

Dickens Picnic Begins Next Thursday

New Clover Farm Store Has Formal Opening Sale

Annual Affair Promises to be Bigger and Better Than Ever Before; Carnival Will Add Attractions to Usual Frolic Events

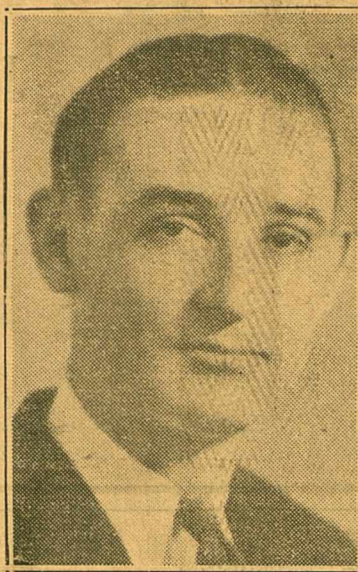

Wheat Shipments From Spur Reach Total of 206 Cars

One car of wheat pulled out by the Stamford and Northwestern Railroad train Wednesday brought the shipment of wheat from Spur up to 206 cars. There are four more cars in sight within the next few days and possibly there will be ten cars shipped out before the season closes.

It is conservatively estimated that two thirds of the wheat shipped on the Stamford & Northwestern line has been shipped from Spur. All cars from this point have been large ones, containing around 1,400 bushels per car. This places the wheat shipped from this point close to 300,000 bushels for this year.

The market conditions at Spur have been extra good this year. The wheat has brought a premium of one to three cents per bushel over the price paid at surrounding shipping points. Every accommodation for the farmers have been arranged for by the local wheat buyers, and plenty of additional help was furnished to assist in unloading trucks. A good unloading machine was available all the time and when farmers drove in with a truck to be unloaded it was gone within a few minutes and back to the field to get another load.

The train ran on Sundays to keep the tracks clear of loaded cars. The greatest number of cars pulled out with one train was 23. There was always plenty of cars for the farmers to load their wheat into, which was of great help, as most farmers had to load their wheat as it was combined.

HORACE HYATT, MANAGER OF CLOVER FARM STORE

Manager States Many Bargains Are Offered During Sale

Clover Farm Stores in this area are celebrating the beginning of regular operations with a Grand Opening Sale of extraordinary Grocery values beginning Friday morning and continuing for a week.

The local Clover Farm Store is owned and operated by Atkinson Bros. whose attractively modernized store has been heavily stocked with a large variety of quality foods in preparation for this Opening Sale event. Numerous special purchases of merchandise have been made for this sale, many of them from manufacturers, packers and producers in Texas, as it has always been the Clover Farm policy to work as largely as possible with local suppliers.

The Clover Farm stores are individually owned and operated in their respective localities. While ownership of the store remains local, the income from local business remains in the community, the stores are affiliated with the national Clover Farm organization for the purpose of offering top quality merchandise at the very lowest prices available through mass buying.

The supply houses servicing Clover Farm stores in this locality is the Waples-Platter Company, Stamford, who also operate grocery shops in many other Texas towns and also have branches in Oklahoma and New Mexico. Manager of the Waples-Platter Company at Stamford is George H. Zachary.

The new group will be known as the Longhorn division of Clover Farm Stores. Two other divisions at present are operating in Texas, the Blue Bonnet division at Fort Worth, and the Lone Star division at Dallas. Other divisions are to be established in the near future.

The Waples-Platter Company is one of the oldest business concerns in Texas. It was established in 1872 at Denison when the M. K. & T. railroad was built into the "Gate City." The company originated and has long distributed the "White Swan" brand of food products, well known to the public throughout the southwest, and of course continue with this brand.

The national Clover Farm organization consists of several thousand stores in 26 states from the Atlantic Coast to the Rocky Mountains, and from Texas to the Canadian border. Their national headquarters is located at Cleveland, Ohio, where standards and grades for Clover Farm brands of merchandise are established and where these requirements are maintained through laboratory, kitchen and "use" tests. All Clover Farm brands of merchandise are highest quality—the brand being known as a quality line. All stores in addition to offering Clover Farm brands of merchandise will continue to offer a complete line of other brands that are popular in this locality.

TONY STEGALL, MANAGER OF MEAT DEPARTMENT, CLOVER FARM STORE

Boy Scouts Are Sponsoring Show

The members of the two troops of Boy Scouts in Spur want everybody to buy their tickets to the Palace Theatre for next Sunday and Monday's program from them. They are fostering the show at the Palace for the Saturday night preview, Sunday matinee and Monday programs.

They are bringing you that favorite screen star, Joe E. Brown, in that comedy, "When's Your Birthday?" and Brown presents himself as a great psychic character. It is a laugh from start to finish because that is the only kind of show in which Joe E. Brown stars.

The Boy Scouts of both troops get a percent of all tickets they sell, and they want you to buy your tickets from them. The price is the same, but the income to the Scouts is great when they sell you your ticket. Be ready to get your tickets when the Scouts see you. Tickets are on sale now and the Scouts are canvassing the community. Just a quarter to see a good program and to help the Boy Scouts at the same time.

Test Well Drilling In Hard Formation

Drilling in very hard formation the test well for oil on the W. A. Harris place northwest of Spur continues at good progress. Tuesday afternoon the drill broke through a very hard formation and went into soft material for only a few feet and then hard substance was encountered again.

The well is now below the 1,000-foot mark at this time and the drill continues on down with reasonable speed, in fact, with good speed considering the hardness of the sand now being drilled.

To date hard sandstone, some lime formation and other hard substances have been encountered. As yet there has been no show of oil in the well, and none is expected for several feet to go. No one need get excited about the condition at this time because the hole is not deep enough yet to prove anything. Mr. Morris is using all precaution possible to avert any hard situation and to keep out of trouble with getting tools hung in the well. That is very necessary to watch now.

Town Is Prepared For Large Gathering

Free Camping and Good Drinking Water During Two Day Meet

One of the big annual affairs of Dickens County is the Old Timers Picnic which will be in full blast on Thursday morning of next week. For many years the business people of Dickens have been fostering this big annual affair, and it is planned to make it much larger this year than at any previous time in the past.

The D. S. Dudley Carnival Company will be there with a full line of attractions. This big carnival has been increased in capacity until it is at least one-third larger than in former years. There will be all kinds of rides, ferris wheels, merry-go-round, good music. Also, there will be skating and other features in which people may engage if they desire.

The large hotel building in Dickens is being arranged and all the programs will be held in that building. There will be plenty of good, clear, cold spring water to drink—in fact, the well water at Dickens is very fine. Also, other accommodations are being arranged for the entire comfort of the people who attend the picnic.

There will be two big days of this affair—Thursday and Friday, July 22 and 23. There will be night sessions, and the entire grounds will be lighted with electric lights from the West Texas Utilities substation. There will be no reason for people not enjoying themselves at this great annual affair. Your neighbors and many former old friends will be there. There will be plenty of food available to eat, and a great spirit of fellowship will rule. There will be slides, games and rides—just those things that people of West Texas enjoy.

The good people of Dickens are looking for you and you will miss a great social time if you are not there.

Ralls Citizen Dies At Home on Sunday

Funeral services were held Monday afternoon at Ralls for John Lewis Ligon, an uncle of Dave Taylor of our city. Rev. J. Edmund Kirby, pastor of the First Methodist church at Ralls, conducted the services, assisted by Rev. R. L. Travis and Elder H. Hall. Interment followed in Ralls cemetery.

Mr. Ligon was born in Alabama on May 25, 1865, and moved to this state when a young man. He moved to Ralls 17 years ago and has lived there since. He was engaged in blacksmithing and welding until six years ago when he suffered a paralytic stroke from which he never recovered.

He is survived by his widow and six children: J. E. Ligon of Lubbock, J. H. and Bill Ligon of Sayre, Okla.; Mrs. Sanders Taylor of Abilene, Mrs. Ray Jones of Crosbyton, Noel Ligon of Canute, Okla.

There are 20 grandchildren and one great grandchild in the family.

Legion Meeting Monday Night

The Boyd M. Williams Post of the American Legion will hold their regular meeting in the Legion Hall over the Clover Farm Store next Monday night, July 19. It is the hope of Post Commander Hale and other officers that a good representation of ex-servicemen be present. There will be important business to be transacted and the presence of every member of the local post is desired. Also, there is a fraternal feature of the meeting that is valuable to all who attend.

O. B. Ratliff Opens Law Practice Here

O. B. Ratliff, formerly of Haskell, has opened law practice in Dickens County in association with his brother, L. D. Ratliff, Jr. He has his offices in the E. J. Cowan building. Mr. Ratliff stated that his law practice in Dickens County would be confined to civil cases only in due respect to his brother, who is now serving as County Attorney. He stated he would accept criminal cases in any other county and would be glad to lend his assistance as a special prosecutor in criminal cases in this county.

Mr. Ratliff is a young man, energetic, and is diligent in his work. He is a graduate of Haskell High school, spent two years at the Texas Technological College, one year at the University of Texas and took his law course at the Jefferson Law School in Dallas. He has been in practice in Haskell, where he was associated with his father, L. D. Ratliff, Sr.

Double Wedding Ceremony For Wake Couple at Lubbock

A quiet double wedding occurred in Lubbock Saturday morning, the contracting parties being Randall Lee of McAllen and Miss Lucille Barnett of Wake community, and Jack Barnett and Miss Nora Baxter of Afton. The two couples drove from Wake community to Lubbock Saturday morning, and a double ring ceremony was read for each couple.

Mr. and Mrs. Barnett left for points in New Mexico where they expect to spend a week of honeymoon. Mr. and Mrs. Lee returned to the Wake community where they spent the night in the home of the bride's parents, Mr. and Mrs. A. G. Barnett, and then left Sunday for McAllen, where they will make their home.

Mr. Lee is engaged in the truck and transport business and is associated with other business in McAllen. Mrs. Lee is a graduate of the Crosbyton High School and has a great host of friends in Spur. She spent several months in the home of Mr. and Mrs. Starcher and seemed like a member of their family.

Mr. Barnett is a hustling young farmer and business man of Wake community and is highly esteemed by all who know him. Mrs. Barnett is a daughter of Mr. and Mrs. Sam Baxter of Afton and was a teacher in the school at Wake. She is a graduate of the high school at Patton Springs and of the Northwest Texas State Teachers College at Canyon. She taught at Dumont before going to Wake and was very successful in her work. Mr. and Mrs. Barnett will make their home at Wake, where Mr. Barnett is engaged in farming.

Ewton Family In Move to Houston

Dr. and Mrs. M. F. Ewton and little son, Maynard, left Tuesday for Houston, where they will make their home. Dr. Ewton, who had served as pastor of the First Baptist Church in Spur for the past three and one-half years, had accepted a call to the First Church of Houser Heights at Houston.

In going to another field Dr. Ewton stated that he felt his opportunities were greater and that he could do a greater work. He has a church with a membership of around 1,500 and other advantages which gives him a larger field.

During his work with the Baptist Church at Spur, he said he had never worked with a better people or a more congenial people. He was well liked by all the members of the Spur church and the entire body regretted to see him leave.

No call for a pastor by the Spur church has been made yet. The pulpit committee will be arranged soon to secure preachers for the next few weeks until a pastor has been selected.

Fred Wilhoit Died At Dickens Monday

Fred Wilhoit, a much respected young man, died at the home of his parents, on the J. T. Wilhoit farm west of Dickens, about 1:30 o'clock Monday afternoon. He had suffered from typhoid fever for about two weeks, it proving fatal. Funeral services were conducted at the First Baptist church in Spur at 3:30 o'clock Tuesday afternoon. Rev. J. V. Bilberry, a friend to the family, read the funeral rites. Interment followed in Spur cemetery, with Kinney Funeral Home in charge of arrangements.

Young Wilhoit was a son of Mr. and Mrs. R. C. Wilhoit and had lived in the county about two years. He was born in Cooke County May 11, 1920, and was 17 years of age last May.

He is survived by his parents, Mr. and Mrs. R. C. Wilhoit; two brothers, Johnny and Bobby Ray Wilhoit; five sisters, Mrs. Juanita Cranford of Perrin, Mrs. Edith Gragson of Espuela, and Misses Myrtle, Ruthie Mae, and Fay Rene, all of whom are at home with their parents.

FORMER PASTOR HERE SUNDAY

Rev. J. P. Paterson, of Seymour, a former pastor here, will preach at the First Methodist church here Sunday morning and Sunday night. Rev. Gates will be in a revival meeting at Foreman Chapel and Rev. Patterson has kindly consented to fill the pulpit at both hours Sunday.

Rev. Gates an uncle that the Sunday School and Epworth League services will be held at the usual hours. He requests that all members turn out Sunday and give Bro. Paterson a good congregation to preach to.

COUNTY TAKES UP WARRANTS

According to announcement made by County Judge Forney, a series of outstanding county warrants will be paid at any time presented. The series includes Warrant No. 1 to Warrant No. 35, and the holders of these warrants of this series can secure the money for them when they are presented. This is a good indication that the financial condition of the county is greatly improved, since the series of 1937 warrants can be paid now.

Part of this is due to the very excellent collection of delinquent taxes which has been going on for the past several months.

C. W. Dorch, T. C. Ensey, Maynard Ensey and C. F. Applegate left the first of the week for Junction to enjoy camp and some fishing. They expect to be away most of the week and before leaving had planned to make life miserable for the finny tribe.

COUNTY COURT TO CONVENE MONDAY

The Dickens County Court at Law will convene at the Court House in Dickens next Monday, July 19. Judge Forney will be the presiding judge.

All non-jury cases will be disposed of the first week of court. A jury will be empaneled Monday, July 26, for the purpose of taking care of all jury cases. It is reported that there is a rather full docket for this term of court.

FINE VACATION ENJOYED BY SPUR CITIZENS RECENTLY

Mrs. Ida Rankin Rucker, Mr. and Mrs. Thomas and other friends at Lubbock returned the last of the week from a visit to various points in New Mexico. They visited Cloudcroft, Artesia, Ruidosa and other points, spending about eight days in all. Mrs. Rucker stated that all of the places she visited were nice, but she liked Ruidosa best of all. She said that of the 3,700 people who were at Cloudcroft for July 4th, 2,100 of them were from Texas. She stated that it is worth any person's time to take a vacation in the mountains of New Mexico.

SPUR METHODIST CIRCUIT

Our Methodist meeting will begin Friday night at Foreman Chapel. Rev. P. H. Gates will do the preaching. We want to invite the public to attend these services, and want you to feel that you are free to worship with us.

I urge the membership of the church to be present at each service. We are trusting you will not fail us in this great cause for God and righteousness and for the salvation of souls.

E. C. Armstrong, Pastor.

FURIOUS FUN FILLS JOE E. BROWN FILM COMING UNDER BOY SCOUT AUSPICES

"When's Your Birthday?" With Marian Marsh, showing in Preview Saturday night, Sunday, Monday, at Palace Theatre.

Joe E. Brown Tells Of Screen Methods In Press Interview

Joe E. Brown star of "When's Your Birthday?" treasures a simple formula for projecting his innermost thoughts on the screen, even though he may go through a scene without speaking a single word.

"When I was a young boy traveling with a circus an old-time clown gave me this formula," he says, "and I promptly set about cultivating it: 'Really think what you are supposed to be thinking, and combine this with active, bubbling vitality, which vastly aids your features to become a mirror—causing them to be as mobile in effect and as active in responding to the tiniest change in mood, as your brain itself.'

"I practiced before a mirror for many hours, striving so to perfect

my pantomime that any other person could read my thoughts as well as I could, myself. But often I would assure myself that the experiment that I had only a moment before looked upon as a perfect demonstration of the art was really nothing of the sort. It had only seemed so to me because I already knew what I was thinking.

"Kid that I was, I had many protracted arguments with myself over this question, but this very refusal to accept halfway results was what helped me immeasurably in the long run.

"What is really involved is an exaggeration of the natural changes in the features, and most particularly in the eyes. These, indeed, are the true mirror of the soul, and of the various thoughts that occur behind them. In the motion picture, of course, with its close-ups and moderately close 'shots,' this item is of even greater importance than on the stage.

"But if you expect to become a real expert in this line, be careful of your thoughts. There are laws in this country, you know."

In the David L. Loew production, Brown plays the role of a somewhat dumb but very earnest young man who takes a course of lessons to become an astrologer—and then forgets to cast his own horoscope before he finds himself in a desperate situation!

This riotously funny picture was directed by Harry Beaumont, with a supporting cast including such popular favorites as Marian Marsh, Fred Keating, Suzanne Kaaren, Edgar Kennedy, Maude Eburne and Minor Watson. The story, from an unproduced play by Fred Ballard, was adapted for the screen by Malcolm Stuart Boylan, Harvey Gates and Samuel Pike, with screen play by Harry Clark. Showing at the Palace Theatre Saturday preview, Sunday and Monday, and under the auspices of the Boy Scout troops of Spur.

and resettlement will be solved in some measure, at least."

Bennett stressed the importance of individual action among farmers to prevent soil wastage, adding: "Some farm owners, not all of whom are farmers, will want to keep on mining the soil, come what may. In case of this kind, I believe organized society has a right and duty to step in, according to democratic procedure, and put a stop to soil exploitation."

Short Course Being Talked at Lubbock

Plans for a farm short course at Texas Technological college during the summer for cooperative housing of agricultural students who otherwise would be unable to attend Texas Tech were disclosed at a meeting of professional agricultural workers of the South Plains region held last week at Lubbock.

Plans Conducted At A. & M. Through communications with officials of Texas Agricultural and Mechanical college at College Station, Burdette said he had been informed that approximately 700 boys there living in cottages are attending school with their living expenses amounting to \$9 to \$14 monthly. He said he was of the opinion the same plan would be successful here.

The proposed construction of living quarters for agriculture students who could not attend school by any other means is separate from a proposed plan to erect cottages with

money recently appropriated for that purpose by the Texas Legislature, he said.

The organization hopes to perfect plans for these two projects at the session. Approximately 30 to 35 persons are expected.

ATTEND AMARILLO MEETING TRI-STATE WELFARE WORKERS

County Judge Formby and Miss Kanna Stephens attended the Tri-State meeting of Welfare Workers at Amarillo Friday and Saturday. Some new plans and methods of di-

recting the welfare work in West Texas are being initiated at this time, the meeting of the last of the week being more of a school of instruction. Miss Stephens has been in charge of the work in this section for some years.

Soil Erosion Effects Stressed by Bennett

Nacogdoches, July 8.—Human erosion was stressed as an inevitable corollary of soil erosion by Dr. Hugh H. Bennett, chief of the United States soil conservation service, at the statewide soil conservation conference here sponsored by the East Texas Chamber of Commerce.

"Much of our tenancy problem can be traced directly back to soil wastage," Bennett told the farmers, business men and educators called together to seek a solution to the growing problem of soil and water wastage in Texas.

Soil Carried Away

"Right today farmers are leaving the so-called 'dust bowl' of the southern plains because wind erosion is carrying away their soil. Water erosion was responsible for driving farmers out of other parts of the country. Many of today's tenants and sharecroppers once were landowners—before soil erosion impoverished lands and led to sale or abandonment. I believe that most of us now realize that badly eroded lands cannot support a reasonable standard of living.

"Much of the poverty of the sharecropper is the results of his own misuse of the soil.

To Solve Problems

"It is not for us to prescribe a national remedy for social conditions outside our own field of soil conservation. Yet I believe we should all bear in mind the human erosion which follows naturally after the soil has been washed away or blown away. Once the soil is anchored to the land, I believe many of our problems of farm tenancy

West Texas Utilities Company

Achievements of County Schools Under Supervision of County Superintendent Is Described Briefly in Prepared Summary

The county superintendent's office has existed as such separately in Dickens County since October, 1929, or approximately eight years. Educational advancement during this period has been rapid and far-reaching. Any attempt to enumerate anything but the major achievements of these eight years would be too lengthy for a paper of this sort; consequently only some of the more important are named.

To begin with, a brief statement of the conditions prior to the establishment of the county superintendent's office will help more effectively to show by contrast what has been accomplished than by any other means. At that time there was in the county only one affiliated school, and no common school was standardized. Small schools were teaching high school subjects—some of them eleven grades—and no provisions were made for transferring the high school students in compliance with the high school tuition law. Schools were poorly equipped. Their physical conditions and terms were short, averaging around six and one-half months. Very little attention was paid to qualifications or professional growth of teachers. The school attendance was very poor, the book supply was inadequate, and no attempt was made to attain any standard of health education as a county-wide movement. No federal or state school nurse had come to Dickens county. The children as a whole had never been immunized. Schools were usually visited once a year with no thought of supervision of work.

Since that time the following accomplishments are noted:

1. School finances have been watched carefully and expenditures kept at a minimum. Schools have kept in better financial condition than most counties, despite the fact that the years in which Dickens County has had a county school superintendent have been years of severe droughts.
2. Large amounts of state and federal aid have been secured.
3. For several years now all the high school work in Dickens County has been accredited. The curriculum is varied and comprehensive. It fits the needs of the pupils of this section, includes many vocational courses as well as those of a regular academic nature. This includes commercial courses, home economics, music, etc.
4. Every high school student in Dickens County has access to and transportation to an accredited high school.
5. After seven years of intensive work on the standardization program every school in Dickens County is now standardized.
6. The consolidation program has come large in Dickens County. There have been some forty schools. Ten years ago, there were twenty. Next year there will be less than ten schools in Dickens County.

7. The average length of the school term in Dickens County is now eight and one-half months.
8. Standards of teachers' qualifications in Dickens County have been raised until all the teachers of the county have had at least two years college work in addition to a high school education, and many of them have college degrees. For six years there has not been an examination given for teachers certificate in the county superintendent's office of the county.
9. Growth of teachers while in service and improvement of teaching technique have been promoted by:
 10. (1) Last year we had curricula specialists work with our teachers. A primary and intermediate specialist alternated with a high school director during a period of 15 weeks. A series of dynamic teaching experiences adapted to the specific needs of the children in the various schools of the county was introduced. This was done in accordance with the new state course of study. About ninety per cent of the teachers of Dickens County took this course.
 11. County courses of study on all subjects have been written by the county superintendent and committees of teachers.
 12. Frequent visits have been made to the schools by the county superintendent. The schools have been supervised not only through visits but also through many mimeographed letters to the teachers and trustees and by group meetings.
 13. Most of our teachers attend school every summer.
 14. Every year large numbers of the teachers attend the Texas State Teachers association convention, and bring home with them ideas that are used all year.
 15. The teachers, trustees and people interested in schools have met together monthly in the Dickens Educational Association. For six and one-half years this organization has been active in aiding school legislation, ideas have been exchanged, and many problems worked out. Educational lectures given by local and state authorities have proven invaluable. This association also brings teachers, trustees and parents into closer and more sympathetic contact.
 16. In addition to these general meetings many sectional group meetings have been held. During these meetings, teachers, principals and trustees have met and studied their mutual problems and exchanged ideas.
 17. The trustees of the County have an organization and meet from time to time.
 18. The county superintendent has been means of securing educational speakers of note within the county and beyond its boundaries. This has done much to inspire teachers, trustees and patrons to do better work. Without the inspiration of these

speakers, much of the progress this county has made in an educational way could never have materialized.

19. Parent Teacher Associations have organized during this period in all communities. These organizations are either doing or have done much to improve the educational situation in their respective schools.
20. A county Parent Teacher Association Council has been organized and operating for years.
21. A county Health Association has been organized which interests itself in all county health problems.
22. A professional library is maintained in the office of the county school superintendent.
23. At all times there has been a good supply of new text books on hand for schools. There has also been an ample number of out-of-adoption books on hand to be used for supplementary work, reference, or for other purposes.
24. Traveling libraries have been secured from the Historical Loan Library at Austin, Texas.
25. There has been for six and one-half years a circulating library in the county superintendent's office.
26. Thousands of dollars worth of free materials have been furnished by companies for advertising purposes without any cost to any of the schools in the county. From time to time we have had materials on most of the subjects taught in the schools, and this has been of great value to teachers. This material is kept on a general distribution table in the office of the county superintendent.
27. All available bulletins from the departments of education and health have been kept on hand for distribution.
28. Agriculture is being taught in the elementary grades, and schools have been put on the A. & M. mailing list so that they may receive agricultural literature regularly.
29. Classes have been grouped so as to promote longer periods of recitation or supervision. Daily programs have been worked out and made more effective.
30. In attempting to raise the standard of work done in the schools of the county, scientific tests have been given for diagnostic purposes and later in (Continued on Page 9)

Poole Company Here Last Week

The clothing display trailer of the Poole Manufacturing Company of Sherman was in our city Friday and Saturday. The Poole Manufacturing Company has become famous for the manufacture of the Poole shirts, of which there are many designs and colors. Also, the Poole shirts are noted for their long-wearing ability and their non-shrinking features.

The trailer, which was drawn by a Chevrolet car, came from Kansas to Texas a few weeks ago and was displayed at the Cowboy Reunion at Stamford the first week of this month. It is in charge of John Dryden, who has been with the Poole Company since about January of this year, and he is thoroughly conversant with Poole products. Mr. Dryden works with different salesmen in 25 to 30 states in the southwest and west. He was with Buford Dean, of Hamlin, who is territorial salesman for this section.

Mr. Dean worked for Bryant-Link Company for many years where he sold Poole shirts and Poole trousers for several years. Mr. Dean knows his products and does not hesitate to say there are none better on the market.

The trailer is a product of the Covered Wagon Company, and is so equipped that Mr. Dryden never has to pay a hotel bill. It has a nice sleeping couch in it, clothes closets, and other conveniences, and then has display counters for the 240 items which are manufactured by the Poole Company. In addition under the counters are plenty of bins in which can be packed every product carried by the trailer. This protects the samples from dust, light and the extra wear that might occur by having them in the open. However, Poole garments are fast color and do not

1030 POSITIONS

Young people interested in early income and broad opportunities for advancement should write at once for affiliated Employment Report showing 1030 calls for graduates, 723 placements, and 307 unfilled positions last year. SCHOOLS FOR NYA AG. COURSE
 Youths genuinely interested in farming who want to work on a project at one of Texas' agricultural schools this summer and attend special agriculture courses may communicate with District NYA offices at Marshall, Dallas, Houston, Fort Worth, Waco, Austin, San Antonio, Amarillo, Lubbock, or San Angelo.

About 550 youths will be selected for the project and training course.

ATTORNEY GENERAL GETS WORK FOR TEXAS YOUTHS
 William McCraw, Texas attorney general, applied to the National Youth Administration for extension of an NYA work project he has sponsored at the State Capitol, from which a large number of youths have graduated to full-time private employment. About 30 youths are now employed part time on the project doing clerical work. J. C. Kellam, Texas NYA director, said.

ENLARGES STORE; ADDS STOCK

C. S. Kearney, proprietor of the Hill Top Service Station and Grocery has made an addition to his building and has enlarged his stock of groceries to a complete line. He made an extension of 14 feet to the south side of the building, and get the south wall back. The building is being finished in salmon colored stucco and is one of the neat business concerns in our city.

**Meeting Begins
At Afton Church**

Rev. O. B. Herring, pastor of the Methodist Church at Happy, will do the preaching in a meeting to be held at the Afton Methodist Church beginning Friday night, July 23, and continuing until Sunday night, August 1. Eugene L. Naugle, Pastor.

REV. O. B. HERRING
Of Happy, Texas, who will be in a meeting at Afton beginning Friday night, July 23. Some years ago Rev. Herring was with the Spur Circuit and has a great number of friends in this county. He is one of the able preachers of the Methodist church, and the Afton people should consider themselves fortunate in securing his services in their revival.

Ben Eldredge, of McAdoo, was attending to business affairs in our city Tuesday and was greeting his friends.

Welcome Visitors

TO
**DICKENS 4TH ANNUAL PICNIC
AND
OLD SETTLERS' REUNION**
JULY 22-23

We are very happy to take part in celebrating with Dickens next Thursday and Friday, July 22 and 23, its Fourth Annual Picnic—Let's make it a cordial success for everyone who may be visiting in Dickens.

Bryant-Link Company has always endeavored and helped to develop WEST TEXAS and DICKENS COUNTY in its march of progress—always taking a part in public matters that are worthwhile to the community. We consider the Dickens Picnic and Old Settlers Reunion one of the biggest events of the year.

Bryant-Link Company joins the many citizens in extending best wishes and hearty congratulations to its founders—Ben Overstreet, Fred Arrington and Cecil Meadows.

**TO EVERY WOMAN
SHELTERED BY A GOOD NAME:**

'MARKED WOMAN'

To every mother who fights her daughter's yearning for gay night life; to every sister and sweetheart—and the men who love them—we believe "MARKED WOMAN" is the most significant drama of life filmed since the advent of sound pictures.

Some women may be offended by the bold reality—some may be shocked by the honesty of a fearless story—(because "MARKED WOMAN" exposing the "call-girl" system and the racketeering of the "unspoken profession" is entirely frank and outspoken)—but none will deny they have been spellbound by the powerful portrayal of the life that sheltered women never see.

"MARKED WOMAN," which comes to the Palace Theatre Wednesday and Thursday, July 28th and 29th, is not a picture for children. Its utter directness compels us to restrict its showing to **ADULTS ONLY.**

"MARKED WOMAN" will open your eyes and show you the side of life you've read about but never known.

Sanitarium News

Miss Ina Rogers of Croton community underwent an operation for appendicitis Saturday and is getting along fine.

Mrs. Burton Whitener, city, is getting along fine after an operation last week.

Mrs. L. L. Teague of Espuela is getting along fine after an operation two weeks ago.

Miss Imogene Williams of Dickens, who underwent an operation two weeks ago, is improving nicely.

Mrs. D. W. Spraberry, city, who underwent an operation two weeks ago, had improved until she could return home Sunday.

D. F. Ritchie, who has been in the sanitarium for 15 weeks as a result of burns, is able to be up a little at times now.

Mrs. Ross Murphy of Dickens, who underwent an operation two weeks ago, was able to return home Sunday.

Mrs. Dick Boykin was able to return home Sunday after having been in the sanitarium two weeks following an operation.

**Furniture Sale Held
By Bryant-Link Co.**

The Bryant-Link Company are offering some very fine bargains in furniture from their large stock this week. They have an exceptionally good stock of high grade furniture and at this time are giving the people an opportunity to fix up their homes with some nice furniture. There is nothing that makes a home look better than to have it fitted up with nice furniture. See the big advertisement of this furniture sale in this week's issue of the Times. Pick out your selections and talk it over with the furniture salesman.

STUDENTS MAKE HONOR ROLL

Four students at the Texas Technological College from Dickens County made the honor roll during the spring semester. These reports come from the registrar's office and show that the young people from Dickens County have made a good record in their work.

The students are: Miss Inez Rose, daughter of Mr. and Mrs. Austin C. Rose of McAdoo, with an average of B;

Miss Hope McClain, daughter of Mr. and Mrs. A. E. McClain, of Kalgary, with an average of B;

James Henry Cowan, son of Judge and Mrs. E. J. Cowan of Spur, with an average of B;

Bill D. Power, son of Mr. and Mrs. W. A. Power of Spur, with an average of A.

PURCHASED GROCERY STOCK

W. R. Lewis, of the New Deal Grocery, purchased the close-out stock of groceries from Bryant-Link Company this week and is assembling it with the New Deal Grocery. This is a good stock of groceries which Bryant-Link Company had in their grocery department when they closed out the grocery business, and it makes a very large and complete stock for the New Deal Grocery.

Friends are invited to visit the New Deal and to read their large bargain list advertised in this issue of the Times.

SPECIAL MEETING OF SCOUTS

A special meeting of the Boy Scouts of Spur was held Tuesday evening, July 13, in which both the troops took part. Refreshments of candy and ice cream were served. The ice cream was given to the Boy Scouts by the Spur Creamery, and it was greatly appreciated.

After the meeting the Scouts were treated with a free show. The Scouts wish to thank Mr. Hardwick, the Palace Theatre manager, for this fine entertainment.

Sunday and Monday, July 18 and 19, the Scouts are sponsoring the show, "When's Your Birthday?" starring Joe E. Brown and many others. It is a laugh from beginning to end. Tickets will be on sale until Saturday night at 8 p. m.

—A Scout.

Joe M. Rose of Duncan Flat was attending to business matters and greeting friends here Tuesday.

E. M. Wilson, local manager for the West Texas Utilities Company, is in Stamford this week assisting with work in the district office.

Miss Annie Laurie Lewis, student at Abilene Christian College, spent the week-end with her parents, Mr. and Mrs. W. R. Lewis, here.

Misses Ida Lee Golding and Jean Engleman are attending the girls camp at Glendale this week.

ONLY Genuine PYROIL

When you ask your service station or garage attendant for Pyroil, are you sure you get *Genuine* Pyroil?

Only *Genuine* Pyroil gives Pyroil results. The one, exclusive product used by Barney Oldfield in shattering tractor records; used by "Wild" Bill Cummings in breaking the world's record in the 1934 Indianapolis 500-mile Auto Classic; used by Louis Meyer in establishing a new world record, 1933 Indianapolis 500-mile race; used by Boardman and Polando on man's then longest trans-Atlantic flight, 1931; used by scores of other world-famous engineering wizards, on land, sea and in the air.

Genuine Pyroil frees valves, cools the motor, increases power, adds mileage, safely protects all metal parts. And, because of your reduced operation and maintenance expense with Pyroil, it actually costs you *nothing* to use. Manufactured and Guaranteed by Pyroil Company, W.V. Kidder, Pres., LaCrosse, Wisconsin, U.S.A.

Simply add to Gas, Oil and Grease

*** * * * * Afton—East Afton * * * * ***

As a closing event in the summer course of home economics in the Patton Springs school, the girls enjoyed a picnic at Roaring Springs on June 28. The girls met at the school and went from there in a group. They enjoyed a picnic supper and some of the girls went swimming. Miss Lily Gentry, instructor, accompanied the group and conducted the last class for this season on the occasion. All of the girls reported a very nice time.

Mrs. Dean Arthur and son have returned home to Dougherty after visiting a week with her parents, Mr. and Mrs. O. C. Newberry.

Bill Middleton has purchased and received a machine for dusting cotton with insect poison. Mr. Middleton received injuries to his eyes while dusting poison for the cotton flea hopper. It is not a very serious injury, however.

Mr. and Mrs. Walter Willmon took their son James to Spur for medical attention last Friday.

Mrs. Lora Wilson and daughter, Imogene, were in Spur Saturday.

Mr. and Mrs. Carl Randolph entertained a small group of young folks with a musical Saturday night.

Mrs. J. C. Christopher returned to her home the past week from a visit in East Texas.

Mr. and Mrs. Jake Youngblood of Levelland visited relatives here the past week.

Mr. and Mrs. Lilburn Harvey were trading in Spur Saturday.

The Clothing Fair was reported a success. Those from this part of the county present were: Mrs. R. C. Alexander, Mrs. H. E. Bennett, and Miss Merle Bennett. Mrs. B. F. Middleton entered all the contests, but was unable to attend. Mrs. Middleton won third place on her pieced quilt.

Mr. and Mrs. A. V. Lester were trading in Spur Saturday.

Mr. and Mrs. Clarence Alexander of Spur were visiting relatives and friends in Afton Sunday.

Mr. and Mrs. Jack Fite made two trips to East Texas the past week to bring back fruits and vegetables for market.

Mrs. Clarence Bowman and daughter Ruth left Sunday for a two weeks visit in Indiana. Mr. Bowman has been in that state for some time.

Mr. and Mrs. Clarence Willmon and family and Mr. and Mrs. Walter Willmon spent Sunday with Mrs. Clarence Bowman before she left on her visit.

The school consolidation election failed to carry in the Prairie Chapel box. The vote was 36 against and 21 for consolidation. In the Afton box the vote was 27 for consolidation. As there is no school aid available from the state for the Prairie Chapel school the situation is left to the county school board to settle.

Miss Ina Sue Powell is visiting at present with Miss Evelyn Turpen at Lubbock.

Mr. and Mrs. Joe Cornett and family were in Spur Saturday.

The farmers of this section are wishing very much for a rain at the present time. All crops would be greatly benefitted. At least we hope the rain comes before it is too late to help the crops.

O. C. Newberry was in Spur on business Saturday.

Elda Stovall recently left for the Fort Sill training camp in Oklahoma, where he will remain for the duration of the training course.

Mr. and Mrs. H. A. Poole returned last week from an extended visit in Sulphur, Oklahoma.

L. L. Sharp was a business visitor in Dallas last week.

Mr. and Mrs. H. H. Offield had as their guests the first of the week his brother and sister of Breckenridge.

GIRARD BAPTIST CHURCH

Quite a few of our people are enjoying their needed vacation just now, and so we fell short on numbers Sunday. The singing each Sunday evening is enjoyed by all. We invite everyone to be with us. Let us make these singings worthwhile—giving our young people a place to spend their Sunday evenings.

The meetings will soon begin their work of harvesting what has been sown the past year. Let us get ready

Old and New Ways Of Keeping House Are Compared

Old-timers who recall when they gathered cow chips for kitchen fires and sat the milk in a pail of water on a "lean-to" outside the kitchen window now are speculating on what kind of a name modern West Texas women will choose for themselves as a substitute for "housewife."

Over a quarter million people in West Texas last week received the news that the West Texas Utilities Company is seeking a new name for the "lady of the house" whose progress in home making has made the word "housewife" obsolete.

to do our part, thus saving some one else from double duty. We have a minister coming from Wayland College to do the preaching and a singer from Spur to conduct the song service.

The Sunbeam Band had their picnic Friday afternoon, with seventeen present, including five boys. We had our regular meeting Sunday afternoon, then went to the home of an old lady who is crippled and rendered a program. She seemed to enjoy it and invited us back again. These children can sing, their voices are so sweet and pure singing praises to the Lord. Anyone would be influenced for right living coming under the influence of this Sunbeam Band in worship. We invite all children to attend.

—Reporter.

The company will award \$500 in prizes for entries in the "name a housewife" contest.

"The average dictionary says a housewife is a 'mistress of a household, and fails to point out that she is interested in civic and social affairs or that she may be an accomplished musician," E. M. Wilson, local manager for the company here, said. "More and more women are turning to modern electric servants to perform household drudgery. So why should they retain a name that is as worn out as an old shoe?"

Early day pioneers recalled that women used to cook in crude stoves, using various and sundry types of fuel, and that they resorted to crude methods of refrigeration in order to preserve food, whereas women of today have electric cookery "at the turn of a switch" and automatic electric refrigeration that isn't dependent on "which side of the house the sun shines on."

"Keeping house in those days was a man sized job," opines Mrs. I. G. Van Leer, who moved to West Texas 40 years ago. "Women are mighty lucky to have pretty kitchens nowadays that operate themselves. These electric contraptions make it a different story than when I first moved to this country."

E. M. Wilson said a new Frigidaire will be first prize in the contest to secure a new name for "housewife." Second prize will be choice of a Hotpoint Electric Dishwasher or a Thor washing machine and third prize will be a Sunbeam Mixmaster. Ten prizes of smaller electric appliances will be awarded.

Dickens County Clothing Fair Proves Very Successful

The annual county clothing fair, which was held in the First Methodist Church here Saturday, was attended by a great number of ladies from over the county. Exhibits of clothing and other articles of Home Demonstration work were in the basement of the church. The literary part of the fair was conducted in the main auditorium. The session was opened at 10:30 with a song. Mrs. Floyd Barnett, president of the County Council, was in charge of the meeting.

The morning session was taken up by talks from various ones. Miss Gladys Sanders, assistant home demonstration agent of Lubbock County, made a very fine talk on "Good Grooming in Clothes." Miss Sanders handled the subject in a very practical manner. She stated that there are some outstanding points relative to a well-groomed lady. Then she pointed out that posture had much to do. A good carriage of the body was very outstanding. Then she stated that cleanliness was a very good feature. Proper face should be taken into consideration. She further explained how people could fix their faces to comply with good grooming. Then she explained how the clothes would have a very great bearing. Clothes of the proper type and colors which would look well and not make a lady conspicuous in her appearance.

She stated that clothes would come under three types: sports clothes, spectator sports, and dressy types. She illustrated the three types of clothes, using dresses, hats, shoes, purses and other accessories. Her talk was very instructive and interesting.

Miss Lida Cooper, district home demonstration agent, gave an account of her trip to eastern points. Miss Cooper recently returned from a trip to the Carolinas, Virginia, District of Columbia, Maryland, Pennsylvania, and New York. She told of the many interesting things she saw and the very interesting events which she attended.

The afternoon was taken up in judging the various articles exhibited in the fair. Miss Cooper did this work, which was along tiresome job in a way, yet she declared it a pleasant one as a whole. She criticized the many dresses on exhibition and told how the many little features might be improved upon. The models were divided into two sections. Various ones were called back as many as four or five times for further inspection and judging. Miss Cooper was very painstaking and was sure she was right before making her decision.

The results of the decisions and the various winners are reported below. There were about forty ladies in the county represented in the fair.

Bed Spreads:

First place, Miss Hazel Moore, of Friendship Club.

Second place, Mrs. G. W. McLaughlin of Friendship Club.

Third place, Mrs. W. A. Harris of Espuela Club.

Fourth place, Miss Mary Wooten of McAdoo Club.

Quilts:

First place, Mrs. Monroe Black, of McAdoo Club.

Second place, Mrs. Matt Howell of Red Top Club.

Third place, Mrs. B. F. Middleton, of Prairie Chapel Club.

Fourth place, Mrs. G. G. Allen of McAdoo Club.

Pillow Cases:

First, Mrs. Charles McLaughlin, of Friendship Club.

Second, Mrs. Fred Arrington of Dickens Club.

Third, Miss Hazel Moore of Friendship Club.

Fourth, Mrs. Leonard Cox of McAdoo Club.

Dresses:

First, Mrs. W. A. Harris of Espuela Club.

Second, Miss Hazel Moore of the Friendship Club.

Third, Mrs. Roy Johnson of Espuela Club.

Fourth, Mrs. F. B. Crockett of Espuela Club.

Miss Hazel Moore of the Friendship Club was the county winner and will attend the summer Short Course at College Station through courtesy of the County Council, in August. Miss Moore seems to have been a close winner in all her work and was the choice for the county.

The work of the various clubs in the county has been superintended by Miss Jean Day, County Home Demonstration Agent for Dickens County.

Representative C. L. Harris returned from Austin the last of the week where he had been looking after matters for the people. He is living in Spur now and says he is going to enjoy a few days greeting friends and looking over the needs of his district.

Player List Named By Soft Ball League

Each team in the City Soft ball League has turned in the names of players whom they intend to use during the season. The reason this is done is to keep out all who might be classed as professional players. Each team will have fifteen players listed, and have to pick a team from among the fifteen listed or secure the permission of the opposing team to use any other player.

The players chosen are as follows:

Creamery:

Bennett Wins Trip; Goes to Gulf Coast

R. M. Bennett, local salesman for the Singer Sewing Machine Company, led in sales and collections over all other salesmen in the Lubbock District for the period closing July 1. As a reward for his excellent work, the Singer Company is giving him a free trip to the coast, where he will be the company's guest for a week.

The Singer Sewing Machine Company has a pleasure boat which they are sending to the Gulf Coast and the winners in district sales and collections in Texas and Oklahoma are to be the guests on the boat. They will go out about 50 miles on the Gulf and enjoy the time in fishing and other

amusements. Mr. Bennett and his family will leave Friday for the Coast and will board the boat Saturday morning at Seadrift. He stated this week that it was a very pleasant surprise to him to get the trip as it would have been impossible for him to go in any other manner.

RETURNED FROM VISIT SUNDAY
Mrs. P. H. Gates returned Tuesday from Gorman where she had been visiting her mother, Mrs. W. R. Epples, past two weeks. Bro. Gates left Tuesday of last week to visit relatives and friends in Fort Worth and Dallas and to enjoy the big fairs at the two places, and Mrs. Gates returned home with him. Bro. Gates begins a meeting at Foreman Chapel Friday night, to be in progress for several days.
