

SPUR SCHOOL BAND MEMBERS WINS HONORS

Trinity Chapel is Dedicated Sunday; Many Are Present

The Trinity Chapel of the Episcopal Church was dedicated Sunday afternoon as a place of worship. The building was completed last week and the first services were held Sunday morning with Rev. W. H. Martin, of Stamford, in charge, Bobby Parr, son of Mr. and Mrs. V. V. Parr, was confirmed, being the first in the new chapel.

The dedicatory services were held beginning at three o'clock Sunday afternoon. A very beautiful ceremony was carried out. Bishop E. C. Seaman, of Amarillo district, was in charge of the services. Both he and Rev. Martin made excellent talks in regard to the purposes of the church and what they hoped would be accomplished in Spur as a result of the new chapel.

Rev. Fred Cairns, pastor of the Presbyterian Church, was asked to make a short talk. He spoke of the pleasant association with the people of the Episcopal church since they had worshipped in the Presbyterian building and said he hoped that the two churches could always cooperate in the advancement of the Kingdom of God.

A. G. Dunn, Jr., minister of the Church of Christ, made a short talk and extended well wishes for the progress of the Episcopal people in their new home. Pastors of the Methodist church and Baptist church were asked to say a few words but neither was present, both being away as a result of work in their respective churches. R. E. Dickson represented the First Presbyterian Church, extending wishes for much progress.

Two special numbers of the program were a vocal solo by Mrs. R. E. Dickson accompanied by Mrs. Pauline Clemmons; and a selection rendered by the quartette of the St. Paul's Episcopal Church at Lubbock. This quartette was composed of Mrs. Lottie Boles Hilton, Mrs. Kate Lee, Wallace W. Rix and Maurice Erickson. They were accompanied by Mrs. Raymond George at the organ, Mrs. George did the playing for the other song services, also.

After the dedication services were completed a social hour was enjoyed at which time people became acquainted and friends exchanged greetings. Refreshments were served by the ladies of the church.

The new chapel is a very beautiful edifice. It is not large, but very adequately arranged to take care of the needs of the congregation. People of other denominations and of no other church affiliation at all will always find a welcome at the Episcopal Church services.

Farm Work Sheets Being Signed With Great Rapidity Here

The final date for acceptance of work sheets under the Agricultural Conservation Program has been set for May 15 by the Texas Agricultural Conservation Committee, according to George Slaughter, chairman. The committee has approved an earlier closing date for many counties where the sign-up is well advanced.

Indications are that approximately 240,000 work sheets will be signed for the 1937 program. Of these, some 15,000 cover ranches with a combined acreage of 53,000,000 acres, which will take part in the range conservation feature of the program.

The sign-up this year is progressing rapidly, and is three months ahead of the 1936 participation in the program. Slaughter pointed out that due to the advanced stage of the sign-up, it would be possible for the state committee to accept no work sheets after May 15.

The committee urged that farmers who contemplate filling work sheets do so at once in order to avoid any chance of being left out. Slaughter called attention to the fact that submitting a work sheet entitled a farmer to receive payment if he complies with the soil-building and soil-conserving practices indicated in the program, but does not oblige him to enter the program.

J. Mat Dawson of Afton was transacting business Saturday in our city.

EXHIBITED VERY OLD COIN

Walter Neeley came into the Times office Tuesday and exhibited quite an old coin. It had the date of 1812 which made it 125 years old. It was a United States of America coin and contained a side view of a woman's head with the word liberty on it.

Mr. Neeley stated that he had been offered different prices for it. One person had offered him \$60 in cash for it, another had offered him three head of cattle for it. He stated that he is not eager to sell it and feels sure that it is the oldest United States coin in this country.

NEW MAN AT PALACE THEATRE

W. P. Westmoreland, formerly of Olney, is now associated with the Palace Theatre. Mr. Westmoreland has had quite a lot of experience in theatre work and will assist Johnny Hopkins, who is assistant manager for the Palace.

We are glad to have Mr. Westmoreland with us, and his coming adds to our already fine personnel of theatre people.

NOTICE

Your eyesight is your greatest faculty; don't neglect them. Dr. Fred R. Baker, the Southwest's popular optical specialist, who has several hundred wearers of his famous glasses in this county, will be at the Hotel Wilson, Tuesday, May 11, only.

Scientific testing equipment and all the new styles in spectacle-ware to select from. So, SEE BAKER AND SEE BETTER.

Hardware Sale To Offer Trade Many Bargains

There is a great deal of activity and an air of mystery around Riter Hardware as you have probably noticed. Upon being cornered today Mr. King confessed that was all due to preparations for one of the greatest selling events in the history of his store. He stated that his store was participating in National True Value Week from Friday, May 7 to Saturday, May 15.

Under the supervision of Hibbard, Spencer, Bartlett & Co., the world's largest wholesaler of hardware, nearly one thousand independently owned stores are launching this tremendous money saving sale. All the resources of this great concern have been concentrated on this national event. Because of their cooperation, you may be assured of highest quality merchandise.

Mr. King is giving "sale atmosphere" to his store with the aid of other similar broadside advertisements in colorful penants, streamers, and other paraphernalia. On a big circular, illustrated, to be distributed, will be shown a number of the many sensational values which will be offered in this great nation-wide event.

Mr. King urges all to take advantage of the bargains, which, because of the general rise in prices, may be never seen again.

Dorothy Foote On Honor Roll

Ft. Worth, April 24.—Miss Dorothy Foote, daughter of Mr. and Mrs. H. C. Foote, Spur, is one of the 73 Texas Wesleyan College students whose names appear on the spring mid-semester honor roll.

Miss Foote is a member of the Korosopian literary society, and the Alpha Rho Tau art club. She is a sophomore and a major in education. She is one of 15 girls named by the Queen of May to form the bluebonnet chain for the annual spring festival to be held on the campus May 29.

CEMETERY ASSOCIATION ELECTS OFFICERS FOR YEAR

The Spur Cemetery Association held their annual meeting in the home of Mrs. Pauline Clemmons Friday evening and transacted business.

Among other business was the election of new officers. Mrs. John L. King was elected president; Mrs. Emma Lee, vice president. L. E. Lee was named secretary-treasurer; M. E. Manning, W. M. Hadel and Lester Ericson were elected trustees for the association.

District Conference of Methodist Church Is Held in Spur; Many Delegates Present

TAKES PRISONERS TO HUNTSVILLE THIS WEEK

"Uncle Bud" Russell, State Agent for the Texas penitentiary system, was in our county Saturday and picked up two prisoners to convey to the penitentiary. He had three prisoners with him when he arrived at Dickens. The two prisoners, from Dickens County are Phillip Parr and Curtis Squires.

Mrs. B. H. French Dies at Lubbock

Mrs. B. H. French died in a Lubbock sanitarium early Thursday morning after an illness of a few days. Kinney Funeral Home ambulance was called and the body brought to Spur, where it was prepared for burial. Funeral services were held at Afton Baptist Church Friday, Rev. W. C. Bristow reading the funeral rites. Interment followed in Afton cemetery with Bill Kinney in charge of arrangements.

Mrs. French's maiden name was Miss Maud Velma Smith. She was born May 22, 1898, and would have been 39 years of age this month. In 1913 she was converted and joined the Baptist church and lived a good Christian life until her death. She was married in 1913 to Mr. French.

She is survived by her husband and nine children, two brothers; S. P. Smith of Turkey, and M. A. Smith children were present at the funeral except one son, who could not be reached by wire. She and her husband had lived in the Afton community the past twelve years and had many friends.

WATER SERVICE GROWING

Mayor Frank Speer, of Dickens stated this week that the new water system for that city is having to be extended to take care of the patronage. He stated that he thought 40 meters would take care of the trade at first, but 62 meters have been installed and there are orders for more. He stated they had received the approval from the State for their wells, and that everything is showing up in first class condition.

BUYS MAGNOLIA STATION

W. H. Parks has bought the Magnolia Station at Dickens and took charge of the business Monday. Mr. Parks stated this week that he has secured the service of a first class auto mechanic and will be able to give the people good repair work. In addition he has installed a good welding machine and will render that service to the public. He is located on the west side of the square, and asks the people to stop with him.

School Pupils Being Listed for High School Work

O. L. Kelley, principal of Senior High School, has been listing pupils for the 1937-38 term of school. Mr. Kelley stated that he had not been able to secure the registration of all high school students for next year and probably there are about 15 or 20 more of the upper classes.

So far the classes are: Seniors, 64; Juniors, 47; Sophomores, 117. This makes 228 of the present high school students who will be in classes here next year. The Freshman Class will be the promotions from the local Grammar School and from other schools in Precinct 3, and Mr. Kelley stated there would be some more than 100 of these to come into the high school division.

All Seventh Grade pupils in the circuit that their parents are invited to visit the High School and talk over the work for their next year of school. The high school division offers both prescribed and elective subjects to be taken, and there must be four units of work each year. The work is:

Prescribed subjects for Freshmen are English I and Mathematics. Elective subjects are: Spanish I, Agricultural I, General Science, Home making I, Typewriting, and Band. Two subjects must be selected.

The Methodist Episcopal Church of the Stamford District held their annual conference with the First Church at Spur Thursday and Friday. It was estimated there were 300 delegates from the various churches over the district present for the two-day session. Dee R. Haigrove extended the words of welcome to the visitors and Rev. E. B. Bowen, presiding elder, made the response.

Delegates were seated as reported Thursday morning, and further reports of delegates arriving were announced in the afternoon. Rev. Bowen presided at the conference. The first morning was taken up by talks from visitors from other districts who were introduced, and speakers on the various divisions of work of the church. C. B. Breedlove, of Haskell, spoke on the layman's work and stated further outline of the work would be sent to different churches.

Mr. and Mrs. Hubert Johnson, of Waco, were present for the meeting. Mr. Johnson is superintendent of the Methodist Orphan Home at Waco, and Mrs. Johnson is chief matron. Mr. Johnson stated the church had an institution at Waco of which they could well be proud. He said that some 400 boys and girls who have no home or parents have become the children of the Methodist church. He stated further that more than 3,000 men and women over Texas owe their lives and much of their happiness to the home.

Rev. Marvin Boyd, pastor of the church at Rule, preached the conference sermon at 11:30.

Afternoon Session Good. Ray Nichols, Vernon publisher, spoke in the afternoon. He addressed the church membership and their attitude toward the church. In his address he emphasized the layman's responsibility to the church. Rev. Crozy, of Breckenridge, spoke on the Western Foundation movement and told of the advantages which the church schools are giving the young people. Rev. Hamilton announced the Rural Pastors' Short Course which will be held at the University of Texas as July 25-28.

Mrs. Randall, of Seymour, made a very instructive talk in regard to the woman's work in the district. She outlined the advantages to be acquired by the ladies doing their part. Mrs. E. B. Bowen, of Stamford, who is district director of young women's work, outlined the organization of the various circles. She stated there are 42 Young Women's Circles in the

Miss Arthur to Represent Spur in Home Town Contest

Miss Mozelle Arthur, daughter of Mr. and Mrs. O. C. Arthur, was selected Thursday to represent Spur in the "My Home Town" contest at the West Texas Chamber of Commerce convention at Brownwood next week. Miss Arthur was selected from three speakers in the final try-out.

There are fifty-six towns in West Texas that have entered contestants in the "My Home Town" speaking contest. Miss Arthur will leave Sunday for Brownwood and will be the fifty-seventh contestant.

SPUR CIRCUIT ASSISTS IN QUARTERLY CONFERENCE

I want to thank those of the Circuit who had a part in helping to feed the people of the district conference here in Spur, and I am sure it was a joy and pleasure for you to have a part on the program. You who attended the services along with your pastor received an inspiration and feel the need of church loyalty over the circuit in each respective church. I am urging all my people over the circuit that if you love the church, give your loyal support by being if possible in all the services, both at Sunday school and church. Let us make this a year of service rendered unto the Lord, and He will abundantly bless us.

E. C. ARMSTRONG, Pastor.

J. R. Carter and daughters Misses Eileen and Geneva of Wichita community, were in our city Saturday doing some trading.

COUNTY COURT CLOSES

One of the busiest terms of County Court in our county will close this week. There have been 14 cases disposed of and cleared from the docket. Four liquor cases were tried and all four were given verdicts of conviction.

Two jury cases were held this term. All the others were tried before the judge. This week closes three weeks term and the next term will be held in July. Judge Marshall Formby presided over the court in all cases.

Dickens School to Close Friday Night

The Dickens High School will hold graduation exercises Friday evening, May 7. The commencement sermon was preached to the class Sunday by Rev. W. C. Bristow, of Roaring Springs.

The salutation Friday evening will be given by Wilburn Powell. The valedictory will be delivered by Miss Ila Mae Stanford, William Street, of the Texas Technological College, will deliver the address to the class. Diplomas will be awarded by Supt. A. C. Sharp.

Dickens has a small class this year, there being only five members. They are: Miss Ila Mae Stanford, Wilburn Powell, Y. V. Hall, Lloyd Cobb and Robert Green. One girl and four boys in the class which is in converse to what usually happens.

To Start Revival Methodist Church; Rev. Gates to Preach

Rev. P. H. Gates, pastor of the First Methodist Church, announced this week that their annual revival campaign would begin Sunday, May 30. The pastor will do the preaching in the revival, but the church will secure a song leader from some other place.

The entire church membership is looking forward to a good meeting, and since Rev. Gates has been on the work since in November only, his preaching will be almost similar to that of a new man, and no doubt much better than a regular evangelist could be. With a good song leader and director of young people's work, there is no reason why the Methodist people should not have a good meeting. They certainly have one of the best preachers for a pastor in town.

MAMMOTH ELEPHANT SKELETON INCOMPLETE

The Imperial type of Mammoth elephant, a skeleton of which was discovered on the McArthur lease about 14 miles southwest of Spur some weeks ago, is found to be only partially complete. Dr. John Clark, who has been in charge of the paleontological work, stated this week that he had been able to recover a skull, one lower jaw, one hundred and eighty ribs and three vertebrae. These are in a fair state of preservation and can be used in the museum at Lubbock where they are expected to be placed.

Dr. Clark stated that there are four more prospects which he has not yet had time to unearth. He expects to get after this work within the next few days. He hopes to secure enough from the entire lot to construct a complete skeleton.

He stated there were six types of elephants in this country. There were four types of the Mammoth elephant and two types of the Mastodon.

SPUR CIRCUIT

As pastor of the Spur Methodist Church and members of the W. M. S., may we express our thanks to you for the fine spirit, and help you rendered in helping make our district conference held last week end in Spur the great success that it was. It was an inspiration to us to have you with us, and we are sure that you received a blessing yourselves.

P. H. Gates, Pastor, Women of the W. M. S.

Leon Robertson, of Prairie Chapel country, was interviewing friends and looking after business here Saturday.

O. E. Minix of Wichita community was attending to business matters in our city Saturday.

Band Indicates Good Progress Is Being Made

Spur school band went to Lubbock last Friday and matched skill against the many bands in West Texas at the band convention. Spur band was in Class B. division and had to go up against towns like Slaton, Sweetwater and other much larger towns. Spur was in second division of Class B bands in standing. The standing of first and second divisions were:

First division—Cisco, Slaton and Wink. Second division—Brownwood and Spur.

Third division—Coleman, Midland, Lamesa, and Odessa. Fourth division—Pie Spring, Colorado, Ranger and Snyder.

Considering the above classification and the size of towns which Spur band had to compete against, it looks as if our band made a good showing. A number of Spur band members were placed in first division in individual honors. Among these were:

Grace Foster, saxophone solo; Wynell McClure, clarinet solo; and the following in clarinet quintette: Grace Foster, Wynell McClure, Lillian Grace Dickson, Frances Gibson and Charles Senning. These are qualified to play in the National Band Association contest at Oklahoma City May 14-15.

Matthew Gruben played an oboe solo and was placed in second division of individual honors, and Mark Hogan reached second division with a baritone solo.

Spur school band has been playing just a little more than one year and has made remarkable progress. Mr. Brown has been untiring in his efforts to bring out the merits of the Spur school band and both he and the members of the band are to be complimented for their fine work. If each member will continue thirty minutes practice each day, or even two or three hours each week during the vacation period, by the time the next band convention is held, Spur school band is going to be hard to catch.

METHODIST CHURCH NOTES

Sunday is Mother's Day, and there will be a service Sunday at 11:00 a. m., in honor of our Mothers. There has been no greater self-denying, loving, home builder than these—our Mothers.

Youth fades; love droops; the leaves of friendship fall; a mother's secret hope outlives them all."—Holmes.

Come to church Sunday and make glad your Mother's heart. P. H. Gates, Pastor.

Errol Flynn And Anita Louise Are Staring In "Green Light"

Anita Louise, lovely blonde star who played young Anthony's mother in "Anthony Adverse," and Errol Flynn, that sensational young Irishman who leaped to fame as "Captain Blood," are co-starred for the first time in "Green Light," the romantic drama which comes to the Palace Theatre in a Saturday night preview and on Sunday and Monday.

Author of "Green Light" Approves Film Treatment

Theodore Dreiser once tried to stop production of a motion picture because the studio wasn't following his novel as faithfully as he thought it might.

Most writers, however, realize the problems faced by a film studio in reducing a story that may require several hours to read to a photoplay that will run from sixty minutes to an hour and a half.

Hervey Allen expressed himself as entirely satisfied with the screen play Sheridan Gibney produced from his best selling novel, "Anthony Adverse."

Lloyd C. Douglas had nothing but praise for the changes made in his best selling novel, "Green Light," a Cosmopolitan production released by First National, which comes to the Palace Theatre Prevue Saturday night, Sunday and Monday, by Scenarist Milton Krims when Warner Bros. purchased it for filming as a Cosmopolitan production.

One of the most important changes the scenarist made in adapting the novel for the screen was the elimination of one major and a dozen subordinate characters.

The principal character thrown out bodily by Krims was Sonia Duquesne. But wait! Don't be alarmed. Sonia will be in the screen version of the novel in spirit if not in fact. For after eliminating her Krims proceeded to incorporate into another character most of Sonia's qualities. This character, who becomes one of the two feminine leads in the picture, is Frances Ogilvie, head surgical nurse of Parkway Hospital.

Why these changes?

"The reason is quite simple," explains Scenarist Krims. "In his lengthy novel, Dr. Douglas had ample opportunity to establish his many characters. In a screen play an overabundance of major characters becomes confusing. Audiences don't have a chance to become acquainted with them. As it is, there are five major characters in the picture—Dr. Newell Paige, played by Errol Flynn, Phyllis Dexter, played by Anita Louise, Dean Harcourt, played by the English character actor, Sir Cedric Hardwicke, and Dr. Bruce Endicott, played by Henry O'Neill."

"Rhymitis"

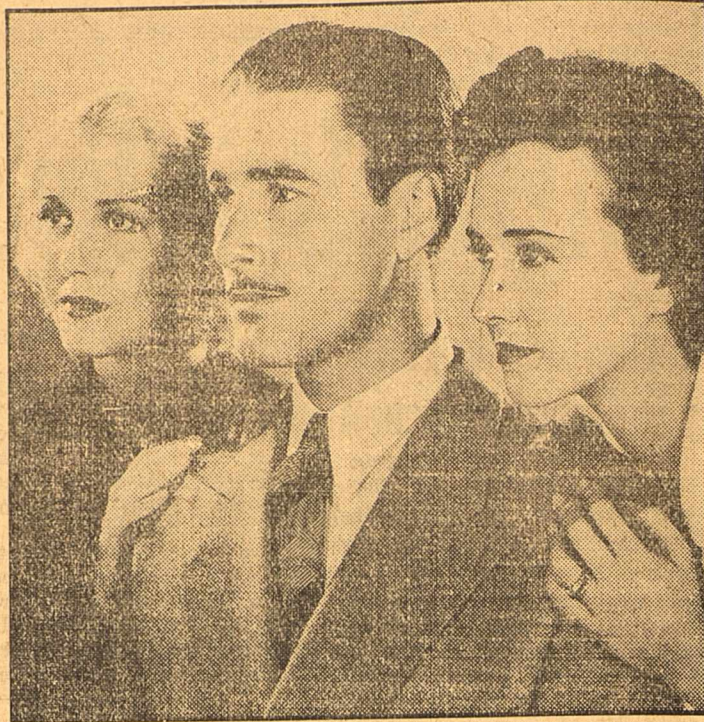

Doris Nolan, featured with George Murphy in Universal's "Top of the Town," showing at the Palace Theatre today and tomorrow, has "rhymitis," as she calls it. Doris has written hundreds of poems and has sold most of them; some to magazines and others to greeting card companies. It is her ambition to write a play or movie script with the dialogue in verse. Doris has the first act worked out and is now polishing the rhymes. Doris Nolan has her goal in sight. She'll roll in all the rhymes she'll write.

There's 250 reasons why you ought to see this picture! Thursday and Friday. It's the tops in entertainments.

They Saw the Green Light

How a girl may love a man, even though she blames him for the death of her mother and how another girl can love that man so well that she sends him to the arms of her rival, are but two of the many unusual situations in which Errol Flynn, Anita Louise (left) and Margaret Lindsay find themselves in "Green Light," the Cosmopolitan production based on Lloyd C. Douglas' famous book, which opens at the Palace Theatre preview Saturday night, Sunday and Monday.

"Gunsmoke Ranch" Is Real Thriller

"Gunsmoke Ranch," with the Three Mesquiteers back again, comes to the Palace Theatre Saturday with the new adventures of the West! They challenge all comers! Thrills and gaiety mix excitingly in this new "Three Mesquiteers" Western.

Mr. and Mrs. D. O. Blossingame returned home last Wednesday after spending several months in Harlingen. They reported a splendid time. They like the country there very much.

What, No Piano?

George Murphy, featured in Universal's "Top of the Town," playing at the Palace Theatre today and tomorrow, generally carries a harmonica with him. It helps him work out new dance rhythms. When Doris Nolan asked him why he carried it, he answered, "Well, just because I can't hoist a piano around in my back pocket."

Doris retorted, "That harmonica 'spreads the jam' all over your face."

Local People Show Favor for Picture

Thank you for the ticket to Green Light. It is a splendid picture, a story true to life, educational, and a beautiful romance.

J. F. Hughes, M. D., Roaring Springs, Texas. A good moral and a grand picture. Mrs. M. A. Lea. I am fond of a professional attitude. It was grand. Misses Nellie Sue Durham. Lillian Rape.

Words are futile when trying to describe this unusually entertaining film—"Green Light."

Mrs. G. B. Wadzeck. A human story full of interest and heart throbs, a picture all should see. M. C. Golding.

The outstanding picture that it has been my privilege to see. Every person should see it. It is inspiring.

Mrs. W. R. Weaver. The picture is faithful to the narrative and purport of Dr. Douglas' book. I find it helpful to live over again in this exceptional picture such a lesson of faith and serenity in a working philosophy of life.

Alice W. Yeats. Words cannot describe it. It must be seen. It will make lasting impressions.

Lola Beth Green. "Green Light" gives us courage to forget why we have difficulties and to think about how we may overcome them.

Helen Porter. The "Green Light" is a very touching and inspiring picture. We cannot praise it enough.

Mr. and Mrs. G. H. Huls. Green Light is one of the grandest pictures I've ever seen. It fills a person with that inspiration to go on.

Mrs. R. C. Alexander. A rare picture. More convincing in its theology than the book.

Mrs. M. H. Brannen. Green Light is incomparable. One must see it to really enjoy it.

Mrs. Clark Lewis. Green Light is a wonderful picture and one I urge you to see.

Mrs. L. R. Burrow. Green Light is truly a wonderful picture and one everyone should see.

L. R. Burrow. A most excellent picture. Edna G. Chisenhall.

I found "Green Light" excellent, both from the point of dramatic interest and in point of moral inspiration.

Dorothea Johnston. Not only a very entertaining picture, but very uplifting. A picture as good as the book, which was grand.

L. Brock. Its greatness surpasses all others. Leonora Lisenby.

A very fine picture. Dr. M. H. Brannen.

Clean wholesome and good. Worth anyone's time. A picture that will build ideals, characters of wonderful personalities.

Mrs. Ervin C. Martin. "Green Light" is too rich in that which makes man better for me to try to say it in words. See it for yourself.

Ervin C. Martin. A soul stirring picture that will interest everyone.

Zulene Rosenburg. Its a wonderful picture which I can heartily recommend.

Margaret Dunlap. A very worthwhile picture. One that everyone should see.

Opal Whiteside. "Green Light" is a splendid picture.

Lyda Kelley. A picture with a message through sacrifice, love and service.

H. C. Foote. It was a great picture. Don't miss it!

Loreta Garner. Thought it was grand. Mildred Williams.

Seeing the picture "Green Light" was much better than reading the book, and that is saying a lot.

Mrs. Earl Murchison. It was different. I enjoyed it very much.

Dr. Hale. A picture worth seeing.

E. H. Boedeker. The best lesson I've ever seen in a picture.

Mrs. Murry Lea. Uplifting is the only word I can find to explain "Green Light." I want to see it again.

Nina Landers. I cannot think of words that really express what I think of the picture. "Green Light." It is truly a wonderful picture.

Poem Printed By Request

The following poem is reprinted by request. It was taken from a newspaper clipping furnished this office, the name of the paper not being given so that proper credit is lacking:

"Why, Phebe, are you come so soon?
Where are your berries, child?
You cannot sure have sold them all,
You had a basket piled."
"No, mother, as I climbed the fence,
The nearest way to town,
My apron caught upon a stake,
And so I tumbled down.
"I scratched my arm, and tore my clothes,
But still did not complain;
And had my blackberries been safe,
Should not have cared a grain.
"But when I saw them on the ground,
All scattered by my side,
I picked my empty basket up,
And down I sat and cried.
"Just then a pretty little miss,
Chanced to be walking by;
She stopped, and looking pitiful,
She begged me not to cry.
"Poor little girl, you fell, said she,
'And must be sadly hurt.'
"O, no, I cried; 'but see my fruit,
All mixed with sand and dirt.'
"Well, do not grieve for that,' she said,
'Go home and get some more.'
"Ah, no, for I have stripped the vines
—These were the last they bore.'
"My father, Miss, is very poor,
And works in yonder stall;
He has so many little ones,
He cannot clothe us all.
"I always longed to go to church,
But never could I go;
For when I asked him for a gown,
He always answered no.
That loves his children more.
"There's not a father in the world
I'd get you one with all my heart,
But, Phebe, I am poor.
"But when the blackberries were ripe,
He said to me one day:
'Phebe, if you will take the time
That's given you for play,
'And gather blackberries enough
And carry them to town,
To buy your bonnet and your shoes,
I'll try to get a gown.'
"O, Miss, I fairly jumped for joy,
My spirits were so light,
And so, when I had leave to play,
I picked with all my might.
"I sold enough to get my shoes,
About a week ago,
And these, if they had not been spilt,
Would buy a bonnet, too.
"But now they're gone, they are all gone,
And I can get no more,
And Sundays I must stay at home,
Just as I did before.
"And mother, then I cried again,
As hard as I could cry;
And looking up, I saw a tear,
Was standing in her eye.
"She caught her bonnet from her head
'Here, here,' she cried, 'take this.'
"O, no, indeed, I fear your ma
Would be offended, Miss.'
"My ma! no, never! she delights
All sorrow to beguile;
And 'tis the sweetest joy she feels
To make the wretched smile.
"She taught me, when I had enough,
To share it with the poor;
And never let a needy child
Go empty from the door.
"So take it, for you need not fear
Offending her, you see;
I have another, too, at home,
And one's enough for me.'
"So, then I took it—here it is—
For pray, what could I do?
And mother, I shall love that Miss
As long as I love you."

District Conference

(Continued from Page One)

Northwest Texas Conference but not one in the Stamford District. She stated it is time to be organized.

Rev. Marvin Boyd told about the young people's encampment and short course which is to be held at McMurry College May 3 to June 4. He stated that the expense while at the short course would be only \$6.50 per person and that he hoped every church in the district would arrange for at least one young person from school for pastors which is held at S. M. U. during the summer period. He stated this course will be June 14-24. The cost for each pastor to take this course for board and room per day will be one dollar.

Pastors Make Reports.

The presiding elder asked for reports from pastors of the different churches in regard to progress, number of conversions, number of additions, the general condition of the church properties, and whatever improvement was being made. The reports showed that about 250 additions to the churches in this district have been made. Practically none of the revival campaigns have been held as yet.

Dr. E. E. White, presiding elder of Plainview District, and former pastor of Spur, preached to the people at the session Thursday evening.

Friday morning was taken up by report of various committees and the final vote made on delegates to the annual conference. Delegates over the district were elected as follows:

Rev. H. A. Longino, pastor of the church at Munday, preached the closing sermon. He used as his theme the service of the church as a spiritual institution. Rev. Bowen announced that since the fellowship of the conference had been so fine he wanted everybody present to observe sacrament together. This was about the closing service of the conference.

Roy Atchison, of Elton, was a business caller in our city.

W. C. Ramsey, of the Ramsey Garage, returned from Temple the last of the week, where he had been with his aunt, Mrs. O. Moore Hall. He said Mrs. Hall was taking some treatments at Scott and White Sanitarium—and probably would undergo a tonsillectomy before returning home.

J. S. Ethridge, of Dickens, was greeting friends and looking after business affairs here Saturday.

R. J. McAteer, one of the good stock farmers of the Plains, was transacting business here Saturday.

FINISH RIGHT OF WAY ON HIGHWAY NO. 24

The Commissioners Court will try to secure the remainder of the right of way on Highway 24 soon. This will consist of three miles starting at the court house and running east across the Croton Canyon. E. W. Marr, resident engineer, has turned in the specifications of the survey to the Court for its approval, and to secure the needed right of way.

It is hoped to let a contract for the completion of the first section of construction of Highway 24 on the nine-mile strip east from the court house, some time during the summer. This road is badly needed and it is hoped it will be completed soon.

Mr. and Mrs. C. P. Allen, northeast of town, were in Saturday doing some trading and greeting friends.

Mr. and Mrs. H. L. Underwood and daughter, Miss Rebecca, of Lost Lake settlement, were in our city Saturday trading and greeting friends.

SCHOOL STUDENTS PREPARE FOR FINAL EXAMINATIONS

The students of Spur schools are very busy these days making preparations for examinations which will be held soon. Examinations for the Seniors will be held Wednesday, Thursday and Friday of next week. Examinations for other grades will start Monday, May 17, and close out Wednesday, May 19.

The commencement sermon will be at the Palace Theatre Sunday morning, May 16, and the Senior graduating class exercises will be held Friday evening, May 21, at the Charles A. Jones Memorial Stadium.

NEW BUSINESS HOUSE UNDER CONSTRUCTION

The Spur Tailors are to enjoy a new home in the near future. Mr. and Mrs. John A. Moore have purchased the lot in the rear of the City Hall and are erecting a new building 55 by 24 feet for their tailor shop. W. P. Nugent and Son are the contractors and local lumber yards are furnishing the material. The building is to be completed about June 1. It is to be a one-story structure and Mr. Moore said above all else there had to be plenty of windows which could be opened for ventilation in summer time.

CARD OF THANKS.

We wish to express our sincere thanks to everyone who so kindly helped us to secure our much desired band uniforms and especially to the following: Spur Bakery, Roy Stovall, C. R. Hardwicke, The Rotary Club, The Spur Tailors, and the Band Parents Club. SPUR SCHOOL BAND, W. B. Brown, Director, Bill Gruben, President, Grace Foster, Sec.

OFF TO ENJOY VACATION

W. N. Kinney, of Kinney Funeral Home, left Wednesday for Mineral Wells to enjoy a portion of the Bi-State Convention of Undertakers and Embalmers. The convention started Tuesday, but the first one and one-half days are usually taken up with demonstration of equipment and in showing different types of ambulances and Mr. Kinney stated he would not be interested in that part of the meeting. The convention will close tonight and yesterday afternoon and today is devoted to lectures on methods of embalming and directing funerals. This is the work Mr. Kinney stated that he desires to know more about.

VISITS MOTHER HERE

Miss Mary Kate Botherton, of Canyon, spent the week end here visiting her mother, Mrs. Roberta Botherton, of Henry Alexander & Company. Miss Botherton is a student at the West Texas State Teachers College at Canyon and soon will receive her degree from that institution.

The school in Letherwood community on the Plains will close Friday.

The closing exercises will be held Friday night. Judge Formby will give the commencement address to the class. A. B. Steen is principal of the Letherwood school and has been very successful in his work.

ENGLEMAN'S TRUCK AND TRACTOR CO. SELL MAYTAGS

The Maytag Shop which has been under the management of Mr. and Mrs. S. J. Brazelton for several months, has been taken over by the Engleman Truck and Tractor Company. Mr. Brazelton has accepted a position with that firm and will continue to sell Maytag Washers. In addition he will sell refrigerators and stoves in season. The business was moved from Harris Street store to the Garmall House Wednesday afternoon.

Sanitarium News

D. F. Ritchie, who has been in the sanitarium several weeks as a result of burns, is recuperating nicely now. Odie Kent, of Jayton, who underwent an operation for gangrenous appendix last week, seems to be improving at this time. His case was considered very serious at first.

Mrs. Edd C. Hart of Plainview, entered the sanitarium Sunday as a medical patient. She seems to be improving at this time.

Artie Faye Smith of Grass Burr community entered the sanitarium Thursday to have a needle removed from her foot. She stepped on the needle which was in a quilt on the floor of her home. She was able to return home Saturday.

The baby of Mr. and Mrs. Oran Spraberry of Kalgary had an operation on its hand Thursday. It seems to be doing fine and was able to leave the sanitarium Saturday.

Perry Davis, this city, had a very bad splinter removed from the muscle of his high Thursday. He is doing all right now and will soon be well. Little daughter of O. L. Carson of Afton had a large splinter removed from her foot Thursday and seems to be getting along fine.

E. L. Boaz, of Espuela community, while hunting Friday, shot through the middle toe of his right foot. He came to the sanitarium, where an X-ray picture was made and treatment given. He seems to be doing all right.

Mrs. W. D. Allison, who had been in the sanitarium several weeks as the result of two operations, has improved until she could be removed to the home of her parents, Mr. and Mrs. W. F. Pierce, of Steel Hill community. She soon will be able to return to her home in El Paso.

DICKENS HAS NEW LAUNDRY

Mr. and Mrs. Sabe Kennedy have installed a laundry in our sister city of Dickens and seem to be enjoying a nice patronage. Mrs. Kennedy stated that they have a Hely-Sely system and also do finished work for any one who desires them to do it. They are located just across the street west of the post office and are very busy people. They have a nice battery of Maytag washers with hot water ready all the time and any lady can go there and do her wash before she can heat water and get ready to do the wash at home.

SOME GEOLOGISTS IN COUNTRY

Some geologists left Wednesday for the Pitchfork Ranch to run some lines relative to oil and other mineral structures. This work is done in unproved territory even so often and probably does not have any bearing on the location of any block of land for drilling purposes. About one year ago this work was done in this section. It is understood the land will be surveyed from Spur northeast to Paducah. The people are making Spur headquarters for their work, and it is hoped people will cooperate with them in every respect when asked to do so.

W. C. Cartwright, northeast of town, was in Monday looking after business matters.

ACHIEVEMENT DAY IN THE HOME MAKING CLUB.

The home projects that 90 girls have made as a part of their regular class work in home making at high school will be on display in the department Tuesday, May 11. The patrons of the school and any others who are interested are cordially invited to attend this exhibit.

The projects include such things as knitted sweaters, tufted bedspreads, luncheon cloths, suits made from wool sack hemp, upholstered furniture, remodeled dresses, footstools made from cans, hemstitched pillow cases, bookcases made from orange crates, and other useful items for practical use. Other projects which are excellent but will of necessity not be on display include yard improvement programs, and refinished bedsteads, cabinets and book cases.

Mrs. O. C. Thomas, teacher of Homemaking, believes in making the school work so practical that the girls will be inspired to continue any other improvement that is logical at home in their personal affairs as well as in the family life.

Express your interest in these practical ideas by coming to high school to see the exhibit at any hour Tuesday.

TWENTIETH CENTURY STUDY CLUB.

Members of the Twentieth Century Study Club met Tuesday afternoon in the home of Mrs. Oscar Kelley for the last meeting of the year.

Sacred songs was the program topic and roll call was answered by giving favorite childhood songs. Mrs. B. F. Hale told the story of Fannie Crosby's life and Mrs. P. C. Nichols played some of Miss Crosby's hymns. John Cardinal Newman, author of *Lead, Kindly Light*, was discussed by Mrs. E. J. Cowan, who also gave a musical reading "Lead, Kindly Light," accompanied by Miss Grace Foster. "Why preserve the old hymns" was Mrs. A. M. Walker's topic.

At the conclusion of the program a miscellaneous shower of gifts was presented to Mrs. Kelley.

Mrs. E. S. Lee assisted the hostess in serving delicious refreshments. Miss Grace Foster and Mesdames O. Arthur, Oliver, Ray Taylor, W. R. Weaver and J. P. Carson were visitors and the following members were present:

Mesdames E. L. Caraway, V. J. Campbell, E. J. Cowan, W. S. Campbell, E. S. Lee, H. C. Foote, J. M. Foster, A. M. Walker, V. C. Smart, T. H. Blackwell, L. D. Ratliff, B. F. Crockett, C. N. Lane, G. J. Lane, J. C. Koon, P. C. Nichols, O. C. Thomas, Oscar McGinty, and B. F. Hale.

1931 STUDY CLUB IN MEETING.

The 1931 Study Club met Tuesday afternoon in the home of Mrs. Fred Arrington at Dickens.

Mrs. Murray Lea was leader for the Mother's Day program and gave the origin of Mother's Day. A reading, "Mother," by Grace Noel Crowell was given by Mrs. Horace Wood.

The club president, Mrs. Weldon Grimes, had charge of the business session and welcomed Mrs. Charles Wortham as a new member of the club.

Refreshments of frozen salad, nut bread, olives and fruit punch were served. Small corsages of sweet peas were plate favors.

Members present were Mesdames Jephtha Craig, C. B. Middleton, Weldon Grimes, B. C. Lasgley, Charles Fischer, Jack Rector, E. D. Engleman, Charles Wortham, Horace Wood and Murray Lea.

STYLE SHOW AT SINGER SEWING MACHINE STORE

Mr. and Mrs. Bennett, local agents for the Singer sewing machines, held a very neat style show in their store Tuesday afternoon. They showed different models and demonstrated how the various types of dresses can be made with a Singer sewing machine, showing the different attachments used. About 75 ladies attended the show.

COURT HOUSE LAWN BEING IMPROVED

All of the debris on the court house lawn is being removed this week and preparations are being made to plow up the ground and have it sodded with Bermuda grass. All of the old bricks, rocks, and other trash is being hauled away at this time, and Judge Formby stated that it is the hope of the official family to have a nice sod of grass over the court house lawn by the middle of summer.

Mr. and Mrs. G. W. Bennett, of Elton, were talking with friends and trading in our city Saturday.

BUYS HOME; QUILTS RENTING

Mrs. Alice Murphree, County Treasurer, purchased a residence the first of the week from C. A. Gladish at Dickens. Mrs. Murphree had been living in the B. A. Crego residence at Dickens, but that was sold, Leo E. Speer being the purchaser. It was located on west side of town. The new home Mrs. Murphree secured is located one block north from the east side of the court house square.

R. R. Wooten, of McAadoo, was transacting business Saturday in our city.

Mrs. Ella R. Miller and Miss Jennie Shields left Tuesday for Abilene where they will remain several days to be at the bedside of Mrs. Miller's sister, who is to undergo an operation.

*** Our Opinion Is ***
That in the present political mix-up it is difficult for most of us to tell if our bread is buttered on the right side.

"CORPORATION" PRINCIPLES APPLIED TO FARMING

The growth of the farm cooperative movement in this country has been little short of astonishing. Two generations ago the movement, so far as its economic and social significance was concerned, was in its infancy. A late report shows that today there are 8,800 of these farm co-ops, with a membership of more than 2,500,000 farmers.

The old adage says: "Nothing succeeds like success," and cooperative marketing—which is simply the application of proven "corporation" principles to the work of raising and distributing crops—has gone forward steadily without a setback. Its growth in bad times has been even more rapid than in good, which explains why the number of cooperating farmers is now at record levels, and why farm cooperatives are in the strongest position they have yet attained. So long as they "stick to their trade" their future is bright.

THINGS ONE REMEMBERS

According to the latest political advices from Washington, business can't make money fast enough for present taxes to balance the budget, and heavy tax increases are now admitted to be necessary. This will not be news to those who have not been kidding themselves.

The labor agitators are after Henry Ford. They act as a whole as if they were tackling a porcupine. Ford has always led the world in short hours and high wages. He has public good will. It is freely admitted that he is apt to do the unpredictable thing. As a forthright American citizen, he will probably never take orders from either political or labor dictators. He has ample warrant for undertaking to teach ingratitude a lasting lesson.

The motion picture censorship board of Kansas City showed the country what suppression of free speech really means, when it cut the remarks of United States Senator Wheeler opposing packing of the Supreme Court, out of a "March of Time" news reel. The fact that the order was later rescinded, due to public indignation, does not excuse or mitigate it. To give any public official, big or little, dictatorial powers inevitably leads the United States along the road followed by Germany, Italy and handed control over screen, press and radio. There is no room for censorship in a democracy.

RAILROADS REDUCING ECONOMIC WASTE

When a railroad pays claims for freight lost or damaged, no one gains and everyone loses. It is pure economic waste. Thus, the problem of reducing loss due to these causes doesn't affect just railroads and shippers. It affects the whole public—everyone who uses a train for any purpose.

In 1920, railroad payments for loss and damage to freight totalled nearly \$120,000,000. Last year payments were about \$20,000,000. This remarkable reduction is the result of years of study, research and work both by the rails and shippers.

To carry the campaign against waste still further, it is now proposed to declare open season on the causes of loss and damage. All shipments arriving damaged are to be examined carefully for evidence of the cause, and a detailed report made to shipper or carrier, whichever is thought responsible. Packing materials, cartons, improper labelling of destructible goods, quality of wrapping—such matters as these will be carefully studied with a view to obtaining "perfect shipping"—shipping without any loss or damage.

This is another example of the many that can be cited, of how railroads and shippers are working together for greater economy and efficiency in transportation. Every business in the country reaps the benefits, as does every traveler and user of railroad service—economic waste is inevitably reflected in the cost of any service. The railroads have done wonders in reducing damage—and now they are out to come as close as possible to the ideal of total elimination.

MAKE OUR SCHOOLS SAFE

The National Board of Fire Underwriters, 85 John St., New York, reports that the horrible school explosion at New London, Texas, has created renewed interest throughout the United States in the self-inspection blank for schools prepared by the Board and first distributed in 1934. The blank makes it possible for school authorities to thoroughly check over buildings and unearthen any and all hazards, and has been officially approved by the National Association of Public School Business Officials.

More than 50 communities in this country have used the blank so far, and 373,000 copies have been sent out. No charge is made for the blank, and it is suitable for schools of all types and sizes. The Board suggests that inspections be made at least once a month—new hazards are constantly appearing in buildings—by a group comprising a teacher, a janitor and a representative of the fire department.

Any school which has not taken advantage of the self-inspection blank should remedy that oversight immediately. The percentage of American schools, including new ones, which contain dangerous hazards is staggering. Inadequate exits, doors which open the wrong way, stair wells which would fan flames in case a fire broke out—these are only a few of the common school fire hazards.

It is too late now to save the hundreds of children who died horribly and needlessly at New London. But their deaths will not have been in vain if that catastrophe is the means of bringing to school boards and teachers full realization of potential hazards, and spurring determined campaigns to make our schools safe.

HIGHER LIVING STANDARDS ON THE FARMS

Field surveys conducted by the Electric Water Systems Council indicate that these systems do more than any other single piece of equipment to improve rural living standards.

Since 1933, the farmer has shown an increasing inclination for electric water systems. Where 57,000 rural homes were provided with them that year, 77,000 were installed in 1934. In 1935 and 1936, installations totalled 108,000 and 157,000 respectively, and it is anticipated that the present year will see at least 250,000 homes provided adequately with running water for the first time, by means of electric systems.

The installation of a system obviously marks a long step

forward in the improvement of living standards on the farm. But that is not the end of the system's usefulness. Usually a water plant is the first electric appliance a farmer purchases. This leads to a wider understanding of electricity's usefulness both in the farm home and on the farm itself—for operating cutters, grinders and other machinery; and for lighting, cooking, refrigeration and many other household tasks. The surveys show that almost three times as many electric ranges and more than twice as many electric refrigerators are in use in homes with electric water systems as in homes without them. And homes with these systems consume 64 per cent more current for household purposes than other electrified farm homes.

One of the most noteworthy achievements of the power industry has been its constant progress in both extending the use of power on the farm, and in improving and reducing the cost of service. Today the industry is cooperating ably with government agencies in attempting to make this progress more rapid. Many hundreds of thousands of farms are already electrified, and are using more power for more purposes each year. As far as economic conditions permit, the electric industry is solving the problems that stand in the way of complete rural electrification in a democracy.

Endowment Fund Is Being Formed

London, Rusk County, Texas, May 4.—Bereaved parents, still stunned by the terrible tragedy which took the lives of more than 300 students and teachers in the London school, met this week to plan a fitting memorial to their loved ones. From this meeting of the leaders of the community grew a plan to create a student loan and scholarship fund as a living memorial to those who lost their lives in the disaster. Citizens, the world over, are asked to contribute to this worthy cause.

The memorial is to be an educational foundation—nationwide in benefit and under the supervision of a National Advisory Council. Funds of the foundation will be used to educate needy and ambitious students who would otherwise be deprived of a college education.

Surviving students of a typing class in the school, which was destroyed, were this week typing letters to go out to school superintendents of Texas asking that they sponsor contributions in every school in the state.

Governor James V. Allred and Congressman Morgan G. Sanders were the first to wire their acceptance of places on the National Advisory Council. The Texas governor wired other governors in the United States asking them to declare the month of May a memorial month for New London and to make and send their contributions to Mr. Sam Warren, treasurer of the New London Memorial Association, Overton Texas.

Leaders signing the charter for the educational memorial are M. H. Marvill, mayor of Henderson, Texas, president; John Lumpkins, London, vice president; Mrs. Fay Beidleman, London, secretary; Sam Warren, Overton, treasurer; Mrs. Claude Jacobs, Mrs. Polk Childress, Mrs. H. R. Whittington, W. C. Shaw, and Claude Jacobs, all of London.

Headquarters for the memorial have been established in Henderson, Texas, Rusk county seat, in the high school building.

Supt. W. C. Shaw of the London school requested Dr. L. A. Woods, State Superintendent of Public Instruction in Texas to write other State Superintendents throughout the United States asking that they cooperate in his project, which is a living memorial to those who died in the world's worst school disaster.

HISTORY IN RHYME

The following poem composed by Walt Cousins gives some idea of the transition in our country during the past forty years or more. Frank Alexander named in the poem is the father of our own townsman, Henry Alexander, who is manager for the Henry Alexander & Company store in Spur. The poem was captioned:

CHANGING SCENES

Scenes have changed a heap in Texas;
Racin' years have dimmed the trails
Cut by wheels of prairie schooners
Manned by souls that would not fail,
Now and then that's left, a landmark
That flectin' time has not replaced;
Hoof-marked plains have met the
plowshare,
And windin' trails have been erased.

Water holes have been forgotten,
Concrete ribbons cut the range;
Chisum Trail is lost in wheat fields,
Oldsters see the mighty change.
Civilization's been advancin',
And has shoredly changed the scene,
Since Texas men were busy ridin'
Trails to Dodge and Abilene.

A-standin' thar in spite of years—
Thar's some landmarks I'm remem-
berin',
Hoss Head Crossin' on the Pecos,
Whar crossed a million long-horned
steers:
Buzzard Peak on Flat Top Mountain
Bring phantom scenes at this late
date;
Signboards to the pack-hoss waddies
Who rode the range in eighty-eight.

Mule Creek thar in Haskell County,
The Fluidy Mustard's campin'
ground;
Frank Alexander, old-time range boss,
Loosed his herd and built a town.
Old scenes have gone stampeidin',
Pard, it ain't no use to morun
Cause Wild Hoss prairie's covered
With tractor plows and kaffir corn.
Thar ain't no more T-Diamond hosses,
Snaky brutes that pawed the moon.
A few dun mules air pullin' planters,
But gasoline will get 'em soon.

Pard, the things that we're a-seein'
Is mebbe fine, and nothin' wrong;
The trouble's mebbe with us oldsters,
That come too soon or stayed too
long.

Mr. Cousins is a former president of the West Texas Old Settlers' Association with headquarters at Stamford, and is quite a character in the study of pioneer days in this country. The above poem describes very definitely many of the changes that have come over the country, and what is true of this section is about what has happened to other sections of West Texas.

Girard

John Langford left April 29 for San Angelo, to be at the bedside of his mother, who has been in critical condition for some time.

Arloine Hagins has had the measles the past week.
Thursday night, May 6, "Jane Ayre" will be shown in Girard school auditorium. Admission ten cents and everyone is asked to attend.

Mrs. Frankie Skinner of Abilene were visiting in Girard last Sunday. Thelma Dudgeon of Post was visiting friends in Girard this week-end.

Mr. and Mrs. Noel Boothe of Post were visiting in Girard last Sunday. Mrs. Boone Joiner honored her husband Friday night with a birthday supper. Those present were Mr. and Mrs. Lloyd Rudder, Mr. and Mrs. Jim Rudder and children, Leona and Elgie, and Wilma Luna.

Mr. and Mrs. R. S. Rogers visited in Tyler this week-end.

A large crowd attended the ball games in Girard Sunday afternoon. Jayton won the game between them and Peacock. Dickens won the game between Girard and Dickens. Peacock won the game between Girard and Peacock. Jayton won the game between Jayton and Dickens.

Quite a few attended the ball games from other towns. We ask you to come back any time.

Several people from Girard were shopping in Spur Saturday afternoon. Those making A grades for the

fifth six weeks term were as follows: Camille Jay Fite, Marjorie Williams, Second grade; Mary Jo Woodson, Nancy Jo Beavers, Dink Humnicutt, J. W. Lassiter, Marvin Goodall, third grade; Lottie Estelle Butler, Marjorene Hagins, Eula Mae Herring, Willie Gene Pearson, Leona Rudder, Betty Lee Simpson, Leona Rhinehart, James Herbert White, fourth grade; Mary Pearson, Josie Lee Carr, fifth grade; Billie Doug Groves, Bobby Joe Garner, sixth grade; Jewel Dean Hahn, Elmer Von White, Burl Dickerson, seventh grade; Nettie Fae Garner, Lloyd Rhinehart, Miralva Parks, ninth grade; Velene Cooper, Louis Hellett, tenth grade; Lena Overfelt, Arloine Hagins, 11th grade.

There were 85 present at the Church of Christ Sunday. There were a lot of visitors there from other towns. Noel Boothe of Post gave an interesting talk. Church begins at ten o'clock every Sunday morning and everyone is urged to attend.

There were 50 present at the Baptist church Sunday. Quite a number were late Sunday morning. They ask that everyone try to be on time. Sunday school begins at 10:15 o'clock.

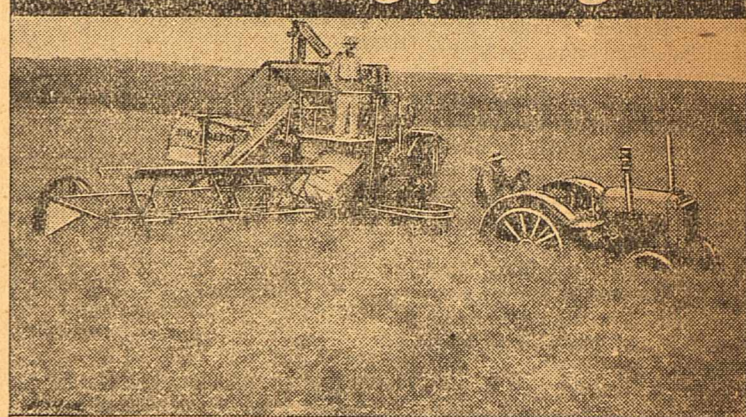

Everyone enjoyed Rev. Grizzle's sermon Sunday morning. The Workers Meeting begins Thursday, May 13. Next Sunday is Mother's Day. Everyone be present for the program.

Every Friday and Sunday morning and night at the Assembly of God church in Antelope community, services are held. They ask that everyone come and worship with them.

R. E. Stewart, of McAdoo, was a pleasant caller at the Times office Tuesday. He stated that "the Dickens County Times is one of the best papers I have ever read, and could not do without it." Thanks.

CAMPBELL'S MORTUARY

SPUR, TEXAS

May 6, 1937.

DEAR FRIENDS:

If you are like many other friends who are interested in knowing more about funeral services, one of the first questions that comes to your mind is "what do funerals cost?"

The answer depends altogether on the desires of the family. We have complete funerals priced as moderately as may be obtained anywhere, with gradually increasing rates as the quality of the casket increases. Our complete service in all prices includes the casket, professional services, use of the casket coach, and use of our funeral home if it is desired to hold services there. All our prices are clearly marked in our display room, and there is no variation regardless of the person interested or his financial standing.

Many of our patrons desire the additional protection of an airtight, water tight metal vault, for which a reasonable additional charge is made. These vaults are made of 12 gauge Armco Ingot Iron.

In addition to the funeral charge there is the cemetery charge for the burial plot and opening and closing the grave. Any further charges depend upon the extra services that may be desired.

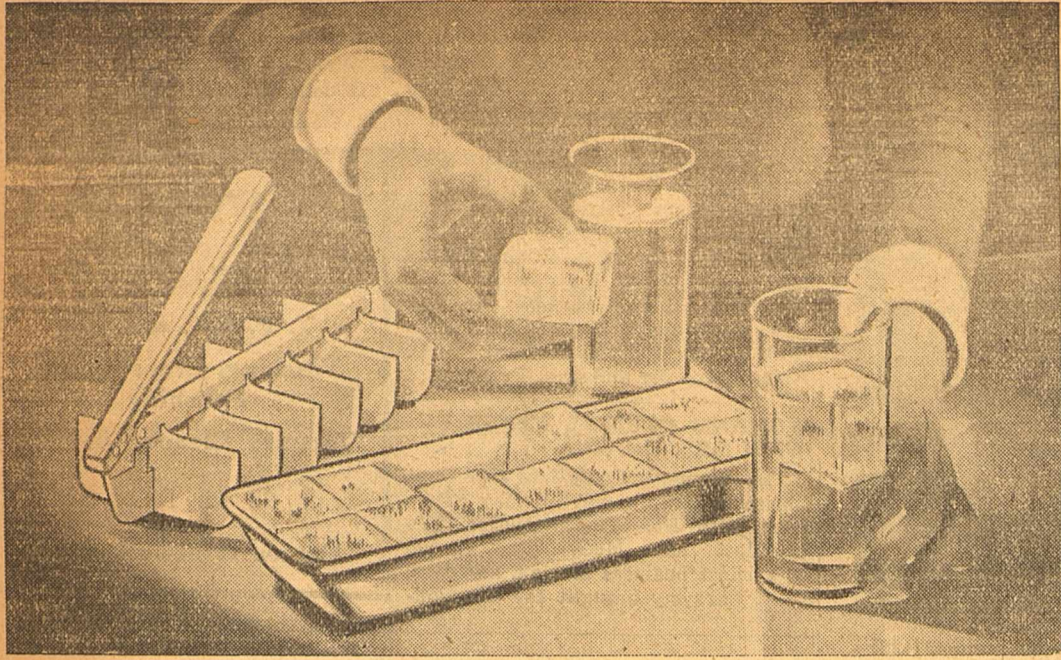

After all, the best way to judge values in funeral service is to examine the casket (and vault, if one is desired) and talk over the various forms of service and their cost. You are invited to visit our display room any time you wish, and see the various styles and finishes of caskets and vaults we carry.

Yours most cordially,

CAMPBELL'S MORTUARY

Instant Cube Release Feature of New Frigidaire

Gone are the days when tugging, chopping, twisting gymnastics are necessary to obtain ice cubes from an automatic refrigerator, says the local manager for the West Texas Utilities Company—Frigidaire dealers. Shown above is the new and efficient instant cube release featured in the 1937 Frigidaire. Developed in the research laboratories of the Frigidaire Division of General Mo-

tors, the new type ice tray makes available instantly and with no effort on the part of the user from two to a dozen or more cubes, doing away with the necessity for holding trays under the water faucet and losing up to 20 per cent of the ice content in meltage. One grasps the tray firmly with one hand, lifts the lever with a finger of the other hand, and there are the cubes ready for use without fuss or muss.

McADOO NOTES

Mr. and Mrs. Will Eldredge went to Olton last Sunday to see Mr. F. M. Lawson and little daughter, Joan. Joan is the grand daughter of Mr. and Mrs. Eldredge.

Velma Smith, junior in McAdoo school, won first place in essay writing in the regional meet at Canyon. She will go to Austin to enter the state meet. Velma is the daughter of the superintendent of McAdoo school, Prof. and Mrs. O. L. Smith.

Eugena Butler has gone to Dallas to visit with relatives. Fay Ola Miller returned to Fort Worth last Tuesday after spending a few days with her parents, Mr. and Mrs. Bud Miller.

Mr. and Mrs. Starley Dennis and Wanda Lou visited with Mr. and Mrs. Irvin Clark of Lubbock last weekend. Mrs. Denis is a sister of Mr. Clark.

Mr. Si Brantley was in a car wreck last week end and damaged his new car, but he did not receive any serious injuries. Roy Isaacs was in the car with him. He also escaped without injuries. It was reported a cow on the highway caused the accident.

Mr. and Mrs. J. O. Morris, Mr. and Mrs. T. L. Dozier, Mr. and Mrs. J. W. Jones, and Mr. and Mrs. J. T. Parker attended the district conference of the Methodist church which met at Spur Thursday.

The home economics girls and their teacher, Miss Hayhurst, went on an all-day picnic Saturday, at the new state park at Silver Falls.

Mr. Alvis Yeats and the Boy Scouts spent Saturday in making a hike of several miles. No doubt Saturday was an outstanding day for both the home economics girls and the Scouts.

Second quarterly conference was held at the Methodist church Sunday. The presiding elder, Rev. E. E. White, preached at the morning hour. After dinner was served at the church, conference was held in the afternoon.

A program in honor of Mothers' Day will be presented at the church next Sunday.

Mr. Alvis Yeats will begin a Bible school for the young people of the community Sunday night, May 9. The school will be held in the Methodist church at night. All young people are urged to attend.

District conference of the Methodist churches in Plainview district, will be held at Plainview Tuesday, May 5. A number of delegates and the pastor of the local church attended.

Miss Katherine Rose, teacher in the Dickens schools, was at home this

week end.

Mr. J. J. Griffin, who has been ill, is reported to be improving rapidly.

McADOO FOUR-H CLUB IN REGULAR MEETING.

"Underclothes are the foundation of dress. If they do not properly fit, ruined," said Miss Hazel Moore to the McAdoo club girls in their meeting Tuesday morning, April 27.

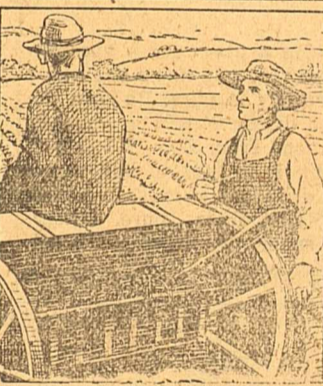

A slip should be chosen with care. The color greatly influences the color of the dress with which it is worn. The material should easily absorb moisture because the body gives off daily a pint of water. One purpose of underclothes is to protect the dresses from perspiration, she explained more fully.

Making a slip is another goal for the year. One slip was cut out. Miss Moore said, "Tailor's tacks indicate tucks, plaits, darts, seams, etc. To make them use double thread in your needle. Take two small stitches crossing each other and leave a loop in the later stitch. Separate the pieces by cutting the tailor's tacks between the material."

To finish a seam is a part of its making. If the material ravel, either pink the seams or overcast them. The seams should be pressed open, making the garment appear neater as well as making it fit better.

Pauline Cox, Wanda French, Alice Butler, Yvonne Allen, Gwendolyn Wooley, Leona Harris, Effie Ford, Deolva Barbee, Vollena Finney and Katherine Ward were members present.

Uncle Jim Says

Grasses and legumes check costly soil losses and help provide cheap feed for livestock.

Texas farmers have learned that soil losses on minor slopes can be prevented by cover crops or by reverting the crop land on such slopes to pasture.

Legumes take nitrogen from the air and make it available in the soil for subsequent crops. Legumes are high in protein and minerals; when livestock have access to legumes, a saving in grain and protein supplement necessary to balance the ration is usually realized.

Many of the clovers have an excellent physical effect on the soil in that their roots penetrate to unusual depths and loosen up the subsoil. One of the direct benefits of this action is that the soil can absorb and store more moisture.

The farmers of Texas are using more legumes. The 1930 census figures show that 394,555 acres were devoted to legumes in 1929; while the 1935 census figures list 773,783 acres of legumes in 1934. The past year saw Texas farmers in compliance with the Agricultural Conservation Program, plant 1,776,868 acres to legumes.

Pastures which contain a combination of legumes and grasses provide longer period of grazing and a more balanced ration for livestock; tend to check erosions and soil losses; and build up the soil by adding humus and nitrogen.

The Agricultural Conservation Program contains provisions for carrying part of the financial burden of conservation projects, and offers aid to farmers in the task of improving and maintaining soil fertility.

Old Age Pension Information Given

There are 78 old people in Dickens county whose plea for old age assistance has been denied. In the entire state 68,422 have met a similar fate, while no decision has been made regarding 33,607 other applications. One person out of every three seeking relief has his or her application denied outright. Seven of every ten applications denied are because of "No need reflected." These and many other interesting facts are contained in the Texas Old Age Assistance Commission's Analysis of Applications, Grants and Denials of March 31, 1937, which may soon be made public. Other enlightening facts revealed are: Harris County leads in the number of old people who have been denied old age assistance. The number disproved is 4,851 while the disposition of some 1,500 more has not been announced. Dallas County, with 6,382, has the largest number of approved applications, but 4,018 have been denied and no decision announced in 1,488 cases. In the entire state 223,800 persons have applied for pensions. Of this number 121,771 have been approved with 102,000 denied or still pending.

Named to Higher Work with Santa Fe

Paul B. Hastings, assistant freight traffic manager of the Santa Fe Railway, has been appointed freight traffic manager, succeeding the late C. C. Dana, F. B. Houghton, vice president in charge of traffic, announced this week. His appointment was effective May 1.

Mr. Hastings' service with the Santa Fe goes back to August 18, 1891, when he went to work in the freight auditor's office as a rate clerk in Topeka, Kansas. Subsequently he served in Prescott, Arizona, Chicago, and in San Francisco.

During the years 1918 through 1920 he was with the United States Railroad Administration in Washington, first as assistant to the director of traffic and later as special traffic assistant.

In July, 1936, Mr. Hastings was promoted from general freight agent to assistant freight traffic manager, with headquarters in San Francisco, which position he has held up to this time. As freight traffic manager he will have his headquarters in Chicago, Illinois.

Robert Ragan spent last week in Paducah with relatives and friends.

The children of Mr. and Mrs. R. C. Galloway and a few friends met in the home of Mr. and Mrs. R. C. Galloway Sunday. Those enjoying the day were Mr. and Mrs. Floyd Parks, and family, of Feny; Mr. and Mrs. Elvin Galloway and son; Mr. and Mrs. E. O. Galloway and family of Croton; Mr. and Mrs. Jack Ragan and family; Mr. and Mrs. Garland Parker of East Afton; Mr. and Mrs. E. H. Floyd of Afton; Mr. and Mrs. Finny of Grow.

Miss Fern Bazer accompanied Mr. and Mrs. Floyd Parks home, where she will spend a few weeks with the family.

Mr. and Mrs. Frank Alexander returned home Sunday after spending several weeks with their children, Mr. and Mrs. H. B. Alexander of Glenn. Mr. and Mrs. J. D. Henley of Afton and Mr and Mrs R. C. Alexander of East Afton.

Mrs. Lora Wilson of Hobbs, New Mexico, visited last week with her parents, Mr. and Mrs. M. M. Allison and her daughter, Miss Imogene Wilson.

Funeral rites for Mrs. Bert French were held Saturday afternoon at 3 o'clock in the Baptist church of Afton. Rev. Bristow officiated. Mr. Bill Kinney was in charge of the funeral arrangements.

Mrs. French suffered a short illness in a Lubbock hospital before her death.

She is survived by her husband, Bert French, and eight children; a brother, of Turkey; and a host of other relatives and friends.

Miss Opal Sharp, Roaring Springs, visited Sunday with her parents, Mr. and Mrs. R. D. Sharp.

Miss Melba Robinett entertained a few of her friends in the home of her parents, Mr. and Mrs. Bill Middleton, celebrating her thirtieth birthday with a party last Friday week. Among those enjoying the party were Adaline and Jean Byars, Kathran and W. J. Sharp, Phauline and Sidney Goodwin, Doris Galloway, aCrl-ton French, Lewis Rainbolt, Lee Robertson, Troyce and Cecil Daniels, L. A. and Edward Gales, L. J. Billie, and Cassie Marie Offield, Adalou Robinett and the hostess, Melba Robinett.

Mrs. Joe Thornton of Red Lake Camp is visiting this week with Mr. and Mrs. La Vaughn Thornton of Spur.

Mrs. Barnis Bert visited in the home of Miss Minnie Harvey Saturday.

Mr. and Mrs. Henry Williams attended church services at Gravel Hill Sunday.

Pressure Is On! One Month to Go

If she can keep it up till June 1, Miss Sara Bernice Honea, student at Texas State College for Women, will be able to point with pride to a Straight-A record in scholarship during her entire four-year college career. She has also taken active part in campus social life, being president of the Y. W. C. A. and an accomplished singer and pianist. Her home is in Afton, Texas.

Dr. Cox Warns Against Typhoid

Dr. Geo. W. Cox, State Health Officer, characterized typhoid fever as a national disgrace and an unnecessary evil, while discussing this preventable disease. He said, "Each year about four hundred Texans die of this disease and approximately four thousand are sick with it. The average duration of illness is about six weeks; this means that the disease is responsible for the loss of 168,000 days in Texas each year.

Typhoid vaccine is a harmless solution. This is injected under the skin in the upper part of the arm in three doses, usually at weekly intervals. It ordinarily protects against the disease from two to three years or longer, although one who is definitely exposed to infection should be revaccinated more frequently.

Typhoid fever can be controlled by the use of pure water, pasteurized milk or clean milk, clean foods, proper disposal of sewage, screening against the fly and destroying its breeding places, by search for and care of human carriers, and by the general practice of vaccination.

Certain people, apparently healthy, carry the germs of typhoid fever in their intestines or urinary tract and cause many cases of typhoid each year through handling foods with unwashed hands. They are called typhoid carriers and many cases result from personal contact with these carriers.

In selecting a place for a vacation choose one where you know the water and milk supply is pure. Be sure the kitchen and dining room are screened to protect food from flies. When you are camping it is best to boil water used for drinking purposes, unless you know that it is pure. Clear, sparkling spring water may be polluted by drainage.

VISITOR FROM LONDON IS HONORED AT DINNER.

The lovely ranch home of Mr. and Mrs. B. C. Cairns, near Clairemont, was the setting for a delightful dinner party Monday evening, complimenting Mr. Cairn's sister, Mrs. Edie Grierson, of London, England, who is visiting Mr. and Mrs. Cairns.

A tour of the flower gardens surrounding the home preceded the dinner and games of bridge were played later in the evening.

The guest list included the following persons from Spur: Mrs. W. B. Lee, Mrs. R. E. Dickson, Mr. and Mrs. Roy Stovall, Mr. and Mrs. Clifford B. Jones, Dr. and Mrs. P. C. Nichols, and Mr and Mrs. Ty Allen.

WOMAN'S COUNCIL MEETS WITH MRS. MCGEE.

The Woman's Council of the First Christian Church met Monday afternoon with Mrs. Edgar McGee. The president, Mrs. McGee, had charge of a short business session, and Mrs. E. L. Caraway brought the devotion-

al. After a song and prayer Mrs. B. F. Hale talked interestingly on medical work in the missionary fields of Belgian Congo. Mrs. Caraway discussed learning the language in Belgian Congo.

NOW A TRACTOR YOUR NEIGHBORS WILL CLIMB A FENCE TO SEE

NEW CASE MOTOR-LIFT AND EASY ON-EASY OFF IMPLEMENTS

THE TALK OF THE TOWN

● The Case all-purpose tractor has risen to huge popularity this year as each owner tells his neighbor about its many savings. The Motor-Lift acts instantly regardless of footing or tractor travel. Step on the button and the gangs are up . . . step on it again and the gangs are down. Not an inch of ground skipped, not a second's time lost in turning or backing. Implements changed in a few minutes by one man . . . quicker than harnessing and hitching a team. Just take a look at these new tractor features. That's all we ask. You'll say as have many others that they're the greatest improvements in power farming. Come in.

1917 STUDY CLUB MEETS WITH MRS. DICKSON.

Mrs. Luther Jones was leader for an interesting program Tuesday afternoon when the 1917 Study Club members met with Mrs. R. E. Dickson.

Mrs. Nell Davis and Mrs. V. V. Parr were others taking part on the program.

The following members were present: Mesdames Parr, Davis, Frank Laverty, Anna McClure, Jones, Henry Gruben, W. F. Godfrey, J. E. Berry and W. W. Stephens.

MRS. M. D. IVEY HOSTESS TO 1933 STUDY CLUB.

Mrs. M. D. Ivey was hostess Tuesday afternoon to members of the 1933 Study Club for a program on Music.

Mrs. Ivey spoke on musicians of the present day and Mrs. Charlie Powell discussed musical instruments. A vocal solo by Mrs. George Gabriel was enjoyed very much.

In a business meeting the club voted to buy a medal to be presented to some child who did outstanding work in the Spur High School Band.

Refreshments were served to Mesdames Gabriel, Powell, J. H. Swan, Monroe Tunnell, Foy Vernon, D. H. Sandidge, O. C. Arthur, C. H. McCully, Frank Watson, W. F. Gilbert, W. D. Weaver, Thurmond Moore,

Barney Johnson, Jerry Willard and F. B. Crockett.

BETTY JANE GATES IS HONORED WITH PARTY.

Mrs. P. H. Gates entertained Tuesday afternoon with a play party in celebration of the eighth birthday of her daughter, Betty Jane.

Miss Elizabeth Keen assisted in directing games. The decorated birthday cake was cut and served with cheerios to the following guests:

Sherry Campbell, Shirley, Roland and Kenneth Hatgrove, Jodie and Jean Whitener, Iris Maurine Smith, Patricia and Helen Virginia Marrs, Jane Brannen, Autrey Nell Dyess, Billy Barber, Jackie and Creola Rector and Jimmie Koon.

SPUR GIRLS BRING HOME HONORS.

Saturday afternoon when Mary Louise Lisenby, Eva Albin, Nell Arthur, Helen Hale and Mrs. O. C. Thomas returned from the State Home Making Rally at Fort Worth, they brought with them two first places and a third place.

Mary Louise Lisenby won first on the evening dress she made for herself; Helen Hale also won first place on her school dress; Artaban Club won third place on its yearbook of programs.

For those desiring to see the winning articles, both dresses with the accessories worn by the girls and a copy of the yearbook will be on display in Bryant-Link's window all day Thursday.

MOTHER'S DAY

Next Sunday all America will pay tribute to those women who have worked devotedly at the most difficult job in the world—the making of men and women.

How beautifully Mother did it, and how ingeniously! She "knighted" us in the wood shed with a peach tree switch when we had been a bit too saucy, only to brush away the hurt with a kiss. She met us at the door with smiles and a bite to eat when we rushed in from school or play. To us she was home itself, and such a haven of comfort that pain or heart aches eased when her arms went around us.

And now that we are grown, the years and miles that have separated us have not lessened her loyalty or her love. She knows that no matter how splendid our attainments may be, we shall never grow too wise to need her care.

God save the Queen of America! We love her!
