

SPUR -- DICKENS WELL TO SPUD IN SOON

Dickens County Is Hopeful For Large Wheat Production

There is a conservative estimate that Dickens County has more than 23,000 acres of wheat, which is about ready to harvest and some is being harvested at this time. This is the largest acreage of wheat grown in Dickens County up to this time.

If the estimated production proves true, there will be more than 400,000 bushels of wheat produced in the county this year, and most of it will go on the market about as rapidly as it is harvested, since few of the farmers are prepared with storage to hold it. Good, well developed wheat has been selling around one dollar per bushel. However, the markets have been cut considerably by people trying to harvest their wheat too green and selling it before it has cured.

Last week in Fort Worth three or four carloads of wheat were cut back from the market because it was harvested too green. In Wichita Falls the market price was cut around 15 cents per bushel because of green wheat. It is hoped that our farmers will watch this little technicality and produce real wheat in Dickens County. Unless hail should strike this country will be able to furnish the market with good quality of wheat.

Hyatt Takes Over Store Management

Horace Hyatt, who has been with the Clover Farm Store the past six weeks, became manager of the Grocery Department for that business this week. Mr. and Mrs. Hollis Atkinson have gone to Stamford where they are rushing preparations for the opening of a new store there.

Mr. Hyatt is a graduate of Spur High School and also a graduate of Draughton's Business College. After leaving the business college he was with the F. & M. Bank at Abilene three years as a bookkeeper. He then became associated with the Piggy-Wiggly Stores and was with them six years. He then secured a position with Bryant-Link Company in the grocery department here and was with that firm four years.

Before becoming associated with the Clover Farm Store here he was with the King Feed and Fuel Company at Stanton and with the West Texas Food Market at Midland.

His educational qualification and business experience amply prepare him for service in his new office with the Clover Farm Store. He has a great number of friends in the community and has a very extended acquaintance with the people of this section. He has a pleasant business attitude, and many people have expressed their approval of his recent promotion.

CANYON GIRL BECOMES BRIDE

Mr. Charley Dozer, son of A. J. Dozier of Afton, and Miss Cleopatra Stewart, of Canyon, were married Saturday, May 29, at Matador, with Rev. D. D. Dennison, Methodist minister of that city, reading the matrimonial rites. After the ceremony, the couple went to Canyon to see the bride's parents.

Mrs. Dozier was a teacher in Afton school the past session.

Mr. and Mrs. Dozier will make their home at Afton where Mr. Dozier is employed.

METHODIST CHURCHES

Everybody is cordially invited to attend the third quarterly conference at Afton next Sunday, June 13. Officials are especially urged to attend. Preaching, 11 a. m. Dinner on the ground.

Business session, 1:30 p. m.

E. L. Naugle, Pastor.

Supt. Paul S. Rogers, of the Girard schools, was attending to business matters in our city Tuesday.

Mr. and Mrs. Joe Salem and children of Sudan were in our city Tuesday visiting friends and relatives.

Mrs. W. D. Wilson and Mrs. Jane McArthur, of Lubbock were in our city Tuesday calling on friends.

Mr. and Mrs. J. L. Robertson and son, of Santa Monica, Calif., arrived here Sunday to spend a few days visiting relatives and friends.

Soft Ball Tournney At Dickens Sunday; Spur is Defeated

There was a tournament in soft ball played at Dickens diamond Sunday afternoon. The two teams in Spur, the team at Girard and the team at Dickens made up the tournament. The first bracket was between Dickens and Girard, in which the Dickens team was victor to the score of 10 to 2. Terrell Hale's team played Bill Kinney's Buccaneers and Kinney's line-up won with a score of 12 to 6.

The two winning teams in the semifinals played for tournament honors. Dickens won this game with a score of 12 to 6.

It is conservatively estimated that 1,000 people or more were present to see the games. There was no admission charge, and the tournament consisted of a big get-together of soft ball fans to enjoy a good time.

Chester Edwards, Former Spur Boy Married Saturday

Chester Edwards, Jr., and Miss Irene Rodda, of Lubbock, were married at nine o'clock Saturday morning at the home of the groom's grandparents, Judge and Mrs. G. B. Jopling. The marriage vows were read by Judge Jopling in the presence of a number of friends.

Chester is the son of Mr. and Mrs. C. R. Edwards, formerly of Spur, and for many years a leading dry goods merchant in our city. He comes from one of the oldest and most highly respected families in Dickens County, and is a young man of sterling qualities. The bride is a daughter of Mr. and Mrs. Rodda who are business people in Lubbock. She recently graduated from Lubbock High School, being a member of the 1937 class. Mr. Edwards graduated from Spur High School with the class of 1932.

Mr. and Mrs. Edwards will make their home in Lubbock, where he is engaged in business. Their many friends extend to them wishes for many happy years together. Mr. Edwards has the confidence of all his friends in Spur country.

Former Spur Man Writes Friends Here

In a letter to E. M. Wilson recently, Dewey L. Granberry expressed his appreciation of his many friends in Spur country. Mr. Granberry was Secretary of the Chamber of Commerce here for several years, and is now Secretary-Manager of the Chamber of Commerce at Victoria, Texas. His message to his friends in his letter to Mr. Wilson is as follows:

"I've had one nice raise since coming here, and I hope to get another before many moons. This is a most conservative old city. I'm gradually gaining their confidence, and, believe me, I'm going to keep it. When I came here not a single one of the twenty or more millionaires here gave a dime to the Chamber of Commerce. I have four of them won over and I figure the rest will be easy since these four are the leaders. This is a great town and country. I brought a drought from West Texas down here with me and we really need a rain of any size believe it or not. Give all the boys my regards and I'm not leaving out any Dickens County folks from Old Tom Banks to Geo. S. Link, Sr. No man ever had a finer bunch of friends than the folks out there.

Best regards,
D. L. Granberry.

"Let's all hope that Mr. Granberry is not a drought carrier. He was in our country several years and we either had a hail or drought every year but two while he was here. However, he was a very needed agent in our community as a number of people received assistance through his efforts and had it not been for his untiring work it is difficult to tell what might have been the outcome in our community. He has a great number of friends here who know his real worth and know that he is true blue.

Several Scouts Go To Camp at Post For Vacation Trip

Some of the citizens who are greatly interested in the Scout work in our city, took a number of members of Troop No. 36 to Camp Post Saturday afternoon. The caravan left here about one o'clock Saturday afternoon and arrived at Camp Post about three. The Scouts were taken over the camp site and shown the general set up of the camp which gave them an idea of what they may expect when they go there for camp next June.

Troop No. 35 spent last week in Camp Post where they received some wonderful training. Troop 36 had not been organized long enough to make proper arrangements and to buy their suits in time to attend the camp with the other troops of the Eastern District. Troop No. 35 won first place in points of advancement as an average, and Troop 36 won second place on the same score. Troop 36 was not expected to be present and when they stepped in for a winning, other troops seemed a little surprised. Court of Honor was held at Camp Post Saturday afternoon.

In speaking of Camp Post Committeeen Crider and Weaver stated it is a wonderful place. Boys are told what to do, but are left to work out their own plans and methods, which develops their resourcefulness. In the camp is a camp cook, a camp physician, and a number of instructors in Scout work. Scoutmaster Wadzeck was there last week as an instructor and will remain there for two weeks more.

Foster a Patrol Leader.

The Scout Committee of Troop 36 would like to know if there are some people in Spur community who will sponsor sending a Patrol Leader of that troop to Camp Post. There are four patrol leaders in the troop and they want them to attend Camp Post before the camping period is over. They do not want any donations, but want some one to say that they will foster sending one of these boys to Camp Post and let the Scout work for them and pay back the expense money. Any one who will do so can see W. R. Weaver or E. S. Crider at the West Texas Utilities office, or Cecil Fox at Simpson's Barber Shop by Saturday, June 12, next Saturday.

People who sponsored the trip to Camp Post last Saturday are: Mr. and Mrs. W. R. Weaver, E. S. Crider, J. R. Laine, Mrs. E. F. Laverty and Mrs. W. F. Godfrey.

Members of the troop who went to Camp Post are: Riley Adcock, Billy Finley, Alfred Lee Elkins, James Fox, J. T. Franklin, Garland Harkey, Virgil Murray, Junior McLaughlin, Billy McKay, Jack Paterson, Weldon Reynolds, Eldon Reynolds, Virgil Thomas, Ferrell Thomas, Earl Thomas, Jerome Yarbrough, Billy Yoakum, and W. P. Steele.

Both troops returned together from Post Saturday night after the last camp exercises were held. Sunday a new district of troops began to occupy Camp Post and will be there this week for training.

It is a great trip for a boy, and he gets experiences that stay with him all through life. All of them good ones, too.

CAR HIT BY TRUCK

Mr. and Mrs. Chas. Whitener received quite a shock and a number of bruises and some cut places in a car wreck on Highway 18 Tuesday evening. They were enjoying an evening drive and were hit by a truck near the C. R. Gunn place. They were treated at the Nichols Sanitarium and seem to be getting along very well.

Seems to be just another case of two youngsters out on the highway when they should have been at home.

MEETING OF OLD SETTLER ASSOCIATION DIRECTORS IS ANNOUNCED FOR JUNE 14TH

C. C. Haile, president of the Motley-Dickens County Old Settlers Association, announces a meeting of the officers and directors to be held at the Travelers Hotel, Roaring Springs, Monday, June 14. The purpose of the meeting is to make plans for the Motley-Dickens County Old Settlers Reunion to be held in August. Mr. Haile urges everyone interested in the Reunion to attend the meeting.

E. O. Tyler Dies Monday At Home On Duck Creek

E. O. Tyler, 62, who has been a citizen of Dickens County for more than 20 years, died at the home of his daughter, Mrs. Delreo Taylor, in the Duck Creek community Monday morning. Mr. Tyler had been suffering for some time from a complication of kidney trouble and high blood pressure. Death took him away about seven o'clock Monday morning. Funeral services were held at Jayton at five o'clock Monday afternoon. Rev. J. E. Shubert of the First Methodist Church was in charge of the services. Interment followed in the Jayton cemetery with Kinney Funeral Home in charge of arrangements.

Mr. Tyler was born in Lavaca county November 9, 1875, and would have been 62 years of age next November. He had been a citizen of West Texas from an early day, settling in Stone-wall county 40 years ago. He moved to Dickens county in January of 1917.

He is survived by two daughters: Mrs. Daredo Hagins and Mrs. Delreo Taylor; and two sons, Pool and Bruce Taylor, all of Duck Creek settlement. Mrs. Tyler passed away 27 years ago last April.

Mr. Tyler was not an active member of the church. He probably joined the church several years ago. However, he was an honest, upright citizen.

County Sanitation Program Is Started

Launching of a county-wide sanitation program got under way yesterday when WPA workers, under the direction of Tom Verner, started the building of pit toilets in Dickens County. The project will last for several weeks, employing several WPA workers during that time.

Sponsored by the county, it is hoped by county officials that every one in the rural sections of the county will take advantage of the program and sign for the building of pit toilets, planned for sanitation in every detail. Owners must furnish only the material as all the labor will be provided by WPA workers. This includes supervision also.

Each year, it is claimed, thousands in Texas catch some disease through unsanitary toilets, and pit toilets are designed to prevent this. Many of the store owners in Dickens, McAdoo and Afton are expected to take advantage of the program and get sanitary toilets constructed.

Farm owners and tenant farmers throughout the county are urged to get in touch with Tom Verner if they desire to enter this sanitation program.

The Prairie Chapel School will hold an election Wednesday, June 9, to determine whether or not the school shall remain independent.

Dr. C. H. McIlroy of Slaton was calling on friends in our city Sunday.

Dickens County Schools Are Now Fully Standardized

Every school in Dickens County is now standard. This is the seventh year that the school system of the county has been striving toward the standardization goal. When a school becomes standardized, its name appears in the high school bulletin with the affiliated schools of the state. Any child coming from a standardized school may enter any school in the state in the same grade in which is classified without an examination. A school in order to standardize must be conducted in a modern, well equipped building, the teachers must have at least two years of college work, the patrons must be cooperative, the trustees must hold regular meetings with minutes of the meetings kept, and the pupils in addition to being orderly and interested must pass scientific tests.

These examinations are general in nature and a person in order to pass one of them must be a rather good student. The test grades made in Dickens County this year are much higher than they have ever been before.

American Legion in Session on Monday

The Boyd M. Williams Post of the American Legion held its regular meeting at the Legion hall Monday night. There was a nice number of the membership present and a very good time was enjoyed by all. Many of those present expressed their great interest in the work and seemed very enthusiastic for the future of the organization.

The next regular meeting will be held Monday night, June 21. The officers and leaders extend an invitation to all members to be present at the next meeting.

NEW CITIZENS FOR SPUR

Rex Everett, formerly of Levelland, is to be the representative for the Southwestern Life Insurance Company in the Spur territory. Mr. Everett moved his family to our city Monday and they are located in the Twaddell Apartments on West Third Street. Mr. Everett has spent his life in West Texas and was at Post for a number of years, spending most of his boyhood days there. He has been very successful in his business and hopes to place a number of policies here.

City Plans Town Clean-up Friday; Citizens Should Help

The City Commission has arranged for an all-round clean-up day through out the city to start Friday morning. People are requested to have all the old cans and other trash about their places and in the alleys picked up and placed in a convenient pile at the side of the alleys, where it can be conveniently loaded on trucks and hauled away. The old cans and other rubbish is needed to be picked up and piled Thursday in order to let the trucks haul it away Friday morning.

The boy scouts of both troops will be in charge of the clean up program. E. S. Crider will superintend the work. It will be a fine opportunity for people to get the old rubbish hauled away from their premises, and it will make our city look a whole lot better.

David W. Guion to Assist Rose at Ft. Worth Fiesta Soon

David W. Guion of Dallas, outstanding Texas composer and famed arranger of cowboy and other folk songs has been engaged by Billy Rose for the Melody Lane attraction of the Ft. Worth Fiesta. He will appear at the piano along with five other composers of famous American tunes.

Mr. Guion will play his arrangement of "Home on the Range," the song of the cattle country that leaped to international popularity through Guion's reworking of the basic melody. President Roosevelt has declared it his favorite piece of music.

Mr. Guion has lived in New York City for the past three years and completed arrangements by telegraph with Mr. Rose Saturday. His song, "Cowboy Love Song," was theme music of the "Cavalcade of Texas," at the Dallas Centennial Exposition last summer.

Mr. Guion has visited in Spur a number of times and has a wide acquaintance. In addition to being a composer, he is a great teacher of piano and has a great number of students in Texas. He is a cousin to Mrs. Pauline Clemmons, and to Mrs. Cap McNeill, the latter having studied piano with him a number of years.

COUPLE MARRY AT DICKENS

Everett Painter and Miss Pearl Singleton were quietly married at Dickens Tuesday. Judge Johnson, Justice of the Peace, for Precinct No. 1, read the rites in the presence of a few friends.

The groom is a son of Mrs. Ned Green of our city and is an industrious young man with honest purposes. The bride is the daughter of Mr. and Mrs. C. S. Singleton of Lamesa. Mr. Painter is 19 years of age and Mrs. Painter is 18 years of age. They will make their home in Spur.

Rig Is Expected to Arrive This Week; To Spud Promptly

Heavy Rains Delay Rig Movement; Location Not Divulged

After nearly four years of almost incessant work the Spur-Dickens Block of leases for oil and gas has been put into shape for drilling purposes and the first opportunity for an oil field will start within a few days. A contract has been signed by the J. F. Morrissey Company to drill this first well to a depth of 5,000 or produce oil or gas in commercial quantities before that depth. However, it has been the history of this company in their more than fifteen years of operation to do all their contracts have called for, and if no production was developed to go on deeper if the structure warranted it.

The well was expected to have been spudded in the first of this week, but on account of the extra heavy rains to the east of us and those here, it has been impossible to get a rig on the block to date. These unavoidable conditions cannot be helped. There was a heavy rain all through Wichita, Baylor, Young and other counties, Tuesday morning which stopped all work in the oil fields of that section. The rig is coming from that section and will start as early as the weather will permit.

It is thought that possibly the rig will reach the Spur-Dickens Block some time today. Mr. Carter, the land man for the Morrissey Company, is here, and is looking out the roads best suited to getting the rig in the field. The location has been settled upon according to his statement, but has not been announced. That is a matter that is the business of the oil company. But within a few hours after the rig arrives the work on the well will begin, and the spudding will be either the last of this week or the first of next.

Even the hope of an oil development in this section should give us all hope. If we can duplicate the East Texas field, we will make history for the oil industry. The main thing is for everybody to hold control and cooperate in any way they can when called upon, and everything will move along nicely.

Spur Boys Have Car Collision Near Paducah on Sunday

Six boys of Spur community were in a car collision about five or six miles south of Paducah on the Guthrie road Sunday morning. The boys had been out fishing and just before daylight they decided to go into Paducah and get some supplies. Some men had parked a Chevrolet pickup on the side of the road, and just before they hit a muddy place which drowned out their lights. Before they could stop the car they ran into the pickup.

Curtis Hisey, who was in the front seat, suffered a badly bruised face with several cuts about his face and head. Ernest Kearney, another boy in the front seat, received bad cuts over his eye and on his chin and other bruises and cuts. John O. Christal, who was driving the car, received a bad cut on his hand and other injuries. Guyton Young, who was in the rear seat, received a bruise on his head. Tommy Hisey, also in the rear seat, had his neck jerked considerably, and J. C. Draper, a third boy in the rear seat, received a bad bruise on his knee.

The boys were not driving very swiftly as they were in a Model T Ford, which should be satisfactory evidence that they were not going at an exceedingly high rate of speed. Joe Draper and Charlie Kearney went out Sunday and brought the boys home. Part of them had to have the attention of a physician. The car is in very bad condition and will need quite a lot of repair.

Mrs. W. A. McAlpine and son Billie and sister, Miss Blanche Dabney of Abilene, are in our city this week, as guests of Mrs. Cap McNeill and Mrs. Pauline Clemmons and other relatives.

Nobody's Business

By JULIAN CAPERS JR.

Austin, Texas.—With a strangely mixed record of good and bad legislation, the 45th legislature's regular session was brought to a final end in the wee hours of Sunday morning, with its clocks turned back, as members prepared to pay a flying visit home and return to resume their efforts at the first called session scheduled by Gov. Allred for Thursday of this week.

The governor specified nothing but repeal of pari-mutuel betting on horse races in his call, but pointed out omission of the usual reservation of his right to submit other matters did not preclude his doing that thing, provided progress on the race repeal measure justified submission of other matters. Bryan Bradberry of Abilene, author of the repeal bill in the house, planned to hold one-day hearings on Friday and report the bill to the house floor immediately. Prompt passage by the house by a large vote was foreseen. What the senate will do remained doubtful. Frank Rawlins, shrewd senator from Tarrant county, who single-handed blocked action in the regular session of the senate, was expected to resume the battle to prevent a senate vote.

Appropriations Up.

Appropriation bills, rushed through conference committees, in the dying hours of the regular session, further complicated the state's woeful financial condition. Budget appropriations for the biennium were hiked approximately \$10,000,000 total, as forecast in this column recently. John Redditt, chairman of the senate finance committee, constant comforter of the special interests' lobby, which fears taxation, however, promptly came out with an optimistic statement that he believed only \$5,000,000 to \$7,500,000 additional revenue would be necessary despite the current 10 million dollar deficit and the upped appropriations.

DeBerry Is Confirmed.

Nomination by Gov. Allred of Tom DeBerry, former senator from Red River, to succeed John Wallace as member of the board of control on Jan. 1, 1938, was confirmed by the senate, but brought out much discussion. Allred's unprecedented action in submitting this and other nominations far in advance of vacancies in the offices brought the question on the senate floor as to whether the governor planned to resign to accept a federal judgeship. This Allred denied, but his denial was carefully worded, and serv-

ed merely to strengthen the growing belief here that he will quit and take the federal post if it is offered to him. Wild rumors that the deal had fallen through because the national administration had determined to "punish" Tom Connally, the junior senator, for his opposition to the Roosevelt court plan, were discounted here by those who know of Connally's close personal relationship with Roosevelt and John Garner. They pointed out that Connally has opposed the president vigorously on the NRA, the St. Lawrence waterway treaty and other measures—and remained one of the most influential administration senators in Washington.

Advertising Bill Dead.

If Texas voters are to be given an opportunity to vote on whether the state shall advertise to attract industrial capital and tourist trade, it will not be for another two years. Despite valiant efforts of Lieut. Gov. Walter Woodul, who piloted the resolution through the senate, the house failed to vote on it. Friends of the bill declared they received little cooperation from Bob Calvert, speaker of the house, in getting it up, although Calvert saved the measure from defeat once by supporting it on a tie vote.

Veto on Dental Bill?

Final passage of the silly measure which would prohibit dentists from advertising in newspapers, with signs or otherwise, drew predictions that Gov. Allred would veto it on constitutional grounds. Newspaper publishers and others who have opposed it on the ground that it involves a principle questioned its validity and urged the governor to strike it down. They declared the legislature might decide next to forbid grocery stores, filling stations or restaurants to advertise their wares.

Seek Road Money.

The eyes of Texas this week were turned toward Washington, where the members of the Texas Highway commission and good roads advocates in the state were wiring Majority Leader Sam Rayburn of Bonham urging support of the Cartwright amendment to the emergency relief appropriation for 1937-38. The amendment would designate a substantial sum out of the president's \$1,500,000,000 relief fund for highway construction, sending it through regular channels, including the U. S. Bureau of roads and state highway commissions. It would be applicable for federal aid and for farm-to-market roads, and would give to Texas about nine million dollars additional highway money without additional federal matching. The legislature adopted a joint resolution memorializing congress to approve the plan, pointing to the permanent benefit derived from other relief money spent in this manner, and citing the useful employment resulting. Congressional action was anticipated in this week.

Grasshoppers Are Becoming Menace To Crops of County

Numerous farmers have called at the county agent's office within the past week reporting that grasshoppers are beginning to become quite a menace to their crops. The county agent is negotiating with the state office in an effort to secure ready-mixed poisoned bran mash for control of grasshoppers, but until this material is available control measures should be employed to protect crops, which may be done by the use of the following formula:

Coarse wheat bran, 25 pounds.
Paris green or white arsenic, 1 lb.
High grade amyl acetate (avoid cheap grades of banana oil or bronzing liquids) 1 ounce.

Cane or sorghum molasses (avoid corn syrup) 2 quarts.

Water sufficient to make a moist mash as explained below.

Mix the bran and poison together thoroughly. Dilute the amyl acetate and molasses in about two gallons of water. Pour this liquid over the mixture of poison and bran until every particle is moist. Then make further additions of water and mix thoroughly until the mash is obtained that is quite moist, yet so it will fall apart after being tightly squeezed, and so may readily be sown broadcast.

The quantity of mash should be broadcast so as to cover about five acres. Good practice is to mix at night and sow early in the morning before nine o'clock, since the hoppers do not actively feed until the dew dries up. If it is desired to kill hoppers in grass land, sow over the entire acreage to be protected. Where they are migrating from fence rows or pastures into cultivated crops, sow the fence row on a fairly broad margin of the pasture, and also a broad margin of the cultivated crop with the mixture.

Amyl acetate is preferable in the formula, but if it cannot be obtained, substitute six lemons for one ounce of the amyl acetate. This should be diluted with water as with the other substance, but one should use both juice and rinds, grinding the latter in a fine food chopper.

Do not place the mash in piles.

Do not use lead arsenate—use Paris Green or white arsenic.

Do not use cheap banana oil or bronzing liquids.

Comparative experiments in recent years conducted by Federal entomologists have developed the conclusion that a bran mash containing only the coarse bran and poison and water, in the proportions mentioned in the formula above, is as fully effective as when the molasses and lemon or amyl acetate are included.

Dickens

Mrs. Lulu Johns and Mr. and Mrs. Will Bradford visited Mr. and Mrs. Jim Askins the first of the week.

Mrs. Charlie Gunn was in Spur Trades Day doing some shopping.

Miss Ina Parker attended the beauty contest at the Spur municipal swimming pool Tuesday night of last week.

Mrs. Oscar McGinty and son visited her aunt, Mrs. Hunter, the first of the week.

Miss Gladys Smith returned to her home in Palo Pinto County after having spent a month visiting in the home of Mr. and Mrs. W. F. Cathey.

Jean Carroll's children, who live at Weatherford, are visiting him here this week.

Roy Collins, of Fort Worth, is visiting his brother, "Shorty" Collins, this week.

Mrs. Oscar McGinty went to Lubbock last week and had her tonsils removed. She is able to be at home this week.

Miss Ruth Turpen visited Miss Ina Parker the last of the week.

Mrs. Oscar Warren and daughters visited Mrs. S. B. Parker the last of the week.

Wheat in this community will be ready to harvest the last of this week. Mrs. Charlie Bird, who has been ill, is able to be up at this time.

Morris Green is reported some better. He has an abscess of the lung.

If you are not attending Sunday School, come and join the Sunday school at the Baptist Church in Dickens. The church would be glad to have you with them.

Harrell Ferguson has gone to Fort Worth to visit relatives.

—Reporter.

Summer Project Work Provides For Many Opportunities

Students taking advantage of the summer project work offered by the Homemaking Department of Spur High School find a new perspective in learning, that is, seeking a better way of doing the ordinary household

activities. The knowledge of and the management of situations is the fundamental aim. Mrs. Thomas, the instructor, is trying to help the student to see that the one-half credit granted in the work is really secondary to having the ability, through experience, of accomplishing worthwhile home problems.

Projects chosen by the students thus far consist of "Repairing, Remodeling and Adding to My Wardrobe;" "Caring For and Preserving Foods from our Vegetable Garden;" Planning, Preparing and Serving Attractive and Well Balanced Meals to my Family;" and "Refinishing the Furniture and Re-Decorating My Bedroom." Are not these worthwhile accomplishments for any girl?

Because Mrs. Thomas feels that some students failed to take advantage of the opportunity of registering last week, she desires to see other students Wednesday morning, June 16, at the High School. An extra one-half credit in Homemaking can be used advantageously by most High School students. Register without delay.

Several women of Spur and surrounding communities have brought their individual problems to Mrs. Thomas. She is assisting them in menu planning, food preparation and

FILL THE TANK ONCE and drive all day!

FORD "60" OWNERS REPORT 22-27 MILES PER GALLON

The 60-horsepower Ford V-8 is writing remarkable mileage records on American roads. Private owners and fleet operators alike report averages of from 22 to 27 miles on a gallon of gasoline.

You can fill the tank of your Ford "60" and drive all day—300 to 400 miles—without stopping again for fuel. Besides costing less to run than any Ford car ever built, it sells at the lowest Ford price in years. That's double economy!

The "60" delivers V-8 smoothness and quiet at speeds up to 70 miles an hour. It is built into the same roomy body as the famous "85"—with the same modern features of comfort and dependability that make the 1937 Ford V-8 unquestionably THE QUALITY CAR IN THE LOW-PRICE FIELD.

Ford V-8 "60"

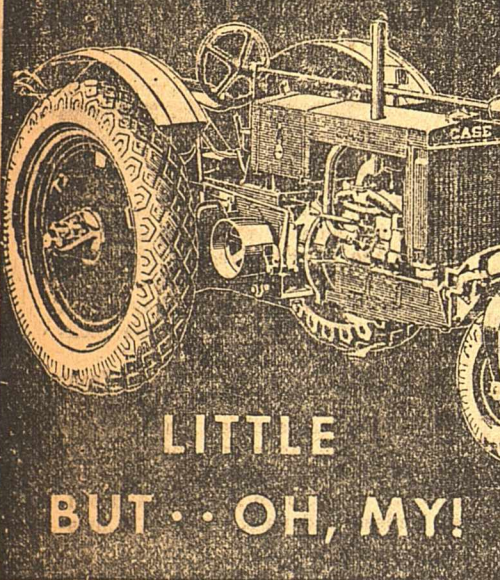

FORD V-8 PRICES BEGIN AT \$529 at Dearborn Factory. Transportation charges, State and Federal taxes extra

This price is for the 60-horsepower Coupe, illustrated above, equipped with front and rear bumpers, spare tire, horn, windshield wiper, sun visor, glove compartment, and ash tray.

\$25 A MONTH, after usual down-payment, buys any model 1937 Ford V-8 Car—from any Ford dealer—anywhere in the United States. Ask your Ford dealer about the easy payment plans of the Universal Credit Company.

COME IN AND SEE THE

CASE "RC" TRACTOR

1-2 PLOW POWER (AND THEN SOME!)

PULLS 2-ROW CULTIVATOR AT 4 1/2 MILES PER HOUR

TAKES THE PLACE OF 4 OR 5 HORSES

HAS CULTIVATOR AND MOWER ATTACHMENTS

Here it is—a sturdy little 1-2 plow tractor for the small, diversified farm... or as additional power for farms with larger tractors.

You should see it pull a 2-row cultivator at 4 1/2 miles per hour—on one 16' plow bottom or two 12' bottoms in high gear at reduced engine speed... or do a variety of belt jobs at a belt speed of 2600 feet per minute!

Like the larger Case tractors, it has a hand clutch for easy-hitching... swinging drawbar and easy steering... fast speeds... easy belting... center-drive power take-off... differential brakes for pivoting on one wheel... light weight, yet good traction. This little Case "RC" tractor is so handy, so adaptable it's a regular "hired man." See it the next time you're in town.

"Love Is News" To Be Shown at Palace Theatre Sun. - Monday

Starred in Romance

Loretta Young and Tyrone Power, lovely screen actress and sensational film discovery of "Lloyds of London," are starred with Don Ameche in the gay Twentieth Century-Fox romance, "Love Is News," showing at the Palace Theatre in preview Saturday night, Sunday and Monday.

Women Add to Home Comforts With New Equipment As Aid

Members of home demonstration clubs in northwest Texas are reporting improvements and additions of equipment for their homes to their county home demonstration agents.

In Nolan county, Mrs. O. R. Artman of the Divide Club is building a stone and concrete cellar 10 by 14 feet which will be used to store canned goods and stored vegetables. In addition, she has repaired a small room adjacent to the kitchen which she will use as a canning center and to store a supply of canned food for general use.

Mrs. E. C. Ussery, has built a dirt cellar to house her canned goods. The top is constructed of cross ties covered with tin and a layer of dirt. Shelves to hold containers have been constructed.

The Wilbarger county home demonstration agent, in cooperation with the county health nurse, arranged for testing water from all wells in the Elliott community. Of the first 18 samples tested, 7 showed contamination due to faulty well curbs. Until the curbs are repaired, the water for household use will be boiled.

Old linoleum was used by Mrs. F. B. Johnson of Hockley county as a back for her kitchen cabinet which extends from floor to ceiling and is eleven and one-half feet long. The linoleum made a smooth, tight background, and papered nicely.

Drivers License Is Required in Course At Texas Tech Class

Drivers' license is a matriculation requirement for one course in Texas Technological College this summer.

Conducted by the civil engineering department of Texas Tech in cooperation with the American Automobile Association and the Texas State Highway patrol, the course is designed especially for instructors who plan to teach courses in traffic safety and automobile operation.

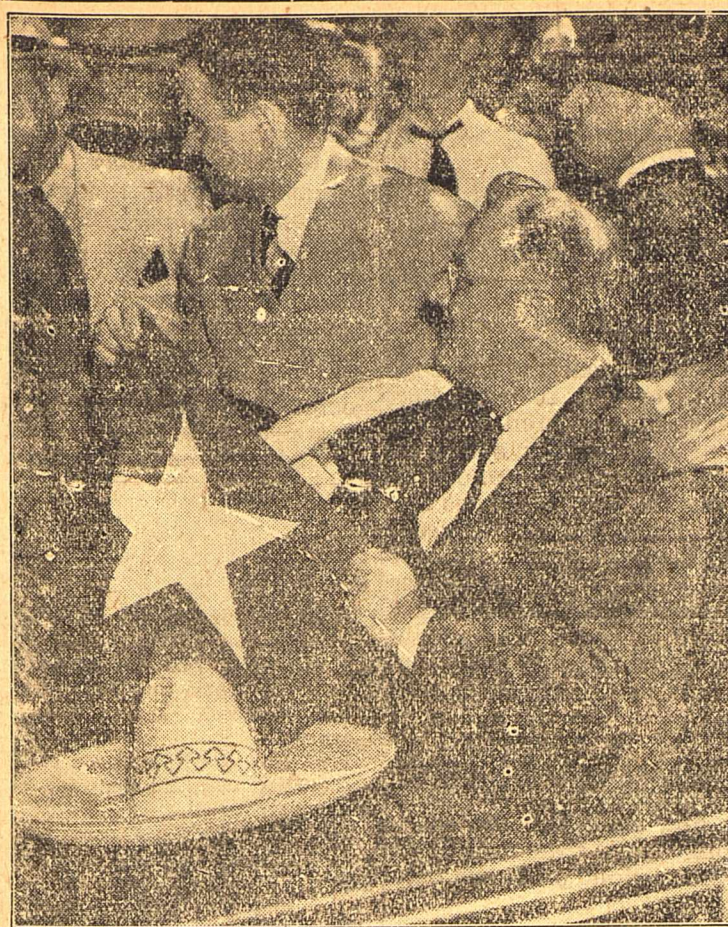

The course will examine the limitations, responsibilities, and duties of the driver and pedestrian; the causes of accidents and their prevention; sound driving practices; traffic laws and their reasonableness; the automobile and its place in modern life; and the organization and administration of the course in the secondary school.

Lectures, classroom discussions, written papers, and road demonstrations will comprise work in the course. Topics to be treated are: analysis of accidents and their causes; study of methods of accident prevention; study of "rules of the road" involving study of ordinary statutory regulations and of the courtesies of the highway. Laboratory periods will emphasize study of driving mechanism of cars, inspection of cars for safety, and driving demonstrations by expert drivers under actual driving conditions.

Part of a movement by Dr. Bradford Knapp, Texas Tech president, to initiate traffic education into schools and colleges of the state, the course is in charge of F. L. McRee, associate professor of civil engineering, assisted by representatives of the co-sponsors. Enrollees will receive two hours college credit. Doctor Knapp is chairman of the education subcommittee of Governor Alford's Traffic Safety Committee.

Mrs. Dan H. Zachry, of Jefferson, was visiting friends in our city the last of the week. She is a former teacher in our schools and stated she and the Doctor are getting along fine in their new location.

President Dons Pan American Garb

Delighted with his gifts, President Roosevelt, author of the "good neighbor" theme of the Pan American Exposition in Dallas, is pictured as he calls his aides to view the hand-woven sash in the design of the official flag of the Exposition, and the combro presented to him by Governor James V. Alford (rear) at Texas A. & M. College. The Governor is honorary director general of the fair, which opens June 12.

Uncle Jim Says

Title: Field seeds of unknown origin are not dependable. Use seeds of known hardness.

Legend: Texas farmers will do well to buy, whenever possible, seeds bearing the familiar state certified or state registered tag. The tag means that state representatives who have visited the seed producer's plant have certified to the purity of the variety. The producer must fulfill strict requirements to insure the purity of the strain.

Texas now certifies several varieties of cotton, corn, grain sorghums, wheat, oats, and Irish potatoes. The plan used by many farmers is to buy enough certified seed to plant their entire acreage with the increase. When reasonable precautions are observed to prevent cross pollination and mixing, such a plan is usually worth while, and the only expense is the annual purchase of a small amount of seed.

The state certified tag means that the seed is true to variety and free from noxious weed seed. It should not be accepted as a recommendation of the variety represented. Farmers should plant only varieties of field seed known to be adapted to their section.

This is especially true of legumes, which are particular as to their soil and climatic requirements. County agricultural agents can recommend soil building crops which will yield the utmost return in soil improvement.

BUDGET BALANCER

Organ music... nervous "I do's"... a sedan decorated with old shoes... honeymoon.... Then the June bride faces the July budget, interested in stretching every family dollar.

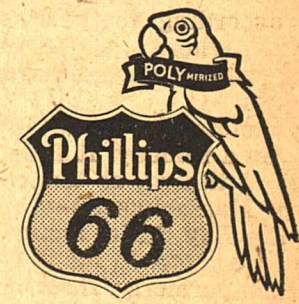

Lady, the gasoline for you is Phillips 66 Poly Gas. It is thrifty. It is your Best Buy in motor fuel, because it piles up the miles at rock-bottom cost. This is why:

Every gallon is enriched with extra energy units by the patented POLYmerization process. So less gas does more. This not only helps mileage, but increases the power-output of your engine.

And your engine keeps running at top

efficiency, no matter what the thermometer reads, because Phillips 66 Poly Gas is 100% custom-tailored. Is more accurately matched to your weather than any other gasoline.

Even if you are not a June bride, you may discover today's greatest gasoline value by trying just one tankful of the new Phillips 66 Poly Gas. You will actually feel the difference and you will save money, too, because Phillips 66 costs no more than ordinary gasoline.

W. D. STARCHER
Editor and Publisher
MRS. W. D. STARCHER
Business and Advertising Manager

Advertising rates uniform to everybody in Spur country
Entered as second class matter at the Post Office in Spur, Texas, Oct. 30, 1924, under Act of Congress, March 3, 1878.

*** Our Opinion Is ***
That most people talk on their own level when they bemean their neighbor; they are not kicking their neighbor down, but just trying to pull him down to their own level.

THE SAME OLD GAME FOR THE FAMILY FUSS

Germany, with Hitler as the big howler, is sending up a relentless wailing and making gigantic threats as to what that nation will do to the world. Yes, somebody directed a bomb from the air to one of their warships and it went up in splinters. Probably Herr Mann has forgotten the great catastrophe they threw into world affairs just a little more than two decades ago when they had no respect for any ship that sailed the great world highways, whether they were of the merchant marine or war cruisers. They asked no questions—they fired torpedoes and then investigated afterward. Yet, when they had a vessel away from home, anchored in the harbor of a neighboring nation and in a warring zone where they knew there could be no safety, and the vessel met the fate that peaceable American merchant vessels met during the fall of 1916 and the spring of 1917, Herr Mann howls like a hungry wolf. Let's hope that our country can manage to attend to our own business and not join that European family fuss. If those countries want our merchandise, let them furnish the ships and come for merchandise. People in Europe cannot fight long unless they have food and munitions of war and other equipment. None of us are mad at those people now.

THE TIMID DOLLAR

Charles R. Gay, President of the New York Stock Exchange, recently said:

"The government is, or should be, 'of the people, by the people, for the people.' To me this means just one thing—all the people. If government, through legislation, favors one class as against another, a vicious circle is created around which class pursues class in an effort to secure selfish advantage. For the worker it must create means to guarantee the right to work, the right of the individual to work out his own destiny. To the business man it must guarantee freedom, subject to considerate and just regulation, to continue to make his contribution to the upbuilding of the country, the maintenance of that high standard of living which has been our pride, and to realize adequate profits.

"To capital it must guarantee the right to seek employment in productive enterprise subject to fair taxation but not confiscation. Capital is timid; it is elusive. Representing the savings laid up against the 'rainy day,' it may not take undue risks, and if through too great taxation the 'game is not worth the candle,' capital will disappear into hiding and thus restrict the productive efforts of business and worker."

The most dismaying development of recent years has been the promotion of class feeling and class hatred, which has found its reflection in dangerous and malicious class legislation. Should this feeling spread far enough, democracy would be doomed. Private enterprise would be doomed. And the United States, as we know it, would be doomed.

Fair laws, fair taxes, the maintenance of individual rights—these are the proper concerns of our government. They are essential to the maintenance of our traditions and our institutions. If we take any other course, the worker, no less than the employer and industry, will face a black future.

FRIENDS OF THE CONSUMER

It is a highly encouraging sign to see a substantial mobilizing of "consumers' spokesmen" in opposition to laws which would exploit the hapless consumer.

This has been especially noticeable in the opposition to the Tydings-Millers price fixing bill—an opposition which the President recently joined in advising against its passage. This bill would, in effect, make the consumer the prey of any manufacturer of a commodity in interstate commerce who wanted to establish an excessive profit margin not only for himself but for retailers. The consumer would have no recourse. He would have to pay a fixed, non-competitive price, or go without.

Opposition to this and similar measures is courageously mixed. Liberal and radical publications and groups, thinking of the poor man's budget problem, speak against it. And so do conservative business publications and groups which attack the problem from the standpoint of the manufacturer and retailer. They realize that the law might very well lead to a consumer rebellion which would eventually destroy our present system of commodity production and distribution, and replace it with another system, such as consumer cooperatives.

The Robinson-Patman Act, passed last session, contained a number of clauses which, by forbidding trade practices that reduced overhead costs, hit straight at the consumers' pocketbook. This is probably reflected in the higher cost of living now. The current proposed law would go a step farther, and might very well add billions to our food, clothing, drug, furniture and other bills. Growing opposition to the bill, according to experts, makes its chance of passage highly doubtful.

MEDICINE WORSE THAN DISEASE

During their current sessions, legislatures in 29 states have been asked to consider bills which would compel motor vehicle owners to take out bodily injury liability insurance. No one quarrels with the intent of this kind of legislation. It is intended to give a practical and certain means of redress to persons injured in motor vehicle accidents. There are many cases on record, according to the Association of Casualty and Surety Executives, where lack of some public protection against the accident evil has worked hardship on innocent parties and their dependents.

Nevertheless, the compulsory automobile insurance law has not proven a remedy. It fails to accomplish in practice what it promises in theory, as ten years of experience has shown the people of Massachusetts—the only state where such a law exists. In the Bay State, motorists complain of the high cost of liability insurance. In many cases it is from 50 to 100 per cent higher than formerly. Insurance companies point to the excessive cost and frequency of claims. Racketeering in faked, fraudulent and exaggerated claims is rife.

Moreover, an improvement in the accident record, contemplated by the law, has failed to materialize. The opposite, if anything, is true! Under a system where all vehicles must be insured and where outside influences rather than business judgment control the acceptance or rejection of questionable

risks, the reckless driver does not fear an inability to secure insurance.

Indeed, in the opinion of authorities, the compulsory automobile liability insurance law has created evils and abuses far greater than those it sought to correct. The medicine has been worse than the disease.

1937 BUSINESS MUCH BETTER

One sure sign of better times in increased purchasing of goods in the "pure luxury" classification. Business Week says that estimates of 1937 retail jewelry sales run as high as \$375,000,000—29 per cent above last year. First quarter imports of gems, mainly diamonds, came to \$14,507,000, which is double the total for the same period in 1936.

Business is still doing well, and is holding to the high production levels reached last winter and spring by most lines. Steel is operating at more than 90 per cent capacity. April construction in 37 states came to more than \$108,000,000, and less of it was government building than formerly. Motors are running very closely to peak production.

Labor troubles are still a big fly in the ointment of some industries. However, there has been less trouble than was expected—principally because managements have figured it was more profitable to accept union demands than to take a chance on having to cease production in a period of heavy buying.

Girard

Miss Lola Mae Olliff left Tuesday afternoon for Colorado City, where she will work. She was accompanied by Arville Ripple and Mr. Olliff. The latter returned home Wednesday morning.

Mrs. Hub Bowen and son of Wink are visiting with Mr. and Mrs. M. L. Luna now.

Quite a few from Girard were in Spur shopping Tuesday and Thursday.

Jim and Joe Rudder were Afton visitors Tuesday.

Mr. and Mrs. Gene Slaton visited her mother in Afton Saturday night and Sunday.

Miss Johnnie Olliff was scratched pretty badly Friday evening when a horse ran away with her. A rabbit jumped up in front of the horse and caused it to run over a wire fence, throwing Johnnie on it. She was later carried to a doctor at Jayton.

Mr. and Mrs. Will Ripple were Spur shoppers Saturday.

The farmers of this community were glad to see the rain but are not so proud of the weeds.

Mr. and Mrs. Buddy Smith who have been in Abilene for eight days returned home this week.

Ida Beth Stevens of Abernathy is visiting with Mr. and Mrs. Wallace Barnett.

Mr. and Mrs. John Pearson of Jayton visited with Mr. and Mrs. Milton Butler Sunday.

Relatives surprised Mrs. Joe Jenkins Sunday at her home with a birthday dinner. Those present were Coy Jenkins, Mr. and Mrs. D. A. Gunn, Mr. and Mrs. Arvis Gilbert, Mr. and Mrs. Jim Rudder and son Elgie, and Mr. and Mrs. Lloyd Rudder.

Mrs. Glenn Skinner and Merle Beavers of Abilene visited with relatives here Sunday.

Mrs. Mildred Cox and daughter of Ralls visited with her parents, Mr. and Mrs. Stylls Hurst, Wednesday and Thursday of this week. Miss Modean Hurst returned home with them.

Girard went to Dickens Sunday afternoon to play soft ball. They were defeated.

A large crowd attended the Church of Christ Sunday. A quartet from Tipton Orphans Home sang several songs. There was also a minister with them who delivered a nice sermon on Sunday morning.

A large crowd attended the picture shows in the Girard auditorium Friday and Saturday nights.

Wallace and Gus McDaniels of So. Dakota are here on a visit with relatives.

Twins are to be at our store Saturday, June 12th. City Drug Company.

Alfred Payne, who has been a student at A. & M. College the past four years, is here this week as the guest of his parents, Mr. and Mrs. J. C. Payne, west of town. Alfred goes back to A. & M. next week for the commencement exercises to receive his degree.

HOW DICTATORS WORK

Late news from Italy shows how the minds of dictators work. To quote an A. P. dispatch of May 8, "Fascist Italy, angered by printed jeers at the prowess of Italian fighters in Spain, virtually broke off press relations with Great Britain today." An official order recalled all Italian correspondents from London, and banned all but three English newspapers from Italy.

Thus dictatorship achieves its ends by keeping its people in darkness, and shutting them away from any knowledge, any facts, any opinion which may suggest that the man or the party in power is less than perfect. Under various dictatorships the right to vote in free and honest elections has been taken from the people. The right of free speech has been taken from them. The right of open trial by jury has been taken from them. The right of a free press has been taken from them.

Between the United States and such tyranny stands the Constitution—a living document, reasonably interpreted by uncontrolled, non-political judges. We must be continually on our guard let, in our eagerness for seeming advantage, we unknowingly sacrifice the liberties for which millions of men fought during centuries of bloody history.

Navajo Craft Designs Used in Super Chief

The New Stainless Steel Super Chief of the Santa Fe, with its Sweeping, Streamline Design. Lower left—The dining car of the new train is unusually large. Its specially designed interior, with silver and china in modernized reproduction of Indian craft, is shown here. Lower right—The colorful observation lounge, in which desert colors of sand, copper and turquoise are used for decoration, with sand paintings and reproductions of Navajo art and weaving.

FROM the Navajos of the picturesque southwest, the Santa Fe drew the inspiration for the design of its new stainless steel streamline train, the Super Chief, newest of the luxury trains in the west.

The rich colors associated with the country through which the train travels have been used as the background for decorations, faithfully reproducing the art and craft of the Navajo Indians. Sand paintings, silver craft and weaving have been skillfully combined with rare woods and modern design to give the train

all the color of the Southwest. The dining car was built by Edward G. Budd Manufacturing Company of Philadelphia. The locomotive was furnished by the Electric Motor Corporation.

Throughout the train, each compartment has its own color scheme and arrangement, and each has been designed so that suites may be formed by use of connecting doors.

In the cocktail and observation lounges has been preserved much of the beauty of Navajo life. Sand paintings have been used in the pier

panels to illustrate the characters which occur in the story of Dolly 'Noyani, the "Myth of the Mountain Chant." All of the figures are executed in native colored sands and charcoal.

Coverings are reproductions of rare Navajo museum pieces, and lighting fixtures have been adapted from the fourth painting of Dolly 'Noyani. The "Plumed Arrows" have been fashioned into glow lights and a rear table lamp employs the sacrificial knife stem for a base with its shade fashioned of goat skin.

SOCIETY AND CLUB NEWS

Socials . . . Parties . . . Bridge and Study Clubs

MRS. DALE DILLINGHAM, Society Editor

COMMERCIAL PRODUCTS ARE SCORED AT DICKENS.

"In order to obtain a product suitable for commercial purposes that product must be graded and score as high as ninety points," said Miss Gene Day when the Dickens Woman's Home Demonstration Club met in the home of Mrs. Fred Arrington, June 2.

Miss Day explained to the club women how to score their quick bread according to size, shape, color, smell, taste and general appearance. Each member then scored one plate of bread, brought by the various members of the club. No one knew the "who's who" of the bread.

Mrs. Fred Arrington ranked high on the bread making. Miss Day said that no one plate of the bread exhibited would have been suitable for selling. "Select a standard recipe and follow it daily if you would produce a perfect product. Then they will be the same every day."

TEA HONORING RECENT BRIDE.

Mrs. George Gabriel and Mrs. Lloyd Wolfe were joint hostesses at a tea at the Gabriel home on Carroll Avenue Monday evening, honoring Mrs. Cecil Wolfe, a recent bride. Beautiful arrangements of cut flowers serv-

Mrs. Overstreet, Reporter

ed as decoration for the home.

In the receiving line were Mrs. Gabriel, Mrs. Lloyd Wolfe, Mrs. Cecil Wolfe, Mrs. L. W. Hankins of Lubbock, and Miss Elizabeth Wolfe. At the guest book was Mrs. E. F. Laverly.

Those presiding at the tea table were Mrs. Vernon Campbell and Miss Mildred Williams. Sweetheart sandwiches, olives, pickles, mints, cake and tea were served buffet style. Sweetpeas made up the plate favors.

After the guests had been served a program was rendered. Mrs. Gabriel sang "At Dawning," accompanied by Mrs. W. T. Andrews. Mrs. Andrews rendered a beautiful piano solo and Billie D. Starcher rendered piano solos. Mrs. P. C. Nichols gave a reading fitting to the occasion. About 75 guests were present for the evening.

MISS VIRGINIA CROCKETT WINS CLUB CONTEST.

"My work as clothing demonstrator has been very valuable to me, for I have improved my storage equipment for clothing and learned a lot about sewing," Maxine Sandlin, wardrobe demonstrator of the Espuela 4-H Club, told her cooperators at her Achievement Event June 3.

"By using materials on hand, I have added to my closet several shelves, a shoe rack, a hat rack, a special hanger for belts, and bags for shoes and hankies. When I made my dress and slip, I learned how to lay and cut out a pattern and how to make seams."

Maxine had six cooperators and three visitors present to see her work as a clothing demonstrator. The dresses and slips of the cooperators were judged and the winner selected to enter the county contest June 12. Virginia Crockett was selected as first place winner for the Espuela Club, and she will compete with the winners from the other four clubs.

Mrs. Lula John of San Angelo is here at this time visiting her daughter, Mrs. Ned Green.

S. R. Bowman presented the Times with an onion which he raised, larger than your fist, he stated. He has about 500 that size. Thanks.

F. W. Jennings, E. J. Cowan, M. C. Golding, Ned Hogan and O. C. Arthur left yesterday for Austin on business matters.

McADOO GIRL SELECTED FOR COUNTY CLUB CONTEST.

Katherine Ward, wardrobe demonstrator for the McAdoo 4-H Club, completed her clothing demonstration June 8 with an achievement event attended by seven cooperators and seven visitors. Katherine's principal accomplishment in the demonstration is a splendid closet approximately three by five feet with two compartments—one for the hanging rod and shelves and one for the storing of quilts and blankets. The shelves down one side are about two feet deep, and the top shelf extends entirely across the back and both sides of the closet to make ample room for hat racks.

The judging of the cooperators dresses and slips was done by Miss Hazel Moore, sponsor. Mrs. Gardner, of McAdoo, and Miss Jean Day, home agent. La Rue Holmes, farm fruit plot demonstrator of the club, won first place with her dress and slip and will represent the McAdoo club in the county contest June 12. Katherine will compete against eight other wardrobe demonstrators in the county.

PATRICIA ANN MARS GIVEN BIRTHDAY PARTY.

In celebration of her eighth birthday, Patricia Ann Mars was hostess for a delightful play party Wednesday afternoon, June 2.

Patricia Ann was assisted by her mother, Mrs. E. W. Mars, and Mrs. J. W. Stevens in entertaining her guests.

After a series of games, kodak pictures were made and refreshments of cookies and walking sundaes were served. Each guest received a bal-

loon as party favors.

Those present were Iris Maurine Smith, Ann Hull, Betty Jane Gates, Gylene Dillingham, Jean Arthur, Audrey Nell Dyess, Betty Ruth Lewis, Helen Virginia Mars, Neal A. Chastain, Henry Gruben Roland, Kenneth and Shirley Hairgrove, and Mesdames Henry Gruben, Stevens and Mars; Mack Wilson, Eula Mae McCarty, Pauline Barclay, Sonny Cato, Sherman Campbell, Billy D. Starcher.

MRS. L. B. TILLOTSON IS COMPLIMENTED.

Naming as honor guest Mrs. L. B. Tillotson, who is leaving soon to reside in Stamford, Mrs. E. M. Wilson entertained a small group of friends with a bridge party Saturday evening.

Mrs. Nel Chastain made high score in the games and received a lovely piece of lingerie which she presented to the honoree. Mrs. Tillotson also received a pair of silk hose from the hostess.

The refreshment plate held orange sherbert, chocolate squares and salted pecans.

There were present Mesdames Chastain, A. C. Hull, H. B. Thompson, E. D. Engleman, Hill Perry, D. H. Zachary, of Jefferson, Texas, and Tillotson.

Twins are to be at our store Saturday, June 12th. City Drug Company.

Sanitarium News

Helen Ritchie, of near Dickens, underwent an operation ten days ago and is able to sit up at this time. She is doing fine.

Mrs. J. H. Boothe and baby of Wilson Draw community, are getting along fine at this time.

E. L. Vaughn, of Afton, who underwent an operation two weeks ago for a ruptured appendix, is able to sit up some now. He is improving rapidly.

Mrs. Joe Hahn, of Highway community, who underwent an operation last week, continues to improve. She was very ill at first.

D. F. Ritchie, who has been in the sanitarium for treatment for burns received eight weeks ago, continues to improve. He is able to sit up some now.

Mrs. John Reynolds, of Dickens, underwent an operation Tuesday and seems to be doing fine.

Otis Kent, of Jayton, who underwent an operation a month ago for ruptured appendix, was able to return home Saturday.

Twins are to be at our store Saturday, June 12th. City Drug Company.

Lubbock — Plainview

Social Security Questions Now Being Answered

Question: What should an employee do if he loses his Social Security account card? What should he do if he has been issued more than one account card?

Answer: If an employee loses his account card, he should report such loss to the postmaster where his original application for an account card was made. He may later receive a duplicate SS-5 form, Application for Account Number. He should fill out this form, showing on line 14 the place and date of his original application. After this form is returned to the postmaster, the worker shortly will receive a duplicate card.

If an employee receives two or more account cards, he should present, preferably in person, all account number cards issued to him to the local postoffice or to any Social Security Board field office, either of which will designate the number to be kept. An employee should have only one

account number, so that wages paid to him may be accurately recorded to his credit under a single old-age benefit account.

Question: If an employer has less than eight employees must he file any reports under the Social Security Act?

Answer: All employers of one or more workers under the age of 65 in covered occupations are subject to the tax provisions of Title VIII of the Social Security Act. Their employees are required to obtain account numbers and will be entitled to federal old-age benefits.

All employers of one or more, regardless of age, are also required to make one original report to the Texas Unemployment Compensation Commission, Austin, Texas; although only those employers who employ eight or more, regardless of age, must make monthly reports and pay taxes on wages of their employees to the Texas Unemployment Compensation Commission.

Employers of eight or more, in addition, are required to pay a tax, under Title IX of the Act, to the Collector of Internal Revenue. Employers may credit against this tax their contribution to the State Unemployment fund, up to 90 per cent of the Federal tax. In the case of Texas, the 90 per cent credited to employers of eight or more equals the amount of the contribution to the State Unemployment Compensation Commission.

ROTC Unit For Texas Tech College Is Recommended

Congressman George Mahon last week appeared before the Senate Appropriations Committee urging that funds and officers for an additional ROTC unit at Texas Technological College be provided. The item would be included in the War Department appropriation bill which is under consideration by the Senate Committee at this time. He had previously presented the matter to Major General E. T. Conley, Adjutant General of the Army.

Texas Tech was given a Senior Engineering ROTC unit last year, and the work which has already been accomplished has received high recognition by War Department officials. The report of the ROTC inspector from Fort Sam Houston, headquarters for the Eighth Corps area, made March 1 this year, recommended that an additional unit be established at the college, preferably a Field Artillery unit. This type of unit would make the training available to about 1200 students at the college who are ineligible for training in the existing engineering unit which is open only to engineering students.

The outcome of the matter will depend upon the disposition by the House and Senate of the proposed appropriation item for funds and personnel. The War Department advised Mr. Mahon that the Texas Tech application for such a unit was in excellent standing.

GOOD MEETING OF WICHITA HOME DEMONSTRATION CLUB.

"In order to preserve the moisture for shrubs, work lightly around the plants often," said Mrs. Earl Murchison to the members of the Wichita Home Demonstration Club Friday afternoon, May 28. "Also, instead of sprinkling plants often, water them thoroughly every few days."

Those present were Mesdames A. M. Bishop, J. E. Copass, Earl Murchison, G. C. Pierce, Ruff Thannisch, Ela Merriman, A. Lee, Kenneth White, Mrs. Roy Dunavant, the hostess, and a visitor, Mrs. J. Ambricht. The members are to take quick breads to be scored at the next meeting, which will be held at the home of Mrs. A. Lee.

Don't fail to see the Twins starting Saturday, June 12th. City Drug Co.

Mr. Smelser, of Lower Red Mud country, was attending to business matters and greeting friends here Saturday.

LEGAL ADEISEMENT

S. J. R. No. 9 A JOINT RESOLUTION

proposing an amendment to Section 16, Article XVI, of the Constitution of Texas; providing that the Legislature shall authorize the incorporation of banking bodies and provide for the supervision and regulation of same; providing for all of the capital stock to be subscribed and paid for before charter issued; restricting foreign corporations from doing banking business, restricting corporate business to one place.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 16, Article XVI, of the Constitution of Texas, be amended so as to hereafter read as follows:

"Section 16. The Legislature shall by general laws, authorize the incorporation of corporate bodies with banking and discount privileges, and shall provide for a system of State supervision, regulation and control of such bodies which will adequately protect and secure the depositors and creditors thereof.

"No such corporate body shall be chartered until all of the authorized capital stock has been subscribed and paid for in full with cash. Such body corporate shall not be authorized to engage in business at more than one place which shall be designated in its charter.

"No foreign corporation, other than the national banks of the United States, shall be permitted to exercise banking or discounting privileges in this State."

Sec. 2. The foregoing amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the fourth Monday in August, 1937. At this election all voters favoring the proposed amendment shall write, or have printed, on their ballots the following words:

"For the amendment of Section 16 to Article XVI of the Constitution of the State of Texas, providing for the amount of the liability of stockholders in State banks."

Those voters opposing said amendment shall write, or have printed, on their ballots the following words:

"Against the amendment of Section 16 of Article XVI of the Constitution of the State of Texas, providing for the amount of the liability of stockholders in State banks."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for such election, and to have same published as required by the Constitution and the amendments thereto.

Sec. 4. The sum of Five Thousand Dollars (\$5,000.00), or so much thereof as may be necessary, is hereby appropriated out of any funds of the State of Texas, not otherwise appropriated, to pay the expenses of such election.

The above is a true and correct copy.

EDWARD CLARK, Secretary of State.

S. J. R. No. 16 A JOINT RESOLUTION

proposing an amendment to Article III, Section 52, of the Constitution of the State of Texas by adding thereto a new section to be known as Section 52d; providing that the Legislature may authorize by law, after a majority vote of the resident qualified electors owning taxable property therein, the adoption of a plan for the construction of paved roads and bridges or both in Harris county and in road districts therein; provid-

ing for the levy of a tax to pay for such construction; providing for the necessary proclamation; and appropriating funds to defray the expenses of the proclamation, publication, and election.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III, Section 52, of the Constitution of the State of Texas, be amended by adding thereto another section to be known as Section 52d, which shall read as follows:

"Section 52d: Upon the vote of a majority of the resident qualified electors owning rendered taxable property therein so authorizing, a county or road district may collect an annual tax for a period not exceeding five (5) years to create a fund for constructing lasting and permanent roads and bridges or both. No contract involving the expenditure of any of such fund shall be valid unless, when it is made, money shall be on hand in such fund.

"At such election, the Commissioners' Court shall submit for adoption a road plan and designate the amount of special tax to be levied; the number of years said tax is to be levied; the location, description, and character of the roads and bridges; and the estimated cost thereof. The funds raised by such taxes shall not be used for purposes other than those specified in the plan submitted to the voters. Elections may be held from time to time to extend or discontinue said plan or to increase or diminish said tax. The Legislature shall enact laws prescribing the procedure hereunder.

"The provisions of this section shall read districts therein."

Sec. 2. The foregoing amendment to the Constitution of the State of Texas shall be submitted to the qualified voters of the State on the fourth Monday in August, 1937, at which election all voters favoring such proposed amendment shall write or have printed on their ballots the words:

"For the amendment to the Constitution providing that Harris County and any road district therein may upon a vote of the people therein adopt a road plan and levy taxes for road and bridge construction in lieu of the issuance of bonds"; those voters opposing said amendment shall write or have printed on their ballots the words: "Against the amendment to the Constitution providing that Harris County and any road district therein may upon a vote of the people therein adopt a road plan and levy taxes for road and bridge construction in lieu of the issuance of bonds."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution for amendments thereto.

Sec. 4. The sum of Five Thousand Dollars (\$5,000.00) or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury not otherwise appropriated to pay the expenses of such publication and election.

The above is a true and correct copy.

EDWARD CLARK, Secretary of State.

RECEIVER'S NOTICE OF SALE TO WHOM IT MAY CONCERN:

Pursuant to authority of the Comptroller of the Currency of the United States, the undersigned Fred B. Cable, as Receiver of the City National Bank of Spur, Texas, will offer at public sale to the highest bidder for cash, at Spur, Texas, on June 18th, 1937, at 2:00 o'clock P. M., the remaining assets of the City National Bank of Spur, consisting of real estate, bills receivable, judgments, overdrafts, and other choses in action and chattels, less such items (or articles) as may be paid or otherwise disposed of prior to the said date of sale herein mentioned. A descriptive list of the remaining assets so offered for sale may be inspected by prospective purchasers at the Spur Security Bank, Spur, Texas, and at the office of the receiver of the City National Bank of Spur, Paducah, Texas, on all business days up to and including the date of the said sale between the hours of 9:00 A. M. and 3:00 P. M.

According to law said remaining assets cannot be sold otherwise than without recourse and without warranty of any kind or character, and subject to the approval of the Comptroller of the Currency of the United States and subject to confirmation by a court of record of competent jurisdiction.

FRED B. CABLE, RECEIVER, City National Bank of Spur, Texas.

NOTICE OF SALE OF REAL ESTATE STATE OF TEXAS COUNTY OF DICKENS

By virtue of an execution issued out of the Justice Court of Precinct No. 7, Dallas County, Texas, on the 26th day of March, A. D. 1937, by Tom King, Justice of the Peace, on a judgment rendered in said Court on the 2nd day of December, A. D. 1935, in favor of McConnon & Company, a corporation, and against W. T. Wilson, in the case of McConnon & Company vs. W. T. Wilson, No. 18911 up-

on the docket of said Court, I. J. L. Koonsman, Sheriff of Dickens County, did on the 12th day of May, 1937, at 10:30 o'clock A. M., levy upon the following described tracts and parcels of land situate in the County of Dickens, State of Texas, as the property of the said W. T. Wilson, to-wit:

First Tract: 160 acres of land, being the NW 1/4 of Survey No. 191, H. & G. N. Ry. Co., Abstract No. 102.

Second Tract: 18 1/2 acres of land out of Survey No. 204, Abstract No. 632, A. Fritz, Original Grantee.

Third Tract: 200 acres of land, being a part of the East 1/2 of Survey No. 191, Abstract No. 102, H. & G. N. Ry. Co.

Fourth Tract: 334 acres of land

out of Survey No. 153, Abstract No. 83, H. & G. N. Ry. Company. Fifth Tract: 83 1/2 acres of land, being the NE 1/4 of the East Half of Survey No. 163, Abstract No. 659, F. M. Kelsey, Original Grantee.

And on the 6th day of July, 1937, being the first Tuesday of said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M., on said day, at the courthouse door of said County of Dickens, in Dickens, Texas, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said W. T. Wilson in and to said property. Dated this 9th day of June, 1937.

J. L. KOONSMAN, Sheriff of Dickens County, Texas.

Health Officer Gives Method to Prevent Death by Drowning

"No elaborate equipment is needed to save a life from drowning," is the opinion of Dr. Geo. W. Cox, State Health Officer. "In fact, actual harm has been done by the use of so-called lung motors. Modern resuscitation apparatus has been perfected so that oxygen and carbon dioxide can be used without inflicting more damage to cases of asphyxiation and drowning. It is tragic enough to have a drowning accident, but it is far more tragic if no one present at the time knows how to save a life by artificial respiration.

"The prompt application of artificial respiration is of primary importance. The pressure method is the easiest, portance and for this purpose the simplest and most effective. This should begin at once and continue rhythmically until natural breathing is established—and this may take four or more hours. Procedure:

First: Kneel, and straddle the patient below the hips, placing hands on small of the back, with fingers over the lowest ribs, tips of fingers just out of sight.

Second: With arms straight, while counting one, two, swing forward bearing weight on body, firmly but not violently.

Third: Swing backward while counting one, straightening up and thus relieving pressure—this allows air to be drawn into lungs.

Fourth: Rest in this position for two counts.

Fifth: Repeat these movements rhythmically, forward and backward, without interruption about twelve to fifteen a minute, until natural breathing is restored.

Sixth: Meanwhile, if assistance is at hand, a physician should be sent for, the patient's tight clothing should be loosened at neck, chest and waist, and he should be kept warm.

The patient should not be moved until he is breathing normally and then should not be allowed to get up but should be carried in a lying position to a place where he can be kept warm and receive medical attention.

To Open New Store In Stamford June 15

Hollis Atkinson, local manager for the Clover Farm Store, announced this week that he will open a new store in Stamford about June 15. Mr. Atkinson stated that he would go to Stamford to take charge of the new store, to get it going in a good business way.

Horace Hyatt will be promoted to the managership of the local Clover Farm Store. This is very fine on the part of the Clover Farm people, as Mr. Hyatt is a home town boy, and has spent his life in and around Spur. He is a good grocery man and has been associated with some very large grocery firms in West Texas.

Tony Stegall will be the manager of the market department. Mr. Stegall has been in that business for ten years, and was formerly with Austin & Leftwich Food Stores at Lubbock.

Mr. Atkinson will make Stamford headquarters, as he said he would have a better opportunity at the fruit and vegetable market to supply his stores with fresh vegetables and fruits at all times. He will be in Spur each week to assist with the arrangement of the store here and keep the employees posted on the business.

Spur Tailors Will Occupy New Home Within Few Weeks

The building in process of construction on East Harris Street in Block 27, is nearing completion. This is to be the new home of Spur Tailors, a business which has looked forward for several years to adding this or some other new building to our city for a home.

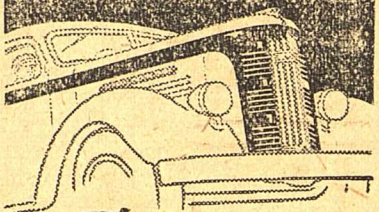

The building which is 24 by 56 feet is fronted with nice grey brick and common brick for other walls with hollow tile for the inside wall. The tile lining is to make it a cooler building in summer and warmer in winter because of the air spaces in the walls.

The floor, which is of concrete, is finished and all drains for the boiler, washers and presses are installed. The roof, which is sheet metal, is practically completed, the front awnings completed, and it will not be long until the home will be ready. About all that is left to be done is the ceiling and inside plastering, to require only a short time to finish. W. P. Nugent & Son are the contractors.

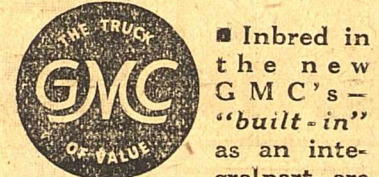

The comfortable features of the building is the great number of windows which can be used for ventilation. Mr. and Mrs. Moore both say they want a cool building, and have done all they can to get one.

McADOO

Miss Billie Brown from Spur was at home last week for a few days visit with her parents, Mr. and Mrs. Ivy Brown.

Miss Rosamary Hickman, who has been teaching school at Muncie, Indiana, came home Wednesday to spend the summer here with her parents, Mr. and Mrs. Joe Hickman.

Mr. and Mrs. Price Medford and daughter, Vanae, of Lubbock, were here Friday night to attend the commencement exercises of the McAdoo graduating class. Mr. and Mrs. Medford formerly resided at McAdoo.

Mr. and Mrs. W. O. Cherry and children of Bovina visited friends here this week-end and attended the graduation exercises of the senior class. Mr. Cherry was superintendent of McAdoo school before going to Bovina.

Mrs. Susan Clark and children of near Lubbock have been visiting her parents, Mr. and Mrs. Joe Hickman.

Miss Marjore Womack returned to Lubbock Friday night with Mr. and Mrs. Price Medford.

Miss Helen McDonald of Lubbock came over Friday night to attend the graduation exercises of the local students.

Mr. and Mrs. A. J. Dozier and their grandson of Afton visited here Sunday with Mr. and Mrs. T. L. Dozier and family and Mr. and Mrs. Thomas Milam.

Homer Pullen of College Station was here recently to see his brother, Walter Pullen, and family.

Rev. A. O. Hood and son Billie of Idalou attended the graduation exercises at McAdoo high school Friday night. Rev. Hood, a former pastor of McAdoo, had a part on the commencement program.

Rev. and Mrs. Frank Beauchamp, Mrs. C. Gollhar, Mrs. J. T. Parker and Mrs. E. C. Robertson attended the district zone meeting of the Woman's Missionary Society last week.

Mr. and Mrs. A. M. Lay and Francis moved to Lorenzo last week. Mr. Lay has been in the mercantile business in McAdoo for several years until a few months ago when he sold his business to Mac Brantley.

Mr. and Mrs. Chess Dozer of Afton were Sunday guests of Mr. and Mrs. T. L. Dozier and family.

Mr. H. V. Nettles' brother and his wife of East Texas were here for a short visit in the Nettles' home last week.

Judge Marshall Formby of Dickens County delivered the commencement address to seventeen members of the McAdoo school senior class at the school auditorium Friday night, May 28. "Man of Visions," was the subject of Judge Formby's address.

The graduation class was composed of the following students: Koy Neeley, Katherine Ward, Edrie Henderson, Robert McDonald, Edward Robertson, Tee Griffin, Juanita Rose, Ida Mae Owens, Verna Mae Hickman, Coy Powers, Dollie Womack, Clyde Crausbay, Ross Fewell, Eloie Harris, Levis Pullens, Garrett Barnett, and Sybil Brantly.

Mr. H. U. Butts and Miss Bertie Lee Butts have returned to their home at Paducah since the close of McAdoo school. Mr. Butts was principal of grammar school and Miss

Butts was primary teacher in the school.

Mrs. Ivy Brown went to Fort Worth Monday to see her daughter, Juaneva Brown, who is a student in a business college in that city.

Mr. and Mrs. Jim Derr went to Grand Prairie the first of the week to take their daughter, Mrs. Jack Derr, home, after a visit here with them.

Afton—East Afton

Several heavy rains fell over this part of the county the past week.

The 4-H club of Prairie Chapel met at the home of Melba Robinett last Friday morning at nine o'clock. The purpose of this meeting was to decide which of the copers should be entered in the county meet to be

held at the lawn party on June 12.

Ada Lou Robinett scored the most points on her dress and slip and is to represent the club as the winning coperator. Melba Robinett is clothing demonstrator.

At the conclusion of the meeting refreshments were served to the following members: Doris Galloway, Phauline Goodwin, Emma Mae Bennett, Ada Lou and Melba Robinett, and to Mesdames B. F. Middleton, M. B. Morris, Miss Jean Day, Merle Bennett and the homestress, Mrs. Bill Middleton.

Mr. Fount Byars has been very ill with blood poisoning the past week. He is in Spur Sanitarium at present.

Mrs. O. C. Newberry has been very ill with influenza the past two weeks.

Mr. and Mrs. Carl Randolph and family left the first of last week for Detroit, Mich. Mr. Jeff Randolph has been carrying the mail on the route

during Mr. Carl's absence.

Mr. and Mrs. R. S. Mobley and family of Castro County were visiting friends and relatives the past week-end. Mr. Mobley reports a fine wheat crop in that vicinity.

Mr. Richard Varnell spent the past week-end in Paducah.

Mr. and Mrs. Peyton Legg left the first of the week for Lubbock, where Mr. Legg will attend Texas Tech during summer school.

Mrs. Bill Middleton has been serving as a special attendant at the Spur Sanitarium for Mr. Byars. Mrs. Middleton was formerly regular nurse at the sanitarium.

Mrs. Clarence Bowman and children of Duncan Flat spent Sunday with Mr. and Mrs. Jim Offield and family.

Mr. and Mrs. W. W. Barrington and family of Ralls spent the past week-end at the home of their daughter,

Mr. and Mrs. Eddie Hale.

Mr. Chester Dozier and Mrs. Cleopatra Stewart were married last Saturday, May 29. Miss Stewart taught in the Patton Springs schools the past term. We wish them a long and happy married life.

A Prairie Chapel school election will be held Wednesday, June 9, for the purpose of determining whether the school remains under the independent school system or not.

Mr. Joe Tom Jackson, manager of the Farmers Cooperative Gin at Afton, and Mr. V. S. Ford, attended the meeting of the Plains Cooperative Gin Association at Lubbock Tuesday, June 1.

E. C. Robertson, of McAdoo, was attending to business matters and greeting friends in our city Saturday.

SURPRISE BIRTHDAY DINNER GIVEN FOR HUSBANDS.

Mrs. G. W. Justice and Mrs. Willie McCombs entertained with a surprise birthday dinner Sunday for their husbands at the G. W. Justice home east of town.

Those present for the occasion were Mr. and Mrs. G. W. Justice and Wilson, Mr. and Mrs. Willie McCombs and children, Mr. and Mrs. Claude Neaves, and Miss Ina Dempsey.

Mrs. Hamp Collett and her mother, Mrs. Garner, had as their week-end house guests Mrs. J. L. White of Waco, Mrs. Sam Bond of Odessa and Mrs. W. A. Thompson and Miss Beatrice McKnight of Wichita Falls.
