SPUR, DICKENS COUNTY TEXAS, NOVEMBER 18, 1943

NUMBER 4

TEACHERS DISCUSS GRADING SYSTEM TUESDAY EVENING

A very important meeting was held in the office of the county superintendent Tuesday evening for the purpose of discussing and arranging a program for the introduction of text books and the introduction of materials for the various grade levels under the twelve grade plan. A program of work was decided upon and suggestions were made for the teachers to discuss and criticize. The school people decided to introduce geography in the fourth grade, and continue it through the first half of the eighth grade. History is to be introduced in the sixth grade for the first time and finished in the eighth grade.

half years of age mentally. Some times parents are responsible for making bad readers of their children by having them read too soon. The representative present decided to plan a one day meeting for some future date and invite specialists in the elementary and primary subjects to speak and demonstrate actual class room instruction for the benefit of the Dickens County Teachers. Those present for the meeting were Foster Cook Superintendent, Spur; A. Z. Hays, Dickens; Peyton Legg Principal, Afton; Roy Thurston, High School Principal, Afton; O. T. Loyd, Superintendent, McAdoo; Miss Bessie Mae Smiley Principal East Ward School, Spur; Robert Williams, Principal Ward School, Spur and Foy Brantley Principal Spur High School, and O. L. Kelley.

The program of reading readiness was discussed thoroughly and it was pointed out that good readers will usually be made in the first three years of school. It was also pointed out that young children should not take work home to be taught by the parents but that the child should not be taught to read until he is at least six and one

Hospital Shower

People of the Spur trade territory are starting a movement for a miscellaneous Christmas shower for the Nichols Sanitarium. This shower is to be completed by Saturday, December 18, which is one week before Christmas. Red Mud Community has already started listing articles and have some quilts and other things ready. The shower is to consist of linens, sheets, pillow cases, cooking utensils, dishes, glasses, canned goods and other foods, in fact anything that may be used by a hospital. Towels and dish towels are always needed. Further announcements will be made relative to this shower and it is the hope that all the people will assist in this work.

EASTERN STAR TO MEET TONIGHT
The Spur Chapter of the Order of the Eastern Star will hold their regular meeting in the Masonic Hall tonight (Thursday). It is the hope of the officers that a fine representation of membership will be present. Business of importance will be transacted.

—The Worthy Matron

New Pastor For Spur; Rev. Thurston To Perryton

Rev. H. L. Thurston, who has been pastor of the Spur Methodist Church the past three years, has been assigned to the First Church at Perryton by the Northwest Texas Conference in session at Lubbock last week. It had been the hope of the local church and the many friends of Rev. Thurston that he might be returned to Spur for another year, but it seems he was needed in another field. Rev. H. H. Hollowell was assigned to Spur church. He is a young man and has plenty of pep and progressive ideas. He comes from O'Donnell church to Spur, and is one of the best preachers in the conference. He preached at Spur Sunday morning and Sunday night and is moving to Spur this week. The local church feel they have secured a good pastor and all seem hopeful that great things will be accomplished during his leadership.

Other assignments in the Stamford District are: District Superintendent, S. H. Young; Aspermont, Raymond Van Zandt; Avoca-Paint Creek, S. A. Sifford; Benjamin to be supplied; Bomarton-Union Chapel, J. R. Bate-man; Goree, Waid Griffin; Haskell, Kenneth Copeland; Luaders, to be supplied; Munday, R. L. Kirk; O'Brien, Loyd Hamilton; Roaring Springs-Afton, L. A. Roavis; Rochester, Hugh H. Hunt; Rule, Shaw M. Hull; Sagerton-Peacock, Ray Elliott; Seymour, Uel D. Crosby; Spur Circuit, to be supplied; St. Johns, Stamford, O. P. Clark; Knox City, C. H. Williams; Vera, C. R. Copeland; Weinert, A. J. Cockrell; Westover, A. L. Mitchell; Jayton, Clarence Stephens; District Director of Evangelism, Kenneth Copeland of Haskell; District Director Golden Cross, Shan M. Hull of Rule; District Missionary Secretary, R. L. Kirk of Munday; U. S. Navy Chaplain, V. N. Henderson.

BULLDOGS TO MEET LONGHORNS FRIDAY NIGHT

Patton Springs School To Have School Carnival

The faculty and student body of the Patton Springs School are making plans for their annual school carnival, which is to be had at the high school Friday evening November 19. The patrons will have an opportunity to engage in many types of games and amusements. Mr. Carl Randolph will favor those present with an interesting picture. Many nice gifts have been purchased for the occasion.

An interesting feature of the carnival will be the coronation of the high school and grade school queens. All classes have elected their queens and are waging a hot race in their behalf. The queens elected from the various classes are:

- Senior Class—Gwendolyn Bankston, Campaign manager: Dorothy Rich and Tommy Lou Thannisch.
- Junior Class—Yvonne Cross, Campaign manager: Norlene Roberts.
- Sophomore Class—Lois Hodgkin, Campaign manager: George Hotcho.
- Freshmen Class—Doris Baxter, Campaign manager B. F. Yates.
- 8th Grade Class—Betty Jo Hodgkin, Campaign Manager: John Hinson and Melba Jo Edwards.
- 7th Grade Class—Druline Byrd, Campaign manager: Melvin Varnell.
- 6th Grade Class—Bonnie Mae Hughes, Campaign manager—Janie Lou Brown and Milford Byrd.
- 5th Grade Class—Francell Williams, Campaign manager: Golden Elkins.
- 4th Grade Class—Georgie Martin, Campaign manager: Leroy Thurston.
- 3rd Grade Class—Waynell McCarty, Campaign manager: Edwin Hugh Yates.
- 2nd Grade Class—Lora Johnston and Dixie Thurston (tie).
- 1st Grade Class—Wanda Clarice Holcomb, Campaign manager: Dale Thannisch.

The Spur Bulldogs will go to Lockney for a return game Friday night, and they covet the support and attendance of Spur people at this event. While the Lockney team is light, they have a fast back field, and the game Friday night could go either way. Spur defeated the Longhorns here two weeks ago with a nice margin, but the Longhorns have a good aerial formation and could win the contest in that manner. If Spur is successful Friday night, then the deciding game for district championship will be played at Floydada Thanksgiving. In the event Lockney wins Friday night, Floydada will have won the district championship, having at present an even score with Spur. The Bulldogs say they are going in for the championship of the district and give the fans a run for their money at the next two games. The only handicap is that both games are played away from Spur and under the present tire and gas rationing program, there will be a small attendance of local people at these games. But, all who can, should go and give the Bulldogs their fullest support. Football has been of great benefit to those who have gone into service and they have been in far better condition physically than others on an average.

Mrs. Bera May Holloway And Infant Baby Passes Away

The entire community of Dry Lake and surrounding area was grieved and saddened by the passing of Mrs. Bera May Holloway and infant baby, last Sunday morning at 2:40 at the Nichols sanitarium where she had been for Christmas shopping. Her death was a great loss to the community. She had been in the hospital for some time. Her husband, Mr. Bera May, is a well-known citizen of the area.

WITH THOSE IN

made 16 for a first down. The Spur and Ball received a shoulder injury. Floydada made 6 and 2 and 13 for a first down. Floydada made 14 for a first down and they were on the one yard line. They lost one yard and gained it back next play. A fumble cost them 9 yards, and they made only five back the next play and the ball went to the Bulldogs. Spur punted out of danger to the 40 yard line.

destroy harmony in the home as well as in the fur goods. Moths have put away a piano out of tune by eating the felt that supports the wire strings. The inside of a piano makes an ideal hiding place for moths because it provides both food and protection. Once established there these pests are difficult to clean out and may not only mar the music, but spread to other parts of the house. One way to oust moths from the piano is to hang a muslin bag containing about 4 ounces of paradichlorobenzene (P.D.B.) inside the piano case and keep all cracks and openings sealed for a week until the fumes have reached and killed all moth life. Commercial fumigation may also be used to rid a piano of moths. Sprays should not be used on the piano felts unless the manu-

Rotary Club Enjoys Good Meeting

The Rotarians of Spur enjoyed a great time at the meeting of the Club last Thursday. It being Armistice Day the program was in charge of Bob Weaver who represented the American Legion and the program was largely military in its attitude. Major Jack Moser, of the Lubbock Army Air Field, was the principal speaker and brought a fine talk along the line of aeronautics and Army Air training. He complimented Spur for the nice little landing field here, and stated he was agreeably surprised at the progress that is being made by Spur citizens along that line.

Major Moser landed his twin engine plane on the field Thursday morning in order to attend the American Legion program at Spur High School that morning. He outlined very definitely the training program that U. S. Army Airmen are receiving today and stated that in the present struggle it is very necessary that our air pilots be seasoned fighters when they reach the point of combat duty. Other speakers on the program were Lt. Everett Martin, who has just returned from the South Pacific area, and to whom Major Moser referred to in his address, Col. Ralph E. Holmes, of the L. A. A. F. made a few remarks, his talk being along the work of the Women's Army Corps; Lt. Elizabeth Flanagan, of the W. A. C. made a few remarks. Lt. Gordon Close, made some striking statements, and so did Lt. Randall T. Miller, Chaplain at the L. A. A. F. Lt. Miller stated that most of his requests were from the boys begging for an opportunity to go across, and get into the fight.

Other visitors at the Club meeting were Ensign Crate Snider who is stationed in Newfoundland; CWO Lawrence Bobb, and S-Sgt. T. K. Webb, both of L.A.A.F. Dr. Clifford B. Jones, president of Texas Technological College, took off the morning to come back home and be with another meeting of the Rotary Club at Spur. Cliff was the chief cause for the Rotary Club at Spur to be organized. He was charter member and was the first president of the Club at its beginning back in December, 1925. He says Spur is his home and he thinks enough of Spur that he continues to pay his poll taxes here. The Fellows are always glad to have Cliff back when he can come.

There was a good attendance of members present Thursday, although being a holiday. President Jack Christian is making a very fine presiding officer and the Club is going forward under his leadership. Bob Money from the Antelope community was in Spur, Saturday attending to business and meeting friends.

CHRISTMAS GIVING SEASON

New Church Of Christ At Peacock

The Peacock Church of Christ dedicated a new church building, Nov. 7th, with a special all-day thanksgiving and praise service. This was the first public service in the new building—the first building the church has ever owned.

The building is ideally located on high sandy ground fronting on the hard surfaced highway running through the town; was made possible by the fine contributions of brethren and congregations from other communities and friends at home; and concludes, after many hindrances and setbacks, a building program begun approximately twenty years ago; and, though not entirely paid for at the time, will be paid for in full within thirty days.

The days services began at 10:30 a. m. and lasted until after 4:00 p.m., consisting of Bible Study, Preaching, Lord's Supper, Dinner-at-the-church, Singing, Reports, Singing, Preaching, Singing, Speech making and more singing. The fellowship was of the finest sort, with people attending from Post, Spur, Girard, Jayton, Swenson, Aspermont Stamford, Abilene and elsewhere.

One of the best features of the afternoon session was the fine special songs by a select group of singers from the Girard Church (assisted by Brother Womack of Jayton) led

by Rallie Beaver.

Special commendation was due and given to Mr. Barnhart the construction contractor, who labored wholeheartedly with the church, at a minimum charge, to make the building as fine and complete as possible.

W. W. Kluting, one of the local brethren, devoted a good part of his time for over sixty days finding and purchasing the necessary materials and delivering them to the building site, as well as attending to other various necessary details. For this it was publicly recognized that he of all the brethren, had made largest individual contribution.

The Spur Church of Christ made the largest single financial contribution toward the erection of the building.

Dalton Johnston of Spur, who has assisted C. V. Allen for the last sixteen months in the oversight of the work with the church at Peacock as song leader and teacher, taught the Bible Class in the morning and had charge of the singing for the whole day. His work with the church is highly commendable.

During these sixteen months of work two summer meetings were held in 1942 by Brother McCarley of Houston, and in 1943 by Brother W. S. Willis of Roaring Springs; three have been baptized; two were restored; several were definitely revived; interest, attendance and contributory service were greatly increased; and the growth of the brethren in scriptural knowledge

and spirituality was appreciably developed. One would have to travel long and far to find a more loyal, faithful and consecrated little band of disciples. They are the kind of fine Christian people that preachers and song leaders can joyously give their all to help in preparing to do and in doing the Lord's work efficient and effectively.

A most worthy program of work for the next year has been outlined (and was briefly announced at the service) the main features of which are: Double the average attendance; Double the active membership; Increase the membership by twenty-five per cent; Increase the number of Bible classes; Pursue a consistent program of visitation and personal work throughout the year; AND Pray, Plan and Work for the greatest meeting in the life of the church in 1944.

C. V. Allen and Dalton Johnston of Spur will give full time (Every Lord's Day) oversight to the carrying out of this program of work during 1944.

—Contributed.

ESPUELA BAPTIST CHURCH TO HOLD SERVICES

Rev. J. R. Boone, of Plainview will preach at the Espuela Baptist Church, next Saturday night, Sunday Morning, and Sunday night, at the invitation of the Church. The public is cordially invited to attend the services.

TUKEY TALK

Even though American armed forces are taking some 35 million pounds of turkey for holidays, the civilian supply just starting to come on the market, will be almost as large as last year, the U. S. Department of Agriculture estimates. Both the late and early hatch of turkeys was large, so the birds will be selling over a longer period, probably well into January. The big, broad-breasted type of turkey which has increased in popularity in recent years will again be prominent at the market.

Although the supply for civilians will be almost as large as last year, the demand promises to be much larger. More people with more money will be eager to spend on turkey, so the supply may seem to be scarcer, and the poorer grades will sell more easily. At present the market has a higher percentage of grade C turkeys than usual because the boys in uniform are getting only Grade A and B birds. Shoppers who want to pay the higher prices for quality turkeys should look for birds with plenty of breast meat, well-covered with flesh over the thighs and backs, a good coating of fat under the skin, few bruises or other blemishes, and a few pinfeathers. A flexible breast bone shows that the bird is younger than a year old.

Shoppers this year also will be wise to put in orders early for the size turkey they prefer. Allow 3-4 to 1 pound for each person to be served. A 15-pound turkey will make 20 generous servings. Tom turkeys usually weigh from 14 pounds up to 25 or more, hen turkeys 7 to 15 pounds.

In planning ahead for cooking the bird, the housewife should have an open pan ready for a young bird, a covered roaster for old or very lean birds. The open pan should be deep enough to hold every drop of

She Gets Her Man!

Rita Johnson, Hollywood's favorite "other woman" gets her man at last. The lovely film star's latest picture, Mary O'Hara's "My Friend Flicka," filmed in Technicolor, showing Wednesday and Thursday at the Palace Theatre, is the delightful story of a ranch family. Rita plays a capable, understanding young wife, with Preston Foster as her husband and young Robby McDowall as her dreamy, lovable son.

Being cast in "My Friend Flicka" was a welcome change to Rita. It was a strain, she reveals, to make a career of home-breaking, even on the screen. The "menace" may be glamorous, but Rita's glad to get down to true values again.

"Why, I even received mail from disgruntled wives who were afraid of me at a distance," she added, ruefully.

Another reason why she was delighted with her new 20th Century-Fox role is the wonderful family the studio equipped her with. "Preston," she said, "is handsome and masculine enough to fulfill any girl's ideal of a husband, and Robby is my idea of what a son should be—imaginative, alert and completely lovable.

Bush Thornton, who lives near Spur was in town Saturday attending to business and seeing friends.

Ollie Blakley from Elton community was in Spur Saturday attending to business and greeting friends.

Mr. and Mrs. C. C. Haile were in Spur Saturday attending to business and greeting friends.

Spur Evens Up In District Race In Football

In what was one of the most thrilling and undecisive games of the football season, Spur Bulldogs were able to pull through for a win over the Floydada Whirlwinds here Thursday night, and get back into the race for district championship once more. Floydada had secured as if the Whirlwinds were secure for the district honors. The game Thursday night changed the condition, and if Spur wins over the Lockney Longhorns tomorrow night (Friday), the tie will be played off between Floydada and Spur on Floydada grounds Thanksgiving Day.

Spur received and gained back to their 48 yard line. They gained 4 and 4 and 3 for a first down. Then made 3 and 6 and 6 for a second first down. Spur made 5, lost 2, and then gained 3 and 6 for a first down. Spur made 4 and were at the one yard line. They made no gain and the next play Roy Ball went over for goal. Walker kicked the extra point and the score was 7 to 0 for Spur.

Floydada received and were down at their 35. They made 8 but suffered a penalty for offside. They made 3 and 2 and fumble cost them 6 yards. They punted to Spur's 46. Spur made 1 and 3, then suffered a fumble which they recovered for one yard gain. Spur punted to Floydada's 21.

The first play a fumble cost Floydada the ball at their 26 yard line. Spur made 4 and 6 for a first down. (Quarter). Ball went over for Spur's second goal. Walker again kicked the extra point and the score was : Spur 14, Floydada 0.

Floydada received at their 43. They made 16 for a first down. Time out for Spur and Ball received a shoulder injury. Floydada made 6 and 2 and 13 for a first down. Floydada made 14 for a first down and they were on the one yard line. They lost one yard and gained it back next play. A fumble cost them 9 yards, and they made only five back the next play and the ball went to the Bulldogs. Spur punted out of danger to the 40 yard line.

Floydada made 2 and 5 and 1, but then made no gain and the ball went to Spur at the 33. Spur was offside for 5 yards. They gained 1 and 5 and then punted to Floydada's 49. Floydada made long run but no gain. Spur offside next play for 5 yards. Floydada made 11 to complete a first down. Failed on pass and a fumble cost the Whirlwinds 7 yards. Gun for half.

FOR SALE—Milch Cows, Geo. S. I. 11-18tn.

ALEXANDER'S NEWS

The Nelly Dons
Mentioned Last Week
Are Here

NEW SPRING DRESSES: Again this week Springtime dresses arrived. They are colorful and gay with new style trends, making them so different from last season and so desirable for the new outfit. Already women are buying them for right now and for later wear. They are not going to take chances on finding them later. The materials are; gingham, miami cloth, wash silks and crepes and are priced from \$6.98 to \$12.75. All sizes from 10 to 44 are to be had today.

NEW HOSIERY: Yesterday we received a large shipment of Holiday Hosiery in the most popular shades. 45 gauge for day time wear and 48 gauge for evening wear. These hose are absolutely the finest the market affords in these gauges. Of course, there is to be had from time to time a sprinkle of the 51 gauge, but most women are wearing the 45 and 48 gauges, because they wear longer and in most cases look just as well. Priced 81c to \$1.03.

NEW LINGERIE: This week new lingerie has been added to our stock. These are holiday items and it is a question whether or not we will be able to add more, therefore, it might be advisable to buy now. Gowns, satin with luxurious lace trimming in ice pink, delicate blue and black. Priced \$2.49 to \$5.98. Also, gown and robe sets in black and pink, lace trims with full length sleeves in the robes; Priced at \$11.75 and \$14.75 the set.

MENS BELTS: If you are in doubt as to what to buy your man for Christmas, remember a new belt is always usable, especially if its a Hickok of genuine saddle leather with a silver buckle. Then there is an initial buckle that is very acceptable for men and young men. Holiday gift boxes are available right now, but may be exhausted later. Hickok Belts are priced from \$1.00 to \$2.50. Hickok wallets to match are to be had.

NEW HANDKERCHIEFS: A very good shipment of ladies handkerchiefs came this week. These very scarce items are to be appreciated today when lovely sheer imported materials are almost out of the picture. We did receive some very pretty and fine imports from Switzerland and China. Prices 29c to \$1.39.

Notice To Subscribers

The Dickens County Times will have some very fine combination rates with the Star-Telegram, the Avalanche-Journal, Abilene Reporter-News and other daily papers which you may be taking. You can acquire a substantial saving by seeing us about renewing your daily newspaper. We cannot accept any new subscriptions to the Star-Telegram or other daily newspaper, because they are reserving all subscriptions to the present subscribers and cannot increase their list due to the shortage of newsprint, but we shall be glad to accept your renewal to any of your daily newspapers on our combination offer. That offer has not changed this year.

Thanksgiving Services At The First Methodist Church

The regular Thanksgiving service will be held at the First Methodist Church Sunday evening November 21, 8:00 o'clock. Reverend H. H. Hollowell the new Methodist pastor will be in charge.

The community service is a commendable custom which the Spur churches observe each year at this time. Meeting together in a service of good will and Christian fellowship one toward another, was most certainly a part of the Masters plan of life. This service is held under the Auspices of the Ministers Alliance.

Funeral For F. M. Hahn Monday

Funeral services for Francis Marion Hahn were conducted at the Baptist Church in Girard Sunday afternoon at two o'clock. Rev. R. P. Patillo and Rev. C. G. Coffman were in charge of the services. Interment was in Girard cemetery with Campbell's Funeral Chapel in charge of arrangements.

Active pallbearers were: Val Perry, L. R. Reed, Glenn Spradling, Floyd Hale, Ben Perry and Hugh Turner. Flower bearers were: Dottie Lee Willis, Valene Perry, Carolyn Humnicutt, Lorene Phipps, Betty Blackwell, Jarvis Brantner and Betty Lou Simpson.

Immediate survivors are the children: Lonnie Hahn of Childress, Mrs. Clara Kellet of Jayton, Mrs. May Stanley of Anson and Earl Hahn of Girard.

Mr. Hahn was a native of Texas and was born in Cooke County November 5, 1865. He had just recently celebrated his 78th birthday anniversary. He was a son of the late Mr. and Mrs. Henry C. Hahn who settled in Cooke County in early days. He was married to Miss Flora Scott at Gainesville and they made their first home near that city. He moved to Kent County 27 years ago and settled on a farm west of Girard where he has made his home since. Mrs. Hahn passed away a few years ago, and since then Mr. Hahn stated that life did not mean too much to him.

In early life he made a profession of religion and affiliated with the Baptist Church. He lived a devoted Christian life until his death. He was quiet and unassuming in his attitude, but enjoyed his friends very much. He was hospitable in his home, and even strangers found a welcome. He was a good neighbor and was ready to lend assistance when needed. He was faithful to his church as long as his health would permit. He said that he meant a lot to him and that he had received a great help to the com

Dickens County Teachers Meet

The Dickens County Teachers association held its first meeting of the year in the Study Hall of the Spur High School Monday night. Officers for the ensuing year were elected. O. L. Kelley County Superintendent was elected president, A. Z. Harty Vice-President, Mrs. A. M. Walker Secretary, and treasurer. The Dickens County association is a part of the Texas State Teacher Association. The members also cast ballot for president and vice president of the state organization. A lady from El Paso, was of the for the office as president, Mr. Rogers, Superintendent of the Amarillo schools and in the merger of Graham vice-President. Mr. Gilmer received the greatest support from the schools for the Cross Mrs. Jefferys showed this things that can be done for the children for the soldiers. The grade placement on the grade plan and a meeting called for the purpose of following to meet in the office of the Superintendent O. L. Kelley, Tuesday afternoon at six o'clock. FARM and RANCH NEWS

W. Texas To Destroy Rats

Entered October 30, 1943. Duration of a State-wide "For Victory" campaign, designed to maintain the civilian population of Texas at the peak of production of the armed forces members of the State War Office.

In a letter to all county Judges and Mayors of Texas, who serve as the local coordinators of the State War Office, Governor Coke R. Smithey, chairman of the National Defense Committee for Texas, expressed concern over the public health situation existing in many sections of the State.

The State-wide campaign was organized following conferences of officials of the State War Office, the Governor's Staff, and representatives of the State Health Department at which detailed reports from all parts of Texas were studied.

It was revealed that in between 75 and 100 communities emergency sanitation and health programs have been started by State and local health authorities, in collaboration with other public officials, civilian defense organizations, commercial and civic clubs. The view was expressed, however, that "a united front, on a State-wide basis, must be undertaken if we are to cope with the problem of maintaining public health and safety."

In a statement accompanying the Governor's bulletin for peace we are told that our ally Russia is fighting for any one of the reasons we would not be convinced that America is fighting for any one of the reasons...

to combat typhoid, dysentery, and other filth-borne diseases which are spread through contaminated water and food. The toll in Texas manpower which malaria is taking was noted. A certain type of mosquito is the sole agent of transmission of this disease, the statement said. Other types of mosquitoes were characterized as conveyors of dengue fever and many become the carriers of yellow fever.

Duck Creek Soil Conservation District News

The Duck Creek Soil Conservation District was set up by the farmers of Dickens, Kent and Stonewall Counties because they felt the need for soil and water conservation measures in these counties. The District staff will be glad to assist you in any way possible to build a defense against soil and water losses on your farms.

Your boys will be returning at the end of the war to operate these "home farms". Let's hope they need not ask the question—"Well dad, where's the farm, but where's the soil of our great country?"

Tom Con last week in the District office were received from Mr. and Mrs. White Moore, M. H. Butler, J. M. Gibson, Daniel M. Daniel, Horace Brock, W. Byrd, and Lloyd Hindman.

Our Soil Invaluable

According to Dr. Hugh H. Bennett, of the Soil Conservation Service, about 11 percent of the total land area, whether it be the hands of our enemies or our friends, is incapable of cultivation now or in the relative immediate future. This is all that fragment of earth upon which our nation can draw upon. At present, the other 89 percent of the land is being used for such necessities as pasture and cropland.

Our best estimate of the situation indicates that the land available for cropland is being eroded. Of this, at least two-thirds has already been damaged because of such wasteful practices as up-and-down hill farming, contouring, and the use of steep slopes for cropland.

Soil conservation work was completed for the year. Lines were run for the Daniel, Brock, and W. Byrd farms. Completed terraces were for Ivy McMahan and F. W. Brock. Terraces were also completed for J. M. Hamm, G. F. W. Byrd, and Lloyd Hindman.

More Than 200 Cars Of Grain Shipped

Reports from shipping points and the local elevator this week stated that more than 200 cars of grain have been shipped from Spur this season. The elevator reports that they have purchased 13,584,685 pounds of milo maize and kaffer during the fall. This was shipped in 136 railroad cars, all of which were overloaded due to the dearth of cars. Figuring on an average car would amount to about 150 cars of milo maize and kaffer. There were four cars shipped that did not go through the elevator.

In addition to the above shipments of grain sorghums, there were 64 cars of wheat and barley shipped out during the summer. These were all heavy cars and probably would make up for around 70 average cars. Considering the shipments on average cars would amount to 224 to date for this year.

The milo market was hanging around \$1.75 per hundred Tuesday morning.

Mr. and Mrs. M. C. Golding were accompanied by Carl Proctor last week on their annual trip to the State Shoe Market. They returned Thursday night.

Mahan and Mrs. Edna Farenkamp. Stock ponds were planned and staked for George S. Link, Jr. and was staked for Foster Howell.

WARMER BLANKETS

Cotton sheet blankets are the answer for the American housewife who, knowing the shortage and the scarcity, is looking for covering to combat the blasts. Closely-woven long staple cotton, non-ravel ends, the blankets can be bought without any great expense on the war-blue or rose both single and double sizes.

EDITORIAL.....

A JUST PEACE

On November 5, of this year our Senator, Tom Connally, stated these words; "This resolution," (speaking of the resolution before the Senate), "calls for a complete victory, a JUST and honorable peace—etc., etc."

As the hour draws near, and it is drawing near, when our enemies will sue for peace, we should reflect on, "What is a Just Peace".

Is there a difference in a JUST PEACE and a peace of JUSTICE? If we should center our thought on a JUST peace, it should take into consideration all of the 2,145,200,000 souls that inhabit this earth and think of themselves as an integral part of the functioning of the world economy. If we think of a peace of JUSTICE, our thoughts go quickly to the Congress of Nanking, Chungking, and Hangchow; to Poland and Warsaw; to Czechoslovakia and Lidice; to Holland and Rotterdam; England and Coventry, etc.

If we think in terms of a JUST peace we must think in terms of freedom for ALL PEOPLE, be they yellow, red, black or white. The people of America and England are not concerned that our ally Russia is fighting for any one of the four freedoms, she is fighting for her existence. If we were Russia we would not be convinced that America or England would be fighting for any one of the principles held dear to the Russian heart. The Russian likes his planned economy, communal farms, and cooperative methods, in fact he likes HIS WAY OF LIFE. He is fighting to retain HIS way of life, and we are told that we are fighting to retain OUR way of life, which is different from that of Russia. In short, each of the people of this earth should have something to say about a JUST peace. The negro should have his say about whether he should be permitted the right to vote, the Chinese and Japanese should have a say about whether he could come to America or not, but we of the SOUTH would say, "No," to the negro voting, and the people of this nation would say, "no" to the entrance of Chinese and Japanese

England's relations to India, and Holland to the East Indies, their attitudes toward so called "backward people", such as tried and failed. The people of America feel that punishment of the present generation, by physical labor in repair of their damage to other nations, and their own, to go hand in hand with education of the next generation in those subjects that will create in their minds a sense of fair play, a sense of justice, a sense of equality of nationals. Not until such a course is followed will 79,375,58 Germans, 72,875,800 Japanese, and 45,330,441 Italians learn that their total population of 197,586,522 cannot overrun and enslave 1,847,613,478 people in the rest of the world. We, the people of the nations that believe in Justice, and abide by law and order should see to it that Nations as well as Individuals must suffer punishment when LAW is violated.

If law is set by precedent, it is high time that some kind of precedent is established, and the next Peace Conference is the time and place.

Armistice Day Program

The program, at the Spur High School Gynasium, opened at 11:00 a. m. with the singing of "America", accompanied by the Spur High School band, under the direction of Mr. Reavis. Chaplain R. C. Brown was in charge of the program.

The theme of the entire program was "In Memory". The audience was told by Chaplain Brown, that Egbert McLaughlin, L. C. Blackburn, and Wright Hinson, had been officially listed as killed in action. Sgt. Mac Watson has been listed as officially missing in action, and is presumed dead. The Legion Post was prepared to give flowers to the parents of these men, but only Mrs. A. W. Watson was present.

Mrs. E. D. Cook gave a splendid interpretation of "In Flanders Field" and two answers to the poem.

The Theme of Chaplain Randell E. Miller, from the Lubbock Army Air Field, was, "Greater love hath no man than this." After Mrs. A. W. Watson had received the flowers, she made a short, but impressive talk, which was received by the audience with great sympathy. Taps were sounded and a moment of silence was offered in respect to those who have passed.

The War Recruiting team concluded the program, by short talks from Lt. Cl... captain of the team, Dr. Clifford... Jones, and Col. Randolph E... A strong appeal was made by each of these speakers for more women to enlist in the Wacs in order to release more men for the fighting fronts.

The stores of Spur closed during the day, out of respect to those men who have fought in the last two wars, and have passed on.

Owners Of Foreign Property Requested To File Information With Government

Citizens of Dickens County who own any property in foreign countries were notified by Postmaster O. C. Arthur today that they must file reports of their foreign holdings with the Treasury Department before December 1. The notice was given by means of a poster placed on display in the post offices.

Postmaster O. C. Arthur points out that it is necessary for the government to have as complete information as possible on the American stake abroad to assist the military

authorities and the civilian governments on the fighting front, and to bring about sound solutions of the post-war problems.

Report forms, known as TFR-500, may be obtained through commercial banks, or from the nearest Federal Reserve Bank, the postmaster states. Penalties are provided for those who wilfully fail to file reports.

LEND-LEASE SHEETS

Eleven million yards of cotton sheetings—in white, light blue, pink and lavender—have been requested by the Treasury Department for shipment to French North Africa. Charged to the account of lend-lease, this one order will consume approximately 7-134 bales of American-produced raw cotton.

"If you could only see the boys in camp"

"If you could see them just once—lined up each night to telephone home—you wouldn't make another unnecessary call as long as this war lasts.

"For your unnecessary call may be the one that ties up a line and keeps their calls from going through.

"Remember—there are only so many Long Distance circuits and no way to build more.

"So please try not to use Long Distance in the only hours most boys are off—between 7 and 10 o'clock at night."
