## JOHN N. JAMES WAS BURIED IN AMARILLO LAST FRIDAY EVENING

### Pioneer Cattleman of Region Succumbs to Heart Trouble in El Paso Hotel Lobby.

Last rites for John N. James, 63, pioneer cattleman of the Panhandle and owner of the historical Rocking Chair ranch, 6 miles east of Muleshoe, were conducted in Amarillo at four o'clock Friday afternoon from St. Andrew's Episcopal church, with Bishop E. Cecil Seaman officiating, according to news reports of the Amarillo News-Globe, and burial was made in Liano cemetery.

Old time cattleman from all parts of the Panhandle, friends of many years standing, came to Amarillo to pay their last respects to a friend.

Active pall bearers were: Charles T. Ware, C. V. Wooley, H. C. Pipkin, C. E. Weymouth, W. O. Lawrence and Julian Blifins. The following were honorary pall bearers: B. T. Ware, R. B. Masterson, W. E. Halsell, Ewing Halsell, W. L. Ewell, C. K. Warren, V. C. Nelson, James E. Goodrich, Cyrus Crane, W. H. Fuqua, C. M. Newman, W. R. Hartley, J. C. Paul, C. T. Herring, Joe Shedd, L. O. Thompson, R. L. Brown, A. P. Stone, Dr. H. A. Miller, H. A. Nobles, Hugh Exum, Miles Biplins, C. T. Word, John E. Hill, William Boyce.

Mr. James, 63, died suddenly in El Paso Wednesday, April 16th, dropping dead in a chair in the lobby of a hotel in that place at about 8 o'clock a. m. Death was attributed to heart trouble.

He is survived by his only child, John Anne, a student of the El Paso School for girls, and he was in El Paso to visit her at the time of his death.

He is also survived by a brother, J. D. James of Abilene, and a sister, Mrs. Julia E. Holden of Childress.

John N. James, a native of Lampasas county, Texas, first came to the Panhandle territory about 40 years ago, with his brother, Garrett, who died several years ago. They began ranching in what was then Greer county, Oklahoma, and later purchased the Bailey county ranch, which he owned at the time of his death.

Mr. James sold 17,000 acres of this ranch in small tracts in 1924 and hundreds of farms now dot the territory which once knew only cattle branding the Rocking Chair brand.

He was an active member of the Texas-Southwestern Cattle Raisers' association and the Panhandle Livestock association until he retired from active cattle business several years ago.

In addition to his ranch holdings, Mr. James had other extensive holdings scattered throughout the Panhandle. In cutting up his ranch and selling it to farmers, Mr. James was one of the first to recognize the possibilities of the Panhandle agriculturally.

C. V. Wooley, associated with Mr. James in Amarillo, H. C. Pipkin and Charles T. Ware accompanied the remains from El Paso to Amarillo.

## Judge Rutherford To Be Heard On Chain Hook-up

Attention of Journal readers is called to a lecture that will be delivered by Judge J. F. Rutherford, president of the International Bible Students association and nationally known Bible lecturer, which will be broadcast over a \$50,000 hook-up that will include many stations in the United States and Canada and will also be carried across the Atlantic by cable to be put on the air in Europe, next Sunday morning, April 27, at from 8 to 9 a. m., central standard time.

It is interesting to note that the expenses of this broadcast have been donated wholly by people interested in the propagation of Biblical teachings, and that Judge Rutherford's time is given without cost to this work. He is the author of many books elucidating the teachings of Biblical facts and prophecy, and it will be well worth the time spent to tune in and hear him.

Miss M. Cady Gilman, International Bible Students' association worker, who is also donating her time and expense money to the propagation of Judge Rutherford's books and lectures, is in our midst, selling these books at cost, and she has contributed the following article calling attention to Judge Rutherford's address:

"World Interest, Cause, Remedy." "Timely indeed are those words as a title for the address of a speaker who the radio audience of America delights to hear. Such is the subject chosen by Judge Rutherford, president of the International Bible Students' association for Sunday morning, April 27th.

On that day he will speak at Oakland, California, over two hook-ups, one for the East and one for the West. For Eastern and Central Regions: Atlantic Standard time, 10-11; Central Standard, 9-9, over stations, N.Y.K., WBBR; Lincoln, Neb., KFAB; St. Louis, KMOX; Shreveport, KWCH, KWEA, and KITSL and 32 other stations.

For Pacific and Mountain regions: Pacific Standard Time, 10-11; Central Standard, 12-1 p. m. Oakland, Cal., KFWM; Colorado Springs, KFUM; Denver, Colo., KFEL and 11 other stations.

Tune in and invite your friends to enjoy this lecture.

## B. Sherrrod Of Lubbock Speaks To Kiwanians

B. Sherrrod, visiting Kiwanian from Lubbock, addressed the local Kiwanian Club at its monthly luncheon Wednesday, stressing the ideals of International Kiwanis, its objectives, and he pointed out the value of such a club to the city and individual members. His talk was opened with suggestions and advice to the club concerning character night, which is to be a red-letter day in the history of Muleshoe.

The Club went on record as endorsing the entrance of the local baseball league into the association sponsored by the Kiwanian Club of Kiwanis.

At the initial meeting of the Club it was decided to change the luncheon date from Thursday to Wednesday to better facilitate attendance of members who otherwise would find it inconvenient to attend on Thursdays. The luncheons are held at the Legion Home at 12:29 o'clock.

### F. O. BOONE ACCEPTS SUPER-INTENDENCY OF PETTIT HIGH

F. O. Boone, principal of the Muleshoe grammar school, has accepted the position of Superintendent of the Pettit high school in Hockley county. It is understood that Mrs. Boone will teach in the grades there.

### Missing Boy Found

The mysterious disappearance of Robert Emmet Boyle, Fordham University student, from the university campus in December, 1928, was solved when he was found driving a taxicab, Vicksburg, Miss.

### FASSION PLAY TO DRAW HUNDREDS COMING WEEK

AMARILLO, Texas. — Hundreds of seats for the return engagements of the Freiburg Passion Players in Amarillo April 29 and 30 already have been sold. Every mail brings in additional reservations, and dozens of Amarillo people call at the News-Globe office daily to apply for seats.

The famous German cast, headed by Adolph Fasnacht, the Christus portrayal, is identically the same cast that appeared in Amarillo in February. Three performances were given then, and more than 3,000 people were turned away after all standing room had been sold.

The production will be given Tuesday and Wednesday nights, and Wednesday matinee, but present indications are that the house will be sold out each time. The story of the Passion week appeals to so many people and the engagement in Amarillo will cover such a wide territory that Wilbur C. Hawk, Tri-State Fair president, advises making early reservations.

Those who failed to make reservations for the last engagement were disappointed when they called for seats. Those making reservations by mail should specify whether for Tuesday night, Wednesday afternoon or night. Seats for night performances range from \$1 to \$2.50. School children may see the afternoon show for 50c, and teachers for 75c. Other adult admissions will be from \$1 to \$2, and all seats will be reserved.—Amarillo News-Globe.

## Dr. Horn Of Tech Will Address Senior Class

Dr. Paul W. Horn, president of Texas Technological College at Lubbock will address the graduating class of the Muleshoe High School on Monday evening, April 28th, at 8 o'clock, according to advice reaching the Journal office, the address to be made at the high school auditorium. Dr. Horn is noted throughout this section of the country as a masterful and instructive speaker, and it will be a privilege to the people of this community to have him in our midst.

The Rev. J. F. Nix of Clovis will deliver the baccalaureate sermon at the school auditorium Sunday morning, April 27 at 11 o'clock.

There are 11 members of the senior class this year. 19 students are graduating from the grade school this year, certificates to be also presented to them at the exercises on Monday night.

### MULESHOE BASEBALL CLUB TO PLAY CLOVIS SUNDAY

The Muleshoe baseball team will play the Clovis team on the local grounds Sunday afternoon at about three o'clock. Players are urged to be out at 2 o'clock to warm up, and every man in uniform if possible.

According to Manager Garrett things are looking fine for a good game. The admission charge will be 25c.

## ORAL WHITFORD DIES IN AUTO CRASH; DRIVER HELD FOR INVESTIGATION

Car Overtakes Pinning Youth's Body Underneath Breaking Neck And Crushing Chest.

The inquest held in the fatal car wreck Wednesday morning in which Oral Whitford, of Otton was killed, according to reports reaching here, rendered a verdict of accidental death. It is now thought that J. A. Winston, driver of the car, was dazed in the wreck and that he did not know what he was doing when he fled.

A veil of mystery shrouds the death of Oral Whitford, 25 son of Tom Whitford of Cented, near Otton, who died at 11 o'clock Wednesday morning in Otton after being removed from the wreckage of a Ford sedan between Earth and Otton on the Muleshoe to Plainview highway, and a man giving him name as J. A. Winston is now in the custody of Ed Irvin, sheriff of Lamb county, and is being held for in- (Continued on Back Page.)

## Why Not A Boy Scout Organization?

The completion of the organization of the Kiwanis Club for our city marks another milestone in the history of the progress of Muleshoe. The Club is now a real live, functioning body of men, banded together for the practical application of the Golden Rule, rubbing elbows each week, swapping ideas and putting aside all thoughts of the mad scramble for the great god, Money, there is bound to be an outgrowth of understanding, cemented friendships and a surging forward of our city as a whole. If any criticism could be made of this move, it is that it was not done long ago.

But with the consummation of the organization of the Kiwanis Club now a matter of history, our thoughts turn to the potential citizenship, the man of tomorrow, the boys who are growing up around us who must carry on after the older ones have passed on. What are they doing to whittle away their idle hours? Are they growing up in idleness or are they being trained physically and morally for the responsibilities they in time must shoulder?

We are sure that the answer to these questions would be various and sundry. Nevertheless, we have in mind just now an organization for boys that would benefit every eligible boy in Muleshoe, the cost of which would be small, and the possibilities for training

## Meeting May 3 To Organize Fuel Association

A meeting has been called to take place at the Court House on Saturday, May 3rd, at 2 o'clock p. m., according to Mr. R. L. Patton of this place, for the purpose of organizing a Bailey County Consumers' Fuel Association. An organization of this kind has been agitated for some time, and a great deal of interest has been evidenced in the association. It is understood that an association of this kind has met with great success in Plainview in recent years.

The object of the association is to deliver to stockholders gas, oil, kerosene, coal and other fuels at cost, and it is hoped that all interested parties will be present at the meeting promptly at two o'clock Saturday week.

## Blaze At West Camp Damages School Building

Fire of undetermined origin damaged the school plant at West Camp Wednesday night to the extent of approximately \$15,000. The fire was discovered at about 3 a. m. and volunteer fire fighters worked for hours to save the buildings.

West Camp is an inland community with one of the best schools in the county. It was impossible to get telephone connections with Muleshoe and Farwell in order to get aid from these places.

A new addition had been made to the school building only a year or so ago (Continued on Page 5)

### SENIOR PLAY, 'THE LAUGHING CURE' WAS A BIG SUCCESS

The Senior class of the Muleshoe high school presented "The Laughing Cure" to a well-filled auditorium Tuesday night. The play lived up to its name, and during the hundred minutes of its showing, it furnished a hundred laughs. Due to an early closing of the school the play was given sooner than originally announced.

## Allerita Loomis Players Here For Three Days

The Allerita Loomis Players, who need no introduction in Muleshoe, are now here for a three-days showing, beginning Thursday night, with new plays and specialties. They are here under the auspices of the American Legion. The opening play is "The Maverick." Ladies are admitted free on the opening night, one with each paid admission.

THE STATE OF TEXAS,  
To the Sheriff or any Constable of Bailey County—Greeting:

You are hereby commanded to summon Floyd Coyle by publication in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published to appear at the next regular term of the District Court of Bailey County, to be holden at the Court House thereof, in Muleshoe, on the first Monday in May, A. D. 1930, the same being the 5th day of May, A. D. 1930, then and there to answer a petition filed in said court

on the 31st day of October, A. D. 1929, in a suit numbered on the docket of said court No. 512, wherein Agnes Coyle is Plaintiff and Floyd Coyle is Defendant, and brief statement of Plaintiff's cause of action, being as follows:

That the plaintiff is the wife of the Defendant and Plaintiff lived with Defendant as the wife of Defendant since their marriage until on or about the 15th day of July, A. D. 1928, when by reason of cruel and harsh treatment and improper conduct of the Defendant toward Plaintiff she was forced and compelled to permanently abandon Defendant; that the Defendant by a series of studied vexations and deliberate insults caused the Plaintiff such mental worry that her health if not her life was imperiled and that defendant's actions and conduct toward her are such as to render their further living together as husband and wife insupportable.

Plaintiff prays judgement of the court dissolving the said marriage relations. Herein Fail Not, but have before said Court, at its next regular term, this writ with your return thereon, showing how you have executed same. Given under my hand and seal of said Court, at office in Muleshoe, Texas, on this the 3rd day of April, A. D. 1930.

**Norway Wedding Feast**  
One to Be Remembered

A Norwegian housewife will spend months in the active preparation of a daughter's marriage feast. Friends, neighbors, acquaintances, kinsmen and kinswomen come from far and wide. All must be welcomed. All must be fed and "refreshed," and without limit. There must be cheese, sweet soups, puddings, fish and game in enormous quantities. To have any one of the most numerous items of drink or food give out or run short would be a disgrace which nothing could wipe out. There must, above all, be brandy in mad abundance. As a rule, several couples are married at the same time. This diminishes a waste of time, and concentrates to one occasion what would otherwise be spread over several.

The gowns which the Norwegian bride wears are often of great value. They are frequently the property of the church, and are hired for a nominal sum. Other parts of the costume are often the church's, too, and the bride who cannot afford to purchase an elaborate bridal outfit can always hire one.

**Hearing Insects Feed**

"You wrote recently in this column," writes a correspondent to "Looker-on" in the London Daily Chronicle, "that one of your readers heard slugs eating. I have never heard them, but I have heard snails and caterpillars eat. Snails make a scratching noise. Caterpillars crunch. The caterpillars of the privet hawk moth make quite a loud noise, and I have often heard them when sitting in the garden, and they have been eating the lilac leaves." Other correspondents state that they have heard snails feeding.

known heirs and legal representatives  
of such named persons and the un-  
known stockholders of the Security  
Savings Bank of Waterloo, Iowa, a cor-  
poration, are defendants; said peti-  
tion alleging that on 6th day of April,  
1930, he was lawfully seized and pos-  
sessed of Survey or Section No. 52 in  
Block "B" Melvin, Blum & Blum Sur-  
vey, consisting of 640 acres of land,  
more or less, situated in Bailey County,  
Texas; that on said date defendants  
and each of them entered upon said  
lands and ejected plaintiff therefrom,  
and now withhold the possession  
thereof.

Plaintiff further alleges a chain of  
title from the State of Texas to himself  
through various deeds and instruments  
and that he is the owner and entitled  
to the possession of said land.

Plaintiff further pleads specifically  
that he has had and held possession of  
said tract of land, under color of title,  
from the State of Texas with peaceable,  
continuous and adverse possession of  
same for a period of more than three  
years, and that he has likewise held  
such possession for a period of more  
than five years, paying taxes thereon  
and that he has likewise had such  
peaceable and adverse possession for  
more than ten years, enjoying and us-  
ing the same so as to mature the title  
under the three years, five years and  
ten years statutes of limitation.

Plaintiff prays for title and posses-  
sion of said land, that his title be  
quieted and that any and all claims  
interest or estate in said lands, had or  
claimed by defendants be divested out  
of them and invested in plaintiff.

HEREIN FAIL NOT but have you  
then and there before said court this  
writ with your return thereon, showing  
how you have executed the same.

SLIDE LINES

This is the business record of John  
Smith, who is now forty-one.

He started on a newspaper, and while  
he was there, he pieced out his income  
by selling real estate. Then he trans-  
ferred into the bond business and sold  
insurance on the side.

He is now selling wall-paper, which,  
according to him, is such a poor busi-  
ness that he has to carry samples of  
floor wax and a patent attachment for  
radiators in order to keep going.

John is honest and hard-working.  
His complaint about the meager re-  
turns which the business world has  
given him caused a friend of mine to  
make an investigation. It revealed the  
following facts:

One of the men who started on the  
newspaper with John Smith is now  
part owner of the paper and has an  
income of more than twenty-five  
thousand dollars a year.

Real estate has steadily advanced in  
the city where John Smith played with  
real-estate as a side line and a num-  
ber of real-estate men, no older or smart-  
er than John, are now very well-to-do.

Both the insurance business and the  
bond business have prospered, in John's  
old town, providing automobile and  
comfortable homes for several men

who were formerly his colleagues.

As for wall-paper, I myself happened  
to be riding with the sales manager of  
a wall-paper company a few days after  
hearing John's story.

"I understand your business is a poor  
business," I said. Does anybody ever  
make a really good thing out of it?"

Said he: "Old Adrian Meeker is the  
best answer to that. He worked for us  
as a salesman for twenty years. Hard  
territory was his, too. The other day  
he retired with one hundred and fifty  
thousand dollars and took his family  
out to California."

So it seems that each of the busi-  
nesses which John Smith tried on the  
side has been "very good" to the people  
who stayed with it on full time.

J. C. Penny told me the other day  
about a young man who might have  
been one of his first partners. The  
young man played the trombone and  
was compelled to leave the store early  
every night because he made five dol-  
lars a week by toting his horns in an  
orchestra. He is still toting store in  
the daytime and tooting at night. Mr.  
Penny is the head of more than eight  
hundred store.

There are men who have made for-  
tunes by running bootblack stands, by  
buying junk from automobile factories  
and even by contracting with a city to

collect its garbage. Almost any busi-  
ness seems to be a good business if a  
man gives it all he's got.  
But the side-line is the slide-line.

MATRON'S S. S. CLASS, M. E.

The Matron's Sunday school class of  
the M. E. church held their business  
and social meeting at the home of Mrs.  
Wyer.

Those present were Drussila, Bonnie,  
Sibyl, Bess, Hazel, Lottie, Dutch, Jim-  
mie, and Virginia and one visitor,  
Catherine.

The business was taken care of and  
then the rest of the afternoon was  
passed by playing games and old-fash-  
ioned railroad spelling; Lottie and Bess  
being captains, with Lottie's side win-  
ning the prize.

Then came the Easter egg hunt,  
which each one enjoyed very much, and  
each little girl got what eggs she found.  
Each guest came dressed as a little  
girl.

We decided to have a home-made  
candy sale Saturday, April 26. Let  
each class member not forget the date  
and be on hand with their candy,  
please.—Reporter.

Baileystown News

Too late for last week.

Mr. Applin's house at the cross-roads  
is nearing completion and has already  
been occupied. It has been learned  
that he will soon install and operate a  
filling station on the same site.

Old Man Weather has favored this  
vicinity with a nice rain. It was suf-  
ficient for breaking to be resumed. A  
little more moisture will be needed for

planting, however.

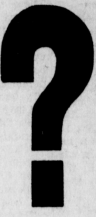

Due to the above rain which fell  
last Friday nite the P.-T. A. program  
was not rendered. Two weeks from  
that date is the next meeting night.  
So do not forget to be present. A good

program will be rendered at that time.

Quite a few visited the Plateau sing-  
ing convention at Muleshoe Sunday.  
The next Bailey county convention will  
be at Baileystown, the second Sunday in  
October.—Reporter.

**KEEP THE FENCES UP**

In a broad sense everyone in the United States is of alien descent. Even the Indians are of a stock which, modern scientists believe, came from Asia by way of Bering Straits. When we speak of aliens, however, we mean not only the newcomers but also those who although they may have been in this country for years, live to themselves, retain their European language, habits, customs and point of view and do not assimilate with the rest of the people.

Their children, born in America, speedily absorb the American outlook on life. This may take two generations in the more congested foreign-language districts of the larger cities, but is a safe generalization that the third generation of American-born are as good Americans as anybody.

It is increasingly difficult, however, to Americanize the alien stock. When the proportion of the old stock to the new was much higher than it is now, it was easier. It was easier, too, because the preponderance of immigration in the first half-century of our national life was of those who spoke the same tongue and were not under the double handicap of having to learn at the same time a new language and new set of ideals and social standards.

Except for a few short-sighted interests that would like to open the gates and let in a flood of cheap labor, there is no substantial opposition noticeable anywhere today to the restriction of immigration on the basis of national quotas. It is only fair to those who are already here, which includes all of us, not to let the country be swamped by more newcomers in a given time than can be welded in a reasonable period into the mass which makes up the American people.

There is such a thing, as being too tolerant of the alien who comes here, not with the desire to become a good American but with the purpose of overthrowing American institutions and Europeanizing this country. There is an active and world-wide movement, centering in Moscow, for the disruption of every government in the world. Its propagandists are perhaps less active in the United States than they are elsewhere, but there are too many of them here.

We have developed a method of insuring life, liberty and the pursuit of happiness to our citizens which works better toward that end than the system in vogue anywhere in the world so far. We must demand of every immigrant that he subscribe to and become a part of that system. If he does not, he is not a good American. If he tries to overthrow that system by any means but the legal one of voting at the polls, he is worse than a bad citizen; he is an enemy of the nation.

**THE COST OF WAR**

We are accustomed to think of war only in terms of the loss of life and of property while the conflict is still raging. But there are other costs which continue for generations after the fighting is over.

One of these is the cost of caring for the injured and disabled veterans and their dependents. The policy of the United States has always been a liberal one, and doubtless always will continue to be. It constitutes a burden

upon the people, however, which is actually greater than any other single item of public expenditure.

Another post-war item which runs on for years is the interest on the public debt created by war, the repayment of the principal of the money borrowed for war purposes.

And after every war there is always, inevitably, such a continuance of the military spirit that the Army and Navy never get back to the same size and cost as before the war.

The present cost of running the United States, counting Federal expenditures alone, is \$3,976,141,651 a year. These are the figures for the fiscal year which ends on June 30 this year. More than two-thirds of this stupendous total is covered by the three post-war items of war costs enumerated above. Principal and interest on the public debt cost us \$1,279,894,100; care of veterans of former wars ran to \$757,044,485; military and naval expenditures totalled \$692,359,804. Those make a grand total of \$2,729,338,389.

That is what the last war is still costing us a year, nearly twelve years ago it was finished! Only a small proportion of these annual charges are on account of previous wars.

"The American people should understand that current expenditures on strictly military activities of the Army and Navy constitute the largest budget of any nation in the world today, and at a time when there is less real danger of extensive disturbance to peace than at any time in more than half a century." The words are President Hoover's.

Is it any wonder that other nations viewing these tremendous expenditures for war in time of peace, laugh up their sleeves at us when we protest that we are a peace-loving people?

It costs each man, woman and child in the United States about \$31.66 a year to pay for running the National Government. That is an average of about \$168 a year per family. Out of this, \$112.50 is to pay for war.

That is why every effort to agree with other nations is important to every American citizen. That is why we cannot spend as much money as we should on new roads, improvement of waterways, the development of our national resources generally.

**CITATION BY PUBLICATION**

THE STATE OF TEXAS. To the Sheriff or any Constable of Bailey County, Greeting:

You are hereby commanded to summon William E. Chapman, and heirs and legal representatives of the said William E. Chapman, whose names are unknown, and the addresses of each and all of the defendants being unknown, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County; if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Bailey County, to be held at the Court House thereof, in Muleshoe, Texas, on the first Monday in May, A. D. 1930, the same being the 5th day of May, A. D. 1930, then and there to answer a petition filed in said Court on the 2nd day of April, A. D. 1930, in a suit, numbered on the docket of said Court as No. 525, wherein Maple Wilson is Plaintiff, and William E. Chapman, and heirs and legal representatives of the said William E. Chapman, whose names are unknown, and the addresses of each and all of the defendants being unknown, are Defendants, and said petition alleging that plaintiff is the owner in fee simple of and entitled to the possession of, and was in possession of the South half of Section 19, of the Carter Subdivision of the Hansford County School Land Leagues, in Bailey County, Texas, on the 29th day of March, 1930, and on said date the defendants unlawfully entered into possession thereof and ousted the Plaintiff and withhold from him the possession thereof, to Plaintiff's damage; and Plaintiff says in connection herewith that Joseph H. Oglesby is common source of title.

For second count, Plaintiff says that he is the owner of, in fee simple, the South Half of Section 19, of the Carter Subdivision of the Hansford County School Land Leagues, in Bailey County, Texas, and that as between him and the defendants, Joseph H. Oglesby is common source of title; that the said Oglesby conveyed the land to Matthew C. Vaughan, by deed dated December 1, 1911, filed January 6, 1912, recorded in Vol. 7, page 565, Bailey County Deed Records, and that by deed dated March, 1930, duly delivered to Plaintiff, said Kerperich conveyed said land to Plaintiff Wilson, and that Plaintiff is the legal owner and holder thereof.

Plaintiff shows that the said Joseph H. Oglesby, by deed dated March 19, 1913, filed March 25, 1913, recorded in Vol. 8, page 460, Deed Records of Bailey County, Texas, the land was conveyed to Thomas Gamon, Jr., who by his deed dated December 30, 1913, filed

January 17, 1914, recorded in Vol. 8, page 635, said deed records, conveyed the land to Defendant, William E. Chapman; and that at the time of the two last mentioned conveyances, Plaintiff's grantor had paid a valuable consideration for same, without notice of any other person's rights, and that his deed was duly filed for record in the proper county; and that Defendants have no other claim of title than that as set out, which is void because the same arose after Plaintiff's grantor acquired a good title to such premises without notice.

And in connection with the second count, Plaintiff says, and by virtue thereof, he is the owner in fee simple of, and entitled to possession of the South half of Section 19 of the Carter Subdivision of the Hansford County School Land Leagues in Bailey County, Texas, this 2nd day of April, A. D. 1930, and on said date the Defendants unlawfully entered in possession thereof, and ousted the Plaintiff, and withhold from him the possession thereof.

WHEREFORE, Plaintiff prays for service upon the defendants that upon hearing he have the title to and possession of said property, together with such other and further relief as in law or equity, he may be entitled to receive.

Herein fail not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Muleshoe, Texas, this 2nd day of April, A. D. 1930.

**W. M. S. MEETING**

W. M. S. ladies of the Baptist church met Monday afternoon at the home of Mrs. Geo. Johnson. There were 18 members present. We took an air plan trip around the world to visit our mission fields. We found an inadequate supply of missionaries in every field, but found them bravely carrying on. Bro. Lockett and wife are soon to return to Africa with a new supply for the hospital work which is badly in need. We all enjoyed the trip so much. We especially enjoyed having as guests on the trip Mrs. Geo. Johnson and Grandma and Grandpa Johnson, for whom the trip was arranged.

After our business was taken care of Mrs. Johnson surprised us by serving a lovely course of fruit cream and cake which was greatly enjoyed by all present. We hope to meet again some time in this lovely house and pray God's richest blessings upon each member of the home.—Reporter.

**Longview News-Items**

The Longview school, under the direction of M. E. Miller, principal, won 2nd place in the district meet at Lubbock in senior boys' declamation, after having won 16 first places in the county meet here at Muleshoe some time ago. We are sorry that full reports have not been turned in concerning the outcome of the entire meet, but it is understood that Longview's record exceeded that of any other school in its class.

Quite an interesting trip to Lubbock is reported from the Longview school, its students and visitors attending visiting many places of interest while there, which included the Avalancha Journal newspaper plant, the laundries, jail, ice plant, battery works, bakery and the textile engineering building of the Texas Tech College.

Those making the trip from Longview were: pupils: Arlie Beggs, Vera Guest, Gladys Tanner, Lester Beggs, Beulah Miller, Joe Miller, Fayne Cash, J. W. Johnson, Cleo Whitnair, Annie Johnson, Ruby Sterling, Ola Sterling, M. H. Tanner, C. L. Durham, Ruth Durham, Mary Allen Durham, Thelma Ellis, Glenn Phillips; and those other than pupils attending were: Frank Robinson, Mrs. Roy Aiken, Mrs. W. M. Pool, Jr., Mr. and Mrs. Lawrence Durham, and Principal M. G. Miller.

**FARWELL TEXICO GAS SYSTEM NOW UNDER CONSTRUCTION**

Work has been started on the natural gas distribution system for Texico and Farwell and the first loads of pipe have been strung one mile north of Texico.

The main line will be tamped a mile north of the Texico school building and the lateral leading to the Twin Cities will enter Texico on Main street at the Camp Joy filling station. A three-inch main is being laid from the main eight-inch piping to the city limits and three-inch piping will be used in the construction of the belt line to the most thickly settled parts of the two towns, according to those in charge of the work.

The ditching machine of the gas company of New Mexico, which has been engaged at Portales, is expected to arrive here today and will be used on the work. Welders have begun work welding pipe and getting ready for the job of completing the distribution system.

It is estimated that work will be completed in two weeks.—State Line Tribune.

**SCHOLASTICS FOR CURRENT YEAR SHOW INCREASE**

According to figures furnished The Journal by Judge J. E. Adams, Bailey

**ATTORNEYS SAY TOM LOVE IS OUT OF DEMO. PARTY**

AUSTIN.—Declaring that Senator Thomas H. Love of Dallas had "abandoned his membership in the Democratic party," and "forfeited his right to become the party's candidate for governor," attorneys for D. W. Wilcox of Georgetown, chairman, and members of the state democratic executive committee, Tuesday filed their answer to Love's application in the Supreme Court for a mandamus to compel the committee to place his name as a candidate for governor on the 1930 primary ballots.

The case will be submitted to the court Wednesday and the tribunal will act directly on the application for a mandamus and a motion to dismiss it for want of jurisdiction. It probably will be several weeks before a decision is reached.

at a cost of \$15,000 and the entire property was valued at \$25,000. The older part of the building was entirely destroyed and one of the walls of the new addition as well as a part of the ceiling and floor of the new addition was considerably damaged. A large number of books were lost in the blaze, which will be costly to replace. It is understood that the loss will be partly covered by insurance.

According to Judge J. E. Adams, who went to West Camp early Thursday morning to assist the school officials in checking up the damages, the cause of the fire had not been determined. Prayer meeting had been held in the building early in the evening and the last members of the congregation left about eleven o'clock. At this time everything was in good order.

**GIVING UP ALL FOR THE KINGDOM OF GOD**  
 Matthew 19:16-26  
 Rev. Samuel D. Price, D. D.

Jesus has left Galilee, where most of his work was accomplished. He is passing through Perea on His way to Jerusalem where He will keep the Jewish Passover and then become at once the victim of the cross. At this distant time no positive answer can be given for the reason He chose to pass through the region called beyond the Jordan. By doing this He avoided going through Samaria, for those there would not go up to Jerusalem to worship. Then, by passing through Perea He gave them an opportunity to be blessed by His ministry. He spent a number of weeks en route.

Begin your study with the first verse of chapter 19. It seems that no matter where He went the Pharisees were right there, like leeches, to heckle Him when He talked to the people. This time the question of divorce was raised. Jesus gave the answer that makes for safety in building up the institution called the home, and this is basic in the social fabric. Today at least one out of six marriages ends in divorce courts. The Master Teacher declared that those who enter into the marriage bond should do it with the idea that neither would ever seek the dissolution. If there are children, in every case they are great sufferers and they are not the responsible ones.

Along the way a sort of smart Aleck, as he might be called today, asks what he can DO to gain eternal life. This scene is pictured by Hoffman in his well-known "Christ and the Rich Young Ruler." All remember how the young fellow does not even look at Jesus as he makes reply, but shows a face of ultra indifference. As Jew to Jew, Jesus called attention to the commandments. Then the fellow sought to

avoid the issue by asking: "Which one?" In reply those that deal with relationship to society are named. It was taken for granted that he believed in Jehovah. Then the self-satisfied chap said "All these have I kept from my youth up." Just one direct command showed his failure in "Thou shalt love thy neighbor as thyself." When told to sell all and give to the poor, the inquirer turned his back on the Master Teacher. For show and form he had tossed many a coin to some impenitent beggar but to sell all that he had and become a good steward in expending it for humanity, that was simply unthinkable.

What Jesus said about the rich man finding it harder to be saved than for a camel to pass through the eye of a needle, does not have the same application today. Many rich people are consecrating their great wealth for the good of humanity. The associated Press said that \$2,330,600,000 was thus placed in 1928, and that there were no less than 500 \$1,000,000 benefactions.

The young man wanted to know what he could DO to receive eternal life. He had the wrong idea at the start. It is not only by doing but by being, that one safeguards the future. No one can purchase his way into the Kingdom of Heaven. "Believe on the Lord Jesus Christ, and thou shalt be saved," as declared by Paul to the jailer at Philippi is the one and only way for any age or class of people. Rich and poor must be the same basic conditions. Being a child of God, heart and possessions are all His. Then arises the question of stewardship and each should have some system to go by. The Bible taught the Jew that the tithes was the minimum proportion. Then came gifts of thank and free-will offerings. All of us are stewards of whatever we possess. Some may have very little money to give, but they do have time and talents that can be devoted to God and humanity.

"Dad, gimme a penny."  
 Son, don't you think you're getting too big to be forever begging for pennies?"  
 "I expect you're right, dad. Gimme a dollar."  
 "But, boy, you can't live on the slen-

der income your mother makes from selling milk. Doesn't your father do anything?"  
 "Yes, he pours in the water."

DRINK AT YOUR OWN RISK

The Oklahoma episode in which poison liquor made 300 people ill illustrates one of the queer, illogical problems that the bootlegger has brought on the land.

There are government inspectors to prevent us from impurities in our food

and drink, and they do a good job. The average man can buy something to eat or drink with perfect confidence, even though he does not know the seller, because federal laws compel manufacturers to market beautiful products.

In one realm, however, this does not apply. The man who drinks alcoholic liquors does so strictly at his own risk. There are no government inspectors to keep that commodity pure—because

the traffic is outlawed. It is a queer situation, when you stop to think about it. In the field where the danger of poison is the greatest there is no protection at all—except for the protection that the prohibition agent can give. Ex.

**Many Ailments Yield Quickly To New Konjola**

Manager Of East Side Stone Yard Eagerly Praises Merits of New Medicine.

MR. JAMES A. COX

"Stomach trouble, disordered kidneys and constipation over a period of six months, had placed me in a badly rundown condition," said Mr. James A. Cox, 630 Mathewson street, Wichita. "Gas and bloating followed even the simplest meals. Kidney weakness gave me frightful back pains and I was subject to frequent bladder actions. I was restless and found it difficult to sleep for any length of time. I had no appetite and was weak and listless. For two weeks I was utterly unable to work and it was during this time that Konjola was recommended to me by my friends."

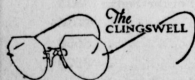

"My appetite increased from the very day I began taking Konjola. My stomach gradually began to function as it should and the back pains left me. Today I eat heartily without and discomfort whatever and am free from bloating. My kidneys are in excellent condition and I am entirely free from constipation. My general health is better than it has been in a long time. I owe all this to Konjola."

It is logical to believe that what Konjola has done for others, it will do for you—for everyone. This is especially true if Konjola is given a fair trial. Six to eight weeks is recommended as a fair trial in stubborn cases.

Konjola is sold in Muleshoe at McCarty drug store, and by all the best druggists everywhere.—Adv.

One hears much of the new peplum suit, which is more often of silk than cloth. Here there is usually a narrow belt of the material to make a distinct division between the slightly bloused

bodice section and the peplum. Suits of this sort worn with lingerie are worn under warm coats and will be worn without coats in warmer weather. In making plans for your spring and summer wardrobe be sure to consider the importance of peplum suit. It is sure to be important in the fashion panorama for spring and summer.

The peplum jacket suit shown here is of black crepe silk and is worn as a dress with a sleeveless blouse of beige organdie.

Center of bass hatching activities in the Southwest may soon be at Fort Worth, according to the Star-Telegram. The small hatchery below Lake Worth proved that fish could be hatched more economically there than at any other place in the United States, said Henry O'Mally, commissioner of Federal fish hatcheries, and plans are being made to increase the 15-acre hatchery to cover 160 acres.

**MANY BENEFITS TO BE DERIVED FROM CO-OPERATIVE**

Following is an article written by Al Hill, which appeared in The South Plains Farmer, reproduced for the interest of Journal readers:

What are the benefits to accrue from membership in the Texas Cotton Co-operative association? Just how will Lubbock benefit, because of location of district and branch offices of this organization here? How will cotton farmers of the Plains country be helped in having an office, or offices, of the association in their midst?

These are some of the questions in the minds of citizens residing in the 65 counties of the Panhandle area—otherwise called district two of the state set up of the Texas Cotton Co-operative Association.

Another question, closely related to the above, is: What is the possible and the probable membership available in this cooperative.

The last question will receive attempted answer first.

Present membership of the Texas Farm Bureau Cotton association, which membership will be automatically absorbed by the Texas Cotton Co-operative association, totals 7,003. Possible membership in these counties, for sake of figuring, totals 13,466, or a net gain of 6,463.

Under the guarantee, signed by the Lubbock Chamber of Commerce to secure district offices of the cooperative, only 4,000 new members are required to wipe out this guarantee. Figuring the above 6,463, there remain almost a thousand as margin should each Farm Bureau member secure another cotton farmer in the government's set up.

Likelihood is that nearer 8,000 members will have been signed up before August 31, 1931, rolls around the calendar, in the opinion of proponents of the cooperative.

With the average yearly production in these 65 counties at approximately 600,000 bales, there exist at least a dozen cities where local branch offices will be located. At each of these, a thousand or 1,500 members are possible, giving further optimistic outlook. Each of the local branch offices' new members will be credited to the district's required 4,000 members.

Benefits to members are, primarily, that of offering one national sales agency to handle their cotton from the field to the textile mills of the world. Carrying charges of this service are limited to \$2.50 a bale, or 3 per cent.

The greater volume of bales handled lower the charge per bale. Branch offices will offer a federal licensed cotton classifier. Members will know what kind of cotton they produce and will be advised on date of sampling what price any particular and all grades of cotton are bringing on the market that day. This service will be available to non-members at a charge of 25c a bale. Non-members will not have advantages of marketing through the cooperative, however.

Members will have the further, and very desirable, service of securing advance checks on cotton handled by the cooperative within a day or two, instead of now being compelled to wait for weeks, perhaps, before receiving their checks. This will relieve any pressure of having to sell at any price the open market might afford. With local and district offices in close proximity to members, they will have quick access to any and all business transactions with the organization.

With district and branch offices brought into the very midst of the producers of cotton, much time and money will be saved by members in every detail of transacting business with the cooperative. This will mean a quicker turn-over of commodity for cash and quicker cash for other commodities. Not only will this speed up things for the farmer, but it will accelerate all trade in general throughout the area.

Perhaps the greatest benefit of all, if farmers of this district enter into this movement enthusiastically, as is hoped by the federal farm board, will be the congealing influence of class consciousness. This can result in certainly a stronger bond of fellowship among farmers, as farmers. Unanimity of opinion will spread. Greater strength by such unification will reflect in greater interest in their own peculiar problems, and in problems that are peculiar to this particular section.

Quick solution of agriculture's prob-

lems will obtain, because when more men rub elbows oftener straight thinking will drive home to the heart of all questions the quicker.

**VOTE HUNTER'S POSTERS BANNED FROM HIGHWAYS**

Display of candidate's posters on the right-of-way of state highways will be prohibited this year, according to announcements sent out to resident engineers by the State Highway department. This announcement is as follows:

"This being campaign year we will very soon be faced with the problem of candidates' posters and other advertising information of that nature on State highways. We have for the past three years, barred advertising from the right-of-ways and this has prevented merchants and others from using the rights-of-way for informing the public of their wares.

"Two years ago we did not interfere with candidates' posters for the reason that many thousands of them were already on the rights-of-way before we were aware of the extent of the problem, but we wish this year to consider such signs of the same nature as merchants' or business men's advertising and prohibit their erection on the rights-of-way.

"We consider that with such notice given in advance it will not be detrimental to anyone and will be fair to all, and the Commission does not believe that any discrimination should be made between candidates for public office and merchants or others advertising." Ex.
