 12th, at 9:00 o'clock in the basement of Bryant-Link's, according to announcements made here by Miss Clara Pratt, home demonstration agent, and G. J. Lane, county agricultural agent.

The purpose of this meeting will be to plan for a county-wide series of community meetings where farmers and farm home makers will be asked to make estimates on the land use on their own farms. These estimates from individual farms in Dickens County will be compiled here and forwarded to College Station where they will be assembled together with the estimates from all other Texas counties and sent on to Washington, D. C.

A joint committee from the two councils will be selected at the coming meeting to have charge of the work in Dickens County.

The county planning committee acting on information developed in the meeting and from the farm plan sheets will cooperate with the county agricultural conservation committee in making recommendations for the 1937 agricultural conservation program in the county; formulate production goals for a sound, long-time land use program; and later make recommendations for the 1937 agricultural program in the light of the goals developed.

Agricultural practices suitable to the county and in a general way to the State and administrative machinery will also be the subject of consideration and recommendation for county planning committees.

The end toward which this activity is working is to secure from farmers themselves estimates of what land use would be in Texas if all farms were operated so as to maintain soil fertility and prevent soil erosion.

Spur Creamery Remodeling And Improving Bldg.

The Spur Creamery and Bottling Works have been executing a big program of improvement the past few days. A 33-foot addition has been placed at the rear of the building making its dimension 55 by 113 feet. A modern front has replaced the old one and a new oval top roof is being completed. The old ceiling will be taken out and the new ceiling will be much higher than the present one.

To assist in the manufacture of the various products two new boilers have been installed and a new cooling tower with suction lines have been added. The new improvements which run into thousands of dollars, make the Spur Creamery and Bottling plant one of the most efficient in Texas. When asked if new products would be added Mr. Stovall, the manager said, "No, we just want to serve the public better with the products we are now manufacturing."

W. P. Nugent and son have been in charge of the work.

MESQUITE GRUBBING DEMONSTRATION HELD ON PITCHFORK RANCH

Preparatory to entering into cooperation with the Agricultural Conservation Program in the Range Reclamation Project, the Pitchfork Ranch manager, Mr. V. V. Parr, is testing ways and means of grubbing mesquite with machinery.

The tentative Range Conservation Program for 1937 makes provisions for payment of 50 cents to one dollar and fifty cents per acre, according to the coverage, for rescuing land from mesquite. Geo. S. Link, R. E. Dickson, B. C. Langley, and County Agent Lane attended the demonstration, and expressed themselves as seeing great possibilities in this method of grubbing mesquite.

John Youngblood of Croton, was trading and talking with friends here Saturday.

Paul Braddock of Afton, was transacting business in our city Saturday.

Curriculum Course Taught at Dickens

On last Tuesday, November 3, there was organized an applied Curriculum Course at the Dickens School building. The class will meet in Dickens every Tuesday at 6:30 p. m. All teachers of the County are modern and have had curriculum courses. This extension course out of Texas Technological College, represents the third year course and is designed to make the teacher better and more efficient. These exceptionally fine college professors come here to our county, see and understand our problems, and help us to solve them. Each week they are to give us information aids, and helps that we can take into the class room and use all that week.

The course is taught by a high school specialist, Dr. Jackson, one Tuesday and an intermediate specialist, Miss Bonnie K. Dycert, the next Tuesday. When the primary group meets, the high school section goes with them for one hour, at the end of which time they retire to discuss their needs which they send to their high school instructor by their intermediate teacher. The next week the same procedure is repeated but for the elementary class. This is one of the most progressive steps that this county has ever taken in an educational way.

The trustees and other school people should be thankful to the teachers for spending their money and time in this excellent method of preparing for the carrying out of a better school program in Dickens County.

Court House To Be Remodeled Soon

The contract was given W. P. Nugent and Son for the remodeling of the county court house Monday, when the Commissioners' Court convened. It is thought work will start in the next five or six days.

The improvement to the court house will consist of removing the present roof and take off a portion of the top of the walls. The east wall is to be extended out twenty feet and new walls built in making the building quite a lot larger than it is. New jury rooms will be arranged with all modern accommodations. The ceiling is to be lowered making a modern 14 foot ceiling and other modern improvements to be made. A new modern roof will replace the present one, and when the job is completed our county will have a modern court house—almost a new one. The work will cost around \$15,000 and will give our county a building that will accommodate every office in the county for twenty years at least. Our Commissioners' Court should be commended for this work because with the comparative small expenditure they have saved our county the expense of building a new court house. Everybody knows we needed some thing by way of a court house.

Report on Schools of Dickens County

By J. D. Wilson
Deputy State Superintendent

I have visited fifteen schools in Dickens County this week. It has been a pleasure for me to meet the teachers and trustees of Dickens County. I have found a fine spirit of cooperation existing in the schools. The teachers are well trained and modern. Most of them attend school every summer. Apparently there is not a mediocre or disinterested teacher in the group. The trustees are enthusiastic. They all have regular board meetings and keep minutes in bound books. I wish to commend the trustees, local superintendents, teachers and the county school superintendent for running the schools on a business-like basis. The Dickens County School Superintendent is very efficient, capable, thorough, interested, industrious and a financier of no mean ability. We found her records in a most excellent condition. The intelligent interest and the enthusiasm that she has put into the schools of this county should be and are approved and appreciated.

In visiting the schools I have found in some instances poor attendance. However, I realize that is partially due to cotton picking. I would suggest to the teachers and trustees that they encourage increased and more regular attendance.

Since the State Department of Education is asking the school people of Texas to give much thought and attention to the study of the revision of the school curriculum, I wish to state that we want in every school, where possible, some vocational, industrial, and business training. We believe that every high school student should have some practical business knowledge to enable him to reach sound judgment. We want the boys and girls to be taught in school something that they can use in life. We need to offer this type of education in order to hold the boys and girls in school. The youth of today requires greater training in vocational and trade subjects in industrial and business technique.

We want every school in Texas to teach music, especially we want every child to be taught how to sing and to enjoy singing. By including music within the curriculum we hope to build up a happier citizenship. We congratulate you on last year's program and on your music plans for this year. We believe, too, that writing should be taught in every school. I was glad to find a number of teachers in Dickens county. If a teacher is provided with a comfortable home, he identifies himself with the interests of the people in the community, stays a longer time and usually does better work.

The teachers and superintendents of the schools of Dickens County should be commended for the curriculum work they are doing. At least 78 out of the 84 teachers of the county have signed up for an extension course out of Texas Technological College, in the applied curriculum work. This course will be led by specialists in this field. Miss Bonnie K. Dycert will stress the intermediate and primary subjects and Dr. Jackson, also of Tech, the high school subjects. The new State Course of study will be used and each week the teachers will learn the thing that will make them teach more successfully the next week.

We approve very highly the school organization in Dickens County, only seven and eleven grade schools are taught. I have visited in thirty-two counties in Texas and find the Dickens County Schools with respect to organization and other things, being well equal to the best.

I am recommending to the State Department of Education the following schools for Standardization: Wilson Draw, Wichita, Espeula, Highway, Red Mud, Twin Wells, Spring Creek, Steel Hill, Dry Lake, Peaceful Hill, Prairie Chapel, Pitch Fork. This means all of the schools with the exception of high schools which are all classified and fully accredited in checking these schools, I have found the financial condition of nearly every one to be good. This county has weathered the depression, has had

World War veterans and school children of three counties and more will start the big parade formation at nine o'clock this morning. Just how great the number will be cannot be determined but it is thought there will be three thousand or more visitors in our city today. Columns of the great parade will start moving at ten o'clock, and it is thought the program at Charles A. Jones Memorial stadium will begin not later than eleven o'clock.

Congressman George H. Mahon will be the principal speaker at the program. Mr. Mahon is recognized as one of the fluent orators of the West and his part on the program alone will command a big congregation of people.

Provision has been made for Spanish-American War Veterans and Civil War veterans and it is the hope that all of them within reasonable range will be present. Honor has been accorded to Mr. and Mrs. George M. Williams for their car to lead the ranks of the Boyd M. Williams Post and all service men of Dickens and Kent counties. The schools of Cottle, Motley, Dickens and Kent counties have been given a place in the parade and probably the Spur school band will furnish the music at the head of the parade unless some visiting band is present. Barbecue will be served at the park after the program.

Football Game

The Paducah Dragons and Spur Bulldogs will play their conference game of football starting about two o'clock in the afternoon. This is expected to be one of the best games that has ever been at the local stadium. The Dragons are saying they must have the game in order to be district champions and the Bulldogs are vowing it shall not be done that way. Cottle county citizens are expected to be here 1000 strong today to boost for their football squad and just what the outcome of the game will be is difficult to forecast. The only way is to be present and watch the two teams do their stuff and there will be plenty done in a clean friendly way. One thing cannot be said about the Bulldogs—that they have not been good sports. They are true-blue and will win in a clean manner if they win at all.

Our Opinion Is

It Will Take Cooperation After All

THE ELECTION IS OVER with the same chief and head chef at the helm in the kitchen for a new term. Probably many of us did not see things as the election went, but the men elected are our President and Vice-President for another four years according to the will of the majority of voters of our country.

Business Settles to Definite Plans

SINCE THE NATIONAL ELECTION is now history and the results over the country is very definitely established, business over the country is starting out on a fixed program. That the nation approved of the New Deal program cannot be denied, and the increased activities in stock markets over the world subsequent to the election is a very good index of the hopes of those at the helm of big business.

Reasonably High Rent All Around

THE WICHITA FALLS RECORD NEWS editorially points out that high taxes is no excuse for argument for or against the re-election of Roosevelt, but points out that figures compiled by the National Industrial Conference shows America much under the rate of other countries.

The conference report showed that the United States tax collections—national, state, county and city—for 1934-35 amounted to approximately \$9,650,000,000. For Great Britain collections during the same period were \$4,347,000,000; for Germany \$4,674,000,000; for France, \$2,566,000,000.

But there is another side to the question. Taxes collected in the United States amount to 18 per cent of the national income. In Britain, the tax was 24.4 per cent of the national income; in Germany 22.7 per cent of the national income; in France 27.4 per cent.

These figures show that our tax load is much lighter than that of other countries.

Makes Conditions Look Bad

WE DO NOT KNOW who was responsible, but there has been much complaining about the air being let out of automobile tires at the East Ward School last Friday evening while the entertainment was in progress. We are sure that whoever was responsible for this uncalculated condition did not realize just what it might mean, and if continued will mean on the influence of our schools.

J. EVETTS HALEY, who resigned his post at the University of Texas to be leader of the Jeffersonian Democrats, recently remarked that if the University did not want him back that he could get a job of punching cattle.

CHEVROLET ANNOUNCE NEW 1937 PRICE RANGE

Prices for the new Chevrolet passenger cars for 1937 were announced here today by W. E. Holler, vice president and general sales manager, upon his arrival for the National Automobile Show.

It was revealed that for 1937 Chevrolet would have a completely new line of cars, incorporating one wheelbase and with identically the same appearance. Heretofore, there have been two distinctly different lines of cars with two lengths of wheelbase and quite a wide variance of specifications.

Prices of the Master Deluxe models remain approximately the same as those of the 1936 cars. The popular coach and town sedan models have been reduced \$5, while the four-door sedan and the sport sedan prices remain unchanged. The coupe and the sport coupe are the only models to be increased in price and these only \$5 over the 1936 levels.

Prices of the Master Deluxe Chevrolet now cover features formerly offered as optional at extra cost, including knee-action, safety plate glass all around, fenders in color matching the body, and larger tires. The individual model prices are as follows:

Coach, \$595; sedan, \$660; town sedan, with trunk, \$820; sport sedan, with trunk, \$685; business coupe, \$585; sport coupe, with rumble seat, \$615.

The list prices of the Master Chevrolet, which also include the added equipment except knee-action, are uniformly \$60 under the Master Deluxe prices.

Body models in the Master Deluxe and Master lines are the same except that the Master cabriolet with rumble seat takes the place of a sport coupe in the Deluxe line. The Master wheelbase is 3 1/4 inches longer than that of the 1936 models and this model also includes as standard equipment synchro-mesh transmission, larger tires, safety plate glass and fenders in color to match the body.

Both models are completely new in engine, chassis and bodies, and are identical in design with the exception of knee-action and special features of equipment and interior trim supplied only in the Deluxe models.

STYLES IN YARDS HAVE CHANGED

"When I became yard improvement demonstrator I discovered that ideas and styles in yard decoration had changed very much since my younger days when it was quite the thing to have borders of 'old maids', 'bachelor buttons', marigolds, phlox, and so on along either side of the walk and triangles, circles, squares and star shaped beds scattered around wherever our fancy prompted us to dig and set one of just any kind of flower or shrub we could get," said Mrs. J. J. Griffin in her story of her work as yard improvement demonstrator for the McAdoo home demonstration club.

"Our home demonstration agent gave us some bulletins to study while she prepared a planting plan for our yard. In the first place, she suggested that we enlarge our yard on the east side as it was too narrow in proportion to the house and the rest of the yard. That meant a little more wire and a post or two but it was worth it.

"When the club met with me for the foundation planting demonstration in January Miss Pratt supervised the setting of six native cedars, two agaritas, ten clumps of purple Daley, ten wild currants and two clumps of sage. The cedars and one agarita died but the others are growing nicely. Later we set nine Chinese elms, three butterfly bushes, four crepe myrtles, two Pfitzer junipers, one Arizona cypress, and one column type red cedar, two yuccas, two lilacs, two vitex, one Japanese quince and nine roses. We lost the cedar and the roses.

The latter part of March we planted one and a half pounds of Bermuda grass seed but it did not come up until after the rain in May. We have watered it some and kept it closely mowed and it had made a solid turf by September."

My husband and son made a trip to the breaks with the wagon and team and got big flat rocks and made stepping stone walks to the back gate and to the cellar and oil barrel. This is certainly a help in wet weather."

"Our boys have been interested and have taken a real pride in keeping the lawn mowed and the shrub beds neatly outlined and worked. We are enjoying the lawn so much and some-

times have Sunday supper picnic style on the lawn east of the house where we plan to add furnishings for an out door living room," adds Mrs. Griffin.

"Reports from our club show that that six lawns were sodded; 91 shrubs were planted and living; 269 trees are living; 9 roses are living; 10 plants were rooted from cuttings; 11 walks were laid of native rocks."

RED TOP WOMAN WINS YARD CONTEST

Mrs. J. R. McArthur, yard improvement demonstrator in the Red Top home demonstration club won first place in the county in yard improvement work this year. Mrs. J. J. Griffin, in the McAdoo club placed second. Mrs. McArthur will receive a trip to the Farmers' Short Course next summer from the county home demonstration council.

The demonstration was judged by the following score card: general appearance of the place, 15 per cent; planting plan completed, 25 per cent; report of cooperators reaching goals, 25 per cent; demonstrator's story, 15 per cent; plant exchange table, 10 per cent; number names in guest book, 10 per cent.

Mrs. McArthur's total score was 83.5 per cent and Mrs. Griffin's 67.3 per cent. In both score the report of the cooperators reaching goals counted off most. In Red Top fifty per cent of the members reached the goals and in McAdoo only twelve per cent reached the cooperator goals.

The goals for the cooperators, that is, every member in the club except the demonstrator, were to set a group of three or five trees, set ten foundation shrubs and smooth and sod the lawn.

Mrs. G. J. Lane scored the yards.

PRESBYTERIAN CHURCH TO HOLD AFTERNOON SERVICES

Rev. Fred I. Cairnes, pastor of the First Presbyterian Church is making some changes in regard to the evening services. The following is Rev. Cairnes' announcement as he stated it:

"Beginning Sunday, November 8, the evening services of the Presbyterian Church of Spur will be held at five o'clock in the afternoon. This change is made from the usual seven-thirty o'clock hour.

"The purpose of this change is to afford a better opportunity for church attendance to as many people as care to avail themselves of the privilege. This change is made only in the form of an experiment and will be continued if the attendance upon these services indicate a desire for a service at this hour.

"We do enthusiastically invite all who will to worship with us. We hope you will come once anyway and see whether or not you find the arrangement satisfactory. Do plan to spend a portion of your Sunday afternoon with us. You will help us, and we will help you."

At the meeting of the Eastern Star last Thursday evening Mrs. P. H. Miller gave a very fine report of the meeting of the Grand Chapter in Mineral Wells which she attended.

A BEAUTIFUL YARD BY HARD WORK

When the Red Top Home Demonstration Club ladies met at Mrs. Jim McArthur's last Wednesday afternoon for a yard improvement achievement program, it was easy to see her achievement. We knew she and her husband had worked hard for the nature of their soil requires lots of work but by cooperating with each other they have a yard that will continue to improve because they intend to continue working it.

Four club members were present: Mrs. Wallace Hinson, Mrs. Otis Garrison, Mrs. Matt Howell, Mrs. Jim McArthur with Mrs. Floyd Barnett and Miss Pratt as visitors. All enjoyed the opening exercises of games, Mrs. Barnett winning first prize and Mrs. Hinson another.

Mrs. McArthur told her story of her work and we went over the grounds. As we did not get to meet the time before, Miss Pratt told about the different kinds of salad, the different dressings for each, then she made the salads talked about and showed the table service for serving each kind. One time the table was covered with the rice linen lunch cloth Miss Pratt got in Washington. It does not require any starch when laundered. The samples of the salads were pronounced good by all. Mrs. McArthur and Mrs. Howell made plans for their team demonstration to be put on the exhibit. Miss Pratt handed out leaflets on salads and other foods which each house wife will enjoy preparing for the family.

We sure would enjoy having more of the community women meeting with us and feel you would profit by meeting with us. Every one is welcomed.—Reporter.

With morning . . . came the repair crews

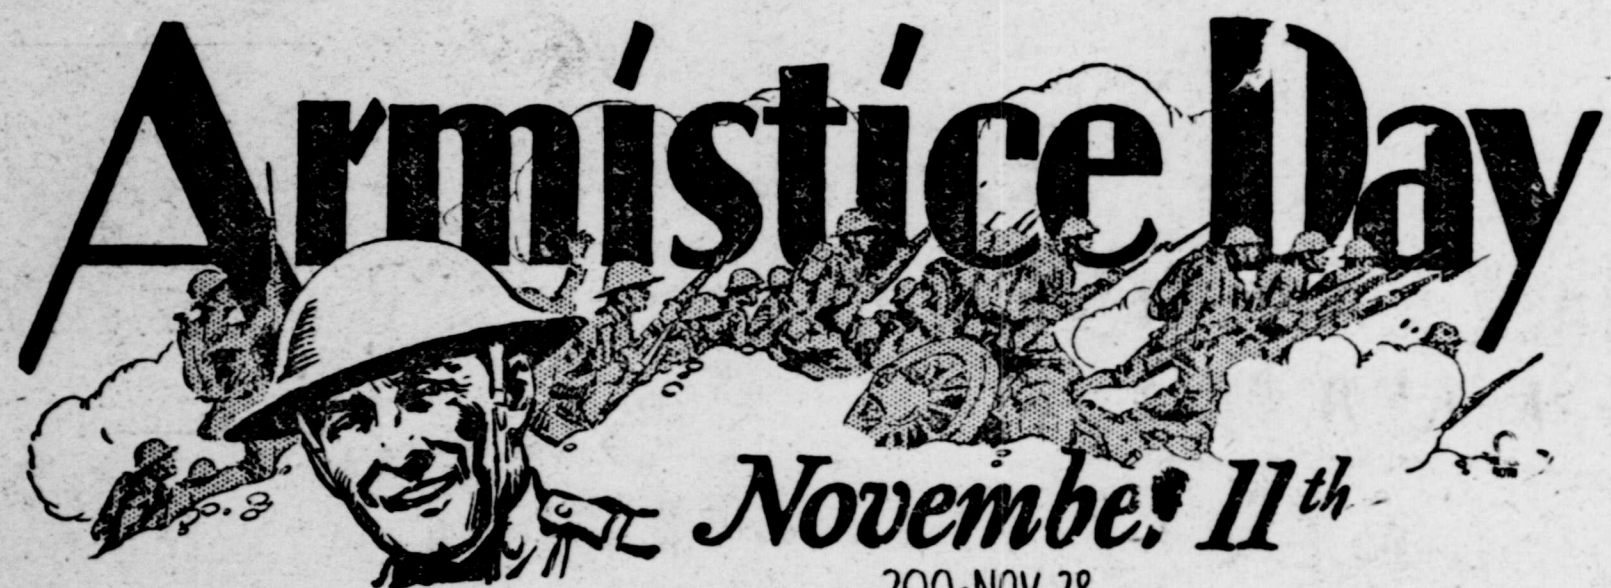

An early snow, drifting down from leaden December skies, froze to telephone poles and lines. Hard on its heels came the wind. Ice-laden wires snapped and poles splintered before the blast.

Night found scores of towns throughout the storm region handicapped by crippled telephone service.

But with the morning came the repair crews. Hastily gathered from regions untouched by the storm, they poured into the stricken area with trucks, tools and materials. Day and night they rushed the work of reconstruction.

One advantage of the Bell System's far-flung organization is this: When disaster flattens the telephone system, men and money and materials are instantly available for the prompt repair of the damage.

18 YEARS OF PEACE

As suddenly as they begun the cannons hellish roar was stilled—the flames of hate and fury were quenched and the blood red clouds of the most titantic struggle the world has ever known rolled away.

November the eleventh is Armistice Day—the birthday of universal peace.

Let us celebrate this day in a fitting way, let us rejoice, but let us not forget our fallen sons who gave their all, that you and I might live in peace, harmony and happiness.

"Ramona" Coming To Palace Theatre

In the presentation of "Ramona", which will open Saturday night pre-ve and run Sunday and Monday at the Palace Theatre, 20th Century-Fox has added another great triumph to its already imposing roster of cinema successes. Flashing action on a far-flung scale combined with its production in the new perfected Technicolor, make "Ramona" one of the most important pictures of the year, an exciting picturization of Helen Hunt Jackson's immortal love story.

Loretta Young is featured as Ramona with Don Ameche as Alessandro, and the splendid supporting cast includes such players as Kent Taylor, Pauline Frederick, Jane Darwell, Katherine De Mille and John Carradine. In addition, hundreds of persons were recruited from the Mesa Grande district representing settlers and local characters.

"Ramona" is a picture that fairly teems with big romance—fiestas, fandangos, songs, roses, secret trysts, mission bells, stolen kisses, tears, love and laughter. It is one of the greatest love stories ever unfolded on the screen. All the rainbow beauty of adventure-crowded California of the early days has been recaptured and again as of old, Ramona goes to meet love in the purpose dusk.

The skillful direction of Henry King and the remarkable technicolor photograph of William Skall make "Ramona" a masterpiece, a personal triumph for Darryl F. Zanuck, 20th Century-Fox production chief, and Executive Producer Sol M. Wurtzel.

The home of Mrs. McGee was opened to the 1917 Study Club members and visitors who enjoyed an interesting program on "Education." Fifteen members answered the roll call—needed readjustments to higher education. Mrs. W. F. Godfrey gave the Biography of Robert M. Hutchinson in a most charming manner. Special guest and speaker of the occasion was Mr. O. L. Kelly. His subject was "Curriculum Revision," which was given in a very instructive, interesting way. ARMISTICE DAY

Armistice Day, 1936, brings memories of that day eighteen years ago, and we pause, in the hustle and bustle of this busy world, to pay tribute to the boys who are "resting in ever-lasting peace, over there" and to the ones who will join in the celebrations at Spur today.

This small newspaper space will not pay the just honor due those who fought that this might be the nation it is today . . . the dove of peace might remain over us . . . but an entire newspaper could do no better either. Our appreciations are in our hearts . . . the hearts of a nation . . . warm, living hearts can never be reproduced in type.

We can, however, pause to reverently pay respects to those memories of the heart.

Believing that it is the sacred duty of all mankind to cherish and preserve this day, we join citizens of this area in the celebration of respects at Spur.

Paducah Dragons Leading In South Half District 4-B Grid Race

DRAGONS WILL LEAD BIG PARADE TODAY

The Paducah Dragons, being the guest of Spur today, will lead the big parade of the three American Legion posts. At this time the Dragons are in the lead for District championship of District No. 4-B for the south half. The Dragons defeated the Floydada Whirlwinds and then tied Matador. The Spur Bulldogs defeated the Matadors in a hot contest and then let the Floydada Whirlwinds fan them down. If the Dragons win today it will give them the south half championship. If the Bulldogs are victorious, there will be a three-way tie with the Dragons, Whirlwinds and the Bulldogs. Matador having lost one game and tied in another is out of the race as the game was awarded to Paducah on penetrations.

The game today is scheduled to be the hardest fought of any game of the conference in the south half of the district. People who visit the game today will get the thrill of their football experience as both teams have much at stake and are going to do their best to win. Paducah will be represented by a large delegation if the weather is favorable and the Dragons will have plenty of boosting on the sidelines. All business houses in Spur will be closed and the whole town will be at the game.

"UNCLE" ISUM LYNN

A great character has joined the last round-up and a good citizen has left our ranks, one who did much in laying the foundation of civilization in West Texas. "Uncle" Isum Lynn passed away at his home near Guthrie Tuesday morning of last week. The funeral rites were conducted at the ranch home at two o'clock Wednesday afternoon with the Rev. Howell G. Verner in charge. Interment was on a plot of ground selected near the residence. A few weeks ago "Uncle" Isum picked out the spot and showed it to his son, stating his desire since he had roamed the country since 1879.

"Uncle" Isum was the first settler in King County, and he and his wife were there several years before any neighbors moved into the territory. There were a few settlers in Cottle County at that time and a few scattered settlers in Dickens County. Over the wide open space the buffalo and the coyote roamed and the whoop of the Comanches could be heard in sections. However, there being so few white people in this country, the Indians did not visit it much, choosing to carry on their depredations where they could secure greater loot.

He came to King County from Jack County where he served as an Indian scout many years, assisting the soldiers stationed at Fort Jacksboro. He took part in a number of Indian fights in Jack County and rendered valiant service, but never fought the Indians after moving to King County in 1879. The 57 years he lived in King County he devoted his time to the cattle business, owning a nice ranch of his own. At the time of his demise he lived near the place he first settled and during his long residence as a pioneer citizen he held out to all who came his way that grand old western hospitality. He was very reserved in his manner, but a truer, more loyal, warm-hearted friend never rode the western range than he waes. His long life of more than 88 years was filled with kindly

DISTRICT CHAIRMAN THANKS CONTRIBUTORS

The following letter from Hon. Tom T. Garrard to E. S. Crider is self explanatory. Mr. Garrard is the District Democratic Chairman for the Nineteenth Congressional District and was very active in securing funds for the Roosevelt-Garner campaign. Mr. Garrard is a former District Attorney of the Midland Judicial District and would make the 19th Congressional District a very fine congressman in event we decide to elect Geo. Mahon to the U. S. Senate within the next few years. Mr. Garrard says: "Tis with grateful appreciation that I acknowledge receipt of the Campaign expenses donated to the Roosevelt-Garner Campaign by the citizens of the twenty-five counties of the 19th Congressional District.

"Dawson, Lynn, Lamb, Lubbock and Terry Counties contributed their full quotas to the fund and the other counties, with the exception of one or two, contributed in a large measure their quotas but due to the rush in such large territory, it is impossible to state just how much each county contributed at this time. Suffice to say, however, that the large vote given to Roosevelt and Garner and the liberal contributions in the 19th Congressional District are gratifying to the National and State Committees and to the District Committees and I want, in behalf of the State, National and District Committees, to thank all county committees and organizations and all voters and contributors who have made possible such a wonderful victory for President Roosevelt and our own native son, Vice President John Garner."

deeds for his fellowman. He was known far and near and no one was ever heard to say an unkind word about him. Such a record is fitting and worthy to anyone, and few people filled a greater station in life than did "Uncle" Isum.

B. I. Scroggin, merchant in the Red Mud community, was in town Saturday and announced there would be an old time shooting match at his store November 15. He stated the shooting match would begin at ten o'clock and last through the day and everyone would have an opportunity to try their marksmanship for a nice fat turkey. This is the time of year when turkey dinners are fine and a great number of people can obtain their Thanksgiving bird that day. Mr. Scroggin stated the good shots and the bad shots would have an opportunity.

PEACE PROGRAM IN STUDY CLUB

"Churches in every land are denouncing the sinfulness of war. They are pointing out the incompatibility of the churches rendering moral support to nations that resort to war; they have given and are giving practical support to measures designed to promote peace and unprovoked war," said Mrs. H. C. Foote, in discussing "Why Churches are Opposed to War" in the Twentieth Century study club Tuesday afternoon in the home of Mrs. J. M. Foster.

Mrs. Foster brought an article on keeping faith with the Unknown Soldier. The life of Jane Adams and her untiring efforts for peace were reviewed by Mrs. V. C. Smart.

Mrs. Oscar McGinty was a visitor. The hostess served cake and coffee to Mrs. Oscar McGinty, Mrs. V. C. Smart, Mrs. G. J. Lane, Mrs. T. H. Blackwell, Mrs. B. F. Hale, Mrs. E. S. Lee, Mrs. H. C. Girard School News
 We, the high school students of Girard, greatly regret losing our old classmate and pay, Ethel McGaha, who was married Thursday, November 5, to Mr. Alton Clark of Girard. Ethel was an active player on the basketball court, and will be missed greatly. We join with everyone in wishing her much happiness throughout her married life.
 All Girard is in a turmoil over basketball. We played Peacock last Friday night. Peacock won the victory. The scores: Girard senior girls 10, Peacock Senior girls 13; Girard senior boys 11; Peacock 18.
Fourth Grade Honor Roll
 The fourth grade honor roll is as follows: Ruby Luna, Mary Pearson, Josie Lee Carr, Johanna Overfelt, Con Boland, Lyndon Cooper, Billie Hogan.
Fifth Grade News
 On Monday and Thursday the fifth grade English class had a club meeting. The officers were elected on Monday. Thursday the inspector came as we were having a meeting. The officers elected were for President, Miss Billie Doug Graves; secretary, Miss Doris Faye Harwell.
Sport Activities
 Sport activities has held the attention of our Sophomore class this week. Jayton Juniors came down to our beautiful new gym to defeat us in an exciting game with the girls. The boys won a rousing victory over the Jayton Juniors.
Picture Show
 Girard is fortunate this year in having a picture show of its own. Last week "The Fourth Alarm" was shown. Next Friday, November 13, Louise Mae Allcott's famous "Little Men" will be shown. Saturday night a western picture. All of these pictures are shown in the auditorium.
Picture Show Program
 Friday night is the date we have been looking forward to see "Little Men" on the screen. This is an outstanding picture based upon the famous novel of Louisa M. Alcott. It is highly emotional and relieved by an excellent comedy. Also, short subjects are included to make this program complete.
 Saturday night is the first date set which is the beginning of a series of week for the next month. "Cowboy Holiday" is the first typical western film to be enjoyed by the patrons and supporters of the Girard School programs. In this picture Big Boy Williams decides to give up his vacation to clear the honor of a notorious desperado who has gone straight. Good horsemanship, hard fist-fighting and gun play makes this feature a real melodrama. Janet Chandler is the heroine. Three reels of shorts are included to make this program a treat.
Church of Christ
 There were 38 present at Sunday school last Sunday morning which was considered a fair crowd for the bad weather we had.
 Buddy Smith gave a talk on "The Shepherd and the Fold." Reverend Mike Young will preach next Sunday morning and night. Everyone is extended an invitation to attend both of these services.
The Baptist Church
 There were fifty people braved the

cold weather to come to Sunday School Sunday. Some good Samaritians had put up the stove and we had a warm room, so don't be afraid of coming to a cold church house next Sunday. We wish every one felt the need of spending a part of Sunday at the church. Christ was always in the Lord's house on the Lord's Day and people who claim him in their heart should also have a keen desire to be in their places on that special day. You can't be hurt by coming, and we promise to do you good. Men who have the God-given right of leading their families should bring them to church. You may not like some of the members but if you love Christ you will be benefited by coming.
 Don't forget that Professor E. H. Boedeker will make an address on "Youth and Religion" next Sunday night, November 15th. We hope to have a great crowd to hear him.
 You will not forget to make a batch of cookies for the Orphan's Home, the Sunday before Thanksgiving and bring them to the Church or Mrs. Kellert's home. We should all be thankful for an opportunity like this and respond with a generous heart. "A cup of cold water" given in "His Name" shall not be forgotten.

Community News
 The two groups of 4-H Club girls gave demonstration at the county achievement day at Jayton Saturday. Group 1 reported by Betty Jo Cooper gave a vegetable salad demonstration. Group 2, represented by Werdia Lee Beaver and Polly Thompson demonstrated dresser scarfs with material cornered hems.
