WHOLE NUMBER 617

Dickens County Is Harvesting Large Wheat Crop Now

No doubt that Dickens County is harvesting the greatest wheat crop in its history, and the yield is prov-ing far greater than was at first expected. It appears that about the low-ection has been 15 bushels per accre and the range has been as high as 40 bushels per acre on some farms.

Rodge Jones of the Wake community is reported to have some wheat that produced as much as 50 bushels per acre. It is stated that the first round in the field made 40 bushels per acre. Reports reached this office that Mr. Gatlin, who is located just on the Plains, made 35 bushels per acre according to the rate of the machine used. Much of the volunteer wheat in the McAdoo country is making 30 bushels per acre. It is reported that one farmer on the Plains has 1,000 acres in wheat which he is harvesting this week and is making a yield of around 30 bushels per acre.

Some of the Plains wheat was injured greatly last week by hail and storm. The territory known as Broadway community, west of McAdoo, had much wheat destroyed by the hail of last week. Some of the farmers took mowers and cut the wheat and then raked it for feed. Mr. Rishardson, who lives just a short distance west of the Broadway gin, stated he probably would harvest enough to replace the seed he used last year in planting. However, most of the farmers had some good fall pasture from

Farmers in Spur territory are harvesting their wheat and many have finished at this time. Bud Morrison, of Red Mud country, stated last week that his wheat averaged about 18 Orphan Children bushels per acre A great number of fields are dead ripe at this time and are waiting for combines to get their wheat harvested. If the weather continues favorable for another week, most of the wheat in this community will be either on the market or in

In the past ten days much wheat has been moving out of Spur. Up to Wednesday afternoon 127 cars of the grain had been shipped, with cars going out Tuesday, the largmated by grain dealers that 200 prices, and other expenses are not as number for any one day. It is escars will be shipped from Spur.

The wheat market was up Tuesday, homes of members of the Church of and local buyers were paying 92 nomes of members of the church of Christ. The city officials had the

Mrs. Jennie Rogers Dies at Lubbock

Mrs. Jennie Rogers, widow of J. J Rogers, passed away at the home of her daughter, Mrs. Essie Wright, at Lubbock June 18. Funeral services were conducted by Rev. A. T. Stokes in the spur Cemetery Saturday, June

Mrs. Rogers was born February Mrs. Rogers was born February 26, 1865, in Tennessee, and when a City Clean Up Is child six years of age moved to Crosby county. She had lived in Crosby County, near White River, for the past 33 years. Mrs. Rogers made a profession of religion and united with the Baptist church at the age of 20 years. She was the mother of nine children, seven of whom survive her.

Mrs. Rogers was left a widow about 19 years ago. She was known as a good woman, a faithful and devoted mother, and was held in high respect by all who knew her, and we feel that our loss is her gain.

TIMES READER LIST GROWS

Residents of the Spur trade territory and elsewhere evidently appreciate the Dickens County Times, if one is to judge by the number of subscriptions to the paper being received. The reading list of The Times is increasing daily, and now embraces subscribers in nearly every section of the state and in most of the states of the Union. The slogan of the Times, "First in readers. first in news value and first in advertising," still holds good.

Our new method delivery by carrier each Thursday morning bright and early, is also a reason for pride. Readers of the Times have called frequently in the past few weeks and complimented the Times force for the early morning delivery.

Legion Meeting is Held Monday Night

At a regular meeting of the Boyc M. Williams Post of the American Legion, held Monday evening, Commander Hale presided over the business session which was received by an interested gathering. Prinicpal topic under discussion was the proposed hospital to be built by the fed eral government at some point in West Texas for the benefit of disabled and ailing veterans of the Army and Navy service. The project received he support and approval of the local post, as it has that of every other organization of the Legion in the state. The next regular meeting of the spur post will be held on the first Monday in July, the date being July 5th. Members of the post and all World War veterans are asked to attend the meetings which are held on each first and third Mondays of the

Drilling of Oil Well Progressing Rapidly

The drilling of Harris No. 1 is in full sway as many visitors to the well will testify. C. P. Morris & Son are on the job day and night rushing the work as rapidly as drilling will permit. Tuesday, C. P. Horris & Son concreted and placed casing and at about five o'clock Wednesday drilling was resumed. And it is just a question of time now until the Spur-Dickens Block will be recognized by all oil companies. Mr. Litchfield of the oil company arrived in Spur Wednesday and is very enthusiastic over the progress and prospects.

A letter came from Mr. J. F. Morissey, stating that there will be the biggest oil play in West Texas ever known, and that the Spur-Dickens block is right in the middle of it.

The good prospects of this well are already having its effect on the values of all property in this section.

Child's Habits Responsible For **Mental Actions**

A child's habits are responsible, in a large measure, for their mental actions in later life, according Dr. Geo. W. Cox, State Health Officer. A child of five or six years may have a bad temper. He can be taught as he grows older, to exereise self control so that it will not often be manifested. It would be beter for him had he acquired a good emper instead of a bad one.

Today the medical profession under stands more fully the enduring in-fluence of habits that begin in the earliest years of life, in the nursery, or even in the cradle. In the young child, as a result of habit, certain

types of behavior become established. Perhaps the child had learned while yet an infant, that he could get what loud. Perhaps he had learned, when a little older, that bad behavior, as tamtrums, screaming, rolling on the floor or sulking, brought him what he wanted after his request had been refused or ignored.

If he had this experience once, you may be sure that he would repeat the action the next time the occasion arose. If he found that such actions did not bring the desirted results he would not try it again.

Other behavior habits, good and bad, are acquired from imitating older children and adults. In this way many likes and dislikes, tastes and ambitions which in later years become crystallized into character habits have their beginning. Calmness and poise, as well as nervous and panicky behavior habits established by imitation and made permanent by repition. The elders are responsible for more than they realize for the conduct of the child in the family. In this we see a new meaning of the old adage, "As the twig is bent the tree is inclined."

Our Opinion Is

That war to man is a continuous condition, for while woman powders her face, man still faces the powder.

"IF YOU WANT IT DONE RIGHT-"

Many years ago when the railroad industry was still suffering acute growing pains, a certain railroad president became aware of the inadequate and obselete equipment which his company owned, and decided to do something about it. One would naturally think that such a decision would involve the calling in of numerous assistants, a long series of investigations, and the study of voluminous records. But not so with this railroad president. Apparently believing in the old saying that "if you want something done right, do it yourself," he immediately ordered an observation car hooked to the front of to people in paying their delinquent a locomotive and journeyed over every mile of his company's taxes, as they can pay most any sum property, taking notes on everything from tie spikes to rolling convenient to them. The following is stock and buildings. As a result of this survey, so the story goes, "thousands of new oversized cars were bought, doubling the freight capacity; powerful engines were ordered; and the

road was straightened, later called the most magnificient railroad property in America.

This incident is illustrative of the aggressive leadership and farsighted ability that vharacterized the "behind the scenes" development and growth of the American railroads. Citizens of the Far West will ever be thankful to these leaders for the part they played in bringing Western commerce into close contact with the industrial East. Probably the railroads exerted man of Abilene, was in Spur for the the greatest single force toward unifying our commercial life week-end, atetuding to business. and binding together the interests of all the people in the Johnny, his young son, made the trip making of the great and powerful nation which America is with his father,

Aggressive, farsighted railroad leadership has not faded with the passing of the years. The modern "streamliner" and efficient, courteous service is proof enough of this fact. Modern father, Mr. and Mrs. Conner. arilroad organizations are alive and flexible to changing conditions, and as always are seeking that illusory ideal - per-

New Delinquent Tax Law Is Approved by State Legislature in their official capacity, in the same

The following is a copy of the new Delinquent Tax Law which was passed by the Texas Legislature recently, giving people who are delinquent on taxes on real estate or personal property the privilege of paying them on the partial payment plan. It is the hope that this law will be a great help an exact copy of the law: Be it enacted by the Legislature of

the State of Texas: Section 1. On and after July 1, 1937, taxpayers owing delinquent State and county taxes, covering both real estate and personal property, shall be

permitted to pay such delinquent taxes in partial payments under a system which shall be hereinafter pro-Sec. 2. The Assessor and Collector of Taxes of each county of this state

chall create and establish a partial payment or instalment account system, whereby all delinquent taxpayers desiring to pay their taxes under the provisions of this Act may do so. Sec. 3. All payments received by the Assessor and Collector of Taxes un-

der the provisions of this Act shall be due and payable within twenty (20) months from the date of July 1, 1937, such payments being due and payable in ten (10) equal installments Sec. 4. If after paying one or more tion, tion, clause, sentence, paragraph installments, the delinquent taxpayer or part thereof directly involved in the pays no further installment or installments for a period of four (4) shall have been rendered. months, all of the remaining installments of said delinquent taxes shall dollars of delinquent taxes are now become due and payable, and it will thereupon become the duty of the various counties therein, and the further fact that a dire need exists for or Criminal District Attorney in more funds to properly and effectively

counties where there is no County At torney to institute suit for the collection thereof. Sec. 5. The Assessor and Collector Constitutional Rule requiring all bills of Taxes shall accept partial pay- to be read on three several days in ments made by a taxpayer in any each house be, and the same is, heresum, however, that no payment shall by suspended, and this Act shall be be less than One Dollar (\$1), and that in force and take effect from and afno partial payment account will be opened for delinquent taxes which total

less than Ten Dollars (\$10). Sec. 6. When any delinquent taxpayer shall have paid into such in stallment account a sum of money sufficient to pay the taxes owed by him for the earliest unpaid year upon one of the lots or tracts of and owned by him, together with the amount of penalty and interest then provided by law, the Assessor and Collector of Taxes shall withdraw from the special fund hereinafter provided for such sum and shall apply the same upon payment of said delinquent taxes, penalty, and interest, if any, and issue to such taxpayer a redemption receipt therefor. Thereafter succh taxpayer may continue to make equal monthly installments into such trust fund until all of the deinquent taxes owed by him shal have been paid.

Sec. 7. All of such installments paid by such delinquent taxpayers shall immediately becom ethe property of the State of Texas and the respective county wherein the assessed property is situated or located, in such proportion as is necessary to satisfy the taxes, penalty, and interest delinquent and due to each, and the taxpayer shall in no event be entitled to a refund thereof, or to any portion of the

Sec. 8. In the event the taxpayer for whom the installment or partial payment account was originally opened sells the particular property upon which said installments are to be applied, the Assessor and Collector of Taxes may, in his discretion, immediately apply upon the taxes, penalty, and interest delinquent upon such property, the amount of installments already received.

Sec. 9. All funds or moneys covering

delinquent State and county taxes received by the Assessor and Collect tor of Taxes, under the provisions of this Act, shall immediately be place in a special account with the Count Treasurer of the respective county involved, and shall be held in escrow in such account until such time as the Assessor and Collector of Taxes shall notify said County Treasurer that at least one year's taxes have been paid on an individual account thereby permitting said County Treasurer to remit to the Assessor and Collector of Taxes the amount or amounts so specified, said funds then to be distributed to the State and county proportionately in the same manner as all other collections. Sec. 10. The books, records, and accounts maintained by the Assessor and Collector of Taxes for the purpose of carrying out the provisions of this act shall at all reasonable times be subject to examination by the

Notice To Delinquent Tax

Payers

During the last few years the City of Spur has consistently reduced your city taxes, and to date your city taxes are approximately one-half of what they were in 1930

In addition to this tax reduction, the City of Spur has carried on a public improvement program, including the building of a park, and municipal swimming pool; the rebuilding of our waterworks distribution system without curtailing other city activties.

The Board of Commissioners of the City of Spur realized that it was impossible for some of you to pay your city taxes. For that reason no effort was made to force collections, no tax suits have been filed to date, and no attorneys employed for the purpose of collecting taxes, resulting in a large sum of money now due the City of Spur in delinquent taxes.

In view of the improved economic conditions in our immediate territory, we are expecting your cooperation by a volunteer payment of your delinquent City taxes, during the year 1937, making the filing of tax suits unnecessary.

THE CITY OF SPUR

Use Proper Flour

In Making Breads "In order to make a biscuit dough of the right consistency and have light flaky biscuits, use hard wheat flour than soft wheat four with the same amount of milk", said Miss Jean Day, County Home Demonstration Agent, during the scoring demonstration of biscuith of muffin in the Friendship Club Wednesday afternoon at the home of Mrs. Chas. MccLaughlin. "If you are to score a ninety per cent biscuit, you mist use correct measurement and work the dough lightly. Knead the dough with the wrist movements, and don't use the shoulder movement. As a result of shoulder kneading you will have a heavy biscuit", continued Miss Day.

A number of biscuits, muffins, cornbread and gingerbread were scored, with the cornbread and whole wheat muffins scoring highest.

Members present were: Mesdames Bill McLaughlin, W. T. Moore, G. F. Smith, G. G. Allen, O. L. Holmes, Chas. Allen, Nola Wooley, A. J. Allen, Ausburn Fox, Chas. McLaughlin, C. Gollihar, and Misses Hazel Moore and Jean Day. Visitors were Mrs. Raymond Eldredge, and Mrs. Paige E.

STATE OF TEXAS COUNTY OF DICKENS

By virtue of an execution issued out of the Justice Court of Precinct No. 7, Dallas County, Texas, on the 26th day of March, A. D. 1937, by Tom King, Justice of the Peace, on a judg-ment rendered in said Court on the 2nd day of December, A. D. 1935, in favor of McConnon & Company, a corporation, and against W. T. Wilson, in the case of McConnon & Company vs. W. T. Wilson, No. 18911 upon the docket of said Court, I. J. L. Koonsman, Sheiff of Dckens County, did on the 12th day of May, 1937, at 10:30 o'clock A. M., levy upon the following described tracts and parcels of land situate in the County of Dickens, State of Texas, as the property of the said W. T. Wilson, to-wit:

First Tract: 160 acres of land, being the NW4 of Survey No. 191, H. & G. N. Ry. Co., Abstract No. 102. Second Tract: 182 acres of land out of Survey No. 204, Abstract No. 632,

A. Fritz, Orginal Grantee. Third Tract: 200 acres of land, being a part of the East 1 of Survey No. 191, Abstract No. 102, H. & G. N.

Ry. Co. Fourth Tract: 334 acres of land out of Survey No. 153, Abstract No. 83, H. & G. N. Ry Company.

Fifth Tract: 831 acres of land, being the NE4 of the East Half of Survey No. 163, Abstract No. 659, F. M. Kelsey, Orinigal Grantee.

And on the 6th day of July, 1937 being the first Tuesday of said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M., on said day, at the courthouse door of said County of Dickens, in Dickens, Texas, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said W. T. Wilson in and to said property. Dated this 9th day of June, 1937.

J. L. KOONSMAN, Sheriff of Dickens County, Texas.

NOTICE OF ELECTION Notice is hereby given that an elecion will be held on Saturday, July 10, 1937, at the Patton Springs school house and at the Prairie Chapel school house to determine whether or not a majority of voters in each of the two said school districts desire to consolidate the two schools for school purposes, the proposed district to be known as a consolidated com-

mon school district. John Young has been appointed presiding judge of the Patton Springs box and E. J. Offield has been appointed presiding judge of the Prairie Chapel box. Each will select two judges to assist him. Polls will be open from 8 a. m. to 6 p. m. and all duly qualified resident voters will be

allowed to vote. This election is hereby ordered this the 19th day of June, A. D. 1937.

Independence of Philippine Islands Being Advocated

Advocating complete independence for the Philippine Islands as a vital peace insurance policy for the United last week asked the House of Representatives to consider legislation making independence possible in 1938 or 1939. The present law provides complete withdrawal of the United States

In his address to the House Mahon trality. We are bent on preserving peace for America regardless of war federal program. in Europe or Asia. We are far from Europe, but as long as we maintain our sovereignity in the Philippines, we are liable to be in the middle of a conflicct in the Orient. This is most unfortunate, and this untenable position should be terminated at the earliest possbile moment. It is one of the major threats to peace of the United States"

He also pointed out that in addition to being a war hazard, the Philpeace for America regardless of war expensive financially to the United States. The total actual cost to the United States for all departments of Government which have made expenditures in the Islands from 1898 to the present year was estimated at approximately \$900,000,000. Annual expenditures for the Army and Navy in the Philippines are \$14,500,000, and under the present law this expense will recur each year until 1946. The Congressman stated that these millions could be best spent in America in the development of the institutions of this country.

Mahon is a member of the House Insular Affairs Committee, which has charge of legislation affecting the Fhilippine Islands.

Pointers About Cars During Trips Are Explained

Mile for mile, motor cars require less attention from their users today than ever before. This is explained partly by the increased reliablity of the product, and partly, no doubt, by the fact that motorists are becoming educated in the simple routine procedure which keeps their automobiles near peak efficiency al the time.

With summer at hand, and hundreds of thousands of owners planning vacation trips in their cars, a few suggestions about preparation for such journeys will be timely. An extended trip trip makes more strenous demanas of an automobile than does normal around home, and it is only sen sible, when planning such a trip, to see that every detail affecting performance, safety and comfort is

checked in advance. After a winter's driving, it is always advisable to see that the cooling system is in shape for maximum warm weather efficiency. If this has been negelected up to now, it should be attended to before that summer trip. The result will be a cooler engine, longer life from lubricating oil, and generally improved performance. Water should be checked occasionally during the journey, too, of course.

Assuming that transmission and differential lubricants have been changed to the proper grade for sum-mer driving, the levels of both should be checked before the start of a long journey. See also to the oil in the crankcase, which, of course, should also be changed at the intervals recommended by the manufacturer.

The solution in an automobile battery evaporates more rapidly in warm weather than in cold, and the short time it takes to have this detail chacked, and water added if neccessary, is always well invested.

The average motorist thinks about tires only when he has a "flat". A little extra attention to the subject will not only reduce tire troubles to a minimum, but add considerably to the comfort of riding and the ease of driving. Cars steer more easily when the tires are inflated to the proper pressure, and it is especialy important that the pressure in the left and the right be the same.

For complete comfort in motoring tires should be checked now and then during a journey. Protracted driving on hot pavements in summer may expand the air to a point where the ride becomes bumpy because the tires are so hard. On the other hand, tires with insufficient air wear out rapidly, because of the constant flexing of the casing near the point of contact with the groud. They are also more likely to suffer rim-cuts traversing rough roads.

Today's cars rarely develop any serious trouble, even on extended journeys. But a succession of minor annoyances, easily averted by a little advance preparation, have often marred an otherwise perfect trip. The vacationist who look after these details as a matter of routine is taking out good insurance on the success of

Rev. A. P. Stokes of Afton was greeting friends in our city Saturday.

Social Security To Assist All States

Field officers of the Social Security Board have been instructed to explain that the issuance of social securtiy account numbers a few weeks ago was extended to aid the states in set-States, Congressman George Mahon ting up records for unemployment compensation programs, according to E. L. Tutt, manager of the Dallas field office of the Social Security Board. State unemployment compensation laws, Tutt said, cover employees of all ages, whereas the wages received by workers for employment stated: "We are legislating for neu- after they reach 65 are not counted toward old age insurance under the
