Band Parents

The Band Parents Club held a meeting Monday evening and talked over conditions relative to developing a good band in our schools. The number of players in the band continue to grow, and it is hoped that the

people will be interested in assisting Spur schools to have an A-1 band this year.

One resolution was made record. The Band Parents Club have planned to buy a new bass horn for the band. It appears that both bass horns that were thought to be all right have gone down and at least one new one must be secured before the spring

concerts are held. The Band Parents Club meets every first Tuesday night of the month, and all parents who have children in the band, or who are otherwise interested are requested to

attend these meetings.

Spur Bulldogs Are THE STATE OF TEXAS **Victors** Over Snyder

In the pre-conference game, the first of the season, with the Snyder Tigers last Friday evening, the Bulllogs proved too many and brought a sweeping victory back home with them. The Buildogs showed glood them. and it is hoped they will keep their record going in a commendable way The Tigers proved slightly heavier than the Bulldogs, but the score stood 26 to 0 in favor of Spur.

Touchdowns were scored in the first and third quarters by the Bull-dogs. A large crowd watched from the sidelines while Haralson set the pace for the Bulldogs and Coach Wadzeck smiled his approval of the oys in action.

In the third attempt to score from the four yard line Haralson plunged over for the first marker. In the third a short pass was made from Haralson to Bingham who carried the ball to Snyder's ten yard line and Harrell went over for the second ouchdown and then converted for

the extra point. Snyder then went on the defense and attempted to hold the Bulldogs from scoring further. The Tigers ttempted to punt out of the danger when Garner recovered and went over for the third tally and made the extra point. The score then was 20 to 0. The Tigers then went into a series of passes, most of which were batted down by the Bulldogs, Finalone pass too many was offered as fell into the hands of Murphy t fell one of Spur's fast back-fielders, and ne carried it 25 yards for the fourth ouchdown

The Bulldogs seemed to lead in first downs to the tune of 8 to 4. Snyder penetrated Spur's 10-yard 'ine twice during the game, one in the first half just after the Bulldog's the first half just after the Buildog's i gone over for their first marker, after a number of Spur's second and then at the close of the game string had gone in. As to who the star player for Spur, there seemed to be none. All worked for scores and it did not mat-ter who had the hear of making

ter who had the honor of making them. The Bulldogs are out for touchdowns and all of them are working in harmony to get them Strayhorn seemed to be the favorite for the Tigers.

One sad feature which the Bulldogs regret greatly is the injury of one of the Tiger line-up. Jay Rogers, a Tiger lineman, broke the small bone (fibia) in one of his legs which prob-ably will keep him off the field for several weeks and probably the re-mainder of the season.

U. S. Constitution Has a Birthday

It will have been 150 years next Friday since the Constitution of the United States was signed by the various delegates who sat in conven-tion to bring it into existence. After that act the document was submitted to the various states, for ratifica-tion or rejection, and as there were only 13 states at the time, the Consti-tution had received the approval of nine states to make it become effec-

tive. The President of the United States has issued a proclamation that this week, September 12 to18, be design-ated as Constitutional Week in Amberica and that the American People try to inform themselves more in regard to what the Constitution

of our country is. It is recognized as the guiding rule of our country as no other law can be passed unless it is in accordance with those principles set out in the Constitu-

tion. The preamble to the Constitution is practically an outline to the gov-ernment of the United States, and every citizen should be able to give this preamable from memory. It is as follows:

"We, the people of the United States, in order to form a more per-fect union, establish justice, insure domestic tranquility, provide for the common defense, promote the gen-eral welfare and secure the blessings of liberty to currecture and over peop of liberty to ourselves and our pos-terity do ordain and establish this Constitution for the United States of America."

When the big Seal Brothers Circus comes to town next Monday after-noon, all children 12 years of age and under may attend the afternoon show for 10 cents under the followshow for 10 cents under the follow-ing provision. A number of mer-chants in Spur have secured some children tickets, which are worth 15 cents on admission to the show for all childdren 12 years of age and un-der. The Western Encerprise, the hustling publication at the Jones Coun-ty capitol says: "A good deal is be-ing said just now as to size of the cotton crop made and to be made in Jones County. Conservative cotton men of the town estimate the yield from sixty-five thousand bales. To be sure, there are a number of fac-tors that might help determine the final yield—more rain, early frost, leaf worm, or weevils. Or low prices might leave some of the cotton in the fields."

The Paducah Post had a most ex-traordinary article last week as follows: "Maneuvers at the jail on Thursday and Friday of last week spoke louder than words attesting that local officers had gone on a su-down strike. For the first time in eleven years, according to officers, the jail was empty—and for forty-eight hours." * * * *
