American Legion to Foster Soft Ball Here; Takes Over Local Park

The Boyd M. Williams Post of the American Legion has taken over the Burlington Soft Ball Park and assumed all obligations in connection with it, and will foster the sport of soft ball in our city in the future. At the last meeting of the Post August 15, he matter was discussed and a committee was appointed and invested with full authority to transact the business.

The various teams of soft ball will operate under their respective managements as they have done formerly, but the grounds will be under the control of the American Legion. It is hoped that much interest will develop in this sport and that more teams will be organized and play, just for the sport they get out of it.

There is quite a lot of indebtedness against the park yet, and the receipts of all games will be used to take care of that.

Mrs. O. F. Scott Dies Suddenly Monday at Home Near Kalgary

Mrs. O. F. Scott, one of the early settlers of Kalgary community, died very suddenly Monday afternoon at her home. She had suffered of tuberculosis some years ago and had spent some time at the state sanatorium, but for the past several months had enjoyed good health. She complained of a pain in her head Monday and was dead before anything could be done for her.

Funeral services were held at the First Baptist Church in Spur about four o'clock Tuesday afternoon. Rev. J. W. Grizzle and Rev. A. P. Stokes were in charge of the services. Interment followed in Spur cemetery with Campbell's Mortuary in charge of arrangements.

Mrs. Scott, whose maiden name was Miss Rebecca Evelyn Hightower, was born in Tennessee January 18, 1891. She came to Texas in her early childhood. She was married to O. F. Scott August 9, 1911, in Jones County, and the family moved to Kalgary county in the fall of 1915 where they have resided since.

Mrs. Scott was converted when about 16 years of age and became affiliated with the Baptist Church. She lived a devoted Christian life until her death. Everybody spoke of her as a very fine lady and a good Christian neighbor.

She is survived by her husband and four children: Virgil, Wade, W. T. and Miss Alline Scott, all of Kalgary.

Lower Construction Cost in This Section

Figures presented by the regional offices of the Resettlement Administration in Dallas indicate that farm units are being built in Texas and Oklahoma much more economically than in Virginia. The average cost here is \$2,312, or less than one-third the cost of the Virginia projects as reported by Senator Byrd. The Texas figure includes dwelling, barn, chicken house and outdoor toilet.

These farm homes are being built by the lowest bidder among twenty-five Texas contractors, and the cost represents everything except administrative overhead. The overhead expense is now being reduced by the release of nearly a hundred executive and technical employees. The land for Resettlement projects has been bought at low prices, and some sellers have tried to cancel their contracts because of higher bids received later from prospective private buyers.

Those who buy Resettlement homes should be able to pay for them from income derived from crops grown, provided reasonable crop prices continue to prevail. While the Resettlement Administration has not had enough funds to reach more than a small part of those who need help toward home ownership, it has done an admirable job of rehabilitation for thousands of depressed farmers in the Southwest.

Registration at Spur High School to Start Thursday, Sept. 2nd

Registration of high school students will begin Thursday, September 2nd. Books will be issued to students at that time and other preliminaries will be completed in order to clear the way for beginning classes on Monday, September 6th. The schedule for registration will be as follows:

Thursday, Sept. 2nd., all the 11th grade students 9:00-12:00 o'clock

Thursday Sept. 2nd., all 10th grade students 1:00-4:00 o'clock.

Friday Sept. 3rd., all 9th grade students 9:00 o'clock-12:00 o'clock.

Friday Sept. 3rd., 8th grade students 1:00-4:00 o'clock.

Please note the time you are to register and report to the high school for enrollment. Taking students in groups of this type will permit more personal attention from the teachers toward assisting students to select their courses. It is very important that students get a good start and more important that each student selects those courses that will best fit him for the work he expects to do.

Every student should decide as soon as possible, what he intends to do after finishing school, and arrange his high school and college course to fit him for that work. I am aware of the fact that few high school students have made a choice of their future work, vocation, or profession, but it is important that individuals make that choice as soon as possible.

Every student that expects to go to college should decide what school he desires to enter and then meet the requirements for entering that school. A liberal arts course leading to a Bachelor of Arts, degree, one should take the following subjects in high school: two years of language (Spanish, French, German), two years of natural science (general science, biology, physics, physiology, etc.), three years of English, two years of social science, two years of mathematics and the other courses to be in the field that will be his major in college.

Students who expect to enter engineering will need to take more mathematics and pure science. Those entering agriculture should take vocational agriculture, science and subjects that furnish information in that field. Those students interested in home making should take home economics and other similar subjects in that field. Other special subjects required subjects leading to their (Continued on Page Four)

Social Evening For Sunday School Class

The Young People's Class of the Church of Christ were entertained with a 42 party in the home of Mrs. J. H. Clay Thursday evening. At the close of the games ice cream and angel food cake were served to these present. Those enjoying the evening were:

Letha Crouch, Margaret Berry, LaVois Lee, Nelta Pritchett, Ruby Adeock, Jane Godfrey, Lorene McArthur, Fritz Driskill, Jean Verner, Ruby Cowan, Margaret Mae Weaver, Marnie McArthur, Lewis Crouch Morris Dunn, Norlan Berry, Ellis Powers, Ernest Caplinger, Leonard Pritchett, Dan Pritchett, Larry Booth, Eugene Taylor, J. J. Horner, Alton Loe, and Sibil Clay.

Mr. and Mrs. Tom Newman of Matador are here visiting her parents, Mr. and Mrs. V. C. Smart.

Misses Grace Foster, Sammie McGee, Henrietta Schoenertedt and Messrs. Bill Gruben, William D. Starcher, Jr., are at Hardin-Simmons University attending a school of special band instruction.

John D. Huffstetler of Highway was at Spur, states that the organization for handling the funds appropriated as a result of the Bankhead-Jones Act has not yet been set up; and until this organization is set up no information as to plan of handling the money will be available.

Kinney Funeral Home Moving to Big Spring; Closed Last Thursday

The Kinney Funeral Home, operating in our city for the past two weeks is moving to Big Springs this week. By agreement the business was closed Thursday of last week and has not been open to the public since.

Mr. Kinney has done a very good business since coming to Spur and he stated he was very grateful to the people of Spur Trade territory for their consideration given his business. However, he has an opportunity to go into a larger field and by so doing can render a bigger service to the public. The remaining stock of the business was moved out yesterday.

Mrs. Kinney stated that she would not go for several days yet as they had been unable to secure a home in Big Spring.

She and Dickey will be here for some time, but will move just as quickly as they can secure a house in which to live.

Mr. and Mrs. Kinney and their children are very fine people and Big Springs will have some more good citizens by them going there.

Dickens School to Start Monday

According to announcement made this week by Superintendent A. C. Sharp, the City School at Dickens will start their regular session Monday, August 30. There will be nine teachers in the system for the next term, and all teachers have been in the schools two years or more except one, Miss Ina Lee Newman of Finney, who is a new teacher.

The faculty are: Superintendent, A. C. Sharp. Principal, S. J. Lovell. Coach, W. G. Sanderson. English-Spanish, Mrs. Wayland Lee.

Grade teachers: Mrs. Fred Arrington, Miss Ina Lee Newman, Miss Katrine Rise, Mrs. Sam Koonsman and Mrs. Robert Reynolds.

Dickens has one of the nicest school buildings in West Texas and the people always cooperate with the teacher for a good school. Mr. Sharp stated they are looking forward to a good year this term.

Miss Scudder Gives Piano Recital Friday For Public of Spur

Miss Crystelle Scudder, who will have charge of the music in our schools for the next term, will give a piano and voice recital at the First Methodist Church Friday evening, beginning about eight o'clock. Miss Scudder gave a piano recital in Lubbock Tuesday evening of last week. She is an accomplished pianist and has had much voice training. The public has an invitation to hear Miss Scudder in recital tomorrow night, and they will be presented with a good program.

Football Training Is Now Under Way For First Game Sept. 11

The Spur Bulldogs started into training at the local stadium Monday and are whipping into shape rapidly. Coach Wadzeck reports 24 boys in camp at this time and all are doing good work. The average of the team this year is 165 pounds. The following is a schedule of the pre-season games:

September 11 Spur at Snyder.
September 17, Rotan at Spur.
September 24, Lubbock B-Team at Spur.

Only three pre-conference games have been scheduled. Conference games will be reported later.

John D. Huffstetler of Highway was greeting friends and trading in our city Monday.

V. L. Patterson, of Brownfield, was in our city Tuesday calling on friends

September 14 First Date for Meeting Of Local P. T. Assn.

It will no doubt be remembered that at the last meeting in the spring of the local parents and teachers association, separate units for the three schools were organized to be active for the ensuing year. However, in order that we may all get together, meet our new teachers, renew friendships with the ones who have been here before and create a stronger bond between the home and school, the first Parent-Teachers meeting will be a general one, all inclusive, and it is hoped that every parent with children in any of our schools, every parent with pre-school children and every person interested in the schools and students in general will make an effort to attend this meeting which is to be held on the lawn of the Senior High School Tuesday, September 14, at 8:30 o'clock.

Aside from meeting our teachers and greeting friends, an interesting program has been arranged for your entertainment. Come out to this meeting. Cooperate with the parents and teachers' association. Help to put over a big school year.

NYA Funds for County Delayed

The allocation of NYA positions to the various schools of this county for next year now awaits a ruling of the state NYA offices regarding how many boys and girls Dickens county will be allowed to employ with money furnished by this agency, Madge D. Twaddell, county superintendent, has announced.

Mrs. Twaddell has already appointed a committee to prorate the available jobs to the schools as soon as the amount of the appropriation to Dickens county is determined. School officials have been informed that Texas schools will be able to employ only about 75 per cent of the number employed last year.

The NYA for several years has furnished money to give deserving students jobs in order that they may go to school.

The committee to distribute the jobs to the schools is composed of Mrs. Twaddell, O. C. Thomas, Oscar Kelley, O. C. Southall, A. C. Sharp, O. L. Smith, Mrs. John King, Jr., Mrs. E. J. Cowan, Charles Cravey, and Charles Hollingsworth.

SOME BIG MELON TO EDITOR

W. O. Formby, who lives on the Garner place just north of town, was in Monday with some fine water-melons as one could wish. He was selling them at reasonable prices, and people were literally taking them away from him as fast as he could hand them out.

He remembered the Times editor with an ice one, and stated he wanted to keep reading the Times. The melon weighed 62 pounds and was one of the best in flavor. Mr. Formby said he had several more melons and he would sell them at prices that are right.

Anyone should feel encouraged if they can grow melons like those he sold here Monday.

W. R. Thomason, of Highway, was looking after business matters in our city Monday.

Ira Womack and daughter, Miss Nell Marie, of Lubbock, were in our city Monday greeting friends and attending to business affairs.

Mrs. G. B. Whittle, of Clebourne, is here this week visiting her parents Mr. and Mrs. S. R. Bowman. She plans to return home today.

Ray Bowman Sanders, of Hubbard came in the last of the week to spend a few days visiting his grandparents, Mr. and Mrs. S. R. Bowman. Ray has grown to be a fine looking young man, has a good job and is making good.

Swimming Pool to Close Sunday

Spur's municipal swimming pool, which has been opened to the public since June 1, will close the season next Sunday. All persons who are interested in enjoying the privileges of the pool will have to do so this week.

The swimming pool has meant a great deal to the young people of the community this summer. Many people who have been going to other points for recreation have been content to remain at home this summer and enjoy the accommodations afforded by the local swimming pool. It has been nicely and efficiently managed during the season. It has been at the disposal of the public both day and night, with good lights during the evening hours, and with life guards on duty all the time. Every precaution has been taken for the safety of the public and when the pool is opened again next summer, it will be under the same general safety plans in behalf of those who patronize it.

Officials Announce Prizes For Fair

Officials of the Panhandle South Plains Fair Association at Lubbock announced purses amounting to approximately \$3,000 for the annual racing meet to be held during the twenty-fourth exposition of the fair September 27 to October 2. The program will call for five races each day of the fair.

The Boy Scouts of America who are members of the South Plains Area Council, will have a greatly increased program for participation of all troops in the Area. Suitable awards and cash prizes will be placed for competition. The rules and regulations will be so arranged that all troops will be on an equal basis as far as possible, regardless of location and the entire poultry building has been designated as the Scout exhibit hall following a decision of fair officials to discontinue the poultry show.

Fair catalog and premium list is now in the hands of the printer and will be available for distribution the latter part of this week. The 1937 edition will be the largest ever printed for the Panhandle South Plains Fair and will contain approximately 125 pages.

Five Amendments Approved by Voters

Of the six Constitutional Amendments voted on Monday by the electorate of Texas, five seem to have a favorable majority. The vote through out the state was very light, being fewer than 150,000 votes cast. The amendment restoring the fee system to state and county officers failed to pass the approval of the people. All other amendments had safe sailing. All amendments but one carried in Dickens County some by a close majority. The vote was as follows:

The Bank, for 126, against 76.
Children, for 138, against 72.
Salaries, for 102, against 104.
Taxes, for 154, against 63.
Harris County, for 91, against 82.
Blind, for 159, against 51.

J. M. Allen, of Wichita Falls, is in our city visiting his uncle, E. L. Adams. He is interested in the oil business in a way where rigs are needed.

Mr. and Mrs. John Adams and daughter Maxine left early Sunday Morning for Bomarton to attend the family reunion of the Adams family. Forty two relatives were present.

Mrs. H. P. Austin, who had been visiting her sister, Mrs. L. R. Burrow, returned to her home in Stamford Monday.

Miss Beatrice Austin of Stamford is in Spur the guest of her aunt, Mrs. L. R. Burrow.

Merchandise Moved Over Week-End; New Location Is Favorable Has Modern Market

After business for the day closed Saturday evening, C. R. Walthall and his fine clerks moved the Safe-Way Store, one of Spur's finest groceries, into its new home, formerly the Spur Hardware Building. The fixtures had been installed the week before and everything had been done in blue print manner. The main job of moving was to convey the merchandise from the former building into the new building and assemble it.

The job of moving was rushed with all diligence and by Monday morning there was very little to be done before the public began taking advantage of the new location. Most of this week the whole force has been busy taking care of the increased amount of patronage. Many people have visited the new store just to look it over and most of them have made purchases before they would leave. The new store is one of the most beautiful in all of Texas.

One great addition to the new store is the fresh meats department. A new Koch meat counter and a big storage compartment have been installed, and all is cooled with a Frigidaire refrigerator system. All types of fresh meats have been added and people of the community may expect a new market for their fine beef animals when in proper condition. It has been the policy of all Safe-Way Stores to build a market for products of local stockmen and were the means of affording sheep raisers a fine market for lambs last spring.

The ceiling in the building is almost pure white and the walls are seafoam green, which makes a beautiful combination of colors. The shelving and fixtures are of Nile green trimmed in black which makes a very distinctive outline to the stock of merchandise. With this combination of colors and the beautiful arrangement of merchandise in the building, the store is very beautiful in its entire appearance.

The extra amount of room afforded the people means much to their convenience. People may enter the store and go from right or left sides as they desire, picking up a market basket and going through the stock as they wish and select the groceries they desire. There is no high pressure method of salesman ship—people are permitted to select what they want. Then they return by the checking counter where they may have their purchases checked from either side, pay their bills and pass out. There are plenty of salesmen in the store to assist any one who desires their assistance, and frequently go directly to the checking department and call what they want. In that case a clerk is ready to get the article for them.

At the rear is a large stock room where merchandise being brought in can be unloaded directly from trucks or wagons, and can be arranged for selling before being brought to the front. All fill-in stock can be handled from the stock room.

The new store is quite an asset to our city and community. Any city would be glad to have a store of its type, and the people of Spur and the Spur trade territory are proud of it. It is quite an addition to the community, and the service is unexcelled.

Where the gospel of our Lord, Jesus Christ will be preached without fear or favor of men will begin Saturday night August 28th. at Red Hill School House. To continue ten nights, will be conducted by Elder M. M. Young, of Spur.

To Begin Revival at Red Hill Saturday Eve

We extend a hearty welcome to all of our friends, (and enemies, if any) to attend this meeting.

Come, let us reason together.

Waydie Shaw of Croton spent the week-end in Dickens visiting relatives and friends.

Mrs. Nora Lee Purser and children of Dallas are visiting relatives and friends at Glenn and Dickens this week.

This community received a nice rain. Crops are looking good and the farmers sure need it, as they have had so many failures.

Bud Newcomb of Fort Griffin spent the week-end visiting relatives and friends in our community.

Audye Solyars, of Dalhart, spent the week-end visiting relatives at Dickens. He was en route to Austin to enter the University of Texas.

Mr. and Mrs. Sownia Norris has moved to the Afton community.

S. B. Parker and son attended the ball game at Spur Sunday.

Mrs. Lovie Elkins of Spur visited Mrs. C. D. Elkins the last of the week.

Miss Ina Parker spent Sunday with Mr. and Mrs. W. F. Cathey.

Betty Jean Anderson spent Sunday with her brother at Glenn.

The following resolution was expressed by a pupil of Dickens City Schools recently, and its sentiment seems so good that we take the liberty to reproduce it here:

Resolution

"I will try to be popular at school this year.

"I will not be catty, jealous or snobby.

"I will try not to think of myself all the time.

"I will widen my interests so that I can talk to anyone.

"I will acquire at least one new accomplishment.

"I will practice good manners-even on my family.

"I will make the most of what good looks I may have."

Case Row Binder

The CASE is built for modern high speed tractors.
Has full pressure lubrication.
Drop forged steel Packer Shaft, with adjustable bevel gears.
Perfectly balanced, requiring no tongue truck.

Don't decide on a row binder until you see this new CASE. It's built from the ground up to handle tough crops and to stand the gaff of heavy work for many years. Vertical twine disk knoter . . . wide open stalkway with shielded shafts and self-cleaning gears . . . strong suspension type wheels, main wheel turning on roller bearings. Pressure gun lubricated throughout. Drop in and look it over.

CASE

CASE Row Binders are lighter draft, because all moving parts are pressure lubricated, because side knives, which do 80 per cent of the cutting are adjustable and can be easily kept in perfect cutting position. It is estimated this makes the Binder pull one-half horse lighter.

If you are going to need a Row Binder, drop in and let us sell you a CASE.

"The Child in the Corner ..."

NEEDS GOOD LIGHT, TOO!

IT IS unfortunate that so many West Texas school rooms were built without consideration for "the child in the corner". Too often he or she is surrounded by blackboards that give off no light. Crowded conditions make it impossible to seat every child where ample light is obtained from outside.

It is safe to predict that school rooms of the future will be constructed so as to assure students the maximum light provided by nature. But, meanwhile, it is impractical to re-build the present facilities. Hence, it is highly important that artificial light be used to give EVERY child an opportunity to develop under normal circumstances.

Nor can the most scientifically constructed school room, depending upon nature alone, provide sufficient light on gloomy days during the winter school months. Children are required to read on cloudy days when light is reduced to less than 10 foot-candles.

This company has developed a school lighting system that is economical. It is designed primarily for "the child in the corner". At the same time, it throws no major burden on school trustees—responsible for school finances. Inquire at our local office for free estimate.

Home lighting problems have been solved by the student lamp. Installed today, the I. E. S. student lamp is a guarantee of ample light conducive to sight conservation when your boy or girl begins the forthcoming school term.

First Christian Church Revival Meeting Starts Next Wednesday Eve

The members of the First Christian Church have arranged for a revival meeting to begin Wednesday evening of next week, September 1. Rev. George F. Bradford, of Cheneyville, La., will do the preaching. Arrangements about the singing have not been made yet, but the people are promised that there will be good singing at all services.

Rev. Bradford is a minister of wide experience and has traveled practically all over the United States, doing evangelistic work and other types of work in the church. He has been preaching several years and has a broad view of the Bible. The meeting is expected to last through Sunday, September 12, and the public has a cordial invitation to attend all services. Further announcements will be made next week.

'The Road Back' Playing at Palace

Sunday and Monday the picturization of Erich Marie Remarque's heart rousing novel about conditions in Germany after the war has been six years on the way. The perspective in time has added new values to his story, which are brought into striking relief through the medium of the camera.

Because of what he wrote in "The Road Back, Remarque was exiled from his native land, so strongly did his book stir national feeling. The author saw the unrest growing, saw the revolution that followed food riots, saw returned soldiers facing the trap of starvation.

Remarque saw the wives whose husbands never came back; saw the sweethearts who did not wait for the return of the men they had promised to marry. He saw turmoil, human drama being lived every day. He put into his story, "The Road Back," everything that he saw. He described the emotions of vibrant flesh-and-blood people. The characters were ready to step out of the book and into a movie set.

For six years Universal held the story, until time was ripe for "The Road Back" to be shown in theatres through the country. Then James Whale was assigned to direct the picture. He had previously done an excellent job with number of movies, including "Show Boat" and "Journey's End." R. C. Sherriff, author of "Journey's End," turned out the screen play with Charles Kenyon.

Presbyterian Church

Services in the Presbyterian Church on Sunday, August 29, are as follows:

Sunday School at ten o'clock.
Morning worship services at eleven o'clock.
Evening worship service at eight-fifteen o'clock.

The subject of the morning sermon is ONE GOD . . . ONE SPIRIT, the text of which is taken from 1st. Corinthians 12:4.

The subject in the evening is The Humanity of Jesus and the text is found in 1st. John, 3:4-5.

A cordial invitation is extended to the entire community to be present for any or all of these services.

Afton Methodist Church Reminder

Even as the rains have brought new life to the growing crops so should the messages and sermons of the summer meeting have brought new life to the spiritual affairs of the community.

Will every Christian of the community pray the services next Sunday and then bring some one with you. Your attendance will add to the service.

"Try the satisfaction of religion. Come to church".

ADVENTURE IS COMING IN THE AMERICAN BOY

Readers who like adventure and the lure of far places will find plenty to please them in coming issues of THE AMERICAN BOY Magazine. They'll read, for instance, of seamen and sabotage and San Francisco water front trouble; of daring adventure in the world of pseudo-science, and of a feud aboard a plunging, rolling battleship.

They'll read, too, of excitement aboard a transport plane blaring over jungled Mexican mountains, and of stranger planes that are not bound to earth but swing through the noiselessness of space. Readers can follow a young ex-Mountie as he searches for clues in the wild northlands, and Tierney, the pie-eating detective, on the trail of city criminals.

A new feature in THE AMERICAN BOY is picture pages that tell stories. Pictures, for instance, that vividly show a day in the life of the coast guardsman, and how an Eskimo dog does his work. They transmit the thrill of battling a hundred-pound water-churning tarpon. Tips on how it's done are also given pictorially—ranging from how to run a broken field to how to be correct in a ballroom!

NOTE—Subscription prices of the AMERICAN BOY will be raised in the near future. Send your subscription order at once to take advantage of the bargain rates now in effect: one year at \$1.00 or three years at \$2.00. Foreign subscriptions, 50c a year extra. Send your name, address and remittance to THE AMERICAN BOY, 7430 Second Blvd., Detroit, Mich. On newsstands the price is 15c a copy.

CHURCH OF CHRIST

Hand Called on Rain Prophecy

J. J. Albin was heard to make the statement after a shower of rain had fallen the last of July that no more rain would fall until in September.

W. B. Ford, of Calgary, was in town Monday and requested the editor of the Times to say for Mr. Albin's information that August "was a short month." Further on in his conversation he stated that Mr. Albin should know better than to try to foretell the weather in West Texas.

There is one redeeming feature in regard to the prophecy made by Mr. Albin. He stated at the time that he hoped he would be wrong in his prediction, but that according to general regulations West Texas was not supposed to have any rain until in September. While he made the prophecy, he was hoping that he would be wrong because he stated that we certainly need a crop this year.

With the almost incessant rain beginning Friday night and continuing on through up to the present time, it looks as if West Texas is a wet country again and that the crops of this year will be the best in many moons. The rain has been very general—not so much in some places—but the country as a whole has had good precipitation. Spur was about the last place to receive a good rain, but no one can doubt that this portion of the globe has had a bountiful supply. It will finish the row crops and the ground is in good condition to be prepared for wheat planting. It looks as if another good wheat crop might be granted to Dickens County.

HEAVY RAINFALL AT AFTON

According to the official rain gauge maintained at the Patton Springs school building by the vocational agriculture department of that school 3.61 inches of rain fell there during the last week. Crops and crop prospects in the Afton country are

the best in years. Many fields of cotton, barring insects damage and hail will easily produce a bale to the acre. O. C. Newberry and Paul Braddock each have cotton adjoining the Patton Springs school ground that may surpass that yield. Many other fields in north part of Dickens County are just as good. The Afton country seems due to swing back into its old stride as a high producing area.

Scouts Enjoying Mountain Camp

Twenty-five Senior Scouts and seven leaders from various parts of the South Plains Council are enjoying a twelve-day camp in the Sacramento Mountains, 12 miles west of Weed, New Mexico. The group left August 19 and will return August 30 after stopping off at Carlsbad Caverns. High points of the program include an all-day pack saddle trip to Rim Rock over 9,000 feet altitude, a two-day chuck wagon trip and pioneer hikes back into the mountains. The following Scouts and leaders are encamped:

V. C. Smart, Jeff Smart, Bill Lane, Raymond Ince, Fike Godfrey, G. J. Lane, Jr. and G. J. Lane and Ned Hogan of Spur; Doyle Sears, Dee Hail, Robert J. Ragan, Hilburn Gilliam, H. L. McQueen and Lowry Lovelless of Lamesa; Billy Tunnell and James Neblett of Matador; Herman Carruth and R. S. Smith of Slaton; Lewis Mills, Jack Abbott, Charles Rush, Frank Hodges, J. Hopper Stiles, Billy Tucker, John Carter Byers, Tom Prideux, Bruce Runyan, Billy Wright of Lubbock, Rev. M. R. Pike, O'Donnell, and Oscar Neol of Tulia.

Lindon T. Grant, assistant Scout executive, is in charge of the camp.

Clifton Pope of B. Schwarz & Son, and Mrs. Pope returned the last of the week from Dallas where Mr. Pope had been taking a course in window decorating and sign painting.

Dickens Takes Good Game From Spur

It was a real contest Thursday night between Dickens and the Red Birds of Spur. The game started off like a horse race, but slowed down by the second inning. Each team passed four men over home plate for counters in the first inning, but nothing more happened until the fifth. At that point the Red Birds let the bear get away and Dickens passed two men over for scores and took the lead. Spur scored in the sixth, Jordan getting on and then scoring on Godeke's hit with Godeke going to second.

In the ninth Dickens rallied to bring in one more score, and Spur had a good opportunity to score when Burrow was caught at second on a double, to retire the side. The game stood 7 to 5 in favor of the visitors.

Dobbs and Houston were batteries for Dickens, and Dobbs and Clemmons worked for the Red Birds. It was a good game, and those who saw it said it was thrilling all the way through.

NEW TEACHERS ELECTED AT PATTON SPRINGS

Miss Mildred Holt of Hamlin, Tex. was elected to teach third grade in the Patton Springs school at a meeting of the school board August 17. Miss Holt takes the place of Miss May Kiser, who accepted a position at Groom, Texas. Miss Holt is a student this summer at West Texas Teacher College, Canyon, and has taught the last four years at Dunn, a large rural consolidated school in Scurry County.

Jack Dempsey, the hustling ginner at Croton, was transacting business in our city Saturday.

District Attorney John A. Hamilton was in our city Monday greeting friends and looking after official affairs.

GIRLS' BASKETBALL COACH EMPLOYED AT PATTON SPRINGS

Miss Achsah Marris of Cee Vee, Texas, has been employed as basketball coach of girls at Patton Springs. Miss Marris is a degree graduate of Mary Hardin-Baylor College with a major in Physical Education. She served as student assistant in the Physical Education Department of the college during her senior year and has been employed as physical education director of girls camps at Lake Dallas during the last two summers. Under her direction the girls basketball teams of Patton Springs expect to continue to make the going tough for their competitors in this section.

PATTON SPRINGS SCHOOL WILL BEGIN MONDAY

Patton Springs School will begin the 1937-38 term Monday, August 30th. The Prairie Chapel school has been transferred by contract to the Patton Springs school. No school will be taught at Prairie Chapel next year. The contract is for a term of one year. Eighty pupils including high school pupils will be transferred under the contract. The contract was approved by State Superintendent L.

A. Woods last week. Fifteen teachers will be employed at Patton Springs for the coming session. One teacher has been employed at Prairie Chapel and will teach at Patton Springs under the transfer contract agreement.

Mr. and Mrs. Leroy Mimms, of Moscow, Idaho, are guests of their uncle, E. S. Lee, and family. Mr. Mimms is an instructor in the University of Idaho, and is a former Dickens County boy.

Afton—East Afton

The north part of the county received from 3 1/2 inches to 5 1/2 inches of rainfall. The feed crops had been needing rain very badly. Duncan Flats received some damage from hail.

Dr. J. N. Haney, who had a stroke of paralysis, is able to be around some now.

Mrs. Glirk of Oregon is here visiting her sister, Mrs. Clarence Bowman and other relatives.

P. A. Willmon returned last Monday from Wichita, Kansas where he had been under medical treatment. Cassa Marie Offield returned home last Sunday from Paducah where she had been visiting.

Mr. and Mrs. Byron Haney and daughter, Margie Nell and Mr. and Mrs. V. S. Ford and daughter, Pauline, returned last Thursday from Paint Rock, where they had been on a fishing trip. They reported a good time and a lot of fish were caught. Mr. and Mrs. Clarence Alexander of Spur visited in the home of his parents, Mr. and Mrs. J. N. Alexander last Sunday.

The Hale families of this community attended the Hale family reunion last Sunday at Silver Falls.

Mrs. Glirk and small son of Oregon and Mrs. Bowman and children visited in the home of their niece, Mrs. C. E. Willmon and family last Sunday.

Mr. and Mrs. J. B. Gipson of Rule visited Mrs. Gipson's parents Mr. and Mrs. Leon Robertson last week.

Mr. and Mrs. H. H. Offield and son Franklin, Mr. and Mrs. Alfred Offield and children, Mr. and Mrs. George Calvert and Mrs. R. C. Calvert, Roberta Bowman and Billie and L. J. Offield visited in Big Springs the past week in the homes of Mr. and Mrs. W. O. Calvert and Mr. and Mrs. Dick Williams.

Claude Bennett and Leonard Gates were in Spur Monday night for the American Legion meeting.

Several families of this community attended the Primitive Baptist Association at Crosbyton last week. Jessie Powell and family were visiting and attending to business at Girard last Monday.

Troyce Daniels, who is in the Lubbock Sanitarium, continues to improve.

Mr. and Mrs. Robert Collier of Matador visited in the home of his father, Mr. W. J. Collier and family Sunday.

The meeting at the Church of Christ started Sunday morning. Because of the muddy roads and threatening weather, not many were present, but we are hoping for better attendance throughout the week. H. L. Dennis of Matador is doing the preaching.

Mr. and Mrs. Hansel Jackson and children of Arizona were enroute to Mr. A. J. Dozier's, Mrs. Jackson's father, and had a car wreck at Roaring Springs. Mr. Jackson and one of the children were seriously injured; they are being treated in the Matador Sanitarium.

Mr. and Mrs. Leon Robertson were visiting in Lubbock last Wednesday. Some people of this county are waiting for the weather to clear and the fields to dry so they can start gathering their cotton.

Mrs. Lewis Daniels returned home from Lubbock last Wednesday where she had been with her son, who is in the Lubbock Sanitarium.

Vacation days will soon be over for the children of this community as school will start, Monday, Aug. 30th. Some will be glad; others will not, but all must gain more knowledge, so "back to school" will be the cry.

BAND INSTRUCTOR AT PATTON SPRINGS

Mr. Paul Pattillo, recently elected teacher in the Patton Springs school will have charge of the organization and training of a school band. In addition, Mr. Pattillo will teach public speaking in the high school, and seventh grade arithmetic.

Mrs. Ernest George, of Bryant-Link Company, who has been taking a course in interior decorating in Dallas, returned Friday and is now looking after her work at the store.

Hinson Reunion Held August 14-15

The annual Hinson reunion was held at the home of C. W. Hinson in the Calgary community Saturday and Sunday, August 14 and 15. Mr. and Mrs. S. S. Allcorn had charge of the program during the two days and there was something of interest all the time.

The program started at noon Saturday and there was plenty of good singing and pleasant conversation. Saturday afternoon from three until four o'clock a devotional service was held because all present were grateful for the opportunity of being with each other again. Saturday night was devoted to fun hour and all engaged in merriment such as might be expected when a large number of relatives assemble together after a long absence.

Sunday morning was devoted to divine worship. Sunday school was conducted and the Sunday school lessons discussed, there being classes for the adults and children. After Sunday school preaching services were engaged in. Rev. V. Bilberry, of Spur, a long time friend to the family and pastor to many of them, brought a sermon on the Great Reunion later on.

So far as the preparation of food was concerned, that was cared for with chuck wagon meals. Hamp Collett, who is an artist in preparing chuck wagon meals, had charge of that feature. None of the visitors nor the host had to worry about the meals for Mr. Collett looked after that program in a fine manner.

Relatives from various sections of the United States were present.

The list is given below, and should there be any mistakes, or any one's name omitted, it is hoped that no one will feel sensitive about it.

Lubbock—Mr. and Mrs. S. S. Allcorn, Mr. and Mrs. Carl Capps, Mr. and Mrs. Porter Simiard, Mr. and Mrs. Marvin Martin, Leona Marie Myrtle Louise and Jerry Martin; J. D. Hinson, Powel and Janie Lou Hinson; Mr. and Mrs. Milton Hinson and Miss Evelyn Jean Hinson.
