

# Experts Say Slump Plaguing Textile Industry Improving

WASHINGTON (AP) — Agriculture Department experts say the slump plaguing cotton and the textile industry in the past year is showing signs of improvement.

Since dropping to a 40-year low in December, consumption of cotton by U.S. mills has improved gradually during recent months, the department's Economic Research Service said Wednesday.

However, total use of cotton by textile mills is expected to be only about 5.7 million bales in the 1974-75 season, down from nearly 7.5 million last year.

Reports also have plummeted to an expected 2.9 million bales for the marketing year to end July 31, down from more than 6.1 million in 1973-74, for a total "disappearance" this season of about 3.7 million bales, the smallest since 1966.

The 1974 cotton crop was about 11.5 million bales, down from original expectations because of severe weather last year. Even so the crop was far larger than needed to meet mill and export demands.

Thus, the report said, the old crop cotton carryover by Aug. 1 when the 1975 harvest is ready is expected to climb to around 5.7 million bales from less than 3.9 million last fall. That would mean the largest Aug. 1 cotton stockpile in five years.

The report said "perhaps 1974's adverse weather was a blessing in disguise" since it reduced last year's cotton output by as much as 2.5 million bales. If the harvest had been 14 million bales instead of 11.5 million, market prices would have fallen even more, officials say.

Growers who saw cotton prices plummet last year have cut 1975 planting sharply. Good yields could produce a crop of about 10.5 million bales but if poor weather occurs again, the harvest could fall to 8.5 million, the report said.

Meantime, officials said exports may rise to between 3.5 million and 4.5 million bales in the 1975-76 season to begin Aug. 1, meaning that some increase from the current level is possible. Mill use might improve to between 6.2 million and 6.7 million bales, which also would be a significant increase.

## VAN Program Explained At Senior Center Luncheon

The Visual Aid News-Mobile (VAN) program was explained in detail for persons attending a luncheon at the Senior Center Wednesday.

The program was presented by Mrs. Mayme K. Martin, volunteer director of VAN, and Mrs. Ray Riddle, a volunteer assistant.

Mrs. Martin explained that VAN is a non-profit organization dedicated to bringing ways to help the visually handicapped with aids and services not available by other means.

Helping the visually and physically handicapped to adjust to their home or institutional environment by marking stoves, clocks, canned goods and cooking equipment is a major objective.

VAN also orders special appliances for the handicapped, such as beginning Braille, and supplies handicrafts to the handicapped so that they can make certain items for sale, thereby earning money for themselves, Mrs. Martin said.

She cited specific instances in which VAN has been involved and said that the still young program has gotten off to a fast start here and is equipped to serve persons in cities within an 80-mile radius of Midland.

Mrs. Martin and Mrs. Riddle displayed articles made by handicapped persons. The articles included place mats, napkins, purses, pot holders, bedroom slippers and aprons.

"We are desirous of working with persons in private homes as well as nursing homes," Mrs. Martin said. "In other words, we are anxious to serve all persons needing our help anywhere and under any circumstances."

VAN's telephone number is 683-3438.

## Parr Trial Moved Again

RIO GRANDE CITY (AP) — The ouster trial of Duval County Judge Archer Parr has been moved for the second time since proceedings began in March.

The new site will be Hebbronville, Texas, Wednesday by District Court Judge O. P. Carrillo, and the new date is Friday.

Carrillo granted the change of venue sought by Dist. Atty. Arnulfo Guerra after lawyers spent almost half a day arguing over the legalities of depositions taken for the trial.

The trial was first moved here from Duval County.

Guerra filed the original charges against Parr seeking to remove him from office after Parr was convicted on federal felony charges at San Antonio. Guerra also claimed that testimony in a divorce case indicated that Parr had been involved in acts of official misconduct.

Parr, nephew of the late Duke of Duval, George B. Parr, was temporarily suspended from office by Judge Carrillo.

Since then, Guerra has filed additional allegations accusing Parr of other acts of official misconduct and possible conflict of interest.

Carrillo said jury selection will get under way at Hebbronville at 8 a.m. Friday.

Defense attorney Marvin Foster of San Diego has sought to have Carrillo disqualify himself on the grounds that he is a political foe of the Parr family.

One of the reasons for the change of venue was the question of depositions presented at the trial here. The depositions became necessary last month when most of the witnesses chose not to honor their subpoenas based on a Texas law that says a witness in a civil suit does not have to travel more than 100 miles from home to testify.

## Midlanders Named To Honor Rolls

ODESSA — Seventeen Midland students in the College of Arts and Education at the University of Texas at the Permian Basin have received academic honors for the spring semester.

Six were placed on the president's list for attaining perfect grade averages, or 4.0, and 11 more were named to the dean's list for achieving averages of 3.5 or better.

Graduate students on the president's list are Susan Edwards, Dorothy Peterson and Judy Schmidt. Undergraduates include Patricia Ingram, Frances Patterson and Julia Smith.

Students qualifying for the dean's list were Dorothy Aaron, Denise Beckham, Ronald Boern, Billy Carter, Rhonda Cochran, Sue Conder, Patricia Coody, Genevieve Gourley, Kenneth Hunnicutt, David Siles and Bobette Starnes.

# House Members, Committees Will Have To Live Within Strict Financial Limits Imposed By Panel

AUSTIN (AP) — House members and committees will have to live within strict financial limits imposed on between sessions spending by the chamber's administration committee.

A \$50,000 limit was set on each committee's spending between now and January 1977.

Exceptions are the rules, constitutional revision, calendars and appropriations committees, which can spend only \$25,000.

Rep. Charles Evans, D-Fort Worth, said the limits would result in a saving of about \$800,000 compared with amounts spent on interim studies after the 1973 session.

Rep. Roy Blake, D-Nacogdoches, said even the new limits are too high.

He said the 1973 legislature "was the liberal session. This is the conservative session. I thought we were going to cut all that."

Chairman Pete Laney, D-Hale Center, said the committees would be held strictly accountable through required monthly progress reports showing "where they went and what they did."

The House set up only four special interim study committees, compared with about 60-80 of them funded last session. Other studies will be made by regular standing committees, which also are under orders to monitor spending by state agencies under their jurisdiction.

The committee also voted to limit members to four trips to Austin a month, with \$30 per day for expenses up to eight days a month on legislative business. All travel will come out of members' expense accounts on committee budgets.

Previously, a member could charge one trip to Austin a month to the general House budget.

Rep. Tom Massey, D-San Angelo, was appointed as a subcommittee of one to review a request by Rep. Paul Ragdale, D-Dallas, to collect pictures of all black representatives who served before 1900, frame them as a composite and display them in the House.

Laney said Massey would have to determine whether a House resolution was needed and "where we want to put it."

"Put it in Ragdale's office," said Rep. Nub Donaldson, D-Gatesville.

The committee also was told that local telephone rate increases in Austin had boosted the monthly bill for non-toll service by \$1,500, to about \$12,000.

## Texas Businessman Planning Lobby To Compete With Common Cause

AUSTIN (AP) — Tyler businessman Richard Harvey Pipe Industries to devote full time to work of the Texas Freedom Forum.

"Our massive bureaucracy, with its monstrous budget deficits, is strangling the American free enterprise system," Harvey said. "Those who are joining me in organizing UBI are convinced, as I am, that this is the result of the average person's failure to speak up."

Harvey said their aim was to have 3,500 members within six months and double that within a year. He said membership dues ranged from \$50 to \$500 annually.

Students On Honor Roll

LUBBOCK — Two Midland students attending Lubbock Christian College have been named to the spring semester honor roll. Named to the list were Barbara Lee Chrane and Grant Lee Stander.

## Arraignment Due On Kidnap Count

TULSA (AP) — Jimmy L. Stodie, 22, Tulsa, was to be arraigned today on charges he kidnaped and molested an 8-year-old girl in north Tulsa County on Wednesday.

The girl was walking towards Turley when she was forced into an automobile about 5:25 p. m., authorities said.

The driver sped away but he was followed in another automobile by several witnesses. The pursued car failed to make a turn at an intersection and drove into a field about two miles from where the girl was taken.

The witness returned to where a Highway Patrol was working traffic about three miles from the site and directed him to the field where the suspect's car had come to rest.

The trooper called in assistance from the sheriff's office and police department en route to the field.

6A—THURSDAY, JUNE 19, 1973

**Heloise**  
 A Morning Cereal  
 That's Short And Sweet

Dear Heloise: (remember) ...  
 In the past, my children...  
 spooned the sugar on their...  
 bowl of unsweetened cereal.  
 Despite my rule of one heaping...  
 teaspoon of sugar per bowl...  
 temptation was too much...  
 and quite frequently a second...  
 heaping teaspoon went on...  
 the cereal, especially when...  
 Mom was not looking!  
 Usually most of the sugar...  
 would be found at the bottom...  
 of the bowl.  
 Now, I take a two-cup pitcher...  
 fill it with milk and sweeten...  
 it myself — and that's used...  
 for their unsweetened cereal.  
 The sugar bowl is not placed...  
 on the table for further tempta...  
 tion. The use of sugar seems...  
 to have been cut in half.  
 Mrs. L. Ross

Dear Heloise: (remember) ...  
 Keeping the sand out of...  
 the house is the name of the...  
 game.  
 To win it (well, help any...  
 have a can of baby powder...  
 handy for when the little ones...  
 finish playing in the sandbox.  
 Or, if you're going to the beach...  
 carry a can along with you.  
 When sprinkled on the sand...  
 and dusted off, it instantly...  
 releases all that sand that...  
 seem to get covered with...  
 when the skin is a little bit...  
 damp.

Dear Heloise: (remember) ...  
 I accidentally discovered...  
 that a portable sewing machine...  
 is easier to control if the...  
 pedal is upside down on the...  
 floor.  
 Place it on a mat...  
 such as a sponge rubber mat...  
 (The kind that is used for...  
 board pads works great.)  
 A square slightly larger...  
 than the pedal is sufficient. —  
 However, it work on a...  
 floor, too.

Dear Heloise: (remember) ...  
 I was always looking for...  
 buttons when I needed to replace...  
 one, which was always time-con...  
 suming as they were scattered...  
 here and there.  
 So I collected clear plastic...  
 pill bottles and used the various...  
 sizes for different-sized buttons.  
 My second thought was to put...  
 all the filled bottles of white...  
 buttons in a white gift box and...  
 filled bottles of colored buttons...  
 in a colored box.  
 Eliminate the guessing game...  
 as to which buttons are in which...  
 box.  
 Mrs. M. Dixon

Dear Heloise: (remember) ...  
 ... when I was first married...  
 Heloise (it was six or a million...  
 years ago, some days I can't...  
 remember)

Adults Deserve Praise

People constantly express admiration for a small child who appears to be socially at ease in the presence of a large number of adults.  
 Nonsense.  
 A child in the company of adults is faced with a group of well-wishers who are genuinely concerned with making him feel that his presence is a welcome addition. Any child exhibiting the most rudimentary social graces is treated to a degree of praise which an adult achieves only by climbing the north side of a mountain or inscribing the entire New Testament on a ping pong ball in Chinese.  
 "Imagine that!" they will ex-

Jelly side down

By NANCY STAMM.  
 claim. "I asked him his age, and he said 'Six.' What a kid!"  
 Personally, I reserve my admiration for any adult who can stay in a room full of six-year-olds for ten minutes without bursting into tears, breaking out in a rash, or retreating to the

bedroom and locking the door for the next two hours.  
 An adult in the company of small children is faced with a group of potential terrorists who vacillate between ignoring his presence completely and regarding him as an enemy spy.  
 Any questions directed toward the adult will be on the order of "Where did you get those funny wrinkles in your neck?"  
 While an adult in this situation often resorts to a defensive tactic of huddling in a chair and crumpling into a ball, trying to become invisible, he is relatively easy to spot.  
 He is the one in the room with the funny wrinkles in his neck who can't remember how old he is.

Dear Abby 'Ticked' Woman Should Try This

— By Abigail van Buren

DEAR ABBY: I must make a comment about the woman whose husband tickles her until she is hysterical, even though she begs him to stop.  
 I had a husband like that. He used to shadowbox around me, occasionally landing a genuine painful blow here and there. He would dance around, prizefighter-style, saying, "Let's mix it up a little." He would pretend it was all in fun, but I knew he was sadistic when I begged him to stop and he wouldn't. I even told him that if he'd quit that little shadowboxing game for good, I would accept it as my Christmas present. Even that didn't work.  
 Then I casually asked a friend of mine in the presence of her

husband and mine if her husband ever played such games. Of course he hadn't. And then a knowing look passed between the two of them.  
 He never played that game again.  
 A psychiatrist later told me that when I exposed his cruelty to our friends, he saw himself as others saw him, and he stopped voluntarily.  
 So maybe this poor "ticked" woman should try the same approach.

DEAR WONDERING: It depends. You don't say whether your boyfriend is the KISSER or the KISSER. If he's the KISSER, he may have a problem.

DEAR ABBY: Please put something in your column to shake up some of those thoughtless people who make stinging remarks to pregnant women.  
 I'm pregnant, and I've had people ask, "When's your due date?" And when I tell them, they say, "You'll never last that long!"  
 I've had some people ask, "Did your doctor tell you you might have twins? You sure look like it!"  
 And, "Are YOU still walking around?"  
 Then there are some women who insist upon telling you in detail what a hard time they had delivering their babies.  
 It's difficult enough to be pregnant without having to answer all those questions and listen to their frightening talk. Be a pal, Abby, and print this. It may help. Thanks.

DEAR ABBY: What do you think of a grown son and his mother who kiss each other on the mouth? My boyfriend is 27, and you should see the way he and his mother kiss! Every hello and goodbye is like a love scene in the movies.

DEAR ABBY: I noticed it was last New Year's Eve. They embraced like a pair of lovers, and they held a kiss for what seemed like five minutes without coming up for air. I was so angry I didn't even feel like kissing him after that.

DEAR ABBY: I was always looking for buttons when I needed to replace one, which was always time-consuming as they were scattered here and there.  
 So I collected clear plastic pill bottles and used the various sizes for different-sized buttons.  
 My second thought was to put all the filled bottles of white buttons in a white gift box and filled bottles of colored buttons in a colored box.  
 Eliminate the guessing game as to which buttons are in which box.  
 Mrs. M. Dixon

HOROSCOPE

by Corvill Richter

GENERAL TENDENCIES: First decide exactly what you desire. Then set in motion the chain of events necessary to bring your goal to a satisfactory conclusion. Be definite.  
 ARIES (Mar. 21 to Apr. 20) Endeavor you are working on may need more commitment from you to meet with success. Make your life with noble aims.  
 TAURUS (Apr. 20 to May 20) Find out from partners what is expected of you and state your own views for firm stands. An unexpected situation may arise.  
 GEMINI (May 21 to June 20) Energy and enthusiasm get work done efficiently. Co-workers give good suggestions which should be heeded. Enjoy being in a group.  
 MOON CHILDREN (June 21 to July 21) You have a good opportunity to have a good time today unexpectedly. Make it in a few mood and will join you at recreation.  
 LEO (July 22 to Aug. 21) Decide how to make home more sparkling and clean the kitchen. It will be a bit difficult, but you can handle it.  
 VIRGO (Aug. 22 to Sept. 22) Contact those who can help you attain your goal.

Backyard Picnic Held By B&PW  
 The Business and Professional Women's Club of Midland met Tuesday at the home of Vida Severance and Nettie Johnson, 602 N. Marienfeld St., for a backyard picnic.  
 Guests attending were Mrs. Jess Williamson, Mildred Brown, Kay Breckenridge, Elma Graves, Jane Green of San Diego, Calif., and Franchelle Meyer.  
 Presiding for a short business session was Susie Noble. She and Neta Stovall, Mrs. Joy McCoy, Mrs. Dutch Saped and Mrs. Johnson represented the club at the convention of the Texas Federation of B&PW Clubs held recently in Dallas. Mrs. Stovall was installed as a district director, and Mrs. Sneed was a floor tiler at the meeting.  
 Reports on the convention were given by Mrs. Noble and Mrs. Stovall. It was reported state B&PW Clubs contributed \$20,000, plus an additional contribution from an individual for \$20,000, to the M.D. Anderson Hospital for cancer research.  
 Mrs. Stovall also reported a district meeting will be held in Midland in September. Ruth Donnell is the conference chairman.

Coming Events  
 Friday  
 MCC Ladies' Association, duplicate bridge games, 12:45 p.m., clubhouse.

## Prosecution Down To Last Witness In Gurney Case

TAMPA, Fla. (AP) — The prosecution is expected to call its last witness today and then rest its case in the 17-week-old bribery-conspiracy trial of former Sen. Edward J. Gurney.

The defense is not expected to begin presenting its case until next week.

Gurney, ex-aided Joseph Beaton and former federal housing officials K. Wayne Swiger and Ralph Koonis are charged with conspiracy to build an illegal slush fund from builder payments by peddling Gurney's influence with the Federal Housing Administration.

Gurney also is charged with bribery and accepting unlawful compensation, both in connection with a condominium apartment; and four counts of lying to a federal grand jury that indicted him last July.

The United States recognized the Soviet Union Nov. 17, 1933.

**BICENTENNIAL BOARDS** — Mrs. Don Hicks, left, president of Kappa Kappa Iota; Edward Weyman, center, vice president of the Bicentennial Commission Board of Directors, and Mrs. Charles Linehas, executive director of the commission, view one of the five new Bicentennial bulletin boards installed throughout Midland. The boards are the projects of Beta Pi Conclaves of Kappa Kappa Iota, a national teachers sorority. They are located in City Hall, the Air Terminal Building, Dellwood Plaza, Furr's Cafeteria and Luigi's Restaurant. An additional board has been provided by the Texas Electric Company for use by the commission or local groups.

**Miss West Texas Deadline Extended**

ODESSA — The deadline for the Odessa Jaycees' 28th annual Miss West Texas Pageant has been extended to Sunday.

Young women between the ages of 17 and 28 are eligible for the pageant, which will be held in the Ector County Coliseum July 24. The pageant winner will be eligible for the Miss Texas pageant in July in Fort Worth. She also will receive a \$500 scholarship and a \$1,500 wardrobe.

The winner of the Miss Texas contest will compete for the Miss America contest.

The winner of this year's Miss West Texas pageant will be crowned by Mary Ella Meeks of Pecos, who was last year's winner.

## Sandstorm Workshop Slated At Tech Museum

Cutting back on sandstorms will deal with wind erosion. He could be both good news and bad news for Midlanders, and the Soil Conservation Service and Texas Tech University have arranged a workshop to discuss the pros and cons of such a limitation.

The workshop, which will be conducted July 14-18 at the Museum of Texas Tech, will deal with wind erosion, brush control and rangeland research and irrigation with a limited water supply.

Of concern are proposed new laws limiting the amount of particulate matter in the air, which, in West Texas, usually means blowing soil. These laws are already in effect in Kansas and Iowa and are under discussion in Texas.

Dr. Harold Drege, chairman of the Department of Agronomy at Texas Tech, is co-chairman of the opening session, which will deal with wind erosion. He says that both the Environmental Protection Agency and state legislators are aware of the need to control dust and other particulate matter in the atmosphere and that regulations are under consideration in many states.

Drege adds, however, "What might be acceptable in a city like Houston and what is acceptable in a highly agricultural area such as West Texas obviously are two different things."

Curtailment of dust in West Texas might mean the curtailment of the amount of land left in production, he said, adding, "And this would create a definite economic impact on the area."

Other sessions July 15 and 16 will be devoted to participants with specialized interests and to summary reports.

## Kennedy Wants To Make It Crime For Officials To Lie To The Public

The Washington Post WASHINGTON — Sen. Edward M. Kennedy, D-Mass., said Wednesday that he will introduce legislation that would make it a crime for government officials to lie to the public.

A spokesman for Kennedy said the proposal was prompted in part by the circumstances surrounding a 1971 effort to keep the Central Intelligence Agency's illegal mail-intercept program from coming to light.

The Federation of American Scientists was assured then, in response to a generalized inquiry, that the Post Office Department had no knowledge of efforts by any federal agency to take any mail out of regular postal channels in order "to obtain the information contained therein."

The assurance was given in writing by chief U.S. Postal Inspector William J. Colter, a former CIA agent who was aware that the agency had been secretly opening mail to and from the Soviet Union since the early 1960s.

Kennedy's proposal would make it a misdemeanor for any government official knowingly to make a false public statement "for the purpose of misleading Congress or the public on matters involving official policy or action of the United States."

## Women From 100 Nations Open Two-Week Meeting

MEXICO CITY (AP) — Thousands of women from 100 nations open a two-week conference today to demand that women get better education, higher-paying jobs and a bigger say in running the world.

The United Nations International Women's Conference is the first U.N. gathering devoted exclusively to women's issues and the focal point of the 1975 International Women's Year.

Men are well represented, however. More than a fifth of the official delegates are men, and U.N. Secretary-General Kurt Waldheim and President Luis Echeverria of Mexico were to address the opening conference session.

Heivi Sipilä of Finland, secretary general of the conference, told reporters she hoped the meeting would open an era in which "women start participating not only in their own futures but in those of their countries and the world."

The commissioners also chose to transform the Northside Youth Center into a Senior Citizens Center effective this month. They chose to pay Ed Mayes \$100 per month to be caretaker of Northside Park.

In another move, the commissioners directed County Auditor Royce Fox to advertise for bids for a portable cardiac monitoring system for the Crane Hospital. Bids will be opened July 14 at 10 a. m.

District Judge Ken Spencer also reappointed Fox to the auditor position for an additional two years.

## Snyder Sets 16th Annual Celebration

SNYDER — Snyder's 16th Annual July 4th Celebration promises to be the largest in the celebration's history, according to chamber of commerce manager Mickey Nunley.

A crowd of 12,000-15,000 is expected to attend the celebration, which will feature an art show, the third Annual Tractor Pull, a children's fishing rodeo and a parade. Also featured in the day's activities is a tennis tournament, crafts fair, carnival, concession booths and what Nunley says will be one of the largest fireworks displays in West Texas.

New in this year's celebration is a chewing tobacco spitting contest. People are encouraged to enter the contest, which will feature three areas of competition: men's distance, men's accuracy and ladies' division. Solid brass spittoons will be awarded the winners.

Teams from different communities will also compete in the spitting contest and a team trophy will be awarded.

**Film Presented**

Sara Williamson, home economist for Texas Electric Service Co., presented a film entitled "Now That the Dinosaurs Are Gone" at the noon Wednesday meeting of Westside Optimist Club in the Elks Lodge. The film discussed diminishing supplies of fossil fuels available for the production of electric energy and focused on nuclear power for the future.

## Women From 100 Nations Open Two-Week Meeting

"I hope that at the end of this conference we may see the beginning of a new world," said Mrs. Sigala, who is an assistant U.N. secretary-general, the highest rank held by a woman in the world organization.

The conference will discuss the sharing of responsibilities and activities within the family, inclusion of women in economic development programs and how women can achieve financial independence and political clout.

Delegates will also take up problems of education and health care. But more than anything else, the conference aims to change the traditional attitude of men toward women and vice versa.

A parallel "tribune" for non-governmental delegates starts tonight and is expected to draw about 4,000 participants. Some radical feminists indicated they do not want men to attend these discussion groups.

# Japan Caught In Middle Of Russian-Chinese Conflict

By SAM JAMESON  
The Los Angeles Times

TOKYO — Japan Wednesday found itself caught firmly in the center of the Sino-Soviet conflict with "trouble" facing it no matter which decision it makes.

The Soviet government, in an unprecedented move, officially urged Japan to "express an appropriate attitude of rejection" toward moves by China "to create impediments in relations between the Soviet Union and Japan."

In plain language, that meant the Kremlin didn't like the looks of a "peace and friendship treaty" now under negotiation between Japan and China.

The official statement, which Japan was informed last Thursday would be made, was presented under the title of "A Declaration Addressed to the Government of Japan" and was circulated by Tass, the official Soviet news agency, Wednesday morning.

Foreign Minister Kiichi Miyazawa said the statement "strained understanding." Prime Minister Takeo Miki said the Kremlin misunderstood Japan's intentions in negotiating the pending treaty with Peking. A formal reply would be made to the Soviet government later, Chief Cabinet Secretary Ichitaro Ide said.

Although the Soviets did not pinpoint their objections to the pending Japan-China treaty, the statement specifically referred to "Chinese leaders" three and accused them of trying to "complicate" and "impede" relations between Japan "and

third countries, including the Soviet Union."

The statement gave no hint of what other countries' relations with Tokyo were, in Soviet eyes, being sabotaged by Peking.

Chinese demands that Japan agree to insert into the text of the pending treaty a pledge to refrain from seeking hegemony in Asia or in any other part of the world — and to oppose any other nation which seeks such special privilege and dominance — was known to be at the heart of the Soviet objection to the Tokyo-Peking pact.

The anti-hegemony pledge first appeared in the February, 1972, Shanghai communique the United States and China issued after then President Nixon's visit to China, a point the Chinese have used in urging Japan to accept in the pending treaty.

So far, Japan has resisted but Miki has said publicly he has no intention of "retreating" from the language of the September 1972, joint communique Japan and China signed when they established diplomatic relations. The anti-hegemony declaration was included in that communique.

In parliament Wednesday, Miki reiterated his belief that opposition to hegemony was "a fundamental principle of peace." Miki's statements have led to a belief that Japan might be willing to go along with an anti-hegemony statement as long as it wasn't put in the main body of the text of a treaty with China.

Last Thursday, however, Chinese Premier Chou en-Lai

visiting former foreign minister Aichiro Fujitama that China would continue to insist on the clause being included in the treaty text. Wednesday's Soviet declaration made it clear the Kremlin would not consider such a move a friendly gesture.

Earlier this year, Oleg A. Troyanovsky, Soviet ambassador to Japan, suggested

that Japan should refrain from signing any peace treaty with China until it had negotiated a peace treaty with the Soviet Union, or, at least, a "treaty of friendship and goodwill" with Moscow.

Wednesday's Soviet statement did not mention any Soviet-Japan treaty but cited numerous Japanese pledges of seeking

"friendly good neighbor relations" with Moscow. The statement implied that signing a treaty with China would run counter to such Japanese pledges.

The statement accused Chinese leaders of "trying to entangle Japan in some form on to the path of their foreign policy running against the tide

of the international easing of tensions."

With maneuvering room in either direction, becoming tighter by the day, Japan was expected to shelve the negotiations with Peking until things cooled off in both Communist capitals.

Miki admitted Wednesday that China, in fact, had replied to

a four-point proposal he made last month in an attempt to break the logjam in negotiations.

Japan had maintained that China had made no such reply — and reiterated that stand even after Chinese Premier Chou told Fujiyama last Thursday that a reply had been given. Miki explained that Japanese

officials had issued the details after receiving instructions from him to keep secret the progress of negotiations with Peking.

China's statements amounted to a charge that Japan was lying — which Miki, in effect, acknowledged Wednesday.

The contents of Miki's proposal and the Chinese reply were not revealed.

## Informer Used Bogus Bank Deposit To Buy Mansion In San Diego

By AL DELUGACH  
The Los Angeles Times

SAN DIEGO — An embarrassed Justice Department confirmed Wednesday that it arranged a bogus Chicago bank deposit of \$1.75 million in 1973 for an undercover informer, who promptly used it as collateral in buying one of San Diego's most conspicuous mansions.

The owner was Earl Gagosian, who sold his spectacular 12-bathroom abode on the heights of La Jolla, Calif., for about \$2 million when financial crisis struck his Royal Inns of America Inc.

Central figure in Wednesday's disclosure is Charles E. Leggett, 55, a mysterious individual who reportedly has given federal organized crime fighters important help over the years in catching organized crime figures dealing in stolen securities.

He supposedly was issued a \$1.75 million certificate of deposit in 1973 as something to "flash around" as evidence of his wealth in dealing with criminal types.

But Leggett's default in payments on the Gagosian mansion early this year led to his cover being blown, as the property became enmeshed in foreclosure action and civil lawsuits.

Disclosure by the Chicago Daily News of the phony certificate of deposit arranged by the Justice Department resulted in national notoriety for Leggett.

In San Diego, however, it was one of a series of bizarre developments surrounding the Gagosian mansion.

When the sale was recorded in August 1973, Gagosian said he did not know the identity of the buyer, who dealt through a secret trust handled by Title Insurance and Trust Co.

The name of the buyer remained a secret until last January, when Gagosian sued Leggett for payment for a \$1.2 million note.

A legal newspaper, the San Diego Daily Transcript, thereafter began unraveling the background of Leggett as a government informer and witness.

There ensued a series of events, resulting in suits and countersuits, as Gagosian tried

to evict Leggett's family and dog Huckleberry from the house, which has seven bedrooms, three full kitchens, two recreation rooms, a wine cellar, tennis and handball courts and a 100,000-gallon swimming pool spanned by a 74-foot concrete bridge.

Gagosian started foreclosure proceedings. Leggett's wife, Vivian, countered in April with a \$1.1 million suit charging him with assault and false imprisonment.

Baltimore Federal Savings and Loan Co., which had lent \$1.5 million on the house, bought it at foreclosure later in April.

Meanwhile, the Daily Transcript in March reported that two Las Vegas men had gone to Gagosian a few days earlier seeking to find Leggett and had fled when his secretary announced that two FBI agents had arrived and were waiting to talk to Gagosian.

The newspaper also reported an instance of Leggett's having mingled socially with San Diegans.

According to that account, the event was a "posh party at the La Jolla home of Allen Gluck," the attorney-developer who last year obtained \$63 million in Teamster loans to acquire the Stardust and Fremont hotel-casinos in Las Vegas.

The same source said others at the party came from Chicago, New Orleans, San Francisco and Los Angeles.

Gagosian's lawsuit against Leggett said Leggett paid \$704,000 cash down payment on the house in 1973 and that the note for the balance was to be paid in Swiss francs promised from bank accounts in Switzerland. The CD was additional collateral to a lien on the house.

Leggett currently is believed to be in Canada, although his wife and another woman are presumed to be living in the La Jolla mansion. The Justice Department indicated no charges are contemplated against Leggett.

Continental Illinois Bank of Chicago, which issued a non-negotiable CD for \$1.75 million to Leggett, refused to honor it when it was presented for payment by Baltimore Federal Savings and Loan, according to the Justice Department. The bank itself said the government assumed full responsibility for the CD when it was issued.

But the government said U.S. taxpayers will not have to foot the bill either. More civil suits are expected.

It's History  
Maximilian, Emperor of Mexico, was executed June 19, 1867, on orders of Benito Juarez after Napoleon III of France withdrew his support of the Mexican empire.

# Dawson Cotton Crop Depends On Improved Weather

By BO BASKIN  
LAMESA—Dawson County's cotton farmers will need a hot, dry August and September and a late freeze if they are to get a crop in this year.

A small hail storm occurred June 9, and was followed by a second June 10, which Colgan described as the worst general hail storm he had ever seen. He pointed out that although the hail was not unusually big, the storm stretched across an extremely wide area.

Approximately 125,000 acres of the 275,000-280,000 acres of cotton in Dawson County were destroyed.

Despite the damage left in the wake of the storm, Colgan is not despairing about this year's crop possibilities. He said that "the biggest part" of the acreage would be replanted with cotton. He indicated, however, that because

there has been "a lot of washing and hailing" in recent months, this would represent the fourth planting this year for some Dawson County farmers. The farmers ordinarily plant one or two times per year, he said.

Asked what climactic conditions must prevail if the late-planted cotton is to be a successful crop, Colgan said that a hot, dry August and

September and a normal to late freeze are needed. "If we can have that, we could make a lot of cotton," he said.

That land which is not replanted with cotton (about 20,000 acres) will be seeded, Colgan said, with "catch crops" such as soy bean, grain sorghum or black-eyed peas. He added that if a farmer "is wiped out in cotton" and then plants some crop other than cotton, he can receive disaster payments from the federal government.

However, he said these payments were "not much," that they would "probably just barely cover crop expenses" without meeting living expenses.

CRAWLY PETS — While other kids on his block romp with their pet dogs, 12-year-old Russ Moss of Lansing, Mich., walks his two iguana lizards. The big one is Hollyhock and the youngster is St. Jude. Russ got the lizards in pet shops. They are harmless, says his father, Forrest Moss. (AP Wirephoto.)

# Kissinger Says Asia Won't Take Back Seat In U.S. Foreign Policy

NEW YORK (AP) — Secretary of State Henry A. Kissinger says despite America's reverses in Indochina, Asia is not going to take a back seat to Europe in U.S. foreign policy.

"The United States will not turn away from Asia, or focus our attention on Europe to the detriment of Asia," Kissinger told the annual dinner of the Japan Society Wednesday night. "Our fidelity to our commitments will be as strong in one part of the globe as in the other."

He said that while continuing to pursue detente with China and the Soviet Union, "the United States will continue to oppose the efforts of any country or group of countries to impose their will on Asia by a preponderance of power or blackmail."

Kissinger did not refer directly to the Middle East but he proposed that Japan join the United States in large-scale research into new forms of energy and expanded production of nuclear fuel. Japan is the industrial country most dependent on Middle Eastern oil.

The secretary opened the door to U.S. relations with the Communist governments in South Vietnam and Cambodia provided they moderate their policies.

"Our attitude toward them will be influenced by their conduct toward their neighbors and their attitude toward us," he told the audience of American and Japanese industrial and foreign trade executives.

Asked if he expected the weather to cooperate, he said that "in West Texas, you never really know." He added, however, normally that August and September are hot and dry and that the normal freeze is around Nov. 6.

Noting that the United States is Japan's chief source of imported food, Kissinger said: "The United States ... pledges that in times of tight markets it will take account of the needs of our long-time customers such as Japan."

He said one of OSHA's proposals is that engineering or administrative controls must be used to reduce noise exposure to the greatest extent feasible.

He said the Occupational Safety and Health Administration (OSHA) has proposed drastic changes but the Environmental Protection Agency (EPA) has proposed even more stringent regulations.

Blum said many newspapers have had difficulty complying with current regulations but that OSHA's proposed regulations represent a radical change in requirements for noise measurement and hearing conservation.

He said one of OSHA's proposals is that engineering or administrative controls must be used to reduce noise exposure to the greatest extent feasible.

# Ford, Wallace Edge Closer To Formal Entry In Race

WASHINGTON (AP) — President Ford is edging closer to formal candidacy for a full presidential term by creating a 1976 campaign organization and naming a Georgia Republican to head it.

At the same time, Alabama Gov. George C. Wallace said Wednesday that he intends "to be involved" in the 1976 election campaign and indicated he will announce his candidacy later this year.

Ford plans to file papers by Friday with the Federal Election Commission, formally creating the organization to raise funds and plan his campaign, the White House announced Wednesday.

The announcement by White House Press Secretary Ron Nessen said that Secretary of the Army Howard H. (Bo) Callaway, a one-time Georgia con-

gressman who headed Richard M. Nixon's 1968 campaign in the South, will become chairman of the committee within two or three weeks.

Ford's formal declaration of candidacy will come "sometime within the next few weeks," before television cameras, Nessen said.

Meanwhile, Wallace told cheering businessmen of his plans and said: "I believe that the great issue of the survival of the middle class is going to need someone to forcefully express that viewpoint to the point of getting these people into the political process so that we are going to see that these changes are brought about."

The Alabama governor said he reserved the right to change his mind but indicated he has every intention of making his fourth presidential bid in 1976,

championing the nation's lower and middle-income taxpayers and assailing "the elitist intelligentsia" and big government.

Wallace, who never disbanded his campaign organization after a 1972 assassination attempt ended his last presidential bid, has collected more than \$2 million already to finance a new presidential drive.

Ford, however, only began to focus on the presidential race last month after a group of longtime friends and supporters headed by former Republican National Chairman Dean Burch recommended that a formal campaign structure be created.

The Republican Committee, which picked up Ford's earlier political expenses such as public opinion polls for the White

House, will only pay for activities undertaken by Ford as his party's titular leader. The campaign group will pay for his expenses when he travels as a candidate, Nessen said.

Kissinger said the United States would honor its military commitments to Japan, South

and middle-income taxpayers and assailing "the elitist intelligentsia" and big government.

He explained that the LoVaca system is the only pipeline that can serve many of its customers.

Other witnesses in the long trial have testified that Coastal States would not be able to afford payments if the court found against it in the suit.

According to Greehey, the LoVaca system of some 4,000 miles of pipeline serves several electrical generating co-ops, in-

cluding LCRA, as well as more than 100 Texas cities.

He explained that the LoVaca system is the only pipeline that can serve many of its customers.

As a practical matter, LoVaca is the only source of gas to serve 104 cities," Greehey explained.

The natural gas shortage in the early 1970s, Greehey said, resulted in a financial crisis for the company. By the end of 1974, the company had lost some \$11 million, he said.

Greehey explained that as a result of its financial problems, LoVaca, Coastal States Gas Producing Co. and the Texas Railroad Commission entered an agreed judgment which removed control of the company from Coastal States. A Texas district court in 1973 established a new and independent board of directors to manage LoVaca. The new board selected Greehey, an executive of Coastal States, to serve as the chief executive of the company.

Although the company is presently under independent management, Greehey explained, Coastal States is required to furnish up to \$2.5 million per month for capital investments in LoVaca. He testified that although LoVaca lost money in 1974, the company showed a profit of \$1.4 million during the first three months of 1975.

Testimony will resume Thursday morning.

He said he would resign as the national Klan's vice presidential candidate should be elected mayor.

"I want to put God, country and white supremacy back in the city," said Nelson, 35. "I do consider myself a racist, but I am not a race hater."

**EXECUTED PRINCE'S FORMER GIRLFRIEND** — Christine Surma of Los Angeles talks to newsmen about her former boyfriend, Prince Faisal Ibn Musaed, who was beheaded Wednesday in Saudi Arabia for the slaying of his uncle, King Faisal. She said she lived with the prince when he was a college student in the U.S. (AP Wirephoto.)

## Assassin Confesses He Killed Faisal To Put End To Islam Rule In Country

RIYADH, Saudi Arabia (AP) — King Faisal's assassin confessed before he was beheaded that he killed his uncle to put an end to the rule of Islam in Saudi Arabia, the government radio reported today.

Prince Faisal Ibn Musaed, the late king's 27-year-old nephew, was executed at 4:30 p.m. Wednesday in the central square of the Saudi capital. His head was displayed briefly on a pole, then head and body were carried away for burial in an unmarked grave, in accordance with the tenets of Islam.

The broadcast today said he told his captors he wanted to end the influence of the state religion because it "was standing in the way of development in the country." But the broadcast said the nation will glorify the dead king by implementing the teachings of Islam and his plans with greater vigor.

The government radio announced two hours before the execution that a religious court had found the young prince guilty of shooting King Faisal

the governor of Riyadh and a brother of King Faisal.

The prince's father, Prince Musaed, was in Riyadh, but it was not known whether he was present. One of King Faisal's brothers, he has a history of alcoholism and mental illness. The young man's mother also had a history of mental instability.

In Los Angeles, 28-year-old Christine Surma, who claimed she lived with the prince for five years when he was studying in the United States, said he would eventually be honored as a liberator of the Saudi people.

Explanations that have circulated in Riyadh were that Prince Faisal was avenging the death of his brother, Prince Khalid, a religious zealot who was killed by the police nine years ago; that he was part of a power struggle within the royal family; and that he was angry because the king would not let him have a passport to travel abroad because he had been arrested in the United States for selling LSD.

## USDA Officials To Be First Witnesses In Grain Probe

WASHINGTON (AP) — Agriculture Department officials are among the first witnesses as the Senate opens its investigation of alleged corruption in the foreign grain trade amid allegations that exported wheat and other commodities are being mixed with dirt and debris.

The Senate subcommittee on foreign agriculture policy joins at least four other investigations looking into the foreign commodity trade, focusing on alleged bribery among federally licensed inspectors. Some of these inspectors allegedly

have approved the shipment of low-quality grain from U.S. ports.

Under Secretary of Agriculture J. Phil Campbell was expected to testify today about inspection procedures on the docks and about Agriculture Department attempts to solve the problems that have led to complaints from overseas buyers of U.S. grain.

Campbell substituted for Agriculture Secretary Earl L. Butz, who is in South America this week.

A spokesman for the subcommittee said the panel was primarily concerned with determining how extensive the problems are, although it would look into grading standards used to classify the grains and the manner in which the commodities are handled on the docks.

"Are there a few bad apples in the barrel or is the barrel so rotten that it contaminates all the apples that get in?" he asked.

The Departments of Justice and Agriculture, the Internal Revenue Service and one other Senate subcommittee are investigating the handling of grain as it moves from the farm belt to cargo ships.

## Panel To Quiz CIA, FBI About Soviets Monitoring U.S. Calls

WASHINGTON (AP) — The Senate Intelligence Committee plans to question FBI and CIA officials about Soviet capabilities to monitor long-distance phone calls within the United States, an informed source says.

Communist ability to intercept U.S. phone calls was first mentioned in the Rockefeller commission's report and later amplified by news accounts describing how long-distance phone calls were monitored and recorded by satellites and antennas atop the Soviet embassy in Washington.

The source, who described the Senate panel's intentions to investigate the reports, spoke in amplification of a remark made Wednesday by Chairman Frank Church that his committee would look into "the problem of penetration by the KGB and the necessary protection we need to invoke." The KGB is the Soviet spy agency.

The St. Louis Post-Dispatch, in a news account from its Washington bureau, reported Wednesday that the Rockefeller report referred to monitoring long-distance telephone calls transmitted within the United States by microwave relays.

Quoting government sources, the Post-Dispatch said that although the report referred to "Communist countries," the Soviet Union was believed to be the only Communist nation with the ability to monitor such calls.

The Post-Dispatch said microwave stations about 20 to 25 miles apart transmit about 70 per cent of long-distance tele-

phone calls in the United States. The remainder are transmitted by underground cables or telephone wires on poles.

To pick up calls between microwave stations, the intercepting antenna must be in the "line of sight" between the stations, the news account said.

Government sources said Russian agents could intercept long-distance calls with a high antenna on the roof of the Soviet embassy. Computers then would separate out the bundles of calls in each microwave relay, the Post-Dispatch said.

The roof of the Soviet Embassy, located about five blocks from the White House, is laden with a variety of antennas visible to pedestrians on the sidewalk below.

U.S. intelligence agencies are believed to perform similar monitoring functions in the Soviet Union, though that ability is hampered somewhat because the Soviets use laser microwave transmissions, the Post-Dispatch said.

John D. Marks, a former State Department intelligence officer and co-author of a book critical of the CIA, said the Soviet embassy's antennas would have only a limited capacity to intercept microwave telephone calls. He said the Russians more likely use one or more space satellites to do most of the monitoring.

"If you just visualize the line of sight from one microwave tower to another, at some point it goes into outer space," Marks said. "You just put your satellite there, in a fixed position, and pick up the relays."

## Texas Liquor Going Metric

AUSTIN, Tex. (AP) — Texans should be going into their favorite liquor stores to pick up possibly 750 milliliters of wine and two liters of bourbon.

The Alcoholic Beverage Commission adopted a rule Wednesday to allow wine in metric-sized containers to be imported into and sold in Texas.

Administrator Kenneth Cook noted that the federal government has set Jan. 1, 1979, as the time at which all wine bottles must conform to metric size regulation.

"It is anticipated," he said, "that similar (federal) regulations will be adopted on distilled spirits in the near future."

The recent legislature approved a bill directing the commission to adopt rules permitting the importation of liquor bottled in metric-sized containers.

The metric sizes for wine authorized to be sold in Texas range from 187 milliliters, or 6.3 ounces—less than a normal size beer can holds—to three liters, or 101 ounces—nearly a gallon.

The more common metric-sized containers authorized for wine are 750 milliliters, or 25.4 ounces, which is just about equivalent to a fifth, and one liter, which is slightly more than a quart.

## Indian Woman Finds She's One Of Last Massacre Survivors

YAKIMA, Wash. (AP) — "It's all so unreal!" Mary Jo Estep said after learning she is one of the last known survivors of a massacre of Indians in the United States.

The year was 1911, when her mother, her father, her grandfather and seven other members of a fleeing Shoshone Indian band were massacred by a posse of whites in desolate sagebrush country of northern Nevada.

Now a retired school teacher, Miss Estep, 78, said she grew up with a white family and never asked about the massacre.

Her place in Indian history was recently discovered by Dayton O. Hyde, an author who spent 15 years researching a novel, "The Last Free Man."

This is his account of the massacre:

Miss Estep's grandfather, Shoshone Mike, and a small Indian band that included her family, lived in a canyon near Twin Falls, Idaho.

In 1910, Mike was charged with horse stealing, so he and his band fled. Believing they were being pursued, the Indians made their way to California, then across the Sierra Nevada into Nevada. They holed up in a canyon and were soon confronted with the worst winter in Nevada history.

The Indians lived on butchered beef until they were discovered by ranchers. Fighting erupted and the ranchers were killed.

The Indians fled, chased for more than 200 miles through Nevada Territory by a large posse.

The end came near Winnemucca, Nev., when the posse attacked while Mike and his band were asleep. Only four children survived, Miss Estep, two sisters and a brother.

The children were taken to the Carson, Nev., Indian School, where they remained a short time. Evan Estep, superintendent of the Indian agency at Ft. Hall, Idaho, came to the school and took the children back to Ft. Hall. He adopted Mary Jo after the three older children died of tuberculosis.

"They never talked about what had happened," recalls Miss Estep.

"I knew my parents had been killed in a massacre, but that's all I just never asked."

Earlier this year, a woman in California read the book and wrote Hyde that she had gone to school with a Mary Jo Estep, whose parents had died in an Indian massacre in Nevada.

Hyde followed the trail to Yakima, where he found Miss Estep, who graduated with a degree in music from Washington Normal School in Ellensburg in 1934.

The story told over the years in bars and taverns in Northern Nevada was that the "posse" braved the winter and killed the Indians.

But they had the story wrong. One Indian survived. And now the townspeople of Winnemucca hope to erect a monument on the site where Shoshone Mike and most of his Indian band died.

## Gandhi Lawyers Ready To Appeal

NEW DELHI, India (AP) — Prime Minister Indira Gandhi's lawyers announced today they are ready to appeal her conviction of corrupt electoral practices.

Her lawyers said they would go before the Supreme Court Friday to ask for an urgent hearing early next week on a double motion by Mrs. Gandhi seeking formal permission to file the appeal and to remain in office while the appeal is under way.

Mrs. Gandhi was found guilty last Thursday of two violations of election laws in her 1971 campaign for Parliament. Her lawyers said today their immediate aim is to get the Supreme Court to extend a 20-day reprieve of a six-year ban on Mrs. Gandhi holding any elective office.

However, lawyers for Raj Narain, a Socialist leader who successfully prosecuted Mrs. Gandhi on charges of electoral violations, went before a court in her home city of Allahabad to challenge the original 20-day reprieve.

Narain's lawyers filed an application charging that Mrs. Gandhi's counsel had won the reprieve on false pretenses by arguing that the ruling Congress party needed the 20-day period to elect a new leader to succeed Mrs. Gandhi and avoid any disruption of the government.

Instead, Narain's lawyers said, the Congress party had used the reprieve period to rally around Mrs. Gandhi and declare their confidence in her rather than choose a new leader during the appeals process.

The judge who heard the application from Narain's lawyers ruled that they should formally present their motion to Judge Jag Mohanlal Sinha, who found Mrs. Gandhi guilty and who granted the initial delay of the sentence.

There was no immediate indication when Sinha would rule on the application.

## Storms Move Across Plains Into Midwest

By The Associated Press

Thunderstorms moved across the Plains into the Midwest today while a slow-moving storm in the West swirled dust over parts of four states.

Eleven tornadoes dipped out of thunderclouds Wednesday from Oklahoma to Illinois. Four persons were injured in central Nebraska when a pickup truck was blown off the road. No other injuries were reported and damage was minor.

A tornado was sighted late Wednesday near Worland, Wyo., which usually doesn't get twisters. Half-peppered southern Wyoming, and hailstones the size of tennis balls dropped onto the Oklahoma Panhandle community of Goodwell.

Intermittent and scattered heavy rains since Monday caused considerable farm flooding in sections of eastern Kansas and Nebraska. The National Weather Service said flood problems ranged from the foothills of the Rockies into the Missouri Valley.

Several hundred persons were forced out of their homes for much of Wednesday at Colby, Kan., when a normally dry creek bed filled with water after a downpour and flooded a four-block area. Three to five inches of rain soaked sections of northwest Kansas.

Travel advisories were in effect much of Wednesday for New Mexico and northeastern Arizona due to blowing dust. Clouds of dust rolled as far north as the eastern Colorado Plains and into the Texas Panhandle.

An airline pilot reported flying through dust at 10,000 feet over Amarillo, Tex.

Warm and humid weather dominated most of the eastern half of the country except for the northern Great Lakes and Upper Midwest. Temperatures remained in the steamy 70s overnight from Kansas to Massachusetts.

Readings before dawn ranged from 35 at Rock Springs, Wyo., to 84 at Fort Lauderdale, Fla.

Some other reports: Anchorage 55 cloudy, Atlanta 69 partly cloudy, Boston 73 mostly clear, Buffalo 72 partly cloudy, Chicago 77 partly cloudy, Cincinnati 71 partly cloudy, Cleveland 75 partly cloudy, Dallas 80 partly cloudy, Denver 86 partly cloudy, Detroit 75 partly cloudy, Honolulu 75 partly cloudy, Indianapolis 71 clear, Kansas City 77 clear, Los Angeles 81 cloudy, Louisville 76 clear, Miami 81 partly cloudy, Minneapolis-St. Paul 63 partly cloudy, Nashville 75 clear, New York 78 clear, Philadelphia 73 clear, Phoenix 80 clear, Pittsburgh 66 clear, St. Louis 77 mostly clear, San Francisco 59 cloudy, Seattle 58 cloudy, Washington 73 partly cloudy.

## Land Purchased To Double Size Of Johnson State Park

AUSTIN (AP) — The Texas Parks and Wildlife Department has completed purchase of land to more than double the size of the Lyndon B. Johnson State Park.

An out-of-court settlement by Mr. and Mrs. Eugene Lindig for \$336,339, including court costs and interest, for 133.9 acres finished the condemnation proceedings.

The Lindig property is across the Pedernales River from the LBJ Ranch near Stonewall.

Lloyd Booth, head of the parks and wildlife department's land acquisition office, said the agency "went up and they came down" in final negotiations with the Lindigs.

Condemnation proceedings have been going on since December 1972. Former President Lyndon Johnson inquired about their progress the day he died, Jan. 22, 1973.

The Lindig transaction brought the cost of expanding the park from its original 200 acres to 717.8 acres to more than \$1 million. Parks and Wildlife had planned to spend only \$500,000.

Booth said the money will come from the three cents per cigarette tax on cigarettes that is dedicated to park land acquisition and development.

Earlier this year, out-of-court settlements were reached on the other two major tracts sought by the state:

- \$330,000, including interest and court costs, to Mr. and Mrs. Hiram Hodges for 125.8 acres.
- \$405,000, including interest and court costs, to Mr. and Mrs. Werner Schumann for 162.2 acres.

The Hodges and Lindig families protested the acquisition before the parks and wildlife commission in 1972. In both cases, land had been in their families for generations.

Another 65.78 acres have been acquired without resorting to condemnation proceedings, which were used to obtain the Lindig and Hodges land.

The land purchased this year ranged from \$2,400 to \$2,955 per acre—compared with the state's top "final" offer of \$1,900 during proceedings before special condemnation committees.

## More Than 200 Generals, Admirals Expected To Retire Before September

WASHINGTON (AP) — More than 200 generals and admirals are expected to retire before September in a major exodus of senior military officers.

The main reason for that unusually large surge of retirements is a technical quirk in the law which means they would lose substantial pension income if they remain on active duty beyond Sept. 1.

Pentagon officials say at least 215 generals and admirals have either put in for retirement or are expected to do so.

They represent nearly one-fifth of the roughly 1,300 top officers in all the armed services.

By comparison, before a complex ruling by the comptroller general on the retirement law brought on the problem, only 83 generals and admirals and 832 colonels and Navy captains retired during all of 1973.

For the same reason, about 2,300 colonels and Navy captains, out of a total of about 15,000 in both groups, are hurrying to retire before September.

# Primitive Art Now On Exhibit At Dallas Museum

DALLAS — Choice examples of primitive art from Africa, South America and the Pacific Islands are on exhibit at the Dallas Museum of Fine Arts. The exhibition is circulated by the American Federation of Arts, supported by a grant from the National Endowment for the Arts.

The objects in the new show include masks, headpieces, ceremonial figures, vessels, blankets, ceremonial and religious objects of wood, stone, bone, fabric, gold, leather and ivory. These selections reflect primitive artists' ability to focus equal attention upon design for objects of everyday use as well as those for high ritual purpose.

The collection from the New York museum relates strongly to the primitive art in the Dallas museum's own permanent collection, and effectively complements the DMFA's holdings of pre-Columbian, African and Oceanic pieces.

African art was created in traditional African societies—the kingdoms and agricultural communities existing before the colonial era. Each ethnic group had its own culture, language and religion, distinct from its neighbors, with strongly differing art styles.

The art of Oceania is roughly reflected in the geographic areas whence came that art—Micronesia, Polynesia and Melanesia. Inhabitants of Micronesia produced highly skilled art work combining great simplicity with

considerable power. Polynesian art reflected the common language and society based on rank, but much of the rich art style did not survive the advent of missions and colonialism, so that most existing sculpture is small in scale and suitable for its refinement.

The art of Melanesian Island groups was created principally for the various small segments in constant competition for prestige. Personal prowess, death and fertility called for spectacular rituals and were occasions for much carving and painting (often on a grand scale), with lavish use of paint and imagery.

Upon the isolated American continent, ancient man lived and developed societies of complex intellectual and religious stratification and a multitude of art forms. The ancient American section of the new Peruvian artistic development includes the three cultural divisions of Meso-America from 1500 B.C. to 1530 A.D., American Indian native art and the culturally distinct art of the Mayas and the five divisions of the continent.

## Lane Appointed To DSO Post

DALLAS — The Dallas Symphony Association recently announced the appointment of Louis Lane as co-principal conductor of the orchestra for two years, beginning this month. Lane previously was principal conductor and artistic director of the DSO.

Lane, 45, is a conductor and educator in the U.S. and abroad. Lane brings superb musicianship, artistic integrity, and a deep sense of commitment to Dallas. His 25-year association with George Szell in building the great Cleveland Orchestra uniquely equips him for the expanding musical situation in Dallas.

Born in Eagle Pass, Lane was graduated from The University of Texas, summa cum laude. After military service during World War II, he continued his studies at the Eastman School of Music and the Berkshire Music Center. In 1947, he won a nationwide competition to become apprentice conductor to George Szell and, in addition, became head of the Cleveland Orchestra's keyboard section.

Active also in the educational field, Lane was for six years co-director of the Blossom Festival School of the Cleveland Orchestra and Kent State University. He is adjunct professor of music at the University of Cincinnati and guest professor of conducting at the College-Conservatory of Music at the University of Cincinnati. During the past year, Lane has conducted the Cleveland Orchestra, the Indianapolis and San Diego symphonies, the Salt Lake City Oratorio Society and the Polish Radio Orchestra. He recently returned from a successful concert tour of South Africa.

Upon the isolated American continent, ancient man lived and developed societies of complex intellectual and religious stratification and a multitude of art forms. The ancient American section of the new Peruvian artistic development includes the three cultural divisions of Meso-America from 1500 B.C. to 1530 A.D., American Indian native art and the culturally distinct art of the Mayas and the five divisions of the continent.

## 'Zorba' Current Attraction At Abilene Community Theatre

ABILENE—That vigorous Greek, Zorba, and his colorful colleagues are onstage at Abilene Community Theatre in ACT's current attraction, "Zorba."

with its setting in a small Greek village on the island of Crete, has a cast of 30. Tickets for the daily performances at 8:30 p.m. are priced at \$3.50 for adults and \$2.50 for students. They may be purchased at the box office or reserved in advance by telephoning ACT at 672-6271.

The musical version of the celebrated novel by the late Nikos Kazantzakis opened at ACT Wednesday night and will play nightly except Monday through June 23. The production here is directed by ACT managing director Gary Eldridge, with Charles Dickey as musical director and Marj Baucum as choreographer. Dr. Richard von Erck has been the vocal coach.

"Zorba," a hit musical on Broadway in the late 1950s, has been by Joseph Stein, music by Fred Ebb, Stein was the man who provided the book for that super-hit, "Fiddler on the Roof," and Ebb and Stein collaborated on the words and music for another hit musical, "Cabaret."

In ACT's new production, the two principal characters, Zorba and Hortense, are portrayed by Dr. Pete Palasota and Mrs. Palasota. Robert Williams is seen as the young intellectual, Nikos, who learns much from Zorba that he could never find in books and Donna McInnis has the part of the lovely, doomed young widow. The production

## Big Bend Theater Plans Shortened Season This Year

ALPINE—The Theater of the Big Bend, an annual summer attraction in Alpine, will have a shortened season this year.

Two productions are planned for the summer at the outdoor theater on the northeast outskirts of Alpine. They are a comedy, "Enter Laughing" by Joseph Stein, and a melodrama titled "Love Rides the Rails" or "Will the Mail Train Run Tonight?"

Performances will begin July 3, with the two productions playing alternately each Friday and Saturday night through July.

The Theater of the Big Bend, which had its beginnings in the mid-1950s under auspices of Sul Ross State University and its drama department, will be sponsored this summer by Alpine and its residents. The performing company, titled the Big Bend Players, will be directed by Johnny Martin, graduate student in drama at SRSU. He will be assisted by Kathleen Stradley and Becky Perry, who also are heading up a campaign to collect donations for the summer theater program. Permian Basin area residents and those from throughout the region are invited to contribute to the fund drive. Minimum patron donations are announced as \$15 for individuals and \$50 for business firms. Contributions may be made through the Alpine Chamber of Commerce.

## Houston For Ex

NEW YORK of Mexican began negotia North America to purchase an club in Houston Daily News editions today. Rey Blanco, lars of the Jalisco Guadalajara Commissioner for four hours across the street in The News. "Everyone is on the action skyrockets. To expand, a franchise is \$20 million," a source quoted as saying. "According to present price franchise is \$20 million plus \$100,000 per year. The NASL franchisees in the league is

# Cubs Demolish League Leader With 9-Run Fourth

BY TED BATTLES  
Midland's Cubs made it easy for Donnie Moore for a change.  
The righthander from Lubbock has seen some tough ones squirm out of reach for lack of a base hit, but Midland sent 13 men to bat in a 9-run fourth to beat the Texas League West-leading

Shreveport Captains, 9-3, at Cuba Stadium Wednesday night.  
It was Donnie's sixth win in 10 decisions and the surprising thing about the game was that with 24 to 33 mph winds blowing to left, there wasn't more scoring.  
Moore's pitching was one reason. Another was Midland

third baseman Joel Green. If they gave out gold helmet stars for sensational plays, the former Miami, Fla., U. All-America would need two heads.  
"It was as good a third base as I've ever seen played in one game, and that includes Brooks Robinson, in either major or minor league," said

### Midland Cub Manager Doc Edwards after Green had robbed the Captains of at least four hits.

## Dan Corder Faces Captains Tonight

**CUBS BRIEFS**—Righthander Dan Corder, 2-3, who won his last start, will go for the Cubs at 7:45 p.m. today while Shreveport will counter with Tim Jones, 6-2... Midland will be trying to make it seven out of their last eight... Catcher Steve Clancy contributed to Midland's sensational fielding act in the fifth when he made a headlong dive to glove Mike Edwards' little pop bunt... "If Donnie Moore had the maturity that he has now early in the season, he'd be 8 or 9 and 2," Manager Doc Edwards commented. "When the season started, he was just a thrower, but he's learning how to pitch and thinking more out on the mound now." The trivia question by PA man Mike Gleason really stumped the fans Wednesday. "Joe DiMaggio was married to two actresses. Name them." Marilyn Monroe was the easy part... Tonight will be "Win A Date With A Cub Night" at Cuba Stadium... When Jose Ortiz stole second in the fourth, it was his 16th of the season, three more than all last season. "If he hadn't missed a month," Edwards noted. "He'd have 30 by now. And Jose on the bases would have made a big difference in a lot of those close games we lost..."

"Best defense I've seen all year," agreed Jose "Pepe" Ortiz.  
Green started his one-man spectacular early, backhanding a Mike Edwards whistler behind the bag on the line in the first and making the long throw for the out.  
In the third, Joel came up with two danders and then

another back-handed stab in the fourth on Mitchell Page to save a run. Next batter Ron Mitchell hoisted his seventh homer out of the park.  
Green balled Moore out of more potential trouble in the seventh with two nifty stops, one starting an inning-ending double play and then ending the game with a fine play.  
Green also contributed two

hits to Midland's nine-run fourth, the Cubs' biggest inning of the year.  
Oddly enough, although the Cubs collected seven of their nine hits in the fourth and the wind was blowing a gale to left, there were no homers. Closest thing to it was Bill Bright's two-run double off the fence in center.  
Ortiz walked and stole second to start it and Green was safe on a bid hop single to first. Bill Droege singled to tie it 1-1 and Wayne Tyrone walked. Al Montreal's fly to left put the Cubs ahead and then Bright doubled. Mike Sember was intentionally walked, but Joe Wallis and Steve Clancy followed with run-scoring singles.  
That was enough for Doug Nelson, 2-4, a lefthander, and another southpaw, Steve Williams, came out of the bullpen to be greeted by Ortiz' double and Green's single which chased in the final run.  
Moore pitched seven-hit ball, yielding homers to Mitchell and Page, No. 5, in the sixth, but he struck out eight to bring his season's total to a league-leading 72.  
"He just went out and pitched his game," Edwards said. "And didn't worry about the wind."  
"If anything I tried to stay low and away," Donnie said. "That's why I had control trouble now and then."  
Outside of the nine-run inning, Nelson and Williams pitched effectively, blanking the Cubs on two hits in the other seven innings, but found out those big innings can kill you.

Midland's Joel Green ... big night in field

TAGGED OUT — Texas Ranger centerfielder Lenny Randle is tagged out at the plate by White Sox' catcher Brian Downing Wednesday night after Randle tried to steal home. The Rangers won 10-3, however. See story on 2C. (AP Wirephoto.)

## Texas Loop Bats Explode

By The Associated Press  
Bats literally boomed Wednesday night in the Texas League.  
Gene DeLyón's fifth inning grand slam paced East Division cellar dweller Alexandria to a startling 9-2 upset of Lafayette, which holds a four-game lead in that division. Jack Clark pounded a sixth inning solo homer, but it proved too little too late for the Drillers. Mike Allen, 3-5, notched the win for Alexandria.  
Sweeping winds converted a high fly ball into a two-run homer for El Paso's Carlos Lopez — his third this season. Lopez also socked a two-run double in the fifth and four RBIs to lead the Diablos in a 7-4 romp over San Antonio. Butch Alberts popped an eighth-inning solo homer and added triple to help the El Paso cause. Tom Whiteley, 2-6, took the victory and broke his six-game losing streak. Reliever Mike Overy tabbed his fifth save.

## UCLA Net Margin Fades

CORPUS CHRISTI, Tex. (AP) — UCLA, its forces thinned after Wednesday's battles, remained a strong contender here today in the 91st National Collegiate Athletics Championships with its top-seeded singles player and its two doubles teams still in competition.  
The Bruins held a one-point edge in the team standings over Trinity University of Texas which had 19 points, Stanford and Miami of Florida followed with 17 each.  
Trinity was the only team with two singles players in the quarterfinals.  
The Bruins lost three of their four singles players in Wednesday's fourth round and Stanford lost a singles player in that round and two more in the fifth.  
The Bruins' hopes now for a

Player	Points	Opponent
Bill Scanlon	19	Trinity
John Delaney	17	Stanford
Jim Whittlinger	17	Miami
Francis Gonzalez	17	Houston

## Northern, Central Take National LL Victories

The Northern League Dodgers and Central League Astros posted opening round victories Wednesday afternoon in the National Little League Baseball Tourney at the Richard Knox fields. Northern scored a run in the bottom of the sixth inning to nip Mallard Exploration.

Alan Boyd doubled and Aaron Hall singled him in with the winning run, for a 3-2 victory. In the Central-Eastern slugging, the Astros took a 14-12 win by scoring seven runs in the fourth inning to nail down the big victory.

Crockett, Cal Bostwick, Jay Stewart, Lloyd Webb and Glen Thompson had two-beggars for the winners while Sammy Fields slugged a triple. Eastern also had his hitting shoes on with losing pitcher Ted Terrasa hitting two doubles. Alfonso Ochoa, Marcus Roberts and Javier Granado had doubles for the Cards. Roberts chipped in with two triples while teammate Bruce Brown had a three-bagger.

### Isabell Torres Records Six Qualifying Times

Isabell Torres, a member of the City of Midland Swim Team's 16-and-under national record-holding 200-yard freestyle and 300-yard medley relay teams, reeled up six national qualifying times at the San Antonio Aquatic Club's invitational swimming meet last weekend.  
The times turned in by Miss Torres qualify her for the Texas Age Group summer league championships and also qualify her to enter national competition in the six events.

Her qualifying events include the 50 freestyle, 100 freestyle, 200 freestyle, 50 backstroke, 50 butterfly and 200 individual medley.  
Two other members of the relay teams, Heather Dunbar and Gretchen Koch, qualified for six national events in the 16-and-under division, and Carrie the other member of the relay teams, qualified for one Texas Age Group event in the 11- to 15-year-old division.

In games today, the North Central Tigers take on the Central Astros while the Tower League Bears battle the Northern League Dodgers at 6 p.m. Both North Central and Tower drew first round byes in the single elimination tourney.  
The championship game is set for 6 p.m. Friday.

## MC Netters Advance

KALAMAZOO, Mich. — Midland College is still alive and kicking in the National Women's Collegiate Tennis Tournament here with the

Chapparals tied for fourth place heading into today's play.  
Midland and Florida both have 16 points while Trinity University has 20, Arizona 18 and Miami, Fla. 17. However, Trinity's No. 1 seeded Jo Anne Russell was upset by second-seeded Candy Reynolds, Tennessee-Chattanooga, in a 3 1/2 hour match 5-7, 7-5, 7-5.  
MC's Vicki Lancaster defeated seeded Ann Eldridge of U. Mississippi, 1-6, 4-4, 6-3 and will meet Miss Reynolds if she wins over Arizona State's No. 8 seeded Clair Schroyer today.

Utah, defeated Barbara Black, Florida, and will face Lisa Pando of Stanford today. Miss Reynolds faces Jean Nechard, California-Irvine, today.

### Houston Eyed For Expansion

NEW YORK (AP) — A group of Mexican businessmen has begun negotiations with the North American Soccer League to purchase an expansion franchise in Houston. The New York Daily News reported in its editions today.  
Ney Blanco, one of the directors of the Jalisco soccer club of Guadalajara, met with NASL Commissioner Phil Woosman for four hours Tuesday to discuss the possibility, according to The News.  
"Everyone is trying to get in on the action before the price skyrockets. The next time we expand a franchise will cost a million," a NASL official was quoted as saying.  
According to the paper, the present price tag on an NASL franchise is \$500,000, reportedly 20 times what Warner Communications paid for the New York Cosmos in 1971.  
The NASL plans to add four franchises next year, expanding the league to 24 teams.

### Men's WT Golf Begins At Lubbock

LUBBOCK — Plainview's Dick Weston will begin the defense of his West Texas Men's Golf title and probably his stiffest challenge will again come from Midland's Steve Whiteside.  
Whiteside, who plays for Texas A&M, tied for first last year but lost to Weston in a playoff on the second hole.  
Among the entries is Tim January, son of touring pro Don January. Also in the field are John Farquhar, Amarillo, Steve Long, Jeff Mitchell and Alan Carmichael from Texas Tech plus Dub Malaise, John Eldridge, Bucky Sheffield and Dick Jennings.

### Grand Prix Race Gets Approval

SAN DIEGO (AP) — A proposal for a grand prix automobile race in downtown Long Beach has been approved by the California state coastal commission.  
The grand prix proposal was approved Wednesday with a provision that race promoters give an estimated 1,400 residents who would be subject to the growth of racing automobiles an appropriate choice of free out-of-town tours.  
Christopher Pook, a spokesman for Long Beach Grand Prix Association, said the residents could choose between free race day visits to Palm Springs, San Diego, Santa Catalina Island and Santa Barbara, with lunch thrown in.  
Race promoters plan a Formula 1,000 race in September as a shakedown for the grand prix race next April. The grand prix will make Long Beach the only city in the world outside of the city-state of Monaco to have automobile racing on downtown streets.

# Syrians Reportedly Ready To Take Part In New Peace Efforts

ALEX MORRIS, JR., Los Angeles Times

Syria is participating in another round of diplomatic efforts to bring the Middle East situation to a peaceful settlement, diplomats said here Wednesday.

Minister Abdel Halim Badrawi in Washington completed the round of preliminary negotiations, including the abandonment of the proposal of State Secretary Henry Kissinger's personal initiative earlier this year.

Next month, President Anwar Sadat in Salzburg, Austria, will meet with Israeli Prime Minister Yitzhak Rabin, and the Syrian President will send some 10,000 troops to the Golan Heights.

Officials at the Palestine Liberation Organization (PLO) headquarters here recognize a contradiction between their strategy and that of the Arab states bordering Israel. These states are interested in full implementation of U.N. Resolution 242, calling for an Israeli withdrawal from the Arab lands occupied in the 1967 war.

They are pessimistic about prospects for another diplomatic round because, they say, Kissinger wants to limit negotiations to what amounts to the border conflict.

The Syrians are nevertheless prepared to go for another round of talks, if only to buy time. They are reportedly ready to accept another Israeli partial withdrawal in both the Sinai and the Golan Heights, but they question whether Israel is ready to make the necessary concessions without demanding an unacceptable price, such as a pledge of non-belligerency.

The Syrians are nevertheless prepared to go for another round of talks, if only to buy time. They are reportedly ready to accept another Israeli partial withdrawal in both the Sinai and the Golan Heights, but they question whether Israel is ready to make the necessary concessions without demanding an unacceptable price, such as a pledge of non-belligerency.

President John F. Kennedy used the plane for commuting to Hyannis Port, Mass. During the 1960s then-Vice President Richard Nixon made a goodwill tour of South America using the plane.

Lyndon B. Johnson used the plane also while he was vice president. Randolph officials said they decided to retire the aircraft because of high fuel costs and maintenance difficulties.

Percentage Play After taking the ace of hearts, South should draw only two rounds of trumps. Then he should cash the king and ace of diamonds.

## Einwold On Bridge

by ALFRED SHEINWOLD

### Think Before Drawing Trumps

Always draw trumps as possible you may be bitten by a stray ace and slam. When presents almost any problem, think before trumps.

South West 2 ♠ Pass 3 ♠ Pass 4 ♠ All Pass

Partner opens with one spade, and the next player passes. You hold: S-9 H-K J 10 5 4 D-7 6 C-10 9 7 4

Everybody was happy, South because his hand had cost nothing, North because he hadn't been watching, and the defenders because they had been watching.

Percentage Play After taking the ace of hearts, South should draw only two rounds of trumps. Then he should cash the king and ace of diamonds.

Partner opens with one spade, and the next player passes. You hold: S-9 H-K J 10 5 4 D-7 6 C-10 9 7 4
