Many From Territory Visit Tractor Show

Muleshoe and surrounding territory was well represented at the International Tractor Show at Wichita, Kan., last week. Some twelve or fifteen farmers and dealers from this section attended the show and all report a fine time. The new Gleaner Baldwin Combine seemed to attract more interest among the farmers than any of the machines on display.

Those making the trip from here went to Amarillo, where they joined a party which was leaving on a special train. These people were from all parts of the Panhandle and included some of the largest wheat growers. The new corn attachment on the Gleaner Baldwin combine means a great saving to the farmers according to officials of the company, and the machine is meeting with approval all over the country.

MRS. R. L. TIVIS ANNOUNCES FOR COUNTY TAX ASSESSOR

To the Voters of Bailey County: I take this opportunity to announce my candidacy for County Tax Assessor. I have lived south of Muleshoe for the past five years. I am qualified for the office, and as I have no means of support, my husband died last September and I have a crippled baby to support and educate in the future. I certainly would appreciate your influence and support in the Democratic primary in July. MRS. R. L. TIVIS

VOGUE BEAUTY SHOPPE MOVE TO NEW QUARTERS

The Vogue Beauty Shoppe will be in new quarters at the Mecler building within the next few days. Booths are being arranged this week and much new equipment is to be added. Mrs. Nora Brasfield of Amarillo is associated with Mrs. Lilla Daniel in the new shop. Experienced operators will be on duty at all times and these ladies invite the public to call on them for any work in the beauty line.

Harold Lloyd, Family Comedian Showing Here

Harold Lloyd has long been known as the "family comedian" because his humor and situations are so clean that the entire family can understand and laugh at them. His latest picture, "Welcome Danger" in which he returns to the screen after an absence of over a year and a half is no exception. In "Welcome Danger" Harold is a young botanist whose chief aim in life is to perfect a new species of the wild cactus, and he pursues his hopes with a vim. Then presto, fate takes a hand in things and sends him from the old Boston to San Francisco to clean up a toad war and raid the underground Chinatown.

"Welcome Danger" is the feature picture at the Lone Star Theatre, Thursday, Friday and Saturday.

HIGH SCHOOL CONTEST AT TECH IN HOME ECONOMICS

LUBBOCK, Texas.—Invitations have been mailed to West Texas high schools inviting teams from the home economics departments to compete in the first high school home economics contest at the Texas Technological College, March 24th.

These contests will be held at the same time that judging contests for students of vocational agriculture in West Texas high schools will be held. For some time, superintendents in West Texas have been suggesting such a contest here because of the distance from these schools to the state clothing contest. Miss Margaret W. Weeks dean of school of home economics, stated in announcing the contest.

In an effort to decide whether or not the holding of a contest here would be of interest to schools in West Texas, a questionnaire was sent to 25 schools, asking for their opinion in this regard. Twenty-two schools immediately signified their interest. These schools are listed as follows: Sulphur, Rule, Wilson, Ft. Stockton, Amarillo, Ralls, Abertshay, Post, Lockney, Lamesa, Claude, Silverton, O'Donnell, Lubbock, Levelland, Lorenzo, Tulla, Happy, Slaton, Floydada, Dumas and Morton.

Meeting Of The Cemetery Ass'n Next Tuesday

The Journal is asked to announce that there will be a meeting of the Bailey County Cemetery Association on Tuesday evening of next week at 8:00 p. m. The meeting will be held at the court house and all members and interested parties are requested to attend. There is quite a bit of business that needs attention at once and this will be attended at this time. This meeting is of interest to citizens of the entire county, so please be on hand.

D. W. DANIELSON ANNOUNCES FOR COMMISSIONER, PREC. 2

I am a candidate for the office of Commissioner of Precinct No. 2, subject to the action of the Democratic Primaries in July. In making my announcement, I have been commissioner for two years and have endeavored to look after the interests of the county and this precinct, and ask your support in the coming election.

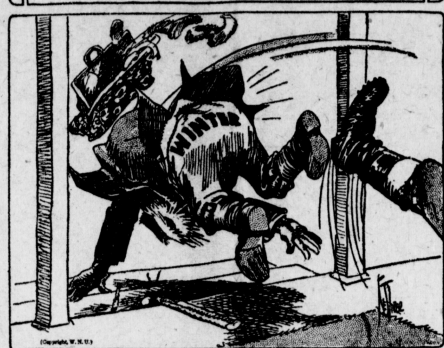

KPNORTH LEAGUE BANQUET AT THE METHODIST CHURCH

One of the most enjoyable occasions of the season was the League banquet at the Methodist church last Friday night, Feb. 28th. The League room was artistically decorated with the league colors and cut flowers. The tables were arranged in a U shape. Fifty young men were present to partake of the feast. The place cards were very beautiful, the work of Mrs. F. O. Boone. Walter Faust was the toastmaster for the occasion. To say that he did it well, is putting it very mild. The toastmaster introduced several speakers, who gave some very inspiring talks. These speaking were Rev. Jack Winslett, Rev. Joiner, Ellis Ogden, God Hardin, and Rev. W. B. Hicks. After much fun and the partaking of the banquet, the group then repaired to the church auditorium where F. O. Boone conducted the play hour.

At a late hour all departed declaring they had had a wonderful time. The Missionary Society of the Methodist church served the banquet. Rep.

Discussion on Religion To Be Held At Friona \$671.91 Realized On 1929 Farm Produce Sales

There will be a religious discussion at Friona, Texas, beginning on the 11th of March and will last six days and nights. It will be held at the school auditorium at night and at one of the churches in the day. The following propositions will be discussed: 1. The Scriptures teach that the Church or earthly kingdom of Christ was established during His personal ministry. A. L. Eaves, affirmative; Alva Johnson, negative. 2. The Scriptures teach that the Church or earthly kingdom of Christ was established on the first Pentecost after His resurrection. Alva Johnson, affirmative; A. L. Eaves, negative. 3. The Scriptures teach that all true believers in Christ are saved or have eternal life before they are baptized in water. A. L. Eaves, affirmative; Alva Johnson, negative. 4. The Scriptures teach that baptism in water, to the penitent believer, in the name of Christ, is for the remission of past sins. Alva Johnson, affirmative; A. L. Eaves, negative. 5. The Scriptures teach that it is impossible for a regenerated child of God or a genuine Christian, to apostatize as to be eternally lost in Hell. Alva Johnson, affirmative; A. L. Eaves, negative. 6. The Scriptures teach that it is possible for a regenerated child of God or a genuine Christian to go apostatize as to be eternally lost in Hell. Alva Johnson, affirmative; A. L. Eaves, negative.

This discussion will be governed by Hedges Rules of Logic. There will be two hours given to each session, divided into thirty minute speeches. Each side will choose a moderator that will keep time and order. Mr. Alva Johnson of Turkey will represent what he calls the "Church of Christ" and A. L. Eaves will represent the Missionary. Expecting a large attendance during this discussion. Your time, if you will come, will be well spent if you are seeking to know more about the Lord's Book.

Yours in Christ, A. L. EAVES.

G. W. Sollock Was Buried At Rule, Texas, Sun.

G. W. Sollock, aged 70 years, was buried at his old home at Rule, Texas, Sunday, March 2. Mr. Sollock was well known in this community, having resided here for about five years. He had been in ill health for almost four years and last spring moved back to his old home. He was a member of the Methodist church here and a Mason. Mr. Sollock had the love and respect of all those who knew him and his passing comes as a shock to the people of this community. He is survived by his wife, two sons, five daughters and nineteen grandchildren. Mrs. J. E. Adams of Muleshoe is one of his daughters. With the exception of three grandchildren, all the family were present at the funeral.

NEW SANDWICH STAND AT WHITE FRONT GARAGE

A new addition is being made at the White Front Garage this week for the installation of a sandwich shop. This new shop is on Main Street and will serve all kinds of light lunches, sandwiches, cigars and cigarettes.

New Low Level Attained At The Carlsbad Caverns

CARLSBAD, N. M.—Frank Ernest Nicholson, New York explorer, has attained a new depth level in the Carlsbad Cavern at 1,350 feet below the surface.

The main level of the cavern is 750 feet below surface and the lower level is 900 feet. Nicholson and his party Tuesday took an almost perpendicular drop through a tunnel down from a point near the restaurant in the "Big Room" and went 450 feet lower than any previous explorer has gone in this government owned underground country.

Nicholson and his men came out of the caverns about midnight Tuesday after an all day exploring expedition. Their clothing was torn and their legs and hands were scratched from the arduous ascent and descent, but they went back into the cavern Wednesday to try to follow this tunnel to a new low level.

ENTRIES FOR REGISTERED DAIRY SALE SHOULD BE MADE AT ONCE

PLAINVIEW, Texas.—Entries for the annual auction sale of pure bred registered dairy cattle at the Texas Panhandle-Plains Dairy Show must be made to manager Harry Hopkins, at Plainview, not later than March 15th. This announcement was made by S. J. Payne of Tulsa, who is vice-president of the Texas Panhandle-Plains Dairy Association and chairman of the sales committee. Other members of this committee are D. F. Eaton, county agent of Lubbock County and F. R. Phillips, of the West Texas State Teachers College.

Chairman Payne is stressing the importance of all entries being in the hands of the manager on or before March 15 because a catalog must be prepared and the sale advertised. The committee also must pass on the prospective entries before they are allowed in the sale ring. The sale is one of the outstanding features of the show and will be held on Thursday, April 10th, the final day of the exposition.

CHURCH OF CHRIST

Don't forget our Sunday school every Sunday afternoon at the court house at 2:30 p. m. Lesson for next Sunday will be the 4th Chapter of Matthew after which S. S. Bozeman will preach. Subject for discussion will be "Undenominational Christianity." Everybody is invited to attend.

WILLIAMS-HINTON

Mr. Chas. Williams and Miss Pearl Hinton were united in marriage at Clovis, N. M., on Saturday evening of last week, the ceremony being performed by the pastor of the Nazarene church of that city. After the wedding service the young couple left for a short trip through Eastern New Mexico.

Mrs. Williams is the charming daughter of Mr. and Mrs. C. E. Hinton of Baileyboro. Mr. Williams is well known here, having resided in Muleshoe for the past six years. He is the son of Mr. and Mrs. C. E. Williams of Trenton, Nebraska, and has been in the employ of the Bailey County Elevator Company for several months. The Journal joins with the many friends of Mr. and Mrs. Williams in wishing for them a long and happy married life.

Rail Projects Discussed At Plainview

PLAINVIEW, Texas.—The greatest railroad building program in the history of West Texas, through a four-year extension of the present lines of the Burlington system in this territory, were thoroughly discussed at a general meeting of representatives of interested towns here on Wednesday, March 5.

The proposal calls for an extension of the Burlington's present line into Dimmitt northwest of Tucuman; the construction of a line from Plainview southwest into Roswell, N. M.; extending the Wichita Valley, a (Burlington subsidiary), northwestward from Spur, its present terminus, to Plainview and the building of a new line from Stamford direct into Fort Worth.

More than 500 miles of new railroad are proposed by those who are behind the movement.

WILL FARMERS REDUCE THE COTTON ACREAGE?

"What about the cotton acreage; is it going to be reduced?"

This question is being asked by business men and farmers throughout the south. No one knows the answer to it. The decision lies with 100,000 farmers in Oklahoma; 250,000 in Texas, says the March 1 Oklahoma Farmer-Stockman.

To grow more or less cotton is the choice of the individual. The man who farms his own land makes his own choice. In the case of rented land the renter, the owner, or both make the decision.

We are faced this March 1, 1930, with the known and admitted fact that an acreage of cotton as large as that planted in 1929, with average yields, will bring a low price.

Both a high acreage and a high yield will bring 6 or 8-cent cotton—a year's wasted effort, unpaid debts, blasted hopes.

The consuming world, in effect, makes this offer to the cotton growing South: "Grow me 12,000,000 bales of cotton and I'll pay you \$1,200,000,000 for it; grow me 15,000,000 bales and I'll buy for \$800,000,000."

Nothing phoney about that offer. That's the way it has always worked out, and it'll work out the same this year. Knowing that fact, what will the acreage be?

Can the cotton farmer do otherwise than to plant less cotton to help get the higher price, and to plant more acres of other crops to protect himself against a possible bumper crop and a low price?

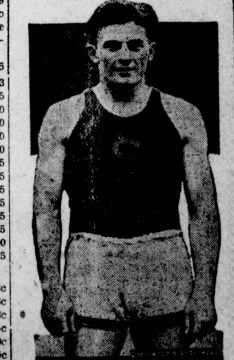

Mayor and Two Commissioners To Be Elected

Notices have been posted to the effect that there will be an election on the first Tuesday in April for the purpose of electing new city officers. A mayor and two commissioners are to be elected.

C. C. Morris has been appointed presiding officer and he will appoint clerks and judges to assist in holding the election. Balloting will be at the City Hall during the hours prescribed by law.

**PRINTED METAL CLOTH SANS FUR
VERY NEW FOR THE EVENING WRAP**

The gleam of gold and silver lends enchantment to the evening mode. Especially do the newer formal wraps radiate entrancing glitter because many of them are made of the most gorgeous metal cloths.

Printed metal cloth, such as is used for the making of the charming wrap illustrated, is really thrillingly new. The surface of this short silver evening coat is patterned with a tiny conventional design. Such a wrap bears the cachet of ultra-chic and is indeed a smart asset to the wardrobe of the woman whose social program records ultra formal affairs.

Quite a few of these resplendent metal cloth wraps claim the distinction of omitting fur, as does the model pictured. Just as many, however, of the glittering mantles glory in opulent fox collars, or if not for then sable or slated or white ermine.

A very "classy" material sounds the metal note this season, the same being white satin with a jacquard design done in gold or silver as the case may be. Cliftons which are metal-embroidered also interpret the gold and silver theme. Cunning wee repeat motifs, somewhat of Dolly Varden inspiration, are scattered all over these lovely evening cliftons. In this genre, too, are gold and silver-dotted nets galore.

About the new jacquard patterned and embroidered-in-metal weaves there is something exceedingly youthful, for the tiny designs of flowers and other patternings are sprinkled over their fabric foundation in pretty confusion and they are not so stately and imposing in tulle as are the more sophisticated and heavier metal brocades.

Konjola Makes Good After All Else Failed!

St. Louis Lady Glad To Relate Her Fine Experience With New And Different Medicine

MRS. DORA BAUER

Konjola is a different medicine simply because it scores victory after victory in cases that have defied and resisted all medicines and treatments tried. This is not a boast. It is a fact established and proved by thousands of cases like that of Mrs. Dora Bauer, 3403 St. Vincent avenue, St. Louis. Read her grateful words:

"How I wish that every sufferer with neuritis could know what Konjola did for me. For ten years I endured agonies from this awful ailment. I had to keep my arms wrapped tightly to ease the pain. My digestion was bad, too, and this weakened me, making me still easier prey for neuritis. I can not remember how many medicines and treatments I tried, but found nothing to give relief until I found Konjola. In just five weeks this remarkable medicine restored digestion, rid my system of poisons and impurities, and then the neuritis left as if by magic. What a boon Konjola proved to be to me. No wonder Konjola is known as the medicine with more than a million friends. It should have a billion."

Konjola is sold in Muleshoe at McCarty Drug Store, and by all the best druggists in all towns throughout this entire section.—Adv.

NOT A TRAVELER

PARIS, Texas.—He was from Arkansas but wasn't much of a traveler.

That he hadn't been many places nor "seen things" was evident in the procedure adopted by a youth, who boarded a train at Rogers, Ark., to pay his fare, as reported here by a railway mail clerk. Then the conductor asked for his ticket, the young man told him he had already surrendered.

"How?" asked the conductor.

"I put 'er in the slot," was the reply.

The conductor was puzzled for a moment. Then he concluded that the ticket might have been deposited in the mail chute in the baggage car and confirmed his conjecture. There in a stack of letters was the ticket where it had been dropped in by the boy thinking that persons he seen depositing mail in the slot were preparing to board the train on a "pay-as-you-enter" basis he had heard of.

MARTYRS TO SCIENCE

Two bacteriologists have already given their lives in the effort to stamp out parrot fever, the newly discovered disease transmitted by infected parrots. These men are Dr. William Royal Stokes of Baltimore and Harry B. Anderson, a government laboratory assistant. Two others, Dr. Daniel S. Hatfield and Dr. Charles Armstrong, are suffering from the disease, but their recovery is expected.

In the age-long battle against disease many physicians and other scientists have fallen victims to the maledict which they have sought to conquer, such as bubonic plague, yellow fever, Rocky Mountain spotted fever, Malta fever, and Mexican fever.

Illness, disfigurement and death have also attended experiments made in the adaptation of radium, X-rays and other powerful agencies to the use of mankind.

The world owes a large debt of gratitude to the army of brave scientists who daily risk their health and their lives in the service of humanity.

PLATEAU SINGING CONVENTION TO BE HELD AT TUCUMCARI

TUCUMCARI, N. M.—The first meeting for Quay county of the Plateau Singing Convention will take place in Tucumcari Sunday. A thousand or more visitors from the county are expected, with many from outside the state, mainly from the Texas Panhandle, who always attend these enjoyable affairs.

President M. B. Keator, of the Quay county branch of the convention, has appointed committees from every part of the county, requesting that they arrange for special numbers on the program, and it is expected more good singing in the way of solos, duets, trios and quartets will be heard than at any previous convention held in this county.—Clovis News-Journal.

TEXAS SOLONS WILL GET EXTENSION FOR FILING RETURNS
AUSTIN, Texas—Members of the legislature will have the time for filing of their federal income tax reports extended on request, they were notified by James W. Bass, collector of internal revenue. Mr. Bass has announced that government regulations sent out from Washington will sharply cut down the number of grants of extension of time this year.

The extensions will be made only for good cause, he was notified.

Have you seen our hen?

She hovers 52,000 eggs (3 1/2 tons) at one time. She never leaves her nest, she never breaks her eggs. She is more intelligent and more kindly through all of the hatching period than a feathered hen.

We have reference to the Smith incubator used in Muleshoe's newest enterprise.

We sell baby chicks that live and grow, or, bring in your eggs and we'll hatch them for you. Let's get acquainted. We will take you inside of our incubator so you can see how the world's largest mechanical hen hatches baby chicks.

You'll simply fall in love with... Playmayd

For your home, and for other discriminating homes, a low priced PORCELAIN electric washer by ABC

EVERY housekeeper who wants a real electric washing machine will want the brown and buff porcelain Playmayd.

Priced almost unbelievably low, it has everything that even the most highly expensive washer of its type could have. It has workmanship and mechanical precision that twice its low price couldn't better. Inside and outside, its capacious tub is porcelain—everlasting and flawless—made in special ovens at the great factories of ABC.

You try it—FREE

We have seen plenty of washing machines but none that even remotely approaches the Playmayd for money's worth. Certainly the ABC people have gone the limit in value-giving in producing this machine to sell at such a price.

But no advertisement could possibly describe Playmayd with justice. You must come in for yourself and see it. You must allow us to send it to your home to do one washing free.

See all the ABC's

Besides porcelain Playmayd, we also carry a full line of other ABC models—the wringerless ABC Spinner—the finest there is—that not only washes but rinses, starches, blues and dries; and the Companion, a large wringer-type ABC washer now sold at a new low price.

Note these PLAYMAYD features

1. IT'S FAST—and nevertheless gentle because of smoothly rounded, stone-like, 6-in. ABC agitator.
2. IT'S PORCELAIN—in its capacious tub, inside and out, is real porcelain, made with extreme care in the great ABC plant.
3. IT'S STRONG—built of finest grade metal solidly welded and joined.
4. IT'S COLORFUL—richly colored with its appealing, durable buff and brown.
5. IT'S NEAT—specially designed all-porcelain splash rim keeps suds and water in tub.

The ABC Playmayd

A masterpiece—but extremely low priced

GOODLAND NEWS

(Too late for last week.)
We are having windy weather at present. The singing school at Wilson is being well attended.

There will be a box supper at Wilson. Everybody is invited. Proceeds to go to pay for the singing school.

The party at Mr. Holloway's Friday night given in honor of Harvey Curtis who is leaving Tuesday for his home near Plainview, was well attended. Everybody reported a good time.

Sunday school and preaching at Goodland both morning and afternoon were well attended.

Mr. J. A. Beaty is building a new blacksmith shop just north of his store.

Mr. and Mrs. Cardwell of Wilson announce the arrival of a son, February 18th. Both mother and babe are doing fine.

All sod breaking has quit in this part because of dry weather.

Mr. and Mrs. C. B. Weaver called on Mr. Meadows and family Sunday afternoon.

The Goodland and Gaddy schools are working to consolidate their districts and build a brick for the coming term, which is needed very badly.

Mr. and Mrs. Early are visiting their children at O'Donnel, Texas, through the week-end.

Mr. and Mrs. V. C. Weaver and family of Bula spent Sunday with C. B.

Weaver and family.
The box supper at Wilson was well attended Friday night. The proceeds were \$65.00.
Many friends here of Mrs. J. A. Adams were made sad to learn of the death of her father Saturday evening.—Reported.

Now See What You Think of it

THERE is a tremendous amount of satisfaction in being able to offer farmers in this vicinity the new Model "L" Case Tractor. Those who have seen it pronounce it years ahead of present-day tractors because it has all the best features of modern design plus additional features as well.

Now see what you think of the new Case. Its great power will astonish you, especially when you consider that the tractor weighs but slightly more than three draft horses. Its ease of handling, its three forward speeds, its short turning radius, its accessibility of all parts, its roomy platform, its adjustable spring seat—all these features and many more will instantly appeal to you.

Whether or not you are in immediate need of a tractor, it will pay you to investigate the new Case. Come in and get a copy of our new booklet that shows this attractive tractor in its natural blue-gray and red colors.

CHARLESTON, S. C., TO CELEBRATE 250TH ANNIVERSARY

Mayor Thomas F. Stoney of Charleston, South Carolina, has proclaimed April 10-13 as the joint celebration of the 250th Anniversary of the official settlement of Charleston on its present site and the 250th celebration of the founding of the Province of Carolina under the Lords Proprietors.

In a letter to L. S. Barron, Mayor of Muleshoe, the chief executive of Charleston after expressing the wish that his honor and his citizens may find it expedient to visit Charleston during the joint celebration, which falls concurrently with Charleston's famous garden season, sends out a call to all South Carolinians and to Charlestonians in particular, who may be residing in this city to return for a general "home coming" on this occasion.

Charles was first settled on the west bank of the Ashley River by English colonists under William Sayle in April

1670, and in 1680 the settlement was officially changed to Oyster Point on the southern extremity of the peninsula which is now the present site of Charleston.

The program for the coming event includes the following features and will be participated in by distinguished visitors from all over the United States as well as the official representatives of foreign countries.

April 10th, military review, Fort Moultrie; Inspection of Navy Yard; Aquatic Sports of Battery; and Community on Battery.

April 11, memorial exercises at original site of Charles Town, at Old Creek; official luncheon or barbecue; Aquatic sports off battery.

April 12, military and historic floats parade; pageant at Battery Park; Sparring exhibitions, Marion Square; and Ball for distinguished guests.

April 13, sightseeing for distinguished guests.

Charleston is one of the few American communities which has preserved unspolied its colonial atmosphere and is noted not only for its beauty of architecture and its wealth of garden estates but as the locale of many battles and engagements during the colonial and Indian campaigns and the war between the states.

On the same dates the Huguenot Society of Charles will celebrate the 250th anniversary of the landing of the first Huguenot families in South Carolina and many interesting features are planned for the occasion.

COURT OF ST. JAMES

It is after the historic palace where the naval conference met that the British court is referred to as the Court of St. James. The building was originally so called because a religious establishment dedicated to St. James stood on the site several hundred years ago. It is not a building modern in its equipment. Open fireplaces are the only means of heating the great rooms where the delegates confer and it remains to be seen whether the Americans used to steam-heated rooms, will be able to keep themselves in good humor. Which recalls a gruesome story.

Charles I slept in one of those rooms

the night before he went out to meet his Cromwellian executioners. It was cold and chilly and the condemned king shivered from head to foot. He was afraid that he would shiver on the scaffold and his subjects might think he was trembling with fear. That would never do. So he asked for a heavier undershirt. The next morning he went out and died without a quiver.

WOMEN INVADGE SENATE FLOOR

Two women employees of the Tariff Commission—the Misses Ruth Peterson and Evelyn Southworth—have the distinction of being the first women (except members of Congress) to appear on the floor of the Senate in session. Being textile experts, their testimony was required during the tariff debate on rayon. At the Senate doors they were barred, until Senator Walsh of Massachusetts asked unanimous consent to let them appear on the floor and Vice President ruled that this was not necessary. As Senator Norris of Nebraska pointed out, there is no rule against women appearing on the floor. But the Senate has discouraged it. Some Senators have women secretaries and there is nothing to bar them from the floor except the custom of transacting business in the Senate lobby.

ANOTHER WALSH STAR

Robert E. Walsh, son of the famous spitball pitcher and brother of the White Sox hurler, who reported to Manager Bob Shawkey of the Yankees with the first squad to go south to St. Petersburg, Fla. He is twenty-two years old, six feet four inches high and weighs 205 pounds.

It is just as safe to guess that it is the headlight nearest to you that is out.

Most of the war-time second lieutenants have probably lived it down by now.

PROHIBITION

"In God We Trust" and "BEVERAGES" read a pair of brilliant orange signs above the shrieking-green bay windows of a shop that opened last week at No. 201 East 44th Street, Manhattan. A small device on the door showed the American eagle rampant, announced that the shop was guarded by the Supreme Protective System Co., 10 East 23rd St. Twinkling in the display windows, dazzling passers-by.

were bottles, arrogantly full. Men and women (not children) who stopped to gaze and gape were hailed from the doorway by a clerk. Shouted he, though a traffic policeman was on duty less than 50 feet distant: "Come in friends! We're selling wide open! Just got \$30,000 worth of stuff!"

Inside the shop, on shelves as green and spruce as a housewife's kitchen cabinet, gleamed all sorts of whiskies, gins, ports, sherries, liquors—some labeled "non-alcoholic," others with standard booze labels—all offered by the genial clerk with gusto:

"Guaranteed! Analyze it, mister. I ask you personally to analyze it. We call this our 'ladies' shop!' Four more we got in New York and on Broadway one silver and black! Deliver anything anytime from 8 a. m. to 2 a. m. Just phone Murray Hill 7522 and ask for Mack. You see this cherry brandy?"

—holding up a large bottle in which floated four cherries.—"That stuff is 90 proof, nintee proof!"

Prices quoted per standard bottle: gin \$1; port or sherry \$5.50; brandy \$3; Scotch \$4; rye \$5; creme de cacao \$2; kummel \$3; benedictine \$5; contreau \$5—most of these in bottles identifiable at a glance as fakes, but a few magnificent imitations. "I'm telling you straight now, Friend, this what we call Spanish port is Californian, see? Your money back on anything you don't like!"

A container marked Veritable Benedictine D. O. M., taken from the shop window, was found exactly to resemble the French original in bottle and labels. But the two red wax seals bore the faint impress of a coin stamped with the word LIBERTY and below In God We Trust—a U. S. 25c piece, latest issue. Small deceptive, taste

unmistakably raw. Report by the Merkin Analytical and Pathological Laboratory, Inc., 133 Second Avenue: "Proof 90; alcohol by volume 45%; extractive matter (i. e. benedictine flavor) 23%; wood alcohol, none—The examined sample is free from harmful ingredients and can be used for drinking purposes."

Opened soon, just around the corner on Third Avenue from the first green-fronted store, a second: The Wholesale Products Co. mals & hops, imported cordials and glassware. This too was guarded by the Supreme Protective System, but the clerk, a mere youth, appeared to be in a state of chronic fright.

HERSHEY, NEW CROP FOR SECTION, PROVING POPULAR

SNYDER.—The new feed and forage crop named Hershey, being introduced into Scurry county and West Texas by F. I. Townsend, pioneer farmer and West Texas booster, has demonstrated its quick maturing growth with demonstration here in which three days time elapsed between planting of seed and its sprouting out of the ground.

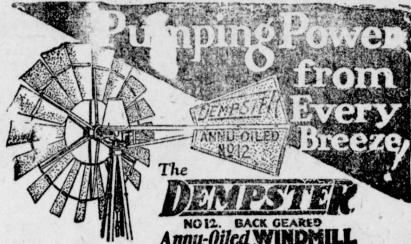

Hershey, which matures within sixty days, provides a quick grain and forage crop of inestimable value to West Texas farmers and is being promoted in this section at actual cost of securing seed and freight from Colorado and will not approximate more than six cents per pound.

It's Ready for You—

The JOHN DEERE GENERAL PURPOSE TRACTOR and Special Equipment You Have Been Waiting For

Here it is—the General Purpose Wide-Tread Tractor that John Deere has built especially for the South—built to meet your particular needs.

As Two-Row Tractor Lister

With this tractor and its special one-man equipment you can handle your farm work with less help and less hard work than you ever thought possible.

As Two-Row Tractor Lister Planter

The accompanying pictures show some of the equipment that can be furnished for the John Deere.

Picture yourself doing good work with this equipment on YOUR

farm. Think of planting and cultivating from 35 to 45 acres a day and doing it easier than it has ever been done before!

As Four-Row Tractor Planter

We want you to see this general purpose type tractor that fits in so perfectly with conditions on farms in this territory. We want to show you its four power outlets, including the POWER LIFT which

lifts or lowers the working equipment, with a mere touch of the foot; the self-cleaning front wheels which make it possible to operate the John Deere under field conditions that keep other tractors idle.

Lazbuddie News

Sunday, March 2, 1930, was a day long to be remembered by the people of Lazbuddie and surrounding community. The Singing Convention which was held here on that date was a decided success in every way. The President, Mr. Thompson, from Oklahoma Lane, is to be highly commended on the very efficient way in which he kept the Convention moving from one good thing to something better. There is just one John Taylor and we think he was here at his best last Sunday. Mr. Taylor is President of the Plateau Singing Convention and his daughter, who is now teaching in the Sudan schools, is Secretary. Miss Taylor rendered a very beautiful solo in the afternoon and assisted in some more beautiful numbers.

We were especially fortunate in having the Lubbock Trio, composed of Messrs. Brooks, Gunn and Burleson. They sang a number of beautiful songs during the day and the crowd always showed its approval by calling for more.

The concert here Friday night proved to be the highest type and the large crowd who heard them were high in their praise of their entertainment and hope they may be with us again some time.

Mr. Echols, from Clovis, N. M., was in the convention and rendered a very pleasing solo, besides assisting in a number of special songs.

Mr. Abbott, from Bovina was in the convention and we appreciated his presence very much. The county needs more men of the type of Mr. Abbott.

To mention all the notables who were here would require too much space, but we want each of you to know that your presence was appreciated by the good people of Lazbuddie and that this was made a better community because you were here. I feel sure that the multitudes by the seaside were no more bountifully fed as a result of Christ's miracles than was the crowd in attendance at the convention Sunday. I think the method by which the singing was handled could not be improved upon and after everyone was fed, many baskets of food could still be taken up. Everyone was high in his praise of the good women of Lazbuddie.

We are busy this week administering the Stanford Achievement tests. These are highly standardized tests which have been given to thousands of children in all parts of the United States and very accurately test the students' accomplishments in reading, spelling, language, arithmetic, literature, history, hygiene and geography.

The High School will present, near the close of school, a play entitled "Finger Prints", a comedy drama in three acts. Definite date will be announced later.

The best readers in the seventh grade for the past week are Louise Colbath, Alfred Steinbock, Geraldine Haskins, Thelma Chronister, Clarence White and Melzie Chronister.

Our seventh grade penmanship class is making a great improvement. The best writers for the week are Thelma Chronister, Louise Colbath and Geraldine Haskins.

Several of our classmates have been absent a few days with mumps. We miss them very much and shall be glad when they return.

The seventh grade has decided to make some improvements in our school room. The outstanding improvement will be some pictures.

In the fifth and sixth grades we have the following pupils on the perfect attendance record for the past week:

Richard Carter, Walter Dyck, Deller Wenner, Beaford Wenner, Nevine Jennings, Elena Raper, Mavis Wise, Leota Wilson, Melvin Treider, Maggie Peacock, Kenneth Brisco, Phineas Brock, Abner Crabtree, Carl Steinbock, Ray Williams, W. C. Williams, June Brisco, Oleta Colbath, Ida Mahon, Josephine Mallouf, and Francis Steinbock. We hope by next week that this list may be longer. To do the best work it is necessary to be in school every day.

On last month's Honor Roll we have Nerine Jennings, a fifth grade pupil. For this month we shall have an Honor Roll an A and B Honor Roll and an Honorable Mention Roll. To be on the A Honor Roll a pupil must make a straight A record. To be on the A and B Honor Roll a pupil must have nothing lower than A and B. To be on the Honorable Mention Roll a pupil must have all As and Bs with only one grade as low as C.

We were glad last week when one of our former pupils, Euple Nowell, returned to our community and school. We are very happy indeed to have her and hope that her record continues as high as it has in the past.

The third and fourth grades are putting on a contest in reading and spelling this week. The third grade is determined to have more perfect spellers and make more As in reading than the fourth grade. We'll let you know next week who won.

The Ladies' Missionary Society met Thursday afternoon in the high school auditorium with ten members present. Mrs. Effie Jennings was devotional leader and Mrs. Julian talked on "The Settlement, a Way of Life." A musical number, "There Shall be Showers of Blessings," was rendered by Miss Cheyne.

The good readers in the primary room are: Paul Brock, Jack Mahon, B. J. Burton, Clyde Beller, Eula Raper,

love Roberts, Lillian Treider, Velma Powell, Maxine Freeman, Elizabeth McKinley and Joe Wilson.

The perfect spellers: Ralph Wenner, Clyde Merriott, Laron Pyritz, Clyde Beller, Paul Brock, Ernest Newton, Jack Mahon, B. J. Burton, Glenda Roberts, Margie Shause, Dorothy Flemming, Eula Raper, Virginia Raper, Elizabeth McKinney, Weldon McKinney, Maxene Freeman, Hershail Brudshaw and Joe Wilson.

The best writers are: Paul Brock, Ralph Wenner, Clyde Beller, Lillian Treider, Eula Raper, Ernest Newton Rice and Virginia Raper.

The quietest girls last week were Lorene Roberts and Lillian Treider. The quietest boy, Jack Mahon.

Clyde Merriott, Ralph Wenner and Dorothy Flemming made the highest grades in arithmetic.—Reported.

ANALYZE THE ALLOWANCE ON YOUR USED CAR

If a dealer pays you more than the true worth of the car he must make up the difference by extra charges on the new car or re-sell it to some one else at too high a price

PERMANENT value is always better than a temporary bargain in the purchase of an automobile. It pays to look ahead and consider reliability and ultimate up-keep costs, as well as comfort, safety, speed, and beauty of line and color.

Since most automobiles are bought for replacement, the value set on your used car is a factor in almost every purchase. Frequently it is given an importance beyond its true worth.

Used cars have a definite market value and you are justly entitled to an allowance based on that value. It is not fair that you receive less. It is not to your best interests to receive more.

IF a dealer pays you more than the true worth of the car he must either re-sell it to some one else at too high a price or make up the difference on the new car. This he cannot do unless he is allowed an excessive profit on the car or on financing, extra equipment and other charges. In either case, you pay the bill, for no way has yet been found to give something for nothing. The money must come from somewhere.

You may not get the largest used-car allowance from the Ford dealer, but that very fact should give you confidence that you are receiving full value in the new car. Ford charges are not marked up or increased to cover a high trade-in allowance on your old car.

Because there is no waste, extravagance or undue profit in manufacturing, distribution or selling, every dollar you pay for a Ford brings a full dollar in return. In lower first cost, in reliability and long life, in the low cost of operation, service and replacement parts, the Ford will save you much more than the seeming difference in trade allowance.

FURTHERMORE, at least \$75 extra value is given to you in the new Ford in the Triplex shatter-proof glass windshield, the Rustless Steel, the five steel-spoke wheels, and the four Houdaille hydraulic double-acting shock absorbers. The unusually large number of ball and roller bearings, and the extensive use of fine steel forgings instead of castings or stampings, are other features that show the extra quality built into the Ford car.
