

# THE MULESHOE JOURNAL

VOLUME 8.

MULESHOE, BAILEY COUNTY, TEXAS, FRIDAY, FEBRUARY 28, 1930.

NUMBER 3

## NOTICE IS GIVEN FOR ELECTION OF TRUSTEES TO BE HELD APRIL 5TH

Notices Must be Posted Prior to Election in Three Public Places in District.

On the first Saturday in April, 1930, there will be an election held in each of the school districts for the purpose of electing local and county school trustees, according to J. E. Adams, County Judge of Bailey County. The trustees of the independent and common school districts should meet at their earliest convenience and appoint trustee election officers and post notices of said election in three public places in the district. These notices must be posted at least 20 days prior to the election.

The County School Trustees of Bailey County urge that the people of the various school districts have the names of the candidates for trustees printed on the official ballots. This can be done by complying with Section 87 of the Public School Laws of Texas, which reads as follows:

"Any person who desires to have his name placed on the official ballot as a candidate for the office of trustee of a common school district or an independent school district, shall, at least ten days before the election, file a written request with the County Judge of the county in which said district is located, requesting that his name be placed on the official ballot. No candidate shall have his name printed on said ballot unless he has complied with the provisions of this section; provided that five or more resident, qualified voters in the district may request that certain names be printed on the ballots. The County Judge upon receipt of said written request, and at least five days before the election, shall have the ballots printed as provided in this act, placed on the ballots the names of each candidate who has conformed with the terms of this act."

## REAL ESTATE TRANSFERS

E. J. Vance et al to J. W. Hodges, farm.  
E. W. Miller to J. W. Freudiger, farm.  
E. K. Warren and Son to Jasper W. Edwards, farm.

## S. A. GOODSON ANNOUNCES FOR COMMISSIONER, PREC. 1

To the People of Precinct No. 1: I am a candidate for the office of Commissioner of Precinct No. 1, subject to the action of the Democratic Primary of July 26. In making my announcement, I have no special promise to make any particular person, but one promise to all, and that is when a dollar of your money is spent you are going to get back a dollar in service or a dollar in goods for which it is spent.

You can depend on Sammy doing his very best to serve Precinct No. 1 and Bailey County.

Respectfully,  
S. A. (SAMMY) GOODSON

## SPECIAL ENVOY

J. Reuben Clark, Jr., former under-secretary of state, who represented the United States as special ambassador for at the inauguration of Ortiz Rubio as President of Mexico.

## MUSIC FESTIVAL STARTS AT LUBBOCK THIS WEEK

LUBBOCK, Texas, Feb. 26.—Friday and Saturday, February 28th and March 1st, 175 music pupils between the ages of eleven and fifteen years will compete in piano contests in the annual South Plains music festival here.

The contests are sponsored by the South Plains Music Teachers Association.

Next week, March 8th, piano contests for pupils of sixteen years and over will be held. Almost as many have enrolled for this contest as for the one this week.

On March 15th the youngsters between the ages of five and ten years will compete in piano contests. The festival will officially close on March 22nd after contests for students of voice and violin and piano ensemble have been held.

As the outstanding feature of the contest this year the Music Teachers Association is bringing to South Plains music lovers Mrs. H. D. Carners, member of the American Guild of Organists, who will give a free organ recital at the First Methodist church here on the evening of February 28th.

More interest is being displayed this year than ever before. Mrs. Lillian Butler of Slaton, President of the Music Teachers Association, and a greater number of contestants are expected in each of the contests, and more people are expected to hear the contestants as they compete.

## Cotton Men Discuss Crop At Meeting

LUBBOCK, Texas.—Ginners, bankers, and other business leaders gathered over from the South Plains of Texas here Monday to discuss the South's greatest problem—the cotton situation.

Over 100 men, leaders in every South Plains community, were here seeking to find or develop a "Moses to lead the South out of a cotton bondage."

C. J. Felmet of Lubbock, president of the South Plains Cotton Ginners Association, voiced the sense of the meeting when he declared that no one man could do "Moses' job, but that it will take the hearty cooperation of the ginners, the bankers, the land owners, the farmers, and all other groups to solve the question.

The body adopted, by unanimous approval, a set of resolutions, seeking first to encourage the planting of a better staple cotton that will produce a staple from 7-8" to 1", and second to encourage the reduction of the cotton acreage by not less than 15%, and third to eliminate the practice of South Plains ginners in buying cotton, "hog round," or all at the same price, regardless of the staple quality of the product.

## COURT HOUSE GROUNDS ARE BEING BEAUTIFIED

E. H. Hall, landscape gardener for the Sherman Nursery Company of Sherman, Texas, was in Muleshoe last week at which time plans were drawn up for beautifying the court house grounds.

Work of leveling the grounds are under way at this time and the trees and shrubs will arrive the first part of March. Many of the trees now on the lawn will be removed as they are not adapted to this climate. Included in the plans will be 27 additional Chinese elms and eighty evergreens. Many small shrubs are to be planted and flower beds are being worked over and rearranged.

When completed these lawns will be very attractive and Bailey county will have a court house and grounds of which its citizens may well be proud.

## LITTLE GEORGIA FRANCIS HARRIS BURIED WEDNESDAY

Funeral services were held Wednesday for little Georgia Francis Harris, daughter of Mr. and Mrs. G. W. Harris, north of Muleshoe, her home by Rev. Loyd H. Jones and interment was made in the Muleshoe cemetery.

Georgia Francis Harris was born June 27, 1929, and departed this life at the sanitarium at Clovis New Mexico, on Monday, February 26, 1930. The journal led the host of friends in extending sympathy to the bereaved.

## Lion or Lamb

## Winsett Revival Services Draw Large Crowds

With a masterful delivery and an extraordinary understanding of Biblical prophecy, Evangelist Jack Winsett, speaking at the High school auditorium Wednesday night, pointed to the affairs of the nations today as fulfillment of inspired Scripture written many years ago. In his comments upon the existing unrest of the nations, referred to in Prophecy as beasts, he declared that until the nature of the beasts could be changed, strife would prevail, and that peace would not come until the "Prince of Peace" comes in person to reign.

This was but one of a series of sermons being brought to the people of Muleshoe and vicinity this week. The meeting was originally scheduled to be held at the Baptist church building, but since seating capacity has proved inadequate to accommodate the people in attendance, it has become necessary to remove the evening services to the High school auditorium. The meeting was begun last Sunday, and it is understood, will continue for perhaps three weeks.

Evangelist Winsett brings with him 2500 feet of film which he shows in connection with his lectures, to date having shown scenes of his recent travels in the Holy Land.

Included in the evangelistic party are Mrs. Jack Winsett, wife of the evangelist, and Rev. and Mrs. H. Ellis Ogden, singer and pianist.

Day services at the Baptist church begin each morning at 10 o'clock and evening services at the auditorium start at 7:30.—Reported.

## MULESHOE MASONS HOLD BANQUET AT HOTEL

A banquet, given by the Masonic Lodge of Muleshoe, was well attended Tuesday night. Held at the Muleshoe Hotel, about forty-five members including their wives were present to enjoy the feast. Excellent talks were made by some of the members of the Lodge and the Eastern Star. Out of town guests included Mr. and Mrs. John Blackshear, Mr. and Mrs. W. E. Renfro, and Mrs. Warren Powers of Baileyboro.

## Money Raised For Advertising Bailey County

Exhibits will be sent to over 30 fairs throughout the North and East by the Panhandle-Plains, Inc. next fall and over one million booklets will be handed out which will give full information to prospective homeseekers about this section of the Plains country. Bailey county will receive a portion of this advertising and at a very low cost. The expense of these exhibits is divided among the counties of the Panhandle, the City of Amarillo and three railroad companies. Bailey County's part of the expense was raised within a short time and has been paid in. The business houses and professional men donating to the fund are as follows:

E. R. Hart, Ray Griffiths, The Muleshoe Journal, Panhandle Lumber Co., Valley Motor Co., E. B. Canfield, F. Carruthers, H. C. Parker, Muleshoe Motor Co., M. M. Sutton, R. L. Brown, Gulf Service Station, Western Drug Store, Dr. A. R. Mathews, McCarty Drug Store, H. T. Kennedy, Cecil H. Tate, J. E. Adams, J. L. Alsop, H. A. Bryant, A. P. Stone, Scuttler-Kinkel Implement Co., Hot Shot Cafe, Dr. T. A. Moore, Blackwater Valley State Bank.

## Contracts Let For Road Work By Commission

Contract on paving of Highway 7, between Lubbock and Slaton, a distance of about 15 miles, was let Tuesday morning at Austin to J. W. Zempter and company of Amarillo at \$158 per square yard.

The highway commission planned to award contracts for 16 road construction projects in 22 counties Wednesday. Lettings Tuesday in nine counties aggregated \$577,519.

Contracts considered Tuesday:

Henderson and Navarro counties four reinforced concrete bridges across Cedar Creek and reefs, highway 31; Kaufman county 10.7 miles surface treatment highway 34; Wood county, five miles surface treatment, highway 15; Gregg, Smith and Upshur counties, five miles surface treatment on highways 31 and 65; Guadalupe county, eight miles surface treatment on highway 123; Hunt county, five miles surface treatment, highway 42; Payne county, 11 1/2 miles surface treatment, highways 72 and 73; Brewster and Terrell counties, 94.35 miles surface treatment highway 34; Mason county, 13.45 miles surface treatment, highway 8; Coleman county, 7.6 miles surface treatment highway 7; Pannin county, 7.3 miles surface treatment highway 42; Johnson and Parker counties, 7.1 miles surface treatment, highway 43; Lubbock county, 14.95 miles concrete pavement highway 7; Motley county, 18 1/2 miles grading and drainage highway 20; Tarrant county, concrete pavement on earth approaches to Lake Worth bridge, highway 34.—Lubbock Journal.

## BUILDING OPERATIONS ARE BRISK IN THIS SECTION

Panhandle Lumber Company reports the following building operations for the past week:

Bob Sammons, house; A. M. Kunkel, farm home; Mrs. R. L. Faulkner, two 5-room residences; O. F. Burnham, farm home; W. O. Kittrell, farm improvements; W. E. Vernon, farm improvements.

E. R. Hart Lumber Co. reports improvements for H. A. Douglas.

## Thieves Take Grain From the J. A. White Farm

J. A. White of west Muleshoe reported to the Sheriff's office Tuesday morning that about 100 bushels of wheat had been stolen from his farm near Circleback.

The grain had been threshed and was piled near the field. Some party had driven in with a truck and proceeded to help themselves to this grain. Last reports were that no trace of the thieves had been found. It is said that the stealing of grain from fields has become quite a habit in several sections of the country, and when caught the guilty parties are given the full penalty of the law.

## MULESHOE PEOPLE VISITING TRACTOR SHOW AT WICHITA

The International Tractor show at Wichita, Kansas, is drawing quite a number of visitors this week from Muleshoe. This show is said to be the largest in the United States and attracts visitors from the large farming sections of every state in the Union. Among those attending from here are W. M. Pool, Jr., M. T. Howard, J. A. Paris, Neil Rockey, F. C. Wyatt, Finis Tompkins, O'Neil Rockey, and Happy Waggon.

## INTERSCHOLASTIC LEAGUE MEET WILL BE HELD IN MULESHOE, MARCH 21-22

### BAPTIST LADIES MEET IN PRAYER SERVICE FOR REVIVAL

The ladies of the Baptist church met Monday afternoon in a special prayer service for the meeting now in progress. The meeting was conducted by Mrs. Ogden, a very spiritual service.

Beginning Wednesday there will be prayer services each afternoon at 3 o'clock at the church. If you have a loved one, friend or neighbor that is lost, come and let's pray for that one. "Where two or three are gathered together in my name, there will I be also." God is mightily working in our little town. At the same time the devil is using every means he can devise to keep God's people from winning the lost to Christ. It makes us sad to know some are allowing themselves to believe there are more important things to be attended to than the service of God, and it isn't just the women, either. May the people of this town, as Christians awake to the needs around us and come to a realization of the cause we are pursuing. It is a sad thing when a Christian can be used by the devil to thwart God's work or in any way throw a stumbling block in the pathway of a weaker one or a unsaved person.

Let us know the unsaved of our town have their eyes upon us, and if we fail to stand the test as a Christian should, it may be the cause of a friend going to eternal ruin. Let's come together as a band of Christian workers for the Master and lay siege to our town for Him. The eyes of the world is upon us and the Lord is calling for you laymen as well as preachers to come to his service. We are praying for a revival in the hearts of Christian people of all denominations.

May all who love the Lord come and labor for the next few days to win the lost to Christ. Services each day at 10 o'clock at the Baptist church and 7:30 at the school auditorium. Prayer services at 8:00 o'clock at the church.—Contributed.

### LAST CALL FOR CENSUS ENUMERATOR APPLICANTS

Bailey County residents who desire appointment to the position of enumerator of the census should make application now, either to Owen M. Unger, supervisor of the 2nd district of Texas, 4 Viegel Building, Plainview, Texas, or to the Bureau of the Census, Washington, D. C., according to a letter received by F. B. Bobo, county attorney, from the Supervisor Monday.

"Regarding the people who will be away during April, the census taking period," Mr. Unger's letter states, "we should get their names and get them in an 'Absent Family Schedule.' If there was some way they could report to you it would be fine. We want to co-operate with you in every way possible to get an accurate and full count."

"The Distribution and Manufacturers Census is about ready to start in my district. It is hoped the business men who are called upon by the government's representative will give him their co-operation. The information gathered will be held in strict confidence, the enumerators being required to take oath to that effect." Mr. Unger's letter goes on to state.

### Local Markets

This report is received each Thursday morning between the hours of 9 a. m. and 11:30 a. m., and is subject to change without notice. Markets are furnished by local dealers for the benefit of their patrons.

Green Hides	4c

## Medals and Cups Will Be Awarded to Winners in Literary and Field Events.

The Interscholastic League Meet will be held in Muleshoe on Friday and Saturday, March 21 and 22. Announcement of these dates was made Tuesday by Judge Adams and preparations are being made for the entertainment of the schools of the county which are to take part in the meet. About ten schools will be represented as far as can be learned, Judge Adams stated.

The program will consist of Literary, Track and Field events. Medals for winners of first and second place in each event will be awarded. Loving cups will be awarded the school winning first place in the Class B division. There is also a loving cup for the school winning first place in the Rural School Division.

These cups have been in the county for some time and are held for a period of one year by the winners.

At the business meeting of the executive committee held Jan. 11, 1930, the following resolutions were adopted:

Tennis tournament, March 15, 1930. County Meet, March 21 and 22, 1930, at Muleshoe.

Each school shall pay \$75 per teacher to defray the expenses of the Meet. Entries will be accepted not later than 10 days before the County Meet (March 11, 1930).

Dues must accompany entries which shall be sent to the Director General. Entries will not be accepted without dues.

Judges from outside the county will conduct the Meet.

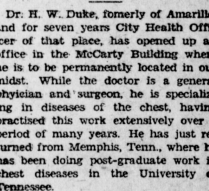

Each director should be informed on the rules of the contest he directs.

The directors are as follows: Director General, Byron Duriam, Muleshoe; Director of debate, John Jenkins, Muleshoe; Director of Declaration, Mrs. J. W. Alfred, Baile; Director of spelling, Mrs. Marvin Stone, Suda; director of essay writing, Mr. H. B. Branner, Baileyboro; director of athletics, Mr. Fred Bryant, Suda; director of music memory, Miss Opal Stevens, Morton; director of tennis, Mr. M. D. L. Kendrick, Muleshoe; director of volley ball, Miss Mattie Reed, Baileyboro; director of arithmetic, Mr. S. O. Hutchinson, Muleshoe (Progress school); director of picture contest, Mrs. W. E. Manly, Baile; director of story telling, Mrs. Monna Goodland; secretary, Mrs. Haley Farwell; rural school division, Judge J. E. Adams, Muleshoe.

### DR. H. W. DUKE OF AMARILLO NOW LOCATED IN MULESHOE

Dr. H. W. Duke, formerly of Amarillo, and for seven years City Health Officer of that place, has opened up an office in the McCarty Building where he is to be permanently located in our midst. While the doctor is a general physician and surgeon, he is specializing in diseases of the chest, having practiced this work extensively over a period of many years. He has just returned from Memphis, Tenn., where he has been doing post-graduate work in chest diseases in the University of Tennessee.

**FLOUNCES ARE VERY DECIDEDLY  
IN THE EVENING STYLE PICTURE**

What a dull prosaic world this would be, now just wouldn't it, if "Eckle" fashion should decide to settle down to a year-to-year changeless existence? Which is a word in defense of the startling new silhouettes which have all but created a near-panic among fashion's followers. After all, maybe these long, longer, longest hemlines and short, shorter, shortest waistlines are "blessings in disguise." At least, they give answer to that ever-resounding cry for "something different" in styling.

And such a flounce, flounce, flouncing as skirts are receiving at the hands of our contemporary stylists. The new frocks almost out-flounce the much-benounced creations which not long since we considered hopelessly old-fashioned and quaint. We may as well, however, from now on and until further notice, give serious consideration to this matter of flounces, for they are most decidedly in the

modern style picture, and truly beguiling. It took yards and yards—plus of black tulle to flounce the stunning all-black formal evening frock herewith illustrated. The bodice top of this exclusive Jenny model being tight fitting and sweetly accented, by way of contrast, the bouffancy of the flounces, thus contrasting a silhouette which is new among the very newest.

There is really no getting away from flounces when it comes to the new picturesque evening gown types. The single, wide, circular flounce which develops a tremendous flare at the hemline is a popular version. Then there is the plain old-fashioned row and row flounced skirt, and the sort which places narrow circular frills tier upon tier, and the from-above-the-knee circular flounce, which is itself again flounced with myriads of tiny ruffles of tulle.

JULIA BOTTOMLEY.  
(©, 1933, Western Newspaper Union.)

lars and costs of suit, under a Judgment, in favor of J. G. Hall and Tom Jones in a certain cause in said Court, No. 3188 and styled J. G. Hall et al vs. Sam S. Denman, placed in my hands for service, J. H. A. Douglass, as Sheriff of Bailey County, Texas, did, on the 10th day of February, 1930, levy on certain Real Estate, situated in Bailey County, Texas, described as follows, to-wit:

All of Labor Number 25 in League 178 of the Motley County school lands situated in Bailey County, Texas, containing 177 acres of land, and levied upon as the property of Sam S. Denman and that on the first Tuesday in March, 1930, the same being the 4th day of said month, at the Court House door, of Bailey County, in the Town of Muleshoe, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Alias Execution, I will sell above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said Sam S. Denman.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Muleshoe Journal, a newspaper published in Bailey County.

Witness my hand, this 10th day of February, 1930.

**CERESAN**  
For Seed Grains

A new and exceptionally effective dust disinfectant for seed grains. It usually controls such seed-borne diseases as bunt or stinking smut and the smut of wheat; loose and covered smut of oats; stripe disease and covered smut of barley; loose smut in certain varieties of six-row winter barley; stem smut of rye; and kernel smuts of sorghum. Ceresan is harmless to seeds and does not clog or corrode drills. Costs only 6 to 8c a bushel of seed grains.

For sale by us in the following size tins:

1-LB. TIN..... 75  
5-LB. TIN..... 3.00

**SEMESAN Jr.**  
For Seed Corn

Proved by Government tests to be the most effective dust known for treating seed corn against certain diseases which cause poor stands, blighted seedlings and unprofitable, barren and mottled-bearing stalks. Semesan Jr. also generally preserves seed against rotting in cold, wet weather; increases germination; invigorates seedling growth; develops sturdier plants; reduces down corn; improves the quality and increases yields. Treats field corn at a cost of less than 3c an acre.

For sale by us in the following size tins:

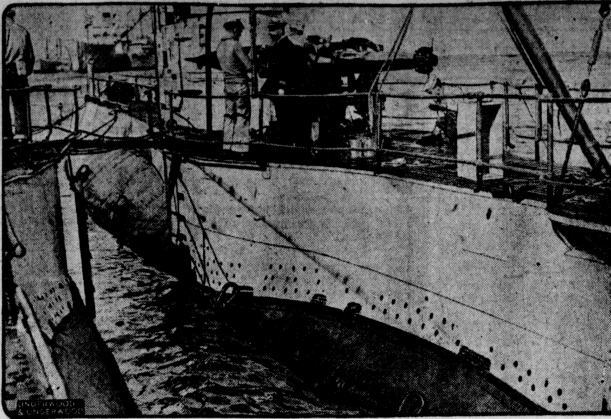

1-LB. TIN..... 1.75  
5-LB. TIN..... 8.00

### Making Uncle Sam's Submarines Safe for Crews

Various devices have been adopted by the United States navy for the safety of submarines and their crews. This picture of the new S-29 shows the "pad eyes" near the water's edge. These rings will permit cables to be attached in case of sinking and pontoons will then raise the sunken ship. Other safety equipment on the S-29 includes Momsen "lungs" (quickly attachable breathing devices for the crew), a safety escape lock on deck from which the crew can escape; a marker buoy which will serve as a marker for a rescue ship, and a telephone buoy which also will go to the surface and serve as a means of communication with the crew below.

#### FROM THE STATE CAPITOL

By A. B. Tarwater  
The Fourth Called Session of the 41st Legislature closed, Tuesday night, after having passed the Fee Bill and voting to pass the Prison Bill, which were the two main items included in the Governor's call for the Called Session. The Fee Bill was changed in many respects in both Houses before it finally reached the form in which it was finally passed on a Fee Conference Committee Report. The main change made in the Fee Bill is the provision requiring all fees of office to be accounted for by all county officials. The Senate and the House were unable to agree on prison reforms, the House Bill calling for a very moderate expenditure of money to be made on present owned property of the Prison System. The Senate Bill provided for the beginning of a new unit in the Prison System to be located in the vicinity of Austin. The plan to start a new unit of the Prison System in the vicinity of Austin would ultimately if carried out, have cost the people of Texas several million dollars. The en-

tire Legislature, at an expense of about one thousand dollars, visited the Prison System. To many of us, who had heard various reports indicating that the conditions under which the prisoners were housed were exceedingly bad and unsanitary, it was a surprise to find that such equipment as the Prison System was sanitary and clean to the extreme. The buildings on the farms are rough and of poor construction, but I did not see a bunk in any of the prison houses in which I did not feel that I could have slept comfortably. The State of Texas owns approximately 77,000 acres of lands used for prison purposes, and one of the important measures passed by the Fourth Called Session of the 41st Legislature was a bill which introduced and sponsored in the House and which Senators Small and Parrish introduced in the Senate, providing means by which the probable gas and oil on the prison farm lands may be developed. It is said that there are some of the best oil wells in Texas now within two miles of some of the prison lands.  
Another important measure passed by the Fourth Called Session of the

41st Legislature was the amendment to the Texas Cooperative Marketing laws. One of the provisions of this act was to have the Texas law conform with the Federal Farm Marketing Act known as the Capper Volstead Act. Under the Texas laws as amended, a cooperative marketing association may handle the products of non-members equal to the amount of such products handled by members of the association. The amendments to the marketing act were introduced at the request of the Federal Farm Board.  
The Fourth called Session also

passed an amendment to the present school laws providing that county superintendents of schools shall be paid from the funds of all school districts in the county, and I suppose the Governor will sign this bill. However, there is some opposition to the bill and an effort being made to have the Governor veto it.

Revenue measures were not submitted to the Fourth-Called Session until near its close, and only one measure of major importance was considered, and that was the Sulphur Tax. On this measure there was a deadlock between the Senate and the House, the House holding out for a tax of one dollar a ton on sulphur, and the Senate for a fifty-cent tax. One important feature of the Sulphur Tax which was placed in it during its consideration in the House, was that the additional revenue to be derived from this source of taxation after July, 1931, was to be handled so as to reduce the Ad Valorem Tax for school purposes.

The Fifth called Session is now trying to work but has been seriously handicapped because of lack of quorum, and the House this afternoon took steps to compel the attendance of absent members who were not sick or who did not have sickness in their family, and if necessary to cause their arrest to compel attendance.

The chief subjects submitted to the Fifth Called Session for its consideration are the Prison Reform and Revenue Taxation. Also the investigation of the charges against State Comptroller Terrell. The impeachment Proceedings are now being heard by the House and will probably consume a week of this Session. It is the belief of many members of this Legislature that the submission of the prison problem to this session will probably result in nothing but loss of time and expense to the State. A large number of proposed revenue raising measures have been introduced, chief among them being the Sulphur Tax and a tax on natural gas. It is to be reasonably assumed that this called Session will pass some additional revenue measures.

#### MILLIONAIRES INCREASE

The rising stock market of 1928 helped create 206 millionaires, if only temporarily. Internal Revenue Bureau figures list that many new seven-figure incomes among the 496 paying taxes on net incomes of \$1,000,000 or more that year. But that was before the crash. Officials estimate that between Jan. 1, 1928 and the big slump of September, 1929, speculators had made a paper profit of \$7,000,000,000.

How many millionaires there are now is problematical. Income tax figures do not show the actual number of millionaires. They only reveal the number of persons who have netted a million income or better during a certain year without considering the many who are millionaires by reason of years of smaller profit. Thus, until the Wall Street bubble burst there were supposed to be not 500 but 40,000 millionaires, of which number 11,000 control 1-30th of this country's wealth. And to think that just before the World War we had only 7,000.—The Pathfinder.

#### MODERN ROBINSON CRUSOE

An explorer was surprised to find a man and a woman living alone on a

desert island in the Galapagos group 750 miles west of Ecuador. They turned out to be Karl Ritter, a German doctor, and his woman collaborator, Dr. Ritter until last July practiced in Berlin and taught a theory to the effect that uncooked food formed the best diet. He was opposed to all technical progress. To get away from civilization he decided to live like Robinson Crusoe on one of the Pacific Islands. Last they gave him trouble he had all his teeth pulled out before he left Germany. One of his laboratory assistants volunteered to keep him company and to nurse him in case of illness.

#### COST OF HELIUM GAS

There was a time not many years ago when helium gas cost \$2,000 a cubic foot. The government plant at Amarillo, Texas, is now producing this important gas at a cost of only about a cent and a half a cubic foot as the result of new methods of production.

**STRANGE HEALTH CUSTOMS**

Craveth Wells, noted British explorer who recently climbed the Mountains of the Moon in central Africa, made a talk in New York in which he discussed the strange health customs of the peoples whom he visited in his travels. The natives of the Malay Peninsula cook dragon flies in a soup which is taken for all sorts of ills. The Chinese have a custom of soaking eggs in brine and burying them in the ground for many years before eating them to cure certain diseases. Certain natives of Mexico make a curative porridge of fly eggs skimmed from the surface of lakes.

**Ferguson Will Again Be In Governors Race**

AUSTIN, Texas.—Former Governor James E. Ferguson, center of many political battles in Texas, was in the midst of the fray again today. He had announced his candidacy for Governor, but the language he used in framing his announcement was not typical of "Farmer Jim's" aggressiveness.

"I have long since made my peace with God, and I shall not now permit the heat of politics to engulf me in personal hatred," former Governor remarked after he had delivered himself of this piece of information to opponents: "If there be those who may find satisfaction in personal abuse and vicious criticism of me or my record, let them be at once advised that they will have the field all to themselves without a murmur of protest from me." He also said he would not enter into "a frantic mental or physical struggle for election."

"I shall conserve my strength for the performance of duties of the office to which I will be called," he said.

Ferguson stated his platform briefly as follows:

For a business administration and the veto of any liquor legislation by pro or anti—something to eat and something to wear without a row over something to drink.

The reduction of public offices, notably the combination of the office of assessor and collector and the limita-

tion of fees to \$6,000 a year.

Preventing any bank from loaning over ten per cent of its capital and deposits outside of Texas.

The right of the borrower to redeem any home or other real estate within two years after foreclosure.

Abolishment of the landlord's lien, so that a tenant may mortgage his crop to his merchant for yearly supplies.

For an elective highway commission of five, one at large, and one from north, south, east and west Texas.

Opposition to the issuance of any state road bonds, and for a 3 cent gasoline tax and the building and grading of less expensive roads which will give more roads to the farm and the mill.

Against the road hog and the banishment of the present bus and truck vehicles that use the public highways for profit to the exclusion of the traveling public.

A luxury tax on factory made cigars and cigarettes.

For putting state convict farms in the hands of farmers and liberal issuance of pardons to meritorious prisoners.

**ACHIEVEMENT!**

**the Challenge**

Several years ago, the motor oil business presented a challenge to Conoco. It was to produce a motor oil that would meet the requirements of the American Motorists' Association. This was a task of no small magnitude. It required the services of the best scientific minds and the most modern laboratory and testing equipment. The result was the development of Conoco Germ-Processed Motor Oil. This oil is the only one that has been tested and approved by the American Motorists' Association. It is the only one that has been tested and approved by the American Motorists' Association. It is the only one that has been tested and approved by the American Motorists' Association.

Since You Read This **CHALLENGE**

on November 14th, 1929

An Army of American Motorists has Changed to

**CONOCO**

Germ-Processed Motor Oil

Have you noticed that Conoco stations have been busier in the past few months? The reason is, of course, that amazing new oil, Conoco Germ-Processed.

Introduced only last November, this revolutionary motor lubricant has startled even its makers by its instant public acceptance.

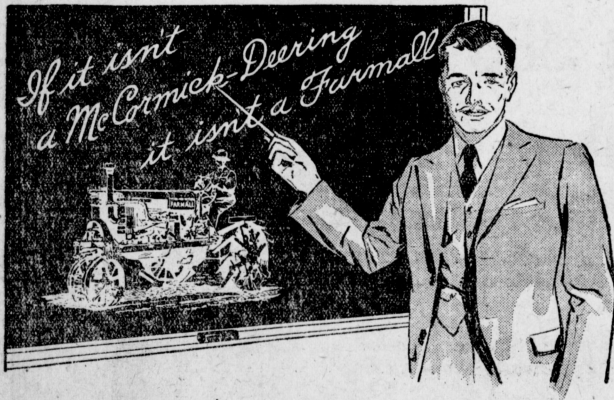

There's a moral for you in this wholesale change of oil-buying habits by the motoring public. Everyone realizes now that something happened in the motor oil business when this new oil was announced. When you start using this oil you'll realize it too.

By providing more economical car operation, by guaranteeing a radical reduction in motor wear, and particularly, by penetrating metal surfaces and providing constant lubrication under every conceivable operating condition... Conoco Germ-Processed oil sets up a new gauge of motor oil merit.

We firmly believe that you will buy no other oil except Conoco Germ-Processed oil after using it for a fair period of time. Won't you make that trial to-day, at any station bearing the Red Triangle?

The Seven Claims in Conoco's Challenge that Brought this Amazing Public Acceptance of Conoco's Germ-Processed Motor Oil

- 1 Combines with metal surfaces and never leaves bearings and other working parts.
- 2 Refined from carefully selected paraffin base crudes by patented processes. That means stability.
- 3 Positively increases gasoline mileage by reducing friction. That means economy.
- 4 Will not break down under cylinder wall heat. That means less oil consumption.
- 5 Substantially reduces motor wear in starting because this oil penetrates metal surfaces and stays there. Other oils require 15 to 20 minutes to lubricate all moving parts.
- 6 Crankcase dilution does not seriously impair its "oilness" value. That means greater motor protection.
- 7 Will lubricate efficiently at sub-zero temperatures. That means thoroughly de-waxed oil.

To get the exclusive patented features that put horseless farming on the map, be sure to choose the one and only FARMALL. It is built and backed by INTERNATIONAL HARVESTER and sold only by McCORMICK-DEERING dealers. See the McCORMICK-DEERING FARMALL at our store and try out the patented triple control; no other tractor has this easy cultivating, square turn feature.

**MISSIONARY SOCIETY, M. E.**

The ladies missionary society of the M. E. church met at the home of Mrs. Hobbs in the country with nineteen members and eight visitors present. The meeting was opened by singing "More About Jesus."

This being our social day, the meeting was turned over to the program leader, Mrs. Virginia Weyer, each one enjoying the program very much. Mrs. Hicks sang a special song which each one enjoyed very much, also Mrs. Burkhed, Catherine Hobbs, and Opal and Jewel Haney, with Jewel at the piano, rendered a song.

Catherine Hobbs gave a reading which was very beautiful.

After the program there were several very interesting games played and each one present took part.

After the games were over the hostesses served a most delicious lunch of hot cocoa, cake and sandwiches and olives.

The next meeting will be at Mrs. Hicks'.

Let more of our members turn out to these meetings. It makes our meet-

ings more interesting when we have a good number of members present.—Reporter.

**MISS MARJORIE WALTERS TO TEACH EXPRESSION HERE**

"Expression is essential in the training of boys and girls. It gives them training which they can secure in no other way. Platform work requires that the child have poise, and he gains it through physical exercises. Poise helps the child not only on the stage, but in everyday life. It diverts the tendency in a boy to be awkward; it teaches the girl to be graceful. Voice exercises cultivate the child's voice. A harsh, un-musical voice may easily be changed to one of clear, musical tones. The child's voice is trained so that he may impersonate a character of shrill, high pitched voice. If the child's speaking voice is pitched too high or too low, voice training remedies it and pitches it correctly. It corrects any impediment in speech. The child gains all this through personal development. He gains personality; he becomes more vivid, more polished. The poise which he acquires makes him feel more sure of himself; it takes away the tendency to be backward, timid or bashful. In a group with other boys and girls the boy or girl who has had training in expression stands out from all the rest. He has something which the others do not have.

Of course the main objective of expression is to teach the child to speak before an audience, and in learning the readings which train him for this, he gets mental training. He must memorize and hence his memory must be developed. The child gets training which prepares him to take his place in the world. It is essential for grammar school and high school students alike."—Marjorie Walters.

Miss Marjorie Walters, who has charge of the expression department now, has had expert training for her line of work. She has a B. A. degree from West Texas State Teacher's College, with four years training in private lessons under Mary Morgan Brown, head of the expression or public speaking department. In this training she has an average of "A," and was awarded a scholarship which was presented to the student doing the best work in

expression throughout the year. She has had excellent training in play production, dramatic club and recital work. Being fortunate enough to be selected as special reader to represent the college on lyceum tours with the college band, she gained experience as a platform reader and her repertoire or readings is large. In reading over the radio she has additional experience. With this training back of her she should make you an excellent teacher, and be assured that she will give you the best that she has. If you have not signed up with her for private lessons, do so at once. You high school students who are interested in plays or interscholastic league work go talk to her; she is interested in you.—Charlie Pay Owen in The Lasso, Clinton High school publication.

Miss Walters will teach expression each Saturday in the Muleshoe high school auditorium. She will give two thirty-minute lessons each week. Her price will be five dollars a month. All those who are interested in expression will please see her as soon as possible.

**Big Square News**

Mr. and Mrs. Bragg spent their vacation visiting home folks at De Leon and Santa Anna.

Miss Ruth Burton of Progress community visited the week-end in the home of E. E. Worm.

Chas. Scott was a visitor in the home of A. Scott Thursday.

"I Found Right Medicine When I Took Konjola"

New Medicine Quickly Banished Ills Of Stomach, Kidneys, and Liver After Others Failed

MISS VIOLA HOELTGE

"I found the right medicine when I took Konjola," said Miss Viola Hoeltge, 6337 Suburban Avenue, St. Louis. "For over a year I was in constant misery from stomach, liver and kidney ailments. No food would be properly digested and I suffered agony from

bleating, stomach pains and shortness of breath. Back pains were frequent and painful and I became subject to frequent dizzy spells. Bilious attacks and constipation added to my misery. "I took many medicines without benefit until I tried Konjola. After a few weeks treatment with this great medicine my health troubles were solved. I no longer blint after meals and my appetite is excellent. My liver and kidneys quickly yielded to Konjola and I am free from dizzy spells and bilious attacks. I never take cathartics and those splitting headaches are also a thing of the past. I shall always praise Konjola."

Konjola is sold in Muleshoe at McCarty Drug Store and, by all the best druggists in all towns throughout this entire section.—Adv.

Miss Velma Asher and Mr. W. S. Beller and family visited in the Shofner home Sunday.

Mrs. C. A. Joiner, Mrs. Byron Griffith, Mrs. Jenkins and Mrs. Danner of Muleshoe called on Mrs. L. L. Lowery Thursday afternoon.

Mr. and Mrs. D. L. Tipton visited at the Bud Alderson home Sunday.

Mrs. Barrett and children visited D. J. Harris and family Sunday.

Mr. Carl Evans and family took Sunday dinner with Mr. and Mrs. W. W. Locke.

Mr. and Mrs. S. L. Boles and daughters, Misses Bertha Lee and Melvina, and Miss Billy Lovelady, motored to Olton Sunday.

Mr. and Mrs. Byron Durham spent the week-end in Canyon with Mrs. Durham's parents.

Mrs. W. S. F. Mathieson and children, Roland and Vera, returned from Iowa Friday night.

Misses Billie Lovelady and Melvina Boles and Messrs. Raymond and Francis Gaede attended the show at Clovis Saturday night.

The seventh grade has a new member, Hubbard Harrell of Oklahoma.

Henry Lavigne and wife, Albert Lavigne and family, George Lavigne, Grady Watkins and family and L. L. Lowery and family visited at the home of W. A. Stevens Sunday.

Earl Harris and family went to Clovis Saturday afternoon.

F. G. Rice and wife of Muleshoe visited in the Y. L. community Sunday afternoon.

George Harris and wife took their baby to Clovis Sunday afternoon for medical treatment.

Miss Isabel Gainer spent Sunday afternoon with Miss Theron Kimbrough.

Oleta Shofner, Jean Willman, Edwina Buhman, Luther Buhman and Bessie Wimberly visited in the H. E.

Wilttering home Sunday.

Allan Harris who has been absent from school for several days has returned.

Mr. and Mrs. O. N. Robison and daughter, Miss Johnny Lucy, and Miss Billie Lovelady motored to Texico Saturday.

Mr. and Mrs. L. O. Kimbrough motored to Friona Thursday on business.

Mr. J. J. Head and family have moved from this community to Bovina.

Mr. Huggins and son, Carl, enjoyed a Sunday supper with Carl Evans and family.

The P-T. A. will have its regular meeting Friday night, Feb. 28. Everyone is cordially invited to come.

Mr. and Mrs. J. J. Head were surprised Wednesday evening when several people of the community gave them a farewell supper.

Mrs. Robert Kimbrough who had charge of the Sunday night Singing had a very good program including several special numbers. All visitors of other communities are invited to come again.

Messrs. Floyd Jones, Cecil Buhman, and Gail Willard and Misses Kathryn Wilson, June Beller and Gladys Buhman motored to Watson Sunday afternoon.

Mr. and Mrs. A. S. Traweck and children went to Lubbock Sunday afternoon.

Mr. Albert Traweck accompanying them.

Miss Velma Asher entertained the High School students and their friends with a party at the school house last Wednesday night. Many interesting games were played and delicious refreshments of sandwiches, hot chocolate with marshmallows, Bavarian cream and cookies. Those enjoying the evening were: Misses Zora Mae Shofner, Floy Beller, Helene and Lena Head, Gladys and Edwina Buhman, Jerre and June Beller, Kathleen Willman, Alice and Oleta Wilttering, Melvina Boles, Oleta Evans, Kathryn Wilson, Leona McKillips, Lucy Robison Juanita Beller, Ruth Lovelady, Theron Kimbrough and Velma Asher and Messrs. Jinks Beller, Dale, Cecil and Donald Buhman, Harold Hamblin, Gail Willard, Ernest and Emmett Parsons, Perry McMinn, Glen Stevens, Francis Gaede, Aubrey and Albert Traweck, Floyd Jones, Earl Robison, Maynard Hupp, Melvin Priboth, J. T. Shofner and Carl Jackson.—Reporter.

Washington to serve about 70 days and not anxious to prolong the term, but now he is in for the rest of the session. The Wyoming legislature met and revised its law requiring a special election at once. The senator is willing to stay a while longer, but he is not going to run for a second term.

"There are finer, handsomer and more intelligent men than myself who are willing to come to the Senate from Wyoming," he said, "and I am willing that they should." Among the "handsomer" men who have expressed a willingness to relieve Sullivan are ex-Gov. Carey and former Representative Charles E. Winter.

**BANKERS REPORT DROP IN SAVINGS**

**Lure of Stock Market Partly to Blame, but Slackened Speculation Expected to Bring Return to Thrift.**

The first recession in the nation's savings account in banks in the twenty years during which records in this field have been kept by the American Bankers Association was disclosed for last year in the recent annual compilation prepared by its Savings Bank Division. The shrinkage amounted to over \$195,000,000, on the basis of figures for the year ending June 29, 1929, whereas a year earlier the reported increase was over \$2,300,000,000, the largest ever recorded. The number of savings depositors also decreased during the year covered by more than 600,000 accounts. The lure of the stock market and affiliated activities are cited as part of the explanation for these changes.

The association's statement says that savings deposits in banks and trust companies of continental United States on June 29, 1929, stood at \$28,817,556,000. The recession in savings, it declares, indicates a fundamental change in the savings situation, irrespective of whether it is temporary or not.

**How Savings Used to Grow**  
In 1928 savings deposits increased \$1,542,000,000, in 1927 almost \$1,400,000,000 and in 1926 over \$2,300,000,000, it says. "It appears now that some influences in one year have taken the gain that might reasonably have been expected in savings deposits for 1929 and lowered them from the high mark of the preceding year. This recession is not one coming as a result of drought, famine, unemployment or conditions outside of the United States."

"A year ago it was stated: 'The year closing June 30, 1928, registered the largest gain in savings deposits in banks and trust companies of continental United States ever recorded in the history of this country.' What a difference one year makes! From a gain of more than 2 1/2 billions of dollars in savings deposits to a loss of almost 200 millions!"

"The loss in savings deposits is reflected also in the loss of savings depositors. The year 1929 showed a total of 52,664,127 depositors, against 53,183,348 for 1928, a loss of 524,221."

"Industrial production was much higher last year than the preceding year. Factory payrolls were considerably greater. In production, employment and trade, advances were made over the preceding year. In the farm areas the improvement noted for 1928 did not recede in 1929 and the livestock industry in all its branches was prosperous."

**The Causes of the Drop**  
The causes of the recession are possibly multiple. There is scarcely any reason to doubt that one of the important factors draining away savings and decreasing depositors has been the lure of profits to be made in stocks. For a number of years the people have been regaled with stories of profits made in stocks in all types of companies. During the last few years there has been a specious philosophy preached that panics such as formerly occurred were no longer possible.

"If it was the lure of profits in stocks which caused the recession in savings, then a factor in future savings will be the success attendant upon this venture of savings depositors in stocks. If the experiment did not prove generally successful, then another year will doubtless witness an increase in savings deposits as well as in savings depositors."

**Lazbuddie News**

The Y. P. M. S., an organization of young ladies in the Lazbuddie school met last Thursday in the home of Mrs. Haskins and had a very nice program. They drew names for a little plan they call the Forget-Me-Not. Each girl keeps the name she draws a secret until the time she is to be revealed. During this time she does her forget-me-not, all the good turns she can, giving her little gifts from time to time and doing her good favors. If she draws the name of a girl she may not like so well as another, she tries all this time to love her more each day. Those present as well as members were Pauline Seaton, Nobia Brock, Roberta Burton, Joyce Julian, Edith Julian, Audie Mahon, Lorraine Noble, Joy Briscoe, Gladys Dyck, Gladys Trieder, Deala Wenner, Vera Carter and Thelma and Melzie Christner.

The Y. P. M. S. meets every two weeks. Mrs. W. H. Gammons returned from Lubbock Monday afternoon where she had been taking treatments for an illness caused from her nerves. It is reported that she is much better.

The Woman's Missionary Society held its regular meeting last Thursday afternoon. Program was conducted by Mrs. R. L. Bledsoe. The society appreciated very much the beautiful shows arranged by Miss Faye Cheney's school room. Mrs. Chas. Julian was elected delegate to the council that meets in Amarillo March 12. Those present were Mesdames Chas. Julian, Walter Menefee, Orie Jennings, B. White, Lloyd Jones, C. E. Merritt and R. L. Bledsoe.

Following is a report of some work done by the Society.

The Lazbuddie Missionary Society, composed of six denominations, was organized in March of this last year with nine members. This number grew to 39 in only a few weeks. As a result of an extensive advertising campaign we now have a full quota of officers and committees.

We have almost finished the simplified course and expect to take up a mission study course as we already have the books. As a Bible study we have been taking "1200 Bible Questions and answers." We have not had as much voice and Scriptural cultivation programs as we should, but with time will get better arranged.

Our social service committee has done a fine year's work, a few of which are: visiting and sending flowers to the sick, donating liberally to a family who had their home burned and various other things.

We're placing a girl in school and with aid will help her finish a year's work. Under Mrs. Jones's direction organized both young people and baby division who are doing good. Our pledge is \$34.00, a part of which has been paid. We have raised \$250, most of which has been used for local work. Sent two boxes to rescue home and Buckner's Orphans home. Splendid cooperation from everyone. Have had ups and downs but are gradually going forward. We want our year's report to be 100 per cent. Pray to this end.—Mrs. O. N. Jennings.

**A Real Smash Up**  
"Bad auto smash, eh?"  
"Bad" Man, it was terrible. Why the drivers weren't even able to get up and fight."

**ANNUAL MEETING OF HISTORICAL SOCIETY AT CANYON**

CANYON, Texas.—The Panhandle Plains Historical Society will hold its annual meeting here on the eleventh of April, and plans for the sessions are already well shaped by the program committee, consisting of Professor L. P. Shetty, Miss Estelle M. Anderson and Mrs. T. V. Reeves.

Among those who are expected to take part in the day's activities are T. D. Hobart, of Pampa, president of

the Society and of the Southwestern Cattle Raisers Association; Judge L. S. Kinder of Plainview; G. A. F. Parker of Hereford; Horace Russell of Amarillo; Jake Burkett of Plainview; J. Everts Haley, author of "A History of the X I T Ranch" who is now in Austin.

This will be the ninth annual meeting of the Society; it has members in practically every county of the Panhandle-Plains region and in many states outside of Texas. It maintains a museum at the headquarters in Canyon. Two hundred people are expected at the 1930 meeting.

**LAZBUDDIE SCHOOL NEWS**

Ernie Jennings is absent from high school because of the flu.

Biven Chronister from Pecossett, Okla. has recently enrolled in high school.

There have been 38 new enrollments in school since Jan. 1st. These numbers have been pretty evenly distributed through the grades and high school.

At a recent meeting of the trustees it was deemed advisable to hire an extra teacher next year. This will give us three full time high school teachers and four grade teachers and we hope to put on four full years of high school work that will meet the approval of the high school department and be fully affiliated with the State.

We are working hard trying to get ready for a visit from the high school department which we are expecting about the last of March.

Sufficient copies of the Stanford achievement tests have been ordered and will be given to the entire school just as soon as they come. Some special English tests for high school and reading and spelling tests for the grades have been ordered.

Cecil Jones and Ernest Merriott happened to a rather painful accident at school Monday morning when they ran into a tight barbed wire near one corner of the school grounds. Cecil was rather badly cut on the neck and hands and Ernest suffered some painful cuts on the hands. Both were in school Tuesday, however.

As this closes another school month, we have for our honor roll Arthur Dyck and Geraldine Haskins.

The perfect spellers for the past week are: Louise Colbath, Geraldine Haskins, Evelyn Matthews, Alfred Steinbock, and Melzie Chronister.

The seventh grade pupils have shown great improvement in their reading. The best readers for the past week are: Lovel Merriott, Clarence White, Geraldine Haskins and Thelma Chronister.

Our seventh grade has three new chessmen within the last week. We welcome these new pupils and hope to date the attitude with which they have begun their work. We want to extend an invitation to anyone interested to come visit our room. We shall be glad to have you.

The primary room is putting on a clean up campaign.

The second grade did not miss a word in spelling all week.

The good readers for the second grade last week were Lillian Trieder, Paul Brock, Jack Mahon, Joe Wilson, B. J. Burton and Eula Reba Raper and Clyde Merriott. First grade: Virginia Raper, Maxine Freeman, Hershall Bradshaw, R. L. Barber and Elizabeth McKinley.

The good writers for the second grade were: Ralph Wood, Paul Brock, Ernest Rice, Margie Shause, Weldon McKinley, Lillian Trieder and Eula Reba Raper and Lavern Pytz. First grade: Virginia Raper.

In the speed test in arithmetic Clyde Merriott, Ralph Wood, and Deana Flemmings were the winners. In the first grade, Virginia Raper and Elizabeth McKinley.

To show you how industrious the primary children are, we are going to tell you they sold pencils to buy paint to finish their rooms. Come see how nice the rooms look now.

Misses Roberta Benton, Joyce Julian, Velma Lee Fleming and Juanita Ivy, accompanied by Elwin Julian, Jimmy Shanks and Henry Ivy spent Sunday afternoon in Clovis.

Mr. and Mrs. June Black motored to Friona Saturday.

Bill Sharley returned home Saturday from Lubbock where he has been for several days transacting business.

Mesdames Ralph Dyck and Eva Abney were in Friona Monday afternoon.

Mrs. Finis Jennings spent several days visiting friends in Floydada. — Reported.

**WIDELY KNOWN RACE DRIVER IS KILLED IN COLORADO**

LITTLETON, Colo. — Joe Unser, widely known race driver has driven his last race.

Death, the phantom passenger in every race car rode with Unser and the man who for the past four years drove his machine to second place in the annual Pike's Peak auto race died in a hospital, here Friday night. Four hours before he was found, unconscious and badly crushed at the wheel of his car which stood upright beside the road near a railroad under pass of the Colorado Springs highway south of here.

**Lazbuddie News**

The Lazbuddie Study Club met last Thursday, February 23, in the home of Mrs. Henry Ivy in an enjoyable afternoon. A very interesting program was rendered on "Great Men and Women. Both past and present." Mrs. E. L. Bledsoe directed the study hour and music and two nice talks and papers were given by Mrs. Lust and Mrs. Ophal Jennings. Mrs. Haskins was taken as new member making the total membership twenty.

Those present were served with a lovely plate luncheon. The members were: Mesdames Menefee, John and Willie Steinbock, Joel Trieder, Disca, Lust, Bledsoe, Raper, Whit, Finis and Ophal Jennings, Merriott, Dyke and the hostesses, Mrs. Henry Ivy and Juanita Ivy. Three visitors were Mrs. Eva Abney and Mrs. Vio and Mrs. Sharon. The club decided at their last meeting to beautify the Lazbuddie cemetery

and they plan to encourage each family to donate one tree, and then give a big dinner to all who will come with tools and work one day or even one-half day and put the trees out. The club is giving 10 large trees and six evergreens and will furnish the dinner on the appointed day for the work.

This is a drive that everyone should be interested in. A great man once said that the general sentiment and character of a community could easily be judged by their cemetery. What could one say for us by looking over our cemetery? Let's think it over and join in heartily with the club members in this move.

A delightful affair was the forty-two party Friday night, Feb. 21, at the home of Mr. and Mrs. W. S. Menefee. Four tables of forty-two were in progress through the evening. The piano and victrola furnished music much to the enjoyment of all. A special feature was the shower given to Mr. and Mrs. Stony, newly-weds of recent date. After an evening of pleasure, delicious

refreshments of sandwiches, punch, coffee and doughnuts were served to Mr. and Mrs. Otto Trieder, Joel Trieder, Loyal Lust, R. L. Bledsoe, Haskins, Mrs. Eva Abney, Mrs. Ralph Dyck, Mrs. Emma Dyke, Mrs. John Steinbock, Miss Juanita Ivy, Messrs. Henry and Leolor Ivy, Charles Vaughan, Bennie Dyck, and the host and hostess, Mr. and Mrs. W. S. Menefee. It was learned that Mrs. W. H. Gammons who was ill, is still doing nicely and we hope she shall soon be completely recovered.

Mrs. Gammons' father, Mr. Jack Raper is at her home very ill. He is afflicted with a serious stomach trouble and has been confined to his bed for some time. He is being attended by Dr. Miller of Dimmitt.

Another gala affair given by Mrs. Otto Trieder was the forty-two party, Saturday night, Feb. 22. Six tables of forty-two furnished pleasure to twenty four guests while several others enjoyed visiting and music. Some time near the midnight hour Mrs.

Trieder served delicious sandwiches, punch, cake and coffee. The affair was given in the big home of Mr. Bill Shirley at Lazbuddie. Those present were Mr. and Mrs. Joel Trieder, Mr. and Mrs. Neles McCurdy, Mr. and Mrs. Walter Noble, Mr. and Mrs. Loyal Lust, Mr. and Mrs. R. L. Bledsoe, Mr. and Mrs. Ralph Dyck, Mr. and Mrs. Raymond Trieder, Mr. and Mrs. W. S. Menefee, Mr. and Mrs. Charles Julian, Mr. and Mrs. E. R. Haskins, Mr. and Mrs. Rudolph Pytz, Mesdames Ed. Steinbock, John Steinbock and Willie Steinbock, Misses Loraine Noble, Roberta Burton, Cheyne, Georgia King, and Messrs Bill Shirley, Elwin and Leon Julian, Claudie Gollman, Glover and Smith. If there were others we are sorry that we did not learn their names.

Mrs. J. M. Jordan who has been quite ill for some time is much better and was able to have friends and relatives in her home Sunday the 23rd for a big turkey dinner.

The following was taken from the

Maud Enterprise: Culminating a romance that dates back to the early years in high school, Mr. Bruce Abney and Miss Vera Richard were united in matrimony at the home of the bride's aunt, Mrs. W. D. Phillips, Saturday evening at eight o'clock.

Miss Richard has made her home with Mrs. Phillips for the past few years and is a graduate of the Maud High school. She is one of Maud's most popular young ladies and the Enterprise wishes to express its congratulations along with her host of friends. Mr. Abney is a Maud boy, an employee of the O. C. A. and a railway and enjoys the respect of everyone that knows him. He was a popular athlete while in high school and one of the younger set most popular young men while growing up.

The wedding was a very pretty affair in that simplicity prevailed throughout the ceremony. Miss Richard was dressed in a beautiful blue georgette gown with hat and other accessories to match. Miss Odean

Phillips, popular young cousin of Miss Richard acted as bridesmaid and Elmo Truesdale acted as best man to Mr. Abney.

The marriage vows were read by Houston Biggestaff, minister of the Church of Christ.

Out of town guests were: Mrs. Ruby Richard, mother of the bride; Mrs. Grace Garrison, Mr. Ernest Glen, and Mr. Chas. Burton of Shawnee, and Mr. and Mrs. Will Burton of Seminole.

The couple will move to Friona, Texas, at a later date.

Rev. J. L. Beattie of Friona preached at the morning service at Lazbuddie Sunday morning.

Little Elenor Joe Lust entertained some little friends last Sunday, Feb. 16, with a birthday dinner. She was five years old and had as her guests: Mary Francis Bledsoe, Ruth Menefee, Betty Bledsoe, and one of her many cousins from Clovis.

The foundation is laid and work has been started on the new church at Lazbuddie.—Reported.

# THREE IMPORTANT FACTORS ENTER INTO THE COST OF YOUR AUTOMOBILE

1. How much it costs to make the car
2. How much extra you pay the dealer
3. How much it costs for operation and up-keep

**THE PURCHASE** of an automobile involves a considerable amount of money and it should be carefully considered from all angles before a final decision is made.

The value of the car to you depends on the value built into it at the factory, how much extra you pay the dealer for distribution, selling, financing and accessories and what it will cost to operate and maintain the car after purchase. Each of these factors, as it relates to the Ford car, is frankly explained below.

**Economy in production**

**THE FORD CAR** is made economically because of the efficiency of Ford production methods. The money saved through this efficiency is put back into the car in improved quality of material and in greater care and accuracy in manufacturing. The constant effort is to eliminate waste and find ways to make each part better and better without increasing cost—frequently at lowered cost.

Because of Ford economies in large production and because the Ford organization operates on a low-profit margin, the price you pay for the car is much less than it would be under any other conditions. Yet it brings you many unusual features of construction and performance.

At least \$75 extra value is represented alone by the Triplex shatter-proof glass windshield, the Rustless Steel, the four Houdaille double-acting hydraulic shock absorbers, and the five steel-spoke wheels. The unusually large number of ball and

roller bearings and the extensive use of fine steel forgings instead of castings or stampings are additional features that reflect the high quality built into every part of the car. Throughout, it is a value far above the price you pay.

**Low dealer charges**

**THE SAME PRINCIPLES** of efficiency and economy that characterize the manufacture of the Ford car are applied also to distribution. Obviously it would do the public little good to save in production if these savings were sacrificed later in excessive costs of selling, financing and accessories.

The Ford dealer, therefore, operates on the same low-profit margin as the Ford Motor Company, his discount or commission being the lowest of any automobile dealer. He does a good business because he makes a small profit on many sales instead of a large profit on fewer sales.

**NOTE THESE LOW PRICES**

Roadster . . .	\$435		
Pheton . . .	\$440	Tudor Sedan	\$500
Coupe . . .	\$500	Sport Coupe	\$530
Two-window Fordor Sedan . . .	\$600		
Three-window Fordor Sedan . . .	\$625		
Cabriolet . . .	\$645	Town Sedan	\$670

(All prices f. o. b. Detroit)

Low charges for time payments through the Universal Credit Company

The lower cost of selling, combined with the low charges for financing and accessories, means a direct saving of at least \$50 to \$75 to every purchaser of a Ford, in addition to the savings made possible by economies in manufacturing. The money you pay for a Ford goes into value in the car. It is not wasted in high dealer charges.

**Low up-keep costs**

**IT IS IMPORTANT** to remember that the cost of your automobile is not the first cost only, but the total cost after months and years of service. Here again there is a decided saving when you buy a Ford.

The cost of operation and up-keep is lower because of simplicity of design, the high quality of material, and the reduction of friction and wear through unusual accuracy in manufacturing and assembling. The reliability and longer life of the car contribute to its low depreciation per year of use.

The intelligent, painstaking service rendered by Ford dealers is under close factory supervision and is a factor in the low up-keep cost of the Ford. All labor is billed at a flat rate and replacement parts are always available at low prices through Ford dealers in every section of the United States.

In two, three or five years, depending on how much you drive, the saving in operating and maintaining a new Ford will amount to even more than the saving on the first cost of the car.

**FORD MOTOR COMPANY**
